Vote:

Salas ___, Gonzales___ , Melanephy ___ , Madrigal Lopez___, Robles-Solis ___

A.14. Annual Appointment/Reappointment of Representatives for the Oxnard School District Health and Welfare Benefits Trust (Pifko)
It is the recommendation of the Superintendent that the Board review the current representative appointments to the Oxnard School District Employee Health and Welfare Benefits Trust and:

1. Re-appoint Monica Madrigal Lopez as the 2026 Board Member Representative, or propose a new representative; and
2. Appoint Stephanie Hammer as the 2026 Retiree Representative, or propose a new representative.

The third trustee is, by default, the Assistant Superintendent of Business and Fiscal Services for Oxnard School District.

A.15. Report on Parking at Sites (Pifko/Bennett)
The Assistant Superintendent, Business and Fiscal Services, and the Director of Facilities will provide a report on Parking at Sites.

Section B: PUBLIC COMMENT/HEARINGS

B.1. Public Comment (3 minutes per speaker) / Comentarios del Público (3 minutos por cada ponente)

Members of the public may address the Board on any matter within the Board's jurisdiction at this time or at the time that a specific agenda item is being considered. Comments should be limited to three (3) minutes. Please know this meeting is being video-recorded and televised. The Board particularly invites comments from parents of students in the District. If you would like to donate your (3) minutes of public speaking time, you must be present during public comments.

Los miembros del público podrán dirigirse a la Mesa Directiva sobre cualquier asunto que corresponda a la jurisdicción de la Mesa Directiva en este periodo o cuando este punto figure en el orden del día y sea analizado. Los comentarios deben limitarse a tres (3) minutos. Tenga presente que esta reunión está siendo grabada y televisada. La Mesa Directiva invita en particular a los padres y alumnos del distrito a que presenten sus comentarios. Si gusta donar sus tres (3) minutos de comentario, debe estar presente durante la presentación de comentarios.

Section C: CONSENT AGENDA

(All matters specified as Consent Agenda are considered by the Board to be routine and will be acted upon in one motion. There will be no discussion of these items prior to the time the Board votes on the motion unless members of the Board request specific items be discussed and/or removed from the Consent Agenda.)

Board Discussion:
Moved:
Seconded:
Vote:

ROLL CALL VOTE:

Salas ___, Gonzales ___, Madrigal Lopez ___, Melanephy ___, Robles-Solis ___

It is recommended that the Board approve the following consent agenda items:

C.1. Establishment and Abolishment of Positions (Carroll/Fuentes)

It is the recommendation of the Assistant Superintendent of Human Resources and the Director of Classified Human Resources that the Board of Trustees approve the establishment and abolishment of positions, as presented.

C.2. Personnel Actions (Carroll/Fuentes)

It is the recommendation of the Assistant Superintendent of Human Resources and the Director of Classified Human Resources that the Board of Trustees approve the Personnel Actions, as presented.

C.3. Acceptance of Gifts (DeGenna)

It is the recommendation of the Superintendent that the Board of Trustees accept the donation from the D.L. Fresh Foundation, in the amount of $15,000.000, to be used to support the 6th grade math collaboration between Frank Middle School and Soria School with materials and supplies.

C.4. Approval of Nomination of School District Representative to the Ventura County School

Attendance Review Board (SARB) 2025-2026 (Fox/Nocero)
It is the recommendation of the Assistant Superintendent of Educational Services and the Director of Pupil Services that the Board of Trustees approve the nomination of Dr. Jodi Nocero to serve as the district's representative to the Ventura County School Attendance Review Board for the 2025-26 school year.

C.5. Quarterly Report on Williams Instructional Materials and Facilities, Quarter 1 (2025) (Fox/Thomas)
It is the recommendation of the Assistant Superintendent, Educational Services, and the Director of School Performance and Student Outcomes that the Board of Trustees receive the Williams Quarterly Report, Quarter 1 (2025), as presented.

C.6. Certification of Signatures (Pifko)
It is the recommendation of the Assistant Superintendent of Business and Fiscal Services, that the Board of Trustees declare the attached Certification of Signatures as that of the agent(s) authorized for signature for the Oxnard School District.

C.7. Approval of Allowance Allocation #7 from Amendment #002 to Construction Services Agreement #17-158 and Guaranteed Maximum Price (GMP) between the Oxnard School District and Balfour Beatty Contractors, LLC to provide Lease-Lease-Back Construction Services for the Rose Ave Elementary School Reconstruction Project (Pifko/Bennett/CFW)
It is the recommendation of the Assistant Superintendent of Business and Fiscal Services and the Director of Facilities, in consultation with Caldwell Flores Winters, Inc., that the Board of Trustees approve Allocation #7, for increased costs associated with labor, material and equipment resulting from City required scope for the Rose Ave Elementary School Reconstruction Project, in the amount of $304,566.75, at no increase to the Project Budget.

C.8. Ratification of Change Order #004 to Agreement #23-237 with Edwards Construction Group, Inc. for Lease Lease-Back Services for the Marina West Elementary School PS/TK/K Project (Pifko/Bennett/CFW)
It is the recommendation of the Assistant Superintendent, Business & Fiscal Services, and Director of Facilities, in conjunction with Caldwell Flores Winters, that the Board of Trustees ratify Change Order #004 to Agreement #23-237 with Edwards Construction Group, Inc., for various Potential Change Orders (PCO's) related to the Marina West Elementary School PS/TK/K Project, in the amount of $14,596.69, to be paid out of Measure I Bond Funds.

C.9. Approval of Change Order No. 004 to Construction Services Agreement #24-115 for Edwards Construction Group for the Ritchen Elementary School Modernization Project (Pifko/Bennett/CFW)
It is the recommendation of the Superintendent, Business & Fiscal Services and Director of Facilities, in conjunction with Caldwell Flores Winters, that the Board of Trustees approve Change Order #004 to Agreement #24-115 with Edwards Construction Group, Inc., to provide funds for various Potential Change Orders (PCOs) related to the Ritchen Elementary School Modernization Project, in the amount of $21,710.71, to be paid out of Measure I Bond Funds.

C.10. Approval of Change Order No. 004 to Construction Services Agreement #24-143 for Viola Constructors, Inc. for the McAuliffe Elementary School Modernization Project (Pifko/Bennett/CFW)
It is the recommendation of the Assistant Superintendent, Business & Fiscal Services, and the

Director of the Facilities, in conjunction with Caldwell, Flores, Winters that the Board of Trustees approve Change Order #004 to Agreement #24-143 with Viola Constructors, Inc., for additional costs associated with added teacher station AV hubs, manual roller shades at the Clerestory (upper) windows for Phase 1 & 2 Classrooms, and repainting of Phase 3 restrooms for the McAuliffe Elementary School Modernization Project, in the amount of $76,000.88, to be paid out of Measure I Bond Funds.

C.11. Ratification of Change Order #1 to Agreement #25-105 – Letner Roofing Co. - Roofing Repair Project at Brekke Elementary School (Pifko/Bennett)
It is the recommendation of the Assistant Superintendent, Business & Fiscal Services, and the Director of Facilities, that the Board of Trustees ratify Change Order #1 to Agreement #25-105 with Letner Roofing Co., to complete the roofing project at Brekke School, in the amount of $41,187.86, to be paid out of Deferred Maintenance Funds.

C.12. Annual and Five-Year Developer Fee Report (Pifko/Núñez)
It is the recommendation of the Assistant Superintendent of Business and Fiscal Services and the Director of Fiscal Services, that the Board accept the Developer Fee Report for 2019-2020 through 2024-2025 fiscal years, as presented.

C.13. Disposal of Surplus Personal Property (Pifko/Reyes)
It is the recommendation of the Assistant Superintendent, Business & Fiscal Services, and the Director of Purchasing, that the Board of Trustees declare certain outdated classroom furniture items at Ritchen and McAuliffe Elementary Schools obsolete and approve their sale and/or disposal, as permitted by California Education Code §17546.

Section C: APPROVAL OF AGREEMENTS
It is recommended that the Board approve the following agreements:

C.14. Approval of Agreement #25-174 – Santa Barbara & Ventura County Overhead Door (Pifko/Bennett)
It is the recommendation of the Director of Facilities, and the Assistant Superintendent, Business and Fiscal Services, that the Board of Trustees approve Agreement ##25-174 with Santa Barbara & Ventura County Overhead Door, to provide professional services for overhead doors, gates, and specialty doors at all Oxnard School District locations as needed, December 18, 2025 through June 30, 2027, in the amount not to exceed $40,000.00, to be paid out of Routine Restricted Maintenance Funds.

C.15. Approval of Agreement #25-177 – Allen Electric & Lighting, Inc. (Pifko/Bennett)
It is the recommendation of the Director of Facilities and the Assistant Superintendent, Business and Fiscal Services, that the Board of Trustees approve Agreement ##25-177 with Allen Electric & Lighting, Inc., to provide professional electrical services at all Oxnard School District locations as needed, December 18, 2025 through June 30, 2027, in the amount not to exceed $50,000.00, to be paid out of Routine Restricted Maintenance Funds.

C.16. Approval of Agreement #25-179, WestEd - Workshops (Fox/Ruvalcaba)
It is the recommendation of the Manager, Equity, Family and Community Engagement, and the Assistant Superintendent, Educational Services, that the Board of Trustees approve Agreement #25-179 with WestEd, for two in-person, 90-minute Diversity, Equity, and Inclusion (DEI) workshops for all families at Thurgood Marshall School, December 18, 2025 – June 30, 2026, in the amount not to exceed $6,000.00, to be paid out of LCFF Funds.

C.17. Approval of Overnight Field Trip and Agreement #25-180 – United Boys & Girls Clubs of Santa Barbara County-Camp Whittier – Soria School (Fox/Kemp)
It is the recommendation of the Principal, Soria School, and the Assistant Superintendent, Educational Services, that the Board of Trustees approve the Overnight Field Trip and Agreement #25-180 with United Boys & Girls Clubs of Santa Barbara County-Camp Whittier, for sixth-grade students from Soria to attend a four-day, three-night Outdoor Science & Conservation Education program at Camp Whittier in Santa Barbara, March 3, 2026 - March 6, 2026, in the amount not to exceed $35,320.00, to be paid out of Donation Funds.

C.18. Approval of Agreement #25-181 – Restorative Justice Services, LLC (Fox/Nocero)
It is the recommendation of the Director, Pupil Services, and the Assistant Superintendent, Educational Services, that the Board of Trustees approve Agreement #25-181 with Restorative Justice Services, LLC, to provide a three 3-day in-person training on restorative approaches to Oxnard School District staff, January 5, 2026 through July 31, 2026, in the amount not to exceed $72,000.00, to be paid out of LCFF Funds.

C.19. Approval of Agreement #25-185 with Twining Consulting to provide Soils & Materials Testing Laboratory and Special Inspection Services for the Fremont Middle School Reconstruction Project (Pifko/Bennett/CFW)
It is the recommendation of the Assistant Superintendent of Business & Fiscal Services and the Director of Facilities, in consultation with Caldwell Flores Winters, that the Board of Trustees approve Agreement #25-185 with Twining Consulting, to provide soils & materials testing laboratory and special inspection services for the Fremont Middle School Reconstruction Project, January 01, 2026 through March 30, 2028, in the amount of $249,274.00, to be paid out of Measure I Bond Funds.

C.20. Approval of Amendment #1 to Agreement #25-68, STAR of CA, ERA Ed (DeGenna/Jefferson)
It is the recommendation of the Director, Special Education, and the Superintendent, that the Board of Trustees approve Amendment #1 to Agreement #25-68 with STAR of CA/ ERA Ed., to include additional scope of services and a new rate sheet with Star of CA, DBA Era Ed, for the provision of wraparound services to identified Special Education students in the Oxnard School District, at no additional cost to Oxnard School District.

C.21. Approval of Amendment No. 002 to Agreement No. 19-179 with Arcadis International Ltd. (formerly known as IBI Group) to Provide Architectural Engineering Services for McAuliffe Elementary School Modernization Project (Pifko/Bennett/CFW)
It is the recommendation of the Assistant Superintendent, Business & Fiscal Services and the Director of Facilities, in conjunction with Caldwell Flores Winters, that the Board of Trustees approve Amendment No. 002 to Agreement #19-179 with Arcadis International Ltd. (formerly known as IBI Group), to provide Architectural services for District-requested changes related to the McAuliffe Elementary School Modernization Project, in the amount of $24,220.00, to be paid out of Measure I Bond Funds.

C.22. Approval of Amendment No. 003 to Agreement No. 19-180 with Arcadis International Ltd. (formerly known as IBI Group) to Provide Architectural Engineering Services for Ritchen Elementary School Modernization Project (Pifko/Bennett/CFW)
It is the recommendation of the Assistant Superintendent, Business & Fiscal Services and the Director of Facilities, in conjunction with Caldwell Flores Winters, that the Board of Trustees

approve Amendment No. 003 to Agreement #19-180 with Arcadis International Ltd. (formerly known as IBI Group), for replacement of lighting throughout corridors and lobby areas for the Ritchen Elementary School Modernization Project, in the amount of $37,500.00, to be paid out of Measure I Bond Funds.

C.23. Approval of Amendment #1 to Agreement #25-62, Franklin Covey Education (DeGenna/Jefferson)

It is the recommendation of the Director, Special Education, and the Superintendent, that the Board of Trustees approve Amendment #1 to Agreement #25-62 with Franklin Covey Education, to cover the additional costs associated with extending the number of training days required to complete the professional development sessions for the Special Education Department, in the amount not to exceed $6,000.00, to be paid out of Special Education Funds.

Section C: RATIFICATION OF AGREEMENTS

It is recommended that the Board ratify the following agreements:

C.24. Ratification of Agreement #25-175 – Signet Controls, Inc. (Pifko/Bennett)

It is the recommendation of the Director of Facilities, and the Assistant Superintendent, Business and Fiscal Services, that the Board of Trustees ratify Agreement #25-175 with Signet Controls, Inc., to continue to provide professional services on Energy Management Systems and HVAC Controls installed and supported by Signet Controls, at all designated Oxnard School District locations, as needed, July 1, 2025 through June 30, 2027, in the amount not to exceed $40,000.00, to be paid out of Routine Restricted Maintenance Funds.

C.25. Ratification of Agreement #25-176 – West Oaks Pest Control (Pifko/Bennett)

It is the recommendation of the Director of Facilities and the Assistant Superintendent, Business and Fiscal Services, that the Board of Trustees ratify Agreement ##25-176 with West Oaks Pest Control, to continue to provide pest control services at all Oxnard School District locations, as needed, July 1, 2025 through June 30, 2027, in the amount not to exceed $20,000.00, to be paid out of Routine Restricted Maintenance Funds.

C.26. Ratification of Agreement #25-178 – West Coast Arborists, Inc. (Pifko/Bennett)

It is the recommendation of the Director of Facilities, and the Assistant Superintendent, Business and Fiscal Services, that the Board of Trustees ratify Agreement #25-178 with West Coast Arborists, Inc., to continue to provide tree-care services, including trimming, removals, and arborist assessments, at all Oxnard School District sites as needed, July 1, 2025 through June 30, 2027, in the amount not to exceed $50,000.00, to be paid out of Routine Restricted Maintenance Funds.

C.27. Ratification of Agreement #25-183 with Universal Engineering Sciences (UES) to Provide Geotechnical Engineering Services for the Lopez Academy Reconstruction Project (Pifko/Bennett/CFW)

It is the recommendation of the Assistant Superintendent of Business and Fiscal Services and the Director of Facilities, in consultation with Caldwell Flores Winters, that the Board of Trustees ratify the Professional Services Agreement #25-183 with Universal Engineering Sciences (UES), to provide additional geotechnical engineering services as required by DSA for the Lopez Academy Reconstruction Project, October 17, 2025 through June 30, 2027, in the amount of $22,500.00, to be paid out of Measure I Bond Funds.

C.28. Ratification of Amendment #003 to Agreement #23-152 with SVA Architects to Provide

Architectural Services for the Fremont Middle School Reconstruction Project (Pifko/Bennett/CFW)
It is the recommendation of the Assistant Superintendent of Business and Fiscal Services and the Director of Facilities, in consultation with Caldwell Flores Winters, that the Board of Trustees ratify Amendment #003 to Agreement #23-152 with SVA Architects, to comply with city mandated requirements not anticipated during the original design related to off-site improvements and implementation of the Stormwater Pollution Prevention Program (SWPPP) as required by the State of California and extend the terms through June 30, 2028, for the Fremont Middle School Reconstruction Project, in the amount of $69,960.00, to be paid out of Measure I Bond Funds.

C.29. Ratification of Amendment #2 to Agreement #24-87 – VCOE – SELPA Physical Therapy Services (DeGenna/Jefferson)
It is the recommendation of the Director, Special Education, and the Superintendent that the Board of Trustees ratify Amendment #2 to Agreement #24-87 with Ventura County Office of Education/SELPA Physical Therapy Services, to close out the 2024-2025 fiscal year, in the amount of $14,500.00, to be paid out of Special Education Funds.

Single Display Questions

- Overall ease of using your system.
- Connecting and switching between different devices (e.g., laptop, iPad, document camera).
- Please describe any specific technical challenges, limitations, or difficulties you've encountered.
- To what extent does your display setup support whole-group instruction?
- To what extent does the display setup support small group instruction and learning stations?
- To what extent does the display setup support differentiated instruction for varied students' needs?
- To what extent does the display setup support student collaboration and teamwork?
- To what extent does the display setup support displaying student work?
- How has the system impacted student engagement in your classroom?
- Please describe any specific technical challenges, limitations, or difficulties you've encountered.
- What is the single best thing you like about your classroom technology?
- What is your single biggest frustration or challenge with your classroom technology?
- Anything else you wish to share?

Multiple Display Questions

Note: Those in BOLD are the questions pertaining to multiple displays only

- Overall ease of using your system.
- Using the wall-mounted touchscreen control panel.
- Displaying the same content to all three screens.
- Displaying different content to individual screens.
- Connecting and switching between different devices (e.g., laptop, iPad, document camera.)
- Using the adjustable hydraulic mounts to move the displays.
- To what extent does your multi-display setup support whole-group instruction?
- To what extent does the multi-display setup support small group instruction and learning stations?
- To what extent does the multi-display setup support differentiated instruction for varied students' needs?
- To what extent does the multi-display setup support student collaboration and teamwork?
- To what extent does the multi-display setup support displaying student work?
- How has the system impacted student engagement in your classroom?
- Please describe any specific technical challenges, limitations, or difficulties you've encountered.
- Considering all aspects (instructional flexibility, ease of use, student engagement), how does the multi-display system compare to the previous single interactive board?
- What is the single best thing you like about your classroom technology?
- What is your single biggest frustration or challenge with your classroom technology?
- Anything else you wish to share?

Overview of Teacher Experience

- Single Display (out of 5)
- Overall Ease of Use: 4.18
- Device Switching: 3.86

- Multiple Displays (out of 5)
- Overall Ease of Use: 3.43
- Device Switching: 2.90
- Wall Control Panel: 3.20
- Same Content: 3.88
- Different Content: 2.58
- Hydraulic Mounts: 3.36

To what extent does your display setup support whole-group instruction?

- Single Display
- Fully Supports: 51.8%

- Multiple Displays
- Fully Supports: 9.7%
- Mostly Supports: 20.8%
- Partially Supports: 31.9%
- Does Not Support: 31.9%
- Other: 5.7%

To what extent does the display setup support differentiated instruction for varied students' needs?

- Single Display
- Fully Supports: 26.6%
- Mostly Supports: 28.1%
- Partially Supports: 27.3%
- Does Not Support: 16.5%
- Other: 1.5%

- Multiple Displays
- Fully Supports: 11.1%
- Mostly Supports: 23.6%
- Partially Supports: 27.8%
- Does Not Support: 31.9%
- Other: 5.6%

To what extent does the display set up support student collaboration and teamwork?

- Single Display
- Fully Supports: 28.8%
- Mostly Supports: 24.5%
- Partially Supports: 30.9%
- Does Not Support: 15.1%
- Other: 0.7%

- Multiple Displays
- Fully Supports: 12.5%
- Mostly Supports: 23.6%
- Partially Supports: 31.9%
- Does Not Support: 26.4%
- Other: 5.6%

To what extent does the display set up support displaying student work?

- Single Display
- Fully Supports: 30.2%
- Mostly Supports: 28.1%
- Partially Supports: 24.5%
- Does Not Support: 13.7%
- Other: 3.5%

- Multiple Displays
- Fully Supports: 15.5%
- Mostly Supports: 26.8%
- Partially Supports: 38%
- Does Not Support: 15.5%
- Other: 4.2%

How has the system impacted student engagement in your classroom?

- Single Display
- Increased Engagement: 73.2%
- No Change: 18.8%
- Decreased Engagement: 4.3%
- Other: 3.7%

- Multiple Displays
- Increased Engagement: 48.6%
- No Change: 18.1%
- Decreased Engagement: 26.4%
- Other: 6.9%

Themes Identified

Single Display

- Cabling issues
- No wireless casting
- Screen height issues
- Need a dedicated teaching device
- Current panels are outdated
- Screens not big enough
- Larger classrooms need two screens

Multiple Displays

- Overly complex
- Technical issues
- Less engaging
- Need a dedicated teaching device
- Screens are too small
- No wireless casting
- Tied to the teacher's desk

Appointment/Reappointment of Board Representative to the Ventura County Committee on School District Organization (DeGenna)

It is appropriate for the Board of Trustees to select from among its members a representative to the Ventura County Committee on School District Organization, to vote in the election of members to this committee.

2025 Representative: Trustee Cynthia Salas
2026 Appointee: _____

FISCAL IMPACT:
N/A

RECOMMENDATION:
It is appropriate for the Board of Trustees to select from among its members representatives to the Ventura County Committee on School District Organization.

OSD BOARD AGENDA ITEM

Name of Contributor: Kristen Pifko **Date of Meeting:** December 17, 2025

Agenda Section: Section A: Presentation

Annual Appointment/Reappointment of Representatives for the Oxnard School District Health and Welfare Benefits Trust (Pifko)

In 1992, the Board of Trustees ("Board") established a Retiree Benefits Fund to accumulate restricted monies to cover both the annual and accumulated debt for the payment of health benefit premiums for retirees. Prior to June 25, 2003, the District set aside money for health benefits in a fiduciary trust fund. A revision in the standards of the Governmental Accounting Standards Board (GASB 34) required that the district establish a formal trust in order to continue to maintain the accumulated assets in this fiduciary trust fund.

On June 25, 2003, the Board adopted a Resolution creating and establishing the Oxnard School District Employee Health and Welfare Benefits Trust ("Trust"). The Trust, as structured, calls for the appointment of three (3) trustees ("representatives"). The Board must appoint two (2) of the three (3) representatives for a term of one (1) year. The third representative is by default the Assistant Superintendent of Business and Fiscal Services for Oxnard School District.

On December 18, 2024, the Board appointed the following representatives to the Trust:

- Trustee Monica Madrigal Lopez, as a member of the Board of Trustees; and
- Ms. Robin S. Lefkovits, as a retiree of the Oxnard School District.

The Board directed that this item be brought back to them annually for review during their December organizational meeting.

Trustee Monica Madrigal Lopez has agreed to continue to serve as the Board member representative. Ms. Robin S. Lefkovits is no longer eligible for district-paid retiree benefits and, as such, can no longer serve in that capacity. Ms. Stephanie Hammer is eligible and has agreed to serve in that capacity if that is the Board's direction.

FISCAL IMPACT:
N/A

RECOMMENDATION:
It is the recommendation of the Superintendent that the Board review the current representative appointments to the Oxnard School District Employee Health and Welfare Benefits Trust and:

1. Re-appoint Monica Madrigal Lopez as the 2026 Board Member Representative, or propose a new representative; and
2. Appoint Stephanie Hammer as the 2026 Retiree Representative, or propose a new representative.

The third trustee is, by default, the Assistant Superintendent of Business and Fiscal Services for Oxnard School District.

Report on Parking at Sites

December 17, 2025

Oxnard School District

Changing the world! In school and beyond.

Evaluation of Parking at OSD Schools

- Determined number of employees at the site
- Determined parking spaces available at the site
- Compared available parking spaces with number of employees
- Categorized schools as:

1. Excess – more spots than employees,
2. Adequate – number of spots within 5 of the number of employees,
3. Shortage – number of spots more than 5 less than the number of employees

Schools with Excess Parking

Schools
Elm Street
Frank
Lemonwood
McKinna
Rose Avenue
San Miguel
Soria

Schools with Adequate Parking

Schools
Brekke
Curren
Fremont
Harrington
Kamala
Lopez
Sierra Linda

* Adequate parking is within 5 spaces of the number of employees

Schools with a Parking Shortage

Schools	Parking shortage
Driffill	40*
Ritchen	17
Marina West	16
Ramona	14
Marshall	13
McAuliffe	11
Chavez	8

*Additional parking available at Facilities

Agenda Section: Section B: Hearing

Public Comment (3 minutes per speaker)/Comentarios del Público (3 minutos por cada ponente)

Members of the public may address the Board on any matter within the Board's jurisdiction at this time or at the time that a specific agenda item is being considered. Comments should be limited to three (3) minutes. Please know this meeting is being video-recorded and televised. The Board particularly invites comments from parents of students in the District. If you would like to donate your (3) minutes of public speaking time, you must be present during public comments.

Los miembros del público podrán dirigirse a la Mesa Directiva sobre cualquier asunto que corresponda a la jurisdicción de la Mesa Directiva en este periodo o cuando este punto figure en el orden del día y sea analizado. Los comentarios deben limitarse a tres (3) minutos. Tenga presente que esta reunión está siendo grabada y televisada. La Mesa Directiva invita en particular a los padres y alumnos del distrito a que presenten sus comentarios. Si gusta donar sus tres (3) minutos de comentario, debe estar presente durante la presentación de comentarios.

Agenda Section: Section C: Consent Agenda

Establishment and Abolishment of Positions (Carroll/Fuentes)

Establishment

- A five hour forty-five minute 183-day Paraeducator General Education position 13415 to be established at Sierra Linda School. This position will be established to support inclusion of four students with autism in a general education classroom. (This position will be established to support the needs of students.)

Abolish

- A five hour thirty minute 185-day Child Nutrition Worker position number 288 to be abolished at Marshall School. This position to be abolished due to the new established positions of Child Nutrition Worker II.
- A five hour 185-day Child Nutrition Worker position number 202 to be abolished at Child Nutrition Services. This position to be abolished due to the new established positions of Child Nutrition Worker II.
- A five hour 185-day Child Nutrition Worker position number 1831 to be abolished at Elm School. This position to be abolished due to the new established positions of Child Nutrition Worker II.
- A five hour thirty minute185-day Child Nutrition Worker position number 1615 to be abolished at Child Nutrition Services. This position to be abolished due to the new established positions of Child Nutrition Worker II.
- 5 positions of eight hour 245-day Paraeducator Special Education position numbers 12947, 12948, 12949, 12950 and 12951 to be abolished at Enrichment and Special Programs. These positions were created; however, they have remained vacant and were never filled.
- 6 positions of five hour forty five minute 245-day Paraeducator Special Education position numbers 12781, 12784, 12786, 12787, 12788 and 12791 to be abolished at Enrichment and Special Programs. These positions were created; however, they have remained vacant and were never filled.
- A two hour fifty two minute183-day Paraeducator Special Education position number 10862 to be abolished at Rose Avenue. The employee previously worked split hours across two sites and is now assigned combined hours at one site; as a result, this position is no longer necessary.

FISCAL IMPACT:

Cost for 1 Paraeducator Special Education position $35,026.00 Unrestricted funds (Establish position)

Savings for 4 Child Nutrition Worker positions $151,845.00 Child Nutrition School Program funds (Abolish positions)

Savings for 11 Paraeducator Special Education positions $801,436.00 ELOP funds (Abolish positions)

RECOMMENDATION:

It is the recommendation of the Assistant Superintendent of Human Resources and the Director of Classified Human Resources that the Board of Trustees approve the establishment and abolishment of positions, as presented.

Agenda Section: Section C: Consent Agenda

Acceptance of Gifts (DeGenna)

The D.L. Fresh Foundation would like to support the 6th grade math collaboration between Frank Middle School and Soria School with materials and supplies. Sixth grade Soria teachers; Kristin Barajas, Aracely Martinez and Frank Middle School teachers; Kendra Hammond, Crystal Reagan, have designed an intervention program to improve math fluency and conceptual knowledge.

FISCAL IMPACT:
$15,000.00 donation from D.L. Fresh Foundation to Oxnard School District

RECOMMENDATION:
It is the recommendation of the Superintendent that the Board of Trustees accept the donation from the D.L. Fresh Foundation, as presented.

ADDITIONAL MATERIALS:

To: Dr. Ana DeGenna, Superintendent
From: Tyler Higa, Principal R.J. Frank
Date: December 11, 2025
Reg: D.L. Fresh Donation of $15,000

The D.L. Fresh Foundation would like to support the the 6th grade math collaboration between Frank Middle School and Soria School with materials and supplies. Sixth grade Soria teachers; Kristin Barajas, Aracely Martinez and Frank Middle School teachers; Kendra Hammond, Crystal Reagan.

Frank Academy in collaboration with Soria has received a donation of $15,000 from D.L. Fresh Foundation. The total value of the donation will be used to provide materials and supplies with an after-school intervention program to improve math fluency and conceptual knowledge.

It is respectfully requested that the Board of Trustees accept the donation from D.L. Fresh Foundation, as presented, to be placed on the next available Board agenda.

Thank you.

Tyler Higa

Agenda Section: Section A: Preliminary

Approval of Nomination of School District Representative to the Ventura County School Attendance Review Board (SARB) 2025-2026 (Fox/Nocero)

Pursuant to Education Code Section 48321, each year the district is required to nominate a representative to the Ventura County Attendance Review Board (SARB). The Ventura County SARB provides consultant services and coordinates activities of local school attendance review boards to meet the needs of pupils with school attendance problems.

The Educational Services Department recommends that the Board of Trustees nominate Dr. Jodi Nocero, Director of Pupil Services, to serve as the district's representative to the Ventura County School Attendance Review Board (SARB) for the 2025-2026 school year.

FISCAL IMPACT:
None

RECOMMENDATION:
It is the recommendation of the Assistant Superintendent of Educational Services and the Director of Pupil Services that the Board of Trustees approve the nomination of Dr. Jodi Nocero to serve as the district's representative to the Ventura County School Attendance Review Board, as presented.

Quarterly Report on Williams Instructional Materials and Facilities, Quarter 1 (2025) (Fox/Thomas)

The County Superintendent of Schools is required by California Education Code Section 1240 to Report on a quarterly basis the results of Williams Lawsuit settlement visits to the school district Governing board. Pursuant to Assembly Bill (AB) 599 (Chapter 667, Statutes of 2021) effective on January 1, 2022, the most recent criteria for schools eligible for monitoring under the Williams settlement legislation.

Ventura County Office of Education has completed the Quarter 1 Williams Report related to visits completed during July-September of 2025. The report is an overview of the visitations related to textbooks/instructional materials and facilities to determine that all students have access to sufficient instructional materials and school facilities are clean, safe, and functional. The only schools mandated to have Williams Inspections are Frank Academy, Fremont Academy, Kamala, Marshall, McKinna and Soria.

This report reflects Quarter 1 findings for the following:

- Instructional Materials - All students, in grades TK-12, have access to standards-aligned textbooks or instructional materials in the four core subject areas of English language arts, mathematics, history/social science, science and additionally in grade 9-12 foreign languages, health and appropriate science laboratory equipment.
- Facilities - All classrooms and amenities are safe, clean and functional.

FISCAL IMPACT:
N/A

RECOMMENDATION:
It is the recommendation of the Assistant Superintendent, Educational Services, and the Director of School Performance and Student Outcomes that the Board of Trustees receive the Williams Quarterly Report, as presented.

- Meet the teacher credentialing criteria

This report reflects Quarter 1 findings for the following:

- Instructional Materials - All students, in grades TK-12, have access to standards-aligned textbooks or instructional materials in the four core subject areas of English language arts, mathematics, history/social science, science and additionally in grade 9-12 foreign languages, health and appropriate science laboratory equipment.
- Facilities - All classrooms and amenities are safe, clean and functional.

This report does not include the review of teacher assignments and vacancies, audit findings related to Williams Settlement, and the annual School Accountability Report Cards (SARC). These reviews will be included in the annual report later this school year.

OSD BOARD AGENDA ITEM

Name of Contributor: Kristen Pifko **Date of Meeting:** December 17, 2025

Agenda Section: Section C: Consent Agenda

Certification of Signatures (Pifko)

Annually, at the beginning of each fiscal year or after any reorganization or staff change, school districts need to declare the agent(s) authorized to sign orders, warrants, contracts, documents, etc. A statement of authorized agent(s) along with a verified signature must be filed with School Business and Advisory Services at the Ventura County Office of Education.

FISCAL IMPACT:
N/A

RECOMMENDATION:
It is the recommendation of the Assistant Superintendent of Business and Fiscal Services, that the Board of Trustees declare the attached Certification of Signatures as that of the agent(s) authorized for signature for the Oxnard School District.

ADDITIONAL MATERIALS:

Attached: Oxnard School District Certification of Signatures (3 pages)

OXNARD SCHOOL DISTRICT

CERTIFICATION OF SIGNATURES

I, Dr. Anabolena DeGenna, Superintendent/Secretary to the Board of Trustees of the Oxnard School District of Ventura County, California, certify that the signatures shown below are the verified signatures of the members of the Governing Board of the above-named school district (Part 1). Verified signatures of the person or persons authorized to sign orders drawn on the funds of the school district, Notices of Employment, Contracts, etc., appear in Part 2. These certifications are made in accordance with the provisions of Education Code Sections indicated.* If those authorized to sign orders shown in Part 2 are unable to do so, the law requires the signatures of the majority of the Governing Board.

Unless amended by Board action, these approved signatures will be considered valid for the period of December 18, 2025 through June 30, 2026.

Date of Board Action: December 17, 2025 Signature:_____
Dr. Anabolena DeGenna,
Secretary to the
Board of Trustees

PART I

Signatures of Members of the Board

Signature:_____
Rose Gonzales,
of the Board of Trustees

Signature:_____

OSD BOARD AGENDA ITEM

Name of Contributor: Kristen Pifko **Date of Meeting:** December 17, 2025

Agenda Section: Section C: Consent Agenda

Approval of Allowance Allocation #7 from Amendment #002 to Construction Services Agreement #17-158 and Guaranteed Maximum Price (GMP) between the Oxnard School District and Balfour Beatty Contractors, LLC to provide Lease-Lease-Back Construction Services for the Rose Ave Elementary School Reconstruction Project (Pifko/Bennett/CFW)

The Board established a Budget for the Rose Avenue Reconstruction Project of $58.6 Million.

As a part of the Budget, the Board approved Amendment #2 to Agreement #17-158 on February 05, 2025 to establish an allowance under which funds can be utilized to complete the off-site improvement plans as approved by the City of Oxnard on December 12, 2024 and extended the Site Lease and Sub Lease Agreements through the completion of the Phase 1 portion of the Project.

The Contractor is seeking approval of draws from Amendment #2 to fund the increased costs associated with labor, material and equipment resulting from City required scope. The contract documents allow funds to be drawn from the accounts with District approval. The Director of Facilities has been designated to provide the initial approval prior to placement on the Agenda. The accompanying document lists all the account draws approved to date for the Contractor Allowance.

The allowance began with a fund balance of Seven Million Five Hundred Thousand and No Cents ($7,500,000.00). This request totals Three Hundred Four Thousand Five Hundred Sixty-Six Dollars and Seventy-Five Cents ($304,566.75) leaving a fund balance of Four Hundred Thirty Thousand Five Hundred Fifty-One Dollars and Twenty-Five Cents ($430,551.25).

FISCAL IMPACT:
None - There is no recommended increase to the Project Budget.

RECOMMENDATION:
It is the recommendation of the Assistant Superintendent of Business and Fiscal Services and the Director of Facilities, in consultation with Caldwell Flores Winters, Inc., that the Board of Trustees approve Allocation #7 in the amount of $304,566.75 as presented.

ADDITIONAL MATERIALS:

Re: Additive Impacted Costs on CMU Work - COR
Handball Wall Scope of Work
Rose Avenue – K-5 School
220 So. Driskill Street
Oxnard, California 93030

Mr. Rodrick:

We have updated our costs due the delayed construction of the contracted “Handball” CMU scope of work at the Rose Ave. – K-5 School project. The work was originally quoted in February of 2022. Since then, our costs for materials and labor have increased substantially. These increases include the following:

1. **Materials (CMU Block, Mortar & Grout) …….. $ 527.00**

2. **Labor (Installation of CMU, rebar, Grouting of Walls) ……. $ 693.00**

Total Additive Cost ……..…… $ 1,220.00

Please note that the **Exclusions** and **Clarifications** previously noted in our subcontract are binding with the above noted additive COR pricing. Please call if you have any questions. Thanks,

HAND BALL - COST ANALYSIS

DATE: AUGUST 20, 2025

MATERIALS ANALYSIS:

No.	Description	Feb 2022 Cost	Current 2025 Cost	Difference
1.	Block Cost	$1,344.74	$1,604.78	($260.04)

July 1, 2022

TO: All Contractors Signed to The Southern California Carpenters Master Labor Agreement

RE: 2022 Allocation

Dear Contractor Partners:

I am writing to advise you that the July 1, 2022 increase of **$3.00** for the **12 Southern California Counties—including San Diego (Building *ONLY*)** under the Southwest Carpenters Master Labor Agreement will be allocated as follows:

Wages	$2.80
Supp Dues	$0.15
Apprenticeship	$0.05

I am writing to advise you that the July 1, 2022 increase of **$3.20** for **San Diego (Engineering *ONLY*)** under the San Diego Engineering Master Labor Agreement will be allocated as follows:

Wages	$3.00
Supp Dues	$0.15
Apprenticeship	$0.05

If you have any questions regarding whether or not this increase applies to your agreement, please call the Southwest Regional Council office at 213/385-1457.

Sincerely,

SOUTHWEST REGIONAL COUNCIL OF CARPENTERS

Stephen Araiza

RE: July 1, 2025 Allocation – United General Contractors – Master Labor Agreement

Dear Contractor:

Pursuant to the 2022-2026 United General Contractors – Master Labor Agreement, this will notify you that there will be a $3.50 increase effective July 1, 2025. The increase has been allocated as follows:

$1.95 Base Wage
$0.25 Pension
$0.50 Annuity
$0.75 Health & Welfare $0.25 / HRA $0.50
$0.05 Apprenticeship

In lieu of the supplemental dues increase, the money was used in the above allocation. For your convenience, enclosed please find the wage rates effective July 1, 2025, for all covered classifications. If your payroll department would like a copy emailed, please contact Contract Admin at contracts@wscarpenters.org.

Sincerely,

Josh Raper

Josh Raper
Interim Director of Contract Administration

Western States Regional Council of Carpenters

*** Vacation/Supplemental Dues are added to the Base Wage, taxed and then deducted from the total taxable wage and sent to the Carpenters Southwest Trust along with the other benefits due. This is an after-tax deduction.**

- Pre-Apprentices may not work on Prevailing Wage jobs.
- Craft Assistants can be used on Private Work only. (Craft Assistants may perform any non Craft Work, including general clean up, cleaning of forms and other non Craft Work in support of Journeyman and Apprentice Carpenters.)
- Health & Welfare contributions for Craft Assistants and Pre-Apprentices are based off of Hire Date rather than Indenture Date. Craft Assistants hired prior to 7/1/2018 will continue to be at the full H&W rate ($8.25 effective 7/1/23
- This wage sheet is informational only, it is the employer's responsibility to maintain compliance with any Local, State, or Federal wage or tax laws, regulations, or ordinances.

Including the MINIMUM WAGE.

- Wage rates which fall below 130% of minimum wage are defaulted to $21.45, per the Agreement as of January 1st, 2025.
- Taxable benefits should be taxed, withheld, and submitted to the Trust according to the rules established by State/Federal tax authorities.
- In the event of any discrepancy between a wage sheet, a dispatch, and/or a trust reporting form please contact the Contract Administration contact listed above immediately.
- Orange highlighted areas represent the decreased benefit rates established for certain classifications/apprentices inducted or hired after 7/1/2018.

FOR OFFICE USE BELOW

Rate Class:
CA11-ComCarp
CA11-ComCarpWelder

Increases:

Agreement runs through June 30, 2026.

Environmental Fee: $60.00 per load, No Fuel Surcharge | FOB Job site, Sales Tax not included

Environmental Product Declarations (EPDs) can be provided upon request. Please contact Holliday Rock for more information.

Unless specifically noted these mixes do not meet any MOE, Shrinkage, WCR, or Slump Requirements. Holliday Rock does not warrant any particular temperature of concrete. The cost of temperature control is contractor’s responsibility. Based on availability - ice, chilled/hot water may be added.

Prices are firm through September 30, 2023 add $15 through March 31 2024 add $6 through September 30 2024 add $6 through April 30, 2025 add $6 through September 30, 2025 add $6 through December 31, 2025.

Public Works Contract Fee: $2,000/project. **AB219 Fee:** $200/load. **Additional Labor Compliance Reporting Fee:** Upon Supplier approval $100 per load and/or $100 per form.

Minimum Load Charges: Based on delivery of less than 10 cubic yards. $35/cubic-yard not taken. **Cancellation Fees:** Cancelling within 48 hours of pour time may result in a $5/yard fee.

Payment: Due at the end of the month following date of invoice. All projects are subject to preliminary notices. **Material Availability:** All sales are contingent upon plant and material availability.

Public Works/AB219: Buyer is responsible to identify whether a project is Public Works and subject to AB219 requirements. Buyer must give notice to Holliday Rock that the project is deemed a Public Works which includes but is not limited to any state agency, California State University, University of California, or any political subdivision of the state(counties, cities, towns, villages, school/water/park/airport districts, etc). Buyer's failure to notify supplier any project is deemed a Public Work and subject to AB219 requirements will result in Buyer’s responsibility of any claims, damages, liabilities, including reasonable attorney’s fees and costs, incurred by Supplier resulting from AB219 non-compliance.

AB219 Reporting/Compliance: The Public Works Contract Fee and AB219 Fee cover all standard requirements of AB219. Certified Payroll Reports (CPR) will only be uploaded to the DIR website. Holliday Rock may comply with additional labor compliance reporting requests outside of the AB219 scope if agreed to in writing prior to receipt of order with such requirements. An additional administrative fee of $100 per load and/or $100 per form will apply if Supplier is required to enter CPR’s into 3rd party software such as LCP Tracker, eComply, OCPS, etc. An additional fee of $100 per load and/or $100 per form will apply to any labor compliance outside the scope of AB219. Compliance paperwork that was not agreed upon prior to delivery may result in additional administrative fee of $300 per load and/or $300 per form in the sole discretion of Holliday Rock.

Standby Time: Calculated based on interval ordered by customer with a maximum of 4 minutes/yard free unloading time, excess time to be charged at $3/minute.

Project Labor Agreement: This quote excludes compliance with project labor agreements. This quote excludes any terms and conditions related to project labor agreements and related provisions such as local hire and transitional workers, workforce referral and development, and apprenticeship participation requirements.

Operating Hours: Monday - Friday 5:00AM - 3:00PM. With written acceptance by Holliday Rock, Buyer may order concrete to be delivered on Saturday or between the hours of 3:00PM to 5:00AM on weekdays at an additional cost of $5/yard. Concrete poured between 5:00PM - 5:00AM may incur a plant opening charge of $250/hour with a 4-hour minimum.

Wash Out/Down: Buyer is responsible to provide enough time and location in reasonable proximity to delivery site for driver(s) to wash down their ready mix trucks chutes, hoppers etc. after delivery.

Scrape & Go: Unless noted in the pricing above Scrape & Go is not an included service. If proper wash out/down is not provided an $80/load surcharge will be applied.

Product Variations/Color Added Concrete: Variations in cement/sand/rock/mixing/job conditions/finishing techniques can alter the color of concrete. Holliday Rock cannot guarantee the uniformity of color as variations in color from load to load are common.

Testing: Independent lab testing or mix designs may require additional costs that will be at Buyer's expense. $1,500 for Strength Trial Batches. $750 for Shrinkage Testing.

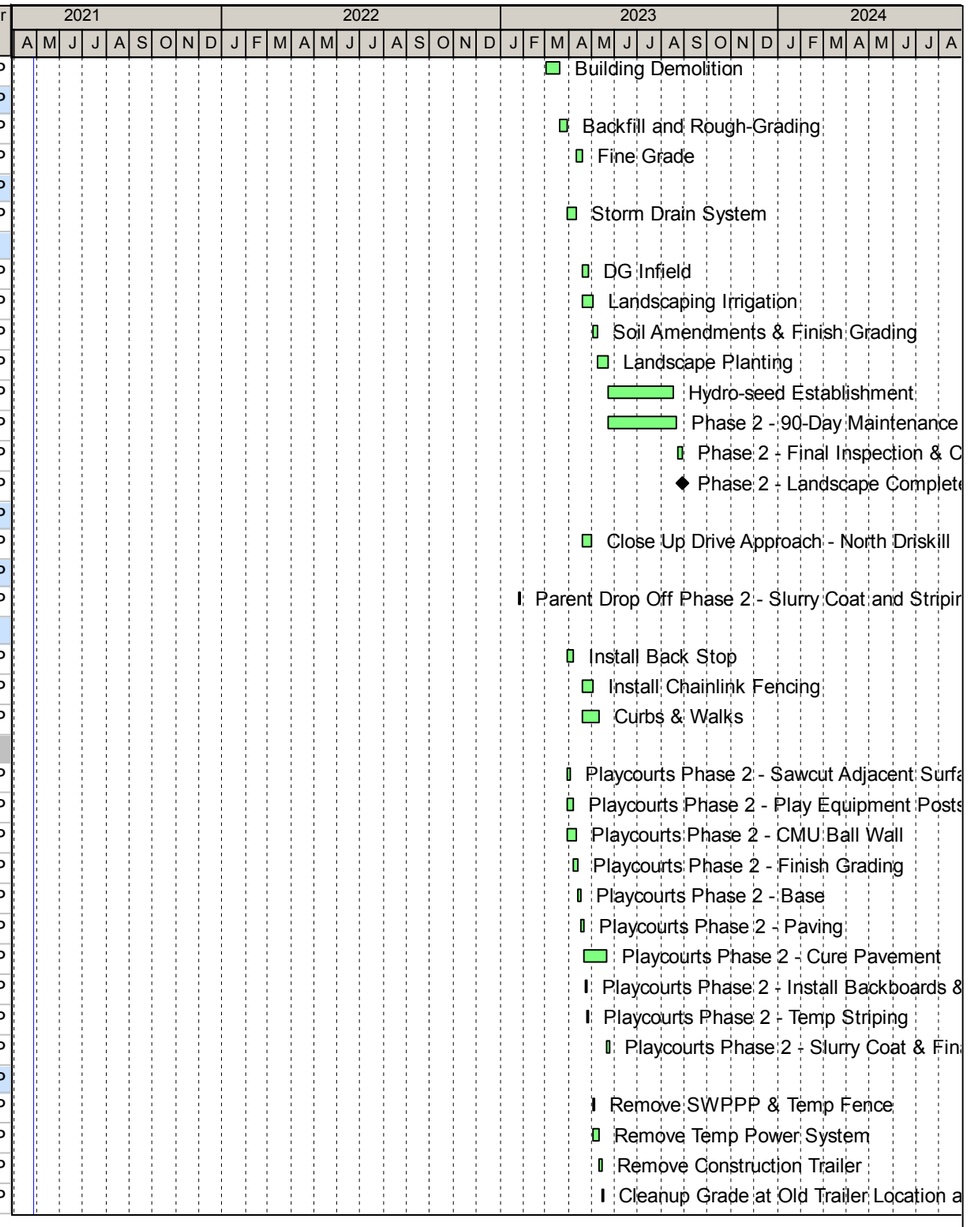
Excess Returned Concrete: Deliveries resulting in excess concrete returned back to Holliday Rock will incur a Disposal Fee of $150/partial-load & $300/full-load.

Delivery: All orders placed will be delivered to the best of Holliday Rock's ability and supplier accepts no responsibility for overtime by Buyer's employees or contractors which might occur.

Plans & Specs: The materials quoted are not warranted to be acceptable for any particular use, purpose, application, environment or soil condition. Materials are delivered in as is condition and no warranty is made with regards to the time to deliver or temperature at time of delivery. **Mix Design Engineer Stamp Fee:** $100 per mix design requiring an Engineer’s Stamp.

Schedule Changes: Federal DOT Standards apply to the hours a Truck Driver can operate their vehicle. Any changes made to a pour after the pour has been scheduled is at Buyer's own risk as trucking may not be available to accommodate such changes.

Environmental Fee: This fee is designed to offset investment costs and expenses related to the reduction of carbon emissions and proper disposal of waste products. This fee is not a tax or government mandated charge, but will be charged as a flat fee per delivery ticket for administrative convenience.



Safety: It is Buyer’s responsibility to provide unobstructed access to the delivery site. Buyer must provide a safe ingress and egress for the delivery truck at the job site. Holliday Rock will not deliver to any job site deemed unsafe by Holliday Rock in its sole and absolute discretion.

This proposal is subject to acceptance by the buyer within 15 days hereof after which time it will be of no force or effect except at the discretion of the seller.

CHANGE ORDER REQUEST

COR #51

GFCI Tripping on Double Dutch

To:	Raphael Alamillo Project Manager Balfour Betty 300 E. Esplanade Drive #1120 Oxnard, CA 93036	**From:**	Tomas Lopez
Phone:	(805) 206-8614	**Phone:**	(805) 833-0204
Email:	RAlamillo@balfourbettyus.com	**Email:**	tlopez@taftelectric.com
CC:		**Date Issued:**	9/23/2025

Requested Amount:	$	10,684.00

The change in scope for the amount requested above is as follows:

COR #051 GFCI Tripping on Double Dutch Oven Circuit.
Require a new conduit run. This would require additional time and materials. We will also need to shut down the panel to install new breakers and terminate if there is available room.

The change in scope is based on the attached back-up and documentation provided along with this proposal. Taft Electric reserves the right to revise or amend this proposal should further work be needed to perform the work related to this scope.

This proposal is based on the usual cost elements such as labor, materials, and markup and does not include any amount for impacts related but not limited to changes in the sequence of work, trade interference or stacking, disruptions or delays, rescheduling, and/or schedule acceleration. Taft Electric expressly reserves the right to submit additional requests for any of these impacts should any of these conditions arise while performing this work.

Due to continuing disruptions in supply chains, pricing for EMT conduit, GRC conduit, PVC conduits, precast products, and copper wire cannot be guaranteed. Taft Electric reserves the right to re-price these items at any time prior to approval.

This proposal supersedes all previously submitted proposals relating to this same work. Any work from other trades that is required to complete this work is not included as a part of this proposal.

Unless otherwise indicated, this proposal is valid for 30 calendar days from the above date of issuance. Taft Electric reserves the right to revise or amend this proposal should approval or direction to proceed take longer than 30 calendar days.

EXCLUSIONS:

.

1. Any fireproofing, weatherproofing, or sealing complete of exterior penetrations to prevent fire or water intrusion.
2. Any shift work, holiday work, or overtime labor; all work is to be performed Monday-Friday between 7:00 AM & 3:30 PM.
3. Any abatement including asbestos removal and containment.
4. Any and all parts and labor not specifically listed above or within.
5. Any costs associated with the design, engineering (including wet stamps), or approval process.
6. Any permits or utility fees.
7. Any access panels.

Question from Filbert Carbajal (Balfour Beatty) at 12:17 PM on 08/12/2025

The double Dutch oven near the kitchen's roll-down door is causing the GFCI outlets on panel LK 200, circuit 12, to trip and will not reset. The kitchen manager reported all ovens turned on initially, but this oven shut off within 30 seconds. TriMark suggested the startup surge may be causing the trip. However, per the Montague HX2-63A installation manual, ovens with a 115 VAC – 60Hz single-phase rating are factory-supplied with a three-wire cord and three-prong plug and require a separate 15-amp supply for each oven. Given that these units are double stacked, each must have its own dedicated circuit. Please advise on how to proceed.

Awaiting an Official Response

All Replies:

Please refer to EEoR response.
"*They can feed the ovens from LK200-33 and 35 in addition to existing circuits LK200-12 and 19.*"

As point of clarification, per OAC meting on 08/13/2205, outlets to be GFI rated.

Ruben R.

CHANGE ORDER REQUEST

COR #53

Clarification on Added Electrical Circuits

To:	Raphael Alamillo Project Manager Balfour Betty 300 E. Esplanade Drive #1120 Oxnard, CA 93036	**From:**	Tomas Lopez
Phone:	(805) 206-8614	**Phone:**	(805) 833-0204
Email:	RAlamillo@balfourbettyus.com	**Email:**	tlopez@taftelectric.com
CC:		**Date Issued:**	9/18/2025

Requested Amount:	$	4,199.00

The change in scope for the amount requested above is as follows:

COR #053 Clarification on Added Electrical Circuits
Require two new dedicated circuits to relieve load in Teacher's Lounge.

The change in scope is based on the attached back-up and documentation provided along with this proposal. Taft Electric reserves the right to revise or amend this proposal should further work be needed to perform the work related to this scope.

This proposal is based on the usual cost elements such as labor, materials, and markup and does not include any amount for impacts related but not limited to changes in the sequence of work, trade interference or stacking, disruptions or delays, rescheduling, and/or schedule acceleration. Taft Electric expressly reserves the right to submit additional requests for any of these impacts should any of these conditions arise while performing this work.

Due to continuing disruptions in supply chains, pricing for EMT conduit, GRC conduit, PVC conduits, precast products, and copper wire cannot be guaranteed. Taft Electric reserves the right to re-price these items at any time prior to approval.

This proposal supersedes all previously submitted proposals relating to this same work. Any work from other trades that is required to complete this work is not included as a part of this proposal.

Unless otherwise indicated, this proposal is valid for 30 calendar days from the above date of issuance. Taft Electric reserves the right to revise or amend this proposal should approval or direction to proceed take longer than 30 calendar days.

EXCLUSIONS:

.

1. Any fireproofing, weatherproofing, or sealing complete of exterior penetrations to prevent fire or water intrusion.
2. Any shift work, holiday work, or overtime labor; all work is to be performed Monday-Friday between 7:00 AM & 3:30 PM.
3. Any abatement including asbestos removal and containment.
4. Any and all parts and labor not specifically listed above or within.
5. Any costs associated with the design, engineering (including wet stamps), or approval process.
6. Any permits or utility fees.
7. Any access panels.

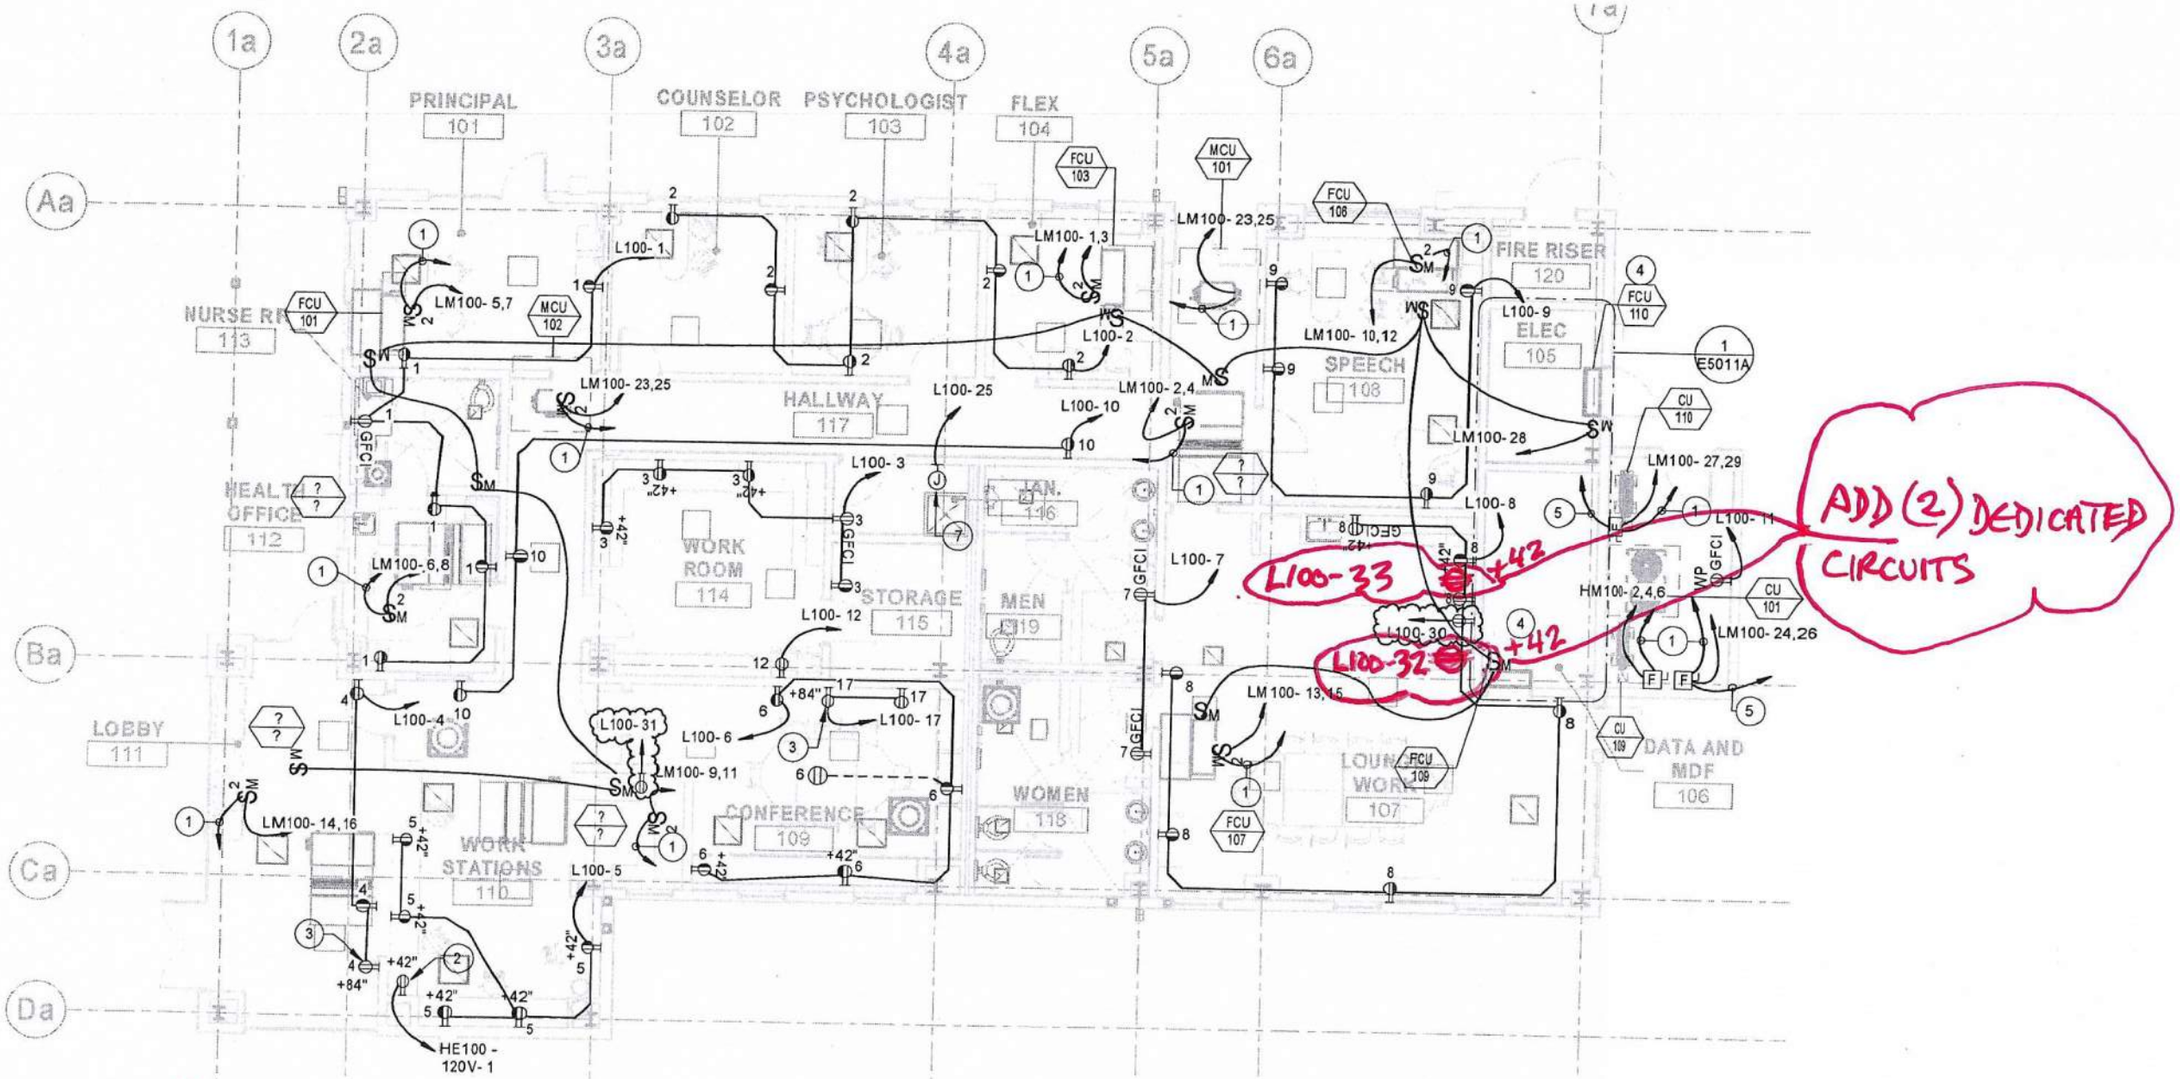
Question from Filbert Carbajal (Balfour Beatty) at 02:41 PM on 09/02/2025

Requesting clarification regarding the added electrical circuits for Building A Teachers' Lounge. Please confirm the number and location of the circuits, and updated panel schedules or breaker assignments if required.



Awaiting an Official Response

All Replies:

use circuits L100-33 for microwave mounted at 42" AFF.
Use circuit L100-32 for Regrigerator #2
See attached layout

Shane per our call the questioned will be RFI'd. The district has been advised. We have asked the PW inspector for further clarification. The work can be tracked for further review.

Ralph, please issue Inland a CE to track the work.

Cliff, the basis of the email below was simply to relate a message the PW inspector informed me about being that Inland had no one on site to coordinate the work. BB is requesting that Inland coordinate with the PW inspector any requirements to obtain a final sign off.

Good afternoon Alex,
IBCC is currently demoed per plan and documents.
PW inspector is adding scope.

Please provide CE# that should be used to track added cost.
Thank you

External Email

Alex,

On my site visit today I see you are demoing sidewalk to install the new driveway's. Can you make sure the contractor checks tie-in to existing sidewalk, if existing sidewalk is not in compliance with City standards. They will need to take an extra panel out for a transition panel.

Thank you,

Richard Gomez | Construction Inspector

9999-8005 - T&M-Fence Removal

Quantity: 0.1 ls

Notes:

Crew disassembled and removed Fence and Gates between and in front of new driveways on Driskill. Concrete post footings were removed and demoed and hauled off with other demo generated from offsite improvements. Post holes were backfilled and compacted at backside of sidewalk. Concrete Gate Track Footing at both driveway entrances were demoed and hauled off as well.

Crew cut up and stockpiled all metal posts and chain link and this will be hauled to dump tomorrow.

9999-8006 - T&M-Demo/Grade Onsite

Quantity: 0.1 ls

Notes:

Toro saw-cutter sawcut 6 panel removals along Driskill which were marked and to accommodate a transition to new improvements from existing SW which is not ADA compliant. Saw-cutter also cut AC at SE corner of site for new driveway and curb returns. Crew demoed AC and loaded out rubble into super-10 which hauled demo to Vulcan Saticoy. Crew will grade curb returns and driveway tomorrow.

9999-8002 - T&M-Grading **Quantity: 0.1 ls**

Notes:
Crew continued demoing Concrete & AC for new improvements along Driskill and at end of La Puerta. At the ADA ramps and Driveways on Driskill, 1 additional sidewalk panel was saw-cut and demoed on either side of new improvements for a transition due to existing sidewalk not being ADA compliant. 2 Loads of offsite demo were generated today and hauled to Vulcan Saticoy.

AG

Shane per our call tomorrow morning we must provide a temporary pedestrian path across the south ramp that was removed. The District and the City have directed for the installation to be completed by noon. What will need from Inland will be the grading, forming, and finishing of the cold patch. We have asked Burn to deliver the cold patch in the morning. Please track the costs and time for the work. I will get with Ralph to issue a CE. I'll see you at the site first thing morning.

9999-8006 - T&M-Demo/Grade Onsite **Quantity: 0.1 ls**

Notes:

Crew graded curb returns and driveway onsite at La Puerta Ave Cul-de-sac. A-Curbs were graded per city Std and plan detail. All grade on La Puerta Ave was passed by soils tech on site today.

During grading of onsite curbs, it was noticed that there appears to be a discrepancy between the offsite Street Improvement Plan and the Grading Plan regarding the new commercial driveway at the end of La Puerta cul-de-sac. The type of driveway is shown differently in each respective sections of the plans. Per the city standards, this driveway was graded per 115 plate with Y=3' and X=6'. The issue relates to how the curb that stops shy of the future Gate Track Footing ties into the back of walk and if there is a 0" curb at this location as the street improvement plans show or a 6" CF as the grading plan shows. These issues were all brought up to Alex from Balfour Beatty today and shown during a site visit. It was concluded that direction will be given by Jason from Inland tomorrow morning while concrete crews are setting up if there are going to be any alterations from plans, otherwise crews will follow the current survey.

12360-033

Notes - 8001-SetUp&PourVar.ConcrtItems-Poured driveway in front of rose ave elementary school rebar was tied at 12inches on center it was previously formed had to take down and form up again because when they compacted the base for asphalt they pushed our forms in. So took down form and set line back up and formed back up. Path of travel was set at 1.5% and driveway was at less then 10% joints a path of travel were at 10ft deep joints with score marks at every 5 feet . The contractor will pay for the premium time for this job

12360UPA (Rose Ave. E.S Conc Placement)

9999-8002 - T&M-Grading **Quantity: 1 ls**

Notes:
We were told to stand by till BBC got the city's approval to change the h/c opening from a 5' to 4'
Saw cut score lines at driveway to back parking lot of rose Avenue elementary school. Then cleaned up weeds that grew between sidewalk and curb
At 11:am received a call fro Jason Landress from Inland to proceed with work
Saw cut curb and gutter , asphalt and sidewalk to remove and grade for two new h/c ramps used a back hole to remove concrete and asphalt and loaded into a bobtail dump truck to haul off site
Removed a multiple address mail box and relocated per Jason Landress
Hauled off three loads of concrete and asphalt to Vulcan and one load of dirt
Placed open trench signs and sidewalk closed and delineated area

Shipping Method: FOB Factory

This Quote is valid for 30 **days.**

Estimated Lead Time: Allow 5 to 7 (weeks) for Production of your order.

All credit determinations are made by our Credit Department.

Comments:
* Orders are released into production upon receipt of signed sales/purchase order, credit determination and (where applicable) deposit, payment bond,etc.
* All products must be permanently affixed to the ground. Consult your local codes for regulations. Anchor bolts NOT provided.
* Common Carrier unloading is the responsibility of the receiver.
* While the vast majority of our components satisfy Buy America requirements, we must know if there are Buy America requirements before the order is placed.
* In order to validate our generous warranty, we require the exact name of the project and the exact location at which these products will be installed.
* It is the buyer's sole responsibility to inspect shipments at the time of delivery; any damage, loss, or shortage must be noted on the signed Proof of Delivery and reported to Victor Stanley within seven (7) days.
* IF A LIFTGATE TRUCK IS REQUIRED FOR DELIVERY THERE WILL BE AN ADDITIONAL CHARGE ADDED TO THE FREIGHT COST BY THE CARRIER. PLEASE ADVISE AT THE TIME OF ORDER. LIFTGATE REQUIRED YES OR NO
* This quote is valid for shipment within normal production time. No deferred shipping dates are accepted without prior written approval.
* Benches, other seating and tables ship partially unassembled unless otherwise stated by Victor Stanley, LLC
* Victor Stanley uses common carriers. Any additional service or re-consignment charges added during shipment will be the sole responsibility of the Buyer.
* These comments are intended to be part of the terms and conditions of this sales quote.

Please review our Standard Terms of Production on proceeding pages

STANDARD TERMS OF PRODUCTION

TAXES
Prices on the specified products are exclusive of all city, state and federal excise taxes, including, without limitation, taxes on manufacture, sales, receipts, gross income, occupation, use and similar taxes. It is the responsibility of the purchaser to remit to the appropriate state or local authority all state sales tax not herein designated as well as the applicable use taxes, local taxes, permits and fees of any kind.

REGULAR PAYMENT TERMS
All payment terms are determined by the credit department. No order will be processed or placed into production until credit has been determined and a deposit has been received (if required). Purchaser is responsible for the timely payment of Victor Stanley, LLC's invoices within Victor Stanley, LLC's payment terms. In the unlikely event that collection activity is necessary due to the non-payment of past due invoices, Purchaser agrees that all collection charges, legal fees and interest incurred in such collection activity will be the sole responsibility of the Purchaser.

CANCELLATION FEE
Victor Stanley, LLC manufactures all products to specific orders, and therefore reserves the right to charge a 30% cancellation fee if this order is canceled by the Buyer while goods are in production.

DELIVERY
All prices are FOB Factory unless otherwise stated by Victor Stanley, LLC in writing.

INTEREST
If Buyer fails to pay in accordance with the terms of this agreement, an interest charge of 1.5% per month may be added to the unpaid balance.

ATTORNEYS' FEES
In the event that the Buyer fails to timely pay for the goods in accordance with the terms of this agreement or is otherwise in breach of its obligations to Victor Stanley, LLC, Buyer agrees to pay to Victor Stanley, LLC the cost of collection, including its reasonable attorney's fees and suit costs.

DELAYS
Our lead time is an estimate only and Victor Stanley, LLC is not responsible for any delays in our previously quoted or estimated shipping time. Victor Stanley, LLC will not be liable for any damages, whether direct, indirect or consequential, associated with any delay in the performance of orders or contracts, or in the delivery or shipment of goods, or for any damages suffered by Buyer by reason of such delay. This also applies to any such delay, directly or indirectly, caused by, or in any manner arises from, production delays, fires, floods, accidents, civil unrest, acts of God, war, governmental interference or embargoes, strikes, labor difficulties, shortage of labor, fuel, power, materials, or supplies, transportation delays, or any other cause or causes (whether or not similar in nature to any of these herein before specified).

NONCONFORMITY
All products made by Victor Stanley, LLC are inspected before shipment, and should any of such materials prove defective due to faults in manufacture, or fail to meet the written specifications accepted by Victor Stanley, LLC, Buyer shall not return the goods, but notify Victor Stanley, LLC immediately, stating full particulars in support of claim, and Victor Stanley, LLC will either replace goods upon return of the defective or unsatisfactory material or adjust the matter fairly and promptly, but under no circumstances shall Victor Stanley, LLC be liable for consequential or other damages, losses, or expenses in connection with or by reason of the use of or inability to use materials purchased for any reason.

LIMITED WARRANTY
We warrant to the original purchaser the goods manufactured by us to be free from defects in material and workmanship for one year under normal use and service. Our obligation under this warranty shall be limited to the repair or exchange of any part or parts which may thus prove defective under normal use and service within one year from date of delivery, and which our examination shall disclose to our satisfaction to be defective. This warranty expressly excludes acts of misuse, vandalism or freight damage. Ductile Iron castings include a 10-year limited warranty against breakage. **THIS WARRANTY IS EXPRESSLY IN LIEU OF ALL OTHER WARRANTIES EXPRESSED OR IMPLIED INCLUDING THE WARRANTIES OF MERCHANTABILITY AND FITNESS FOR USE AND OF ALL OTHER OBLIGATIONS OR LIABILITIES ON OUR PART.**

CONDITIONS
All orders or contracts are accepted with the understanding that they are subject to Victor Stanley, LLC's ability to obtain the necessary raw materials, and all orders or contracts as well as shipments applicable thereto are subject to Victor Stanley, LLC's current manufacturing schedules, and government regulations, orders, directives, and restrictions that may be in effect from time to time.

CONTROLLING PROVISIONS
These terms and conditions shall supersede all provisions, terms and conditions contained on any confirmation order, or other prior or future writing by or to Buyer, and the rights of the parties shall be governed exclusively by the provisions, terms and conditions in this Sales Order. Victor Stanley, LLC makes no representations or warranties concerning this order except such as are expressly contained herein, and this Sales Order or its terms may not be changed or modified without the signed written agreement of an authorized representative of Victor Stanley, LLC.

CONTROLLING LAW AND VENUE
This Agreement shall be governed by and construed according to the laws of Maryland, without giving effect to its choice of law principles. The parties agree that all actions and proceedings arising out of or relating directly or indirectly to this Sales Order or any ancillary agreement or any other related obligation, including any action on any bond, shall be litigated solely and exclusively in the state or federal courts located in Maryland, and that such courts are convenient forums. Each party hereby submits to the personal jurisdiction of such courts for purposes of any such actions or proceedings.

SHIPPING CLAIMS
It is the sole responsibility of the Buyer to inspect all shipments at the time of receipt, both by comparing the number of packages received to the number outlined on the Bill of Lading, and by inspecting the packaging for damage. Damage, loss, or shortage must be noted on the signed Proof of Delivery prior to the departure of the delivery driver, and must be reported to Victor Stanley, LLC within seven (7) days. Replacement cannot be guaranteed for damage, loss, or shortage not clearly noted on delivery paperwork and promptly reported to Victor Stanley, LLC. This includes damage to materials that will be stored for later use.

GUARDSHACK™

Enclosures That Work Beautifully

LARGE ENCLOSURES

For Large Diameter
Backflow Assemblies

The original GuardShack™ line of large enclosures is perfect for covering large diameter backflow devices or other large valuable assets.

Large backflow valves, 2 ½" thru 12" can have bypass assemblies and brass OSY gate valve stems which thieves will steal for scrap, resulting in costly repairs and water shut downs.

Aside from theft, with larger valves, tampering and vandalism are also main concerns. When your property's fire line valve is shutoff maliciously, your system can go offline, leaving your business vulnerable to expensive fire liability concerns. Expensive equipment or crucial manufacturing processes which cannot run without a functioning water supply can also be negatively affected.

When down time equals lost revenue, our enclosures have proven to be cost effective insurance to protect your assemblies.

All of our large enclosures feature our signature rounded design without any sharp corners. This provides both superior strength and safety over square cages.

All of these enclosures are clam shell styled, consisting of two pieces which independently hinge back, allowing full access to the assembly. The hinges also help mitigate the cage's weight and with the help of built in handles, it can be opened with only one person. Our custom made heavy duty hinges are cut from 3/16" steel plate for models GS-4.5 to GS-6 and ¼" thick steel plate for GS-7 and GS-8. All utilize a stainless steel bolt to prevent rusting.

These cages are primed and powder coated to exacting standards for lasting durability.

ADDITIONAL INFORMATION & SPECIFICATIONS

GS-4.5
Woodland Tan

FIVE LARGE STANDARD SIZES AVAILABLE

Available in 5 standard sizes, they can accommodate a large assortment of 2½" - 12" backflow assemblies. Standard colors for these models are in high gloss Woodland Tan & Forest Green which were selected to blend into most any landscaping. Custom sizes & colors are available, please consult factory.

Model	Type	Internal Dimensions W x H x L
GS-4.5	ClamShell	16" x 30" x 64"
GS-5	ClamShell	24" x 40" x 66"
GS-6	ClamShell	24" x 40" x 80"
GS-7	ClamShell	30" x 48" x 99"
GS-8	ClamShell	38" x 60" x 99"

PREMIUM HARDWARE INCLUDED

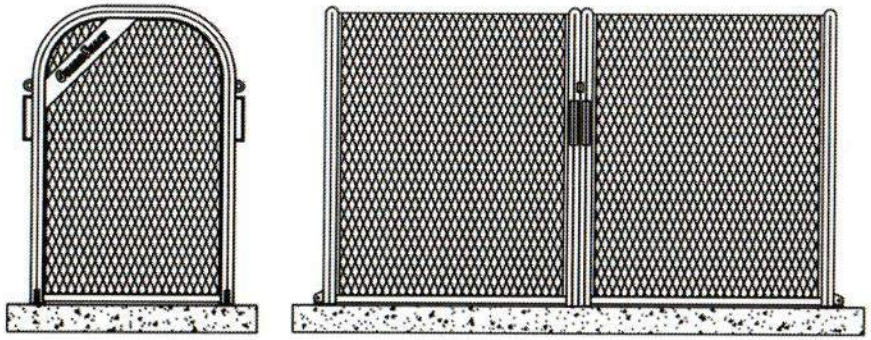
Hardware kits come with 3/8" x 2" Stainless Steel Hex Head Bolts, 3/8" Expansion anchors, and 1" Fender Washers. These are stronger and more resistant to thieves.

Our cages come with all installation hardware for dry concrete installation.

FABRICATION & POWDER COAT SPECIFICATIONS

Materials: GuardShacks are made of 1¼" Schedule 40 pipe A.S.T.M. A-53 grade All Electric Weld steel for end frames, 1" x 1" x 1/8" steel angle iron, ½"#13 gauge diamond pattern flat rolled expanded steel with all welded construction 4" O/C expanded metal die formed for uniformity. Welds every 4" to exceed ASSE 1060-98 Structural Strength Standards.

Powdercoating: State-of-the-art aeronautics industry five step metal cleaning process and iron phosphate solution treatment. Units preheated before applying 2-4 mil thickness polyester powder to A.S.T.M. D-2794 Impact Resistant and A.T.S.M. D-3359 Adhesive Specifications



2-Year Manufacturer's Warranty

Warranty: GuardShack Products warranties this product for two (2) years from the date of purchase to be free of defects in material and workmanship. All claims must be made known to GuardShack Products in writing within 30 days of the defect becoming known to the purchaser. There are no warranties that extend beyond those described herein, either expressed or implied. GuardShack Products reserves the sole right, at its own option to repair or replace any defective product, and shall exclude any damage caused by accident, misuse or abuse of the product. GUARDSHACK™ GENERAL SPECIFICATIONS

- All pipe shall be 1 ¼" schedule 40 A.S.T.M. A-53 Grade A- Electric Weld pipe.
- Angle Iron shall be 1" x 1" x ⅛" steel.
- Stainless steel units shall be 1 ¼" schedule 10 A.S.T. M. A-312 304 S.S.
- Expanded metal shall be ½" spacing x # 13 Ga. flattened diamond pattern steel.
- All hinges shall have hidden/internal mounting points.
- All stainless steel shall be sandblasted after fabrication to remove burrs, flashing and sharp edges..
- There shall be no exposed ends of expanded metal on the outside of the enclosure.
- Welding shall be a minimum of ¼" long welds on 4" spacing.
- Hardware kits provided for mounting enclosures. See HK-300/HK-700 for hardware specifications.
- On 304 S.S. units, all hinges, exposed hardware, and brackets shall be 304 S.S.
- All hardware shall be securely attached to enclosures.
- All enclosures shall withstand a minimum of 200 lbs. per square foot without any permanent deflection or distortion.
- 3/8" spacing between angle iron framework of enclosure and slab to prevent rusting. Only pipe ends to touch slab.

POWDERCOATED UNITS

Pre-powdercoat Treatment Process

Clean GuardShack™ unit with a S-44 alkaline cleaner, overflow rinse, apply an AC-8115 iron phosphate treatment, overflow rinse and finish with a #198 sealer rinse to prevent rusting and improve adhesion.

Powdercoat Treatment Process

Units shall be preheated and coated by electrostatic application of 2.0 to 3.5 mil thickness on all surfaces. Powder shall be RAL 1019 Woodlands Tan or TCI 8810-6058 Forest Green or approved equal Impact Resistance Finish 160 inch pounds direct 160 inch pounds reverse, per ASTM D-2794 specs. Gloss Finish >85, per ASTM D-523. Adhesion to be rated excellent when tested to ASTM D-3359 standards.

STAINLESS STEEL ELECTRO-POLISH FINISH

All 304 Stainless Steel units shall be chemically electro-polished to impart a lustrous finish to the unit.

Gerald,

Per our conversation, Venterra is currently removing the unforeseen asbestos pipe from the building attic. I directed them to continue the work on Saturday as well, in order to allow Standard to proceed with demolition on Monday morning. The time will be tracked on a T&M basis. Please confirm.

Thank you,

Gerald, per our call, Standard Demolition/Venterra will proceed with the necessary work to abate and remove the asbestos-laden material. This work will be tracked on a time and materials basis.

As discussed, the District's abatement consultant is expected to be on-site tomorrow morning. We want to emphasize the importance of ensuring that all proper safety protocols and regulatory measures are strictly followed during this process.

Subject: Rose Ave Phase II- Asbestos Material Verification (time sensitive)

Gerald, per our recent call, Standard Industries/Venterra has informed us that there may still be asbestos present in some of the pipes or materials scheduled for demolition. To ensure safety, Venterra will be delineating the potentially affected areas.

In order to proceed with demolition activities without delay, we are requesting an expedited confirmation and a directive of the materials in question. Please advise when the District's consultant can be on site to verify.

Subject: RE: Rose Ave: Update on Asbestos/TSI Removals and Schedule Concerns- Status Update 10/23

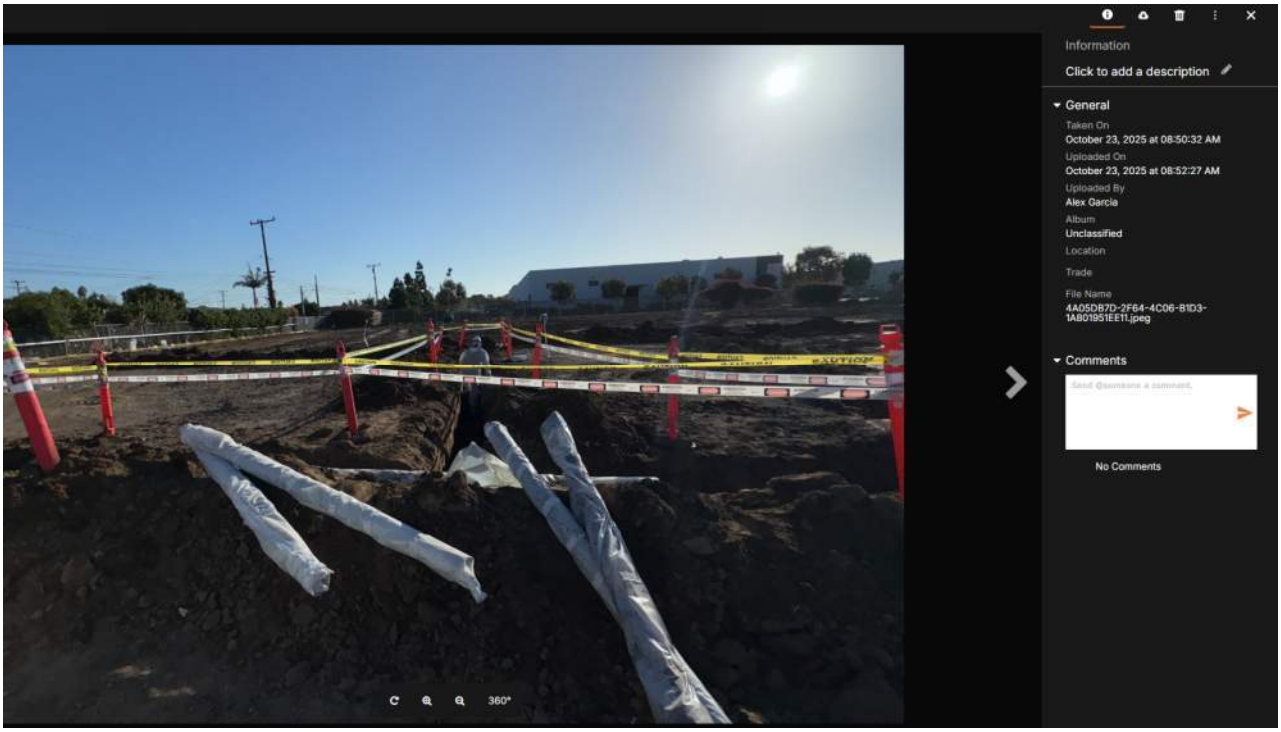
Gerald, per our call yesterday, we continue to uncover buried asbestos and TSI pipe in the ground. Below are pictures for reference. Venterra has extended the notification to VCAPCD through the middle of next week. InSight, the District's environmental consultant, remains on site advising on procedures and documenting findings.



As discussed, the logistics and completion of the demolition activities are being impacted by the ongoing asbestos and TSI pipe removals. The gathering and removal of the base material cannot take place until the trenches are backfilled. In an effort to avoid disturbing the asbestos pipe near the building involved in the incident, SI is taking extra precautions. Venterra is also having to demolish concrete structures where the pipe has been encased.

Venterra and SI are coordinating efforts closely, although the process has become a hopscotch due to the conditions.

Please let us know if you have any questions.

Subject: Rose Ave: Update on Asbestos/TSI Removals and Schedule Concerns

Gerald, as mentioned, we continue to uncover additional TSI and asbestos pipe. We are meeting with Venterra and SI on Monday to determine how the removals can be expedited. During discussions this afternoon, they reiterated that the process must remain cautious since all debris has to be removed properly. However, the pipes are extremely old and are crumbling apart as they're being handled, which is significantly slowing progress.

Our concern is that this ongoing condition continues to encroach on the duration allocated for demolition. We're looking into how we can accelerate this effort while maintaining safety compliance. I've included InSight on this email, as they are monitoring the process.

Subject: Rose Ave: Phase II Transite Pipe

Gerald, as discussed on our call, we encountered Transite pipe on the east side of the project, near the location of the restrooms. Below are photos for reference. The pipe is located approximate 3 feet below the existing grade.

Per our discussion, we will remove the encountered section and set it aside, the balance will remain in place. We will also be contacting the environmental company to handle the material. All work associated with this will be tracked on a time-and-material basis.

AMENDMENT NO. 002 to CONSTRUCTION SERVICES AGREEMENT #17-158

The Lease Leaseback Agreement ("Agreement") entered into on November 17th, 2017, by and between the Oxnard School District ("District") and Balfour Beatty Construction, LLC, ("Contractor"), is hereby amended by the parties as set forth in this Amendment No. 002 to Construction Services Agreement #17-158 that is incorporated herein for all purposes.

RECITALS

WHEREAS, The District retained LLB Contractor to provide preconstruction and construction services for the Rose Avenue Elementary School Reconstruction ("Project") for the District's Master Construct and Implementation Program;

WHEREAS, the District operates Rose Avenue Elementary, located at 220 S. Driskill Street, Oxnard, California 93033 (hereinafter referred to as the "School Facility"); and

WHEREAS, the District desires to construct new facilities and improvements at the School Facility identified in the Site Lease; and

WHEREAS, the LLB Contractor has completed the preconstruction work for the Project and the construction documents were submitted to the Division of the State Architect ("DSA") for their review;

WHEREAS, DSA has reviewed the Project plans and has stamp-approved the construction plans;

WHEREAS, the District has determined that upon DSA Stamped Approval to pursue the improvements to the School Facility through the lease-leaseback method of project delivery pursuant to California Education Code §17406 and as amended per AB 2316 which permits the governing board of the District, without advertising for bids, to lease to Contractor property owned by the District if the instrument by which property is leased requires the lessee to construct, or provide for the construction, on the leased property, of a facility for the use of the District during the term of the lease, and provides that title to that facility shall vest in the District at the expiration of the lease; and

WHEREAS, the Board of Trustees has taken certain actions to approve the construction of this School Facility;

WHEREAS, upon final consideration of a Guaranteed Maximum Price (GMP) which has been determined thru an open book and best value subcontractor bid process, based on those bids, the District requires amending the Lease Leaseback documents of Balfour Beatty Construction to construct thru the completion and occupancy of the new school;

WHEREAS, the Board recognizes that the timing of the certain components of work that must all be approved by City of Oxnard and allowing the Contractor to proceed with construction;

NOW THEREFORE, for the good and valuable consideration, the Parties agree to the following amended terms to Agreement:

AMENDMENT NO. 002

The Parties agree to revise the following language to SECTION 1 of the Agreement:

H. Site. The term "Site" as used in this Agreement shall mean those certain parcels of real property and improvements thereon (if any) more particularly described in **Exhibit C** attached previously to the Site Lease.

The Parties agree to add the following language to SECTION 5 of the Agreement:

Amendment #2 for the Project shall be **Seven Million Five Hundred Thousand Dollars and No Cents ($7,500,000.00)**. Costs related to and associated with this amendment will be negotiated on an on-going basis so as not to impede or slow the progress of the work, nor delay payments for work performed. The initial allowance negotiation shall extend the Phase 1 general conditions, site, and sub lease terms to July 18, 2025 to allow for Phase 1 substantial completion and permit the District to move in and prepare the school for occupancy for the Fall 2025 semester.

SECTION 12. PERSONNEL ASSIGNMENT

A. Contractor shall assign **Rafael Alamillo** as Project Manager - Superintendent for the Project. So long as **Rafael Alamillo** remains in the employ of Contractor, such person shall not be changed or substituted from the Project or cease to be fully committed to the Project except as provided in this Section. In the event Contractor deems it necessary, Contractor shall replace the manager and/or the superintendent for the Project with a replacement with like qualifications and experience, subject to the prior written consent of the District, which consent shall not be unreasonably withheld. Any violation of the terms of paragraph A of this Section 12 shall entitle the District to terminate this Agreement for breach, pursuant to the provisions of the General Conditions.

Plan Sheets Prepared by Brandow and Johnson under IBI Architects, Architects Project No 109990, DSA No 03-119284, DSA Approval July 10, 2019

PROJECT DESCRIPTION

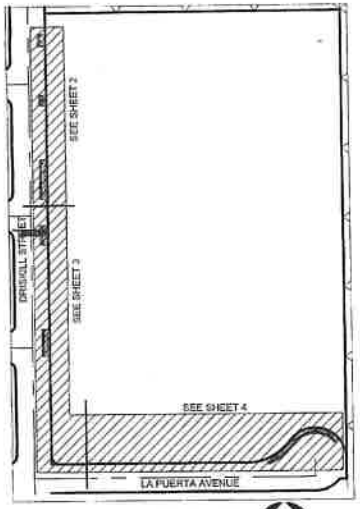
Completion of off-site improvements and utility connections per plans prepared under IBI Architects direction for the Rose Avenue School Reconstruction Project.

CITY OF OXNARD CALIFORNIA

DEVELOPMENT SERVICES DEPARTMENT
STREET IMPROVEMENT PLAN COVER SHEET

ROSE AVENUE K-5 SCHOOL
220 S DRISKILL ST
OXNARD, CA 93030

GENERAL NOTES



1. STREETS SHALL BE CONSTRUCTED IN CONFORMANCE WITH THE LATEST EDITIONS OF THE CITY OF OXNARD DEPARTMENT OF PUBLIC WORKS STANDARDS, "STANDARD SPECIFICATIONS FOR PUBLIC WORKS CONSTRUCTION" (SSPWC), AND THE CITY OF OXNARD STANDARD LAND DEVELOPMENT SPECIFICATIONS.
2. CONTRACTOR SHALL NOTIFY THE CITY INSPECTION DIVISION AND ALL OTHER INTERESTED PARTIES AND ARRANGE FOR A PRECONSTRUCTION CONFERENCE 48 HOURS PRIOR TO THE BEGINNING OF CONSTRUCTION (PHONE 385-7840).
3. AT LEAST TWO (2) WORKING DAYS PRIOR TO COMMENCING CONSTRUCTION, THE CONTRACTOR SHALL CONTACT THE REGIONAL NOTIFICATION CENTER (UNDERGROUND SERVICE ALERT OF SOUTHERN CALIFORNIA--U.S.A. AT 1-800-422-4133) TO OBTAIN AN INQUIRY IDENTIFICATION NUMBER AND TO REQUEST THE UTILITY OWNERS TO MARK OR OTHERWISE INDICATE THE LOCATION OF THEIR SUBSURFACE FACILITIES. THE CONTRACTOR SHALL DETERMINE THE LOCATION AND DEPTH OF ALL UTILITIES INCLUDING ALL SERVICE CONNECTIONS WHICH HAVE BEEN MARKUP BY THE RESPECTIVE OWNERS AND WHICH MAY AFFECT OR BE AFFECTED BY ITS OPERATIONS. THE CONTRACTOR SHALL TAKE ALL NECESSARY MEASURES TO PROTECT ALL UTILITIES AND ALL STRUCTURES FOUND AT THE SITE.
4. ALL PERMITS NECESSARY PRIOR TO BEGINNING CONSTRUCTION SHALL BE OBTAINED BY THE CONTRACTOR.
5. THROUGHOUT ALL PHASES OF CONSTRUCTION, INCLUDING SUSPENSION OF WORK, UNTIL FINAL ACCEPTANCE OF THE PROJECT, THE CONTRACTOR SHALL KEEP THE WORK SITE CLEAN AND FREE FROM RUBBISH AND DEBRIS. THE CONTRACTOR SHALL ALSO ABATE DUST NUISANCE BY CLEANING, SWEEPING AND SPRINKLING WITH WATER AND USING DUST FENCES OR OTHER METHODS AS DIRECTED BY THE CITY THROUGHOUT THE CONSTRUCTION OPERATION.
6. THE DEVELOPER'S ENGINEER SHALL KEEP A STRICT RECORD OF ALL CHANGES AND SUBMIT THIS RECORD TO THE CITY OF OXNARD DEVELOPMENT SERVICES DEPARTMENT. CERTIFIED "AS-BUILT" PLANS SHALL BE PROVIDED TO THE CITY OF OXNARD BY THE DEVELOPER'S ENGINEER BEFORE THE RELEASE FOR OCCUPANCY WILL BE ISSUED.
7. ALL DAMAGE CAUSED TO PUBLIC STREETS, INCLUDING HAUL ROUTES, ALLEYS, SIDEWALKS, CURBS OR STREET FURNISHINGS, OR TO PRIVATE PROPERTY SHALL BE REPAIRED AT THE SOLE EXPENSE OF THE CONTRACTOR TO THE ENGINEER'S SATISFACTION.
8. THE CONTRACTOR SHALL REMOVE AND REPLACE ANY EXISTING BROKEN OR DAMAGED SIDEWALK, CURB, GUTTER OR ASPHALT PAVING (PATCH, REPAIR OR OVERLAY) AND UPGRADE THE ALLEY ADJACENT TO THE PROPERTY TO CURRENT CITY STANDARDS AS DIRECTED BY THE CITY INSPECTOR.
9. SAWCUTTING OF EXISTING PAVEMENT SHALL BE TO A CLEAN STRAIGHT EDGE AS DIRECTED BY THE CITY INSPECTOR.
10. PAVEMENT REMOVAL AND REPLACEMENT SHALL BE IN CONFORMANCE WITH THE CITY OF OXNARD STANDARDS AND SPECIFICATIONS. COMPACTION EFFORTS SHALL NOT DISTURB ADJACENT STREET STRUCTURAL SECTION. CONTRACTOR SHALL BE RESPONSIBLE FOR ANY DAMAGE.
11. ALL UNDERGROUND SEWER, STORM DRAIN, AND WATER PIPELINES, ELECTRIC POWER, TELEPHONE OR CABLE TV CONDUITS AND CABLE AND GAS PIPELINES SHALL BE INSTALLED PRIOR TO CONSTRUCTION OF CURBS, GUTTERS, SIDEWALKS, AND PAVEMENT.
12. WHERE JOINING THE EXISTING PAVEMENT, SAWCUT TO SOUND PAVEMENT AND OVERLAY AS REQUIRED TO PROVIDE PROPER GRADE AND 2% CROSS-SLOPE. ANY UNSOUND PAVEMENT SHALL BE REPLACED.
13. THE DEVELOPER SHALL OBTAIN FINAL APPROVAL OF REIMBURSEMENT AMOUNTS PRIOR TO BEGINNING CONSTRUCTION ON REIMBURSABLE ITEMS.
14. ALL WATER WELLS LOCATED WITHIN THE SITE SHALL BE REPORTED TO THE CITY OF OXNARD WATER SUPERINTENDENT PRIOR TO THEIR MODIFICATION OR DESTRUCTION (CITY OF OXNARD ORDINANCE NO. 2218).
15. STATIONS SHOWN ON STREET IMPROVEMENT DRAWINGS ARE ALONG CENTERLINE OF STREET.
16. THE CONTRACTOR IS REQUIRED TO PROTECT ALL EXISTING SURVEY MONUMENTATION DURING GRADING AND ALL SUBSEQUENT CONSTRUCTION. CONTRACTOR SHALL GIVE THE ENGINEER ADEQUATE NOTICE BEFORE DISTURBING SAID MONUMENTS, SO THE ENGINEER CAN REPLACE OR RELOCATE ANY EXISTING SURVEY MONUMENTATION.
17. ALL MANHOLE RIMS, LIDS, VALVE BOXES AND OTHER STREET APPURTENANCES SHALL BE SET TO FINISH GRADE BY THE CONTRACTOR AS PART OF THIS PROJECT.
18. STREET LIGHTS, STREET NAME SIGNS AND TRAFFIC SIGNS SHALL BE INSTALLED BY THE CONTRACTOR IN ACCORDANCE WITH THE CITY STANDARDS AND SUBJECT TO THE APPROVAL OF THE DIRECTOR OF PUBLIC WORKS. CONSTRUCT STANDARD ACCESS RAMP FOR THE PHYSICALLY DISABLED PER CITY STANDARD PLAN PLATE 110 AT EACH CURB RETURN AT EVERY INTERSECTION HAVING SIDEWALK.
19. **THE WORK SHOWN ON THESE PLANS IS NEW CONSTRUCTION SUBJECT TO THE REVIEW, APPROVAL AND INSPECTION BY THE CITY OF OXNARD.**

CAUTION: UNDERGROUND STRUCTURES

ALL UNDERGROUND UTILITIES OR STRUCTURES REPORTED BY THE OWNER OR THOSE SHOWN ON RECORDS EXAMINED ARE INDICATED WITH THEIR APPROXIMATE LOCATION AND EXTENT. THE DEVELOPER, BY ACCEPTING THESE PLANS OR PROCEEDING WITH IMPROVEMENTS PURSUANT THERETO, UNDERSTANDS THAT THEY AGREE TO ASSUME LIABILITY, AND AGREE TO HOLD THE UNDERSIGNED HARMLESS FOR ANY LIABILITY FOR DAMAGE RESULTING FROM THE EXISTENCE OF UNDERGROUND UTILITIES OR STRUCTURES NOT REPORTED TO THE UNDERSIGNED, NOT INDICATED ON THE PUBLIC RECORDS EXAMINED, LOCATED AT VARIANCE WITH THAT REPORTED OR SHOWN ON RECORDS EXAMINED. THE CONTRACTOR IS REQUIRED TO TAKE DUE PRECAUTIONARY MEASURES TO PROTECT THE UTILITIES OR STRUCTURES FOUND AT THE SITE. IT SHALL BE THE CONTRACTOR'S RESPONSIBILITY TO NOTIFY THE OWNERS OF THE UTILITIES OF STRUCTURES CONCERNED BEFORE STARTING TO WORK.

14. CONSTRUCT 8" THICK W/ REBAR COMMERCIAL DRIVEWAY W=25', PER CITY OF OXNARD STD. PLAN PLATE 115.
15. CONSTRUCT CONCRETE CURB, TYPE A1-6 ON 6"CAB PER PER CITY OF OXNARD STD. PLAN PLATE 111.
16. REMOVE EXISTING CURB RAMP AND CONSTRUCT CURB RAMP CASE A TYPE 1 PER CITY OF OXNARD STD. PLAN PLATE 110 SHEET 1.
17. INSTALL 8" ABS SANITARY SEWER PIPE AT 2% MINIMUM SLOPE.
18. PROPOSED PARALLEL PARKING STALL STRIPING PER CITY OF OXNARD STANDARDS.
19. CONSTRUCT SIDEWALK DRAIN PIPE PER CITY OF OXNARD STD. PLAN PLATE 122. TO BE PRIVATELY MAINTAINED.
20. CONSTRUCT CURB RAMP CASE A TYPE 5 PER CITY OF OXNARD STD. PLAN PLATE 110 SHEET 3.
21. INSTALL 18" RCP STORM DRAIN PIPE AT 0.5% MINIMUM SLOPE.
22. STORM DRAIN JUNCTION STRUCTURE NO. 2 PER CITY OF OXNARD STD. PLAN PLATE 322. STORM DRAIN CONNECTION WILL NOT BE ALLOWED UNTIL BOTH DETENTION AREAS AND STORMWATER QUALITY BMPS ARE CONSTRUCTED AND OPERATIONAL.
23. PROTECT IN PLACE EXISTING CONCRETE SIDEWALK.
24. PROTECT IN PLACE EXISTING CURB AND GUTTER.
25. INSTALL LADDER CROSSING PER CALTRANS STD PLAN, A24F.
26. CONSTRUCT ASPHALT PAVEMENT PER CITY OF OXNARD STD. PLAN PLATE 115. Z-CONSTRUCT FOR COMMERCIAL.
27. INSTALL CPS UNIT, PER UNITED STORMWATER OR APPROVED EQUAL, AT EXISTING CURB OPENING CATCH BASIN.

CITY OF OXNARD CALIFORNIA

DEVELOPMENT SERVICES DEPARTMENT
WATER IMPROVEMENT PLAN COVER SHEET

ROSE AVENUE K-5 SCHOOL
220 S DRISKILL ST
OXNARD, CA 93030

WATER NOTES:

1. THE WATER SYSTEM SHALL BE CONSTRUCTED IN CONFORMANCE WITH THE LATEST EDITIONS OF THE CITY OF OXNARD DEPARTMENT OF PUBLIC WORKS STANDARDS, "STANDARD SPECIFICATIONS FOR PUBLIC WORKS CONSTRUCTION" (SSPWC), AND THE CITY OF OXNARD STANDARD LAND DEVELOPMENT SPECIFICATIONS.
2. CONTRACTOR SHALL NOTIFY THE CITY INSPECTION DIVISION AND ALL OTHER INTERESTED PARTIES AND ARRANGE FOR A PRECONSTRUCTION CONFERENCE 48 HOURS PRIOR TO THE BEGINNING OF CONSTRUCTION (PHONE 385-7840).
3. AT LEAST TWO (2) WORKING DAYS PRIOR TO COMMENCING ANY EXCAVATION, THE CONTRACTOR SHALL CONTACT THE REGIONAL NOTIFICATION CENTER (UNDERGROUND SERVICE ALERT OF SOUTHERN CALIFORNIA – U.S.A.) AT 1-800-422-4133 TO OBTAIN AN INQUIRY IDENTIFICATION NUMBER AND TO REQUEST THE UTILITY OWNERS TO MARK OR OTHERWISE INDICATE THE LOCATION OF THEIR SUBSURFACE FACILITIES. THE CONTRACTOR SHALL DETERMINE THE LOCATION AND DEPTH OF ALL UTILITIES, INCLUDING ALL SERVICE CONNECTIONS, WHICH HAVE BEEN MARKED BY THE RESPECTIVE OWNERS AND WHICH MAY AFFECT OR BY AFFECTED BY ITS OPERATIONS. THE CONTRACTOR SHALL TAKE DUE PRECAUTIONARY MEASURES TO PROTECT ALL UTILITIES AND THE STRUCTURES FOUND AT THE SITE.
4. ALL PERMITS NECESSARY PRIOR TO BEGINNING CONSTRUCTION SHALL BE OBTAINED BY THE CONTRACTOR.
5. THROUGHOUT ALL PHASES OF CONSTRUCTION, INCLUDING SUSPENSION OF WORK, UNTIL FINAL ACCEPTANCE OF THE PROJECT, THE CONTRACTOR SHALL KEEP THE WORK SITE CLEAN AND FREE FROM RUBBISH AND DEBRIS. THE CONTRACTOR SHALL ALSO ABATE DUST NUISANCE BY CLEANING, SWEEPING, AND SPRINKLING WITH WATER AND USING DUST FENCES OR OTHER METHODS AS DIRECTED BY THE CITY THROUGHOUT THE CONSTRUCTION OPERATION.
6. THE DEVELOPER'S ENGINEER SHALL KEEP A STRICT RECORD OF THE LOCATION OF ALL FITTINGS, MAINS, AND CONNECTIONS. THIS INFORMATION SHALL BE SUBMITTED TO THE CITY OF OXNARD DEVELOPMENT SERVICES DEPARTMENT AS CERTIFIED "AS-BUILT" PLANS. THE "AS-BUILT" PLANS SHALL BE SUBMITTED BY THE DEVELOPER'S ENGINEER BEFORE THE RELEASE OF OCCUPANCY OR WATER METER INSTALLATION.
7. ALL DAMAGE CAUSED TO PUBLIC STREETS, INCLUDING HAUL ROUTES, ALLEYS, SIDEWALKS, CURBS OR STREET FURNISHINGS, OR TO PRIVATE PROPERTY SHALL BE REPAIRED AT THE SOLE EXPENSE OF THE CONTRACTOR TO THE ENGINEER'S SATISFACTION.
8. SAWCUT EXISTING PAVEMENT TO A CLEAN STRAIGHT EDGE AS DIRECTED BY THE CITY INSPECTOR.
9. PAVEMENT REMOVAL AND REPLACEMENT SHALL BE IN CONFORMANCE WITH THE CITY OF OXNARD STANDARDS AND SPECIFICATIONS. COMPACTION EFFORTS SHALL NOT DISTRUB ADJACENT STREET STRUCTURAL SECTION. CONTRACTOR SHALL BE RESPONSIBLE FOR ANY SUCH DAMAGE.
10. ALL UNDERGROUND SEWER, STORM DRAIN, AND WATER PIPELINES, ELECTRIC POWER, TELEPHONE OR CABLE TV CONDUITS AND CABLE AND GAS PIPELINES SHALL BE INSTALLED PRIOR TO CONSTRUCTION OF CURBS, GUTTERS, SIDEWALKS, AND PAVEMENT.
11. AT LEAST TWO (2) WORKING DAYS BEFORE COMMENCING EXCAVATION FOR THE WATER, THE CONTRACTOR SHALL POTHOLE AND EXPOSE THE EXISTING UTILITIES AT ALL CROSSING AND AT THE POINT OF TIE-IN. THEN CONTACT THE ENGINEER TO THE ELEVATION OF THE EXISTING FACILITIES CAN BE VERIFIED.
12. THE DEVELOPER SHALL OBTAIN FINAL APPROVAL OF REIMBURSEMENT AMOUNTS PRIOR TO BEGINNING CONSTRUCTION ON REIMBURSABLE ITEMS.
13. ALL WATER WELLS LOCATED WITHIN THE SITE SHALL BE REPORTED TO THE CITY OF OXNARD WATER SUPERINTENDENT PRIOR TO THEIR MODIFICATION OR DESTRUCTION (CITY OF OXNARD ORDINANCE NO. 2218). A SEPARATE PERMIT FROM THE CITY IS REQUIRED PRIOR TO DRILLING, ALTERING OR ABANDONING A WATER WELL.
14. STATIONS SHOWN ON WATER DRAWINGS ARE ALONG CENTERLINE OF WATER MAIN.
15. THE CONTRACTOR IS REQUIRED TO PROTECT ALL EXISTING SURVEY MONUMENTATION DURING GRADING AND ALL SUBSEQUENT CONSTRUCTION. CONTRACTOR SHALL GIVE THE ENGINEER ADEQUATE NOTICE, BEFORE DISTURBING SAID MONUMENTS, SO THE ENGINEER CAN REPLACE OR RELOCATE ANY EXISTING SURVEY MONUMENTATION.
16. SEPARATION OF SEWER AND WATER SHALL BE IN CONFORMANCE WITH THE LATEST REQUIREMENTS OF THE STATE OF CALIFORNIA DEPARTMENT OF HEALTH.
17. VERTICAL TRENCH SHORING SHALL CONFORM WITH THE ORDERS OF THE STATE OF CALIFORNIA, DIVISION OF INDUSTRIAL (DIS) SAFETY AND O.S.H.A. STANDARDS. CONTRACTOR SHALL HAVE DIS EXCAVATION PERMIT (COPY TO CITY).
18. TRENCHES SHALL BE BACKFILL IN ACCORDANCE WITH CITY OF OXNARD STANDARD PLATES.
19. STERILIZATION AND TESTING THE NEW INSTALLATION SHALL BE COMPLETE PRIOR TO MAKING FINAL CONNECTION TO THE EXISTING SYSTEM. THE CONTRACTOR SHALL SEE THAT ALL VALVES IN THE SYSTEM REMAIN OPEN AFTER THE TEST.
20. WATER SERVICES WITH DOUBLE METER STOPS, TAIL ASSEMBLY AND METER BOX SHALL BE INSTALLED PER CITY OF OXNARD STANDARD PLAN PLATES BY THE CONTRACTOR. THE CITY OF OXNARD WILL SET THE METERS AFTER FINANCIAL ARRANGEMENTS ARE MADE.
21. ALL VALVES SHALL BE MUELLER RS GATE VALVES OR APPROVED EQUAL AND SHOP COATED WITH AN APPROVED THERMO TYPE EPOXY.
22. ALL VALVE BOXES SHALL BE SET TO FINISH GRADE BY THE CONTRACTOR AS PART OF THIS PROJECT.
23. 12 GAUGE COPPER LOCATION WIRE SHALL BE INSTALLED ON ALL PVC PIPE MAINS AND ON 14 GAUGE INSULATED POLYETHYLENE WATER SERVICES.
24. ALL FIRE HYDRANTS SHALL BE BRONZE. BURYS AND SPOOLS SHALL BE COATED ON THE INTERIOR FERROUS SURFACES WITH AN APPROVED THERMO TYPE EPOXY.
25. ADEQUATE FIRE PROTECTION AS DETERMINED BY THE FIRE CHIEF SHALL BE AVAILABLE PRIOR TO THE ISSUANCE OF BUILDING PERMIT.
26. CONTRACTOR SHALL PROVIDE THE WATER DIVISION WITH 48 HOURS ADVANCED NOTICE WHEN REQUESTING VALVE CLOSURES.
27. **THE WORK SHOWN ON THESE PLANS IS NEW CONSTRUCTION SUBJECT TO THE REVIEW, APPROVAL AND INSPECTION BY THE CITY OF OXNARD.**

CHANGE ORDER REQUEST (COR)

Owner:	Oxnard School District	Date:	12-19-2024
Permit Number:	DSA# 03-119284	Change Order No.:	9 R3
Project Name:	Rose Ave. K-5 Reconstruction	Change Event No.:	141
Project Number:	15650001		
To: (Program Manager)	Gerald Schober - CFW	Contract Number:	P22-01685
From: (Contractor or Design)	Balfour Beatty	Task Order Number:	n/a

The following is an itemized QUOTATION regarding requested modifications to the contract documents

Description of Work:

Change Order #9 R3 - CE #141 - TIA #04 - Offsite Improvement Plans Dated 12/12/24

Revisions to the Development Services Department - Street Improvement Plans received on 12/12/24: Sheet 1 of 9, 2 of 9, 3 of 9, 4 of 9, 5 of 9, 6 of 9, 7 of 9, 8 of 9, & 9 of 9.

Modifications to the existing installed onsite Fire Water line: Removal and replacement of the 8" Fire Water Line and re-location and re-setting of the North Fire Hydrant, added 5 storm drain bubbler catch basins to route storm drain under modified 8" fire water line at a depth of 5 feet, Off-Site Storm Drain modifications, Change to Reinforced Concrete Pipe in City ROW on La Puerta, including 4 - 8" 45 degree elbows in fire water to go over existing storm drainpipe, re-installation of cold parch and pipe at entry due to wear and tear. Modifications to signage and stripping and increased multiple pavements move-in operations. Including modification to the hardscape at both entries along Driskell Street and La Puerta Avenue.

