## A Message from Superintendent Dr. Daniel Bittman

Dear Edina Families,

It is my great privilege to welcome you to the Early Learning and Family Center! For years, you might have known us as the Early Learning Center. Our new name reflects an important truth: families are truly at the center of our community, and our work is most meaningful when we honor that reality.

The Early Learning and Family Center supports your family's journey from your child's birth through the wonderful milestone of entering kindergarten. From the beloved Early Childhood Family Education (ECFE) program to kindergarten preparation, we offer experiences designed for every member of the family. This isn't just a place where children learn—it's a place where families belong, connect, and grow together.

Throughout my years in education, I've learned that the most powerful learning happens when schools and families work side by side. We see ourselves as partners coming alongside you in your unique parenting journey. Every family brings wisdom, strengths, and dreams for their children, and our role is to support, encourage, and walk with you as your children discover the world around them.

At the heart of everything we do is our commitment to whole child learning. Our programs are designed to honor the uniqueness of each child and their interconnected social, emotional, physical, and cognitive needs. When we encourage creativity, foster curiosity, and nurture resilience and joy alongside academic skills, we help children develop the strong foundation they need to thrive. This catalog reflects the range of experiences we've designed to support every aspect of your child's growth and development.

Thank you for entrusting us with your most precious gift—your children. We look forward to learning, growing, and building community together.

With gratitude,

Dr. Daniel Bittman  
Interim Superintendent  
Edina Public Schools

# Preschool for 3-5 Year Olds

Welcome to the Early Learning and Family Center – A Place for All Learners!

At the Early Learning and Family Center (ELFC), we believe that every child is unique and brings something special to our school. We welcome all learners with open arms, creating an inclusive environment where every child feels valued, supported, and inspired to grow. Our program is thoughtfully designed to meet the diverse needs of young learners, providing children with the tools they need to thrive socially, emotionally, and academically. Our students develop their emergent math and literacy skills through play based learning using The Creative Curriculum. Socially, our students learn healthy social emotional skills through our school wide positive behavior system called The Pyramid Model. Our goal at the ELFC is to support children's growth and learning so each child is ready to thrive in Edina Kindergarten.

## A Day in the Life of a Preschooler:

### Circle Time/Morning Meeting

Each day starts with attention focused on building a strong community through songs, read-alouds, stories and calendar. All staff model social and emotional skills, including creating and maintaining friendships.

### Literacy

Students begin to develop their emergent literacy skills through activities focused on building concepts about print, oral language skills, comprehension, letters and sounds and some early writing practice.

### Math

Emergent numeracy and math skills include activities that develop number sense, patterning, colors/shapes and other math concepts.

### Science

Science is all around us and students will learn how to explore, question and discover through scientific themes like nature, plants, animals, ecosystems and weather.

### Choice Time

Children can choose from a variety of themed centers derived from The Creative Curriculum such as art, science, sensory play, building blocks, and pretend play. Children are free to explore their interests, make independent choices, and engage with peers in meaningful ways. This time encourages creativity, problem-solving, and social development, helping each child learn at their own pace in a joyful environment.

### Large Motor Movement

At the Early Learning and Family Center, we understand the importance of physical activity in early childhood development. Movement can help children build strength, coordination, and confidence. At the ELFC we have 4 large motor spaces at the ELFC; two gyms, an Action Based Learning room, and a large enclosed safe playground!

### Art, Music and Theater

Learning in preschools happens through an artistic, musical lens. Students will sing, dance and act out their learning multiple times each day.

## Exceptional Staff

### Lead Teachers:

- 100% hold a four-year teaching degree in early childhood or elementary education
- Have completed 32+ hours of specialized professional development in research-backed reading instruction.

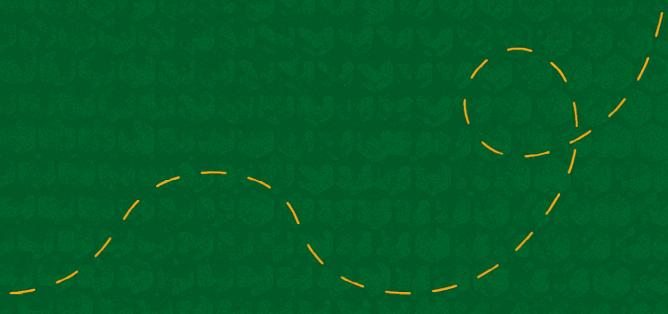

### Paraprofessionals:

- Have received 20+ hours of professional development annually to support classroom instruction.
- Have received 6 hours of specialized training in early reading support.

