In the event of any litigation arising from or related to any agreement to provide services whether verbal or written, the prevailing party shall be entitled to recover from the non-prevailing party all reasonable costs incurred, including staff time, court costs, attorney's fees and all other related expenses in such litigation. Additionally, in the event of a non-adjudicative settlement of litigation between the parties or a resolution of dispute by arbitration, that same process shall determine the prevailing party.

Hold Specimens

All "hold" specimens are charged at the applicable test rate whether tested or not.

Specimen Sampling and Disposal

Twining samples materials used in construction in accordance with standard practices, methods, codes, and relevant project requirements. Representativeness of sampling and accuracy of testing are subject to the same probabilistic and precision limitations as governing standards, codes and project technical provisions.

Should samples be provided by others Twining cannot warrant or guarantee that material is representative of material that is or will be used in actual construction of the project.

Specimens will be discarded after testing unless Twining has been notified prior to testing that the customer wishes to retrieve the specimens or storage arrangements are made. Costs for storage will be by quotation.

Oversize Specimens

An extra charge will be made when test specimens require more than one person to handle because of size or weight.

Elevated Work Platforms

In the event an elevated work platform is required to safely complete our work, the client must provide safe access for Twining personnel for all required inspection, testing, sampling, etc. including a trained and certified operator or qualified inspector as applicable. Twining will not be responsible for signing waivers associated with providing such access. Should Twining be required to supply an elevated work platform, we will contract with a qualified vendor and the markups shown above will apply.

OSD BOARD AGENDA ITEM

Name of Contributor: Dr. Anabolena DeGenna **Date of Meeting:** December 17, 2025

Agenda Section: Section C: Special Education Agreement

Approval of Amendment #1 to Agreement #25-68, STAR of CA, ERA Ed (DeGenna/Jefferson)

At the June 11, 2025 Board Meeting, the Board of Trustees approved Agreement #25-68 with Star of CA to provide classroom support as a consultant and to offer 1:1 behavioral therapy services for identified Special Education students during the 2025–2026 school year, in an amount not to exceed $3,000,000.00.

Approval of Amendment #1 to Agreement #25-68 is now requested to include additional scope of services and a new rate sheet with Star of CA, DBA Era Ed, for the provision of wraparound services to identified Special Education students in the Oxnard School District. No additional funds are being requested. The approved contract amount will remain $3,000,000.00 for the 2025–2026 school year.

FISCAL IMPACT:
None

RECOMMENDATION:
It is the recommendation of the Director, Special Education, and the Superintendent, that the Board of Trustees approve Amendment #1 to Agreement #25-68 with STAR of CA/ ERA Ed.

ADDITIONAL MATERIALS:

Tax Identification or Social Security Number	License Number (if applicable)

A. District desires to engage Provider services as more particularly described on "Statement of Work" which is attached hereto and incorporated herein by this reference ("Services").

B. Provider has the necessary qualifications by reason of training, experience, preparation and organization, and is agreeable to performing and providing such Services, upon and subject to the terms and conditions as set forth below in this Agreement.

NOW THEREFORE, for valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto hereby agree as follows:

1. **CONDITIONS.** Provider will have no obligation to provide services until District returns a signed copy of this Agreement.

2. **NATURE OF RELATIONSHIP.** The parties agree the relationship created by this Agreement is that of independent contractor. In performing all of the Services, Provider shall be, and at all times is, acting and performing as an independent contractor with District, and not as a partner, coventurer, agent, or employee of District, and nothing contained herein shall be construed to be inconsistent with this relationship or status. Provider is not granted any right or authority to assume or to create any obligation or responsibility, express or implied, on behalf of or in the name of District or to bind the District in any manner. Except for any materials, procedures, or subject matter agreed upon between Provider and District, Provider shall have complete control over the manner and method of performing the Services.

Provider understands and agrees to independent contractor status. Provider understands and agrees that the filing and acceptance of this Agreement creates a rebuttable presumption and that the Provider, officers, agents, employees, or subcontractors of Provider are not entitled to coverage under the California Workers' Compensation Insurance laws, Unemployment Insurance, Health Insurance, Pension Plans, or any other benefits normally offered or conveyed to District employees. Provider will be responsible for payment of all Provider employee wages, payroll taxes, employee benefits, and any amounts due for federal and state income taxes and Social Security taxes. These taxes will not be withheld from payments under this agreement.

3. **NON-EXCLUSIVITY.**

   a. During the term of this agreement Provider may, independent of Provider's relationship with the District, without breaching this Agreement or any duty owed to the District, act in any capacity, and may render services for any other entity.

   b. During the term of this Agreement the District may, independent of its relationship with the Provider, without breaching this Agreement or any duty owed to the Provider contract with other individuals and entities to render the same or similar services to the District.

4. **SERVICES**. Provider shall provide District with the services, which are described on the "Statement of Work" (the "Work" or "Service") attached hereto and incorporated herein by this reference. The Statement of Work shall contain a timetable for completion of the Work or if the Work is an ongoing service, the Statement of Work shall set forth the mutually agreed schedule for providing such services. Provider shall use its best efforts to complete all phases of the Work according to such timetable. In the event that there is any delay in completion of the Work arising as a result of a problem within the control of District, Provider and District shall cooperate with each other to work around such delay. However, District shall not be responsible for any additional cost or expense to Provider as a result of such delay unless specifically agreed to in writing by the District. In addition to the specifications and/or requirements contained in the Statement of Work and any warranty given by Provider hereunder, the Statement of Work may set forth those performance criteria agreed between District and Provider whereby the District can evaluate whether Provider has satisfactorily completed the Work ("Performance Criteria").

   Provider, at Provider's sole cost and expense, shall furnish all tools, equipment, apparatus, facilities, transportation, labor, and material necessary to meet its obligations under this Agreement. No substitutions of materials or service from those specified in this section shall be made without the prior written consent of the District.

5. **TIME OF PERFORMANCE.** The term of this Agreement shall commence on July 1, 2025, and terminate on June 30, 2026. All work and services contracted for under the terms of this Agreement shall be undertaken and completed in such sequence as to assure their full completion in accordance with the terms and conditions set forth in this Agreement.

   [**Note:** California *Education Code* section 17596 limits continuing contracts; contracts for work or services, or for apparatus or equipment, not to exceed five years; for materials or supplies, not to exceed three years.]

6. **PAYMENT AND EXPENSES.** All payments due to Provider are set forth in the "Schedule of Fees" attached hereto and incorporated herein by this reference.

   Provider shall send District periodic statements indicating Provider's fees and costs incurred and their basis and any current balance owed. If no Provider's fees or costs are incurred for a particular time period,

or if they are minimal, the statement may be held by the Provider and combined with that for the following time period unless a statement is requested by the District.

All payments due Provider are set forth in "Schedule of Fees" and shall be paid by the District within 30 days of receipt of a proper, undisputed invoice from Provider, which invoice shall set forth in reasonable detail the services performed. The District reserves the right, in its sole and absolute discretion, to reject any invoice that is not submitted in compliance with the District's standards and procedures. In the event that any portion of an invoice submitted by a Provider to the District is disputed, the District shall only be required to pay the undisputed portion of such invoice at that time, and the parties shall meet to try to resolve any disputed portion of any invoice.

The rates set forth in "Schedule of Fees" are not set by law, but are negotiable between Provider and District.

7. **ASSIGNMENT AND SUBCONTRACTORS**. Provider shall not assign, sublet, or transfer this Agreement or any rights under or interest in this Agreement without the prior written consent of the District, which may be withheld by the District in its sole and absolute discretion for any reason. Nothing contained herein shall prevent Provider from employing independent associates, subcontractors, and sub-consultants as Provider may deem appropriate to assist in the performance of services herein, subject to the prior written approval of the District. Any attempted assignment, sublease, or transfer in violation of this Agreement shall be null and void, and of no force and affect. Any attempted assignment, sublet, or transfer in violation of this Agreement shall be grounds for the District, in its sole discretion, to terminate the Agreement

8. **TERMINATION OR AMENDMENT**. This Agreement may be terminated or amended in writing at any time by mutual written consent of all of the parties to this Agreement, and may be terminated by either party for any reason by giving the other party 60 days advance written notice. In the event of cancellation prior to completion of the specified services, all finished or unfinished projects, documents, data, studies, and reports prepared by the Provider under this agreement shall, at the option of the District, become District property. The Provider shall be entitled to receive just and equitable compensation for any satisfactory work completed on such items prior to termination of the Agreement.

   The parties to this Agreement shall be excused from performance thereunder during the time and to the extent they are prevented from obtaining, delivering, or performing due to act(s) of God. Satisfactory evidence thereof to the other party is required, provided that it is satisfactorily established that the non-performance is not due to the fault or neglect of the party not performing.

9. **NOTICE**. Any notices required or permitted to be given under this Agreement shall be deemed fulfilled by written notice, demand or request personally served on (with proof of service endorsed thereon, or mailed to, or hereinafter provided) the party entitled thereto or on its successors and assigns, and may be given by:

   a. Personal delivery;

   b. Overnight commercial courier;

   c. Certified or registered prepaid U.S. mail, return receipt requested; or

   d. Electronic mail or electronic facsimile transmission; provided that if given electronically, an additional copy shall also be delivered by a, b, or c, above.

If mailed, such notice, demand, or request shall be mailed certified or registered mail, return receipt requested, and deposited in the United States mail addressed to such party at its address set forth below or to such address as either party hereto shall direct by like written notice and shall be deemed to have been made on the third (3rd) day following posting; or if sent by a nationally recognized overnight express carrier, prepaid, such notice shall be deemed to have been made on the next business day following deposit with such carrier. For the purposes herein, notices shall be sent to the District and the Provider as follows:

Oxnard School District	Star of CA, ERA Ed.
District	Provider
Attn: Danielle Jefferson	Attn: Crystal Svoboda
1051 S. A St.	4880 Market St.
Street	Street
Oxnard, CA 93030	Ventura, CA 93003
City, State, Zip Code	City, State, Zip Code

10. **WARRANTY**. Provider hereby warrants to District that the Work shall be performed in a professional and workmanlike manner consistent with the highest industry standards. For a period of one (1) year following completion of the Work, Provider shall correct or make arrangements to correct any breach of the warranty for the Work within ten (10) business days of notice from District of same.

11. **ADDITIONAL WORK**. If changes in the work seem merited by the Provider or the District, and informal consultations with the other party indicate that a change is warranted, it shall be processed by the District in the following manner:

    a. A letter outlining the changes shall be forwarded to the District by the Provider with a statement of estimated changes in fee and/or time schedule.

    b. A written amendment to this Agreement shall be prepared by the District and executed by all of the parties before any performance of such services or the District shall not be required to pay for the increased cost incurred for the changes in the scope of work.

    Any such amendment to the Agreement shall not render ineffective or invalidate unaffected portions of this Agreement.

12. **COMPLIANCE WITH LAWS**. Provider hereby agrees that Provider, officers, agents, employees, and subcontractors of Provider shall obey all local, state, and federal laws and regulations in the performance of this Agreement, including, but not limited to minimum wages laws and/or prohibitions against discrimination. Without limiting the generality of the foregoing, Provider shall complete the conflict of interest certification on **Exhibit C**.

    Provider, officers, agents, employees and/or subcontractors of Provider shall secure and maintain in force for the full term of this Agreement, at Provider's sole cost and expense, such licenses and permits as are required by law, in connection with the furnishing of all the Services, materials, or supplies necessary for completion of the Services described.

13. **NON-DISCRIMINATION AND EQUAL EMPLOYMENT OPPORTUNITY**
Provider represents and agrees that it does not and shall not discriminate against any employee or applicant for employment, company, individual or group of individuals, because of ancestry, age, color, disability (physical and mental, including HIV and AIDS), genetic information, gender identity, gender expression, marital status, medical condition, military or veteran status, national origin, race, religion, sex/gender, and sexual orientation.

14. **INDEMNIFICATION**. To the fullest extent permitted by law, Provider agrees to defend, indemnify, and hold harmless District, its governing board, officers, agents, employees, successors, assigns, independent contractors and/or volunteers from and against any and all claims, demands, monetary or other losses, loss of use, damages and expenses,, including but not limited to, legal fees and costs, or other obligations or claims arising out of any liability or damage to person or property resulting from bodily injury, illness, communicable disease, virus, pandemic, or any other loss, sustained or claimed to have been sustained arising out of activities of the Provider or those of any of its officers, agents, employees, participants, vendors, customers or subcontractors of Provider, whether such act or omission is authorized by this Agreement or not. Provider also agrees to pay for any and all damage to the real and personal property of the District, or loss or theft of such property, or damage to the Property done or caused by such persons. District assumes no responsibility whatsoever for any property placed on District premises by Provider, Provider's agents, employees, participants, vendors, customers or subcontractors. Provider further hereby waives any and all rights of subrogation that it may have against the District. The provisions of this Indemnification do not apply to any damage or losses caused solely by the negligence of the District or any of its governing board, officers, agents, employees and/or volunteers.

15. **INSURANCE**. Provider, at its own cost and expense, shall procure and maintain during the term of this Agreement, policies of insurance for the following types of coverage:

a. Commercial General Liability Insurance. Provider shall procure and maintain, during the term of this Agreement, the following General Liability Insurance coverage:

	Each Occurrence	Aggregate
Individual, Sole Proprietorship, Partnership, Corporation, or Other	$ 1,000,000.00	$ 2,000,000.00

Commercial General Liability insurance shall include products/completed operations, property damage, and personal and advertising injury coverage.

Any and all subcontractors hired by Provider in connection with the Services described in this Agreement shall maintain such insurance unless the Provider's insurance covers the subcontractor and its employees.

b. Automobile Liability. Provider shall procure and maintain, during the full term of this Agreement, Automobile Liability Insurance, including non-owned and hired automobiles, as applicable with the following coverage limits:

Personal vehicles: $ 500,000.00 combined single limit or

$100,000.00 per person / $300,000.00 per accident

c. Workers' Compensation Insurance. Provider shall procure and maintain, during the term of this Agreement, Workers' Compensation Insurance, as required by California law, on all of its employees engaged in work related to the performance of this Agreement. Provider shall procure and maintain Employers' Liability insurance coverage of $1,000,000.

In the case of any such work which is subcontracted, Provider shall require all subcontractors to provide Workers' Compensation Insurance and Employers' Liability insurance for all of the subcontractor's employees to be engaged in such work unless such employees are covered by the protection afforded by the Provider's Workers' Compensation Insurance.

Absent proof of Workers' Compensation Insurance, Provider will submit a statement requesting a waiver from this requirement and indicating the reason Workers' Compensation Insurance is not required.

e. Other Coverage as Dictated by the District. Provider shall procure and maintain, during the term of this Agreement, the following other Insurance coverage:

	Each Occurrence	Aggregate
☑ Abuse and Molestation	$ 2,000,000.00	$4,000,000.00
☐ Pollution Liability	$ 1,000,000.00	$ 2,000,000.00
☐ Cyber Liability	$ 5,000,000.00	
☐ Other: _____	$ _____	$ _____

f. If the Provider or Provider's subcontractor(s) maintains broader coverage and/or higher limits than the minimums shown above, the District requires and shall be entitled to the broader coverage and/or higher limits maintained by the Provider. Any available insurance proceeds in excess of the specified minimum limits of insurance and coverage shall be available to the District.

g. Provider's and any and all subcontractors' insurance is primary and will not seek contribution from any other insurance available to the district.

h. Certificates of Insurance. Provider and any and all subcontractors working for Provider shall provide certificates of insurance to the District as evidence of the insurance coverage required herein, not less than Fifteen (15) days prior to commencing work for the District, and at any other time upon the request of the District. Certificates of insurance will be deemed invalid if proper endorsements are not attached. Certificates of such insurance shall be filed with the District on or before commencement of the services under this Agreement.

i. Endorsements. Provider's and any and all Provider subcontractor's Commercial General Liability insurance; Commercial Automobile Insurance; Liability Excess, Umbrella and/or Reinsurance; and Abuse and Molestation coverage shall name the District, its governing board, officers, agents, employees, and/or volunteers as additional insureds. All endorsements specifying additional insureds for any of the Insurance Policies shall be as indicated below or an equivalent endorsement reasonably acceptable to the District.

   1) General Liability

      ☐ Facilities Rental or Lease: CG 20 11 10 01;

      ■ Most Other services: CG 20 26 10 01.

   2) Primary, Non-Contributory

      ■ CG 20 01 01 13

   3) Waiver of Subrogation

      ■ CG 24 04 05 09

   4) Commercial Automobile Liability

      ■ CA 20 48 10 13

j. Provider's and any and all Provider subcontractor's Commercial General Liability insurance shall provide a list of endorsements and exclusions.

k. Deductibles. Any deductible(s) or self-insured retention(s) applicable to the insurance and/or coverage required by the foregoing provisions of this agreement must be declared to and approved by the District. Provider shall be responsible to pay that deductible or self-insured retention and the District shall not be responsible to pay these costs. In the event that Provider's deductibles or self-insured retentions collectively total more than $50,000.00, District reserves the right to request proof of Provider's financial solvency in relation to remittance thereof or require Provider to post a bond guaranteeing payment of the deductible, or both.

l. Acceptability of Insurers. Insurance is to be placed with insurers with a current A.M. Best's rating of no less than A: VII, unless otherwise acceptable to the District.

m. Insurance written on a "claims made" basis is to be renewed by the Provider and all Provider subcontractors for a period of five (5) years following termination of this Agreement. Such insurance

must have the same coverage and limits as the policy that was in effect during the term of this agreement, and will cover the provider for all claims made.

n. Failure to Procure Insurance. Failure on the part of Provider, or any of its subcontractors, to procure or maintain required insurance shall constitute a material breach of contract under which the District may immediately terminate this Agreement.

16. **SAFETY AND SECURITY**. Provider shall be responsible for ascertaining from the District all of the rules and regulations pertaining to safety, security, and driving on school grounds, particularly when children are present.

Without limiting the generality of the foregoing, Provider shall comply with any applicable fingerprinting/ criminal background investigation and tuberculosis clearance requirements of the California Education Code and shall provide the certifications on **Exhibit C** prior to performance of any Services.

a. On Site Services; Student Data Access. If services require Provider to access any District facility, transport or interact in any manner (including through an app or other electronic means) with District students, or access student data, Provider and any and all subcontractors are required to comply with Education Code section 45125.1, Fingerprint certification requirements. Provider must provide proof that fingerprint certification requirements have been fulfilled prior to commencing any services for the District under this Agreement.

Provider shall certify in writing to the school district that neither the Provider nor any of its employees, agents, representatives or subcontractors who are required to submit or have their fingerprints submitted to the Department of Justice and who may interact with any District student outside the direct supervision and control of a District employee or that student's parent or legal guardian have been convicted of a felony.

b. Other Services. If Provider will not provide any services on site or have access to any student data or interact with any District student in connection with the Services, then, Provider and its subcontractors are not required to comply with Education Code section 45125.1 background check requirements. However, Provider must still complete **Exhibit C** to specify that these requirements are not applicable.

c. Tuberculosis Risk Assessment requirements (Education Code section 49406). Providers who may have more than limited contact with District students (including any Providers who provide in person tutoring or who provide any transportation services to students) are required to cause to be on file with the District a certificate from an examining physician showing that Provider, employees and/or sub providers of Provider have been examined and found free from active tuberculosis.

17. **GOVERNING LAW AND VENUES**. Provider hereby acknowledges and agrees that District is a public entity, which is subject to certain requirements and limitations. This Agreement and the obligations of District hereunder are subject to all applicable federal, state and local laws, rules, and regulations, as currently written or as they may be amended from time to time.

This Agreement shall be interpreted in accordance with the laws of the State of California. If any action is brought to interpret or enforce any term of this Agreement, the action shall be brought in state or federal court situated in the County of Ventura, State of California. Provider hereby waives and expressly agrees not to assert, in any way, any claim or allegation that it is not personally subject to the jurisdiction of the courts named above. Provider further agree to waive any claim or allegation that the suit, action, or proceeding is either brought in an inconvenient forum or that the related venue is improper."

18. **DISPUTE RESOLUTION.**

a. The parties agree that, in the event of any dispute under the agreement in which the amount sought is $5,000.00 or less, any litigation to resolve the dispute shall be brought in the Ventura County Small Claims Court.

b. If the amount in dispute exceeds $5,000.00, the parties agree that they will first submit the matter to a mutually agreed upon mediator. Notwithstanding section 19, Attorneys Fees, the cost of the mediator shall be borne equally by the parties.

c. If the mediator is unable to resolve the dispute, then the parties shall submit the matter to binding arbitration in Ventura County or other mutually agreed location pursuant to the rules of the American Arbitration Association (AAA), as amended or as augmented in this Agreement (the "Rules"). The parties acknowledge that one of the purposes of utilizing arbitration is to avoid lengthy and expensive discovery and allow for prompt resolution of the dispute.