This change order includes all costs and impacts associated with Phase I logistics, schedule modifications, and out-of-sequence work caused by the delay in offsite improvement permit approval. It includes any additional labor, materials, and equipment caused by the permit delay, as well as adjustments to the project schedule. The scope also addresses the resequencing of work and resource reallocation to maintain progress and minimize disruptions to the overall schedule, in line with the November 2024 Schedule Update.

This change order excludes all work associated with CCD 026, including both direct and indirect costs. Any work related to CCD 026, as well as its associated direct and indirect costs, will be addressed and submitted under a separate change order at a later date.

A. Offsite Drawings Additional Scope of Work Based on City Approved Offsite Drawings Received on 12/12/24

BC Rincon		
A/C & Base Material Increase for Phase I & Phase II	$	91,324.00
Off-Site Slot and Trench Pave	$	22,472.00
Off-site Striping per Street Improvement Plan	$	25,651.00
Seal and Re-stripe ECDC Driveway	$	2,318.00
Clean up Existing Graded Areas (Back Parking Lot, Side Playground, Passenger Drop	$	17,908.00
Overhead & Profit and Bond	$	26,705.00
Temporary A/C for Teachers Parking Lot Entrance Re-Route at Phase II Temp Access Ramp at front of Existing Admin Bldg for future ECDC	$	7,500.00
Boneso Brothers		
Time impact cost for completing the project, based on construction update schedule and extended overhead costs, Labor and material Increase.	$	145,278.00
Burns Pacific		
Remove and Re-Install 8 inch Fire Water Line	$	135,704.00
Install (5) Storm Drain Bubbler Catch Basins	$	65,430.00
Revise Storm Drain to Reinforced Concrete Pipe at La Puerta	$	45,712.00
Install 126 feet of additional pipe and steel casing to accommodate changes to off-site fire water tie-in location at La Puerta	$	85,063.00
Remove and replace concrete for curb, gutter, and residential driveway on La Puerta	$	13,432.00
Flush out and clean storm drains and StormTech system	$	52,375.00
Flush out and clean sewer line	$	5,859.00
Increase in labor and equipment rates	$	23,539.00
CAM Painting		
Extra costs incurred from project delays, including ongoing project management, bond extensions, insurance.	$	256,795.00

#17-158

CONSTRUCTION SERVICES AGREEMENT

This Construction Services Agreement (hereinafter referred to as the "Agreement") is entered into this 20th day of September, 2017, by and between the Oxnard School District, a California school district organized and existing under the laws of the State of California (hereinafter referred to as the "District") Balfour Beatty Construction, LLC which is a contractor licensed by the State of California, with its principal place of business at 10620 Treena St., Suite 300 San Diego CA 92131 (hereinafter referred to as "Contractor").

WHEREAS, the District operates Rose Avenue Elementary School, located at 220 South Driskill Street, Oxnard, California 93030 (hereinafter referred to as the "School Facility"); and

WHEREAS, the District desires to construct new facilities and improvements (as more fully described below) at those portions of the School Facility identified in the Site Lease, as defined in Section 1H below (the "Site"); and

WHEREAS, the District has determined that it is in its best interests to pursue the improvements to the School Facility through the lease-leaseback method of project delivery pursuant to California Education Code §17406 which permits the governing board of the District to lease to Contractor property owned by the District if the instrument by which property is leased requires the lessee to construct, or provide for the construction, on the leased property, of a facility for the use of the District during the term of the lease, and provides that title to that facility shall vest in the District at the expiration of the lease; and

WHEREAS, the District desires to finance a portion of the improvements utilizing the lease/leaseback methodology; and

WHEREAS, the District has conducted an RFQ process by which it selected Contractor; and

WHEREAS, the District intends to undertake work to improve the School Facility, the scope of which is generally described in **Exhibits A and B** attached hereto and incorporated by reference herein; and

WHEREAS, in connection with the approval of this Agreement, the District will enter into a site lease with Contractor, under which it will lease to Contractor the Site in order for Contractor to construct the Project as described in the Scope of Work set forth generally in **Exhibits A and B** (hereinafter referred to as the "Scope of Work"); and

WHEREAS, assuming that the District and Contractor can agree on the terms, including the price, for the additional scope of work, the District and Contractor anticipate that the scope of the Project may be amended to include additional work; and

WHEREAS, Contractor will lease the Site back to the District pursuant to a sublease agreement, under which the District will be required to make payments to Contractor for the use and occupancy of the Site, including the Project (hereinafter the "Financing"); and

WHEREAS, Contractor represents that it is sufficiently experienced in the construction of the type of facility and type of work sought by the District and is willing to perform said work for lease and the Financing to the District, all as more fully set forth herein; and

WHEREAS, at the expiration of the Site Lease, title to the Site and the improvements thereon will vest with the District;

NOW, THEREFORE, in consideration of the covenants hereinafter contained, the District and Contractor agree as follows:

SECTION 1. DEFINITIONS

A. **Construction.** The term "Construction" as used in this Agreement includes all labor and services necessary for the construction of the Project, and all materials, equipment, tools, supplies and incidentals incorporated or to be incorporated in such construction as fully described in the Scope of Work set forth in **Exhibits A and B** attached hereto. Unless otherwise expressly stipulated, Contractor shall perform all work and provide and pay for all materials, labor tools and equipment, including, but not limited to, light, water, and power, necessary for the proper execution and completion of the Project shown on the drawings and described in the specifications developed pursuant to this Agreement.

B. **Construction Documents.** The term "Construction Documents" means the final drawings, profiles, cross sections, design development drawings, construction drawings, and supplemental drawings based on the plans and specifications developed for the Project pursuant to the Scope of Work set forth in **Exhibits A and B** attached hereto, including any reference specifications or reproductions prepared by the architect hired by the District (the "Architect") and specifications approved by the District, the Division of the State Architect ("DSA"), and the local agencies having jurisdiction or other regulatory agencies whose approval may be required, which show or describe the location, character, dimensions or details for the Project and specifications for construction thereof.

C. **Contract Documents.** The term "Contract Documents" as used in this Agreement refers to those documents which form the entire agreement by and between the District and Contractor. The Contract Documents consist of this Agreement, including the exhibits and attachments hereto, the Site Lease, including the exhibits and attachments thereto, the Sublease, including the exhibits and attachments thereto, the Project Manual including the General Conditions thereto, as amended, which is incorporated herein (the "General Conditions"), and the Construction Documents. The term "Contract Documents" shall include all modifications and addenda thereto.

D. **Guaranteed Maximum Price**. The term "Guaranteed Maximum Price" or "GMP" as used in this Agreement means the Guaranteed Maximum Price established pursuant to Section 5 of this Agreement to be used to calculate the Tenant Improvement Payments and the Sublease Payments to be paid by the District to Contractor pursuant

to the Sublease, subject only to any adjustments for Extra Work/Modifications as provided in Section 10 of this Agreement.

E. **Preconstruction Services.** The term "Preconstruction Services" as used in this agreement means to retain a professional construction firm (hereafter "CONTRACTOR") to provide certain professional pre-construction services, as described in **Exhibit B** related to the Project plans and specifications for the purpose of designing the project within budget and eliminating unforeseen circumstances, errors, omissions and ambiguities in the construction documents prepared by the Architect.

F. **Project**. The term "Project" shall mean the improvements and facilities to be constructed and installed by Contractor at the School Facility which will result in complete and fully operational facilities as more fully set forth on **Exhibit A** attached hereto.

G. **Project Manual**. The term "Project Manual" shall mean the compilation of the Specification sections including Division 0, Procurement and Contracting Requirements, Division 1 General Requirements, and technical specifications Division 2 through 33 prepared by the Architect and approved by the District, the DSA, or other regulatory agencies which show or describe the location, character, dimensions or details for the Project, which shall be delivered to Contractor upon execution of this Agreement.

H. **Site**. The term "Site" as used in this Agreement shall mean those certain parcels of real property and improvements thereon (if any) more particularly described in **Exhibit A** to the Site Lease.

I. **Site Lease**. The term "Site Lease" as used in this Agreement shall mean the certain Site Lease dated of even date herein between the District and Contractor, together with any duly authorized and executed amendment(s) thereto, pursuant to which the District leases the Site to Contractor.

J. **Specifications**. The term "Specifications" shall mean those numbered specifications set forth in the Project Manual which shall accompany this Agreement and which are incorporated by reference herein. Individual Specifications may be referred to by their specification number as set forth in the Project Manual.

K. **Subcontractor**. As used in this Agreement, the term "Subcontractor" means any person or entity, including trade contractors, who have a contract with Contractor to perform any of the Construction.

L. **Sublease**. The term "Sublease" as used in this Agreement shall mean the certain Sublease dated of even date herein between the District and Contractor, together with any duly authorized and executed amendment(s) thereto, pursuant to which the District subleases the Site from Contractor.

M. **Sublease Payments.** The term "Sublease Payments" as used in this Agreement shall mean the payments made by the District to Contractor pursuant to Section 6 of the Sublease.

N. **Tenant Improvement Payments.** The term "Tenant Improvement Payments" as used in this Agreement shall mean the payments made by the District to Contractor pursuant to Section 6 of the Sublease.

SECTION 2. CONTRACTOR'S DUTIES AND STATUS

Contractor covenants with the District to furnish reasonable skill and judgment in constructing the Project. Contractor agrees to furnish efficient business administration and superintendence and to furnish at all times an adequate supply of professionals, workers, and materials and to perform the work appropriately, expeditiously, economically, and consistent with the Contract Documents.

SECTION 3. ADDITIONAL SERVICES

If the District requests Contractor to perform additional services not described in this Agreement, Contractor shall provide a cost estimate and a written description of the additional work necessary to complete such additional services. The cost for such additional services shall be negotiated and agreed upon in writing in advance of Contractor performing or contracting for such additional services, and such cost shall be used to adjust the GMP established pursuant to Section 5 hereof. In the absence of a written agreement, the District will not compensate Contractor for additional services, will not adjust the GMP for such additional services, and Contractor will not be required to perform them. It is understood and agreed that if Contractor performs any services that it claims are additional services without receiving prior written approval from the District Board of Education, Contractor shall not be paid for such claimed additional services and the GMP will not be adjusted. Nothing in this Agreement shall be construed as limiting the valuation of such additional services and amount that the GMP will be adjusted for such additional services, should a written agreement for such services be executed by the parties. Notwithstanding the foregoing, Contractor shall not be entitled to compensation, nor will the GMP be adjusted, for additional services required as a result of Contractor's acts, errors or omissions.

SECTION 4. OWNERSHIP OF PLANS AND DOCUMENTS

All original field notes, written reports, drawings, specifications, Construction Documents, and other documents, produced or developed for the Project are the property of the District,

regardless of whether the Project is constructed, and shall be furnished to the District. Such documents are not to be used by Contractor or by the Subcontractors on other work nor shall Contractor nor the Subcontractors claim any right to such documents. This shall not deprive Contractor from retaining electronic data or other reproducible copies of the Construction Documents or the right to reuse information contained in them in the normal course of Contractor's professional activities.

SECTION 5. ESTABLISHMENT OF GUARANTEED MAXIMUM PRICE

The "GMP" for the Project shall be **Two Hundred Nineteen Thousand Dollars and No Cents ($219,000.00)**. The GMP consists of (1) a Preconstruction Fee only in the amount of **Two Hundred Nineteen Thousand Dollars and No Cents ($219,000.00)**, (2) a Sublease Tenant Improvement and (3) a Contractor Contingency and Sublease Payments to be negotiated as an amendment to this agreement pursuant to terms and payment schedule as amended and set forth in the Sublease. THE "GMP" WILL NOT BE ESTABLISHED UNTIL DSA HAS APPROVED THE FINAL PLANS AND SPECIFICATIONS AND THE BOARD APPROVES IT PRIOR TO NTP FOR CONSTRUCTION. The GMP will then be brought to the Board of Trustees as an amendment to this section of this agreement. Until such time this section will remain as a Preconstruction Fee only, the Site Lease and Sublease will not begin and the Contractor will proceed with Preconstruction Services as set forth in **Exhibit B** with an NTP for Preconstruction from the District.

The GMP is based upon the DSA approved plans and specifications to exist after this Agreement is entered into between Contractor and the District, and more fully described and referenced in the Scope of Work to be set forth in **Exhibit A** attached hereto. Prior to DSA approval Contractor will perform Preconstruction Services to assist in designing the project and as set forth in **Exhibit B**. After preconstruction services, DSA approval of plans and specifications, and the establishment of the GMP the Contractor shall assume the risk of cost overruns which were not foreseeable at the time this Agreement was entered into and the GMP determined, except for undocumented events of the type set forth in Section 19 hereof, work mandated by an outside agency after issuance of Construction Documents that could not have been reasonably foreseen from review of the Contract Documents, or costs arising from undocumented geotechnical issues. Contractor acknowledges that (i) Contractor has conducted a site inspection and is familiar with the site conditions based on records, studies and visible conditions relating to construction and labor and (ii) Contractor has reviewed the Contract Documents and is familiar with the contents thereof. District directed changes to the scope of the Project not contemplated in the Scope of Work shall be deemed Extra Work/Modifications pursuant to the procedures set forth in Section 10 of this Agreement. The GMP shall include, but not be limited to, increases in labor and materials. The GMP has been used to calculate the Tenant Improvement Payments and the Sublease Payments to be paid by the District to Contractor pursuant to the Sublease. The GMP includes the cost of all labor, materials, equipment, general conditions, overhead, profit and a Contractor Contingency as indicated above.

The Contractor Contingency is for the purpose of covering the cost of very specific issues that may arise during construction and it may be used only upon the written agreement of the

Contractor, the architect of record, and the District. The Contractor Contingency is to be used only to pay Contractor for the following enumerated reasons: (1) additional costs resulting from discrepancies in the bid buy-out process; (2) conflicts, discrepancies or errors in the Construction Documents; (3) work required by the Inspector of Record or any governmental agency involved in the permitting or approval/certification process that is not otherwise shown in the Construction Documents; and (4) any other items of cost agreed to in writing by the Contractor and District to be included in the Contractor Contingency. The Contractor Contingency shall not be used for costs incurred as a result of Contractor's acts, errors or omissions.

Contractor shall be responsible for tracking expenditures of the Contractor Contingency and shall provide periodic written updates to the District as directed. Unused Contractor Contingency and Allowances at Project completion will reduce the GMP and will result in an adjustment of the Tenant Improvement Payments and possibly the Sublease Payments.

The District shall at all times have the right to reduce the scope of the Project. If the District reduces the scope of the Project, the GMP shall be reduced commensurate with the reduced Scope of Work pursuant to the provisions of Section 10, below, and will result in an adjustment of the Tenant Improvement Payments and, if applicable, the Sublease Payments.

SECTION 6. NOTICE TO PROCEED WITH PRECONSTRUCTION AND CONSTRUCTION

Prior to an approved GMP, the District shall issue a notice to Contractor to proceed with the Preconstruction of the Project. The Preconstruction Agreement in **Exhibit B** will serve as the whole agreement between the Contractor and the District until a GMP is established.

Upon receipt of an approved GMP, the District shall issue a notice to Contractor to proceed with the Construction of the Project. In the event that a Notice to Proceed with Construction is not issued for the Project, the Site Lease and the Sublease shall terminate upon written notice from the District to Contractor that a Notice to Proceed will not be issued.

SECTION 7. SAVINGS

If Contractor realizes a savings on one aspect of the Project, such savings shall be tracked and Contractor shall provide periodic written updates of such savings. Such savings shall be added to the Contractor Contingency and the use of such savings shall be as set forth in Section 5. However, if such savings are not so utilized, the amount of such savings shall reduce the GMP and will result in an adjustment of the Tenant Improvement Payments and, if applicable, the Sublease Payments.

SECTION 8. SELECTION OF SUBCONTRACTORS

In the interest of minimizing the expenditure of funds for the construction of the Project, Contractor agrees to select Subcontractors who are appropriately licensed by the State of California for each trade component of the Project in a manner that fosters competition. Contractor agrees that it will either solicit bids from potential subcontractors pursuant to the

competitive bid procedures set forth in the California Public Contract Code, including specifically Public Contract Code section 20110, et seq., or that it will utilize an informal bidding process established by Contractor which also incorporates competitive bid procedures. Regardless of the method Contractor employs, Contractor will make a good faith effort to contact and utilize DVBE contractors and suppliers in securing bids for performance of the Project in accordance with the procedures set forth in Section 1.77 of the General Conditions. In the event that Contractor chooses to select Subcontractors pursuant to an informal bidding process, Contractor shall ensure that it receives at least three competitive quotes from potential subcontractors for each trade component of the Project, unless the parties agree otherwise on a trade-by-trade basis. The District reserves the right to oversee the bidding process. Contractor shall inform all bidders that the District will not be a party to any contracts for construction services executed by Contractor and selected bidders. Contractor shall submit a listing of proposed subcontractors to the District for the District's review. In no case, will Contractor award any sub-contracts until the District has concurred in the scope and price of the sub-contracted services. In addition, Contractor shall provide the District with full documentation regarding the bids or competitive quotes received by Contractor. In no event, shall such documentation be redacted or obliterated. In the event Contractor does not comply with this provision, the District may terminate this Agreement in accordance with the provisions of the General Conditions. Subcontractors awarded contracts by Contractor shall be afforded all the rights and protections of listed subcontractors under the provisions of the Subletting and Subcontracting Fair Practices Act (Public Contract Code Section 4100, et seq.).

SECTION 9. CONSTRUCTION SCOPE OF WORK

A. Prior to commencing Construction, Contractor shall comply with the initial schedule requirements set forth in the General Conditions.

B. Contractor shall complete the Construction pursuant to the Construction Documents as amended subject to any additional DSA or other regulatory approvals as may be required, performing all work set forth in the Scope of Work, and shall make reasonable efforts in scheduling to prevent disruption to classes.

C. Contractor shall be responsible for complying with all applicable building codes, including without limitation mechanical codes, electrical codes, plumbing codes and fire codes, each of the latest edition, required by the regulatory agencies and for arranging and overseeing all necessary inspections and tests including inspections by the DSA or regulatory agencies, permits and occupancy permits, and ensuring compliance with any Federal and State laws, including, but not limited to, safety procedures and requirements, and construction employee training programs which cover among other items, hazardous chemicals and materials.

D. Contractor shall establish procedures for the protection of all existing structures, equipment, utilities, and other existing improvements, both on-site and off-site. Contractor assumes all risk of loss or vandalism, theft of property or other property damage ("Vandalism") which occurs at a site at which Contractor is undertaking

construction of the Project. Contractor assumes all risk of loss which occurs where Contractor is undertaking construction of the Project from causes due to negligence or misconduct by Contractor, its officers, employees, subcontractors, licensees and invitees. Contractor shall replace District property damaged by such Vandalism or theft or compensate the District for such loss, including payment of out of pocket expenses such as insurance deductibles the District might incur under such circumstances.

E. Contractor shall develop a mutually agreed upon program with the District to abate and minimize noise, dust, and disruption to normal activities at the existing School Facility, including procedures to control on-site noise, dust, and pollution during construction.

F. The District shall cause the appropriate professionals to stamp and sign, as required, the original Construction Documents or parts thereof and coordinate the Project's design with all utilities.

G. Contractor shall, for the benefit of the Subcontractors, attend pre-construction orientation conferences in conjunction with the Architect to set forth the various reporting procedures and site rules prior to the commencement of actual construction. Contractor shall also attend construction and progress meetings with District representatives and other interested parties, as requested by the District, to discuss such matters as procedures, progress problems and scheduling. Contractor shall prepare and promptly distribute official minutes of such meetings to all parties in attendance, including without limitation the District, the Architect and the District Inspector of Record.

H. Contractor shall incorporate approved changes as they occur, and develop cash flow reports and forecasts for submittal to the District as requested. Contractor shall provide regular monitoring of the approved estimates for Construction costs, showing actual costs for activities in progress, and estimates for uncompleted tasks. Contractor shall maintain cost accounting records on authorized additional services or work performed under unit costs, additional work performed on the basis of actual costs of labor and materials, and for other work requiring accounting records.

I. Contractor shall record the progress of the Project and shall submit monthly written progress reports to the District and the Architect including information on the entire Project, showing percentages of completion and the number and amounts of proposed Extra Work/Modifications and their effect on the construction costs as of the date of each respective report.

J. Contractor shall keep a log containing a record of weather, Subcontractors, work on the site, number of workers, work accomplished, problems encountered, and other similar relevant data as the District may require. Contractor shall make the log available to the District, the Architect, and the District's project manager. The District shall be promptly advised on all anticipated delays in the Project.

K. The District shall bear the cost for the DSA Inspector, soils testing, DSA or other regulatory agency fees, and special testing required in the construction of the Project. If additional review or permits become necessary for reasons not due to Contractor's fault or because of DSA or regulatory agency requirements or regulations implemented after the date the Final GMP is established and not reasonably anticipated at the time the Final GMP is established, Contractor may seek additional compensation for the cost of that review as an additional cost. In the alternative, the District may pay such costs directly.

SECTION 10. EXTRA WORK/MODIFICATIONS

A. The District may prescribe or approve additional work or a modification of requirements or of methods of performing the Construction which differ from the work or requirements set forth in the Construction Documents ("Extra Work/Modifications"); and for such purposes the District may at any time during the life of this Agreement, by written order, make such changes as it shall find necessary in the design, line, grade, form, location, dimensions, plan, or material of any part of the work or equipment specified in this Agreement or in the Construction Documents, or in the quantity or character of the work or equipment to be furnished. In the event conditions develop which, in the opinion of Contractor, make strict compliance with the specifications impractical, Contractor shall notify the District of the need for Extra Work/Modifications by placing the matter on the agenda of regularly scheduled construction meetings with the District for discussion as soon as practicable after the need for the Extra Work/Modifications is determined. Additionally, Contractor shall submit to the District for its consideration and approval or disapproval, a written request for Extra Work/Modifications before such work is performed. If the District approves the request in writing, the costs of the Extra Work/Modification shall be added to or deducted from the GMP or the Scope of Work shall be modified to complete the Project within the GMP, as applicable. Any adjustments to the GMP will result in an adjustment of the Tenant Improvement Payment and, if applicable, the Sublease Payments.

B. Extra Work/Modifications include work related to unforeseen underground conditions if, and only if, such conditions are not visible or identified on plans, reports or other documents available to Contractor. Extra Work/Modifications do not include underground conditions that are identified on plans, reports or other documents available to Contractor but are in a location different than is set forth on such plans, reports or other documents available to Contractor. It should be noted, however, that the District has advised and provided Contractor with information regarding the shallow water table and recent projects experience with encountering water when digging. Contractor has included in its calculation of the GMP an amount to mitigate for encountering water when completing the scope of work contemplated herein. Therefore, Extra Work/Modifications do not include expenses incurred by, and/or work

performed by, Contractor in connection with such shallow water table and with encountering water when digging.

C. Should Contractor claim that any instruction, request, drawing, specification, action, condition, omission, default or other situation (i) obligates the District to increase the GMP; or (ii) obligates the District to grant an extension of time for the completion of this Agreement; or (iii) constitutes a waiver of any provision in this Agreement, CONTRACTOR SHALL NOTIFY THE DISTRICT, IN WRITING, OF SUCH CLAIM AS SOON AS POSSIBLE, BUT IN NO EVENT WITHIN MORE THAN TEN (10) DAYS FROM THE DATE CONTRACTOR HAS ACTUAL OR CONSTRUCTIVE NOTICE OF THE CLAIM. CONTRACTOR SHALL ALSO PROVIDE THE DISTRICT WITH SUFFICIENT WRITTEN DOCUMENTATION SUPPORTING THE FACTUAL BASIS OF THE CLAIM including items used in valuing said claim. Contractor shall be required to certify under penalty of perjury the validity and accuracy of any claims submitted. Contractor's failure to notify the District within such ten (10) day period shall be deemed a waiver and relinquishment of the claim against the District.

D. Expenses of reconstruction and/or costs to replace and/or repair damaged materials and supplies, provided that Contractor is not fully compensated for such expenses and/or costs by insurance or otherwise, shall be included in an increase to the GMP if said expenses are the result of the negligent acts or omissions of the District, or its principals, agents, servants, or employees.

SECTION 11. NOT USED

SECTION 12. PERSONNEL ASSIGNMENT

A. Contractor shall assign _____ as Project Manager/Superintendent for the Project. So long as _____ remains in the employ of Contractor, such person shall not be changed or substituted from the Project, or cease to be fully committed to the Project except as provided in this Section. In the event Contractor deems it necessary, Contractor shall replace the manager and/or the superintendent for the Project with a replacement with like qualifications and experience, subject to the prior written consent of the District, which consent shall not be unreasonably withheld. Any violation of the terms of paragraph A of this Section 12 shall entitle the District to terminate this Agreement for breach, pursuant to the provisions of the General Conditions.

B. Notwithstanding the foregoing provisions of paragraph A of Section 12, above, if any manager and/or superintendent proves not to be satisfactory to the District, upon written notice from the District to Contractor, such person(s) shall be promptly replaced by a person who is acceptable to the District in accordance with the following procedures: Within five (5) business days after receipt of a notice from the District requesting replacement of any manager and/or superintendent or discovery by Contractor that any manager and/or superintendent is leaving their employ, as the case may be, Contractor shall provide the District with the name of an acceptable

replacement/substitution together with such information as the District may reasonably request about such replacement/substitution. The replacement/substitution shall commence work on the Project no later than five (5) business days following the District's approval of such replacement, which approval shall not be unreasonably withheld. If the District and Contractor cannot agree as to the replacement/substitution, the District shall be entitled to terminate this Agreement for breach pursuant to the provisions of the General Conditions.

SECTION 13. BONDING REQUIREMENTS

Contractor shall fully comply with the requirements set forth in Section 6.9 of the General Conditions.

SECTION 14. PAYMENTS TO CONTRACTOR

A. Contractor shall finance the cost of construction of the Project which costs shall not exceed the GMP, which shall not be adjusted except as otherwise provided in this Agreement. The District shall pay Contractor Tenant Improvement Payments and Sublease Payments pursuant to the terms and conditions of Section 6 of the Sublease. In the event of a dispute between the District and Contractor, the District may withhold from the Tenant Improvement Payments and the Sublease Payments an amount not to exceed one hundred fifty percent (150%) of the disputed amount.

B. This Agreement is subject to the provisions of California Public Contract Code Sections 7107, 7201 and 20104.50 as they may from time to time be amended.

C. For purposes of this Agreement, the acceptance by the District means acceptance made only by an action of the governing body of the District in an open session. Acceptance by Contractor of the final Tenant Improvement Payment or the Sublease Payment, as the case may be, shall constitute a waiver of all claims against the District related to those amounts.

SECTION 15. CONTRACTOR'S CONTINUING RESPONSIBILITY

Neither the final payment nor any provision in the Contract Documents shall relieve Contractor of responsibility for faulty materials or workmanship incorporated in the Project or for any failure to comply with the requirements of the Contract Documents.

SECTION 16. INSURANCE

Contractor shall provide, during the life of this Agreement, the types and amounts of insurance set forth in Article 6 of the General Conditions, which are incorporated by reference herein.

SECTION 17. USE OF PREMISES

Contractor shall confine operations at the Site to areas permitted by law, ordinances, permits and the Construction Documents and shall not unreasonably encumber the Site or existing School Facilities at the Site with any materials or equipment. Contractor shall not load or permit any part of the work to be loaded with a weight so as to endanger the safety of persons or property at the Site.

SECTION 18. SITE REPRESENTATIONS

The District warrants and represents that the District has, and will continue to retain at all times during the course of construction, legal title to the Site and that said land is properly subdivided and zoned so as to permit the construction and use of said Site with respect to the Project. The District further warrants and represents that title to said land is free of any easements, conditions, limitation, special permits, variances, agreements or restrictions which would prevent, limit or otherwise restrict the construction or use of said Site pursuant to this Agreement. Reference is made to the fact that the District has provided information on the Site to Contractor. Such information shall not relieve Contractor of its responsibility; and the interpretation of such data regarding the Site, as disclosed by any borings or other preliminary investigations, is not warranted or guaranteed, either expressly or implicitly, by the District. Contractor shall be responsible for having ascertained pertinent local conditions such as location, accessibility and general character of the Site and for having satisfied itself as to the conditions under which the work is to be performed. No claim for any allowances because of Contractor's error or negligence in acquainting itself with the conditions at the Site will be recognized.

SECTION 19. HAZARDOUS WASTE AND UNKNOWN PHYSICAL CONDITIONS

Contractor shall comply with the District's Hazardous Materials Procedures and Requirements as set forth herein.

A. If the District has identified the presence of hazardous materials on or in proximity to the Site (the "Pre-existing Hazardous Materials"), Contractor shall review all information provided by the District that characterizes the Pre-existing Hazardous Materials and shall take the actions approved by DTSC and issued by the District necessary to address the Pre-existing Hazardous Materials in the performance of the work. Contractor shall conduct the work based on this information issued at the time contract documents are executed. Contractor shall immediately communicate, in writing, any variances from available information to the District.

B. The District will retain an additional independent environmental consultant to perform the investigation, inspection, testing, assessment, sampling and analysis necessary to prepare and recommend a remediation plan for the Pre-existing Hazardous Materials for the District's approval (the "Remediation Plan").

C. The District will retain title to all Pre-existing Hazardous Materials encountered during the work. This does not include hazardous material generated by Contractor, including but not limited to used motor oils, lubricants, cleaners, etc. Contractor shall dispose of such hazardous waste in accordance with the provisions of the Contract Documents,

as well as local, State and Federal laws and regulations. The District will be shown as the hazardous waste generator and will sign all hazardous waste shipment manifests for non-Contractor generated hazardous waste. Nothing contained within these Contract Documents shall be construed or interpreted as requiring Contractor to assume the status of owner or generator of hazardous waste substances for non-Contractor generated hazardous wastes.

D. Except as otherwise provided herein, it is the responsibility of Contractor to obtain governmental approvals relating to Hazardous Materials Management, including Federal and State surface water and groundwater discharge permits and permits for recycling and reuse of hazardous materials for all work noted in the contract documents. Contractor shall be responsible for coordinating compliance with such governmental approvals and applicable governmental rules with the District's hazardous materials consultant, including those governing the preparation of waste profiles, waste manifests, and bills of lading. If Contractor encounters hazardous materials, it shall immediately notify the District in writing. The District, Consultant and Contractor shall jointly establish the plan for disposition and actions to be taken with respect to the hazardous materials, subject to final written approval by the District.

E. If, during construction, Contractor encounters materials, conditions, waste, contaminated groundwater or substances, not identified in the District's assessment report, that Contractor reasonably suspects are hazardous materials, Contractor shall stop the affected portion of the work, secure the area, promptly notify the District, and take reasonable measures to mitigate the impact of such work stoppage. The District shall retain the services of an environmental consultant to perform investigation, inspection, testing, assessment, sampling and analysis of the suspect materials, conditions, waste, groundwater or substances.

(1) Found Not to be Hazardous Materials. If the environmental consultant determines that the materials, conditions, waste, contaminated groundwater or substances do not constitute hazardous materials, Contractor shall recommence the suspended work.

(2) Found to be Hazardous Materials. If the environmental consultant determines that the materials, conditions, waste, contaminated groundwater or substances constitute hazardous materials and such hazardous materials require remediation and disposal, then the District, Consultant and Contractor shall jointly establish the plan for disposition and actions to be taken with respect to the hazardous materials, subject to final written approval by the District. All such costs shall be the responsibility of the District.

F. Exacerbation of Pre-Existing Hazardous Materials.

If during construction Contractor encounters pre-existing environmental conditions that it knew or should have known involve hazardous materials (the "Point of Discovery") (which encounters may include an unavoidable release or releases of hazardous

materials) then Contractor must immediately stop the affected portion of the work. If Contractor fails to immediately stop the affected portion of the work after the Point of Discovery, then Contractor is solely responsible for any resultant Exacerbation Cost. "Exacerbate," in all its forms, means the worsening effects of Contractor's failure to stop the affected portion of work after the Point of Discovery. "Exacerbation Cost" means the differential between (i) the actual increase in the cost of remediation and delays to the Project attributable to pre-existing environmental conditions involving hazardous substances, and (ii) the cost thereof or delays thereto had Contractor immediately stopped the affected portion of the work after the Point of Discovery. The standard of "should have known" applies to Contractor's supervisory personnel, whether or not on the Site. Contractor's supervisory personnel must have had the hazardous material training required by applicable OSHA and Cal OSHA rules or regulations.

SECTION 20. INDEPENDENT CONTRACTOR

A. Contractor is retained as an independent contractor and is not employed by the District. No employee or agent of Contractor shall become, or be considered to be, an employee of the District for any purpose. It is agreed that the District is interested only in the results obtained from service under this Agreement and that Contractor shall perform as an independent contractor with sole control of the manner and means of performing the services required under this Agreement. Contractor shall complete this Agreement according to its own methods of work which shall be in the exclusive charge and control of Contractor and which shall not be subject to control or supervision by the District except as to results of the work. It is expressly understood and agreed that Contractor and its employees shall in no event be entitled to any benefits to which the District employees are entitled, including, but not limited to, overtime, retirement benefits, insurance, vacation, worker's compensation benefits, sick or injury leave or other benefits.

B. Contractor shall be responsible for all salaries, payments, and benefits for all of its officers, agents, and employees in performing services pursuant to this Agreement.

SECTION 21. ACCOUNTING RECORDS

Contractor, and all Subcontractors, shall check all materials, equipment and labor entering into the work and shall keep or cause to be kept such full and detailed accounts as may be necessary for proper financial management under this Agreement, including true and complete books, records and accounts of all financial transactions in the course of their activities and operations related to the Project. These documents include sales slips, invoices, payrolls, personnel records, requests for Subcontractor payment, and other data relating to all matters covered by the Contract Documents (the "Data"). The Data shall be maintained for ten (10) years from the latest expiration of the term (as such may be extended) of any of the Contract Documents. Contractor shall use its best efforts to cause its Subcontractors to keep or cause to

be kept true and complete books, records and accounts of all financial transactions in the course of its activities and operations related to the Project. Upon completion of the Project, Contractor shall provide the District with one (1) complete copy of the Data.

The District, at its own costs, shall have the right to review and audit, upon reasonable notice, the books and records of Contractor and any Subcontractors concerning any monies associated with the Project.

SECTION 22. PERSONAL LIABILITY

Neither the trustees, officers, employees, or agents of District, the District's representative, or Architect shall be personally responsible for any liability arising under the Contract Documents.

SECTION 23. AGREEMENT MODIFICATIONS

No waiver, alteration or modification of any of the provisions of this Agreement shall be binding upon either the District or Contractor unless the same shall be in writing and signed by both the District and Contractor.

SECTION 24. NOTICES

Any notices or filings required to be given or made under this Agreement shall be served, given or made in writing upon the District or Contractor, as the case may be, by personal delivery or registered mail (with a copy sent via fax or regular mail) to the respective addresses given below or at such other address as such party may provide in accordance with the provisions herein. Any change in the addresses noted herein shall not be binding upon the other party unless preceded by no less than thirty (30) days prior written notice.

If to Contractor:

Balfour Beatty Construction, LLC
10620 Treena St., Suite 300
San Diego, CA 92131
Attn: Dennis Kuykendall

If to the District:

Oxnard School District
1051 South A Street
Oxnard, California 93030
Attn: Dr. Cesar Morales, Superintendent

With a copy to Nitasha Sawhney,
Garcia Hernandez Sawhney LLP
2490 Mariner Square Loop, Suite 140
Alameda, CA 94501

And with an additional copy to Scott Burkett,
Caldwell Flores Winters, Inc.
1901 South Victoria Avenue, Suite 106
Oxnard, CA 93035

Notices under this Agreement shall be deemed to have been given, and shall be effective upon actual receipt by the other parties, or, if mailed, upon the earlier of the fifth (5th) day after mailing or actual receipt by the other party.

SECTION 25. ASSIGNMENT

Neither party to this Agreement shall assign this Agreement or sublet it as a whole without the written consent of the other, nor shall Contractor assign any monies due or to become due to it hereunder without the prior written consent of the District.

SECTION 26. PROVISIONS REQUIRED BY LAW

Each and every provision of law and clause required to be inserted in these Contract Documents shall be deemed to be inserted herein and the Contract Documents shall be read and enforced as though it were included herein, and if through mistake or otherwise any such provision is not inserted or is not inserted correctly, then upon application of either party the Contract Documents shall forthwith be physically amended to make such insertion or correction.

SECTION 27. HEADINGS

The headings in this Agreement are inserted only as a matter of convenience and reference and are not meant to define, limit or describe the scope or intent of the Contract Documents or in any way to affect the terms and provisions set forth herein.

SECTION 28. APPLICABLE LAW

This Agreement shall be governed by and construed in accordance with the laws of the State of California. The parties irrevocably agree that any action, suit or proceeding by or among the District and Contractor shall be brought in whichever of the Superior Courts of the State of California, Ventura County, or the Federal Court for the Central District of California in Los Angeles, California, has subject matter jurisdiction over the dispute and waive any objection that

they may now or hereafter have regarding the choice of forum whether on personal jurisdiction, venue, forum non conveniens or on any other ground.

SECTION 29. SUCCESSION OF RIGHTS AND OBLIGATIONS

All rights and obligations under this Agreement shall inure to and be binding upon the successors and assigns of the parties hereto.

SECTION 30. NOTIFICATION OF THIRD PARTY CLAIMS

The District shall provide Contractor with timely notification of the receipt by the District of any third-party claim relating to this Agreement, and the District may charge back to Contractor the cost of any such notification.

SECTION 31. SEVERABILITY

If any one or more of the terms, covenants or conditions of this Agreement shall to any extent be declared invalid, unenforceable, void or voidable for any reason whatsoever by a court of competent jurisdiction, the finding or order or decree of which becomes final, none of the remaining terms, provisions, covenants and conditions of the Contract Documents shall be affected thereby, and each provision of the Contract Documents shall be valid and enforceable to the fullest extent permitted by law.

SECTION 32. ENTIRE AGREEMENT

This Construction Services Agreement and the additional Contract Documents as defined in paragraph C of Section 1 herein, including the Site Lease, the Sublease, and the Specifications, drawings, and plans constitute the entire agreement between Contractor and the District. The Contract Documents shall not be amended, altered, changed, modified or terminated without the written consent of both parties hereto, except as otherwise provided in Section 10 hereof.

#17-158

EXHIBIT B

Oxnard School District – Rose Avenue Elementary School Reconstruction

Preconstruction Services

The District desires to retain a professional construction firm (hereafter "CONTRACTOR") to provide certain professional pre-construction services related to the Project plans and specifications for the purpose of designing the project to budget and eliminating unforeseen circumstances, errors, omissions and ambiguities in the construction documents prepared by the Architect. The fee for this set of services will be **Two Hundred Nineteen Thousand Dollars and No Cents ($219,000.00)**. to be paid monthly on a design progress basis.

The CONTRACTOR will be expected to provide the following professional pre-construction services during the design phase of the Project:

1. Professional Construction Cost-Estimation Services

A. During each phase of design or at the completion of each phase of design, (1) Conceptual, (2) Schematic, (3) Design Development and (4) Construction Development, CONTRACTOR shall prepare a cost estimate, in current, uninflated dollars, for the design and specifications prepared by the Architect. CONTRACTOR acknowledges that it shall prepare four (4) complete cost estimates commensurate with the level of detail of each phase of design. The cost estimate shall include all Project costs, including, all hard costs (site preparation, utility connections, off-site improvements, hazard abatement, construction costs, overhead & profit and general conditions), soft costs (survey, geo-hazard, geo-technical, environmental studies, inspection and testing) and furniture, fixture and equipment.

B. Upon final approval by the Division of the State Architect (hereinafter, "DSA"), CONTRACTOR shall adjust its estimate to incorporate any and all changes required by DSA as part of the review and approval process.

C. CONTRACTOR shall provide the cost estimates at such time as directed by the Program Manager during or at the conclusion of each phase of design, in a format approved by the District's Program Manager and consistent with Construction Specifications Institute (CSI) standards. During the schematic phase, Contractor shall estimate in the CSI UniFormat. For all other phases of design, Contractor shall utilize CSI MasterFormat.

2. Professional Constructability Review

A. Definition: Constructability Review shall mean the review of the design documents to ascertain whether the design of the Project as depicted in the Construction Documents, and the documents themselves: (i) accurately and completely reflects the District's objectives as explained to the Architect and CONTRACTOR by the District as approved by the District; and (ii) are free of errors, omissions, conflicts or other deficiencies so that the CONTRACTOR can construct the Project as therein depicted within the Project Budget and without delays, disruptions, or additional costs. The standard to be used for constructability is a contractor's standard of care in reviewing the plans and not that of an architect.

B. CONTRACTOR shall conduct one comprehensive technical review of the Plans and Specifications at 50% Construction Development phase. The purpose of this review will be to examine whether the design intent can be successfully implemented in the field within the Project budget. A report of the CONTRACTOR's findings will be distributed to the Program Manager and the Architect. CONTRACTOR will participate in any meeting(s) with the Architect to determine if the comments will be included in the final bid set of documents. CONTRACTOR will work with Architect to ensure that all front end documents conform to technical specifications and meet District standards.

C. At all times during design and DSA Review and Approval, the Architect shall remain responsible for completing, stamping, submitting and securing final DSA approval for the Project. Furthermore, the District acknowledges that CONTRACTOR is neither the Architect nor performing an architectural review of the Project. CONTRACTOR's responsibilities and duties under this subsection shall not include the architectural or structural design of the Project which is the responsibility of the Architect. Notwithstanding this qualification, CONTRACTOR shall conduct a detailed evaluation of the District's educational specifications, Project intent, Architect's Plans & Specifications, the proposed Project construction budget, schedule requirements and deliver a Constructability Review identifying any comments, recommendations or concerns that CONTRACTOR has as to the constructability of the Architect's Plans & Specifications consistent with the District's intent and budget.

D. Deliverable: The CONTRACTOR shall deliver to the District a complete technical report of the Plans and Specifications with the opinion of the CONTRACTOR as to the constructability of the Architect's Plans and Specifications. The CONTRACTOR, in the report, shall identify any issues, concerns or requests for clarification that CONTRACTOR believes are necessary to complete the design within the District's proposed and approved Project budget. The report shall be made available to the Architect, the District and its Program Manager.

3. Value Engineering Services

A. Definition: CONTRACTOR shall be required to perform Value Engineering Services to identify opportunities to reduce Project cost at the conclusion of each phase of design and during DSA

review. The Value Engineering Services shall be provided in the form of a report to the Program Manager and shall identify value engineering opportunities, alternative materials and alternative methods and the associated cost savings estimated by the CONTRACTOR.

B. Deliverable: The CONTRACTOR shall maintain and distribute a running log of value engineering recommendations throughout the design process. The log shall identify and describe the recommendation, the estimated cost savings for each recommendation and a notation of whether the recommendation is accepted or rejected by the Architect and the District. Value engineering recommendations that are accepted by the District shall be incorporated into the plans and specifications at each phase of design. The log shall note when the recommendation was incorporated into the Plans and Specifications.

4. Building Information Modeling (BIM) Services

A. Definition: BIM Modeling is defined as a 3-D model-based process involving the generation and management of digital representations of physical and functional characteristics of a proposed construction project for purposes of planning, designing, constructing, operating and maintaining the proposed new facility.

B. CONTRACTOR shall participate in and/or prepare a 3-D model of the Architect's design of the Project utilizing BIM software. The 3-D model shall be rendered in a format that can be made available to the Architect, the District, and/or any agent or representative thereof. The model shall contain sufficient detail to identify any and all ambiguities and clashes in the Architect's plans and specifications and produce a model from which a contractor or sub-contractors may bid for the project in question. The BIM Model must be in a format that can be shared or networked to support the decision-making process related to the design and specifications.

C. The 3-D BIM Model shall be completed prior to the Architect's submission of the plans and specifications to the Division of the State Architect. Any and all ambiguities or clashes will be resolved in a final 3-D BIM Model prior to this submittal.

D. The District shall hold title and interest in the completed 3-D BIM Model. At the request of the District, CONTRACTOR shall make the completed 3-D BIM Model files available to the District in a format acceptable to the District.

E. Deliverable: A completed 3-D BIM Model in electronic format acceptable to the District.

5. Construction Scheduling Services

A. Definition: Construction Scheduling is defined as the process of developing a detailed master baseline construction schedule for the Project that identifies all the major tasks and subtasks associated with the planning, design, construction, commissioning, close-out and final occupancy

of the completed Project. The schedule shall be prepared in Primavera or comparable software and shall identify all long lead items, critical path, coordination of site activities, and any phasing of the Project. The Construction Scheduling services shall culminate in a final baseline construction schedule approved by the District to be used as a baseline schedule for the Project.

B. CONTRACTOR shall develop a detailed construction schedule utilizing the critical path method. This schedule will provide a logical means of establishing and tracking the Project and for the organization of activities into areas established by Project criteria. CONTRACTOR shall consider any potential disruptions to the learning environment and incorporate major school activities, such as site-wide or statewide testing dates, or as otherwise provided by the District, in the construction schedule.

C. In addition to the Construction Schedule, CONTRACTOR shall develop a Responsibility Matrix and Construction Site Management Plan for the Project. The Responsibility Matrix shall identify the key team members (District/Architect/IOR) and the roles and responsibilities of each entity for the Project. The Construction Site Management Plan shall consist of, but is not limited to, staging areas, deliveries of materials and supplies, site fencing and location of construction site field office. The CONTRACTOR shall work with the Architect and Program Manager to develop these two deliverables in a format and content acceptable to the District.

D. Deliverable: A completed and approved baseline construction schedule, a Responsibility Matrix and Construction Site Management Plan.

6. Cooperation and Attendance at Design Meetings

A. CONTRACTOR shall attend regular meetings during Project design with the Architect, the District's Program Manager, the District, and any other applicable consultants of the District as necessary. CONTRACTOR shall contribute to the design meetings by providing applicable comments, feedback, recommendations, information and reports required under the scope of this Contract in a timely manner. Design meetings may be held as frequently as weekly.

B. CONTRACTOR shall submit to the District's Program Manager, weekly report of its activities and progress related to deliverables identified in the scope of this Contract. The report shall be provided in a format that is acceptable to the Program Manager.

7. Schedule for Pre-Construction Services.

A. The services outlined herein shall commence on the date specified in the District's Notice to Proceed ("NTP"). The schedule of the services to be provided herein shall be consistent with the Design Schedule identified in the District's contract with the Architect for the Project. The service of this Contract shall conclude and terminate upon receipt of the stamped approval of the Project Plans and Specifications from DSA.

B. In the event that the CONTRACTOR is unable to perform the services anticipated in this Contract in the Architect's design schedule, CONTRACTOR shall notify the Program Manager and the Design Team shall work on a mutually agreeable modification to the design schedule.

C. Any extensions required for deliverables shall be subject to the reasonable approval in writing by the District.

SITE LEASE

AGREEMENT #17-159

This Site Lease (hereinafter referred to as the "Site Lease") will be entered into on the day of GMP Approval by the Board of Trustees of Oxnard School District, this site lease will then be amended by and between the Oxnard School District, a California school district organized and existing under the laws of the State of California (hereinafter referred to as the "District") as lessor, and Balfour Beatty Construction. LLC which is a contractor licensed by the State of California, with its principal place of business at 10620 Treena St., Suite 300 San Diego, CA 92131 (hereinafter referred to as "Contractor") as lessee.

RECITALS

WHEREAS the District desires to provide for the financing and construction of certain public improvements more fully described in a Construction Services Agreement between the District and Contractor, dated as of the date hereof (the "Project") situated at Rose Avenue Elementary School, 220 South Driskill Street, Oxnard, CA 93030, within the District, as more fully set forth in **Exhibit A** attached hereto (the "Site"); and

WHEREAS, assuming that the District and Contractor can agree on the terms, including the price, for an additional scope of work, the District and Contractor anticipate that the scope of the Project may be amended to include additional work; and

WHEREAS, the District's governing body has determined that it will provide the best value to the District and it is in the best interests of the District and for the common benefit of the citizens it serves to finance the Project by leasing to Contractor the land and the existing building(s) on the Site on which the public improvements are to be constructed and subleasing from Contractor the Site, including the Project, under a Sublease Agreement effective as of the date hereof (the "Sublease"); and

NOW, THEREFORE, in consideration of the promises and covenants and conditions contained herein, the parties agree as follows:

SECTION 1. Site Lease

The District leases to Contractor, and Contractor leases from the District, on the terms and conditions set forth herein, the Site situated in the County of Ventura, State of California, more specifically described in **Exhibit A** attached hereto and incorporated by reference herein, including any real property improvements now or hereafter affixed thereto.

SECTION 2. Term

The term of this Site Lease shall commence as of the date above and shall terminate on the last day of the term of the Sublease.

SECTION 3. Representations and Warranties of the District

The District represents and warrants to Contractor that:

OSD BOARD AGENDA ITEM

Name of Contributor: Kristen Pifko **Date of Meeting:** December 17, 2025

Agenda Section: Section C: Facilities Agreement

Ratification of Change Order #004 to Agreement #23-237 with Edwards Construction Group, Inc. for Lease Lease-Back Services for the Marina West Elementary School PS/TK/K Project (Pifko/Bennett/CFW)

Pursuant to Board action, the Oxnard School District applied to the California Preschool, Transitional Kindergarten and Full-Day Kindergarten Facilities Program in March 2023. The Program provides one-time grants to construct new or retrofit existing facilities for the purpose of providing classrooms to support full-day preschool, transitional kindergarten (TK) or kindergarten (K) instruction. The District received the State Allocation Board (SAB) grant apportionment on September 27, 2023 to construct ten new classrooms to be located at the Marina West Elementary School site. The total estimated State grant is $8.2 million which will require a $2.7 million District match, for a total project cost of $10.9 million. The ten classrooms include four for preschool, four for TK, and two for K. As proposed, the grant will provide permanent PS, TK, and K facilities at the site pursuant to State requirements.

On January 17, 2024, the Board of Education approved Agreement #23-237 with Edwards Construction Group, Inc. to provide pre-construction services on the Marina West PS/TK/K project.

On December 18, 2024, the Board of Education approved Amendment #001 to Agreement #23-237 for the Guaranteed Maximum Price (GMP).

The purpose of Change Order #004 is to provide funds for various Potential Change Orders (PCO's).

FISCAL IMPACT:
$14,596.69 – Measure I Bond Funds

RECOMMENDATION:
It is the recommendation of the Assistant Superintendent, Business & Fiscal Services and Director of Facilities, in conjunction with Caldwell Flores Winters, that the Board of Trustees ratify Change Order #004 to Agreement #23-237 with Edwards Construction Group, Inc.

POTENTIAL CHANGE ORDER TITLE: Marina West - DJS - Curb Installation Around Polyvents Adjacent to Asphalt

CHANGE REASON: Design Development

POTENTIAL CHANGE ORDER DESCRIPTION: *(The Contract Is Changed As Follows)*
Curb Installation Around Polyvents Adjacent to Asphalt
Per RFI #36, at the backside of buildings 12, 13, and 14, the polyvents are installed above the elevation of the asphalt. Depending on the location, there is a 6"-12" difference between the top of the polyvent and the finished asphalt surface. To protect these polyvents, it's recommended to surround each polyvent on three sides with a 6" thick curb. This change order includes the additional cost to provide and install install a 6" curb at the full height around (9) polyvents.

Activity

Question

Question from Siliana Chacon Edwards Construction Group, Inc. *on Thursday, Oct 2, 2025 at 12:42 PM PDT*

At the backside of Buildings 12, 13, and 14, the polyvents are installed above the elevation of the asphalt. To protect these polyvents, Edwards Construction recommends following Detail 5 on Sheet AA1.04 and installing felt between the building and the concrete, surrounding each polyvent on three sides with a 6” curb.
Please confirm if the following approach is acceptable so that pricing can be provided for the added scope.

Prime Contract Potential Change Order #009: Marina West - Suttles Plumbing - Wet Utilities Redesign, Added Costs and Time due to Unforeseen Phasing

TO:	Oxnard School District 1051 South "A" Street Oxnard, California 93030	**FROM:**	Edwards Construction Group, Inc. 991 Bennett Ave Arroyo Grande, California 93420
PCO NUMBER/REVISION:	009 / 0	**CONTRACT:**	P25-03371 - Marina West Oxnard LLB
REQUEST RECEIVED FROM:	Gerald Schober **(Caldwell Flores Winters, Inc.)**	**CREATED BY:**	Siliana Chacon **(Edwards Construction Group, Inc.)**
STATUS:	Pending - In Review	**CREATED DATE:**	11/6/2025
REFERENCE:		**PRIME CONTRACT CHANGE ORDER:**	None
FIELD CHANGE:	No		
LOCATION:		**ACCOUNTING METHOD:**	Amount Based
SCHEDULE IMPACT:	15 days	**PAID IN FULL:**	No
EXECUTED:	No	**SIGNED CHANGE ORDER RECEIVED DATE:**	
		TOTAL AMOUNT:	$7,601.28

POTENTIAL CHANGE ORDER TITLE: Marina West - Suttles Plumbing - Wet Utilities Redesign, Added Costs and Time due to Unforeseen Phasing

CHANGE REASON: Client Request

POTENTIAL CHANGE ORDER DESCRIPTION: *(The Contract Is Changed As Follows)*
Wet Utilities Redesign, Added Costs and Time due to Unforeseen Phasing
In January 2025, it was determined that there would be no interim housing available for the CDR leasing childcare program. As a result, the project had to be restructured into two phases to accommodate continued use of the site.

- **Phase 1**: Construction on the southern half of the property, allowing three existing buildings to be used as interim housing for the preschool program.
- **Phase 2**: Construction on the northern portion of the site, including two buildings and the play field improvements.

Due to this phasing change, the wet utilities design and routing required redesign and additional temporary installations to maintain service to the active facilities while allowing construction to proceed. The additional work included:

- Additional investigation for temporary water, locate existing lines.
- Temporary water rerouting and installation for CDR building, kitchen and NFL.
- Temporary sewer routing for for CDR building, kitchen and NFL.
- Revised sewer and water layout to accommodate new phasing and site access.

These changes resulted in added labor, materials, and coordination time not included in the original contract scope.

This PCO does not include Edwards Construction, or subcontractors not listed in this PCO, costs associated the concurrent delays due to unforeseen phasing, asbestos abatement, time to establish firm bottom of excavation, removal of the unforeseen SCE transform and associated feeders or other yet unforeseen conditions.

Project:	240192	**Suttles RFI#**	
Description:	Marina West Elementary	**Contractor RFC#**	
Address:	2501 Carob St	**Addendum#**	
	Oxnard CA 93035	**Bulletin#**	

Regarding: Investigation for temp water as directed. Locating of existing lines with pipe locating equipment.

Amount of Change Order Request: ***$ 3,738.00***

This is the cost to add the described scope to our contract. This proposal expires and is void and subject to revision unless a written Change Order is received within 30 calendar days. Please send a Subcontract Change Order if you would like for us to proceed with this extra work. This change order includes only the work and materials described in this proposal. If it is discovered that there is additional scope not shown or unforeseen, we reserve the right to revise this price. Please review the described scope, recap and materials to confirm it is in line with the change in scope requested. Change Order pricing has no allowance for retention therefore Change Orders should not be subject to retention.

This COR/Proposal requires #### days extension to the Project Schedule.

NOTE: The cost of this Change Order/Proposal includes only the direct costs which can be identified at this time based on the information received and the current conditions. There are no impact, ripple, acceleration, or delay costs included in this proposal. Should it be determined at a later date we are experiencing or have experienced impact costs because of multiple changes, delays, stacking of trades, multiple mobilizations or other causes beyond our control, we will submit those costs at that

This COR shall become progress billable the first billing cycle after work has been started as directed and shall become subject to 1.5% escalation for unpaid balances.

Due to continuing disruptions in supply chains, pricing for commodities and many other items remains unstable. We cannot guarantee these prices before approval. We reserve the right to reprice any material items until approval.

If an owner-initiated change is not accepted and authorized, Suttles Plumbing & Mechanical Corp. demands reimbursement for all costs incurred in the preparation of this quote.

Exclusions:

Added bond fees, permits or other fees, BIM, CAD, cost associated with design, engineering, or approval process, coring, sawcutting, demo, hauling, patching and waterproofing/weatherproofing are excluded unless specifically included above or on recap. EXCLUDES SHIFT, WEEKEND, HOLIDAY OR ANY OTHER OVERTIME WORK UNLESS SPECIFICALLY NOTED ABOVE OR ON RECAP.

DESCRIPTION OF WORK
Meet with Mikey and Rob
We had to locate the 2" and the 11/2"
Water lines from the backow to see where
They go to. Marked out the lines in orange
Since they have old marks didnt want to use same
Color. Once located explained to GC Mikey and Rob
Cleaned up work area.

DESCRIPTION OF WORK
Pot hole and expose the sewer line for
The NFL bungalow. Once we found it we cleaned
Around the pipe and started to trench the
Temp sewer line. We found existing electrical
Pipes that did not have burial tape and
not encase in slurry. We had to hand dig around
The 3 line we found.

Marina West School

Remit to: 10826 Shoemaker Ave., Santa Fe Springs, Ca. 90670

For an additional 15% fee, PDQ agrees to waive claims for damages to the rented items as specified on this contract. Damage waiver is required unless customer has previously supplied PDQ with a certificate of insurance showing that protection is provided PDQ for any damage to the rental items. Customer understands that damage waiver is not insurance.

CUSTOMER ACCEPTS DAMAGE WAIVER ☐ DAMAGE WAIVER REFUSED ☐

Customer is responsible for the theft of equipment. Keep it locked! Customer is responsible to provide a trained and qualified operator for all rented items. Customer has a duty to perform daily or more often safety checks including coolant, oil, tires, and consumable materials. Fuel used and ALL tire or track damage except normal wear will be charged to the customer.

Daily, weekly or monthly rate shall be limited to 8 hours per day, 5 days per week. The monthly rate equals four weekly usages or a maximum of 28 calendar days. Additional hours/days will be charged on a pro-rata basis. Without a charge account weekly/monthly rates are not automatic and must be paid in advance of rental.

On behalf of myself and my firm, I agree to rent the above items at the rate and for the period of time indicated and subject to the terms set forth here and on the back of this document. I agree that PDQ shall not be held liable or responsible for accidents or damage resulting from use of rental items and the customer, his heirs, executors or agents and as a part of this consideration for renting hereby release PDQ from all claims and causes of action for injury to persons or property which may hereafter arise.

X _____

I HAVE HAD THE OPPORTUNITY TO READ BOTH SIDES OF THIS CONTRACT AND AGREE TO BE BOUND BY ITS TERMS.

Amount of Change Order Request: ***$ (5,979.00)***

This is the cost to add the described scope to our contract. This proposal expires and is void and subject to revision unless a written Change Order is received within 30 calendar days. Please send a Subcontract Change Order if you would like for us to proceed with this extra work. This change order includes only the work and materials described in this proposal. If it is discovered that there is additional scope not shown or unforeseen, we reserve the right to revise this price. Please review the described scope, recap and materials to confirm it is in line with the change in scope requested. Change Order pricing has no allowance for retention therefore Change Orders should not be subject to retention.

This COR/Proposal requires #### days extension to the Project Schedule.

NOTE: The cost of this Change Order/Proposal includes only the direct costs which can be identified at this time based on the information received and the current conditions. There are no impact, ripple, acceleration, or delay costs included in this proposal. Should it be determined at a later date we are experiencing or have experienced impact costs because of multiple changes, delays, stacking of trades, multiple mobilizations or other causes beyond our control, we will submit those costs at that time.

This COR shall become progress billable the first billing cycle after work has been started as directed and shall become subject to 1.5% escalation for unpaid balances.

Due to continuing disruptions in supply chains, pricing for commodities and many other items remains unstable. We cannot guarantee these prices before approval. We reserve the right to reprice any material items until approval.

If an owner-initiated change is not accepted and authorized, Suttles Plumbing & Mechanical Corp. demands reimbursement for all costs incurred in the preparation of this quote.

Exclusions:
Added bond fees, permits or other fees, BIM, CAD, cost associated with design, engineering, or approval process, coring, sawcutting, demo, hauling, patching and waterproofing/weatherproofing are excluded unless specifically included above or on recap. EXCLUDES SHIFT, WEEKEND, HOLIDAY OR ANY OTHER OVERTIME WORK UNLESS SPECIFICALLY NOTED ABOVE OR ON RECAP.

Activity

Question

Question from Robert Perks Edwards Construction Group, Inc. *on Tuesday, Mar 11, 2025 at 01:13 PM PDT*

There two separate water supplies from the street, one clearly is indicated on the as-builts and should be supplying buildings C through J. Building K appears to be on a separate supply. Please confirm if this only supplies Bldg K and can be removed at this time, or if it feeds other occupied buildings e.g. A, B and Kitchen.

Awaiting an Official Response

Response:
Per phone call, contractor to field verify depths of sewer at Bldg A and at street lateral. Also, verify water points of connection locations to Bldgs A and B.

Josiah Jenison (Encompass Consultant Group)

Response reviewed by:

Jun Tanaka, F&M
03/18/2025

Reference Notes

1. Water and sewer pipe below grade.
2. Install sink in classroom and connect 2" waste and 3/4" cw per detail #2.
3. Additive alternate #10: Extend 4" sewer & 3/4" cw for future buildings and install box with connections at each future relocatable location per detail #4 . (additive alternate piping is shown dashed)
4. Install new 2" water service to street. Provide a 3/4" meter in a vault sized for a 2" meter.

NOTES

GENERAL

Contractors are referred to the book specifications of the project for more detailed and additional requirements.

All work shall comply with current adopted state and local codes including UMC, UBC, UPC, and all State of California current amendments, and all applicable California Title-24 requirements.

Furnish all labor, materials, transportation, and perform all required operations to provide a complete and operable system, in accordance with the full intent and meaning of the Drawings, Specifications, and per standard trade practices.

The installation of piping and equipment shall be made in such a manner to clear beams and obstructions. Do not cut into or reduce the size of plates or any load carrying members without approval of the Architect. Check drawings and work of others to prevent interference.

PLUMBING

All locations of piping and equipment are shown diagrammatically. Adhere to locations as closely as possible. Vary runs or shape of piping as required to meet structural and other interferences or as required by Architect.

No product will be accepted on the job site without prior approval by the Architect. The Contractor shall submit catalog sheets of all plumbing equipment.

PLUMBING MATERIALS

Sanitary soil & waste piping:

Piping shall be standard weight cast iron "no-hub" pipe and fittings throughout.

Domestic Water Piping:

Piping underground, exterior to the building shall be hard drawn type "K" copper tube made up with wrought or forged copper fittings. Schedule 40 PVC pipe and fittings may be used at the contractor's option when authorized by local jurisdiction.

Piping above ground shall be type "L" hard drawn copper tube made up with wrought or forged copper fittings. No type "M" copper water piping is permitted within the building.

Only lead-free solder may be used on the water system.

Checked by: Siliana Chacón Date: 03/21/2025

Edwards Construction Groups' review is for general conformance with the design concept and contract documents. Markings or comments shall not be construed as relieving the contractor from compliance with the project plans and specifications nor departures therefrom. The contractor is held to have reviewed this submittal and remains responsible for the job details and accuracy, for confirming and correlating all quantities and dimensions for selecting fabrication processes for techniques of assembly and for performing the work in a safe and satisfactory manner.

SEWER CONSTRUCTION NOTES

1. CONSTRUCT CONNECTION TO EXISTING SEWER LINE AS SHOWN. LOCATION, SIZE AND DEPTH OF EXISTING SEWER SHOWN IS APPROXIMATE AND WAS BASED ON AS-BUILT PLANS AND OBSERVED SURFACE EVIDENCE. CONTRACTOR TO TO FIELD VERIFY LOCATION, SIZE, DEPTH AND MATERIAL TYPE OF EXISTING SEWER LINES PRIOR TO CONSTRUCTION AND NOTIFY ENGINEER OF ANY AND ALL DISCREPANCIES.
2. CONSTRUCT 4" SDR 35 PVC SANITARY SEWER LINE PER DETAILS "K" AND "M" ON SHEET C5.01. MINIMUM 1.0% SLOPE. INSTALL ALL FITTINGS, ELBOWS, WYES AND TEES NECESSARY TO CONSTRUCT SEWER SYSTEM AS SHOWN.
3. CONSTRUCT SANITARY SEWER CLEANOUT PER SPPWC STD PLAN 240-2 (MODIFIED TO BE NON-TERMINAL WHERE SHOWN ON PLAN). SEE DETAIL "L" ON SHEET C5.01.
4. CONSTRUCT CONNECTION TO BUILDING SEWER LINE. SEE PLUMBING PLAN FOR CONTINUATION.

DOMESTIC WATER CONSTRUCTION NOTES

1. CONSTRUCT CONNECTION TO EXISTING WATER LINE AS SHOWN. LOCATION, SIZE AND DEPTH OF EXISTING WATER LINE SHOWN IS APPROXIMATE AND WAS BASED ON AS-BUILT PLANS AND OBSERVED SURFACE EVIDENCE. CONTRACTOR TO TO FIELD VERIFY LOCATION, SIZE, DEPTH AND MATERIAL TYPE OF EXISTING WATER LINES PRIOR TO CONSTRUCTION AND NOTIFY ENGINEER OF ANY AND ALL DISCREPANCIES.
2. CONSTRUCT VALVE AND VALVE BOX PER DETAIL "H" ON SHEET C5.01.
3. CONSTRUCT 2" SCH 40 PVC WATER LINE WITH ALL NECESSARY FITTINGS PER DETAILS "J" AND "K" ON SHEET C5.01.
4. CONSTRUCT CONNECTION TO BUILDING WATER LINE. SEE PLUMBING PLAN FOR CONTINUATION.
5. CONSTRUCT SCH 40 PVC WATER LINE WITH ALL NECESSARY FITTINGS PER DETAILS "J" AND "K" ON SHEET C5.01. SIZE TO MATCH BUILDING WATER LINE SIZE.
6. CONSTRUCT 2" DOMESTIC WATER BACKFLOW PREVENTOR PER CITY OF OXNARD STD. PLATE 309. CONNECT TO EXISTING WATER SERVICE.

STORM DRAIN CONSTRUCTION NOTES

1. CONSTRUCT 8" SDR 35 PVC PIPE PER GRAVITY PIPE TRENCH DETAIL "K" AND DETAIL "M" ON SHEET C5.01. INSTALL ALL FITTINGS, ELBOWS, WYES AND TEES NECESSARY TO CONSTRUCT STORM DRAIN SYSTEM AS SHOWN.
2. CONSTRUCT 24"X24" CAST-IN-PLACE CONCRETE BUBBLER CATCH BASIN PER DETAIL "Q" ON SHEET C5.01. CONNECT CATCH BASIN TO EXISTING UNDER SIDEWALK PIPE.
3. CONSTRUCT STORM DRAIN CLEANOUT PER SPPWC STD PLAN 204-2 (MODIFIED TO BE NON-TERMINAL WHERE SHOWN ON PLAN). SEE DETAIL "L" ON SHEET C5.01.
4. CONSTRUCT 12" NYLOPLAST DRAIN BASIN 2812AG WITH 12" SQUARE PEDESTRIAN HEEL PROOF GRATE 1299CGP OR APPROVED EQUAL.
5. CONSTRUCT 12" NYLOPLAST DRAIN BASIN 2812AG WITH 12" SQUARE STANDARD GRATE 1299CGS OR APPROVED EQUAL.
6. CONSTRUCT CONNECTION OF TWO (2) EXISTING 4" PVC STORM DRAIN LINES TO NEW DRAIN BASIN. EXACT LOCATION AND INVERTS OF EXISTING STORM DRAIN LINES UNKNOWN. CONTRACTOR TO FIELD VERIFY AND NOTIFY ENGINEER OF ANY CONFLICTS PRIOR TO CONSTRUCTION.

UTILITY CROSSING NOTE

1. WHERE A DOMESTIC WATER LINE CROSSES A STORM DRAIN OR SEWER LINE THE PIPE TO PIPE CLEARANCE SHALL BE 12" MINIMUM WITH WATER ABOVE. IF NECESSARY USE 45° ELBOWS ON THE WATER LINE, 5' ON EITHER SIDE OF THE STORM DRAIN OR SEWER LINE TO RAISE THE WATER LINE TO ACHIEVE THE 12" MIN PIPE TO PIPE CLEARANCE AND 12" MINIMUM COVER OVER THE WATER LINE.

GENERAL NOTE

CONTRACTOR TO FURNISH AND INSTALL ALL NECESSARY FITTINGS TO CONSTRUCT UTILITY SYSTEMS AS SHOWN ON PLAN INCLUDING ECCENTRIC TEES/WYES WHERE NEEDED.

EXISTING UTILITIES NOTES

1. LOCATION, SIZE AND DEPTH OF EXISTING UTILITIES SHOWN ARE ESTIMATES ONLY AND WERE BASED ON AS-BUILT PLANS AND OBSERVED SURFACE EVIDENCE. CONTRACTOR TO TO FIELD VERIFY LOCATION, SIZE, DEPTH AND MATERIAL TYPE OF ALL EXISTING UTILITIES INCLUDING PROPOSED CROSSINGS PRIOR TO CONSTRUCTION AND NOTIFY ENGINEER OF ANY AND ALL DISCREPANCIES.
2. CONTRACTOR SHALL ADJUST ALL EXISTING UTILITY PULL BOXS, CLEANOUTS, VAULTS AND OTHER SURFACE LIDS/COVERS WITHIN THE PROJECT AREA TO FINISH SURFACE ELEVATION.

POTENTIAL CHANGE ORDER TITLE: Marina West - DJS - Polyvent at Building 12 – Added Curb and Sidewalk Widening per RFI #37

CHANGE REASON: Design Development

POTENTIAL CHANGE ORDER DESCRIPTION: *(The Contract Is Changed As Follows)*
Polyvent at Building 12 – Added Curb and Sidewalk Widening per RFI #37
Per RFI #37 response, revisions are required at the southwest polyvent of Building 12 to address accessibility and safety concerns. The existing layout caused the polyvent to encroach approximately 1'-0" into the 5'-0" sidewalk, reducing the clear path of travel below 4'-0" and creating a potential tripping hazard.
The new scope includes: install a concrete curb around the polyvent and provide a yellow warning striping at top of curb. Widen sidewalk and sloped walkway by 12" to maintain 4'-0" clear accessible path of travel. Shift adjacent parking stalls 12" accordingly.

Activity

Question

Question from Siliana Chacon Edwards Construction Group, Inc. *on Thursday, Oct 2, 2025 at 12:09 PM PDT*

At Building 12, the southwest polyvent has been installed per detail 10, sheet S1C1-S. However, based on the current layout and plans (see attached PDFs): The sidewalk is 5’-0” wide, and the polyvent extends approximately 1’-0” into the path of travel. With thickness added, the remaining clear width will be reduced to less than 4’-0”. The polyvent elevation does not align with FS and creates a potential tripping hazard, particularly since this area functions as an accessible ramp. Reference pictures with layout and dimensions attached. Please provide recommendations.

Attachments
South Poly Vent.pdf, North Poly Vent.pdf

Awaiting an Official Response

Provide and install 4" wide concrete wall around the polyvent (flushed at the top with 1" chamfered edges) and provide 2" wide warning striping at the top of curb with yellow paint (contrasting color).
New sidewalk and sloped walkway shall be widened by 12" to Westerly direction to provide 4'-0" minimum wide accessible POT at the polyvent locations. Parking stalls shall be shifted 12" accordingly.
See attached revised sheets.

GENERAL RECONSTRUCTION NOTES

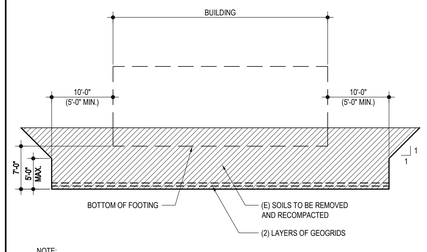
1. REFER TO CIVIL AND ELECTRICAL DRAWINGS FOR ADDITIONAL APPLICABLE SCOPE OF WORK.

2. CONTRACTOR SHALL VERIFY ALL CONDITIONS PRIOR TO CONSTRUCTION. ALL DISCREPANCIES SHALL BE BROUGHT TO THE ATTENTION OF OWNER AND ARCHITECT PRIOR TO COMMENCING WORK.

3. MODULAR BUILDINGS SHALL BE INSTALLED BY ENVIROPLEX. SITE WORK CONTRACTOR SHALL PREPARE SITE FOR BUILDING INSTALLATION AND SHALL BE RESPONSIBLE FOR THE CONNECTION OF DOMESTIC WATER, SEWER AND ELECTRICAL UTILITIES AS WELL AS PROVIDING FIRE ALARM, INTERCOM AND OTHER SIGNAL AND LOW VOLTAGE SYSTEMS.

4. CONTRACTOR SHALL COORDINATE ALL REQUIRED SCOPE OF WORK WITH ALL TRADES PRIOR TO COMMENCING WORK.

5. PATCH AND REPAIR, OR REPLACE, ALL EXISTING ADJACENT SURFACES AND ITEMS AFFECTED BY NEW WORK. RESTORE FINISHES AND ITEMS TO MATCH EXISTING.



6. REFER TO DETAIL 2/- FOR EXTENT OF OVER-EXCAVATION AT EACH MODULAR BUILDING.

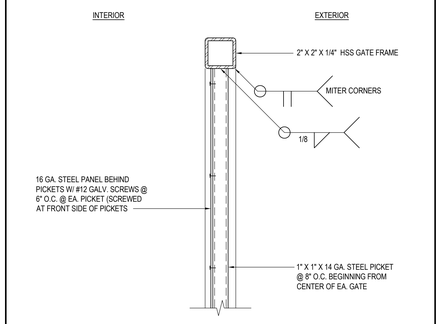
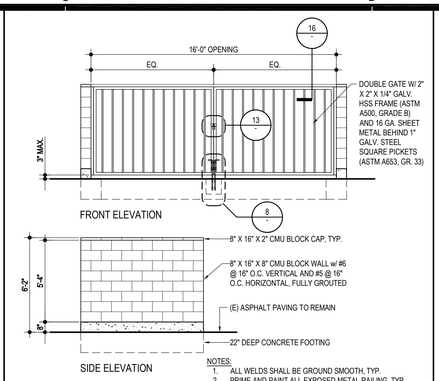
EXPANSIVE ANCHORS IN CONCRETE

1. ALL EXPANSION ANCHORS SHALL BE STAINLESS STEEL TITEN HD CONCRETE ANCHORS MANUFACTURED BY SIMPSON STRONG TIE CO. INC. U.N.O.
2. ANCHORS SHALL BE INSTALLED IN ACCORDANCE WITH ICC ESR-1056.
3. COMPLY WITH ALL MANUFACTURER'S RECOMMENDATIONS.
4. CONTINUOUS INSPECTION IS REQUIRED FOR ANCHOR INSTALLATION.
5. ALL ANCHOR EMBEDMENTS SHOWN ON THE DRAWINGS SHALL BE NOMINAL EMBEDMENTS.
6. ALL EXPANSION ANCHORS SHALL BE TORQUE TESTED WITH THE FOLLOWING REQUIREMENTS:
   - A. TESTING SHALL BE DONE BY THE TESTING LAB IN THE PRESENCE OF THE DSA LAB OR INSPECTOR OF RECORD.
   - B. APPLY PROOF TEST LOADS TO ANCHORS WITHOUT REMOVING NUT, IF POSSIBLE. IF NOT, REMOVE NUT AND INSTALL A THREADED COUPLER TO THE SAME TIGHTNESS OF THE ORIGINAL NUT USING A TORQUE WRENCH AND APPLY LOAD.
   - C. REACTION LOADS FROM TEST FIXTURES MAY BE APPLIED CLOSE TO THE ANCHOR BEING TESTED, PROVIDED THE ANCHOR IS NOT RESTRAINED FROM WITHDRAWING BY THE FIXTURE.
   - D. TEST EQUIPMENT IS TO BE CALIBRATED BY AN APPROVED TESTING LABORATORY IN ACCORDANCE WITH STANDARD RECOGNIZED PROCEDURES.
   - E. ANCHORS SHALL BE TESTED USING THE TORQUE WRENCH METHOD. THE APPLICABLE TEST TORQUE MUST BE REACHED WITHIN ONE-HALF (1/2) TURN OF THE NUT TYPICAL.
   - F. 100% OF ANCHORS SHALL BE TESTED FOR STRUCTURAL CONNECTIONS AND 50% OF ANCHORS SHALL BE TESTED FOR ANCHORAGE OF NON-STRUCTURAL COMPONENTS.
   - G. TESTING SHOULD OCCUR 24 HOURS MINIMUM AFTER INSTALLATION OF THE SUBJECT ANCHORS.
   - H. TORQUE TEST VALUE FOR 3/4"DIA. STAINLESS STEEL SIMPSON TITEN HD ANCHORS IS 150 FT-LBS. TORQUE TEST VALUE FOR 3/8"DIA. STAINLESS STEEL HILTI KWIK BOLT TZ2 ANCHORS IS 30 FT-LBS.



ADHESIVE ANCHORS IN CONCRETE

1. ALL ADHESIVE ANCHORS SHALL CONSIST OF HIT-RE 500 V3 ADHESIVE MANUFACTURED BY HILTI, INC.
2. ANCHORS SHALL BE INSTALLED IN ACCORDANCE WITH ICC ESR-3814.
3. COMPLY WITH ALL MANUFACTURER'S RECOMMENDATIONS.
4. CONTINUOUS INSPECTION IS REQUIRED FOR ANCHOR INSTALLATION.
5. ALL ADHESIVE ANCHORS SHALL BE TENSION TESTED WITH THE FOLLOWING REQUIREMENTS:
   - A. TESTING SHALL BE DONE BY THE TESTING LAB IN THE PRESENCE OF THE DSA LAB OR INSPECTOR OF RECORD.
   - B. ANCHORS TESTED WITH A HYDRAULIC JACK OR SPRING LOADED APPARATUS SHALL MAINTAIN THE TEST LOAD FOR A MINIMUM OF 15 SECONDS AND SHALL EXHIBIT NO DISCERNIBLE MOVEMENT DURING THE TENSION TEST, E.G., AS EVIDENCED BY LOOSENING OF THE WASHER UNDER THE NUT.
   - C. THE TESTING APPARATUS SUPPORT LOCATIONS SHALL NOT BE WITHIN 1.5 TIMES THE ANCHOR'S EMBEDMENT DEPTH TO AVOID RESTRICTING THE CONCRETE SHEAR CONE TYPE FAILURE MECHANISM FROM OCCURRING.
   - D. TESTING SHOULD OCCUR 24 HOUR MINIMUM AFTER INSTALLATION OF THE SUBJECT ANCHORS.
   - E. TEST FREQUENCY AND TENSION TEST LOAD SHALL BE AS INDICATED ON THE DETAILS WITH ADHESIVE ANCHORS.



ADHESIVE ANCHORS IN MASONRY

1. ALL ADHESIVE ANCHORS SHALL CONSIST OF HIT-HY 270 ADHESIVE MANUFACTURED BY HILTI, INC.
2. ANCHORS SHALL BE INSTALLED IN ACCORDANCE WITH ICC-ESR 4143.
3. COMPLY WITH ALL MANUFACTURER'S RECOMMENDATIONS.
4. CONTINUOUS INSPECTION IS REQUIRED FOR ANCHOR INSTALLATION.

MASONRY

SPECIAL INSPECTION IS REQUIRED. SPECIAL INSPECTION SERVICES SHALL CONFORM TO THE GOVERNING BUILDING CODE, CHAPTER 17 AND SHALL BE PROVIDED BY DSA CERTIFIED INSPECTOR OR LAB OF RECORD.

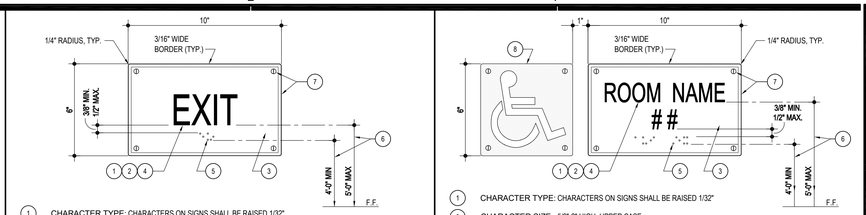
1. CONCRETE MASONRY UNITS:
(a) SHALL HAVE A MINIMUM COMPRESSIVE STRENGTH OF 1900 PSI.
(b) SHALL CONFORM TO ASTM C90, GRADE N, TYPE I, MEDIUM-WEIGHT AGGREGATE
(c) SHALL CONFORM TO THE TMS 402/602-16, TABLE SC-3

2. MORTAR:
(a) SHALL HAVE A MINIMUM COMPRESSIVE STRENGTH OF 1800 PSI.
(b) SHALL BE TYPE M OR TYPE S
(c) SHALL BE PROPORTIONED IN CONFORMANCE WITH TMS 402/602-16, TABLE SC-1
(d) SHALL BE PREPARED WITH POTABLE WATER THAT IS FREE FROM DELETERIOUS AMOUNTS OF ACIDS, SALTS, ALKALI AND ORGANIC MATERIALS.

3. GROUT:
(a) SHALL HAVE A MINIMUM 28 DAY COMPRESSIVE STRENGTH OF 2000 PSI.
(b) SHALL BE PROPORTIONED IN CONFORMANCE WITH TMS 402/602-16, SECTION 2.2
(c) SHALL BE PREPARED WITH POTABLE WATER THAT IS FREE FROM DELETERIOUS AMOUNTS OF ACIDS, SALTS, ALKALI AND ORGANIC MATERIALS.
(d) SHALL HAVE A SLUMP BETWEEN 8" & 11" FOR WALLS LESS THAN 12'-8" AND GREATER THAN 12'-8" SHALL HAVE A SLUMP BETWEEN 10" & 11" INCHES.

4. ADMIXTURES:
(a) SHALL BE SUBMITTED TO ENGINEER FOR REVIEW AND APPROVAL PRIOR TO USE.

5. CONSTRUCTION:
(a) MASONRY UNITS SHALL BE LAID IN A RUNNING BOND PATTERN. STACK BOND OR MECHANICAL ANCHORAGE SHALL NOT BE USED UNLESS SPECIFICALLY DETAILED ON THE PLANS.
(b) ALL MASONRY UNITS SHALL BE FREE OF EXCESSIVE DIRT AND DUST.
(c) ALL CELLS SHALL BE FILLED SOLIDLY WITH GROUT. GROUT SHALL BE A WORKABLE MIX SUITABLE FOR PUMPING WITHOUT SEGREGATION AND SHALL BE THOROUGHLY MIXED. GROUT SHALL BE PLACED BY PUMPING AND SHALL BE PLACED BEFORE INITIAL SET OR HARDENING OCCURS. GROUT SHALL BE CONSOLIDATED BY MECHANICAL VIBRATION DURING PLACING AND RECONSOLIDATED AFTER EXCESS MOISTURE HAS BEEN ABSORBED BUT BEFORE WORKABILITY HAS BEEN LOST. THE GROUTING OF ANY WALL SECTION SHALL BE COMPLETED IN ONE DAY WITH NO INTERRUPTIONS GREATER THAN ONE HOUR.
(d) MAXIMUM GROUT HEIGHT AND USE OF CLEAN-OUTS SHALL CONFORM TO TMS 402/602-16, SECTION 3.5C. WHEN REQUIRED, CLEAN-OUTS SHALL BE PROVIDED BY OPENINGS IN THE FACE SHELLS IN THE BOTTOM COURSE OF EACH CELL TO BE GROUTED. THE CLEAN-OUTS SHALL BE SEALED AFTER INSPECTION AND BEFORE GROUTING.
(e) WHEN GROUTING IS STOPPED FOR MORE THAN ONE HOUR, HORIZONTAL CONSTRUCTION JOINTS SHALL BE FORMED BY STOPPING THE GROUT POUR APPROX 1-1/2" ABV/BELOW A BED JOINT.



6. REINFORCEMENT:
(a) REFER TO REINFORCEMENT SECTION FOR MATERIAL SPECIFICATIONS.
(b) ALL OPENINGS EXCEEDING 24" SHALL HAVE A MINIMUM OF (2) #5 BARS DIRECTLY ABOVE, BELOW, AND ON BOTH SIDES. BARS SHALL EXTEND A MIN OF 24" PAST EDGE OF OPENING.
(c) AT THE END OF ALL WALLS, PROVIDE A MIN OF (2) #5 BARS VERT. FROM FOUNDATION TO TOW.
(d) AT THE TOW, PROVIDE A MIN OF (2) #4 BARS HORIZ. ALONG ENTIRE LENGTH OF WALL, UNO.
(e) WALLS SHALL HAVE A MINIMUM OF #4 BARS @ 24" OC HORIZONTALLY AND VERTICALLY, UNO.
(f) ALL WALL CORNERS, INTERSECTIONS, ENDS AND JAMBS SHALL HAVE (2) #5 BARS VERTICALLY UNLESS SPECIFICALLY NOTED OTHERWISE ON THE PLANS.
(g) ALL JAMB REINFORCEMENT SHALL DOWEL INTO FOUNDATIONS BELOW WITH LAP BARS OF THE SAME DIAMETER.
(h) THE MINIMUM LAP SPLICE LENGTH FOR ALL REINFORCING STEEL SHALL BE AS NOTED IN THE TYPICAL DETAILS ON SHEET S-1.1. ALL LAP SPLICES TO BE STAGGERED.
(i) ALL REINFORCEMENT SHALL BE IN PLACE AND SECURED PRIOR TO PLACEMENT OF GROUT. REINFORCEMENT SHALL BE PLACED IN ACCORDANCE WITH TMS 402/602-16, SECTION 3.4.
(j) REINFORCEMENT TO HAVE GROUT COVERAGE OF AT LEAST ONE BAR DIAMETER FROM INSIDE FACE OF SHELL. THE CLEAR DISTANCE FROM THE OUTSIDE FACE OF MASONRY TO THE REINFORCEMENT SHALL NOT BE LESS THAN 2" WHEN UNIT IS EXPOSED TO SOIL.

7. UNLESS SPECIFICALLY NOTED OTHERWISE ON THE ARCHITECTURAL OR STRUCTURAL PLANS, VERTICAL CONTROL JOINTS SHALL BE PROVIDED IN ALL CONCRETE MASONRY WALLS AND SPACED AT A MAXIMUM DISTANCE OF 32 FEET OC CONTROL JOINTS SHALL EXTEND THE FULL HEIGHT OF THE WALL. CONTROL JOINTS ARE NOT REQUIRED WHEN THE WALL LENGTH DOES NOT EXCEED 1.5 TIMES THE WALL HEIGHT.

8. THE CONTRACTOR IS RESPONSIBLE FOR THE DESIGN, INSTALLATION, MAINTENANCE AND REMOVAL OF ALL BRACING AND SHORING THAT MAY BE REQUIRED DURING THE COURSE OF CONSTRUCTION.

Amendment No. 001 to Construction Services Agreement No. 23-237

The Construction Services Agreement No. 23-237 ("Agreement") entered into on January 17, 2024, by and between the Oxnard School District ("District") and Edwards Construction Group ("Contractor"), is hereby amended by the parties as set forth in this Amendment No. 001 to the Construction Services Agreement No. 23-237 ("Amendment") that is incorporated herein for all purposes.

RECITALS

WHEREAS, The District retained LLB Contractor to provide preconstruction and construction services for the Marina West Elementary School Preschool, TK, K Classroom Project for the District's Master Construct and Implementation Program;

WHEREAS, the District operates Marina West Elementary School located at 2501 Carob St, Oxnard, CA 93035 (hereinafter referred to as the "School Facility"); and

WHEREAS, the District desires to construct new improvements at the School Facility identified in the Site Lease; and

WHEREAS, the LLB Contractor has completed the preconstruction work for the Project and the construction documents were submitted to the Division of the State Architect ("DSA") for their review;

WHEREAS, DSA has reviewed the Project plans and has stamp-approved the construction plans;

WHEREAS, the District has determined that upon DSA Stamped Approval to pursue the improvements to the School Facility through the lease-leaseback method of project delivery pursuant to California Education Code §17406 and as amended per AB 2316 which permits the governing board of the District, without advertising for bids, to lease to Contractor property owned by the District if the instrument by which property is leased requires the lessee to construct, or provide for the construction, on the leased property, of a facility for the use of the District during the term of the lease, and provides that title to that facility shall vest in the District at the expiration of the lease; and

WHEREAS, the Board of Trustees has taken certain actions to approve the construction of this School Facility;

WHEREAS, upon final consideration of a Guaranteed Maximum Price (GMP) which has been determined thru an open book and best value subcontractor bid process, based on those bids, the District requires amending the Lease Leaseback documents of Edwards Construction Group to construct thru the completion and occupancy of the Marina West Preschool, TK, K Classroom Project;

WHEREAS, the Board recognizes that the timing of the various components of work that must all be approved by DSA before Acceptance of this GMP and allowing the Contractor to proceed with construction;

AMENDMENT

The Parties agree to add the following language to SECTION 1 of the Agreement:

H. Site – The term "Site" as used in this Agreement shall mean those certain parcels of real property and improvements thereon (if any) more particularly described in Exhibit A attached.

The Parties agree to add the following language to Section 5 of the Agreement:

The GMP for the Project shall be **Four Million Two Hundred Sixty Thousand Four Hundred Fourteen Dollars and Sixty-Nine Cents ($4,260,414.69)**. The GMP consists of Sublease Payments in the amount of **$37,278.62** per month for **6** months for a total lease value of **Two Hundred Twenty-Three Thousand Six Hundred Seventy-One Dollars and Seventy-Two Cents ($223,671.72)** pursuant to terms and payment schedule as amended and set forth in the Sublease.

The GMP is based upon the DSA approved plans and specifications to exist after this Agreement is entered into between Contractor and the District, and more fully described and referenced in the Scope of Work to be set forth in Exhibit A attached herewith.

The Parties agree that all other provisions of the Services Agreement No. 23-237 entered into and executed by the Parties on January 17, 2024 remain in full force and effect. Provider agrees that any provisions, limitations and exclusions in its proposal are stricken for all purposes and are invalid as inconsistent with the terms and conditions of the Agreement and this Amendment.

IN WITNESS THEREOF, the Parties hereto execute Amendment No. 001 and represented that each has authority to do so on the dates set forth below:

SITE LEASE

This Site Lease (hereinafter referred to as the "Site Lease") is entered into this 18th day of December 2024, by and between the Oxnard School District, a California school district organized and existing under the laws of the State of California (hereinafter referred to as the "District") as lessor, and Edwards Construction Group, Inc., with its principal place of business at 991 Bennett Avenue, Arroyo Grande, CA 93420 (hereinafter referred to as "Contractor") as lessee.

RECITALS

WHEREAS the District desires to provide for the financing and construction of certain public improvements more fully described in a Construction Services Agreement between the District and Contractor, dated as of the date hereof (the "Project") situated at Marina West Elementary School, 2501 Carob Street, Oxnard, CA 93035, within the District, as more fully set forth in **Exhibit A** attached hereto (the "Site"); and

WHEREAS, assuming that the District and Contractor can agree on the terms, including the price, for an additional scope of work, the District and Contractor anticipate that the scope of the Project may be amended to include additional work; and

WHEREAS, the District's governing body has determined that it will provide the best value to the District and it is in the best interests of the District and for the common benefit of the citizens it serves to finance the Project by leasing to Contractor the land and the existing building(s) on the Site on which the public improvements are to be constructed and subleasing from Contractor the Site, including the Project, under a Sublease Agreement effective as of the date hereof (the "Sublease"); and

NOW, THEREFORE, in consideration of the promises and covenants and conditions contained herein, the parties agree as follows:

SECTION 1. Site Lease

The District leases to Contractor, and Contractor leases from the District, on the terms and conditions set forth herein, the Site situated in the County of Ventura, State of California, more specifically described in **Exhibit A** attached hereto and incorporated by reference herein, including any real property improvements now or hereafter affixed thereto.

SECTION 2. Term

The term of this Site Lease shall commence as of the date above and shall terminate on the last day of the term of the Sublease

SECTION 3. Representations and Warranties of the District

The District represents and warrants to Contractor that:

(a) The District has good title to the Site.

(b) There are no liens on the Site other than permitted encumbrances (the term "permitted encumbrances" as used herein shall mean, as of any particular time: (i)

liens for general ad valorem taxes and assessments, if any, not then delinquent; (ii) this Site Lease, the Sublease, any right or claim or any mechanic, laborer, materialman, supplier, or vendor, if applicable, not filed or perfected in the manner prescribed by law, easements, rights of way, mineral rights, drilling rights, and other rights, reservations, covenants, conditions, or restrictions which exist of record as of the date of this Site Lease and which will not materially impair the use of the Site; (iii) easements, rights of way, mineral rights, drilling rights, and other rights, reservations, covenants, conditions, or restrictions established following the date of recordation of this Site Lease and to which Contractor and the District consent in writing which will not impair or impede the operation of the Site.).

(c) All taxes, assessments or impositions of any kind with respect to the Site, if applicable, except current taxes not yet due and payable, have been paid in full.

(d) The Site is properly zoned for the intended purpose or the District intends to render zoning inapplicable pursuant to Government Code Section 53094.

(e) To the best of the District's knowledge, the District is in compliance in all material respects with all laws, regulations, ordinances and orders of public authorities applicable to the Site.

(f) To the best of the District's knowledge, there is no litigation of any kind currently pending or threatened regarding the District's use of the Site for the purposes contemplated by this Site Lease, the Sublease and the Construction Services Agreement.

(g) To the best of the District's knowledge, upon reasonable investigation and in reliance on the District's phase one Preliminary Environmental Assessment, and except as otherwise delineated in the Contract Documents: (i) no dangerous, toxic or hazardous pollutants, contaminants, chemicals, waste, materials or substances, as defined in or governed by the provisions of any State or Federal Law relating thereto (hereinafter collectively called "Environmental Regulations"), and also including, but not limited to, urea-formaldehyde, polychlorinated biphenyls, asbestos, asbestos containing materials, nuclear fuel or waste, radioactive materials, explosives, carcinogens and petroleum products, or any other waste, material, substance, pollutant or contaminant which would subject the District or Contractor or Contractor's subcontractors to any damages, penalties or liabilities under any applicable Environmental Regulation (hereinafter collectively "Hazardous Substances"), are now or have been stored, located, generated, produced, processed, treated, transported, incorporated, discharged, emitted, released, deposited or disposed of in, upon, under, over or from the Site; (ii) no threat exists of a discharge, release or emission of a Hazardous Substance upon or from the Site into the environment; (iii) the Site has not been used as or for a mine, a landfill, a dump or other disposal facility, industrial or manufacturing facility, or a gasoline service station; (iv) no violation of any Environmental Regulation now exists relating to the Site, no notice of any such violation or any alleged violation thereof has been issued or given by any governmental entity or agency, and there is not

now any investigation or report involving the Site by any governmental entity or agency which in any way relates to Hazardous Substances; (v) no person, party, or private or governmental agency or entity has given any notice of or asserted any claim, cause of action, penalty, cost or demand for payment or compensation, whether or not involving any injury or threatened injury to human health, the environment or natural resources, resulting or allegedly resulting from any activity or event described in (i) above; (vi) there are not now any actions, suits, proceedings or damage settlements relating in any way to Hazardous Substances, in, upon, under, over or from the Site; (vii) the Site is not listed in the United States Environmental Protection Agency's National Priorities List of Hazardous Waste Sites or any other list of Hazardous Substance sites maintained by any federal, state or local governmental agency; and (viii) the Site is not subject to any lien or claim for lien or threat of a lien in favor of any governmental entity or agency as a result of any release or threatened release of any Hazardous Substance.

(h) To the extent permitted by law, the District shall not abandon the Site for the use of which it is currently required by the District and further shall not seek to substitute or acquire property to be used as a substitute for the uses for which the Site and the Project are to be maintained under the Sublease.

SECTION 4. Representations and Warranties of Contractor

Contractor represents and warrants to the District that:

(a) Contractor is duly organized, validly existing and in good standing under the laws of the State of California, with full corporate power and authority to lease and own real and personal property.

(b) Contractor has full power, authority and legal right to enter into and perform its obligations under this Site Lease, and the execution, delivery and performance of this Site Lease have been authorized by all necessary corporate or partnership actions on the part of Contractor and do not require any further approvals or consents.

(c) Execution, delivery and performance of this Site Lease do not and will not result in any breach of or constitute a default under any indenture, mortgage, contract, agreement or instrument to which Contractor is a party or by which it or its property is bound.

(d) There is no pending or, to the best knowledge of the Contractor, threatened action or proceeding before any court or administrative agency which will materially adversely affect the ability of Contractor to perform its obligations under this Site Lease.

(e) Contractor has conducted a visual inspection of the Site and represents that it is familiar with the site conditions relating to construction and labor thereon and hereby indemnifies the District for any damage or omissions related to the site conditions that could have been visually identified during the site-visit in accordance

with the indemnification contained in the General Conditions incorporated into the Construction Services Agreement.

(f) Contractor has reviewed the Contract Documents (as that term is defined in the Construction Services Agreement) and is familiar with the contents thereof.

SECTION 5. Rental

Contractor shall pay to the District as and for advance rental hereunder the sum of One Dollar ($1.00) for the duration of the rental, this payment being due on or before the commencement of the term of this Site Lease. The duration of the rental is expected to be from the effective date hereof through the last day of the term of the Sublease.

SECTION 6. Purpose

Contractor shall use the Site solely for the purpose of constructing the Project thereon and for subleasing the Site and leasing the Project to the District; provided, however, that in the event of an occurrence of an Event of Default by the District, under the Sublease, Contractor may exercise the remedies provided for in the Sublease.

SECTION 7. Termination

Contractor agrees, upon termination of this Site Lease: (i) to quit and surrender the Site in the same good order and condition as it was in at the time of commencement of the term hereunder, reasonable wear and tear excepted; (ii) to release and reconvey to the District any liens and encumbrances created or caused by Contractor; and (iii) that any permanent improvements and structures existing upon the Site at the time of the termination of this Site Lease, including the Project, shall remain thereon and title shall vest in the District. Notwithstanding the District's foregoing rights in the event of termination, Contractor shall retain the right to compensation pursuant to the Construction Services Agreement and the Sublease.

SECTION 8. Quiet Enjoyment

The District covenants and agrees that it will not take any action to prevent Contractor's quiet enjoyment of the Site during the term of this Site Lease; and that in the event that the District's fee title to the Site is ever challenged so as to interfere with Contractor's right to occupy, use and enjoy the Site, the District will use all governmental powers at its disposal, including the power of eminent domain, to obtain unencumbered fee title to the Site and to defend Contractor's right to occupy, use, and enjoy that portion of the Site.

SECTION 9. No Liens

The District shall not mortgage, sell, assign, transfer or convey the Site or any part thereof to any person during the term of this Site Lease, without the written consent of Contractor. Nothing herein shall preclude the District from granting utility easements across the Site to facilitate the use and operation of the Project for which it is intended.

During the term of this Site Lease, Contractor shall not permit any lien or encumbrance to attach to the Site or any part thereof.

SECTION 10. Right of Entry

The District reserves the right for any of its duly authorized representatives to enter upon the Site at any reasonable time to inspect the same or to make any repairs, improvements or changes necessary for the preservation thereof, but in so doing shall not interfere with Contractor's operations on the Project.

SECTION 11. Assignment and Subleasing

Other than the Sublease, as defined herein, Contractor will not assign or otherwise dispose of or encumber the Site or this Site Lease without the written consent of the District.

SECTION 12. No Waste

Contractor agrees that at all times that it is in possession of the Site it will not commit, suffer or permit any waste on the Site, and it will not willfully or knowingly use or permit the use of the Site for any illegal act or purpose.

SECTION 13. Default

In the event that Contractor shall be in default in the performance of any obligation on its part to be performed under the terms of this Site Lease, which default continues for thirty (30) days following notice and demand for correction thereof to Contractor, the District may exercise any and all remedies granted by law, except that no merger of this Site Lease and of the Sublease shall be deemed to occur as a result thereof. Termination of this Site Lease shall be in accordance with the provisions of the General Conditions incorporated into the Construction Services Agreement or such other provisions as may be applicable.

SECTION 14. Eminent Domain

In the event that the whole or any part of the Site or the improvements thereon is taken by eminent domain, the financial interest of Contractor shall be recognized and is hereby determined to be the amount of all Tenant Improvement Payments and Sublease Payments then due or past due, and the purchase option price stated in Section 20 of the Sublease less any unearned interest as of the date Contractor receives payment in full. The balance of the award, if any, shall be paid to the District.

SECTION 15. Taxes

The District covenants and agrees to pay any and all assessments of any kind or character and also all taxes, including possessory interest taxes, levied or assessed upon the Site of the improvements thereon.

SECTION 16. Severability

If any one or more of the terms, covenants or conditions of this Site Lease shall to any extent be declared invalid, unenforceable, void or voidable for any reason

whatsoever by a court of competent jurisdiction, the finding or order or decree of which becomes final, none of the remaining terms, provisions, covenants and conditions of this Site Lease shall be affected thereby, and each remaining provision of this Site Lease shall be valid and enforceable to the fullest extent permitted by law.

SECTION 17. Notices

Any notices or filings required to be given or made under this Site Lease shall be served, given or made in writing upon the District or Contractor, as the case may be, by personal delivery or registered mail (with a copy sent via fax or regular mail) to the respective addresses given below or at such other address as such party may provide in accordance with the provisions herein. Any change in the addresses noted herein shall not be binding upon the other party unless preceded by no less than thirty (30) days prior written notice.

If to Contractor:

Edwards Construction Group, Inc.

521 N. 1st Avenue
Arcadia, CA 91006

Notices under this Agreement shall be deemed to have been given, and shall be effective, upon actual receipt by the other party, or, if mailed, upon the earlier of the fifth (5th) day after mailing or actual receipt by the other party.

SECTION 18. Construction Services Agreement and Sublease

The Construction Services Agreement and the Contract Documents as defined therein, including the Sublease, are incorporated by reference herein in their entirety as if fully set forth herein.

SECTION 19. Binding Effect

This Site Lease shall be binding upon and inure to the benefit of the parties and their respective successors and assigns.

SECTION 20. Entire Agreement

This Site Lease, the Sublease, the Construction Services Agreement and the additional Contract Documents as defined in the Construction Services Agreement constitute the entire agreement between Contractor and the District, and the Contract Documents shall not be amended, altered, changed, modified or terminated without the written consent of both parties hereto, except as otherwise provided herein or in Section 10 of the Construction Services Agreement.

SECTION 21. Execution in Counterparts

This Site Lease may be executed in any number of counterparts, each of which shall be an original, but all of which together shall constitute one instrument.

SECTION 22. Indemnification

Contractor shall indemnify the District in accordance with the provisions set forth in the General Conditions incorporated into the Construction Services Agreement.

SECTION 23. Applicable Law

This Site Lease shall be governed by and construed in accordance with the laws of the State of California. The parties irrevocably agree that any action, suit or proceeding by or among the District and Contractor shall be brought in whichever of the Superior Courts of the State of California, Ventura County, or the Federal Court for the Central District of California in Los Angeles, California, has subject matter jurisdiction over the dispute and waive any objection that they may now or hereafter have regarding the choice of forum whether on personal jurisdiction, venue, forum non conveniens or on any other ground.

SECTION 24. Headings

The captions or headings in this Site Lease are for convenience only and in no way define, limit or describe the scope or intent of any provisions or sections of this Site Lease.

SECTION 25. Time

Time is of the essence in this Site Lease and each and all of its provisions.

IN WITNESS WHEREOF the parties hereto, intending to be legally bound thereby, have executed this Site Lease effective as of the date first above written.

Legal Description of Site

Marina West
Elementary School,
2501 Carob Street,
Oxnard, CA 93035

SUBLEASE

This Sublease (hereinafter referred to as the "Sublease") is entered into this 18th day of December 2024, by and between the Oxnard School District, a California school district organized and existing under the laws of the State of California (hereinafter referred to as the "District") as lessor, and Edwards Construction Group, Inc., with its principal place of business at 991 Bennett Avenue, Arroyo Grande, CA 93420 (hereinafter referred to as "Contractor") as sub-lessor.

RECITALS

WHEREAS the District deems it essential for its own governmental purpose to finance the installation and construction of certain public improvements more fully described in **Exhibit A** to that certain Construction Services Agreement between the District and Contractor dated the date hereof (the "Project") situated at Marina West Elementary School, 2501 Carob St, Oxnard, CA 93035, within the District as more fully set forth in Exhibit A of the site lease between the District and Contractor dated the date hereof (the "Site Lease") (The land and the real property improvements described in the Site Lease and the Construction Services Agreement are herein collectively referred to as the "Site"); and

WHEREAS, assuming that the District and Contractor can agree on the terms, including the price, for an additional scope of work, the District and Contractor anticipate that the scope of the Project may be amended to include additional work; and

WHEREAS, pursuant to Section 17406 of the California Education Code, the District is leasing the Site to Contractor pursuant to the Site Lease in consideration of Contractor subleasing the Site, including the Project, to the District pursuant to the terms of this Sublease; and

WHEREAS, the District and Contractor agree to mutually cooperate now and hereafter, to the extent possible, in order to sustain the intent of this Sublease and the bargain of both parties hereto, and to provide payments pursuant to this Sublease on the dates and in the amounts set forth in **Exhibit A** of this Sublease which is incorporated by this reference.

NOW, THEREFORE, in consideration of the promises and covenants and conditions contained herein, the parties agree as follows:

SECTION 1. Sublease

Contractor hereby leases from and subleases to the District, and the District hereby leases to and subleases from Contractor, the Site including any real property improvements now or hereafter affixed thereto in accordance with the provisions herein for the term of this Sublease.

SECTION 2. Term

(a) The term of the Sublease (the 'Term") shall become effective upon the authorized execution of this Sublease and shall terminate twelve months after the earlier of the following two events:

(1) The date the District takes beneficial occupancy of the final phase of the Project; or

(2) The date of substantial completion, as defined in Article 7.2.2 of the General Conditions.

(b) The Term may be extended or shortened upon the occurrence of the earliest of any of the following events, which shall constitute the end of the Term:

(1) An Event of Default by the District as defined herein and Contractor's election to terminate this Sublease as permitted herein; or

(2) An Event of Default by Contractor as defined herein and the District's election to terminate this Sublease as permitted herein; or

(3) Consummation of the District's purchase option pursuant to Section 20 of this Sublease.

SECTION 3. Representations and Warranties of the District

The District represents and warrants to Contractor that:

(a) The execution, delivery and performance of this Sublease do not and will not result in any breach of or constitute a default under any indenture, mortgage, contract, agreement or instrument to which the District is a party by which it or its property is bound.

(b) The Project and the Site are essential to the District in the performance of its governmental functions and their estimated useful life to the District exceeds the term of this Sublease.

(c) The District will take such action as may be necessary to include all Tenant Improvement Payments and Sublease Payments in its annual budget and annually to appropriate an amount necessary to make such Tenant Improvement Payments and Sublease Payments.

(d) To the best of the District's knowledge, there is no litigation of any kind currently pending or threatened regarding the District's use of the Site for the purposes contemplated by this Site Lease, the Sublease and the Construction Services Agreement.

(e) To the extent permitted by law, the District shall not abandon the Site for the use of which it is currently required by the District and, further, shall not seek to substitute or acquire property to be used as a substitute for the uses for which the Site is maintained under the Sublease.

SECTION 4. Representations and Warranties of Contractor

Contractor represents and warrants to the District that:

(a) Contractor is duly organized, validly existing and in good standing as a corporation and licensed contractor under the laws of the State of California, with full corporate power and authority to lease and own real and personal property.

(b) Contractor has full power, authority and legal right to enter into and perform its obligations under this Sublease, and the execution, delivery and performance of this Sublease have been duly authorized by all necessary corporate actions on the part of Contractor and do not require any further approvals or consents.

(c) The execution, delivery and performance of this Sublease do not and will not result in any breach of or constitute a default under any indenture, mortgage, contract, agreement or instrument to which Contractor is a party by which it or its property is bound.

(d) There is no pending or, to the best knowledge of Contractor, threatened action or proceeding before any court or administrative agency which will materially adversely affect the ability of Contractor to perform its obligations under this Sublease.

(e) Contractor will not mortgage or encumber the Site or the Sublease or assign this Sublease or its rights to receive Tenant Improvement Payments or Sublease Payments hereunder, except as permitted herein.

(f) Contractor has conducted a visual inspection of the Site and represents that it is familiar with the site conditions relating to construction and labor thereon and hereby indemnifies the District for any damage or omissions related to the site conditions that could have been identified during the site-visit in accordance with the indemnification contained in the General Conditions.

(g) Contractor has reviewed the Contract Documents (as that term is defined in the Construction Services Agreement) and is familiar with the contents thereof.

SECTION 5. Construction/Acquisition

(a) The District has entered into a Construction Services Agreement and the Site Lease with Contractor in order to acquire and construct the Project. The cost of the acquisition, construction and installation of the Project as well as the obligations under this Sublease are determined by the Guaranteed Maximum Price as determined in Section 5 of the Construction Services Agreement.

(b) In order to ensure that moneys sufficient to pay all costs will be available for this purpose when required, the District shall maintain on deposit, and shall annually appropriate funds sufficient to make all Tenant Improvement Payments and Sublease Payments which become due to Contractor under this Sublease, provided however that the District shall not be required to appropriate said funds in the event that the District determines in good faith that exigent circumstances have arisen that require District to reduce its budget and not appropriate funds for the payments required hereunder. Any such failure to appropriate funds in any year subsequent to the initial year of this

Sublease shall be deemed a termination for convenience and shall be subject to the provisions of the General Conditions.

SECTION 6. Payments

(a) The District shall pay Contractor the Tenant Improvement Payments and the Sublease Payments as set forth in **Exhibit A** hereof, at the office of Contractor or to such other person or at such other place as Contractor may from time to time designate in writing.

(b) If the District determines that the work is delayed so that Contractor shall not be able to deliver the work pursuant to the construction schedule required by the Construction Services Agreement (the "Construction Schedule"), the District shall be entitled to withhold a reasonable amount from the Tenant Improvement Payments and/or the Sublease Payments then due to cover the damages for delay. Once the District has determined that the work has been performed pursuant to the approved construction schedule, the District shall be obligated to release any funds withheld pursuant to this Paragraph.

(c) The obligation of the District to pay Tenant Improvement Payments and the Sublease Payments hereunder shall constitute a current expense of the District and shall not in any way be construed to be a debt of the District in contravention of any applicable constitutional or statutory limitations or requirements concerning the creation of indebtedness by the District, nor shall anything contained herein constitute a pledge of the general tax revenues, funds, or moneys of the District.

SECTION 7. Fair Rental Value

The Tenant Improvement Payments and the Sublease Payments shall be paid by the District in consideration of the right of possession of, and the continued quiet use and enjoyment of, the Project and the Site during the Term of this Sublease. The parties hereto have agreed and determined that such total Tenant Improvement Payments and Sublease Payments are not in excess of the fair rental value of the Project and the Site. In making such determination, consideration has been given to the fair market value of the Project and the Site, other obligations of the parties under this Sublease (including, but not limited to, costs of maintenance, taxes and insurance), the obligations under the Construction Services Agreement, the uses and purposes which may be served by the Project and the Site and the benefits therefrom which will accrue to the District and the general public, the ability of the District to make additions, modifications and improvements to the Project and the Site which are not inconsistent with the Construction Services Agreement and which do not interfere with Contractor's work on the Project and the Site.

SECTION 8. Sublease Abatement

In addition to delay of payments provided in Section 6, above, Tenant Improvement Payments and Sublease Payments due hereunder with respect to the Project shall be subject to abatement prior to the commencement of the use of the Project or during any period in which, by reason of material damage to or destruction of the Project or the Site, there is substantial interference with the use and right of

possession by the District of the Project and the Site or any substantial portion thereof. For each potential incident of substantial interference, decisions to be made on: i) whether or not abatement shall apply; ii) the date upon which abatement shall commence; iii) the applicable portion of the Tenant Improvement Payments and the Sublease Payments to be abated and; iv) the concluding date of the particular abatement shall all be subject to determinations by the District in concert with its insurance provider. Contractor's right to dispute these decisions is not impaired. The amount of abatement shall be such that the Tenant Improvement Payments and the Sublease Payments paid by the District during the period of Project restoration do not exceed the fair rental value of the usable portions of the Site. In the event of any damage or destruction to the Project or the Site, this Sublease shall continue in full force and effect.

