Comprehensive School Safety Plan Purpose

Effective January 1, 2019, Assembly Bill 1747 (Rodriguez), School Safety Plans, became law. This bill requires that during the writing and development of the comprehensive school safety plan (CSSP), the school site council or safety committee consult with a fire department and other first responder entities in addition to currently required entities. It requires the CSSP and any updates made to the plan to be shared with the law enforcement agency, the fire department, and the other first responder entities.

The California Education Code (sections 32280-32288) outlines the requirements of all schools operating any kindergarten and any grades 1 to 12, inclusive, to write and develop a school safety plan relevant to the needs and resources of that particular school.

In 2004, the Legislature and Governor recast and renumbered the Comprehensive School Safety Plan provisions in SB 719 and AB 115. It is the intent of the Legislature in enacting the provisions to support California public schools as they develop their mandated comprehensive safety plans that are the result of a systematic planning process, that include strategies aimed at the prevention of, and education about, potential incidents involving crime and violence on school campuses.

The historical requirement of the Comprehensive School Safety Plan was presented in Senate Bill 187, which was approved by the Governor and chaptered in 1997. This legislation contained a sunset clause that stated that this legislation would remain in effect only until January 1, 2000. Senate Bill 334 was approved and chaptered in 1999 and perpetuated this legislation under the requirement of the initial legislation.

Comprehensive School Safety Plans are required under SB 719 & AB 115 and contains the following elements:

Assessment of school crime committed on school campuses and at school-related functions

- Child abuse reporting procedures
- Disaster procedures
- Suspension and expulsion policies
- Procedures to notify teachers of dangerous pupils
- Discrimination and harassment policies
- School wide dress code policies
- Procedures for safe ingress and egress
- Policies enacted to maintain a safe and orderly environment
- Rules and procedures on school discipline
- Hate crime reporting procedures

The Comprehensive School Safety Plan will be reviewed and updated by March 1st every year. In July of every year, the school will report on the status of its school safety plan including a description of its key elements in the annual school accountability report card.

A copy of the Comprehensive School Safety Plan is available for review online at www.mrpk.org or the school site's main office.

Safety Plan Vision

Components of the Comprehensive School Safety Plan (EC 32281)

Mountain Meadows 21st Century Learning Academy Safety Committee

Education Code Section 35294.2(e) requires that the Comprehensive School Safety Plan be reviewed and updated at least annually by the School Site Council or Safety Committee.

The School Site Council/Safety Committee may delegate the responsibility for developing a comprehensive safety plan to a school safety planning committee composed of the following members (Education Code 32281):

- The principal or designee.
- One teacher who is a representative of the recognized certificated employee organization.
- One parent/guardian whose child attends the school.
- One classified employee who is a representative of the recognized classified employee organization.
- Other members, if desired – Mental health professionals, school counselors, community intervention professionals, school resource officers, police officers on campus.
- Before adopting the comprehensive safety plan, the school site council or school safety planning committee shall hold a public meeting at the school in order to allow members of the public the opportunity to express an opinion about the plan.

(Education Code 32288)

Assessment of School Safety

The Mountain Meadows school community has the right to a safe and secure campus where all are free from physical and emotional harm. The school administration and staff members are committed to maximizing school safety along with the creation of a positive learning environment that teaches strategies for violence prevention, conflict resolution and restorative justice. To help support a safe and orderly campus, the school staff implements CHAMPS and positive behavior intervention supports, which include the norms of "Be Safe, Be Kind, Be Respectful." All students and staff follow these norms and staff members reinforce them daily in classrooms and on the yard/lunch areas. Students earn golden tickets when the norms are demonstrated, which then are entered in raffle drawings. School

Administration implements progressive support systems and disciplinary interventions along with restorative practices to support safe, responsible and respectful behavior.

Information regarding behavioral expectations and intervention supports is shared with all educational partners during parent meetings such as School Site Council, Principal Chats, school Newsletters and parent conferences.

The MUSD Risk Management Department conducts a safety inspection of each campus yearly. A report is submitted and necessary repairs and updates are made by either school or district personnel. The lead custodian conducts and documents monthly safety inspections. Safety issues are reported by staff and community members to the administration. Minor repairs are made onsite. Major repairs typically require work orders and specialized assistance. Structural recommendations, such as a newly proposed crosswalk, often start with input from multiple stakeholders, including staff members and Mountain Meadows families.

An inventory of emergency equipment is conducted annually and supplies are replaced as needed, including emergency buckets and emergency classroom backpacks. The Emergency Operations Plan (EOP) is updated and first aid supplies and search and rescue plans are in place. Staff is trained using the Emergency Operations Plan/School Safety Plan.

