**SUPERINTENDENT'S REPORT****A. Superintendent Update**

Michael V. Ginestre, Superintendent of Schools gave an update to the Board of Education at the voting meeting on Tuesday, November 18, 2025.

**OPEN SESSION**

Jamie Mancine, Glenhaven Drive - I am here to talk Glendale PTA. Believe it or not, we are nearing the end of our third month this school year, and I wanted to provide some updates on the accomplishments we've made so far at Glendale. In September, we sold almost \$10,000 worth of cookie dough, and we were really proud of that fundraiser. It was the first time we did it with Mrs. Fields. We also held our PTA chicken dinner at our open house, which was another sellout for us this year. Thank you to everyone who came out that night. In October, we had our McTeacher Night. It was fun to see the staff out and about with the kiddos. It's always a crowd-pleaser. The kids are always fascinated. We had a wildly successful trunk or treat in October as well. This month, we had a fundraiser at Texas Roadhouse, which is a really great sponsor with us. They do a lot for our school community, do a lot for our teachers and staff. It was so awesome to see everyone out that night as well. As mentioned, we have a super change battle this week, which has been really fun. I've been in the building this week for that. It's essentially where certain coins are positive and certain coins are negative, and the classes have to try and get their grade level to have the most points by the end of the battle. It's really interesting to watch the math skills come into play, and all the Panthers come by with their change every morning, trying to decide if they should sacrifice that dollar ice cream money to get their grade level ahead or to sabotage another grade. It's been super fun to help the kiddos work through some of those decisions and see all those decision-making skills in action. So far, second grade is leading the charge. We also have a STEM night this week. It's our first one of two that we have this year. It's for grades three through five. We'll have a robotics team come in to work with the Panthers on assembling robots. We actually have a woman engineer coming in to teach girl power in the STEM industry. We have our nerd nerdy derby back, which is them building race cars out of different recyclables. I am very proud and pleased to announce that our PTA was honored with three membership awards from the New York State PTA this year. We earned the Horizon membership award for our theme and our campaign, our savvy membership, and early bird membership awards because we reached the goal of membership that the New York State PTA sets out for us. We actually have increased our membership by 63% year-over-year, and we're really proud of that. We're also working with the national PTA to become a designated school of excellence at Glendale, and what that entails is we put out a survey trying to get feedback from our Glendale community on ways that they can get more involved in the building and within Panther Learning in general. We take that information back and come up with a plan, and we submit that to the national PTA, and then we implement that plan this year. We then do another survey to see how that went and the results from that, and if the national PTA thinks that we've done the work needed, we'll become a designated school of excellence. We're really excited to do that work this year, and hopefully by the end of the year, I can successfully share that we've earned that designation. We have a few events coming up in December, believe it or not. I know it's a short month, but we have a roller skating party at Rainbow Rink. If anybody wants to come skate with us, it's on December 4th. We have our Merry Moo shop, which is from December 9th to the 12th. If anyone would like to volunteer, you're welcome to stop by. It's always so fun to shop with the kiddos and get them excited about celebrating whatever holiday it is that they celebrate. Then we have a winter wonderland event on the 18<sup>th</sup>, which will be doing holiday photos for families who might not be able to afford or get those photos from elsewhere. We have the Grinch stopping by, also. It's going to be a good time. Thank you.

**INFORMATIONAL ITEMS**

*J. Coleman* - We had a productive start to November of the 2025 26 school year. Seniors worked through college deadlines, including the November 1st early decision deadline and the close of the application window on November 3rd. We'd like to thank Mr. Harriger for helping us, and he came and visited English classes and helped us put together our applications. Juniors also completed their first PSAT and attended the college fair, and met with representatives from different schools about college. October was filled with a lot of different Halloween events, and the student government ran our spirit week, and we had our annual Halloween costume contest, where there were 12 winners. Students in AP World and National Honor Society volunteered at Willow Ridge and Glendale for their trunk or treat events. During our October 29th meeting, committees shared their goals, including the plan to complete senior tiles before winter break. At our most recent meeting, the student government discussed creating a gratefulness tree, which is now being put up in the main foyer, where anyone can just write on the leaf of a tree what they're thankful or grateful for, and it will be displayed for anyone to see. We also began planning our spring activities we have for the year, such as field day and trying to reopen the courtyard. Our athletics committee proposed coach and athlete bonding workshops and expanding mental health support systems for student athletes, as well as reopening the fitness center after school and reinstating the sports events calendar on the morning announcements to let the schools know what events or games are going on for each sports team. Our student life and DEI committee talked about reinstating the peer tutoring mentor program with teacher-approved tutors. So it's essentially students being able to help either students in their class, younger students on homework or assignments they need help with. We also talked about bringing back student of the month because you see the athlete of the month in the athletic hall, and we felt it would be good to recognize academics and the hard

**INFORMATIONAL ITEMS-continued...**

work students put towards that. Our sustainability, wellness, food, and nutrition committee discussed increasing cafeteria meal and snack options and exploring partnerships, potentially with local restaurants, to see if something can be worked out with them on providing more food options. Our music and arts committee suggested trying to reserve more space, maybe the ceiling tiles in the art hallway, so that the art class can continue painting as years come. Lastly, our technology committee discussed more use with the student ID with pass systems, including swiping them in or scanning them when you're coming into the school or using them for your lunch. I also helped to restore our YouTube access for educational use and hope to meet with Mr. Lucenti to discuss these ideas because there were teachers who essentially used YouTube in their class for videos, and now we're unable to.

