ADMINISTRATIVE REPORTS

The Webster School Committee will require reports from the Superintendent concerning conditions of efficiency and needs of the schools.

School building administrators will be required to keep such records and make reports as the Superintendent may direct or require.

Upon receipt of the Superintendent's reports, the Committee will take steps to appraise the effectiveness with which the schools are achieving the educational purposes of the school system.

Because statistical information often has a time value, each administrator will give careful consideration to all procedures related to reports, accounting, and general business matters that are required for the administration of the school program and will make accurate and prompt return on scheduled dates of all statistical and other information required.