The principal leads monthly safety drills (lockdown, shelter-in-place, earthquake and fire) to help prepare staff and students for real life emergencies. The Moorpark Police Department is present when school sites conduct the annual school-wide evacuation drill. Mountain Meadows has a buzz-in security system through the office's front door. The school has a fence that runs around the entire perimeter of the school campus, which includes locking gates. School personnel supervise the campus at all times during the school day. Parents/Guardians are encouraged to "See something, say something" if they see or hear of anything on campus or near the campus that could be unsafe. All Campus Aides, site Administration, front office staff and some teachers carry a walkie-talkie to communicate immediately. The school has security cameras with 11 views recording 24/7. The principal and the office manager have access to a lockdown button if an immediate lockdown is necessary.

To ensure student safety during drop-off and dismissal times, campus supervisors and other staff are trained to assist students at the walking gates, in and out of vehicles and when utilizing the crosswalks. Adults who are not employees are not allowed on campus at any time unless they check in to the front office, sign in and obtain a visitor's badge. Volunteers are screened through the district before receiving approval to volunteer at the school site. Parents/guardians who pick up students early from school are required to show a picture ID when signing out their students. This information is communicated to parents/guardians at the beginning of each school year and is also found in the Parent Handbook. The Moorpark Police Department periodically observes traffic patterns during arrival and dismissal to help ensure that drivers are obeying traffic laws. Administration regularly communicate safety concerns and reminders on various communication platforms.

Site administration in collaboration with teachers and support staff collect and analyze data from office referrals, attendance rates, student suspensions, and Climate surveys to help inform the development of the Site Safety Plan and the school-wide safety systems and practices. The Safety Committee reviews and discusses emergency procedures monthly. Staff members also attend professional development events to help boost readiness and preparedness.

School Crime Status

The Comprehensive School Safety Plan includes, but is not limited to, the following:

- An assessment of the current status of school crime at the school and at school-related functions, which may be accomplished by reviewing the following types of information:
- Office Referrals
- Attendance Rates/School Attendance Review/Board Data
- Suspension/Expulsion Data
- California Healthy Kids Survey

- School Improvement Plan
- Local Law Enforcement Juvenile Crime Data
- Property Damage Data

Mountain Meadows does not experience high incidents of crime on campus or during school-related functions. There are no known safety hazards on campus at this time.

Safe School Assessment Resources

The following resources were analyzed to develop an understanding of current conditions of school safety and standard practices to develop a comprehensive plan of action and procedures to ensure students, staff, and guests are provided a safe and secure environment:

- Safe School Needs Assessment
- District input
- School Site Inspection
- SRO/Law Enforcement

Strategies and Programs to Provide and Maintain a High Level of Safety (EC 32281(a)1, items A-J)

The following strategies and programs are consistent with California educational code 32281 and reflect the school's commitment to safety within the following areas:

(A) Child Abuse Reporting Procedures (EC 35294.2 [a] [2]; PC 11166)

Moorpark Unified School District Board Policy 5141.4 As stated in the Board Policy, "District employees who are mandated reports, as defined by law and administrative regulation, are obligated to report all known or suspected incidents of child abuse and neglect." (Penal Codes 11164-11174.3 and Child Abuse & Neglect Reporting Act)

Mandated reporters include, but are not limited to, teachers; instructional aides; teacher's aides or assistants; classified employees; certificated pupil personnel employees; administrative officers or supervisors of child attendance; athletic coaches, administrators, and directors; administrators and employees of a licensed child day care facility; Head Start teachers; district police or security officers; licensed nurses or health care providers; and administrators, presenters, and counselors of a child abuse prevention program. (Penal Code 11165.7)

Reasonable suspicion means that it is objectively reasonable for a person to entertain a suspicion, based upon facts that could cause a reasonable person in a like position, drawing when appropriate on his/her training and experience, to suspect child abuse or neglect. However, reasonable suspicion does not require certainty that child abuse or neglect has occurred nor does it require a specific medical indication of child abuse or neglect. (Penal Code 11166)

Reportable Offenses

A mandated reporter shall make a report using the procedures provided below whenever, in his/her professional capacity or within the scope of his/her employment, he/she has knowledge of or observes a child whom the mandated reporter knows or reasonably suspects has been the victim of child abuse or neglect. (Penal Code 11166)

Any mandated reporter who has knowledge of or who reasonably suspects that a child is suffering severe emotional damage or is at substantial risk of suffering serious emotional damage based on evidence of severe anxiety, depression, withdrawal, or untoward aggressive behavior toward self or others, may make a report to the appropriate agency. (Penal Code 11166.05, 11167)

