

CRLS School Council Meeting Tuesday May 29th, 2019

CRLS Connects Update

Program that brings technology into the classroom, like “librarians for technology.”

- ✓ All CRLS students get Chromebook computers
- ✓ Cloud-based Google drive
- ✓ Connected to all CRLS resources
- ✓ 9th graders get computers in August or during the start of school

Program highlights

Falcon Fixers help with tech problems (student-run help desk)

Teachers have laptops

All kids have chromebooks

Enroot lunch and learn for ELL students

CS EdWeek Hour of Code

MCAS on chromebooks

Monthly CRLS Connects APC Professional

Two chromebook charging towers in the library

Second Annual Scratch Night

Benefits

Kids can do homework from anywhere

Helps kids stay in closer touch with teachers

Saves paper

Engage all students in technology

Student Government Update

- ✓ Bringing in public health experts to advise on vaping solutions
- ✓ Focus will be on helping kids get help with vaping, not just punishment for vaping
- ✓ Building on what has worked for other schools

Principal Smith: Attendance Tracking and Management

Provided an overview and asked for input on proposed revisions to student attendance/AV policy.

Experience has indicated that no one solution fits all student needs. Learning community teams will work with students who meet AV criteria and implement one of the following three supports.

Supports:

- Complete a buyback (offered to all students, after school and other make ups of time missed)
- Enroll student in Student Workshops (time management and studentship support)
- Individual Support Plan (used for students with extenuating circumstances who need unique supports)

Attendance

Alice Bredin

Damon Smith

Greta Hardina

Jodie Siegel

Ross Benson

Nafishis Kumtheualu

Noah Burns

Alani Beaton

Hersh Kanner

Jessee Nahan

Nadege Charles
