How Do Bonds Help Schools?

New Schools
& Facilities

Renovations
& Upgrades

Safety
& Security

Modern Learning
Spaces

Transportation

Technology

DALLAS
INDEPENDENT SCHOOL DISTRICT

What bonds CANNOT be used for.

By law, bond money cannot be used to pay for a school district's day-to-day operating budget.

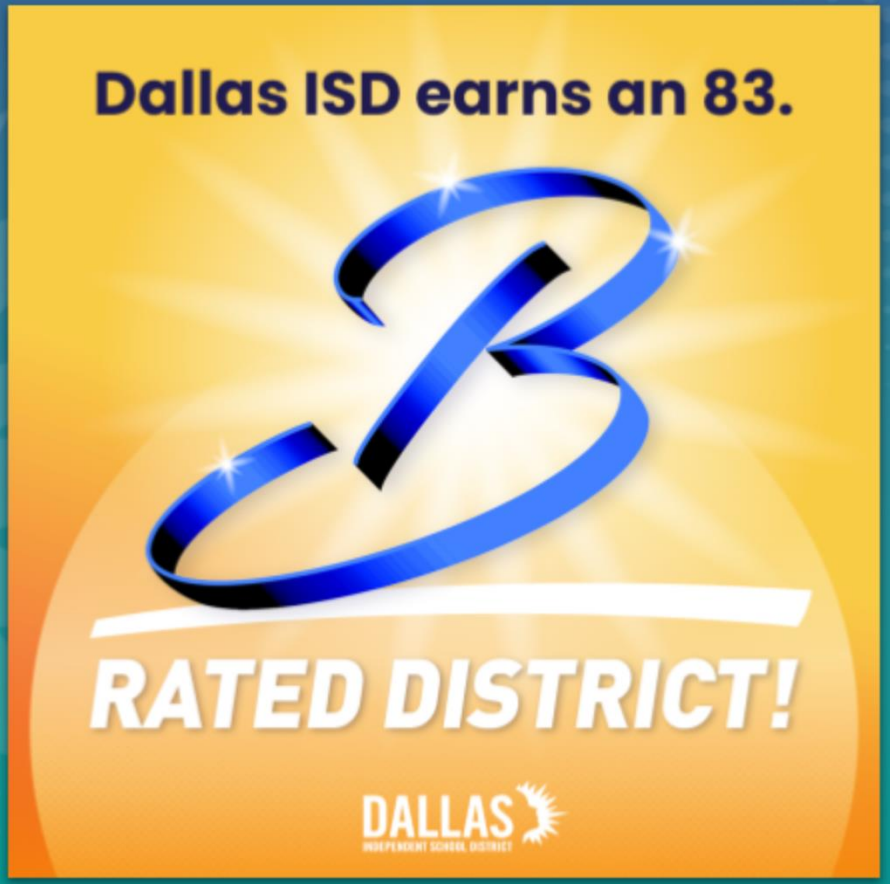

Prohibited uses include:

- Teacher and staff salaries
- Classroom supplies
- Routine maintenance and repairs
- Utilities and fuel

DALLAS INDEPENDENT SCHOOL DISTRICT

How Bonds Impact Student Outcomes

- Studies show that facility improvements can have significant impacts on student outcomes.
- Modern facilities improve instructional quality
- Safer, healthier, and more accessible campuses increase attendance and readiness to learn
- Specialized learning spaces and technology investment expand opportunities.

DALLAS INDEPENDENT SCHOOL DISTRICT CONSTRUCTION SERVICES

BOND2026

- Engaged a Global K-12 Specialist to update the District's **Long Range Master Plan** with a focus on facility condition and educational suitability
- Engaged a National Research Organization to conduct a **public opinion survey** to inform Bond Decision Making
- Formed a **Citizens Bond Steering Committee** to define the goals and scope that should be considered

BOND2026

FCI vs. ESA

Facility Condition Index:

Reviews the condition and age of Campus building and site components including roofing, site, MEP and building envelope.

Identifies all work that must be completed in 10 years to optimize the useful life and effectiveness of the existing facility.

Examples include window and roof replacement, MEP equipment replacement and interior lighting replacement.