Any district employee who reasonably believes that he/she has observed the commission of a murder, rape, or lewd or lascivious act by use of force, violence, duress, menace, or fear of immediate and unlawful bodily injury against a victim who is a child under age 14 shall notify a peace officer. (Penal Code 152.3, 288)

Responsibility for Reporting

The reporting duties of mandated reporters are individual and cannot be delegated to another person. (Penal Code 11166)

When two or more mandated reporters jointly have knowledge of a known or suspected instance of child abuse or neglect, the report may be made by a member of the team selected by mutual agreement, and a single report may be made and signed by the selected member of the reporting team. Any member who has knowledge that the member designated to report has failed to do so shall thereafter make the report. (Penal Code 11166)

No supervisor or administrator shall impede or inhibit a mandated reporter from making a report. (Penal Code 11166)

Any person not identified as a mandated reporter who has knowledge of or observes a child whom he/she knows or reasonably suspects has been a victim of child abuse or neglect may report the known or suspected instance of child abuse or neglect to the appropriate agency. (Penal Code 11166)

Reporting Procedures

1. Initial Telephone Report

Immediately or as soon as practicable after knowing or observing suspected child abuse or neglect, a mandated reporter shall make an initial report by telephone to any police department (excluding a school district police/security department), sheriff's department, county probation department if designated by the county to receive such reports, or county welfare department. (Penal Code 11165.9, 11166)

Child Protective Services
805-654-3200

When the initial telephone report is made, the mandated reporter shall note the name of the official contacted, the date and time contacted, and any instructions or advice received.

2. Written Report

Within 36 hours of knowing or observing the information concerning the incident, the mandated reporter shall then prepare and either send, fax, or electronically submit to the appropriate agency a written follow-up report, which includes a completed Department of Justice form (SS 8572). (Penal Code 11166, 11168)

The Department of Justice form may be obtained from the district office or other appropriate agencies, such as the county probation or welfare department or the police or sheriff's department.

Reports of suspected child abuse or neglect shall include, if known: (Penal Code 11167).

- a. The name, business address, and telephone number of the person making the report and the capacity that makes the person a mandated reporter
- b. The child's name and address, present location, and, where applicable, school, grade, and class
- c. The names, addresses, and telephone numbers of the child's parents/guardians
- d. The name, address, telephone number, and other relevant personal information about the person who might have abused or neglected the child
- e. The information that gave rise to the reasonable suspicion of child abuse or neglect and the source(s) of that information

The mandated reporter shall make a report even if some of this information is not known or is uncertain to him/her. (Penal Code 11167).

The mandated reporter may give to an investigator from an agency investigating the case, including a licensing agency, any information relevant to an incident of child abuse or neglect or to a report made for serious emotional damage pursuant to Penal Code 11166.05. (Penal Code 11167)

3. Internal Reporting

The mandated reporter shall not be required to disclose his/her identity to his/her supervisor, the principal, or the Superintendent or designee. (Penal Code 11166).

However, employees reporting child abuse or neglect to an appropriate agency are encouraged, but not required, to notify the principal as soon as possible after the initial telephone report to the appropriate agency. When so notified, the principal shall inform the Superintendent or designee.

The principal so notified shall provide the mandated reporter with any assistance necessary to ensure that reporting procedures are carried out in accordance with law, Board policy, and administrative regulation. At the mandated reporter's request, the principal may assist in completing and filing the necessary forms.

Reporting the information to an employer, supervisor, principal, school counselor, co-worker, or other person shall not be a substitute for making a mandated report to the appropriate agency. (Penal Code 11166)

Training

Within the first six weeks of each school year, the Superintendent or designee shall provide training on mandated reporting requirements to district employees and persons working on their behalf who are mandated reporters. Any school personnel hired during the school year shall receive such training within the first six weeks of employment. (Education Code 44691; Penal Code 11165.7)

The Superintendent or designee shall use the online training module provided by the California Department of Social Services. (Education Code 44691)

The training shall include, but not necessarily be limited to, training in identification and reporting of child abuse and neglect. In addition, the training shall include information that failure to report an incident of known or reasonably suspected child abuse or neglect as required by law is a misdemeanor punishable by imprisonment and/or a fine as specified. (Education Code 44691; Penal Code 11165.7)

The Superintendent or designee shall obtain and retain proof of each mandated reporter's completion of the training. (Education Code 44691)

In addition, at least once every three years, school personnel may receive training in the prevention of child abuse, including sexual abuse, on school grounds, by school personnel, or in school-sponsored programs. (Education Code 44691)

Victim Interviews by Social Services

Whenever the Department of Social Services or another government agency is investigating suspected child abuse or neglect that occurred within the child's home or out-of-home care facility, the student may be interviewed by an agency representative during school hours, on school premises. The Superintendent or designee shall give the student the choice of being interviewed in private or in the presence of any adult school employee or volunteer aide selected by the student. (Penal Code 11174.3)

A staff member or volunteer aide selected by a child may decline to be present at the interview. If the selected person accepts, the principal or designee shall inform him/her of the following requirements: (Penal Code 11174.3)

1. The purpose of the selected person's presence at the interview is to lend support to the child and enable him/her to be as comfortable as possible.
2. The selected person shall not participate in the interview.
3. The selected person shall not discuss the facts or circumstances of the case with the child.
4. The selected person is subject to the confidentiality requirements of the Child Abuse and Neglect Reporting Act, a violation of which is punishable as specified in Penal Code 11167.5.

