KELLER ISD	Key Strategic Priority: 1
ADMINISTRATIVE REGULATION	Learning
Testing - Secondary Sites for National Assessments	GNC(R1)

Keller ISD administers two national assessment exams (PSAT and AP) during the regularly scheduled school day. Students taking the PSAT or AP exams at a KISD campus, must be currently living in the Keller ISD school district. Students not enrolled in a Keller school (i.e. home-schooled) may take these tests at the campus designated for his/her school zone.

Students are responsible for:

- familiarizing themselves with the test schedule included on the specific KISD assessment matrix;
- meeting all KISD registration deadlines
- paying for all fees connected to the test administration established by the national office (College Board: www.collegeboard.com).

The SAT and ACT are administered on Saturdays at selected high school campuses nation-wide. Identified test sites in school districts nationally are open and do not have any attendance zone limitations.