Arbitration shall be initiated as provided by the Rules, although the written notice to the other party initiating arbitration shall also include a description of the claim(s) asserted and the facts upon which the claim(s) are based. Arbitration shall be final and binding upon the parties and shall be the exclusive remedy for all claims subject hereto, including any award of attorneys' fees and costs. Either party may bring an action in court to compel arbitration under this Agreement and to enforce an arbitration award.

All disputes shall be decided by a single arbitrator. The arbitrator shall be selected by mutual agreement of the parties within 30 days of the effective date of the notice initiating the arbitration. If the parties cannot agree on an arbitrator, then the complaining party shall notify the AAA and request selection of an arbitrator in accordance with the Rules. The arbitrator shall have only such authority to award equitable relief, damages, costs, and fees as a court would have for the particular claim(s) asserted. In no event shall the arbitrator award punitive damages of any kind.

The arbitrator shall have the power to limit or deny a request for documents or a deposition if the arbitrator determines that the request exceeds those matters, which are directly relevant to the claims in controversy. The document demand and response shall conform to Code of Civil Procedure section 2031. The deposition notice shall conform to Code of Civil Procedure section 2025. The parties may make a motion for protective order or motion to compel before the arbitrator with regard to the discovery, as provided in Code of Civil Procedure sections 2025 and 2031.

19. **ATTORNEYS FEES.** In the event of any action or proceeding to interpret or enforce the terms of this Agreement, the prevailing party, as determined by the court or arbitrator, shall be entitled to recover its reasonable attorney fees and costs incurred in connection with such actions or proceeding

20. **DOCUMENT RETENTION.** After Provider's services to District conclude, Provider shall, upon the District's request, deliver all documents for all matter in which Provider has provided services to the District, along with any property of the District in Provider's possession and/or control. If the District does not request District's document(s) for a particular service, Provider will retain document(s) for a period of two (2) years after the service has ended. If District does not request delivery of the document(s) for the service before the end of the two (2) year period, Provider will have no further obligation to retain the document(s) and may, at Provider's discretion, destroy it without further notice to the District. At any point during the two (2) year period, District may request delivery of the document(s).

Exceptions: Attorney work-product and medical records shall not be destroyed by provider without the prior written consent of the District.

21. **NATURE OF AGREEMENT.** This Agreement constitutes a binding expression of the understanding of the parties with respect to the services to be provided hereunder and is the sole contract between the parties with respect to the subject matter thereof. There are no collateral understandings or representations or agreements other than those contained herein. This Agreement represents the entire agreement between the parties hereto with respect to the subject matter hereof and supersedes any and all other agreements and communications however characterized, written or oral, between or on behalf of the parties hereto with respect to the subject matter hereof. This Agreement may only be modified by a written instrument signed by authorized representatives of each of the parties hereto; provided that the District may not be bound by any term or condition incorporated by reference (including references to any link, website or electronic document) into any document prepared by or provided to District by Provider, including any license, purchase order or other instrument.

For the avoidance of any doubt, Provider is hereby informed that any and all terms or conditions of use of any web-based service or application must be presented in PDF format to the Board of Trustees and may not be unilaterally altered by Provider during the Term of this Agreement.

THE BODY OF THIS AGREEMENT MAY NOT BE EDITED OR ALTERED BY PROVIDER.

22. **BINDING EFFECT.** This Agreement shall inure to the benefit and shall be binding upon all of the parties to this Agreement, and their respective successors in interest or assigns.

23. **WAIVER.** No claim or right arising out of a breach of this Agreement can be discharged in whole or in part by a waiver or renunciation of the claim or right unless such waiver is in writing.

24. **SEVERABILITY.** It is intended that each paragraph of this Agreement shall be treated as separate and divisible, and in the event that any paragraphs are deemed unenforceable, the remainder shall continue to be in full force and effect so long as the primary purpose of this Agreement is unaffected.

25. **PARAGRAPH HEADINGS.** The headings of paragraphs hereof are inserted only for the purpose of convenient reference. Such headings shall not be deemed to govern, limit, modify or in any other manner affect the scope, meaning or intent of the provisions of this Agreement or any part or portion thereof, nor shall they otherwise be given any legal effect whatsoever.

26. **AUTHORITY.** Provider represents and warrants that Provider has all requisite power and authority to conduct its business and to execute, deliver, and perform this Agreement. Each party warrants that the individuals who have signed this Agreement have the legal power, right, and authority to make this Agreement and to bind each respective party.

27. **COUNTERPART EXECUTION: ELECTRONIC DELIVERY.** This Agreement may be executed in any number of counterparts which, when taken together, shall constitute one and the same instrument. Executed counterparts of this Agreement may be delivered by PDF email or electronic facsimile transmission, and shall have the same legal effect as an "ink-signed" original.

IN WITNESS WHEREOF, the parties have executed this agreement as of the date first written above. By signing below, Provider certifies that it has not altered any provision of the body of this Agreement.

EXHIBIT C
REQUIRED CERTIFICATIONS

Services Agreement Dated: June 11, 2025

Provider: Star of CA, ERA Ed.

I. Fingerprinting/Criminal Background Certification (Education Code Section 45125.1)

Provider and its subconsultant's and their employees, agents and representatives (each, a "Provider Party") are required to submit fingerprints to the California Department of Justice (CDOJ) if they may interact with any student outside of the immediate supervision and control of the student's parent or guardian or a District employee in connection with the Services. Provider certifies to the Superintendent and the Board of Trustees of the District that it is, or prior to providing any Service under this Agreement will be, in compliance with the requirements of Education Code section 45125.1, as follows (Provider to check one box):

- ■ Provider will ensure that any Provider Party who: (a) might access a District facility and/or interact with a District pupil in any manner (including through an educational app or cloud-based system) outside of the immediate supervision and control of the student's parent or guardian or a District employee OR (b) who was identified by District as a person requiring clearance pursuant to §45125.1(c) has, prior to providing any Service, submitted fingerprints to the CDOJ and that Provider has received from the CDOJ a valid criminal records summary as described in §44237 for said Provider Party. Provider will not allow any person who has been convicted of a violent felony listed in Penal Code section 667.5(c) or a serious felony listed in Penal Code §1192(c) to provide any Service. Provider will not allow any such Provider Party to perform any Service until Provider ascertains that the CDOJ has cleared that person and a record compliant with Education Code § 45125.1 is on file with Provider.
- ☐ The fingerprinting requirements **do not apply** because the Services are being provided on an emergency or exceptional situation as contemplated under section § 45125.1(b).
- ☐ The fingerprinting requirements **do not apply** because Provider Parties will have no opportunity to interact with a District students in any manner because: (i) no school-site Services or Services concerning student records will be provided; and/or (ii) the Services will be provided at a school site while students are not present (vacant, under construction etc.).

By signing below I certify, under penalty of perjury, that: (i) I am an authorized representative of Provider qualified to provide this Certification; (ii) the information above concerning compliance with Education Code Section 45125.1 is accurate and complete as of the date hereof; and (iii) during the term, I will immediately inform District if any CDOJ report is changed or updated with respect to Provider Party. Documents provided by the CDOJ will be retained by Provider and available for inspection by District or its representative(s) upon request.

Jeremy Hastings, President
Name/ Title of Authorized Representative

II. Tuberculosis Risk Assessments Certification (Education Code Section 49406). With respect to Education Code § 49406, I do hereby ***certify, represent and warrant*** to District's Superintendent and Board of Trustees as follows (Provider to check the applicable statement below):

- ☐ Provider Parties, any subconsultants, and any respective employees, representatives or agents will, in connection with the provision of Services under this Agreement, have ***only limited or no contact*** with any District student(s).
- ■ Provider Parties may, in connection with the provision of Services, have more than limited contact with District students. Therefore, the Provider has for each such Provider Party: (A) obtained and filed proof on completion of the required TB risk assessment(s) and (B) if deemed necessary by a physician/surgeon, obtained and filed copies of their TB examination(s), all in compliance with the provisions of Education Code § 49406. Provider will maintain a current list of all such Provider Parties and will provide a copy to District upon request.

By signing below I certify, under penalty of perjury, that I am an authorized representative of Provider qualified to provide this Certification, that the information above concerning compliance with Education Code § 49406 is accurate and complete as of the date hereof, and that, during the Term, I and all Provider Parties will satisfy all applicable tuberculosis clearance requirements before having more than limited contact with District students.

Jeremy Hastings, President

III. Conflict of Interest Certification

The Provider represents and warrants that he/she/it presently has no interest, and shall not acquire any interest, direct or indirect, financial or otherwise, which conflicts in any manner with District or with the performance of the Services. Provider understands that District will not engage any person having such conflict of interest to perform the Services. Provider agrees that if any facts come to its attention which raises any questions as to the applicability of conflict of interest laws, it shall immediately inform the District's designated representative and provide all information needed for resolution of this question.

Coverys Specialty Insurance Company

ADDITIONAL INSURED – AUTOMATIC STATUS WHEN REQUIRED IN A WRITTEN AGREEMENT WITH YOU

Attached to and forming part of Policy Number:	First Named Insured:	Policy Period:
005MA000044275	Stepping Stones Health Care Services LLC	05/21/2024 to 05/21/2025 At 12:01 AM Standard Time at the address of the First Named Insured as stated herein.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

This endorsement modifies the insurance provided under the following:

Entity Medical Professional Liability Coverage Part
Commercial General Liability Coverage Part

Subject to all other terms and conditions of the POLICY, it is agreed and understood that:

A. Section II. Definition of Insured is amended to include as an additional INSURED any person(s) or organization(s) when YOU and such person(s) or organization(s) have agreed in writing in a contract or agreement that such person(s) or organization(s) be added as an additional INSURED on your POLICY. Such person(s) or organization(s) is an INSURED only with respect to liability arising out the activities as described within the contract by a NAMED INSURED and such person(s) or organization(s). However, the insurance afforded to such additional INSURED:

1. Only applies to the extent permitted by law; and
2. Will not be broader than that which a NAMED INSURED is required by the contract or agreement to provide for such additional INSURED.

A person's or organization's status as an additional INSURED under this endorsement ends when their contract or agreement with YOU ends.

B. With respect to the insurance afforded to the additional INSUREDS, the following is added to Section III. Our Limit of Liability:

If coverage provided to the additional INSURED is required by a contract or agreement, the most WE will pay on behalf of the additional INSURED is the amount of insurance:

1. Required by the contract or agreement; or
2. Available under the applicable Limits of Liability shown in the DECLARATIONS; whichever is less.

This endorsement shall not increase the applicable Limit of Liability shown in the DECLARATIONS.

Nothing in this Endorsement shall vary, alter, waive or extend any of the terms and conditions of the POLICY, other than as expressly stated above.

Sam Mezzich
President

Elizabeth B. Brodeur
Secretary

OSD BOARD AGENDA ITEM

Name of Contributor: Kristen Pifko **Date of Meeting:** December 17, 2025

Agenda Section: Section C: Facilities Agreement

Approval of Amendment No. 002 to Agreement No. 19-179 with Arcadis International Ltd. (formerly known as IBI Group) to Provide Architectural Engineering Services for McAuliffe Elementary School Modernization Project (Pifko/Bennett/CFW)

The District retained Arcadis International Ltd. (formerly known as IBI Group) ("Architect") to provide architectural and design services for the McAuliffe Elementary School Modernization Project. The design plans for the project received by the Division of the State Architect ("DSA") were given approval on April 19, 2021, and construction of the project was put on hold pending the availability of future funding.

On August 21, 2024, the Board of Education executed Amendment #001 to Agreement #19-179 for added scope.

This Contract Amendment No. 002 to Architect Services Agreement #19-179 is to provide Architectural services for District requested changes.

Term of Amendment #002: December 18, 2025 through June 30, 2026

FISCAL IMPACT:
$24,220.00 – Measure I Bond Funds

RECOMMENDATION:
It is the recommendation of the Assistant Superintendent, Business & Fiscal Services and Director of Facilities, in conjunction with Caldwell Flores Winters, that the Board of Trustees approve Amendment No. 002 to Agreement #19-179 with Arcadis International Ltd. (formerly known as IBI Group).

ADDITIONAL MATERIALS:

Attached: Amendment #002 (8 Pages)
Amendment #001 (8 Pages)
Agreement #19-179, Arcadis International (136 Pages)

Amendment No. 002 to Architect Services Agreement No. 19-179

The Architect Services Agreement No. 19-179 ("Agreement") entered into on December 18, 2019, by and between the Oxnard School District ("District") and Arcadis International Ltd. (formerly known as IBI Group) ("Architect"), is hereby amended by the parties as set forth in this Amendment No. 002 to the Architectural Services Agreement No. 19-179 ("Amendment") that is incorporated herein for all purposes.

RECITALS

WHEREAS, The District retained Architect to provide architectural and design services for the McAuliffe Elementary School Modernization Project ("Project");

WHEREAS, the Board of Trustees has taken certain actions to approve the design of the Project;

WHEREAS, the Architect's design plans for the Project received Division of the State Architect ("DSA") approval on April 19, 2021;

WHEREAS, the construction of the Project was put on hold pending the availability of future funding and the District has now elected to move forward with the project;

WHEREAS, changes to the DSA approved plans and specifications are needed to include additional scope of work and the Architect is in the process of completing the additional scope design work for the Project and will submit the changes to the DSA for their review;

WHEREAS, the Board recognizes that the timing of the additional scope of work must all be approved by DSA;

NOW THEREFORE, for the good and valuable consideration, the Parties agree to the following amended terms to the Agreement:

AMENDMENT

The Parties agree to add the following language to SECTION 3 of the Agreement:

The definition of the Project is expanded to include additional scope of work as identified in the Architect's proposal for added scope dated June 25, 2024 identified as Exhibit G hereto.

The Parties agree to add the following language to SECTION 4.1 of the Agreement:

The definition of Basic Services is expanded to include the deliverables and submittals set forth herein, provided for under the original Agreement between the Parties and those identified in Exhibit G hereto, where not inconsistent with the original Agreement or this Amendment. Terms used in Exhibit G shall have the same meaning as those terms are defined in the Agreement.

The Parties agree to add a new SECTION 5.2.3 to the Agreement as follows:

SECTION 5.2.3 Additional Compensation for Additional Scope of Work. The Architect agrees to perform the Basic Services as described in the original Agreement, and Exhibit "G" hereto, with respect to the Project. Architect agrees to deliver the deliverables identified in Exhibit "C" and Exhibit "D" of the original Agreement for the Project. In consideration for the amended basic services and deliverables, Architect agrees to be compensated an additional flat "all-in" Basic Fee ("Additional fee") for the additional work totaling: **Twenty-Four Thousand Two Hundred Twenty Dollars and Zero Cents ($24,220.00). This fee shall include all the work necessary to complete the additional scope of work including the costs of any sub-consultants or any specialty consultants as outlined in the attached scope of work.**

The Parties agree that the work identified herein constitutes all of the additional owner requested scope, changes or modifications arising out of this Agreement.

It is agreed that, as long as the Architect performs the amended Services in a timely manner, in compliance with the provisions of the original Agreement and this Amendment thereto, and to the satisfaction of the District, payments of the Additional fee shall be made by the District, upon approval by the District of deliverables described in Exhibit G, and approval of invoices satisfactory to the District, in amounts not to exceed the percentages for each Phase set forth in the Table in Section 5.1.1 of the original Agreement.

The Parties agree that all other provisions of the Architectural Services Agreement No. 19-179 entered into and executed by the Parties on December 18, 2019 remain in full force and effect. Architect agrees that any provisions, limitations and exclusions in its proposal, Exhibit "G" hereto, are stricken for all purposes and are invalid as inconsistent with the terms and conditions of the Agreement and this Amendment.

IN WITNESS THEREOF, the Parties hereto execute this Amendment No. 002 and represented that each has authority to do so on the dates set forth below:

Date: November 13, 2025
Our Ref: 123392
Subject: **Proposal for Revised Scope | Additional Services:**

McAuliffe Elem. School Modernization,

Owner / District Directed Misc. Revisions

Dear Gerald:

Below is a list of Misc revisions as directed by CFW / District.

SCOPE OF WORK:

Revised scope is identified below:

1. **Additional Shelving unit (Fixed) Inside Tall Casework – All Phases – (ASI 013)**
2. **Additional Shelving unit (Adjustable) Inside Tall Casework – All Phases (ASI 013R)**
3. **Power / Data revisions at TV Monitors and Teacher's Stations (ASI 011/011R)**
4. **Casework Deletion at STEAM Lab and Piano Lab / Addition of TV**
5. **Revised TV Mount for 65" TV. (CCD 002)**
6. **Revised TV Mount for 85" TV. (CCD 007)**
7. **Revision to Vision Panels (switch to paint in lieu of film) at existing Classroom Vision Lites.**
8. **Revision to ACT flooring to HVT-18x18 (ASI 008/008R)**
9. **Revision to Carpet (Shaw to Tandus)**
10. **Revision to "Yellow" soffit / wall paint colors, and revised renderings**
11. **Revision to Yellow Flooring at Multi-Purpose and Medi Center, updated renderings. (Does not include revisions to flooring material from HVT to another flooring type/colors)**

Scope Assumptions

- No Future revisions to the above items

Scope Exclusions

- Revisions to flooring material from HVT to another flooring type/color.
- Any other additional services scope of work other than listed above, including future revisions to pertinent scope.

Compensation: We propose the following compensation for the above referenced services for the following fixed fee of **$24,220 (Twenty-Four Thousand, Two-Hundred Twenty dollars).**

Invoices shall be submitted monthly based on percentage completed of the authorized phases.

This effort has already been done.

Thank you for reviewing this proposal, we look forward to the opportunity to continue to provide services for the revised project. Please call if you have any questions or comments.

This fee is inclusive of all reimbursable expenses. Please contact me if you have any questions.

Sincerely,
Arcadis International Ltd.

Amendment No. 001 to Architect Services Agreement No. 19-179

The Architect Services Agreement No. 19-179 ("Agreement") entered into on December 18, 2019, by and between the Oxnard School District ("District") and Arcadis International Ltd. (formerly known as IBI Group) ("Architect"), is hereby amended by the parties as set forth in this Amendment No. 001 to the Architectural Services Agreement No. 19-179 ("Amendment") that is incorporated herein for all purposes.

RECITALS

WHEREAS, The District retained Architect to provide architectural and design services for the McAuliffe Elementary School Modernization Project ("Project");

WHEREAS, the Board of Trustees has taken certain actions to approve the design of the Project;

WHEREAS, the Architect's design plans for the Project received Division of the State Architect ("DSA") approval on April 19, 2021;

WHEREAS, the construction of the Project was put on hold pending the availability of future funding and the District has now elected to move forward with the project;

WHEREAS, changes to the DSA approved plans and specifications are needed to include additional scope of work and the Architect is in the process of completing the additional scope design work for the Project and will submit the changes to the DSA for their review;

WHEREAS, the Board recognizes that the timing of the additional scope of work must all be approved by DSA;

NOW THEREFORE, for the good and valuable consideration, the Parties agree to the following amended terms to the Agreement:

AMENDMENT

The Parties agree to add the following language to SECTION 3 of the Agreement:

The definition of the Project is expanded to include additional scope of work as identified in the Architect's proposal for added scope dated June 25, 2024 identified as Exhibit G hereto.

The Parties agree to add the following language to SECTION 4.1 of the Agreement:

The definition of Basic Services is expanded to include the deliverables and submittals set forth herein, provided for under the original Agreement between the Parties and those identified in Exhibit G hereto, where not inconsistent with the original Agreement or this Amendment. Terms used in Exhibit G shall have the same meaning as those terms are defined in the Agreement.

The Parties agree to add a new SECTION 5.2.3 to the Agreement as follows:

SECTION 5.2.3 Additional Compensation for Additional Scope of Work. The Architect agrees to perform the Basic Services as described in the original Agreement, and Exhibit "G" hereto, with respect to the Project. Architect agrees to deliver the deliverables identified in Exhibit "C" and Exhibit "D" of the original Agreement for the Project. In consideration for the amended basic services and deliverables, Architect agrees to be compensated an additional flat "all-in" Basic Fee ("Additional fee") for the additional work totaling: **One Hundred Fifty-Six Thousand Six Hundred Thirty-Six Dollars and No Cents ($156,636.00). This fee shall include all the work necessary to complete the additional scope of work including the costs of any sub-consultants or any specialty consultants.**

The Parties agree that the work identified herein constitutes all of the additional owner requested scope, changes or modifications arising out of this Agreement.

It is agreed that, as long as the Architect performs the amended Services in a timely manner, in compliance with the provisions of the original Agreement and this Amendment thereto, and to the satisfaction of the District, payments of the Additional fee shall be made by the District, upon approval by the District of deliverables described in Exhibit G, and approval of invoices satisfactory to the District, in amounts not to exceed the percentages for each Phase set forth in the Table in Section 5.1.1 of the original Agreement.