SECTION 9. Use of Site and Project

During the Term of this Sublease, Contractor shall provide the District with quiet use and enjoyment of the Site without suit, or hindrance from Contractor or its assigns. The District will not use, operate, or maintain the Site or Project improperly, carelessly, in violation of any applicable law or in a manner contrary to that contemplated by this Sublease. The Contractor shall provide all permits and licenses, if any, necessary for the operation of the Project. In addition, the District agrees to comply in all respects (including, without limitation, with respect to the time, maintenance and operation of the Project) with laws of all jurisdictions in which its operations involving the Project may extend and any legislative, executive, administrative, or judicial body exercising any power or jurisdiction over the Site or the Project; provided, however, that the District may contest in good faith the validity or application of any such law or rule in any reasonable manner which does not adversely affect the estate of Contractor in and to the Site or the Project or its interest or rights under this Sublease. Upon completion of the Project or severable portions thereof, as defined in the General Conditions, Contractor shall provide the District with quiet use and enjoyment of the Site without suit or hindrance from Contractor or its assigns, subject to reasonable interference from ongoing construction operations on any remaining portion of the Site under construction by Contractor.

SECTION 10. Contractor's Inspection/Access to Site

The District agrees that Contractor and any Contractor representative shall have the right at all reasonable times to enter upon the Site or any portion thereof to construct and improve the Project, to examine and inspect the Site and the Project and to exercise its remedies pursuant to Section 16 of this Sublease. The District further agrees that Contractor and any Contractor representative shall have such rights of access to the Site as may be reasonably necessary to cause the proper maintenance of the Site and the Project in the event of failure by the District to perform its obligations hereunder.

SECTION 11. Project Acceptance

The District shall acknowledge final inspection and completion of the Project by executing a Certificate of Acceptance and recording a Notice of Completion in

accordance with the General Conditions. The validity of this Sublease will not be affected by any delay in or failure of completion of the Project.

SECTION 12. Alterations and Attachments

All permanent additions and improvements that are made to the Project shall belong to and become the property of Contractor, subject to the provisions of Section 20 hereof. Separately identifiable additions and improvements added to the Project by the District shall remain the property of the District. At Contractor's request, the District agrees to remove the additions and improvements and restore the Project to substantially as good condition as when acquired and constructed, normal wear and tear excepted, in the event of failure by the District to perform its obligations hereunder.

SECTION 13. Physical Damage; Public Liability Insurance

Contractor and the District shall maintain such damage and public liability insurance policies with respect to the Project and the Site as are required of them herein and by the Construction Services Agreement

SECTION 14. Taxes

The District shall keep the Project and the Site free and clear of all levies, liens, and encumbrances and shall pay all license fees, registration fees, assessments, charges, and taxes (municipal, state, and federal) if applicable, which may now or hereafter be imposed upon the ownership, leasing, renting, sale, possession, or use of the Project and the Site, excluding, however, all taxes on or measured by Contractor's income.

SECTION 15. Events of Default

The term "Event of Default," as used in this Sublease means the occurrence of any one or more of the following events: (a) the District fails to make any unexcused Tenant Improvement Payment or Sublease Payment (or any other payment) within 30 days after the due date thereof; (b) the District or Contractor fails to perform or observe any other covenant, condition or agreement to be performed or observed by it hereunder or under any of the Contract Documents (as that term is defined in the Construction Services Agreement), and such failure to either make the payment or perform the covenant, condition or agreement is not cured within 10 days after written notice thereof by the other party; (c) the discovery by a party that any statement, representation or warranty made by the other party in this Sublease, or in the Contract Documents (as that term is defined in the Construction Services Agreement), or in any document ever delivered by that other party pursuant hereto or in connection herewith is misleading or erroneous in any material respect; or (d) a party becomes insolvent, is unable to pay its debts as they become due, makes an assignment for the benefit of creditors, applies or consents to the appointment of a receiver, trustee, conservator or liquidator of the party or of all or a substantial part of its assets, or a petition for relief is filed by the party under federal bankruptcy, insolvency or similar laws.

SECTION 16. Remedies on Default

Upon the happening of any Event of Default, the non-defaulting party may exercise any and all remedies available pursuant to law or in equity or granted pursuant to this Sublease. Notwithstanding any provisions to the contrary herein, Contractor shall not under any circumstances have the right to accelerate the Tenant Improvement Payments or the Sublease Payments that fall due in future Sublease periods or otherwise declare any Tenant Improvement Payment or Sublease Payments not then in default to be immediately due and payable. Upon the occurrence of an Event of Default, the non-breaching party may elect to terminate this Sublease in accordance with the provisions contained in the General Conditions. Termination of the Construction Services Agreement shall trigger the termination of the Site Lease and this Sublease.

SECTION 17. Non-Waiver

No covenant or condition to be performed by the District or Contractor under this Sublease can be waived except by the written consent of the other party. Forbearance or indulgence by the District or Contractor in any regard whatsoever shall not constitute a waiver of the covenant or condition in question. Until complete performance by the District or Contractor of said covenant or condition, the other party shall be entitled to invoke any remedy available to it under this Sublease or by law or in equity despite said forbearance or indulgence.

SECTION 18. Assignment

Without the prior written consent of Contractor, the District shall not (a) assign, transfer, pledge, or hypothecate this Sublease, the Project and the Site, or any part thereof, or any interest therein, or (b) sublet or lend the use of the Project or any part thereof, except as authorized by the provisions of the California Civic Center Act, Education Code Section 38130 *et seq*. Consent to any of the foregoing prohibited acts applies only in the given instance and is not a consent to any subsequent like act by the District or any other person. Contractor shall not assign its obligations under this Sublease with the exception of its obligation to issue default notices and to convey or reconvey its interest in the Project and Site to the District upon full satisfaction of the District's obligations hereunder; however, the District shall pay all Tenant Improvement Payments and Sublease Payments due hereunder pursuant to the direction of Contractor or the assignee named in the most recent assignment or notice of assignment. Subject always to the foregoing, this Sublease inures to the benefit of, and is binding upon, the heirs, legatees, personal representatives, successors, and assigns of the parties hereto.

SECTION 19. Ownership

The Project is and shall at all times be and remain the sole and exclusive property of Contractor, and the District shall have no right, title, or interest therein or thereto except as expressly set forth herein.

SECTION 20. Sublease Prepayments/Purchase Option

(a) Sublease Prepayments. At any time during the Term of this Sublease, the District may make Sublease Prepayments to the Contractor of the Tenant Improvement Payments and/or Sublease Payments ("Sublease Prepayments"). No Sublease Prepayments requested by Contractor may be made by the District in an amount which exceeds the aggregate true cost to Contractor of the work on the Project completed up to the date Contractor submits the request for a Sublease Prepayment less the aggregate amount of: (1) all Tenant Improvement Prepayments and Sublease Payments previously made by the District to Contractor; (2) all Sublease Prepayments previously made by the District to the Contractor; (3) all amounts previously retained pursuant to Section 20(a)(3), below, from Sublease Prepayments previously made by the District to Contractor (unless Contractor shall have previously substituted securities for such retained amounts pursuant to Section 20(a)(3)); and (4) the retention for such Sublease Prepayment pursuant to Section 20(a)(3) hereof. Contractor must submit evidence that the conditions precedent set forth in Section 20(a)(1), below, have been met. In the event District elects to make Sublease Prepayments, the Prepayment Price, contemplated in Section 20(b), below, shall be adjusted accordingly.

(1) In the event that the District elects to make a Sublease Prepayment, the following are conditions precedent to the District's delivery of such Sublease Prepayments to Contractor pursuant to a request of Contractor:

(A) Satisfactory progress of the construction of the Project pursuant to the Time Schedule shall have been made as determined in accordance therewith.

(B) Contractor shall also submit to the District (i) duly executed conditional lien releases and waivers (in the form provided in California Civil Code Sections 8132 through 8138) from Contractor and all sub-contractors, consultants and other persons retained by Contractor in connection with the Project, whereby such persons conditionally waive all lien and stop notice rights against the District, the Project and the Project Site with respect to the pending Sublease Prepayment to be made by the District, (ii) duly executed unconditional lien releases and waivers (in the form provided in California Civil Code Sections 8132 through 8138) from Contractor and all subcontractors, consultants and other persons retained by Contractor in connection with the Project, whereby such persons unconditionally and irrevocably waive all lien and stop notice rights against the District, the Project and the Project Site with respect to all previous Sublease Prepayments made by the District, and (iii) any other items that Contractor may be required to collect and distribute to the District pursuant to the terms and provisions of the Construction Services Agreement. Contractor shall promptly pay all amounts due to each subcontractor, consultant and other person retained by Contractor in connection with the Project no later than 10 days after Contractor's receipt of a Sublease Prepayment from the District.

(2) The determination of whether satisfactory progress of the construction pursuant to the Time Schedule has occurred shall be made by the District in accordance with the General Conditions. If the District determines that pursuant to the Time Schedule the work required to be performed, as stated in Contractor's

Sublease Prepayment request, has not been substantially completed, then Contractor shall not be eligible to receive the requested Sublease Prepayment.

(3) The District shall retain an amount equal to 5% of each Tenant Improvement Payments ("retention") made at Contractor's request. Contractor shall have the right, as delineated in the General Conditions, to substitute securities for any retention withheld by the District, pursuant to the provisions of Public Contract Code Section 22300.

(b) If the District is not in default hereunder, the District shall have the option to purchase not less than all of the Project in as-is condition upon delivery of the Prepayment Price as defined herein. The Prepayment Price at any given time shall be an amount equal to the final GMP, as it may be revised from time to time, less the sum of any Tenant Improvement Payments, Sublease Payments and/or Sublease Prepayments made by the District prior to the date on which the District elects to exercise its option under this Section. The District may thereupon terminate this Sublease and Contractor shall deliver such deeds, bills of sale, assignments, releases or other instruments as District may reasonably require to reflect the transfer of all of Contractor's interest in the Project. Following the closing of the District's purchase option, the District shall retain all rights to any claim or warranty arising under the Construction Services Agreement.

SECTION 21. Indemnification

Contractor shall indemnify the District in accordance with the provisions set forth in the General Conditions during the course of construction.

SECTION 22. Construction Services Agreement and Site Lease

The Construction Services Agreement and the Contract Documents as defined therein, including the Site Lease, are incorporated by reference herein in their entirety as if fully set forth herein.

SECTION 23. Severability

If any one or more of the terms, covenants or conditions of this Sublease shall to any extent be declared invalid, unenforceable, void or voidable for any reason whatsoever by a court of competent jurisdiction, the finding or order or decree of which becomes final, none of the remaining terms, provisions, covenants and conditions of this Sublease shall be affected thereby, and each provision of this Sublease shall be valid and enforceable to the fullest extent permitted by law.

SECTION 24. Entire Agreement

The Contract Documents enumerated in paragraph C of Section 1 of the Construction Services Agreement, which include this Sublease, constitute the entire agreement between Contractor and the District, and the Contract Documents shall not be amended, altered, or changed except by a written agreement signed by the parties hereto.

SECTION 25. Notices

Any notices or filings required to be given or made under this Sublease shall be served, given or made in writing upon the District or Contractor, as the case may be, by personal delivery or registered mail (with a copy sent via fax or regular mail) to the respective addresses given below or at such other address as such party may provide in accordance with the provisions herein. Any change in the addresses noted herein shall not be binding upon the other party unless preceded by no less than thirty (30) days prior written notice.

If to Contractor:

Edwards Construction Group, Inc.
991 Bennett Avenue
Arroyo Grande, CA 93450
Attn: Brad Edwards, President

If to the District:

Oxnard School District

1051 South A Street,
Oxnard, CA 93030
Attn: Dr. Ana DeGenna, Superintendent

With a copy to Gerald Schober
Vice President, Implementation Services
Caldwell Flores Winters, Inc.
521 N. 1st Avenue
Arcadia, CA 91006

Notices under this Agreement shall be deemed to have been given, and shall be effective, upon actual receipt by the other party, or, if mailed, upon the earlier of the fifth (5th) day after mailing or actual receipt by the other party.

SECTION 26. Titles

The captions or headings in this Sublease are for convenience only and in no way define, limit or describe the scope or intent of any provisions or sections of this Sublease.

SECTION 27. Time

Time is of the essence in this Sublease and each and all of its provisions.

SECTION 28. Applicable Law

This Sublease shall be governed by and construed in accordance with the laws of the State of California. The parties irrevocably agree that any action, suit or proceeding by or among the District and Contractor shall be brought in whichever of the Superior Courts of the State of California, Ventura County, or the Federal Court for the Central

District of California in Los Angeles, California, has subject matter jurisdiction over the dispute and waive any objection that they may now or hereafter have regarding the choice of forum whether on personal jurisdiction, venue, forum non conveniens or on any other ground.

SECTION 29. Execution in Counterparts

This Sublease may be executed in any number of counterparts, each of which shall be an original, but all of which together shall constitute one instrument.

SECTION 30. District Insurance

During the period after tenant improvement completion and beneficial occupancy of the Project and before the end of the Term, the District shall purchase and maintain Commercial General Liability and Property Insurance covering the types of claims set forth below which may arise out of or result from the District's operations of the Site and for which the District may be legally responsible: (i) claims for damages because of bodily injury, occupational sickness or disease or death of the District's employees; (ii) claims for damages because of bodily injury, sickness or disease or death of any person other than the District's employees; (iii) claims for damages insured by usual personal injury liability coverage which are sustained (a) by a person as a result of an offense directly or indirectly related to employment of such person by the District, or (b) by another person; and (iv) claims for damages, other than to the Project itself, because of injury to or destruction of tangible property, including loss of use resulting therefrom. Such insurance shall be in the coverage amount of $1,000,000 per occurrence and $2,000,000 aggregate. The insurance policy required of the District hereunder shall also name Contractor as an additional insured as its interests may appear. Such insurance shall be deemed to be primary and non-contributory with any policy maintained by Contractor and any policy or coverage maintained by Contractor shall be deemed to be excess over such insurance maintained by District.

IN WITNESS WHEREOF the parties hereto, intending to be legally bound thereby, have executed this Sublease effective as of the date first above written.

EXHIBIT A

PAYMENT PROVISIONS

Tenant Improvement Payments and the Sublease Payments shall be paid monthly and the total of the Tenant Improvement Payments and the Sublease Payments made shall not exceed the amount of the GMP as defined in Section 5 of the Construction Services Agreement. Each month Contractor shall provide the District with an itemized summary (in accordance with the provisions set forth in the Project Manual) indicating the percentage of work satisfactorily performed and signed off by the District's Inspector of Record, Architect and Project Manager.

The District shall pay Contractor in accordance with the procedures set forth in the Construction Services Agreement, the Project Manual and the portion of the GMP set forth as the Tenant Improvement Payments in accordance with Section 5 of the Construction Services Agreement, based on the amount of work satisfactorily performed and signed off by the District's Inspector of Record, Architect and Project Manager according to the approved Schedule of Values, less the retention applicable to said payment all in accordance with the procedures set forth in the Construction Services Agreement and/or the Project Manual.

The District shall pay Contractor Sublease Payments in the amount of **THIRTY-SEVEN THOUSAND TWO HUNDRED SEVENTY-EIGHT DOLLARS AND SIXTY-TWO CENTS ($37,278.62)** per month. The Sublease payments shall be consideration of the District's rental, use, and occupancy of the Project and the Site; the Sublease Payments shall include the portion of the Construction Costs financed by Contractor. The Sublease Payments shall commence with the Site Lease execution and continue for a total of **SIX (6)** months.

Proposal #IDR2024-0253

Project Name: Marina West Oxnard: Site Demolition

Integrated Demolition and Remediation ("IDR") respectfully submits the following scope and pricing on the above referenced project for your consideration.

Scope of work includes Scope as listed on Demolition Plans & Specs	
Site Demolition *Site Demolition at 2501 Carob St, Oxnard.* *- Demo (E) 1 Story Modular Building (8 ea) (upto 975 sf) & Ramp* *- Demo (E) 1 Story Modular Building (upto 1025 sf) & Ramp* *- Demo (E) 1 Story Modular Building (upto 1700 sf) & Ramp* *- Demo (E) 1 Story Modular Building (upto 1550 sf) & Ramp* *- Demo (E) Landscape (upto 3750 sf)* *- Demo (E) Portion of Deck Assembly (upto 1090 sf)* *- Demo (E) Portion of Concrete Trike Path* *- Demo (E) Chainlink Fence & Gate (upto 1060 sf)* *- Demo (E) Asphalt Paving (upto 9022 sf)* *- Demo (E) Concrete Pad & Swale (upto 333 sf)* *- Demo (E) Concrete Ramp & Walkway (upto 805 sf)* *- Demo (E) Trash Enclosure & Transformer* *- Saw Cut (E) Concrete & Asphalt*	**$ 198,800.00**

Contract Documents, Plans and Specifications:

- AA1.02: Enlarged Demo Site Plan

Contract Conditions and Assumptions: This proposal or listed clarifications, conditions and exclusions in this proposal will be included as part of any mutually agreed upon contract

- The proposal is based on One mobilization; additional mobilization will be billed at $ 5,500.00/mob
- This proposal excludes Shoring / Bracing / Temporary Protection
- All utility safe-offs by others
- Striping Removal is excluded from this proposal
- The proposal is based on prevailing wages
- **Hazardous Abatement is excluded from this proposal; Owner to provide a copy of**

the survey prior to starting of demolition

- This proposal does not include any layouts. All layouts to be done by GC
- Site security and site fencing will be provided by the GC/owner
- No overtime included in this proposal
- Cap-off and rerouting of utilities are to be done prior to IDR mobilization
- Import /Export of soil / dirt is excluded from this proposal
- Owner/GC to provide local building/demolition permits
- Base under the Asphalt and Concrete is excluded
- Foundations no more than 2' thick by 2' wide and no deeper than 5'
- Underground utility removal is excluded from this proposal
- All repairs and patch back as a result of demolition are not included
- This proposal excludes PLA/PSA/CWA/Union Agreements
- This proposal excludes Earthwork, Grading, Excavation, Hydro seeding, Erosion Control, and SWPPP
- All items to be relocated & salvaged from the site shall be removed prior to IDR mobilization by others

Exclusions
Bond, site security, weather protection, liquidated damages, unforeseen conditions, salvage for others, shoring, relocation, bracing, engineering, staking, layout, lagging, underpinning, dewatering, pedestrian barricades, protective covers, off-site work, standby time due to owner/contractor delays, handling asphalt with Petromat fabric or concrete plastic below asphalt, utility rerouting or reconnection, permits, termination of utility accounts; specialty insurance items not listed in this proposal.

THIS PROPOSAL IS VALID FOR THIRTY (30) DAYS.

Upon commencement of work, this proposal shall become a binding contract between both parties unless or until superseded by a formal, mutually agreed upon contract, at which time this proposal shall become a part of the new contract document.

Please feel free to contact me with any comments or questions on my cell phone 714-483-1534 or email at chet@idrdemo.com.

Reference: Marina West ES – New Modular Classrooms
Location: 2501 Carob Street, Oxnard CA

Proposal for: 03300 Concrete

We herewith propose to provide labor, material, and equipment to perform the required concrete work on this project. Work to be performed in accordance with plans and specifications by Flewelling and Moody. Plan set: C1.01, C1.02, C2.01, C2.02, C3.01, C3.02, C5.01 dated 6/17/24, A1.01, A1.02, A1.03, A1.04, A1.05, Manufacturer Drawings – 59 Sheets dated 4/5/24. No addendums noted.

This proposal is based on the following conditions:

1. **The bid item pricing is based on the project in its entirety** and is not intended to be used as stand alone pricing. If DJS Contracting is required to perform some of the bid items below but not all, there may a cost increase to those bid items.

2. This proposal is based on work performed during regular working hours. Regular working hours are defined as Monday through Friday, excluding Holidays, and 8 hours per day. Non-regular working hours, including weekends and overtime, are not included in this proposal. If DJS Contracting is required to expedite the job to meet accelerated job schedules, DJS Contracting will require compensation for the additional cost.

3. We have the right to mutually agree to the construction schedule.

4. This proposal is valid for the duration of (30) days and is based on our current price of materials, labor and equipment. Any contract issues as a result of this proposal shall contain a "Fair And Equitable Escalation Clause."

Proposal

Modular Building Cast-in-place Concrete:	$662,000.00
Site Work Concrete:	$175,000.00
Trash Enclosure Concrete:	$22,500.00
Trash Enclosure CMU:	$10,750.00

Inclusions

1. Cost and fees for AB219 Legislation.
2. Skilled and trained workforce.

3. DJS to receive new building pads at Slurry slab subgrade ready for foundation excavation. Pad at exterior foundation to be laid back for stem wall formwork (Earthwork by others).
4. Excavation of new building foundations.
5. Supply and installation of concrete reinforcing steel as required.
6. Form work as required for new concrete work.
7. Form work installation for new stem walls and pilasters.
8. Templates as required for reinforcing steel.
9. Installation of embeds in concrete (supplied by others).
10. Place and finish building pad foundations for (5) 72'x40' modulars with pedestals and poured in place stem walls.
11. Place and finish concrete for new 3" sand slurry gopher slab.
12. Concrete work for crawl space access vent well.
13. Installation of 4,092 standard grey concrete paving per detail B on C5.01.
14. Installation of 24 lft of curb at play surface per detail 6 on A1.04.
15. Installation of 38 lft of 6" curb per note 8 on C3.01 and detail F on C5.01.
16. Installation of 182 lft 6"x2' tall max retaining curb per note 10 on C3.01 and detail 5 on A1.04.
17. Installation of 168 lft concrete gutter per note 9 on C1.03.
18. Installation of 15 lft concrete flume per note 12 on C1.03.
19. Installation of (1) 6'x4' truncated dome per note 13 on C1.03.
20. Installation of 142 sqft vehicular grey concrete per note 14 on C1.03.
21. Installation of 88 lft of 6" round curb per detail 3 on L1.02.
22. Installation of 230 lft 6" mow strip per detail 1 on L1.02.
23. Installation of 134 lft curb at place surface per detail 3 on L1.02.
24. Installation of trash enclosure slab with foundations per detail 5 on A1.05.
25. Installation of grey medium weight CMU trash enclosure walls per detail 5 on A1.05.
26. Installation of control and expansion joints as required in new concrete.
27. Curing of new concrete as required.
28. Concrete pump placement as required for or scope of work.
29. Supply and removal of concrete washout boxes as required for our scope of work.
30. Stockpile of earth spoils onsite (no more than 100' from excavation site).

Exclusions

1. Supply and installation/setting of poly vents.
2. Supply and installation of vapor barrier (plans do not call for it).
3. Note 4 on S2.1, embed plates to be supplied and installed by modular manufacturer.
4. Mow curb around new modular buildings.
5. Play structure foundations.
6. Demolition and sawcut of existing structures.
7. Sub grade preparation and compaction (Sub grade to be left within +0 to -1/10 by others, if found to be unsuitable a change order will be issued).
8. Compaction of bottom of new foundation and earth sub grade preparation.
9. Mass excavation, over excavation/re-compaction, excavation into rock if required, and backfill.
10. Haul off and or export of our earth spoils from site.
11. Installation of signs, gate foundation, light pole foundations, bollards, and fence post foundations.
12. All site concrete work not in inclusions, including: concrete under play surfaces, catch basins, precast wheel stops, drainage structures, storm drains, and play equipment foundations.
13. Dewatering of excavations from surface water, rain water, ground water or seepage.
14. Storm water control pollution control.
15. Joint sealants (supply and installation).

16. Sealed concrete, epoxy coatings (Non slip Texture), polished concrete, and finishes other than concrete.
17. Sealed concrete finishes other than a cure/sealer application that can be applied directly after concrete placement.
18. Colored concrete.
19. Concrete hardeners or fibers in concrete mix design.
20. Water proofing.
21. Supply and furnishing of embeds, anchor bolts, and sleeves in cast-in-place concrete work.
22. Fees for bond and cost of bond if required.
23. Building and Site Engineered Survey.
24. Construction fencing.
25. Traffic control, flag men, and pedestrian control.
26. Lane closures, permits and fees, (if required).
27. Access (access to our work if needed provide by others).
28. Water and power as required for completing our scope of work.
29. Precast concrete, GRFC concrete, supply and installation (if required).
30. Locating and protection of existing underground utilities.
31. Concrete encasement of underground pipes and utilities.
32. Concrete work for other trades.

Sincerely,
DJS Team

Marina West ES modulars 1,1A,2,2A,3 October 30, 2024

Our bond rate: 1%
Our Fed Tax ID: 95-3376896
DIR # 1000002536
Addendums 1-14 noted

$ 1,077,850

Our price includes all necessary labor, equipment, materials and supervision to complete the work shown on the structural, landscape and architectural plans as described below

Structural concrete as described below

1. Dig, form, set and pour all 3 building foundations concurrently, including access opening structures at each (5 total).
2. Weld plates installed at modular corners prior to pour (weld plates provided by others)
3. Deepened footings along Southern perimeter of building 2,2A due to lower exterior finished grade.
4. 3" rat slab poured at each building concurrently (1 move-on)

Site concrete

1. 4" PCC pedestrian and vehicular paving on 4" class II base
2. 4" Vehicular paving on 6" Class II base where shown on C3.01
3. PCC thickened edges at planter areas
4. Curb at parking areas
5. Pedestrian ramp with truncated domes
6. 24" ribbon gutter at East access area
7. Concrete flume structure
8. Concrete curb around play area perimeter per landscape drawings
9. Flush curb at turf area
10. Radius flush curbs for 4 tree wells per landscape drawings and details.
11. Footing for CMU trash area walls
12. Trash area curbs
13. Rebar for all items above

Exclusions for this project.

1. Excavation to bottom-of-rat-slab prior to footing construction. These sub-slab elevations are assumed to be provided by others, and to extend 2-3 feet beyond the building perimeters.
2. Backfill of the exterior building stem / footings
3. Any work required after July 1 labor increases (schedule not provided)
4. Multiple pours for building rat slabs or footings. All 3 buildings are assumed to be constructed concurrently
5. Sealing or coatings on slabs or flatwork.
6. Repair of existing concrete structures
7. Off site parking. Our work crews will be bringing tools and will need access to the jobsite.
8. Drain structures and catch basins.
9. Light standards or other lighting footings.
10. Survey.
11. Drypack
12. Patch-back for demo'd site paving for new utility trenches.
13. Footings for play equipment including ball walls, backstops, or play poles.

14. Water and Power to be supplied by others
15. All permits and inspection fees to be paid for by others.
16. Bid amount based on 40-hour workweek, Monday through Friday.
17. No obstructions.
18. Any cure, sealer or hardener on slabs other than that listed above.
19. Staining or polishing concrete.
20. Protection or clean-up of misc material.
21. Shop drawings (if required).
22. Any required excavation and recompaction of soils below footings or piers.
23. Costs for grades or grading in excess of $1/10^{th}$ ft.
24. Establishment of property lines, earth grades, benchmarks, control lines, and any required survey.
25. Dewatering of any kind.
26. Blockouts or installation of sleeves for other trades.
27. Fence, gate post, or misc. sign footings.
28. Supply, offload, storage, or inventory of miscellaneous metals.
29. Removal of excavation spoils from site. Spoils to be stockpiled in one or more locations onsite one time. Load, haul off, and disposal by others.
30. Welding.
31. Testing, inspections, and permits.
32. Rough concrete encasement for other trades including thrust blocks.
33. Dust control, street sweeping or cleaning.
34. Colored concrete other than that listed above.
35. Caulking, joint fillers or insulation material.
36. Sub drainage systems.
37. Protection of concrete surfaces after finishing.
38. Lane closure permits, traffic control, flagmen, or barricades.
39. Costs associated with rock, underground hazards, or wet or soft ground conditions or soil treatment or sterilization, including unsuitable soils in any excavation.
40. Responsibility to identify underground utilities before excavation or to move electrical wires that interfere with normal working procedures.
41. Demolition, drilling, doweling, or reworking of existing structures.
42. Temporary protection of our completed work.
43. Trash bins.
44. Furnishing of embedded items including anchor bolts, stair nosings, skate deterrents, etc.
45. O&P less than 15% on change orders – our overhead already exceeds 15%.
46. Grouting of metal door frames.

Should you have any questions, please don't hesitate to call.

Respectfully Submitted,

Eric Stroh

6		Bond				$ 297.33
7		Estimated Tax		1		$ 906.16
					Total	$ 29,520.85
					Grand Total Typical of 5	$ 147,604.24

Notes:

1. Foundation design charges include Structural engineering, review and stamp for DSA approval.
2. Additional design & foundation costs may be incurred if the site specific soils condition or CGS review prompt footings that are outside of Enviroplex's standard foundation design
3. Pursuant to DSA guidelines as described on the 1-MR form regarding the "Delegation of Authority for Modular & Relocatable Buildings," site specific inspection fees will be necessary for the concrete foundation. A SE is required to personally inspect and observe construction site conditions and foundation progress. The scope and scale of this requirement will generally relate to a number of factors including, but not limited to, the experience of the foundation contractor, foundation design complexity, building square footage, geographic location and site & soils condition. The SE's charges are included with this Proposal.

INSTALLATION CONDITIONS:

- **ACCESS:** Site should be clear, level and allow for unrestricted access of trucks and machinery.
- **STORAGE:** Customer is responsible for providing a secure location to off-load and store the equipment during the installation process. Once equipment has delivered to the site, the owner is responsible should theft or vandalism occur unless other arrangements are made and noted on the quotation.
- **FOOTER EXCAVATION:** Installation pricing is based on footer excavation through earth/soil only. Customer shall be responsible for unknown conditions such as buried utilities (public & private), tree stumps, rock, or any concealed materials or conditions that may result in additional labor or materials cost.
- **UTILITIES:** Owner is responsible for locating any private utilities.
- **ADDITIONAL COSTS:** Pricing is based on a single mobilization for installation unless otherwise noted. Price includes ONLY what is stated in this quotation. If additional site work or specialized equipment is required, pricing is subject to change.

Nipomo, CA 93444		**City State Zip:**	Oxnard, CA 93035
Jessica Gregory		**Estimate Ref.:**	E23562
(805) 614-9909		**Blum Contact:**	Josef W. Blum
jg@edwardscongroup.com		**Blum Email:**	jwblum@blumelectric.com

Thank you for the opportunity to bid the electrical construction of the above referenced project. For your consideration, please review the following pricing and related details:

Base Bid :	**Standard Scope and Specifications:**	**$274,054.91**
Additive Alternate A:	Excavation	$108,750.00
Additive Alternate B:	Structured cabling system	$68,739.58
Additive Alternate C:	Fire alarm system conduit/boxes/termination/wire	$46,308.25
Additive Alternate D:	Fire alarm system parts/smarts/programming/testing	$55,000.00
Total Bid including Alternates :		**$552,852.74**

Pricing is based on the following documents, hereafter referred to as reference documents:

- Electrical Sheets E0.1, E0.2, E0.3, E1.0, E1.1, E2.0, E3.0 dated 02.20.24 designed by JMPE.
- Addendums have not been noted.
- Prevailing Wage Rates have not been considered.

Pricing Options to Base Bid:

- Add Alternate A) Provide indicated trenching, backfill, and compaction per reference documents.
- Add Alternate B) Provide indicated structured cabling system per reference documents.
- Add Alternate C) Provide indicated fa system conduit/boxes/termination and wire per reference documents.
- Add Alternate D) Provide indicated fire alarm system parts, smarts, programming and testing per reference documents.

Project Scope Summary:

Contract Description: The work of this contract comprises the following:

Lighting and/or Lighting Controls

- n/a

Primary, Secondary, and/or Distribution Power

- Furnish and install indicated receptacles at locations per reference documents.
- Furnish and install indicated branch MC cable, conduit, and wire per reference documents.
- Furnish and install indicated switchgear per reference documents.
- Furnish and install indicated new breakers per reference documents.
- Furnish and install indicated disconnects per reference documents.
- Furnish and install indicated electrical safe off per reference documents.
- Furnish and install indicated new grounding per reference documents.
- Furnish and install indicated secondary conduit per reference documents.
- Furnish and install indicated single point electrical HVAC connection per reference documents.
- Furnish and install indicated precast concrete pull-boxes per reference documents.
- Terminate and test.

Low Voltage Systems

- Furnish and install indicated audio-video system conduit stubbed to accessible ceiling per reference documents.
- Furnish and install indicated structured media conduit stubbed to accessible ceiling per reference documents.

Accepted By: _____ Date _____ Authorized By: _____

Acceptance of herein contained pricing incorporates this proposal with any subsequent contract for same.

606 Linden Ave., Carpinteria, CA 93013 – DIR#1000003428 – Lic.#494283 (C-10) – Phone: 805.684.1010 - Fax: 805.684.2260

Project Scope Exclusions:

- Permits and related fees.
- Payment and performance bonding.
- Demolition.
- Materials & equipment stockpile, disposition, recycle, disposal and/or haul-off.
- Dumpsters and removal of jobsite related trash.
- Design, engineering, survey, and/or mockup.
- Premium time (any work after normal business hours or weekends).
- Title 24 testing.
- Arc fault/SSCS/insulation resistance testing, ground resistance testing.
- Roof penetrations / repairs / flashing / waterproofing.
- Temporary power, lighting, installation, support, and equipment.
- Coring and x-ray for cores.
- Primary utility feeds and equipment.
- Underground utility locating and dust control.
- HVAC equipment and equipment installation.
- HVAC control conduit, control wire, terminations, and/or connections.
- Existing conduit, wire, devices, and/or equipment designated for re-use.
- Conduit, wire, and devices for security, surveillance, and/or access control systems.
- Wire and devices for communication. (except as optioned)
- Any additional card reader conduit details not shown or stated.
- Required fire stopping/fire pads.
- Acceptance/megger testing.
- Required acoustical/sound dampening pads.
- Phased construction and/or multi-mobilized staging.
- Trenching, backfill, compaction. (except as optioned)
- Any rock removal larger than 12" diameter will be tracked on T&M.
- Any repair of unforeseen/unmarked additional underground utility conduits.
- In-ground water removal/control will be tracked on T&M.
- Shoring.
- Removal of spoils from jobsite.
- Boring.
- Saw cutting.
- Fire Marshal Design Build Adjustments of Fire Alarm Device Counts.
- Fire alarm system conduit, wire, boxes. (except as optioned)
- Fire alarm system installation. (except as optioned)
- AHJ to determine additional costs and requirements of the Fire Alarm System provided.
- Supply and installation of flow/tamper switches.
- VFD's and motor starters.
- Painting and surface finish matching of any kind.
- X-ray/Sonar of all underground and future slabs/walls.
- Barriers, street work, traffic control, and/or site conditions management.
- Plywood backboards, except as specified within the project scope.
- Formed and/or finished concrete pertaining to light and/or pole bases, equipment / housekeeping pads, encasement of above/below-ground conduits, and cable trench covers.
- Working with, or near, hazardous materials.
- Removal of trash and/or spoils from job site.
- Seismic Engineering and Structural Engineering.
- Seismic wire at lighting fixtures.
- Costs pertaining to CAD File copy, duplication, transmittal, and/or storage necessary for the proper execution

Acceptance of herein contained pricing incorporates this proposal with any subsequent contract for same.

Re: Equipment & Material delays due to current conditions

To Our Customers,

At Blum & Sons Electric, Inc, we are committed to pursuing the completion of our work in a safe, diligent, and reasonable manner during these challenging times. However, we must recognize that there is a strong likelihood we will encounter certain delays as, a result of this pandemic and subsequent "Supply Chain Issues".

As lockdowns have lifted, material demands have skyrocketed. Unfortunately, labor availability and global shortages of materials have combined further contributing to resultant extended lead times, low stock levels, delays in shipping, and cost increases.

Please consider this correspondence our formal notice of potential delay and price escalation in association with material and equipment purchases. Through no fault of our own, these material shortages and Supply Chain issues, are beyond our control, and have severely impacted our ability to supply critical materials. While the challenges brought on by the pandemic are not fully behind us, Blum & Sons Electric, Inc. remains completely committed to our customers' success. We understand that your success is our success, and we are passionate about placing our customers first, each and every day.

As always, the Blum & Sons Electric, Inc. Team appreciates your business.

Sincerely,

Josef W. Blum

Edwards Construction Group

Attn: Robert Perks

RE: Marina West ES
Earthwork Budget Proposal

Robert:

Damar Construction, Inc, is pleased to submit the following proposal for the above referenced project. Our scope of work is as follows:

Scope of Work:

1. Proposal is good for 30 calendar days.
2. Three moves to complete our scope of work.
3. Demo items 1-4, 6-9, and 11-16 only. All utilities (including irrigation) are to be removed by others. It is assumed that the existing play surface is on base, and not concrete.
4. Excavate and export excess soil generated by our operations only.
5. Overexcavate existing site soil to a depth of 7' below the bottom of the footings.
6. Supply and install two (2) flat layers of NX650 geogrid, and one (1) flat layer of 140N filter fabric, along with eighteen (18) inches of ¾" crushed rock at the bottom of the overexcavation beneath the building pads. Recompact existing site soil to establish finished pads.
7. Grade pads to +/- 0.10'. We will grade the pad once. Concrete contractor will need to regrade the pad after footings have been installed and prior to the placement of the rat slab.
8. Excavate and compact site per grading plan.
9. Pricing expressly excluded export of top 12" of subgrade and replacement of the 12" with "very low expansion" material. Lime treatment or cement treatment are also excluded. It is assumed all onsite soils are suitable for reuse in engineered and general fills.
10. Return to backfill exterior perimeter of building stem walls and establish subgrade for paved areas.
11. Return to establish subgrade for flatwork areas and rough in land areas. Land areas to be left at +/- 0.30' for amendments and fine grading by the landscape contractor.
12. See "Standard Exclusions" and "Escalation of Costs".

Mobilization:	**$6,450.00**
Demolition:	**$143,100.00**
Rough Grade:	**$394,320.00**
Fine Grade:	**$56,130.00**
	Total= $600,000

If you should have any questions, please contact our office at (805) 654-8438.

Sincerely,
Damar Construction, Inc.

Jason Fiscalini
Estimator / Project Manager

Enclosure

Standard Exclusions

1. Surveying, engineering, design, bonds, permits, or fees.
2. As-builts or mapping of existing improvements or utilities, or adjustment of utilities (pre or post construction).
3. Costs for project training, meetings, drug testing, or fingerprinting.
4. Sawcutting, double sawcutting, coring or detaching.
5. Asphalt demo if it contains petromat, or like materials.
6. Demo or removal of light standards, bollard footings, signpost footings, fence post footings, or other miscellaneous items not specifically called out in the scope.
7. Tree removals, stump removals, tree trimming, root picking, or hand grading at drip lines.
8. Clearing & grubbing includes surface organics only. We exclude any/all organic material beneath the surface.
9. Waste management plans.
10. Abatement, refrigerant recovery, or handling/disposing of any hazardous materials for demolition work.
11. Phasing of work unless it is specifically addressed in scope.
12. Soils testing or additional work required by environmental specifications.
13. Structural excavation or backfill or backfill of interior walls or footings.
14. Overexcavation for retaining walls, screen walls, or other site features not specifically called out in scope above.
15. Backfill of retaining walls, waterproofing, or drain pockets.
16. Dewatering, "mucking", drying of materials, or pumping of nuisance water or ground water.
17. Notching or grading for thickened edges, concrete bands, curbs, mow strips, stairs, slab depressions, swales, or v-ditches. Any additional notching or excavating will need to be cut/cleaned up by the concrete contractor.
18. Grading, leveling, or removal of spoils for scaffolding.
19. Excavation to top of footing for walls or structures. Excavation will be made to subgrade.
20. Backfilling of sidewalks, flatwork, curbs, planters, paving, or other improvements.
21. Fine grade of landscape areas, or screening of soils for landscape use. Furnishing or placing of topsoil or amendments.
22. SWPPP implementation, monitoring, maintenance, or removal, including gravel entries and rattle plates.
23. Slot cutting, shoring, lagging, bracing, or underpinning.
24. Handling or disposing of hazardous materials.
25. Handling, disposing, or exporting of spoils generated by other trades.
26. Potholing, locating, relocating, abandoning, disconnecting or removal of utilities, cesspools, wells, septic tanks, or other buried objects.
27. Protection, support, shoring, bracing, or encasing of any existing utilities.
28. Tree or vegetation protection or fencing.
29. Cost of construction water. Adequate, developed water to be provided on-site.
30. Traffic control, signs, flagging, barricades, safety fencing or sweeping.
31. Regrading after improvements have been started by others.
32. Weed abatement or re-clearing due to the passing of time.
33. Regrading due to weather events or damage by others.
34. Grading around risers. All risers to be cut below subgrade elevations prior to fine grade beginning.
35. Dust control when we are not actively working onsite.
36. Stabilization of subgrade or replacement of unsuitable soils. It is assumed that onsite soil can be reused unless otherwise stated in scope. Damar is not responsible for the organic content of soil.
37. Soil sterilization or termite control.
38. Pre-saturation of subgrade for concrete slabs or other improvements.
39. Rock breaking or rock excavation that cannot be completed productively with the onsite equipment.
40. Screening/disposal of oversized materials. Screening, picking, or disposal of trash or deleterious materials.
41. Construction of, grading for, or removal of crane access or fire truck roads/ramps.
42. Air pollution plan, notification, or control.
43. Excavation or grading for detention basins, bio-remediation basins, vegetated swales, v-ditches, anchor trenches.
44. Supply or installation of piping, gravel, fabric, mulch, or bio media.
45. Importing of soil or compaction of soil imported by others.
46. Repair of damage by others.
47. Additional insurance requirements.
48. Off-site demolition or grading. Off-site is defined as anything outside the property line, and or anything out in a public street, sidewalk, alley, etc.
49. Mobilization costs ***do not*** include added costs for re-routing due to long term highway closures or re-routing. Additional costs will apply as necessary.

Escalation of Costs:

Notwithstanding any other provision in this Contract to the contrary, should Subcontractor's costs for labor, materials, supplies or equipment to complete the Work Subcontractor is obligated to perform pursuant to this Contract increase as a result of a Force Majeure event, as defined herein, Subcontractor shall be entitled to recover the difference between the amount Contractor actually pays and the cost Contractor used when preparing its bid for the Project as evidenced by vendor bids, purchase orders, rental agreements or labor estimates. Subcontractor's ability to recover additional amounts for increased costs, as provided in this provision, shall not preclude Subcontractor from recovering other costs resulting from delays to the critical path of the Project. For purposes of this provision, a Force Majeure event shall include the following:

A. Severe weather that precludes work on the Project;
B. Earthquakes in excess of magnitude 5.5 with an epicenter within 25 miles from the project site;
C. Floods, tidal waves or wildfires;
D. Government order, regulation or statute stopping work at the project site;
E. Pandemics or Epidemics;
F. War;
G. Terrorist events as determined by the United States Government;
H. Riots or civil unrest that preclude work on the Project;
I. Software hacking or malware, including loss of access to the internet cloud;
J. Labor strikes;
K. Quotas, tariffs, rationing, hoarding, scarcity, or environmental concerns affecting the ability of Contractor to procure materials or equipment for the Project; and
L. Loss of access to materials from a single source where no substitute is available and early purchase of materials was not possible.

4. IMPORT
5. **DEMOLITION OF EXISTING BUILDING AND/OR RELOCATION.**
6. REMOVAL OF EXISTING UTILITIES.
7. REMOVAL OR HANDLING OF HAZARDOUS, TOXIC AND LEAD MATERIALS IS EXCLUDED.
8. STORM WATER POLLUTION CONTROL PLAN OR IMPLEMENTION.
9. COMPACTION TESTING
10. LIQUIDATED DAMAGES
11. FINE GRADING FOR IMPROVEMENT WORK.
12. EROSION CONTROL
13. UNLESS SPECIFICALLY STATED ELSEWHERE, CLEANUP OF SPOILS CAUSED BY "OTHERS" IS EXCLUDED.
14. DEWATERING
15. LANDSCAPE RESTORATION
16. IRRIGATION RELOCATION
17. INSTALLATION AND/OR RELOCATION AND/OR HANDLING OF TEMPORARY AND/OR PERMANENT FENCING OF ANY KIND. IN CASE OF ANY FENCING WORK DIRECTED BY OWNER OR GC, SUCH WORK WILL BE CONSIDERED AS EXTRA WORK, AND TORO SHALL BE PAID FOR IT ON T&M BASIS.

Fuel & Lubricants Price Escalation:

Prices in Toro's bid for projects with high fuel & lubricants consumption (i.e. including but not limited to grading jobs) are based substantially on fuel & lubricants prices that were in effect on the date of Toro's final bid (**Base Price**). Due to extreme volatility in fuel & lubricants market, project Owner and/or General Contractor concur that by entering into Subcontract Agreement with Toro in this project, project Owner and/or General Contractor agree to reimburse Toro for fuel & lubricants price escalation that occurred during the life of this project as stipulated herein:

- The contractual base prices for fuel & lubricants are the prices that were in effect on the date of Toro's final bid (**Base Price**).
- Toro shall absorb the initial 10% percent increase in fuel & lubricants prices above the **Base Price**.
- Project Owner and/or General Contractor agree to reimburse Toro for fuel & lubricants price increase that exceeds the initial 10%.
- Reimbursement for fuel & lubricants price increase shall not include any markup for overhead and profit.
- The burden of proof to demonstrate fuel & lubricants price increase shall rest solely on Toro, and it shall consist of proving documented difference between fuel & lubricants prices on final bid date (**Base Price**) vs. prices at any given date during the life of the project, in which the price exceeds the **Base Price** plus 10%.
- Calculations of fuel & lubricants price increase shall be prepared and submitted by Toro to project Owner and/or General Contractor at the end of each month. Upon review and approval, project Owner and/or General Contractor shall issue an Add Change Order to reimburse Toro for the monthly increase in fuel & lubricants price.

Important Bid Note:

A. ***Prices in Toro's bid for this project are based in part on labor and materials cost that were in effect on the date of Toro's final bid. Due to dynamic market conditions, labor & materials cost are expected to rise during the life of this project. Therefore, by entering into Contract with Toro, project Owner and/or GC agree to pay Toro for price escalation in labor and/or materials, for escalation that occurs between Toro's final bid date and final completion of the project. In such cases, the burden of proof to demonstrate escalated cost of labor and/or materials rests solely on Toro, and it shall consist of proving documented difference between labor and/or materials prices on final bid date vs. prices at any given date during the life of the project. Payment to Toro for escalated prices of labor and/or materials shall be limited to actual proven cost increase, without any markup.***

B. ***In case that actual number of Mobilizations per specific discipline and/or phase exceed the number stipulated in Toro's Bid, then each additional mobilization for such discipline and/or phase shall be paid to Toro as an extra at unit price stipulated in the Bid. One continued operation per period in specific discipline and/or phase counts for one mobilization in that discipline and/or phase.***

Proposal No. 24169A
October 4, 2024

transmitted via email: jg@edwardscongroup.com

PROJECT: Oxnard School District – Marnina West Elementary School New Modular Classroom Buildings located at 2501 Carob Street in Oxnard, CA 93035

PROPOSED SCOPE OF WORK

American Construction Group, Incorporated (ACG) proposes to provide the following construction services:

Mobilization:

1. Provide the following mobilization activities:
   a. Provide material submittals.
   b. Attend a pre-construction kick-off meeting and progress meetings as necessary with project stakeholders.
   c. Mobilize/demobilize equipment, material, and trained personnel.
   d. Provide dust control and general housekeeping for American Construction Group's (ACG) scope of work.
   e. Mark/call for DigAlert and perform underground utility survey under demo and earthwork disturbed areas.
   f. Includes 3 days of potholing with hydrovac truck. Any rerouting of utilities to accommodate excavation is not included.
   g. Construction fencing is not included.

SWPPP:

2. Furnish/install the following SWPPP Items:
   a. Gravel bag barriers and inlet protection. ACG to maintain only while onsite. **Client to maintain while ACG is offsite.**
   b. Construction Entrance, SWPPP plans, inspections, weather/rain prep/repair, reporting is not included.

Earthwork (Assumes subgrade is existing to 6" of design):

3. Grade/place base/backfill for the following items:
   a. Swales (v gutter), parking lot concrete subgrade, curbs, trash enclosure, pedestrian walk, landscape/play surface area, asphalt play areas/walkways.
   b. Excludes excavation/backfill of trenches for utilities.
4. Furnish/Place 6"" base under asphalt.
5. Grade for building slab and excavate for Building Footings. **Assumes no utilities other than drains are under the building footprint. Relocation of utilities is not included.**

PRICING AND SCHEDULE

Bid Item	Desription	Quantity	UM	Unit Price	Amount
1	Earthwork Mobe	1	LS	$ 11,500.00	$ 11,500.00
2	☒renching	1	LS	$ 97,735.00	$ 97,735.00
3	Grading for Hardscape/Landscape	1	LS	$ 133,600.00	$ 133,600.00
4	6" Base for Sitework	8,475	SF	$ 6.50	$ 55,087.50
5	Building Slabs Grading and Foundation Exc	1	LS	$ 105,000.00	$ 105,000.00
				Subtotal	**$ 402,922.50**
				P&P Bond (3%)	**$ 12,087.68**
				Total	**$ 415,010.18**

Estimated Project Duration: approximately **42 working days** (plus other trades, selected options if any, cure time, and agency/owner inspections) to complete the base bid scope of work described above.

NOTES/ASSUMPTIONS/CONDITIONS

1. This proposal is based on the partial plans and specifications for Oxnard School District – Marnina West Elementary School New Modular Classroom Buildings.
2. Work will be done in up to 2 mobilizations.
3. Permits, bonds, builders risk insurance, fees and other professional services are not included. **P&P bonding rate is 3% and should be added to price if needed.**
4. Proposal is based on 8-hour standard shifts, Monday through Friday, between 6:00AM and 5:00PM.
5. Sanitary facilities to be provided by Client for ACG use.
6. **Embedded items (including grating, anchor bolts, railings, posts, wear plates, etc.) are not included unless specifically listed as an ACG furnished material in the scope section above.**
7. Traffic control, demolition, surface preparation, excavation, over-excavation, dewatering, shoring, crushed base installation for paving, backfill around concrete, drilling, asphalt patching/paving/grading, temporary fence, pipe slab penetration sealing, grouting, concrete wet curing, waterproofing, epoxy coated rebar, coring, painting/coating/sealing, coating removal, fence post concrete/rebar, grounding/bonding and vapor barriers/systems are not included unless specifically included in the scope section above.
8. **All other tasks, items of work, and/or bid items are excluded unless specifically included in this proposal.**
9. Client to provide properly compacted subgrade to +/-1/2" tolerance to plan subgrade.
10. Completed concrete to be protected by others after ACG demobilizes.
11. ACG is not responsible for damages to walls or concrete due to settlement or earth movement.
12. QA/QC testing (compaction/concrete/etc.), deputy inspections, trial batching, and survey (including as-builts) is not included.
13. Water source (water truck, hose bib, 2" hydrant connection) is available to ACG at no cost w/in 200' of our work.
14. SWPPP development, implementation, and reporting is excluded unless specifically included in scope section above.
15. Level D PPE is included (additional PPE levels are available at an additional charge).
16. Assumes 40-hour HAZWOPER training certs and/or Owner/Client site-specific safety or other badging/training are not required (if required, training time will be billed on a time and material basis).
17. No retention to be withheld from progress payments unless required by Owner's Prime Contract.
18. No Liquidated Damages shall be assessed unless a schedule is expressly agreed upon by ACG in writing at the time of contract execution.
19. This proposal shall be included in the contract as a superseding amendment to the contract scope section.
20. All prices are contingent upon a mutually agreed working schedule, contract terms, and insurance requirements at the time that the contract is executed.
21. **Pricing is valid for 30 days.**
22. ACG is a certified Small Business Enterprise (SBE) and a Veteran-Owned Small Business (VOSB). California DGS Certification ID 2021041, DIR #PW-LR-1000751993.

Thank you for the opportunity to submit this proposal. If you have any questions or comments, please feel free to contact me at (818) 926-5697.

Proposal No. 24169CR1
October 8, 2024

transmitted via email: jg@edwardscongroup.com

PROJECT: Oxnard School District – Marnina West Elementary School New Modular Classroom Buildings located at 2501 Carob Street in Oxnard, CA 93035

PROPOSED SCOPE OF WORK

American Construction Group, Incorporated (ACG) is providing this over-excavation and mass grading proposal based on the plans and specifications, the UES Preliminary Geotechnical Engineering Investigation and Geologic Hazards Evaluation Report dated January 31, 2024, and the email received 10/8/2024 from Brad Edwards allowing re-use of onsite soil.

Over-Excavation/Mass Grading:

1. Mobilization: Provide the following mobilization activities:
   a. Provide material submittals.
   b. Attend a pre-construction kick-off meeting and progress meetings as necessary with project stakeholders.
   c. Mobilize/demobilize equipment, material, and trained personnel.
   d. Provide dust control and general housekeeping for American Construction Group's (ACG) scope of work.
   e. Mark/call for DigAlert and perform underground utility survey under demo and earthwork disturbed areas.
   f. Includes 3 days of potholing with hydrovac truck. Any rerouting of utilities to accommodate excavation is not included.
   g. Construction fencing is not included.
2. Excavate up to 10,000 CY under the classroom building per Notes on Sheet AA1.03 and C3.02 (up to and 18" under asphalt/concrete walks/pavement and stockpile onsite for reuse. Price is based on 1,250 CY per day minimum.
   a. **Dewatering, drying of wet soil, and any shoring required is not included.** Assumes sloping/benching is achievable as stated on Sheet C1.02 Grading Notes, "all cut slopes shall be investigated both during and after grading by an engineering Geologist to determine if any slope stability problem exists should excavation disclose any Geological hazards or potential geological hazards. The engineering geologist shall recommend necessary treatment to the construction manager for approval."
3. Place and compact up to 9,500 CY of onsite stockpiled soil and make pad grade (bottom of slurry slab or surrounding asphalt/concrete subgrade). Based on 600 CY per day minimum.
4. Export up to 3,700 tons of soil to a licensed facility. Based on minimum 533 TN exported per day. **If saturated, add additional $29 per ton.**

Alternate Pricing – Geogrid and Rock:

1. Furnish/place a 2' thick section of 3" minus rock, up to 2,600 tons, with two layers of Tensar 1200 biaxial geogrid and two layers of filter fabric

PRICING AND SCHEDULE

Estimated Project Duration: approximately **45 working days** (plus other trades, selected options if any, cure time, and agency/owner inspections) to complete the base bid scope of work described above.

Bid Item	Desription	Quantity	UM	Unit Price	Amount
1	Earthwork Mobe	1	LS	$ 58,000.00	$ 58,000.00
2	Excavation	10,000	CY	$ 9.30	$ 93,000.00
3	Recompact and Make Subgrade	9,500	CY	$ 23.00	$ 241,000.00
4	Export	3,700	TN	$ 43.00	$ 159,100.00
Alt 1	Geogrid and 2' Rock Layer	20,000	SF	$ 16.00	$ 320,000.00
				Subtotal	**$ 871,100.00**
				P&P Bond (3%)	**$ 26,133.00**
				Total	**$ 897,233.00**

NOTES/ASSUMPTIONS/CONDITIONS

1. This proposal is based on the plans and specifications for Oxnard School District – Marnina West Elementary School New Modular Classroom Buildings.
2. Work will be done in up to 1 mobilization.
3. Permits, bonds, builders risk insurance, fees and other professional services are not included. **P&P bonding rate is 3% and should be added to price if needed.**
4. Proposal is based on 8-hour standard shifts, Monday through Friday, between 6:00AM and 5:00PM.
5. Sanitary facilities to be provided by Client for ACG use.
6. **Embedded items (including grating, anchor bolts, railings, posts, wear plates, etc.) are not included unless specifically listed as an ACG furnished material in the scope section above.**
7. Traffic control, demolition, dewatering, shoring, drying of material, crushed base installation for paving, backfill around concrete, drilling, asphalt patching/paving/grading, temporary fence, and vapor barriers/systems are not included unless specifically included in the scope section above.
8. **All other tasks, items of work, and/or bid items are excluded unless specifically included in this proposal.**
9. Completed concrete to be protected by others after ACG demobilizes.
10. QA/QC testing (compaction/concrete/etc.), deputy inspections, trial batching, and survey (including as-builts) is not included.
11. Water source (water truck, hose bib, 2" hydrant connection) is available to ACG at no cost w/in 200' of our work.
12. SWPPP development, implementation, and reporting is excluded unless specifically included in scope section above.
13. Level D PPE is included (additional PPE levels are available at an additional charge).
14. Assumes 40-hour HAZWOPER training certs and/or Owner/Client site-specific safety or other badging/training are not required (if required, training time will be billed on a time and material basis).
15. No retention to be withheld from progress payments unless required by Owner's Prime Contract.
16. No Liquidated Damages shall be assessed unless a schedule is expressly agreed upon by ACG in writing at the time of contract execution.
17. This proposal shall be included in the contract as a superseding amendment to the contract scope section.
18. All prices are contingent upon a mutually agreed working schedule, contract terms, and insurance requirements at the time that the contract is executed.
19. **Pricing is valid for 30 days.**
20. ACG is a certified Small Business Enterprise (SBE) and a Veteran-Owned Small Business (VOSB). California DGS Certification ID 2021041, DIR #PW-LR-1000751993.

Thank you for the opportunity to submit this proposal. If you have any questions or comments, please feel free to contact me at (818) 926-5697.

Proposal for: 03300 Concrete

We herewith propose to provide labor, material, and equipment to perform the required concrete work on this project. Work to be performed in accordance with plans and specifications by Flewelling and Moody. Plan set: C1.01, C1.02, C2.01, C2.02, C3.01, C3.02, C5.01 dated 6/17/24, A1.01, A1.02, A1.03, A1.04, A1.05, Manufacturer Drawings – 59 Sheets dated 4/5/24. No addendums noted.

This proposal is based on the following conditions:

1. **The bid item pricing is based on the project in its entirety** and is not intended to be used as stand alone pricing. If DJS Contracting is required to perform some of the bid items below but not all, there may a cost increase to those bid items.

2. This proposal is based on work performed during regular working hours. Regular working hours are defined as Monday through Friday, excluding Holidays, and 8 hours per day. Non-regular working hours, including weekends and overtime, are not included in this proposal. If DJS Contracting is required to expedite the job to meet accelerated job schedules, DJS Contracting will require compensation for the additional cost.

3. We have the right to mutually agree to the construction schedule.

4. This proposal is valid for the duration of (30) days and is based on our current price of materials, labor and equipment. Any contract issues as a result of this proposal shall contain a "Fair And Equitable Escalation Clause."

Proposal

Modular Building Cast-in-place Concrete:	$662,000.00
Site Work Concrete:	$175,000.00
Trash Enclosure Concrete:	$22,500.00
Trash Enclosure CMU:	$10,750.00

Inclusions

1. Cost and fees for AB219 Legislation.
2. Skilled and trained workforce.

3. DJS to receive new building pads at Slurry slab subgrade ready for foundation excavation. Pad at exterior foundation to be laid back for stem wall formwork (Earthwork by others).
4. Excavation of new building foundations.
5. Supply and installation of concrete reinforcing steel as required.
6. Form work as required for new concrete work.
7. Form work installation for new stem walls and pilasters.
8. Templates as required for reinforcing steel.
9. Installation of embeds in concrete (supplied by others).
10. Place and finish building pad foundations for (5) 72'x40' modulars with pedestals and poured in place stem walls.
11. Place and finish concrete for new 3" sand slurry gopher slab.
12. Concrete work for crawl space access vent well.
13. Installation of 4,092 standard grey concrete paving per detail B on C5.01.
14. Installation of 24 lft of curb at play surface per detail 6 on A1.04.
15. Installation of 38 lft of 6" curb per note 8 on C3.01 and detail F on C5.01.
16. Installation of 182 lft 6"x2' tall max retaining curb per note 10 on C3.01 and detail 5 on A1.04.
17. Installation of 168 lft concrete gutter per note 9 on C1.03.
18. Installation of 15 lft concrete flume per note 12 on C1.03.
19. Installation of (1) 6'x4' truncated dome per note 13 on C1.03.
20. Installation of 142 sqft vehicular grey concrete per note 14 on C1.03.
21. Installation of 88 lft of 6" round curb per detail 3 on L1.02.
22. Installation of 230 lft 6" mow strip per detail 1 on L1.02.
23. Installation of 134 lft curb at place surface per detail 3 on L1.02.
24. Installation of trash enclosure slab with foundations per detail 5 on A1.05.
25. Installation of grey medium weight CMU trash enclosure walls per detail 5 on A1.05.
26. Installation of control and expansion joints as required in new concrete.
27. Curing of new concrete as required.
28. Concrete pump placement as required for or scope of work.
29. Supply and removal of concrete washout boxes as required for our scope of work.
30. Stockpile of earth spoils onsite (no more than 100' from excavation site).

Exclusions

1. Supply and installation/setting of poly vents.
2. Supply and installation of vapor barrier (plans do not call for it).
3. Note 4 on S2.1, embed plates to be supplied and installed by modular manufacturer.
4. Mow curb around new modular buildings.
5. Play structure foundations.
6. Demolition and sawcut of existing structures.
7. Sub grade preparation and compaction (Sub grade to be left within +0 to -1/10 by others, if found to be unsuitable a change order will be issued).
8. Compaction of bottom of new foundation and earth sub grade preparation.
9. Mass excavation, over excavation/re-compaction, excavation into rock if required, and backfill.
10. Haul off and or export of our earth spoils from site.
11. Installation of signs, gate foundation, light pole foundations, bollards, and fence post foundations.
12. All site concrete work not in inclusions, including: concrete under play surfaces, catch basins, precast wheel stops, drainage structures, storm drains, and play equipment foundations.
13. Dewatering of excavations from surface water, rain water, ground water or seepage.
14. Storm water control pollution control.
15. Joint sealants (supply and installation).

16. Sealed concrete, epoxy coatings (Non slip Texture), polished concrete, and finishes other than concrete.
17. Sealed concrete finishes other than a cure/sealer application that can be applied directly after concrete placement.
18. Colored concrete.
19. Concrete hardeners or fibers in concrete mix design.
20. Water proofing.
21. Supply and furnishing of embeds, anchor bolts, and sleeves in cast-in-place concrete work.
22. Fees for bond and cost of bond if required.
23. Building and Site Engineered Survey.
24. Construction fencing.
25. Traffic control, flag men, and pedestrian control.
26. Lane closures, permits and fees, (if required).
27. Access (access to our work if needed provide by others).
28. Water and power as required for completing our scope of work.
29. Precast concrete, GRFC concrete, supply and installation (if required).
30. Locating and protection of existing underground utilities.
31. Concrete encasement of underground pipes and utilities.
32. Concrete work for other trades.

Sincerely,
DJS Team

Marina West ES modulars 1,1A,2,2A,3 October 30, 2024

Our bond rate: 1%
Our Fed Tax ID: 95-3376896
DIR # 1000002536
Addendums 1-14 noted

$ 1,077,850

Our price includes all necessary labor, equipment, materials and supervision to complete the work shown on the structural, landscape and architectural plans as described below

Structural concrete as described below

1. Dig, form, set and pour all 3 building foundations concurrently, including access opening structures at each (5 total).
2. Weld plates installed at modular corners prior to pour (weld plates provided by others)
3. Deepened footings along Southern perimeter of building 2,2A due to lower exterior finished grade.
4. 3" rat slab poured at each building concurrently (1 move-on)

Site concrete

1. 4" PCC pedestrian and vehicular paving on 4" class II base
2. 4" Vehicular paving on 6" Class II base where shown on C3.01
3. PCC thickened edges at planter areas
4. Curb at parking areas
5. Pedestrian ramp with truncated domes
6. 24" ribbon gutter at East access area
7. Concrete flume structure
8. Concrete curb around play area perimeter per landscape drawings
9. Flush curb at turf area
10. Radius flush curbs for 4 tree wells per landscape drawings and details.
11. Footing for CMU trash area walls
12. Trash area curbs
13. Rebar for all items above

Exclusions for this project.

1. Excavation to bottom-of-rat-slab prior to footing construction. These sub-slab elevations are assumed to be provided by others, and to extend 2-3 feet beyond the building perimeters.
2. Backfill of the exterior building stem / footings
3. Any work required after July 1 labor increases (schedule not provided)
4. Multiple pours for building rat slabs or footings. All 3 buildings are assumed to be constructed concurrently
5. Sealing or coatings on slabs or flatwork.
6. Repair of existing concrete structures
7. Off site parking. Our work crews will be bringing tools and will need access to the jobsite.
8. Drain structures and catch basins.
9. Light standards or other lighting footings.
10. Survey.
11. Drypack
12. Patch-back for demo'd site paving for new utility trenches.
13. Footings for play equipment including ball walls, backstops, or play poles.

14. Water and Power to be supplied by others
15. All permits and inspection fees to be paid for by others.
16. Bid amount based on 40-hour workweek, Monday through Friday.
17. No obstructions.
18. Any cure, sealer or hardener on slabs other than that listed above.
19. Staining or polishing concrete.
20. Protection or clean-up of misc material.
21. Shop drawings (if required).
22. Any required excavation and recompaction of soils below footings or piers.
23. Costs for grades or grading in excess of $1/10^{th}$ ft.
24. Establishment of property lines, earth grades, benchmarks, control lines, and any required survey.
25. Dewatering of any kind.
26. Blockouts or installation of sleeves for other trades.
27. Fence, gate post, or misc. sign footings.
28. Supply, offload, storage, or inventory of miscellaneous metals.
29. Removal of excavation spoils from site. Spoils to be stockpiled in one or more locations onsite one time. Load, haul off, and disposal by others.
30. Welding.
31. Testing, inspections, and permits.
32. Rough concrete encasement for other trades including thrust blocks.
33. Dust control, street sweeping or cleaning.
34. Colored concrete other than that listed above.
35. Caulking, joint fillers or insulation material.
36. Sub drainage systems.
37. Protection of concrete surfaces after finishing.
38. Lane closure permits, traffic control, flagmen, or barricades.
39. Costs associated with rock, underground hazards, or wet or soft ground conditions or soil treatment or sterilization, including unsuitable soils in any excavation.
40. Responsibility to identify underground utilities before excavation or to move electrical wires that interfere with normal working procedures.
41. Demolition, drilling, doweling, or reworking of existing structures.
42. Temporary protection of our completed work.
43. Trash bins.
44. Furnishing of embedded items including anchor bolts, stair nosings, skate deterrents, etc.
45. O&P less than 15% on change orders – our overhead already exceeds 15%.
46. Grouting of metal door frames.

Should you have any questions, please don't hesitate to call.

Respectfully Submitted,

Eric Stroh

Proposal No. 24169B
October 4, 2024

transmitted via email: jg@edwardscongroup.com

PROJECT: Oxnard School District – Marnina West Elementary School New Modular Classroom Buildings located at 2501 Carob Street in Oxnard, CA 93035

PROPOSED SCOPE OF WORK

American Construction Group, Incorporated (ACG) proposes to provide the following construction services:

Mobilization:

1. Provide the following mobilization activities:
   a. Provide concrete mix designs and material submittals.
   b. Attend a pre-construction kick-off meeting and progress meetings as necessary with project stakeholders.
   c. Mobilize/demobilize equipment, material, and trained personnel.
   d. Provide dust control, concrete washout, and general housekeeping for American Construction Group's (ACG) scope of work.

Concrete:

2. Sidewalk: Form, furnish/install rebar/dowels, furnish/pour/finish concrete paving with broom finish, natural gray per Sheet C3.01 Note 3.
3. Concrete Curbs: Form, furnish/pour/finish concrete curbs per Sheet C3.01 Note 8
4. V-Gutters: Form, furnish/install rebar, furnish/pour/finish v-gutters per Sheet C3.01 Note 9.
5. Deep Concrete Edge: Form, furnish/install rebar, furnish/pour/finish concrete per Sheet C3.01 Note 10.
6. Flush Curbs: Form, furnish/pour/finish concrete curbs per Sheet C3.01 Note 11.
7. Concrete Flume: Form, furnish/install grating, furnish/install rebar, furnish/pour/finish concrete per Sheet C3.01 Note 12
8. Truncated Domes: Form, furnish/install truncated domes per C3.01 Note 13.
9. Vehicle Concrete Paving: form, furnish/install rebar/dowels, furnish/pour/finish concrete paving with broom finish, natural gray per Sheet C3.01 Note 14
10. Building Foundations: Form, furnish/install rebar, furnish/pour/finish building foundations per Structural Plans (two buildings 144'x40' and one at 72'x40'). **Client to provide sill plates for ACG to place.**
11. Gopher Slab: Form, furnish/pour/finish 2" thick gopher slab under buildings per 8" thick concrete pad Note 19 on Sheets C-3.01.
12. Trash Enclosure Footing: Form, furnish/install rebar, furnish/pour/finish concrete footing for trash enclosure footing per detail 10/AA1.05. **CMU block wall, in-wall rebar, and fence posts/panels/gates are not included.**

				Subtotal	**$ 742,577.00**
				P&P Bond (3%)	**$ 22,277.31**
				Total	**$ 764,854.31**

Estimated Project Duration: approximately **85 working days** (plus other trades, selected options if any, cure time, and agency/owner inspections) to complete the base bid scope of work described above.

NOTES/ASSUMPTIONS/CONDITIONS

1. This proposal is based on the partial plans and specifications for Oxnard School District – Marnina West Elementary School New Modular Classroom Buildings.
2. Work will be done in up to 3 mobilizations
3. Permits, bonds, builders risk insurance, fees and other professional services are not included. **P&P bonding rate is 3% and should be added to price if needed.**
4. Proposal is based on 8-hour standard shifts, Monday through Friday, between 6:00AM and 5:00PM.
5. Sanitary facilities to be provided by Client for ACG use.
6. **Embedded items (including grating, anchor bolts, railings, posts, wear plates, etc.) are not included unless specifically listed as an ACG furnished material in the scope section above.**
7. Traffic control, demolition, surface preparation, excavation, over-excavation, dewatering, shoring, crushed base installation for paving, backfill around concrete, drilling, asphalt patching/paving/grading, temporary fence, pipe slab penetration sealing, grouting, concrete wet curing, waterproofing, epoxy coated rebar, coring, painting/coating/sealing, coating removal, fence post concrete/rebar, grounding/bonding and vapor barriers/systems are not included unless specifically included in the scope section above.
8. **All other tasks, items of work, and/or bid items are excluded unless specifically included in this proposal.**
9. Client to provide properly compacted subgrade to +/-1/2" tolerance to plan subgrade.
10. Completed concrete to be protected by others after ACG demobilizes.
11. ACG is not responsible for damages to walls or concrete due to settlement or earth movement.
12. QA/QC testing (compaction/concrete/etc.), deputy inspections, trial batching, and survey (including as-builts) is not included.
13. Water source (water truck, hose bib, 2" hydrant connection) is available to ACG at no cost w/in 200' of our work.
14. SWPPP development, implementation, and reporting is excluded unless specifically included in scope section above.
15. Level D PPE is included (additional PPE levels are available at an additional charge).
16. Assumes 40-hour HAZWOPER training certs and/or Owner/Client site-specific safety or other badging/training are not required (if required, training time will be billed on a time and material basis).
17. No retention to be withheld from progress payments unless required by Owner's Prime Contract.
18. No Liquidated Damages shall be assessed unless a schedule is expressly agreed upon by ACG in writing at the time of contract execution.
19. This proposal shall be included in the contract as a superseding amendment to the contract scope section.

20. All prices are contingent upon a mutually agreed working schedule, contract terms, and insurance requirements at the time that the contract is executed.
21. Proposal pricing is valid for 30 days.
22. ACG is a certified Small Business Enterprise (SBE) and a Veteran-Owned Small Business (VOSB). California DGS Certification ID 2021041, DIR #PW-LR-1000751993.

Thank you for the opportunity to submit this proposal. If you have any questions or comments, please feel free to contact me at (818) 926-5697.

Respectfully,

Justin L. Gough
Vice President

OSD AGREEMENT #23-237

CONSTRUCTION SERVICES AGREEMENT

This Construction Services Agreement (hereinafter referred to as the "Agreement") is entered into this Seventeenth (17th) day of January, 2024, by and between the Oxnard School District, a California school district organized and existing under the laws of the State of California (hereinafter referred to as the "District") and Edwards Construction Group, Inc. which is a contractor licensed by the State of California, with its principal place of business at 2045 Preisker Lane, Suite A, Santa Maria, CA 93454 (hereinafter referred to as "Contractor").

WHEREAS, the District operates Marina West Elementary School, located at 2501 Carob Street, Oxnard, CA 93035 (hereinafter referred to as the "School Facility"); and

WHEREAS, the District desires to construct and modernize facilities and improvements (as more fully described below) at those portions of the School Facility identified in the Site Lease, as defined in Section 1G below (the "Site"); and

WHEREAS, the District has determined that it is in its best interests to pursue the improvements to the School Facility through the lease-leaseback method of project delivery pursuant to California Education Code §17406 which permits the governing board of the District, without advertising for bids, to lease to Contractor property owned by the District if the instrument by which property is leased requires the lessee to construct, or provide for the construction, on the leased property, of a facility for the use of the District during the term of the lease, and provides that title to that facility shall vest in the District at the expiration of the lease; and

WHEREAS, the District desires to finance a portion of the improvements utilizing the lease/leaseback methodology; and

WHEREAS, the District has conducted an RFQ process by which it selected Contractor; and

WHEREAS, the District intends to undertake work to improve the School Facility, the scope of which is generally described in **Exhibits A and B** attached hereto and incorporated by reference herein; and

WHEREAS, in connection with the approval of this Agreement, the District will enter into a site lease with Contractor, under which it will lease to Contractor the Site in order for Contractor to construct the Project as described in the Scope of Work set forth generally in **Exhibits A and B** (hereinafter referred to as the "Scope of Work"); and

WHEREAS, assuming that the District and Contractor can agree on the terms, including the price, for the additional scope of work, the District and Contractor anticipate that the scope of the Project may be amended to include additional work; and

WHEREAS, Contractor will lease the Site back to the District pursuant to a sublease agreement, under which the District will be required to make payments to Contractor for the use and occupancy of the Site, including the Project (hereinafter the "Financing"); and

WHEREAS, Contractor represents that it is sufficiently experienced in the construction of the type of facility and type of work sought by the District and is willing to perform said work for lease and the Financing to the District, all as more fully set forth herein; and

WHEREAS, at the expiration of the Site Lease, title to the Site and the improvements thereon will vest with the District;

NOW, THEREFORE, in consideration of the covenants hereinafter contained, the District and Contractor agree as follows:

SECTION 1. DEFINITIONS

A. **Construction.** The term "Construction" as used in this Agreement includes all labor and services necessary for the construction of the Project, and all materials, equipment, tools, supplies and incidentals incorporated or to be incorporated in such construction as fully described in the Scope of Work set forth in **Exhibits A and B** attached hereto. Unless otherwise expressly stipulated, Contractor shall perform all work and provide and pay for all materials, labor tools and equipment, including, but not limited to, light, water, and power, necessary for the proper execution and completion of the Project shown on the drawings and described in the specifications developed pursuant to this Agreement.

B. **Construction Documents.** The term "Construction Documents" means the final drawings, profiles, cross sections, design development drawings, construction drawings, and supplemental drawings based on the plans and specifications developed for the Project pursuant to the Scope of Work set forth in **Exhibits A and B** attached hereto, including any reference specifications or reproductions prepared by the architect hired by the District (the "Architect") and specifications approved by the District, the Division of the State Architect ("DSA"), and the local agencies having jurisdiction or other regulatory agencies whose approval may be required, which show or describe the location, character, dimensions or details for the Project and specifications for construction thereof.

C. **Contract Documents.** The term "Contract Documents" as used in this Agreement refers to those documents which form the entire agreement by and between the District and Contractor. The Contract Documents consist of this Agreement, including the exhibits and attachments hereto, the Site Lease, including the exhibits and attachments thereto, the Sublease, including the exhibits and attachments thereto, the Project Manual including the General Conditions thereto, as

amended, which is incorporated herein (the "General Conditions"), and the Construction Documents. The term "Contract Documents" shall include all modifications and addenda thereto.

D. **Guaranteed Maximum Price**. The term "Guaranteed Maximum Price" or "GMP" as used in this Agreement means the Guaranteed Maximum Price established pursuant to Section 5 of this Agreement to be used to calculate the Tenant Improvement Payments and the Sublease Payments to be paid by the District to Contractor pursuant to the Sublease, subject only to any adjustments for Extra Work/Modifications as provided in Section 10 of this Agreement.

E. **Preconstruction Services.** The term "Preconstruction Services" as used in this agreement means to retain a professional construction firm (hereafter "CONTRACTOR") to provide certain professional pre-construction services, as described in **Exhibit B** related to the Project plans and specifications for the purpose of designing the project within budget and eliminating unforeseen circumstances, errors, omissions and ambiguities in the construction documents prepared by the Architect.

F. **Project**. The term "Project" shall mean the improvements and facilities to be constructed and installed by Contractor at the School Facility which will result in complete and fully operational facilities as more fully set forth on **Exhibit A** attached hereto.

G. **Project Manual**. The term "Project Manual" shall mean the compilation of the Specification sections including Division 0, Procurement and Contracting Requirements, Division 1 General Requirements, and technical specifications Division 2 through 33 prepared by the Architect and approved by the District, the DSA, or other regulatory agencies which show or describe the location, character, dimensions or details for the Project, which shall be delivered to Contractor upon execution of this Agreement.

H. **Site**. The term "Site" as used in this Agreement shall mean those certain parcels of real property and improvements thereon (if any) more particularly described in **Exhibit A** to the Site Lease.

I. **Site Lease**. The term "Site Lease" as used in this Agreement shall mean the certain Site Lease dated of even date herein between the District and Contractor, together with any duly authorized and executed amendment(s) thereto, pursuant to which the District leases the Site to Contractor.

J. **Specifications**. The term "Specifications" shall mean those numbered specifications set forth in the Project Manual which shall accompany this Agreement and which are incorporated by reference herein. Individual Specifications may be referred to by their specification number as set forth in the Project Manual.

K. **Subcontractor**. As used in this Agreement, the term "Subcontractor" means any person or entity, including trade contractors, who have a contract with Contractor to perform any of the Construction.

L. **Sublease**. The term "Sublease" as used in this Agreement shall mean the certain Sublease dated of even date herein between the District and Contractor, together with any duly authorized and executed amendment(s) thereto, pursuant to which the District subleases the Site from Contractor.

M. **Sublease Payments.** The term "Sublease Payments" as used in this Agreement shall mean the payments made by the District to Contractor pursuant to Section 6 of the Sublease.

N. **Tenant Improvement Payments.** The term "Tenant Improvement Payments" as used in this Agreement shall mean the payments made by the District to Contractor pursuant to Section 6 of the Sublease.

SECTION 2. CONTRACTOR'S DUTIES AND STATUS

Contractor covenants with the District to furnish reasonable skill and judgment in constructing the Project. Contractor agrees to furnish efficient business administration and superintendence and to furnish at all times an adequate supply of professionals, workers, and materials and to perform the work appropriately, expeditiously, economically, and consistent with the Contract Documents.

SECTION 3. ADDITIONAL SERVICES

If the District requests Contractor to perform additional services not described in this Agreement, Contractor shall provide a cost estimate and a written description of the additional work necessary to complete such additional services. The cost for such additional services shall be negotiated and agreed upon in writing in advance of Contractor performing or contracting for such additional services, and such cost shall be used to adjust the GMP established pursuant to Section 5 hereof. In the absence of a written agreement, the District will not compensate Contractor for additional services, will not adjust the GMP for such additional services, and Contractor will not be required to perform them. It is understood and

agreed that if Contractor performs any services that it claims are additional services without receiving prior written approval from the District Board of Education, Contractor shall not be paid for such claimed additional services and the GMP will not be adjusted. Nothing in this Agreement shall be construed as limiting the valuation of such additional services and amount that the GMP will be adjusted for such additional services, should a written agreement for such services be executed by the parties. Notwithstanding the foregoing, Contractor shall not be entitled to compensation, nor will the GMP be adjusted, for additional services required as a result of Contractor's acts, errors or omissions.

SECTION 4. OWNERSHIP OF PLANS AND DOCUMENTS

All original field notes, written reports, drawings, specifications, Construction Documents, and other documents, produced or developed for the Project are the property of the District, regardless of whether the Project is constructed, and shall be furnished to the District. Such documents are not to be used by Contractor or by the Subcontractors on other work nor shall Contractor nor the Subcontractors claim any right to such documents. This shall not deprive Contractor from retaining electronic data or other reproducible copies of the Construction Documents or the right to reuse information contained in them in the normal course of Contractor's professional activities.

SECTION 5. ESTABLISHMENT OF GUARANTEED MAXIMUM PRICE

The "GMP" for the Project shall be **TBD ($XX,XXX,XXX.XX)**. The GMP consists of (1) a Preconstruction Fee in the amount of **Thirty-Five Thousand Dollars and No Cents ($35,000.00)**. (2) a Sublease Tenant Improvement and, (3) a Contractor Contingency and Sublease Payments to be negotiated as an amendment to this agreement pursuant to terms and payment schedule as amended and set forth in the Sublease. THE "GMP" WILL NOT BE ESTABLISHED UNTIL DSA HAS APPROVED THE FINAL PLANS AND SPECIFICATIONS AND THE BOARD APPROVES IT PRIOR TO NTP FOR CONSTRUCTION. The GMP will then be brought to the Board of Trustees as a revision to this section of this agreement. Until such time this section will remain incomplete, the Site Lease and Sublease will not begin and the Contractor will proceed with Preconstruction Services as set forth in **Exhibit B** with an NTP for Preconstruction from the District.

The GMP is based upon the DSA approved plans and specifications to exist after this Agreement is entered into between Contractor and the District, and more fully described and referenced in the Scope of Work to be set forth in **Exhibit A** attached hereto. Prior to DSA approval Contractor will perform Preconstruction Services to assist in designing the project and as set forth in **Exhibit B**. After preconstruction services, DSA approval of plans and specifications, and the establishment of the GMP the Contractor shall assume the risk of cost overruns which were not foreseeable at the time this Agreement is entered into and the GMP determined, except for undocumented events of the type set forth in Section 19 hereof, work mandated by an outside agency after issuance of Construction Documents that could not have been reasonably foreseen

from review of the Contract Documents, or costs arising from undocumented geotechnical issues. Contractor acknowledges that (i) Contractor has conducted a site inspection and is familiar with the site conditions based on records, studies and visible conditions relating to construction and labor and (ii) Contractor has reviewed the Contract Documents and is familiar with the contents thereof. District directed changes to the scope of the Project not contemplated in the Scope of Work shall be deemed Extra Work/Modifications pursuant to the procedures set forth in Section 10 of this Agreement. The GMP shall include, but not be limited to, increases in labor and materials. The GMP has been used to calculate the Tenant Improvement Payments and the Sublease Payments to be paid by the District to Contractor pursuant to the Sublease. The GMP includes the cost of all labor, materials, equipment, general conditions, overhead, profit and a Contractor Contingency as indicated above.

The Contractor Contingency is for the purpose of covering the cost of very specific issues that may arise during construction and it may be used only upon the written agreement of the Contractor, the architect of record, and the District. The Contractor Contingency is to be used only to pay Contractor for the following enumerated reasons: (1) additional costs resulting from discrepancies in the bid buy-out process; (2) conflicts, discrepancies or errors in the Construction Documents; (3) work required by the Inspector of Record or any governmental agency involved in the permitting or approval/certification process that is not otherwise shown in the Construction Documents; and (4) any other items of cost agreed to in writing by the Contractor and District to be included in the Contractor Contingency. The Contractor Contingency shall not be used for costs incurred as a result of Contractor's acts, errors or omissions.

Contractor shall be responsible for tracking expenditures of the Contractor Contingency and shall provide periodic written updates to the District as directed. Unused Contractor Contingency and Allowances at Project completion will reduce the GMP and will result in an adjustment of the Tenant Improvement Payments and possibly the Sublease Payments.

The District shall at all times have the right to reduce the scope of the Project. If the District reduces the scope of the Project, the GMP shall be reduced commensurate with the reduced Scope of Work pursuant to the provisions of Section 10, below, and will result in an adjustment of the Tenant Improvement Payments and, if applicable, the Sublease Payments.

SECTION 6. NOTICE TO PROCEED WITH PRECONSTRUCTION AND CONSTRUCTION

Prior to an approved GMP, the District shall issue a notice to Contractor to proceed with the Preconstruction of the Project. The Preconstruction Agreement in **Exhibit B** will serve as the whole agreement between the Contractor and the District until a GMP is established.

Upon receipt of an approved GMP, the District shall issue a notice to Contractor to proceed with the Construction of the Project. In the event that a Notice to Proceed with Construction is not issued for the Project, the Site Lease and the Sublease shall terminate upon written notice from the District to Contractor that a Notice of Proceed will not be issued.

SECTION 7. SAVINGS

If Contractor realizes a savings on one aspect of the Project, such savings shall be tracked and Contractor shall provide periodic written updates of such savings. Such savings shall be added to the Contractor Contingency and the use of such savings shall be as set forth in Section 5. However, if such savings are not so utilized, the amount of such savings shall reduce the GMP and will result in an adjustment of the Tenant Improvement Payments and, if applicable, the Sublease Payments.

SECTION 8. SELECTION OF SUBCONTRACTORS

In the interest of minimizing the expenditure of funds for the construction of the Project, Contractor agrees to select Subcontractors who are appropriately licensed by the State of California for each trade component of the Project in a manner that fosters competition. Contractor agrees that it will either solicit bids from potential subcontractors pursuant to the competitive bid procedures set forth in the California Public Contract Code, including specifically Public Contract Code section 20110, et seq., or that it will utilize an informal bidding process established by Contractor which also incorporates competitive bid procedures. Regardless of the method Contractor employs, Contractor will make a good faith effort to contact and utilize DVBE contractors and suppliers in securing bids for performance of the Project in accordance with the procedures set forth in Section 1.77 of the General Conditions. In the event that Contractor chooses to select Subcontractors pursuant to an informal bidding process, Contractor shall ensure that it receives at least three competitive quotes from potential subcontractors for each trade component of the Project, unless the parties agree otherwise on a trade-by-trade basis. The District reserves the right to oversee the bidding process. Contractor shall inform all bidders that the District will not be a party to any contracts for construction services executed by Contractor and selected bidders. Contractor shall submit a listing of proposed subcontractors to the District for the District's review. In no case, will Contractor award any sub-contracts until the District has concurred in the scope and price of the sub-contracted services. In addition, Contractor shall provide the District with full documentation regarding the bids or competitive quotes received by Contractor. In no event, shall such documentation be redacted or obliterated. In the event Contractor does not comply with this provision, the District may terminate this Agreement in accordance with the provisions of the General Conditions. Subcontractors awarded contracts by Contractor shall be afforded all the rights and protections of listed subcontractors under the provisions of the Subletting and Subcontracting Fair Practices Act (Public Contract Code Section 4100, et seq.).

SECTION 9. CONSTRUCTION SCOPE OF WORK

A. Prior to commencing Construction, Contractor shall comply with the initial schedule requirements set forth in the General Conditions.

B. Contractor shall complete the Construction pursuant to the Construction Documents

as amended subject to any additional DSA or other regulatory approvals as may be required, performing all work set forth in the Scope of Work, and shall make reasonable efforts in scheduling to prevent disruption to classes.

C. Contractor shall be responsible for complying with all applicable building codes, including without limitation mechanical codes, electrical codes, plumbing codes and fire codes, each of the latest edition, required by the regulatory agencies and for arranging and overseeing all necessary inspections and tests including inspections by the DSA or regulatory agencies, permits and occupancy permits, and ensuring compliance with any Federal and State laws, including, but not limited to, safety procedures and requirements, and construction employee training programs which cover among other items, hazardous chemicals and materials.

D. Contractor shall establish procedures for the protection of all existing structures, equipment, utilities, and other existing improvements, both on-site and off-site. Contractor assumes all risk of loss of vandalism, theft of property or other property damage ("Vandalism") which occurs at a site at which Contractor is undertaking construction of the Project. Contractor assumes all risk of loss which occurs where Contractor is undertaking construction of the Project from causes due to negligence or misconduct by Contractor, its officers, employees, subcontractors, licensees and invitees. Contractor shall replace District property damaged by such Vandalism or theft or compensate the District for such loss, including payment of out of pocket expenses such as insurance deductibles the District might incur under such circumstances.

E. Contractor shall develop a mutually agreed upon program with the District to abate and minimize noise, dust, and disruption to normal activities at the existing facilities at the School Facility, including procedures to control on-site noise, dust, and pollution during construction.

F. The District shall cause the appropriate professionals to stamp and sign, as required, the original Construction Documents or parts thereof and coordinate the Project's design with all utilities.

G. Contractor shall, for the benefit of the Subcontractors, attend pre-construction orientation conferences in conjunction with the Architect to set forth the various reporting procedures and site rules prior to the commencement of actual construction. Contractor shall also attend construction and progress meetings with District representatives and other interested parties, as requested by the District, to discuss such matters as procedures, progress problems and scheduling. Contractor shall prepare and promptly distribute official minutes of such meetings to all parties in attendance, including without limitation the District, the Architect and the District Inspector of Record.

H. Contractor shall incorporate approved changes as they occur, and develop cash flow reports and forecasts for submittal to the District as requested. Contractor shall provide regular monitoring of the approved estimates for Construction costs, showing actual costs for activities in progress, and estimates for uncompleted tasks. Contractor shall maintain cost accounting records on authorized additional services or work performed under unit costs, additional work performed on the basis of actual costs of labor and materials, and for other work requiring accounting records.

I. Contractor shall record the progress of the Project and shall submit monthly written progress reports to the District and the Architect including information on the entire Project, showing percentages of completion and the number and amounts of proposed Extra Work/Modifications and their effect on the construction costs as of the date of each respective report.

J. Contractor shall keep a log containing a record of weather, Subcontractors, work on the site, number of workers, work accomplished, problems encountered, and other similar relevant data as the District may require. Contractor shall make the log available to the District, the Architect, and the District's project manager. The District shall be promptly advised on all anticipated delays in the Project.

K. The District shall bear the cost for the DSA Inspector, soils testing, DSA or other regulatory agency fees, and special testing required in the construction of the Project. If additional review or permits become necessary for reasons not due to Contractor's fault or because of DSA or regulatory agency requirements or regulations implemented after the date the Final GMP is established and not reasonably anticipated at the time the Final GMP is established, Contractor may seek additional compensation for the cost of that review as an additional cost. In the alternative, the District may pay such costs directly.

SECTION 10. EXTRA WORK/MODIFICATIONS

A. The District may prescribe or approve additional work or a modification of requirements or of methods of performing the Construction which differ from the work or requirements set forth in the Construction Documents ("Extra Work/Modifications"); and for such purposes the District may at any time during the life of this Agreement, by written order, make such changes as it shall find necessary in the design, line, grade, form, location, dimensions, plan, or material of any part of the work or equipment specified in this Agreement or in the Construction Documents, or in the quantity or character of the work or equipment to be furnished. In the event conditions develop which, in the opinion of Contractor, makes strict compliance with the specifications impractical, Contractor shall notify the District of the need for Extra Work/Modifications by placing the matter on the agenda of regularly scheduled construction meetings with

the District for discussion as soon as practicable after the need for the Extra Work/Modifications is determined. Additionally, Contractor shall submit to the District for its consideration and approval or disapproval, a written request for Extra Work/Modifications before such work is performed. If the District approves the request in writing, the costs of the Extra Work/Modification shall be added to or deducted from the GMP or the Scope of Work shall be modified to complete the Project within the GMP, as applicable. Any adjustments to the GMP will result in an adjustment of the Tenant Improvement Payment and, if applicable, the Sublease Payments.

B. Extra Work/Modifications include work related to unforeseen underground conditions if, and only if, such conditions are not visible or identified on plans, reports or other documents available to Contractor. Extra Work/Modifications do not include underground conditions that are identified on plans, reports or other documents available to Contractor but are in a location different than is set forth on such plans, reports or other documents available to Contractor. It should be noted, however, that the District has advised and provided Contractor with information regarding the shallow water table and recent projects experience with encountering water when digging. Contractor has included in its calculation of the GMP an amount to mitigate for encountering water when completing the scope of work contemplated herein. Therefore, Extra Work/Modifications do not include expenses incurred by, and/or work performed by, Contractor in connection with such shallow water table and with encountering water when digging.

C. Should Contractor claim that any instruction, request, drawing, specification, action, condition, omission, default or other situation (i) obligates the District to increase the GMP; or (ii) obligates the District to grant an extension of time for the completion of this Agreement; or (iii) constitutes a waiver of any provision in this Agreement, CONTRACTOR SHALL NOTIFY THE DISTRICT, IN WRITING, OF SUCH CLAIM AS SOON AS POSSIBLE, BUT IN NO EVENT WITHIN MORE THAN TEN (10) DAYS FROM THE DATE CONTRACTOR HAS ACTUAL OR CONSTRUCTIVE NOTICE OF THE CLAIM. CONTRACTOR SHALL ALSO PROVIDE THE DISTRICT WITH SUFFICIENT WRITTEN DOCUMENTATION SUPPORTING THE FACTUAL BASIS OF THE CLAIM including items used in valuing said claim. Contractor shall be required to certify under penalty of perjury the validity and accuracy of any claims submitted. Contractor's failure to notify the District within such ten (10) day period shall be deemed a waiver and relinquishment of the claim against the District.

D. Expenses of reconstruction and/or costs to replace and/or repair damaged materials and supplies, provided that Contractor is not fully compensated for such expenses and/or costs by insurance or otherwise, shall be included in an increase to the GMP if said expenses are the result of the negligent acts or omissions of the District, or its principals, agents, servants, or employees.

SECTION 11. NOT USED

SECTION 12. PERSONNEL ASSIGNMENT

A. Contractor shall assign Eric Marlow as Project Manager for the Project. So long as Eric Marlow remains in the employ of Contractor, such person shall not be changed or substituted from the Project, or cease to be fully committed to the Project except as provided in this Section. In the event Contractor deems it necessary, Contractor shall replace the manager and/or the superintendent for the Project with a replacement with like qualifications and experience, subject to the prior written consent of the District, which consent shall not be unreasonably withheld. Any violation of the terms of paragraph A of this Section 12 shall entitle the District to terminate this Agreement for breach, pursuant to the provisions of the General Conditions. The Project Manager is not an exclusive position and does not preclude any other parallel assignment within or outside the District.

B. Notwithstanding the foregoing provisions of paragraph A of Section 12, above, if any manager and/or superintendent proves not to be satisfactory to the District, upon written notice from the District to Contractor, such person(s) shall be promptly replaced by a person who is acceptable to the District in accordance with the following procedures: Within five (5) business days after receipt of a notice from the District requesting replacement of any manager and/or superintendent or discovery by Contractor that any manager and/or superintendent is leaving their employ, as the case may be, Contractor shall provide the District with the name of an acceptable replacement/substitution together with such information as the District may reasonably request about such replacement/substitution. The replacement/substitution shall commence work on the Project no later than five (5) business days following the District's approval of such replacement, which approval shall not be unreasonably withheld. If the District and Contractor cannot agree as to the replacement/substitution, the District shall be entitled to terminate this Agreement for breach pursuant to the provisions of the General Conditions.

SECTION 13. BONDING REQUIREMENTS

Contractor shall fully comply with the requirements set forth in Section 6.9 of the General Conditions.

SECTION 14. PAYMENTS TO CONTRACTOR

A. Contractor shall finance the cost of construction of the Project which costs shall not exceed the GMP, which shall not be adjusted except as otherwise provided in this Agreement. The District shall pay Contractor Tenant Improvement Payments and Sublease Payments pursuant to the terms and conditions of Section 6 of the Sublease. In the event of a dispute between the District and Contractor, the District may withhold from the Tenant Improvement Payments and the Sublease Payments an amount not

to exceed one hundred fifty percent (150%) of the disputed amount.

B. This Agreement is subject to the provisions of California Public Contract Code Sections 7107, 7201 and 20104.50 as they may from time to time be amended.

C. For purposes of this Agreement, the acceptance by the District means acceptance made only by an action of the governing body of the District in session. Acceptance by Contractor of the final Tenant Improvement Payment or the Sublease Payment, as the case may be, shall constitute a waiver of all claims against the District related to those amounts.

SECTION 15. CONTRACTOR'S CONTINUING RESPONSIBILITY

Neither the final payment nor any provision in the Contract Documents shall relieve Contractor of responsibility for faulty materials or workmanship incorporated in the Project or for any failure to comply with the requirements of the Contract Documents.

SECTION 16. INSURANCE

Contractor shall provide, during the life of this Agreement, the types and amounts of insurance set forth in Article 6 of the General Conditions, which are incorporated by reference herein.

SECTION 17. USE OF PREMISES

Contractor shall confine operations at the Site to areas permitted by law, ordinances, permits and the Construction Documents and shall not unreasonably encumber the Site or existing School Facilities at the Site with any materials or equipment. Contractor shall not load or permit any part of the work to be loaded with a weight so as to endanger the safety of persons or property at the Site.

SECTION 18. SITE REPRESENTATIONS

The District warrants and represents that the District has, and will continue to retain at all times during the course of construction, legal title to the Site and that said land is properly subdivided and zoned so as to permit the construction and use of said Site with respect to the Project. The District further warrants and represents that title to said land is free of any easements, conditions, limitation, special permits, variances, agreements or restrictions which would prevent, limit or otherwise restrict the construction or use of said Site pursuant to this Agreement. Reference is made to the fact that the District has provided information on the Site to Contractor. Such information shall not relieve Contractor of its responsibility; and the interpretation of such data regarding the Site, as disclosed by any borings or other preliminary investigations, is not warranted or guaranteed, either expressly or implicitly, by the District. Contractor shall be responsible for having ascertained pertinent local conditions such as location,

accessibility and general character of the Site and for having satisfied itself as to the conditions under which the work is to be performed. No claim for any allowances because of Contractor's error or negligence in acquainting itself with the conditions at the Site will be recognized.

SECTION 19. HAZARDOUS WASTE AND UNKNOWN PHYSICAL CONDITIONS

Contractor shall comply with the District's Hazardous Materials Procedures and Requirements as set forth herein.

A. If the District has identified the presence of hazardous materials on or in proximity to the Site (the "Pre-existing Hazardous Materials"), Contractor shall review all information provided by the District that characterizes the Pre-existing Hazardous Materials and shall take the actions approved by DTSC and issued by the District necessary to address the Pre-existing Hazardous Materials in the performance of the work. Contractor shall conduct the work based on this information issued at the time contract documents are executed. Contractor shall immediately communicate, in writing, any variances from available information to the District.

B. The District will retain an additional independent environmental consultant to perform the investigation, inspection, testing, assessment, sampling and analysis necessary to prepare and recommend a remediation plan for the Pre-existing Hazardous Materials for the District's approval (the "Remediation Plan").

C. The District will retain title to all Pre-existing Hazardous Materials encountered during the work. This does not include hazardous material generated by Contractor, including but not limited to used motor oils, lubricants, cleaners, etc. Contractor shall dispose of such hazardous waste in accordance with the provisions of the Contract Documents, as well as local, State and Federal laws and regulations. The District will be shown as the hazardous waste generator and will sign all hazardous waste shipment manifests for non-Contractor generated hazardous waste. Nothing contained within these Contract Documents shall be construed or interpreted as requiring Contractor to assume the status of owner or generator of hazardous waste substances for non-Contractor generated hazardous wastes.

D. Except as otherwise provided herein, it is the responsibility of Contractor to obtain governmental approvals relating to Hazardous Materials Management, including Federal and State surface water and groundwater discharge permits and permits for recycling and reuse of hazardous materials for all work noted in the contract documents. Contractor shall be responsible for coordinating compliance with such governmental approvals and applicable governmental rules with the District's hazardous materials consultant, including those governing the preparation of waste profiles, waste manifests, and bills of lading. If Contractor encounters hazardous materials, it shall immediately notify the District in writing. The District, Consultant and Contractor shall jointly establish the plan for disposition and actions to be taken with

respect to the hazardous materials, subject to final written approval by the District.

E. If, during construction, Contractor encounters materials, conditions, waste, contaminated groundwater or substances, not identified in the District's assessment report, that Contractor reasonably suspects are hazardous materials, Contractor shall stop the affected portion of the work, secure the area, promptly notify the District, and take reasonable measures to mitigate the impact of such work stoppage. The District shall retain the services of an environmental consultant to perform investigation, inspection, testing, assessment, sampling and analysis of the suspect materials, conditions, waste, groundwater or substances.

(1) Found Not to be Hazardous Materials. If the environmental consultant determines that the materials, conditions, waste, contaminated groundwater or substances do not constitute hazardous materials, Contractor shall recommence the suspended work.

(2) Found to be Hazardous Materials. If the environmental consultant determines that the materials, conditions, waste, contaminated groundwater or substances constitute hazardous materials and such hazardous materials require remediation and disposal, then the District, Consultant and Contractor shall jointly establish the plan for disposition and actions to be taken with respect to the hazardous materials, subject to final written approval by the District. All such costs shall be the responsibility of the District.

F. Exacerbation of Pre-Existing Hazardous Materials.

If during construction Contractor encounters pre-existing environmental conditions that it knew or should have known involve hazardous materials (the "Point of Discovery") (which encounters may include an unavoidable release or releases of hazardous materials) then Contractor must immediately stop the affected portion of the work. If Contractor fails to immediately stop the affected portion of the work after the Point of Discovery, then Contractor is solely responsible for any resultant Exacerbation Cost. "Exacerbate," in all its forms, means the worsening effects of Contractor's failure to stop the affected portion of work after the Point of Discovery. "Exacerbation Cost" means the differential between (i) the actual increase in the cost of remediation and delays to the Project attributable to pre-existing environmental conditions involving hazardous substances, and (ii) the cost thereof or delays thereto had Contractor immediately stopped the affected portion of the work after the Point of Discovery. The standard of "should have known" applies to Contractor's supervisory personnel, whether or not on the Site. Contractor's supervisory personnel must have had the hazardous material training required by applicable OSHA and Cal OSHA rules or regulations.

SECTION 20. INDEPENDENT CONTRACTOR

A. Contractor is retained as an independent contractor and is not employed by the District. No employee or agent of Contractor shall become, or be considered to be, an employee of the District for any purpose. It is agreed that the District is interested only in the results obtained from service under this Agreement and that Contractor shall perform as an independent contractor with sole control of the manner and means of performing the services required under this Agreement. Contractor shall complete this Agreement according to its own methods of work which shall be in the exclusive charge and control of Contractor and which shall not be subject to control or supervision by the District except as to results of the work. It is expressly understood and agreed that Contractor and its employees shall in no event be entitled to any benefits to which the District employees are entitled, including, but not limited to, overtime, retirement benefits, insurance, vacation, worker's compensation benefits, sick or injury leave or other benefits.

B. Contractor shall be responsible for all salaries, payments, and benefits for all of its officers, agents, and employees in performing services pursuant to this Agreement.

SECTION 21. ACCOUNTING RECORDS

Contractor, and all Subcontractors, shall check all materials, equipment and labor entering into the work and shall keep or cause to be kept such full and detailed accounts as may be necessary for proper financial management under this Agreement, including true and complete books, records and accounts of all financial transactions in the course of their activities and operations related to the Project. These documents include sales slips, invoices, payrolls, personnel records, requests for Subcontractor payment, and other data relating to all matters covered by the Contract Documents (the "Data"). The Data shall be maintained for ten (10) years from the latest expiration of the term (as such may be extended) of any of the Contract Documents. Contractor shall use its best efforts to cause its Subcontractors to keep or cause to be kept true and complete books, records and accounts of all financial transactions in the course of its activities and operations related to the Project. Upon completion of the Project, Contractor shall provide the District with one (1) complete copy of the Data.

The District, at its own costs, shall have the right to review and audit, upon reasonable notice, the books and records of Contractor and any Subcontractors concerning any monies associated with the Project.

SECTION 22. PERSONAL LIABILITY

Neither the trustees, officers, employees, or agents of District, the District's representative, or Architect shall be personally responsible for any liability arising under the Contract Documents.

SECTION 23. AGREEMENT MODIFICATIONS

No waiver, alteration or modification of any of the provisions of this Agreement shall be

binding upon either the District or Contractor unless the same shall be in writing and signed by both the District and Contractor.

SECTION 24. NOTICES

Any notices or filings required to be given or made under this Agreement shall be served, given or made in writing upon the District or Contractor, as the case may be, by personal delivery or registered mail (with a copy sent via fax or regular mail) to the respective addresses given below or at such other address as such party may provide in accordance with the provisions herein. Any change in the addresses noted herein shall not be binding upon the other party unless preceded by no less than thirty (30) days prior written notice.

If to Contractor:
Edwards Construction Group, Inc.
2045 Preisker Lane, Suite A
Santa Maria, CA 93454
Attn: Brad Edwards, President

If to the District:
Oxnard School District
1051 South A Street
Oxnard, CA 93030
Attn: Dr. Ana DeGenna, Superintendent

With A copy to:
Emilio Flores, CBO
Caldwell Flores Winters, Inc.
521 N. 1st Avenue
Arcadia, CA 91006

Notices under this Agreement shall be deemed to have been given, and shall be effective upon actual receipt by the other parties, or, if mailed, upon the earlier of the fifth (5th) day after mailing or actual receipt by the other party.

SECTION 25. ASSIGNMENT

Neither party to this Agreement shall assign this Agreement or sublet it as a whole without the written consent of the other, nor shall Contractor assign any monies due or to become due to it hereunder without the prior written consent of the District.

SECTION 26. PROVISIONS REQUIRED BY LAW

Each and every provision of law and clause required to be inserted in these Contract

Documents shall be deemed to be inserted herein and the Contract Documents shall be read and enforced as though it were included herein, and if through mistake or otherwise any such provision is not inserted or is not inserted correctly, then upon application of either party the Contract Documents shall forthwith be physically amended to make such insertion or correction.

SECTION 27. HEADINGS

The headings in this Agreement are inserted only as a matter of convenience and reference and are not meant to define, limit or describe the scope or intent of the Contract Documents or in any way to affect the terms and provisions set forth herein.

SECTION 28. APPLICABLE LAW

This Agreement shall be governed by and construed in accordance with the laws of the State of California. The parties irrevocably agree that any action, suit or proceeding by or among the District and Contractor shall be brought in whichever of the Superior Courts of the State of California, Ventura County, or the Federal Court for the Central District of California in Los Angeles, California, has subject matter jurisdiction over the dispute and waive any objection that they may now or hereafter have regarding the choice of forum whether on personal jurisdiction, venue, forum non conveniens or on any other ground.

SECTION 29. SUCCESSION OF RIGHTS AND OBLIGATIONS

All rights and obligations under this Agreement shall inure to and be binding upon the successors and assigns of the parties hereto.

SECTION 30. NOTIFICATION OF THIRD PARTY CLAIMS

The District shall provide Contractor with timely notification of the receipt by the District of any third-party claim relating to this Agreement, and the District may charge back to Contractor the cost of any such notification.

SECTION 31. SEVERABILITY

If any one or more of the terms, covenants or conditions of this Agreement shall to any extent be declared invalid, unenforceable, void or voidable for any reason whatsoever by a court of competent jurisdiction, the finding or order or decree of which becomes final, none of the remaining terms, provisions, covenants and conditions of the Contract Documents shall be affected thereby, and each provision of the Contract Documents shall be valid and enforceable to the fullest extent permitted by law.

SECTION 32. ENTIRE AGREEMENT

This Construction Services Agreement and the additional Contract Documents as defined

in paragraph C of Section 1 herein, including the Site Lease, the Sublease, and the Specifications, drawings, and plans constitute the entire agreement between Contractor and the District. The Contract Documents shall not be amended, altered, changed, modified or terminated without the written consent of both parties hereto, except as otherwise provided in Section 10 hereof.

SECTION 33. EXECUTION IN COUNTERPARTS

This Agreement may be executed in any number of counterparts, each of which shall be an original, but all of which together shall constitute one instrument.

IN WITNESS, WHEREOF the parties hereto, intending to be legally bound thereby, have executed this Agreement effective as of the date first above written.

EXHIBIT A

Scope of Work (Plans & Specifications)

To be Designed

EXHIBIT B

Oxnard School District – Marina West New PK,

TK and Kindergarten Classroom Project

Preconstruction Services

The District desires to retain a professional construction firm (hereafter "CONTRACTOR") to provide certain professional pre-construction services related to the Project plans and specifications for the purpose of designing the project to budget and eliminating unforeseen circumstances, errors, omissions and ambiguities in the construction documents prepared by the Architect. The fee for this set of services will be **Thirty-Five Thousand Dollars and No Cents ($35,000.00)** to be paid monthly on a design progress basis.

The CONTRACTOR will be expected to provide the following professional pre-construction services during the design phase of the Project:

1. **Professional Construction Cost-Estimation Services**

A. During each phase of design or at the completion of each phase of design, (1) Conceptual, (2) Schematic, (3) Design Development and (4) Construction Development, CONTRACTOR shall prepare a cost estimate, in current, uninflated dollars, for the design and specifications prepared by the Architect. CONTRACTOR acknowledges that it shall prepare four (4) complete cost estimates commensurate with the level of detail of each phase of design. The cost estimate shall include all Project costs, including, all hard costs (site preparation, utility connections, off- site improvements, hazard abatement, construction costs, overhead & profit and general conditions), soft costs (survey, geo-hazard, geo-technical, environmental studies, inspection and testing) and furniture, fixture and equipment.

B. Upon final approval by the Division of the State Architect (hereinafter, "DSA"), CONTRACTOR shall adjust its estimate to incorporate any and all changes required by DSA as part of the review and approval process.

C. CONTRACTOR shall provide the cost estimates at such time as directed by the Program Manager during or at the conclusion of each phase of design, in a format approved by the District's Program Manager and consistent with Construction Specifications Institute (CSI) standards. During the schematic phase, Contractor shall estimate in the CSI UniFormat. For all other phases of design, Contractor shall utilize CSI MasterFormat.

2. Professional Constructability Review

A. Definition: Constructability Review shall mean the review of the design documents to ascertain whether the design of the Project as depicted in the Construction Documents, and the documents themselves: (i) accurately and completely reflects the District's objectives as explained to the Architect and CONTRACTOR by the District as approved by the District; and (ii) are free of errors, omissions, conflicts or other deficiencies so that the CONTRACTOR can construct the Project as therein depicted within the Project Budget and without delays, disruptions, or additional costs. The standard to be used for constructability is a contractor's standard of care in reviewing the plans and not that of an architect.

B. CONTRACTOR shall conduct one comprehensive technical review of the Plans and Specifications at 50% Construction Development phase. The purpose of this review will be to examine whether the design intent can be successfully implemented in the field within the Project budget. A report of the CONTRACTOR's findings will be distributed to the Program Manager and the Architect. CONTRACTOR will participate in any meeting(s) with the Architect to determine if the comments will be included in the final bid set of documents. CONTRACTOR will work with Architect to ensure that all front end documents conform to technical specifications and meet District standards.

C. At all times during design and DSA Review and Approval, the Architect shall remain responsible for completing, stamping, submitting and securing final DSA approval for the Project. Furthermore, the District acknowledges that CONTRACTOR is neither the Architect nor performing an architectural review of the Project. CONTRACTOR's responsibilities and duties under this subsection shall not include the architectural or structural design of the Project which is the responsibility of the Architect. Notwithstanding this qualification, CONTRACTOR shall conduct a detailed evaluation of the District's educational specifications, Project intent, Architect's Plans & Specifications, the proposed Project construction budget, schedule requirements and deliver a Constructability Review identifying any comments, recommendations or concerns that CONTRACTOR has as to the constructability of the Architect's Plans & Specifications consistent with the District's intent and budget.

D. Deliverable: The CONTRACTOR shall deliver to the District a complete technical report of the Plans and Specifications with the opinion of the CONTRACTOR as to the constructability of the Architect's Plans and Specifications. The CONTRACTOR, in the report, shall identify any issues, concerns or requests for clarification that CONTRACTOR believes are necessary to complete the design within the District's proposed and approved Project budget. The report shall be made available to the Architect, the District and its Program Manager.

