8. BUSINESS SERVICES - BOARD DISCUSSION AND/OR ACTION (The Board may take action on any item in this section, unless it is designated for information only.)

1. 2025-2026 First Interim Report

The First Interim Report is one measure designed to help the County and ultimately the State to monitor each school district's fiscal health. According to the State requirements, in order to have a Positive Certification, ARUESD must project at least 3% in unrestricted reserves in each of the current and following two years. Districts that may not meet this requirement receive a qualified budget certification and Districts that do not demonstrate that they will meet this requirement receive a negative budget certification. If any problems are anticipated, the County will offer immediate fiscal management advisory services.

School districts in California are required to maintain their financial affairs in accordance with prudent financial management principles. Those principles were strengthened and codified in 1991 with the passage of AB 1200. The increased oversight provided by AB 1200 was in response to a number of school district near-bankruptcies, requests for state loans, and defaults on school district financial obligations.

The statute requires school districts to self-certify budgets, interim reports, unaudited actuals, and disclosure statements related to collective bargaining. The law also requires county offices of education (COE) to review the various certifications and determine whether the financial position of the district is in conformance with state-recommended standards and criteria. The COE is empowered to initiate action if problems are disclosed or discovered. That action may take the form of additional questions or warnings, a lowering of the self-rating from "positive" to either "qualified" or "negative," appointment of a fiscal advisor, or more stringent measures if the situation warrants.

The Alum Rock Union Elementary School District is presenting a Qualified Certification of its financial condition. This means that the District may not meet its financial obligations for the current fiscal year or subsequent two years.

2. FY 2023-2024 Per Pupil Expenditures (Information Only).

   Per-pupil expenditure (PPE) data is reported annually as required by the Every Student Succeeds Act (ESSA) and provides a transparent view of how district resources are allocated to support student learning. The FY 2023–24 Per Pupil Expenditures reflect the total expenditures for both districtwide services and school-site–level costs, including personnel, instructional materials, student support services, and operational expenses.

   This report is informational and is intended to provide the Board of Trustees with an overview of spending trends, variances among school sites, and the district's overall investment in student programs. The data helps ensure consistency with state and federal reporting requirements and supports ongoing conversations related to budgeting, equity, and resource allocation.

3. Update on Core Builders + Steinberg Hart Contract Negotiations (Information Only).

   Alum Rock Union School District continues its efforts to develop workforce housing as a strategy to improve employee recruitment and retention and provide affordable living options for district staff. Following a competitive Design-Build Request for Proposals (RFP) process, the Board of Trustees selected CORE Builders + Steinberg Hart as the Design-Build entity for the project.

   Since the selection, district staff, legal counsel, Education Housing Partners, and CORE Builders + Steinberg Hart have been engaged in negotiations to finalize the terms of the Design-Build Agreement. Discussions have focused on confirming the project scope, sequencing, preliminary design considerations, construction schedule, and cost structure. Additional attention has been placed on risk management provisions, responsibilities during design and construction phases, and compliance with applicable state statutes governing Design-Build delivery.

   The collaborative negotiation process is progressing as expected. Both parties are working to ensure that all contractual elements align with the district's goals, financial parameters, and long-term housing objectives. The district is committed to delivering a high-quality, financially responsible workforce housing project that supports ARUSD employees and the broader community.