*S. Johnson* - The "Meet the Board" event we had in advance today was awesome. I think it was well worth our time being able to sit here and talk with their teachers and staff. That worked out really well. Last week our Erie County Association of School Boards legislative team did a legislative dessert form. Instead of doing the breakfast and dinners we've done in the past, we changed it around a little bit so that instead of us doing most of the speaking about our issues, we spent a little bit of time up front. Two others and I spoke about the issues, but in brief, and then spent more time getting to talk with our elected officials who were there. I think that worked out well. They seem to enjoy it more. I managed to get stuck with five different people who were not even all from our district, because we don't have that many reps from our district. It was just to start getting my points across and then get some follow-up from them. The middle school invited us over for their breakfast of champions breakfast where they were recognizing all the kids on the honor roll, and I thought that worked out really well. It was great. The cafeteria was full. It's awesome to see.

*A. Battaglia* - I attended the high school PTSA meeting for Scott. They had a lot to say in terms of things that are going on in the building. They're doing the restorative circles. They're being used in classrooms. They said it's going extremely well. Their chess team, all I wrote was doing amazing because I could not keep up with the litany of things that were going on with the chess team. They're doing really well. Girls varsity soccer won a sportsmanship award that I believe is section-wide. They announced the middle school and the high school musicals that are going to be this year. This year, the middle school is doing High School Musical Junior, and the high school is doing SpongeBob. News to me, and I don't know if anybody else at the table knows, but the junior prom is coming back. So, it will be separate from the senior prom. I did not know that was even a conversation that was being had, but they are very excited to have the junior prom back. I know my girls both mentioned junior prom many times when they were juniors. I'm happy to hear it's coming back. It's going to be great.

*D. Rabenold* - I attended the Heritage Heights PTA last week. They're struggling a little bit with membership. I did talk to them about what Glendale's doing, and I think I'm a little envious myself, but they talked about their turkey trot and the fact that they may have to do it indoors, and Mr. Perry, I thought he'd be here tonight, had some concerns about safety. I don't know if you've heard anything about that. Is there a safety issue with having it indoors instead of outdoors? Again, it looks like they have many events planned to raise funds, which is, I think, a good part of what PTAs do, and generally, they are excited about the building project. I didn't try to discourage any of that. I asked them to make sure they get out and vote. It's required and needed. We can talk about NYSSBA next time. Is this the paper (On Board) that we had a couple of our folks in there? Anyway, I'll just talk about one particular item. The speaker on the first day talked about dignity and I found that to be very interesting and timely in the world of craziness that we have and just the simple fact that if you just spend a little bit of time and try to understand the fellow that's speaking across from you, even if you don't agree with them, how much better off we would all be. I found that to be pretty special. At NYSSBA, I didn't get to walk back from the boat ride, by the way. I had to take a cab, which was an experience even getting one from down there, but I got back okay. Hope you guys walked okay. I just wasn't up to that. Thank you.

*D. Anthon* - After night one of the conference, Dirk called me and he was like, "Hey, the speaker that we had tonight was like so great. You know, we've had conversations about this before about that dignity aspect of things." We had a good debrief. I was kind of jealous because I can never go to these things. I attended the

**INFORMATIONAL ITEMS-continued...**

Glendale PTA meeting. I have no updates for that because Jamie did a slamming job talking. I wrote it all down just as fast as I could, and wow, you do a lot. Thank you for making magic happen for our kids. It's phenomenal what Glendale is able to do. Outside of that, just one personal note. I wanted to say thank you so much to Dr. Ginestre and Katie Barillari, Mrs. Dauria, and Miss Matisz at the middle school, for helping us out these last couple of weeks. My little boy has returned to the district, and he is at the middle school now. I'm going to cry if I talk about it anymore, but I'm just I'm so incredibly grateful for the network of support and the wonderful educators that we have here for our kids. It is priceless. Thank you so much.

*B. Laible* - I attended the PTSA meeting for the middle school on the first Monday of the month, and that was the presentation by the superintendent and Mr. Feldmann on the capital project. I thought they did a great job there and seemed to get some good questions and interest. Also they're working on fundraising, and they have a unique idea that was done by one of the parents there at another group which is a gift card raffle. This particular individual said they've raised quite a bit of money by doing this. Hopefully that'll be successful for them. The only other thing I wanted to mention is that Amy mentioned the chess club in the high school doing well. We do have at Willow Ridge a nationally ranked chess student. So, there may be some opportunity in high school, too. That's it for me.

*P. Bellanti* - I attended the Willow Ridge PTA meeting, where the majority of it was the Ginestre-Feldmann show for the capital project presentation. They have been doing fundraising. They did extremely well on their fun run. I know that Brian's wife was in charge of that. I think it was over \$20,000 that they raised on it. They're using it for the outdoor sports court. Phenomenal for them. On October 27<sup>th</sup>, I went to the first unified flag football game that was here. It was actually a multi-game. There was Orchard Park, Salamanca, and Hamburg here, and they rotated.. Each team played the other, so they played four mini games. It was really exciting to see play unified flag football. Kudos to Kelly Corcoran and Mr. Monaco from the middle school. They are the coaches for getting that started.