The Parties agree that all other provisions of the Architectural Services Agreement No. 19-179 entered into and executed by the Parties on December 18, 2019 remain in full force and effect. Architect agrees that any provisions, limitations and exclusions in its proposal, Exhibit "G" hereto, are stricken for all purposes and are invalid as inconsistent with the terms and conditions of the Agreement and this Amendment.

IN WITNESS THEREOF, the Parties hereto execute this Amendment No. 001 and represented that each has authority to do so on the dates set forth below:

Date: June 25, 2024
Our Ref: 123392
Subject: **Proposal for Added Scope | Additional Services: McAuliffe Elem. School Modernization, Suspension of Services | District Directed Changes**

Dear Gerald and Scott:

In June of 2021 we received communication from CFW that Oxnard School District had decided to put our DSA approved plans for the replacement school at McAuliffe Elementary School Modernization on hold pending future funding. At that time, we suspended any additional development of this project, wrapping up current issues in preparation to put the project on hold. In February of 2024, we were notified that the district had again elected to move forward with this project. Per our architectural services agreement dated December 19, 2019, Article 6.1.3 Temporary Suspension of Services, if services are suspended by the district for greater than 120 days our compensation shall be equitably adjusted for expenses to resume services.

As a result of the suspension of services by the district a total lapse of approximately 660 work days has occurred. As such we are requesting an adjustment to our remaining fee to account for costs associated with the restart of the project and increases in our hourly billing rates.

Following the receipt of bids, the District has decided to reject all bids and protests and utilize the Lease-Lease Back method for procuring this work in lieu of Design-Bid-Build. We anticipate no additional effort to accommodate the change in delivery method. If the District should require assistance with revisions and or value engineering due to the LLB process, additional fee may be required.

In addition, our initial fee was calculated for a construction period spanning six to eight months, as outlined in our fee proposal dated November 22, 2019. However, with the revised schedule communicated on February 6, 2024, incorporating a phased approach, we have adjusted our fee to accommodate an additional seven months of Construction Administration services.

Furthermore, the district has requested some other changes to the approved documents and specifications that include the below.

SCOPE OF WORK:

Added scope is identified below:

1. **Changes to Front Lobby:**
- Provide (3) Security Doors with controlled access at Hallway/Lobby area. (Future CCD under current Modernization)
- Submit CCD to DSA for Review and Approval.

2. **Changes to Overall Building:**
- Provide work scope to install CCTV and WAPS along Exterior / Interior of Building. (Future Change Order to contract)
- Coordinate Locations with IT.

3. **Replace Classroom doors/Hardware and revise flooring to be HVT:**
- Develop updated door schedule.
- Coordinate door hardware specification and installation.
- Revise documents to reflect flooring change.

LLB Delivery vs DBB

- We anticipate no additional effort to accommodate the change in delivery method.

Extended Construction Administration Services

- Our current A/E fee for Construction Administration services is $65,341. Review of submittals is anticipated within the initial A/E fee. Based on our experience, submittal review reflects approximately 10% of our effort during CA.
- The construction period is proposed to be approximately double. Our additional fee for the extended Construction Administration phase reflects the added effort to provide services for that extended period and anticipates every other week virtual construction meeting attendance.
- We understand weekly on-site meetings are NOT requested/required by the District. We have not included a fee for that effort.

Resuming Design Services

- 5% Fee Adjustment of Remaining Fee (29% of fee = $109,014). Due to Temporary Suspension of Services as compensation for restarting the project and change in billing rates.

Scope Exclusions

- Work not specifically identified above.

Compensation: We propose the following compensation for the above referenced services for the following fixed fee of **$156,636** (One Hundred Fifty Six Thousand Six Hundred and Thirty-Six dollars).

Invoices shall be submitted monthly based on percentage completed of the authorized phases.

Arcadis, a California Partnership
June 25, 2024

Thank you for reviewing this proposal, we look forward to the opportunity to continue to provide services for the revised project. Please call if you have any questions or comments.

This fee is inclusive of all reimbursable expenses. Please contact me if you have any questions.

Sincerely,
Arcadis International Ltd.

AGREEMENT FOR ARCHITECTURAL SERVICES

PREAMBLE

This Agreement for Architectural Services (**"Agreement"**) is entered into on this **18th day** of **December, 2019** by and between **IBI Group**, an architectural firm that employs architects licensed to work in the State of California (collectively and individually, the **"Architect"**), with a business address at **315 W. Ninth Street, Suite 600, Los Angeles, CA 90015** and the Oxnard School District, a California public school district (**"District"**), with offices located at 1051 South A Street, Oxnard CA 93030, in connection with services commencing on **December 19, 2019**. District and Architect are sometimes individually referred to herein as "Party" and collectively as "Parties".

RECITALS

WHEREAS, the District proposes to undertake the construction and installation of certain improvements, as further defined and described below (the **"Project"**) and, in connection with the Project, requires the services of a duly qualified and licensed architect.

WHEREAS, the Architect represents that its employees are licensed to practice architecture in the State of California, as appropriate, and that the Architect is qualified to perform the services required under this Agreement.

WHEREAS, the Parties intend that the Architect provide professional services pursuant to this Agreement, under the management and oversight of the District's Representative, in such manner as to enable the Project to be designed and constructed with the standard of care described herein without burdening the District's staff.

AGREEMENT

NOW, THEREFORE, in consideration of the promises and covenants herein and other valuable consideration, receipt of which is acknowledged, the Parties agree as follows:

SECTION 1
GENERAL PROVISIONS

1.1 DEFINITIONS. When used in this Agreement, the following terms shall have the meanings set forth below:

1.1.1 "Addendum" shall mean written or graphic information (including without limitation Drawings and Specifications), prepared and issued prior to the receipt of Bids, which modifies or interprets the Bid Set by additions, deletions, clarifications, or corrections.

1.1.2 "Additional Services" shall mean those services in addition to the Basic Services that are provided by the Architect pursuant to a written request by the District.

1.1.3 "Agreement" shall mean this document and all its identified exhibits, attachments and amendments.

1.1.4 "Architect" shall mean the architectural firm listed in the first paragraph of this Agreement.

1.1.5 "Architect Consultant" shall mean a person properly qualified and licensed in various aspect of design and construction employed at Architect's sole expense, pursuant to prior approval from the District, to provide Services for the Project.

1.1.6 "Architect's Supplemental Instruction" or **"ASI"** shall mean a small set of drawings which better explains the intent of the design of a building or structure

1.1.7 "As-Built Documents" shall mean the collection of documents assembled and prepared by the Contractor (including, without limitations the As-Built Drawings and specifications, shop drawings, approved changes, RFIs, manuals etc.) showing the condition of the Project as actually built and accepted.

1.1.8 "As-Built Drawings" shall mean the final set of drawings prepared by the Architect that incorporates all changes from all drawings, sketches, details, and clarifications recording all changes from the Bid Set.

1.1.9 "Basic Fee" shall mean the compensation provided to the Architect for providing Basic Services.

1.1.10 "Basic Services" shall consist of (i) the professional design services, including but not limited to landscape and irrigation design, architectural, civil, structural, mechanical, plumbing (including fire sprinklers), acoustical, food service, audio and visual design, electrical services, a SWPPP for the Project, and LEED services as required to complete the Project, (ii) preparing educational specifications for the Project, and (iii) preparing and/or signing documentation required to obtain funding from any program administered by the State..

1.1.11 "Bid" shall mean the written proposal submitted to the District by a Contractor in accordance with the Bid Set for the construction of the Project.

1.1.12 "Bid Set" shall mean the DSA Record Set, the construction contract, general conditions and any other documents included in the bid packages, including but not limited to any addenda, all in a form that District approves and uses to bid the construction of the Project.

1.1.13 "Bidder" shall mean the person or entity submitting a Bid.

1.1.14 "BIM" or "Building Information Modeling" shall mean the process of generating and managing building data during its life cycle. Typically it uses three dimensional, real-time, dynamic modeling software to increase productivity in building design and construction. The process encompasses building geometry, spatial relationships, geographic information, and quality and properties of building components.

1.1.15 "CDE" shall mean the California Department of Education.

1.1.16 "Change Order" or **"CO"** shall mean a written document between the District and the Contractor that is signed by the District and the Contractor authorizing a change in the work or and adjustment in the contract, or the contract time.

1.1.17 "Change Order Request" or "COR" shall mean a proposed change(s) in contract amount, requirements or time (outside the scope of the construction contract and/or provisions of its changes clause) which becomes a Change Order when approved by the other party (owner or contractor).

1.1.18 "CHPS" shall mean Collaborative for High Performance Schools.

1.1.19 "Construction Budget" shall mean the Construction Cost established by the District representative, as amended by the District in its sole discretion.

1.1.20 "Construction Cost" shall mean, as of acceptance of the Project, the cost of all labor, materials, and fixtures (but not trade fixtures) supplied by the Contractor and subcontractors to construct the Project, including mobilization, demobilization, materials and other costs typically included in this calculation and *excluding* (i) all fees and costs paid to the Architect and any of their consultants, (ii) all costs and expenses of services, reports, information, equipment and materials furnished by the District, (iii) all costs and fees related to off-site improvements, (iv) all costs incurred to remedy any design or construction defects or errors, and (v) any other Project-related costs and fees typically excluded.

1.1.21 "Construction Documents" shall mean those documents which are required for the actual construction of a project, including but not limited to the agreement between the District and the Contractor; complete working drawings and specifications setting forth in detail the work to be done and the materials, workmanship, finishes and equipment required for architectural, structural, mechanical, electrical systems and utility service-connected equipment and site work.

1.1.22 "Construction Manager" shall mean and refers to any professional or consultant retained by the District to plan, direct and coordinate the construction of the Project.

1.1.23 "Construction Document Phase" shall have the meaning set forth in Exhibit B.

1.1.24 "Construction Phase(s)" shall mean individual construction contract packages that are bid separately.

1.1.25 "Constructability Review" shall mean, the review of the design documents to ascertain whether the design of the Project as depicted in the Construction Documents, and the documents themselves: (i) accurately and completely reflects the District's objectives as explained to the Architect by the District; (ii) are free of errors, omissions, conflicts or other deficiencies so that the Contractors can construct the Project as therein depicted without delays, disruptions, or additional costs.

1.1.26 "Contractor" shall mean the general contractor or any other contractor selected to perform work or services on the Project or any replacement.

1.1.27 "Contractor Payment Application" shall mean a Contractor's written request for payment for completed portions of the work and for materials delivered or stored by the Contractor.

1.1.28 "Design Bid Build" shall mean a project delivery method defined by the following characteristic – design and construction are separate contracts.

1.1.29 "Design Development Phase" shall have the meaning set forth in Exhibit B.

1.1.30 "District" shall mean the Oxnard School District.

1.1.31 "District Design Standards" shall be the implementation of standard equipment and/or products as determined by the District, into the overall project design.

1.1.32 "District's Representative" shall mean the Superintendent and/or, Deputy Superintendent, Business & Fiscal Services and/or Director of Facilities, or any authorized designee of those officers.

1.1.33 "DSA" shall mean the Division of the State Architect of the State of California.

1.1.34 "DSA Record Set" shall mean such documents, plans, drawings and specifications submitted to DSA as part of the design phase and stamped and approved by DSA for the Project.

1.1.35 "Educational Specifications" shall mean the interrelated statements that communicate what educators believe is required to support a specific educational program.

1.1.36 "Funding Consultant" shall mean any consultant designated by the District that assists the District in submitting applications for funding from programs administered by the State.

1.1.37 "Guaranteed Maximum Price" or "GMP" shall mean the cost for construction and installation of a project determined by the District and the lease-leaseback entity when the Lease-Leaseback delivery method is used and shall include both the "Estimated GMP" and the "Final GMP".

1.1.38 "Inspector of Record" or **"IOR"** shall mean a certified Inspector approved by DSA to inspect work pursuant to the Field Act (California Education Code §17280 *et seq.*) and applicable provisions of the California Code of Regulations. The IOR also serves as the representative of the District to conduct field inspections of the Project during construction.

1.1.39 "Lease-Leaseback" shall mean a project delivery method under which the District leases real property it owns to a lease-leaseback entity and the lease-leaseback entity causes the construction of a facility the District desires on said real property and subleases the facility back to the District, with title to the facility vesting in the District at the end of the term of the sublease, as set forth in California Education Code §17406.

1.1.40 "LEED" shall mean Leadership in Energy and Environmental Design as administered by the U.S. Green Building Council.

1.1.41 "Modernization/New Construction" shall mean the comprehensive replacement or restoration of virtually all major systems, interior work (such as ceilings, partitions, doors, floor finishes, etc.) and building elements and features.

1.1.42 "MOU" shall mean a memorandum of understanding.

1.1.43 "Notice of Completion" or **"NOC"** shall mean the legal notice filed with the County Recorder after completion of construction project.

1.1.44 "OPSC" shall mean the Office of Public School Construction of the State of California.

1.1.45 "Phase" when used without the word "Construction" shall mean the various phases of architectural work described in this Agreement.

1.1.46 "Potential Change Order" or **"PCO"** shall mean is a written document before it has been approved and effected by the contractor and owner.

1.1.47 "Principal(s)" shall mean individual(s) who are participating owners of the Architect and are authorized to act on behalf of the firm.

1.1.48 "Project" shall mean the project described hereinafter in Section 3.

1.1.49 "Project Budget" shall mean the sum total of all monies allocated by the District to defray costs of the work and services related to the Project; including but not limited to professional services, bids for all construction (such as site work, prime contracts, consultants, materials), contingencies and applicable general conditions for each Construction Phase.

1.1.50 "Project Director" shall mean, with reference to the Architect, a licensed, experienced and well trained professional employed by Architect and fully authorized to represent the Architect in all matters related to the Project including but not limited to executing change orders during construction, and to bind the Architect to any commitments made on the Architect's behalf in connection herewith.

1.1.51 "Project Manager" shall mean the person assigned by the District to supervise the Project. The District will identify the Project Manager(s) for each Project.

1.1.52 "Project Schedule" shall mean the entire series of events necessary to design and construct the Project and encompasses work and services of the Architect, Contractors and other consultants.

1.1.53 "Prolog" shall mean the program/project management software required by the District to maintain, route and issue all design phase documents, construction documents, and close out documents.

1.1.54 "Request for Information" or **"RFI"** shall mean a written request from a contractor to the District or Architect for clarification or information about the contract documents following contract award.

1.1.55 "SAB" shall mean the State Allocation Board of the State of California.

1.1.56 "Schematic Design Phase" shall have the meaning set forth in Exhibit B.

1.1.57 "Services" shall mean all labor, materials, supervision, services, tasks, and work that the Architect is required to perform hereunder, including Basic Services and those Services reasonably inferred from this Agreement, as further described and clarified in **Exhibit B** hereto, including any Additional Services required of the Architect hereunder.

1.1.58 "SWPPP" shall mean Storm Water Prevention and Pollution Plan.

1.1.59 "Time Impact Analysis" or **"TIA"** shall mean a simplified analysis procedure typically specified on construction projects to facilitate the award of excusable days to project completion due to delays caused by either the owner or contractor.

1.2 INCORPORATION OF RECITALS, EXHIBITS AND REFERENCED DOCUMENTS The Recitals above and all Exhibits attached to this Agreement, now or hereafter by

agreement of the parties, are incorporated herein by reference and made a part of this Agreement.

SECTION 2
EMPLOYMENT OF ARCHITECT

2.1 EMPLOYMENT OF ARCHITECT. The District hereby retains the Architect, pursuant to California Government Code, Title 1, Division 5, Chapter 10.1 and Section 53060 thereof, to perform, for consideration and upon the terms and conditions set forth herein, all professional architectural and related Services required to complete the Project, as may be hereafter amended in an expeditious, safe and satisfactory manner. The Architect hereby accepts such retention and commits to perform all the professional services required to complete the Project in a professional and conscientious manner in accordance and consistent with the standard of care generally employed by professionals licensed and qualified to perform similar services within the State of California. The Services shall be performed in a safe, expeditious and satisfactory manner, with allowance for periods of time required for (i) the District's review and approval of submissions to the District by the Architect; (ii) review and approval of submissions to those authorities having jurisdiction over the Project, and (iii) the Architect's review of submissions to the Architect from the District, or authorities having jurisdiction over the Project.

2.2 PROJECT DIRECTOR AND OTHER EMPLOYEES. The Architect shall appoint and designate one State of California licensed architect to serve as the Project Director for the Project. The Project Director shall maintain personal oversight of the Project and the Services and shall be the primary contact on the Architect's behalf for all matters related to the Project for which he or she is designated as Project Director. The Project Director shall be vested with full authority to represent and act on behalf of the Architect for all purposes under this Agreement.

2.3 ARCHITECT COVENANT AGAINST CONTINGENT FEES. The Architect warrants and represents that it has not employed or retained any company or person, other than a bona fide employee working solely for the Architect, to solicit or secure this Agreement, and that it has not paid or agreed to pay any company or person, other than a bona fide employee working solely for the Architect, any fee, commission, percentage, brokerage fee, gift, or any other consideration contingent on or resulting from the award or making of this Agreement. For breach or violation of this warranty, the District shall have the right to annul this Agreement without liability, or in its discretion, to deduct from the Basic Fee or otherwise recover, the full amount of such fee, commission, percentage fee, gift, or contingency.

SECTION 3
THE PROJECT

The Project consists of such works of new construction, modernization and/or improvement that require services to be provided by Architect described more fully on Exhibit A.

SECTION 4
SERVICES

4.1 BASIC SERVICES. The Basic Services, deliverables and submittals required under this Agreement are described in **Exhibit C**. The Basic Services are divided into Phases, such as planning programming phase, schematic phase, etc. to facilitate the completion of each set of services during specified times established under the Project Schedule.

4.2 GENERAL PROVISIONS CONCERNING BASIC SERVICES

4.2.1 Employment of Personnel. The Architect shall employ, at its own cost and expense, any and all personnel needed to perform the Services. Architect must identify all personnel that will perform work at any District site and must obtain fingerprinting clearance from the District. Architect agrees to reallocate any personnel whose work is unsatisfactory to the District. Architect shall at all times be solely responsible for the compensation, benefits, tax deductions, insurance or other requirements of any laws applicable to its personnel.

4.2.2 Employment of Architect Consultant(s). For services not provided directly by the Architect, the Architect shall employ, at its own cost and expense, any and all needed Architect Consultant(s) to perform the services hereunder. Architect Consultant(s) retained by the Architect in the performance of this Agreement shall be licensed to practice in their respective professions where required by law. The Architect Consultant(s) will be required to show evidence of a policy of professional liability and/or project insurance that satisfies the requirements of Section 11.2 hereinafter.

4.2.3 The Architect shall remain at all times primarily responsible for the adequate performance of each service and said employment of the Architect Consultants shall not relieve the Architect from administrative or other responsibility under law or this Agreement. Architect shall be responsible for the coordination and cooperation of the Architect Consultants. The Architect's Consultant(s) may include but are not limited to designers and engineers for the structural, electrical, mechanical, plumbing (including fire sprinklers), landscaping, audio and visual, food service, acoustical, theatrical, and civil portions of the Project. Prior to entering into any consulting agreement and prior to authorizing any consultant(s) to perform any services on the Project, the Architect shall submit a written request for approval to District. The request shall include the names of the Architect Consultant firms proposed for the Project and shall identify the key personnel of each Architect Consultant's firm. The District shall have the discretion to reject any proposed firm and/or personnel. If the proposed firm and/or personnel is rejected, the Architect may perform the Services at issue, if qualified to do so, or may propose an alternate acceptable to District.

4.2.4 Cooperation with District and Other Consultants. The Architect and its Consultant (s) shall confer and cooperate with District, the Project Manager, and other District consultants, if any, in all matters and activities as related to this Agreement and each Project.

4.2.5 Project Management Software. The project may be managed through a project management software from design through closeout. Architect will utilize the software as required by the District.

4.2.6 Corrections to Construction Documents and Other Deliverables. The Architect shall revise the Construction Documents as needed to incorporate any and all change orders and other necessary modifications required due to negligent acts or any errors or omissions by the Architect or the Architect Consultants. The Architect shall also provide any modifications to any deliverables required under **Exhibit C** if such modifications become necessary due to any errors or omissions of the Architect or the Architect Consultants.

4.2.7 Minutes of Progress Meetings. The Architect will note discussions during progress meetings concerning any Services and will provide a draft copy of the minutes.

4.2.8 Independent Reviews; Audits. Each Project shall at all times be subject to independent reviews conducted by the District or any other person selected by the District, including but not

limited to Constructability Review and audits. Such reviews may include inspection of any work, documents or services related to the Project. The Architect shall cooperate with these reviews, including preparing written responses to written or verbal comments, and incorporating changes to the Construction Documents based on such comments. If the Architect does not deem that a comment requires a change, the Architect shall so state in a written response to the comment providing reasons why no change should be implemented. If District nevertheless directs the Architect to implement the requested change, the Architect will do so unless the change would result in a violation of applicable laws or requirements.

