Executive Director Report-Deputy Superintendent Marsh reported that the ESC COG has added over 100 substitutes for this time of the year. New employment is still running above the separations which is a little surprising at this time in the year. The ESCCO is beginning the teacher apprenticeship program and would like to keep that going. It is an on the job paid position. Typically, it is your IS's and long-term sub or on occasion a high school who wants to go through the program. The Teacher Apprentice needs to complete so many hours to get on the job and the pay scale increases throughout the program. The ESCCO is working to obtain grants to offset some of the other costs of the program. ~~We have more details to work through for the program and we believe it is a great program to grow your own teachers.~~ Deputy Superintendent Marsh also talked about the principal apprenticeship program possibly being included in the biennial budget.

Treasurer Report-ESC COG Director of Finance briefly discussed the ESC COG current financial position and reported that payrolls are now over 6 million each pay. Mr. Stewart asked about the SERS surcharge and if that will be billed back to the districts.