3. Value Engineering Services

A. Definition: CONTRACTOR shall be required to perform Value Engineering Services to identify opportunities to reduce Project cost at the conclusion of each phase of design and during DSA review. The Value Engineering Services shall be provided in the form of a report to the Program Manager and shall identify value engineering opportunities, alternative materials and alternative methods and the associated cost savings estimated by the CONTRACTOR.

B. Deliverable: The CONTRACTOR shall maintain and distribute a running log of value engineering recommendations throughout the design process. The log shall identify and describe the recommendation, the estimated cost savings for each recommendation and a notation of whether the recommendation is accepted or rejected by the Architect and the District. Value engineering recommendations that are accepted by the District shall be incorporated into the plans and specifications at each phase of design. The log shall note when the recommendation was incorporated into the Plans and Specifications.

4. Building Information Modeling (BIM) Services

A. Definition: BIM Modeling is defined as a 3-D model-based process involving the generation and management of digital representations of physical and functional characteristics of a proposed construction project for purposes of planning, designing, constructing, operating and maintaining the proposed new facility.

B. CONTRACTOR shall participate in and/or prepare a 3-D model of the Architect's design of the Project utilizing BIM software. The 3-D model shall be rendered in a format that can be made available to the Architect, the District, and/or any agent or representative thereof. The model shall contain sufficient detail to identify any and all ambiguities and clashes in the Architect's plans and specifications and produce a model from which a contractor or sub-contractors may bid for the project in question. The BIM Model must be in a format that can be shared or networked to support the decision-making process related to the design and specifications.

C. The 3-D BIM Model shall be completed prior to the Architect's submission of the plans and specification to the Division of the State Architect. Any and all ambiguities or clashes will be resolved in a final 3-D BIM Model prior to this submittal.

D. The District shall hold title and interest in the completed 3-D BIM Model. At the request of the District, CONTRACTOR shall make the completed 3-D BIM Model files available to the District in a format acceptable to the District.

E. Deliverable: A completed 3-D BIM Model in electronic format acceptable to the District.

5. Construction Scheduling Services

A. Definition: Construction Scheduling is defined as the process of developing a detailed master baseline construction schedule for the Project that identifies all the major tasks and subtasks associated with the planning, design, construction, commissioning, close-out and final occupancy of the completed Project. The schedule shall be prepared in Primavera or comparable software and shall identify all long lead items, critical path, coordination of site activities, and any phasing of the Project. The Construction Scheduling services shall culminate in a final baseline construction schedule approved by the District to be used as a baseline schedule for the Project.

B. CONTRACTOR shall develop a detailed construction schedule utilizing the critical path method. This schedule will provide a logical means of establishing and tracking the Project and for the organization of activities into areas established by Project criteria. CONTRACTOR shall consider any potential disruptions to the learning environment and incorporate major school activities, such as site-wide or statewide testing dates, or as otherwise provided by the District, in the construction schedule.

C. In addition to the Construction Schedule, CONTRACTOR shall develop a Responsibility Matrix and Construction Site Management Plan for the Project. The Responsibility Matrix shall identify the key team members (District/Architect/IOR) and the roles and responsibilities of each entity for the Project. The Construction Site Management Plan shall consist of, but is not limited to, staging areas, deliveries of materials and supplies, site fencing and location of construction site field office. The CONTRACTOR shall work with the Architect and Program Manager to develop these two deliverables in a format and content acceptable to the District.

D. Deliverable: A completed and approved baseline construction schedule, a Responsibility Matrix and Construction Site Management Plan.

6. Cooperation and Attendance at Design Meetings

A. CONTRACTOR shall attend regular meetings during Project design with the Architect, the District's Program Manager, the District, and any other applicable consultants of the District as necessary. CONTRACTOR shall contribute to the design meetings by providing applicable comments, feedback, recommendations, information and reports required under the scope of this Contract in a timely manner. Design meetings may be held as frequently as weekly.

B. CONTRACTOR shall submit to the District's Program Manager, weekly report of its activities and progress related to deliverables identified in the scope of this Contract. The report shall be provided in a format that is acceptable to the Program Manager.

7. Schedule for Pre-Construction Services.

A. The services outlined herein shall commence on the date specified in the District's Notice to Proceed ("NTP"). The schedule of the services to be provided herein shall be consistent with the Design Schedule identified in the District's contract with the Architect for the Project. The service of this Contract shall conclude and terminate upon receipt of the stamped approval of the Project Plans and Specifications from DSA.

B. In the event that the CONTRACTOR is unable to perform the services anticipated in this Contract in the Architect's design schedule, CONTRACTOR shall notify the Program Manager and the Design Team shall work on a mutually agreeable modification to the design schedule.

C. Any extensions required for deliverables shall be subject to the reasonable approval in writing by the District.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

BUSINESS AUTO EXTENSION ENDORSEMENT

This endorsement modifies insurance provided under the following:

BUSINESS AUTO COVERAGE FORM

GENERAL DESCRIPTION OF COVERAGE – This endorsement broadens coverage. However, coverage for any injury, damage or medical expenses described in any of the provisions of this endorsement may be excluded or limited by another endorsement to the Coverage Part, and these coverage broadening provisions do not apply to the extent that coverage is excluded or limited by such an endorsement. The following listing is a general coverage description only. Limitations and exclusions may apply to these coverages. Read all the provisions of this endorsement and the rest of your policy carefully to determine rights, duties, and what is and is not covered.

A. **BROAD FORM NAMED INSURED**
B. **BLANKET ADDITIONAL INSURED**
C. **EMPLOYEE HIRED AUTO**
D. **EMPLOYEES AS INSURED**
E. **SUPPLEMENTARY PAYMENTS – INCREASED LIMITS**
F. **HIRED AUTO – LIMITED WORLDWIDE COVERAGE – INDEMNITY BASIS**
G. **WAIVER OF DEDUCTIBLE – GLASS**
H. **HIRED AUTO PHYSICAL DAMAGE – LOSS OF USE – INCREASED LIMIT**
I. **PHYSICAL DAMAGE – TRANSPORTATION EXPENSES – INCREASED LIMIT**
J. **PERSONAL PROPERTY**
K. **AIRBAGS**
L. **NOTICE AND KNOWLEDGE OF ACCIDENT OR LOSS**
M. **BLANKET WAIVER OF SUBROGATION**
N. **UNINTENTIONAL ERRORS OR OMISSIONS**

PROVISIONS

A. BROAD FORM NAMED INSURED

The following is added to Paragraph **A.1., Who Is An Insured**, of **SECTION II – COVERED AUTOS LIABILITY COVERAGE**:

Any organization you newly acquire or form during the policy period over which you maintain 50% or more ownership interest and that is not separately insured for Business Auto Coverage. Coverage under this provision is afforded only until the 180th day after you acquire or form the organization or the end of the policy period, whichever is earlier.

B. BLANKET ADDITIONAL INSURED

The following is added to Paragraph **c.** in **A.1., Who Is An Insured**, of **SECTION II – COVERED AUTOS LIABILITY COVERAGE**:

Any person or organization who is required under a written contract or agreement between you and that person or organization, that is signed and executed by you before the "bodily injury" or "property damage" occurs and that is in effect during the policy period, to be named as an additional insured is an "insured" for Covered Autos Liability Coverage, but only for damages to which this insurance applies and only to the extent that person or organization qualifies as an "insured" under the Who Is An Insured provision contained in Section II.

C. EMPLOYEE HIRED AUTO

1. The following is added to Paragraph **A.1., Who Is An Insured**, of **SECTION II – COVERED AUTOS LIABILITY COVERAGE**:

   An "employee" of yours is an "insured" while operating an "auto" hired or rented under a contract or agreement in an "employee's" name, with your permission, while performing duties related to the conduct of your business.

2. The following replaces Paragraph **b.** in **B.5., Other Insurance**, of **SECTION IV – BUSINESS AUTO CONDITIONS**:

   b. For Hired Auto Physical Damage Coverage, the following are deemed to be covered "autos" you own:

   (1) Any covered "auto" you lease, hire, rent or borrow; and

   (2) Any covered "auto" hired or rented by your "employee" under a contract in an "employee's" name, with your

© 2015 The Travelers Indemnity Company. All rights reserved.
Includes copyrighted material of Insurance Services Office, Inc. with its permission.

permission, while performing duties related to the conduct of your business.

However, any "auto" that is leased, hired, rented or borrowed with a driver is not a covered "auto".

D. EMPLOYEES AS INSURED

The following is added to Paragraph **A.1., Who Is An Insured**, of **SECTION II – COVERED AUTOS LIABILITY COVERAGE**:

Any "employee" of yours is an "insured" while using a covered "auto" you don't own, hire or borrow in your business or your personal affairs.

E. SUPPLEMENTARY PAYMENTS – INCREASED LIMITS

1. The following replaces Paragraph **A.2.a.(2)**, of **SECTION II – COVERED AUTOS LIABILITY COVERAGE**:

   (2) Up to $3,000 for cost of bail bonds (including bonds for related traffic law violations) required because of an "accident" we cover. We do not have to furnish these bonds.

2. The following replaces Paragraph **A.2.a.(4)**, of **SECTION II – COVERED AUTOS LIABILITY COVERAGE**:

   (4) All reasonable expenses incurred by the "insured" at our request, including actual loss of earnings up to $500 a day because of time off from work.

F. HIRED AUTO – LIMITED WORLDWIDE COVERAGE – INDEMNITY BASIS

The following replaces Subparagraph **(5)** in Paragraph **B.7., Policy Period, Coverage Territory**, of **SECTION IV – BUSINESS AUTO CONDITIONS**:

(5) Anywhere in the world, except any country or jurisdiction while any trade sanction, embargo, or similar regulation imposed by the United States of America applies to and prohibits the transaction of business with or within such country or jurisdiction, for Covered Autos Liability Coverage for any covered "auto" that you lease, hire, rent or borrow without a driver for a period of 30 days or less and that is not an "auto" you lease, hire, rent or borrow from any of your "employees", partners (if you are a partnership), members (if you are a limited liability company) or members of their households.

(a) With respect to any claim made or "suit" brought outside the United States of America, the territories and possessions of the United States of America, Puerto Rico and Canada:

(i) You must arrange to defend the "insured" against, and investigate or settle any such claim or "suit" and keep us advised of all proceedings and actions.

(ii) Neither you nor any other involved "insured" will make any settlement without our consent.

(iii) We may, at our discretion, participate in defending the "insured" against, or in the settlement of, any claim or "suit".

(iv) We will reimburse the "insured" for sums that the "insured" legally must pay as damages because of "bodily injury" or "property damage" to which this insurance applies, that the "insured" pays with our consent, but only up to the limit described in Paragraph **C.**, Limits Of Insurance, of SECTION II – COVERED AUTOS LIABILITY COVERAGE.

(v) We will reimburse the "insured" for the reasonable expenses incurred with our consent for your investigation of such claims and your defense of the "insured" against any such "suit", but only up to and included within the limit described in Paragraph **C.**, Limits Of Insurance, of SECTION II – COVERED AUTOS LIABILITY COVERAGE, and not in addition to such limit. Our duty to make such payments ends when we have used up the applicable limit of insurance in payments for damages, settlements or defense expenses.

(b) This insurance is excess over any valid and collectible other insurance available to the "insured" whether primary, excess, contingent or on any other basis.

(c) This insurance is not a substitute for required or compulsory insurance in any country outside the United States, its territories and possessions, Puerto Rico and Canada.

© 2015 The Travelers Indemnity Company. All rights reserved.
Includes copyrighted material of Insurance Services Office, Inc. with its permission.

You agree to maintain all required or compulsory insurance in any such country up to the minimum limits required by local law. Your failure to comply with compulsory insurance requirements will not invalidate the coverage afforded by this policy, but we will only be liable to the same extent we would have been liable had you complied with the compulsory insurance requirements.

(d) It is understood that we are not an admitted or authorized insurer outside the United States of America, its territories and possessions, Puerto Rico and Canada. We assume no responsibility for the furnishing of certificates of insurance, or for compliance in any way with the laws of other countries relating to insurance.

G. WAIVER OF DEDUCTIBLE – GLASS

The following is added to Paragraph **D., Deductible**, of **SECTION III – PHYSICAL DAMAGE COVERAGE**:

No deductible for a covered "auto" will apply to glass damage if the glass is repaired rather than replaced.

H. HIRED AUTO PHYSICAL DAMAGE – LOSS OF USE – INCREASED LIMIT

The following replaces the last sentence of Paragraph **A.4.b., Loss Of Use Expenses**, of **SECTION III – PHYSICAL DAMAGE COVERAGE**:

However, the most we will pay for any expenses for loss of use is $65 per day, to a maximum of $750 for any one "accident".

I. PHYSICAL DAMAGE – TRANSPORTATION EXPENSES – INCREASED LIMIT

The following replaces the first sentence in Paragraph **A.4.a., Transportation Expenses**, of **SECTION III – PHYSICAL DAMAGE COVERAGE**:

We will pay up to $50 per day to a maximum of $1,500 for temporary transportation expense incurred by you because of the total theft of a covered "auto" of the private passenger type.

J. PERSONAL PROPERTY

The following is added to Paragraph **A.4., Coverage Extensions**, of **SECTION III – PHYSICAL DAMAGE COVERAGE**:

Personal Property

We will pay up to $400 for "loss" to wearing apparel and other personal property which is:

(1) Owned by an "insured"; and

(2) In or on your covered "auto".

This coverage applies only in the event of a total theft of your covered "auto".

No deductibles apply to this Personal Property coverage.

K. AIRBAGS

The following is added to Paragraph **B.3., Exclusions**, of **SECTION III – PHYSICAL DAMAGE COVERAGE**:

Exclusion **3.a.** does not apply to "loss" to one or more airbags in a covered "auto" you own that inflate due to a cause other than a cause of "loss" set forth in Paragraphs **A.1.b.** and **A.1.c.**, but only:

a. If that "auto" is a covered "auto" for Comprehensive Coverage under this policy;

b. The airbags are not covered under any warranty; and

c. The airbags were not intentionally inflated.

We will pay up to a maximum of $1,000 for any one "loss".

L. NOTICE AND KNOWLEDGE OF ACCIDENT OR LOSS

The following is added to Paragraph **A.2.a.**, of **SECTION IV – BUSINESS AUTO CONDITIONS**:

Your duty to give us or our authorized representative prompt notice of the "accident" or "loss" applies only when the "accident" or "loss" is known to:

(a) You (if you are an individual);

(b) A partner (if you are a partnership);

(c) A member (if you are a limited liability company);

(d) An executive officer, director or insurance manager (if you are a corporation or other organization); or

(e) Any "employee" authorized by you to give notice of the "accident" or "loss".

M. BLANKET WAIVER OF SUBROGATION

The following replaces Paragraph **A.5., Transfer Of Rights Of Recovery Against Others To Us**, of **SECTION IV – BUSINESS AUTO CONDITIONS** :

5. Transfer Of Rights Of Recovery Against Others To Us

We waive any right of recovery we may have against any person or organization to the extent required of you by a written contract signed and executed prior to any "accident" or "loss", provided that the "accident" or "loss" arises out of operations contemplated by

© 2015 The Travelers Indemnity Company. All rights reserved.
Includes copyrighted material of Insurance Services Office, Inc. with its permission.

such contract. The waiver applies only to the person or organization designated in such contract.

N. UNINTENTIONAL ERRORS OR OMISSIONS

The following is added to Paragraph **B.2., Concealment, Misrepresentation, Or Fraud,** of **SECTION IV – BUSINESS AUTO CONDITIONS**:

The unintentional omission of, or unintentional error in, any information given by you shall not prejudice your rights under this insurance. However this provision does not affect our right to collect additional premium or exercise our right of cancellation or non-renewal.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

BLANKET ADDITIONAL INSURED – PRIMARY AND NON-CONTRIBUTORY WITH OTHER INSURANCE

This endorsement modifies insurance provided under the following:

BUSINESS AUTO COVERAGE FORM

PROVISIONS

1. The following is added to Paragraph **A.1.c., Who Is An Insured**, of **SECTION II – COVERED AUTOS LIABILITY COVERAGE**:

   This includes any person or organization who you are required under a written contract or agreement between you and that person or organization, that is signed by you before the "bodily injury" or "property damage" occurs and that is in effect during the policy period, to name as an additional insured for Covered Autos Liability Coverage, but only for damages to which this insurance applies and only to the extent of that person's or organization's liability for the conduct of another "insured".

2. The following is added to Paragraph **B.5., Other Insurance** of **SECTION IV – BUSINESS AUTO CONDITIONS**:

   Regardless of the provisions of paragraph a. and paragraph **d.** of this part **5. Other Insurance,** this insurance is primary to and non-contributory with applicable other insurance under which an additional insured person or organization is the first named insured when the written contract or agreement between you and that person or organization, that is signed by you before the "bodily injury" or "property damage" occurs and that is in effect during the policy period, requires this insurance to be primary and non-contributory.

POLICY NUMBER: CUP-0T849346-22-26 ISSUE DATE: 02/01/2022

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

AGGREGATE LIMIT APPLIES ON A PER PROJECT BASIS SUBJECT TO THE TOTAL AGGREGATE LIMIT

This endorsement modifies insurance provided under the following:

EXCESS FOLLOW-FORM AND UMBRELLA LIABILITY INSURANCE

SCHEDULE OF TOTAL AGGREGATE LIMIT

Total Aggregate Limit $ 10,000

PROVISIONS

1. The following is added to Paragraph **B.** of **SECTION III – LIMITS OF INSURANCE:**

   For damages because of "bodily injury" and "property damage", if any "underlying insurance" applies a separate aggregate limit in the same policy for each "project", other than a products-completed operations aggregate limit, then the General Aggregate Limit will apply in the same manner as such aggregate limit in such "underlying insurance".

   However, we won't pay more than the Total Aggregate Limit shown in the Schedule Of Total Aggregate Limit for the combined total of all damages covered by this policy because of all "bodily injury" or "property damage" arising out of "projects". For the purposes of determining the applicable General Aggregate Limit, each "project" that includes premises involving the same or connecting lots, or premises whose connection is interrupted only by a street, roadway or waterway, or by a right-of-way of a railroad, will be considered a single "project". If no entry appears in the Schedule Of Total Aggregate Limit, the Total Aggregate Limit is deemed to be the General Aggregate Limit.

2. The following is added to Paragraph **A.** of **SECTION VI – DEFINITIONS:**

   "Project" means any area away from any premises, site or location that you rent or lease from others, or own, and at which you are performing operations pursuant to a contract or agreement.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

BLANKET ADDITIONAL INSURED
(Includes Products-Completed Operations If Required By Contract)

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART

PROVISIONS

The following is added to **SECTION II – WHO IS AN INSURED**:

Any person or organization that you agree in a written contract or agreement to include as an additional insured on this Coverage Part is an insured, but only:

a. With respect to liability for "bodily injury" or "property damage" that occurs, or for "personal injury" caused by an offense that is committed, subsequent to the signing of that contract or agreement and while that part of the contract or agreement is in effect; and

b. If, and only to the extent that, such injury or damage is caused by acts or omissions of you or your subcontractor in the performance of "your work" to which the written contract or agreement applies. Such person or organization does not qualify as an additional insured with respect to the independent acts or omissions of such person or organization.

The insurance provided to such additional insured is subject to the following provisions:

a. If the Limits of Insurance of this Coverage Part shown in the Declarations exceed the minimum limits required by the written contract or agreement, the insurance provided to the additional insured will be limited to such minimum required limits. For the purposes of determining whether this limitation applies, the minimum limits required by the written contract or agreement will be considered to include the minimum limits of any Umbrella or Excess liability coverage required for the additional insured by that written contract or agreement. This provision will not increase the limits of insurance described in Section **III** – Limits Of Insurance.

b. The insurance provided to such additional insured does not apply to:

(1) Any "bodily injury", "property damage" or "personal injury" arising out of the providing, or failure to provide, any professional architectural, engineering or surveying services, including:

(a) The preparing, approving, or failing to prepare or approve, maps, shop drawings, opinions, reports, surveys, field orders or change orders, or the preparing, approving, or failing to prepare or approve, drawings and specifications; and

(b) Supervisory, inspection, architectural or engineering activities.

(2) Any "bodily injury" or "property damage" caused by "your work" and included in the "products-completed operations hazard" unless the written contract or agreement specifically requires you to provide such coverage for that additional insured during the policy period.

c. The additional insured must comply with the following duties:

(1) Give us written notice as soon as practicable of an "occurrence" or an offense which may result in a claim. To the extent possible, such notice should include:

(a) How, when and where the "occurrence" or offense took place;

(b) The names and addresses of any injured persons and witnesses; and

(c) The nature and location of any injury or damage arising out of the "occurrence" or offense.

(2) If a claim is made or "suit" is brought against the additional insured:

© 2018 The Travelers Indemnity Company. All rights reserved.

(a) Immediately record the specifics of the claim or "suit" and the date received; and

(b) Notify us as soon as practicable and see to it that we receive written notice of the claim or "suit" as soon as practicable.

(3) Immediately send us copies of all legal papers received in connection with the claim or "suit", cooperate with us in the investigation or settlement of the claim or defense against the "suit", and otherwise comply with all policy conditions.

(4) Tender the defense and indemnity of any claim or "suit" to any provider of other insurance which would cover such additional insured for a loss we cover. However, this condition does not affect whether the insurance provided to such additional insured is primary to other insurance available to such additional insured which covers that person or organization as a named insured as described in Paragraph **4.**, Other Insurance, of Section **IV** – Commercial General Liability Conditions.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

XTEND ENDORSEMENT FOR CONTRACTORS

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART

GENERAL DESCRIPTION OF COVERAGE – This endorsement broadens coverage. However, coverage for any injury, damage or medical expenses described in any of the provisions of this endorsement may be excluded or limited by another endorsement to this Coverage Part, and these coverage broadening provisions do not apply to the extent that coverage is excluded or limited by such an endorsement. The following listing is a general coverage description only. Read all the provisions of this endorsement and the rest of your policy carefully to determine rights, duties, and what is and is not covered.

A. Who Is An Insured – Unnamed Subsidiaries

B. Blanket Additional Insured – Governmental Entities – Permits Or Authorizations Relating To Operations

C. Incidental Medical Malpractice

D. Blanket Waiver Of Subrogation

E. Contractual Liability – Railroads

F. Damage To Premises Rented To You

PROVISIONS

A. WHO IS AN INSURED – UNNAMED SUBSIDIARIES

The following is added to **SECTION II – WHO IS AN INSURED**:

Any of your subsidiaries, other than a partnership, joint venture or limited liability company, that is not shown as a Named Insured in the Declarations is a Named Insured if:

a. You are the sole owner of, or maintain an ownership interest of more than 50% in, such subsidiary on the first day of the policy period; and

b. Such subsidiary is not an insured under similar other insurance.

No such subsidiary is an insured for "bodily injury" or "property damage" that occurred, or "personal and advertising injury" caused by an offense committed:

a. Before you maintained an ownership interest of more than 50% in such subsidiary; or

b. After the date, if any, during the policy period that you no longer maintain an ownership interest of more than 50% in such subsidiary.

For purposes of Paragraph **1.** of Section **II** – Who Is An Insured, each such subsidiary will be deemed to be designated in the Declarations as:

a. An organization other than a partnership, joint venture or limited liability company; or

b. A trust;

as indicated in its name or the documents that govern its structure.

B. BLANKET ADDITIONAL INSURED – GOVERNMENTAL ENTITIES – PERMITS OR AUTHORIZATIONS RELATING TO OPERATIONS

The following is added to **SECTION II – WHO IS AN INSURED**:

Any governmental entity that has issued a permit or authorization with respect to operations performed by you or on your behalf and that you are required by any ordinance, law, building code or written contract or agreement to include as an additional insured on this Coverage Part is an insured, but only with respect to liability for "bodily injury", "property damage" or "personal and advertising injury" arising out of such operations.

The insurance provided to such governmental entity does not apply to:

a. Any "bodily injury", "property damage" or "personal and advertising injury" arising out of operations performed for the governmental entity; or

b. Any "bodily injury" or "property damage" included in the "products-completed operations hazard".

© 2017 The Travelers Indemnity Company. All rights reserved.

C. INCIDENTAL MEDICAL MALPRACTICE

1. The following replaces Paragraph **b.** of the definition of "occurrence" in the **DEFINITIONS** Section:

   b. An act or omission committed in providing or failing to provide "incidental medical services", first aid or "Good Samaritan services" to a person, unless you are in the business or occupation of providing professional health care services.

2. The following replaces the last paragraph of Paragraph **2.a.(1)** of **SECTION II – WHO IS AN INSURED**:

   Unless you are in the business or occupation of providing professional health care services, Paragraphs **(1)(a)**, **(b)**, **(c)** and **(d)** above do not apply to "bodily injury" arising out of providing or failing to provide:

   (a) "Incidental medical services" by any of your "employees" who is a nurse, nurse assistant, emergency medical technician or paramedic; or

   (b) First aid or "Good Samaritan services" by any of your "employees" or "volunteer workers", other than an employed or volunteer doctor. Any such "employees" or "volunteer workers" providing or failing to provide first aid or "Good Samaritan services" during their work hours for you will be deemed to be acting within the scope of their employment by you or performing duties related to the conduct of your business.

3. The following replaces the last sentence of Paragraph **5.** of **SECTION III – LIMITS OF INSURANCE**:

   For the purposes of determining the applicable Each Occurrence Limit, all related acts or omissions committed in providing or failing to provide "incidental medical services", first aid or "Good Samaritan services" to any one person will be deemed to be one "occurrence".

4. The following exclusion is added to Paragraph **2.**, **Exclusions**, of **SECTION I – COVERAGES – COVERAGE A – BODILY INJURY AND PROPERTY DAMAGE LIABILITY**:

   Sale Of Pharmaceuticals

   "Bodily injury" or "property damage" arising out of the violation of a penal statute or ordinance relating to the sale of pharmaceuticals committed by, or with the knowledge or consent of, the insured.

5. The following is added to the **DEFINITIONS** Section:

   "Incidental medical services" means:

   a. Medical, surgical, dental, laboratory, x-ray or nursing service or treatment, advice or instruction, or the related furnishing of food or beverages; or

   b. The furnishing or dispensing of drugs or medical, dental, or surgical supplies or appliances.

6. The following is added to Paragraph **4.b.**, **Excess Insurance**, of **SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS**:

   This insurance is excess over any valid and collectible other insurance, whether primary, excess, contingent or on any other basis, that is available to any of your "employees" for "bodily injury" that arises out of providing or failing to provide "incidental medical services" to any person to the extent not subject to Paragraph **2.a.(1)** of Section **II** – Who Is An Insured.

D. BLANKET WAIVER OF SUBROGATION

The following is added to Paragraph **8.**, **Transfer Of Rights Of Recovery Against Others To Us**, of **SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS**:

If the insured has agreed in a contract or agreement to waive that insured's right of recovery against any person or organization, we waive our right of recovery against such person or organization, but only for payments we make because of:

a. "Bodily injury" or "property damage" that occurs; or

b. "Personal and advertising injury" caused by an offense that is committed;

subsequent to the execution of the contract or agreement.

E. CONTRACTUAL LIABILITY – RAILROADS

1. The following replaces Paragraph **c.** of the definition of "insured contract" in the **DEFINITIONS** Section:

   c. Any easement or license agreement;

© 2017 The Travelers Indemnity Company. All rights reserved.
Includes copyrighted material of Insurance Services Office, Inc., with its permission.

2. Paragraph **f.(1)** of the definition of "insured contract" in the **DEFINITIONS** Section is deleted.

F. DAMAGE TO PREMISES RENTED TO YOU

The following replaces the definition of "premises damage" in the **DEFINITIONS** Section:

"Premises damage" means "property damage" to:

a. Any premises while rented to you or temporarily occupied by you with permission of the owner; or

b. The contents of any premises while such premises is rented to you, if you rent such premises for a period of seven or fewer consecutive days.

© 2017 The Travelers Indemnity Company. All rights reserved.
Includes copyrighted material of Insurance Services Office, Inc., with its permission.

a. We have used up the applicable limit of insurance in the payment of judgments, settlements or medical expenses; or

b. The conditions set forth above, or the terms of the agreement described in Paragraph **f.** above, are no longer met.

SECTION II – WHO IS AN INSURED

1. If you are designated in the Declarations as:
   a. An individual, you and your spouse are insureds, but only with respect to the conduct of a business of which you are the sole owner.
   b. A partnership or joint venture, you are an insured. Your members, your partners, and their spouses are also insureds, but only with respect to the conduct of your business.
   c. A limited liability company, you are an insured. Your members are also insureds, but only with respect to the conduct of your business. Your managers are insureds, but only with respect to their duties as your managers.
   d. An organization other than a partnership, joint venture or limited liability company, you are an insured. Your "executive officers" and directors are insureds, but only with respect to their duties as your officers or directors. Your stockholders are also insureds, but only with respect to their liability as stockholders.
   e. A trust, you are an insured. Your trustees are also insureds, but only with respect to their duties as trustees.
2. Each of the following is also an insured:
   a. Your "volunteer workers" only while performing duties related to the conduct of your business, or your "employees", other than either your "executive officers" (if you are an organization other than a partnership, joint venture or limited liability company) or your managers (if you are a limited liability company), but only for acts within the scope of their employment by you or while performing duties related to the conduct of your business. However, none of these "employees" or "volunteer workers" are insureds for:
      (1) "Bodily injury" or "personal injury":
         (a) To you, to your partners or members (if you are a partnership or joint venture), to your members (if you are a limited liability company), to a co-"employee" while in the course of his or her employment or performing duties related to the conduct of your business, or to your other "volunteer workers" while performing duties related to the conduct of your business;
         (b) To the spouse, child, parent, brother or sister of that co-"employee" or "volunteer worker" as a consequence of Paragraph **(1)(a)** above;
         (c) For which there is any obligation to share damages with or repay someone else who must pay damages because of the injury described in Paragraph **(1)(a)** or **(b)** above; or
         (d) Arising out of his or her providing or failing to provide professional health care services.

         Unless you are in the business or occupation of providing professional health care services, Paragraphs **(1)(a)**, **(b)**, **(c)** and **(d)** above do not apply to "bodily injury" arising out of providing or failing to provide first aid or "Good Samaritan services" by any of your "employees" or "volunteer workers", other than an employed or volunteer doctor. Any such "employees" or "volunteer workers" providing or failing to provide first aid or "Good Samaritan services" during their work hours for you will be deemed to be acting within the scope of their employment by you or performing duties related to the conduct of your business.
      (2) "Property damage" to property:
         (a) Owned, occupied or used by;
         (b) Rented to, in the care, custody or control of, or over which physical control is being exercised for any purpose by;

         you, any of your "employees", "volunteer workers", any partner or member (if you are a partnership or joint venture), or any member (if you are a limited liability company).
   b. Any person (other than your "employee" or "volunteer worker"), or any organization, while acting as your real estate manager.
   c. Any person or organization having proper temporary custody of your property if you die, but only:
      (1) With respect to liability arising out of the maintenance or use of that property; and
      (2) Until your legal representative has been appointed.

© 2017 The Travelers Indemnity Company. All rights reserved.
Includes copyrighted material of Insurance Services Office, Inc. with its permission.

d. Your legal representative if you die, but only with respect to duties as such. That representative will have all your rights and duties under this Coverage Part.

e. Any person or organization that, with your express or implied consent, either uses or is responsible for the use of a watercraft that you do not own that is:

(1) 50 feet long or less; and

(2) Not being used to carry any person or property for a charge.

3. Any organization you newly acquire or form, other than a partnership, joint venture or limited liability company, and of which you are the sole owner or in which you maintain an ownership interest of more than 50%, will qualify as a Named Insured if there is no other similar insurance available to that organization. However:

a. Coverage under this provision is afforded only until the 180th day after you acquire or form the organization or the end of the policy period, whichever is earlier;

b. Coverage A does not apply to "bodily injury" or "property damage" that occurred before you acquired or formed the organization; and

c. Coverage B does not apply to "personal and advertising injury" arising out of an offense committed before you acquired or formed the organization.

For the purposes of Paragraph 1. of Section II – Who Is An Insured, each such organization will be deemed to be designated in the Declarations as:

a. An organization, other than a partnership, joint venture or limited liability company; or

b. A trust;

as indicated in its name or the documents that govern its structure.

4. Any person or organization that is a premises owner, manager or lessor and that you have agreed in a written contract or agreement to include as an additional insured on this Coverage Part is an insured, but only with respect to liability for "bodily injury", "property damage" or "personal and advertising injury" that:

a. Is "bodily injury" or "property damage" that occurs, or is "personal and advertising injury" caused by an offense that is committed, subsequent to the signing of that contract or agreement; and

b. Arises out of the ownership, maintenance or use of that part of any premises leased to you.

The insurance provided to such premises owner, manager or lessor is subject to the following provisions:

a. The limits of insurance provided to such premises owner, manager or lessor will be the minimum limits that you agreed to provide in the written contract or agreement, or the limits shown in the Declarations, whichever are less.

b. The insurance provided to such premises owner, manager or lessor does not apply to:

(1) Any "bodily injury" or "property damage" that occurs, or "personal and advertising injury" caused by an offense that is committed, after you cease to be a tenant in that premises; or

(2) Structural alterations, new construction or demolition operations performed by or on behalf of such premises owner, manager or lessor.

5. Any person or organization that is an equipment lessor and that you have agreed in a written contract or agreement to include as an additional insured on this Coverage Part is an insured, but only with respect to liability for "bodily injury", "property damage", or "personal and advertising injury" that:

a. Is "bodily injury" or "property damage" that occurs, or is "personal and advertising injury" caused by an offense that is committed, subsequent to the signing of that contract or agreement; and

b. Is caused, in whole or in part, by your acts or omissions in the maintenance, operation or use of equipment leased to you by such equipment lessor.

The insurance provided to such equipment lessor is subject to the following provisions:

a. The limits of insurance provided to such equipment lessor will be the minimum limits that you agreed to provide in the written contract or agreement, or the limits shown in the Declarations, whichever are less.

b. The insurance provided to such equipment lessor does not apply to any "bodily injury" or "property damage" that occurs, or "personal and advertising injury" caused by an offense that is committed, after the equipment lease expires.

No person or organization is an insured with respect to the conduct of any current or past partnership, joint

© 2017 The Travelers Indemnity Company. All rights reserved.
Includes copyrighted material of Insurance Services Office, Inc. with its permission.

venture or limited liability company that is not shown as a Named Insured in the Declarations. This paragraph does not apply to any such partnership, joint venture or limited liability company that otherwise qualifies as an insured under Section II – Who Is An Insured.

SECTION III – LIMITS OF INSURANCE

1. The Limits of Insurance shown in the Declarations and the rules below fix the most we will pay regardless of the number of:
   a. Insureds;
   b. Claims made or "suits" brought; or
   c. Persons or organizations making claims or bringing "suits".
2. The General Aggregate Limit is the most we will pay for the sum of:
   a. Medical expenses under Coverage C;
   b. Damages under Coverage A, except damages because of "bodily injury" or "property damage" included in the "products-completed operations hazard"; and
   c. Damages under Coverage B.
3. The Products-Completed Operations Aggregate Limit is the most we will pay under Coverage A for damages because of "bodily injury" and "property damage" included in the "products-completed operations hazard".
4. Subject to Paragraph 2. above, the Personal And Advertising Injury Limit is the most we will pay under Coverage B for the sum of all damages because of all "personal injury" and "advertising injury" sustained by any one person or organization.
5. Subject to Paragraph 2. or 3. above, whichever applies, the Each Occurrence Limit is the most we will pay for the sum of:
   a. Damages under Coverage A; and
   b. Medical expenses under Coverage C;

   because of all "bodily injury" and "property damage" arising out of any one "occurrence".

   For the purposes of determining the applicable Each Occurrence Limit, all related acts or omissions committed in providing or failing to provide first aid or "Good Samaritan services" to any one person will be deemed to be one "occurrence".
6. Subject to Paragraph 5. above, the Damage To Premises Rented To You Limit is the most we will pay under Coverage A for damages because of "premises damage" to any one premises. The Damage To Premises Rented To You Limit will be:
   a. The amount shown for the Damage To Premises Rented To You Limit in the Declarations of this Coverage Part; or
   b. $300,000 if no amount is shown for the Damage To Premises Rented To You Limit in the Declarations of this Coverage Part.
7. Subject to Paragraph 5. above, the Medical Expense Limit is the most we will pay under Coverage C for all medical expenses because of "bodily injury" sustained by any one person.

The Limits of Insurance of this Coverage Part apply separately to each consecutive annual period and to any remaining period of less than 12 months, starting with the beginning of the policy period shown in the Declarations, unless the policy period is extended after issuance for an additional period of less than 12 months. In that case, the additional period will be deemed part of the last preceding period for purposes of determining the Limits of Insurance.

SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS

1. **Bankruptcy**

   Bankruptcy or insolvency of the insured or of the insured's estate will not relieve us of our obligations under this Coverage Part.

2. **Duties In The Event Of Occurrence, Offense, Claim Or Suit**
   a. You must see to it that we are notified as soon as practicable of an "occurrence" or an offense which may result in a claim. To the extent possible, notice should include:
      (1) How, when and where the "occurrence" or offense took place;
      (2) The names and addresses of any injured persons and witnesses; and
      (3) The nature and location of any injury or damage arising out of the "occurrence" or offense.
   b. If a claim is made or "suit" is brought against any insured, you must:
      (1) Immediately record the specifics of the claim or "suit" and the date received; and
      (2) Notify us as soon as practicable.

      You must see to it that we receive written notice of the claim or "suit" as soon as practicable.
   c. You and any other involved insured must:
      (1) Immediately send us copies of any demands, notices, summonses or legal papers received in connection with the claim or "suit";

© 2017 The Travelers Indemnity Company. All rights reserved.
Includes copyrighted material of Insurance Services Office, Inc. with its permission.

c. Method Of Sharing

If all of the other insurance permits contribution by equal shares, we will follow this method also. Under this approach each insurer contributes equal amounts until it has paid its applicable limit of insurance or none of the loss remains, whichever comes first.

If any of the other insurance does not permit contribution by equal shares, we will contribute by limits. Under this method, each insurer's share is based on the ratio of its applicable limit of insurance to the total applicable limits of insurance of all insurers.

d. Primary And Non-Contributory Insurance If Required By Written Contract

If you specifically agree in a written contract or agreement that the insurance afforded to an insured under this Coverage Part must apply on a primary basis, or a primary and non-contributory basis, this insurance is primary to other insurance that is available to such insured which covers such insured as a named insured, and we will not share with that other insurance, provided that:

(1) The "bodily injury" or "property damage" for which coverage is sought occurs; and

(2) The "personal and advertising injury" for which coverage is sought is caused by an offense that is committed;

subsequent to the signing of that contract or agreement by you.

5. Premium Audit

a. We will compute all premiums for this Coverage Part in accordance with our rules and rates.

b. Premium shown in this Coverage Part as advance premium is a deposit premium only. At the close of each audit period we will compute the earned premium for that period and send notice to the first Named Insured. The due date for audit and retrospective premiums is the date shown as the due date on the bill. If the sum of the advance and audit premiums paid for the policy period is greater than the earned premium, we will return the excess to the first Named Insured.

c. The first Named Insured must keep records of the information we need for premium computation, and send us copies at such times as we may request.

6. Representations

By accepting this policy, you agree:

a. The statements in the Declarations are accurate and complete;

b. Those statements are based upon representations you made to us; and

c. We have issued this policy in reliance upon your representations.

The unintentional omission of, or unintentional error in, any information provided by you which we relied upon in issuing this policy will not prejudice your rights under this insurance. However, this provision does not affect our right to collect additional premium or to exercise our rights of cancellation or nonrenewal in accordance with applicable insurance laws or regulations.

7. Separation Of Insureds

Except with respect to the Limits of Insurance, and any rights or duties specifically assigned in this Coverage Part to the first Named Insured, this insurance applies:

a. As if each Named Insured were the only Named Insured; and

b. Separately to each insured against whom claim is made or "suit" is brought.

8. Transfer Of Rights Of Recovery Against Others To Us

If the insured has rights to recover all or part of any payment we have made under this Coverage Part, those rights are transferred to us. The insured must do nothing after loss to impair them. At our request, the insured will bring "suit" or transfer those rights to us and help us enforce them.

9. When We Do Not Renew

If we decide not to renew this Coverage Part, we will mail or deliver to the first Named Insured shown in the Declarations written notice of the nonrenewal not less than 30 days before the expiration date.

If notice is mailed, proof of mailing will be sufficient proof of notice.

SECTION V – DEFINITIONS

1. "Advertisement" means a notice that is broadcast or published to the general public or specific market segments about your goods, products or services for the purpose of attracting customers or supporters. For the purposes of this definition:

a. Notices that are published include material placed on the Internet or on similar electronic means of communication; and

b. Regarding websites, only that part of a website that is about your goods, products or services for the purposes of attracting customers or supporters is considered an advertisement.

POLICY NUMBER: DT22-CO-0T843250-TCT-23

ISSUE DATE: 07-12-23

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY

DESIGNATED PROJECT(S) GENERAL AGGREGATE LIMIT

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART

SCHEDULE

Designated Project(s):	Designated Project General Aggregate(s):
EACH "PROJECT" FOR WHICH YOU HAVE AGREED IN A WRITTEN CONTRACT THAT IS IN EFFECT DURING THIS POLICY PERIOD, TO PROVIDE A SEPARATE GENERAL AGGREGATE LIMIT, PROVIDED THAT THE CONTRACT IS SIGNED BY YOU BEFORE THE "BODILY INJURY" OR "PROPERTY DAMAGE" OCCURS.	GENERAL AGGREGATE LIMIT SHOWN ON THE DECLARATIONS.

A. For all sums which the insured becomes legally obligated to pay as damages caused by "occurrences" under **COVERAGE A. (SECTION I)**, and for all medical expenses caused by accidents under **COVERAGE C (SECTION I)**, which can be attributed only to operations at a single designated "project" shown in the Schedule above:

1. A separate Designated Project General Aggregate Limit applies to each designated "project", and that limit is equal to the amount of the General Aggregate Limit shown in the Declarations, unless separate **Designated Project General Aggregate(s)** are scheduled above.
2. The Designated Project General Aggregate Limit is the most we will pay for the sum of all damages under **COVERAGE A.**, except damages because of "bodily injury" or "property damage" included in the "products-completed operations hazard", and for medical expenses under **COVERAGE C**, regardless of the number of:
   - **a.** Insureds;
   - **b.** Claims made or "suits" brought; or
   - **c.** Persons or organizations making claims or bringing "suits".
3. Any payments made under **COVERAGE A.** for damages or under **COVERAGE C.** for medical expenses shall reduce the Designated Project General Aggregate Limit for that designated "project". Such payments shall not reduce the General Aggregate Limit shown in the Declarations nor shall they reduce any other Designated Project General Aggregate Limit for any other designated "project" shown in the Schedule above.
4. The limits shown in the Declarations for **Each Occurrence, Damage To Premises Rented To You and Medical Expense** continue to apply. However, instead of being subject to the General Aggregate Limit shown in the Declarations, such limits will be subject to the applicable Designated Project General Aggregate Limit.

B. For all sums which the insured becomes legally obligated to pay as damages caused by "occurrences" under **COVERAGE A. (SECTION I)**, and for all medical expenses caused by accidents under **COVERAGE C. (SECTION I)**, which cannot be attributed only to operations at a single designated "project" shown in the Schedule above:

Copyright, The Travelers Indemnity Company, 2004

1. Any payments made under **COVERAGE A.** for damages or under **COVERAGE C.** for medical expenses shall reduce the amount available under the General Aggregate Limit or the Products-Completed Operations Aggregate Limit, whichever is applicable; and
2. Such payments shall not reduce any Designated Project General Aggregate Limit.

C. Part **2.** of **SECTION III – LIMITS OF INSURANCE** is deleted and replaced by the following:

2. The General Aggregate Limit is the most we will pay for the sum of:
   a. Damages under **Coverage B**; and
   b. Damages from "occurrences" under **COVERAGE A (SECTION I)** and for all medical expenses caused by accidents under **COVERAGE C (SECTION I)** which cannot be attributed only to operations at a single designated "project" shown in the **SCHEDULE** above.

D. When coverage for liability arising out of the "products-completed operations hazard" is provided, any payments for damages because of "bodily injury" or "property damage" included in the "products-completed operations hazard" will reduce the Products-Completed Operations Aggregate Limit, and not reduce the General Aggregate Limit nor the Designated Project General Aggregate Limit.

E. For the purposes of this endorsement the **Definitions Section** is amended by the addition of the following definition:

"Project" means an area away from premises owned by or rented to you at which you are performing operations pursuant to a contract or agreement. For the purposes of determining the applicable aggregate limit of insurance, each "project" that includes premises involving the same or connecting lots, or premises whose connection is interrupted only by a street, roadway, waterway or right-of-way of a railroad shall be considered a single "project".

F. The provisions of **SECTION III – LIMITS OF INSURANCE** not otherwise modified by this endorsement shall continue to apply as stipulated.

Copyright, The Travelers Indemnity Company, 2004

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

BLANKET LOSS PAYEES

This endorsement modifies insurance provided under the IM PAK COVERAGE FORM.

The following is added to Section E – ADDITIONAL COVERAGE CONDITIONS:

Loss Payable Provision

In the event of a Covered Cause of Loss to Covered Property in which both you and a Loss Payee share an insurable interest, we will:

a. Adjust the loss or damage with you; and

b. Pay any claim for loss or damage jointly to you and the Loss Payee as your interests may appear.

This endorsement applies to all Covered Property for which a Loss Payee is on file with us or your insurance agent or insurance broker.

(2) **Property damage** or **environmental damage** to **your product**, arising out of it or any part of it.

However, subparagraph (1) does not apply to **your products** that are installed as part of **your work** at a **job site**.

IV. DEFENSE

We have the right and duty to defend the insured against a **suit** seeking damages to which this insurance applies. We have no duty to defend the insured against any **claim** or **suit** seeking damages to which this insurance does not apply. Our duty to defend ends when the applicable Limit of Liability has been exhausted by the payment of **loss**. We may, at our discretion, investigate any **pollution condition** or **claim** and settle any **claim** or **suit**. With respect to any **pollution condition** or **claim** we investigate or **suit** we defend, we will pay **legal defense costs**. **Legal defense costs** are in addition to, and do not reduce, the limits of liability.

V. WHO IS AN INSURED

Each of the following is an insured:

1. If you are designated in the Declarations as:

a. An individual, you and your spouse are insureds, but only with respect to the conduct of a business of which you are the sole owner.

b. A partnership or joint venture, you are an insured. Your members, your partners, and their spouses are also insureds, but only with respect to the conduct of your business.

c. A limited liability company, you are an insured. Your members are also insureds, but only with respect to the conduct of your business. Your managers are insureds, but only with respect to their duties as your managers.

d. An organization other than a partnership, joint venture or limited liability company, you are an insured. Your **executive officers** and directors are insureds, but only with respect to their duties as your officers or directors. Your stockholders are also insureds, but only with respect to their liability as stockholders.

e. A trust, you are an insured. Your trustees are also insureds, but only with respect to their duties as trustees.

2. Each of the following is also an insured:

a. Your **volunteer workers**, but only while performing duties related to the conduct of your business, or your **employees,** other than either your **executive officers** (if you are an organization other than a partnership, joint venture or limited liability company) or your managers (if you are a limited liability company), but only for acts within the scope of their employment by you or while performing duties related to the conduct of your business. However, none of these **employees** or **volunteer workers** is an insured for:

(1) **Bodily injury**:

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

(a) To you, to your partners or members (if you are a partnership or joint venture), or to your members (if you are a limited liability company);

(b) For which there is any obligation to share damages with or repay someone else who must pay damages because of the injury described in subparagraph (1) (a) above; or

(c) Arising out of the providing or failure to provide professional health care services except incidental health care services provided by any physician, dentist, nurse, emergency medical technician or paramedic who is employed by you to provide such services and provided you are not engaged in the business of providing such services.

(2) **Property damage** or **environmental damage** to property:

(a) Owned, occupied or used by; or

(b) Rented to, in the care, custody or control of, or over which physical control is being exercised for any purpose by you, any of your **employees**, **volunteer workers**, any partner or member (if you are a partnership or joint venture), or any member (if you are a limited liability company).

b. Any person (other than your **employee** or **volunteer worker**), or any organization while acting as your real estate manager.

c. Any person or organization having proper temporary custody of your property if you die, but only:

(1) With respect to liability arising out of the maintenance or use of that property; and

(2) Until your legal representative has been appointed.

d. Your legal representative if you die, but only with respect to duties as such. That representative will have all your rights and duties under this Policy.

3. Any subsidiary, associated, affiliated or allied company or corporation, including subsidiaries thereof, of which you have more than 50% ownership interest as of the **inception date** is a Named Insured; however, such entities shall cease to be a Named Insured if you cease to maintain more than a 50% ownership interest.

4. Any organization you newly acquire or form, other than a partnership, joint venture or limited liability company, and over which you maintain ownership or majority interest, will qualify as a Named Insured if there is no other similar insurance available to that organization. However, coverage for such organization:

a. Is afforded only until the 90th day after you acquire or form the organization or the end of the **policy period**, whichever is earlier;

b. Applies only if you give us written notice within 90 days after you acquire or form the organization, or before the end of the **policy period**, whichever is earlier;

c. Is conditioned upon your payment of any additional premium that we charge for such organization;

d. Is subject to any changes in policy terms, conditions or exclusions that we impose; and

e. Does not apply to any **bodily injury**, **property damage**, **environmental damage** or **pollution condition** that took place before you acquired or formed the organization.

Unless there is compliance with each of subparagraphs **b.** through **e.** above, there shall be no coverage under this Policy for a newly acquired or formed organization.

5. Any person or organization with whom you agree to include as an insured pursuant to a written contract, written agreement or permit is an insured, but only with respect to **bodily injury**, **property damage** or **environmental damage**: (i) arising out of **your work**, including **completed operations**, (ii) caused, in whole or in part, by your acts or omissions or the acts or omissions of those acting on your behalf, and (iii) only for the lesser of the applicable limits of liability set forth in Section VI. LIMITS OF LIABILITY AND DEDUCTIBLE or the minimum limits of liability required by such written contract.

The insurance afforded under this paragraph **5.** only applies to the extent permitted by law and will not be broader than that which you are required by the contract or agreement to provide for such insured. Furthermore, a manager or lessor of premises, a lessor of leased equipment, or a mortgagee, assignee, or receiver is not an insured as respects **bodily injury**, **property damage** or **environmental damage**:

a. Arising out of any **pollution condition** that takes place after the equipment lease expires or you cease to be a tenant; or

b. Arising out of structural alterations, new construction or demolition operations performed by or on behalf of the manager or lesser of premises, or mortgagee, assignee, or receiver.

No person or organization is an insured with respect to the conduct of any current or past partnership, joint venture or limited liability company that is not shown as a Named Insured in the Declarations.

VI. LIMITS OF LIABILITY AND DEDUCTIBLE

Regardless of the number of **claims**, **suits**, claimants or insureds, the following limits of liability apply:

1. Policy Aggregate Limit
The Policy Aggregate Limit set forth in Item 3 of the Declarations is the most we will pay for all **loss** under this Policy.

2. Contracting Services Pollution Liability - Each Pollution Condition Limit
Subject to Paragraph **1.** above, the Contracting Services Pollution Liability - Each Pollution Condition Limit set forth in Item 3 of the Declarations is the most we will pay for all **loss** arising out of the same, related, continuous or repeated **pollution condition(s)**.

3. Environmental Crisis Management Costs Limit
Subject to Paragraph **1.** above, the Environmental Crisis Management Costs Limit set forth in Item 3 of the Declarations is the most we will pay for all **loss** under Coverage B – Environmental Crisis Management Costs.

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

d. That Extended Reporting Period endorsement is issued by us and made a part of this policy.

3. Any Extended Reporting Period endorsement for this insurance will not reinstate or increase the Limits of Insurance or extend the policy period.

4. Except with respect to any provisions to the contrary contained in Paragraphs **1.**, **2.** or **3.** above, all provisions of any option to purchase an "extended reporting period" granted to you in the "underlying insurance" apply to this insurance.

J. INSPECTIONS AND SURVEYS

1. We have the right but are not obligated to:

a. Make inspections and surveys at any time;

b. Give you reports on the conditions we find; and

c. Recommend changes.

2. Any inspections, surveys, reports or recommendations relate only to insurability and the premiums to be charged. We do not make safety inspections. We do not undertake to perform the duty of any person or organization to provide for the health or safety of workers or the public. We do not warrant that conditions:

a. Are safe or healthful; or

b. Comply with laws, regulations, codes or standards.

K. LEGAL ACTION AGAINST US

1. No person or organization has a right under this insurance:

a. To join us as a party or otherwise bring us into a "suit" asking for damages from an insured; or

b. To sue us on this insurance unless all of its terms have been fully complied with.

2. A person or organization may sue us to recover on an agreed settlement or on a final judgment against an insured. We will not be liable for damages that:

a. Are not payable under the terms of this insurance; or

b. Are in excess of the applicable limit of insurance.

An agreed settlement means a settlement and release of liability signed by us, the insured and the claimant or the claimant's legal representative.

L. MAINTENANCE OF UNDERLYING INSURANCE

1. The insurance afforded by each policy of "underlying insurance" will be maintained for the full policy period of this Excess Follow-Form And Umbrella Liability Insurance. This provision does not apply to the reduction or exhaustion of the aggregate limit or limits of such "underlying insurance" solely by payments as permitted in Paragraphs **4.a.(1)**, **(2)** and **(3)** of **COVERAGE A – EXCESS FOLLOW-FORM LIABILITY** of **SECTION I – COVERAGES**. As such policies expire, you will renew them at limits and with coverage at least equal to the expiring limits of insurance. If you fail to comply with the above requirements, Coverage **A** is not invalidated. However, in the event of a loss, we will pay only to the extent that we would have paid had you complied with the above requirements.

2. The first Named Insured shown in the Declarations must give us written notice of any change in the "underlying insurance" as respects:

a. Coverage;

b. Limits of insurance;

c. Termination of any coverage; or

d. Exhaustion of aggregate limits.

3. If you are unable to recover from any "underlying insurer" because you fail to comply with any term or condition of the "underlying insurance", Coverage **A** is not invalidated. However, we will pay for any loss only to the extent that we would have paid had you complied with that term or condition in that "underlying insurance".

M. OTHER INSURANCE

This insurance is excess over any valid and collectible "other insurance" whether such "other insurance" is stated to be primary, contributing, excess, contingent or otherwise. This provision does not apply to a policy bought specifically to apply as excess of this insurance.

However, if you specifically agree in a written contract or agreement that the insurance provided to any person or organization that qualifies as an insured under this insurance must apply on a primary basis, or a primary and non-contributory basis, then insurance provided under Coverage **A** is subject to the following provisions:

© 2016 The Travelers Indemnity Company. All rights reserved.

1. This insurance will apply before any "other insurance" that is available to such additional insured which covers that person or organization as a named insured, and we will not share with that "other insurance", provided that the injury or damage for which coverage is sought is caused by an "event" that takes place or is committed subsequent to the signing of that contract or agreement by you.
2. This insurance is still excess over any valid and collectible "other insurance", whether primary, excess, contingent or otherwise, which covers that person or organization as an additional insured or as any other insured that does not qualify as a named insured.

N. PREMIUM

1. The first Named Insured shown in the Declarations is responsible for the payment of all premiums and will be the payee for any return premiums.
2. If the premium is a flat charge, it is not subject to adjustment except as provided in Paragraph **4.** below.
3. If the premium is other than a flat charge, it is an advance premium only. The earned premium will be computed at the end of the policy period, or at the end of each year of the policy period if the policy period is two years or longer, at the rate shown in the Declarations, subject to the Minimum Premium.
4. Additional premium may become payable when coverage is provided for additional insureds under the provisions of **SECTION II – WHO IS AN INSURED**.

O. PREMIUM AUDIT

The premium for this policy is the amount stated in Item **5.** of the Declarations. The premium is a flat charge unless it is specified in the Declarations as adjustable.

P. PROHIBITED COVERAGE – UNLICENSED INSURANCE

1. With respect to loss sustained by any insured in a country or jurisdiction in which we are not licensed to provide this insurance, this insurance does not apply to the extent that insuring such loss would violate the laws or regulations of such country or jurisdiction.
2. We do not assume responsibility for:
   a. The payment of any fine, fee, penalty or other charge that may be imposed on any person or organization in any country or jurisdiction because we are not licensed to provide insurance in such country or jurisdiction; or
   b. The furnishing of certificates or other evidence of insurance in any country or jurisdiction in which we are not licensed to provide insurance.

Q. PROHIBITED COVERAGE – TRADE OR ECONOMIC SANCTIONS

We will provide coverage for any loss, or otherwise will provide any benefit, only to the extent that providing such coverage or benefit does not expose us or any of our affiliated or parent companies to:

1. Any trade or economic sanction under any law or regulation of the United States of America; or
2. Any other applicable trade or economic sanction, prohibition or restriction.

R. REPRESENTATIONS

By accepting this insurance, you agree:

1. The statements in the Declarations and any subsequent notice relating to "underlying insurance" are accurate and complete;
2. Those statements are based upon representations you made to us; and
3. We have issued this insurance in reliance upon your representations.

S. SEPARATION OF INSUREDS

Except with respect to the Limits of Insurance, and any rights or duties specifically assigned in this policy to the first Named Insured shown in the Declarations, this insurance applies:

1. As if each Named Insured were the only Named Insured; and
2. Separately to each insured against whom claim is made or "suit" is brought.

T. WAIVER OR TRANSFER OF RIGHTS OF RECOVERY AGAINST OTHERS TO US

1. If the insured has rights to recover all or part of any payment we have made under this insurance, those rights are transferred to us and the insured must do nothing after loss to impair them. At our request, the insured will bring suit or transfer those rights to us and help us, and with respect to Coverage **A**, the "underlying insurer", enforce them.

   If the insured has agreed in a contract or agreement to waive that insured's right of recovery against any person or organization, we waive our right of recovery against that person or organization, but only for payments we make because of an "event" that takes place or is committed subsequent to the

OSD BOARD AGENDA ITEM

Name of Contributor: Kristen Pifko **Date of Meeting:** December 17, 2025

Agenda Section: Section C: Facilities Agreement

Approval of Change Order No. 004 to Construction Services Agreement #24-115 for Edwards Construction Group for the Ritchen Elementary School Modernization Project (Pifko/Bennett/CFW)

The Board of Trustees approved the Enhanced Master Construct Program that focuses on increasing the number of K-8 school facilities, modernizing and replacing older schools, portable classrooms, and support facilities with permanent K-5 & K-8 schools; all with the 21st Century Learning Environments that meet adopted Board specifications and program requirements.

On September 18, 2024, the Board entered into an agreement with Edwards to serve as the Lease-Leaseback Contractor for the project.

On November 20, 2024, the Board approved Amendment No. 001 to Construction Services Agreement #24-115.

The purpose of Change Order No. 004 is to provide funds for various Potential Change Orders (PCOs).

FISCAL IMPACT:
$21,710.71 – Measure I Bond Funds

RECOMMENDATION:
It is the recommendation of the Superintendent, Business & Fiscal Services and Director of Facilities, in conjunction with Caldwell Flores Winters, that the Board of Trustees approve Change Order #004 to Agreement #24-115 with Edwards Construction Group, Inc.

ADDITIONAL MATERIALS:

Attached: Change Order No. 004 (2 Pages)

POTENTIAL CHANGE ORDER TITLE: Request to change "Yellow" paint in phase 1

CHANGE REASON: Client Request

POTENTIAL CHANGE ORDER DESCRIPTION: *(The Contract Is Changed As Follows)*
This Change Order is for the repainting of the yellow classrooms in Phase 1. Per discussions during the OAC meeting, the District has decided to revise the existing yellow wall color after it was reported that the color was triggering sensitivities among special needs students. Final color to be approved by district.

The scope includes repainting classrooms 174,182,185 in Phase 1 with the new color. Pricing includes all labor, materials, and equipment necessary to complete the repainting.

All furniture in classrooms, STEAM and Piano lab to be moved and coordinated by district/owner.

Job: Ritchen ES School Modernization
RE: IP-4 is now DE 5408 Lemon Sorbet

Mr. Hernandez:

In phase one, we painted the upper walls of classrooms 174,182, and 182 DE 5411 Fresh Pineapple.

Now the color "IP-4" color is DE 5408 Lemon Sorbet. These upper walls need to be re-painted. This will take 2 coats to cover.

All adjacent surfaces, not needing to be re-painted, will be protected from paint splatters (i.e. floors, cabinets, lower walls).

Labor = 32 MH (@ $ 110.00/MH)	$ 3,520.00
Labor, Overtime = 16 MH (@ $ 160.00)	$ 2,560.00
Materials = 6 gal(@ $ 65.00/gal)	$ 390.00
Lift Rental = 2 days (@ $ 300/day)	$ 600.00
Mark-up = 10%	$ 700.00
Total **add**	$ 7.770.00

Sincerely,

Thomas Roerich

POTENTIAL CHANGE ORDER TITLE: HVAC Start Up Challenges Phase 1

CHANGE REASON: Client Request

POTENTIAL CHANGE ORDER DESCRIPTION: *(The Contract Is Changed As Follows)*
HVAC Start Up Challenges Phase 1
During the HVAC start-up in Phase 1, our subcontractor encountered several challenges while working to bring the system online:

- **Chiller Checkout:** The chiller checkout could not be completed until glycol is added to the chillers and the District confirms the plant can be safely operated. We recommended having a District representative onsite during this process to verify that the chiller is cleared of any alarms. The EMS system is operational and requesting the system to run. All DDC controls have been verified as functional.
- **AHU-6 Non-Operational:** AHU-6 was found to be non-operational during both the preliminary preconstruction survey and the start-up process. Troubleshooting required District representative's assistance.
- **AHU-5 Low Static Pressure:** AHU-5 continues to run at low static pressure. The VFD for this unit was replaced previously, and the District will need to confirm that it has been properly programmed to receive the correct speed signal.

ECG was directed to provide assistance in restoring the system to operation, with all efforts tracked on a Time & Material (T&M) basis. The associated T&M sheets are attached for reference.

Gerald and Marcos,
We have been working through the challenges of getting the existing equipment back up and running, have made progress, but still need some district support on the existing equipment.

- Roof top units were bumped and are operational
- The chiller has residual glycol in the lines. We have new glycol from the District but there is no clear amount to add to the system
- The chiller is not coming back on. Electrician has confirmed power, controls tech has verified signal, but the system is not coming on

We need help with the last two issues to keep things moving and get the system back up and running for teachers to come back next week.

Added information from the controls subcontractor regarding challenges to the restart of the existing equipment:

-Chiller check out cannot be completed until Glycol is added to the chillers and the district is ok with running the plant. We also recommend a rep from the district to be onsite to confirm chiller is cleared with any possible alarms. EMS is working correctly and requesting system to run. All checks out on the DDC side.

-Ahu-6 nonoperational.Ahu-6 was not online during our preliminary survey before construction started. Need a district rep to trouble shoot.

-Ahu-5 keeps running in low static. This Ahu had the VFD replaced, district needs to confirm VFD was programm correctly to receive the correct speed signal

To: Robert Perks <robert@weareedwards.com>, Patrick Fitzsimmons <patrick@budlong.com>, "Lopez, Marcos" <m6lopez@oxnardsd.org>, Danyah Bray <dbray@cfwinc.com>, "Timhoyt5@yahoo.com" <timhoyt5@yahoo.com>, Jeremy Caldwell <jeremy@weareedwards.com>, Matthew Hernandez <matthew@weareedwards.com>, Justin Boe <justin@weareedwards.com>, Ted O'Brien <tobrien@smithmep.com>, John Henry <jhenry@smithmep.com>, "Bennett, Mark" <mbennett@oxnardsd.org>, Anthony Ramirez <antramirez@smithmep.com>

I will not be able to attend that meeting. My take is that is that the system worked prior to ECG working on it and now it doesn't. Let's figure out the problem asap. thx

INSTRUCTIONS

Trouble shoot AHU-5 Control Panel along with Smith Electrical super Anthony Ramirez. Panel had no power when turned on.

SPECIALIST'S REPORT

Troubleshooting Report for AHU-5 and Associated VAV Controllers
Initial troubleshooting began with replacing the blown fuses. However, upon re-energizing the system, the new fuses continued to blow. Further investigation was required to identify the root cause of the issue.
We proceeded to disconnect the transformer wiring located below the enclosure and discovered that the transformers were faulty. After disconnecting the transformers and installing a new fuse panel, the system remained powered, and AHU-5 came back online.
A replacement transformer, provided by Juan from the district, was installed. However, upon wiring the new transformer, its fuse immediately blew. This indicated a downstream short in the 24V power wiring feeding the VAV controllers.
Both Signet and Smith Electric were engaged to inspect all VAV controllers associated with AHU-5. The source of the short was ultimately traced to the VAV controller in Classroom 23. This controller had a short at the terminal block, which caused voltage backfeed and damaged the transformers.
As a result:
Both transformers were replaced.
The VAV controller in Classroom 23 was rewired.
A new terminal block was installed to eliminate the short.
A replacement transformer will be picked up on Saturday morning for final installation.

Trouble shoot AHU-5 Control Panel along with Smith Electrical super Anthony Ramirez. Panel had no power when turned on.

SPECIALIST'S REPORT

Troubleshooting Report for AHU-5 and Associated VAV Controllers
Picked up a new transformer from the supply house and returned to the Richten site. Anthony from Smith completed the installation of the new transformer. Once installation was complete, power was energized to the transformer. No fuses were blown, and AHU-5 remained online, indicating stable operation.

Power stability confirmed that the short had been successfully cleared. Verified the EMS system to ensure all controllers were online and communicating properly. The EMS system was fully operational and functioning according to design specifications.

Amendment No. 001 to Construction Services Agreement No. 24-115

The Construction Services Agreement No. 24-115 ("Agreement") entered into on September 18, 2024, by and between the Oxnard School District ("District") and Edwards Construction Group ("Contractor"), is hereby amended by the parties as set forth in this Amendment No. 001 to the Construction Services Agreement No. 24-115 ("Amendment") that is incorporated herein for all purposes.

RECITALS

WHEREAS, The District retained LLB Contractor to provide preconstruction and construction services for the Ritchen Elementary School Modernization Project for the District's Master Construct and Implementation Program;

WHEREAS, the District operates Ritchen Elementary School located at 2200 Cabrillo Way, Oxnard, CA 93030 (hereinafter referred to as the "School Facility"); and

WHEREAS, the District desires to construct new improvements at the School Facility identified in the Site Lease; and

WHEREAS, the LLB Contractor has completed the preconstruction work for the Project and the construction documents were submitted to the Division of the State Architect ("DSA") for their review;

WHEREAS, DSA has reviewed the Project plans and has stamp-approved the construction plans;

WHEREAS, the District has determined that upon DSA Stamped Approval to pursue the improvements to the School Facility through the lease-leaseback method of project delivery pursuant to California Education Code §17406 and as amended per AB 2316 which permits the governing board of the District, without advertising for bids, to lease to Contractor property owned by the District if the instrument by which property is leased requires the lessee to construct, or provide for the construction, on the leased property, of a facility for the use of the District during the term of the lease, and provides that title to that facility shall vest in the District at the expiration of the lease; and

WHEREAS, the Board of Trustees has taken certain actions to approve the construction of this School Facility;

WHEREAS, upon final consideration of a Guaranteed Maximum Price (GMP) which has been determined thru an open book and best value subcontractor bid process, based on those bids, the District requires amending the Lease Leaseback documents of Edwards Construction Group to construct thru the completion and occupancy of the Ritchen Modernization Project;

WHEREAS, the Board recognizes that the timing of the various components of work that must all be approved by DSA before Acceptance of this GMP and allowing the Contractor to proceed with construction;

AMENDMENT

The Parties agree to add the following language to SECTION 1 of the Agreement:

H. Site – The term "Site" as used in this Agreement shall mean those certain parcels of real property and improvements thereon (if any) more particularly described in Exhibit A attached.

The Parties agree to add the following language to Section 5 of the Agreement:

The GMP for the Project shall be **Six Million Three Hundred Ninety-Eight Thousand Two Hundred Thirty-Five Dollars and No Cents ($6,398,235.00)**. The GMP consists of Sublease Payments in the amount of **$54,506.06** per month for **6** months for a total lease value of **Three Hundred Twenty Thousand Dollars and No Cents ($320,000.00)** pursuant to terms and payment schedule as amended and set forth in the Sublease.

The GMP is based upon the DSA approved plans and specifications to exist after this Agreement is entered into between Contractor and the District, and more fully described and referenced in the Scope of Work to be set forth in Exhibit A attached herewith.

The Parties agree that all other provisions of the Services Agreement No. 24-115 entered into and executed by the Parties on August 23, 2024 remain in full force and effect. Provider agrees that any provisions, limitations and exclusions in its proposal are stricken for all purposes and are invalid as inconsistent with the terms and conditions of the Agreement and this Amendment.

IN WITNESS THEREOF, the Parties hereto execute this Amendment No. 001 and represented that each has authority to do so on the dates set forth below:

Scope of Work (Plans & Specifications)

Ritchen Elementary School – 2200 Cabrillo Way Oxnard CA 93030

Plans and Specifications as prepared by Arcadis. DSA Application Number 03-121078. DSA file number 56-22

SUBLEASE

This Sublease (hereinafter referred to as the "Sublease") is entered into this 20th day of November, 2024, by and between the Oxnard School District, a California school district organized and existing under the laws of the State of California (hereinafter referred to as the "District") as lessor, and Edwards Construction Group, Inc., with its principal place of business at 991 Bennett Avenue, Arroyo Grande, CA 93420 (hereinafter referred to as "Contractor") as sub-lessor.

RECITALS

WHEREAS the District deems it essential for its own governmental purpose to finance the installation and construction of certain public improvements more fully described in **Exhibit A** to that certain Construction Services Agreement between the District and Contractor dated the date hereof (the "Project") situated at Ritchen Elementary School, 2200 Cabrillo Way, Oxnard, CA 93030, within the District as more fully set forth in Exhibit A of the site lease between the District and Contractor dated the date hereof (the "Site Lease") (The land and the real property improvements described in the Site Lease and the Construction Services Agreement are herein collectively referred to as the "Site"); and

WHEREAS, assuming that the District and Contractor can agree on the terms, including the price, for an additional scope of work, the District and Contractor anticipate that the scope of the Project may be amended to include additional work; and

WHEREAS, pursuant to Section 17406 of the California Education Code, the District is leasing the Site to Contractor pursuant to the Site Lease in consideration of Contractor subleasing the Site, including the Project, to the District pursuant to the terms of this Sublease; and

WHEREAS, the District and Contractor agree to mutually cooperate now and hereafter, to the extent possible, in order to sustain the intent of this Sublease and the bargain of both parties hereto, and to provide payments pursuant to this Sublease on the dates and in the amounts set forth in **Exhibit A** of this Sublease which is incorporated by this reference.

NOW, THEREFORE, in consideration of the promises and covenants and conditions contained herein, the parties agree as follows:

SECTION 1. Sublease

Contractor hereby leases from and subleases to the District, and the District hereby leases to and subleases from Contractor, the Site including any real property improvements now or hereafter affixed thereto in accordance with the provisions herein for the term of this Sublease.

SECTION 2. Term

(a) The term of the Sublease (the 'Term") shall become effective upon the authorized execution of this Sublease and shall terminate twelve months after the earlier of the following two events:

(1) The date the District takes beneficial occupancy of the final phase of the Project; or

(2) The date of substantial completion, as defined in Article 7.2.2 of the General Conditions.

(b) The Term may be extended or shortened upon the occurrence of the earliest of any of the following events, which shall constitute the end of the Term:

(1) An Event of Default by the District as defined herein and Contractor's election to terminate this Sublease as permitted herein; or

(2) An Event of Default by Contractor as defined herein and the District's election to terminate this Sublease as permitted herein; or

(3) Consummation of the District's purchase option pursuant to Section 20 of this Sublease.

SECTION 3. Representations and Warranties of the District

The District represents and warrants to Contractor that:

(a) The execution, delivery and performance of this Sublease do not and will not result in any breach of or constitute a default under any indenture, mortgage, contract, agreement or instrument to which the District is a party by which it or its property is bound.

(b) The Project and the Site are essential to the District in the performance of its governmental functions and their estimated useful life to the District exceeds the term of this Sublease.

(c) The District will take such action as may be necessary to include all Tenant Improvement Payments and Sublease Payments in its annual budget and annually to appropriate an amount necessary to make such Tenant Improvement Payments and Sublease Payments.

(d) To the best of the District's knowledge, there is no litigation of any kind currently pending or threatened regarding the District's use of the Site for the purposes contemplated by this Site Lease, the Sublease and the Construction Services Agreement.

(e) To the extent permitted by law, the District shall not abandon the Site for the use of which it is currently required by the District and, further, shall not seek to substitute or acquire property to be used as a substitute for the uses for which the Site is maintained under the Sublease.

SECTION 4. Representations and Warranties of Contractor

Contractor represents and warrants to the District that:

(a) Contractor is duly organized, validly existing and in good standing as a corporation and licensed contractor under the laws of the State of California, with full corporate power and authority to lease and own real and personal property.

(b) Contractor has full power, authority and legal right to enter into and perform its obligations under this Sublease, and the execution, delivery and performance of this Sublease have been duly authorized by all necessary corporate actions on the part of Contractor and do not require any further approvals or consents.

(c) The execution, delivery and performance of this Sublease do not and will not result in any breach of or constitute a default under any indenture, mortgage, contract, agreement or instrument to which Contractor is a party by which it or its property is bound.

(d) There is no pending or, to the best knowledge of Contractor, threatened action or proceeding before any court or administrative agency which will materially adversely affect the ability of Contractor to perform its obligations under this Sublease.

(e) Contractor will not mortgage or encumber the Site or the Sublease or assign this Sublease or its rights to receive Tenant Improvement Payments or Sublease Payments hereunder, except as permitted herein.

(f) Contractor has conducted a visual inspection of the Site and represents that it is familiar with the site conditions relating to construction and labor thereon and hereby indemnifies the District for any damage or omissions related to the site conditions that could have been identified during the site-visit in accordance with the indemnification contained in the General Conditions.

(g) Contractor has reviewed the Contract Documents (as that term is defined in the Construction Services Agreement) and is familiar with the contents thereof.

SECTION 5. Construction/Acquisition

(a) The District has entered into a Construction Services Agreement and the Site Lease with Contractor in order to acquire and construct the Project. The cost of the acquisition, construction and installation of the Project as well as the obligations under this Sublease are determined by the Guaranteed Maximum Price as determined in Section 5 of the Construction Services Agreement.

(b) In order to ensure that moneys sufficient to pay all costs will be available for this purpose when required, the District shall maintain on deposit, and shall annually appropriate funds sufficient to make all Tenant Improvement Payments and Sublease Payments which become due to Contractor under this Sublease, provided however that the District shall not be required to appropriate said funds in the event that the District determines in good faith that exigent circumstances have arisen that require District to reduce its budget and not appropriate funds for the payments required hereunder. Any such failure to appropriate funds in any year subsequent to the initial year of this

Sublease shall be deemed a termination for convenience and shall be subject to the provisions of the General Conditions.

SECTION 6. Payments

(a) The District shall pay Contractor the Tenant Improvement Payments and the Sublease Payments as set forth in **Exhibit A** hereof, at the office of Contractor or to such other person or at such other place as Contractor may from time to time designate in writing.

(b) If the District determines that the work is delayed so that Contractor shall not be able to deliver the work pursuant to the construction schedule required by the Construction Services Agreement (the "Construction Schedule"), the District shall be entitled to withhold a reasonable amount from the Tenant Improvement Payments and/or the Sublease Payments then due to cover the damages for delay. Once the District has determined that the work has been performed pursuant to the approved construction schedule, the District shall be obligated to release any funds withheld pursuant to this Paragraph.

(c) The obligation of the District to pay Tenant Improvement Payments and the Sublease Payments hereunder shall constitute a current expense of the District and shall not in any way be construed to be a debt of the District in contravention of any applicable constitutional or statutory limitations or requirements concerning the creation of indebtedness by the District, nor shall anything contained herein constitute a pledge of the general tax revenues, funds, or moneys of the District.

SECTION 7. Fair Rental Value

The Tenant Improvement Payments and the Sublease Payments shall be paid by the District in consideration of the right of possession of, and the continued quiet use and enjoyment of, the Project and the Site during the Term of this Sublease. The parties hereto have agreed and determined that such total Tenant Improvement Payments and Sublease Payments are not in excess of the fair rental value of the Project and the Site. In making such determination, consideration has been given to the fair market value of the Project and the Site, other obligations of the parties under this Sublease (including, but not limited to, costs of maintenance, taxes and insurance), the obligations under the Construction Services Agreement, the uses and purposes which may be served by the Project and the Site and the benefits therefrom which will accrue to the District and the general public, the ability of the District to make additions, modifications and improvements to the Project and the Site which are not inconsistent with the Construction Services Agreement and which do not interfere with Contractor's work on the Project and the Site.

SECTION 8. Sublease Abatement

In addition to delay of payments provided in Section 6, above, Tenant Improvement Payments and Sublease Payments due hereunder with respect to the Project shall be subject to abatement prior to the commencement of the use of the Project or during any period in which, by reason of material damage to or destruction of the Project or the Site, there is substantial interference with the use and right of

possession by the District of the Project and the Site or any substantial portion thereof. For each potential incident of substantial interference, decisions to be made on: i) whether or not abatement shall apply; ii) the date upon which abatement shall commence; iii) the applicable portion of the Tenant Improvement Payments and the Sublease Payments to be abated and; iv) the concluding date of the particular abatement shall all be subject to determinations by the District in concert with its insurance provider. Contractor's right to dispute these decisions is not impaired. The amount of abatement shall be such that the Tenant Improvement Payments and the Sublease Payments paid by the District during the period of Project restoration do not exceed the fair rental value of the usable portions of the Site. In the event of any damage or destruction to the Project or the Site, this Sublease shall continue in full force and effect.

SECTION 9. Use of Site and Project

During the Term of this Sublease, Contractor shall provide the District with quiet use and enjoyment of the Site without suit, or hindrance from Contractor or its assigns. The District will not use, operate, or maintain the Site or Project improperly, carelessly, in violation of any applicable law or in a manner contrary to that contemplated by this Sublease. The Contractor shall provide all permits and licenses, if any, necessary for the operation of the Project. In addition, the District agrees to comply in all respects (including, without limitation, with respect to the time, maintenance and operation of the Project) with laws of all jurisdictions in which its operations involving the Project may extend and any legislative, executive, administrative, or judicial body exercising any power or jurisdiction over the Site or the Project; provided, however, that the District may contest in good faith the validity or application of any such law or rule in any reasonable manner which does not adversely affect the estate of Contractor in and to the Site or the Project or its interest or rights under this Sublease. Upon completion of the Project or severable portions thereof, as defined in the General Conditions, Contractor shall provide the District with quiet use and enjoyment of the Site without suit or hindrance from Contractor or its assigns, subject to reasonable interference from ongoing construction operations on any remaining portion of the Site under construction by Contractor.

SECTION 10. Contractor's Inspection/Access to Site

The District agrees that Contractor and any Contractor representative shall have the right at all reasonable times to enter upon the Site or any portion thereof to construct and improve the Project, to examine and inspect the Site and the Project and to exercise its remedies pursuant to Section 16 of this Sublease. The District further agrees that Contractor and any Contractor representative shall have such rights of access to the Site as may be reasonably necessary to cause the proper maintenance of the Site and the Project in the event of failure by the District to perform its obligations hereunder.

SECTION 11. Project Acceptance

The District shall acknowledge final inspection and completion of the Project by executing a Certificate of Acceptance and recording a Notice of Completion in

accordance with the General Conditions. The validity of this Sublease will not be affected by any delay in or failure of completion of the Project.

SECTION 12. Alterations and Attachments

All permanent additions and improvements that are made to the Project shall belong to and become the property of Contractor, subject to the provisions of Section 20 hereof. Separately identifiable additions and improvements added to the Project by the District shall remain the property of the District. At Contractor's request, the District agrees to remove the additions and improvements and restore the Project to substantially as good condition as when acquired and constructed, normal wear and tear excepted, in the event of failure by the District to perform its obligations hereunder.

SECTION 13. Physical Damage; Public Liability Insurance

Contractor and the District shall maintain such damage and public liability insurance policies with respect to the Project and the Site as are required of them herein and by the Construction Services Agreement

SECTION 14. Taxes

The District shall keep the Project and the Site free and clear of all levies, liens, and encumbrances and shall pay all license fees, registration fees, assessments, charges, and taxes (municipal, state, and federal) if applicable, which may now or hereafter be imposed upon the ownership, leasing, renting, sale, possession, or use of the Project and the Site, excluding, however, all taxes on or measured by Contractor's income.

SECTION 15. Events of Default

The term "Event of Default," as used in this Sublease means the occurrence of any one or more of the following events: (a) the District fails to make any unexcused Tenant Improvement Payment or Sublease Payment (or any other payment) within 30 days after the due date thereof; (b) the District or Contractor fails to perform or observe any other covenant, condition or agreement to be performed or observed by it hereunder or under any of the Contract Documents (as that term is defined in the Construction Services Agreement), and such failure to either make the payment or perform the covenant, condition or agreement is not cured within 10 days after written notice thereof by the other party; (c) the discovery by a party that any statement, representation or warranty made by the other party in this Sublease, or in the Contract Documents (as that term is defined in the Construction Services Agreement), or in any document ever delivered by that other party pursuant hereto or in connection herewith is misleading or erroneous in any material respect; or (d) a party becomes insolvent, is unable to pay its debts as they become due, makes an assignment for the benefit of creditors, applies or consents to the appointment of a receiver, trustee, conservator or liquidator of the party or of all or a substantial part of its assets, or a petition for relief is filed by the party under federal bankruptcy, insolvency or similar laws.

SECTION 16. Remedies on Default

Upon the happening of any Event of Default, the non-defaulting party may exercise any and all remedies available pursuant to law or in equity or granted pursuant to this Sublease. Notwithstanding any provisions to the contrary herein, Contractor shall not under any circumstances have the right to accelerate the Tenant Improvement Payments or the Sublease Payments that fall due in future Sublease periods or otherwise declare any Tenant Improvement Payment or Sublease Payments not then in default to be immediately due and payable. Upon the occurrence of an Event of Default, the non-breaching party may elect to terminate this Sublease in accordance with the provisions contained in the General Conditions. Termination of the Construction Services Agreement shall trigger the termination of the Site Lease and this Sublease.

SECTION 17. Non-Waiver

No covenant or condition to be performed by the District or Contractor under this Sublease can be waived except by the written consent of the other party. Forbearance or indulgence by the District or Contractor in any regard whatsoever shall not constitute a waiver of the covenant or condition in question. Until complete performance by the District or Contractor of said covenant or condition, the other party shall be entitled to invoke any remedy available to it under this Sublease or by law or in equity despite said forbearance or indulgence.

SECTION 18. Assignment

Without the prior written consent of Contractor, the District shall not (a) assign, transfer, pledge, or hypothecate this Sublease, the Project and the Site, or any part thereof, or any interest therein, or (b) sublet or lend the use of the Project or any part thereof, except as authorized by the provisions of the California Civic Center Act, Education Code Section 38130 *et seq*. Consent to any of the foregoing prohibited acts applies only in the given instance and is not a consent to any subsequent like act by the District or any other person. Contractor shall not assign its obligations under this Sublease with the exception of its obligation to issue default notices and to convey or reconvey its interest in the Project and Site to the District upon full satisfaction of the District's obligations hereunder; however, the District shall pay all Tenant Improvement Payments and Sublease Payments due hereunder pursuant to the direction of Contractor or the assignee named in the most recent assignment or notice of assignment. Subject always to the foregoing, this Sublease inures to the benefit of, and is binding upon, the heirs, legatees, personal representatives, successors, and assigns of the parties hereto.

SECTION 19. Ownership

The Project is and shall at all times be and remain the sole and exclusive property of Contractor, and the District shall have no right, title, or interest therein or thereto except as expressly set forth herein.

SECTION 20. Sublease Prepayments/Purchase Option

(a) Sublease Prepayments. At any time during the Term of this Sublease, the District may make Sublease Prepayments to the Contractor of the Tenant Improvement Payments and/or Sublease Payments ("Sublease Prepayments"). No Sublease Prepayments requested by Contractor may be made by the District in an amount which exceeds the aggregate true cost to Contractor of the work on the Project completed up to the date Contractor submits the request for a Sublease Prepayment less the aggregate amount of: (1) all Tenant Improvement Prepayments and Sublease Payments previously made by the District to Contractor; (2) all Sublease Prepayments previously made by the District to the Contractor; (3) all amounts previously retained pursuant to Section 20(a)(3), below, from Sublease Prepayments previously made by the District to Contractor (unless Contractor shall have previously substituted securities for such retained amounts pursuant to Section 20(a)(3)); and (4) the retention for such Sublease Prepayment pursuant to Section 20(a)(3) hereof. Contractor must submit evidence that the conditions precedent set forth in Section 20(a)(1), below, have been met. In the event District elects to make Sublease Prepayments, the Prepayment Price, contemplated in Section 20(b), below, shall be adjusted accordingly.

(1) In the event that the District elects to make a Sublease Prepayment, the following are conditions precedent to the District's delivery of such Sublease Prepayments to Contractor pursuant to a request of Contractor:

(A) Satisfactory progress of the construction of the Project pursuant to the Time Schedule shall have been made as determined in accordance therewith.

(B) Contractor shall also submit to the District (i) duly executed conditional lien releases and waivers (in the form provided in California Civil Code Sections 8132 through 8138) from Contractor and all sub-contractors, consultants and other persons retained by Contractor in connection with the Project, whereby such persons conditionally waive all lien and stop notice rights against the District, the Project and the Project Site with respect to the pending Sublease Prepayment to be made by the District, (ii) duly executed unconditional lien releases and waivers (in the form provided in California Civil Code Sections 8132 through 8138) from Contractor and all subcontractors, consultants and other persons retained by Contractor in connection with the Project, whereby such persons unconditionally and irrevocably waive all lien and stop notice rights against the District, the Project and the Project Site with respect to all previous Sublease Prepayments made by the District, and (iii) any other items that Contractor may be required to collect and distribute to the District pursuant to the terms and provisions of the Construction Services Agreement. Contractor shall promptly pay all amounts due to each subcontractor, consultant and other person retained by Contractor in connection with the Project no later than 10 days after Contractor's receipt of a Sublease Prepayment from the District.

(2) The determination of whether satisfactory progress of the construction pursuant to the Time Schedule has occurred shall be made by the District in accordance with the General Conditions. If the District determines that pursuant to the Time Schedule the work required to be performed, as stated in Contractor's

Sublease Prepayment request, has not been substantially completed, then Contractor shall not be eligible to receive the requested Sublease Prepayment.

(3) The District shall retain an amount equal to 5% of each Tenant Improvement Payments ("retention") made at Contractor's request. Contractor shall have the right, as delineated in the General Conditions, to substitute securities for any retention withheld by the District, pursuant to the provisions of Public Contract Code Section 22300.

(b) If the District is not in default hereunder, the District shall have the option to purchase not less than all of the Project in as-is condition upon delivery of the Prepayment Price as defined herein. The Prepayment Price at any given time shall be an amount equal to the final GMP, as it may be revised from time to time, less the sum of any Tenant Improvement Payments, Sublease Payments and/or Sublease Prepayments made by the District prior to the date on which the District elects to exercise its option under this Section. The District may thereupon terminate this Sublease and Contractor shall deliver such deeds, bills of sale, assignments, releases or other instruments as District may reasonably require to reflect the transfer of all of Contractor's interest in the Project. Following the closing of the District's purchase option, the District shall retain all rights to any claim or warranty arising under the Construction Services Agreement.

SECTION 21. Indemnification

Contractor shall indemnify the District in accordance with the provisions set forth in the General Conditions during the course of construction.

SECTION 22. Construction Services Agreement and Site Lease

The Construction Services Agreement and the Contract Documents as defined therein, including the Site Lease, are incorporated by reference herein in their entirety as if fully set forth herein.

SECTION 23. Severability

If any one or more of the terms, covenants or conditions of this Sublease shall to any extent be declared invalid, unenforceable, void or voidable for any reason whatsoever by a court of competent jurisdiction, the finding or order or decree of which becomes final, none of the remaining terms, provisions, covenants and conditions of this Sublease shall be affected thereby, and each provision of this Sublease shall be valid and enforceable to the fullest extent permitted by law.

SECTION 24. Entire Agreement

The Contract Documents enumerated in paragraph C of Section 1 of the Construction Services Agreement, which include this Sublease, constitute the entire agreement between Contractor and the District, and the Contract Documents shall not be amended, altered, or changed except by a written agreement signed by the parties hereto.

SECTION 25. Notices

Any notices or filings required to be given or made under this Sublease shall be served, given or made in writing upon the District or Contractor, as the case may be, by personal delivery or registered mail (with a copy sent via fax or regular mail) to the respective addresses given below or at such other address as such party may provide in accordance with the provisions herein. Any change in the addresses noted herein shall not be binding upon the other party unless preceded by no less than thirty (30) days prior written notice.

If to Contractor:

Edwards Construction Group, Inc.
991 Bennett Avenue
Arroyo Grande, CA 93450
Attn: Brad Edwards, President

If to the District:

Oxnard School District
1051 South A Street,
Oxnard, CA 93030
Attn: Dr. Ana DeGenna, Superintendent

With a copy to Gerald Schober
Vice President, Implementation Services
Caldwell Flores Winters, Inc.
521 N. 1st Avenue
Arcadia, CA 91006

Notices under this Agreement shall be deemed to have been given, and shall be effective, upon actual receipt by the other party, or, if mailed, upon the earlier of the fifth (5th) day after mailing or actual receipt by the other party.

SECTION 26. Titles

The captions or headings in this Sublease are for convenience only and in no way define, limit or describe the scope or intent of any provisions or sections of this Sublease.

SECTION 27. Time

Time is of the essence in this Sublease and each and all of its provisions.

SECTION 28. Applicable Law

This Sublease shall be governed by and construed in accordance with the laws of the State of California. The parties irrevocably agree that any action, suit or proceeding by or among the District and Contractor shall be brought in whichever of the

Superior Courts of the State of California, Ventura County, or the Federal Court for the Central District of California in Los Angeles, California, has subject matter jurisdiction over the dispute and waive any objection that they may now or hereafter have regarding the choice of forum whether on personal jurisdiction, venue, forum non conveniens or on any other ground.

SECTION 29. Execution in Counterparts

This Sublease may be executed in any number of counterparts, each of which shall be an original, but all of which together shall constitute one instrument.

SECTION 30. District Insurance

During the period after tenant improvement completion and beneficial occupancy of the Project and before the end of the Term, the District shall purchase and maintain Commercial General Liability and Property Insurance covering the types of claims set forth below which may arise out of or result from the District's operations of the Site and for which the District may be legally responsible: (i) claims for damages because of bodily injury, occupational sickness or disease or death of the District's employees; (ii) claims for damages because of bodily injury, sickness or disease or death of any person other than the District's employees; (iii) claims for damages insured by usual personal injury liability coverage which are sustained (a) by a person as a result of an offense directly or indirectly related to employment of such person by the District, or (b) by another person; and (iv) claims for damages, other than to the Project itself, because of injury to or destruction of tangible property, including loss of use resulting therefrom. Such insurance shall be in the coverage amount of $1,000,000 per occurrence and $2,000,000 aggregate. The insurance policy required of the District hereunder shall also name Contractor as an additional insured as its interests may appear. Such insurance shall be deemed to be primary and non-contributory with any policy maintained by Contractor and any policy or coverage maintained by Contractor shall be deemed to be excess over such insurance maintained by District.

IN WITNESS WHEREOF the parties hereto, intending to be legally bound thereby, have executed this Sublease effective as of the date first above written.

PAYMENT PROVISIONS

Tenant Improvement Payments and the Sublease Payments shall be paid monthly and the total of the Tenant Improvement Payments and the Sublease Payments made shall not exceed the amount of the GMP as defined in Section 5 of the Construction Services Agreement. Each month Contractor shall provide the District with an itemized summary (in accordance with the provisions set forth in the Project Manual) indicating the percentage of work satisfactorily performed and signed off by the District's Inspector of Record, Architect and Project Manager.

The District shall pay Contractor in accordance with the procedures set forth in the Construction Services Agreement, the Project Manual and the portion of the GMP set forth as the Tenant Improvement Payments in accordance with Section 5 of the Construction Services Agreement, based on the amount of work satisfactorily performed and signed off by the District's Inspector of Record, Architect and Project Manager according to the approved Schedule of Values, less the retention applicable to said payment all in accordance with the procedures set forth in the Construction Services Agreement and/or the Project Manual.

The District shall pay Contractor Sublease Payments in the amount of **FIFTY-FOUR THOUSAND FIVE HUNDRED SIX DOLLARS AND SIX CENTS ($54,506.06)** per month. The Sublease payments shall be consideration of the District's rental, use, and occupancy of the Project and the Site; the Sublease Payments shall include the portion of the Construction Costs financed by Contractor. The Sublease Payments shall commence with the Site Lease execution and continue for a total of **SIX (6)** months.

SITE LEASE

This Site Lease (hereinafter referred to as the "Site Lease") is entered into this 20th day of November, 2024, by and between the Oxnard School District, a California school district organized and existing under the laws of the State of California (hereinafter referred to as the "District") as lessor, and Edwards Construction Group, Inc., with its principal place of business at 991 Bennett Avenue, Arroyo Grande, CA 93420 (hereinafter referred to as "Contractor") as lessee.

RECITALS

WHEREAS the District desires to provide for the financing and construction of certain public improvements more fully described in a Construction Services Agreement between the District and Contractor, dated as of the date hereof (the "Project") situated at Ritchen Elementary School, 2200 Cabrillo Way, Oxnard, CA 93030, within the District, as more fully set forth in **Exhibit A** attached hereto (the "Site"); and

WHEREAS, assuming that the District and Contractor can agree on the terms, including the price, for an additional scope of work, the District and Contractor anticipate that the scope of the Project may be amended to include additional work; and

WHEREAS, the District's governing body has determined that it will provide the best value to the District and it is in the best interests of the District and for the common benefit of the citizens it serves to finance the Project by leasing to Contractor the land and the existing building(s) on the Site on which the public improvements are to be constructed and subleasing from Contractor the Site, including the Project, under a Sublease Agreement effective as of the date hereof (the "Sublease"); and

NOW, THEREFORE, in consideration of the promises and covenants and conditions contained herein, the parties agree as follows:

SECTION 1. Site Lease

The District leases to Contractor, and Contractor leases from the District, on the terms and conditions set forth herein, the Site situated in the County of Ventura, State of California, more specifically described in **Exhibit A** attached hereto and incorporated by reference herein, including any real property improvements now or hereafter affixed thereto.

SECTION 2. Term

The term of this Site Lease shall commence as of the date above and shall terminate on the last day of the term of the Sublease

SECTION 3. Representations and Warranties of the District

The District represents and warrants to Contractor that:

(a) The District has good title to the Site.

(b) There are no liens on the Site other than permitted encumbrances (the term "permitted encumbrances" as used herein shall mean, as of any particular time: (i)

liens for general ad valorem taxes and assessments, if any, not then delinquent; (ii) this Site Lease, the Sublease, any right or claim or any mechanic, laborer, materialman, supplier, or vendor, if applicable, not filed or perfected in the manner prescribed by law, easements, rights of way, mineral rights, drilling rights, and other rights, reservations, covenants, conditions, or restrictions which exist of record as of the date of this Site Lease and which will not materially impair the use of the Site; (iii) easements, rights of way, mineral rights, drilling rights, and other rights, reservations, covenants, conditions, or restrictions established following the date of recordation of this Site Lease and to which Contractor and the District consent in writing which will not impair or impede the operation of the Site.).

(c) All taxes, assessments or impositions of any kind with respect to the Site, if applicable, except current taxes not yet due and payable, have been paid in full.

(d) The Site is properly zoned for the intended purpose or the District intends to render zoning inapplicable pursuant to Government Code Section 53094.

(e) To the best of the District's knowledge, the District is in compliance in all material respects with all laws, regulations, ordinances and orders of public authorities applicable to the Site.

(f) To the best of the District's knowledge, there is no litigation of any kind currently pending or threatened regarding the District's use of the Site for the purposes contemplated by this Site Lease, the Sublease and the Construction Services Agreement.

(g) To the best of the District's knowledge, upon reasonable investigation and in reliance on the District's phase one Preliminary Environmental Assessment, and except as otherwise delineated in the Contract Documents: (i) no dangerous, toxic or hazardous pollutants, contaminants, chemicals, waste, materials or substances, as defined in or governed by the provisions of any State or Federal Law relating thereto (hereinafter collectively called "Environmental Regulations"), and also including, but not limited to, urea-formaldehyde, polychlorinated biphenyls, asbestos, asbestos containing materials, nuclear fuel or waste, radioactive materials, explosives, carcinogens and petroleum products, or any other waste, material, substance, pollutant or contaminant which would subject the District or Contractor or Contractor's subcontractors to any damages, penalties or liabilities under any applicable Environmental Regulation (hereinafter collectively "Hazardous Substances"), are now or have been stored, located, generated, produced, processed, treated, transported, incorporated, discharged, emitted, released, deposited or disposed of in, upon, under, over or from the Site; (ii) no threat exists of a discharge, release or emission of a Hazardous Substance upon or from the Site into the environment; (iii) the Site has not been used as or for a mine, a landfill, a dump or other disposal facility, industrial or manufacturing facility, or a gasoline service station; (iv) no violation of any Environmental Regulation now exists relating to the Site, no notice of any such violation or any alleged violation thereof has been issued or given by any governmental entity or agency, and there is not

now any investigation or report involving the Site by any governmental entity or agency which in any way relates to Hazardous Substances; (v) no person, party, or private or governmental agency or entity has given any notice of or asserted any claim, cause of action, penalty, cost or demand for payment or compensation, whether or not involving any injury or threatened injury to human health, the environment or natural resources, resulting or allegedly resulting from any activity or event described in (i) above; (vi) there are not now any actions, suits, proceedings or damage settlements relating in any way to Hazardous Substances, in, upon, under, over or from the Site; (vii) the Site is not listed in the United States Environmental Protection Agency's National Priorities List of Hazardous Waste Sites or any other list of Hazardous Substance sites maintained by any federal, state or local governmental agency; and (viii) the Site is not subject to any lien or claim for lien or threat of a lien in favor of any governmental entity or agency as a result of any release or threatened release of any Hazardous Substance.

(h) To the extent permitted by law, the District shall not abandon the Site for the use of which it is currently required by the District and further shall not seek to substitute or acquire property to be used as a substitute for the uses for which the Site and the Project are to be maintained under the Sublease.

SECTION 4. Representations and Warranties of Contractor

Contractor represents and warrants to the District that:

(a) Contractor is duly organized, validly existing and in good standing under the laws of the State of California, with full corporate power and authority to lease and own real and personal property.

(b) Contractor has full power, authority and legal right to enter into and perform its obligations under this Site Lease, and the execution, delivery and performance of this Site Lease have been authorized by all necessary corporate or partnership actions on the part of Contractor and do not require any further approvals or consents.

(c) Execution, delivery and performance of this Site Lease do not and will not result in any breach of or constitute a default under any indenture, mortgage, contract, agreement or instrument to which Contractor is a party or by which it or its property is bound.

(d) There is no pending or, to the best knowledge of the Contractor, threatened action or proceeding before any court or administrative agency which will materially adversely affect the ability of Contractor to perform its obligations under this Site Lease.

(e) Contractor has conducted a visual inspection of the Site and represents that it is familiar with the site conditions relating to construction and labor thereon and hereby indemnifies the District for any damage or omissions related to the site conditions that could have been visually identified during the site-visit in accordance

with the indemnification contained in the General Conditions incorporated into the Construction Services Agreement.

(f) Contractor has reviewed the Contract Documents (as that term is defined in the Construction Services Agreement) and is familiar with the contents thereof.

SECTION 5. Rental

Contractor shall pay to the District as and for advance rental hereunder the sum of One Dollar ($1.00) for the duration of the rental, this payment being due on or before the commencement of the term of this Site Lease. The duration of the rental is expected to be from the effective date hereof through the last day of the term of the Sublease.

SECTION 6. Purpose

Contractor shall use the Site solely for the purpose of constructing the Project thereon and for subleasing the Site and leasing the Project to the District; provided, however, that in the event of an occurrence of an Event of Default by the District, under the Sublease, Contractor may exercise the remedies provided for in the Sublease.

SECTION 7. Termination

Contractor agrees, upon termination of this Site Lease: (i) to quit and surrender the Site in the same good order and condition as it was in at the time of commencement of the term hereunder, reasonable wear and tear excepted; (ii) to release and reconvey to the District any liens and encumbrances created or caused by Contractor; and (iii) that any permanent improvements and structures existing upon the Site at the time of the termination of this Site Lease, including the Project, shall remain thereon and title shall vest in the District. Notwithstanding the District's foregoing rights in the event of termination, Contractor shall retain the right to compensation pursuant to the Construction Services Agreement and the Sublease.

SECTION 8. Quiet Enjoyment

The District covenants and agrees that it will not take any action to prevent Contractor's quiet enjoyment of the Site during the term of this Site Lease; and that in the event that the District's fee title to the Site is ever challenged so as to interfere with Contractor's right to occupy, use and enjoy the Site, the District will use all governmental powers at its disposal, including the power of eminent domain, to obtain unencumbered fee title to the Site and to defend Contractor's right to occupy, use, and enjoy that portion of the Site.

SECTION 9. No Liens

The District shall not mortgage, sell, assign, transfer or convey the Site or any part thereof to any person during the term of this Site Lease, without the written consent of Contractor. Nothing herein shall preclude the District from granting utility easements across the Site to facilitate the use and operation of the Project for which it is intended.

During the term of this Site Lease, Contractor shall not permit any lien or encumbrance to attach to the Site or any part thereof.

SECTION 10. Right of Entry

The District reserves the right for any of its duly authorized representatives to enter upon the Site at any reasonable time to inspect the same or to make any repairs, improvements or changes necessary for the preservation thereof, but in so doing shall not interfere with Contractor's operations on the Project.

SECTION 11. Assignment and Subleasing

Other than the Sublease, as defined herein, Contractor will not assign or otherwise dispose of or encumber the Site or this Site Lease without the written consent of the District.

SECTION 12. No Waste

Contractor agrees that at all times that it is in possession of the Site it will not commit, suffer or permit any waste on the Site, and it will not willfully or knowingly use or permit the use of the Site for any illegal act or purpose.

SECTION 13. Default

In the event that Contractor shall be in default in the performance of any obligation on its part to be performed under the terms of this Site Lease, which default continues for thirty (30) days following notice and demand for correction thereof to Contractor, the District may exercise any and all remedies granted by law, except that no merger of this Site Lease and of the Sublease shall be deemed to occur as a result thereof. Termination of this Site Lease shall be in accordance with the provisions of the General Conditions incorporated into the Construction Services Agreement or such other provisions as may be applicable.

SECTION 14. Eminent Domain

In the event that the whole or any part of the Site or the improvements thereon is taken by eminent domain, the financial interest of Contractor shall be recognized and is hereby determined to be the amount of all Tenant Improvement Payments and Sublease Payments then due or past due, and the purchase option price stated in Section 20 of the Sublease less any unearned interest as of the date Contractor receives payment in full. The balance of the award, if any, shall be paid to the District.

SECTION 15. Taxes

The District covenants and agrees to pay any and all assessments of any kind or character and also all taxes, including possessory interest taxes, levied or assessed upon the Site of the improvements thereon.

SECTION 16. Severability

If any one or more of the terms, covenants or conditions of this Site Lease shall to any extent be declared invalid, unenforceable, void or voidable for any reason

whatsoever by a court of competent jurisdiction, the finding or order or decree of which becomes final, none of the remaining terms, provisions, covenants and conditions of this Site Lease shall be affected thereby, and each remaining provision of this Site Lease shall be valid and enforceable to the fullest extent permitted by law.

SECTION 17. Notices

Any notices or filings required to be given or made under this Site Lease shall be served, given or made in writing upon the District or Contractor, as the case may be, by personal delivery or registered mail (with a copy sent via fax or regular mail) to the respective addresses given below or at such other address as such party may provide in accordance with the provisions herein. Any change in the addresses noted herein shall not be binding upon the other party unless preceded by no less than thirty (30) days prior written notice.

If to Contractor:

Notices under this Agreement shall be deemed to have been given, and shall be effective, upon actual receipt by the other party, or, if mailed, upon the earlier of the fifth (5th) day after mailing or actual receipt by the other party.

SECTION 18. Construction Services Agreement and Sublease

The Construction Services Agreement and the Contract Documents as defined therein, including the Sublease, are incorporated by reference herein in their entirety as if fully set forth herein.

SECTION 19. Binding Effect

This Site Lease shall be binding upon and inure to the benefit of the parties and their respective successors and assigns.

SECTION 20. Entire Agreement

This Site Lease, the Sublease, the Construction Services Agreement and the additional Contract Documents as defined in the Construction Services Agreement constitute the entire agreement between Contractor and the District, and the Contract Documents shall not be amended, altered, changed, modified or terminated without the written consent of both parties hereto, except as otherwise provided herein or in Section 10 of the Construction Services Agreement.

SECTION 21. Execution in Counterparts

This Site Lease may be executed in any number of counterparts, each of which shall be an original, but all of which together shall constitute one instrument.

SECTION 22. Indemnification

Contractor shall indemnify the District in accordance with the provisions set forth in the General Conditions incorporated into the Construction Services Agreement.

SECTION 23. Applicable Law

This Site Lease shall be governed by and construed in accordance with the laws of the State of California. The parties irrevocably agree that any action, suit or proceeding by or among the District and Contractor shall be brought in whichever of the Superior Courts of the State of California, Ventura County, or the Federal Court for the Central District of California in Los Angeles, California, has subject matter jurisdiction over the dispute and waive any objection that they may now or hereafter have regarding the choice of forum whether on personal jurisdiction, venue, forum non conveniens or on any other ground.

SECTION 24. Headings

The captions or headings in this Site Lease are for convenience only and in no way define, limit or describe the scope or intent of any provisions or sections of this Site Lease.

SECTION 25. Time

Time is of the essence in this Site Lease and each and all of its provisions.

IN WITNESS WHEREOF the parties hereto, intending to be legally bound thereby, have executed this Site Lease effective as of the date first above written.

OSD AGREEMENT #24-115

CONSTRUCTION SERVICES AGREEMENT

This Construction Services Agreement (hereinafter referred to as the "Agreement") is entered into this 18th day of September, 2024, by and between the Oxnard School District, a California school district organized and existing under the laws of the State of California (hereinafter referred to as the "District") and Edwards Construction Group, Inc. (Contractor) which is a contractor licensed by the State of California, with its principal place of business at 991 Bennett Avenue, Arroyo Grande, CA 93420 (hereinafter referred to as "Contractor").

WHEREAS, the District operates Ritchen Elementary School, located at 2200 Cabrillo Way, Oxnard, CA 93030 (hereinafter referred to as the "School Facility"); and

WHEREAS, the District desires to construct and modernize facilities and improvements (as more fully described below) at those portions of the School Facility identified in the Site Lease, as defined in Section 1G below (the "Site"); and

WHEREAS, the District has determined that it is in its best interests to pursue the improvements to the School Facility through the lease-leaseback method of project delivery pursuant to California Education Code §17406 which permits the governing board of the District, without advertising for bids, to lease to Contractor property owned by the District if the instrument by which property is leased requires the lessee to construct, or provide for the construction, on the leased property, of a facility for the use of the District during the term of the lease, and provides that title to that facility shall vest in the District at the expiration of the lease; and

WHEREAS, the District desires to finance a portion of the improvements utilizing the lease/leaseback methodology; and

WHEREAS, the District has conducted an RFQ process by which it selected Contractor; and

WHEREAS, the District intends to undertake work to improve the School Facility, the scope of which is generally described in **Exhibits A and B** attached hereto and incorporated by reference herein; and

WHEREAS, in connection with the approval of this Agreement, the District will enter into a site lease with Contractor, under which it will lease to Contractor the Site in order for Contractor to construct the Project as described in the Scope of Work set forth generally in **Exhibits A and B** (hereinafter referred to as the "Scope of Work"); and

WHEREAS, assuming that the District and Contractor can agree on the terms, including the price, for the additional scope of work, the District and Contractor anticipate that the scope of the Project may be amended to include additional work; and

WHEREAS, Contractor will lease the Site back to the District pursuant to a sublease agreement, under which the District will be required to make payments to Contractor for the use and occupancy of the Site, including the Project (hereinafter the "Financing"); and

WHEREAS, Contractor represents that it is sufficiently experienced in the construction of the type of facility and type of work sought by the District and is willing to perform said work for lease and the Financing to the District, all as more fully set forth herein; and

WHEREAS, at the expiration of the Site Lease, title to the Site and the improvements thereon will vest with the District;

NOW, THEREFORE, in consideration of the covenants hereinafter contained, the District and Contractor agree as follows:

SECTION 1. DEFINITIONS

A. **Construction.** The term "Construction" as used in this Agreement includes all labor and services necessary for the construction of the Project, and all materials, equipment, tools, supplies and incidentals incorporated or to be incorporated in such construction as fully described in the Scope of Work set forth in **Exhibits A and B** attached hereto. Unless otherwise expressly stipulated, Contractor shall perform all work and provide and pay for all materials, labor tools and equipment, including, but not limited to, light, water, and power, necessary for the proper execution and completion of the Project shown on the drawings and described in the specifications developed pursuant to this Agreement.

B. **Construction Documents.** The term "Construction Documents" means the final drawings, profiles, cross sections, design development drawings, construction drawings, and supplemental drawings based on the plans and specifications developed for the Project pursuant to the Scope of Work set forth in **Exhibits A and B** attached hereto, including any reference specifications or reproductions prepared by the architect hired by the District (the "Architect") and specifications approved by the District, the Division of the State Architect ("DSA"), and the local agencies having jurisdiction or other regulatory agencies whose approval may be required, which show or describe the location, character, dimensions or details for the Project and specifications for construction thereof.

C. **Contract Documents.** The term "Contract Documents" as used in this Agreement refers to those documents which form the entire agreement by and between the District and Contractor. The Contract Documents consist of this Agreement, including the exhibits and attachments hereto, the Site Lease, including the exhibits and attachments thereto, the Sublease, including the exhibits and attachments thereto, the Project Manual including the General Conditions thereto, as

amended, which is incorporated herein (the "General Conditions"), and the Construction Documents. The term "Contract Documents" shall include all modifications and addenda thereto.

D. **Guaranteed Maximum Price**. The term "Guaranteed Maximum Price" or "GMP" as used in this Agreement means the Guaranteed Maximum Price established pursuant to Section 5 of this Agreement to be used to calculate the Tenant Improvement Payments and the Sublease Payments to be paid by the District to Contractor pursuant to the Sublease, subject only to any adjustments for Extra Work/Modifications as provided in Section 10 of this Agreement.

E. **Preconstruction Services.** The term "Preconstruction Services" as used in this agreement means to retain a professional construction firm (hereafter "CONTRACTOR") to provide certain professional pre-construction services, as described in **Exhibit B** related to the Project plans and specifications for the purpose of designing the project within budget and eliminating unforeseen circumstances, errors, omissions and ambiguities in the construction documents prepared by the Architect.

F. **Project**. The term "Project" shall mean the improvements and facilities to be constructed and installed by Contractor at the School Facility which will result in complete and fully operational facilities as more fully set forth on **Exhibit A** attached hereto.

G. **Project Manual**. The term "Project Manual" shall mean the compilation of the Specification sections including Division 0, Procurement and Contracting Requirements, Division 1 General Requirements, and technical specifications Division 2 through 33 prepared by the Architect and approved by the District, the DSA, or other regulatory agencies which show or describe the location, character, dimensions or details for the Project, which shall be delivered to Contractor upon execution of this Agreement.

H. **Site**. The term "Site" as used in this Agreement shall mean those certain parcels of real property and improvements thereon (if any) more particularly described in **Exhibit A** to the Site Lease.

I. **Site Lease**. The term "Site Lease" as used in this Agreement shall mean the certain Site Lease dated of even date herein between the District and Contractor, together

with any duly authorized and executed amendment(s) thereto, pursuant to which the District leases the Site to Contractor.