If a staff member agrees to be present, the interview shall be held at a time during school hours when it does not involve an expense to the school. (Penal Code 11174.3)

Release of Child to Peace Officer

When a child is released to a peace officer and taken into custody as a victim of suspected child abuse or neglect, the Superintendent or designee and/or principal shall not notify the parent/guardian, but rather shall provide the peace officer with the address and telephone number of the child's parent/guardian. (Education Code 48906)

Parent/Guardian Complaints

Upon request, the Superintendent or designee shall provide parents/guardians with procedures for reporting suspected child abuse occurring at a school site to appropriate agencies. For parents/guardians whose primary language is not English, such procedures shall be in their primary language and, when communicating orally regarding those procedures, an interpreter shall be provided.

To file a complaint against a district employee or other person suspected of child abuse or neglect at a school site, parents/guardians may file a report by telephone, in person, or in writing with any appropriate agency identified above under "Reporting Procedures." If a parent/guardian makes a complaint about an employee to any other employee, the employee receiving the information shall notify the parent/guardian of procedures for filing a complaint with the appropriate agency. The employee also is obligated pursuant to Penal Code 11166 to file a report himself/herself using the procedures described above for mandated reporters.

In addition, if the child is enrolled in special education, a separate complaint may be filed with the California Department of Education pursuant to 5 CCR 4650.

Notifications

The Superintendent or designee shall provide to all new employees who are mandated reporters a statement that informs them of their status as mandated reporters, their reporting obligations under Penal Code 11166, and their confidentiality rights under Penal Code 11167. The district also shall provide these new employees with a copy of Penal Code 11165.7, 11166, and 11167. (Penal Code 11165.7, 11166.5)

Before beginning employment, any person who will be a mandated reporter by virtue of his/her position shall sign a statement indicating that he/she has knowledge of the reporting obligations under Penal Code 11166 and will comply with those provisions. The signed statement shall be retained by the Superintendent or designee. (Penal Code 11166.5)

Employees who work with dependent adults shall be notified of legal responsibilities and reporting procedures pursuant to Welfare and Institutions Code 15630-15637.

The Superintendent or designee also shall notify all employees that:

1. A mandated reporter who reports a known or suspected instance of child abuse or neglect shall not be held civilly or criminally liable for making a report and this immunity shall apply even if the mandated reporter acquired the knowledge or reasonable suspicion of child abuse or neglect outside of his/her professional capacity or outside the scope of his/her employment. Any other person making a report shall not incur civil or criminal liability unless it can be proven that he/she knowingly made a false report or made a report with reckless disregard for the truth or falsity of the report. (Penal Code 11172)
2. If a mandated reporter fails to timely report an incident of known or reasonably suspected child abuse or neglect, he/she may be guilty of a crime punishable by a fine and/or imprisonment. (Penal Code 11166)
3. No employee shall be subject to any sanction by the district for making a report unless it can be shown that he/she knowingly made a false report or made a report with reckless disregard for the truth or falsity of the report. (Penal Code 11166)

(B) Disaster Procedures (EC 35295-35297; GC 8607 and 3100)

The Board of Education recognizes that all district staff and students must be prepared to respond quickly and responsibly to emergencies, disasters, and threats of disaster. The district shall take all reasonable steps to prevent and/or mitigate the impact of a disaster on the district students, staff and schools.

The Superintendent or designee shall develop and maintain a disaster preparedness plan which contains routine and emergency disaster procedures, including, but not limited to, earthquake emergency procedures, and adaptations for individuals with disabilities in accordance with the Americans with Disabilities Act. Such procedures shall be incorporated into the comprehensive school safety plan (Education Code 32282)

In developing the disaster preparedness plan, the Superintendent or designee shall involve district staff at all levels, including administrators, district police or security officers, facilities managers, transportation managers, food services personnel, school psychologists, counselors, school nurses, teachers, classified employees and public information officers. As appropriate, he/she shall also collaborate with law enforcement, fire safety officials, emergency medical services, health and mental health professionals, parents/guardians, and students.