## A Welcoming and Inclusive Community

- An Inclusive Community where every child is valued and celebrated.
- Staff are trained in inclusive practices and responsive to diverse learning needs.
- Multilingual teacher support for all learners.

## The Power of Team Teaching

- Two highly-qualified teachers in every classroom ensure smaller adult-to-child ratios and targeted, individualized support.
- Multiple teaching styles and diverse perspectives help ensure that every child's unique learning style is recognized and nurtured.
- Seamless teacher collaboration leads to richer, more dynamic lesson plans and immediate, flexible student support.
- Over 50% of our classrooms feature a team-teaching model.

## Strong Community Partnerships

- Collaboration with Edina elementary schools to actively support your child's smooth and confident transition to kindergarten.
- Daily support from Early Learning Corps Tutors and community volunteers.
- Vibrant Parent-Teacher Organization (PTO) supports families, staff, and students, creating a strong home-school connection.

## Looking to extend your child's time at school?

Little Kids Club complements the preschool day by offering extended hours for care along with engaging activities that provide a seamless transition between structured learning and flexible play. Designed for busy families, we ensure your child is in a safe, nurturing environment before and after preschool hours. During that time, they will enjoy activities that promote social skills, spark creativity, and allow time for relaxation. With age-appropriate games, arts and crafts, outdoor play, STEM projects, and even quiet time for rest or reading, our balanced program supports your child's well-being and development.

Children must be registered for an Early Learning and Family Center preschool class to be eligible. Little Kids Club follows the Early Learning and Family Center calendar, so when school is not in session, Little Kids Club is closed.

Contracts are offered on a space-available basis.

There is a monthly tuition cap for our full-day preschool families. Affordable childcare options are available with tuition that **will not exceed \$1,720 per month per student** (combined preschool and childcare fees). Families can choose the childcare schedule that works best for them while staying within their budget.

Register for the childcare schedule that meets your family needs. After registration, our office will adjust your account to apply the monthly cap.

# Resources for Families

## Early Childhood Screening

Early childhood years from birth to the start of kindergarten are an important time of rapid growth. Early Childhood Screening is a quick and simple check of how your child is growing and developing. It is required by the state of Minnesota to be completed before starting kindergarten, and it is a FREE service that usually takes about an hour to complete. Children should complete screening as soon as they are three-years old.

At your child's first screening, a trained professional will check on the following:

- Vision and hearing
- Height and weight
- Immunization review
- Large and small muscles/motor skills
- Thinking, language, and communication skills
- Social and emotional development

To schedule your free screening, visit [earlylearning.edinaschools.org/learning/developmental-screening](http://earlylearning.edinaschools.org/learning/developmental-screening). Questions? Contact our Program Specialist, Affey Sigat, at [affey.sigat@edinaschools.org](mailto:affey.sigat@edinaschools.org) or 952-848-3985.

## Early Childhood Special Education

Early Childhood Special Education (ECSE) is an Edina Public Schools program that provides intervention to young children, from birth to kindergarten, who show developmental delay in the general areas of speech and language, large and fine motor skills, social and emotional behavior, cognitive and/or adaptive skills, or have vision or hearing losses.

For more information, contact our ECSE Facilitator, Kaitlin Senn at [kaitlin.senn@edinaschools.org](mailto:kaitlin.senn@edinaschools.org) or 952-848-3046.

## Help Me Grow

Help me Grow offers information and resources for parents of newborns to 5-year-olds. Their online referral form connects you to early childhood intervention and special education resources in your home school district.

Help Me Connect is a website designed to help Minnesota's families navigate local community, county, and state resources. Families and those that support families, such as preschool teachers, child care providers, and pediatricians, can use Help Me Connect to find services such as:

The ELFC Parent Teacher Organization is a non-profit group open to all parents/caregivers of the Early Learning and Family Center. There is no cost to join.

The ELFC PTO exists to provide opportunities to engage with and support the ELFC's mission of enhancing the quality of family life through early childhood and family education.

We do this through:

- Community Building and Engagement
- Teacher Appreciation
- Fundraising
- Advocacy

Not only does the PTO support our school, but it also provides a way to meet and connect with other caregivers in our school community.

Please consider sharing your time and talents with the PTO! Learn more about how to get involved: [earlylearning.edinaschools.org/get-involved/pto](http://earlylearning.edinaschools.org/get-involved/pto) or e-mail [edinaelfcpto@gmail.com](mailto:edinaelfcpto@gmail.com).

We look forward to meeting you!