The scope of the Architect's obligations during Constructability Review includes without limitation written confirmation, in form and content satisfactory to the District, that (a) requirements noted in the design documents are consistent with and conform to District requirements; and (b) there are no errors, omissions or deficiencies in the Construction Documents that a reasonable Architect using skill and diligence standard in the profession would have detected and corrected prior to submission of the Construction Documents.

4.2.9 Independent Cost Estimates. The District shall have the right, but not the obligation to obtain independent cost estimate(s) conducted by an estimator designated by the District and at the expense of the District. The Architect shall be available to answer the estimator's questions regarding the design and attend meetings with the estimator to reconcile the Architect's required estimates with any independent estimator's estimate.

4.2.10 Inspection of Records; Familiarity with Site and Project. The Architect shall be solely responsible for researching and analyzing all records of the existing improvements and the proposed Project, identifying all District held record documents concerning each portion of the Project, conducting site visits and familiarizing itself with the conditions of the structure(s) and location(s) in which it is providing Services. It is required that the Architect will visit each site prior to design completion to validate existing conditions and record plans of existing buildings and site utilities.

4.2.11 Construction Delivery Methods: Lease-Leaseback. The District may at its discretion enter into Lease-Leaseback pre-construction services and construction contracts for the Project. The Architect will work cooperatively with the Lease-Leaseback contractor during the performance of its pre-construction service phase to implement value engineering, BIM and constructability recommendations.

4.2.12 Funding Applications and Approvals. The Architect shall assist the District with any and all funding applications and submittals for any program administered by the State or other entities. Architect may be required to prepare, sign and submit applications and documents to various entities such as DSA, OPSC, CDE, and the U.S. Green Building Council. The Architect's duties shall include the preparation and submittal of application(s), plans and specifications, and any supplemental funding applications (such as CHPS, CDE, as well as OPSC and others as may be required). The Architect shall respond timely to review comments and work cooperatively with the District's Funding Consultant to achieve any and all submittal deadlines.

4.2.13 District Design Standards. The Architect shall be responsible for implementing all District Design Standards issued to the Architect by the District into the overall project design. Design standards include but are not limited to equalization standards, furniture, fixture and equipment standards, maintenance standards, data and technology standards, security intrusion and video surveillance standards.

4.2.14 Storm Water Prevention and Pollution Plan (SWPPP). The Architect shall be responsible for all designs and permitting, excluding fees, as it relates to the SWPPP plans and specifications for the Project. Responsibility also includes the preparation of plans, specifications, and any other requirements needed to obtain the **required regulatory approval**s and permits.

4.2.15 Changes. The Architect shall revise the Construction Documents as needed to incorporate any and all change order requests, potential change orders, supplementary instructions and other necessary modifications. The Architect is responsible for obtaining DSA approval for all changes.

4.2.15.1 Changes Required to Meet Construction Budget. If the lowest responsible bid exceeds one hundred ten percent (110%) of the Construction Budget, Architect shall revise the scope of the project for re-bidding at no additional expense to the District. The District shall approve or disapprove, in its sole discretion, all proposed changes to the scope intended to effect cost reduction and no such changes shall be effective until approved by the District.

4.2.17 Deliverables. Unless otherwise agreed to in writing, Architect shall produce the deliverables identified on **Exhibits C & D.**

4.3 ADDITIONAL SERVICES

4.3.1 Architect Additional Services. Additional Services for any Project will require written request or pre-authorization in writing by the District following specific approval of such services by the Board of Trustees. If Additional Services result in a modification of the Basic Fee, then the Architect shall be paid for such additional services as part of the payment for the Basic Fee. All other Additional Services shall be paid by the District as provided in Section 5.2, Compensation for Additional Services. It is understood and agreed that if the Architect performs any services which it claims are Additional Services without receiving prior written approval from the District Board of Trustees, the Architect shall not be paid for such claimed Additional Services.

4.3.2 The following services are not Basic Services under this Agreement and are to be considered Additional Services:

4.3.2.1 Revisions and changes requested by the District to be made to drawings, specifications or documents previously approved by the District prior to awarding the construction contract, provided that such changes are not (i) required to make the documents compliant with original design requirements, (ii) revisions that should have been implemented during design, (iii) necessary to comply with applicable laws, rules, or regulations, or (iv) revisions required under Section 4.2.15.1.

4.3.2.2 Services for repairs of damages to the Project resulting from third-party actions or unforeseen conditions or circumstances not the result of negligence or errors or omissions of the Architect or the Architect Consultants, including but not limited to repairs necessary due to damage caused by fire, flood or other unforeseen conditions not the result of negligence or errors or omissions of the Architect or the Architect Consultants.

4.3.2.3 Additional Services required due to (i) the termination, delinquency or insolvency of the Contractor, or (ii) a default of the Contractor that does not arise directly from the negligence or errors or omissions of the Architect or the Architect Consultants.

4.3.2.4 Any of the following if directed by the District in writing: (i) the employment of specialty consultants not listed in the Architect's Basic Services, and (ii) the preparation of special delineations and models of facilities not included in the original Project.

4.3.2.5 Contract administration services performed more than 90 days after the original construction contract completion date, except when such delay is caused in whole or in part by the negligence or errors or omissions or willful misconduct of the Architect or the Architect Consultants.

SECTION 5
ARCHITECT'S COMPENSATION & PAYMENT SCHEDULE

5.1 COMPENSATION FOR BASIC SERVICES

5.1.1 Compensation Description. The Architect shall perform the Basic Services in exchange for compensation equal to the Basic Fee of:

Three Hundred Seventy-Nine Thousand Six Hundred Eighty-Two Dollars and No Cents ($379,682.00)

If the Project is divided into Construction Phases, the Architect shall allocate the Basic Fee over the Construction Phases and the allocation shall be in rough proportion to the Construction Budget for the Project with consideration given to the size and complexity of each Construction Phase. It is agreed that, as long as the Architect performs the Services for the Project or Construction Phase in a timely manner, in compliance with the provisions of this Agreement and to the satisfaction of the District, payments of the Basic Fee for each Project or Construction Phase shall be made by the District, upon approval by the District of deliverables described in **Exhibits C & D**, and approval of invoices satisfactory to the District , in amounts not to exceed the percentages for each Phase as set forth in the following Table:

Architectural Phases		
1	Project Initiation Phase	2.0%
2	Development of Architectural Program	2.0%
3	Schematic Design Phase	10.0%
4	Design Development Phase	17.0%
5	Construction Documents Phase	40.0%
6	Bidding Phase	2.5%
7	Construction Phase	20.0%
8	Project Close Out Phase	6.5%
Total Basic Fee		100.0%

5.1.1.1 Invoices. Invoices may be submitted at the end of each phase in the Table above or as a monthly progress billing per each phase, except that the construction administration phase can be billed as progress in proportion to the certified completion of construction, rounded to the nearest whole percent, as determined by the District.

5.1.1.2 Close-Out Phase. The remainder of the Basic Fee shall be paid to Architect upon satisfactory completion of all Services identified as Close Out Phase on **Exhibit C**, provided that payment will be made as follows: (i) three percent (3%) will be

paid after the submission by the Architect of the Verified Report (described on **Exhibit C**) to DSA; and (ii) three and one-half percent (3.5%) will be paid after receipt by the District of final DSA certificate and verification that all fees due to the Architect's Consultants providing Services in connection with this Agreement have been paid.

5.2 COMPENSATION FOR ADDITIONAL SERVICES

5.2.1 Fees negotiated for Additional Services pursuant to 4.3.2.1 that result in a change in the scope of the Project or Basic Services shall be processed as an amendment to the Basic Services and Basic Fee, subject to the approval of District's Board of Trustees.

5.2.2 All other fees for Additional Services may be negotiated on a fixed fee or time and materials basis.

5.3 DISPUTED AMOUNTS. In the event of any good faith dispute concerning a particular payment or a portion of a payment under this Agreement, pursuant to Section 3320 of the California Civil Code, the District shall have the right to do either of the following: (i) make such disputed payment to the Architect without prejudice to the District's right to contest the amount so paid; or (ii) withhold up to 150% of the disputed amounts. If the District withholds amounts invoiced by the Architect, the District will notify the Architect in writing of the reasons for the withholding. From and after the date such notice is given, the District and the Architect shall use their good faith efforts to resolve the dispute as quickly as practicable under the circumstances. If the District has given such notice, the Architect shall not be entitled to terminate this Agreement or suspend Services hereunder on account of such nonpayment, provided the District makes payment for all undisputed sums. If the District chooses to withhold payments under clause (ii) of this Section and if it is subsequently determined that the District owes an additional payment to the Architect, the District shall pay such amount to Architect. If the District chooses to proceed under clause (i) of this Section and it is subsequently determined that the District overpaid the Architect, the Architect shall promptly refund to the District the amount of such overpayment.

5.4 COMPENSATION FOR REIMBURSABLE SERVICES

5.4.1 PRIOR APPROVAL. The District will not be obligated to pay for any service(s) performed or cost incurred by the Architect without prior written authorization by the District. The following will not reimbursed under this Agreement:

5.4.2 REIMBURSABLE EXPENSES. The EXCLUSIVE list of reimbursable expenses is set forth below. Claims for reimbursable expenses shall be documented by appropriate invoices and supporting receipts. The Architect may be reimbursed for those reasonable out-of pocket expenses set forth below that are incurred and paid for by the Architect or the Architect Consultant in furtherance of performance of its obligations under this Agreement, but only to the extent that such expenses are directly related to Services satisfactorily completed, are approved by the District in writing and in total do not exceed two percent (2%) of the Basic Fee.:

5.4.2.1 Travel and Mileage. Architect must request the travel in writing and justify why the travel should be reimbursed. Travel expenses must be approved in writing by District, in its sole discretion. Trips from any Architect's office or Architect Consultant's office to the Project site(s) or to the District's office will not be approved for reimbursement.

5.4.2.2 Reimbursable Reprographic Services. Print sets or copies requested in writing by the District beyond the quantities required under **Exhibit C**.

5.4.2.3 Fees for Consultants. Fees for consultants hired and paid by the Architect at the written request of District that are not provided as Basic Services.

5.5 INVOICES

5.5.1 Invoices for Architect's Basic Services. Following completion of the Services applicable to each Phase, or agreement by the District to consider an interim invoice, the Architect shall submit an invoice in form and substance satisfactory to the District in an amount not to exceed the amount specified as the portion of the Basic Fee to be paid for that Phase for the Services identified in the invoice.

5.5.1.1 Each invoice must be accompanied by an **Approval Letter** from the District in the form of **Exhibit D**, attached hereto.

5.5.1.2 Progress payments shall not be made at any time during the Bidding Phase. If District withholds any amount following a default, as provided in Section 6 of this Agreement, the Architect shall certify in each subsequent invoice that none of the amounts invoiced represent any portion of the amounts identified for withholding. Withheld amounts shall be paid as specified on the notice from the District informing the Architect that the District elects to exercise its right to withhold payment following an Architect default, if any.

5.5.2 Invoices for Additional Services. Except for Additional Services that are incorporated into the Basic Fee, payments for Additional Services, shall be made monthly after approval by the District's Board of Trustees. The Architect's invoice shall be clearly marked "Request for Payment for Additional Services." Each invoice shall be accompanied by receipts and adequate supporting information. As required by Section 3320 of the California Civil Code, payment on a properly submitted, fully supported and documented invoice will be due within thirty (30) days of the date all required supporting information is received by District.

5.5.3 Invoices for Reimbursable Expenses. Payments for Reimbursable Expenses, if any, shall be made monthly, unless otherwise specified within the reimbursable expense authorization. The Architect's invoice shall be clearly marked "Request for Payment of Reimbursable Expenses." Each invoice shall be accompanied by receipts and adequate supporting information. As required by Section 3320 of the California Civil Code, payment on a properly submitted, fully supported and documented invoice will be due within thirty (30) days of the date all required supporting information is received by District, unless the District disputes in good faith any portion of the amount claimed by the Architect to be due.

5.5.4 Final Invoice. Upon completion of all Services and delivery of final DSA certification, the Architect shall prepare a final invoice for the remaining amount due, including and separately identifying any amounts withheld by District hereunder. This invoice shall be prominently noted **FINAL INVOICE FOR THE MCAULIFFE SCHOOL MODERNIZATION PROJECT**. The Architect shall provide a final invoice within thirty (30) days of District's notification of receipt of final DSA certification. The District shall pay within forty-five (45) days of approval of final invoice. No deductions shall be made from the Architect's compensation on account of penalty, liquidated damages, or other sums withheld from payments to Contractors, provided the reason for such withholding is not attributable to the fault of the Architect or the Architect Consultants.

5.5.5 Combined Invoices. Invoices for Basic Services, Additional Services and Reimbursable Expenses may be combined on a single invoice provided that the invoice is itemized and follows the instructions above.

SECTION 6
DEFAULT; REMEDIES; SUSPENSION AND TERMINATION

6.1 TERMINATION BY DISTRICT

6.1.1 For Cause. The District may terminate all or any portion of this Agreement or the Services for cause in the event of an Architect Default. This termination shall be effective if with respect to any monetary Architect Default, the Architect fails to cure such default within fifteen (15) calendar days following issuance of written notice thereof by the District and with respect to any non-monetary default for which no time period for cure is otherwise specified below, the Architect fails to cure such default within thirty (30) calendar days following issuance of written notice thereof by the District, or if the cure by its nature takes longer, fails to commence such cure within thirty (30) calendar days from the date of issuance of the notice and diligently prosecute such cure to the satisfaction of the District. If the District does not terminate, the District will have the right to withhold monies otherwise payable to the Architect until completion of all Services. If the District incurs additional costs, expenses or other damages due to the failure of the Architect to properly perform pursuant to this Agreement, those costs, expenses or other damages shall be deducted from the amount payable to the Architect. If the amount payable to the Architect exceed the amounts withheld, the balance will be paid to the Architect upon completion of all Services. If the costs, expenses or other damages incurred by the District exceed the amounts withheld, the Architect shall be liable to District for the difference and the Architect shall promptly pay the District such difference. The provisions of this Paragraph 6.1.1 are in addition to, and not a limitation upon, any other rights and remedies of the District under law or in equity and shall survive the termination of this Agreement.

6.1.2 For Convenience. The District may terminate, abandon or suspend performance of this Agreement for convenience and without cause at any time upon thirty (30) days written notice to the Architect, in which case the District will pay the Architect as provided in Section 5 for all Services and authorized Additional Services actually performed, and all authorized Reimbursable Expenses actually incurred and paid, under and in accordance with this Agreement, up to and including the date of termination; provided that such payments shall not exceed the percentage amounts specified as compensation for the Phases of the Services completed, plus any Additional Services and Reimbursable Expenses completed prior to termination, unless the District at its sole discretion determines that demobilization or other compensation is appropriate. After a notice of termination is given, the Architect shall submit to the District a final claim for payment, in the form and with certifications prescribed by the District. Such claim shall be submitted promptly, but in no event later than forty (40) calendar days after the Termination Date specified on the notice of termination.

Such payment shall be the Architect's sole and exclusive compensation and the District shall have no liability to the Architect for any other compensation or damages, including without limitation, anticipated profit, prospective losses, legal fees or costs associated with legal representation or consequential damages, of any kind.

6.1.3 Temporary Suspension of Services. If the Services are suspended in whole or in part by the District for less than one hundred twenty (120) consecutive calendar days, and notice to that

effect was provided to the Architect prior to the suspension of the Services, the Architect shall complete any remaining Services in accordance with the terms herein as in existence at the time of suspension and the Architect shall not be entitled to additional compensation. If one hundred twenty (120) consecutive calendar days or more have elapsed before the Services are resumed, the Project's Schedule shall be adjusted and the Architect's compensation shall be equitably adjusted to provide for expenses incurred in the resumption of the Services.

6.2 ARCHITECT DEFAULT. The occurrence of one or more of the following events shall constitute an "Architect Default" under this Agreement:

6.2.1 Inability to pay debts and Failure to Pay Architect Consultants. At any time prior to the expiration or termination of this Agreement, the Architect is unable to pay its debts in the ordinary course of business as they come due, including but not limited to failure to pay, when due, invoices from Architect Consultants providing services in connection with this Agreement.

6.2.2 Assignment for the benefit of creditors. An assignment for the benefit of creditors is made by, or any bankruptcy, reorganization (in connection with a debtor relief proceeding), receivership, moratorium or other debtor relief proceedings are commenced by or against the Architect, and the same is not discharged within ninety (90) days of commencement.

6.2.3 False or misleading. Any representation or warranty made by the Architect in this Agreement or in connection with any Services proves to be false or misleading in any material respect.

6.2.4 Failure to Provide Acceptable Design. The Architect's failure to provide a functional design that can be built within 110% of the approved Construction Budget in accordance with industry standards.

6.2.5 Defective Services; Errors or Omissions; Failure to Perform. The Architect or the Architect Consultant (a) provides defective services, including any deficiencies due to errors or omissions, or (b) fails to deliver Services in a timely manner; or (c) causes any delays for any reason, including providing defective Services; or (d) fails to perform any obligations under this Agreement (including, without limitation, failure to supply sufficient skilled personnel or suitable materials or equipment or failure to adhere to the Project Schedule).

6.2.6 Willful violation. The District determines that (a) the Architect is willfully violating any conditions or covenants of this Agreement or the Contract Documents, or (b) the Architect is executing Services in bad faith or not in accordance with terms hereof.

6.2.7 Failure to Cooperate with DSA. Failure to comply with DSA requirements or to submit documents at any pre-scheduled times in accordance with the MOU Process will constitute an automatic default.

6.2.8 Unapproved Assignment. The Architect attempts to assign this Agreement or any Services hereunder without prior written approval from the District.

6.2.9 Disregard of District Authority or Direction. The Architect disregards the authority of the District or fails or refuses to perform any reasonable act or service requested by the District hereunder.

6.2.10 Violation of Applicable Law. The Architect violates any applicable law, statute or governmental regulation in connection with any Services or this Agreement.

6.2.11 Failure to Maintain Errors and Omissions Insurance. The Architect fails to maintain the insurance required pursuant to Section 11.2 herein.

6.3 DISTRICT REMEDIES

6.3.1 General Remedies. If an Architect Default occurs under this Agreement, the District may exercise any right or remedy it has under this Agreement, or otherwise available at law or equity, and all of the District's rights and remedies shall be cumulative.

6.3.2 Withholding Payment. If an Architect Default occurs, the District's obligation to disburse further funds to the Architect pursuant to this Agreement may be terminated or suspended by the District, in its sole discretion. In connection with any Architect Default, the District may withhold all or a portion of any payments then or thereafter due to the Architect until the Architect cures any and all defaults to the satisfaction of the District.

6.3.3 Stop Work. Upon the occurrence of an Architect Default, the District may, at its sole and absolute discretion, order the Architect in writing to stop work on the Services, or any portion thereof, until the Architect Default has been cured. The Architect shall make best efforts to avoid delays and shall be solely responsible for any additional costs to the Project in connection with such "stop work" order.

6.3.4 Errors & Omissions; Additional Costs. In addition to any other remedy available to the District under this Agreement or under the laws of the State of California, the District may require the Architect to pay all costs incurred by the District to correct any defect and/or deficiency in the design work of the Architect and/or the Architect Consultants, including but not limited to re-design costs, additional services costs for other consultants, costs incurred by the District under any contract or to make alternative arrangements due to delays, litigation costs, and any cost related to the necessary removal of and/or replacement of work or materials. The Architect shall provide any Services requested by the District to correct any such errors or omissions but shall not receive any fee for any work or Services performed in correcting said errors or omissions regardless of whether such errors or omissions result in damages to the District or delays to the Project. This remedy applies but is not limited to (i) providing a design that fails to serve its purpose when constructed in accordance with industry standard for the particular Project, or (ii) delays due to Architect's failure to comply with the plan check review process in accordance with the District's MOU with DSA.

6.3.5 Self Help. Upon the occurrence of an Architect Default, the District may, at its sole and absolute discretion, without prejudice to other remedies, correct any deficiencies resulting from the Architect Default. In such case, the District may deduct costs relating to correcting such deficiencies, including, without limitation, compensation for additional services and expenses of a supplemental or replacement architect, design or engineering consultants and other consultants made necessary by such defaults, including services of legal counsel, from payments then or thereafter due to the Architect and may adjust the Basic Fee and any fees for Additional Services accordingly. If the payments then or thereafter due to the Architect are not sufficient to cover the amount of the deduction, the Architect shall pay the difference to the District.