J. **Specifications.** The term "Specifications" shall mean those numbered specifications set forth in the Project Manual which shall accompany this Agreement and which are incorporated by reference herein. Individual Specifications may be referred to by their specification number as set forth in the Project Manual.

K. **Subcontractor.** As used in this Agreement, the term "Subcontractor" means any person or entity, including trade contractors, who have a contract with Contractor to perform any of the Construction.

L. **Sublease**. The term "Sublease" as used in this Agreement shall mean the certain Sublease dated of even date herein between the District and Contractor, together with any duly authorized and executed amendment(s) thereto, pursuant to which the District subleases the Site from Contractor.

M. **Sublease Payments.** The term "Sublease Payments" as used in this Agreement shall mean the payments made by the District to Contractor pursuant to Section 6 of the Sublease.

N. **Tenant Improvement Payments.** The term "Tenant Improvement Payments" as used in this Agreement shall mean the payments made by the District to Contractor pursuant to Section 6 of the Sublease.

SECTION 2. CONTRACTOR'S DUTIES AND STATUS

Contractor covenants with the District to furnish reasonable skill and judgment in constructing the Project. Contractor agrees to furnish efficient business administration and superintendence and to furnish at all times an adequate supply of professionals, workers, and materials and to perform the work appropriately, expeditiously, economically, and consistent with the Contract Documents.

SECTION 3. ADDITIONAL SERVICES

If the District requests Contractor to perform additional services not described in this Agreement, Contractor shall provide a cost estimate and a written description of the additional work necessary to complete such additional services. The cost for such additional services shall be negotiated and agreed upon in writing in advance of Contractor performing or contracting for such additional services, and such cost shall be used to adjust the GMP established pursuant to Section 5 hereof. In the absence of a written agreement, the District will not compensate Contractor for additional services, will not adjust the GMP for such additional services, and Contractor will not be required to perform them. It is understood and

agreed that if Contractor performs any services that it claims are additional services without receiving prior written approval from the District Board of Education, Contractor shall not be paid for such claimed additional services and the GMP will not be adjusted. Nothing in this Agreement shall be construed as limiting the valuation of such additional services and amount that the GMP will be adjusted for such additional services, should a written agreement for such services be executed by the parties. Notwithstanding the foregoing, Contractor shall not be entitled to compensation, nor will the GMP be adjusted, for additional services required as a result of Contractor's acts, errors or omissions.

SECTION 4. OWNERSHIP OF PLANS AND DOCUMENTS

All original field notes, written reports, drawings, specifications, Construction Documents, and other documents, produced or developed for the Project are the property of the District, regardless of whether the Project is constructed, and shall be furnished to the District. Such documents are not to be used by Contractor or by the Subcontractors on other work nor shall Contractor nor the Subcontractors claim any right to such documents. This shall not deprive Contractor from retaining electronic data or other reproducible copies of the Construction Documents or the right to reuse information contained in them in the normal course of Contractor's professional activities.

SECTION 5. ESTABLISHMENT OF GUARANTEED MAXIMUM PRICE

The "GMP" for the Project shall be **TO BE DETERMINED ($X.XX)** The GMP consists of (1) a Preconstruction Fee in the amount of **THIRTY NINE THOUSAND FIVE HUNDRED DOLLARS AND NO CENTS ($39,500.00)**. (2) a Sublease Tenant Improvement and, (3) a Contractor Contingency and Sublease Payments to be negotiated as an amendment to this agreement pursuant to terms and payment schedule as amended and set forth in the Sublease. THE "GMP" WILL NOT BE ESTABLISHED UNTIL DSA HAS APPROVED THE FINAL PLANS AND SPECIFICATIONS AND THE BOARD APPROVES IT PRIOR TO NTP FOR CONSTRUCTION. The GMP will then be brought to the Board of Trustees as a revision to this section of this agreement. Until such time this section will remain incomplete, the Site Lease and Sublease will not begin, and the Contractor will proceed with Preconstruction Services as set forth in **Exhibit B** with an NTP for Preconstruction from the District.

The GMP is based upon the DSA approved plans and specifications to exist after this Agreement is entered into between Contractor and the District, and more fully described and referenced in the Scope of Work to be set forth in **Exhibit A** attached hereto. Prior to DSA approval Contractor will perform Preconstruction Services to assist in designing the project and as set forth in **Exhibit B**. After preconstruction services, DSA approval of plans and specifications, and the establishment of the GMP the Contractor shall assume the risk of cost overruns which were not foreseeable at the time this Agreement is entered into and the GMP determined, except for undocumented events of the type set forth in Section 19 hereof, work mandated by an outside agency after issuance of Construction Documents that could not have been reasonably foreseen

from review of the Contract Documents, or costs arising from undocumented geotechnical issues. Contractor acknowledges that (i) Contractor has conducted a site inspection and is familiar with the site conditions based on records, studies and visible conditions relating to construction and labor and (ii) Contractor has reviewed the Contract Documents and is familiar with the contents thereof. District directed changes to the scope of the Project not contemplated in the Scope of Work shall be deemed Extra Work/Modifications pursuant to the procedures set forth in Section 10 of this Agreement. The GMP shall include, but not be limited to, increases in labor and materials. The GMP has been used to calculate the Tenant Improvement Payments and the Sublease Payments to be paid by the District to Contractor pursuant to the Sublease. The GMP includes the cost of all labor, materials, equipment, general conditions, overhead, profit and a Contractor Contingency as indicated above.

The Contractor Contingency is for the purpose of covering the cost of very specific issues that may arise during construction and it may be used only upon the written agreement of the Contractor, the architect of record, and the District. The Contractor Contingency is to be used only to pay Contractor for the following enumerated reasons: (1) additional costs resulting from discrepancies in the bid buy-out process; (2) conflicts, discrepancies or errors in the Construction Documents; (3) work required by the Inspector of Record or any governmental agency involved in the permitting or approval/certification process that is not otherwise shown in the Construction Documents; and (4) any other items of cost agreed to in writing by the Contractor and District to be included in the Contractor Contingency. The Contractor Contingency shall not be used for costs incurred as a result of Contractor's acts, errors or omissions.

Contractor shall be responsible for tracking expenditures of the Contractor Contingency and shall provide periodic written updates to the District as directed. Unused Contractor Contingency and Allowances at Project completion will reduce the GMP and will result in an adjustment of the Tenant Improvement Payments and possibly the Sublease Payments.

The District shall at all times have the right to reduce the scope of the Project. If the District reduces the scope of the Project, the GMP shall be reduced commensurate with the reduced Scope of Work pursuant to the provisions of Section 10, below, and will result in an adjustment of the Tenant Improvement Payments and, if applicable, the Sublease Payments.

SECTION 6. NOTICE TO PROCEED WITH PRECONSTRUCTION AND CONSTRUCTION

Prior to an approved GMP, the District shall issue a notice to Contractor to proceed with the Preconstruction of the Project. The Preconstruction Agreement in **Exhibit B** will serve as the whole agreement between the Contractor and the District until a GMP is established.

Upon receipt of an approved GMP, the District shall issue a notice to Contractor to proceed with the Construction of the Project. In the event that a Notice to Proceed with Construction is not issued for the Project, the Site Lease and the Sublease shall terminate upon written notice from the District to Contractor that a Notice of Proceed will not be issued.

SECTION 7. SAVINGS

If Contractor realizes a savings on one aspect of the Project, such savings shall be tracked and Contractor shall provide periodic written updates of such savings. Such savings shall be added to the Contractor Contingency and the use of such savings shall be as set forth in Section 5. However, if such savings are not so utilized, the amount of such savings shall reduce the GMP and will result in an adjustment of the Tenant Improvement Payments and, if applicable, the Sublease Payments.

SECTION 8. SELECTION OF SUBCONTRACTORS

In the interest of minimizing the expenditure of funds for the construction of the Project, Contractor agrees to select Subcontractors who are appropriately licensed by the State of California for each trade component of the Project in a manner that fosters competition. Contractor agrees that it will either solicit bids from potential subcontractors pursuant to the competitive bid procedures set forth in the California Public Contract Code, including specifically Public Contract Code section 20110, et seq., or that it will utilize an informal bidding process established by Contractor which also incorporates competitive bid procedures. Regardless of the method Contractor employs, Contractor will make a good faith effort to contact and utilize DVBE contractors and suppliers in securing bids for performance of the Project in accordance with the procedures set forth in Section 1.77 of the General Conditions. In the event that Contractor chooses to select Subcontractors pursuant to an informal bidding process, Contractor shall ensure that it receives at least three competitive quotes from potential subcontractors for each trade component of the Project, unless the parties agree otherwise on a trade-by-trade basis. The District reserves the right to oversee the bidding process. Contractor shall inform all bidders that the District will not be a party to any contracts for construction services executed by Contractor and selected bidders. Contractor shall submit a listing of proposed subcontractors to the District for the District's review. In no case, will

Contractor award any sub-contracts until the District has concurred in the scope and price of the sub-contracted services. In addition, Contractor shall provide the District with full documentation regarding the bids or competitive quotes received by Contractor. In no event, shall such documentation be redacted or obliterated. In the event Contractor does not comply with this provision, the District may terminate this Agreement in accordance with the provisions of the General Conditions. Subcontractors awarded contracts by Contractor shall be afforded all the rights and protections of listed subcontractors under the provisions of the Subletting and Subcontracting Fair Practices Act (Public Contract Code Section 4100, et seq.).

SECTION 9. CONSTRUCTION SCOPE OF WORK

A. Prior to commencing Construction, Contractor shall comply with the initial schedule requirements set forth in the General Conditions.

B. Contractor shall complete the Construction pursuant to the Construction Documents

as amended subject to any additional DSA or other regulatory approvals as may be required, performing all work set forth in the Scope of Work, and shall make reasonable efforts in scheduling to prevent disruption to classes.

C. Contractor shall be responsible for complying with all applicable building codes, including without limitation mechanical codes, electrical codes, plumbing codes and fire codes, each of the latest edition, required by the regulatory agencies and for arranging and overseeing all necessary inspections and tests including inspections by the DSA or regulatory agencies, permits and occupancy permits, and ensuring compliance with any Federal and State laws, including, but not limited to, safety procedures and requirements, and construction employee training programs which cover among other items, hazardous chemicals and materials.

D. Contractor shall establish procedures for the protection of all existing structures, equipment, utilities, and other existing improvements, both on-site and off-site. Contractor assumes all risk of loss of vandalism, theft of property or other property damage ("Vandalism") which occurs at a site at which Contractor is undertaking construction of the Project. Contractor assumes all risk of loss which occurs where Contractor is undertaking construction of the Project from causes due to negligence or misconduct by Contractor, its officers, employees, subcontractors, licensees and invitees. Contractor shall replace District property damaged by such Vandalism or theft or compensate the District for such loss, including payment of out of pocket expenses such as insurance deductibles the District might incur under such circumstances.

E. Contractor shall develop a mutually agreed upon program with the District to abate and minimize noise, dust, and disruption to normal activities at the existing facilities at the School Facility, including procedures to control on-site noise, dust, and pollution during construction.

F. The District shall cause the appropriate professionals to stamp and sign, as required, the original Construction Documents or parts thereof and coordinate the Project's design with all utilities.

G. Contractor shall, for the benefit of the Subcontractors, attend pre-construction orientation conferences in conjunction with the Architect to set forth the various reporting procedures and site rules prior to the commencement of actual construction. Contractor shall also attend construction and progress meetings with District representatives and other interested parties, as requested by the District, to discuss such matters as procedures, progress problems and scheduling. Contractor shall prepare and promptly distribute official minutes of such meetings to all parties in attendance, including without limitation the District, the Architect and the District Inspector of Record.

H. Contractor shall incorporate approved changes as they occur, and develop cash flow reports and forecasts for submittal to the District as requested. Contractor shall provide regular monitoring of the approved estimates for Construction costs, showing actual costs for activities in progress, and estimates for uncompleted tasks. Contractor shall maintain cost accounting records on authorized additional services or work performed under unit costs, additional work performed on the basis of actual costs of labor and materials, and for other work requiring accounting records.

I. Contractor shall record the progress of the Project and shall submit monthly written progress reports to the District and the Architect including information on the entire Project, showing percentages of completion and the number and amounts of proposed Extra Work/Modifications and their effect on the construction costs as of the date of each respective report.

J. Contractor shall keep a log containing a record of weather, Subcontractors, work on the site, number of workers, work accomplished, problems encountered, and other similar relevant data as the District may require. Contractor shall make the log available to the District, the Architect, and the District's project manager. The District shall be promptly advised on all anticipated delays in the Project.

K. The District shall bear the cost for the DSA Inspector, soils testing, DSA or other regulatory agency fees, and special testing required in the construction of the Project. If additional review or permits become necessary for reasons not due to Contractor's fault or because of DSA or regulatory agency requirements or regulations implemented after the date the Final GMP is established and not reasonably anticipated at the time the Final GMP is established, Contractor may seek additional compensation for the cost of that review as an additional cost. In the alternative, the District may pay such costs directly.

SECTION 10. EXTRA WORK/MODIFICATIONS

A. The District may prescribe or approve additional work or a modification of requirements or of methods of performing the Construction which differ from the work or requirements set forth in the Construction Documents ("Extra Work/Modifications"); and for such purposes the District may at any time during the life of this Agreement, by written order, make such changes as it shall find necessary in the design, line, grade, form, location, dimensions, plan, or material of any part of the work or equipment specified in this Agreement or in the Construction Documents, or in the quantity or character of the work or equipment to be furnished. In the event conditions develop which, in the opinion of Contractor, makes strict compliance with the specifications impractical, Contractor shall notify the District of the need for Extra Work/Modifications by placing the matter on the agenda of regularly scheduled construction meetings with

the District for discussion as soon as practicable after the need for the Extra Work/Modifications is determined. Additionally, Contractor shall submit to the District for its consideration and approval or disapproval, a written request for Extra Work/Modifications before such work is performed. If the District approves the request in writing, the costs of the Extra Work/Modification shall be added to or deducted from the GMP or the Scope of Work shall be modified to complete the Project within the GMP, as applicable. Any adjustments to the GMP will result in an adjustment of the Tenant Improvement Payment and, if applicable, the Sublease Payments.

B. Extra Work/Modifications include work related to unforeseen underground conditions if, and only if, such conditions are not visible or identified on plans, reports or other documents available to Contractor. Extra Work/Modifications do not include underground conditions that are identified on plans, reports or other documents available to Contractor but are in a location different than is set forth on such plans, reports or other documents available to Contractor. It should be noted, however, that the District has advised and provided Contractor with information regarding the shallow water table and recent projects experience with encountering water when digging. Contractor has included in its calculation of the GMP an amount to mitigate for encountering water when completing the scope of work contemplated herein. Therefore, Extra Work/Modifications do not include expenses incurred by, and/or work performed by, Contractor in connection with such shallow water table and with encountering water when digging.

C. Should Contractor claim that any instruction, request, drawing, specification, action, condition, omission, default or other situation (i) obligates the District to increase the GMP; or (ii) obligates the District to grant an extension of time for the completion of this Agreement; or (iii) constitutes a waiver of any provision in this Agreement, CONTRACTOR SHALL NOTIFY THE DISTRICT, IN WRITING, OF SUCH CLAIM AS SOON AS POSSIBLE, BUT IN NO EVENT WITHIN MORE THAN TEN (10) DAYS FROM THE DATE CONTRACTOR HAS ACTUAL OR CONSTRUCTIVE NOTICE OF THE CLAIM. CONTRACTOR SHALL ALSO PROVIDE THE DISTRICT WITH SUFFICIENT WRITTEN DOCUMENTATION SUPPORTING THE FACTUAL BASIS OF THE CLAIM including items used in valuing said claim. Contractor shall be required to certify under penalty of perjury the validity and accuracy of any claims submitted. Contractor's failure to notify the District within such ten (10) day period shall be deemed a waiver and relinquishment of the claim against the District.

D. Expenses of reconstruction and/or costs to replace and/or repair damaged materials and supplies, provided that Contractor is not fully compensated for such expenses and/or costs by insurance or otherwise, shall be included in an increase to the GMP if said expenses are the result of the negligent acts or omissions of the District, or its principals, agents, servants, or employees.

SECTION 11. NOT USED

SECTION 12. PERSONNEL ASSIGNMENT

A. Contractor shall assign Nick Cramer as Project Manager for the Project. So long as Nick Cramer remains in the employ of Contractor, such person shall not be changed or substituted from the Project, or cease to be fully committed to the Project except as provided in this Section. In the event Contractor deems it necessary, Contractor shall replace the manager and/or the superintendent for the Project with a replacement with like qualifications and experience, subject to the prior written consent of the District, which consent shall not be unreasonably withheld. Any violation of the terms of paragraph A of this Section 12 shall entitle the District to terminate this Agreement for breach, pursuant to the provisions of the General Conditions. The Project Manager is not an exclusive position and does not preclude any other parallel assignment within or outside the District.

B. Notwithstanding the foregoing provisions of paragraph A of Section 12, above, if any manager and/or superintendent proves not to be satisfactory to the District, upon written notice from the District to Contractor, such person(s) shall be promptly replaced by a person who is acceptable to the District in accordance with the following procedures: Within five (5) business days after receipt of a notice from the District requesting replacement of any manager and/or superintendent or discovery by Contractor that any manager and/or superintendent is leaving their employ, as the case may be, Contractor shall provide the District with the name of an acceptable replacement/substitution together with such information as the District may reasonably request about such replacement/substitution. The replacement/substitution shall commence work on the Project no later than five (5) business days following the District's approval of such replacement, which approval shall not be unreasonably withheld. If the District and Contractor cannot agree as to the replacement/substitution, the District shall be entitled to terminate this Agreement for breach pursuant to the provisions of the General Conditions.

SECTION 13. BONDING REQUIREMENTS

Contractor shall fully comply with the requirements set forth in Section 6.9 of the General Conditions.

SECTION 14. PAYMENTS TO CONTRACTOR

A. Contractor shall finance the cost of construction of the Project which costs shall not exceed the GMP, which shall not be adjusted except as otherwise provided in this Agreement. The District shall pay Contractor Tenant Improvement Payments and Sublease Payments pursuant to the terms and conditions of Section 6 of the Sublease. In the event of a dispute between the District and Contractor, the District may withhold from the Tenant Improvement Payments and the Sublease Payments an amount not

to exceed one hundred fifty percent (150%) of the disputed amount.

B. This Agreement is subject to the provisions of California Public Contract Code Sections 7107, 7201 and 20104.50 as they may from time to time be amended.

C. For purposes of this Agreement, the acceptance by the District means acceptance made only by an action of the governing body of the District in session. Acceptance by Contractor of the final Tenant Improvement Payment or the Sublease Payment, as the case may be, shall constitute a waiver of all claims against the District related to those amounts.

SECTION 15. CONTRACTOR'S CONTINUING RESPONSIBILITY

Neither the final payment nor any provision in the Contract Documents shall relieve Contractor of responsibility for faulty materials or workmanship incorporated in the Project or for any failure to comply with the requirements of the Contract Documents.

SECTION 16. INSURANCE

Contractor shall provide, during the life of this Agreement, the types and amounts of insurance set forth in Article 6 of the General Conditions, which are incorporated by reference herein.

SECTION 17. USE OF PREMISES

Contractor shall confine operations at the Site to areas permitted by law, ordinances, permits and the Construction Documents and shall not unreasonably encumber the Site or existing School Facilities at the Site with any materials or equipment. Contractor shall not load or permit any part of the work to be loaded with a weight so as to endanger the safety of persons or property at the Site.

SECTION 18. SITE REPRESENTATIONS

The District warrants and represents that the District has, and will continue to retain at all times during the course of construction, legal title to the Site and that said land is properly subdivided and zoned so as to permit the construction and use of said Site with respect to the Project. The District further warrants and represents that title to said land is free of any easements, conditions, limitation, special permits, variances, agreements or restrictions which would prevent, limit or otherwise restrict the construction or use of said Site pursuant to this Agreement. Reference is made to the fact that the District has provided information on the Site to Contractor. Such information shall not relieve Contractor of its responsibility; and the interpretation of such data regarding the Site, as disclosed by any borings or other preliminary investigations, is not warranted or guaranteed, either expressly or implicitly, by the District. Contractor shall be responsible for having ascertained pertinent local conditions such as location,

accessibility and general character of the Site and for having satisfied itself as to the conditions under which the work is to be performed. No claim for any allowances because of Contractor's error or negligence in acquainting itself with the conditions at the Site will be recognized.

SECTION 19. HAZARDOUS WASTE AND UNKNOWN PHYSICAL CONDITIONS

Contractor shall comply with the District's Hazardous Materials Procedures and Requirements as set forth herein.

A. If the District has identified the presence of hazardous materials on or in proximity to the Site (the "Pre-existing Hazardous Materials"), Contractor shall review all information provided by the District that characterizes the Pre-existing Hazardous Materials and shall take the actions approved by DTSC and issued by the District necessary to address the Pre-existing Hazardous Materials in the performance of the work. Contractor shall conduct the work based on this information issued at the time contract documents are executed. Contractor shall immediately communicate, in writing, any variances from available information to the District.

B. The District will retain an additional independent environmental consultant to perform the investigation, inspection, testing, assessment, sampling and analysis necessary to prepare and recommend a remediation plan for the Pre-existing Hazardous Materials for the District's approval (the "Remediation Plan").

C. The District will retain title to all Pre-existing Hazardous Materials encountered during the work. This does not include hazardous material generated by Contractor, including but not limited to used motor oils, lubricants, cleaners, etc. Contractor shall dispose of such hazardous waste in accordance with the provisions of the Contract Documents, as well as local, State and Federal laws and regulations. The District will be shown as the hazardous waste generator and will sign all hazardous waste shipment manifests for non-Contractor generated hazardous waste. Nothing contained within these Contract Documents shall be construed or interpreted as requiring Contractor to assume the status of owner or generator of hazardous waste substances for non-Contractor generated hazardous wastes.

D. Except as otherwise provided herein, it is the responsibility of Contractor to obtain governmental approvals relating to Hazardous Materials Management, including Federal and State surface water and groundwater discharge permits and permits for recycling and reuse of hazardous materials for all work noted in the contract documents. Contractor shall be responsible for coordinating compliance with such governmental approvals and applicable governmental rules with the District's hazardous materials consultant, including those governing the preparation of waste profiles, waste manifests, and bills of lading. If Contractor encounters hazardous materials, it shall immediately notify the District in writing. The District, Consultant and Contractor shall jointly establish the plan for disposition and actions to be taken with

respect to the hazardous materials, subject to final written approval by the District.

E. If, during construction, Contractor encounters materials, conditions, waste, contaminated groundwater or substances, not identified in the District's assessment report, that Contractor reasonably suspects are hazardous materials, Contractor shall stop the affected portion of the work, secure the area, promptly notify the District, and take reasonable measures to mitigate the impact of such work stoppage. The District shall retain the services of an environmental consultant to perform investigation, inspection, testing, assessment, sampling and analysis of the suspect materials, conditions, waste, groundwater or substances.

(1) Found Not to be Hazardous Materials. If the environmental consultant determines that the materials, conditions, waste, contaminated groundwater or substances do not constitute hazardous materials, Contractor shall recommence the suspended work.

(2) Found to be Hazardous Materials. If the environmental consultant determines that the materials, conditions, waste, contaminated groundwater or substances constitute hazardous materials and such hazardous materials require remediation and disposal, then the District, Consultant and Contractor shall jointly establish the plan for disposition and actions to be taken with respect to the hazardous materials, subject to final written approval by the District. All such costs shall be the responsibility of the District.

F. Exacerbation of Pre-Existing Hazardous Materials.

If during construction Contractor encounters pre-existing environmental conditions that it knew or should have known involve hazardous materials (the "Point of Discovery") (which encounters may include an unavoidable release or releases of hazardous materials) then Contractor must immediately stop the affected portion of the work. If Contractor fails to immediately stop the affected portion of the work after the Point of Discovery, then Contractor is solely responsible for any resultant Exacerbation Cost. "Exacerbate," in all its forms, means the worsening effects of Contractor's failure to stop the affected portion of work after the Point of Discovery. "Exacerbation Cost" means the differential between (i) the actual increase in the cost of remediation and delays to the Project attributable to pre-existing environmental conditions involving hazardous substances, and (ii) the cost thereof or delays thereto had Contractor immediately stopped the affected portion of the work after the Point of Discovery. The standard of "should have known" applies to Contractor's supervisory personnel, whether or not on the Site. Contractor's supervisory personnel must have had the hazardous material training required by applicable OSHA and Cal OSHA rules or regulations.

SECTION 20. INDEPENDENT CONTRACTOR

A. Contractor is retained as an independent contractor and is not employed by the District. No employee or agent of Contractor shall become, or be considered to be, an employee of the District for any purpose. It is agreed that the District is interested only in the results obtained from service under this Agreement and that Contractor shall perform as an independent contractor with sole control of the manner and means of performing the services required under this Agreement. Contractor shall complete this Agreement according to its own methods of work which shall be in the exclusive charge and control of Contractor and which shall not be subject to control or supervision by the District except as to results of the work. It is expressly understood and agreed that Contractor and its employees shall in no event be entitled to any benefits to which the District employees are entitled, including, but not limited to, overtime, retirement benefits, insurance, vacation, worker's compensation benefits, sick or injury leave or other benefits.

B. Contractor shall be responsible for all salaries, payments, and benefits for all of its officers, agents, and employees in performing services pursuant to this Agreement.

SECTION 21. ACCOUNTING RECORDS

Contractor, and all Subcontractors, shall check all materials, equipment and labor entering into the work and shall keep or cause to be kept such full and detailed accounts as may be necessary for proper financial management under this Agreement, including true and complete books, records and accounts of all financial transactions in the course of their activities and operations related to the Project. These documents include sales slips, invoices, payrolls, personnel records, requests for Subcontractor payment, and other data relating to all matters covered by the Contract Documents (the "Data"). The Data shall be maintained for ten (10) years from the latest expiration of the term (as such may be extended) of any of the Contract Documents. Contractor shall use its best efforts to cause its Subcontractors to keep or cause to be kept true and complete books, records and accounts of all financial transactions in the course of its activities and operations related to the Project. Upon completion of the Project, Contractor shall provide the District with one (1) complete copy of the Data.

The District, at its own costs, shall have the right to review and audit, upon reasonable notice, the books and records of Contractor and any Subcontractors concerning any monies associated with the Project.

SECTION 22. PERSONAL LIABILITY

Neither the trustees, officers, employees, or agents of District, the District's representative, or Architect shall be personally responsible for any liability arising under the Contract Documents.

SECTION 23. AGREEMENT MODIFICATIONS

No waiver, alteration or modification of any of the provisions of this Agreement shall be

binding upon either the District or Contractor unless the same shall be in writing and signed by both the District and Contractor.

SECTION 24. NOTICES

Any notices or filings required to be given or made under this Agreement shall be served, given or made in writing upon the District or Contractor, as the case may be, by personal delivery or registered mail (with a copy sent via fax or regular mail) to the respective addresses given below or at such other address as such party may provide in accordance with the provisions herein. Any change in the addresses noted herein shall not be binding upon the other party unless preceded by no less than thirty (30) days prior written notice.

If to Contractor:
Edwards Construction Group, Inc.
991 Bennett Avenue
Arroyo Grande, CA, 93420
Attn: Brad Edwards, President

If to the District:
Oxnard School District
1051 South A Street
Oxnard, CA 93030
Attn: Dr. Ana DeGenna, Superintendent

With a copy to:
Gerald Schober
Vice President
Implementation Services
Caldwell Flores Winters, Inc.
521 N. 1st Avenue
Arcadia, CA 91006

Notices under this Agreement shall be deemed to have been given, and shall be effective upon actual receipt by the other parties, or, if mailed, upon the earlier of the fifth (5th) day after mailing or actual receipt by the other party.

SECTION 25. ASSIGNMENT

Neither party to this Agreement shall assign this Agreement or sublet it as a whole without the written consent of the other, nor shall Contractor assign any monies due or to become due to it hereunder without the prior written consent of the District.

SECTION 26. PROVISIONS REQUIRED BY LAW

Each and every provision of law and clause required to be inserted in these Contract Documents shall be deemed to be inserted herein and the Contract Documents shall be read and enforced as though it were included herein, and if through mistake or otherwise any such provision is not inserted or is not inserted correctly, then upon application of either party the Contract Documents shall forthwith be physically amended to make such insertion or correction.

SECTION 27. HEADINGS

The headings in this Agreement are inserted only as a matter of convenience and reference and are not meant to define, limit or describe the scope or intent of the Contract Documents or in any way to affect the terms and provisions set forth herein.

SECTION 28. APPLICABLE LAW

This Agreement shall be governed by and construed in accordance with the laws of the State of California. The parties irrevocably agree that any action, suit or proceeding by or among the District and Contractor shall be brought in whichever of the Superior Courts of the State of California, Ventura County, or the Federal Court for the Central District of California in Los Angeles, California, has subject matter jurisdiction over the dispute and waive any objection that they may now or hereafter have regarding the choice of forum whether on personal jurisdiction, venue, forum non conveniens or on any other ground.

SECTION 29. SUCCESSION OF RIGHTS AND OBLIGATIONS

All rights and obligations under this Agreement shall inure to and be binding upon the successors and assigns of the parties hereto.

SECTION 30. NOTIFICATION OF THIRD PARTY CLAIMS

The District shall provide Contractor with timely notification of the receipt by the District of any third-party claim relating to this Agreement, and the District may charge back to Contractor the cost of any such notification.

SECTION 31. SEVERABILITY

If any one or more of the terms, covenants or conditions of this Agreement shall to any extent be declared invalid, unenforceable, void or voidable for any reason whatsoever by a court of competent jurisdiction, the finding or order or decree of which becomes final, none of the remaining terms, provisions, covenants and conditions of the Contract Documents shall be affected thereby, and each provision of the Contract Documents shall be valid and enforceable to the fullest extent permitted by law.

SECTION 32. ENTIRE AGREEMENT

This Construction Services Agreement and the additional Contract Documents as defined in paragraph C of Section 1 herein, including the Site Lease, the Sublease, and the Specifications, drawings, and plans constitute the entire agreement between Contractor and the District. The Contract Documents shall not be amended, altered, changed, modified or terminated without the written consent of both parties hereto, except as otherwise provided in Section 10 hereof.

SECTION 33. EXECUTION IN COUNTERPARTS

This Agreement may be executed in any number of counterparts, each of which shall be an original, but all of which together shall constitute one instrument.

IN WITNESS, WHEREOF the parties hereto, intending to be legally bound thereby, have executed this Agreement effective as of the date first above written.

OSD AGREEMENT # 24-115

EXHIBIT A

Scope of Work (Plans & Specifications)

To be Designed

EXHIBIT B

Oxnard School District

Preconstruction Services

The District desires to retain a professional construction firm (hereafter "CONTRACTOR") to provide certain professional pre-construction services related to the Project plans and specifications for the purpose of designing the project to budget and eliminating unforeseen circumstances, errors, omissions and ambiguities in the construction documents prepared by the Architect. The fee for this set of services will be **Thirty Nine Thousand Five Hundred Dollars and No Cents ($39,500.00)** to be paid monthly on a design progress basis.

The CONTRACTOR will be expected to provide the following professional pre-construction services during the design phase of the Project:

1. Professional Construction Cost-Estimation Services

A. During each phase of design or at the completion of each phase of design, (1) Conceptual, (2) Schematic, (3) Design Development and (4) Construction Development, CONTRACTOR shall prepare a cost estimate, in current, uninflated dollars, for the design and specifications prepared by the Architect. CONTRACTOR acknowledges that it shall prepare four (4) complete cost estimates commensurate with the level of detail of each phase of design. The cost estimate shall include all Project costs, including, all hard costs (site preparation, utility connections, off- site improvements, hazard abatement, construction costs, overhead & profit and general conditions), soft costs (survey, geo-hazard, geo-technical, environmental studies, inspection and testing) and furniture, fixture and equipment.

B. Upon final approval by the Division of the State Architect (hereinafter, "DSA"), CONTRACTOR shall adjust its estimate to incorporate any and all changes required by DSA as part of the review and approval process.

C. CONTRACTOR shall provide the cost estimates at such time as directed by the Program Manager during or at the conclusion of each phase of design, in a format approved by the District's Program Manager and consistent with Construction Specifications Institute (CSI) standards. During the schematic phase, Contractor shall estimate in the CSI UniFormat. For all other phases of design, Contractor shall utilize CSI MasterFormat.

2. Professional Constructability Review

A. Definition: Constructability Review shall mean the review of the design documents to ascertain whether the design of the Project as depicted in the Construction Documents, and the documents themselves: (i) accurately and completely reflects the District's objectives as explained to the Architect and CONTRACTOR by the District as approved by the District; and (ii) are free of errors, omissions, conflicts or other deficiencies so that the CONTRACTOR can construct the Project as therein depicted within the Project Budget and without delays, disruptions, or additional costs. The standard to be used for constructability is a contractor's standard of care in reviewing the plans and not that of an architect.

B. CONTRACTOR shall conduct one comprehensive technical review of the Plans and Specifications at 50% Construction Development phase. The purpose of this review will be to examine whether the design intent can be successfully implemented in the field within the Project budget. A report of the CONTRACTOR's findings will be distributed to the Program Manager and the Architect. CONTRACTOR will participate in any meeting(s) with the Architect to determine if the comments will be included in the final bid set of documents. CONTRACTOR will work with Architect to ensure that all front end documents conform to technical specifications and meet District standards.

C. At all times during design and DSA Review and Approval, the Architect shall remain responsible for completing, stamping, submitting and securing final DSA approval for the Project. Furthermore, the District acknowledges that CONTRACTOR is neither the Architect nor performing an architectural review of the Project. CONTRACTOR's responsibilities and duties under this subsection shall not include the architectural or structural design of the Project which is the responsibility of the Architect. Notwithstanding this qualification, CONTRACTOR shall conduct a detailed evaluation of the District's educational specifications, Project intent, Architect's Plans & Specifications, the proposed Project construction budget, schedule requirements and deliver a Constructability Review identifying any comments, recommendations or concerns that CONTRACTOR has as to the constructability of the Architect's Plans & Specifications consistent with the District's intent and budget.

D. Deliverable: The CONTRACTOR shall deliver to the District a complete technical report of the Plans and Specifications with the opinion of the CONTRACTOR as to the constructability of the Architect's Plans and Specifications. The CONTRACTOR, in the report, shall identify any issues, concerns or requests for clarification that CONTRACTOR believes are necessary to complete the design within the District's proposed and approved Project budget. The report shall be made available to the Architect, the District and its Program Manager.

3. Value Engineering Services

A. Definition: CONTRACTOR shall be required to perform Value Engineering Services to identify opportunities to reduce Project cost at the conclusion of each phase of design and during DSA review. The Value Engineering Services shall be provided in the form of a report to the Program Manager and shall identify value engineering opportunities, alternative materials and alternative methods and the associated cost savings estimated by the CONTRACTOR.

B. Deliverable: The CONTRACTOR shall maintain and distribute a running log of value engineering recommendations throughout the design process. The log shall identify and describe the recommendation, the estimated cost savings for each recommendation and a notation of whether the recommendation is accepted or rejected by the Architect and the District. Value engineering recommendations that are accepted by the District shall be incorporated into the plans and specifications at each phase of design. The log shall note when the recommendation was incorporated into the Plans and Specifications.

4. Building Information Modeling (BIM) Services

A. Definition: BIM Modeling is defined as a 3-D model-based process involving the generation and management of digital representations of physical and functional characteristics of a proposed construction project for purposes of planning, designing, constructing, operating and maintaining the proposed new facility.

B. CONTRACTOR shall participate in and/or prepare a 3-D model of the Architect's design of the Project utilizing BIM software. The 3-D model shall be rendered in a format that can be made available to the Architect, the District, and/or any agent or representative thereof. The model shall contain sufficient detail to identify any and all ambiguities and clashes in the Architect's plans and specifications and produce a model from which a contractor or sub-contractors may bid for the project in question. The BIM Model must be in a format that can be shared or networked to support the decision-making process related to the design and specifications.

C. The 3-D BIM Model shall be completed prior to the Architect's submission of the plans and specification to the Division of the State Architect. Any and all ambiguities or clashes will be resolved in a final 3-D BIM Model prior to this submittal.

D. The District shall hold title and interest in the completed 3-D BIM Model. At the request of the District, CONTRACTOR shall make the completed 3-D BIM Model files available to the District in a format acceptable to the District.

E. Deliverable: A completed 3-D BIM Model in electronic format acceptable to the District.

5. Construction Scheduling Services

A. Definition: Construction Scheduling is defined as the process of developing a detailed master baseline construction schedule for the Project that identifies all the major tasks and subtasks associated with the planning, design, construction, commissioning, close-out and final occupancy of the completed Project. The schedule shall be prepared in Primavera or comparable software and shall identify all long lead items, critical path, coordination of site activities, and any phasing of the Project. The Construction Scheduling services shall culminate in a final baseline construction schedule approved by the District to be used as a baseline schedule for the Project.

B. CONTRACTOR shall develop a detailed construction schedule utilizing the critical path method. This schedule will provide a logical means of establishing and tracking the Project and for the organization of activities into areas established by Project criteria. CONTRACTOR shall consider any potential disruptions to the learning environment and incorporate major school activities, such as site-wide or statewide testing dates, or as otherwise provided by the District, in the construction schedule.

C. In addition to the Construction Schedule, CONTRACTOR shall develop a Responsibility Matrix and Construction Site Management Plan for the Project. The Responsibility Matrix shall identify the key team members (District/Architect/IOR) and the roles and responsibilities of each entity for the Project. The Construction Site Management Plan shall consist of, but is not limited to, staging areas, deliveries of materials and supplies, site fencing and location of construction site field office. The CONTRACTOR shall work with the Architect and Program Manager to develop these two deliverables in a format and content acceptable to the District.

D. Deliverable: A completed and approved baseline construction schedule, a Responsibility Matrix and Construction Site Management Plan.

6. Cooperation and Attendance at Design Meetings

A. CONTRACTOR shall attend regular meetings during Project design with the Architect, the District's Program Manager, the District, and any other applicable consultants of the District as necessary. CONTRACTOR shall contribute to the design meetings by providing applicable comments, feedback, recommendations, information and reports required under the scope of this Contract in a timely manner. Design meetings may be held as frequently as weekly.

B. CONTRACTOR shall submit to the District's Program Manager, weekly report of its activities and progress related to deliverables identified in the scope of this Contract. The report shall be provided in a format that is acceptable to the Program Manager.

7. Schedule for Pre-Construction Services.

A. The services outlined herein shall commence on the date specified in the District's Notice to Proceed ("NTP"). The schedule of the services to be provided herein shall be consistent with the Design Schedule identified in the District's contract with the Architect for the Project. The service of this Contract shall conclude and terminate upon receipt of the stamped approval of the Project Plans and Specifications from DSA.

B. In the event that the CONTRACTOR is unable to perform the services anticipated in this Contract in the Architect's design schedule, CONTRACTOR shall notify the Program Manager and the Design Team shall work on a mutually agreeable modification to the design schedule.

C. Any extensions required for deliverables shall be subject to the reasonable approval in writing by the District.

Subject: RFQ/P Lease Lease-Back Preconstruction and Construction Services for Ritchen Elementary School Modernization Project

Dear Oxnard School District, Teachers, Staff, Caldwell Flores Winters, Inc., and the Oxnard Community,

I would like to offer our sincere thanks to you and to all Oxnard District members who will benefit from this enhancement of facilities for our young learners. This is a wonderful opportunity for our teams to join in collaboration and build something great for your students and staff. It is my honor and privilege as President to introduce Edwards Construction Group for your Lease-Leaseback services.

Edwards is a family-owned legacy construction firm servicing Central and Southern California, dating back to 1985. My father and grandfather led this generation to build education facilities in the best manner possible, using the best people and the best resources, both in equipment and technology, to establish the most efficient and effective way to build according to a fool-proof design, with quality results within a controlled cost and schedule. Our relationship to CFW and our clients is a testament to our committed people working to accommodate our clients with full attention and professionalism. We are deeply committed to do whatever it takes to serve clients that share similar values and we have no doubt that we will perform and exceed your expectations as an experienced Lease Lease-back builder.

We have worked with CFW on several of our most high-profile projects. We have delivered more than $150 million in education projects. We have an expansive knowledge base of the Lease-Leaseback delivery method DSA Public Education construction programs developed on existing occupied campuses delivered in multiple phases and/or sequences. Under our management, this transitional construction process will be seamless and according to plan. We have this method down to a science, and our advanced technology resources, some created and adapted by our own people, will alleviate obstacles and improper planning. Our strategy is clear and 100% objectively transparent to the District, CFW, the selected architect, and we will take initiative at every corner to push this project forward in the most professional manner.

Our team has thoroughly reviewed the project information and plans available and are prepared to work with the District and its Architects to optimize the project cost, timeline and construction outcomes with a major focus on the minimalization if impact to students studying on an active campus as well as the community around it. Strategic and efficient phasing, cost savings in a modern, low-voltage backbone and a thorough material specification review to hawkishly seek out cost saving opportunities are just some of the value engineering concepts we hope to bring to this project.

Myself and our team thank you for your consideration of our proposal and we look forward to working with Oxnard School District, its Board, its Architect and all other stakeholders.

Sincerely,

Brad Edwards
President

MONTECITO ELEMENTARY BUILDING D & E REMODEL

Delivery Method	Lease-Leaseback	**Architect**	RNT Architects
Owner	Montecito Union School District 385 San Ysidro Rd., Santa Barbara, CA 93108	**Total Price**	$14,062,804.37
		Start Date	June, 2022
Contact	Anthony Ranii, 805-969-3249 Ext. 400	**Completion Date**	October, 2024

Montecito Elementary School's Buildings D and E required restoration and revitalization to meet current safety, accessibility, and educational standards. The scope of this project included several key elements, starting with site work to accommodate eight temporary classrooms. In addition, Buildings D and E required a comprehensive renovation. This renovation encompassed various critical aspects, such as bringing the buildings up to code for fire safety, electrical systems, plumbing, and HVAC, as well as improving accessibility to meet ADA standards. Hazardous materials abatement, including the removal of lead and asbestos, ensured a safe and healthy environment. Moreover, there was an emphasis on updating windows and doors to meet current code requirements.

For Building D, two elevators were installed to enhance accessibility across multiple levels, and various spaces within the school, including classrooms, the auditorium, and administrative offices, benefited from these improvements. Building E, dedicated to kindergarten and first-grade classrooms, underwent enhancements to support young learners effectively. This comprehensive project reflected the school's commitment to providing a safe, inclusive, and conducive educational space for its students and staff.

This project is in its final stages and set for completion in October of 2024.

VIEJA VALLEY ELEMENTARY SCHOOL ALTERATIONS

Delivery Method	Public Bid	**Architect**	KBZ Architects, Inc.
Owner	Hope Elementary School District 3970 La Colina Rd Ste 14, Santa Barbara, CA 93110	**Total Price**	$6,100,140.72
		Start Date	November, 2022
Contact	Fernando Garcia , 805-742-3256	**Completion Date**	November, 2024

The Vieja Valley Elementary School Alterations project aims to enhance the school's infrastructure, ensuring a safe, modern, and conducive environment for education. This project is comprehensive, involving multiple aspects of renovation and replacement across various buildings on the school site. This more than six million dollar project is in its final stages of construction, is on time, and is set to be completed in November 2024.

The project's primary focus is the replacement of existing roofing, walkways, windows, and aluminum storefronts at several buildings, alongside significant HVAC replacements and alterations to existing restroom facilities. Specifically, the roofing replacements cover Buildings A, B, C, D, E, F, and the Library, including the covered walkways, to ensure structural integrity and weather resilience.

In addition to the roofing work, the project entails replacing windows and aluminum storefronts at the same set of buildings—Buildings A, B, C, D, E, F, and the Library. This upgrade aims to improve energy efficiency and enhance the overall aesthetic appeal of the school buildings. The HVAC systems at Buildings A, B, C, D, E, and F are entirely replaced, with new condensing units installed on the roofs to ensure efficient climate control and air quality. The Library building undergoes partial HVAC replacement to optimize its heating and cooling systems. Alterations to the staff and student restrooms are carried out in Buildings A, C, and F. These alterations include updating fixtures, improving accessibility, and ensuring compliance with current safety and health standards.

This comprehensive project reflects Vieja Valley Elementary School's commitment to maintaining a high standard of facilities for its students and staff. The renovations aim to create a comfortable, safe, and modern learning environment, supporting the school's educational mission and the well-being of its community.

LOMPOC ELEMENTARY KINDERGARTEN CLASSROOM (3 SCHOOLS)

Delivery Method	Lease-Leaseback	**Architect**	19six Atchitects
Owner	Lompoc unified School District	**Total Price**	$9,069,900.10
	1301 North A Street, Lompoc, CA 93436	**Start Date**	August, 2023
Contact	Nilufer Jorgenson, 805-742-3256	**Completion Date**	September, 2024

The Lompoc Elementary School project is a district-wide initiative covering four sites: Leonora Fillmore, La Canada, Clarence Ruth, and Arthur Hapgood Elementary Schools. This project involves constructing modular classrooms that meet Title 5 requirements for Transitional Kindergarten (TK) and Kindergarten (K), ensuring top-notch educational facilities. Each classroom is designed to meet Title 5 TK/K standards, offering at least 1,350 square feet of adaptable space. They feature 21st-century enhancements, including mobile, flexible furnishings, multiple display monitors, floor-to-ceiling whiteboards, and comprehensive wireless connectivity to support modern teaching methods.

The project began with detailed preconstruction services, providing DSA pre-checked designs to the architect and analyzing the feasibility of prefabrication. Thorough reviews of the design and support documentation ensured constructability, clarity, and consistency, while value-engineering analysis maintained budget and specifications. Detailed cost estimates and expedited design reviews were provided to incorporate necessary modifications.

During construction, the focus was on efficient execution. The modular classrooms were constructed with precision, adhering to the design. Coordination of record drawings and specifications, along with compiling operations and maintenance manuals, warranties, and certificates, ensured comprehensive documentation.

SANTA MARIA HIGH SCHOOL CTE MODERNIZATION

Delivery Method	Public Bid	**Total Price**	$5,766,536
Owner	Santa Maria Joint Union School District	**Start Date**	April, 2024
	2560 Skyway Drive Santa Maria, CA 93455	**Completion Date**	August, 2024
Contact	Gary Wuitshick, 805-922-4573, ext. 4805		

This project at 901 S Broadway, Santa Maria, involved comprehensive renovations to enhance functionality and support modern educational needs. The $5.7 million project was completed in Spring 2024. The scope included removing and replacing Building 500's roof and exterior painting. Renovations targeted specific rooms: 510 Welding Shop, 511 Agriculture Mechanical Shop, 512 Systems Diagnostic (Auto Shop), and 513 Systems Diagnostics (Auto Shop).

Room 510 underwent significant upgrades with new welding booths, equipment, and tools. The work involved demolition, general construction, ceiling, lighting, electrical, mechanical, plumbing upgrades, door replacements, and new finishes. Room 511 saw similar upgrades to support modern equipment and tools, including roofing replacements. Rooms 512 and 513 received comprehensive upgrades to align with 21st-century educational needs, encompassing demolition, general construction, ceiling, lighting, electrical, mechanical, and plumbing upgrades, along with door and roofing replacements. Support rooms were similarly enhanced for consistency across the facility.

Edwards Construction Group Inc. leveraged its experience to navigate the complexities of renovating educational spaces. Our approach prioritized thorough planning and attention to detail, ensuring alignment with the client's requirements and budget constraints. Collaborating closely with stakeholders and employing innovative construction techniques, we delivered a revitalized CTE facility that meets the evolving needs of Santa Maria High School. Our commitment to excellence and quality craftsmanship drives our efforts to transform outdated classrooms into modern learning environments conducive to student success.

Relevant Project References

ERNEST RIGHETTI HIGH SCHOOL CTE MODERNIZATION

Delivery Method	Public Bid	**Total Price**	$2,722,788.00
Owner	Santa Maria Joint Union School District 2560 Skyway Drive Santa Maria, CA 93455	**Start Date**	April, 2023
		Completion Date	August, 2023
Contact	Gary Wuitshick, 805-922-4573, ext. 4805		

Located at 941 East Foster Road, Santa Maria, CA, the project entailed comprehensive upgrades to enhance functionality and support modern educational requirements. This was roughly a 2.7 million dollar project and was completed in the Spring of 2024.

Central to the scope of work was the removal and replacement of the complete Building J roof, coupled with the exterior painting of Building J. Additionally, the project included the renovation of specific rooms, namely room 401 Welding Shop and room 406 Agriculture Construction. Room 406, Agriculture Construction, required upgrades to align with 21st-century educational standards, encompassing demolition, general construction, ceiling, lighting, electrical, mechanical, and plumbing enhancements. Similar upgrades extended to associated support rooms 406A – 406D, ensuring consistency across the facility.

The renovation of the Welding Shop in room 401 involved select demolition, general construction, minor structural upgrades, and various mechanical and plumbing enhancements. Our approach prioritized the seamless integration of modern equipment and tools while ensuring structural integrity and compliance with safety standards. Room 406, Agriculture Construction, underwent a transformation to meet the evolving needs of the curriculum. Our team executed a comprehensive scope of work, including demolition, general construction, and upgrades to lighting, electrical, mechanical, and plumbing systems. These enhancements aimed to create an environment conducive to hands-on learning and skill development in agriculture-related fields.

SOLVANG ELEMENTARY CULINARY ARTS BUILDING & SITE IMPROVEMENTS

Delivery Method	Public Bid	**Architect**	RRM Design Group
Owner	Solvang Elementary School District 565 Atterdag Rd. Solvang, CA 93463	**Total Price**	$3,133,102
		Start Date	December, 2021
Contact	Mike Biron, 805-688-4810	**Completion Date**	September, 2022

From the outset, our team worked diligently with the Solvang School District and RRM Design to deliver this project on time and on budget. The project scope was vast and encompassed every facet of construction. We meticulously orchestrated the site improvements, which included extensive grading and the installation of utility infrastructure to ensure seamless operations. The foundation of the new building was expertly laid in concrete, providing a solid base for the culinary arts learning center. The wood and steel framing, coupled with exterior cement plaster, masonry veneer, a striking curtain wall, and a durable standing seam metal roof, seamlessly integrated modern aesthetics with structural integrity. Inside, our team painstakingly attended to interior finishes, ensuring that the learning spaces exuded functionality and sophistication. Mechanical, electrical, and plumbing systems were installed with precision, guaranteeing that the building would operate efficiently and sustainably for years to come. The crowning touch was the state-of-the-art kitchen equipment, setting the stage for the aspiring chefs who would hone their culinary skills within these walls.

We transformed the upper campus courtyard into a welcoming oasis. This involved the demolition of existing courtyard elements, making way for new storm drainage utility infrastructure to enhance safety and functionality. Paving and landscaping breathed life into the courtyard, creating a serene atmosphere for students and faculty alike. Site walls, gates, and fencing were thoughtfully designed and erected to provide security while maintaining an open, inviting feel. Two shade structures and an array of exterior furniture systems completed the transformation.

Emilie Ritchen Elementary School Facebook Page

Firm Description

EDWARDS CONSTRUCTION GROUP, INC.

Edwards Construction Group, Inc., is headquartered in Santa Maria with a regional office in San Diego and employs now more than seventy (70) industry professionals. We have decades of experience in providing exemplary preconstruction and construction services via Lease-Leaseback methodology throughout Central and Southern California.

Under the direction of Presidents Brad and Ryan Edwards, our personnel management team consists of an executive team that oversees Design/Preconstruction, Estimating at every phase, Value Engineering, Project Management, Project Supervision, Quality Control, Technology, BIM/Virtual Design & Construction (VDC), Surveying, and our Self-Perform Crew. Edwards has fostered many long-lasting professional relationships with numerous architects, engineers, contractors, construction managers, owners, DSA/IOR personnel, and Districts.

Edwards Construction Group, Inc. focuses primarily on DSA public school construction projects of any size, acting as a general contractor and Lease Leaseback service provider. Key management personnel reside in Santa Barbara and San Luis Obispo Counties, which allows us to provide adequate oversight and coverage for this particular project.

By management category, we employ a large team of in-house estimators, project managers, engineers, construction managers, foreman, and tradespersons that we call on to assist in the delivery of design/preconstruction and construction services. Our Self-Perform capabilities alleviate any potential hurdles for utilities and foundation work. We control the work at each stage and can mitigate risk above and beyond others, thus providing an accelerated schedule at a minimal cost to the district.

EDWARDS CONSTRUCTION GROUP, INC.

At Edwards Construction Group, Inc., our firm culture and DNA are defined by our unwavering commitment to excellence, driven by our core pillars of self-performance, technological integration, and client involvement. These foundational principles shape every aspect of our approach to construction management, ensuring superior outcomes and lasting legacies for our clients and partners.

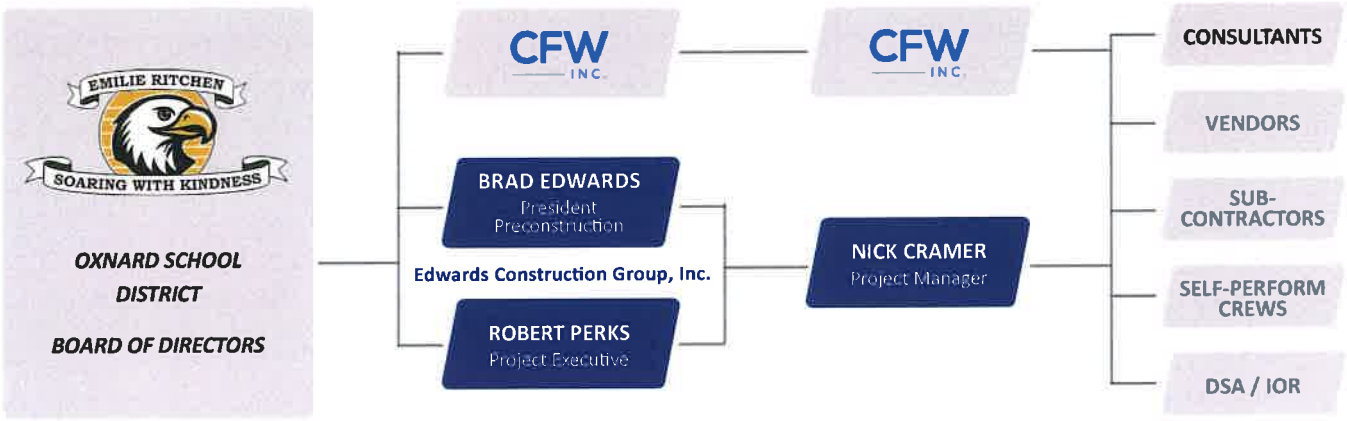
Our philosophy for building teams, people, partnerships, and legacies revolves around fostering a culture of innovation, collaboration, and continuous improvement. We recognize that our success is built upon the collective expertise and dedication of our team members, and we invest heavily in their professional development and growth. Through ongoing training, mentorship programs, and opportunities for advancement, we empower our employees to excel in their roles and contribute meaningfully to the success of each project.

Additionally, we place a strong emphasis on cultivating long-term partnerships with architects, engineers, subcontractors, and clients based on mutual respect, trust, and shared goals. By working collaboratively and transparently with all stakeholders, we build strong relationships that endure beyond individual projects, laying the foundation for future success and growth.

At the staff level, we cultivate our culture through several specific methodologies and processes:

Selective Hiring Process: We prioritize hiring individuals who not only possess the requisite technical skills but also demonstrate a strong alignment with our company values and culture. By carefully selecting team members who share our commitment to excellence, integrity, and professionalism, we ensure a cohesive and high-performing workforce.

Ongoing Training and Development: We provide comprehensive training and development opportunities for our employees to enhance their skills, expand their knowledge, and stay abreast of industry trends and best practices. From technical skills training to leadership development programs, we invest in our team's growth and empower them to reach their full potential.



Open Communication and Feedback: We foster a culture of open communication and feedback, where every team member feels empowered to share ideas, raise concerns, and provide input on project decisions. Regular team meetings, one-on-one check-ins, and anonymous feedback mechanisms ensure that all voices are heard and valued.

Organizational Chart

PROJECT TEAM

Edwards Construction Group, Inc. is proud to present a project team with extensive and relevant experience, well-equipped to undertake the Ritchen Elementary School Project. Our team's collective expertise spans various sectors, including K-12, community college, and higher education, and encompasses the successful delivery of over $150 million dollars in construction projects over the past decade.

Edwards Construction Group, Inc.'s proposed team has executed both new construction and major renovation projects via the Lease Leaseback delivery method. We have established processes, are well-versed in the specific contract law, and understand the methodology deeply. Lease Leaseback project delivery is collaborative in nature. All personnel here are trained to practice team play, be open and honest in their communications, and uphold integrity from inception to completion on every project. We feel that the strength of our team in terms of experience, expertise, and character cannot be rivaled.

EXPERIENCE AND EXPERTISE: Our team members have personally managed and executed numerous projects comparable in scope and complexity to the Ritchen Elementary School modernization project. With a proven track record in alternative procurement methods for both public agencies and private owners, we bring invaluable insights and strategies to ensure the project's success.

INTEGRATED PROJECT DELIVERY: We have extensive experience in integrated project delivery methods, including design assist, which aligns closely with the collaborative nature of the Oxnard School District and CFW, Inc. Our team understands the intricacies of establishing a Guaranteed Maximum Price (GMP) and has developed tried-and-true processes to navigate these methodologies effectively.

DIVERSE BACKGROUNDS AND EXPERTISE: Our project team is comprised of individuals with diverse backgrounds and specialized expertise, all of whom share a common commitment to excellence and integrity. With a focus on school construction, our team members have successfully planned and managed various facility types, including those found on active school campuses, demonstrating their ability to navigate complex environments while minimizing disruptions.

SELF-PERFORMING CAPABILITIES: As a self-performing general contractor, Edwards Construction Group, Inc. has the capability to execute major trade work in-house, including earthwork, underground utilities, site and structural concrete, and framing. This hands-on approach allows us to maintain greater control over quality, schedule, and costs, ensuring that the Ritchen Elementary Project is delivered to the highest standards.

Project Team

BRAD EDWARDS *President, Preconstruction*

Oxnard School District and CFW, Inc. will have a direct connection to Brad and kept abreast of critical insight and build suggestions to help stakeholders to make informed decisions.

- Head of all company functions and oversight
- Estimating, constructability review, and GMP Lead
- Establishes GMP budget price for best value at every phase
- With over 25 years of experience, Brad Edwards excels in carpentry, estimating, and project management. He leads preconstruction efforts, establishing GMP budgets and ensuring owners' needs are met.
- Brad has estimated and developed budgets for projects ranging from small remodels to $60-million new constructions, utilizing various estimating software programs and performing accurate takeoffs.
- Brad has extensive experience responding to public RFPs and RFQs and collaborates closely with local design professionals and owners, particularly in public works construction with school districts, county, and city agencies.

*Please see Attachment 1 in the Addendum for **Brad Edwards' Resume.***

ROBERT PERKS *Project Executive*

Robert will devote his time to ensuring that each step taken in every process is performed in consideration with the needs of the project and schedule.

- Primary direct construction management interface to all stakeholders
- Primary direct interface with Oxnard School District and CFW, Inc.
- Process review and schedule management
- Robert Perks has managed a broad spectrum of construction projects across the Central Coast, showcasing his adeptness at overseeing complex projects on active campuses and leading initiatives from bid to closeout.
- Robert successfully delivered the $20 million Hueneme HS HVAC and Classroom Modernization project. He also spearheaded the Rio Del Sol STEAM Academy project, highlighting his expertise in innovative educational facilities.
- Robert managed local Ventura County projects, including assisted living facilities and multi-family mixed-use developments at Staples Construction. His role at The Penta Building Group involved constructing the Thacher School Creativity and Technology Building. His engineering background and certifications in LEED, OSHA, and construction practices equip him with a profound understanding of safety and sustainability standards.

*Please see Attachment 1 in the Addendum for **Robert Perks' Resume.***

NICK CRAMER *Project Manager*

Nick will work to ensure that all processes, trades, and work executed is being done so with the upmost quality and professionalism.

- Additional liaison for Oxnard School DIstrict and stakeholders
- Manages Quality Assurance and Quality Control Platform
- Nick has consistently demonstrated exceptional competence in managing Edwards Construction projects, showcasing his ability to meet high expectations and deliver successful outcomes.
- With a methodical approach and a knack for identifying and solving minutest details, Nick ensures accuracy and efficiency, making sure the job is done right the first time.
- As a senior-level Project Engineer, Nick provides comprehensive services including cost control, quality standards maintenance, and serving as a technical point of contact, while also monitoring all construction activities to ensure adherence to plans and specifications.

Project Management

INTRODUCTION TO EDWARDS PRECONSTRUCTION SERVICES

In the complex landscape of construction, the best projects are a result of meticulous planning, precise execution, and a collaborative approach. Enter Edwards Construction Group's preconstruction services, which are thoughtfully crafted to ensure every project's viability from a financial and technical standpoint. Unlike many in the industry who limit their preconstruction services to basic estimating and cost analysis, Edwards believes in a holistic and detailed approach that fully prepares projects for the construction phase.

PROCESS AND METHODOLOGY

Planning: Every endeavor with Edwards begins with an intensive planning phase. We engage in collaborative meetings with the owner, architects, engineers, consultants, vendors, and every stakeholder involved. This ensures that each project is initiated with a unified vision and purpose.

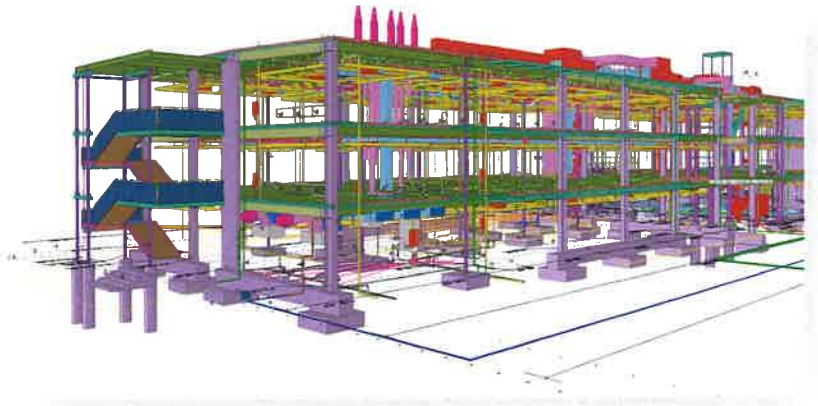
Constructability Review and Specification Coordination: With the involvement of project managers and superintendents early on, we scrutinize designs, schedules, and specifications. This early engagement assures that materials and processes align with the standards set by the owner, architect, and governing bodies.

Scheduling and Phasing: Using a master critical path methodology, we design a comprehensive schedule that factors in every significant and minor task, ensuring timely completion without compromising on quality.

Budgeting: Each design milestone is supported by extensive budget exercises, leveraging our in-house estimating database that reflects current market values on materials and labor.

USE OF TECHNOLOGY

Edwards stands proud as one of the most technologically advanced general contractors in the state. Our arsenal of cutting-edge tools, some engineered in-house, is designed to aid designers, engineers, and contractors. From initial preconstruction analysis and constructability review to the final construction stages, we utilize technology to minimize errors, optimize costs, and expedite project completion.



Virtual Design Construction (VDC) Department: Our specialized VDC department is the nexus of innovative construction planning. Here's what it entails:

Dynamic Visualization: The VDC team utilizes advanced software to generate dynamic visual representations of the project even before breaking ground. This facilitates a clearer understanding of the final structure, aiding in efficient decision-making.

Collaborative Approach: The department collaborates closely with architects, engineers, and other stakeholders. This synergy ensures that everyone is on the same page, streamlining processes and reducing potential discrepancies in the later stages.

Resource Optimization: Through VDC, we're able to simulate various construction scenarios, allowing us to optimize the allocation of resources, whether it's labor, materials, or time.

Risk Management: By visualizing and planning in a virtual environment, we can identify and mitigate risks early on, preventing costly delays and mistakes in the actual construction phase.

Project Control Systems

As your selected Lease Lease-Back builder, our core responsibility is to create a schedule that mirrors project needs and adheres to realistic timelines. We diligently manage this schedule to uphold design intent and unwavering quality throughout preconstruction, construction, and post-construction phases. Early stakeholder engagement during design/preconstruction aids in understanding existing conditions and crafting a strong foundation. Our construction perspective offers innovative solutions for sound design, even for subterranean aspects. We also consider post-life cycle developments and future expansions.

Edwards Construction Group, Inc. seamlessly collaborates with the District, design professionals, consultants, and trade subcontractors for each building/facility type. We review design milestones for constructability and cost until 100% CD DSA Permitted Plans are finalized. Budget exercises, involving our in-house estimating database and subcontractor inputs, mark each design stage. This methodology allows us to proudly proclaim that, to date, Edwards Construction Group has never failed to meet a deadline. In fact, in many cases, through thorough preconstruction reviews we continually strive for and achieve significant cost savings and reduced schedules for completion.

Our web-based software, ProCore, manages construction documents, promoting efficiency. This digital platform ensures real-time accessibility to all project interactions – correspondence, schedules, meeting minutes, payments, RFIs, change orders, submittals – enhancing transparency with the District and stakeholders. Expecting to self-perform major trade and site work, Edwards Construction Group, Inc. handles demolition, earthwork, utilities, and structural/site concrete. In-house control over the work ensures quality and schedule adherence.

We proactively identify long lead time items with our subcontractor network and expedite critical path submittals. Collaboration with design professionals commences early, ensuring streamlined processes. Our adept communication skills foster teamwork. ProCore supports our Quality Assurance/Quality Control (QAQC) approach.

SAMPLE PROGRESS REPORT

*Please see Attachment 2 in the Addendum for our **Sample Progress Report.***

EDWARDS

Emergency Operations and Regional Fire Communications Center
April 2024 Schedule Narrative Report

- **Original Contract Completion Date:**
  - 05/20/24
- **Current Contract Completion Date:**
  - 07/05/24
- **Project Milestones:**
  - Notice to Proceed: 03/15/23
  - Contractual Completion Date: 07/05/24
  - Rough Framing 2/23/24

- **Work Completed from April 1, 2024 – April 30, 2024:**
  - Complete site electrical solar utilities
  - Complete solar carport structure and panels
  - Completed building weather proofing
  - Continued MEP rough-in
  - Completed HVAC installation
  - Completed building insulation at interior walls
  - Hanging drywall at interior walls
  - Completed window opening breakmetal flashing
  - Began electrical equipment installation
  - Partial interior storefront frames and glazing
  - Partil exterior storefront frames and glazing
  - Set interior and exterior door frames

- **Problem Areas:**
  - The County CM sent a notice on April 26th for Stucco System Installation Deficiency. This area of concern is actively under review by Edwards and the design team colaboratively. This has and will delay the installation of the exterior lath and plaster system until final direction is provided.
  - Drywall can not be installed at exterior walls untill lath screws have been installed. This impacts installation of other building finishes and impacts the critical path of the schedule.

- **Current Delaying Factors:**
  - Exterior plaster attachment.

- **Anticipated Delaying Factors:**
  - Anticipated Terra Cotta Ceramic5 system delivery anticipated first week of July.

- **Critical Path Activities:**
  - MEP Build-Out in UPS & Equipment Room
  - Finish MEPs (mainly electrical and telecom)
  - Interior Drywall Installation (Hanging, Tape & Texture)

Subject: Explanation of High Experience Modification Rating (EMR)

To Whom It May Concern,

I am writing to provide a clear and transparent explanation regarding our Experience Modification Rating (EMR) of 1.01, as reported by the Workers' Compensation Insurance Rating Bureau of California (WCIRB).

Edwards Construction Group Inc. began operations in 2019. Consequently, our low number of employees during the start-up phase resulted in a skewed EMR that did not accurately reflect our commitment to workplace safety and risk management.

Allow me to elaborate on some key factors that contributed to our high EMR:

- **Early Stages of Operations:** As a new company, we had a limited workforce and operational history during the initial years of 2019 to 2022. Any incidents or claims during this period had a substantial impact on our EMR due to the relatively small payroll and limited data points.
- **Safety Initiatives:** Although our EMR does not yet reflect this adequately, Edwards Construction Group Inc. has always prioritized safety as our topmost concern. We have implemented comprehensive safety training programs, established strict safety protocols, and fostered a culture of safety awareness among all our employees.
- **Growth:** As we continue to expand and execute more projects, our increased payroll will eventually help balance out the impact of past incidents on our EMR. The gradual inclusion of new policies and years of low claim activity will demonstrate a more accurate representation of our safety record.
- **Proactive Measures:** We have taken proactive measures to minimize future claims and maintain a safe working environment. Our focus on risk management has resulted in a significant reduction in incidents during recent periods.

EDWARDS

At Edwards Construction Group Inc., we firmly believe in transparency and accountability. We acknowledge that our high EMR is an area of concern and are actively working towards continuous improvement in this regard. We remain committed to meeting the highest standards of safety and adhering to best practices within our industry.

We would like to assure you that our projects are managed with utmost care, adhering to industry regulations and prioritizing the safety and well-being of our employees and partners. As a new and ambitious company, we are excited about the opportunity to work with clients who value our commitment to growth, improvement, and excellence.

Thank you for considering Edwards Construction Group Inc. for your project needs. We look forward to the possibility of collaborating with you and showcasing our dedication to delivering exceptional results.

Sincerely,

Steven Funkhouser

BONDING & CAPACITY LETTER

*Please see Attachment 5 in the Addendum for our **Bonding & Capacity Letter**.*

Nationwide
is on your side

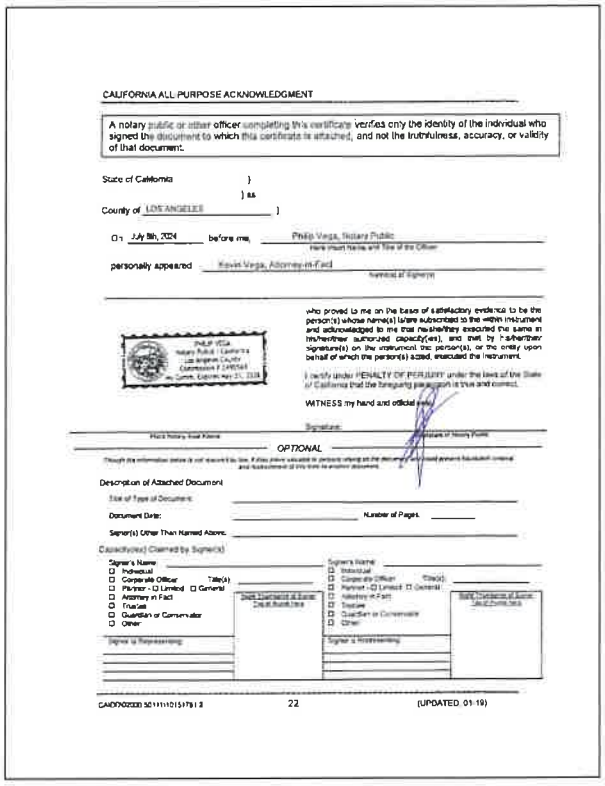
July 8th, 2024

Oxnard Union School District

RE: Letter of Bondability – Edwards Construction Group, Inc.

To whom it may Concern:

Nationwide Mutual Insurance Company (Nationwide), NAIC #23787 has the pleasure of handling Edwards Construction Group, Inc. (ECG) surety bonding requirements. Nationwide is a Surety Company that is "A" rated by A.M. Best, Treasury Listed and California Admitted. ECG is an organization which in the past has qualified for $80,000,000.00 single contract value, & $150,000,000.00 in total contract value and maintains this level of capacity today. ECG remains in great standing with Nationwide and presently has no current or pending claims against them.



Our investigation of this firm clearly indicates a company thoroughly versed in the construction industry with great depth of experienced people who have become well known for their ability to complete jobs on schedule and within budget, complemented with excellent workmanship. We found their relationship with subcontractors and suppliers to be far above average, which we feel, are of great importance to a well-run project.

We understand that ECG is desirous of bidding on, or securing, a construction contract which may require a bid and/or performance and payment bond(s). Based upon normal underwriting conditions being prevalent, if we are requested to execute such bonds, as required by the terms of any contract awarded to ECG, we can foresee no difficulty in fulfilling such as request.

You understand of course, that any arrangement for bonds is a matter between the contractor and ourselves and we assume no liability to third parties or to you if for any reason we do not execute said bond or bonds.

Sincerely,

Kevin Vega, Attorney-in-Fact

Edwards Construction Group, Inc.
Santa Maria High School CTE Modernization

Construction Challenges & Solutions

Edwards Construction Group, Inc. has identified several potential construction challenges for the Ritchen Elementary School Modernization Project. We propose the following solutions to ensure these challenges do not cause unnecessary delays or additional costs:

PHASED CONSTRUCTION ON ACTIVE CAMPUS:

Challenge: Managing construction on an active campus with an unknown student load requires consideration for temporary classrooms and restrooms.

Solution: Implement additional temporary classrooms and restrooms to accommodate students during each construction phase. This will ensure minimal disruption to the educational process and maintain a safe and functional environment for students and staff.

SECURE LAYDOWN AREA AND SAFE PATH OF TRAVEL:

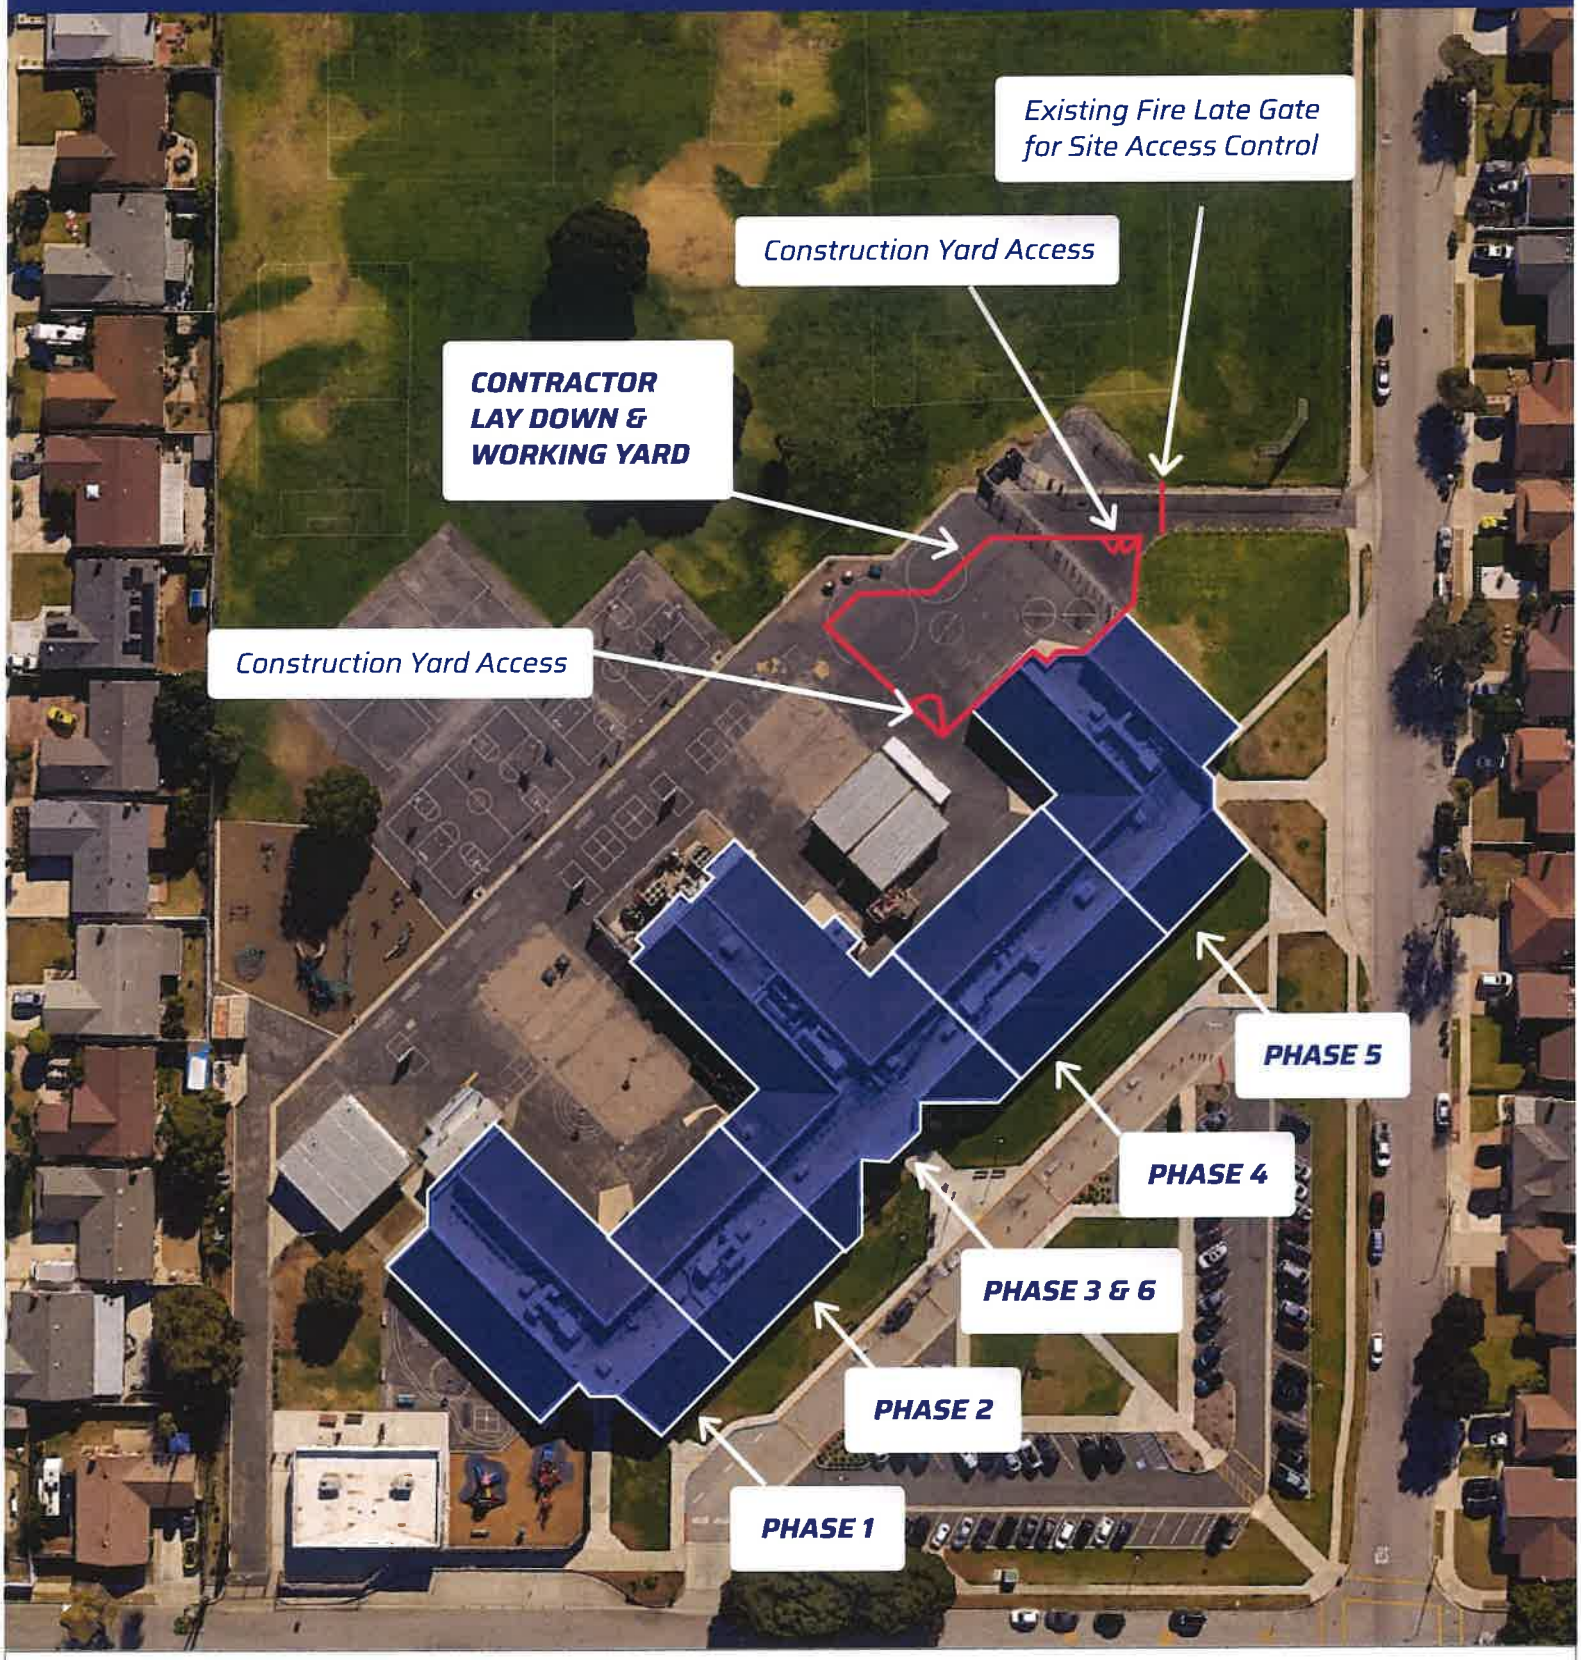
Challenge: Securing a laydown area for phased work that allows safe movement between phases. The potential laydown locations may block the single drive lane or fire lane.

Solution: Utilize the laydown area at the southwest corner of the campus, using the fire lane for access. Implement handcarts to move materials between phases during class changes, ensuring safe and efficient transportation without disrupting daily school operations.

PARTITIONING OF THE HVAC SYSTEM:

Challenge: Partitioning the HVAC system during phased construction can be complex and may impact the comfort and safety of the occupied areas.

Solution: Install temporary or bypass ducts to maintain HVAC functionality throughout the construction phases. This approach ensures that the HVAC system continues to operate efficiently, providing a comfortable environment for students and staff.



ISOLATION OF UTILITIES:

Challenge: Isolating electricity, water, and sewer systems to ensure safe work areas during construction, especially when these utilities cannot be completely isolated.

Solution: Conduct a thorough location survey of all existing utilities and develop a detailed plan for working on active lines. Implement utility shutdowns as needed and prepare an emergency plan for any accidental breaches. This proactive approach will minimize risks and ensure quick resolution of any issues that arise.

Site Logistics Plan

Value Engineering Solutions

TAB G

Relevant Qualifications

COST CONTROL & VALUE ENGINEERING

Edwards Construction Group prioritizes cost-effective strategies from project initiation. Early planning secures timely material arrivals through local storage facilities and strong vendor relationships. Constructability reviews ensure milestone accountability by guiding collaborative meetings, forming a master critical path method schedule and cost estimates.

Our embedded value engineering collaborates closely with architects, identifying cost-saving opportunities without compromising quality. Unique collaborations with vendors generate substantial savings, such as the $1 million saved on visual display finishes at Santa Maria Joint Union High School.

Advanced technology, notably custom drone analysis, eliminates unnecessary steps, proposing savings between one to two million dollars for a Central Coast School project. Anticipating challenges, as seen with Title 24 compliance issues at Santa Maria High School, drives proactive engagements, resulting in $300,000 savings through enhanced solutions.

Our prowess balances innovation and practicality, securing nearly $900,000 in cost reductions without compromising aesthetics. Edwards Construction Group consistently implements robust cost-reduction strategies, emphasizing quality projects with fiscal prudence.

As a self-performing general contractor, Edwards excels in major trade work, ensuring transparency and competitive bid comparisons, leveraging our skilled in-house workforce. We assure high-quality, cost-effective self-performed work, affirming our commitment to excellence.

CONCEPTUAL VALUE ENGINEERING FOR RITCHEN ELEMENTARY SCHOOL PROJECT

EFFICIENT PHASING OF WORK

To maximize efficiency and minimize disruptions, we propose handling larger sections of the campus during each phase of construction. Ideally, this work would be conducted on an unoccupied campus, allowing for streamlined operations and reducing the overall project timeline and associated costs. This approach can significantly decrease the labor and logistical expenses, ensuring the project remains within budget.

MODERNIZATION OF LOW VOLTAGE AND TV DESIGN:

A thorough review of the current low voltage and TV design specifications is recommended to align with the District's current standards. The existing specifications reference coaxial cable and other outdated components. Updating these to contemporary standards will not only improve the functionality and future-proof the infrastructure but also potentially reduce costs by eliminating unnecessary or outdated materials.

COST SAVINGS IN LOW VOLTAGE BACKBONE:

By having the contractor provide the low voltage backbone, including cabling, terminations, and racks, while allowing the Owner to procure and install the equipment, significant savings can be achieved. This strategy leverages the contractor's expertise in infrastructure while giving the Owner control over equipment choices, potentially benefiting from bulk purchasing or preferred vendor pricing.

MATERIAL SPECIFICATION REVIEW:

Conducting a full review of the material specifications for finishes and specialties to ensure availability, lead time, and cost alignment with current market conditions and District expectations. This review can identify opportunities to substitute materials that meet the required standards while offering better pricing or quicker availability, thus keeping the project on schedule and within budget.

EDWARDS

Thank you.

We appreciate this opportunity to propose our services to the Oxnard School District, Caldwell Flores Winters, Inc., and your team. Edwards is passionate about building with and for our clients and their constituents. We look forward to continuing to build a strong and lasting relationship with you and your teams as we successfully bring your vision to life.

Thank you for reviewing our proposal and we look forward to working with you.

Sincerely,

Brad Edwards, President

BRAD EDWARDS

President, Preconstruction

Brad Edwards brings over 25 years of experience in construction, mastering carpentry, estimating, and project management. As a key member and mentor in preconstruction and construction, Brad holds primary A and B licenses for the company and is a certified Varco Pruden Metal Building Designer and Installer. He has estimated and developed budgets for projects ranging from small remodels to $60-million new construction. His extensive practical project experience provides exceptional insight for estimation, constructability, budgeting, planning, and scheduling.

Proficient in various estimating software programs, Brad excels in performing takeoffs and bidding on large projects. He has extensive experience responding to public RFPs and RFQs, including design-build, lease-leaseback, design assist, and pre-construction services. Brad collaborates closely with local design professionals and owners, particularly in public works construction with local school districts, county, and city agencies. His expertise in large-scale new construction and major renovations, especially in essential services and public facilities, makes him a valuable asset to any project.

Brad will lead the preconstruction effort, establishing the GMP budget and ensuring the Owner's needs are met. The Owner will have direct access to Brad for critical and suggestive decisions, fostering a trusting and productive partnership.

ROBERT PERKS

Project Executive

Robert Perks is an accomplished Project Manager with extensive experience managing a broad spectrum of construction projects across the Central Coast. With a tenure at Bernards, he led the Oxnard Union High School District's Measure A bond program, successfully delivering the $20 million Hueneme HS HVAC and Classroom Modernization project alongside multiple other initiatives, showcasing his adeptness at managing complex projects on active campuses.

At Staples Construction, Robert managed a diverse portfolio of local Ventura County projects, including assisted living facilities and multi-family mixed-use developments, demonstrating his expertise in leading projects from bid to closeout. His role at The Penta Building Group saw him at the forefront of constructing the Thacher School Creativity and Technology Building, a 22,000 sq ft cutting-edge humanities building, highlighting his capability to manage intricate projects with precision. During his time at Balfour Beatty Construction, he spearheaded the Rio Del Sol STEAM Academy project, further showcasing his leadership in delivering innovative educational facilities. His background in engineering, combined with his certifications in LEED, OSHA, and construction practices, equips him with a profound understanding of project management, safety, and sustainability standards, making him a valuable asset to the project.

NICK CRAMER

Project Manager

Being situated just a few miles away from Cal Poly San Luis Obispo, our corporate office gives Edwards an advantage in selecting top-tier construction managers. Nick has consistently showcased remarkable competence in managing Edwards Construction projects, and our expectations of our team are high. As an Eagle Scout, he brings exceptional organizational skills, a proficient grasp of the latest in construction technology, and a keen eye for the smallest details in any form or document, making him an unwaveringly reliable asset for any task.

Nick's methodical approach and his knack for identifying and solving the minutest details ensure that the job is done accurately the first time. For this project, Nick will deliver the comprehensive services expected from a senior- level Project Engineer. Additionally, he will serve as an extra monitor for all construction activities, overseeing progress and ensuring adherence to plans and specifications. His role extends to aiding in cost control, maintaining quality standards, and serving as an additional technical point of contact for the project.

Sample Progress Reports

EDWARDS

Emergency Operations and Regional Fire Communications Center
April 2024 Schedule Narrative Report

- **Original Contract Completion Date:**
  - 05/20/24
- **Current Contract Completion Date:**
  - 07/05/24
- **Project Milestones:**
  - Notice to Proceed: 03/15/23
  - Contractual Completion Date: 07/05/24
  - Rough Framing 2/23/24

- **Work Completed from April 1, 2024 – April 30, 2024:**
  - Complete site electrical solar utilities
  - Complete solar carport structure and panels
  - Completed building weather proofing
  - Continued MEP rough-in
  - Completed HVAC installation
  - Completed building insulation at interior walls
  - Hanging drywall at interior walls
  - Completed window opening breakmetal flashing
  - Began electrical equipment installation
  - Partial interior storefront frames and glazing
  - Partil exterior storefront frames and glazing
  - Set interior and exterior door frames

- **Problem Areas:**
  - The County CM sent a notice on April 26th for Stucco System Installation Deficiency. This area of concern is actively under review by Edwards and the design team colaboratively. This has and will delay the installation of the exterior lath and plaster system until final direction is provided.
  - Drywall can not be installed at exterior walls untill lath screws have been installed. This impacts installation of other building finishes and impacts the critical path of the schedule.

- **Current Delaying Factors:**
  - Exterior plaster attachment.

- **Anticipated Delaying Factors:**
  - Anticipated Terra Cotta Ceramic5 system delivery anticipated first week of July.

- **Critical Path Activities:**
  - MEP Build-Out in UPS & Equipment Room
  - Finish MEPs (mainly electrical and telecom)
  - Interior Drywall Installation (Hanging, Tape & Texture)

Subject: Explanation of High Experience Modification Rating (EMR)

To Whom It May Concern,

I am writing to provide a clear and transparent explanation regarding our Experience Modification Rating (EMR) of 1.01, as reported by the Workers' Compensation Insurance Rating Bureau of California (WCIRB).

Edwards Construction Group Inc. began operations in 2019. Consequently, our low number of employees during the start-up phase resulted in a skewed EMR that did not accurately reflect our commitment to workplace safety and risk management.

Allow me to elaborate on some key factors that contributed to our high EMR:

- **Early Stages of Operations:** As a new company, we had a limited workforce and operational history during the initial years of 2019 to 2022. Any incidents or claims during this period had a substantial impact on our EMR due to the relatively small payroll and limited data points.

- **Safety Initiatives:** Although our EMR does not yet reflect this adequately, Edwards Construction Group Inc. has always prioritized safety as our topmost concern. We have implemented comprehensive safety training programs, established strict safety protocols, and fostered a culture of safety awareness among all our employees.

- **Growth:** As we continue to expand and execute more projects, our increased payroll will eventually help balance out the impact of past incidents on our EMR. The gradual inclusion of new policies and years of low claim activity will demonstrate a more accurate representation of our safety record.

- **Proactive Measures:** We have taken proactive measures to minimize future claims and maintain a safe working environment. Our focus on risk management has resulted in a significant reduction in incidents during recent periods.

At Edwards Construction Group Inc., we firmly believe in transparency and accountability. We acknowledge that our high EMR is an area of concern and are actively working towards continuous improvement in this regard. We remain committed to meeting the highest standards of safety and adhering to best practices within our industry.

We would like to assure you that our projects are managed with utmost care, adhering to industry regulations and prioritizing the safety and well-being of our employees and partners. As a new and ambitious company, we are excited about the opportunity to work with clients who value our commitment to growth, improvement, and excellence.

Thank you for considering Edwards Construction Group Inc. for your project needs. We look forward to the possibility of collaborating with you and showcasing our dedication to delivering exceptional results.

Sincerely,

Steven Funkhouser

Bonding & Capacity Letter

Nationwide®
is on your side

July 8th, 2024

Oxnard Union School District

RE: Letter of Bondability – Edwards Construction Group, Inc.

To whom it may Concern:

Nationwide Mutual Insurance Company (Nationwide), NAIC #23787 has the pleasure of handling Edwards Construction Group, Inc. (ECG) surety bonding requirements. Nationwide is a Surety Company that is "A" rated by A.M. Best, Treasury Listed and California Admitted. ECG is an organization which in the past has qualified for $80,000,000.00 single contract value, & $150,000,000.00 in total contract value and maintains this level of capacity today. ECG remains in great standing with Nationwide and presently has no current or pending claims against them.

Our investigation of this firm clearly indicates a company thoroughly versed in the construction industry with great depth of experienced people who have become well known for their ability to complete jobs on schedule and within budget, complemented with excellent workmanship. We found their relationship with subcontractors and suppliers to be far above average, which we feel, are of great importance to a well-run project.

We understand that ECG is desirous of bidding on, or securing, a construction contract which may require a bid and/or performance and payment bond(s). Based upon normal underwriting conditions being prevalent, if we are requested to execute such bonds, as required by the terms of any contract awarded to ECG, we can foresee no difficulty in fulfilling such as request.

You understand of course, that any arrangement for bonds is a matter between the contractor and ourselves and we assume no liability to third parties or to you if for any reason we do not execute said bond or bonds.

Sincerely,

Kevin Vega, Attorney-in-Fact

OSD BOARD AGENDA ITEM

Name of Contributor: Kristen Pifko **Date of Meeting:** December 17, 2025

Agenda Section: Section C: Facilities Agreement

Approval of Change Order No. 004 to Construction Services Agreement #24-143 for Viola Constructors, Inc. for the McAuliffe Elementary School Modernization Project (Pifko/Bennett/CFW)

The Board of Trustees approved the Enhanced Master Construct Program that focuses on increasing the number of K-8 school facilities, modernizing and replacing older schools, portable classrooms, and support facilities with permanent K-5 & K-8 schools; all with the 21st Century Learning Environments that meet adopted Board specifications and program requirements.

On October 16, 2024, the Board entered into Construction Services Agreement #24-143 with Viola Constructors to serve as the Lease-Leaseback Contractor for the project.

On March 05, 2025, the Board approved Amendment No. 001 to Construction Services Agreement #24-143.

On September 17, 2025, the Board approved Amendment No. 002 to Construction Services Agreement #24-143.

The purpose of Change Order No. 004 is to provide funds for additional costs associated with: Added Teacher Station AV Hubs, Manual Roller Shades at the Clerestory (Upper) windows for Phase 1 & 2 Classrooms, and Repainting of Phase 3 Restrooms.

FISCAL IMPACT:
$76,000.88– Measure I Bond Funds

RECOMMENDATION:
It is the recommendation of the Assistant Superintendent, Business & Fiscal Services, and the Director of the Facilities, in conjunction with Caldwell, Flores, & Winters that the Board of Trustees approve Change Order #004 to Agreement #24-143 with Viola Constructors, Inc.

ADDITIONAL MATERIALS:

Amendment No. 002 to Construction Services Agreement No. 24-143

The Construction Services Agreement No. 24-143 ("Agreement") entered into on October 16, 2024, by and between the Oxnard School District ("District") and Viola Constructors ("Contractor"), is hereby amended by the parties as set forth in this Amendment No. 002 to the Construction Services Agreement No. 24-143 ("Amendment") that is incorporated herein for all purposes.

RECITALS

WHEREAS, The District retained LLB Contractor to provide preconstruction and construction services for the McAuliffe Elementary School Modernization Project for the District's Master Construct and Implementation Program;

WHEREAS, the District operates McAuliffe Elementary School located at 3300 Via Marina Way, Oxnard, CA 93035 (hereinafter referred to as the "School Facility"); and

WHEREAS, the District desires to modernize the School Facility identified in the Site Lease; and

WHEREAS, the LLB Contractor has completed the preconstruction work for the Project and the construction documents were submitted to the Division of the State Architect ("DSA") for their review;

WHEREAS, DSA has reviewed the Project plans and has stamp-approved the construction plans;

WHEREAS, the District has determined that upon DSA Stamped Approval to pursue the improvements to the School Facility through the lease-leaseback method of project delivery pursuant to California Education Code §17406 and as amended per AB 2316 which permits the governing board of the District, without advertising for bids, to lease to Contractor property owned by the District if the instrument by which property is leased requires the lessee to construct, or provide for the construction, on the leased property, of a facility for the use of the District during the term of the lease, and provides that title to that facility shall vest in the District at the expiration of the lease; and

WHEREAS, the Board of Trustees has taken certain actions to approve the construction of this School Facility;

WHEREAS, upon final consideration of a Guaranteed Maximum Price (GMP) which has been determined thru an open book and best value subcontractor bid process, based on those bids, the District requires amending the Lease Leaseback documents of Viola Constructors to construct thru the completion and occupancy of the McAuliffe Elementary School Modernization project;

WHEREAS, the Board recognizes that the timing of the various components of work that must all be approved by DSA before Acceptance of this GMP and allowing the Contractor to proceed with construction;

AMENDMENT

The Parties agree to amend the following language to Section 5 of the Agreement:

Additional funds in the amount of $239,140.33 will be allocated for additional demolition and replacement of flooring for Phase 3 and 4 of the Modernization project pursuant to terms and payment schedule as amended and set forth in the Sublease.

The GMP is based upon the DSA approved plans and specifications to exist after this Agreement is entered into between Contractor and the District, and more fully described and referenced in the Scope of Work to be set forth in Exhibit A attached herewith.

The Parties agree that all other provisions of the Construction Services Agreement No. 24-143 entered into and executed by the Parties on October 16, 2024, remain in full force and effect. Provider agrees that any provisions, limitations and exclusions in its proposal are stricken for all purposes and are invalid as inconsistent with the terms and conditions of the Agreement and this Amendment.

IN WITNESS THEREOF, the Parties hereto execute Amendment No. 002 and represented that each has authority to do so on the dates set forth below:

Amendment No. 001 to Construction Services Agreement No. 24-143

The Construction Services Agreement No. 24-143 ("Agreement") entered into on October 16, 2024, by and between the Oxnard School District ("District") and Viola Inc. ("Contractor"), is hereby amended by the parties as set forth in this Amendment No. 001 to the Construction Services Agreement No. 24-143 ("Amendment") that is incorporated herein for all purposes.

RECITALS

WHEREAS, The District retained LLB Contractor to provide preconstruction and construction services for the McAuliffe Elementary School Modernization Project for the District's Master Construct and Implementation Program;

WHEREAS, the District operates McAuliffe Elementary School located at 3300 Via Marina Way, Oxnard, CA 93035 (hereinafter referred to as the "School Facility"); and

WHEREAS, the District desires to modernize the School Facility identified in the Site Lease; and

WHEREAS, the LLB Contractor has completed the preconstruction work for the Project and the construction documents were submitted to the Division of the State Architect ("DSA") for their review;

WHEREAS, DSA has reviewed the Project plans and has stamp-approved the construction plans;

WHEREAS, the District has determined that upon DSA Stamped Approval to pursue the improvements to the School Facility through the lease-leaseback method of project delivery pursuant to California Education Code §17406 and as amended per AB 2316 which permits the governing board of the District, without advertising for bids, to lease to Contractor property owned by the District if the instrument by which property is leased requires the lessee to construct, or provide for the construction, on the leased property, of a facility for the use of the District during the term of the lease, and provides that title to that facility shall vest in the District at the expiration of the lease; and

WHEREAS, the Board of Trustees has taken certain actions to approve the construction of this School Facility;

WHEREAS, upon final consideration of a Guaranteed Maximum Price (GMP) which has been determined thru an open book and best value subcontractor bid process, based on those bids, the District requires amending the Lease Leaseback documents of Viola Constructors to construct thru the completion and occupancy of the McAuliffe Elementary School Modernization project;

WHEREAS, the Board recognizes that the timing of the various components of work that must all be approved by DSA before Acceptance of this GMP and allowing the Contractor to proceed with construction;

AMENDMENT

The Parties agree to add the following language to SECTION 1 of the Agreement:

H. Site – The term "Site" as used in this Agreement shall mean those certain parcels of real property and improvements thereon (if any) more particularly described in Exhibit A attached.

The Parties agree to add the following language to Section 5 of the Agreement:

The GMP for the Project shall be **Six Million Nine Hundred Eight Thousand Two Hundred Forty Dollars and Fifty Cents ($6,908,240.50)**. The GMP consists of Sublease Payments in the amount of **Thirty Thousand One Hundred Forty Eight Dollars and Eighteen Cents ($30,148.18)** per month for **12** months for a total lease value of **Three Hundred Sixty-One Thousand Seven Hundred Seventy-Eight Dollars and Sixteen Cents ($361,778.16)** pursuant to terms and payment schedule as amended and set forth in the Sublease.

The GMP is based upon the DSA approved plans and specifications to exist after this Agreement is entered into between Contractor and the District, and more fully described and referenced in the Scope of Work to be set forth in Exhibit A attached herewith.

The Parties agree that all other provisions of the Services Agreement No. 24-143 entered into and executed by the Parties on October 16, 2024 remain in full force and effect. Provider agrees that any provisions, limitations and exclusions in its proposal are stricken for all purposes and are invalid as inconsistent with the terms and conditions of the Agreement and this Amendment.

SITE LEASE

This Site Lease (hereinafter referred to as the "Site Lease") is entered into this 5th day of March, 2025, by and between the Oxnard School District, a California school district organized and existing under the laws of the State of California (hereinafter referred to as the "District") as lessor, and Viola, Inc. with its principal place of business at 5811 Olivas Park Drive, Suite 204, Ventura, CA 93003 (hereinafter referred to as "Contractor") as lessee.

RECITALS

WHEREAS the District desires to provide for the financing and construction of certain public improvements more fully described in a Construction Services Agreement between the District and Contractor, dated as of the date hereof (the "Project") situated at McAuliffe Elementary School, 3300 W. Via Marina Avenue, Oxnard, CA 93035, within the District, as more fully set forth in **Exhibit A** attached hereto (the "Site"); and

WHEREAS, assuming that the District and Contractor can agree on the terms, including the price, for an additional scope of work, the District and Contractor anticipate that the scope of the Project may be amended to include additional work; and

WHEREAS, the District's governing body has determined that it will provide the best value to the District and it is in the best interests of the District and for the common benefit of the citizens it serves to finance the Project by leasing to Contractor the land and the existing building(s) on the Site on which the public improvements are to be constructed and subleasing from Contractor the Site, including the Project, under a Sublease Agreement effective as of the date hereof (the "Sublease"); and

NOW, THEREFORE, in consideration of the promises and covenants and conditions contained herein, the parties agree as follows:

SECTION 1. Site Lease

The District leases to Contractor, and Contractor leases from the District, on the terms and conditions set forth herein, the Site situated in the County of Ventura, State of California, more specifically described in **Exhibit A** attached hereto and incorporated by reference herein, including any real property improvements now or hereafter affixed thereto.

SECTION 2. Term

The term of this Site Lease shall commence as of the date above and shall terminate on the last day of the term of the Sublease

SECTION 3. Representations and Warranties of the District

The District represents and warrants to Contractor that:

(a) The District has good title to the Site.

(b) There are no liens on the Site other than permitted encumbrances (the term "permitted encumbrances" as used herein shall mean, as of any particular time: (i)

liens for general ad valorem taxes and assessments, if any, not then delinquent; (ii) this Site Lease, the Sublease, any right or claim or any mechanic, laborer, materialman, supplier, or vendor, if applicable, not filed or perfected in the manner prescribed by law, easements, rights of way, mineral rights, drilling rights, and other rights, reservations, covenants, conditions, or restrictions which exist of record as of the date of this Site Lease and which will not materially impair the use of the Site; (iii) easements, rights of way, mineral rights, drilling rights, and other rights, reservations, covenants, conditions, or restrictions established following the date of recordation of this Site Lease and to which Contractor and the District consent in writing which will not impair or impede the operation of the Site.).

(c) All taxes, assessments or impositions of any kind with respect to the Site, if applicable, except current taxes not yet due and payable, have been paid in full.

(d) The Site is properly zoned for the intended purpose or the District intends to render zoning inapplicable pursuant to Government Code Section 53094.

(e) To the best of the District's knowledge, the District is in compliance in all material respects with all laws, regulations, ordinances and orders of public authorities applicable to the Site.

(f) To the best of the District's knowledge, there is no litigation of any kind currently pending or threatened regarding the District's use of the Site for the purposes contemplated by this Site Lease, the Sublease and the Construction Services Agreement.

(g) To the best of the District's knowledge, upon reasonable investigation and in reliance on the District's phase one Preliminary Environmental Assessment, and except as otherwise delineated in the Contract Documents: (i) no dangerous, toxic or hazardous pollutants, contaminants, chemicals, waste, materials or substances, as defined in or governed by the provisions of any State or Federal Law relating thereto (hereinafter collectively called "Environmental Regulations"), and also including, but not limited to, urea-formaldehyde, polychlorinated biphenyls, asbestos, asbestos containing materials, nuclear fuel or waste, radioactive materials, explosives, carcinogens and petroleum products, or any other waste, material, substance, pollutant or contaminant which would subject the District or Contractor or Contractor's subcontractors to any damages, penalties or liabilities under any applicable Environmental Regulation (hereinafter collectively "Hazardous Substances"), are now or have been stored, located, generated, produced, processed, treated, transported, incorporated, discharged, emitted, released, deposited or disposed of in, upon, under, over or from the Site; (ii) no threat exists of a discharge, release or emission of a Hazardous Substance upon or from the Site into the environment; (iii) the Site has not been used as or for a mine, a landfill, a dump or other disposal facility, industrial or manufacturing facility, or a gasoline service station; (iv) no violation of any Environmental Regulation now exists relating to the Site, no notice of any such violation or any alleged violation thereof has been issued or given by any governmental entity or agency, and there is not

now any investigation or report involving the Site by any governmental entity or agency which in any way relates to Hazardous Substances; (v) no person, party, or private or governmental agency or entity has given any notice of or asserted any claim, cause of action, penalty, cost or demand for payment or compensation, whether or not involving any injury or threatened injury to human health, the environment or natural resources, resulting or allegedly resulting from any activity or event described in (i) above; (vi) there are not now any actions, suits, proceedings or damage settlements relating in any way to Hazardous Substances, in, upon, under, over or from the Site; (vii) the Site is not listed in the United States Environmental Protection Agency's National Priorities List of Hazardous Waste Sites or any other list of Hazardous Substance sites maintained by any federal, state or local governmental agency; and (viii) the Site is not subject to any lien or claim for lien or threat of a lien in favor of any governmental entity or agency as a result of any release or threatened release of any Hazardous Substance.

(h) To the extent permitted by law, the District shall not abandon the Site for the use of which it is currently required by the District and further shall not seek to substitute or acquire property to be used as a substitute for the uses for which the Site and the Project are to be maintained under the Sublease.

SECTION 4. Representations and Warranties of Contractor

Contractor represents and warrants to the District that:

(a) Contractor is duly organized, validly existing and in good standing under the laws of the State of California, with full corporate power and authority to lease and own real and personal property.

(b) Contractor has full power, authority and legal right to enter into and perform its obligations under this Site Lease, and the execution, delivery and performance of this Site Lease have been authorized by all necessary corporate or partnership actions on the part of Contractor and do not require any further approvals or consents.

(c) Execution, delivery and performance of this Site Lease do not and will not result in any breach of or constitute a default under any indenture, mortgage, contract, agreement or instrument to which Contractor is a party or by which it or its property is bound.

(d) There is no pending or, to the best knowledge of the Contractor, threatened action or proceeding before any court or administrative agency which will materially adversely affect the ability of Contractor to perform its obligations under this Site Lease.

(e) Contractor has conducted a visual inspection of the Site and represents that it is familiar with the site conditions relating to construction and labor thereon and hereby indemnifies the District for any damage or omissions related to the site conditions that could have been visually identified during the site-visit in accordance

with the indemnification contained in the General Conditions incorporated into the Construction Services Agreement.

(f) Contractor has reviewed the Contract Documents (as that term is defined in the Construction Services Agreement) and is familiar with the contents thereof.

SECTION 5. Rental

Contractor shall pay to the District as and for advance rental hereunder the sum of One Dollar ($1.00) for the duration of the rental, this payment being due on or before the commencement of the term of this Site Lease. The duration of the rental is expected to be from the effective date hereof through the last day of the term of the Sublease.

SECTION 6. Purpose

Contractor shall use the Site solely for the purpose of constructing the Project thereon and for subleasing the Site and leasing the Project to the District; provided, however, that in the event of an occurrence of an Event of Default by the District, under the Sublease, Contractor may exercise the remedies provided for in the Sublease.

SECTION 7. Termination

Contractor agrees, upon termination of this Site Lease: (i) to quit and surrender the Site in the same good order and condition as it was in at the time of commencement of the term hereunder, reasonable wear and tear excepted; (ii) to release and reconvey to the District any liens and encumbrances created or caused by Contractor; and (iii) that any permanent improvements and structures existing upon the Site at the time of the termination of this Site Lease, including the Project, shall remain thereon and title shall vest in the District. Notwithstanding the District's foregoing rights in the event of termination, Contractor shall retain the right to compensation pursuant to the Construction Services Agreement and the Sublease.

SECTION 8. Quiet Enjoyment

The District covenants and agrees that it will not take any action to prevent Contractor's quiet enjoyment of the Site during the term of this Site Lease; and that in the event that the District's fee title to the Site is ever challenged so as to interfere with Contractor's right to occupy, use and enjoy the Site, the District will use all governmental powers at its disposal, including the power of eminent domain, to obtain unencumbered fee title to the Site and to defend Contractor's right to occupy, use, and enjoy that portion of the Site.

SECTION 9. No Liens

The District shall not mortgage, sell, assign, transfer or convey the Site or any part thereof to any person during the term of this Site Lease, without the written consent of Contractor. Nothing herein shall preclude the District from granting utility easements across the Site to facilitate the use and operation of the Project for which it is intended.

During the term of this Site Lease, Contractor shall not permit any lien or encumbrance to attach to the Site or any part thereof.

SECTION 10. Right of Entry

The District reserves the right for any of its duly authorized representatives to enter upon the Site at any reasonable time to inspect the same or to make any repairs, improvements or changes necessary for the preservation thereof, but in so doing shall not interfere with Contractor's operations on the Project.

SECTION 11. Assignment and Subleasing

Other than the Sublease, as defined herein, Contractor will not assign or otherwise dispose of or encumber the Site or this Site Lease without the written consent of the District.

SECTION 12. No Waste

Contractor agrees that at all times that it is in possession of the Site it will not commit, suffer or permit any waste on the Site, and it will not willfully or knowingly use or permit the use of the Site for any illegal act or purpose.

SECTION 13. Default

In the event that Contractor shall be in default in the performance of any obligation on its part to be performed under the terms of this Site Lease, which default continues for thirty (30) days following notice and demand for correction thereof to Contractor, the District may exercise any and all remedies granted by law, except that no merger of this Site Lease and of the Sublease shall be deemed to occur as a result thereof. Termination of this Site Lease shall be in accordance with the provisions of the General Conditions incorporated into the Construction Services Agreement or such other provisions as may be applicable.

SECTION 14. Eminent Domain

In the event that the whole or any part of the Site or the improvements thereon is taken by eminent domain, the financial interest of Contractor shall be recognized and is hereby determined to be the amount of all Tenant Improvement Payments and Sublease Payments then due or past due, and the purchase option price stated in Section 20 of the Sublease less any unearned interest as of the date Contractor receives payment in full. The balance of the award, if any, shall be paid to the District.

SECTION 15. Taxes

The District covenants and agrees to pay any and all assessments of any kind or character and also all taxes, including possessory interest taxes, levied or assessed upon the Site of the improvements thereon.

SECTION 16. Severability

If any one or more of the terms, covenants or conditions of this Site Lease shall to any extent be declared invalid, unenforceable, void or voidable for any reason

whatsoever by a court of competent jurisdiction, the finding or order or decree of which becomes final, none of the remaining terms, provisions, covenants and conditions of this Site Lease shall be affected thereby, and each remaining provision of this Site Lease shall be valid and enforceable to the fullest extent permitted by law.