Educational Suitability Assessment

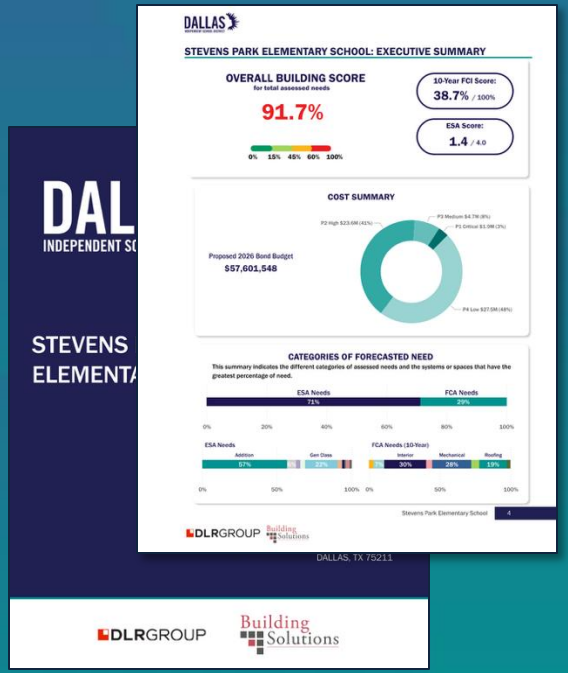

Evaluates the functionality and alignment to the District's design standards of the Campus spaces.

ESA results inform capital planning needs, identify schools requiring additions or reconfiguration, and supports decisions for Bond projects to align with modern learning standards.

Examples include recommendations for athletic, performing arts and classroom additions.