The plan shall comply with state-approved Standardized Emergency Management System (SEMS) guidelines established for multiple-jurisdiction or multiple-agency operations and with the National Incident Management System.

The Superintendent or designee shall provide training to employees regarding their responsibilities, including periodic drills and exercises to test and refine staff's responsiveness in the event of an emergency.

The Board shall grant the use of school buildings, grounds, and equipment to public agencies, including the American Red Cross, for mass care and welfare shelters during disasters or other emergencies affecting the public health and welfare. The Board shall cooperate with such agencies in furnishing and maintaining whatever services the district may deem necessary to meet the community's needs. (Education Code 32282)

District Employees are considered disaster service workers and are subject to disaster service activities assigned to them. (Government Code 3100)

Disaster Plan (See Appendix C-F)

Adaptations for Students with Disabilities

Individualized Safety Plans – SB323 The CSSP has long required the preparation to assist students with disabilities in the event of a disaster or emergency on campus. SB323 expands this preparation to all students with disabilities on an individual basis. As the protocols for this section continue to evolve, one way to address students needs individually is to discuss any necessary adaptations to the Emergency Operation Plan at the time of the Individualized Educational Plan or 504 meeting. These discussions will not become part of the plan but gives parents, students, and school staff opportunity to discuss any changes necessary to provide safety to the student.

Mountain Meadows is dedicated to the safety of all students. School staff implement specific accommodations for our students with disabilities per individual education plans. Each student is supported and assisted during site safety drills for evacuation, earthquake, lockdown and fire. This support can include, but is not limited to: Assistive equipment for transporting students, noise cancelling headphones, extra emotional support, and regulation items/activities. In the event of a disaster/crisis on campus, our students with disabilities are thoroughly supported by trained staff.

Public Agency Use of School Buildings for Emergency Shelters

Moorpark Unified School District has an agreement with Ventura County Human Services Agency (VCHSA) for the use of their sites to be utilized as emergency shelters. VCHSA coordinates with public agencies including the American Red Cross to provide shelters in the event of an emergency.

(C) School Suspension, Expulsion and Mandatory Expulsion Guidelines

The Board of Education desires to provide district students access to educational opportunities in an orderly school environment that protects their safety and security, ensures their welfare and well-being, and promotes their learning and development. The Board shall develop rules and regulations setting the standards of behavior expected of district students and the disciplinary processes and procedures for addressing violations of those standards, including suspension and/or expulsion. (Pursuant to Education Code §48900 and Moorpark Unified School District Board Policy 5144.1)

Student Due Process

The Board shall provide for the fair and equitable treatment of students facing suspension and/or expulsion by affording them their due process rights under the law. The Superintendent or designee shall comply with procedures for notices, hearings, and appeals as specified in law and administrative regulation. (Education Code 48911, 48915, 48915.5, 48918)

Alternative to Suspensions/Options

To correct the behavior of any student who is subject to discipline, the Superintendent or designee shall, to the extent allowed by law, first use alternative disciplinary strategies specified in AR 5144 - Discipline. (Education Code 48900.5)

Alternatives to suspension or expulsion also shall be used with students who are truant, tardy, or otherwise absent from assigned school activities. Except for single acts of a grave nature or offenses for which suspension or expulsion is required by law, suspension or expulsion shall be used only when other means of correction have failed to bring about proper conduct or the student's presence causes a continuing danger to himself/herself or others.

Required Parental Attendance

The teacher of the class from which the student was suspended may require the parent/caregiver to attend a portion of a school day in the classroom in coordination with the principal and in accordance with all related policies/regulations for implementing this school suspension option.

Definitions

Suspension from school means removal of a student from ongoing instruction for adjustment purposes. Expulsion means removal of a student from the immediate supervision and control, or the general supervision, of school personnel. (Education Code 48925)

Parent Notification of Regulations

At the beginning of each school year, the principal of each school shall ensure that all students and parents/guardians are notified in writing of all school rules related to discipline, suspension and expulsion. (Education Code 35291, 48900.1, 48980)

(D) Procedures to Notify Teachers of Dangerous Pupils (EC 49079)

The district shall inform the principal/teachers annually of students who were engaged in, or reasonably suspected to have engaged in, for the previous three school years, any of the acts described in:

- (a) A school district shall inform the teacher of each pupil who has engaged in, or is reasonably suspected to have engaged in, any of the acts described in any of the subdivisions, except subdivision (h), of Section 48900 or in Section 48900.2, 48900.3, 48900.4, or 48900.7 or Section 48915 that the pupil engaged in, or is reasonably suspected to have engaged in, those acts.