SECTION 17. Notices

Any notices or filings required to be given or made under this Site Lease shall be served, given or made in writing upon the District or Contractor, as the case may be, by personal delivery or registered mail (with a copy sent via fax or regular mail) to the respective addresses given below or at such other address as such party may provide in accordance with the provisions herein. Any change in the addresses noted herein shall not be binding upon the other party unless preceded by no less than thirty (30) days prior written notice.

If to Contractor:

Arcadia, CA 91006

Notices under this Agreement shall be deemed to have been given, and shall be effective, upon actual receipt by the other party, or, if mailed, upon the earlier of the fifth (5th) day after mailing or actual receipt by the other party.

SECTION 18. Construction Services Agreement and Sublease

The Construction Services Agreement and the Contract Documents as defined therein, including the Sublease, are incorporated by reference herein in their entirety as if fully set forth herein.

SECTION 19. Binding Effect

This Site Lease shall be binding upon and inure to the benefit of the parties and their respective successors and assigns.

SECTION 20. Entire Agreement

This Site Lease, the Sublease, the Construction Services Agreement and the additional Contract Documents as defined in the Construction Services Agreement constitute the entire agreement between Contractor and the District, and the Contract Documents shall not be amended, altered, changed, modified or terminated without the written consent of both parties hereto, except as otherwise provided herein or in Section 10 of the Construction Services Agreement.

SECTION 21. Execution in Counterparts

This Site Lease may be executed in any number of counterparts, each of which shall be an original, but all of which together shall constitute one instrument.

SECTION 22. Indemnification

Contractor shall indemnify the District in accordance with the provisions set forth in the General Conditions incorporated into the Construction Services Agreement.

SECTION 23. Applicable Law

This Site Lease shall be governed by and construed in accordance with the laws of the State of California. The parties irrevocably agree that any action, suit or proceeding by or among the District and Contractor shall be brought in whichever of the Superior Courts of the State of California, Ventura County, or the Federal Court for the Central District of California in Los Angeles, California, has subject matter jurisdiction over the dispute and waive any objection that they may now or hereafter have regarding the choice of forum whether on personal jurisdiction, venue, forum non conveniens or on any other ground.

SECTION 24. Headings

The captions or headings in this Site Lease are for convenience only and in no way define, limit or describe the scope or intent of any provisions or sections of this Site Lease.

SECTION 25. Time

Time is of the essence in this Site Lease and each and all of its provisions.

IN WITNESS WHEREOF the parties hereto, intending to be legally bound thereby, have executed this Site Lease effective as of the date first above written.

OSD AGREEMENT #24-143

CONSTRUCTION SERVICES AGREEMENT

This Construction Services Agreement (hereinafter referred to as the "Agreement") is entered into this 16th day of October, 2024, by and between the Oxnard School District, a California school district organized and existing under the laws of the State of California (hereinafter referred to as the "District") and Viola, Inc. (Contractor) which is a contractor licensed by the State of California, with its principal place of business at 5811 Olivas Park Drive, Suite 204, Ventura, CA 93003 (hereinafter referred to as "Contractor").

WHEREAS, the District operates McAuliffe Elementary School, located at 3300 W. Via Marina Avenue, Oxnard, CA 93035 (hereinafter referred to as the "School Facility"); and

WHEREAS, the District desires to construct and modernize facilities and improvements (as more fully described below) at those portions of the School Facility identified in the Site Lease, as defined in Section 1G below (the "Site"); and

WHEREAS, the District has determined that it is in its best interests to pursue the improvements to the School Facility through the lease-leaseback method of project delivery pursuant to California Education Code §17406 which permits the governing board of the District, without advertising for bids, to lease to Contractor property owned by the District if the instrument by which property is leased requires the lessee to construct, or provide for the construction, on the leased property, of a facility for the use of the District during the term of the lease, and provides that title to that facility shall vest in the District at the expiration of the lease; and

WHEREAS, the District desires to finance a portion of the improvements utilizing the lease/leaseback methodology; and

WHEREAS, the District has conducted an RFQ process by which it selected Contractor; and

WHEREAS, the District intends to undertake work to improve the School Facility, the scope of which is generally described in **Exhibits A and B** attached hereto and incorporated by reference herein; and

WHEREAS, in connection with the approval of this Agreement, the District will enter into a site lease with Contractor, under which it will lease to Contractor the Site in order for Contractor to construct the Project as described in the Scope of Work set forth generally in **Exhibits A and B** (hereinafter referred to as the "Scope of Work"); and

WHEREAS, assuming that the District and Contractor can agree on the terms, including the price, for the additional scope of work, the District and Contractor anticipate that the scope of the Project may be amended to include additional work; and

WHEREAS, Contractor will lease the Site back to the District pursuant to a sublease agreement, under which the District will be required to make payments to Contractor for the use and occupancy of the Site, including the Project (hereinafter the "Financing"); and

WHEREAS, Contractor represents that it is sufficiently experienced in the construction of the type of facility and type of work sought by the District and is willing to perform said work for lease and the Financing to the District, all as more fully set forth herein; and

WHEREAS, at the expiration of the Site Lease, title to the Site and the improvements thereon will vest with the District;

NOW, THEREFORE, in consideration of the covenants hereinafter contained, the District and Contractor agree as follows:

SECTION 1. DEFINITIONS

A. **Construction.** The term "Construction" as used in this Agreement includes all labor and services necessary for the construction of the Project, and all materials, equipment, tools, supplies and incidentals incorporated or to be incorporated in such construction as fully described in the Scope of Work set forth in **Exhibits A and B** attached hereto. Unless otherwise expressly stipulated, Contractor shall perform all work and provide and pay for all materials, labor tools and equipment, including, but not limited to, light, water, and power, necessary for the proper execution and completion of the Project shown on the drawings and described in the specifications developed pursuant to this Agreement.

B. **Construction Documents.** The term "Construction Documents" means the final drawings, profiles, cross sections, design development drawings, construction drawings, and supplemental drawings based on the plans and specifications developed for the Project pursuant to the Scope of Work set forth in **Exhibits A and B** attached hereto, including any reference specifications or reproductions prepared by the architect hired by the District (the "Architect") and specifications approved by the District, the Division of the State Architect ("DSA"), and the local agencies having jurisdiction or other regulatory agencies whose approval may be required, which show or describe the location, character, dimensions or details for the Project and specifications for construction thereof.

C. **Contract Documents.** The term "Contract Documents" as used in this Agreement refers to those documents which form the entire agreement by and between the District and Contractor. The Contract Documents consist of this Agreement, including the exhibits and attachments hereto, the Site Lease, including the exhibits and attachments thereto, the Sublease, including the exhibits and attachments thereto, the Project Manual including the General Conditions thereto, as

amended, which is incorporated herein (the "General Conditions"), and the Construction Documents. The term "Contract Documents" shall include all modifications and addenda thereto.

D. **Guaranteed Maximum Price**. The term "Guaranteed Maximum Price" or "GMP" as used in this Agreement means the Guaranteed Maximum Price established pursuant to Section 5 of this Agreement to be used to calculate the Tenant Improvement Payments and the Sublease Payments to be paid by the District to Contractor pursuant to the Sublease, subject only to any adjustments for Extra Work/Modifications as provided in Section 10 of this Agreement.

E. **Preconstruction Services.** The term "Preconstruction Services" as used in this agreement means to retain a professional construction firm (hereafter "CONTRACTOR") to provide certain professional pre-construction services, as described in **Exhibit B** related to the Project plans and specifications for the purpose of designing the project within budget and eliminating unforeseen circumstances, errors, omissions and ambiguities in the construction documents prepared by the Architect.

F. **Project**. The term "Project" shall mean the improvements and facilities to be constructed and installed by Contractor at the School Facility which will result in complete and fully operational facilities as more fully set forth on **Exhibit A** attached hereto.

G. **Project Manual**. The term "Project Manual" shall mean the compilation of the Specification sections including Division 0, Procurement and Contracting Requirements, Division 1 General Requirements, and technical specifications Division 2 through 33 prepared by the Architect and approved by the District, the DSA, or other regulatory agencies which show or describe the location, character, dimensions or details for the Project, which shall be delivered to Contractor upon execution of this Agreement.

H. **Site**. The term "Site" as used in this Agreement shall mean those certain parcels of real property and improvements thereon (if any) more particularly described in **Exhibit A** to the Site Lease.

I. **Site Lease**. The term "Site Lease" as used in this Agreement shall mean the certain Site Lease dated of even date herein between the District and Contractor, together

with any duly authorized and executed amendment(s) thereto, pursuant to which the District leases the Site to Contractor.

J. **Specifications.** The term "Specifications" shall mean those numbered specifications set forth in the Project Manual which shall accompany this Agreement and which are incorporated by reference herein. Individual Specifications may be referred to by their specification number as set forth in the Project Manual.

K. **Subcontractor.** As used in this Agreement, the term "Subcontractor" means any person or entity, including trade contractors, who have a contract with Contractor to perform any of the Construction.

L. **Sublease**. The term "Sublease" as used in this Agreement shall mean the certain Sublease dated of even date herein between the District and Contractor, together with any duly authorized and executed amendment(s) thereto, pursuant to which the District subleases the Site from Contractor.

M. **Sublease Payments.** The term "Sublease Payments" as used in this Agreement shall mean the payments made by the District to Contractor pursuant to Section 6 of the Sublease.

N. **Tenant Improvement Payments.** The term "Tenant Improvement Payments" as used in this Agreement shall mean the payments made by the District to Contractor pursuant to Section 6 of the Sublease.

SECTION 2. CONTRACTOR'S DUTIES AND STATUS

Contractor covenants with the District to furnish reasonable skill and judgment in constructing the Project. Contractor agrees to furnish efficient business administration and superintendence and to furnish at all times an adequate supply of professionals, workers, and materials and to perform the work appropriately, expeditiously, economically, and consistent with the Contract Documents.

SECTION 3. ADDITIONAL SERVICES

If the District requests Contractor to perform additional services not described in this Agreement, Contractor shall provide a cost estimate and a written description of the additional work necessary to complete such additional services. The cost for such additional services shall be negotiated and agreed upon in writing in advance of Contractor performing or contracting for such additional services, and such cost shall be used to adjust the GMP established pursuant to Section 5 hereof. In the absence of a written agreement, the District will not compensate Contractor for additional services, will not adjust the GMP for such additional services, and Contractor will not be required to perform them. It is understood and

agreed that if Contractor performs any services that it claims are additional services without receiving prior written approval from the District Board of Education, Contractor shall not be paid for such claimed additional services and the GMP will not be adjusted. Nothing in this Agreement shall be construed as limiting the valuation of such additional services and amount that the GMP will be adjusted for such additional services, should a written agreement for such services be executed by the parties. Notwithstanding the foregoing, Contractor shall not be entitled to compensation, nor will the GMP be adjusted, for additional services required as a result of Contractor's acts, errors or omissions.

SECTION 4. OWNERSHIP OF PLANS AND DOCUMENTS

All original field notes, written reports, drawings, specifications, Construction Documents, and other documents, produced or developed for the Project are the property of the District, regardless of whether the Project is constructed, and shall be furnished to the District. Such documents are not to be used by Contractor or by the Subcontractors on other work nor shall Contractor nor the Subcontractors claim any right to such documents. This shall not deprive Contractor from retaining electronic data or other reproducible copies of the Construction Documents or the right to reuse information contained in them in the normal course of Contractor's professional activities.

SECTION 5. ESTABLISHMENT OF GUARANTEED MAXIMUM PRICE

The "GMP" for the Project shall be **TO BE DETERMINED ($X.XX)** The GMP consists of (1) a Preconstruction Fee in the amount of **SEVENTEEN THOUSAND THREE HUNDRED TEN DOLLARS AND NO CENTS ($17,310.00)**. (2) a Sublease Tenant Improvement and, (3) a Contractor Contingency and Sublease Payments to be negotiated as an amendment to this agreement pursuant to terms and payment schedule as amended and set forth in the Sublease. THE "GMP" WILL NOT BE ESTABLISHED UNTIL DSA HAS APPROVED THE FINAL PLANS AND SPECIFICATIONS AND THE BOARD APPROVES IT PRIOR TO NTP FOR CONSTRUCTION. The GMP will then be brought to the Board of Trustees as a revision to this section of this agreement. Until such time this section will remain incomplete, the Site Lease and Sublease will not begin, and the Contractor will proceed with Preconstruction Services as set forth in **Exhibit B** with an NTP for Preconstruction from the District.

The GMP is based upon the DSA approved plans and specifications to exist after this Agreement is entered into between Contractor and the District, and more fully described and referenced in the Scope of Work to be set forth in **Exhibit A** attached hereto. Prior to DSA approval Contractor will perform Preconstruction Services to assist in designing the project and as set forth in **Exhibit B**. After preconstruction services, DSA approval of plans and specifications, and the establishment of the GMP the Contractor shall assume the risk of cost overruns which were not foreseeable at the time this Agreement is entered into and the GMP determined, except for undocumented events of the type set forth in Section 19 hereof, work mandated by an outside agency after issuance of Construction Documents that could not have

been reasonably foreseen from review of the Contract Documents, or costs arising from undocumented geotechnical issues. Contractor acknowledges that (i) Contractor has conducted a site inspection and is familiar with the site conditions based on records, studies and visible conditions relating to construction and labor and (ii) Contractor has reviewed the Contract Documents and is familiar with the contents thereof. District directed changes to the scope of the Project not contemplated in the Scope of Work shall be deemed Extra Work/Modifications pursuant to the procedures set forth in Section 10 of this Agreement. The GMP shall include, but not be limited to, increases in labor and materials. The GMP has been used to calculate the Tenant Improvement Payments and the Sublease Payments to be paid by the District to Contractor pursuant to the Sublease. The GMP includes the cost of all labor, materials, equipment, general conditions, overhead, profit and a Contractor Contingency as indicated above.

The Contractor Contingency is for the purpose of covering the cost of very specific issues that may arise during construction and it may be used only upon the written agreement of the Contractor, the architect of record, and the District. The Contractor Contingency is to be used only to pay Contractor for the following enumerated reasons: (1) additional costs resulting from discrepancies in the bid buy-out process; (2) conflicts, discrepancies or errors in the Construction Documents; (3) work required by the Inspector of Record or any governmental agency involved in the permitting or approval/certification process that is not otherwise shown in the Construction Documents; and (4) any other items of cost agreed to in writing by the Contractor and District to be included in the Contractor Contingency. The Contractor Contingency shall not be used for costs incurred as a result of Contractor's acts, errors or omissions.

Contractor shall be responsible for tracking expenditures of the Contractor Contingency and shall provide periodic written updates to the District as directed. Unused Contractor Contingency and Allowances at Project completion will reduce the GMP and will result in an adjustment of the Tenant Improvement Payments and possibly the Sublease Payments.

The District shall at all times have the right to reduce the scope of the Project. If the District reduces the scope of the Project, the GMP shall be reduced commensurate with the reduced Scope of Work pursuant to the provisions of Section 10, below, and will result in an adjustment of the Tenant Improvement Payments and, if applicable, the Sublease Payments.

SECTION 6. NOTICE TO PROCEED WITH PRECONSTRUCTION AND CONSTRUCTION

Prior to an approved GMP, the District shall issue a notice to Contractor to proceed with the Preconstruction of the Project. The Preconstruction Agreement in **Exhibit B** will serve as the whole agreement between the Contractor and the District until a GMP is established.

Upon receipt of an approved GMP, the District shall issue a notice to Contractor to proceed with the Construction of the Project. In the event that a Notice to Proceed with

Construction is not issued for the Project, the Site Lease and the Sublease shall terminate upon written notice from the District to Contractor that a Notice of Proceed will not be issued.

SECTION 7. SAVINGS

If Contractor realizes a savings on one aspect of the Project, such savings shall be tracked and Contractor shall provide periodic written updates of such savings. Such savings shall be added to the Contractor Contingency and the use of such savings shall be as set forth in Section 5. However, if such savings are not so utilized, the amount of such savings shall reduce the GMP and will result in an adjustment of the Tenant Improvement Payments and, if applicable, the Sublease Payments.

SECTION 8. SELECTION OF SUBCONTRACTORS

In the interest of minimizing the expenditure of funds for the construction of the Project, Contractor agrees to select Subcontractors who are appropriately licensed by the State of California for each trade component of the Project in a manner that fosters competition. Contractor agrees that it will either solicit bids from potential subcontractors pursuant to the competitive bid procedures set forth in the California Public Contract Code, including specifically Public Contract Code section 20110, et seq., or that it will utilize an informal bidding process established by Contractor which also incorporates competitive bid procedures. Regardless of the method Contractor employs, Contractor will make a good faith effort to contact and utilize DVBE contractors and suppliers in securing bids for performance of the Project in accordance with the procedures set forth in Section 1.77 of the General Conditions. In the event that Contractor chooses to select Subcontractors pursuant to an informal bidding process, Contractor shall ensure that it receives at least three competitive quotes from potential subcontractors for each trade component of the Project, unless the parties agree otherwise on a trade-by-trade basis. The District reserves the right to oversee the bidding process. Contractor shall inform all bidders that the District will not be a party to any contracts for construction services executed by Contractor and selected bidders. Contractor shall submit a listing of proposed subcontractors to the District for the District's review. In no case, will Contractor award any sub-contracts until the District has concurred in the scope and price of the sub-contracted services. In addition, Contractor shall provide the District with full documentation regarding the bids or competitive quotes received by Contractor. In no event, shall such documentation be redacted or obliterated. In the event Contractor does not comply with this provision, the District may terminate this Agreement in accordance with the provisions of the General Conditions. Subcontractors awarded contracts by Contractor shall be afforded all the rights and protections of listed subcontractors under the provisions of the Subletting and Subcontracting Fair Practices Act (Public Contract Code Section 4100, et seq.).

SECTION 9. CONSTRUCTION SCOPE OF WORK

A. Prior to commencing Construction, Contractor shall comply with the initial schedule

requirements set forth in the General Conditions.

B. Contractor shall complete the Construction pursuant to the Construction Documents as amended subject to any additional DSA or other regulatory approvals as may be required, performing all work set forth in the Scope of Work, and shall make reasonable efforts in scheduling to prevent disruption to classes.

C. Contractor shall be responsible for complying with all applicable building codes, including without limitation mechanical codes, electrical codes, plumbing codes and fire codes, each of the latest edition, required by the regulatory agencies and for arranging and overseeing all necessary inspections and tests including inspections by the DSA or regulatory agencies, permits and occupancy permits, and ensuring compliance with any Federal and State laws, including, but not limited to, safety procedures and requirements, and construction employee training programs which cover among other items, hazardous chemicals and materials.

D. Contractor shall establish procedures for the protection of all existing structures, equipment, utilities, and other existing improvements, both on-site and off-site. Contractor assumes all risk of loss of vandalism, theft of property or other property damage ("Vandalism") which occurs at a site at which Contractor is undertaking construction of the Project. Contractor assumes all risk of loss which occurs where Contractor is undertaking construction of the Project from causes due to negligence or misconduct by Contractor, its officers, employees, subcontractors, licensees and invitees. Contractor shall replace District property damaged by such Vandalism or theft or compensate the District for such loss, including payment of out of pocket expenses such as insurance deductibles the District might incur under such circumstances.

E. Contractor shall develop a mutually agreed upon program with the District to abate and minimize noise, dust, and disruption to normal activities at the existing facilities at the School Facility, including procedures to control on-site noise, dust, and pollution during construction.

F. The District shall cause the appropriate professionals to stamp and sign, as required, the original Construction Documents or parts thereof and coordinate the Project's design with all utilities.

G. Contractor shall, for the benefit of the Subcontractors, attend pre-construction orientation conferences in conjunction with the Architect to set forth the various reporting procedures and site rules prior to the commencement of actual construction. Contractor shall also attend construction and progress meetings with District representatives and other interested parties, as requested by the District, to

discuss such matters as procedures, progress problems and scheduling. Contractor shall prepare and promptly distribute official minutes of such meetings to all parties in attendance, including without limitation the District, the Architect and the District Inspector of Record.

H. Contractor shall incorporate approved changes as they occur, and develop cash flow reports and forecasts for submittal to the District as requested. Contractor shall provide regular monitoring of the approved estimates for Construction costs, showing actual costs for activities in progress, and estimates for uncompleted tasks. Contractor shall maintain cost accounting records on authorized additional services or work performed under unit costs, additional work performed on the basis of actual costs of labor and materials, and for other work requiring accounting records.

I. Contractor shall record the progress of the Project and shall submit monthly written progress reports to the District and the Architect including information on the entire Project, showing percentages of completion and the number and amounts of proposed Extra Work/Modifications and their effect on the construction costs as of the date of each respective report.

J. Contractor shall keep a log containing a record of weather, Subcontractors, work on the site, number of workers, work accomplished, problems encountered, and other similar relevant data as the District may require. Contractor shall make the log available to the District, the Architect, and the District's project manager. The District shall be promptly advised on all anticipated delays in the Project.

K. The District shall bear the cost for the DSA Inspector, soils testing, DSA or other regulatory agency fees, and special testing required in the construction of the Project. If additional review or permits become necessary for reasons not due to Contractor's fault or because of DSA or regulatory agency requirements or regulations implemented after the date the Final GMP is established and not reasonably anticipated at the time the Final GMP is established, Contractor may seek additional compensation for the cost of that review as an additional cost. In the alternative, the District may pay such costs directly.

SECTION 10. EXTRA WORK/MODIFICATIONS

A. The District may prescribe or approve additional work or a modification of requirements or of methods of performing the Construction which differ from the work or requirements set forth in the Construction Documents ("Extra Work/Modifications"); and for such purposes the District may at any time during the life of this Agreement, by written order, make such changes as it shall find necessary in the design, line, grade, form, location, dimensions, plan, or material of any part of the work or

equipment specified in this Agreement or in the Construction Documents, or in the quantity or character of the work or equipment to be furnished. In the event conditions develop which, in the opinion of Contractor, makes strict compliance with the specifications impractical, Contractor shall notify the District of the need for Extra Work/Modifications by placing the matter on the agenda of regularly scheduled construction meetings with the District for discussion as soon as practicable after the need for the Extra Work/Modifications is determined. Additionally, Contractor shall submit to the District for its consideration and approval or disapproval, a written request for Extra Work/Modifications before such work is performed. If the District approves the request in writing, the costs of the Extra Work/Modification shall be added to or deducted from the GMP or the Scope of Work shall be modified to complete the Project within the GMP, as applicable. Any adjustments to the GMP will result in an adjustment of the Tenant Improvement Payment and, if applicable, the Sublease Payments.

B. Extra Work/Modifications include work related to unforeseen underground conditions if, and only if, such conditions are not visible or identified on plans, reports or other documents available to Contractor. Extra Work/Modifications do not include underground conditions that are identified on plans, reports or other documents available to Contractor but are in a location different than is set forth on such plans, reports or other documents available to Contractor. It should be noted, however, that the District has advised and provided Contractor with information regarding the shallow water table and recent projects experience with encountering water when digging. Contractor has included in its calculation of the GMP an amount to mitigate for encountering water when completing the scope of work contemplated herein. Therefore, Extra Work/Modifications do not include expenses incurred by, and/or work performed by, Contractor in connection with such shallow water table and with encountering water when digging.

C. Should Contractor claim that any instruction, request, drawing, specification, action, condition, omission, default or other situation (i) obligates the District to increase the GMP; or (ii) obligates the District to grant an extension of time for the completion of this Agreement; or (iii) constitutes a waiver of any provision in this Agreement, CONTRACTOR SHALL NOTIFY THE DISTRICT, IN WRITING, OF SUCH CLAIM AS SOON AS POSSIBLE, BUT IN NO EVENT WITHIN MORE THAN TEN (10) DAYS FROM THE DATE CONTRACTOR HAS ACTUAL OR CONSTRUCTIVE NOTICE OF THE CLAIM. CONTRACTOR SHALL ALSO PROVIDE THE DISTRICT WITH SUFFICIENT WRITTEN DOCUMENTATION SUPPORTING THE FACTUAL BASIS OF THE CLAIM including items used in valuing said claim. Contractor shall be required to certify under penalty of perjury the validity and accuracy of any claims submitted. Contractor's failure to notify the District within such ten (10) day period shall be deemed a waiver and relinquishment of the claim against the District.

D. Expenses of reconstruction and/or costs to replace and/or repair damaged materials and supplies, provided that Contractor is not fully compensated for such expenses and/or costs by insurance or otherwise, shall be included in an increase to the GMP if said expenses are the result of the negligent acts or omissions of the District, or its principals, agents, servants, or employees.

SECTION 11. NOT USED

SECTION 12. PERSONNEL ASSIGNMENT

A. Contractor shall assign Patrick Waid as Project Director for the Project. So long as Patrick Waid remains in the employ of Contractor, such person shall not be changed or substituted from the Project, or cease to be fully committed to the Project except as provided in this Section. In the event Contractor deems it necessary, Contractor shall replace the manager and/or the superintendent for the Project with a replacement with like qualifications and experience, subject to the prior written consent of the District, which consent shall not be unreasonably withheld. Any violation of the terms of paragraph A of this Section 12 shall entitle the District to terminate this Agreement for breach, pursuant to the provisions of the General Conditions. The Project Director is not an exclusive position and does not preclude any other parallel assignment within or outside the District.

B. Notwithstanding the foregoing provisions of paragraph A of Section 12, above, if any manager and/or superintendent proves not to be satisfactory to the District, upon written notice from the District to Contractor, such person(s) shall be promptly replaced by a person who is acceptable to the District in accordance with the following procedures: Within five (5) business days after receipt of a notice from the District requesting replacement of any manager and/or superintendent or discovery by Contractor that any manager and/or superintendent is leaving their employ, as the case may be, Contractor shall provide the District with the name of an acceptable replacement/substitution together with such information as the District may reasonably request about such replacement/substitution. The replacement/substitution shall commence work on the Project no later than five (5) business days following the District's approval of such replacement, which approval shall not be unreasonably withheld. If the District and Contractor cannot agree as to the replacement/substitution, the District shall be entitled to terminate this Agreement for breach pursuant to the provisions of the General Conditions.

SECTION 13. BONDING REQUIREMENTS

Contractor shall fully comply with the requirements set forth in Section 6.9 of the General Conditions.

SECTION 14. PAYMENTS TO CONTRACTOR

A. Contractor shall finance the cost of construction of the Project which costs shall not exceed the GMP, which shall not be adjusted except as otherwise provided in this Agreement. The District shall pay Contractor Tenant Improvement Payments and Sublease Payments pursuant to the terms and conditions of Section 6 of the Sublease. In the event of a dispute between the District and Contractor, the District may withhold from the Tenant Improvement Payments and the Sublease Payments an amount not to exceed one hundred fifty percent (150%) of the disputed amount.

B. This Agreement is subject to the provisions of California Public Contract Code Sections 7107, 7201 and 20104.50 as they may from time to time be amended.

C. For purposes of this Agreement, the acceptance by the District means acceptance made only by an action of the governing body of the District in session. Acceptance by Contractor of the final Tenant Improvement Payment or the Sublease Payment, as the case may be, shall constitute a waiver of all claims against the District related to those amounts.

SECTION 15. CONTRACTOR'S CONTINUING RESPONSIBILITY

Neither the final payment nor any provision in the Contract Documents shall relieve Contractor of responsibility for faulty materials or workmanship incorporated in the Project or for any failure to comply with the requirements of the Contract Documents.

SECTION 16. INSURANCE

Contractor shall provide, during the life of this Agreement, the types and amounts of insurance set forth in Article 6 of the General Conditions, which are incorporated by reference herein.

SECTION 17. USE OF PREMISES

Contractor shall confine operations at the Site to areas permitted by law, ordinances, permits and the Construction Documents and shall not unreasonably encumber the Site or existing School Facilities at the Site with any materials or equipment. Contractor shall not load or permit any part of the work to be loaded with a weight so as to endanger the safety of persons or property at the Site.

SECTION 18. SITE REPRESENTATIONS

The District warrants and represents that the District has, and will continue to retain at all times during the course of construction, legal title to the Site and that said land is properly subdivided and zoned so as to permit the construction and use of said Site with respect to the Project. The District further warrants and represents that title to said land is free of any

easements, conditions, limitation, special permits, variances, agreements or restrictions which would prevent, limit or otherwise restrict the construction or use of said Site pursuant to this Agreement. Reference is made to the fact that the District has provided information on the Site to Contractor. Such information shall not relieve Contractor of its responsibility; and the interpretation of such data regarding the Site, as disclosed by any borings or other preliminary investigations, is not warranted or guaranteed, either expressly or implicitly, by the District. Contractor shall be responsible for having ascertained pertinent local conditions such as location, accessibility and general character of the Site and for having satisfied itself as to the conditions under which the work is to be performed. No claim for any allowances because of Contractor's error or negligence in acquainting itself with the conditions at the Site will be recognized.

SECTION 19. HAZARDOUS WASTE AND UNKNOWN PHYSICAL CONDITIONS

Contractor shall comply with the District's Hazardous Materials Procedures and Requirements as set forth herein.

A. If the District has identified the presence of hazardous materials on or in proximity to the Site (the "Pre-existing Hazardous Materials"), Contractor shall review all information provided by the District that characterizes the Pre-existing Hazardous Materials and shall take the actions approved by DTSC and issued by the District necessary to address the Pre-existing Hazardous Materials in the performance of the work. Contractor shall conduct the work based on this information issued at the time contract documents are executed. Contractor shall immediately communicate, in writing, any variances from available information to the District.

B. The District will retain an additional independent environmental consultant to perform the investigation, inspection, testing, assessment, sampling and analysis necessary to prepare and recommend a remediation plan for the Pre-existing Hazardous Materials for the District's approval (the "Remediation Plan").

C. The District will retain title to all Pre-existing Hazardous Materials encountered during the work. This does not include hazardous material generated by Contractor, including but not limited to used motor oils, lubricants, cleaners, etc. Contractor shall dispose of such hazardous waste in accordance with the provisions of the Contract Documents, as well as local, State and Federal laws and regulations. The District will be shown as the hazardous waste generator and will sign all hazardous waste shipment manifests for non-Contractor generated hazardous waste. Nothing contained within these Contract Documents shall be construed or interpreted as requiring Contractor to assume the status of owner or generator of hazardous waste substances for non-Contractor generated hazardous wastes.

D. Except as otherwise provided herein, it is the responsibility of Contractor to obtain governmental approvals relating to Hazardous Materials Management, including

Federal and State surface water and groundwater discharge permits and permits for recycling and reuse of hazardous materials for all work noted in the contract documents. Contractor shall be responsible for coordinating compliance with such governmental approvals and applicable governmental rules with the District's hazardous materials consultant, including those governing the preparation of waste profiles, waste manifests, and bills of lading. If Contractor encounters hazardous materials, it shall immediately notify the District in writing. The District, Consultant and Contractor shall jointly establish the plan for disposition and actions to be taken with respect to the hazardous materials, subject to final written approval by the District.

E. If, during construction, Contractor encounters materials, conditions, waste, contaminated groundwater or substances, not identified in the District's assessment report, that Contractor reasonably suspects are hazardous materials, Contractor shall stop the affected portion of the work, secure the area, promptly notify the District, and take reasonable measures to mitigate the impact of such work stoppage. The District shall retain the services of an environmental consultant to perform investigation, inspection, testing, assessment, sampling and analysis of the suspect materials, conditions, waste, groundwater or substances.

(1) Found Not to be Hazardous Materials. If the environmental consultant determines that the materials, conditions, waste, contaminated groundwater or substances do not constitute hazardous materials, Contractor shall recommence the suspended work.

(2) Found to be Hazardous Materials. If the environmental consultant determines that the materials, conditions, waste, contaminated groundwater or substances constitute hazardous materials and such hazardous materials require remediation and disposal, then the District, Consultant and Contractor shall jointly establish the plan for disposition and actions to be taken with respect to the hazardous materials, subject to final written approval by the District. All such costs shall be the responsibility of the District.

F. Exacerbation of Pre-Existing Hazardous Materials.

If during construction Contractor encounters pre-existing environmental conditions that it knew or should have known involve hazardous materials (the "Point of Discovery") (which encounters may include an unavoidable release or releases of hazardous materials) then Contractor must immediately stop the affected portion of the work. If Contractor fails to immediately stop the affected portion of the work after the Point of Discovery, then Contractor is solely responsible for any resultant Exacerbation Cost. "Exacerbate," in all its forms, means the worsening effects of Contractor's failure to stop the affected portion of work after the Point of Discovery. "Exacerbation Cost" means the differential between (i) the actual increase in the cost

of remediation and delays to the Project attributable to pre-existing environmental conditions involving hazardous substances, and (ii) the cost thereof or delays thereto had Contractor immediately stopped the affected portion of the work after the Point of Discovery. The standard of "should have known" applies to Contractor's supervisory personnel, whether or not on the Site. Contractor's supervisory personnel must have had the hazardous material training required by applicable OSHA and Cal OSHA rules or regulations.

SECTION 20. INDEPENDENT CONTRACTOR

A. Contractor is retained as an independent contractor and is not employed by the District. No employee or agent of Contractor shall become, or be considered to be, an employee of the District for any purpose. It is agreed that the District is interested only in the results obtained from service under this Agreement and that Contractor shall perform as an independent contractor with sole control of the manner and means of performing the services required under this Agreement. Contractor shall complete this Agreement according to its own methods of work which shall be in the exclusive charge and control of Contractor and which shall not be subject to control or supervision by the District except as to results of the work. It is expressly understood and agreed that Contractor and its employees shall in no event be entitled to any benefits to which the District employees are entitled, including, but not limited to, overtime, retirement benefits, insurance, vacation, worker's compensation benefits, sick or injury leave or other benefits.

B. Contractor shall be responsible for all salaries, payments, and benefits for all of its officers, agents, and employees in performing services pursuant to this Agreement.

SECTION 21. ACCOUNTING RECORDS

Contractor, and all Subcontractors, shall check all materials, equipment and labor entering into the work and shall keep or cause to be kept such full and detailed accounts as may be necessary for proper financial management under this Agreement, including true and complete books, records and accounts of all financial transactions in the course of their activities and operations related to the Project. These documents include sales slips, invoices, payrolls, personnel records, requests for Subcontractor payment, and other data relating to all matters covered by the Contract Documents (the "Data"). The Data shall be maintained for ten (10) years from the latest expiration of the term (as such may be extended) of any of the Contract Documents. Contractor shall use its best efforts to cause its Subcontractors to keep or cause to be kept true and complete books, records and accounts of all financial transactions in the course of its activities and operations related to the Project. Upon completion of the Project, Contractor shall provide the District with one (1) complete copy of the Data.

The District, at its own costs, shall have the right to review and audit, upon reasonable notice, the books and records of Contractor and any Subcontractors concerning any monies associated with the Project.

SECTION 22. PERSONAL LIABILITY

Neither the trustees, officers, employees, or agents of District, the District's representative, or Architect shall be personally responsible for any liability arising under the Contract Documents.

SECTION 23. AGREEMENT MODIFICATIONS

No waiver, alteration or modification of any of the provisions of this Agreement shall be binding upon either the District or Contractor unless the same shall be in writing and signed by both the District and Contractor.

SECTION 24. NOTICES

Any notices or filings required to be given or made under this Agreement shall be served, given or made in writing upon the District or Contractor, as the case may be, by personal delivery or registered mail (with a copy sent via fax or regular mail) to the respective addresses given below or at such other address as such party may provide in accordance with the provisions herein. Any change in the addresses noted herein shall not be binding upon the other party unless preceded by no less than thirty (30) days prior written notice.

521 N. 1st Avenue
Arcadia, CA 91006

Notices under this Agreement shall be deemed to have been given, and shall be effective upon actual receipt by the other parties, or, if mailed, upon the earlier of the fifth (5th) day after mailing or actual receipt by the other party.

SECTION 25. ASSIGNMENT

Neither party to this Agreement shall assign this Agreement or sublet it as a whole without the written consent of the other, nor shall Contractor assign any monies due or to become due to it hereunder without the prior written consent of the District.

SECTION 26. PROVISIONS REQUIRED BY LAW

Each and every provision of law and clause required to be inserted in these Contract Documents shall be deemed to be inserted herein and the Contract Documents shall be read and enforced as though it were included herein, and if through mistake or otherwise any such provision is not inserted or is not inserted correctly, then upon application of either party the Contract Documents shall forthwith be physically amended to make such insertion or correction.

SECTION 27. HEADINGS

The headings in this Agreement are inserted only as a matter of convenience and reference and are not meant to define, limit or describe the scope or intent of the Contract Documents or in any way to affect the terms and provisions set forth herein.

SECTION 28. APPLICABLE LAW

This Agreement shall be governed by and construed in accordance with the laws of the State of California. The parties irrevocably agree that any action, suit or proceeding by or among the District and Contractor shall be brought in whichever of the Superior Courts of the State of California, Ventura County, or the Federal Court for the Central District of California in Los Angeles, California, has subject matter jurisdiction over the dispute and waive any objection that they may now or hereafter have regarding the choice of forum whether on personal jurisdiction, venue, forum non conveniens or on any other ground.

SECTION 29. SUCCESSION OF RIGHTS AND OBLIGATIONS

All rights and obligations under this Agreement shall inure to and be binding upon the successors and assigns of the parties hereto.

SECTION 30. NOTIFICATION OF THIRD PARTY CLAIMS

The District shall provide Contractor with timely notification of the receipt by the District

of any third-party claim relating to this Agreement, and the District may charge back to Contractor the cost of any such notification.

SECTION 31. SEVERABILITY

If any one or more of the terms, covenants or conditions of this Agreement shall to any extent be declared invalid, unenforceable, void or voidable for any reason whatsoever by a court of competent jurisdiction, the finding or order or decree of which becomes final, none of the remaining terms, provisions, covenants and conditions of the Contract Documents shall be affected thereby, and each provision of the Contract Documents shall be valid and enforceable to the fullest extent permitted by law.

SECTION 32. ENTIRE AGREEMENT

This Construction Services Agreement and the additional Contract Documents as defined in paragraph C of Section 1 herein, including the Site Lease, the Sublease, and the Specifications, drawings, and plans constitute the entire agreement between Contractor and the District. The Contract Documents shall not be amended, altered, changed, modified or terminated without the written consent of both parties hereto, except as otherwise provided in Section 10 hereof.

SECTION 33. EXECUTION IN COUNTERPARTS

This Agreement may be executed in any number of counterparts, each of which shall be an original, but all of which together shall constitute one instrument.

IN WITNESS, WHEREOF the parties hereto, intending to be legally bound thereby, have executed this Agreement effective as of the date first above written.

OSD AGREEMENT #24-143

EXHIBIT A

Scope of Work (Plans & Specifications)

To be Designed

OSD AGREEMENT #24-143

EXHIBIT B

Oxnard School District

Preconstruction Services

The District desires to retain a professional construction firm (hereafter "CONTRACTOR") to provide certain professional pre-construction services related to the Project plans and specifications for the purpose of designing the project to budget and eliminating unforeseen circumstances, errors, omissions and ambiguities in the construction documents prepared by the Architect. The fee for this set of services will be **Seventeen Thousand Three Hundred Ten Dollars and No Cents ($17,310.00)** to be paid monthly on a design progress basis.

The CONTRACTOR will be expected to provide the following professional pre-construction services during the design phase of the Project:

1. **Professional Construction Cost-Estimation Services**

A. During each phase of design or at the completion of each phase of design, (1) Conceptual, (2) Schematic, (3) Design Development and (4) Construction Development, CONTRACTOR shall prepare a cost estimate, in current, uninflated dollars, for the design and specifications prepared by the Architect. CONTRACTOR acknowledges that it shall prepare four (4) complete cost estimates commensurate with the level of detail of each phase of design. The cost estimate shall include all Project costs, including, all hard costs (site preparation, utility connections, off-site improvements, hazard abatement, construction costs, overhead & profit and general conditions), soft costs (survey, geo-hazard, geo-technical, environmental studies, inspection and testing) and furniture, fixture and equipment.

B. Upon final approval by the Division of the State Architect (hereinafter, "DSA"), CONTRACTOR shall adjust its estimate to incorporate any and all changes required by DSA as part of the review and approval process.

C. CONTRACTOR shall provide the cost estimates at such time as directed by the Program Manager during or at the conclusion of each phase of design, in a format approved by the District's Program Manager and consistent with Construction Specifications Institute (CSI) standards. During the schematic phase, Contractor shall estimate in the CSI UniFormat. For all other phases of design, Contractor shall utilize CSI MasterFormat.

2. Professional Constructability Review

A. Definition: Constructability Review shall mean the review of the design documents to ascertain whether the design of the Project as depicted in the Construction Documents, and the documents themselves: (i) accurately and completely reflects the District's objectives as explained to the Architect and CONTRACTOR by the District as approved by the District; and (ii) are free of errors, omissions, conflicts or other deficiencies so that the CONTRACTOR can construct the Project as therein depicted within the Project Budget and without delays, disruptions, or additional costs. The standard to be used for constructability is a contractor's standard of care in reviewing the plans and not that of an architect.

B. CONTRACTOR shall conduct one comprehensive technical review of the Plans and Specifications at 50% Construction Development phase. The purpose of this review will be to examine whether the design intent can be successfully implemented in the field within the Project budget. A report of the CONTRACTOR's findings will be distributed to the Program Manager and the Architect. CONTRACTOR will participate in any meeting(s) with the Architect to determine if the comments will be included in the final bid set of documents. CONTRACTOR will work with Architect to ensure that all front end documents conform to technical specifications and meet District standards.

C. At all times during design and DSA Review and Approval, the Architect shall remain responsible for completing, stamping, submitting and securing final DSA approval for the Project. Furthermore, the District acknowledges that CONTRACTOR is neither the Architect nor performing an architectural review of the Project. CONTRACTOR's responsibilities and duties under this subsection shall not include the architectural or structural design of the Project which is the responsibility of the Architect. Notwithstanding this qualification, CONTRACTOR shall conduct a detailed evaluation of the District's educational specifications, Project intent, Architect's Plans & Specifications, the proposed Project construction budget, schedule requirements and deliver a Constructability Review identifying any comments, recommendations or concerns that CONTRACTOR has as to the constructability of the Architect's Plans & Specifications consistent with the District's intent and budget.

D. Deliverable: The CONTRACTOR shall deliver to the District a complete technical report of the Plans and Specifications with the opinion of the CONTRACTOR as to the constructability of the Architect's Plans and Specifications. The CONTRACTOR, in the report, shall identify any issues, concerns or requests for clarification that CONTRACTOR believes are necessary to complete the design within the District's proposed and approved Project budget. The report shall be made available to the Architect, the District and its Program Manager.

3. Value Engineering Services

A. Definition: CONTRACTOR shall be required to perform Value Engineering Services to identify opportunities to reduce Project cost at the conclusion of each phase of design and during DSA review. The Value Engineering Services shall be provided in the form of a report to the Program Manager and shall identify value engineering opportunities, alternative materials and alternative methods and the associated cost savings estimated by the CONTRACTOR.

B. Deliverable: The CONTRACTOR shall maintain and distribute a running log of value engineering recommendations throughout the design process. The log shall identify and describe the recommendation, the estimated cost savings for each recommendation and a notation of whether the recommendation is accepted or rejected by the Architect and the District. Value engineering recommendations that are accepted by the District shall be incorporated into the plans and specifications at each phase of design. The log shall note when the recommendation was incorporated into the Plans and Specifications.

4. Building Information Modeling (BIM) Services

A. Definition: BIM Modeling is defined as a 3-D model-based process involving the generation and management of digital representations of physical and functional characteristics of a proposed construction project for purposes of planning, designing, constructing, operating and maintaining the proposed new facility.

B. CONTRACTOR shall participate in and/or prepare a 3-D model of the Architect's design of the Project utilizing BIM software. The 3-D model shall be rendered in a format that can be made available to the Architect, the District, and/or any agent or representative thereof. The model shall contain sufficient detail to identify any and all ambiguities and clashes in the Architect's plans and specifications and produce a model from which a contractor or sub-contractors may bid for the project in question. The BIM Model must be in a format that can be shared or networked to support the decision-making process related to the design and specifications.

C. The 3-D BIM Model shall be completed prior to the Architect's submission of the plans and specification to the Division of the State Architect. Any and all ambiguities or clashes will be resolved in a final 3-D BIM Model prior to this submittal.

D. The District shall hold title and interest in the completed 3-D BIM Model. At the request of the District, CONTRACTOR shall make the completed 3-D BIM Model files available to the District in a format acceptable to the District.

E. Deliverable: A completed 3-D BIM Model in electronic format acceptable to the District.

5. Construction Scheduling Services

A. Definition: Construction Scheduling is defined as the process of developing a detailed master baseline construction schedule for the Project that identifies all the major tasks and subtasks associated with the planning, design, construction, commissioning, close-out and final occupancy of the completed Project. The schedule shall be prepared in Primavera or comparable software and shall identify all long lead items, critical path, coordination of site activities, and any phasing of the Project. The Construction Scheduling services shall culminate in a final baseline construction schedule approved by the District to be used as a baseline schedule for the Project.

B. CONTRACTOR shall develop a detailed construction schedule utilizing the critical path method. This schedule will provide a logical means of establishing and tracking the Project and for the organization of activities into areas established by Project criteria. CONTRACTOR shall consider any potential disruptions to the learning environment and incorporate major school activities, such as site-wide or statewide testing dates, or as otherwise provided by the District, in the construction schedule.

C. In addition to the Construction Schedule, CONTRACTOR shall develop a Responsibility Matrix and Construction Site Management Plan for the Project. The Responsibility Matrix shall identify the key team members (District/Architect/IOR) and the roles and responsibilities of each entity for the Project. The Construction Site Management Plan shall consist of, but is not limited to, staging areas, deliveries of materials and supplies, site fencing and location of construction site field office. The CONTRACTOR shall work with the Architect and Program Manager to develop these two deliverables in a format and content acceptable to the District.

D. Deliverable: A completed and approved baseline construction schedule, a Responsibility Matrix and Construction Site Management Plan.

6. Cooperation and Attendance at Design Meetings

A. CONTRACTOR shall attend regular meetings during Project design with the Architect, the District's Program Manager, the District, and any other applicable consultants of the District as necessary. CONTRACTOR shall contribute to the design meetings by providing applicable comments, feedback, recommendations, information and reports required under the scope of this Contract in a timely manner. Design meetings may be held as frequently as weekly.

B. CONTRACTOR shall submit to the District's Program Manager, weekly report of its activities and progress related to deliverables identified in the scope of this Contract. The report shall be provided in a format that is acceptable to the Program Manager.

7. Schedule for Pre-Construction Services.

A. The services outlined herein shall commence on the date specified in the District's Notice to Proceed ("NTP"). The schedule of the services to be provided herein shall be consistent with the Design Schedule identified in the District's contract with the Architect for the Project. The service of this Contract shall conclude and terminate upon receipt of the stamped approval of the Project Plans and Specifications from DSA.

B. In the event that the CONTRACTOR is unable to perform the services anticipated in this Contract in the Architect's design schedule, CONTRACTOR shall notify the Program Manager and the Design Team shall work on a mutually agreeable modification to the design schedule.

C. Any extensions required for deliverables shall be subject to the reasonable approval in writing by the District.

RE: RFQ/P for LLB Preconstruction and Construction Services for McAuliffe Elementary School

Dear Mr. Schober,

Thank you for the opportunity to provide you with the following proposal for your upcoming project. Viola Incorporated has provided commercial, industrial and institutional work product in Southern California for the past 78 years with a directed focus on educational infrastructure. Our strong sense of community involvement is reflected in utilization of local resources through subcontractors, vendors and the community workforce. Delivering high quality Public Schools on time and under budget has been our staple for over a half century. Project after project, Viola successfully exceeds the expectations of Owners, Architects and Inspectors.

The plans for this project have already received DSA approval therefore reducing the amount of required pre-constructions services. There will be no need for schematic and or design development estimates. There will be a need for a comprehensive constructability review, construction document estimate, and construction scheduling. Accuracy of the overall cost estimate and GMP will improve with the feedback from Subcontractor pricing based on the approved plans and specifications. Special considerations to the schedule phasing requirements shall be conveyed to all trades involved in the project. Viola Inc. will have special provisions and contingencies for work that is to be performed on an actively occupied campus. Special attention will be given to the reduction of sound, dust/debris, and safety of staff and students during the entire project duration. We believe that it is critical to the success of the project to have firsthand knowledge of the existing conditions on site. Therefore, Viola personnel will be involved in identifying any potential change conditions prior to construction so as to avoid as many conflicts as possible.

Thank you for your consideration and please let us know if there is anything else we can provide.

Sincerely,

Viola Incorporated

Michael T. Viola
President/Chief Executive Officer

Qualifications

Company Profile

Viola, Inc. (Viola) is a Southern California general contractor headquartered in Ventura County for over 78 years, 100% family owned and managed for three generations. The firm recently completed construction of its current headquarters at 5811 Olivas Park Drive, Ventura, CA 93003 where it employs 30 people. Because of our strong sense of community we endeavor to utilize local subcontractors, vendors and the workforce. K-12 Public Schools have been our staple for over a half century. Public libraries, Community Centers, City Halls, Hospitals, and Transportation Centers contribute to a portfolio of a civic enterprise that become the fabric of a Community.

Along with a vested interest in the quality of educational facilities in our community, our ability to understand the needs and priorities of our clients enable us to deliver high quality projects on time and under budget. Project after project, Viola consistently exceeds the expectations of all parties.

A. Experience

Driffill Elementary School **PK/K/TK Modular Buildings**	Oxnard School District 1051 South A Street, Oxnard	$3.4 million in progress

Owner Contact: Lisa Franz (805) 385-1501 x2410
Architect: Flewelling and Moody
Preconstruction Budget: $27,870
Construction of 5 modular buildings which include student and staff restrooms and hi-lo drinking fountains. New PK and Kindergarten playground. New play structure with rubberized surfacing and shade structure. Site work includes re-grading of site with new asphalt paving, new concrete walkway, and new fences and gates.

Alila Elementary School **PK/K/TK Modular Buildings**	Earlimart School District 850 W Washington Ave., Earlimart	$3.1 million in progress

Owner Contact: Jessikah Saechao (661) 849-3386
Architect: 19six Architects
Preconstruction Budget: $55,491.88
Construction of 5 modular buildings which include student and staff restrooms and hi-lo drinking fountains. New PK and Kindergarten playground. New play structure with rubberized surfacing and shade structure. Site work includes re-grading of site with new asphalt paving, new concrete walkway, and new fences and gates.

Rio Mesa High School Oxnard Union High School District $20.5 million
New HVAC Modernization 1800 Solar Drive, Oxnard, CA
Owner Contact: Brittany Villasenor (805) 385-2518
Architect: Flewelling and Moody
Demolition of existing interior and exterior finishes for implementation of new HVAC systems and the replacement of all finishes as noted. Scope includes overhead piping, ductwork, electrical, controls, fire alarm systems, modifications and commissioning, etc. Scope completed, including closeout, in phases per exhibits including schedules.

Channel Islands High School Oxnard Union High School District $10.8 million
HVAC Modernization Phases 1&2 1800 Solar Drive, Oxnard CA, 93030
Owner Contact: Brittany Villasenor (805) 385-2518
Architect: Flewelling and Moody
New HVAC installation for three classroom buildings and renovation of finishes of 48 classrooms. Includiung HVAC equipment yards, aluminum storefront systems, and campus wide electrical infrastructure installation.

Camarillo Special Education School Ventura County Office of Education $15.7 million
(Triton Academy) 5250 Adolfo Camarillo Road, Camarillo, CA
Owner Contact: David Fateh (805) 383-1943
Architect: DC Architects
New school campus, including a 30,275 SF new ground up two story classroom and administration building consisting of structural wood framing, structural steel canopies, and 21st century enhancements; site construction including two playgrounds, two shade structures, basketball court, turf, bus drop off lane w/ zero curb face; offsite construction including new deceleration lane, sidewalk, and street repaving.

Lamont Elementary School New Lamont School District $2.9 million
Construction & Modernization Project 7915 Burgundy Avenue
Owner Contact: Eric Brock (661) 201-6504
Architect: Perkins Eastman
Preconstruction Budget: $65,208
GMP: $2,457,342
Contingency: $0
Allowance: $81,420
Allowance returned to District: $33,077.99
Modernization of original campus including a kindergarten classroom building consisting of eight classrooms. Removal of eight portables from the Northern part of campus and six from the Southern. Construction of a dedicated kindergarten play area. And construction of two general purpose classrooms.

Alicante Elementary School New Construction & Modernization Project — Lamont School District, 7915 Burgundy Avenue — $2.8 million

Owner Contact: Eric Brock (661) 201-6504
Architect: IBI Group
Preconstruction Budget: $63,486
GMP: $2,387,363
Contingency: $0
Allowance: $309,385.69
Modernization of original campus including a kindergarten classroom building consisting of 7 classrooms. Construction of a dedicated kindergarten play area, fences and gates, utility improvements, and landscaping.

Myrtle Avenue Elementary School New Construction & Modernization Project — Lamont School District, 7915 Burgundy Avenue — $3.1 million

Owner Contact: Eric Brock (661) 201-6504
Architect: Perkins Eastman
Preconstruction Budget: $74,696
GMP: $2,655,629
Contingency: $64,525
Allowance: $175,568
Removal of 3 portables, 1 maintenance shed, and playfield equipment. New construction 2 modular kindergarten classroom buildings consisting of 5 classrooms. New construction of 2 modular general classroom buildings including 6 classrooms. Site improvements include new parent drop off for kindergarten, kindergarten playground, shade structure, fencing, gates, and landscaping.

Norman R Brekke Elementary School Kindergarten Flex Classroom Building — Oxnard School District, 1051 South A Street — $782,815

Owner Contact: Lisa Franz (805) 385-1501 x2410
Preconstruction Budget: $5,288
GMP: $737,009
Contingency: $20,000
Allowance: $82,715
New modular classroom building consisting of two kindergarten classrooms, one storage/work room and two single occupant sudent toilet rooms. Scope included site demolition and rerouting and reconnection of irrigation lines. Over excavation and recompaction as per soils report. Installation of all the utilities. Site grading and drainage around building. Concrete foundation for modular building. Interior and exterior signage. Installation of low voltage and fire alarm system including conncetion to existing campus system.

GMP: $834,200
Contingency: $20,000
Allowance: $101,569
Allowance returned to District: $11,711
New modular classroom building consisting of two kindergarten classrooms, one storage/work room and two single occupant sudent toilet rooms. Site demolition, rerouting, of irrigation lines, Over excavation and recompaction, and installation of all the utilities. Concrete foundation for modular building. Interior and exterior signage. Installation of low voltage and fire alarm system including conncetion to existing campus system.

B. Project Team

Michael Viola, CEO
University of Southern California – BA in Business Psychology
Stanford University – MS in Construction Engineering

A second-generation General Contractor earned an MS in Construction Engineering-Management from Stanford University, a BA in Business Psychology from USC, and is a certificated Journeyman Carpenter. A 20-year veteran CEO began his career spanning six decades as a union carpenter after securing a college education, as the only real way to know what is required to be a builder. Many years were spent on site building commercial, industrial and institutional facilities, including hospitals, libraries, and university buildings. As CEO, over $310 Million in K-12, community college and university work product has been successfully delivered to public and private clientele throughout Southern California.

Patrick Waid, Field Operations Manager
Member of Carpenter Union Local 805 | Director of LLB Operations | OSHA 30-Hour Certification

Viola's Field Operations Manager for many of the past 20 years of his tenure with Viola. He is experienced in all phases of construction from the preconstruction activities to scope review, subcontract negotiation/execution, strategic site planning, monitoring of project costs and scheduling. With his experience as a lead carpenter and jobsite Superintendent, he has developed practical negotiating skills and problem-solving abilities, using them to settle disagreements quickly and complete projects on-time and on-budget.

Relevant Project Experience:

Myrtle Elementary School New Construction & Modernization **LLB** (2020-2022) $3.1M
Alicante Elementary School New Construction & Modernization **LLB** (2020-2022) $2.8M
Lamont Elementary School New Construction & Modernization **LLB** (2020-2022) $2.9M
Ramona Elementary School Kinderflex **LLB** (2017-2019) $822k
Ritchen Elementary School Kinderflex **LLB** (2017-2019) $1.3M
McAuliffe Elementary School Kinderflex **LLB** (2017-2019) $1.2M
Brekke Elementary School Kinderflex **LLB** (2017-2018) $755k
Ventura College Bldg G Theater Renovation (2011-2012) $9.9M
Moorpark College Health Science (2009 – 2010) $16M
Moorpark College Academic Center (2009-2010) $18.3M
UCSB Recreation Center (2004-2005) $12.2M

Rick Canchola, Quality Control Manager
Member of Carpenter Union Local 805 | OSHA 30-Hour Certification

Rick is a seasoned Quality Control Manager who spent the majority of his 41+ year career as a Superintendent overseeing heavy and general public works construction. In addition to his vast field knowledge, his excellent communication skills allow him to address and resolve potential issues well in advance of project impact, all while maintaining a great relationship with any users of occupied spaces around the construction site.

Relevant Project Experience:

Rio Mesa High School Modernization (2021-2023) $20.5M
Camarillo Special Education School (2018-2020) $15.6M
UCSB Seawater Lab (2017-2018) $1.7M
Santa Barbara Children's Library (2015) $1.3M
Oak Park High School Modernize Science Classrooms (2011) $1M
Moorpark College Health Science (2009-2010) $16M
San Marcos High School Aquatic Facility (2008) for Sharma General Engineering
Oaks Christian High School for Merco Construction Engineers
Westlake High School Aquatic Facility for Merco Construction Engineers
Rio Mesa High School Aquatic Facility for Merco Construction Engineers
USC Medical Center for Merco Construction Engineers
UCLA Acosta Center for Merco Construction Engineers

Nick Shipp, Sr. Project Manager
OSHA 10-Hour Certification in Construction Safety and Health

Nick has 20+ years in the industry, from trades to project management, and brings a 'can do' attitude to any jobsite he is a part of. While tackling all issues on a project, he also builds excellent relationships with the clients that has built trust and lead to many repeat clients. His recent work with the Oxnard Union High School District has proven to their stakeholders that there isn't a challenge that can't be overcome.

Relevant Project Experience:

Rio Mesa High School Modernization (2021-2023) $20.5M
Channel Islands High School Modernization Phases 1&2 (2021-2022) $11M
Boys and Girls Club at Redwood Middle School (2018-2019) $2.5M
UCSB Bio II Stem Cell Research Laboratory (2011) $2.9M
Moorpark College Health Science (2009-2010) $16M
Ventura Veterans Home (2007-2010) $22.9M
Rio Rosales Elementary School (2007) $10.6M

Robert Lomino, Sr. Project Engineer
Moorpark College
OSHA 10-Hour Certification in Construction Safety and Health | ACI Field Technician Grade I | APNGA Nuclear Gauge Safety and US DOT Hazmat | APNGA Radiation Safety Officer

Robert is an ambitious project engineer with a background as a deputy inspector. With three years of experience in the industry, he brings a quality control mentality when walking the jobsite and handing document control. His recent experience of working on an active campus modernization has allowed him to coordinate construction activities around the school schedule to ensure a smooth project.

Relevant Project Experience:
- Rio Mesa High School Modernization (2021-2023) $20.5M
- Fillmore High School CTE Buildings for Construction Testing and Engineering South

Robert Viola, Safety Officer
California Polytechnic State University San Luis Obispo – BS in Construction Management
OSHA 30-Hour Certification in Construction Safety and Health

Robert is a third-generation member and has been working for Viola since he graduated from Cal Poly San Luis Obispo ten years ago with a bachelor's degree in Construction Management. He received the 30-hour OSHA certification and is Viola Inc's Custodian of Records for California DOJ information. He leads with an excellent sense of customer service, with a strong track record of completing projects on time while maintaining the level of quality our clients have come to expect. As a Project Manager, he completed a $15.6 Million school for the Ventura County Office of Education in 2020. As the Safety Officer, he currently oversees the safety programs of projects in Hope School District, Oxnard School District, and Earlimart School District.

Relevant Project Experience:
- Rio Mesa High School Modernization (2021-2023) $20.5M
- Channel Islands High School Modernization Phases 1&2 (2021-2022) $11M
- Camarillo Special Education School (2018-2020) $15.6M
- UCSB Seawater Lab (2017-2018) $1.7M
- San Miguel Pre-School (2017) $820k
- Santa Barbara Children's Library (2015) $1.3M

Michael Pfeiffer, Project Superintendent
Member of Carpenters Local 743 | OSHA 510/SSTA 16 certification and CPR, AED, and First Aid
UBC Journeyman Building Leadership Program 40 hr.

Mike has over 30 years of building experience from concrete to framing as a carpenter to site supervision. Maintaining and Scheduling of contractors on site as well as completion of Carpentry needs onsite; while always aware of client relationship and quality control.

Relevant Project Experience:

Myrtle Elementary School New Construction & Modernization **LLB** (2020-2022) $3.1M
Taft College Muti-Purpose Building (2019-2020) $26M for another contractor
Aurora Learning Center (2018-2020) $285M for another contractor
North High School Modernization (2016-2018) $36M for another contractor

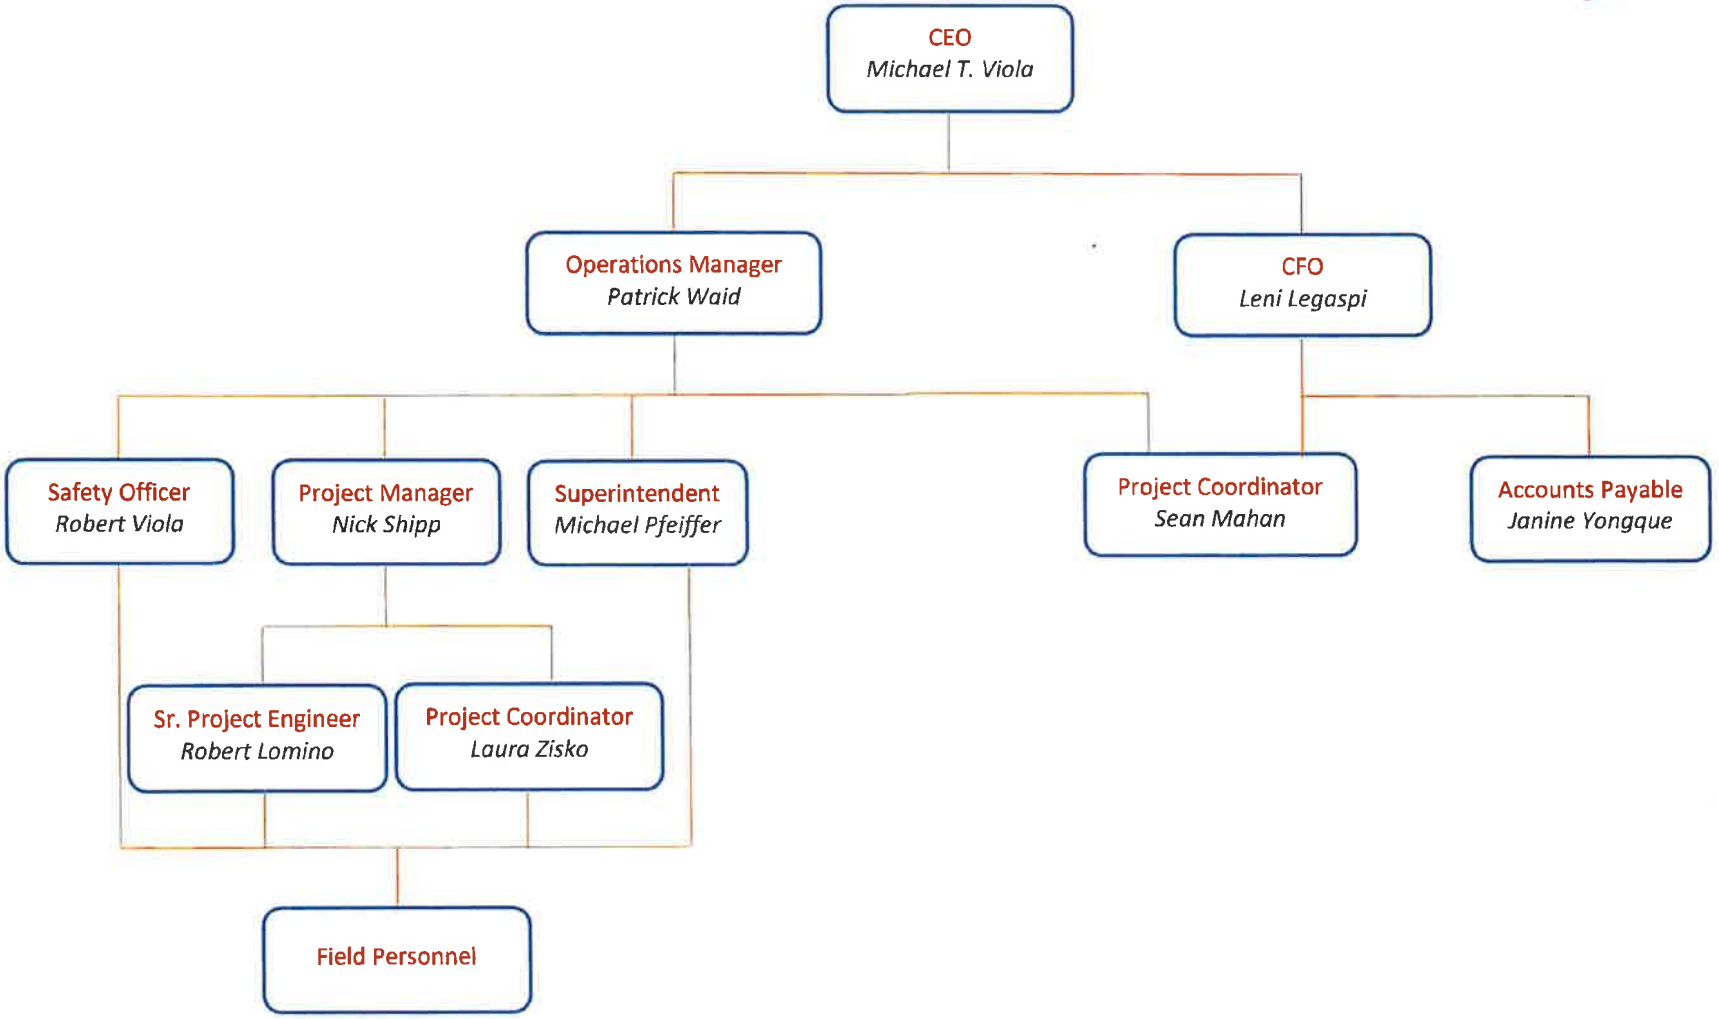
Greenlee Elementary New Construction (2014-2015) $2M for another contractor



Sean Mahan, Project Coordinator
California State University Channel Islands – BS in History

Sean has six years of experience in the construction field, predominantly in school modernization through the lease-leaseback delivery method. He worked with kids for over ten years at the Conejo Recreation and Park District as well as the Chumash Indian Museum. Graduated from CSU Channel Islands with a bachelor's degree in History. He works as the last line of defense to ensure the quality and comprehensiveness of all tasks with which he is involved.

Relevant Project Experience:

Myrtle Elementary School New Construction & Modernization **LLB** (2021-2022) $3.1M
Alicante Elementary School New Construction & Modernization **LLB** (2021-2022) $2.8M
Lamont Elementary School New Construction & Modernization **LLB** (2021-2022) $2.9M
McKinna Elementary School Modernization **LLB** (2018-2019) for Caldwell Flores Winters
Marshall Elementary School Modernization **LLB** (2017-2019) for CFW
Elm Elementary School Modernization **LLB** (2017-2019) for CFW
Lemonwood Elementary School Modernization **LLB** (2017-2019) for CFW
Ramona Elementary School Kinderflex **LLB** (2017-2019) for CFW
Ritchen Elementary School Kinderflex **LLB** (2017-2019) for CFW
McAuliffe Elementary School Kinderflex **LLB** (2017-2019) for CFW
Robla Elementary School Modernization **LLB** (2017-2019) for CFW
Brekke Elementary School Kinderflex **LLB** (2017-2018) for CFW

C. Project Management Details

Construction operations will be managed by our Project Superintendent. He will oversee project schedules, daily construction activities and public safety. His vast expertise enables him to resolve any and all construction issues within a timely manner, allowing the project to stay on schedule. Construction logistics such as change orders, budgets, subcontracts and other project documents will be handled by our Project Manager through the utilization of Procore. Viola has been utilizing Procore for over six years on its private, public and lease-leaseback projects. Bluebeam Revu is an end-to-end digital workflow and collaboration solution designed for the architecture, engineering and construction team. This software is implemented when there is a need to mark up or annotate plans and specifications that can in turn be shared with the entire team. The Project Manager's knowledge of modern technology allows him to regulate the paperwork digitally and environmentally friendly.

Together, they efficiently create a schedule that works best for the project. The Project Manager knows what the "ready work" will be while the Superintendent knows when the work will begin. This is implemented through scheduling software, Outbuild, which integrates CPM, Lookahead, QA/QC, and Safety Inspections into a collaborative dashboard. Not only do they establish an efficient schedule, but a safe one. Risk management is achieved through a team effort. For major tasks: First, they would identify and assess the risk, giving priority to the high risk situations. The next step is to communicate and reduce these risks in an efficient way. Lastly, if action is needed to mitigate the risk, they delegate and execute accordingly. For daily activities, such as hot work and excavation, daily permits are issued to the respective subcontractors in accordance with our jobsite safety plan.

D. Safety Record / EMR

The safety of the public and our team is our number one priority. Our superintendent/project manager holds a weekly safety meeting throughout the duration of a project to ensure all of our subcontractors and team members are operating in a safe manner. Viola utilizes industry leading software, Hammertech, for thorough implementation of our Accident Illness and Prevention Plan and all OSHA standards and requirements, thus maintaining safe and productive conditions for all involved in the project.

EMR for 2024: .78
EMR for 2023: .78
EMR for 2022: .76

McAuliffe Elementary School Modernization Project

F. Conceptual Plans

F1. Potential Construction Issues, Challenges and Proposed Solutions

Having recent experience in Conventional School construction, rennovation of existing campuses, several portable to permanent classroom structures on existing occupied campuses, Viola can identify key items that need to be addressed in the design phase. These items have the potential to cause significant delays in construction and completion phases. Key items are as follow:

1. Review of all site as-builts and record drawings showing existing structures, site boundaries, any and all existing underground utilities that may conflict with location of proposed structures.
2. Evaluation of updated AHERA report and any Haz-Mat abatement recommendations.
3. Soil hygiene test reports indicating, if any, potential health hazards with existing soils.
4. A complete site survey documenting key elevations of existing structures and surrounding site work so that they can be coordinated with new structures and site plan.
5. General Contractor, District, Project Architect must accept a collaborative approach to the sharing of current design intentions, site conditions, and scheduling considerations.
6. The site is located at 3300 Via Marina Avenue, Oxnard, CA with access to back of school via Offshore Street. The location of the project will require access for: Trucks for tools/equipment, manpower parking, delivery trucks for materials. Great care and coordination will be required for these activities because they involve the vehicular and pedestrian access for students, parents and teachers.
7. When working on occupied campuses, student swing space and safety becomes a major concern. Viola has extensive experience in working with District personnel to coordinate daily activities so as not to disrupt classes, student access/egress, and pick up and drop off activities.

F2, F3, F4 See attached

5811 Olivas Park Drive, Suite 204 ● Ventura, CA 93003 ● 805-487-3871 ● violainc.com ● CSL 193390

F5. Components of the Guaranteed Maximum Price

The components of the GMP are detailed within the Conceptual Estimate. They are without question subject to the considerations identified above in Construction Issues, Challenges and Solutions as well as with the implementation of Value Engineered recommendations and resolution of the constructibility issues identified throughout the Pre-Construction Phase.

Overhead, General Conditions, Markups, Insurance, Bonds and Fees are as included in the Conceptual Estimate Summary, but are repeated here for clarity:

Subcontractor Bond =	1.5%
Fee =	6.00% of the GMP
General Conditions =	Based on 15 month project duration
Change Order Mark Up =	8.00% of the Aggregate Change Order Value
General Liability Insurance =	0.85% of the Completed Cost of Construction
Builder's Risk Insurance =	1.20% of the Completed Cost of Construction/yr
Payment and Performance Bonds =	0.94% of the Completed Cost of Construction

Reimbursable Fees are 10% above cost incurred

G. Value Engineering Opportunities

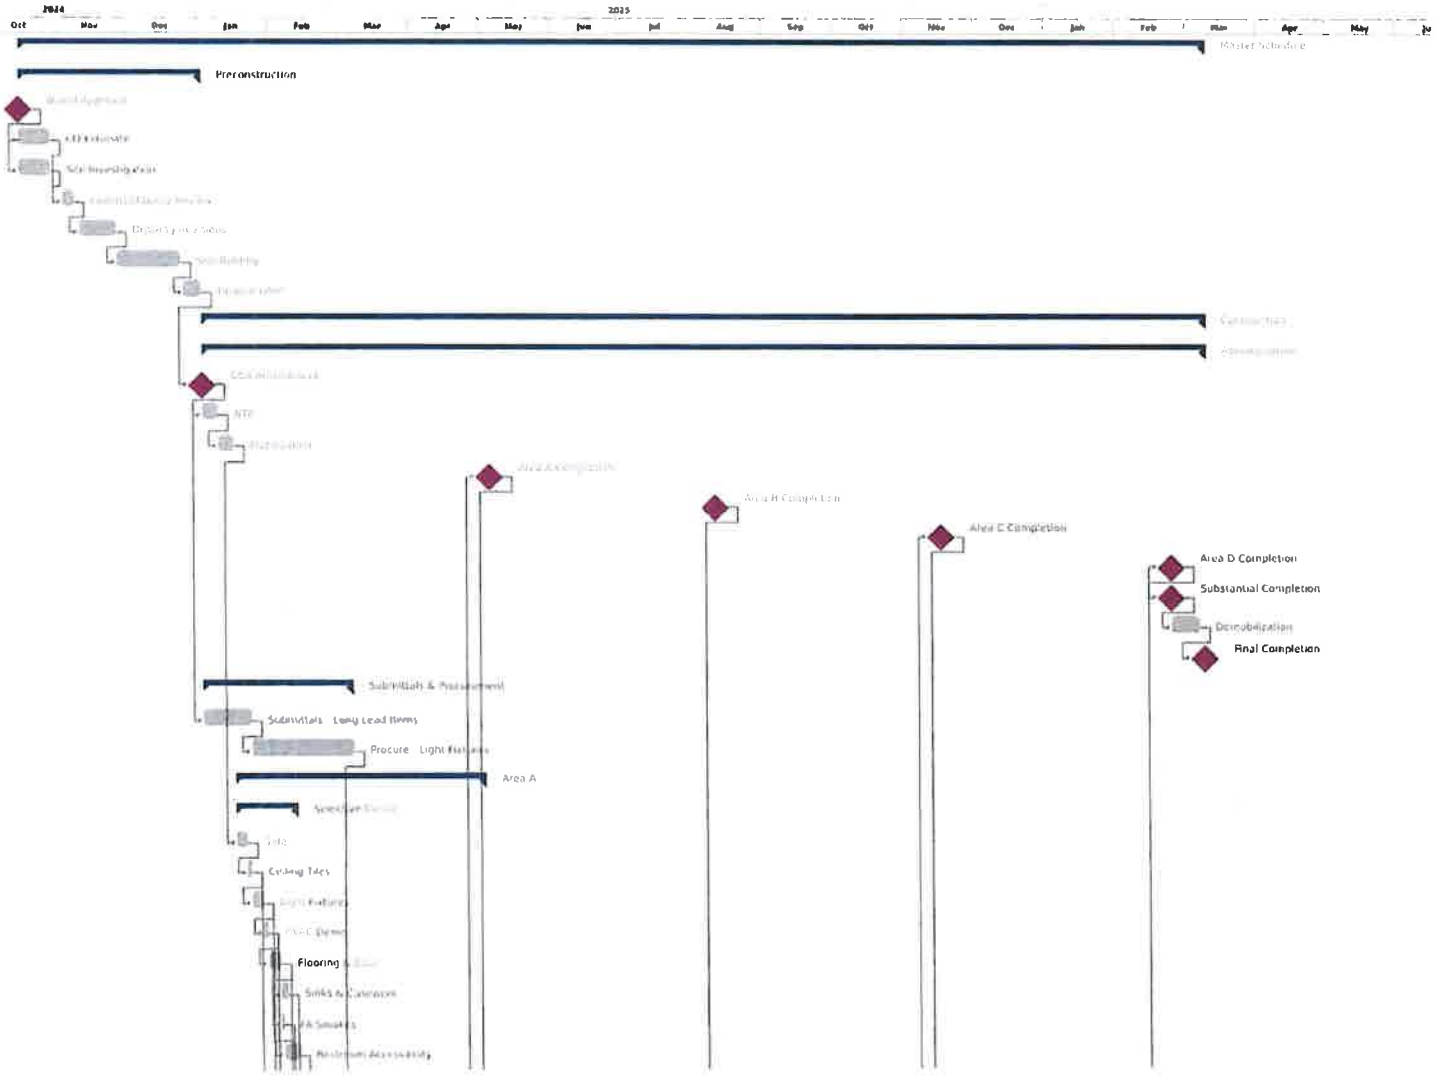
The District and Design Team have DSA approved plans, Viola can and will indentify areas that can lend themselves to savings such as any and all finish systems, equipment, furnishings, plumbing fixtures,and alternate light fixture packages.

H. Subcontractor / Trade Details

Viola Inc. will furnish all jobsite supervision and administration as well as miscellaneous carpentry, general labor, and home office administration. All earthwork/grading, concrete, paving, MEP, AV systems, playground equipment, landscaping, and finishes will be subcontracted.

I. Proposed Project Schedule

The key to maximizing productivity and thus creating greater efficiency is to identify and resolve as many potential conflicts that are inherent to this type of project as early as possible. Understanding what the existing site conditons will present is critical. Complete as-built drawings (if available) should be reviewed to determine if there are any potential conflicts with the new structures. Soil testing for any potential contamination can kill a schedule and should also be performed as soon as practical. By understanding the schools need for swing space, phasing will be necessary for Viola to establish a productive flow allowing multiple trades to work on site simultaneously. Also critical to the schedule is the coordination and communication with District IT personnel to inure all systems are roughed in and located in accordance with the desired design. Site access will also be a key element that needs to be coordinated with McAuliffe Elementary School.



"Together as a Team we build Successful Projects, One by One, Year after Year"

Re: Viola, Inc. - Bond pre-qualification

To Whom It May Concern:

Travelers Casualty and Surety Company of America ("Travelers")[1] is privileged to have worked with Viola, Inc. for over 20 years.

It is our opinion that Viola, Inc. is qualified to perform projects within the parameters of a $60,000,000 single / $100,000,000 aggregate work program. At their request, we will give favorable consideration to providing any required performance and payment bonds.

Please note that any decision to issue performance and payment bonds is a matter between Viola, Inc. and Travelers, and will be subject to our standard underwriting at the time of the final bond request, which will include but not be limited to the acceptability of the contract terms, bond forms and financing. We assume no liability to third parties or to you if for any reason we do not execute said bonds.

If you have any questions or need any additional information, please do not hesitate to contact me.

Sincerely,

Jodie L. Doner
Attorney in Fact
TRAVELERS CASUALTY AND SURETY
COMPANY OF AMERICA

[1] Travelers is an A++ (Superior) A.M. Best rated insurance company (Financial Size Category XV ($2 billion or more)).

CALIFORNIA ALL-PURPOSE ACKNOWLEDGEMENT

"A Notary Public or other officer completing this certificate verifies only the identity of the individual who signed the document to which this certificate is attached, and not the truthfulness, accuracy, or validity of that document."

State of: California

County of Ventura

On 10/2/2023 before me, Jessica Blanchard, Notary Public,

personally appeared Jodie Doner

who proved to me on the basis of satisfactory evidence to be the person(s) whose name(s) is/are subscribed to the within instrument and acknowledged to me that he/she/they executed the same in his/her/their authorized capacity(ies) and that by his/her/their signature(s) on the instrument the person(s), or the entity upon behalf of which the person(s) acted, executed the instrument.

I Certify under PENALTY OF PERJURY under the laws of The State of California that the foregoing paragraph is true and correct.

JESSICA BLANCHARD
Notary Public - California
Ventura County
Commission # 2392058
My Comm. Expires Jan 29, 2026

WITNESS my hand and official seal.

POWER OF ATTORNEY

KNOW ALL MEN BY THESE PRESENTS: That Travelers Casualty and Surety Company of America, Travelers Casualty and Surety Company, and St. Paul Fire and Marine Insurance Company are corporations duly organized under the laws of the State of Connecticut (herein collectively called the "Companies"), and that the Companies do hereby make, constitute and appoint **Jodie L Doner** of **VENTURA**, **California**, their true and lawful Attorney(s)-in-Fact to sign, execute, seal and acknowledge any and all bonds, recognizances, conditional undertakings and other writings obligatory in the nature thereof on behalf of the Companies in their business of guaranteeing the fidelity of persons, guaranteeing the performance of contracts and executing or guaranteeing bonds and undertakings required or permitted in any actions or proceedings allowed by law.

IN WITNESS WHEREOF, the Companies have caused this instrument to be signed, and their corporate seals to be hereto affixed, this **21st** day of **April, 2021**.

State of Connecticut

City of Hartford ss.

By: _____
Robert L. Raney, Senior Vice President

On this the **21st** day of **April, 2021**, before me personally appeared **Robert L. Raney**, who acknowledged himself to be the Senior Vice President of each of the Companies, and that he, as such, being authorized so to do, executed the foregoing instrument for the purposes therein contained by signing on behalf of said Companies by himself as a duly authorized officer.

IN WITNESS WHEREOF, I hereunto set my hand and official seal.

My Commission expires the **30th** day of **June, 2026**

_____
Anna P. Nowik, Notary Public

This Power of Attorney is granted under and by the authority of the following resolutions adopted by the Boards of Directors of each of the Companies, which resolutions are now in full force and effect, reading as follows:

RESOLVED, that the Chairman, the President, any Vice Chairman, any Executive Vice President, any Senior Vice President, any Vice President, any Second Vice President, the Treasurer, any Assistant Treasurer, the Corporate Secretary or any Assistant Secretary may appoint Attorneys-in-Fact and Agents to act for and on behalf of the Company and may give such appointee such authority as his or her certificate of authority may prescribe to sign with the Company's name and seal with the Company's seal bonds, recognizances, contracts of indemnity, and other writings obligatory in the nature of a bond, recognizance, or conditional undertaking, and any of said officers or the Board of Directors at any time may remove any such appointee and revoke the power given him or her; and it is

FURTHER RESOLVED, that the Chairman, the President, any Vice Chairman, any Executive Vice President, any Senior Vice President or any Vice President may delegate all or any part of the foregoing authority to one or more officers or employees of this Company, provided that each such delegation is in writing and a copy thereof is filed in the office of the Secretary; and it is

FURTHER RESOLVED, that any bond, recognizance, contract of indemnity, or writing obligatory in the nature of a bond, recognizance, or conditional undertaking shall be valid and binding upon the Company when (a) signed by the President, any Vice Chairman, any Executive Vice President, any Senior Vice President or any Vice President, any Second Vice President, the Treasurer, any Assistant Treasurer, the Corporate Secretary or any Assistant Secretary and duly attested and sealed with the Company's seal by a Secretary or Assistant Secretary; or (b) duly executed (under seal, if required) by one or more Attorneys-in-Fact and Agents pursuant to the power prescribed in his or her certificate or their certificates of authority or by one or more Company officers pursuant to a written delegation of authority; and it is

FURTHER RESOLVED, that the signature of each of the following officers: President, any Executive Vice President, any Senior Vice President, any Vice President, any Assistant Vice President, any Secretary, any Assistant Secretary, and the seal of the Company may be affixed by facsimile to any Power of Attorney or to any certificate relating thereto appointing Resident Vice Presidents, Resident Assistant Secretaries or Attorneys-in-Fact for purposes only of executing and attesting bonds and undertakings and other writings obligatory in the nature thereof, and any such Power of Attorney or certificate bearing such facsimile signature or facsimile seal shall be valid and binding upon the Company and any such power so executed and certified by such facsimile signature and facsimile seal shall be valid and binding on the Company in the future with respect to any bond or understanding to which it is attached.

I, **Kevin E. Hughes**, the undersigned, Assistant Secretary of each of the Companies, do hereby certify that the above and foregoing is a true and correct copy of the Power of Attorney executed by said Companies, which remains in full force and effect.

Dated this 2nd day of October, 2023.

_____
Kevin E. Hughes, Assistant Secretary

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

WAIVER OF TRANSFER OF RIGHTS OF RECOVERY AGAINST OTHERS TO US (WAIVER OF SUBROGATION)

This endorsement modifies insurance provided under the following:

AUTO DEALERS COVERAGE FORM
BUSINESS AUTO COVERAGE FORM
MOTOR CARRIER COVERAGE FORM

With respect to coverage provided by this endorsement, the provisions of the Coverage Form apply unless modified by the endorsement.

This endorsement changes the policy effective on the inception date of the policy unless another date is indicated below.

Named Insured: Viola Inc
Endorsement Effective Date: 4/1/2024

SCHEDULE

Name(s) Of Person(s) Or Organization(s):
Any person or organization whom you have agreed to include as an additional insured under a fully executed written contract or written agreement, provided that such was executed prior to an "accident", occurrence, loss, injury or damage
Information required to complete this Schedule, if not shown above, will be shown in the Declarations.

The **Transfer Of Rights Of Recovery Against Others To Us** condition does not apply to the person(s) or organization(s) shown in the Schedule, but only to the extent that subrogation is waived prior to the "accident" or the "loss" under a contract with that person or organization.

© Insurance Services Office, Inc., 2011

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

ADDITIONAL INSURED – OWNERS, LESSEES OR CONTRACTORS – (FORM B)

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART.

SCHEDULE

Name of Person or Organization:

As required by written contract signed by both parties prior to loss.

(If no entry appears above, information required to complete this endorsement will be shown in the Declarations as applicable to this endorsement.)

WHO IS AN INSURED (Section II) is amended to include as an insured the person or organization shown in the Schedule, but only with respect to liability arising out of "your work" for that insured by or for you.

Copyright, Insurance Services Office, Inc., 1984

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

EXCLUSION – DESIGNATED OPERATIONS COVERED BY A CONSOLIDATED (WRAP-UP) INSURANCE PROGRAM

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART

SCHEDULE

Description and Location of Operation(s):

Any prior or ongoing operation(s) where you participated in a consolidated (wrap-up) insurance program.

(If no entry appears above, information required to complete this endorsement will be shown in the Declarations as applicable to this endorsement.)

The following exclusion is added to paragraph **2.**, Exclusions of COVERAGE A – BODILY INJURY AND PROPERTY DAMAGE LIABILITY (Section **I** – Coverages):

This insurance does not apply to "bodily injury" or "property damage" arising out of either your ongoing operations or operations included within the "products-completed operations hazard" at the location described in the Schedule of this endorsement, as a consolidated (wrap-up) insurance program has been provided by the prime contractor/project manager or owner of the construction project in which you are involved.

This exclusion applies whether or not the consolidated (wrap-up) insurance program:

(1) Provides coverage identical to that provided by this Coverage Part;

(2) Has limits adequate to cover all claims; or

(3) Remains in effect.

Copyright, Insurance Services Office, Inc., 1994

WAIVER OF TRANSFER OF RIGHTS OF RECOVERY AGAINST OTHERS TO US

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART
PRODUCTS/COMPLETED OPERATIONS LIABILITY COVERAGE PART

SCHEDULE

Name Of Person Or Organization:
As required by written contract signed by both parties prior to loss
Information required to complete this Schedule, if not shown above, will be shown in the Declarations.

The following is added to Paragraph **8. Transfer Of Rights Of Recovery Against Others To Us** of **Section IV – Conditions:**

We waive any right of recovery we may have against the person or organization shown in the Schedule above because of payments we make for injury or damage arising out of your ongoing operations or "your work" done under a contract with that person or organization and included in the "products-completed operations hazard". This waiver applies only to the person or organization shown in the Schedule above.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

CONDITION 4, OTHER INSURANCE, AMENDED - NON CONTRIBUTORY

Paragraph 4.c. is deleted in its entirety and replaced by the following:

c. If all of the other insurance permits contribution by equal shares, we will follow this method unless the insured is required by contract to provide insurance that is primary and non-contributory, and the "Insured Contract" is executed prior to any loss. Where required by a contract, this insurance will be primary only when and to the extent as required by that contract. However, under the contributory approach each insurer contributes equal amounts until it has paid its applicable limit of insurance or none of the loss remains, whichever comes first.

   If any of the other insurance does not permit contribution by equal shares, we will contribute by limits. Under this method, each insurer's share is based on the ratio of its applicable limit of insurance to the total applicable limits of insurance of all insurers.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

BUSINESS AUTO ENHANCEMENT ENDORSEMENT

This endorsement modifies insurance provided under the following:

BUSINESS AUTO COVERAGE FORM

1. ADDITIONAL INSURED BY CONTRACT OR AGREEMENT

A. SECTION II – COVERED AUTOS LIABILITY COVERAGE, paragraph **A. Coverage**, paragraph **1. Who Is An Insured**, is amended by adding the following:

(1) Any person or organization with respect to the operation, maintenance or use of a covered "auto" covered under this policy, provided that you and such person or organization have agreed in a written contract or agreement, to add such person or organization to this policy as an "insured".

However, such person or organization is and "insured":

a. Only with respect to the operation, maintenance or use of a covered "auto" covered under this policy;
b. Only for "bodily injury" or "property damage" caused by an "accident" which takes place after you executed the written contract or agreement and during the policy period; and
c. Only for the duration of the contract or agreement.

(2) How Limits Apply – The most we will pay on behalf of an additional insured is the lesser of:

a. The limits of insurance specified in the written contract or agreement between you and the person or organization you agreed to add as and additional insured; or
b. The Limits of Insurance shown in the Declarations.

Such amount shall be part of and not in addition to the Limits of Insurance shown in the Declarations and described in this Section.

(3) Additional Insureds Other Insurance – If we cover a claim or "suit" under this Coverage Part that may also be covered by other insurance available to an additional insured, such additional insured must submit such claim or "suit" to the other insurer for defense and indemnity.

However, this provision does not apply to the extent you have agreed in a written contract or agreement with the additional insured that this insurance is primary and non-contributory with the additional insured's own insurance.

(4) Duties In the Event Of An Accident, Claim, Suit Or Loss – If you have agreed in a written contract or agreement that another person or organization be added as an additional insured on your policy, the additional insured shall be required to comply with the provisions in **SECTION IV – BUSINESS AUTO CONDITIONS**, paragraph **A. Loss Conditions**, paragraph **2. Duties In the Event Of An Accident, Claim, Suit Or Loss**, in the same manner as the Named Insured.

2. HIRED AUTO PHYSICAL DAMAGE COVERAGE

A. SECTION III – PHYSICAL DAMAGE COVERAGE, paragraph **A. Coverage**, paragraph **4. Coverage Extensions**, is amended by adding the following:

If hired "autos" are covered "autos" for Liability Coverage and if Comprehensive, Specified Causes of Loss, or Collision coverages are provided under this Coverage Form for any "auto"

you own, then the Physical Damage Coverages provided are extended to "autos" you hire or borrow, subject to the following limit, deductible and conditions:

(1) The most we will pay for "loss" to any hired "auto" is:

a. $50,000; or
b. The actual cash value of the damaged or stolen property at the time of the "loss"; or
c. The cost of repairing or replacing the damaged or stolen property with other property of like kind,

whichever is smallest, minus a deductible.

(2) The deductible will be equal to the largest deductible applicable to any owned "auto" for Physical Damage Coverage.

(3) Hired Auto Physical Damage coverage is excess over any other collectible insurance.

(4) Subject to the above limit, deductible, and excess provisions, we will provide that Physical Damage Coverage applicable to any covered "auto" you own.

(5) Subject to a maximum of $1,000 per "accident", we will also cover the actual loss of use of the hired "auto" if it results from an "accident", you are legally liable, and the lessor incurs and actual financial loss.

(6) This coverage extension does not apply to:

a. Any "auto" that is hired, rented or borrowed with a driver;
b. Any "auto" you hire or borrow from any of your "employees" or members of their household;
c. Any "auto" you hire or borrow from any of your partners or members of their household (if you are a partnership); or
d. Any "auto" you hire or borrow from any of your members or members of their household (if you are a limited liability company).

3. TOWING AND LABOR

A. SECTION III – PHYSICAL DAMAGE COVERAGE, paragraph **A. Coverage**, paragraph **2. Towing**, is deleted in its entirety and replaced with the following:

We will pay towing and labor costs you have incurred, up to the limits shown below, for each classification of covered "auto" shown below, each time a covered "auto" classified below is disabled:

(1) For private passenger type vehicles, we will pay up to $50.00 per disablement.

(2) For "light trucks", we will pay up to $75.00 per disablement. "Light trucks" are trucks that have a gross vehicle weight of 10,000 pounds or less.

However, the labor must be performed at the place of disablement.

4. ACCIDENTAL AIRBAG DEPLOYMENT COVERAGE

A. SECTION III – PHYSICAL DAMAGE COVERAGE, paragraph **B. Exclusions**, paragraph **3** is amended by adding the following:

This exclusion does not apply to the accidental discharge of an airbag.

Any insurance we provide for "loss" relating to the accidental discharge of an airbag shall be excess over any other collectible insurance or reimbursement by manufacturer's warranty.

5. LOAN/LEASE GAP COVERAGE

A. SECTION III – PHYSICAL DAMAGE COVERAGE is amended by adding the following:

In the event of a "total loss" to a covered "auto" owned or leased by you we will pay your additional legal obligation for any difference between the actual cash value of the covered "auto" at the time of "loss" and the "outstanding balance" of the loan or lease.

As used in this provision "outstanding balance" means the amount you owe under the terms of the loan or lease to which the damaged covered "auto" is subject at the time of the "loss" less the amount of the following:

a. Overdue payments and financial penalties associated with those payments at the time of "loss";
b. Financial penalties imposed under a lease due to high mileage, excessive use or abnormal wear and tear;
c. Security deposits not refunded by the lessor;
d. Cost for Extended Warranties and additional protections such as but not limited to Credit Life, Health, Accident or Disability Insurance purchased with the lease or loan;
e. Carryover, transfer or rollover balances from previous loans or leases;
f. Any amount representing taxes;
g. Loan or lease termination fees;
h. The dollar amount of any unrepaired damage that that occurred prior to the "total loss" of a covered "auto";
i. All refunds payable or paid to you as a result of the early termination of a lease agreement or as a result of the early termination of any warranty or extended service agreement on a covered "auto"; and
j. Final payment under a "balloon loan".

As used in this provision a "balloon loan" is a loan with periodic payments that are insufficient to repay the balance over the term of the loan, thereby requiring a large final *payment.*

B. For the purposes of this Loan/Lease Gap Coverage provision, **SECTION V – DEFINITIONS** is amended by adding the following Definitions:

"Total loss" means a "loss" in which the cost of repairs plus the salvage value exceeds the actual cash value at the time of "loss".

A "balloon loan" is a loan with periodic payments that are insufficient to repay the balance over the term of the loan, thereby requiring a large final payment.

6. EXTENDED CANCELLATION CONDITION

A. COMMON POLICY CONDITIONS, paragraph **A. – Cancellation** condition applies except as follows:

If we cancel for any reason other than nonpayment of premium, we will mail or deliver to the first Named Insured written notice of cancellation at least 60 days before the effective date of cancellation. This provision does not apply in those states which require more than 60 days' prior notice of cancellation.

7. VEHICLE WRAP COVERAGE

A. SECTION III – PHYSICAL DAMAGE COVERAGE, paragraph **A. Coverage, 4. Coverage Extensions**, is amended by adding the following:

In the event of a "total loss" to a covered "auto" for which Comprehensive, Specified Causes of Loss, or Collision coverages are provided under this Coverage Form, we will pay up to $1,000.00 for vinyl vehicle wraps which are displayed on the covered "auto" at the time of "total loss". Regardless of the number of autos deemed a "total loss", the most we will pay under this coverage extension for any one "loss" is $5,000.00. For the purposes of this coverage extension, signs or other graphics painted or magnetically affixed to the vehicle are not considered vehicle wraps.

B. For the purposes of this Vehicle Wrap Coverage provision, **SECTION V – DEFINITIONS** is amended by adding the following Definitions:

"Total loss" means a "loss" in which the cost of repairs plus the salvage value exceeds the actual cash value at the time of "loss".

8. AUDIO, VISUAL AND DATA ELECTRONIC EQUIPMENT COVERAGE

A. SECTION III – PHYSICAL DAMAGE COVERAGE, paragraph **B. Exclusions**, subparagraphs **5.a.** and **5.b.** are deleted and replaced with the following:

Exclusions **4.c** and **4.d** do not apply to electronic equipment that receives or transmits audio, visual or data signals, whether or not designed solely for the reproduction of sound, if the equipment is permanently installed in the covered "auto" at the time of the "loss" and such equipment is designed to be solely operated by the use of power from the "auto's" electrical system, in or upon the covered "auto" and physical damage coverages are provided for the covered "auto"; or

B. For the purposes of this Audio, Visual and Data Electronic Equipment Coverage provision, **SECTION III – PHYSICAL DAMAGE COVERAGE**, paragraph **B. Exclusions**, Paragraph **5** is amended by adding the following:

If the "loss" occurs solely to audio, visual or data electronic equipment or accessories used with this equipment, then our obligation to pay for, repair, return or replace damaged or stolen property will be reduced by a $100.00 deductible.

All other terms and conditions of the policy remain unchanged.

OSD BOARD AGENDA ITEM

Name of Contributor: Kristen Pifko **Date of Meeting:** December 17, 2025

Agenda Section: Section C: Facilities Agreement

Ratification of Change Order #1 to Agreement #25-105 – Letner Roofing Co. - Roofing Repair Project at Brekke Elementary School (Pifko/Bennett)

On June 18, 2025, the Board of Trustees approved the use of Piggyback Contracts and Cooperative Purchasing Programs for procuring goods and services during the 2025–2026 school year.

Change Order No. 1, in the amount of $41,187.86, was required to complete the roofing project at Brekke School. This change order included replacement tiles, stucco repairs, and a drain replacement.

FISCAL IMPACT:

$41,187.86 – Deferred Maintenance Funds

RECOMMENDATION:
It is the recommendation of the Assistant Superintendent, Business & Fiscal Services, and the Director of Facilities, that the Board of Trustees ratify Change Order #1 to Agreement #25-105 with Letner Roofing Co.

ADDITIONAL MATERIALS:

Attached: Change Order # 1 (12 Pages)

Requisition Number

P26-000609
Purchase Order Number

25-105
Contract Number

This Services Agreement (the "Agreement") is made and entered into this 18th day of June, 2025 by and between Oxnard School District (hereinafter referred to as "District") and Letner Roofing Co., (hereinafter referred to as "Provider.")

PROVIDER.

Letner Roofing Co. Provider	714-633-0030 Telephone Number
1490 N. Glassell St. Street Address	714-633-0280 Fax Number
Orange, CA 92867 City, State, Zip code	pdavid@letner.com E-mail Address
Tax Identification or Social Security Number	License Number (if applicable)

A. District desires to engage Provider services as more particularly described on "Statement of Work" which is attached hereto and incorporated herein by this reference ("Services").

B. Provider has the necessary qualifications by reason of training, experience, preparation and organization, and is agreeable to performing and providing such Services, upon and subject to the terms and conditions as set forth below in this Agreement.

NOW THEREFORE, for valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto hereby agree as follows:

1. **CONDITIONS**. Provider will have no obligation to provide services until District returns a signed copy of this Agreement.

2. **NATURE OF RELATIONSHIP**. The parties agree the relationship created by this Agreement is that of independent contractor. In performing all of the Services, Provider shall be, and at all times is, acting and performing as an independent contractor with District, and not as a partner, coventurer, agent, or employee of District, and nothing contained herein shall be construed to be inconsistent with this relationship or status. Provider is not granted any right or authority to assume or to create any obligation or responsibility, express or implied, on behalf of or in the name of District or to bind the District in any manner. Except for any materials, procedures, or subject matter agreed upon between Provider and District, Provider shall have complete control over the manner and method of performing the Services.

Provider understands and agrees to independent contractor status. Provider understands and agrees that the filing and acceptance of this Agreement creates a rebuttable presumption and that the Provider, officers, agents, employees, or subcontractors of Provider are not entitled to coverage under the California Workers' Compensation Insurance laws, Unemployment Insurance, Health Insurance, Pension Plans, or any other benefits normally offered or conveyed to District employees. Provider will be responsible for payment of all Provider employee wages, payroll taxes, employee benefits, and any amounts due for federal and state income taxes and Social Security taxes. These taxes will not be withheld from payments under this agreement.

3. **NON-EXCLUSIVITY.**

   a. During the term of this agreement Provider may, independent of Provider's relationship with the District, without breaching this Agreement or any duty owed to the District, act in any capacity, and may render services for any other entity.

   b. During the term of this Agreement the District may, independent of its relationship with the Provider, without breaching this Agreement or any duty owed to the Provider contract with other individuals and entities to render the same or similar services to the District.

4. **SERVICES.** Provider shall provide District with the services, which are described on the "Statement of Work" (the "Work" or "Service") attached hereto and incorporated herein by this reference. The Statement of Work shall contain a timetable for completion of the Work or if the Work is an ongoing service, the Statement of Work shall set forth the mutually agreed schedule for providing such services. Provider shall use its best efforts to complete all phases of the Work according to such timetable. In the event that there is any delay in completion of the Work arising as a result of a problem within the control of District, Provider and District shall cooperate with each other to work around such delay. However, District shall not be responsible for any additional cost or expense to Provider as a result of such delay unless specifically agreed to in writing by the District. In addition to the specifications and/or requirements contained in the Statement of Work and any warranty given by Provider hereunder, the Statement of Work may set forth those performance criteria agreed between District and Provider whereby the District can evaluate whether Provider has satisfactorily completed the Work ("Performance Criteria").

   Provider, at Provider's sole cost and expense, shall furnish all tools, equipment, apparatus, facilities, transportation, labor, and material necessary to meet its obligations under this Agreement. No substitutions of materials or service from those specified in this section shall be made without the prior written consent of the District.

5. **TIME OF PERFORMANCE.** The term of this Agreement shall commence on June 23, 2025, and terminate on August 15, 2025. All work and services contracted for under the terms of this Agreement shall be undertaken and completed in such sequence as to assure their full completion in accordance with the terms and conditions set forth in this Agreement.

   [**Note:** California *Education Code* section 17596 limits continuing contracts; contracts for work or services, or for apparatus or equipment, not to exceed five years; for materials or supplies, not to exceed three years.]

6. **PAYMENT AND EXPENSES.** All payments due to Provider are set forth in the "Schedule of Fees" attached hereto and incorporated herein by this reference.

   Provider shall send District periodic statements indicating Provider's fees and costs incurred and their basis and any current balance owed. If no Provider's fees or costs are incurred for a particular time period,

or if they are minimal, the statement may be held by the Provider and combined with that for the following time period unless a statement is requested by the District.

All payments due Provider are set forth in "Schedule of Fees" and shall be paid by the District within 30 days of receipt of a proper, undisputed invoice from Provider, which invoice shall set forth in reasonable detail the services performed. The District reserves the right, in its sole and absolute discretion, to reject any invoice that is not submitted in compliance with the District's standards and procedures. In the event that any portion of an invoice submitted by a Provider to the District is disputed, the District shall only be required to pay the undisputed portion of such invoice at that time, and the parties shall meet to try to resolve any disputed portion of any invoice.

The rates set forth in "Schedule of Fees" are not set by law, but are negotiable between Provider and District.

7. **ASSIGNMENT AND SUBCONTRACTORS.** Provider shall not assign, sublet, or transfer this Agreement or any rights under or interest in this Agreement without the prior written consent of the District, which may be withheld by the District in its sole and absolute discretion for any reason. Nothing contained herein shall prevent Provider from employing independent associates, subcontractors, and sub-consultants as Provider may deem appropriate to assist in the performance of services herein, subject to the prior written approval of the District. Any attempted assignment, sublease, or transfer in violation of this Agreement shall be null and void, and of no force and affect. Any attempted assignment, sublet, or transfer in violation of this Agreement shall be grounds for the District, in its sole discretion, to terminate the Agreement

8. **TERMINATION OR AMENDMENT.** This Agreement may be terminated or amended in writing at any time by mutual written consent of all of the parties to this Agreement, and may be terminated by either party for any reason by giving the other party 60 days advance written notice. In the event of cancellation prior to completion of the specified services, all finished or unfinished projects, documents, data, studies, and reports prepared by the Provider under this agreement shall, at the option of the District, become District property. The Provider shall be entitled to receive just and equitable compensation for any satisfactory work completed on such items prior to termination of the Agreement.

   The parties to this Agreement shall be excused from performance thereunder during the time and to the extent they are prevented from obtaining, delivering, or performing due to act(s) of God. Satisfactory evidence thereof to the other party is required, provided that it is satisfactorily established that the non-performance is not due to the fault or neglect of the party not performing.

9. **NOTICE.** Any notices required or permitted to be given under this Agreement shall be deemed fulfilled by written notice, demand or request personally served on (with proof of service endorsed thereon, or mailed to, or hereinafter provided) the party entitled thereto or on its successors and assigns, and may be given by:

   a. Personal delivery;

   b. Overnight commercial courier;

   c. Certified or registered prepaid U.S. mail, return receipt requested; or

   d. Electronic mail or electronic facsimile transmission; provided that if given electronically, an additional copy shall also be delivered by a, b, or c, above.

If mailed, such notice, demand, or request shall be mailed certified or registered mail, return receipt requested, and deposited in the United States mail addressed to such party at its address set forth below or to such address as either party hereto shall direct by like written notice and shall be deemed to have been made on the third (3rd) day following posting; or if sent by a nationally recognized overnight express carrier, prepaid, such notice shall be deemed to have been made on the next business day following deposit with such carrier. For the purposes herein, notices shall be sent to the District and the Provider as follows:

Oxnard School District	Letner Roofing Co.
District	Provider
Attn: Mark Bennett	Attn: Ponce David
1051 South A Street	1490 N. Glassell St.
Street	Street
Oxnard, CA 93030	Orange, CA 92867
City, State, Zip Code	City, State, Zip Code

10. **WARRANTY**. Provider hereby warrants to District that the Work shall be performed in a professional and workmanlike manner consistent with the highest industry standards. For a period of one (1) year following completion of the Work, Provider shall correct or make arrangements to correct any breach of the warranty for the Work within ten (10) business days of notice from District of same.

11. **ADDITIONAL WORK**. If changes in the work seem merited by the Provider or the District, and informal consultations with the other party indicate that a change is warranted, it shall be processed by the District in the following manner:

    a. A letter outlining the changes shall be forwarded to the District by the Provider with a statement of estimated changes in fee and/or time schedule.

    b. A written amendment to this Agreement shall be prepared by the District and executed by all of the parties before any performance of such services or the District shall not be required to pay for the increased cost incurred for the changes in the scope of work.

    Any such amendment to the Agreement shall not render ineffective or invalidate unaffected portions of this Agreement.

12. **COMPLIANCE WITH LAWS**. Provider hereby agrees that Provider, officers, agents, employees, and subcontractors of Provider shall obey all local, state, and federal laws and regulations in the performance of this Agreement, including, but not limited to minimum wages laws and/or prohibitions against discrimination. Without limiting the generality of the foregoing, Provider shall complete the conflict of interest certification on **Exhibit C**.

    Provider, officers, agents, employees and/or subcontractors of Provider shall secure and maintain in force for the full term of this Agreement, at Provider's sole cost and expense, such licenses and permits as are required by law, in connection with the furnishing of all the Services, materials, or supplies necessary for completion of the Services described.

Provider shall be responsible for all costs of clean up and/or removal of spilled regulated substances as a result of Provider's services or operations performed under this Agreement, including, but not limited to:

- [x] Hazardous and toxic substances,
- [x] Hazardous waste,
- [x] Universal waste,
- [ ] Medical waste,
- [ ] Biological waste,
- [ ] Sharps waste.

13. **NON-DISCRIMINATION AND EQUAL EMPLOYMENT OPPORTUNITY**
Provider represents and agrees that it does not and shall not discriminate against any employee or applicant for employment, company, individual or group of individuals, because of ancestry, age, color, disability (physical and mental, including HIV and AIDS), genetic information, gender identity, gender expression, marital status, medical condition, military or veteran status, national origin, race, religion, sex/gender, and sexual orientation.

14. **INDEMNIFICATION**. To the fullest extent permitted by law, Provider agrees to defend, indemnify, and hold harmless District, its governing board, officers, agents, employees, successors, assigns, independent contractors and/or volunteers from and against any and all claims, demands, monetary or other losses, loss of use, damages and expenses,, including but not limited to, legal fees and costs, or other obligations or claims arising out of any liability or damage to person or property resulting from bodily injury, illness, communicable disease, virus, pandemic, or any other loss, sustained or claimed to have been sustained arising out of activities of the Provider or those of any of its officers, agents, employees, participants, vendors, customers or subcontractors of Provider, whether such act or omission is authorized by this Agreement or not. Provider also agrees to pay for any and all damage to the real and personal property of the District, or loss or theft of such property, or damage to the Property done or caused by such persons. District assumes no responsibility whatsoever for any property placed on District premises by Provider, Provider's agents, employees, participants, vendors, customers or subcontractors. Provider further hereby waives any and all rights of subrogation that it may have against the District. The provisions of this Indemnification do not apply to any damage or losses caused solely by the negligence of the District or any of its governing board, officers, agents, employees and/or volunteers.

15. **INSURANCE**. Provider, at its own cost and expense, shall procure and maintain during the term of this Agreement, policies of insurance for the following types of coverage:

a. Commercial General Liability Insurance. Provider shall procure and maintain, during the term of this Agreement, the following General Liability Insurance coverage:

	Each Occurrence	Aggregate
Individual, Sole Proprietorship, Partnership, Corporation, or Other	$ 1,000,000.00	$ 2,000,000.00

Commercial General Liability insurance shall include products/completed operations, property damage, and personal and advertising injury coverage.

Any and all subcontractors hired by Provider in connection with the Services described in this Agreement shall maintain such insurance unless the Provider's insurance covers the subcontractor and its employees.

b. Automobile Liability. Provider shall procure and maintain, during the full term of this Agreement, Automobile Liability Insurance, including non-owned and hired automobiles, as applicable with the following coverage limits:

Personal vehicles: $ 500,000.00 combined single limit or
$100,000.00 per person / $300,000.00 per accident

c. Workers' Compensation Insurance. Provider shall procure and maintain, during the term of this Agreement, Workers' Compensation Insurance, as required by California law, on all of its employees engaged in work related to the performance of this Agreement. Provider shall procure and maintain Employers' Liability insurance coverage of $1,000,000.
In the case of any such work which is subcontracted, Provider shall require all subcontractors to provide Workers' Compensation Insurance and Employers' Liability insurance for all of the subcontractor's employees to be engaged in such work unless such employees are covered by the protection afforded by the Provider's Workers' Compensation Insurance.
Absent proof of Workers' Compensation Insurance, Provider will submit a statement requesting a waiver from this requirement and indicating the reason Workers' Compensation Insurance is not required.

e. Other Coverage as Dictated by the District. Provider shall procure and maintain, during the term of this Agreement, the following other Insurance coverage:

	Each Occurrence	Aggregate
☐ Abuse and Molestation	$ 2,000,000.00	$4,000,000.00
☐ Pollution Liability	$ 1,000,000.00	$ 2,000,000.00
☐ Cyber Liability	$ 5,000,000.00	
☐ Other: _____	$ _____	$ _____

f. If the Provider or Provider's subcontractor(s) maintains broader coverage and/or higher limits than the minimums shown above, the District requires and shall be entitled to the broader coverage and/or higher limits maintained by the Provider. Any available insurance proceeds in excess of the specified minimum limits of insurance and coverage shall be available to the District.

g. Provider's and any and all subcontractors' insurance is primary and will not seek contribution from any other insurance available to the district.

h. Certificates of Insurance. Provider and any and all subcontractors working for Provider shall provide certificates of insurance to the District as evidence of the insurance coverage required herein, not less than Fifteen (15) days prior to commencing work for the District, and at any other time upon the request of the District. Certificates of insurance will be deemed invalid if proper endorsements are not attached. Certificates of such insurance shall be filed with the District on or before commencement of the services under this Agreement.

i. Endorsements. Provider's and any and all Provider subcontractor's Commercial General Liability insurance; Commercial Automobile Insurance; Liability Excess, Umbrella and/or Reinsurance; and Abuse and Molestation coverage shall name the District, its governing board, officers, agents, employees, and/or volunteers as additional insureds. All endorsements specifying additional insureds for any of the Insurance Policies shall be as indicated below or an equivalent endorsement reasonably acceptable to the District.