6.3.6 Payment to Consultant. If the Architect Default is due to the Architect's failure to pay, when due, invoices of an Architect Consultant providing Services in connection with this

Agreement, the District shall have the right, but no obligation, to pay the amount invoiced directly to that Architect Consultant from any amounts then due the Architect, provided that the District has accepted the Services to which the invoices refer. The District shall have no further liability to the Architect in connection therewith.

6.4 TERMINATION BY ARCHITECT. The Architect may terminate this Agreement only upon the occurrence of one of the following conditions:

6.4.1 Failure to Pay Undisputed Amounts. The Architect my terminate upon thirty (30) days written notice if the District fails to make any undisputed payment to the Architect when due and such failure remains uncured for forty-five (45) calendar days after written notice to the District.

6.4.2 Long Term Suspension of Project. If the Project on which the Architect is providing Services are suspended or abandoned by the District for more than one hundred twenty (120) consecutive calendar days, the Architect may terminate this Agreement upon ninety (90) calendar days' notice to the District, provided the District does not reactivate the Project within such ninety (90) calendar day period.

6.5 SOLE REMEDY UPON TERMINATION BY ARCHITECT

6.5.1 Payment for Services. In the event of a termination of this Agreement by the Architect in accordance with Section 6.4, the District shall pay the Architect an amount for its Services, Additional Services and Reimbursable Expenses calculated in accordance with Paragraph 6.1.2 of this Agreement. Such payment shall be the Architect's sole and exclusive compensation and the District shall have no further liability or obligation to the Architect for any other compensation or damages, including, without limitation, anticipated profit, prospective losses, business devastation, legal fees or costs associated with legal representation or consequential damages of any kind.

SECTION 7
DUTIES AND LIABILITIES OF DISTRICT

7.1 DUTIES

7.1.1 District's Representative: The District's Representative represents the District in all matters pertaining to the Services. The District's Representative shall cooperate with the Architect in all matters relative to this Agreement in order to permit the performance of the work without undue delay.

7.1.2 Statement of Building Program. The District shall provide full information as to the requirements for and the education program to be conducted in the Project, including budget limitations and scheduling. The Architect shall have the right to rely upon such information unless the Architect knows or should know that the information is inaccurate or incomplete.

7.1.3 Surveys and Tests. The following resources, surveys, and reports shall be made available to the Architect, as required, at the District's expense. The Architect shall be entitled to rely upon such resources, surveys and reports, unless the Architect knows or should know that the information contained therein is inaccurate or incomplete. The Architect must inform the District in writing if any information therein appears to be incorrect or incomplete based upon the Architect's experience, site visits, or knowledge of the Project and the sites.

7.1.3.1 Site Survey. The District shall furnish a legal description and a land survey of the site, giving as known grades and lines of streets, alleys, pavements and adjoining property, rights-of-way, restrictions, easements, encroachments, zoning, deed restrictions, boundaries and contours of the Site.

7.1.3.2 Geologic Hazards Investigation Survey. The District shall have caused to be performed any geological hazards or investigation survey required by State authorities having jurisdiction and make copies available to the Architect for distribution as necessary.

7.1.3.3 Special testing and Inspection. The District shall furnish special testing and inspection services as required by law.

7.1.3.4 Checking and Permit Fees. The District shall pay or cause to be paid all fees required in connection with the Project to government agencies having jurisdiction.

7.1.3.5 Advertising. The District shall pay the cost of any advertisements for bids that may be required.

7.1.3.6 District Inspector. The District shall furnish and provide an Inspector of Record, or Inspectors of Record, as required during the entire course of construction of the Project. Each inspector shall be responsible to and under the direction of the Architect and shall also be responsible to and act in accordance with the policies of the District. The cost of employment of each such Inspector of Record will be borne by District and paid directly to the inspector.

7.1.3.7 Hazardous Material Consultant. Unless the District and the Architect agree that a hazardous materials consultant shall be a consultant of the Architect, the District shall furnish the services of a hazardous material consultant or other consultants only when such services are requested in writing by the Architect and deemed necessary by the District or are requested by the District. These services shall include: asbestos and lead paint survey; abatement documentation; and specifications related to said matters which are to be incorporated into bid documents prepared by the Architect. If the hazardous materials consultant is furnished by the District and not a consultant of the Architect, the specifications shall include a note to the effect that they are included in the Architect's bid documents for the District's convenience and have not been prepared or reviewed by the Architect. The note shall also direct questions about the specifications to its preparer.

7.1.4 District Site Visits. At the discretion of the District, District staff may assist or accompany the Architect in making site visits and observing the work, including the visits described below. Requests for changes or substitutions shall be directed to the District Representative. Orders to the Contractor shall be issued through Architect after approval by the District Representative.

7.1.4.1 Pre-Final Walk-Through. District staff, or any person assigned by the District, may participate in the pre-final walk-through of the Project or any portion thereof and may assist in the preparation of the list of deficiencies required by the Construction Phase portion of the Services, as set forth on **Exhibit C** hereto.

7.1.4.2 Final Site Visit. At the discretion of the District, when notified by the Architect that the construction "punch list" items have been corrected, District staff may accompany the Architect and the Contractor on the final Site visits.

7.1.5 Notice of Defects. If the District observes or otherwise becomes aware of any fault or defect in the Project, or nonconformance with the Construction Documents, the District shall verbally or in writing advise the Architect. However, the District's failure to give such notice shall not eliminate the obligations of the Architect regarding the administration of the construction of the Project or other obligations under the Construction Documents; nor require District to make site visits.

7.1.6 Notice of Completion. When all items are completed to the satisfaction of the District and the Architect, and upon written recommendation of the Architect, District staff shall recommend that the District's Board of Trustees adopt a Notice of Completion.

7.2 LIMITATION ON LIABILITY OF DISTRICT

7.2.1 Other than as specifically provided elsewhere in this Agreement, the District's financial obligations under this Agreement shall be limited to the payment of the compensation provided in this Agreement. Notwithstanding any other provision of this Agreement, in no event shall the District be liable, regardless of whether any claim is based on contract or tort, for any special, consequential, indirect or incidental damages, including, but not limited to, lost profits or revenue, arising out of or in connection with this Agreement for the services performed in connection with this Agreement.

7.2.2 The District shall not be responsible for any damage to persons or property as a result of the use, misuse or failure of any equipment used by the Architect, its employees, agents, consultants, invitees or guests even if such equipment has been furnished or loaned to the Architect by the District.

SECTION 8
PROJECT CONSTRUCTION COST ESTIMATES

8.1 CONSTRUCTION BUDGET. The Construction Budget may be revised at the conclusion of design or other earlier Phase of the Project at the discretion of the District based on input from the Architect.

8.2 ESTIMATED PROJECT CONSTRUCTION COST. The Estimated Project Construction Cost shall be prepared and updated by the Architect as required in **Exhibit C** during each Phase of the Services and shall be subject to District approval. The Estimated Project Construction Cost during each Phase shall under no circumstances exceed the Construction Budget, including a reasonable allowance built in for estimating design contingency. The Architect shall, at no additional cost to the District, incorporate any and all revisions needed to the preliminary studies, schematic drawings, site utilization plans and Construction Documents if at any time the Architect becomes aware that the Estimated Project Construction Cost, as recalculated, will exceed the Construction Budget; provided that this limitation shall not apply to unanticipated cost increases beyond the reasonable control of the Architect.

SECTION 9
PROJECT SCHEDULE

9.1 SCHEDULE

9.1.1 Time for Completion. Time is of the essence and failure of the Architect to perform services on time shall constitute a material breach of this Agreement. It shall not be a material

breach if a delay is beyond the Architect's or Architect Consultant's control as set forth in Section 9.1.4 below. The milestones set forth on the project schedule are binding, unless extended in writing by the District Representative.

9.1.2 Delays. Except as otherwise provided in Section 5.2, the Architect shall not be entitled to any compensation additional to the Basic Fee, damages or any losses incurred in connection with delays due to errors, omissions, intentional or negligent acts of the Architect or the Architect Consultant (including their respective employees or those in a direct contractual relationship with either).

9.1.3 Notice of Delay. The Architect shall immediately notify the District of any delay in: (i) the preparation and/or production of any of the Architect's documents hereunder, (ii) the performance of Services, or (iii) connection with any matter attended to by the Architect or with which the Architect is familiar (whether or not as the result of an act or omission of another).

The Architect shall consult and advise the District in connection with any such delay and its effect on the Project Schedule and shall take such action on the District's behalf as the District may request in accordance with the terms and conditions of this Agreement.

9.1.4 Force Majeure. Neither party will be liable to the other for unanticipated delays or failures in performance resulting from causes beyond the reasonable control of that party, including, but not limited to, acts of God, labor disputes or disturbances, material shortages or rationing, riots, acts of war, governmental regulations, communications or utility failures, or casualties; provided that the delayed party: (i) gives the other party prompt written notice of such cause and (ii) uses its reasonable efforts to correct such failure or delay in its performance. The delayed party's time for performance or cure under this Section will be extended for a period equal to the duration of the cause or sixty (60) days, whichever is less.

SECTION 10
DOCUMENTS OWNERSHIP, LICENSE, COPYRIGHT AND USE

10.1 OWNERSHIP. Pursuant to California Education Code Section 17316 and the requirements of the District, all plans, specifications, original or reproducible transparencies of any drawings and master plans, preliminary sketches, architectural presentation drawings, structural computations, estimates and any other documents prepared pursuant to this Agreement, including, but not limited to, any other works of authorship fixed in any tangible medium of expression such as writings, physical drawings and data magnetically or otherwise recorded in electronic form (hereinafter referred to as the "Project Documents") shall be and remain the property of the District. Although the official copyright in all Project Documents shall remain with the Architect or Architect Consultant, as applicable, the Project Documents shall be the property of the District whether or not the work for which they were made is executed or completed. Within thirty (30) calendar days following completion of the Project, or the earlier termination of this Agreement for any reason, the Architect shall provide to the District copies of all Project Documents then existing. In addition, the Architect shall retain copies of all Project Documents on file for a minimum of ten (10) years following completion of the Project, or the early termination of this Agreement for any reason, and shall make copies available to the District upon the payment of reasonable duplication costs. Before destroying the Project Documents following this retention period, the Architect shall make a reasonable effort to notify the District and provide the District with the opportunity to obtain the documents slotted for destruction.

10.2 REUSE BY DISTRICT. All plans for the Project, including, but not limited to, record drawings, specifications, and estimates prepared pursuant thereto, shall be and remain the property of the District for the purposes of repairs, maintenance, renovations, modernization, or other purposes, only as

they relate to an Assigned Project. Notwithstanding the foregoing, the District may use the plans, record drawings, specifications, or estimates related to an Assigned Project for the purposes of additions, alignments, or other development on the site. The District reserves the right to reuse certain elements, features, details or other project standards in order to incorporate them into other projects within the District.

10.2.1 The plans, designs, copyrights, drawings, studies, specifications, and estimates prepared by the Architect or its Consultants are instruments of service of the Architect. The Architect shall be deemed to be the author of these documents and the Architect shall retain all common law, statutory and other reserved rights, including the copyright thereto. Notwithstanding the foregoing, the documents including, but not limited to, plans, drawings, specifications, record drawings, models, mock-ups, renderings and other documents (including all computer file and/or AutoCAD files) prepared by the Architect or the Architect's Consultants for this Project, shall be and remain the property of the District pursuant to Education Code Section 17316 for the purposes of repair, maintenance, renovation, modernization or other purposes as they related to the Project. The District, however, shall not be precluded from using the Architect's or Architect Consultant's documents enumerated above for the purposes of additions, alignments or other development on the Project site.

10.2.2 Notwithstanding Section 1 above, if the District proposes to reuse the plans prepared by Architect within the District but other than on the Project site, the terms and conditions for the reuse shall be set forth in an Amendment to this Agreement, or other subsequent writing executed by the District and the Architect. However, under any circumstances, in the event of any reuse or modification of the Architect's drawings, specifications or other documents by any other person, firm or legal entity, the Architect shall be given design credit and the names and seals of the Architect and the Architect's consultants, if any, shall first be removed from the Architect's drawings, specifications or other documents.

If the District reuses the plans prepared by the Architect or Architect Consultant and retains another certified architect or structural engineer for the preparation of those plans for the reuse, the District shall indemnify and hold harmless the Architect and Architect Consultant, and their respective agents, and employees, from and against any claims, damages, losses, and expenses, including attorney's fees, arising out of or resulting from, in whole or in part, the reuse.

10.2.3 This Agreement creates a non-exclusive and perpetual license for District to copy, use, modify, reuse, or sublicense any and all copyrights, designs, and other intellectual property embodied in plans, specifications, studies, drawings, estimates, and other documents, or any other works of authorship fixed in any tangible medium of expression, including, but not limited to, physical drawings, data magnetically or otherwise recorded on computer disks, or other writings prepared or caused to be prepared by the Architect pursuant to this Agreement. The Architect shall require any and all subcontractors and consultants to agree in writing that the District is granted a non-exclusive and perpetual license for the work of such subcontractors or consultants performed pursuant to this Agreement.

10.3 COPYRIGHT. The Architect represents and warrants that the Architect has the legal right to license any and all copyrights, designs and other intellectual property embodied in the Construction Documents that Architect prepares or causes to be prepared pursuant to this Agreement. The Architect shall indemnify and hold the District harmless pursuant to the indemnification provisions of this Agreement for any breach of this representation and warranty.

10.4 TECHNOLOGY USED. The Architect shall perform the Services and prepare all documents under this Agreement with the assistance of Building Information Modeling (BIM) and Computer Aided

Design (CAD) (e.g., AutoCAD) or other technology acceptable to the Architect and the District. As to any drawings that the Architect provides in a CAD file format, the District acknowledges that anomalies and errors may be introduced into data when it is transferred or used in a computer environment, and that the District should rely on the hard or PDF, unalterable, copies of all documents.

10.5 DELIVERABLES UPON TERMINATION. Following the termination of any Services, for any reason, or abandonment of all or a portion of the Project, the District may utilize the Construction Documents as it sees fit, subject to the provisions of Section 10.2 above. The Architect shall deliver to the District, in a form acceptable to the District, one hard-copy and two (2) electronic copies of each set of Construction Documents, complete or incomplete, prepared in connection with the Project by the Architect and the Architect Consultants, if any.

10.6 NO REPRODUCTION OR USE BY ARCHITECT OR THIRD PARTIES. After completion of the Project, or earlier termination of the Services, the Architect shall not use the Construction Documents for any purpose without District's prior written consent. In addition, the Architect shall not permit reproductions to be made of any Construction Documents without the approval of the District and shall refer all requests by other persons to the District.

SECTION 11
INDEMNIFICATION AND INSURANCE

11 INDEMNIFICATION.INDEMNITY AND LITIGATION COSTS. To the fullest extent permitted by law and in conformity with California Civil Code Section 2782.8, Architect agrees that it will indemnify, defend and hold the District, the District's Representative, and their respective Board members, directors, officers, employees, agents and authorized volunteers (the "Indemnitees") entirely harmless from all claims that arise out of, pertain to, or relate to the negligence, recklessness, or willful misconduct of the Architect, its officers, employees, consultants, subconsultants or agents.

11.1.2 The Architect's obligation to indemnify does not include the obligation to defend actions or proceedings brought against the Indemnitees but rather to reimburse the Indemnitees for attorney's fees and costs incurred by the Indemnitees in defending such actions or proceedings brought against the Indemnitees to the extent such actions or proceedings arise out of, pertain to, or relate to the negligence, recklessness, or willful misconduct of the Architect, its officers, employees, consultants, subconsultants or agents, but not to the extent of loss, injury, death or damage caused by the negligence or willful misconduct of District or of other third parties for which the Architect is not legally liable.

11.1.3 Survival of Indemnities. The provisions of this Section shall survive the termination of this Agreement.

11.2 INSURANCE. Without in any way affecting the indemnity provided in or by Section 11.1, before commencement of any Services, the Architect and each Architect Consultant shall procure and maintain at its own cost and expense for the duration of the Services, and longer as required by the District against claims for injuries to persons or damages to property which may arise from or in connection with the Services, the types and amounts of insurance set forth herein.

11.2.1 Minimum Limits of Insurance. The Architect and each Architect Consultant shall procure and maintain the types and amounts of coverage as follows:

11.2.1.1 Commercial General Liability Insurance with a limit of not less than $2,000,000 each occurrence for bodily injury, personal injury and property damage/$4,000,000 annual aggregate.

11.2.1.2 Automobile Liability Insurance Minimum of $1,000,000 limit each accident.

11.2.1.3 Professional Liability (Errors and Omissions) Insurance with a limit not less than $2,000,000 per claim and $2,000,000.00 in the annual aggregate.

11.2.1.4 Workers' Compensation Insurance as required by the State of California (Division IV of the California Labor Code, and any amendatory acts or provisions thereto).

11.2.1.5 Employer's Liability Insurance in an amount not less than $1,000,000 per accident for bodily injury or disease.

11.2.2 Minimum Scope of Insurance.

11.2.2.1 Commercial General Liability insurance shall be written on Insurance Services Office form CG 0001 (or a substitute form providing coverage at least as broad) and shall cover liability arising from bodily injury and property damage (broad form property damage), premises, operations, independent contractors, products-completed operations, personal injury and advertising injury liability (including the tort liability of another assumed in a business contract), contractual liability with respect to this Agreement, explosion, collapse and underground hazards.

11.2.2.2 Automobile Insurance, if applicable, shall cover liability arising out of any automobiles (including owned, hired and non-owned automobiles). Coverage shall be written on Insurance Services Office form CA 0001, or a substitute form providing liability coverage at least as broad. The policy may require deductibles acceptable to the Director of Risk Management of the District, but not self-insured retention without written approval from District.

11.2.2.3 If the Professional Liability Insurance policy is written on a claims made basis, it shall be maintained continuously for a period of no less than three (3) years after Final Completion of the Project to which it applies.

11.2.3 Valuable Document Insurance: The Architect shall carry adequate insurance on all drawings and specifications as may be required to protect District in the amount of its full equity in those drawings and specifications, and shall file with District a certificate of that insurance. The cost of that insurance shall be paid by Architect.

11.2.4 Content and Endorsements: Each policy must contain, or be endorsed to contain, the following provisions:

11.2.4.1 The Commercial General Liability policy shall name District, its Board of Trustees and each member thereof, its officers, employees, agents, and designated volunteers as named additional insureds ("Additional Insureds"). The coverage shall contain no special limitations on the scope of protection afforded to the Additional Insureds. Coverage shall be primary and not contributory with respect to the Additional Insureds. Any insurance or self-insurance maintained by the Additional Insureds shall be in excess of the Architect's insurance and shall not contribute with it.

11.2.4.2 With respect to the Commercial General Liability policy and Professional Liability policy the insurers shall agree to waive all rights of subrogation against District, its Board of Trustees and each member thereof, its officers, employees, agents, and volunteers.

11.2.4.3 Each insurance policy required by this Agreement shall be endorsed to state that coverage shall not be suspended, voided, reduced or canceled except after thirty (30) days prior written notice has been given to the District by the carrier. In the case of cancellation for non-payment, ten (10) days notice is acceptable. Qualified statements such as carrier "will endeavor" or that "failure to mail such notice shall impose no obligation and liability upon the company" shall not be acceptable.

11.2.4.4 The insurance shall apply separately to each insured against whom claim is made or suit is brought, except with respect to the limits of the insurer's liability.

11.2.5 General Insurance Matters: All insurance coverage required under this Agreement shall:

11.2.5.1 Be issued by insurance companies admitted to do business in the State of California, with a financial rating of at least an A:VII as rated in the most recent edition of Best's Insurance Reports. Architect shall notify District in writing if any of its insurer(s) have an A.M. Best rating of less than A:VII. At the option of District, either 1) District can accept the lower rating; or 2) the Architect or Architect Consultant shall be required to procure insurance from another insurer.

11.2.5.2 Except for professional liability policies, all insurance required by this Section shall contain standard separation of insureds provisions. In addition, such insurance shall not contain any special limitations on the scope of protection afforded to the District, its directors, officials, officers, employees and agents.

11.2.5.3 The Architect or Architect Consultant, as applicable, shall promptly notify the District of any materials change in the coverage, scope, or amount of any policy.

11.2.5.4 Except for professional liability policies for which primary coverage is not available, all such insurance shall be primary insurance. Any insurance of the District shall be excess coverage for benefit of the District only and non-contributory.

11.2.5.5 At all times while this Agreement remains in effect, the Architect and the Architect Consultant shall maintain on file with the District valid and up to date certificates of insurance showing that the required insurance coverage is in effect in not less than the required amounts. If not contained on the face of the policy, endorsements signed by a person authorized by the insurer to bind coverage on its behalf, shall be separately provided. Each policy endorsement, copy, or a certificate of the policy executed by the insurance company, and evidence of payment of premiums for each policy shall be deposited with the District within twenty-one (21) days of execution of this Agreement and prior to the commencement of services, and on renewal of the policy, not less than twenty (20) days before the expiration of the term of the policy.