- Education Code 48900.2 (sexual harassment)
- Education Code 48900.3 (hate violence)
- Education Code 48900.4 (harassment of school/district personnel or pupil; threats/intimidation)
- Education Code 48900.7 (terrorist threat)

- (c) An officer or employee of a school district who knowingly fails to provide information about a pupil who has engaged in, or who is reasonably suspected to have engaged in, the acts referred to in subdivision a is guilty of a misdemeanor, which is punishable by confinement in the county jail for a period not to exceed six months, or by a fine not to exceed one thousand dollars (\$1,000), or both.
- (d) For the 1994-95 school year, the information provided shall be from the previous two school years. For the 1996-97 school year and each school year thereafter, the information provided shall be from the previous three school years.
- (e) Any information received by a teacher pursuant to this section shall be received in confidence for the limited purpose for which it was provided and shall not be further disseminated by the teacher.

The Governing Board desires to provide a safe, orderly working environment for all employees. As part of the district's comprehensive school safety plan, the Superintendent or designee shall develop strategies for protecting employees from potentially dangerous persons and situations and for assisting them in the event of an emergency situation. (Pursuant to Education Code 49079)

(E) Sexual Harassment Policies (EC 212.6 [b])

The Board of Education desires to provide a safe school environment that allows all students equal access and opportunities in the district's academic, extracurricular, and other educational support programs, services, and activities. The Board prohibits, at any district school or school activity, unlawful discrimination, including discriminatory harassment, intimidation, and bullying, targeted at any student by anyone, based on the student's actual or perceived race, color, ancestry, nationality, national origin, immigration status, ethnic group identification, ethnicity, age, religion, marital status, pregnancy, parental status, physical or mental disability, sex, sexual orientation, gender, gender identity, gender expression, or genetic information, or association with a person or group with one or more of these actual or perceived characteristics.

This policy shall apply to all acts related to school activity or to school attendance occurring within a district school, and to acts which occur off campus or outside of school-related or school-sponsored activities but which may have an impact or create a hostile environment at school.

Unlawful discrimination, including discriminatory harassment, intimidation, or bullying, may result from physical, verbal, nonverbal, or written conduct based on any of the categories listed above. Unlawful discrimination also includes disparate treatment of students based on one of the categories above with respect to the provision of opportunities to participate in school programs or activities or the provision or receipt of educational benefits or services.

The Board also prohibits any form of retaliation against any individual who reports or participates in the reporting of unlawful discrimination, files or participates in the filing of a complaint, or investigates or participates in the investigation of a complaint or

report alleging unlawful discrimination. Retaliation complaints shall be investigated and resolved in the same manner as a discrimination complaint.

The Superintendent or designee shall facilitate students' access to the educational program by publicizing the district's nondiscrimination policy and related complaint procedures to students, parents/guardians, and employees. He/she shall provide training and information on the scope and use of the policy and complaint procedures and take other measures designed to increase the school community's understanding of the requirements of law related to discrimination. The Superintendent or designee shall regularly review the implementation of the district's nondiscrimination policies and practices and, as necessary, shall take action to remove any identified barrier to student access to or participation in the district's educational program. He/she shall report his/her findings and recommendations to the Board after each review.

Regardless of whether a complainant complies with the writing, timeline, and/or other formal filing requirements, all complaints alleging unlawful discrimination, including discriminatory harassment, intimidation, or bullying, shall be investigated and prompt action taken to stop the discrimination, prevent recurrence, and address any continuing effect on students.

Students who engage in unlawful discrimination, including discriminatory harassment, intimidation, retaliation, or bullying, in violation of law, Board policy, or administrative regulation shall be subject to appropriate consequence or discipline, which may include suspension or expulsion when the behavior is severe or pervasive as defined in Education Code 48900.4. Such a proposed dress code shall be presented to the Board, which shall approve the plan upon determining that it is necessary to protect the health and safety of the school environment. The dress code policy may be included in the school's comprehensive safety plan. (Education Code 35183)

Uniforms

The Board may approve a school-initiated dress code requiring students at the school to wear a school uniform whenever the Board determines that such a dress code will promote student achievement, a positive school climate, and/or student safety.

The Superintendent or designee shall establish procedures whereby parents/guardians may choose to have their children exempted from the school uniform policy. Students shall not be penalized academically, otherwise discriminated against, or denied attendance to school if their parents/guardians so decide. (Education Code 35183)

Instructional Continuity Plan

Purpose

Per California Education Code 46393, there is an increased need for local educational agencies to provide instructional continuity for students when conditions make in-person instruction infeasible for all or some students, and that maintaining access to instruction during a natural disaster or emergency is crucial in mitigating the negative impacts of lost learning time and supporting student mental health. This plan addresses the requirements as outlined in California Education Code 46393.