1) General Liability

❑ Facilities Rental or Lease: CG 20 11 10 01;

■ Most Other services: CG 20 26 10 01.

2) Primary, Non-Contributory

■ CG 20 01 01 13

3) Waiver of Subrogation

■ CG 24 04 05 09

4) Commercial Automobile Liability

■ CA 20 48 10 13

j. Provider's and any and all Provider subcontractor's Commercial General Liability insurance shall provide a list of endorsements and exclusions.

k. Deductibles. Any deductible(s) or self-insured retention(s) applicable to the insurance and/or coverage required by the foregoing provisions of this agreement must be declared to and approved by the District. Provider shall be responsible to pay that deductible or self-insured retention and the District shall not be responsible to pay these costs. In the event that Provider's deductibles or self-insured retentions collectively total more than $50,000.00, District reserves the right to request proof of Provider's financial solvency in relation to remittance thereof or require Provider to post a bond guaranteeing payment of the deductible, or both.

l. Acceptability of Insurers. Insurance is to be placed with insurers with a current A.M. Best's rating of no less than A: VII, unless otherwise acceptable to the District.

m. Insurance written on a "claims made" basis is to be renewed by the Provider and all Provider subcontractors for a period of five (5) years following termination of this Agreement. Such insurance

must have the same coverage and limits as the policy that was in effect during the term of this agreement, and will cover the provider for all claims made.

n. Failure to Procure Insurance. Failure on the part of Provider, or any of its subcontractors, to procure or maintain required insurance shall constitute a material breach of contract under which the District may immediately terminate this Agreement.

16. **SAFETY AND SECURITY**. Provider shall be responsible for ascertaining from the District all of the rules and regulations pertaining to safety, security, and driving on school grounds, particularly when children are present.

Without limiting the generality of the foregoing, Provider shall comply with any applicable fingerprinting/ criminal background investigation and tuberculosis clearance requirements of the California Education Code and shall provide the certifications on **Exhibit C** prior to performance of any Services.

a. On Site Services; Student Data Access. If services require Provider to access any District facility, transport or interact in any manner (including through an app or other electronic means) with District students, or access student data, Provider and any and all subcontractors are required to comply with Education Code section 45125.1, Fingerprint certification requirements. Provider must provide proof that fingerprint certification requirements have been fulfilled prior to commencing any services for the District under this Agreement.

Provider shall certify in writing to the school district that neither the Provider nor any of its employees, agents, representatives or subcontractors who are required to submit or have their fingerprints submitted to the Department of Justice and who may interact with any District student outside the direct supervision and control of a District employee or that student's parent or legal guardian have been convicted of a felony.

b. Other Services. If Provider will not provide any services on site or have access to any student data or interact with any District student in connection with the Services, then, Provider and its subcontractors are not required to comply with Education Code section 45125.1 background check requirements. However, Provider must still complete **Exhibit C** to specify that these requirements are not applicable.

c. Tuberculosis Risk Assessment requirements (Education Code section 49406). Providers who may have more than limited contact with District students (including any Providers who provide in person tutoring or who provide any transportation services to students) are required to cause to be on file with the District a certificate from an examining physician showing that Provider, employees and/or sub providers of Provider have been examined and found free from active tuberculosis.

17. **GOVERNING LAW AND VENUES**. Provider hereby acknowledges and agrees that District is a public entity, which is subject to certain requirements and limitations. This Agreement and the obligations of District hereunder are subject to all applicable federal, state and local laws, rules, and regulations, as currently written or as they may be amended from time to time.

This Agreement shall be interpreted in accordance with the laws of the State of California. If any action is brought to interpret or enforce any term of this Agreement, the action shall be brought in state or federal court situated in the County of Ventura, State of California. Provider hereby waives and expressly agrees not to assert, in any way, any claim or allegation that it is not personally subject to the jurisdiction of the courts named above. Provider further agree to waive any claim or allegation that the suit, action, or proceeding is either brought in an inconvenient forum or that the related venue is improper."

18. **DISPUTE RESOLUTION.**

a. The parties agree that, in the event of any dispute under the agreement in which the amount sought is $5,000.00 or less, any litigation to resolve the dispute shall be brought in the Ventura County Small Claims Court.

b. If the amount in dispute exceeds $5,000.00, the parties agree that they will first submit the matter to a mutually agreed upon mediator. Notwithstanding section 19, Attorneys Fees, the cost of the mediator shall be borne equally by the parties.

c. If the mediator is unable to resolve the dispute, then the parties shall submit the matter to binding arbitration in Ventura County or other mutually agreed location pursuant to the rules of the American Arbitration Association (AAA), as amended or as augmented in this Agreement (the "Rules"). The parties acknowledge that one of the purposes of utilizing arbitration is to avoid lengthy and expensive discovery and allow for prompt resolution of the dispute.

Arbitration shall be initiated as provided by the Rules, although the written notice to the other party initiating arbitration shall also include a description of the claim(s) asserted and the facts upon which the claim(s) are based. Arbitration shall be final and binding upon the parties and shall be the exclusive remedy for all claims subject hereto, including any award of attorneys' fees and costs. Either party may bring an action in court to compel arbitration under this Agreement and to enforce an arbitration award.

All disputes shall be decided by a single arbitrator. The arbitrator shall be selected by mutual agreement of the parties within 30 days of the effective date of the notice initiating the arbitration. If the parties cannot agree on an arbitrator, then the complaining party shall notify the AAA and request selection of an arbitrator in accordance with the Rules. The arbitrator shall have only such authority to award equitable relief, damages, costs, and fees as a court would have for the particular claim(s) asserted. In no event shall the arbitrator award punitive damages of any kind.

The arbitrator shall have the power to limit or deny a request for documents or a deposition if the arbitrator determines that the request exceeds those matters, which are directly relevant to the claims in controversy. The document demand and response shall conform to Code of Civil Procedure section 2031. The deposition notice shall conform to Code of Civil Procedure section 2025. The parties may make a motion for protective order or motion to compel before the arbitrator with regard to the discovery, as provided in Code of Civil Procedure sections 2025 and 2031.

19. **ATTORNEYS FEES.** In the event of any action or proceeding to interpret or enforce the terms of this Agreement, the prevailing party, as determined by the court or arbitrator, shall be entitled to recover its reasonable attorney fees and costs incurred in connection with such actions or proceeding

20. **DOCUMENT RETENTION.** After Provider's services to District conclude, Provider shall, upon the District's request, deliver all documents for all matter in which Provider has provided services to the District, along with any property of the District in Provider's possession and/or control. If the District does not request District's document(s) for a particular service, Provider will retain document(s) for a period of two (2) years after the service has ended. If District does not request delivery of the document(s) for the service before the end of the two (2) year period, Provider will have no further obligation to retain the document(s) and may, at Provider's discretion, destroy it without further notice to the District. At any point during the two (2) year period, District may request delivery of the document(s).

Exceptions: Attorney work-product and medical records shall not be destroyed by provider without the prior written consent of the District.

21. **NATURE OF AGREEMENT.** This Agreement constitutes a binding expression of the understanding of the parties with respect to the services to be provided hereunder and is the sole contract between the parties with respect to the subject matter thereof. There are no collateral understandings or representations or agreements other than those contained herein. This Agreement represents the entire agreement between the parties hereto with respect to the subject matter hereof and supersedes any and all other agreements and communications however characterized, written or oral, between or on behalf of the parties hereto with respect to the subject matter hereof. This Agreement may only be modified by a written instrument signed by authorized representatives of each of the parties hereto; provided that the District may not be bound by any term or condition incorporated by reference (including references to any link, website or electronic document) into any document prepared by or provided to District by Provider, including any license, purchase order or other instrument.

For the avoidance of any doubt, Provider is hereby informed that any and all terms or conditions of use of any web-based service or application must be presented in PDF format to the Board of Trustees and may not be unilaterally altered by Provider during the Term of this Agreement.

THE BODY OF THIS AGREEMENT MAY NOT BE EDITED OR ALTERED BY PROVIDER.

22. **BINDING EFFECT.** This Agreement shall inure to the benefit and shall be binding upon all of the parties to this Agreement, and their respective successors in interest or assigns.

23. **WAIVER.** No claim or right arising out of a breach of this Agreement can be discharged in whole or in part by a waiver or renunciation of the claim or right unless such waiver is in writing.

24. **SEVERABILITY.** It is intended that each paragraph of this Agreement shall be treated as separate and divisible, and in the event that any paragraphs are deemed unenforceable, the remainder shall continue to be in full force and effect so long as the primary purpose of this Agreement is unaffected.

25. **PARAGRAPH HEADINGS.** The headings of paragraphs hereof are inserted only for the purpose of convenient reference. Such headings shall not be deemed to govern, limit, modify or in any other manner affect the scope, meaning or intent of the provisions of this Agreement or any part or portion thereof, nor shall they otherwise be given any legal effect whatsoever.

26. **AUTHORITY.** Provider represents and warrants that Provider has all requisite power and authority to conduct its business and to execute, deliver, and perform this Agreement. Each party warrants that the individuals who have signed this Agreement have the legal power, right, and authority to make this Agreement and to bind each respective party.

27. **COUNTERPART EXECUTION: ELECTRONIC DELIVERY.** This Agreement may be executed in any number of counterparts which, when taken together, shall constitute one and the same instrument. Executed counterparts of this Agreement may be delivered by PDF email or electronic facsimile transmission, and shall have the same legal effect as an "ink-signed" original.

IN WITNESS WHEREOF, the parties have executed this agreement as of the date first written above. By signing below, Provider certifies that it has not altered any provision of the body of this Agreement.

Provider: Letner Roofing Co.

I. Fingerprinting/Criminal Background Certification (Education Code Section 45125.1)

Provider and its subconsultant's and their employees, agents and representatives (each, a "Provider Party") are required to submit fingerprints to the California Department of Justice (CDOJ) if they may interact with any student outside of the immediate supervision and control of the student's parent or guardian or a District employee in connection with the Services. Provider certifies to the Superintendent and the Board of Trustees of the District that it is, or prior to providing any Service under this Agreement will be, in compliance with the requirements of Education Code section 45125.1, as follows (Provider to check one box):

☐ Provider will ensure that any Provider Party who: (a) might access a District facility and/or interact with a District pupil in any manner (including through an educational app or cloud-based system) outside of the immediate supervision and control of the student's parent or guardian or a District employee OR (b) who was identified by District as a person requiring clearance pursuant to §45125.1(c) has, prior to providing any Service, submitted fingerprints to the CDOJ and that Provider has received from the CDOJ a valid criminal records summary as described in §44237 for said Provider Party. Provider will not allow any person who has been convicted of a violent felony listed in Penal Code section 667.5(c) or a serious felony listed in Penal Code §1192(c) to provide any Service. Provider will not allow any such Provider Party to perform any Service until Provider ascertains that the CDOJ has cleared that person and a record compliant with Education Code § 45125.1 is on file with Provider.

☐ The fingerprinting requirements **do not apply** because the Services are being provided on an emergency or exceptional situation as contemplated under section § 45125.1(b).

☒ The fingerprinting requirements **do not apply** because Provider Parties will have no opportunity to interact with a District students in any manner because: (i) no school-site Services or Services concerning student records will be provided; and/or (ii) the Services will be provided at a school site while students are not present (vacant, under construction etc.).

By signing below I certify, under penalty of perjury, that: (i) I am an authorized representative of Provider qualified to provide this Certification; (ii) the information above concerning compliance with Education Code Section 45125.1 is accurate and complete as of the date hereof; and (iii) during the term, I will immediately inform District if any CDOJ report is changed or updated with respect to Provider Party. Documents provided by the CDOJ will be retained by Provider and available for inspection by District or its representative(s) upon request.

II. Tuberculosis Risk Assessments Certification (Education Code Section 49406). With respect to Education Code § 49406, I do hereby ***certify, represent and warrant*** to District's Superintendent and Board of Trustees as follows (Provider to check the applicable statement below):

☒ Provider Parties, any subconsultants, and any respective employees, representatives or agents will, in connection with the provision of Services under this Agreement, have ***only limited or no contact*** with any District student(s).

☐ Provider Parties may, in connection with the provision of Services, have more than limited contact with District students. Therefore, the Provider has for each such Provider Party: (A) obtained and filed proof on completion of the required TB risk assessment(s) and (B) if deemed necessary by a physician/surgeon, obtained and filed copies of their TB examination(s), all in compliance with the provisions of Education Code § 49406. Provider will maintain a current list of all such Provider Parties and will provide a copy to District upon request.

By signing below I certify, under penalty of perjury, that I am an authorized representative of Provider qualified to provide this Certification, that the information above concerning compliance with Education Code § 49406 is accurate and complete as of the date hereof, and that, during the Term, I and all Provider Parties will satisfy all applicable tuberculosis clearance requirements before having more than limited contact with District students.

III. Conflict of Interest Certification

The Provider represents and warrants that he/she/it presently has no interest, and shall not acquire any interest, direct or indirect, financial or otherwise, which conflicts in any manner with District or with the performance of the Services. Provider understands that District will not engage any person having such conflict of interest to perform the Services. Provider agrees that if any facts come to its attention which raises any questions as to the applicability of conflict of interest laws, it shall immediately inform the District's designated representative and provide all information needed for resolution of this question.

2024-25 Annual & Five Year School Facilities Fee Report

2019-2020
Through
2024-25

Board Meeting of
December 17, 2025

Prepared by:
Kristen Pifko, Assistant Superintendent of Business and Fiscal Services
& Patricia Núñez, Director of Fiscal Services

INTRODUCTION

Government Code 66000 et seq. requires school districts to prepare both annual and five-year reports on the collection and use of school facilities fees, often referred to as "developer fees." This report summarizes developer fee collections, revenues, and expenditures from fiscal year 2019-2020 through fiscal year 2024-2025.

The report also includes information on the City of Oxnard's share of site acquisition and Phase I costs for Brekke School. Payments from the City, along with developer fee collections from the surrounding area, were committed to repaying the $7,265,000 Certificates of Participation (COP) issued for the Brekke School project. As of May 2020, the Brekke School COP has been fully prepaid using developer fee funds.

Under the H.E.R.O. Project Cooperation Agreement, the District receives redevelopment agency tax revenues that are restricted for capital facility projects benefiting the project area.

In fiscal year 2013–2014, the City of Oxnard released $8,845,416 from the Seabridge Acquisition. These funds are also restricted for capital facility projects that support the District.

Additional permanent facilities will be needed to replace existing temporary structures. Developer fees will be used to support interim housing needs during construction, including portable classroom leases.

Any questions on information provided in this report should be directed to Kristen Pifko, Assistant Superintendent of Business and Fiscal Services at (805) 385-1501, ext. 2401.

DEVELOPER FEE REPORT SUMMARY

OSD BOARD AGENDA ITEM

Name of Contributor: Kristen Pifko **Date of Meeting:** December 17, 2025

Agenda Section: Section C: Consent Agenda

Disposal of Surplus Personal Property (Pifko/Reyes)

In alignment with the Oxnard School District's ongoing modernization initiatives, certain outdated classroom furniture items have been identified as surplus personal property. These items are currently located at Ritchen Elementary School and McAuliffe Elementary School. Furniture determined to be in serviceable condition will be included in the next scheduled surplus sale, while all remaining items will be responsibly recycled or disposed of.

The District requests that the Board of Trustees formally declare this property obsolete and authorize its sale and/or disposal pursuant to California Education Code §17546, which governs the disposition of personal property valued at less than $2,500.00.

FISCAL IMPACT:
None

RECOMMENDATION:
It is the recommendation of the Assistant Superintendent, Business & Fiscal Services, and the Director of Purchasing, that the Board of Trustees declare this surplus property obsolete and approve its sale and/or disposal, as permitted by California Education Code §17546, as outlined.

OSD BOARD AGENDA ITEM

Name of Contributor: Kristen Pifko **Date of Meeting:** December 17, 2025

Agenda Section: Section C: Facilities Agreement

Approval of Agreement #25-174 – Santa Barbara & Ventura County Overhead Door (Pifko/Bennett)

Santa Barbara & Ventura County Overhead Door will provide professional services for overhead doors, gates, and specialty doors at all Oxnard School District locations as needed.

Term of Agreement: December 18, 2025 through June 30, 2027

FISCAL IMPACT:
Not to Exceed: $40,000.00 – Routine Restricted Maintenance Funds

RECOMMENDATION:
It is the recommendation of the Director of Facilities, and the Assistant Superintendent, Business and Fiscal Services, that the Board of Trustees approve Agreement ##25-174 with Santa Barbara & Ventura County Overhead Door.

☑ W-9 received

Payment. District will pay Provider within 30 days after receipt of an invoice, in form and content acceptable to District, and reflecting charges for District approved costs and services performed by Provider and not previously invoiced.

Conditions. Provider will have no obligation to provide services until District returns a signed copy of this Agreement.

Nature of Relationship. The parties agree the relationship created by this Agreement is that of independent contractor. Provider understands and agrees that the Provider, officers, agents, or employees of Provider are not entitled to any benefits normally offered or conveyed to District employees, including but not limited to coverage under the California Workers' Compensation Insurance laws.

Binding Effect. This Agreement shall inure to the benefit and shall be binding upon all of the parties to this Agreement, and their respective successors in interest or assigns.

Termination or Amendment. This Agreement may be terminated or amended in writing at any time by mutual written consent of all of the parties to this Agreement, and may be terminated by either party for any reason by giving the other party 30 days advance written notice.

Compliance with Laws. Provider hereby agrees that Provider, and each of its officers, agents, and employees (each a "Provider Party) shall obey all local, state, and federal laws and regulations in the performance of this Agreement, including but not limited to each of the following laws and regulations, as and if applicable:

- Provider shall be responsible for the safety of its employees and shall comply with California Code of Regulations Title 8, section 3205, COVID-19 Prevention.

- Provider shall ensure that each Provider Party who is on-site supporting school functions is compliant with all the following laws, if and as applicable:
    - Fingerprinting / criminal background investigations (see paragraph titled "Fingerprinting, below);
    - Public Health Department Orders and Guidance or other related mandates related to COVID-19, so long as such Orders and Guidance are in effect during the Term of this Agreement;
    - Tuberculosis Clearance (Education Code § 49406)

Non-Discrimination and Equal Employment Opportunity. Provider represents and agrees that it does not and shall not discriminate against any employee or applicant for employment, company, individual or group of individuals, because of ancestry, age, color, disability (physical and mental, including HIV and AIDS), genetic information, gender identity, gender expression, marital status, medical condition, military or veteran status, national origin, race, religion, sex/gender, and sexual orientation.

Confidentiality. Provider agrees to maintain the confidentiality of all District and District-related data, information, and records including but not limited to student identifiable information and employee personnel information pursuant to all California and Federal statutory laws relating to privacy, confidentiality, and information security including but not limited to California Education Code sections 49060 – 49085 and the Family Educational Rights and Privacy Act (FERPA), that currently exist or exist at any time during the term of this Agreement. All such records and information shall be considered confidential and kept confidential by Provider and Provider's officers, agents, employees, participants, vendors, or customers.

Fingerprinting. Provider shall ensure that Provider and any employee who interacts with students, outside of the immediate supervision and control of the student's parent or guardian or a school employee, has a current valid criminal records summary as described in California *Education Code* section 44237. If any services will be provided on-site, or through an app or other electronic method that might allow any interaction between any student and Provider shall, prior to commencing any service hereunder, provide the District a Fingerprinting/ Criminal Background Check investigation Certificate, in form and substance satisfactory to the District. While this Agreement is in effect, Provider shall immediately provide any arrest and conviction information it receives concerning any person providing Services hereunder to the District.

Food Vendors. Ventura County Environmental Health Facilities Permit: https://vcrma.org/consumer-food-protection

Indemnification. To the fullest extent permitted by law, Provider agrees to defend, indemnify, and hold harmless District, its governing board, officers, administrators, managers, agents, employees, successors, assigns, independent contractors and/or volunteers from and against any and all claims, demands, monetary or other losses, loss of use, damages and expenses, including but not limited to, reasonable legal fees and costs, or other obligations or claims arising out of any liability or damage to person or property resulting from bodily injury, illness, communicable disease, virus, pandemic, or any other loss, sustained or claimed to have been sustained arising out of activities of the Provider or those of any of its officers, agents, employees, participants, vendors, or customers of Provider, whether such act or omission is authorized by this Agreement or not. Provider also agrees to pay for any and all damage to the real and personal property of the District, or loss or theft of such property, or damage to the Property done or caused by such persons. District assumes no responsibility whatsoever for any property placed on District premises by Provider, Provider's agents, employees, participants, vendors, or customers. The provisions of this Indemnification do not apply to any damage or losses caused solely by the intentional misconduct of the District or any of its governing board, officers, administrators, managers, agents, employees and/or volunteers.

This Indemnification shall survive termination of this Agreement, for any reason whatsoever, and binds each party's legal representatives, successors, and assigns.

Insurance. Provider, at its own cost and expense, shall procure and maintain during the term of this Agreement, policies of insurance for the following types of coverage:

a. Commercial General Liability Insurance. Provider shall procure and maintain, during the term of this Agreement, not less than the following General Liability Insurance coverage in the amounts of $1,000,000 per occurrence and $2,000,000 aggregate.

   Commercial General Liability insurance shall include products/completed operations, property damage, and personal and advertising injury coverage.

b. Automobile Liability. Provider shall procure and maintain, during the full term of this Agreement following Automobile Liability Insurance including non-owned and leased automobiles, as applicable with the following coverage limits:

Personal vehicles:	$500,000.00 combined single limit or
	$100,000.00 per person / $300,000.00 per accident
Commercial vehicles:	$1,000,000.00 per accident for bodily injury and property damage

c. Workers' Compensation Insurance. Provider shall procure and maintain, during the term of this Agreement, Workers' Compensation Insurance, as required by California law, on all of its employees engaged in work related to the performance of this Agreement. Provider shall procure and maintain Employers' Liability insurance coverage of $1,000,000. Absent proof of Workers' Compensation Insurance, Provider will submit a fully executed Certification of Exemption from Workers' Compensation Insurance, which District in its sole discretion may accept or reject.

d. Other Coverage as Dictated by the District. If any employee of Provider interacts with students, outside of the immediate supervision and control of the student's parent or guardian or a certificated school employee, Provider shall procure and maintain, during the term of this Agreement, Abuse and Molestation coverage in the amounts of $2,000,000 per occurrence and $4,000,000 aggregate.

If professional services are offered, Provider shall procure and maintain, during the term of this Agreement, Professional Liability (Errors and Omissions) insurance coverage in the amounts of $1,000,000 per occurrence and $2,000,000 aggregate.

e. Provider's insurance is primary and will not seek contribution from any other insurance available to the District. Provider further hereby waives any and all rights of subrogation that it may have against the District.

f. Certificates of Insurance. Provider shall provide certificates of insurance to the District as evidence of the insurance coverage required herein, not less than 15 days prior to commencing the proposed activity, and at any other time upon the request of the District. Certificates of insurance will be deemed invalid if proper endorsements are not attached. Certificates of such insurance shall be filed with the District on or before commencement of the services under this Agreement.

g. Endorsements. Provider's Commercial General Liability insurance and Commercial Automobile Liability coverage and Abuse and Molestation coverage shall name the District, its governing board, officers, agents, employees, and/or volunteers as additional insureds. All endorsements specifying additional insureds for any of the Insurance Policies shall be as indicated below or an equivalent endorsement reasonably acceptable to the District.

1) General Liability: CG 20 26 10 01
2) Primary, non-contributory: CG 20 01 04 13
3) Waiver of subrogation: CG 24 04 05 09
4) Commercial Automobile Liability: CA 20 48 10 13

h. Acceptability of Insurers. Insurance is to be placed with insurers with a current A.M. Best's rating of no less than A: VII, unless otherwise acceptable to the District.

i. Insurance written on a "claims made" basis is to be renewed by the Provider for a period of three (3) years following termination of this Agreement. Such insurance must have the same coverage and limits as the policy that was in effect during the term of this agreement and will cover the Provider for all claims made. If coverage is canceled or non-renewed, and not replaced with another claims-made policy form with a Retroactive Date prior to the contract effective date, the Consultant must purchase "extended reporting" coverage for a minimum of three (3) years after completion of the Services.

j. Failure to Procure Insurance**.** Failure on the part of Provider to procure or maintain required insurance shall constitute a material breach of contract under which the District may immediately terminate this Agreement

Governing Law and Venues. This Agreement shall be interpreted in accordance with the laws of the State of California. If any action is brought to interpret or enforce any term of this Agreement, the action shall be brought in state or federal court situated in the County of Ventura, State of California.

Dispute Resolution. If any dispute arises out of or in connection with the Agreement, representatives of the Parties with authority to settle the dispute shall communicate, in person, electronically, or in writing within 30 days of written notice, in a good faith effort to resolve the dispute.

The parties agree that, in the event of any unresolved dispute under the agreement in which the amount sought is $5,000.00 or less, any litigation to resolve the dispute shall be brought in the Ventura County Small Claims Court.

If the unresolved amount in dispute exceeds $5,000.00, the parties agree that they will first submit the matter to a mutually agreed upon mediator. Notwithstanding the following section, Attorneys Fees, the cost of the mediator shall be borne equally by the parties.

Attorney Fees. In the event of any action or proceeding to interpret or enforce the terms of this Agreement, the prevailing party, as determined by the court or mediator, shall be entitled to recover its reasonable attorney fees and costs incurred in connection with such actions or proceeding.

Nature of Agreement. This Agreement represents the entire agreement between the parties hereto with respect to the subject matter hereof and supersedes any and all other agreements and communications however characterized, written or oral, between or on behalf of the parties hereto with respect to the subject matter hereof. This Agreement may only be modified by a written instrument signed by authorized representatives of each of the parties hereto.

Counterpart Execution. This Agreement may be executed in any number of counterparts which, when taken together, shall constitute one and the same instrument. Executed counterparts of this Agreement may be delivered by PDF email or electronic facsimile transmission and shall have the same legal effect as an "ink-signed" original.

Signature Authority. Provider represents and warrants that Provider has all requisite power and authority to conduct its business and to execute, deliver, and perform this Agreement.

Arbitration - Any controversy arising out of the construction of the project referred to in this contract regarding the interpretation of this contract or any subcontractor is subject to arbitration. The Owner, contractor, and all subcontractors are bound, each to the other by this arbitration clause. The arbitrator is empowered to decide the controversy in accordance with the evidence.
Attorney Fees - If any litigation is filed or instituted to enforce this contract or any team or provision herein, the prevailing party is such litigation shall be entitled to an award of reasonable attorney's fees and actual court costs.
Right to Stop Work - Contractor shall have the right to stop work if any payment shall not be made to contractor under this agreement, contractor may keep the job idle until all payments due are received.
Taxes, Assessments, Permits - Customer is responsible for requesting any permits required. All taxes, assessments, permit, and inspection fees will be paid by the Owner. Owner to carry fire and other necessary insurances regarding property. Overhead door carries standard liability and workers compensation insurance as required by California State Contractors Board. No demolition is included unless specifically noted on Proposal.

Contractors are required by law to be licensed and regulated by the Contractor's State License Board. Any questions concerning a contractor may be referred to the Registrar of the Board whose address is: Contractors State License Board, 9821 Business Park Drive, Sacramento, CA, 95827.
NOTICE TO OWNER USING GENERAL CONTRACTORS (Section 7109 Contractor's License Law)
Under the California Mechanics Lien Law any contractor, subcontractor, laborer, supplier or other person who helps improve your property, but is not paid for his/her work or supplies, has a right to enforce a claim against your property. This means that after a court hearing, your property could be sold by court office and proceeds of the sale used to satisfy your ineptness. This can happen even if you have paid your contractor in full if subcontractor, laborers, or suppliers remain unpaid.
To preserve their right to file a claim or lien against your property, certain claimants such as subcontractors or material suppliers are required to provide you with a document entitled "Preliminary Notice". Original (or prime) contractors and laborers for wages do not have to provide this notice. A Preliminary Notice is not a lien against your property. Its purpose is to notify you of persons who may have a right to file a lien against your property is 90 days after the completion of your project.
TO INSURE EXTRA PROTECTION FOR YOURSELF AND PROPERTY, YOU MAY WISH TO TAKE ONE OR MORE OF THE FOLLOWING STEPS:
1. Require that your Contractor supply you with a payment and performance bond (not a license bond), which provides that the bonding company will either complete the project or pay damages up to the amount of the bond. This payment and performance bond as well as a copy of the construction contract should be filed with the county recorder for your further protection.
2. Require that payments be made directly to subcontractors and material suppliers through a joint control. Any joint control agreement should include the addendum approved by the Registrar of Contractors.
3. Issue joint checks for payment, made out to both your contractor and subcontractors or material suppliers involved in the project. This will help ensure that all person's due payment are actually paid.
4. After making payment on any completed phase of this project, and before making any further payments, require your contractor to provide you with unconditional lien releases signed by each material supplier, subcontractor and laborer involved in that portion of the work for which payment was made. On projects involving improvements to a single-family residence or a duplex owned by individuals, the persons signing these releases lose the right to file a claim against your property. In other types of construction this protection may still be important but may not be as complete. TO PROTECT YOURSELF UNDER THIS OPTION YOU MUST BE CERTAIN THAT ALL MATERIAL SUPPLIERS, SUBCONTRACTORS OR LABORERS HAVE SIGNED THEIR RELEASE.

Important Safety Notices
Your garage door is constructed of high-quality components to provide years of continued service. Since it is a large moving object, yearly maintenance along with the precautionary directions listed below should be observed to insure safe and reliable operation.
1. Operate door only when properly adjusted and free of obstruction
2. BE AWARE! Door is constantly under extreme spring tension. Repairs and adjustments, especially to cables and spring assembly, should only be performed by qualified garage door service technicians
3. Do not permit children to play with garage door or electric remote controls
4. If door is now manually operated, and later becomes motorized, the pull-down rope and locking mechanism must be removed
5. Avoid standing in open doorway or walking through doorway while electrically operated door is moving
6. If the door becomes hard to operate or becomes completely inoperable, contact our 24-hour service line on 805 339-0103
7. Never manually lift the door by placing your hand in between sections, always use the pull rope or up handles provided
The foregoing safety directions have been approved and recommended by the National Association of Garage Door Manufacturers (NAGDM) and the California Operator and Door Association (CODA).
Cancellation
You, the buyer, may cancel the transaction at any time prior to midnight of the third business day after the date of this transaction. To cancel this transaction, mail or deliver a signed and dated letter of cancellation to: The Willis Corp., 1151 Callens Road, Ventura, CA, 93003

I have read and understand the work proposed and the terms and conditions of this agreement and wish to proceed with estimate 16380.

Indemnification. To the fullest extent permitted by law, Provider agrees to defend, indemnify, and hold harmless District, its governing board, officers, administrators, managers, agents, employees, successors, assigns, independent contractors and/or volunteers from and against any and all claims, demands, monetary or other losses, loss of use, damages and expenses, including but not limited to, reasonable legal fees and costs, or other obligations or claims arising out of any liability or damage to person or property resulting from bodily injury, illness, communicable disease, virus, pandemic, or any other loss, sustained or claimed to have been sustained arising out of activities of the Provider or those of any of its officers, agents, employees, participants, vendors, or customers of Provider, whether such act or omission is authorized by this Agreement or not. Provider also agrees to pay for any and all damage to the real and personal property of the District, or loss or theft of such property, or damage to the Property done or caused by such persons. District assumes no responsibility whatsoever for any property placed on District premises by Provider, Provider's agents, employees, participants, vendors, or customers. The provisions of this Indemnification do not apply to any damage or losses caused solely by the intentional misconduct of the District or any of its governing board, officers, administrators, managers, agents, employees and/or volunteers.

This Indemnification shall survive termination of this Agreement, for any reason whatsoever, and binds each party's legal representatives, successors, and assigns.

Insurance. Provider, at its own cost and expense, shall procure and maintain during the term of this Agreement, policies of insurance for the following types of coverage:

a. Commercial General Liability Insurance. Provider shall procure and maintain, during the term of this Agreement, not less than the following General Liability Insurance coverage in the amounts of $1,000,000 per occurrence and $2,000,000 aggregate.

   Commercial General Liability insurance shall include products/completed operations, property damage, and personal and advertising injury coverage.

b. Automobile Liability. Provider shall procure and maintain, during the full term of this Agreement following Automobile Liability Insurance including non-owned and leased automobiles, as applicable with the following coverage limits:

Personal vehicles:	$500,000.00 combined single limit or
	$100,000.00 per person / $300,000.00 per accident
Commercial vehicles:	$1,000,000.00 per accident for bodily injury and property damage

c. Workers' Compensation Insurance. Provider shall procure and maintain, during the term of this Agreement, Workers' Compensation Insurance, as required by California law, on all of its employees engaged in work related to the performance of this Agreement. Provider shall procure and maintain Employers' Liability insurance coverage of $1,000,000. Absent proof of Workers' Compensation Insurance, Provider will submit a fully executed Certification of Exemption from Workers' Compensation Insurance, which District in its sole discretion may accept or reject.

d. Other Coverage as Dictated by the District. If any employee of Provider interacts with students, outside of the immediate supervision and control of the student's parent or guardian or a certificated school employee, Provider shall procure and maintain, during the term of this Agreement, Abuse and Molestation coverage in the amounts of $2,000,000 per occurrence and $4,000,000 aggregate.

If professional services are offered, Provider shall procure and maintain, during the term of this Agreement, Professional Liability (Errors and Omissions) insurance coverage in the amounts of $1,000,000 per occurrence and $2,000,000 aggregate.

e. Provider's insurance is primary and will not seek contribution from any other insurance available to the District. Provider further hereby waives any and all rights of subrogation that it may have against the District.

f. Certificates of Insurance. Provider shall provide certificates of insurance to the District as evidence of the insurance coverage required herein, not less than 15 days prior to commencing the proposed activity, and at any other time upon the request of the District. Certificates of insurance will be deemed invalid if proper endorsements are not attached. Certificates of such insurance shall be filed with the District on or before commencement of the services under this Agreement.

g. Endorsements. Provider's Commercial General Liability insurance and Commercial Automobile Liability coverage and Abuse and Molestation coverage shall name the District, its governing board, officers, agents, employees, and/or volunteers as additional insureds. All endorsements specifying additional insureds for any of the Insurance Policies shall be as indicated below or an equivalent endorsement reasonably acceptable to the District.

1) General Liability: CG 20 26 10 01
2) Primary, non-contributory: CG 20 01 04 13
3) Waiver of subrogation: CG 24 04 05 09
4) Commercial Automobile Liability: CA 20 48 10 13

h. Acceptability of Insurers. Insurance is to be placed with insurers with a current A.M. Best's rating of no less than A: VII, unless otherwise acceptable to the District.

i. Insurance written on a "claims made" basis is to be renewed by the Provider for a period of three (3) years following termination of this Agreement. Such insurance must have the same coverage and limits as the policy that was in effect during the term of this agreement and will cover the Provider for all claims made. If coverage is canceled or non-renewed, and not replaced with another claims-made policy form with a Retroactive Date prior to the contract effective date, the Consultant must purchase "extended reporting" coverage for a minimum of three (3) years after completion of the Services.

j. Failure to Procure Insurance**.** Failure on the part of Provider to procure or maintain required insurance shall constitute a material breach of contract under which the District may immediately terminate this Agreement

Governing Law and Venues. This Agreement shall be interpreted in accordance with the laws of the State of California. If any action is brought to interpret or enforce any term of this Agreement, the action shall be brought in state or federal court situated in the County of Ventura, State of California.

Dispute Resolution. If any dispute arises out of or in connection with the Agreement, representatives of the Parties with authority to settle the dispute shall communicate, in person, electronically, or in writing within 30 days of written notice, in a good faith effort to resolve the dispute.

The parties agree that, in the event of any unresolved dispute under the agreement in which the amount sought is $5,000.00 or less, any litigation to resolve the dispute shall be brought in the Ventura County Small Claims Court.

If the unresolved amount in dispute exceeds $5,000.00, the parties agree that they will first submit the matter to a mutually agreed upon mediator. Notwithstanding the following section, Attorneys Fees, the cost of the mediator shall be borne equally by the parties.

Attorney Fees. In the event of any action or proceeding to interpret or enforce the terms of this Agreement, the prevailing party, as determined by the court or mediator, shall be entitled to recover its reasonable attorney fees and costs incurred in connection with such actions or proceeding.

Nature of Agreement. This Agreement represents the entire agreement between the parties hereto with respect to the subject matter hereof and supersedes any and all other agreements and communications however characterized, written or oral, between or on behalf of the parties hereto with respect to the subject matter hereof. This Agreement may only be modified by a written instrument signed by authorized representatives of each of the parties hereto.

Counterpart Execution. This Agreement may be executed in any number of counterparts which, when taken together, shall constitute one and the same instrument. Executed counterparts of this Agreement may be delivered by PDF email or electronic facsimile transmission and shall have the same legal effect as an "ink-signed" original.

Signature Authority. Provider represents and warrants that Provider has all requisite power and authority to conduct its business and to execute, deliver, and perform this Agreement.

The total above is a Not-To Exceed price, to account for "worst case scenario". The total invoice will reflect only the work actually performed, which may result in a lower total price. In the case that additional work is necessary beyond the estimated scope, Allen Electric will not exceed the total estimated price without first consulting with the custom...

OSD BOARD AGENDA ITEM

Name of Contributor: Dr. Aracely Fox **Date of Meeting:** December 17, 2025

Agenda Section: Section C: Enrichment Agreement

Approval of Agreement #25-179, WestEd - Workshops (Fox/Ruvalcaba)

WestEd will offer two in-person, 90-minute Diversity, Equity, and Inclusion (DEI) workshops for all district families at Thurgood Marshall School. These sessions will focus on helping families build confidence in discussing race and in fostering respect for racial and cultural diversity with their children at home.

Term of Agreement: December 18, 2025 – June 30, 2026

FISCAL IMPACT:
$6,000.00 – LCFF Funds

RECOMMENDATION:
It is the recommendation of the Manager, Equity, Family and Community Engagement, and the Assistant Superintendent, Educational Services, that the Board of Trustees approve Agreement #25-179 with WestEd.

ADDITIONAL MATERIALS:

☑ W-9 received

Payment. District will pay Provider within 30 days after receipt of an invoice, in form and content acceptable to District, and reflecting charges for District approved costs and services performed by Provider and not previously invoiced.

Conditions. Provider will have no obligation to provide services until District returns a signed copy of this Agreement.

Nature of Relationship. The parties agree the relationship created by this Agreement is that of independent contractor. Provider understands and agrees that the Provider, officers, agents, or employees of Provider are not entitled to any benefits normally offered or conveyed to District employees, including but not limited to coverage under the California Workers' Compensation Insurance laws.

Binding Effect. This Agreement shall inure to the benefit and shall be binding upon all of the parties to this Agreement, and their respective successors in interest or assigns.

Termination or Amendment. This Agreement may be terminated or amended in writing at any time by mutual written consent of all of the parties to this Agreement, and may be terminated by either party for any reason by giving the other party 30 days advance written notice.

Compliance with Laws. Provider hereby agrees that Provider, and each of its officers, agents, and employees (each a "Provider Party) shall obey all local, state, and federal laws and regulations in the performance of this Agreement, including but not limited to each of the following laws and regulations, as and if applicable:

- Provider shall be responsible for the safety of its employees and shall comply with California Code of Regulations Title 8, section 3205, COVID-19 Prevention.

- Provider shall ensure that each Provider Party who is on-site supporting school functions is compliant with all the following laws, if and as applicable:
    - Fingerprinting / criminal background investigations (see paragraph titled "Fingerprinting, below);
    - Public Health Department Orders and Guidance or other related mandates related to COVID-19, so long as such Orders and Guidance are in effect during the Term of this Agreement;
    - Tuberculosis Clearance (Education Code § 49406)
    - Tuberculosis and background provisions are waived under this agreement due to the particular services.

Non-Discrimination and Equal Employment Opportunity. Provider represents and agrees that it does not and shall not discriminate against any employee or applicant for employment, company, individual or group of individuals, because of ancestry, age, color, disability (physical and mental, including HIV and AIDS), genetic information, gender identity, gender expression, marital status, medical condition, military or veteran status, national origin, race, religion, sex/gender, and sexual orientation.

Confidentiality. Provider agrees to maintain the confidentiality of all District and District-related data, information, and records including but not limited to student identifiable information and employee personnel information pursuant to all California and Federal statutory laws relating to privacy, confidentiality, and information security including but not limited to California Education Code sections 49060 – 49085 and the Family Educational Rights and Privacy Act (FERPA), that currently exist or exist at any time during the term of this Agreement. All such records and information shall be considered confidential and kept confidential by Provider and Provider's officers, agents, employees, participants, vendors, or customers.

Fingerprinting. Provider shall ensure that Provider and any employee who interacts with students, outside of the immediate supervision and control of the student's parent or guardian or a school employee, has a current valid criminal records summary as described in California *Education Code* section 44237. If any services will be provided on-site, or through an app or other electronic method that might allow any interaction between any student and Provider shall, prior to commencing any service hereunder, provide the District a Fingerprinting/ Criminal Background Check investigation Certificate, in form and substance satisfactory to the District. While this Agreement is in effect, Provider shall immediately provide any arrest and conviction information it receives concerning any person providing Services hereunder to the District.

Indemnification. To the fullest extent permitted by law, Provider agrees to defend, indemnify, and hold harmless District, its governing board, officers, administrators, managers, agents, employees, successors, assigns, independent contractors and/or volunteers from and against any and all claims, demands, monetary or other losses, loss of use, damages and expenses, including but not limited to, reasonable legal fees and costs, or other obligations or claims arising out of any liability or damage to person or property resulting from bodily injury, illness, communicable disease, virus, pandemic, or any other loss, sustained or claimed to have been sustained arising out of activities of the Provider or those of any of its officers, agents, employees, participants, vendors, or customers of Provider, whether such act or omission is authorized by this Agreement or not. Provider also agrees to pay for any and all damage to the real and personal property of the District, or loss or theft of such property, or damage to the Property done or caused by such persons. District assumes no responsibility whatsoever for any property placed on District premises by Provider, Provider's agents, employees, participants, vendors, or customers. The provisions of this Indemnification do not apply to any damage or losses caused solely by the intentional misconduct of the District or any of its governing board, officers, administrators, managers, agents, employees and/or volunteers.

This Indemnification shall survive termination of this Agreement, for any reason whatsoever, and binds each party's legal representatives, successors, and assigns.

Insurance. Provider, at its own cost and expense, shall procure and maintain during the term of this Agreement, policies of insurance for the following types of coverage:

a. Commercial General Liability Insurance. Provider shall procure and maintain, during the term of this Agreement, not less than the following General Liability Insurance coverage in the amounts of $1,000,000 per occurrence and $2,000,000 aggregate.

   Commercial General Liability insurance shall include products/completed operations, property damage, and personal and advertising injury coverage.

b. Automobile Liability. Provider shall procure and maintain, during the full term of this Agreement following Automobile Liability Insurance including non-owned and leased automobiles, as applicable with the following coverage limits:

Personal vehicles:	$500,000.00 combined single limit or
	$100,000.00 per person / $300,000.00 per accident
Commercial vehicles:	$1,000,000.00 per accident for bodily injury and property damage

c. Workers' Compensation Insurance. Provider shall procure and maintain, during the term of this Agreement, Workers' Compensation Insurance, as required by California law, on all of its employees engaged in work related to the performance of this Agreement. Provider shall procure and maintain Employers' Liability insurance coverage of $1,000,000. Absent proof of Workers' Compensation Insurance, Provider will submit a fully executed Certification of Exemption from Workers' Compensation Insurance, which District in its sole discretion may accept or reject.

d. Other Coverage as Dictated by the District. If any employee of Provider interacts with students, outside of the immediate supervision and control of the student's parent or guardian or a certificated school employee, Provider shall procure and maintain, during the term of this Agreement, Abuse and Molestation coverage in the amounts of $2,000,000 per occurrence and $4,000,000 aggregate.

If professional services are offered, Provider shall procure and maintain, during the term of this Agreement, Professional Liability (Errors and Omissions) insurance coverage in the amounts of $1,000,000 per occurrence and $2,000,000 aggregate.

e. Provider's insurance is primary and will not seek contribution from any other insurance available to the District. Provider further hereby waives any and all rights of subrogation that it may have against the District.

f. Certificates of Insurance. Provider shall provide certificates of insurance to the District as evidence of the insurance coverage required herein, not less than 15 days prior to commencing the proposed activity, and at any other time upon the request of the District. Certificates of insurance will be deemed invalid if proper endorsements are not attached. Certificates of such insurance shall be filed with the District on or before commencement of the services under this Agreement.

g. Endorsements. Provider's Commercial General Liability insurance and Commercial Automobile Liability coverage and Abuse and Molestation coverage shall name the District, its governing board, officers, agents, employees, and/or volunteers as additional insureds. All endorsements specifying additional insureds for any of the Insurance Policies shall be as indicated below or an equivalent endorsement reasonably acceptable to the District.

1) General Liability: CG 20 26 10 01
2) Primary, non-contributory: CG 20 01 04 13
3) Waiver of subrogation: CG 24 04 05 09
4) Commercial Automobile Liability: CA 20 48 10 13

h. Acceptability of Insurers. Insurance is to be placed with insurers with a current A.M. Best's rating of no less than A: VII, unless otherwise acceptable to the District.

i. Insurance written on a "claims made" basis is to be renewed by the Provider for a period of three (3) years following termination of this Agreement. Such insurance must have the same coverage and limits as the policy that was in effect during the term of this agreement and will cover the Provider for all claims made. If coverage is canceled or non-renewed, and not replaced with another claims-made policy form with a Retroactive Date prior to the contract effective date, the Consultant must purchase "extended reporting" coverage for a minimum of three (3) years after completion of the Services.

j. Failure to Procure Insurance**.** Failure on the part of Provider to procure or maintain required insurance shall constitute a material breach of contract under which the District may immediately terminate this Agreement

Governing Law and Venues. This Agreement shall be interpreted in accordance with the laws of the State of California. If any action is brought to interpret or enforce any term of this Agreement, the action shall be brought in state or federal court situated in the County of Ventura, State of California.

Dispute Resolution. If any dispute arises out of or in connection with the Agreement, representatives of the Parties with authority to settle the dispute shall communicate, in person, electronically, or in writing within 30 days of written notice, in a good faith effort to resolve the dispute.

The parties agree that, in the event of any unresolved dispute under the agreement in which the amount sought is $5,000.00 or less, any litigation to resolve the dispute shall be brought in the Ventura County Small Claims Court.

If the unresolved amount in dispute exceeds $5,000.00, the parties agree that they will first submit the matter to a mutually agreed upon mediator. Notwithstanding the following section, Attorneys Fees, the cost of the mediator shall be borne equally by the parties.

Attorney Fees. In the event of any action or proceeding to interpret or enforce the terms of this Agreement, the prevailing party, as determined by the court or mediator, shall be entitled to recover its reasonable attorney fees and costs incurred in connection with such actions or proceeding.

Nature of Agreement. This Agreement represents the entire agreement between the parties hereto with respect to the subject matter hereof and supersedes any and all other agreements and communications however characterized, written or oral, between or on behalf of the parties hereto with respect to the subject matter hereof. This Agreement may only be modified by a written instrument signed by authorized representatives of each of the parties hereto.

Counterpart Execution. This Agreement may be executed in any number of counterparts which, when taken together, shall constitute one and the same instrument. Executed counterparts of this Agreement may be delivered by PDF email or electronic facsimile transmission and shall have the same legal effect as an "ink-signed" original.

Signature Authority. Provider represents and warrants that Provider has all requisite power and authority to conduct its business and to execute, deliver, and perform this Agreement.

WestEd – Quality Schools and Districts
730 Harrison Street
San Francisco, CA 94107
(917) 865-5486

ABOUT WESTED

WestEd partners with districts and schools across the country to provide technical assistance and professional learning on Culturally Responsive and Sustaining Education (CRSE). WestEd helps education leaders with developing racial equity mindsets, skills and practices in their schools and communities. This scope of work presents services that WestEd is proposing to the Oxnard School District for the 25-26 school year.

BACKGROUND

The Oxnard School District (OSD) reached out to WestEd to discuss ways to build the capacity of students and families on pertinent diversity, equity and inclusion topics in the 2024-25 academic year. The district is interested in providing additional training to families on how to have critical conversations about race and racism at home with their students for academic year 25-26. This addresses ongoing concerns regarding the use of racial slurs and other anti-Indigenous incidents that have occurred across several school sites in OSD.

SUMMARY OF PROPOSED SERVICES

Based on conversations with district leadership, WestEd proposes providing the following to OSD:

- Two, 90-minute workshops at Marshall School geared towards empowering families in OSD on how to have conversations about race with their student(s) at home.
    - Note: WestEd will facilitate workshops in English, with OSD provided translation services for both workshops. Workshops dates will be determined at a later date, at a mutually agreeable time/date for WestEd and OSD.

LIST OF SERVICES

As a result of the services proposed, family and community members will be better prepared to have conversations about race and racism with their students, contributing to a more inclusive environment in OSD.

Below is a description of the services WestEd proposes for OSD. The timing of these services is flexible and would be coordinated between OSD leaders and the WestEd project team.

1. *Family engagement workshops* focused on developing racial literacy with students and families. Families will be better able to talk about race and racism with their student(s) in order to support an inclusive learning environment in OSD schools.

2. *District-leader check-in* designed to debrief aforementioned family workshops and identify next steps.

DELIVERABLES

- Two, 90-minute on-site workshops at Marshall School. This includes materials and travel costs.

TERMS AND SAMPLE TIMELINE

Terms of service will begin once a contract is signed and will conclude June 30, 2026.

COSTS - $6000

Services are for a fixed price contract with 50% payment due upon the execution of the contract and the remaining 50% due upon completion of services. Costs are inclusive of all planning, virtual support, workshop materials, and all reasonable communications. Workshop sessions are designed to be provided onsite or virtually.

REGARDING HEALTH & SAFETY

In the event of unforeseen health crises, a distance learning alternative may also be provided for any onsite service proposed. In all cases, the alternatives are designed to be of equal value and include a strategic blend of synchronous and asynchronous engagements and supports.

We appreciate the confidence you have in our team and look forward to the prospect of working with you. As mentioned earlier, please feel free to recommend any suggestions or changes to this proposal.

OSD BOARD AGENDA ITEM

Name of Contributor: Dr. Aracely Fox **Date of Meeting:** December 17, 2025

Agenda Section: Section C: Academic Agreement

Approval of Overnight Field Trip and Agreement #25-180 – United Boys & Girls Clubs of Santa Barbara County-Camp Whittier – Soria School (Fox/Kemp)

Sixth-grade students from Juan Soria School will attend a four-day, three-night Outdoor Science & Conservation Education program at Camp Whittier in Santa Barbara. During the trip, they will study biology, astronomy, and the history of the local people who lived in the region.

Fieldtrip Dates: March 3, 2026 - March 6, 2026

FISCAL IMPACT:
Not to exceed $35,320.00 – Donation Funds

RECOMMENDATION:
It is the recommendation of the Principal, Soria School, and the Assistant Superintendent, Educational Services, that the Board of Trustees approve the Overnight Field Trip and Agreement #25-180 with United Boys & Girls Clubs of Santa Barbara County-Camp Whittier.

SERVICES AGREEMENT

Requisition Number

Purchase Order Number

25-180

Contract Number

This Services Agreement (the "Agreement") is made and entered into this 17th day of December, 2025 by and between Oxnard School District (hereinafter referred to as "District") and United Boys & Girls Club of Santa Barbara- Camp Whittier, (hereinafter referred to as "Provider.")

PROVIDER.

United Boys & Girls Club of Santa Barbara- Camp Whittier	805-962-6776
Provider	Telephone Number
2400 Hwy. 154	
Street Address	Fax Number
Santa Barbara, CA 93105	tstepien@unitedbg.org
City, State, Zip code	E-mail Address
Tax Identification or Social Security Number	License Number (if applicable)

A. District desires to engage Provider services as more particularly described on "Statement of Work" which is attached hereto and incorporated herein by this reference ("Services").

B. Provider has the necessary qualifications by reason of training, experience, preparation and organization, and is agreeable to performing and providing such Services, upon and subject to the terms and conditions as set forth below in this Agreement.

NOW THEREFORE, for valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto hereby agree as follows:

1. **CONDITIONS**. Provider will have no obligation to provide services until District returns a signed copy of this Agreement.

2. **NATURE OF RELATIONSHIP**. The parties agree the relationship created by this Agreement is that of independent contractor. In performing all of the Services, Provider shall be, and at all times is, acting and performing as an independent contractor with District, and not as a partner, coventurer, agent, or employee of District, and nothing contained herein shall be construed to be inconsistent with this relationship or status. Provider is not granted any right or authority to assume or to create any obligation or responsibility, express or implied, on behalf of or in the name of District or to bind the District in any manner. Except for any materials, procedures, or subject matter agreed upon between Provider and District, Provider shall have complete control over the manner and method of performing the Services.

Provider understands and agrees to independent contractor status. Provider understands and agrees that the filing and acceptance of this Agreement creates a rebuttable presumption and that the Provider, officers, agents, employees, or subcontractors of Provider are not entitled to coverage under the California Workers' Compensation Insurance laws, Unemployment Insurance, Health Insurance, Pension Plans, or any other benefits normally offered or conveyed to District employees. Provider will be responsible for payment of all Provider employee wages, payroll taxes, employee benefits, and any amounts due for federal and state income taxes and Social Security taxes. These taxes will not be withheld from payments under this agreement.

3. **NON-EXCLUSIVITY.**

   a. During the term of this agreement Provider may, independent of Provider's relationship with the District, without breaching this Agreement or any duty owed to the District, act in any capacity, and may render services for any other entity.

   b. During the term of this Agreement the District may, independent of its relationship with the Provider, without breaching this Agreement or any duty owed to the Provider contract with other individuals and entities to render the same or similar services to the District.

4. **SERVICES**. Provider shall provide District with the services, which are described on the "Statement of Work" (the "Work" or "Service") attached hereto and incorporated herein by this reference. The Statement of Work shall contain a timetable for completion of the Work or if the Work is an ongoing service, the Statement of Work shall set forth the mutually agreed schedule for providing such services. Provider shall use its best efforts to complete all phases of the Work according to such timetable. In the event that there is any delay in completion of the Work arising as a result of a problem within the control of District, Provider and District shall cooperate with each other to work around such delay. However, District shall not be responsible for any additional cost or expense to Provider as a result of such delay unless specifically agreed to in writing by the District. In addition to the specifications and/or requirements contained in the Statement of Work and any warranty given by Provider hereunder, the Statement of Work may set forth those performance criteria agreed between District and Provider whereby the District can evaluate whether Provider has satisfactorily completed the Work ("Performance Criteria").

   Provider, at Provider's sole cost and expense, shall furnish all tools, equipment, apparatus, facilities, transportation, labor, and material necessary to meet its obligations under this Agreement. No substitutions of materials or service from those specified in this section shall be made without the prior written consent of the District.

5. **TIME OF PERFORMANCE**. The term of this Agreement shall commence on March 3, 20 26, and terminate on March 6, 20 26. All work and services contracted for under the terms of this Agreement shall be undertaken and completed in such sequence as to assure their full completion in accordance with the terms and conditions set forth in this Agreement.

   [**Note:** California *Education Code* section 17596 limits continuing contracts; contracts for work or services, or for apparatus or equipment, not to exceed five years; for materials or supplies, not to exceed three years.]

6. **PAYMENT AND EXPENSES**. All payments due to Provider are set forth in the "Schedule of Fees" attached hereto and incorporated herein by this reference.

   Provider shall send District periodic statements indicating Provider's fees and costs incurred and their basis and any current balance owed. If no Provider's fees or costs are incurred for a particular time period,

or if they are minimal, the statement may be held by the Provider and combined with that for the following time period unless a statement is requested by the District.

All payments due Provider are set forth in "Schedule of Fees" and shall be paid by the District within 30 days of receipt of a proper, undisputed invoice from Provider, which invoice shall set forth in reasonable detail the services performed. The District reserves the right, in its sole and absolute discretion, to reject any invoice that is not submitted in compliance with the District's standards and procedures. In the event that any portion of an invoice submitted by a Provider to the District is disputed, the District shall only be required to pay the undisputed portion of such invoice at that time, and the parties shall meet to try to resolve any disputed portion of any invoice.

The rates set forth in "Schedule of Fees" are not set by law, but are negotiable between Provider and District.

7. **ASSIGNMENT AND SUBCONTRACTORS**. Provider shall not assign, sublet, or transfer this Agreement or any rights under or interest in this Agreement without the prior written consent of the District, which may be withheld by the District in its sole and absolute discretion for any reason. Nothing contained herein shall prevent Provider from employing independent associates, subcontractors, and sub-consultants as Provider may deem appropriate to assist in the performance of services herein, subject to the prior written approval of the District. Any attempted assignment, sublease, or transfer in violation of this Agreement shall be null and void, and of no force and affect. Any attempted assignment, sublet, or transfer in violation of this Agreement shall be grounds for the District, in its sole discretion, to terminate the Agreement

8. **TERMINATION OR AMENDMENT**. This Agreement may be terminated or amended in writing at any time by mutual written consent of all of the parties to this Agreement, and may be terminated by either party for any reason by giving the other party 60 days advance written notice. In the event of cancellation prior to completion of the specified services, all finished or unfinished projects, documents, data, studies, and reports prepared by the Provider under this agreement shall, at the option of the District, become District property. The Provider shall be entitled to receive just and equitable compensation for any satisfactory work completed on such items prior to termination of the Agreement.

   The parties to this Agreement shall be excused from performance thereunder during the time and to the extent they are prevented from obtaining, delivering, or performing due to act(s) of God. Satisfactory evidence thereof to the other party is required, provided that it is satisfactorily established that the non-performance is not due to the fault or neglect of the party not performing.

9. **NOTICE**. Any notices required or permitted to be given under this Agreement shall be deemed fulfilled by written notice, demand or request personally served on (with proof of service endorsed thereon, or mailed to, or hereinafter provided) the party entitled thereto or on its successors and assigns, and may be given by:

   a. Personal delivery;

   b. Overnight commercial courier;

   c. Certified or registered prepaid U.S. mail, return receipt requested; or

   d. Electronic mail or electronic facsimile transmission; provided that if given electronically, an additional copy shall also be delivered by a, b, or c, above.

If mailed, such notice, demand, or request shall be mailed certified or registered mail, return receipt requested, and deposited in the United States mail addressed to such party at its address set forth below or to such address as either party hereto shall direct by like written notice and shall be deemed to have been made on the third (3rd) day following posting; or if sent by a nationally recognized overnight express carrier, prepaid, such notice shall be deemed to have been made on the next business day following deposit with such carrier. For the purposes herein, notices shall be sent to the District and the Provider as follows:

Oxnard School District	United Boys & Girls Club of Santa Barbara- Camp Whittier
District	Provider
Attn: Amanda Kemp	Attn: Todd Stepien
1051 South A Street	2400 Hwy. 154
Street	Street
Oxnard, CA 93030	Santa Barbara, CA 93105
City, State, Zip Code	City, State, Zip Code

10. **WARRANTY**. Provider hereby warrants to District that the Work shall be performed in a professional and workmanlike manner consistent with the highest industry standards. For a period of one (1) year following completion of the Work, Provider shall correct or make arrangements to correct any breach of the warranty for the Work within ten (10) business days of notice from District of same.

11. **ADDITIONAL WORK**. If changes in the work seem merited by the Provider or the District, and informal consultations with the other party indicate that a change is warranted, it shall be processed by the District in the following manner:

    a. A letter outlining the changes shall be forwarded to the District by the Provider with a statement of estimated changes in fee and/or time schedule.

    b. A written amendment to this Agreement shall be prepared by the District and executed by all of the parties before any performance of such services or the District shall not be required to pay for the increased cost incurred for the changes in the scope of work.

    Any such amendment to the Agreement shall not render ineffective or invalidate unaffected portions of this Agreement.

12. **COMPLIANCE WITH LAWS**. Provider hereby agrees that Provider, officers, agents, employees, and subcontractors of Provider shall obey all local, state, and federal laws and regulations in the performance of this Agreement, including, but not limited to minimum wages laws and/or prohibitions against discrimination. Without limiting the generality of the foregoing, Provider shall complete the conflict of interest certification on **Exhibit C**.

    Provider, officers, agents, employees and/or subcontractors of Provider shall secure and maintain in force for the full term of this Agreement, at Provider's sole cost and expense, such licenses and permits as are required by law, in connection with the furnishing of all the Services, materials, or supplies necessary for completion of the Services described.

13. **NON-DISCRIMINATION AND EQUAL EMPLOYMENT OPPORTUNITY**
Provider represents and agrees that it does not and shall not discriminate against any employee or applicant for employment, company, individual or group of individuals, because of ancestry, age, color, disability (physical and mental, including HIV and AIDS), genetic information, gender identity, gender expression, marital status, medical condition, military or veteran status, national origin, race, religion, sex/gender, and sexual orientation.

14. **INDEMNIFICATION**. To the fullest extent permitted by law, Provider agrees to defend, indemnify, and hold harmless District, its governing board, officers, agents, employees, successors, assigns, independent contractors and/or volunteers from and against any and all claims, demands, monetary or other losses, loss of use, damages and expenses,, including but not limited to, legal fees and costs, or other obligations or claims arising out of any liability or damage to person or property resulting from bodily injury, illness, communicable disease, virus, pandemic, or any other loss, sustained or claimed to have been sustained arising out of activities of the Provider or those of any of its officers, agents, employees, participants, vendors, customers or subcontractors of Provider, whether such act or omission is authorized by this Agreement or not. Provider also agrees to pay for any and all damage to the real and personal property of the District, or loss or theft of such property, or damage to the Property done or caused by such persons. District assumes no responsibility whatsoever for any property placed on District premises by Provider, Provider's agents, employees, participants, vendors, customers or subcontractors. Provider further hereby waives any and all rights of subrogation that it may have against the District. The provisions of this Indemnification do not apply to any damage or losses caused solely by the negligence of the District or any of its governing board, officers, agents, employees and/or volunteers.

15. **INSURANCE**. Provider, at its own cost and expense, shall procure and maintain during the term of this Agreement, policies of insurance for the following types of coverage:

a. Commercial General Liability Insurance. Provider shall procure and maintain, during the term of this Agreement, the following General Liability Insurance coverage:

	Each Occurrence	Aggregate
Individual, Sole Proprietorship, Partnership, Corporation, or Other	$ 1,000,000.00	$ 2,000,000.00
High risk events or activities	$ 2,000,000.00	$ 4,000,000.00

Commercial General Liability insurance shall include products/completed operations, property damage, and personal and advertising injury coverage.

Any and all subcontractors hired by Provider in connection with the Services described in this Agreement shall maintain such insurance unless the Provider's insurance covers the subcontractor and its employees.

b. Automobile Liability. Provider shall procure and maintain, during the full term of this Agreement, Automobile Liability Insurance, including non-owned and hired automobiles, as applicable with the following coverage limits:

Personal vehicles:	$ 500,000.00 combined single limit or
	$100,000.00 per person / $300,000.00 per accident
Commercial vehicles:	$1,000,000.00 combined single limit

c. Workers' Compensation Insurance. Provider shall procure and maintain, during the term of this Agreement, Workers' Compensation Insurance, as required by California law, on all of its employees engaged in work related to the performance of this Agreement. Provider shall procure and maintain Employers' Liability insurance coverage of $1,000,000.

In the case of any such work which is subcontracted, Provider shall require all subcontractors to provide Workers' Compensation Insurance and Employers' Liability insurance for all of the subcontractor's employees to be engaged in such work unless such employees are covered by the protection afforded by the Provider's Workers' Compensation Insurance.

Absent proof of Workers' Compensation Insurance, Provider will submit a statement requesting a waiver from this requirement and indicating the reason Workers' Compensation Insurance is not required.

e. Other Coverage as Dictated by the District. Provider shall procure and maintain, during the term of this Agreement, the following other Insurance coverage:

	Each Occurrence	Aggregate
☑ Abuse and Molestation	$ 2,000,000.00	$4,000,000.00
☐ Pollution Liability	$ 1,000,000.00	$ 2,000,000.00
☐ Cyber Liability	$ 5,000,000.00	
☐ Other: _____	$ _____	$ _____

f. If the Provider or Provider's subcontractor(s) maintains broader coverage and/or higher limits than the minimums shown above, the District requires and shall be entitled to the broader coverage and/or higher limits maintained by the Provider. Any available insurance proceeds in excess of the specified minimum limits of insurance and coverage shall be available to the District.

g. Provider's and any and all subcontractors' insurance is primary and will not seek contribution from any other insurance available to the district.

h. Certificates of Insurance. Provider and any and all subcontractors working for Provider shall provide certificates of insurance to the District as evidence of the insurance coverage required herein, not less than Fifteen (15) days prior to commencing work for the District, and at any other time upon the request of the District. Certificates of insurance will be deemed invalid if proper endorsements are not attached. Certificates of such insurance shall be filed with the District on or before commencement of the services under this Agreement.

i. Endorsements. Provider's and any and all Provider subcontractor's Commercial General Liability insurance; Commercial Automobile Insurance; Liability Excess, Umbrella and/or Reinsurance; and Abuse and Molestation coverage shall name the District, its governing board, officers, agents, employees, and/or volunteers as additional insureds. All endorsements specifying additional insureds for any of the Insurance Policies shall be as indicated below or an equivalent endorsement reasonably acceptable to the District.

1) General Liability

❑ Facilities Rental or Lease: CG 20 11 10 01;

■ Most Other services: CG 20 26 10 01.

2) Primary, Non-Contributory

■ CG 20 01 01 13

3) Waiver of Subrogation

■ CG 24 04 05 09

4) Commercial Automobile Liability

❑ CA 20 48 10 13

j. Provider's and any and all Provider subcontractor's Commercial General Liability insurance shall provide a list of endorsements and exclusions.

k. Deductibles. Any deductible(s) or self-insured retention(s) applicable to the insurance and/or coverage required by the foregoing provisions of this agreement must be declared to and approved by the District. Provider shall be responsible to pay that deductible or self-insured retention and the District shall not be responsible to pay these costs. In the event that Provider's deductibles or self-insured retentions collectively total more than $50,000.00, District reserves the right to request proof of Provider's financial solvency in relation to remittance thereof or require Provider to post a bond guaranteeing payment of the deductible, or both.

l. Acceptability of Insurers. Insurance is to be placed with insurers with a current A.M. Best's rating of no less than A: VII, unless otherwise acceptable to the District.

m. Insurance written on a "claims made" basis is to be renewed by the Provider and all Provider subcontractors for a period of five (5) years following termination of this Agreement. Such insurance

must have the same coverage and limits as the policy that was in effect during the term of this agreement, and will cover the provider for all claims made.

n. Failure to Procure Insurance**.** Failure on the part of Provider, or any of its subcontractors, to procure or maintain required insurance shall constitute a material breach of contract under which the District may immediately terminate this Agreement.

16. **SAFETY AND SECURITY**. Provider shall be responsible for ascertaining from the District all of the rules and regulations pertaining to safety, security, and driving on school grounds, particularly when children are present.

Without limiting the generality of the foregoing, Provider shall comply with any applicable fingerprinting/ criminal background investigation and tuberculosis clearance requirements of the California Education Code and shall provide the certifications on **Exhibit C** prior to performance of any Services.

a. On Site Services; Student Data Access. If services require Provider to access any District facility, transport or interact in any manner (including through an app or other electronic means) with District students, or access student data, Provider and any and all subcontractors are required to comply with Education Code section 45125.1, Fingerprint certification requirements. Provider must provide proof that fingerprint certification requirements have been fulfilled prior to commencing any services for the District under this Agreement.

Provider shall certify in writing to the school district that neither the Provider nor any of its employees, agents, representatives or subcontractors who are required to submit or have their fingerprints submitted to the Department of Justice and who may interact with any District student outside the direct supervision and control of a District employee or that student's parent or legal guardian have been convicted of a felony.

b. Other Services. If Provider will not provide any services on site or have access to any student data or interact with any District student in connection with the Services, then, Provider and its subcontractors are not required to comply with Education Code section 45125.1 background check requirements. However, Provider must still complete **Exhibit C** to specify that these requirements are not applicable.

c. Tuberculosis Risk Assessment requirements (Education Code section 49406). Providers who may have more than limited contact with District students (including any Providers who provide in person tutoring or who provide any transportation services to students) are required to cause to be on file with the District a certificate from an examining physician showing that Provider, employees and/or sub providers of Provider have been examined and found free from active tuberculosis.

17. **GOVERNING LAW AND VENUES**. Provider hereby acknowledges and agrees that District is a public entity, which is subject to certain requirements and limitations. This Agreement and the obligations of District hereunder are subject to all applicable federal, state and local laws, rules, and regulations, as currently written or as they may be amended from time to time.

This Agreement shall be interpreted in accordance with the laws of the State of California. If any action is brought to interpret or enforce any term of this Agreement, the action shall be brought in state or federal court situated in the County of Ventura, State of California. Provider hereby waives and expressly agrees not to assert, in any way, any claim or allegation that it is not personally subject to the jurisdiction of the courts named above. Provider further agree to waive any claim or allegation that the suit, action, or proceeding is either brought in an inconvenient forum or that the related venue is improper."

18. **DISPUTE RESOLUTION.**

a. The parties agree that, in the event of any dispute under the agreement in which the amount sought is $5,000.00 or less, any litigation to resolve the dispute shall be brought in the Ventura County Small Claims Court.

b. If the amount in dispute exceeds $5,000.00, the parties agree that they will first submit the matter to a mutually agreed upon mediator. Notwithstanding section 19, Attorneys Fees, the cost of the mediator shall be borne equally by the parties.

c. If the mediator is unable to resolve the dispute, then the parties shall submit the matter to binding arbitration in Ventura County or other mutually agreed location pursuant to the rules of the American Arbitration Association (AAA), as amended or as augmented in this Agreement (the "Rules"). The parties acknowledge that one of the purposes of utilizing arbitration is to avoid lengthy and expensive discovery and allow for prompt resolution of the dispute.

Arbitration shall be initiated as provided by the Rules, although the written notice to the other party initiating arbitration shall also include a description of the claim(s) asserted and the facts upon which the claim(s) are based. Arbitration shall be final and binding upon the parties and shall be the exclusive remedy for all claims subject hereto, including any award of attorneys' fees and costs. Either party may bring an action in court to compel arbitration under this Agreement and to enforce an arbitration award.

All disputes shall be decided by a single arbitrator. The arbitrator shall be selected by mutual agreement of the parties within 30 days of the effective date of the notice initiating the arbitration. If the parties cannot agree on an arbitrator, then the complaining party shall notify the AAA and request selection of an arbitrator in accordance with the Rules. The arbitrator shall have only such authority to award equitable relief, damages, costs, and fees as a court would have for the particular claim(s) asserted. In no event shall the arbitrator award punitive damages of any kind.

The arbitrator shall have the power to limit or deny a request for documents or a deposition if the arbitrator determines that the request exceeds those matters, which are directly relevant to the claims in controversy. The document demand and response shall conform to Code of Civil Procedure section 2031. The deposition notice shall conform to Code of Civil Procedure section 2025. The parties may make a motion for protective order or motion to compel before the arbitrator with regard to the discovery, as provided in Code of Civil Procedure sections 2025 and 2031.

19. **ATTORNEYS FEES.** In the event of any action or proceeding to interpret or enforce the terms of this Agreement, the prevailing party, as determined by the court or arbitrator, shall be entitled to recover its reasonable attorney fees and costs incurred in connection with such actions or proceeding

20. **DOCUMENT RETENTION.** After Provider's services to District conclude, Provider shall, upon the District's request, deliver all documents for all matter in which Provider has provided services to the District, along with any property of the District in Provider's possession and/or control. If the District does not request District's document(s) for a particular service, Provider will retain document(s) for a period of two (2) years after the service has ended. If District does not request delivery of the document(s) for the service before the end of the two (2) year period, Provider will have no further obligation to retain the document(s) and may, at Provider's discretion, destroy it without further notice to the District. At any point during the two (2) year period, District may request delivery of the document(s).

Exceptions: Attorney work-product and medical records shall not be destroyed by provider without the prior written consent of the District.

21. **NATURE OF AGREEMENT.** This Agreement constitutes a binding expression of the understanding of the parties with respect to the services to be provided hereunder and is the sole contract between the parties with respect to the subject matter thereof. There are no collateral understandings or representations or agreements other than those contained herein. This Agreement represents the entire agreement between the parties hereto with respect to the subject matter hereof and supersedes any and all other agreements and communications however characterized, written or oral, between or on behalf of the parties hereto with respect to the subject matter hereof. This Agreement may only be modified by a written instrument signed by authorized representatives of each of the parties hereto; provided that the District may not be bound by any term or condition incorporated by reference (including references to any link, website or electronic document) into any document prepared by or provided to District by Provider, including any license, purchase order or other instrument.

For the avoidance of any doubt, Provider is hereby informed that any and all terms or conditions of use of any web-based service or application must be presented in PDF format to the Board of Trustees and may not be unilaterally altered by Provider during the Term of this Agreement.

THE BODY OF THIS AGREEMENT MAY NOT BE EDITED OR ALTERED BY PROVIDER.

22. **BINDING EFFECT**. This Agreement shall inure to the benefit and shall be binding upon all of the parties to this Agreement, and their respective successors in interest or assigns.

23. **WAIVER.** No claim or right arising out of a breach of this Agreement can be discharged in whole or in part by a waiver or renunciation of the claim or right unless such waiver is in writing.

24. **SEVERABILITY.** It is intended that each paragraph of this Agreement shall be treated as separate and divisible, and in the event that any paragraphs are deemed unenforceable, the remainder shall continue to be in full force and effect so long as the primary purpose of this Agreement is unaffected.

25. **PARAGRAPH HEADINGS.** The headings of paragraphs hereof are inserted only for the purpose of convenient reference. Such headings shall not be deemed to govern, limit, modify or in any other manner affect the scope, meaning or intent of the provisions of this Agreement or any part or portion thereof, nor shall they otherwise be given any legal effect whatsoever.

26. **AUTHORITY.** Provider represents and warrants that Provider has all requisite power and authority to conduct its business and to execute, deliver, and perform this Agreement. Each party warrants that the individuals who have signed this Agreement have the legal power, right, and authority to make this Agreement and to bind each respective party.

27. **COUNTERPART EXECUTION: ELECTRONIC DELIVERY.** This Agreement may be executed in any number of counterparts which, when taken together, shall constitute one and the same instrument. Executed counterparts of this Agreement may be delivered by PDF email or electronic facsimile transmission, and shall have the same legal effect as an "ink-signed" original.

IN WITNESS WHEREOF, the parties have executed this agreement as of the date first written above. By signing below, Provider certifies that it has not altered any provision of the body of this Agreement.

REQUIRED CERTIFICATIONS

Services Agreement Dated: December 17, 2025

Provider: United Boys & Girls Club of Santa Barbara - Camp Whittier

I. Fingerprinting/Criminal Background Certification (Education Code Section 45125.1)

Provider and its subconsultant's and their employees, agents and representatives (each, a "Provider Party") are required to submit fingerprints to the California Department of Justice (CDOJ) if they may interact with any student outside of the immediate supervision and control of the student's parent or guardian or a District employee in connection with the Services. Provider certifies to the Superintendent and the Board of Trustees of the District that it is, or prior to providing any Service under this Agreement will be, in compliance with the requirements of Education Code section 45125.1, as follows (Provider to check one box):

- ☒ Provider will ensure that any Provider Party who: (a) might access a District facility and/or interact with a District pupil in any manner (including through an educational app or cloud-based system) outside of the immediate supervision and control of the student's parent or guardian or a District employee OR (b) who was identified by District as a person requiring clearance pursuant to §45125.1(c) has, prior to providing any Service, submitted fingerprints to the CDOJ and that Provider has received from the CDOJ a valid criminal records summary as described in §44237 for said Provider Party. Provider will not allow any person who has been convicted of a violent felony listed in Penal Code section 667.5(c) or a serious felony listed in Penal Code §1192(c) to provide any Service. Provider will not allow any such Provider Party to perform any Service until Provider ascertains that the CDOJ has cleared that person and a record compliant with Education Code § 45125.1 is on file with Provider.
- ☐ The fingerprinting requirements **do not apply** because the Services are being provided on an emergency or exceptional situation as contemplated under section § 45125.1(b).
- ☐ The fingerprinting requirements **do not apply** because Provider Parties will have no opportunity to interact with a District students in any manner because: (i) no school-site Services or Services concerning student records will be provided; and/or (ii) the Services will be provided at a school site while students are not present (vacant, under construction etc.).

By signing below I certify, under penalty of perjury, that: (i) I am an authorized representative of Provider qualified to provide this Certification; (ii) the information above concerning compliance with Education Code Section 45125.1 is accurate and complete as of the date hereof; and (iii) during the term, I will immediately inform District if any CDOJ report is changed or updated with respect to Provider Party. Documents provided by the CDOJ will be retained by Provider and available for inspection by District or its representative(s) upon request.

II. Tuberculosis Risk Assessments Certification (Education Code Section 49406). With respect to Education Code § 49406, I do hereby ***certify, represent and warrant*** to District's Superintendent and Board of Trustees as follows (Provider to check the applicable statement below):

- ☐ Provider Parties, any subconsultants, and any respective employees, representatives or agents will, in connection with the provision of Services under this Agreement, have ***only limited or no contact*** with any District student(s).
- ☒ Provider Parties may, in connection with the provision of Services, have more than limited contact with District students. Therefore, the Provider has for each such Provider Party: (A) obtained and filed proof on completion of the required TB risk assessment(s) and (B) if deemed necessary by a physician/surgeon, obtained and filed copies of their TB examination(s), all in compliance with the provisions of Education Code § 49406. Provider will maintain a current list of all such Provider Parties and will provide a copy to District upon request.

By signing below I certify, under penalty of perjury, that I am an authorized representative of Provider qualified to provide this Certification, that the information above concerning compliance with Education Code § 49406 is accurate and complete as of the date hereof, and that, during the Term, I and all Provider Parties will satisfy all applicable tuberculosis clearance requirements before having more than limited contact with District students.

III. Conflict of Interest Certification

The Provider represents and warrants that he/she/it presently has no interest, and shall not acquire any interest, direct or indirect, financial or otherwise, which conflicts in any manner with District or with the performance of the Services. Provider understands that District will not engage any person having such conflict of interest to perform the Services. Provider agrees that if any facts come to its attention which raises any questions as to the applicability of conflict of interest laws, it shall immediately inform the District's designated representative and provide all information needed for resolution of this question.

User group Insurance

1) User group agrees to provide proof of the following form of insurance before arrival at camp.
   a. COMPREHENSIVE GENERAL LIABILITY INSURANCE with minimum limits of $1,000,000 personal injury, sickness, or death per any one occurrence and $1,000,000 for loss of damage of property per any one occurrence. Int'l_____

2) User group shall have the UNITED BOYS & GIRLS CLUBS OF GREATER SANTA BARBARA COUNTY named as additional insured on user's Comprehensive General Liability Insurance policies for the period user group is using camp facilities. Int'l_____

3) It is hereby understood and agreed that any insurance provided by user group in accordance with the agreement shall be deemed primary insurance and shall not look to any insurance of the UNITED BOYS & GIRLS CLUBS OF GREATER SANTA BARBARA COUNTY for contribution. Int'l_____

User Group Agrees

1) To observe all rules of the County of Santa Barbara and the U.S. Forest Service, including those that provide that no wood be cut, and no fires are allowed except in areas so designated. Smoking is not permitted anywhere on the property. The user group is responsible for all supervision of attendees for the duration of the contract. Camp Guidelines will be sent with the contract and other Camp procedures will be discussed at your first meal. Int'l_____

2) To abide by all rules and regulations of Camp Whittier. To provide a certified lifeguard for all aquatic activities. To provide adult supervision in each cabin. To provide an adult certified in first aid and CPR on duty for emergency medical needs. To have emergency transportation available if necessary. It is the user group's responsibility to provide all necessary equipment, staff, supervision, and transportation during an emergency except when it is deemed appropriate that this be provided by community emergency response personnel. User groups are also responsible to notify camp director in all emergency situations. Camp Whittier recommends that the user groups compile an emergency packet for all participants that include emergency names and contact numbers, medications, restrictions and permission to treat. Int'l_____

3) To pay any damage to camp property during occupancy of camp facilities other than normal wear and tear, which are discovered during the departure inspection by the director of Camp Whittier. Camp Whittier shall have no obligation to identify the member or members of the user group responsible for the damage. The user group is responsible for the supervision and the behavior for attendees. The camp facilities will be inspected by the camp director prior to the arrival of the user group and will be re-inspected prior to or immediately after user group's departure. The initial inspection will be considered correct unless variances are noted in writing by the user group leader and presented to the camp director within two hours of arrival. The user group agrees to leave the camp, cabins, and bath/shower rooms in the condition that it was found, clean and swept upon departure. Int'l_____

4) It is understood and agreed that no firearms, **alcoholic beverages or illegal drugs of any kind** are not permitted on the premises. Int'l_____

5) To pay deposits, security deposits, and camp rental fees upon agreed upon payment schedule. User group agrees to pay all invoices on time, pay 1-1/2 % per month for an annual rate of 18% service charge on past due amounts and pay court costs, and/or reasonable attorney's fees, or both, if collection is necessary through process of suit. Int'l_____

6) User group agrees to pay 90% of total agreement amount if the attendance is lower than what was written into the agreement. Please estimate your total amount of attendees wisely. Int'l_____

7) User group is not permitted the use of any ropes course equipment, low or high, unless contracted with Camp Whittier and under the supervision of a Teamwork's certified ropes facilitator. Int'l_____

8) User group is responsible to provide their own wood for campfires, cooking, & using in the dining hall fireplace. Int'l_____

Hold-Harmless Agreement:

User group shall indemnify, hold free and harmless, assume liability for and defend Camp Whittier, its chartered affiliates, agents, servants, employees, officers, and directors from any and all costs, and all other sums, which the camp, its chartered affiliates are obligated to pay on account of any, all and every demand for, user group's use of real or personal property belonging to Camp Whittier, its chartered affiliates, agents, servants, employees, officers, and directors, or omission by user group, its members, agents, servants, employees, officers or directors. Int'l_____

Camp Whittier Agrees:

1) To provide administrative assistance and maintenance for the period contracted.

2) To provide food service for the period contracted, unless otherwise indicated in addendum.

3) To reserve the right to cancel this agreement for other than breach of these terms upon reasonable notice.

Requests for any changes to the foregoing must be submitted for approval to Camp Whittier administrative office in writing at least 90 days prior to rental day.

Rules and Regulations for Events at Camp Whittier:

Prior to Arrival You Need to Know:

1. There is no phone available at camp. If you need a phone please be sure someone in your group has a cell phone available. There is a phone for medical emergencies only.
2. All groups must provide their own bedding and toiletries.
3. You must designate a contact prior to your event to check in and check out your group with the Camp Ground Host.
4. We provide a special diets option on our menu when requested. Final count must be provided to us 2 weeks prior to event.
5. Groups bringing individual cars must designate a parking coordinator to arrive early to meet with our Camp Ground Host.
6. Clean up must be in a timely manner per the pre-arranged contractual agreement.
7. Any additional work, cleaning or restoration which must be completed by Camp Whittier Staff, that is necessary due to user group's negligence will be billed at $150/hour plus cost of any materials needed.
8. Firearms, illegal drugs, and minors smoking, or using alcohol are strictly forbidden on camp grounds.
9. We require adult supervision in each cabin.
10. The user group agrees to leave the camp, cabins, and bath/shower rooms in the condition that it was found, clean, and swept upon departure.
11. User group is not permitted the use of any rope course equipment, low or high, unless contracted with Camp Whittier and under the supervision of a Camp Whittier certified ropes course facilitator.
12. User group is responsible to provide their own wood for campfires, cooking & using in the dining hall fireplace.

Upon Arrival:

1. **Camp Speed Limit is 4 mph.**
2. PLEASE DRIVE SLOWLY: immediately when you see your first building upon entry to camp grounds. We have many children frequently hiking our roads.
3. All vehicles must be parked in the parking lot.
4. No pets allowed in the camp.
5. Check in with Camp Ground Host. If problems arise during your stay, please see Camp Ground Host.
6. Do not carry people in the back of trucks while on camp property.
7. No candles allowed in any buildings in the camp.
8. No tacks, nails, staple gun or duct tape on or in buildings or trees on or into camp. Do not attach anything to the fans at camp.
9. Smoking Areas: There are only three smoking areas in the camp.
    a. In front of the Dining Hall by the Santa Maria BBQ.
    b. At the campfire circle by the fire pit.
    c. In front of the Canyon Lodge by the water fountain.
10. All cigarette butts must be put in the pits or a cigarette can. It is considered trash, and your group will be held accountable if left on the grounds.
11. No gum allowed in the camp. It can kill the wildlife.
12. Please keep off all high and low ropes course events and the rock-climbing wall. These are for use only with supervision only with certified Camp Whittier staff.
13. Please no rock throwing in camp. Please communicate this to children especially.
14. Please put all trash into trash cans and recyclables (cans and bottles) in recycle containers.
15. No vehicles allowed on the field. No stakes into the field due to sprinkler system.
16. For your safety we have a bell alarm at the camp that is sounded in the event of an emergency. If you hear the bell, your group should report to the field below the pool.
17. Balloons are not allowed at camp; they can be harmful to our wildlife.
18. Only use buildings assigned to you as per your contractual agreement.

19. Quiet hours are 9:00pm-7:00am. Please avoid staff housing, dining hall, and parking lot areas during these hours.
20. If you have food in your cabin, you may attract ants or small animals.
21. If you are hiking please be aware of the following:
    a. Poison Oak: No leaves in winter only straight sticks. Green or red leaves other times.
    b. Ticks: They hang out on the end of brush and wait for hikers to feed on.
    c. Snakes: We have many snakes including Rattle Snakes. If you see a snake just leave it alone. If it is in the Camp area please let us know and our staff will take care of it.
    d. Mountain Lions: (Rarely seen), they are seen mostly at night. If you come across one, make yourself as big as possible and **back away slowly. Do not turn and run** or it will chase you
    e. Other Wildlife: Deer, Wild Turkeys, Quail, Squirrels, Hawks, Eagles, Bear, Raccoons, Skunks, Coyotes. **Please do not feed or destroy the wildlife.** Just enjoy the view and allow them to do their thing without our interruption. Many animals will let you get within a few feet if you are careful.
    f. Please do not take or pick plant life. If you take it, it won't be there for others to enjoy.

I have read and agree to the above rules for our group's use of Camp Whittier. I further agree to communicate these rules to all members of my party.

Payment. District will pay Provider within 30 days after receipt of an invoice, in form and content acceptable to District, and reflecting charges for District approved costs and services performed by Provider and not previously invoiced.

Conditions. Provider will have no obligation to provide services until District returns a signed copy of this Agreement.

Nature of Relationship. The parties agree the relationship created by this Agreement is that of independent contractor. Provider understands and agrees that the Provider, officers, agents, or employees of Provider are not entitled to any benefits normally offered or conveyed to District employees, including but not limited to coverage under the California Workers' Compensation Insurance laws.

Binding Effect. This Agreement shall inure to the benefit and shall be binding upon all of the parties to this Agreement, and their respective successors in interest or assigns.

Termination or Amendment. This Agreement may be terminated or amended in writing at any time by mutual written consent of all of the parties to this Agreement, and may be terminated by either party for any reason by giving the other party 30 days advance written notice.

Compliance with Laws. Provider hereby agrees that Provider, and each of its officers, agents, and employees (each a "Provider Party) shall obey all local, state, and federal laws and regulations in the performance of this Agreement, including but not limited to each of the following laws and regulations, as and if applicable:

- Provider shall be responsible for the safety of its employees and shall comply with California Code of Regulations Title 8, section 3205, COVID-19 Prevention.

- Provider shall ensure that each Provider Party who is on-site supporting school functions is compliant with all the following laws, if and as applicable:
    - Fingerprinting / criminal background investigations (see paragraph titled "Fingerprinting, below);
    - Public Health Department Orders and Guidance or other related mandates related to COVID-19, so long as such Orders and Guidance are in effect during the Term of this Agreement;
    - Tuberculosis Clearance (Education Code § 49406)

Non-Discrimination and Equal Employment Opportunity. Provider represents and agrees that it does not and shall not discriminate against any employee or applicant for employment, company, individual or group of individuals, because of ancestry, age, color, disability (physical and mental, including HIV and AIDS), genetic information, gender identity, gender expression, marital status, medical condition, military or veteran status, national origin, race, religion, sex/gender, and sexual orientation.

Confidentiality. Provider agrees to maintain the confidentiality of all District and District-related data, information, and records including but not limited to student identifiable information and employee personnel information pursuant to all California and Federal statutory laws relating to privacy, confidentiality, and information security including but not limited to California Education Code sections 49060 – 49085 and the Family Educational Rights and Privacy Act (FERPA), that currently exist or exist at any time during the term of this Agreement. All such records and information shall be considered confidential and kept confidential by Provider and Provider's officers, agents, employees, participants, vendors, or customers.

Fingerprinting. Provider shall ensure that Provider and any employee who interacts with students, outside of the immediate supervision and control of the student's parent or guardian or a school employee, has a current valid criminal records summary as described in California *Education Code* section 44237. If any services will be provided on-site, or through an app or other electronic method that might allow any interaction between any student and Provider shall, prior to commencing any service hereunder, provide the District a Fingerprinting/ Criminal Background Check investigation Certificate, in form and substance satisfactory to the District. While this Agreement is in effect, Provider shall immediately provide any arrest and conviction information it receives concerning any person providing Services hereunder to the District.

Food Vendors. Ventura County Environmental Health Facilities Permit: https://vcrma.org/consumer-food-protection

❑ Mobile Food Facility permit ❑ Temporary Food Facility permit ❑ Exempt – must show documentation

Indemnification. To the fullest extent permitted by law, Provider agrees to defend, indemnify, and hold harmless District, its governing board, officers, administrators, managers, agents, employees, successors, assigns, independent contractors and/or volunteers from and against any and all claims, demands, monetary or other losses, loss of use, damages and expenses, including but not limited to, reasonable legal fees and costs, or other obligations or claims arising out of any liability or damage to person or property resulting from bodily injury, illness, communicable disease, virus, pandemic, or any other loss, sustained or claimed to have been sustained arising out of activities of the Provider or those of any of its officers, agents, employees, participants, vendors, or customers of Provider, whether such act or omission is authorized by this Agreement or not. Provider also agrees to pay for any and all damage to the real and personal property of the District, or loss or theft of such property, or damage to the Property done or caused by such persons. District assumes no responsibility whatsoever for any property placed on District premises by Provider, Provider's agents, employees, participants, vendors, or customers. The provisions of this Indemnification do not apply to any damage or losses caused solely by the intentional misconduct of the District or any of its governing board, officers, administrators, managers, agents, employees and/or volunteers.

This Indemnification shall survive termination of this Agreement, for any reason whatsoever, and binds each party's legal representatives, successors, and assigns.

Insurance. Provider, at its own cost and expense, shall procure and maintain during the term of this Agreement, policies of insurance for the following types of coverage:

a. Commercial General Liability Insurance. Provider shall procure and maintain, during the term of this Agreement, not less than the following General Liability Insurance coverage in the amounts of $1,000,000 per occurrence and $2,000,000 aggregate.

   Commercial General Liability insurance shall include products/completed operations, property damage, and personal and advertising injury coverage.

b. Automobile Liability. Provider shall procure and maintain, during the full term of this Agreement following Automobile Liability Insurance including non-owned and leased automobiles, as applicable with the following coverage limits:

Personal vehicles:	$500,000.00 combined single limit or
	$100,000.00 per person / $300,000.00 per accident
Commercial vehicles:	$1,000,000.00 per accident for bodily injury and property damage

c. Workers' Compensation Insurance. Provider shall procure and maintain, during the term of this Agreement, Workers' Compensation Insurance, as required by California law, on all of its employees engaged in work related to the performance of this Agreement. Provider shall procure and maintain Employers' Liability insurance coverage of $1,000,000. Absent proof of Workers' Compensation Insurance, Provider will submit a fully executed Certification of Exemption from Workers' Compensation Insurance, which District in its sole discretion may accept or reject.

d. Other Coverage as Dictated by the District. If any employee of Provider interacts with students, outside of the immediate supervision and control of the student's parent or guardian or a certificated school employee, Provider shall procure and maintain, during the term of this Agreement, Abuse and Molestation coverage in the amounts of $2,000,000 per occurrence and $4,000,000 aggregate.

If professional services are offered, Provider shall procure and maintain, during the term of this Agreement, Professional Liability (Errors and Omissions) insurance coverage in the amounts of $1,000,000 per occurrence and $2,000,000 aggregate.

e. Provider's insurance is primary and will not seek contribution from any other insurance available to the District. Provider further hereby waives any and all rights of subrogation that it may have against the District.

f. Certificates of Insurance. Provider shall provide certificates of insurance to the District as evidence of the insurance coverage required herein, not less than 15 days prior to commencing the proposed activity, and at any other time upon the request of the District. Certificates of insurance will be deemed invalid if proper endorsements are not attached. Certificates of such insurance shall be filed with the District on or before commencement of the services under this Agreement.

g. Endorsements. Provider's Commercial General Liability insurance and Commercial Automobile Liability coverage and Abuse and Molestation coverage shall name the District, its governing board, officers, agents, employees, and/or volunteers as additional insureds. All endorsements specifying additional insureds for any of the Insurance Policies shall be as indicated below or an equivalent endorsement reasonably acceptable to the District.

1) General Liability: CG 20 26 10 01
2) Primary, non-contributory: CG 20 01 04 13
3) Waiver of subrogation: CG 24 04 05 09
4) Commercial Automobile Liability: CA 20 48 10 13

h. Acceptability of Insurers. Insurance is to be placed with insurers with a current A.M. Best's rating of no less than A: VII, unless otherwise acceptable to the District.

i. Insurance written on a "claims made" basis is to be renewed by the Provider for a period of three (3) years following termination of this Agreement. Such insurance must have the same coverage and limits as the policy that was in effect during the term of this agreement and will cover the Provider for all claims made. If coverage is canceled or non-renewed, and not replaced with another claims-made policy form with a Retroactive Date prior to the contract effective date, the Consultant must purchase "extended reporting" coverage for a minimum of three (3) years after completion of the Services.

j. Failure to Procure Insurance**.** Failure on the part of Provider to procure or maintain required insurance shall constitute a material breach of contract under which the District may immediately terminate this Agreement

Governing Law and Venues. This Agreement shall be interpreted in accordance with the laws of the State of California. If any action is brought to interpret or enforce any term of this Agreement, the action shall be brought in state or federal court situated in the County of Ventura, State of California.

Dispute Resolution. If any dispute arises out of or in connection with the Agreement, representatives of the Parties with authority to settle the dispute shall communicate, in person, electronically, or in writing within 30 days of written notice, in a good faith effort to resolve the dispute.

The parties agree that, in the event of any unresolved dispute under the agreement in which the amount sought is $5,000.00 or less, any litigation to resolve the dispute shall be brought in the Ventura County Small Claims Court.

If the unresolved amount in dispute exceeds $5,000.00, the parties agree that they will first submit the matter to a mutually agreed upon mediator. Notwithstanding the following section, Attorneys Fees, the cost of the mediator shall be borne equally by the parties.

Attorney Fees. In the event of any action or proceeding to interpret or enforce the terms of this Agreement, the prevailing party, as determined by the court or mediator, shall be entitled to recover its reasonable attorney fees and costs incurred in connection with such actions or proceeding.

Nature of Agreement. This Agreement represents the entire agreement between the parties hereto with respect to the subject matter hereof and supersedes any and all other agreements and communications however characterized, written or oral, between or on behalf of the parties hereto with respect to the subject matter hereof. This Agreement may only be modified by a written instrument signed by authorized representatives of each of the parties hereto.

Counterpart Execution. This Agreement may be executed in any number of counterparts which, when taken together, shall constitute one and the same instrument. Executed counterparts of this Agreement may be delivered by PDF email or electronic facsimile transmission and shall have the same legal effect as an "ink-signed" original.

Signature Authority. Provider represents and warrants that Provider has all requisite power and authority to conduct its business and to execute, deliver, and perform this Agreement.

Acknowledgement and Agreement

I have read this Agreement and agree to its terms

Restorative Justice Services
Oxnard School District
Restorative Justice/Restorative Approaches Training
School Year 2025-2026

Overview

The Essence of Restorative Practices

The essence of restorative practices is disarmingly simple: that human beings are happier, more productive and more likely to make positive changes in their behavior when those in positions of authority do things with them, rather than to them or for them.

Increasingly, parents, caregivers and community groups are seeking out support and direction around managing the young people in their care. Building, enhancing and restoring relationships across any workplace, community group, school or culture, is absolutely essential for a strongly connected, empathetic, functioning society.

Restorative Approaches in Schools

Restorative approaches in schools are being sought as alternatives to more punitive disciplinary systems and procedures, where often there have been little or no links between wrongdoers and those they have harmed, nor any real connections between the punishment and the actual offense.

Previous measures are also often failing to meet the relational needs of teaching and learning in 21st-century schools. Increasingly schools are finding restorative approaches more effective in establishing long-term lasting changes in relationships, more connecting of the members of a school community, more involving and hearing of victims, and more enhancing of climates of care within schools as a whole.

Punitive vs Restorative Responses

Punitive Responses	Restorative Responses
1. What rule has been broken? 2. Who is to blame? 3. What is the punishment going to be? 4. How long will the punishment last?	1. What happened? 2. Who has been affected? How? 3. What needs to be done to make it right? 4. What do we need to do to move forward?
Focus: Punishment	**Focus: Accountability * Healing * Needs**

Training & Coaching

Restorative Justice/Restorative Approaches Training
Six 3-Day In-Person Trainings

Ideal for Administrators, Counselors, Teachers, School Aids, Change Agents

- Principles of Restorative Justice/Restorative Approaches

OSD BOARD AGENDA ITEM

Name of Contributor: Kristen Pifko **Date of Meeting:** December 17, 2025

Agenda Section: Section C: Facilities Agreement

Approval of Agreement #25-185 with Twining Consulting to provide Soils & Materials Testing Laboratory and Special Inspection Services for the Fremont Middle School Reconstruction Project (Pifko/Bennett/CFW)

The Fremont Middle School Reconstruction Project consists of a complete reconstruction of the Fremont campus with an entirely new set of facilities, built according to current State code, Oxnard School District (District) specifications, and 21st century educational program requirements. A reconstruction strategy is proposed that would include the construction of a new 750 student grade 6-8 facility at the existing school site. Upon completion of the new facilities, the existing school would be demolished, and playfields and hardcourt areas would be constructed in its place.

In November 2025, a request for proposals was distributed to Soils & Materials Testing Laboratory and Special Inspection firms to submit proposals. Five firms submitted a proposal, and these proposals were reviewed by Caldwell Flores Winters for completeness and responsiveness.

The purpose of this item is to approve the agreement with Twining Consulting to provide Soils & Materials Testing Laboratory and Special Inspection Services for the Fremont Middle School Reconstruction Project.

Term of Agreement: January 01, 2026 through March 30, 2028

FISCAL IMPACT:
$249,274.00 – Measure I Bond Funds

RECOMMENDATION:
It is the recommendation of the Assistant Superintendent of Business & Fiscal Services and the Director of Facilities, in consultation with Caldwell Flores Winters, that the Board of Trustees approve Agreement #25-185 with Twining Consulting.

ADDITIONAL MATERIALS:

A. District desires to engage Provider services as more particularly described on "Statement of Work" which is attached hereto and incorporated herein by this reference ("Services").

B. Provider has the necessary qualifications by reason of training, experience, preparation and organization, and is agreeable to performing and providing such Services, upon and subject to the terms and conditions as set forth below in this Agreement.

NOW THEREFORE, for valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto hereby agree as follows:

1. **CONDITIONS**. Provider will have no obligation to provide services until District returns a signed copy of this Agreement.

2. **NATURE OF RELATIONSHIP**. The parties agree the relationship created by this Agreement is that of independent contractor. In performing all of the Services, Provider shall be, and at all times is, acting and performing as an independent contractor with District, and not as a partner, coventurer, agent, or employee of District, and nothing contained herein shall be construed to be inconsistent with this relationship or status. Provider is not granted any right or authority to assume or to create any obligation or responsibility, express or implied, on behalf of or in the name of District or to bind the District in any manner. Except for any materials, procedures, or subject matter agreed upon between Provider and District, Provider shall have complete control over the manner and method of performing the Services.

Provider understands and agrees to independent contractor status. Provider understands and agrees that the filing and acceptance of this Agreement creates a rebuttable presumption and that the Provider, officers, agents, employees, or subcontractors of Provider are not entitled to coverage under the California Workers' Compensation Insurance laws, Unemployment Insurance, Health Insurance, Pension Plans, or any other benefits normally offered or conveyed to District employees. Provider will be responsible for payment of all Provider employee wages, payroll taxes, employee benefits, and any amounts due for federal and state income taxes and Social Security taxes. These taxes will not be withheld from payments under this agreement.

3. **NON-EXCLUSIVITY.**

   a. During the term of this agreement Provider may, independent of Provider's relationship with the District, without breaching this Agreement or any duty owed to the District, act in any capacity, and may render services for any other entity.

   b. During the term of this Agreement the District may, independent of its relationship with the Provider, without breaching this Agreement or any duty owed to the Provider contract with other individuals and entities to render the same or similar services to the District.

4. **SERVICES**. Provider shall provide District with the services, which are described on the "Statement of Work" (the "Work" or "Service") attached hereto and incorporated herein by this reference. The Statement of Work shall contain a timetable for completion of the Work or if the Work is an ongoing service, the Statement of Work shall set forth the mutually agreed schedule for providing such services. Provider shall use its best efforts to complete all phases of the Work according to such timetable. In the event that there is any delay in completion of the Work arising as a result of a problem within the control of District, Provider and District shall cooperate with each other to work around such delay. However, District shall not be responsible for any additional cost or expense to Provider as a result of such delay unless specifically agreed to in writing by the District. In addition to the specifications and/or requirements contained in the Statement of Work and any warranty given by Provider hereunder, the Statement of Work may set forth those performance criteria agreed between District and Provider whereby the District can evaluate whether Provider has satisfactorily completed the Work ("Performance Criteria").

   Provider, at Provider's sole cost and expense, shall furnish all tools, equipment, apparatus, facilities, transportation, labor, and material necessary to meet its obligations under this Agreement. No substitutions of materials or service from those specified in this section shall be made without the prior written consent of the District.

5. **TIME OF PERFORMANCE**. The term of this Agreement shall commence on January 01, 20 26, and terminate on March 30, 20 28. All work and services contracted for under the terms of this Agreement shall be undertaken and completed in such sequence as to assure their full completion in accordance with the terms and conditions set forth in this Agreement.

   [**Note:** California *Education Code* section 17596 limits continuing contracts; contracts for work or services, or for apparatus or equipment, not to exceed five years; for materials or supplies, not to exceed three years.]

6. **PAYMENT AND EXPENSES**. All payments due to Provider are set forth in the "Schedule of Fees" attached hereto and incorporated herein by this reference.

   Provider shall send District periodic statements indicating Provider's fees and costs incurred and their basis and any current balance owed. If no Provider's fees or costs are incurred for a particular time period,

or if they are minimal, the statement may be held by the Provider and combined with that for the following time period unless a statement is requested by the District.

All payments due Provider are set forth in "Schedule of Fees" and shall be paid by the District within 30 days of receipt of a proper, undisputed invoice from Provider, which invoice shall set forth in reasonable detail the services performed. The District reserves the right, in its sole and absolute discretion, to reject any invoice that is not submitted in compliance with the District's standards and procedures. In the event that any portion of an invoice submitted by a Provider to the District is disputed, the District shall only be required to pay the undisputed portion of such invoice at that time, and the parties shall meet to try to resolve any disputed portion of any invoice.

The rates set forth in "Schedule of Fees" are not set by law, but are negotiable between Provider and District.

7. **ASSIGNMENT AND SUBCONTRACTORS**. Provider shall not assign, sublet, or transfer this Agreement or any rights under or interest in this Agreement without the prior written consent of the District, which may be withheld by the District in its sole and absolute discretion for any reason. Nothing contained herein shall prevent Provider from employing independent associates, subcontractors, and sub-consultants as Provider may deem appropriate to assist in the performance of services herein, subject to the prior written approval of the District. Any attempted assignment, sublease, or transfer in violation of this Agreement shall be null and void, and of no force and affect. Any attempted assignment, sublet, or transfer in violation of this Agreement shall be grounds for the District, in its sole discretion, to terminate the Agreement

8. **TERMINATION OR AMENDMENT**. This Agreement may be terminated or amended in writing at any time by mutual written consent of all of the parties to this Agreement, and may be terminated by either party for any reason by giving the other party 60 days advance written notice. In the event of cancellation prior to completion of the specified services, all finished or unfinished projects, documents, data, studies, and reports prepared by the Provider under this agreement shall, at the option of the District, become District property. The Provider shall be entitled to receive just and equitable compensation for any satisfactory work completed on such items prior to termination of the Agreement.

   The parties to this Agreement shall be excused from performance thereunder during the time and to the extent they are prevented from obtaining, delivering, or performing due to act(s) of God. Satisfactory evidence thereof to the other party is required, provided that it is satisfactorily established that the non-performance is not due to the fault or neglect of the party not performing.

9. **NOTICE**. Any notices required or permitted to be given under this Agreement shall be deemed fulfilled by written notice, demand or request personally served on (with proof of service endorsed thereon, or mailed to, or hereinafter provided) the party entitled thereto or on its successors and assigns, and may be given by:

   a. Personal delivery;

   b. Overnight commercial courier;

   c. Certified or registered prepaid U.S. mail, return receipt requested; or

   d. Electronic mail or electronic facsimile transmission; provided that if given electronically, an additional copy shall also be delivered by a, b, or c, above.

If mailed, such notice, demand, or request shall be mailed certified or registered mail, return receipt requested, and deposited in the United States mail addressed to such party at its address set forth below or to such address as either party hereto shall direct by like written notice and shall be deemed to have been made on the third (3rd) day following posting; or if sent by a nationally recognized overnight express carrier, prepaid, such notice shall be deemed to have been made on the next business day following deposit with such carrier. For the purposes herein, notices shall be sent to the District and the Provider as follows:

Oxnard School District	Twining Consulting
District	Provider
Attn: Kristen Pifko	Attn: Benito Caban, President
1051 South A Street	1879 Portola Road, Suite G
Street	Street
Oxnard, CA 93030	Ventura CA 93003
City, State, Zip Code	City, State, Zip Code

10. **WARRANTY**. Provider hereby warrants to District that the Work shall be performed in a professional and workmanlike manner consistent with the highest industry standards. For a period of one (1) year following completion of the Work, Provider shall correct or make arrangements to correct any breach of the warranty for the Work within ten (10) business days of notice from District of same.

11. **ADDITIONAL WORK**. If changes in the work seem merited by the Provider or the District, and informal consultations with the other party indicate that a change is warranted, it shall be processed by the District in the following manner:

    a. A letter outlining the changes shall be forwarded to the District by the Provider with a statement of estimated changes in fee and/or time schedule.

    b. A written amendment to this Agreement shall be prepared by the District and executed by all of the parties before any performance of such services or the District shall not be required to pay for the increased cost incurred for the changes in the scope of work.

    Any such amendment to the Agreement shall not render ineffective or invalidate unaffected portions of this Agreement.

12. **COMPLIANCE WITH LAWS**. Provider hereby agrees that Provider, officers, agents, employees, and subcontractors of Provider shall obey all local, state, and federal laws and regulations in the performance of this Agreement, including, but not limited to minimum wages laws and/or prohibitions against discrimination. Without limiting the generality of the foregoing, Provider shall complete the conflict of interest certification on **Exhibit C**.

    Provider, officers, agents, employees and/or subcontractors of Provider shall secure and maintain in force for the full term of this Agreement, at Provider's sole cost and expense, such licenses and permits as are required by law, in connection with the furnishing of all the Services, materials, or supplies necessary for completion of the Services described.

Provider shall be responsible for all costs of clean up and/or removal of spilled regulated substances as a result of Provider's services or operations performed under this Agreement, including, but not limited to:

- ☐ Hazardous and toxic substances,
- ☐ Hazardous waste,
- ☐ Universal waste,
- ☐ Medical waste,
- ☐ Biological waste,
- ☐ Sharps waste.

13. **NON-DISCRIMINATION AND EQUAL EMPLOYMENT OPPORTUNITY**
Provider represents and agrees that it does not and shall not discriminate against any employee or applicant for employment, company, individual or group of individuals, because of ancestry, age, color, disability (physical and mental, including HIV and AIDS), genetic information, gender identity, gender expression, marital status, medical condition, military or veteran status, national origin, race, religion, sex/gender, and sexual orientation.

14. **INDEMNIFICATION**. To the fullest extent permitted by law, Provider agrees to defend, indemnify, and hold harmless District, its governing board, officers, agents, employees, successors, assigns, independent contractors and/or volunteers from and against any and all claims, demands, monetary or other losses, loss of use, damages and expenses,, including but not limited to, legal fees and costs, or other obligations or claims arising out of any liability or damage to person or property resulting from bodily injury, illness, communicable disease, virus, pandemic, or any other loss, sustained or claimed to have been sustained arising out of activities of the Provider or those of any of its officers, agents, employees, participants, vendors, customers or subcontractors of Provider, whether such act or omission is authorized by this Agreement or not. Provider also agrees to pay for any and all damage to the real and personal property of the District, or loss or theft of such property, or damage to the Property done or caused by such persons. District assumes no responsibility whatsoever for any property placed on District premises by Provider, Provider's agents, employees, participants, vendors, customers or subcontractors. Provider further hereby waives any and all rights of subrogation that it may have against the District. The provisions of this Indemnification do not apply to any damage or losses caused solely by the negligence of the District or any of its governing board, officers, agents, employees and/or volunteers.

15. **INSURANCE**. Provider, at its own cost and expense, shall procure and maintain during the term of this Agreement, policies of insurance for the following types of coverage:

a. Commercial General Liability Insurance. Provider shall procure and maintain, during the term of this Agreement, the following General Liability Insurance coverage:

	Each Occurrence	Aggregate
Individual, Sole Proprietorship, Partnership, Corporation, or Other	$ 1,000,000.00	$ 2,000,000.00

Commercial General Liability insurance shall include products/completed operations, property damage, and personal and advertising injury coverage.

