OUR MISSION

The Realms High School mission is to ignite the passion, build academic skills, and foster the character our students need to be leaders of change now and into their futures. Our school motto is “**Leaders of Change**” and we are a member school in the [EL Education](#) network which emphasizes the connection between rigorous academics, character and service.

OUR CURRICULUM:

At Realms High School we align academically challenging curriculum with the opportunity for students to apply their newly acquired content knowledge and skills to real world problems and situation, both in the classroom and in the field.

Many of our academic courses are connected to **Learning Expeditions**. Learning expeditions are a long term, interdisciplinary, in-depth units of curriculum offering real-world connections that inspire students toward higher levels of academic achievement and deep application of learning.

Social justice and environmental stewardship are central themes woven into many of our academic courses. Our school-wide character traits include critical thinking, leadership, growth mindset, collaboration, independent learning, empathy, and joy/creativity.

Students are part of **Crew** at Realms High School. Crew is a 4 year sequence of courses focused on fostering community, building academic and relational character skills, providing leadership and service opportunities, and supporting students’ college and career plan. In addition to being a class, “Crew” is also a school-wide culture composed of traditions and school structures that build shared understandings and encourage all community members to “**become crew, not passengers**”.

Intensives are week-long, single topic, “deep dive” courses that happen three times/year, each worth a .25 credit. During Intensives, small groups of students have the opportunity to explore topics that are not offered in our regular trimester courses. These courses are highly experiential and include frequent opportunities for fieldwork, applied learning, and interaction with professionals in career fields related to the topic.

HISTORY

Realms High School was established in 2018. The class of 2026 will be our 6th graduating class.

FIELDWORK, SERVICE, EXTRA CURRICULAR ACTIVITIES

As an EL Education school, RHS students participate in academically aligned fieldwork opportunities connected to many of their courses. Fieldwork projects involve students in data collection, interaction with experts and professionals outside the school, and also rich service learning projects. Realms joins other EL schools across the US for a day of service on Better World Day.

RHS offers students an array of extracurricular clubs including: Yearbook, Environmental Club, Gender Sexuality Alliance (GSA), Leadership, Art Club, Jam Band, Board Games and more. Students participate in JV and Varsity athletics at the high school nearest their home address.

Subject Graduation By Requirement	Course Offerings
Language Arts 4.0 credits	Literature & Composition 1(H), 2(H) Literature & Composition 3(H), & 4(H) Language & Composition (AP)

AP) = Optional Advanced Placement
(H) = Optional Honors
(CN) = College Now
(T) = Only 1 trimester
All courses are worth 1.0 credit unless otherwise noted as a trimester course, in which case they are worth 0.5 credit.

COURSES, DUAL ENROLLMENT, COLLEGE NOW

RHS students take Lit & Comp, Math, Science, and Social Science courses most years of high school. This chart outlines all courses offered to RHS students as well as requirements for graduation. Additionally:

- Most university-bound students take two subsequent years of courses in the same foreign language as part of their graduation requirements.
- Dual-enrollment is available to juniors and seniors at Central Oregon Community College. Courses are reflected on the RHS transcript and will receive the highest numerical grade equivalent at RHS for the grade earned in the college class.
- College Now is a Central Oregon Community College program that gives students the opportunity to take English Composition and Math in Society (COCC level classes) at RHS, taught by RHS teachers; the students receive high school and college level credit.

ACADEMIC CALENDAR & GRADING

RHS classes take place on a 3 trimester schedule between September and June. Final trimester-end grades are used in the calculation of GPA. Each two-trimester course is worth 1.0 credit.

Trimester-long electives are offered for 0.5 or 0.25 credit.

Bend LaPine School District and Realms switched to Math 1 & Math 2 in September 2022.

These 2 subjects equate to Algebra 1 and Geometry.

Grade Scale		
A- to A+	90 - 100	4.0
B- to B+	80 - 89	3.0
C- to C+	70 - 79	2.0
D- to D+	65 - 69	1.0
F	< 65	0

Bend LaPine School District has eliminated the ranking of students. We will provide percentile ranking when requested. Weighted GPA are calculated according to RHS's grading scale.