Moorpark Unified School District's (MUSD's) first priority will always be to serve students through in-person instruction as quickly as possible following a natural disaster or other emergency event. Independent study is offered to any student impacted by any of the conditions listed in Educational Code Section 46392 within 10 instructional days of the first day of a school closure or material decrease in attendance. Students who are individuals with exceptional needs shall receive the services identified in their Individualized Education Programs pursuant to paragraph (9) of subdivision (a) of Section 56345 and may participate in an independent study program.

Continuity of Instruction

Based on the specifics of the natural disaster or other emergency, students may be provided hard copies of instructional materials, synchronous or asynchronous online instructional activities or other communications technology.

Supports for Students with Unique Needs

As described above, students with Individualized Educational Programs (IEPs) shall receive the specific services as outlined in the Emergency Conditions Provisions section of their Individualized Education Programs (IEPs).

This may include:

- Interaction, instruction, and check-ins between teachers and students through the use of computer or communications technology
- Video or audio instruction in which the primary mode of communication between the pupil and certificated employee is online interaction, instructional television, video, telecourses, or other instruction that relies on computer or communications technology
- The use of print materials incorporating assignments that are the subject of written or oral feedback

Students with IEPs may participate in an independent study program if their IEP states independent study is their recommended and agreed to program.

Student Participation and Progress

MUSD will adhere to all applicable independent study education code and MUSD Board policies and administrative regulations BP 6158 and AR 6158.

Access to Instructional Materials Including Devices and Connectivity

Students will be provided instructional materials as outlined in their independent study plan and/or Individualized Education Plan. Should students require technology devices as part of their instructional program during school closures, MUSD will provide them.

Trauma-Informed Drills

Assembly Bill 1858

When developing drills for staff and student for active assailant our LEA will ensure that the drills are trauma informed, age and developmentally appropriate, including no use of explosions, shooting of blanks or real weapons. Parents will be made aware of any drill upcoming, and will make staff and students aware at the beginning and the end of each drill.

Emergency Response Equipment

Assembly Bill 2887

Our district has incorporated both AEDs and trauma kits into the emergency response equipment available at school sites and has built a team of responders for each school site. AEDs and trauma kits can be found in the nurses office of each school site. Additional AEDs and Trauma kits can also be located

Safety Plan Review, Evaluation and Amendment Procedures

A Safety Committee is created every school year. The purpose of the committee is to review the Safety Plan on a continual basis and make any necessary changes and adjustments in order to ensure the safety of students, families and staff members. The committee meets regularly to review and make any necessary recommendations and changes. All changes are brought to the attention of the staff and stakeholders at meetings. The plan is reviewed in December, approved by SSC in January, and updated by February of each year.

Incident Command Team Responsibilities

Standardized Emergency Response Management System Overview

The California Standardized Emergency Management System (SEMS) is designed to centralize and coordinate emergency response through the use of standardized terminology and processes. This greatly facilitates the flow of information and resources among the agencies participating in response to an emergency. SEMS consists of five functions:

Management

During an emergency, the Incident Commander directs response actions from a designated Command Post. To effectively do this, the Incident Commander must constantly assess the situation, and develop and implement appropriate strategies. The Incident Commander must be familiar with the available resources, accurately document all response actions, and effectively communicate response strategies to others participating in the response. This function is typically filled by the school principal. The principal is assisted in carrying out this function by a Public Information & Liaison Officer and Safety Officer.

Planning & Intelligence

Planning and Intelligence involves the use of various methods to efficiently gather information, weigh and document the information for significance, and actively assess the status of the emergency. This understanding and knowledge about the situation at hand is vital to the effective management of a response. These activities are performed by a single person who reports directly to the Incident Commander.

Operations

All response actions are implemented under by Operations. This includes staff performing first aid, crisis intervention, search and rescue, site security, damage assessment, evacuations, and the release of students.

Logistics

Logistics supports the response by coordinating personnel; assembling and deploying volunteers; providing supplies, equipment, and services; and facilitating communications among emergency responders.

Finance & Administration

Finance & Administration involves the purchasing of all necessary materials, tracking financial records, timekeeping for emergency responders, and recovering school records following an emergency. These activities are performed by a single person who reports directly to the Incident Commander.