Any and all subcontractors hired by Provider in connection with the Services described in this Agreement shall maintain such insurance unless the Provider's insurance covers the subcontractor and its employees.

b. Automobile Liability. Provider shall procure and maintain, during the full term of this Agreement, Automobile Liability Insurance, including non-owned and hired automobiles, as applicable with the following coverage limits:

Personal vehicles:	$ 500,000.00 combined single limit or
	$100,000.00 per person / $300,000.00 per accident
Commercial vehicles:	$1,000,000.00 combined single limit

c. Workers' Compensation Insurance. Provider shall procure and maintain, during the term of this Agreement, Workers' Compensation Insurance, as required by California law, on all of its employees engaged in work related to the performance of this Agreement. Provider shall procure and maintain Employers' Liability insurance coverage of $1,000,000.
In the case of any such work which is subcontracted, Provider shall require all subcontractors to provide Workers' Compensation Insurance and Employers' Liability insurance for all of the subcontractor's employees to be engaged in such work unless such employees are covered by the protection afforded by the Provider's Workers' Compensation Insurance.
Absent proof of Workers' Compensation Insurance, Provider will submit a statement requesting a waiver from this requirement and indicating the reason Workers' Compensation Insurance is not required.

d. Errors and Omissions Insurance. Provider shall procure and maintain, during the term of this Agreement, Professional Liability/Errors and Omissions Insurance in an amount of the following:

Accountants, attorneys, education consultants, nurses, therapists	$1,000,000.00
Architects	$1,000,000.00 or $2,000,000.00

e. Other Coverage as Dictated by the District. Provider shall procure and maintain, during the term of this Agreement, the following other Insurance coverage:

	Each Occurrence	Aggregate
☐ Abuse and Molestation	$ 2,000,000.00	$4,000,000.00
☐ Pollution Liability	$ 1,000,000.00	$ 2,000,000.00
☐ Cyber Liability	$ 5,000,000.00	
☐ Other: _____	$ _____	$ _____

f. If the Provider or Provider's subcontractor(s) maintains broader coverage and/or higher limits than the minimums shown above, the District requires and shall be entitled to the broader coverage and/or higher limits maintained by the Provider. Any available insurance proceeds in excess of the specified minimum limits of insurance and coverage shall be available to the District.

g. Provider's and any and all subcontractors' insurance is primary and will not seek contribution from any other insurance available to the district.

h. Certificates of Insurance. Provider and any and all subcontractors working for Provider shall provide certificates of insurance to the District as evidence of the insurance coverage required herein, not less than Fifteen (15) days prior to commencing work for the District, and at any other time upon the request of the District. Certificates of insurance will be deemed invalid if proper endorsements are not attached. Certificates of such insurance shall be filed with the District on or before commencement of the services under this Agreement.

i. Endorsements. Provider's and any and all Provider subcontractor's Commercial General Liability insurance; Commercial Automobile Insurance; Liability Excess, Umbrella and/or Reinsurance; and Abuse and Molestation coverage shall name the District, its governing board, officers, agents, employees, and/or volunteers as additional insureds. All endorsements specifying additional insureds for any of the Insurance Policies shall be as indicated below or an equivalent endorsement reasonably acceptable to the District.

1) General Liability

❑ Facilities Rental or Lease: CG 20 11 10 01;

■ Most Other services: CG 20 26 10 01.

2) Primary, Non-Contributory

■ CG 20 01 01 13

3) Waiver of Subrogation

■ CG 24 04 05 09

4) Commercial Automobile Liability

■ CA 20 48 10 13

j. Provider's and any and all Provider subcontractor's Commercial General Liability insurance shall provide a list of endorsements and exclusions.

k. Deductibles. Any deductible(s) or self-insured retention(s) applicable to the insurance and/or coverage required by the foregoing provisions of this agreement must be declared to and approved by the District. Provider shall be responsible to pay that deductible or self-insured retention and the District shall not be responsible to pay these costs. In the event that Provider's deductibles or self-insured retentions collectively total more than $50,000.00, District reserves the right to request proof of Provider's financial solvency in relation to remittance thereof or require Provider to post a bond guaranteeing payment of the deductible, or both.

l. Acceptability of Insurers. Insurance is to be placed with insurers with a current A.M. Best's rating of no less than A: VII, unless otherwise acceptable to the District.

m. Insurance written on a "claims made" basis is to be renewed by the Provider and all Provider subcontractors for a period of five (5) years following termination of this Agreement. Such insurance

must have the same coverage and limits as the policy that was in effect during the term of this agreement, and will cover the provider for all claims made.

n. Failure to Procure Insurance**.** Failure on the part of Provider, or any of its subcontractors, to procure or maintain required insurance shall constitute a material breach of contract under which the District may immediately terminate this Agreement.

16. **SAFETY AND SECURITY**. Provider shall be responsible for ascertaining from the District all of the rules and regulations pertaining to safety, security, and driving on school grounds, particularly when children are present.

Without limiting the generality of the foregoing, Provider shall comply with any applicable fingerprinting/ criminal background investigation and tuberculosis clearance requirements of the California Education Code and shall provide the certifications on **Exhibit C** prior to performance of any Services.

a. On Site Services; Student Data Access. If services require Provider to access any District facility, transport or interact in any manner (including through an app or other electronic means) with District students, or access student data, Provider and any and all subcontractors are required to comply with Education Code section 45125.1, Fingerprint certification requirements. Provider must provide proof that fingerprint certification requirements have been fulfilled prior to commencing any services for the District under this Agreement.

Provider shall certify in writing to the school district that neither the Provider nor any of its employees, agents, representatives or subcontractors who are required to submit or have their fingerprints submitted to the Department of Justice and who may interact with any District student outside the direct supervision and control of a District employee or that student's parent or legal guardian have been convicted of a felony.

b. Other Services. If Provider will not provide any services on site or have access to any student data or interact with any District student in connection with the Services, then, Provider and its subcontractors are not required to comply with Education Code section 45125.1 background check requirements. However, Provider must still complete **Exhibit C** to specify that these requirements are not applicable.

c. Tuberculosis Risk Assessment requirements (Education Code section 49406). Providers who may have more than limited contact with District students (including any Providers who provide in person tutoring or who provide any transportation services to students) are required to cause to be on file with the District a certificate from an examining physician showing that Provider, employees and/or sub providers of Provider have been examined and found free from active tuberculosis.

17. **GOVERNING LAW AND VENUES**. Provider hereby acknowledges and agrees that District is a public entity, which is subject to certain requirements and limitations. This Agreement and the obligations of District hereunder are subject to all applicable federal, state and local laws, rules, and regulations, as currently written or as they may be amended from time to time.

This Agreement shall be interpreted in accordance with the laws of the State of California. If any action is brought to interpret or enforce any term of this Agreement, the action shall be brought in state or federal court situated in the County of Ventura, State of California. Provider hereby waives and expressly agrees not to assert, in any way, any claim or allegation that it is not personally subject to the jurisdiction of the courts named above. Provider further agree to waive any claim or allegation that the suit, action, or proceeding is either brought in an inconvenient forum or that the related venue is improper."

18. **DISPUTE RESOLUTION.**

a. The parties agree that, in the event of any dispute under the agreement in which the amount sought is $5,000.00 or less, any litigation to resolve the dispute shall be brought in the Ventura County Small Claims Court.

b. If the amount in dispute exceeds $5,000.00, the parties agree that they will first submit the matter to a mutually agreed upon mediator. Notwithstanding section 19, Attorneys Fees, the cost of the mediator shall be borne equally by the parties.

c. If the mediator is unable to resolve the dispute, then the parties shall submit the matter to binding arbitration in Ventura County or other mutually agreed location pursuant to the rules of the American Arbitration Association (AAA), as amended or as augmented in this Agreement (the "Rules"). The parties acknowledge that one of the purposes of utilizing arbitration is to avoid lengthy and expensive discovery and allow for prompt resolution of the dispute.

Arbitration shall be initiated as provided by the Rules, although the written notice to the other party initiating arbitration shall also include a description of the claim(s) asserted and the facts upon which the claim(s) are based. Arbitration shall be final and binding upon the parties and shall be the exclusive remedy for all claims subject hereto, including any award of attorneys' fees and costs. Either party may bring an action in court to compel arbitration under this Agreement and to enforce an arbitration award.

All disputes shall be decided by a single arbitrator. The arbitrator shall be selected by mutual agreement of the parties within 30 days of the effective date of the notice initiating the arbitration. If the parties cannot agree on an arbitrator, then the complaining party shall notify the AAA and request selection of an arbitrator in accordance with the Rules. The arbitrator shall have only such authority to award equitable relief, damages, costs, and fees as a court would have for the particular claim(s) asserted. In no event shall the arbitrator award punitive damages of any kind.

The arbitrator shall have the power to limit or deny a request for documents or a deposition if the arbitrator determines that the request exceeds those matters, which are directly relevant to the claims in controversy. The document demand and response shall conform to Code of Civil Procedure section 2031. The deposition notice shall conform to Code of Civil Procedure section 2025. The parties may make a motion for protective order or motion to compel before the arbitrator with regard to the discovery, as provided in Code of Civil Procedure sections 2025 and 2031.

19. **ATTORNEYS FEES.** In the event of any action or proceeding to interpret or enforce the terms of this Agreement, the prevailing party, as determined by the court or arbitrator, shall be entitled to recover its reasonable attorney fees and costs incurred in connection with such actions or proceeding

20. **DOCUMENT RETENTION.** After Provider's services to District conclude, Provider shall, upon the District's request, deliver all documents for all matter in which Provider has provided services to the District, along with any property of the District in Provider's possession and/or control. If the District does not request District's document(s) for a particular service, Provider will retain document(s) for a period of two (2) years after the service has ended. If District does not request delivery of the document(s) for the service before the end of the two (2) year period, Provider will have no further obligation to retain the document(s) and may, at Provider's discretion, destroy it without further notice to the District. At any point during the two (2) year period, District may request delivery of the document(s).

Exceptions: Attorney work-product and medical records shall not be destroyed by provider without the prior written consent of the District.

21. **NATURE OF AGREEMENT.** This Agreement constitutes a binding expression of the understanding of the parties with respect to the services to be provided hereunder and is the sole contract between the parties with respect to the subject matter thereof. There are no collateral understandings or representations or agreements other than those contained herein. This Agreement represents the entire agreement between the parties hereto with respect to the subject matter hereof and supersedes any and all other agreements and communications however characterized, written or oral, between or on behalf of the parties hereto with respect to the subject matter hereof. This Agreement may only be modified by a written instrument signed by authorized representatives of each of the parties hereto; provided that the District may not be bound by any term or condition incorporated by reference (including references to any link, website or electronic document) into any document prepared by or provided to District by Provider, including any license, purchase order or other instrument.

For the avoidance of any doubt, Provider is hereby informed that any and all terms or conditions of use of any web-based service or application must be presented in PDF format to the Board of Trustees and may not be unilaterally altered by Provider during the Term of this Agreement.

THE BODY OF THIS AGREEMENT MAY NOT BE EDITED OR ALTERED BY PROVIDER.

22. **BINDING EFFECT**. This Agreement shall inure to the benefit and shall be binding upon all of the parties to this Agreement, and their respective successors in interest or assigns.

23. **WAIVER.** No claim or right arising out of a breach of this Agreement can be discharged in whole or in part by a waiver or renunciation of the claim or right unless such waiver is in writing.

24. **SEVERABILITY.** It is intended that each paragraph of this Agreement shall be treated as separate and divisible, and in the event that any paragraphs are deemed unenforceable, the remainder shall continue to be in full force and effect so long as the primary purpose of this Agreement is unaffected.

25. **PARAGRAPH HEADINGS.** The headings of paragraphs hereof are inserted only for the purpose of convenient reference. Such headings shall not be deemed to govern, limit, modify or in any other manner affect the scope, meaning or intent of the provisions of this Agreement or any part or portion thereof, nor shall they otherwise be given any legal effect whatsoever.

26. **AUTHORITY.** Provider represents and warrants that Provider has all requisite power and authority to conduct its business and to execute, deliver, and perform this Agreement. Each party warrants that the individuals who have signed this Agreement have the legal power, right, and authority to make this Agreement and to bind each respective party.

27. **COUNTERPART EXECUTION: ELECTRONIC DELIVERY.** This Agreement may be executed in any number of counterparts which, when taken together, shall constitute one and the same instrument. Executed counterparts of this Agreement may be delivered by PDF email or electronic facsimile transmission, and shall have the same legal effect as an "ink-signed" original.

IN WITNESS WHEREOF, the parties have executed this agreement as of the date first written above. By signing below, Provider certifies that it has not altered any provision of the body of this Agreement.

Services Agreement Dated: December 17, **2025**

Provider: Twining Consulting

I. Fingerprinting/Criminal Background Certification (Education Code Section 45125.1)

Provider and its subconsultant's and their employees, agents and representatives (each, a "Provider Party") are required to submit fingerprints to the California Department of Justice (CDOJ) if they may interact with any student outside of the immediate supervision and control of the student's parent or guardian or a District employee in connection with the Services. Provider certifies to the Superintendent and the Board of Trustees of the District that it is, or prior to providing any Service under this Agreement will be, in compliance with the requirements of Education Code section 45125.1, as follows (Provider to check one box):

☐ Provider will ensure that any Provider Party who: (a) might access a District facility and/or interact with a District pupil in any manner (including through an educational app or cloud-based system) outside of the immediate supervision and control of the student's parent or guardian or a District employee OR (b) who was identified by District as a person requiring clearance pursuant to §45125.1(c) has, prior to providing any Service, submitted fingerprints to the CDOJ and that Provider has received from the CDOJ a valid criminal records summary as described in §44237 for said Provider Party. Provider will not allow any person who has been convicted of a violent felony listed in Penal Code section 667.5(c) or a serious felony listed in Penal Code §1192(c) to provide any Service. Provider will not allow any such Provider Party to perform any Service until Provider ascertains that the CDOJ has cleared that person and a record compliant with Education Code § 45125.1 is on file with Provider.

☐ The fingerprinting requirements **do not apply** because the Services are being provided on an emergency or exceptional situation as contemplated under section § 45125.1(b).

☒ The fingerprinting requirements **do not apply** because Provider Parties will have no opportunity to interact with a District students in any manner because: (i) no school-site Services or Services concerning student records will be provided; and/or (ii) the Services will be provided at a school site while students are not present (vacant, under construction etc.).

By signing below I certify, under penalty of perjury, that: (i) I am an authorized representative of Provider qualified to provide this Certification; (ii) the information above concerning compliance with Education Code Section 45125.1 is accurate and complete as of the date hereof; and (iii) during the term, I will immediately inform District if any CDOJ report is changed or updated with respect to Provider Party. Documents provided by the CDOJ will be retained by Provider and available for inspection by District or its representative(s) upon request.

II. Tuberculosis Risk Assessments Certification (Education Code Section 49406). With respect to Education Code § 49406, I do hereby ***certify, represent and warrant*** to District's Superintendent and Board of Trustees as follows (Provider to check the applicable statement below):

☒ Provider Parties, any subconsultants, and any respective employees, representatives or agents will, in connection with the provision of Services under this Agreement, have ***only limited or no contact*** with any District student(s).

☐ Provider Parties may, in connection with the provision of Services, have more than limited contact with District students. Therefore, the Provider has for each such Provider Party: (A) obtained and filed proof on completion of the required TB risk assessment(s) and (B) if deemed necessary by a physician/surgeon, obtained and filed copies of their TB examination(s), all in compliance with the provisions of Education Code § 49406. Provider will maintain a current list of all such Provider Parties and will provide a copy to District upon request.

By signing below I certify, under penalty of perjury, that I am an authorized representative of Provider qualified to provide this Certification, that the information above concerning compliance with Education Code § 49406 is accurate and complete as of the date hereof, and that, during the Term, I and all Provider Parties will satisfy all applicable tuberculosis clearance requirements before having more than limited contact with District students.

III. Conflict of Interest Certification

The Provider represents and warrants that he/she/it presently has no interest, and shall not acquire any interest, direct or indirect, financial or otherwise, which conflicts in any manner with District or with the performance of the Services. Provider understands that District will not engage any person having such conflict of interest to perform the Services. Provider agrees that if any facts come to its attention which raises any questions as to the applicability of conflict of interest laws, it shall immediately inform the District's designated representative and provide all information needed for resolution of this question.

RE: Proposal to Provide Soils and Materials Testing and Special Inspection Services for Fremont Middle School

Dear Mason,

Twining Consulting (Twining) is pleased to submit our Statement of Qualifications to Oxnard School District for the Fremont Middle School Reconstruction Project, providing comprehensive soils, materials testing, and special inspection services.

Firm & Team Introduction
Twining is a recognized leader in DSA-compliant special inspection and materials testing for K–12 construction across California, supported by a fully accredited DSA-approved laboratory and one of the region's largest teams of certified inspectors, technicians, and licensed engineers. Our Lab of Record services are managed by Lance Mowdy, an experienced Project Manager who oversees all inspection and testing activities to ensure seamless coordination and adherence to DSA, CBC, ASTM, and District requirements. Backed by ICC-certified inspectors, ACI-certified technicians, and a robust internal quality program, Twining delivers accurate reporting, responsive field support, and dependable oversight throughout every phase of construction.

Decades of K–12 Expertise
Twining is well suited to support the Fremont Middle School Reconstruction Project, bringing over 50 years of experience delivering DSA-compliant geotechnical, materials testing, and special inspection services for K–12 districts. Our team understands the District's technical and schedule-driven needs and is supported by a large roster of certified inspectors, technicians, and licensed engineers, as well as a fully accredited DSA-approved laboratory. With immediate capacity, proven responsiveness, and extensive experience on complex school modernization projects, Twining is prepared to provide the quality assurance and timely reporting required for full compliance with Title 24 and DSA standards.

Thank you for the opportunity to submit. If you have any questions, please contact Michael Molina at 951.552.0031 or via email at mmolina@twininginc.com. He is authorized to speak for the firm and will be the primary point of contact during the evaluation process.

Sincerely,
Twining Consulting

Certificate of Insurance
Provided in the appendix

Required Statement
Twining Consulting received a copy of the District's form of Agreement for Professional Services ("Agreement") attached as ATTACHMENT "A" to the RFP. Twining Consulting has reviewed the indemnity provisions and insurance provisions contained in the Agreement. If given the opportunity to contract with the District, Twining Consulting has objections to the use of the Agreement, listed as follows or as contained in the appendix to this Submittal.

Certification of Non-Collusion and Conflict of Interest
Twining certifies that no District official or employee, nor any business entity in which a District official has an interest, has been employed to solicit or assist in procuring this contract, and that no such person will be employed in its performance without immediate disclosure to the District.

2. LITIGATION AND CLAIMS HISTORY

Twining is financially solvent and has sufficient liquidity to meet all current obligations. There are no existing conditions including bankruptcy, pending litigation, planned office closures or any impending mergers which could impede the firm's ability to complete its current projects.

Twining has not been terminated for default on any project nor have we incurred any actions related to filing false claims. Further, Twining has never been found or adjudicated to have been in violation of equal opportunity or fair employment laws. Twining has not been debarred from participating in publicly funded projects by any Local, County, State, or Federal Agency.

During the past five years, Twining has been a party in the following civil lawsuits:

Active Claims for the Past 5 years

- **Diana Aldana**
  Case No.: CVSB250191
  Court: San Bernardino Superior Court
  Court Address: 247 West 3rd Street, San Bernardino, CA 92415
  Project: Not Applicable
  Description: In June 2023, a Twining inspector and the plaintiff were involved in a rear-end auto accident. The plaintiff alleges that Twining caused both general and special damages due to the accident. Twining vigorously denies these allegations and considers them to be frivolous.

Dismissed Claims for the Past 5 years

- **Angel Ronquillo v. City of Norwalk**
  Case No.: 22 ST CV 30417
  Court: Superior Court. Los Angeles County - Spring Street Courthouse
  Court Address: 312 North Spring Street, Los Angeles, CA 90012
  Project: 210036.1, 210037.1, and 210038.1
  Description: In 2021, the City of Norwalk filed a cross-complaint against Twining for a project Twining worked on. The plaintiff alleged that road conditions were dangerous due to road rehabilitation services and claimed to have been injured as a result while riding his motorcycle. Twining denied any liability and was dismissed from the case in October 2024 with no fault attributed to Twining.

3. PROJECT TEAM SUMMARY

Organization Chart

Twining brings qualifications, experience, and understanding of K–12 policies, practices, and guidelines. Our personnel have complementary technical skills alongside practical project management experience. This depth and breadth of expertise provide availability and flexibility to meet the technical, schedule, and budget requirements, as exemplified in previous and current projects. Twining understands that the District expects our team to remain intact through the duration of the Project. If a team member must leave, Twining will contact the District to approve any team member's replacement. Resumes are provided in the appendix. All required services are performed in-house, and Twining does not require subconsultants.

- Key Personnel
- Support Staff

Project Executive

Benito Caban, PE

Project Manager

Lance Mowdy

Special Inspectors

Michel Rofaeil
Brad Taylor
Sandra Ramsdell

Supported by our staff of over 180 multi-disciplined inspectors.

As-Needed Technical Experts

Paul Soltis, PE, GE
Geotechnical Engineer of Record (GEOR)

Rob Ryan, ASNT Level III
Structural Steel Expert

Liangcai He, PhD, PE, GE
Chief Geotechnical Engineer

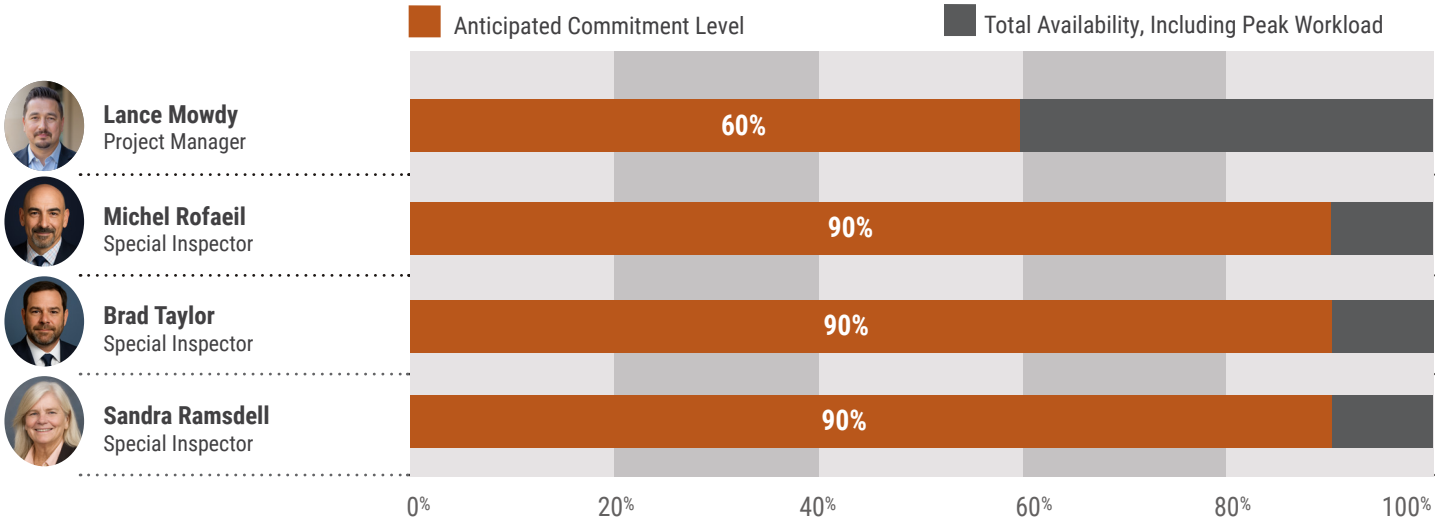
Jon Browning, PG, CEG
Certified Engineering Geologist

Amir Ghavibazoo, PhD
Pavement Expert

Boris Stein, DSc
Concrete Expert

Yiwen Bu, PhD, PE, LEED AP
Concrete Expert

Laboratory Manager



Lee Bainer

Laboratory Technicians

Technicians work staggered hours to help ensure timely turnaround of laboratory testing.

Key Personnel Availability

Twining has a deep bench of inspectors and technicians ready at a moment's notice to assist the District with any of its project needs. Our key staff, and their respective support staff, are available and committed to dedicating the effort necessary to complete any service required by the District. Below we have provided a chart illustrating our key personnel's projected workload and each person's minimum commitment level, with the understanding that everyone can and will expand their availability, as needed.

Regional Firm Resources & Capacity

Twining's key personnel and support staff are fully committed to supporting Oxnard School District (OSD) project with the resources and responsiveness needed to meet schedule demands. Our team includes more than 180 inspectors across Southern California—over 80% of whom hold multiple certifications—allowing us to staff and deliver projects of any size. **Our DSA-approved laboratory, located just 6 miles from OSD**, operates 24/7 to provide immediate response, rush testing, and after-hours support as needed. Inspectors maintain direct communication with our Laboratory Manager, Lee Bainer, ensuring seamless coordination, timely sample pick-up, and prompt electronic delivery of results to keep your project on track.

Ventura Laboratory
1879 Portola Road, Suite G
Ventura, CA 93003

Our Laboratory

Project laboratory testing will be conducted in-house, at Twining's DSA-certified Ventura laboratory—just ***6 miles from OSD***.

This laboratory is also accredited by HCAI, OPAA, Caltrans, AASHTO, and USACE. We are happy to provide copies of our certifications upon request.

K–12/Public School Clients

With over 50 years of experience working with K–12 clients, Twining has established a trusted reputation for delivering DSA-regulated geotechnical engineering, materials testing, and special inspection services to public school systems throughout California. Our team has built lasting relationships with districts across the state through responsive service, technical excellence, and a deep understanding of DSA processes and educational facility requirements. This long-standing experience has made K–12 work a cornerstone of our firm's expertise and one of our most significant areas of practice. Below is a list of K–12 public school districts Twining has served:

- ABC Unified School District
- Alhambra Unified School District
- Anaheim Elementary School District
- Anaheim Union High School District
- Azusa Unified School District
- Banning Unified School District
- Barstow Unified School District
- Bellflower Unified School District
- Beverly Hills Unified School District
- Buena Park School District
- Burbank Unified School District
- Capistrano Unified School District
- Cardiff School District
- Carlsbad Unified School District
- Castaic Union School District
- Centinela Valley Union High School District
- Coachella Valley School District
- Compton Unified School District
- Conejo Valley Unified School District
- Corona-Norco Unified School District
- Culver City Unified School District
- Desert Sands Unified School District
- Downey Unified School District
- El Monte City School District
- El Monte Union High School District
- El Segundo Unified School District
- Escondido Union High School District
- Fillmore Unified School District
- Fullerton Joint Union High School District
- Garden Grove Unified School District
- Glendale Unified School District John Fenton
- Hacienda La Puente Unified School District
- Huntington Beach Union High School District
- Inglewood Unified School District
- Irvine Unified School District
- Jamul Dulzura Union School District
- La Canada Unified School District
- La Habra City School District
- La Mesa Spring Valley School District
- Las Virgenes Unified School District
- Lennox School District
- Long Beach Unified School District
- Los Alamitos Unified School District
- Los Angeles Unified School District
- Lowell Joint School District
- Lynwood Unified School District
- Magnolia School District
- MUPU Elementary School District
- Newport-Mesa Unified School District
- Norwalk-La Miranda Unified School District
- Nuview Union School District
- Ocean View School District

- San Ysidro School District
- Santa Ana Unified School District
- Santa Barbara Unified School District
- Santa Monica-Malibu Unified School District
- Simi Valley Unified School District
- South Whittier School District
- Sweetwater Union High School District
- Val Verde Unified School District
- Ventura Unified School District
- Washougal School District
- Westminster School District
- Whittier City School District
- William S. Hart Union High School District
- Wiseburn Unified School District

Examples of our recent K–12 and DSA project experience are included in the appendix to further demonstrate our capabilities and depth of experience.

4. FEE PROPOSAL

In accordance with the RFP's format requirements—which state that fee schedules are not included in the page count—Twining has included the complete Fee Proposal and Schedule of Rates in the Appendix. This approach maintains consistent pagination throughout the main body of the proposal while ensuring all required fee information is clearly presented and easily accessible for the District's review.

5. NON-COLLUSION DECLARATION

ATTACHMENT C

NON-COLLUSION DECLARATION
(Public Contract Code Section 7106)

The undersigned declares:

I am the President of Twining Consulting, the party making the foregoing
[Title] [Name of Firm]

bid/proposal.

The bid/proposal is not made in the interest of, or on behalf of, any undisclosed person, partnership, company, association, organization, or corporation. The bid/proposal is genuine and not collusive or sham. The bidder/proposer has not directly or indirectly induced or solicited any other bidder/proposer to put in a false or sham bid/proposal. The bidder/proposer has not directly or indirectly colluded, conspired, connived, or agreed with any bidder/proposer or anyone else to put in a sham bid/proposal, or to refrain from bidding/proposing. The bidder/proposer has not in any manner, directly or indirectly, sought by agreement, communication, or conference with anyone to fix the bid/proposal price of the bidder/proposer or any other bidder/proposer, or to fix any overhead, profit, or cost element of the bid/proposal price, or of that of any other bidder/proposer. All statements contained in the bid/proposal are true. The bidder/proposer has not, directly or indirectly, submitted its bid/proposal price or any breakdown thereof, or the contents thereof, or divulged information or data relative thereto, to any corporation, partnership, company, association, organization, depository, or to any member or agent thereof, to effectuate a collusive or sham bid/proposal, and has not paid, and will not pay, any person or entity for such purpose.

Any person executing this declaration on behalf of a bidder/proposer that is a corporation, partnership, joint venture, limited liability company, limited liability partnership, or any other entity, hereby represents that he or she has full power to execute, and does execute, this declaration on behalf of the bidder/proposer.

I declare under penalty of perjury under the laws of the State of California that the foregoing is true and correct and that this declaration is executed on November 17, 2025,

[Date]

at Fountain Valley, CA.

6. CERTIFICATIONS REGARDING LOBBYING, DEBARMENT, SUSPENSION, AND OTHER RESPONSIBILITY MATTERS

ATTACHMENT D

Certifications Regarding Lobbying, Debarment, Suspension, and Other Responsibility Matters

The undersigned certifies, to the best of their knowledge and belief, that:

(1) No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment or modification of any Federal contract, grant, loan, or cooperative agreement.

(2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure of Lobbying Activities," in accordance with its instructions.

(3) The undersigned shall require that the language of this certification be included in the award documents of all sub-awards at all tiers (including subcontracts, sub-grants, and contracts under grants, loans, and cooperative agreements) and that all sub- recipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, United States Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

7. COMMENTS TO FORM OF AGREEMENT

Twining has reviewed the District's standard agreement included as Attachment A. In accordance with Section 7 of the RFP, we are providing the following comments to ensure mutual clarity regarding a few provisions that may require additional discussion. These items were also submitted as RFIs in cooperation with the RFP requirements.

Section 14. Indemnification

The current indemnification language appears broader than what is typically required for professional services and may extend beyond the limitations set forth in California Civil Code § 2782.8. Twining respectfully requests the opportunity to work with the District to incorporate language consistent with state law and industry-standard practice for design-related services.

Section 17. Insurance Requirements

Some of the insurance provisions—particularly those related to communicable diseases, pandemics, and other exclusions that are not covered under standard commercial policies—may benefit from additional clarification. We welcome the opportunity to review these items with the District to ensure the contract reflects coverages that are commercially available and appropriate for the scope of work.

Section 15.E. Additional Insurance Coverages

The agreement references several specialized coverages, such as Abuse & Molestation, Pollution Liability, and Cyber Liability. These coverages are not applicable to materials testing and special inspection services. Twining kindly requests confirmation that these lines will not be required for this contract.

Twining is committed to entering into a fair, clear, and mutually workable agreement with the District. Our comments are intended solely to help facilitate that process should contract discussions occur. We remain flexible and are happy to collaborate with the District to finalize terms that support project success for all parties.

Benito Caban, PE
Project Executive

Professional Summary

Benito Caban, PE, has over 26 years of experience in geotechnical engineering, materials testing, and special inspection services, with extensive expertise managing QA/QC programs for high-profile projects across California. He has led technical operations through all phases of construction—from planning and design to post-construction monitoring—and specializes in HCAI and DSA-regulated projects. As Project Executive, Benito provides engineering oversight, technical direction, and managerial support to project managers, field technicians, and special inspectors on complex vertical and infrastructure projects.

Professional Engineer (PE), CA No. 73220

El Monte City School District, Durfee Elementary School - New 2-Story Classroom Building

Initially opened in 1965, Durfee School has undergone extensive remodeling and modernization. Remodeling has included new and more efficient lighting and air conditioning, compute Internet wiring in every room, new playground equipment, and a new drop-off zone/parking lot. The Durfee Elementary School Growth Project consists of the construction of a new two-story 24-classroom building, which includes a new Library, Music Room, and Lunch Shade Structure. As the Principal-in-Charge, Benito was responsible for providing technical oversight, ensuring the project was running on schedule and within budget.

Irvine Unified School District, Bond Measure E Improvements – South Lake Middle School Modernization, Expansion, and Interim Housing

Twining provided geotechnical observation, materials testing, and special inspection services for the South Lake Middle School modernization and expansion. Twining's scope included field and laboratory testing of soils, aggregates, concrete, and masonry; batch plant inspection; and verification of compaction and backfill operations. Twining's inspection services covered structural concrete, masonry, structural steel, welding, high-strength bolting, and spray-applied fireproofing, including nondestructive testing and fireproofing adhesion/cohesion verification. Benito served as Project Executive.

Santa Ana Unified School District, Carver Elementary School Modernization

Twining provided materials testing and special inspection services for the modernization of Carver Elementary School in Santa Ana, California. Work was performed under DSA jurisdiction and in compliance with prevailing wage requirements. Services included field and laboratory testing of soils, concrete, and masonry; verification of structural steel and welding; and continuous inspection to ensure compliance with the California Building Code and DSA-approved construction documents. Benito served as Project Executive.

Lance Mowdy
Project Manager

Professional Summary

Lance Mowdy brings a wealth of field and management experience to his role as Project Manager at Twining, backed by his successful track record managing both public and private sector construction projects. With a strong foundation in Division of the State Architect (DSA) compliance and a hands-on approach to project oversight, Lance ensures projects are executed efficiently and to the highest quality standards, from preconstruction through closeout. As a Project Manager, Lance excels in coordinating teams, managing budgets and timelines and maintaining open lines of communication between stakeholders. His comprehensive understanding of construction practices allows him to anticipate challenges, implement practical solutions, and deliver outcomes that meet or exceed client expectations. Lance's proactive leadership style and deep industry knowledge contribute to the smooth delivery of services and the continued satisfaction of Twining's clients.

Los Angeles Unified School District, San Pedro High School Comprehensive Modernization Project

Directed daily operations for a team of Special Inspectors and Technicians on a large-scale modernization effort at a historic campus. Oversaw all AAMA fenestration testing, managing subcontracted services and verifying water and air intrusion resistance of windows and curtain walls. Successfully identified the root causes of multiple test failures, tracing them to deficiencies in concrete wall construction and inadequate weather sealing at window sills, enabling the project team to implement effective corrective measures.

Orange Unified School District, Multiple Campus New Classroom Buildings

Provided cost estimates and execution strategies for three DSA construction projects, overseeing inspector and technician dispatch to ensure timely coverage. Coordinated with the District Liaison to manage Laboratory of Record (LOR) services within budget, tracked out-of-scope inspection activities for back charges, and maintained accurate documentation supporting cost control and budget compliance.

Santa Ana Unified School District, District-Wide Solar Projects

Served as Project Engineer under the DSA Class 1 Project Inspector, responsible for overseeing all quality assurance and certification activities in compliance with DSA requirements. Collaborated with the Laboratory of Record to ensure timely, conforming special inspection and testing results, while resolving non-conforming issues efficiently. Managed DSA Box uploads and communications on behalf of the Project Inspector and facilitated construction change orders and contract amendments as project timelines extended. Worked closely with program management to address contractor delays, review pay applications and resolve field deviations.

Michel Rofaeil
Special Inspector

Professional Summary

Michel Rofaeil is a certified Special Inspector with over 7 years of experience providing structural inspection and materials testing services on DSA-regulated K–12 and community college projects. His expertise includes reinforced and prestressed concrete, masonry, structural steel, welding, high-strength bolting, and fireproofing inspections in accordance with Title 24 and project specifications. Michel's portfolio includes work for North Orange County CCD, Glendale CCD, and Anaheim Union HSD, where he consistently ensured code compliance, construction quality, and collaboration with contractors and district representatives. His skillset and familiarity with DSA protocols make him a strong asset for the District's Fremont Middle School Reconstruction Project.

North Orange County Community College District, Fullerton College Chapman Newell Instructional Building

The Chapman Newell Instructional Building is a new two-story, 23,000-SF classroom and office facility constructed under a design-build delivery. Twining served as the Laboratory of Record, providing geotechnical observation, deputy inspection, and materials testing for soils, concrete, masonry, steel, welding, and fireproofing. Michel performed inspections in reinforced concrete, masonry, structural steel, welding, and high-strength bolting, ensuring compliance with DSA requirements and contributing to the successful completion of this academic facility.

Beverly Hills Unified School District, Upper Athletic Fields

Twining is providing materials testing, special inspection, and geotechnical observation services for the Upper Athletic Fields project at Beverly Hills High School. The project includes a new softball field, six tennis courts, athletic lighting, accessible ramps, seating areas, and a 655-foot retaining wall supported by soil nails, soldier piles, and shotcrete. Our scope includes soils compaction testing, concrete and shotcrete inspection, structural steel and welding inspection, and verification of post-installed anchors, performed in coordination with the Geotechnical Engineer of Record. Michel performed concrete inspections, quality control verification, and batch plant monitoring.

Anaheim Elementary School District (AESD), Paul Revere Elementary School – Benito Juarez Multi-Purpose Room (MPR) Building

Twining provides geotechnical engineering, materials testing, and special inspection services for a new Multi-Purpose Room and shade structure, including foundation observation, soil testing, and inspection of concrete, masonry, and structural steel. As Geotechnical Engineer of Record, Twining ensures quality assurance and DSA compliance throughout construction. Michel performed concrete inspections, quality control verification, and batch plant monitoring.

Brad Taylor
Special Inspector

Professional Summary

Brad Taylor brings over 30 years of experience to Twining. He has worked on numerous structural projects and specialized in concrete and masonry testing. As an inspector, Brad will efficiently coordinate inspections and communicate regularly with our team of inspectors to ensure inspections are being performed properly and on schedule. Brad will also ensure that field inspectors carry necessary certifications per project and the proper safety procedures are being followed.

ABC Unified School District, Whitney High School – Modernization and New Construction

Twining provided geotechnical engineering, materials testing, and special inspection services for modernization and new construction at Whitney High School under ABC Unified School District's Measure BB program. The project scope included renovation and expansion of classroom buildings, upgrades to campus utilities, and construction of new educational facilities to support science, technology, and arts programs. Twining's services covered soils and foundation observation, concrete and masonry testing, steel welding and bolting inspection, and batch plant monitoring to ensure compliance with DSA standards and project specifications. Through close coordination with the District, design team, and Inspector of Record, Twining supported quality assurance and timely project delivery. Brad performed concrete inspections.

Santa Ana Unified School District, Jefferson Elementary School – Increment 2

Twining provided geotechnical engineering, materials testing, and deputy inspection services for the Jefferson Elementary School Increment 2 project. The project scope included field and laboratory testing, inspection of reinforced concrete, masonry, and steel, and verification of soil compaction and foundation conditions in accordance with DSA requirements. Twining worked closely with the District's Facilities Planning Department and the IOR to ensure quality assurance, regulatory compliance, and timely completion of construction activities. Brad performed inspections for DSA masonry, concrete, and batch plant operations.

San Bernardino City Unified School District, San Bernardino High School – Auditorium Addition and Renovation

Twining provided geotechnical engineering services to update its 2014 Geotechnical Investigation Report for the Auditorium Addition and Renovation project. The original report, prepared in accordance with the 2013 CBC and approved by both the California Geological Survey (CGS) and DSA, required revision to meet 2016 CBC standards. Twining's updated scope included site-specific ground motion analyses, seismic design parameter updates, and pile foundation recommendations to address new structural design needs. Brad served as Special Inspector on the project.

Sandra Ramsdell
Special Inspector

Professional Summary

Sandra Ramsdell brings over 20 years of construction inspection experience specializing in concrete and masonry for DSA, higher education, healthcare, and public works projects across Southern California. Sandra has supported numerous K–12 and community college modernization programs, providing field inspections for reinforced concrete, structural masonry, and spray-applied fireproofing in strict compliance with the California Building Code and DSA standards. Her portfolio includes work for Anaheim Union High School District, Los Alamitos USD, and North Orange County CCD, where she has earned a reputation for her technical precision, clear communication, and commitment to quality assurance.

ABC Unified School District, Melbourne Elementary School Modernization

Twining is providing geotechnical, materials testing, and special inspection services for the Melbourne Elementary School Modernization project. The scope includes soil compaction testing for Buildings A–H (excluding F), inspection and testing of post-installed anchors, and pull testing of ceiling wire hangers for newly installed suspended ceiling systems. Sandra is performing inspections for concrete placement, batch plant operations, quality control, and epoxy dowels.

Anaheim Union High School District, Magnolia High School – Building M Renovation

Twining is providing geotechnical engineering, materials testing, and special inspection services for the ongoing renovation of Building M—the Music Building—at Magnolia High School. The project scope includes renovation of existing classrooms to incorporate restrooms, installation of new light poles, new interior framing, and rooftop equipment pads and anchors. Twining's field and laboratory services include soil compaction testing, concrete batch plant monitoring, utility backfill testing, structural steel and welding inspections, and nondestructive testing. Sandra is performing inspections for concrete and batch plant operations.

Santa Ana Unified School District, Sierra Pre-K–8 School – Modular Classroom and Restroom Buildings

Twining provided geotechnical engineering, materials testing, and deputy inspection services for the construction of new modular classroom and restroom buildings. The project included foundation observation, soil compaction testing, reinforced concrete and masonry inspection, and structural steel welding verification to ensure quality and compliance with DSA requirements. Sandra served as a Special Inspector on the project.

Paul Soltis, PE, GE
Geotechnical Engineer of Record (GEOR)

Professional Summary

Paul Soltis, PE, GE, brings more than 33 years of technical expertise to Twining. His expertise includes geotechnical investigations and analyses relative to the development of high-rise buildings, mixed-use facilities, DSA- and HCAI-permitted buildings, and other essential facilities. Paul's experience includes assuming the role as Geotechnical Engineer of Record during the construction phase of numerous high-profile projects throughout Southern California. He has extensive experience working under the jurisdiction of the DSA. Paul is responsible for the technical oversight of Twining's geotechnical engineering projects and management of the firm's geotechnical personnel.

Santa Ana Unified School District, Valley High School Project

This DSA project consists of the construction of a new gym facility, theater addition, culinary arts building, new auto tech building, new lobby expansion, new campus commons area, and new east courtyard area. Twining is providing geotechnical investigation services for multiple projects. On the gym and theater addition project, we provided geotechnical investigation services and were retained as geotechnical engineer of record during construction. Paul served as the Geotechnical Engineer of Record. Based on conditions revealed during grading of the building pads, Paul provided revised recommendations in the field to address wet, soft soil conditions and mitigated costs and delays during the grading operations.

Beverly Hills Unified School District, Science & Technology Building

Paul provided project management, which consisted of the construction of a new four-story building to connect to an existing campus building. The new building houses 18 math classrooms, 12 science labs, a 100-fixed-seat lecture hall, collaborative faculty work areas, and a multi-purpose educational development center. The structure is supported by conventional shallow spread and continuous footings. Appurtenant hardscape/landscape areas, pavements, and underground utilities were also included. Paul provided budget monitoring and technical direction. Paul served as the Project Manager for this project.

Bright Star Schools, Rise Kohyang High School

This DSA project involves the construction of a new three-story 67,223 square foot facility. This facility will house classrooms, a gym, a lunch area, an administration office, and parking. Twining provided the geotechnical study report and shoring installation. Paul served as the Project Manager.

Rob Ryan, ASNT Level III
Structural Steel Expert

Professional Summary

Robert M. Ryan has been affiliated with Twining Laboratories and its associated companies since 1977. With over 48 years at Twining, Robert is a leading expert on all aspects of structural steel construction and non-destructive testing and has been instrumental in shaping the current industry standards for testing and field inspection. He has a long history with SidePlate. In the 1990s, he consulted with SidePlate designers during the product's inception to help define any potential inspection issues with the connection. He brings vast knowledge in all areas of field inspection. His experience includes oversight of special inspection for some of Southern California's landmark projects. Robert provides consultation on welding and non-destructive procedures, including specification preparation and review, and on complex problems related to welding such as cracking, and unusual joint configurations.

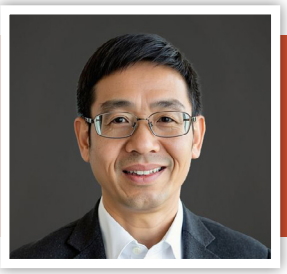
Los Angeles Valley College, Theater Arts Project

Twining provided construction materials testing and special inspection services for the Theater Arts Project at Los Angeles Valley College. Our scope supported compliance with DSA requirements under Application No. 03-110012 and included field and laboratory testing of concrete, masonry, soils, and related structural components. Working under the Build-LACCD program and alongside McCarthy Building Companies, our team delivered timely reporting, PLA-compliant staffing, and coordinated closely with the design team to ensure all work met project specifications and quality standards. Rob served as a Technical Advisor for structural steel on this project.

Los Angeles City College, Parking Structure Project



Twining provided construction materials testing and special inspection services for the new parking structure at Los Angeles City College. Under the Build-LACCD program and working with Bomel Construction, our team supported compliance with project specifications and PLA requirements through field and laboratory testing of soils, concrete, reinforcing steel, masonry, and related structural elements. Twining delivered timely reporting and coordinated closely with the contractor and district representatives to help ensure quality, structural integrity, and adherence to DSA and campus standards throughout construction.

University of California, Los Angeles, Health Sciences Seismic Replacement Building 1

This project involved constructing a new laboratory facility to replace seismically hazardous space in UCLA's Center for the Health Sciences. The new building houses medical research laboratories and support areas for the School of Medicine's and Neuropsychiatric Institute's neuroscience programs. Rob served as Project Manager, overseeing Twining's field and lab personnel, reviewing test results, and ensuring all testing and inspection requirements were met.

Liangcai He, PhD, PE, GE

Chief Geotechnical Engineer

Professional Summary

Dr. Liangcai He, Chief Geotechnical Engineer, brings more than 33 years of experience in geotechnical and earthquake engineering for public agencies, school districts, and essential facilities across California. He specializes in seismic site response analysis, foundation and retaining wall design, and soil–structure interaction for DSA-regulated educational projects. Liangcai provides technical oversight on field investigations, laboratory testing, and engineering analyses to ensure compliance with Division of the State Architect (DSA) standards and the California Building Code. His leadership has guided complex K–12 modernization and new-construction projects for clients including Santa Ana USD, Anaheim UHSD, and Los Angeles USD, where he developed geotechnical recommendations supporting safe, resilient school facilities.

Santa Ana Unified School District, INDA Academy

Santa Ana Unified School District (SAUSD) rehabilitated the existing building at 2495 Campus Drive for the INDA Academy charter school. The project included seismic retrofitting, parking lot repaving, the addition of a playground, and installation of a stormwater infiltration system. The seismic and structural upgrades required the addition of new foundations. Twining conducted a geotechnical investigation to support the proposed site improvements, with Dr. Liangcai He serving as Chief Geotechnical Engineer.

San Bernardino City Unified School District, San Bernardino High School Auditorium Renovation

This DSA project included the renovation of the existing auditorium and the construction of additional floor areas. The main addition is comprised of an expanded lobby/entrance, restrooms, circulation, and elevator. Other additions include an enclosed side entrance, a raised platform plaza in the front entry, and a ramp and stairs leading into the theater. Twining provided geotechnical investigation services. We provided the District with geotechnical investigation reports in 2014 and an updated one in 2019. Liangcai served as the Chief Geotechnical Engineer for the 2019 update, as well as a technical memorandum regarding adjacent existing footing in 2020.

Pacific Charter School District, Olympic Charter Middle School

The new structure entails the construction of a 3-story, combination structural steel, wood-frame, reinforced masonry building, which will be founded on conventional shallow foundations with a total planned area of approximately 36,000 square feet. Work included geotechnical engineering and site soils compaction, as well as special inspections. Liangcai served as the Geotechnical Engineer of Record.

Jon Browning, PG, CEG
Certified Engineering Geologist

Professional Summary

Jon Browning, PG, CEG, brings over 20 years of experience in engineering geology and geotechnical consulting, supporting public agencies and school districts across California. He specializes in geologic site characterization, seismic hazard assessments, and fault and landslide investigations in support of DSA-regulated K–12 projects. Jon oversees field exploration programs, coordinates subsurface investigations, and provides geologic input during design and construction to ensure compliance with DSA and California Building Code requirements.

Anaheim UHSD, Ball Junior High Geotechnical Investigation

The project consisted of adding a new marquis structure to the front of the school, building new shade structures, and making pavement improvements. Twining provided geotechnical investigation services that encompassed reviewing site background information, coordinating and performing field exploration, performing geotechnical laboratory testing, and providing the results of the geotechnical analyses. Jon served as the Certified Engineering Geologist and oversaw the subsurface investigation of the existing parking lot to provide geotechnical recommendations for pavement design.

Anaheim UHSD, Sycamore Junior High Geotechnical Investigation

Twining currently holds an on-call geotechnical engineering services contract with the District. As a part of this contract in 2019, the firm provided infiltration testing for the proposed stormwater BMPs and subsurface investigation of the existing parking lot to provide geotechnical recommendations for pavement design. Jon served as the Certified Engineering Geologist.

San Bernardino City Unified School District, Cardinal Child Care Center

This project consisted of the construction of a new, approximately 21,000-square-foot, building that will hold the preschool, kindergarten, administration, and support facilities for Cardinal Child Care Center. The project includes improvements to the new hardscape, ramps, retaining walls, stairs, and storm water infiltration best management practice (BMP) system. Twining provided geotechnical investigation services, in accordance with CGS and DSA standards. Jon served as Project Manager.

Santa Ana Unified School District, Oxford Academy Modernization

The project included construction of a new music building, landscaping, perimeter fencing and gates, along with interior conversions—transforming the library and choir shop into classrooms and a workshop, adding a new shop yard enclosure, and converting the existing band room into a library. Twining provided geotechnical observation, materials testing, and special inspection services, including testing of soils, structural steel, concrete, and masonry in accordance with DSA standards. Jon Browning served as Senior Project Manager.

Amir Ghavibazoo, PhD

Pavement Expert

Professional Summary

Dr. Amir Ghavibazoo, PhD, is a civil engineer with extensive experience in pavement materials and pavement engineering. His background includes research and applied work in pavement design and evaluation, asphalt material characterization and testing, mix design development, pavement preservation, rehabilitation strategies, and pavement management systems. He is well versed in both the empirical AASHTO method and Caltrans mechanistic–empirical approaches, allowing him to develop thoughtful, cost-effective pavement recommendations tailored to project needs. His broad understanding of pavement construction materials helps project teams make informed decisions that support long-term performance and budget efficiency.

Los Angeles Unified School District, Valley Region High School

This 136,901-square-foot high school utilized a pre-existing steel frame structure from a hospital building that was torn down on the project site. In addition to the existing steel frame structure, the project included several new buildings including performing arts classrooms, library, multi-purpose room, gymnasium, food service and lunch shelter, central administration, play fields, and a multi-story parking garage. Twining provided materials testing and inspection services. Amir served as Concrete Engineer for this project.

Santa Ana Unified School District, Jefferson Elementary School Increment 2

Twining provided geotechnical engineering, materials testing, and deputy inspection services for the Jefferson Elementary School Increment 2 project, which included improvements to Buildings “I” and “H” and Parking Lots A and B. Our work encompassed grading and compaction observation, asphalt and pavement testing, reinforced concrete inspection, masonry testing, structural steel and welding inspections (field and shop), drilled-in anchors, diaphragm nailing, and all associated laboratory testing. Twining supported the project from initial document review through construction oversight, working under DSA requirements and coordinating closely with the District, design team, and contractor to verify compliance with the approved plans and specifications. Amir served as Concrete Engineer for this project.

Santa Ana Unified School District, Valley High School – Classroom Buildings

Twining provided geotechnical engineering, materials testing, and special inspection services. Our scope included soils observation and compaction testing, reinforced concrete inspection, masonry inspection and testing, structural steel and welding verification, high-strength bolting, batch plant monitoring, and related laboratory testing. Services were performed under a comprehensive inspection program with coordinated field staffing, laboratory support, and oversight by registered geotechnical and engineering professionals to ensure compliance with project plans, specifications, and DSA requirements. Amir served as a technical advisor on pavement-related considerations.

Boris Stein, DSc
Concrete Expert

Professional Summary

Boris Stein began his professional academic and engineering career in the Soviet Union, Moscow, in 1972. He joined Twining shortly after immigrating to the United States in 1994. His knowledge combines 53 years of experience in academia and industry. His specialized expertise includes cementing materials; concrete materials science; cast-in-place concrete technology; precast concrete technology; concrete pavements; rapid strength concrete for preservation and rehabilitation of pavements; testing of concrete and materials for concrete; troubleshooting concrete production and construction; and condition forensic evaluations of concrete structures and pavements with a particular emphasis on material performance.

Los Angeles Unified School District, John Burroughs Middle School Comprehensive Modernization

Twining provided materials testing, special inspection, and condition assessment services. Our scope included GPR scanning to locate reinforcing steel, concrete core extraction and testing, reinforcing steel sampling and tensile testing, and condition assessment of structural elements in several buildings. Twining performed field investigations, laboratory testing, and documentation. Services were delivered under a time-and-materials NTE contract. Boris served as the Concrete Technical Expert.

Rialto Unified School District, Eisenhower High School, Stadium Reconstruction

Twining provided geotechnical observation, materials testing, and special inspection services. Our scope included geotechnical review and oversight during pad certification, utility installation, and foundation preparation; field density testing; laboratory testing of soils; and preparation of compaction reports. Twining's inspection team performed reinforced concrete, masonry, structural steel, welding, and high-strength bolting inspections, as well as testing for epoxy dowels, embeds, and anchors. Services were delivered in accordance with applicable building code requirements, supporting the District's quality control efforts throughout construction. Boris served as the Concrete Technical Expert.

William S. Hart Union High School District, West Ranch High School, Tennis Courts Condition Evaluation

Twining performed a condition evaluation of the West Ranch High School tennis courts to investigate surface bubbling, white precipitation, concrete popouts, and gel formation observed on the Plexipave-coated slabs. Our scope included a site visit, field observations, and extraction of concrete cores following GPR scanning to locate post-tension reinforcement. Laboratory petrographic analysis, alkali-content testing, and optional sulfate testing were used to assess potential alkali-silica reaction, moisture intrusion, and aggregate instability. Twining evaluated the concrete slab conditions, analyzed test results, and prepared a detailed report with findings and recommendations for the District. Boris served as the Project Executive.

Yiwen Bu, PhD, PE, LEED AP

Concrete Expert

Professional Summary

Dr. Yiwen Bu specializes in concrete material science and technology. She has special expertise in durability assessment and service life modeling of concrete, concrete proportioning, and construction practices allowing for mitigating risks of cracking and corrosion of concrete, implementation of thermal control protocols, and other practices enhancing the service life of structures and pavements. She is responsible for the design, review, and preconstruction evaluation of concrete, preparation of quality control and crack-mitigation plans for concrete pavement projects, engineering support, and overseeing the implementation of thermal control for mass concrete placements. As a part of the team led by Dr. Boris Stein, Yiwen participates in the practical implementation of practices enhancing the sustainability of concrete construction.

Professional Engineer, Civil (PE), CA No. 85822

Los Angeles Unified School District, Wright Middle School

This DSA project featured the conversion of two classroom buildings into a Robotic and Flex Engineering classrooms building. The buildings and remodeling area totaled approximately 8400 square feet. Twining provided materials testing, inspection, and mixed design review services. Yiwen served as Concrete Laboratory Engineer and reviewed the concrete mix design.

Irvine Unified School District, Creekside High School Measure E Expansion

Twining provided geotechnical and soils testing and inspection services for the Creekside High School project, which includes the relocation of two existing modular buildings and the construction of a new science building that has two CTE laboratories, one science laboratory, and one innovation laboratory. Twining also provided concrete mix design review services. Yiwen served as Concrete Laboratory Engineer. She reviewed the mixed design and provided feedback and comments.

Anaheim Union High School District, Loara High School Pool Renovation

This DSA project featured the renovation of the pool area at Loara High School. The renovation included the replacement of the pool gutter, the removal and replacement of the pool deck, the shallowing of the deep end of the pool to make room for new piping, and the installation of new 50-foot-tall lighting on the pier foundation. Twining provided geotechnical investigation, as well as mixed design review services. Yiwen served as the Director of Concrete Engineering and reviewed the concrete mix design.

Long Beach Community College District, Kinesiology Lab & Aquatics Center

The kinesiology lab and aquatics center project spans over 700,000 square feet. The aquatics center will feature a new 50-meter pool with a support building of approximately 15,000 square feet. Our scope of services included soils and compaction testing, reinforced concrete, reinforced masonry, structural steel, epoxy dowels, and post-installed anchors. To ensure efficiency and continuity, Twining has staffed this project with multi-certified inspectors. Yiwen served as Concrete Laboratory Engineer and reviewed the concrete mix design.

Project Description

The Del Sol High School project was a comprehensive campus construction effort designed to expand the District's educational infrastructure. The project included extensive site development, utility improvements, and the construction of new facilities, all under the oversight of the Division of the State Architect (DSA). With a focus on quality assurance and code compliance, the District required a dependable partner to support construction with special inspection and materials testing services.

Twining was selected to provide as-needed special inspection and materials testing services throughout the duration of the project. Twining served as the Geotechnical Engineer of Record, overseeing field and laboratory testing for soils, concrete, masonry, asphalt, structural steel, and welding. The firm ensured that construction met all applicable codes and project specifications through daily reporting, real-time issue resolution, and collaboration with the general contractor, Bernards, and the Inspector of Record. With a Ventura-based team led by Project Manager Jeff Tawakoli, PE, Twining's local presence, union-affiliated inspectors, and deep experience with DSA projects helped deliver a successful and compliant completion of the new high school campus.

Twining provided materials testing and special inspection services for the Rancho Campana High School HVAC Project. The project involved HVAC system upgrades across multiple campus buildings, including Administration Building A, Science Building C1, Classroom Buildings C2 and C3, Food Service Building D, and the Exercise/Locker Building E. **Twining served as the Laboratory of Record** (LEA 244), delivering laboratory testing, field sampling, deputy inspection, and quality assurance oversight to ensure all work complied with DSA requirements and California Building Code standards. Twining provided continuous reporting and maintained collaboration with the Inspector of Record to support timely approvals and adherence to the approved scope of work.

Ray.richards@venturausd.org

Twining is providing materials testing and special inspection services in support of Ventura Unified School District's modernization of Portola Elementary School. The project includes upgrades to existing campus buildings and site improvements requiring verification of structural concrete, reinforcing steel, masonry, and related construction materials. Twining's role includes laboratory testing, field sampling, deputy inspection, batch plant monitoring, soils and compaction testing, and continuous coordination with the project team to maintain DSA compliance.

Our inspection and testing services ensure that structural elements are constructed in accordance with the approved DSA plans, specifications, and applicable code requirements. Twining provides ongoing documentation, daily reporting, and quality assurance oversight throughout the duration of construction.

ihvazquez@balfourbeattyus.com

Twining provided comprehensive materials testing and special inspection services for the construction of the new Multi-Purpose Building at Lindero Canyon Middle School. Our work encompassed shop welding, field welding, masonry inspection, batch plant inspection, and concrete quality control.

As part of this project, Twining verified conformance of structural welding performed both in the fabrication shop and in the field, ensuring compliance with the DSA-approved structural drawings and AWS welding standards. Twining also performed masonry inspections, confirming reinforcement placement, grout procedures, and material compliance with project specifications.

In addition, Twining provided batch plant inspection and concrete quality control services, overseeing concrete production, delivery, and placement to ensure that mix designs, materials, and testing procedures aligned with applicable ASTM, CBC, and DSA requirements. All inspection categories—shop welding, field welding, masonry, and batch plant/concrete QC—were officially verified through the DSA-292 process.

This work supported the successful delivery of a new campus facility for Las Virgenes Unified School District, ensuring structural integrity and regulatory compliance through every phase of construction.

D. FEE PROPOSAL

Project Understanding

This proposal is based upon the RFP, the plans and specifications provided, as well as our experience providing geotechnical and material testing services similar in scope and magnitude. The proposed project will consist of a two-story classroom building, an administrative building and a multipurpose building. Along with a new parking lot and drop-off area with two (2) PV canopy structures. The parking lot will include EV charging stations with solar panels. The Distrust's project will also include eight (8) new basketball courts.

Special Inspection and Material Testing Scope of Services

Please note that we have provided in our scope and cost projection worksheet allowances for the following comprehensive testing and inspection requirements:

- Geotechnical Engineering and Oversight (Twining will be responsible for engineering and field compaction, soil testing duties and laboratory testing);
- Reinforced Masonry (Twining to provide Certified DSA Masonry);
- Reinforced concrete – Twining will provide ACI Technician for concrete QC of air, slump, and water control and collection of concrete cylinder samples (Twining will observe and report rebar and concrete placement);
- Batch Plant Technician;
- Structural steel (field and shop visual and non-destruct testing) (Twining will provide AWS-CWI for field and shop-related visual and NDT testing):
- Epoxy dowels, wedge anchors, and embeds (Twining will provide pull and torque testing and installation observation/inspection).

Geotechnical Testing and Scope of Services

Our proposed scope of geotechnical engineering services is as follows:

- **Assume Role as Geotechnical Engineer of Record (GEOR):** A geotechnical engineer will review the geotechnical report and the project plans and specifications. We will provide a letter to submit to DSA that states our acceptance of the role and responsibilities of the geotechnical engineer of record for the project. We strongly recommend a pre-construction meeting involving the geotechnical engineer so that the geotechnical requirements are clear prior to the start of construction. At this meeting, the geotechnical engineer will coordinate geotechnical engineering requirements with the contractor and owner representative.
- **Soils Inspection and Testing:** Our soils technician will provide continuous observation during the grading of the site grading. In addition, they will document removal bottoms and provide field density testing during compaction, utility trench backfill, and placement of pavement sections. Testing will utilize the nuclear gauge method in conjunction with the sand cone method as required by DSA. Materials used as fill will be sampled and tested in our laboratory. We anticipate that the testing may include maximum dry density-optimum moisture content, expansion index, corrosivity testing, and/or sieve analyses. The actual testing program will depend upon the soil exposed during construction and whether imported soil will be required.
- **Geotechnical Observations:** Our geotechnical engineer will perform periodic site visits to observe the as-grade conditions and the excavation for the proposed footings. The purpose of the observations is to check for conformance with the project geotechnical recommendations.
- **Compacted Fill Report:** Upon completion of the backfill, we will prepare a compacted fill report summarizing our observations and test results, which will be our "As-built Geotechnical Report" required by DSA.

- **Asphalt Inspection and Testing:** Our asphalt technician will provide continuous observation and testing during the placement of asphalt. Additionally, we will provide asphalt batch plant inspection during the first day of asphalt placement. Samples during asphalt inspections will be taken to our laboratory for testing.
- **Geotechnical Engineering Support:** We will provide as-needed geotechnical engineering support during construction upon assuming the role of geotechnical engineer of record for the project. We will provide plan review, responses to RFI's, and other as-needed geotechnical engineering support to complete the project in a timely manner.

Budget Cost Analysis

Though we have included a budgetary cost estimate for our services (see attached), these estimates are not intended to be lump sums or guaranteed costs. This estimate is on a time and material basis, and the final cost will vary based on the actual hours served and the General Contractor's methods and means for the project. Also, it does not account for overtime and is contingent upon the phasing of the project and progress of construction

Limitations

Please notify us immediately if the proposed scope of services does not meet your current needs or if any significant changes are made to the proposed development so that we can revise our scope of services. Revision of the scope of services may affect the estimated fee. The observation and testing to be performed by our technicians and inspectors will not necessarily mean that the work performed by the contractor is following the project plans and specifications. The contractor shall be responsible for the quality and conformance of work to the project plans and specifications. The proposed scope of services is consistent with the level of care and skill ordinarily exercised by engineering professionals with experience in this area. No other warranty, either expressed or implied, is made. Please note inspectors and soil technicians will apply the 4-hour and 8-hour minimum charges for the duration of the project.

Conclusion

To emphasize once again, Twining will assign one team of multi-licensed staff throughout the duration of the project, which will create consistency and provide for a seamless close-out process at the conclusion of the project.

Estimated Total for Proposed Services:

Twining's estimated total of $249,274 shall act as a not to exceed without prior authorization.

The following pages contain a complete line-item estimated budget breakdown of proposed services and fees followed by Twining's complete schedule of proposed fees.

Proposed Budget

Project Names: Oxnard SD, Fremont MS Reconstruction
Proposal No: 25-2324
Date: Novemeber 16, 2025

Twining Consulting, Ventura
Michael J Molina
(951) 552-0031

	Description of Work	Units		Rate	Total
DIVISION 2: SITE CONSTRUCTION					
Soils Technician	Excavation / Grade / Backfill / Subgrade / Footings / Piers	280	Hours	$ 118.00	$33,040
Soils Technician	Asphalt Areas - Utility Trench and Equipment Bottoms / Backfill	48	Hours	$ 118.00	$5,664
Principal Engineer/Geologist	Document Review / Assume GEOR / Response to RFI's	6	Hours	$ 280.00	$1,680
Certified Engineering Geologist	Project Oversight / Site Visits	46	Hours	$ 275.00	$12,650
Geotechnical Laboratory Testing		1	Allowance	$ 1,800.00	$1,800
Clerical / Report Distribution			4%		$2,193
		SUB-TOTAL			**$54,834**
DIVISION 3: CONCRETE					
Special Inspector/Registered Deputy Inspector - Reinforced Concrete	Rebar, Placement, Epoxy Dowels, Embeds	224	Hours	$ 118.00	$26,432
Special Inspector/Registered Deputy Inspector - Drilled In Anchors		40	Hours	$ 118.00	$4,720
Field Engineering Technician - Pull Testing and Torque Testing		48	Hours	$ 125.00	$6,000
Concrete Quality Control (ACI Technician)	Sampling / Site & Flatwork	180	Hours	$ 118.00	$21,240
Batch Plant Quality Control / ACI Technician		200	Hours	$ 118.00	$23,600
Sr. Staff Engineer / Project Manager	Mix Design Review, Inspection Scheduling, Lab & Field Report Review, DSA Compliance, DSA Box Reporting and Distribution, Interim & Final Verified Reports	30	Hours	$ 175.00	$5,250
Compression Strength: 4" x 8" Cylinders		192	Tests	$ 45.00	$8,640
Compression: 2" Grout Cubes (ASTM C109)		9	Tests	$ 65.00	$585
Tensile Test: # 11 or Smaller		12	Tests	$ 85.00	$1,020
Bend Test: # 11 or Smaller		12	Tests	$ 85.00	$1,020
Sampling and Tagging of Reinforcing Steel		8	Hours	$ 118.00	$944
Standard Sample Pickup		20	Hours	$ 95.00	$1,900
Clerical / Report Distribution			4%		$4,054
		SUB-TOTAL			**$68,253**
DIVISION 4: MASONRY					
Special Inspector/Registered Deputy Inspector		200	Hours	$ 118.00	$23,600
Special Inspector/Registered Deputy Inspector - Drilled In Anchors	Post Installed Anchors	24	Hours	$ 118.00	$2,832
Field Engineering Technician - Pull Testing and Torque Testing		16	Hours	$ 125.00	$2,000
Sr. Staff Engineer / Project Manager	Mix Design Review, Inspection Scheduling, Lab & Field Report Review, DSA Compliance, DSA Box Reporting and Distribution, Interim & Final Verified Reports	17	Hours	$ 175.00	$2,940
Core Compression		3	Tests	$ 65.00	$195
Compression Test: Composite Masonry Prisms Up To 8" x 16"		12	Tests	$ 240.00	$2,880
Compression: Grout and Mortar		24	Tests	$ 65.00	$1,560
Standard Sample Pickup		8	Hours	$ 95.00	$760
Coring - Crew and Equipment		8	Hours	$ 425.00	$3,400
Sampling and Tagging		8	Hours	$ 118.00	$944
Clerical / Report Distribution			4%		$1,644
		SUB-TOTAL			**$42,755**
DIVISION 5: METAL					
Shop Fabrication					
AWS Certified Welding Inspector	Assuming Local a Local Fabricator	224	Hours	$ 118.00	$26,432
Nondestructive Testing Technician		20	Hours	$ 118.00	$2,360
Sr. Staff Engineer / Project Manager		17	Hours	$ 175.00	$2,989
Clerical / Report Distribution			4%		$1,271
Field					
AWS Certified Welding Inspector	Structural Steel Welding and Bolting	280	Hours	$ 118.00	$33,040
AWS Certified Welding Inspector	Solar Panel Attachments Torque Testing; Continuous Inspection	48	Hours	$ 118.00	$5,664
Nondestructive Testing Technician	Ultra Sonic / Mag. Partial	24	Hours	$ 150.00	$3,600
Sr. Staff Engineer / Project Manager	WSP, Inspection Scheduling, Lab / Field Report Review, DSA Compliance, DSA Box Reporting and Distribution, Interim & Final Verified Reports	25	Hours	$ 175.00	$4,375
Brinnel and Rockwell Hardness (ASTM E18)		18	Tests	$ 95.00	$1,710
Bolt: Axial Tensile Test (Up to 7/8" diameter)		6	Tests	$ 95.00	$570
Bolt: Proof Load Test (Up to 7/8")		6	Tests	$ 110.00	$660
Nut: Proof Load Test (Greater than 7/8" up to 1" diameter)		6	Tests	$ 95.00	$570
Standard Sample Pickup		2	Hours	$ 95.00	$190
Clerical / Report Distribution			4%		$2,015
		SUB-TOTAL			**$83,431**

REMARKS: This proposal is based on the provided plans and specifications. See attached schedule of fees for additional terms and conditions. Our services will be provided on a time and materials basis.

GRAND TOTAL	**$249,274**

Schedule Of Fees For Oxnard SD

Prevailing Wage

NOTE: Rates will be adjusted annually each July 1st to reflect increased costs.

Personnel Rates: Per Hour Unless Otherwise Noted

Task Code	Engineering And Consulting Personnel	Rate
10026	Senior Principal Advisor/Consultant	$ 390.00
10001	Principal Engineer/Geologist	$ 280.00
10017	Metallurgical Engineer	$ 390.00
70000	Registered Geotechnical Engineer	$ 280.00
10010	Technical Advisor	$ 260.00
10011	Material Scientist, Welding/NDT Consultant	$ 275.00
70003	Registered Geologist/Certified Engineering Geologist	$ 275.00
10003	Senior Engineer/Geologist	$ 250.00
10009	Registered Civil Engineer	$ 240.00
60003	Roofing/Waterproofing Consultant	$ 265.00
10013	Project Engineer/Manager	$ 175.00
30000	Quality Control Manager	$ 235.00
10005	Senior Staff Engineer/Geologist	$ 220.00
10007	Staff Engineer/Geologist	$ 205.00
10015	Quality Control Administrator	$ 205.00
10019	Metallurgical Technician	$ 175.00
90001	CADD Operator/Draftsperson	$ 160.00
95103	Administrative Support	$ 105.00
70107	Field Supervisor	$ 195.00
91030	Safety Supervisor	$ 195.00
20000	Laboratory Manager	$ 180.00
98000	Laboratory Technician	$ 155.00
90005	Expert Witness Testimony	$ 630.00
91010	Qualified SWPPP Developer	$ 220.00
91000	Qualified SWPPP Practitioner	$ 205.00
30001	Vibration Engineer	$ 240.00

Task Code	Field Inspection Personnel	Rate
10101	Concrete/Reinforced Steel Inspector	$ 118.00
10103	Prestressed/Post Tensioned Inspector	$ 118.00
10105	Concrete ICC Inspector	$ 118.00
10109	Drilled-In-Anchor Inspector	$ 118.00
10111	Gunite/Shotcrete Inspector	$ 125.00
10113	Masonry Inspector	$ 118.00
10201	Structural Steel/Welding Inspector	$ 118.00
10203	AWS Certified Welding Inspector	$ 118.00
10207	Fireproofing Inspector	$ 118.00
10501	Lead Inspector	$ 118.00
10115	Firestop Special Inspector - IFC Premier	$ 165.00
10117	Firestop Special Inspector - IQP	$ 165.00
70109	L.A. Deputy Grading Inspector	$ 165.00
75001	Asphalt Field and Plant Inspector/Technician	$ 118.00
70103	Pile Driving Inspector	$ 118.00
70101	Soils Technician	$ 118.00
10107	Concrete Quality Control (ACI/Caltrans Technician)	$ 118.00
10122	Wood Framing Inspector	$ 118.00
60001	Roofing/Waterproofing Inspector	$ 185.00
10500	Public Works Inspector	$ 165.00
10515	Mechanical Inspector	$ 150.00
10519	Electrical Inspector	$ 150.00
10521	Plumbing Inspector	$ 150.00
10523	Building Inspector	$ 150.00
30002	Vibration Monitoring Technician	$ 160.00
50003	Field Engineering Technician	$ 125.00

Task Code	Shop Inspection Personnel	Rate
10301	Structural Steel Fabrication Inspector	$ 118.00
10309	Batch Plant Quality Control Technician/Inspector	$ 118.00
10325	Glue-Laminated Fabrication Inspector	Quotation
10328	Pre-Cast Concrete/Pipe Fabrication Inspector	$ 125.00

Task Code	Nondestructive Testing Personnel	Rate
10401	NDE Ultrasonic Testing Technician	$ 150.00
10403	NDE Magnetic Particle Testing Technician	$ 150.00
10405	NDE Dye Penetrant Testing Technician	$ 150.00
10305	Combination NDE Technician/Welding Inspector	$ 155.00
10409	Radiographic Testing (Crew Of 2)	**Quotation**
10020	NDE Engineer	$ 255.00

Task Code	Equipment Usage (Daily Unless Otherwise Noted)	Rate
95318	Skidmore	$ 65.00
95309	Torque Wrench, Small	N/A
95312	Torque Wrench, Large	N/A
95315	Torque Multiplier	N/A
95321	Air Meter	N/A
95322	Unit Weight Bucket	N/A
95323	Field Concrete Scale	N/A
95324	2" x 2" x 2" Mold	N/A
95343	Nuclear Gauge (Per Hour)	N/A
95319	Sand Cone Density Test Equipment	$ 60.00
95333	Pull Test Equipment	$ 74.00
95348	Concrete/Asphalt Coring Equipment	$ 720.00
95336	Floor Flatness (Dipstick)	$ 63.00
95330	Schmidt Hammer	N/A
95341	Vapor Emission Test Kits	$ 58.00
95342	Relative Humidity Probe	$ 90.00
95339	UPV (Ultrasonic Pulse Velocity) Meter	$ 420.00
95351	Fireproofing Adhesion/Cohesion (Per Test)	$ 42.00
95300	A Scan Ultrasonic Equipment And Consumables	$ 100.00
95303	Magnetic Particle Equipment And Consumables	$ 53.00
95306	Liquid Penetrant Consumables	$ 48.00
95307	Phased Array Ultrasonic Equipment (Per Hour)	$ 105.00
95347	Ground Penetrating Radar	$ 400.00
95345	Impact Echo	$ 405.00
95362	Ultrasonic Tomography	$ 525.00
95349	Inertial Profiler (Per Hour)	Quotation
95352	Borescope	$ 315.00
95356	Infrared Camera	$ 105.00
95357	Project Dedicated Vehicle	$ 189.00
95364	Roller Compacted Concrete Vibrating Hammer/Tamping Plate	$ 84.00
95367	Half-Cell Potential Equipment Set	$ 405.00
95368	Concrete Electrical Resistivity Meter	$ 189.00
95369	Field Hardness (Steel)	$ 116.00
95370	Coating Thickness Gauge	$ 166.00
95373	Curing Box (Not Temperature Controlled, One-Time Fee/ Per Box)	N/A
95371	Temperature Control Curing Box (Per Month)	N/A
95372	Temperature Matching Curing Box (Per Month)	N/A

Task Code	Specimen Pick-Up	Rate
20107	Technician For Specimen Pick-Up Not Listed Above (Per Hour, 2-Hour Minimum)	$ 95.00
20109	Technician For Specimen Pick-Up Before 5:00 a.m. Or After 5:00 p.m. Monday Thru Friday, Or All Day Saturday (Per Hour, 2-Hour Minimum Plus Mileage)	$ 220.00

Task Code	Jobsite Trailer, Mobile Or On-site Laboratory	Rate
95360	Portable Or Mobile Laboratory Unit	Quotation
95374	Jobsite Trailer, Conex, Or Equipment Storage Box	Quotation

Task Code	Concrete Tests (Field Made Specimens)	Rate
20201	6" x 12" Cylinder Compression Strength (ASTM C39)	$ 45.00
20202	4" x 8" Cylinder Compression Strength (ASTM C39)	$ 45.00
20203	Density Of Structural Lightweight Concrete Equilibrium Oven Dry Method (ASTM C567)	$ 125.00
20205	Core Compression Including Trimming (ASTM C42)	$ 105.00
20207	6" x 6" x 18" Flexural Beams Not Exceeding Referenced Size (ASTM C78, C293 or CTM 523)	$ 145.00
20209	Splitting Tensile Strength (ASTM C496)	$ 145.00
20211	Modulus Of Elasticity Test (ASTM C469)	$ 375.00
80003	Rapid Chloride Permeability Test: Cylinders Or Cores (ASTM C1202)	$ 610.00
80006	Density, Absorption, And Voids In Hardened Concrete (ASTM C642)	$ 610.00
40005	Flexural Toughness (ASTM C1609, Formerly ASTM C1018)	$ 963.00
40006	Double Punch Strength Of Fiber Reinforced Concrete	$ 642.00
40009	Coefficient Of Thermal Expansion Of Concrete (CRD 39, AASHTO T336)	$ 696.00
40012	Bulk Electrical Resistivity (One Age Of Testing, ASTM C1876)	$ 172.00
80013	Flexural Tensile Strength Of Metallic Fiber Reinforced Concrete Beam (EN 14651)	$ 1,070.00

Task Code	Concrete Specimen Preparation	Rate
20151	Sawing Of Specimens (Each)	$ 65.00
20157	Coring Of Specimens In Lab (Each)	$ 65.00
20159	Grinding Of Concrete Below 6000 psi Strength (Each)	$ 100.00
20160	Grinding Of Concrete 6000 psi Strength And Above (Each)	$ 120.00

Task Code	Laboratory Trial Batch: Concrete, Cement And Mortar	Rate
30216	Compression Test 4" x 8" Cylinders Made And Tested In Laboratory (ASTM C192, C35)	$ 63.00
30217	Compression Test 6" x 12" Cylinders Made And Tested In Laboratory (ASTM C192, C35)	$ 73.00
30219	6" x 6" x 18" Flexural Beams Made And Tested in Laboratory (ASTM C192, C78)	$ 150.00
30223	Splitting Tensile Strength Cylinders Made And Tested In Laboratory (ASTM C192, C496)	$ 150.00
30225	Modulus of Elasticity Test Cylinders Made And Tested In Laboratory (ASTM C192, C469)	$ 364.00
30227	Density Of Structural Lightweight Concrete Made In Laboratory, Equilibrium or Oven Dry Method (ASTM C567)	$ 124.00
30237	Bulk Electrical Resistivity (ASTM C1876)	$ 188.00
30201	Laboratory Trial Batch (ASTM C192/Lab Procedure Performance)	$ 589.00
30203	Concrete Mixture Design For Preconstruction Evaluation And Backup Data Development	$ 343.00
30205	Drying Shrinkage Up To 28 Days, Three 3" x 3" Or 4" x 4" Bars, Five Readings Up To 28 Dry Days (ASTM C157)	$ 557.00
30230	Additional Reading, Per Set Of Three Bars	$ 65.00
30231	Storage Over Ninety (90) Days, Per Set Of Three Bars, Per Month	$ 54.00
30207	Setting Time Up To 7 Hours (ASTM C403)	$ 214.00
30209	Bleeding (ASTM C232)	$ 193.00
30229	Concrete Restrained Expansion (ASTM C878)	$ 749.00
30211	Mix, Make and Test Mortar or Grout Specimens for Compressive Strength: Set of 6 (ASTM C878)	$ 642.00
20263	Non-Shrink Grout: Height Change After Final Set (ASTM C1090)	$ 642.00
20265	Non-Shrink Grout: Height Change At Early Age (ASTM C827)	$ 910.00
30232	Cracking Resistance, Set Of Three Rings, Laboratory Trial Batching, Test Until Cracking Or Up To 28 Days (ASTM 1581)	$ 6,634.00
30233	Evaluation Of Pre-Packaged Masonry Mortars (ASTM C270)	$ 1,391.00
30234	Creep (ASTM C512) (One Age Of Loading, 12 Months Duration Of Testing)	$ 9,095.00
80198	Laboratory Development of Strength-Maturity Curve Without Establishing Datum Temperature (Up To 5 Testing Ages, ASTM C1074)	$ 3,424.00
80199	Laboratory Development Of Strength-Maturity Curve With Establishing Datum Temperature (Up to 5 Testing Ages, ASTM C1074)	$ 5,664.00

Task Code	Evaluation of Mixing Water for Concrete	Rate
80246	Evaluation of Mixing Water For Concrete Per The Requirements Of ASTM C1602, Table 1 (Physical Properties Of Mortar), Per Sample	$ 1,070.00
80248	Evaluation Of Mixing Water For Concrete Per The Requirements Of Caltrans, Section 90, Per Sample	$ 1,284.00

Task Code	Concrete - Chemical Analysis, Transport Properties, Service Life Modeling, Petrographic Examination	Rate
80123	Acid-Soluble Chloride Analysis (ASTM C1152) Includes Sample Prep)	$ 134.00
80126	Water-Soluble Chloride Analysis (ASTM C1218) (Includes Sample Prep)	$ 161.00
80193	Chloride Diffusion Coefficient Of Cementitious Mixtures By Bulk Diffusion (ASTM C1556)	$ 2,996.00
80159	Bulk Resistivity (ASTM C1876) And Formation Factor	$ 696.00
80204	Chloride Binding Isotherm	$ 910.00
80206	Analytical And Experimental (ASTM C1556) Modeling Of Service Life Of Concrete Per Life-365 Model, Per Mixture Design	$ 8,560.00
80208	Analytical And Experimental (NordTest) Modeling Of Service Life Of Concrete Per FIB Model Code 34, Per Mixture Design	$ 8,560.00
80210	Non-Steady State Chloride Migration Coefficient, NordTest 492	$ 669.00
80212	Petrographic Examination Of Hardened Concrete, Level I (ASTM C856) (Excludes Thin Section), Per Sample	$ 1,750.00
80129	Petrographic Examination Of Hardened Concrete, Level II (ASTM C856) Includes Thin Section, Per Sample	$ 2,250.00
80218	Petrographic Examination Of Hardened Concrete, Level III (ASTM C856/C1723) (Thin Section And SEM/EDX), Per Sample	$ 3,500.00
80222	*W/CM* Determination (NordTest Build 361)	$ 1,338.00
80224	Examination Of Volumetric Proportions Of Hardened Concrete (ASTM C457), Per Sample	$ 535.00
80228	Air Void Analysis Of Hardened Concrete (ASTM C457), Per Sample	$ 750.00
80232	Electron Microscopy (ASTM C1723)	$ 803.00
80234	Paste Carbonation Analysis, Per Sample	$ 268.00
80238	Insoluble Residue Analysis (ASTM C1324)	Quotation
80240	Alkali-Silica - Damage Rating Index (DRI), Per Sample	$ 1,338.00

Task Code	Qualification Of Cements	Rate
80100	Chemical Analysis Of Portland Cement Per Standard Requirements (ASTM C150)	$ 803.00
80103	Physical Testing Of Portland Cement Per Standard Requirements (ASTM C150)	$ 803.00
80194	Physical Testing Of Type K Cement, Mortar Expansion (ASTM C806)	$ 803.00
80195	Physical Testing And Chemical Analysis Of Portland Cement Per Standard Requirements (ASTM C150)	$ 1,498.00
80106	Partial Analysis Or Specific Physical Tests	Quotation
80110	Sulfates Resistance Of Hydraulic Cement (ASTM C1012), 6 Months	$ 3,210.00
80111	Sulfates Resistance Of Hydraulic Cement (ASTM C1012), 12 months	$ 3,531.00
80149	Type 1L Cement (ASTM C595; Excludes Special Properties)	$ 1,498.00
80151	Clinker Microscopy, Per Sample	$ 910.00

Task Code	Physical Testing Of Chemical Admixtures For Concrete	Rate
80196	Qualification Of Admixture (ASTM C494)	Quotation

Task Code	Evaluation Of Pozzolans And Slag Cement	Rate
80140	Chemical Analysis Of Fly Ash Per Standard Requirements (ASTM C618)	$ 803.00
80143	Physical Testing Of Fly Ash Per Standard Requirements (ASTM C618)	$ 803.00
80146	Partial Analysis Or Specific Physical Tests	Quotation
80147	Chemical Analysis And Physical Testing Of Fly Ash Per Standard Requirements (ASTM C1618)	$ 1,498.00
80250	Qualification Of Silica Fume Per Standard Requirements (ASTM C1240)	$ 1,498.00
80252	Qualification Of Slag Cement Per Standard Requirements (ASTM C989)	$ 1,498.00
80254	Effectiveness Of Pozzolans & Slag Cement In Mitigating Expansion Due To ASR (ASTM C441)	$ 1,498.00

Task Code	Mass Concrete - Engineering And Testing Services	Rate
80256	Thermal Control Plan (Without Cooling Pipes) Per A Unique Type Of Placement Of Similar Group Of Placements, Each Plan	$ 9,000.00
80258	Thermal Control Plan (With Cooling Pipes), Per A Unique Type Of Placement Of Similar Group Of Placements, Each Plan	$ 10,500.00
80260	Performance Based Maximum Temperature Difference Laboratory & Analytical Studies, One Concrete Mixture Design	$ 6,000.00

Task Code	Rock And Concrete Aggregates - Petrographic Examination & Special USACE & CRD Tests	Rate
80262	Rock Type Description, Per Sample (Rock Core Or Rock Chunk)	$ 1,000.00
80263	Rock Type Description + XRD Including Clay Analysis, Per Sample	$ 1,500.00
80266	Natural Aggregates - Petrographic Examination (Gravel And Natural Sand Consisting Of Single Rock Type ASTM C295) Each, One Sample	$ 2,750.00
80268	Crushed Aggregates - Petrographic Examination (Crushed Rock And Manufactured Sand Consisting Of Single Rock Type ASTM C295), Each, One Sample	$ 2,750.00
80270	Coarse Aggregate Certification For Deleterious Materials Per Specifications Of USACE, Materials Coarser Than 0.75-Inch Each, One Sample, 200 lb.	$ 6,500.00
80272	Coarse Aggregate Certification For Deleterious Materials Per Specifications Of USACE, 0.75-Inch And Finer Material, Each, One Sample, 25 lb.	$ 5,500.00
80274	Fine Aggregate Certification For Deleterious Materials Per Specifications Of USACE, Each, One Sample	$ 2,750.00
80276	Aggregate, Scratch Hardness (CRD-C 130), Each, One Sample, 25 lb.	$ 500.00

Task Code	Soils And Aggregate Tests	Rate
30503	Abrasion: LA Rattler (ASTM C131)	$ 210.00
30505	Abrasion: LA Rattler (ASTM C535)	$ 225.00
70301	Atterberg Limits/Plasticity Index (ASTM D4318, CTM 204)	$ 190.00
70303	California Bearing Ratio Excluding Maximum Density (ASTM D1883) Soil	$ 650.00
70304	California Bearing Ratio Excluding Maximum Density (ASTM D1883) Cement-Treated Soil	$ 690.00
70344	Cement-Treated Soil/Base Mix Design: Includes Three Trial Cement Contents With Three Unconfined Compressive Strength Specimens Per Cement Content	$ 4,000.00
70305	Chloride And Sulfate Content (CTM 417, CTM 422)	$ 180.00
30403	Clay Lumps And Friable Particles (ASTM C142)	$ 210.00
30321	Cleanness Value 1" x #4 (CTM 227)	$ 180.00
30322	Cleanness Value 1.5" x .75" (CTM 227)	$ 285.00

Task Code	Soils And Aggregate Tests, Continued	Rate
70393	Collapse Potential/Index (ASTM D5333)	$ 232.00
70396	Compressive Strength Of Molded Soil-Cement Cylinders (ASTM D1633)	$ 120.00
70309	Consolidation Test Full Cycle (ASTM 2435, CTM 219)	$ 205.00
70311	Consolidation Test Time Rate Per Load Increment (ASTM D2435, CTM 219)	$ 47.00
70313	Corrosivity Series Sulfate, Cl, pH, Resistivity (CTM 643, 417, and 422)	$ 290.00
70315	Crushed/Fractured Particles (ASTM D5821, CTM 205)	$ 180.00
70317	Direct Shear Test Remolded And/Or Residual (ASTM D3080)	$ 275.00
70319	Direct Shear Test Undisturbed - Slow [CD] (ASTM D3080)	$ 275.00
70321	Direct Shear Test Undisturbed - Fast [CU] (ASTM D3080)	$ 225.00
70378	Durability Index Per Method - A,B,C, or D (ASTM D3744, CTM 229)	$ 230.00
70325	Expansion Index (ASTM D4829, UBC 18-2)	$ 190.00
75004	Fine Aggregate Angularity (ASTM C1252, CTM 234, AASHTO T304)	$ 200.00
30507	Flat And Elongated Particle (ASTM D4791)	$ 250.00
30508	Flat Or Elongated Particle (ASTM D4791)	$ 220.00
70331	Maximum Density Methods A/B/C (ASTM D1557, D698, CTM 216)	$ 215.00
70333	Maximum Density Check Point (ASTM D1557, D698)	$ 75.00
70335	Maximum Density AASHTO C [Modified] (AASHTO T-180)	$ 225.00
70336	Maximum Index Density Vibratory Table (ASTM D4253)	$ 356.00
70337	Moisture Content (ASTM D2216, CTM 226)	$ 45.00
70339	Moisture and Density Ring Sample (ASTM D2937)	$ 40.00
70341	Moisture and Density Shelby Tube Sample (ASTM D2937)	$ 50.00
70340	Moisture-Density Relations Of Soil-Cement Mixtures Premixed In The Field (ASTM D558)	$ 285.00
70342	Moisture-Density Relations Of Soil-Cement Mixtures Mixed In The Lab (ASTM D558)	$ 400.00
70328	pH Of Soils (ASTM D4972)	$ 65.00
70330	Organic Content Of Soils (ASTM D2974, Method A Only)	$ 90.00
30401	Organic Impurities (ASTM C40, CTM 213)	$ 95.00
70343	Permeability (ASTM D5084)	Quotation
80001	Potential Reactivity Chemical Method (ASTM C289 - Discontinued Method)	$ 800.00
70394	Potential Reactivity Mortar Bar Expansion Method, 14-Day Exposure (ASTM C1260)	$ 990.00
70391	Potential Reactivity Mortar Bar Expansion Method, 28-Day Exposure (ASTM C1260)	$ 1,100.00
70398	Potential Reactivity Concrete Bar Expansion Method (ASTM C1293), 12 month	$ 2,995.00
70399	Potential Reactivity Concrete Bar Expansion Method (ASTM C1293), 24 month	$ 3,320.00
70397	Potential Reactivity of Aggregate Combination, Non-Standard Method; 14-Day Exposure, Mortar (After ASTM C1567)	$ 1,175.00
70392	Potential Reactivity Of Aggregate Combination, Non-Standard Method; 28-Day Exposure, Mortar (After ASTM C1567)	$ 1,230.00
70345	R-Value Soil (ASTM 2844, CTM 301)	$ 500.00
70347	R-Value Aggregate Base (ASTM D2844, CTM 301)	$ 550.00
70349	Sand Equivalent (ASTM D2419, CTM 217)	$ 140.00
70351	Sieve #200 Wash Only (ASTM D1140, CTM 202)	$ 125.00
70353	Sieve With Hydrometer 3/4" Gravel To Clay (ASTM D422, D7928, CTM 203)	$ 275.00
70355	Sieve With Hydrometer Sand To Clay (ASTM D422, D7928, CTM 203)	$ 275.00
70357	Sieve Analysis Including Wash (ASTM C136, CTM 202)	$ 175.00
70359	Sieve Analysis Without Wash (ASTM C136, CTM 202)	$ 135.00
70360	Sieve Analysis Split Sieve (ASTM C136, CTM 202)	$ 250.00
70361	Sieve Analysis Without Wash With Cobbles (ASTM C136, CTM 202)	$ 250.00
70363	Soundness Sodium Or Magnesium Sulfate, 5 Cycles (ASTM C88)	$ 464.00
70365	Specific Gravity And Absorption Coarse (ASTM C127, CTM 206)	$ 120.00
70367	Specific Gravity and Absorption Fine (ASTM C128, CTM 207)	$ 170.00
70369	Swell/Settlement Potential One Dimensional (ASTM D4546)	$ 155.00
70371	Triaxial	Quotation
70373	Unconfined Compression (ASTM D2166, CTM 221)	$ 196.00
30317	Unit Weight Per Cubic Foot (ASTM C29, CTM 212)	$ 129.00
30319	Voids In Aggregate With Known Specific Gravity (ASTM C29, CTM 212)	$ 129.00
30411	Lightweight Particles Coarse, with Two Solutions (ASTM C123)	$ 535.00
30412	Lightweight Particles Fine, with One Solution (ASTM C123)	$ 258.00
30412	Method of Test for Relative Mortar Strength of Portland Cement Concrete Sand (CT 515)	$ 1,400.00

Task Code	Asphalt Concrete Tests	Rate
75031	HMA Mixing And Preparation	$ 140.00
75032	HMA Mixing And Preparation With Aggregate Treatment	$ 196.00
75033	Bulk Specific Gravity Of Compacted Sample Or Core SSD (ASTM D2726, CTM 308C)	$ 62.00
75036	Bulk Specific Gravity Of Compacted Sample Or Core Paraffin Coated (ASTM D1188 and CTM 308A)	$ 88.00

Task Code	Asphalt Concrete Tests, Continued	Rate
75040	Emulsion Residue, Evaporation (ASTM D244)	$ 200.00
75024	Extraction % Bitumen (ASTM D6307, CTM 382)	$ 200.00
75027	Extraction % Bitumen And Gradation (ASTM D5444, D6307, CTM 202, 382)	$ 245.00
75028	Extraction % Bitumen, Correction Factor (ASTM D6307, CTM 382)	$ 400.00
75030	Chemical Extraction % Bitumen And Sieve Analysis (ASTM D2172 Method A or B, ASTM D5444)	$ 425.00
75042	Lab Tested Maximum Density Hveem, 3 Briquettes (ASTM D1561, D1188, CTM 304, 308)	$ 245.00
75057	Hveem Stabilometer Test, Premixed, 3 Briquettes (ASTM D1560, D1561, CTM 304, 366)	$ 245.00
75048	Lab Tested Maximum Density Marshall, 3 Briquettes (ASTM D6926, D2726)	$ 245.00
75049	Lab Tested Maximum Density Marshall 6" Specimen, 3 Briquettes (ASTM D5581, D2726)	$ 245.00
75050	Lab Tested Maximum Density Superpave Gyratory Compacted Briquette, SSD, 1 Briquette (ASTM D6925, D2726)	$ 90.00
75052	Lab Tested Maximum Density Superpave Gyratory Compacted Briquette, Paraffin, 1 Briquette (ASTM D1188, D6925)	$ 100.00
75051	Maximum Theoretical Specific Gravity [RICE] (ASTM D2041, CTM 309)	$ 180.00
75066	Marshall Stability And Flow, Cored Sample, Each ASTM D6927)	$ 90.00
75069	Marshall Stability And Flow, Premixed, 3 Briquettes (ASTM D6926, D6927)	$ 255.00
75106	Marshall Stability And Flow, Gyratory Compacted Specimen Pre-Mixed, 3 Briquettes (ASTM D5581, D6925)	$ 255.00
75107	Marshall Stability And Flow 6" Specimen, Premixed, 3 Briquettes (ASTM D5581)	$ 255.00
75063	Moisture Content (CTM 370)	$ 90.00
75005	Wet Track Abrasion Test (ASTM D3910)	$ 185.00
75093	Hveem Mix Design (Excluding Aggregate Quality Tests)	$ 6,000.00
75096	Hveem Mix Design, With RAP (Excluding Aggregate Quality Tests, RAP Qualification)	$ 6,500.00
75099	Hveem Mix Design, With Lime (Excluding Aggregate Quality Tests)	$ 10,000.00
75094	Hveem Mix Design Caltrans Untreated Mix (Including Aggregate Quality Tests)	$ 7,000.00
75095	Hveem Mix Design Caltrans Lime Treated Mix (Including Aggregate Quality Tests)	$ 8,000.00
75084	Marshall Mix Design (Excluding Aggregate Quality Tests)	$ 6,000.00
75087	Marshall Mix Design With RAP (Excluding Aggregate Quality Tests)	$ 6,400.00
75090	Marshall Mix Design With Lime (Excluding Aggregate Quality Tests)	$ 7,000.00
75083	Open Grade Asphalt Concrete Mix Design (ASTM D7064, CTM 368)	$ 3,500.00
75109	Superpave Mix Design (Excluding Aggregate Quality Tests)	$ 12,000.00
75113	Superpave Mix Design, With RAP (Excluding Aggregate Quality Tests)	$ 12,500.00
75114	Superpave Mix Design With Rubber (Excluding Aggregate Quality Tests)	$ 12,500.00
75115	Superpave Mix Design With Additives (Excluding Aggregate Quality Tests)	$ 12,700.00
75075	Effect Of Moisture On Asphalt Paving Mixtures, Pre-Mixed (ASTM D4867, AASHTO T283)	$ 1,200.00
75111	Hamburg Wheel Track Test, 20,000 Passes, 4 Briquettes (AASHTO T324)	$ 1,300.00
75039	Raveling Test Of Cold Mixed Emulsified Asphalt (ASTM D7196)	$ 225.00
75067	Marshall Stability, Wet Set, 3 Replicates (AASHTO T245)	$ 390.00
75068	Marshall Stability, Dry Set, 3 Replicates (AASHTO T245)	$ 330.00
75070	Cold Recycled Asphalt Mix Design 2 Gradings Each, 3 Emulsion Content (Caltrans LP-8)	$ 11,600.00

Task Code	Mortar And Stucco - Petrographic Examination	Rate
80282	Stucco, One-Coat (ASTM C856), Includes Thin Section), Per Sample	$ 2,250.00
80286	Stucco, Two-Coat (ASTM C856), Includes Thin Section), Per Sample	$ 2,500.00
80290	Stucco, Three-Coat (ASTM C856), Includes Thin Section), Per Sample	$ 3,000.00
80294	Mortar (ASTM C1324, Petrographic Examination And Chemical Analysis), Per Sample	$ 3,250.00

Task Code	Brick Masonry Tests, ASTM C67	Rate
20301	Modulus Of Rupture Flexural	$ 120.00

20315	Shear Test On Brick Cores 2 Faces	$ 135.00

Task Code	Concrete Block, ASTM C140		Rate
20321	Compression	$	110.00
20323	Absorption/Moisture Content/Oven Dry Density	$	110.00
20327	Linear Shrinkage (ASTM C426)	$	325.00
20335	Web And Face Shell Measurements	$	75.00
20329	Tension Test	$	188.00
20331	Core Compression	$	97.00
20333	Shear Test Of Masonry Cores 2 Faces	$	135.00
20339	Efflorescence Tests	$	91.00

Task Code	Masonry Prisms, ASTM C1314		Rate
20341	Compression Test, Composite Masonry Prisms Up To 8" x 16"	$	240.00
20343	Compression Test, Composite Masonry Prisms > 8" x 16"	$	325.00
20346	Prism Cord Modulus of Elasticity	$	696.00
20347	Prism Cord Modulus Of Elasticity With Transverse Strain (For Double-Wythe Specimen)	$	760.00

Task Code	Mortar And Grout		Rate
20351	Compression 2" x 4" Mortar Cylinders (ASTM C780)	$	65.00
20353	Compression 3" x 3" x 6" Grout Prisms, Includes Trimming (ASTM C1019)	$	65.00
20355	Compression 2" Cubes (ASTM C109)	$	65.00
20357	Compression Cores Includes Trimming (ASTM C42)	$	98.00

Task Code	Masonry Specimen Preparation		Rate
20155	Cutting Of Cubes Or Prisms	$	81.00

Task Code	Fireproofing Tests		Rate
20401	Oven Dry Density (ASTM E605)	$	98.00

Task Code	Gunite And Shotcrete Tests		Rate
20361	Core Compression Including Trimming (ASTM C42)	$	125.00
20365	Compression Cubes (Includes Saw Cutting)	$	95.00

Task Code	Concrete Roof Fill: Gypsum, Vermiculite, Perlite, Lightweight Insulating Concrete, Etc.		Rate
20371	Compression Test (ASTM C495 and C472)	$	81.00
20373	Air Dry Density (ASTM C472)	$	70.00
20379	Oven Dry Density (ASTM C495)	$	97.00

Task Code	Reinforcing Steel, ASTM A615, A706		Rate
20501	Tensile Test #11 Or Smaller	$	85.00
20503	Bend Test #11 Or Smaller	$	85.00
20504	Bend Test #14 Or #18	$	428.00
20505	Tensile Test #14	$	321.00
20507	Tensile Test #18	$	418.00

Task Code	Reinforcing Steel - Welded Or Coupled Specimens		Rate
20521	Tensile Test Welded/Coupled #11 And Smaller	$	98.00
20523	Tensile Test Welded/Coupled #14	$	311.00
20525	Tensile Test Welded/Coupled #18	$	439.00
20529	Weld Macroetch	$	102.00
20531	Slippage Test - Caltrans (CTM 670)	$	236.00
20532	Tensile Test Welded Hoops #11 And Smaller	$	182.00

Task Code	Metal and Steel Testing		Rate
20601	Tensile Strength Up To 100K Pounds (Each)	$	98.00
20603	Tensile Strength Up To 200K Pounds (Each)	$	105.00
20605	Tensile Strength Up To 300K Pounds (Each)	$	135.00
20607	Tensile Strength Up To 400K Pounds (Each)	$	188.00
20609	Tensile Strength 400K To 600K Pounds (Each)	$	428.00
20611	Tensile Strength Stress-Strain Percent Offset	$	268.00
20545	Weld Macroetch	$	102.00
20547	Weld Fracture	$	54.00
20615	Bend Test	$	98.00
20617	Flattening Test	$	98.00

Task Code	Metal and Steel Testing, Continued		Rate
20619	Hardness Test (ASTM E18)	$	95.00
20630	Bolt Axial Tensile Test (Up To 7/8" Diameter)	$	95.00
20631	Bolt Wedge Tensile Test (Up To 7/8" Diameter)	$	101.00
20632	Bolt Axial Tensile Test (Greater Than 7/8" Up To 1" diameter)	$	107.00
20633	Bolt Wedge Tensile Test (Greater Than 7/8" Up To 1" Diameter)	$	130.00
20634	Bolt Axial Tensile Test (Greater Than 1" Diameter)	$	150.00
20635	Bolt Wedge Tensile Test (Greater Than 1" Diameter)	$	175.00
20636	Bolt Proof Load Test (Up To 7/8")	$	110.00
20637	Bolt Proof Load Test (Greater Than 7/8" Up To 1" Diameter)	$	135.00
20638	Bolt Proof Load Test (Greater Than 1")	$	155.00
20639	Nut Proof Load Test (Up To 7/8")	$	95.00
20640	Nut Proof Load Test (Greater Than 7/8" Up To 1" Diameter)	$	110.00
20641	Nut Proof Load Test (Greater Than 1")	$	125.00

Task Code	Chemical Testing Of Metal And Steel		Rate
80170	Steel Chemical Analysis		Quotation
80173	Weight Of Galvanized Coating (ASTM A90)	$	97.00
80176	Epoxy Coating Thickness	$	107.00
80177	Coating Thickness	$	102.00

Task Code	Machining And Preparation Of Tensile And Bend Sample: Carbon Steel		Rate
20751	Machinist Initial Preparation From Mock-Up, Etc. (Per Hour)	$	156.00
20753	Sawcut To Overall Width (Per 0.5" Thickness Or Fraction Thereof)	$	70.00
20755	Machine To Test Configuration Milled Specimens	$	102.00
20757	Machine To Test Configuration Turned Specimens (Per 0.5" Thickness Or Fraction Thereof)	$	182.00
20759	Prepare Subsize Specimens (Per 0.5" Thickness Or Fraction Thereof)	$	124.00

Task Code	Charpy Impact		Rate
20621	Charpy Impact Ambient Temperature	$	113.00
20623	Charpy Impact Reduced Temperature	$	150.00

Task Code	Machining Of Charpy Samples: Carbon Steel		Rate
20780	Cutting And Milling (Per 0.5" Or Fraction Thereof)	$	102.00
20783	Final Machining To Sample Configuration	$	124.00

Task Code	Prestressing Wires And Tendons, (ASTM A416)		Rate
20701	Stress-Strain Analysis Wire Or Strands (Including Chart And Percent Offset)	$	273.00
20703	Tensile Test Only	$	204.00
20705	Tendons		Quotation

Task Code	Polymer Matrix Composite Materials (Fiberwrap)		Rate
20706	Tensile Strength – Set of 5 Specimens/Batch/Direction (ASTM D3039)	$	1,500.00
20707	Tensile Strength – Additional Specimens (ASTM D3039) (ASTM D3039)	$	300.00
20708	Heating Chamber Time – Per 24 Hr. Period	$	107.00

Task Code	Calibration Services And Universal Machine Usage		Rate
20801	Calibration/Verification Services		Quotation
20803	Universal Test Machine Usage (Per Hour)	$	509.00

Specialty Testing

- Cylic And Fatigue Testing Programs On Special Products/Parts
- Engineering And Technical Supports/Design Of Prototypes And Special Test Set-Up
- Fastener/Coupling Full Testing Program Per New Regulations: Tension, Tension/Bend, Shear, Double Shear, 8 Compressions
- Fiberglass/Composite Materials Field Testing Program (ASTM D1143 D1242, D2584, D4065, D4476, D4923, D7901, D7921, and D732)
- Field Testing Of Structures And Structural Elements
- In-Place Shear Testing
- Materials And/Or Product Evaluation Per Specifications
- Structural Dynamic Testing And Durability Analysis

General Conditions

NOTE: A minimum of 24 hours notice is required for testing and inspection services.
NOTE: Rates will be adjusted annually each July 1st to reflect increased costs.

Administrative Fees

All administrative fees, except as noted below, including report distribution and Twining Construction Hive system are billed at the following percentage of the monthly invoice total: 3%

General Conditions, Continued

Note that hard copies of reports will be sent only to governing jurisdictions that mandate them. All other parties will receive reports electronically. The administrative fee above will receive reports electronically. The administrative fee above will be increased by 1% if additional hard copies of reports are requested. Submittal of project specific forms or resumes will be billed hourly at the Administrative Support Rate.

Minimum Charges (Inspection and Technician Personnel Only - Other Personnel Charged on Portal to Portal Basis)
2-Hour Minimum: Inspector arrives at jobsite, no work to perform
4-Hour Minimum: 1 to 4 hours of inspection
After 4 hours, sute time plus one hour will be invoiced

Regular Time (All Types of Inspection and also All Non-Exempt Employees)
The first 8 hours worked Monday through Friday between 5:00 a.m. and 5:00 p.m. except as noted otherwise below.

Time and One-Half (All Types of Inspection and also All Non-Exempt Employees)
All shifts will be billed based on the time and date of their start. Any increment past 8 hours through 12 hours worked Monday through Friday and the first 12 hours on Saturday. Time and one-half will also be charged for the first four hours before 5:00 a.m. and after 5:00 p.m.

Double Time (All Types of Inspection and also All Non-Exempt Employees)
All shifts will be billed based on the time and date of their start. After the first 12 hours worked Monday through Saturday, all day Sunday, and holidays. After the first four hours worked before 5:00 a.m. and after 5:00 p.m. Holidays are New Year's Day, President's Day, Memorial Day, Independence Day, Labor Day, Veterans Day, Thanksgiving, the day after Thanksgiving, and Christmas Day. If any of the holidays should fall on Sunday, the Monday following shall be considered the holiday.

Meal Period
When personnel are required by their duties to work more than five consecutive hours without a one-half hour uninterrupted meal period, one half hour at double time rate will be charged in addition to any applicable overtime for actual hours worked.

Travel Time and Mileage
For projects outside a 50-mile radius from the nearest Twining facility, per excess mile to and from the project will be charged for inspectors and technicians. Other than small tools, whenever project related equipment is required to be transported to and from the project site, time and mileage for inspectors and field technicians will be billed on a portal to portal basis. For all projects, current IRS mileage rate per mile and applicable travel time will be charged portal to portal for engineers, consultants, supervisors, and laboratory technicians from the laboratory to the project site and return.

For work locations located 100 miles or more from Twining, travel time will be charged at the relevant rate for inspectors and technicians in addition to a subsistence allowance as detailed below.

Weekend Sample Pick-Ups
In order to be in conformance with testing standards, it may be required that weekend pick-ups be performed (e.g. concrete specimens cast on Friday must be picked up on weekend in order to be in conformance with ASTM C31 requiring specimens to be moved to their final curing location within 48 hours of casting.) Applicable charges for weekend work will apply when this is required. Should these charges not be authorized, Twining will not be liable for any negative consequences.

Reimbursable Expenses
Parking, air fare, car rental, food, lodging and project specific software/applications (e.g. PlanGrid, Procore, etc.) will be charged at cost plus 20% per processed invoice, unless provided by client.

Project Specific Documents
Costs presented assume that client will provide project specific documents (plans, specifications, submittals, RFIs, etc.) for all inspection personnel. Should project specific documents be provided electronically through a "for fee" service, the client will be responsible for providing access and paying any fees for the service.

Project Site Facilities
Prices quoted assume that initial curing facilities for test samples that comply with relevant test standards and project requirements are provided by others. In addition, prices quoted assume that work/desk space for inspection staff are provided by others. Additional costs, provided by quotation, will apply should Twining be required to provide such facilities.

Subsistence
Subsistence on remote jobs will be charged per quotation.

Laboratory Testing Hours and Expedited Testing
Please note that laboratory testing will be billed on an hourly basis for non-standard tests. If testing is required to be performed on Saturdays, Sundays, holidays, or before 5:30 a.m. or after 4:00 p.m. on weekdays, an additional hourly charge, at the applicable regular, overtime or double time rate, with a minimum of one hour will be applied for the laboratory technician. For rush testing a 50% surcharge in addition to the regular test rate will apply.

Charges for Subcontracted Services

Material sent to outside laboratory for testing:	Cost plus 15%
Material sent to outside fabricator or machine shop:	Cost plus 15%
Glu-Lam beam inspection:	Cost plus 15%
Other subcontractors:	Cost plus 15%
Project exclusive equipment purchase:	Cost plus 15%

Limit of Liability
Client agrees to limit Twining's aggregate liability to all entities for alleged or actual errors and omissions in the performance of its professional services under this agreement to $50,000.00 or the fees actually paid to Twining, whichever amount is greater. Higher limits may be available by quotation.

Additional Insurance Coverage
Any requirements for additional insurance policies or coverage beyond our normal policies/limits (e.g. SML coverage) may be provided at an additional fee and will be quoted on a per project requirements basis.

Certified Payroll
Certified payroll will be provided, upon request, at an additional charge of $150.00/month. Fee applies to every month that certified payroll must be submitted regardless of whether or not services were provided for any given month.

TWINING CONSULTING

General Conditions, Continued

Final Reports Required by Jurisdiction

If a final report or affidavit is required, we must first review all inspection and testing reports and clear up any unresolved issues on these reports. These issues will typically require approval by the engineer or architect of record. This process can take several weeks or just a day, depending on the number and complexity of the issues. Cost for final reports will be billed hourly.

Terms of Payment

Fees charged are for professional and technical services and are due upon presentation. If not paid within 30 days from date of invoice, they are considered past due and the maximum legal finance charge will be added to the unpaid balance.

In addition, should the client require that invoices be submitted through a web based or electronic system, the client will be responsible for all costs associated with the use of the system.

A 3% fee will be applied for payments processed by credit card.

All invoice errors or necessary corrections shall be brought to the attention of Twining within 15 days of receipt of invoice. Thereafter, customer acknowledges invoices are correct and valid. Twining reserves the right to terminate its services to a customer without notice if all invoices are not current. Upon such termination of services, the entire amount accrued for all services performed shall immediately become due and payable. Customer waives any and all claims against Twining, its subsidiaries, affiliates, servants, and agents for termination of work on account of these terms.