11.2.5.6 If the Architect fails to provide or maintain the required insurance, the District may, at its sole and absolute discretion, obtain such insurance at the Architect's expense and deduct the premium from any fees or reimbursable expenses subsequently invoiced by the Architect.

11.2.5.7 Any deductibles or self-insured retentions in excess of $100,000 must be declared to the District and must be reduced to a level deemed acceptable by the District in writing. The Architect agrees that, at the option of the District, it will either: (A) arrange for the insurer shall reduce or eliminate such deductibles or self-insured retentions with respect to the District, its directors, officials, officers, employees and agents; or (B) procure a bond guaranteeing payment of losses and related investigation costs, claims and administrative and defense expenses.

SECTION 12
DISPUTE RESOLUTION

12 RESOLUTION OF CLAIMS. Claims shall be resolved by the parties in accordance with the provisions of this Section 12. All Claims shall be subject to the **"Claims Resolution Process"** set forth in this Section 12, which shall be the exclusive recourse of the Architect and the District for determination and resolution of Claims. For purpose of this Section 12, a **"Claim"** shall mean, a written demand or assertion by the District or the Architect seeking, as a matter of right, an interpretation of contract, disputed payment of money, recovery of damages or other relief. A Claim does not include the following: (i) penalties or forfeitures prescribed by statute or regulation imposed by a governmental agency; (ii) tort claims for personal injury or death; (iii) false claims liability under California Government Code Section 12650, et seq.; (iv) physical defects in the Construction first discovered by the District after final payment by the District to a Contractor; (v) stop notices; or (vi) the right of the District to specific performance or injunctive relief to compel performance.

12.1 RESOLUTION OF OTHER DISPUTES. Disputes between the District and the Architect that do not constitute Claims shall be resolved by way of an action filed in the Superior Court of the State of California, County of Ventura, and shall not be subject to the Claims Resolution Process.

12.2 SUBMISSION OF A CLAIM

12.2.1 By the Architect. The Architect's right to commence the Claims Resolution Process shall arise upon the District's written response denying all or part of a Claim. The Architect shall submit a written statement of dispute to the District within fourteen (14) calendar days after the District rejects all or a portion of the Architect's Claim. Failure by the Architect to timely submit its statement of dispute shall result in the decision by the District on the Claim becoming final and binding. The Architect's statement of dispute shall be signed by a Principal of the Architect and shall state with specificity the events or circumstances giving rise to the Claim, the dates of their occurrence and the asserted effect, if any, on the compensation due or time of performance obligations of the Architect under this Agreement (the "Statement of Dispute"). Such Statement of Dispute shall include adequate supporting data to substantiate the disputed Claim. Adequate supporting data for a Claim relating to an adjustment of the Architect's obligations relative to time of performance shall include a detailed, event-by-event description of the impact of each delay on the Architect's time for performance. Adequate supporting data for a Statement of Dispute involving the Architect's compensation shall include a detailed cost breakdown and supporting cost data in such form and including such detailed information and other supporting data as required to demonstrate the grounds for, and precise amount of, the Claim.

12.2.2 By the District. The District's right to commence the Claims Resolution Process shall arise at any time following the District's actual discovery of the circumstances giving rise to the Claim. Nothing contained herein shall preclude the District from asserting Claims in response to a

Claim asserted by the Architect. A Statement of Claim submitted by the District shall state the events or circumstances giving rise to the Claim, the dates of their occurrence and the damages or other relief claimed by the District as a result of such events.

12.3 CLAIMS RESOLUTION PROCESS. The parties shall utilize each of the following steps in the Claims Resolution Process in the sequence they appear below. Each party shall participate fully and in good faith in each step in the Claims Resolution Process, which good faith effort shall be a condition precedent to the right of each party to proceed to the next step in the Claims Resolution Process.

12.3.1 Direct Negotiations. Designated representatives of the District and the Architect shall meet as soon as possible (but not later than forty-five (45) calendar days after the Statement of Dispute is given) in a good faith effort to negotiate a resolution to the Claim. Each party shall be represented in such negotiations by an authorized representative with full knowledge of the details of the Claim or defenses being asserted by such party, and with full authority to resolve such Claim then and there, subject only to the District's right and obligation to obtain Board of Trustees' approval of any agreed settlement or resolution. If the Claim involves the assertion of a right or claim by a Contractor or Architect Consultant against the Architect that is in turn being asserted by the Architect against the District, then such Contractor or Architect Consultant shall also have a representative attend such negotiations, with the same authority and knowledge as just described. Upon completion of the meeting, if the Claim is not resolved, the parties may either continue the negotiations or either party may declare negotiations ended. All discussions that occur during such negotiations and all documents prepared solely for the purpose of such negotiations shall be confidential and privileged pursuant to California Evidence Code Sections 1119 and 1152.

12.3.2 Deferral of Agreement Disputes. Following the completion of the negotiations required by the preceding paragraph, all unresolved Claims shall proceed to Mediation as set forth in the succeeding paragraph entitled "Mediation." The Parties hereto may mutually agree to postpone continuing the Claims Dispute Resolution until the earlier of: (i) the completion of the Scope of Services hereunder or, (ii) the termination of the services. In the event Claims are deferred, the Claims shall be consolidated within a reasonable period of time after completion of the Scope of Services herein and pursued to resolution through the Claims Dispute Resolution Process. Pending final resolution of any Claim, the Architect shall proceed diligently with the performance of its Scope of Services and the District shall continue to make payments for those services that are not part of the Claim set forth herein in accordance with the terms of this Agreement.

12.3.3 Mediation. If the Claim remains unresolved after direct negotiations pursuant to Paragraph 12.3.1, the parties agree to submit the Claim to non-binding mediation before a mutually acceptable third party mediator prior to commencement of any lawsuit or court action.

12.3.3.1 Qualifications of Mediator. The parties shall endeavor to select a mediator who is a retired judge or an attorney with at least five (5) years of experience in public works construction contract law and in mediating public works construction disputes.

12.3.3.2 Submission to Mediation and Selection of Mediator. The party initiating mediation of a Claim shall provide written notice to the other party of its decision to mediate. In the event the parties are unable to agree upon a mediator within ninety (90) calendar days after such written notice is given, then the parties shall submit the matter to the Superior Court of the County of Ventura to select a mediator in accordance with the qualifications herein and the applicable law.

12.3.3.3 Mediation Process. The location of the mediation shall be at the offices of the

District, or otherwise mutually agreed. The costs of mediation shall be shared equally among all parties participating. All discussions that occur during the mediation and all document presentations prepared solely for the purpose of the mediation shall be confidential and privileged pursuant to California Evidence Code Sections 1119 and 1152.

12.3.4 Litigation. If the Claim remains unresolved after direct negotiations and mediation, either party may commence an action in the Superior Court of the County of Ventura. The Architect hereby submits to the jurisdiction of said court.

12.4 NON-WAIVER OR RELEASE. Participation in the Claims Resolution Process shall not constitute a waiver, release or compromise of any defense of either party.

SECTION 13
NOTICES

13 NOTICES. All notices, demands, or requests to be given under this Agreement shall be given in writing and conclusively shall be deemed received when received in any of the following ways: (i) on the date delivered if delivered personally; (ii) on the date sent if sent by facsimile transmission and confirmation of transmission is received; and (iii) on the date it is accepted or rejected if sent by certified mail. All notices, demands or requests shall include the name of this Agreement and be addressed to the parties as follows:

TO DISTRICT:

Oxnard School District
Attn: Karling Aguilera-Fort - Superintendent
1051 South A Street
Oxnard, CA 93030

TO ARCHITECT:

IBI Group
Attn: Craig Atkinson - Principal Architect
315 West 9th Street, Suite 600
Los Angeles, CA 90015

SECTION 14
REPRESENTATIONS OF THE ARCHITECT

14.1 REPRESENTATIONS OF THE ARCHITECT. By executing this Agreement, and hereafter each and every time this Agreement is amended, the Architect makes each of the following covenants and representations.

14.1.1 The Architect represents that it is professionally qualified to act as the Architect for the Project, is licensed to practice architecture in the State of California by all public entities having jurisdiction over the Architect and the Project.

14.1.2 The Architect covenants to maintain, at all times Services are performed hereunder, all necessary licenses, permits or other authorizations necessary to act as architect for the Project or projects until the Architect's duties in connection therewith have been fully satisfied.

14.1.3 The Architect represents that it has become familiar with the Project site and the local conditions under which the Project is to be designed, constructed, and operated.

14.1.4 The Architect represents and covenants that it shall prepare, or cause to be prepared, all documents and things required by this Agreement including, but not limited to, all Project plans and specifications in such a manner that they shall be constructible in accordance with the standards of the profession.

14.1.5 The Architect assumes full responsibility to the District for the improper acts and omissions of its employees and any consultants retained by the Architect in connection with the Project. The Architect covenants that each Project Director and all other Architect employees or sub-consultants now or in future assigned by the Architect to work on a Project shall have the level of skill, experience and qualifications required to perform the Services assigned to them, and shall also have all licenses, permits or approvals legally required to perform such Services.

14.1.6 The Architect covenants that it shall be responsible for all costs and damages, including those due to any delays, resulting from its failure to prepare adequate documentation or to implement any changes identified as necessary either in connection with the Constructability Review or other review.

14.2 COMPLIANCE WITH LAWS. The Architect covenants that it shall, at all times while providing Services, remain in full compliance with the provisions of all applicable laws, rules and regulations, including without limitation, the provisions of the Education Code regarding design and construction of school facilities, the provisions of the California Labor Code regarding employer's insurance, the provisions of the California Labor Code regarding payment prevailing wages, non-discriminations laws (including federal and state laws), and any and other laws rules and regulations applicable to this Agreement, the Architect, the District, the Project or the Services. The Architect shall at all times require the Architect Consultants to fully comply with such applicable laws, rules and regulations. Without in any way limiting the generality of the foregoing the Architect shall ensure that it and each Architect Consultant comply with the following:

14.2.1 Cost Disclosure - Documents and Written Reports. The Architect shall be responsible for compliance with California Government Code section 7550 if the total cost of the contract is over five thousand dollars ($5,000).

14.2.2 Disabled Veteran Business Enterprise Participation. Pursuant to Education Code section 17076.11, the District has a participation goal for disabled veteran business enterprises (DVBEs) of at least three (3) percent, per year, of funds expended each year by the District on projects that use funds allocated by the State Allocation Board pursuant to the Leroy F. Greene School Facilities Act. Unless waived in writing by the District, the Architect shall provide proof of DVBE compliance, in accordance with any applicable policies of the District or the State Allocation Board, within thirty (30) days of its execution of this Agreement.

14.2.3 Fingerprinting & Other Operational Requirements of the District. Unless exempted, the Architect shall comply with the requirements of Education Code Section 45125.1 with respect to fingerprinting of employees who may have contact with the District's pupils. The Architect shall also ensure that its consultants on the Project also comply with the requirements of Section 45125.1. The Architect and each Architect Consultant must complete the District's certification form attached hereto as **Exhibit E** and incorporated herein by reference prior to any of the Architect's or Architect Consultant's employees coming into contact with any of the District's pupils. The Architect also agrees to comply, and ensure that all its employees and Architect Consultants comply with all other operational requirements of the District, as may be revised from time to time, including but not limited to any obligations relating to vaccination or testing for infectious diseases.

14.2.4 Name and Trademarks. The Architect shall not use any name, trademark or service mark of the District without first having received the District's written consent to such use.

14.2.5 Conflict of Interest. No member, official or employee of the District shall have any personal interest, direct or indirect, in this Agreement nor shall any such member, official or employee participate in any decision relating to the Agreement which affects his personal interests or the interests of any corporation, partnership or association in which he is directly or indirectly interested.

14.2.6 Safety. The Architect shall execute and maintain its work so as to avoid injury or damage to any person or property. In carrying out its Services, the Architect shall at all times be in compliance with all applicable local, state and federal laws, rules and regulations, and shall exercise all necessary precautions for the safety of its employees, consultant and subcontractors appropriate to the nature of the work and the conditions under which the work is to be performed.

14.2.7 Labor Certification. By its signature hereunder, the Architect certifies that it is aware of the provisions of Section 3700 of the California Labor Code which require every employer to be insured against liability for Workers' Compensation or to undertake self-insurance in accordance with the provisions of that Code, and agrees to comply with such provisions before commencing the performance of the Services.

14.3 SUPPLEMENTAL CONDITIONS. Any supplemental conditions agreed to by the parties shall be attached as an exhibit to this Agreement and incorporated herein by reference.

SECTION 15
MISCELLANEOUS PROVISIONS

14.4 SUCCESSORS AND ASSIGNS. In as much as this Agreement is intended to secure the specialized Services of the Architect, the Architect may not assign, transfer, delegate or sublet any interest therein without the prior written consent of the District and any such assignment, transfer, delegation or sublease without the District's prior written consent shall be considered null and void. Likewise, the District may not assign, transfer, delegate or sublet any interest therein without the prior written consent of the Architect and any such assignment, transfer, delegation or sublease without the Architect's prior written consent shall be considered null and void.

14.5 SEVERABILITY. If any term, covenant, condition or provision of this Agreement is held by a court of competent jurisdiction to be invalid, void or unenforceable, the remainder of the provisions hereof shall remain in full force and effect and shall in no way be affected, impaired or invalidated thereby.

14.6 ENTIRE AGREEMENT. This Agreement including Exhibits hereto, contains the entire understanding of the Parties, and supersedes all other written or oral agreements. The Architect shall be entitled to no other benefits other than those specified herein. No changes, amendments or alterations shall be effective unless in writing and signed by both Parties. The Architect specifically acknowledges that in entering into this Agreement, the Architect relied solely upon the provisions contained in this Agreement and no others.

14.7 GOVERNING LAW AND VENUE. This Agreement shall be construed in accordance with, and governed by the laws of the State of California, excluding its choice of law rules. Venue shall be exclusively in Ventura County.

14.8 NON-WAIVER. None of the provisions of this Agreement shall be considered waived by either party unless such waiver is specifically specified in writing. Neither the District's review, approval of, nor payment for, any of the services required under this Agreement shall be construed to operate as a waiver of any rights under this Agreement, and the Architect shall remain liable to the District in accordance with this Agreement for all damages to the District caused by the Architect's failure to perform any of the Services to the standard of care of the Architect for its services, which shall be, at a minimum, the standard of care of architects performing similar work for California school districts in or around the same geographic area of the District. This provision shall survive the termination of this Agreement.

14.9 INDEPENDENT CONTRACTOR. The Architect is, for all purposes arising out of this Agreement, an independent contractor, and neither the Architect nor its employees shall be deemed an employee of the District for any purpose. It is expressly understood and agreed that the Architect shall in no event be entitled to any benefits to which District employees are entitled, including, but not limited to, overtime, retirement benefits, insurance, vacation, workers' compensation benefits, sick or injury leave or other benefits.

14.10 NO ASBESTOS CERTIFICATION. No asbestos or asbestos-containing materials will be used or substituted in conjunction with the Project. Upon completion of all work under the Project, the Architect will certify to the District that to the best of the Architect's knowledge, no asbestos or asbestos-containing materials were used in the Project.

14.11 NON-DISCRIMINATION. No discrimination shall be made by the Architect in the employment of persons to work under this Agreement because of race, national origin, sex, age, ancestry, religion, physical disability, marital status, sexual orientation, or political affiliation of such person. The Architect shall comply with all applicable regulations and laws governing nondiscrimination in employment, including without limitation the following laws:

(a) California Fair Employment and Housing Act (California Government Code Section 12900 et seq.) which prohibits discrimination in employment on account of race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, marital status, or sex and prohibits harassment of an employee or applicant because of race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, marital status, sex or age;

(b) Federal Civil Right Act of 1964 (42 U.S. Code Section 2000e, et seq.) which prohibits discrimination in employment on the basis of race, religious creed, color, national origin, or sex;

(c) Title I of the Americans With Disabilities Act of 1990 (42 U.S. Code Section 12101 et seq.) which prohibits discrimination against qualified individuals with a disability in hiring and employment practices;

(d) The Age Discrimination in Employment Act (29 U.S. Code Section 621, et seq., prohibiting age discrimination in employment against individuals who are least forty years of age;

(e) California Labor Code Section 1102.1 which prohibits discrimination in any aspect of employment or opportunity for employment based on actual or perceived sexual orientation.

14.12 NO THIRD PARTY BENEFICIARY. There are no intended third party beneficiaries of any right or obligation assumed by the Parties.

14.13 ASSISTANCE OF COUNSEL. Each party warrants that it has had the opportunity to consult counsel and understands the terms of this Agreement and the consequences of executing it. In addition, each party acknowledges that the drafting of this Agreement was the product of negotiation and that this Agreement shall not be construed against any party as the drafter of the Agreement.

14.14 AUTHORITY TO EXECUTE. The persons executing this Agreement on behalf of their respective Parties represent and warrant that they have the authority to do so under law and from their respective Parties.

14.15 HEADINGS. The headings in this Agreement are inserted only as a matter of convenience and reference and are not meant to define, limit or describe the scope or intent of the contract documents or in any way to affect the terms and provisions set forth herein.

14.16 EXECUTION IN COUNTERPARTS. This Agreement may be executed in any number of counterparts, each of which shall be an original, but all of which together shall constitute one instrument.

NOW, THEREFORE, the parties, through their authorized representatives, have executed this Agreement on the dates indicated under their respective signatures.

MODERNIZATION OF
MCAULIFFE AND RITCHEN ELEMENTARY SCHOOLS

Attachment A: Vision & Specifications

Attachment B: Cost Comparison Sheet

Responses due Friday, September 13, 2019, 1:OO pm

Prepared at the Direction of the Oxnard School District by:

CFW
Planning and Financing Better Schools for California Students

REQUEST FOR PROPOSAL FOR ARCHITECTURAL SERVICES

I. PROJECT DESCRIPTION: MODERNIZATION OF MCAULIFFE AND RITCHEN ELEMENTARY SCHOOLS

PROJECT ORIENTATION

Christa McAuliffe Elementary School (McAuliffe) is located at 3300 Via Marina Avenue and serves kindergarten through fifth grade. The school occupies approximately 12.9 acres and is bounded by Via Marina Avenue to the north, Offshore Street to the west, Via Marina Park to the south and single-family residential homes along Kelp Street that back into the school site on the east. Carl Dwire Junior Special School, a County facility, is located adjacent to the kindergarten and portable classrooms and takes up the northeast potion of the block. The school was originally built in 1989 and has a total of 30 permanent classrooms, 10 portable classrooms, and 1 portable restroom facility. Two of the existing 30 permanent classrooms were recently constructed in 2018 as new kindergarten/flex classroom facilities and are not shown on the existing conditions image above. As of the 2018-19 school year, McAuliffe has a total enrollment of 698 students.

Christa McAuliffe Elementary School (McAuliffe) Existing Conditions

A copy of the school site map may be obtained at the following link: McAuliffe School Site Map. In addition, the original design plans may be obtained at the following link: McAuliffe Elementary School Plans.

Ritchen Elementary School is located at 2200 Cabrillo Way. The school occupies approximately 10.9 acres, and is bounded by Cabrillo Way to the north, Gallatin Place to the west, Oneida Place to the south and single-family residential homes that abut the school along Astoria Place to the east. The school was originally built in 1992 and has a total of 30 permanent classrooms and 4 portable classrooms and houses approximately 612 students as of the 2018-19 school year. Two of the existing 30 permanent classrooms were recently constructed in 2018 as new kindergarten/flex classroom facilities and are not shown on the existing conditions image above.

Ritchen Elementary School Existing Conditions

A copy of the school site map may be obtained at the following link: Ritchen School Site Map. In addition, the original design plans may be obtained at the following link: Ritchen Elementary School Plans.

PROJECT REQUIREMENTS

The work must be coordinated with other improvements that may be undertaken at the time a notice to proceed is issued. Collectively, the below mentioned should be considered a summary of the proposed project ("Project"). The Project is to be awarded to a single architectural firm for the design, DSA submittal, and construction administration of a single integrated set of plans. The selected architectural firm will also be required to oversee the design, as a part of their agreement with the District, of any modular building manufacturer/vendor company who places structures, temporarily or permanently, on one of the school sites to ensure that the complete project reflects approved program goals; this effort will occur throughout concept and design development, design approval, procurement and construction administration phases of this project. This scope to be further defined at a later date.