DALLAS INDEPENDENT SCHOOL DISTRICT

Example Score for FCI & ESA

Overall Building Score:
91.7% / 100%

Total Needs Amount:
$57,601,548

ESA Score:
1.4 / 4.0

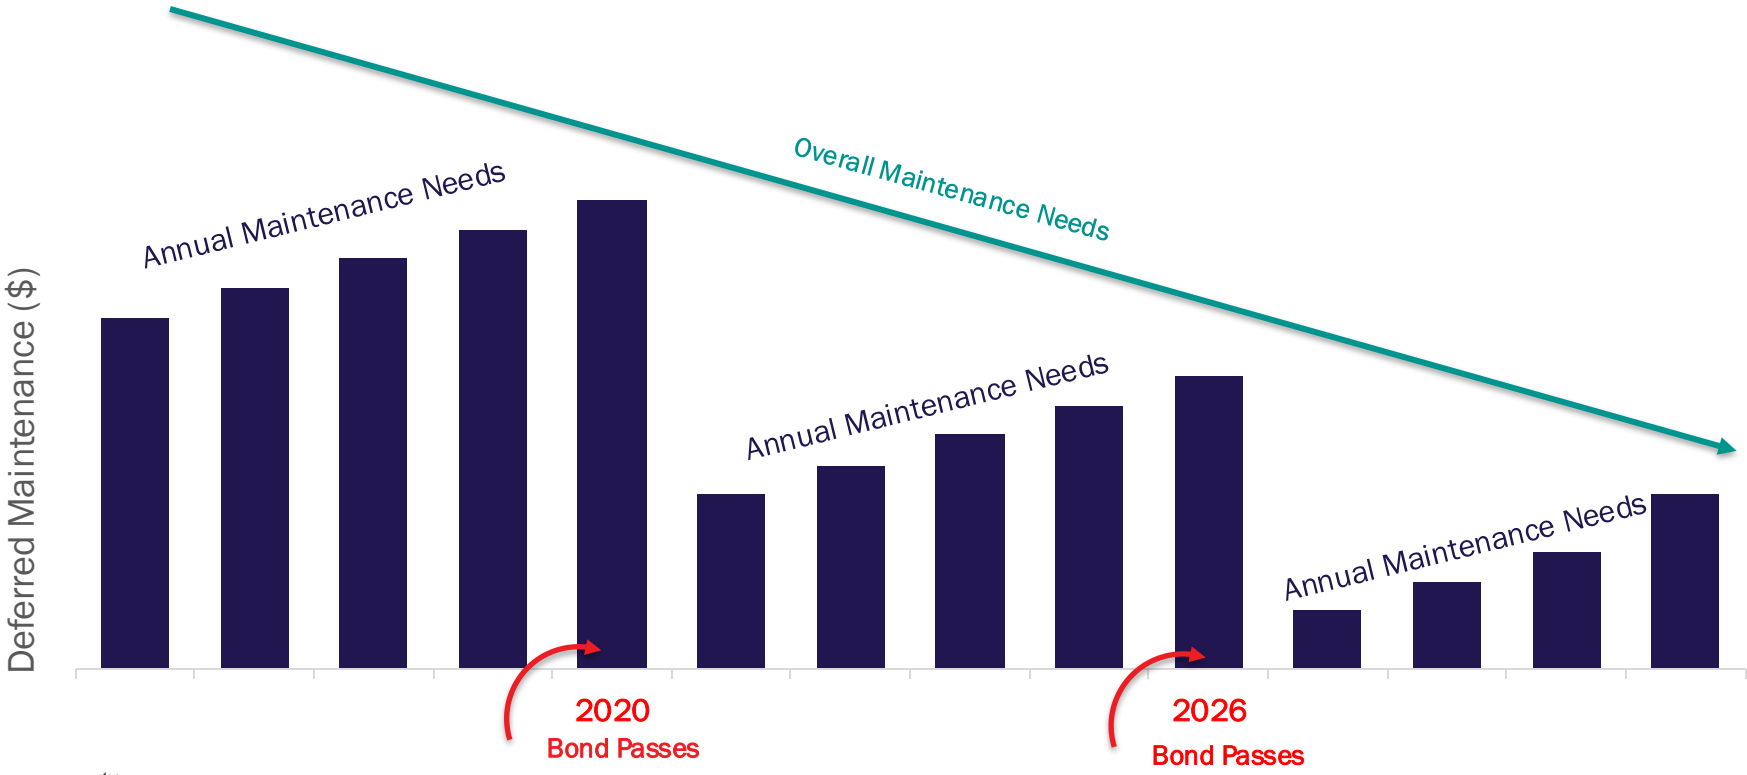

ESA Total Needs Amount:
$41,026,300

FCI Score:
38.7% / 100%

FCI Total Needs Amount:
$16,575,248

DALLAS INDEPENDENT SCHOOL DISTRICT

Bond Process

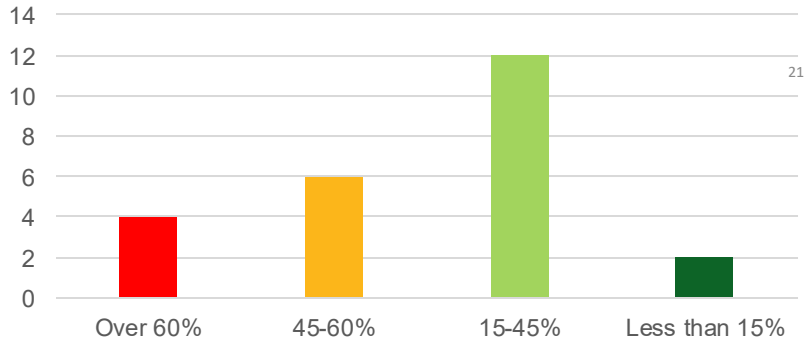

DALLAS INDEPENDENT SCHOOL DISTRICT

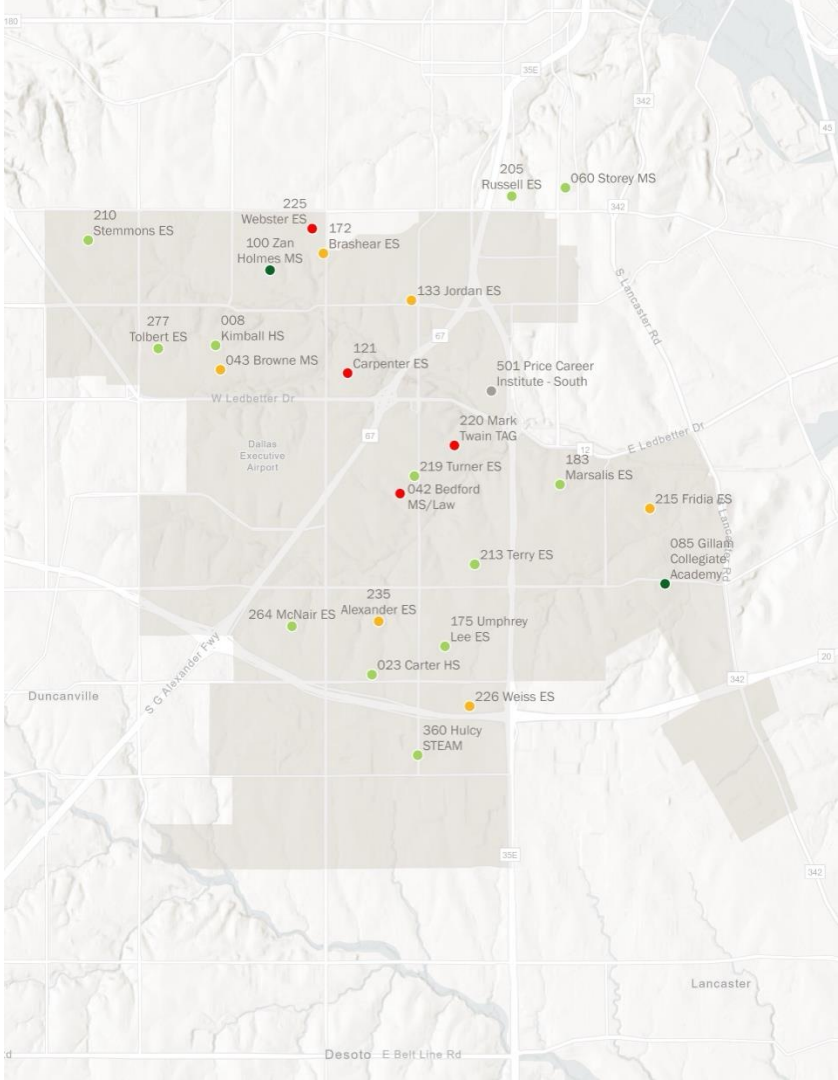

Trustee District 6 – Prior to 2020 Bond

Total Buildings:

Previous Average Overall Building Score: 43% out of 100%

The lower the Overall Building Score, the better.

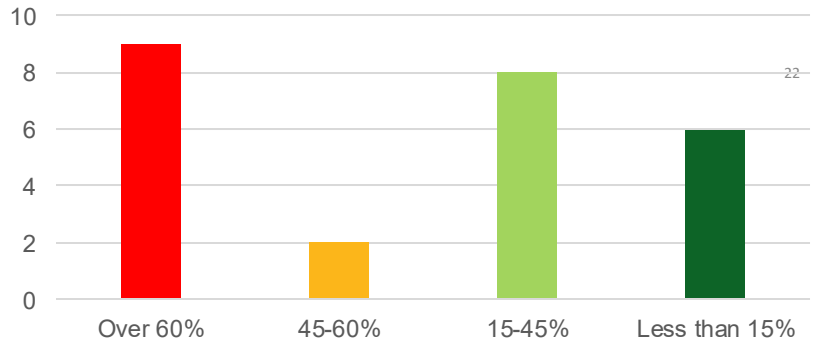

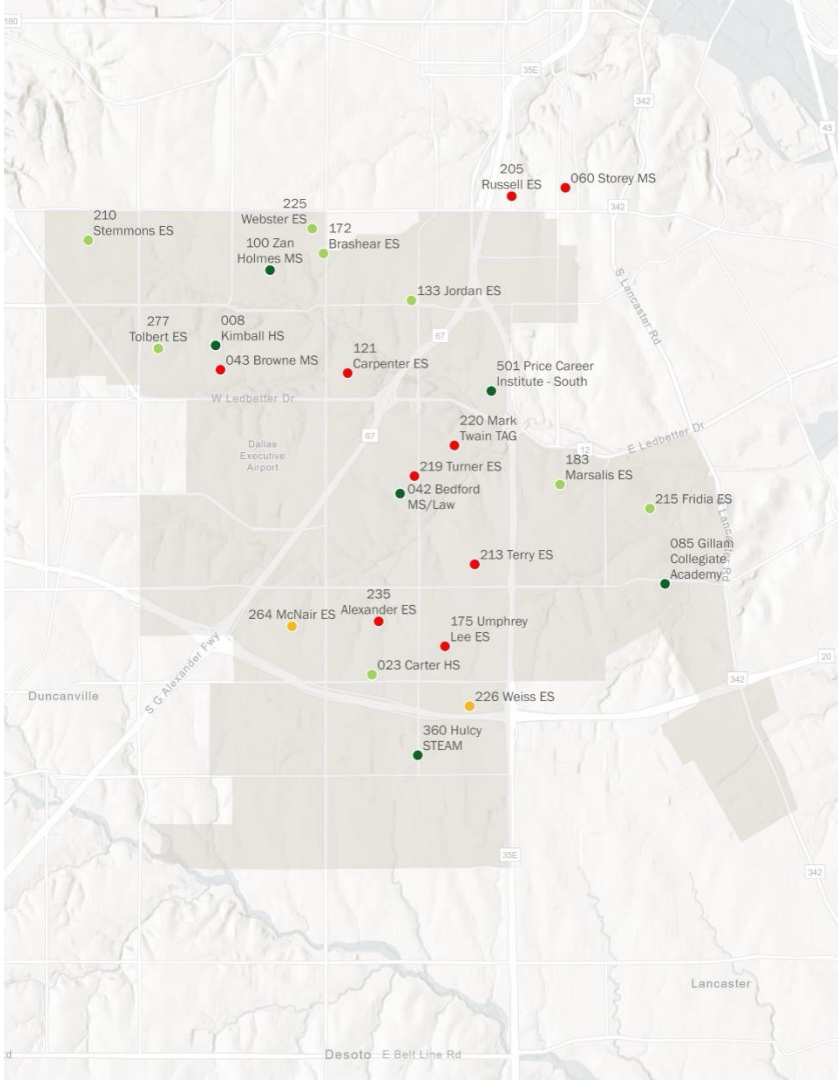

Trustee District 6 – 2026

Total Buildings: 25
