ATM & Debit Card Safety

Protect your Card and PIN
Don't share your PIN to anyone.
Remember numbers that are easily
memorable to protect your personal identity.

Review Your Transactions

Someone who watches you key in your
PIN can see your body and free hand
at the ATM keypad during
the transaction.

Be careful for "Skimmers"
Don't use your card in machines that
have been tampered with. This
could be a "skimmer" which is
stealing identifying information.

Be careful at Night
If you use an ATM at night, consider
not taking a friend along.

 **Count Your Cash Later**
Once you've completed your ATM
transaction, put your money away
immediately.

 **Take the Receipt With You**
Discarded ATM receipts can lead to
identity theft and account hijacking.

 **Observe Lighting and
Landscape**
Use extra caution when using an
ATM at night. If the lights at the
ATM are not working, don't use
it. If shrubbery has grown up, or
if a tree blocks the view, select
another ATM and notify
the bank.

 **Lock Your Car**
If you leave your car and walk
to the ATM, turn off your
ignition and lock
your car.

 **Check Your Debit Account
Regularly**

If you find any irregularities in your statement,
e.g. charges made for items that you didn't
order, cash withdrawals that you didn't make.
Then contact your bank immediately to report
the incident.

LIVE WORK CONTEST

Protecting Yourself From **FINANCIAL EXPLOITATION**

**Avoid isolation, stay active,
and socialize with your family or
friends**

**Keep important legal and
financial documents in a safe
place**

**Safeguard your personal
information and passwords**

**Be careful when responding to
any solicitation**

**Monitor your financial
transactions closely and confide
in people you trust**

**Beware of door to door sales
people and telemarketers with
sale pitches**

**Be aware of telemarketers who
pressure you into making an
immediate decision**