Requested Services: Required professional architectural services shall include: evaluation, reporting, and assessment of existing conditions as associated with the Project planning, design, approval, bidding services, and construction administration of the modernization and upgrade of the required facilities and placement of modular rental classrooms, and site improvements, including landscaping, hardscape, and playground facilities. The appearance of the completed Project should be integrated in theme and appearance with existing facilities at the site as determined by the District and subject to meeting the cost, schedule, and aesthetic appearance criteria set forth within the attached Vision and Specifications document **(Attachment A).**

In support of the District's adopted K-5 vision and specifications and McAuliffe and Ritchen's educational focus, 21st Century improvements are proposed for existing permanent classrooms, libraries, MPRs, and support spaces. McAuliffe Elementary hosts an academic strand focus of STEAM (Science, Technology, Engineering, Arts and Math) for K-5 students in its existing facilities. Ritchen Elementary hosts an academic strand focus of Science and Technology for K-5 students in its existing facilities.

Water intrusion into the building is a problem at both McAuliffe and Ritchen. Design team to investigate, design a solution and provide a cost estimate for this work that is separate from the modernization costs.

Code required upgrades triggered by the modernization work, such as fire alarm system replacement or upgrade and ADA upgrades are to be investigated, designed and priced by the Architect / Engineer. Estimates for this work will be separate from the modernization costs.

HVAC work to consist of thermostat replacement with Venstar, centrally monitored thermostats throughout. All ducting, piping, pumps and boilers to be inspected and replaced as required. (Air handlers and VFDs replaced in 2013.) Unused funds to be applied to replacement of toilets, valves and faucets on an as-needed basis.

In implementing the State's Common Core State Standards (CCSS), students are required to collaborate, communicate, create and solve problems using the basic skills they have learned. Students must also engage in higher order thinking skills and more rigorous instruction. The District operates its educational instruction in general purpose classrooms. Under State standards, these classrooms must be 960 square feet or more and provide the space in which students study and learn the CCSS in the core subject areas: English and Language Arts (ELA), math, social studies and science. The District also offers art and other similar instruction in these same classrooms. In addition to the core curriculum, students participate in an academic curriculum that heavily focuses on the integration of science, technology, engineering, art and math into all of the academic content. The renovation of classroom interiors is to be built to support the following 21st Century standards:

- Full-height markerboards will be installed to cover most of the walls of each classroom. Where necessary, sliding markerboards will be utilized to provide window coverings. The markerboards can be written on from floor to ceiling and should slide over windows to provide a window covering when needed. Depending on available area within the existing classrooms, they will also slide to the side to reveal storage closets with the mobile storage units or slide over exiting cabinetry in the room when the cabinetry consumes most of a wall. At least nine linear feet of wall space shall be mineral fiber core tackable surfaces that will also help to minimize noise in the classroom. The tackable surfaces will cover the walls in areas that are least likely for students or teachers to use for writing and maximizes presentation space while accommodating movable storage space.
- Modern and flexible furnishings for each classroom will be provided in the form of modular tables and ergonomic chairs that can be easily reconfigured in the classroom as space allows. New teaching stations will be provided in each room, as will a multimedia presentation shuttle that the teacher can maneuver easily around the room. Mobile storage solutions will be provided based on the existing design of the classroom. Furnishings will be indoor-air friendly and easy to maintain.
- In the classroom dedicated as a Science and Technology Academy lab or STEAM Academy Lab, the furnishings will include mobile tables that seat four students, mobile student chairs for up to 36 students and five mobile storage carts to house science materials and equipment. The classroom should have a water source and an area for the storage of science materials and equipment required for science experiments. The floor will be a hard surface that is easily cleaned.
- In the Piano Lab, additional electrical capacity will be provided through a control box. The piano keyboards are to be placed in rows with a center isle so that the teacher can walk down the aisle and look down the row at the keyboards to monitor student practice techniques and engagement. A space between each of the rows will allow for the teacher to move easily behind each of the students to provide individual feedback as necessary. A total of 16 student keyboards are required in the room. One instructor keyboard will be provided along with a digital board for listening placed at the front of the room. Each of the keyboards will be hooked up to the electrical outlet provided along each of the two walls. The keyboards

and the instructor's keyboard and monitor device will be networked together. The room will also include the 21st Century amenities & technology components such as full height fixed & sliding white boards, 1:1 interactive functionality, monitors placed on the three sides of the classroom. All walls of the classroom become available as the teaching locations. There are mobile storage units to hold instructional materials and supplies.

- Three broadband-connected high-definition video displays will be added in each classroom, attached to hydraulic wall mounts that allow easy adjustment of the displays' viewing angle and height. These displays will allow students to view content from any point in the room. Through the use of media interface devices, students and teachers will be able to project content from a computer or mobile device to the mounted displays.
- Damaged surface areas will be repaired or replaced where required, and new coats of paint will be applied to doors and other surfaces to give each classroom a clean look.

For the library/media center improvements, key elements required include:

- ~~Sixteen media tables and stools of various heights will be located along one wall that have electrical outlets for students to plug in their hand-held devices or computer stations that have software specific for students to create projects related to the school's educational program.~~
- A 90-inch monitor will be placed the main area of the Media Center to be used by students and staff to project presentations, student projects, or information.
- A variety of flexible and comfortable seating for reading and study will be provided for 15 students throughout the main Media Center space. Mobile desks or tables will be provided for 36 students that may be easily reconfigured.
- Permanent book shelving will be provided along the walls of the main area of the Media Center. Additional moveable bookshelves will be provided at different configurations. A space for locked technology storage to hold student handheld devices will be provided. Table space, four chairs, and four mobile storage units will be provided in a textbook storage/workroom.
- Depending on the space available, there will be three breakout rooms in which up to 4 students can work. A table and four chairs will be provided. These rooms will have windows or glass walls and doors so that appropriate supervision can be provided from the main area of the Media Center.
- Also depending on available area, one Maker's Space will be provided that is a minimum of 480 square feet and accessed from the Media Center for up to 8 students for research and design. Flooring will include hard surfaces such as concrete or vinyl. This room will have tables, 8 chairs, and 2 mobile storage units to hold materials for creating projects and for space to store projects students are creating. This room will also have glass walls or large windows so that it can be easily supervised from the main area of the Media Center.

Key elements related to the improvements to the existing MPR facilities include:

- Cafeteria type tables and seating will be provided that easily and quickly fold up and can be stored in designated storage rooms or spaces and maximize the seating within the available space for multiple uses. The tables and seating must be provided that support their use and reconfiguration for smaller parent and staff meetings as well as for school sponsored assemblies.
- ~~A 90-inch monitor will be mounted on the wall away from physical activity areas with wireless connectivity throughout the room.~~

- A dedicated space for an 18' x 24' portable stage, that can be easily stored and quickly assembled to provide a performance space for students, band and choir. A remote-controlled retractable screen and mounted projector will be added, preferably located in the area that best supports the portable stage. This space will also be available for group meetings, with the monitor serving as a screen for the presenter to project images or presentations.
- ~~New kitchen equipment will be provided to replace older equipment, where required. Properly functioning kitchen equipment will remain.~~ Walk-in refrigerators / freezers at both schools to be evaluated for functionality and repaired / replaced as required. The grease interceptor to be replaced at McAuliffe only.
- New ceiling tiles, flooring, and HVAC grills will be replaced where required.
- Electrical upgrades for improved Audio-Visual systems will be provided, where required.
- Structural evaluation at Ritchen – 1 window wall.
- Where community uses are already in place, they shall be maintained to the extent possible as long as they do not interfere with the educational and operational use of the school.

McAuliffe Elementary School

The renovation of classroom interiors is proposed to support 21st Century learning methods and environments for the 28 permanent learning spaces, including four classrooms for kindergarten instruction, one as a learning space to support a STEAM Academy Lab and one space to support a Piano Lab. Within the existing permanent classrooms, one (1) Special Day Classroom (SDC) will be modernized to support the teaching of special education classes for severely handicapped students ("Severe") in core subjects, such as English, language arts, math, science, and social studies. A modernized 21st Century library/media center is proposed to support virtual learning, student engagement and collaboration. A renovated MPR is proposed, which will primarily include new projector and screen, replacement of the stage with a smaller, demountable stage, replacement of a limited amount of ceiling tile, kitchen upgrades as listed and supplemental or new cafeteria tables, as directed by the district. All facilities are to be modernized according to the 21st century standards above and according to the District's vision and specifications **(Attachment A).**

The District's adopted K-5 Educational Specifications for K-5 schools serving 700 students includes a total of 23 standard classrooms, 4 kindergarten classrooms, and 1 special education/RSP classroom. In total, 28 classroom spaces are provided for new or reconstructed K-5 schools per the Educational Specifications.

Upon completion of the two flex classrooms under construction, there will be 30 permanent classrooms at McAuliffe, exceeding the District-approved Educational Specifications for a K-5 school. The District is currently clustering students at McAuliffe who need special education facilities resulting in the need to allocate 3 classrooms to the SDC program. If this is to remain, permanent classrooms are recommended to be allocated as such:

- 5 TK/Kinder classrooms
- 20 classrooms grades 1-5 (4 classrooms per grade)
- 3 SDC classrooms
- 1 classroom to be used for the STEAM Academy Lab
- 1 Piano Lab

A combination of TK, SDC or Kindergarten classes will move into the new flex classrooms currently under construction, resulting in their old classroom space in the original permanent classroom building being available. Additionally, the new 1:1 mobile device program and library/media center will incorporate the school's needs for a computer lab, thus freeing up an additional classroom (Room 12) previously providing this role. As Room 32 is also currently empty, McAuliffe will have 4 open classrooms in the permanent building, allowing the 4 current fourth grade classes located in portable

classrooms to be moved into the permanent building. This reorganization will result in all classes being taught in permanent classrooms.

As part of the District's Master Construct and Implementation Program, future improvements at McAuliffe include providing approximately 730 square feet of administrative programming space in the permanent building to properly house both the Speech and RSP programs. Per the adopted Educational Specifications, the counselor and psychologist rooms require at least 150 square feet each. As the counselor office is currently in a space that could serve a support program with the need for greater square footage, finding a new home for the counselor office will eliminate the need to construct new administration space. There are two locations where there are two adjacent supply rooms: between Rooms 21 and 23 and between Rooms 34 and 36. By converting either set of these supply rooms into 1 larger office space, may create sufficient space to house the counselor room, allowing the current counselor space to house RSP and Speech, thereby eliminating the use of 2 additional portables for support space. This will be further studied once the design process is underway.

Ritchen Elementary School

The renovation of classroom interiors is proposed to support 21st Century learning methods and environments for the 28 permanent learning spaces including a learning space to support the Science and Technology Academic lab and one space to support a Piano Lab. A modernized 21st Century library/media center is proposed to support virtual learning, student engagement and collaboration. A renovated MPR is proposed, which will primarily include new projector and screen, replacement of the stage with a smaller, demountable stage, replacement of a limited amount of ceiling tile, kitchen upgrades as listed, structural repair as necessary and supplemental or new cafeteria tables, as directed by the district. All facilities are to be modernized according to the 21st century standards above and according to the District's vision and specifications **(Attachment A).**

The District's adopted K-5 Educational Specifications for schools serving 700 students includes a total of 23 standard classrooms, 4 kindergarten/transitional kindergarten classrooms, and 1 special education/RSP classroom. In total, 28 classroom spaces are provided for new or reconstructed K-5 schools per the Educational Specifications.

Upon completion of the two flex classrooms, there will be 30 permanent classrooms at the site, exceeding the District-approved 700 student Educational Specifications for a K-5 school. A combination of TK, Kindergarten or SDC classrooms will move into these new classrooms, resulting in their prior classroom space being available to be repurposed for a Science and Technology lab to better support the science and technology curriculum with space for projects, science experiments and/or building projects. This space may be used as a science lab for students throughout the school to rotate into throughout the school day. Additionally, the library/media center and the introduction of 1:1 mobile devices for all students allows the repurposing of the existing computer lab into a piano lab pursuant to the District's vision and Educational Specifications for K-5 schools.

As part of the Master Construct and Implementation Program, future improvements at Ritchen include providing approximately 480 square feet of administrative programming space in the permanent building to properly house the RSP program. By reorganizing the classes in various rooms, the RSP and Intervention programs can utilize a classroom (Room 17) without the need of constructing new administrative space.

For example, the reorganization could follow this schedule:

- TK/Kinder classrooms: Rooms 2, 5, 6, 2 new Flex classrooms
- 1st Grade: Rooms 1, 3, 4, 8
- 2nd Grade: Rooms 9-12
- 3rd Grade: Rooms 18, 19, 22, 23
- 4th Grade: Rooms 24-27

- 5th Grade: Rooms 28-31
- SDC: Room 7
- Science/Tech Focus Classroom: Room 20
- Piano Lab: Room 21
- RSP/Intervention: Room 17
- Additional general purpose classroom: Room 13

INTERIM STUDENT HOUSING PLAN

Construction activities for the proposed modernization improvements at these schools would require a coordinated sequencing program to accommodate the student population given the need to improve occupied school sites. Construction activities of the proposed scope are estimated to take between 4 – 6 months of construction. The need to house students in interim facilities will nonetheless be required. The District will provide interim housing offsite and coordinate with the site administration and the design/construction team to provide a safe and secure construction area.

II. MASTER BUDGET, TIMELINE, & PROJECT SCHEDULE

The preceding narrative description of the Project is articulated below as to budget, timeline, and schedule. All components, including the education specifications described in **Attachment A**, may be modified pursuant to direction from CFW or the District as required.

SUMMARY BUDGET:

The construction budget (projected guaranteed maximum price construction contract, if subject to lease-leaseback agreement), for the project(s) is inclusive of general conditions and requirements, contractor fees and overhead. The soft costs include design fees, furniture and equipment, consulting services, testing and inspection services, agency approval fees, etc. The total "all in" (construction and soft costs combined) budget is estimated in current dollars (including contingencies, and both hard and soft costs), including demolition and site work.

McAuliffe Elementary School

The construction budget = $3,471,821, the total "all in" budget = $4,959,744

Estimated Cost	#CRs	Amount
McAuliffe Elementary		
21st Century upgrades to existing permanent classrooms	28	$ 3,878,448
21st Century upgrades to library/media center		$ 372,368
Improvements to the MPR area		$ 436,372
Upgrades to the HVAC system		$ 267,556
Convert supply rooms into office space		$ 5,000
Total	**28**	**$ 4,959,744**

Ritchen Elementary School

The construction budget = $3,434,095, the total "all in" budget = $4,905,850

Estimated Cost	#CRs	Amount
Ritchen Elementary		
21st Century upgrades to existing permanent classrooms	28	$ 3,822,781
21st Century upgrades to library/media center		$ 372,368
Improvements to the MPR area		$ 443,145
Upgrades to the HVAC system		$ 267,556
Total	**28**	**$ 4,905,850**

METHOD OF DELIVERY

A lease-leaseback (LLB) method of delivery may be utilized for the project as determined by the Board. The contractor will participate in the project early on to provide constructability reviews of proposed designs, cost estimates, preliminary construction schedules, and a site logistics strategy to help create a design that is both inspiring, functional and meets the District's budget and timeline. Design teams should be prepared to describe past experience with the LLB project delivery method, and suggestions for improving the process.

III. SELECTION SCHEDULE AND METHOD OF SELECTION

SUMMARY TIMELINE & SCHEDULE:

Design activities must be completed and the plans submitted to the Division of State Architect (DSA) at the earliest date possible. While the District anticipates commencing construction in 2021 and 2022, it is the District's intent to complete the design plans as early as possible to qualify for State Aid:

- **Anticipated Board meeting to approve Architect contract (subject to change):** October 9, 2019
- **DSA Submittal:** April 2020
- **DSA Approval:** October 2020
- **Bidding/Start Construction:** July 2021 (McAuliffe Elementary); July 2022 (Ritchen Elementary)
- **End Construction:** January 2022 (McAuliffe Elementary); January 2023 (Ritchen Elementary)

ASSIGNMENT PROCESS:

Firms may elect, or decline, to participate in the assignment process for these projects. Any decision will not affect future opportunities. Firms should carefully review the detailed information and submittal requirements contained within this package. Teams that wish to visit the project sites to make further observations will be notified of the opportunity for a site visit. CFW will organize a single tour of the sites for all interested teams. Please do not visit the sites without coordinating with CFW.

Once the proposal deadline has passed, the District, via CFW, will begin arranging interviews with firms that have submitted a complete and germane response that can be built to budget. The design firms should include staff assigned to the project in the interview process. The interview results will be considered along with the proposed design, estimated fee amounts, estimated cost of construction, quality of staff, level of understanding of the project parameters, and creativity of the proposed approach to meet educational specifications without sacrificing the quality of the finished product.

DESIGN CONSIDERATIONS & PROJECT VISION

The design team should be familiar with the District's mission, goals, and education program. Proposed designs should draw attention to this unique, once in a generation opportunity to transform McAuliffe and Ritchen Elementary Schools. Successful designs will convincingly convey how proposed improvements will promote academic achievement, flexible use, resource efficiency, and integration of the educational program. Successful designs will clearly demonstrate how 'form follows function' in such a way as to promote student success and effective 21st Century learning environments for students.

Proposals should include the following:

- Description of community-oriented design approaches
- Design features and themes that reflect the 21st Century learning environments

- Supporting information as to why particular design approaches or elements are proposed and what their effect on the community and the student learning experience will be

It is important for each responding firm to be mindful of the culture and character of the McAuliffe and Ritchen communities and incorporate this in the proposed design. **Attachment A** of this package, attached separately, describes the vision, including detailed room specifications, required for the projects. **Firms are expected to fully understand and apply this vision** as they prepare proposals in response to each of the required submittal requirements posed at the end of this package.

SELECTION SCHEDULE

The following is a projection of tentative milestone dates for selection:

- Project selection package sent to prequalified firms: **August 30, 2019**
- Participating teams notify CFW of their intent to provide a proposal: **September 3, 2019**
- Project Briefing and Site Visit of McAuliffe and Ritchen Elementary Schools **September 5, 2019, 1pm**
- Responses due: **September 13, 2019, by 1pm**
- Review of submittals and interviews completed: **Week of September 16, 2019**
- Recommended selection announced: **Week of September 16, 2019**
- Board action on recommended firm and execution of contract: **October 9, 2019 or thereafter**

The District reserves the right to modify the above schedule at its sole discretion.

SUBMITTAL FORMAT & REQUIREMENTS

Proposals should be formatted to effectively address the following issues in as much detail as necessary to fulfill each request. Each proposal should have a cover letter briefly discussing the proposed projects, and the firm's unique qualifications to pursue the projects. Proposals must include a cost estimate for the identified improvements, using the provided cost comparison sheet (**Attachment B**), comparing the estimates to the District's project budget and specifications. In addition, the proposal should include, but not be limited to, the following:

1. Briefly summarize similar projects completed by your firm within the last five years that closely match the proposed project program as referenced in the Project Description. Include examples of elementary school renovation projects and relevant experience.
2. Discuss the challenges of a phased school renovation, with construction creating a minimal impact on the existing operational school facilities.
3. Provide design concepts that meet the Project requirements. Provide floorplans, elevations, and other relevant illustrations for the 21st Century classrooms and library improvements. Additionally, provide information pertinent to your firm's approach to 21st Century classroom design, including how existing facilities can be repurposed to provide a similar educational experience to newly constructed classrooms.
4. Discuss ways in which your proposed design strategies can help to meet or accelerate the proposed timelines of the proposed project.
5. Discuss the firm's experience with the District's preferred delivery method of using a Lease-leaseback contractor, in comparison with other delivery methods within the firm's experience.
6. Discuss the role of the assigned personnel, the benefits they bring to the Project, and their assigned level of participation. Please be specific, including their relevant experience in renovation and 21st Century facilities design.
7. Provide a brief summary of community-oriented design approach, and proposed strategies to reflect the unique character and culture of the surrounding community in the creative design process. Photos and commentary from design team neighborhood visits are encouraged.

8. Using the attached **Attachment B** cost comparison excel sheet, provide a line item cost estimate for the firm's proposed design concepts. Total costs should be provided as "all- in" project costs that integrate hard and soft costs. The estimate should include:
    a) Your understanding of project details by component, unit, and unit cost in a table format;
    b) Adequate notation specifying significant assumptions of the cost estimate;
    c) A separate line item identifying the cost for FF&E;
    d) Values in current dollars only—do not escalate your estimates; and
    e) Written narrative, only if the firm believes it is necessary to communicate information in the tables, however, the priority shall be in delivering the data in tabular format exportable to Microsoft Excel by using the provided **Attachment B** cost comparison sheet

Limit response to no more than ten (10) double-sided 8 ½ x 11 pages, and twelve (12) 11 x 17 drawings to illustrate the conceptual proposals for the Project. Submit in PDF format via email Jordan Miles (jmiles@cfwinc.com) by no later than 1:00 pm PDT, Friday , September 13, 2019. Questions may be addressed to Jordan Miles at jmiles@cfwinc.com or (323) 202-2550.

Multiple hard copies of the proposals will be requested and required at the time of interview.

MODERNIZATION OF MCAULIFFE AND RITCHEN ELEMENTARY SCHOOLS:

SUMMARY

The Oxnard School District has adopted a Master Construct and Implementation Program to transform the functionality of school facilities and improve academic achievement. As established by the District's plan, the modernization of McAuliffe and Ritchen schools represent a critical step in providing 21st century schools throughout the District.