Emergency Response Guidelines

Step One: Identify the Type of Emergency

Step Two: Identify the Level of Emergency

Step Three: Determine the Immediate Response Action

Step Four: Communicate the Appropriate Response Action

Types of Emergencies & Specific Procedures

Aircraft Crash

1. Aircraft can enter campus near airports/roadways or in-flight paths.
2. **Warning:**
 - a. The engine of an aircraft may sputter or explode prior to the aircraft falling.
 - b. The aircraft may give no warning before falling.
 - c. Sound or screeching breaks or collision
3. **Action:**
 - a. If an aircraft lands on a portion of the school, the following steps will be implemented:
 - i. Staff will evacuate students from buildings as per fire drill to safe area.
 - ii. All students and staff will be kept at a safe distance, up-wind, allowing for possible explosion.(Note: In case of a jet aircraft, minimum safe distance is 400 yards.)
 - iii. School office will immediately notify:
 1. Fire Department 911
 2. Law Enforcement Agency 911
 3. District Office
 - b. If an aircraft falls near the school, the following will be accomplished:
 - i. All students and staff will be kept at a safe distance, up-wind, allowing for possible explosion. (Note: In case of jet aircraft, minimum safe distance is 400 yards.)
 - ii. School office will immediately notify:
 1. Fire Department 911
 2. Law Enforcement Agency 911
 3. District Office

Animal Disturbance

1. Verify attendance and prepare a list of missing students:
2. Communicate list of missing students
3. If there is a rabid or uncontrollable animal on or near campus, this should be implemented if it threatens the safety of the students and staff
4. **Warning:** Announcement “Return to classrooms” and “Shelter in place”

5. **Action:** Shelter in Place

- a. Isolate the students from the animal. Close doors and lock tables as a means to isolate the animal.
- b. If the animal is outside, keep students inside and institute a shelter in place.
- c. If the animal is inside a building, initiate an evacuation of just that room to a protected area away from the animal.
- d. Verify attendance and prepare a list of missing students.
- e. Communicate list of missing students.
- f. Contact Ventura County Animal Control assistance in removing the animal.
- g. If the animal injures anyone, seek medical assistance.
- h. Notify parent/guardian and recommended health advisor.

Armed Assault on Campus

1. Close and lock classroom doors, close and lock windows and close window treatments, if available
 - a. Once the Lockdown has started, teachers should not, under any circumstance open their doors until the end of the lockdown,
 - b. Opening a door, even to let in a student, could give an active shooter access into the room
2. Physical Education students should be taken to the nearest room, and held there until the end of the lockdown.
3. Teaching activities are to be stopped
4. Silence all mobile telephones, keep the classroom computer turned on
5. Continue to check e-mail for updates
6. Keep students quiet and away from doors and windows. Maintain a calm environment. Take roll and prepare a list of missing students
7. Call or e-mail attendance information to the office, after the threat is contained
8. If there are no problems, place a green sheet of paper on the front window of the classroom
9. If there are problems, place a red sheet of paper on the window
 - a. If there is no sheet of paper in the window, the police will consider the room in trouble
10. Principal or designee will announce over the intercom when the lockdown is ended.

Biological or Chemical Release

1. This is an incident involving the discharge of a biological substance in a solid, liquid or gaseous state. A biological agent can be introduced through:

- a. Postal mail, via a contaminated letter or package
- b. A building's ventilation system
- c. A small explosive device to help it become airborne
- d. A contaminated item such as a backpack, book bag, or other parcel left attended
- e. Food supply
- f. Aerosol release (for example, with a crop duster or spray equipment)

Defense against biological release (e.g. anthrax, smallpox, plague, ricin etc.) is difficult because it usually appears after some time has lapsed. Indicators that may suggest the release of a biological or chemical substance include multiple victims suffering from: watery eyes, choking or breathing difficulty, twitching or the loss of coordination. Another indicator is the presence of distressed animals or dead birds. Determine which scenario applies and implement the appropriate response procedures.

2. **Warning:** Announcement to "Shelter in place"

3. **Action:** Shelter in Place, followed by additional actions, student release as necessary:

- a. Move students away from immediate vicinity of danger.
- b. Segregate individuals who have been topically contaminated by a liquid from unaffected individuals. Send affected individuals to a designated area medical attention.
- c. Verify attendance and prepare a list of missing students.
- d. Communicate list of missing students.
- e. Shut off HVAC units.
- f. Move to central location where windows and doors can be sealed with duct tape.
- g. Call 911. Provide location and nature of the emergency and school actions taken.
- h. Turn on a battery-powered commercial radio and listen for instructions.
- i. Complete the Biological and Chemical Release Response Checklist.
- j. Remain inside the building until the Department of Health or Fire Department determines it is safe to leave.
- k. **THOSE WHO HAVE DIRECT CONTACT WITH BIOLOGICAL AGENT:**
 - i. Wash affected areas with soap and water.
 - ii. Immediately remove and contain contaminated clothing.
 - iii. Do not use bleach on potentially exposed skin.
 - iv. Remain in safe, but separate area, isolated from those who are unaffected, until emergency response personnel arrive.
