

CFCMS Achieves Statewide Recognition for Exemplary Counseling Practices

Col. Fred Cherry now has the honor of being included in a statewide list of exemplary programs, providing an opportunity for school counselors throughout Virginia to observe its innovative counseling practices. This remarkable achievement makes it the only middle school to receive this honor this year.

Recognition from the Virginia Department of Education

Col. Fred Cherry Middle School has been chosen by the Virginia Department of Education (VDOE) as a Model Comprehensive School Program site. This prestigious distinction is awarded to schools that exhibit outstanding counseling practices and demonstrate a strong commitment to fostering students' academic, social-emotional, and career readiness development.

CFCMS's inclusion on the statewide list will enable other educators to witness firsthand the successful implementation of comprehensive counseling programs through visits.