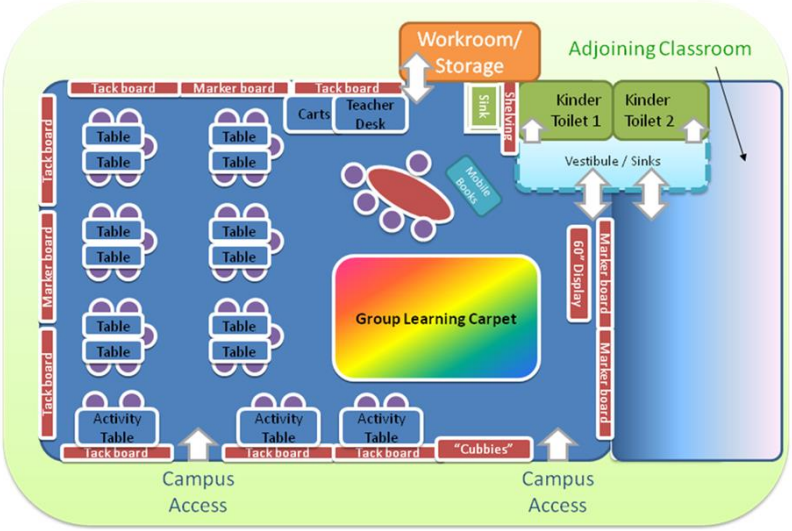
The following document provides the District's vision for kindergarten classrooms, standard classrooms, SDC severe classrooms, piano labs, library/media centers, MPRs, and support space improvements. The vision and specifications for each type of room have been developed with the input of District staff as well as teachers, former school administrators and professional facilities consultants. The criteria specified are provided to supplement approved educational specifications and provide a framework for room design appropriate for 21st Century classroom instruction.

As such, a thorough understanding of the functions performed in these rooms is critical so that the form can adequately follow. Much of the functionality in the new classrooms will be achieved through the use of innovative furniture, fixtures, and equipment. As the essence of the project, these elements will enable instructors to transform their teaching pedagogy.

When in doubt, the design team is encouraged to consult with CFW, the District's Program Manager and author of this document. Please realize that this document or content is proprietary to CFW and protected under the laws of California and the United States, may not be reproduced or benefit beyond the intended use herein and is extended to the District for this sole purpose under its contractual obligation and cannot otherwise be used without the explicit written approval of Caldwell Flores Winters, Inc.

KINDERGARTEN CLASSROOMS: Vision & Specifications

OVERVIEW



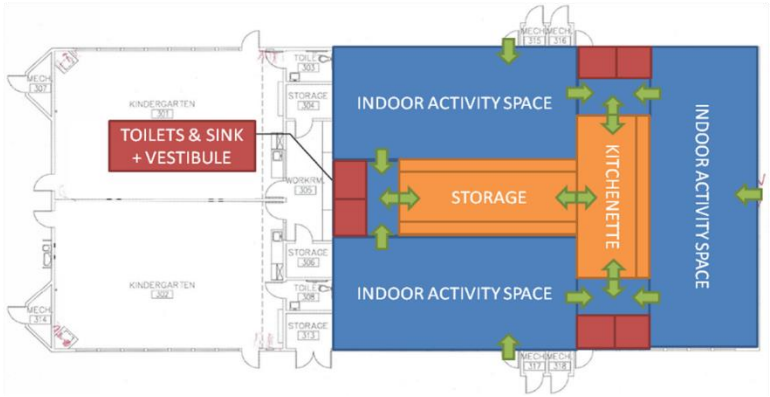
Pursuant to the Board-approved Educational Specifications in the Master Construct and Implementation Plan, kindergarten classrooms will each be 1,100 square feet, not including 150 square feet of work/storage space, and 100 square feet of restrooms, for a total area of 1,350 square feet each. The best design solutions include kindergarten classrooms being designed to share work/storage area and restroom area, wherever possible.

VISION FOR KINDERGARTEN CLASSROOMS

It is the beginning of the school day. When you enter the kindergarten classroom, you see the entire class of small children sitting on a carpet with the teacher leading a discussion. The teacher interacts with the children on topics including the day's events and what they will be learning, the date and weather, behavior expectations or redirection, review from yesterday learning or reading a short story. The teacher asks the class a number of questions and children share their answers with the whole group or with their "share partner". The children are encouraged to ask questions of the teacher and of their peers.

Following the whole class meeting, the children disperse to various "stations" in the classroom. From this point on, the classroom becomes very noisy with children talking, sharing and some working independently. The classroom is designed to foster creativity, investigation and inquiry. Typically, there are four different stations with the teacher working with a small group of children

at a fifth station. These stations are at round or square tables with chairs, four or five children to a station. At these stations, the children are working with other children or independently on tasks. One station has a reading focus, another station a writing focus, a third station designing and building focus, and a fourth station a science or social studies focus. At two or three of these stations, the children have a 1:1 device.



This particular day, the children are using their 1:1 device to take pictures of a drawing they and their peers did earlier in the week, then sequencing their pictures to tell a story, and finally writing the story using one of the apps on the handheld device. At another station, the handheld devices are used with headphones as the children participate in a phonemic awareness lesson. At the science station, the students are observing and interacting with the insect collections they have gathered in their plastic collecting jars as well as with pictures of the insects' habitats. At the design and building station, the students work together to create "things". They are creating and building their designs in a fairly large area on the floor. Today the students are using containers and material they collectively brought from home, i.e., dry cereal boxes and cylinders (oatmeal), tubes from paper towels, all of various sizes and shapes, and masking tape. The students are using tape and marking pens to make their creations. Later, they record their creations by taking a picture with their handheld device and use it to write a story on their handheld device at the writing station. At the reading station, the students are reading from little books that are at their appropriate reading level. At the station with the teacher, the students are working on specific reading skills they need to learn.

After the end of the reading and writing time, the teacher creates a whole new set of stations for math. It is the same set up as for reading, only using math concepts and manipulates at each of the stations. These new math instructional materials are brought into the room from the workroom and the reading materials are removed as necessary to make room for the new instructional materials. The students use their handheld devices at some of the stations and math manipulates at other stations.

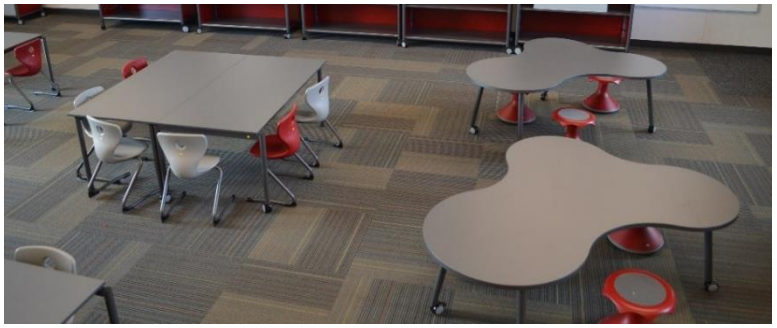
After reading and math, the teacher works with the students on science or social studies content. This begins with the children in a whole group on the carpet on the floor with the teacher teaching a specific concept to the students. The students then break into groups to work on material related to the specific curriculum content. The teacher uses such devices as document cameras, dissecting scopes, and displays related to the scientific concepts the students are learning.

There are three tables around the perimeter of the classroom. These are the same tables that were used for the reading and math stations. On these tables are scientific units of study. The items at the stations are labeled with the scientific words. Because the students are learning about insects, a picture of an insect with the various body parts labeled is on the wall above the table. There are various specimens of insects for the students to view. There are "bug collecting (plastic) jars" for the students to catch bugs and bring them into the classroom for observation. At another table there are various insect habitats to view, some are pictures and some real specimens, such as an ant colony that is able to be viewed through a clear plastic frame. These stations are designed for students to observe and to be "curious" about what they are seeing, to investigate and to learn more. On the wall are various students drawings related to the scientific units of study. The

students will use the handheld devices to further investigate and answer their own questions or questions their classmates may have.

The walls are full of "rich print" material. There are multiple places for students to work to be displayed. There are multiple white boards on which the teacher can explain concepts or project images from the document camera or using a handheld device. Student work can be displayed on these white boards using magnets.

In the classroom, there are two bookshelves to store science and math manipulates and art supplies needed for the learning centers. There are also "cubbies" for the students to store their backpacks and other treasurers. There is a movable multiuse cart that can charge 1:1 devices. Books shelves that hold the little books for students to read are located near the reading center. A book holder for the big books the teacher reads to the whole class is located near the rug area that the children sit on during whole class groups. These books are also available to the students to read and look at when they have finished their work at their centers. There are painting easels that are taken outside during painting time. There is a sink that is needed for science and art projects and for washing hands prior to lunch.



The teacher has a desk off to the side and at the back of the classroom. There is a 4-drawer filing cabinet and a laptop computer. The bathroom is accessible from the classroom so that the young children do not need to leave the classroom to use the restroom. The bathroom is divided into two parts: a toilet room and sink area, as described in the technical section of this document. If permitted by code, the sink is fully located within the classroom area and doubles as both a hand washing sink for the toilet rooms and a general purpose sink for classroom activities.

In one corner of the room is a built-in alcove that can be used to store mobile carts. This space needs to be designed at a depth of approximately 30 inches and be as long as 15 feet but no less than 9 feet. Two shelves will run the length of the alcove, with the lowest shelf starting at least five and half feet above the floor. Sliding markerboards will be installed that can slide to cover the entire length of the alcove.

SPECIFICATIONS OF REQUIRED ELEMENTS

The new kindergarten classrooms must, upon completion, be furnished and equipped to realize the above vision. Classrooms must also conform to the educational specifications approved by the Board of Trustees.

FURNITURE & FIXTURES REQUIRED:

Examples of kindergarten-appropriate tables arranged for group activities. When pulled apart, these tables can seat up to six students each.

Tables and chairs: Tables will be 2 feet by 4 feet and arranged into a configuration of five "pods," each providing five seats. Flexible and moveable desks that easily form into table groupings are another alternative for student tables. Seating is easily moveable and provided at a size appropriate for

kindergarten-aged students. Tables and seating must accommodate 24 students per educational specifications.

One kidney or puzzle-piece shaped table is provided, with additional student chairs. Also provided are three or four additional activity tables that use the same 2 feet by 4 feet dimension of student tables. An instructor desk and chair, file cabinet/storage on casters, and moveable book cart on casters are also required furnishings.

Examples of agile tables and seating for small children that enhance collaboration and group work.

Tackboards: At the kindergarten level, there is a significant need for continuous wall spaces throughout the room that the instructor can use to pin student work, learning concepts, and other materials. Floor-to-ceiling tackboards should be used where possible to provide maximum utility to available wall space. A typical wall panel may be 8 feet in height by 4 feet in width and be interspersed with similarly sized markerboard or whiteboard panels that provide a writable surface. Kindergarten classrooms will need to have approximately 55 percent of the total lineal wall area covered with strategically placed tackboards.

Markerboards: Multiple writable surfaces are required on wall surfaces throughout the room, preferably at floor-ceiling height to allow students and teachers to use available wall surfaces for drawing, writing practice, or group activities. Maximum flexibility will be achieved if surfaces are available on each of the four walls of the room. Design solutions that provide the ability to slide boards upwards or to the side in order to reveal tack-board surfaces beneath are highly encouraged. Marker boards should also be magnetic, to allow instructors to attach student exemplars where needed for instruction. The remaining wall space not covered with tackable material will need to be covered with marker boards throughout the classroom. This includes the sliding markerboards used to cover exterior windows.

Storage units: Traditional classroom casework often monopolizes wall space and can fill the room with storage functions that are better supplied in an adjacent storage/workroom. A limited supply of casework is required within the classroom for storage of frequently used manipulates and supplies, with remaining casework and shelving required in the attached 200-square foot workroom for storage of occasional-use materials. Innovative storage solutions that utilize bins, pullout containers, or rolling carts for frequently utilized items may be considered a superior solution to traditional casework drawers and cabinets. Cabinetry underneath and around the classroom sink is appropriate. Typical “cubbies” should be provided for student storage of backpacks, lunch bags, and other materials.

Examples of mobile storage carts and cabinets for illustration purposes only; actual products selected for the project may vary.

Window coverings: Walls with windowed surfaces may be covered by marker boards that slide on a track to provide the option of obscuring the windows when additional writing surface is needed or darkening the room when natural light needs to be reduced.

Sinks: Water supply will be required on occasion as a component of art and science activities or cleanup. One sink is required in the classroom area and should be accessible to the height of kindergarten students.

Lighting fixtures: Lighting fixtures should provide a general condition of room illumination to allow sufficient legibility of materials, while minimizing glare on electronic screens. Options to provide energy efficient solutions may be considered.

EQUIPMENT REQUIRED:

High-Definition (HD) TV displays: Three HDTV displays measuring at least 60 inches diagonally are required to support the vision described herein. Display requirements include a minimum of three HDMI inputs, and either built-in Wi-Fi equipment or an attached accessory device that provides Wi-Fi accessible services. These specifications are consistent with industry practice for commoditized television displays. As a result, the selected display is more likely to resemble a low-cost consumer model available at many discount retailers than a specialized technology available through educational component distributors. The display should be mounted on a reliable adjustable arm positioned so that the bottom of the display is 5 feet above the floor. The mounting should also provide the option of extending the display out from the wall one to two feet and thus permitting the display to pivot to the left or right for an approximate turning angle of 45 to 90 degrees. Cabling should be obscured behind the mount and within the wall.

Audio/video box: A ceiling-mounted housing, preferably flush with the suspended ceiling tiles, shall provide space (e.g. equivalent to a 2U equipment rack) for a switching mechanism that allows the instructor to change the video or audio source sent to the display. Given this AV switch/matrix, the instructor is able to select various desired input sources from a handheld device or remote control. Inputs may be housed elsewhere in the room or within additional remaining space provided by the AV box. Inputs may include:

1. Laptop or tablet connected to the instructor's station (e.g., enabling the instructor to share a slideshow or demonstrate a mobile device app)
2. DVD player (e.g., enabling a single video to be duplicated on all screens simultaneously)
3. Digital camera and/or document camera
4. Other devices that generate video or audio content

In addition, four in-ceiling speakers will be required to be placed in each classroom to enhance classroom audio and project instruction from the teacher. This system should allow the teacher to project her voice to the class or enhance audio components of the curriculum.

SUPPORT SPACE REQUIRED:

Workroom and storage area: Educational specifications require 150 square feet of storage space and workspace is to be provided for every 1,100 square foot kindergarten classrooms. For three classrooms, a total storage area of 450 square feet is designed to be used by all of the classrooms. The storage room is accessible from each of the kindergarten rooms.

The storage room would contain a long wall that provides cabinetry below a counter top as well as open shelving running the length of that wall above the counter top. As much open shelving as possible should be provided. Sufficient open floor space is needed to allow a cart to be rolled into the room, loaded with supplies by the instructor, and then rolled back out into the classroom for student instructional use. To the extent possible given this open space requirement, shelf space should be provided from floor to ceiling on up to two additional walls. The location of the door along the fourth wall should be along the center of its length so as not to conflict with shelving on adjacent walls.

Toilets: The bathroom should be divided into two areas. A door from the classroom leads into the first area, a vestibule that may also connect to an adjoining kindergarten classroom. The vestibule contains one sink per classroom to which it connects. The two walls of the vestibule that separate it from the classroom feature large windows that provide transparency between the classroom and sink space to improve teacher supervision and

increase safety. Within the vestibule is a door leading to a toilet room containing a single age-appropriate toilet fixture. The doors do not reach the floor so that teachers are able supervise students by seeing the students' feet. The toilets are designed so that they are able to be shared by multiple kindergarten classrooms.

Kindergarten toilet area, separated from the classroom and workroom areas

GENERAL PURPOSE CLASSROOMS: Vision & Specifications

OVERVIEW

Pursuant to the Board-approved Educational Specifications in the Master Construct and Implementation Plan, classrooms are being transformed into 21st Century learning spaces to support flexible, collaborative and unstructured teaching methodology as well as use interactive learning tools. This document is divided into two parts: a vision that describes the anticipated use of the classroom from the perspective of an individual observing the new facilities upon completion and a description that provides a detailed assessment of each design element required to achieve the stated vision.

CLASSROOM VISION

When you enter the classroom, you see students working in groups of 4 or 5. They are at tables, some are sitting some are at the white board writing and some are using an electronic device to help solve the problem they have been given to solve. They are working on solving a problem that combines skills they have acquired in math, science and language arts. The teacher interacts with the students by walking around the room answering questions. At times, the teacher helps the students find the answers on the iPad. The teacher has noticed that a number of students are struggling with the same concept. She commands the attention of the entire class and projects the information needed to clarify the concept on the monitor in the front of the room. Other times, the questions the students have are related to their specific group work and the teacher writes on the white board that is near where the group is sitting. Students also respond on the white board to the teachers' instructions and with their table group. Other students are projecting their work on the Wi-Fi monitor near their work group so that all students in the group can interact with the information.

After an hour, the teacher asks all of the students to put their work away in a space designated for each student on a multiuse cart in the room. They place their iPad on the shelf below their chair. The teacher directs their attention to the front of the room. She wants to show them a video clip to introduce the next set of skills and concepts will be taught in social studies. The children are encouraged to ask questions of the teacher and of their table groups.

Following the whole class instruction, the students change work groups and begin to work on the skills related to the previous set of instructions. They are able to locate information needed on their iPad and share information with their table partners. This classroom is noisy with the sharing and seeking for information and the solving of problems using information in real life

integrated learning units. The classroom is designed to foster creativity, investigation and inquire as well as collaboration. It is designed for maximum flexibility and makes the students feel welcome and comfortable.

In one corner of the room is a built-in alcove that can be used to store mobile carts. This space needs to be designed at a depth of approximately 30 inches and be as long as 15 feet but no less than 9 feet. Two shelves will run the length of the alcove, with the lowest shelf starting at least five and half feet above the floor. Sliding markerboards will be installed that can slide to cover the entire length of the alcove.

In the classroom, there are four multi-use carts, one with individual cubbies for each student to store their personal items and backpacks and three additional carts for storing learning material and supplies. There are two movable bookshelves to store books and learning supplies. There is a cabinet around the sink. The need for supplies has been reduced by the use of the iPad which stores textbooks and other books the students need as well as the internet for research. There are hardbound books and other learning manipulates in the classroom, but they too are reduced in number.

There is one sink in the room for students to wash their hands as well as for art and science experiments. The teacher has a desk off to the side and at the back of the classroom. There is one two drawer filing cabinet and a laptop computer for the teacher.

DESCRIPTION OF REQUIRED ELEMENTS

Classrooms modernized, reconfigured, or constructed must, upon completion, be fully furnished and equipped to realize the above vision. Classrooms must also conform to the Educational Specifications approved by the Board of Trustees.

FURNITURE & FIXTURES REQUIRED:

Tables and seating: Student work area are either mobile tables that seat 4 students or individual desks that are mobile and can be arranged into multiple configurations to support differing instructional needs. Seating is mobile as well and provided at a size appropriate for the grade level age of the students. Both the tables or desks and chairs have casters that can be locked to provide for easy movement and flexibility. Tables or desks and seating accommodate up to 24 students for grade 1, up to 26 students for grades 2-3, and up to 34 students for grades 4-5, per educational specifications.

One “kidney” or “puzzle piece” shaped table is provided for either group work or for teachers to work with small groups of students. An instructor desk, chair and two drawer file cabinet are also required furnishings.

Tackboards: There is a need for some wall spaces throughout the room that may be utilized by the instructor to pin student work, learning concepts, and

other materials to the wall. Tackboards are preferably placed at floor-ceiling height to provide maximum utility to available wall space. A typical wall panel may be 8 feet in height by 4 feet in width and be interspersed with similarly sized markerboard or whiteboard panels that provide a writable surface. General classrooms will need to have approximately 35 percent of the total lineal wall area covered with strategically placed tackboards.

Markerboards: Multiple writable surfaces are required on wall surfaces throughout the room, preferably at floor-ceiling height to allow students and teachers to use available wall surfaces for drawing, writing practice, or group activities. The remaining wall space not covered with tackable material (approximately 65 percent of the total lineal wall space) will need to be covered with markerboards throughout the classroom. This includes the sliding markerboards used to cover exterior windows. Maximum flexibility will be achieved if surfaces are available on each of the four walls of the room. Marker boards should also be magnetic, to allow instructors to attach student exemplars where needed for instruction.

Window Coverings: Walls with windowed surfaces may be covered by marker boards and/or tackboards that slide on a track so as to provide the option of obscuring the windows when additional writing surface is needed or darkening the room when natural light needs to be reduced.

Sinks*:* Water supply will be required on occasion as a component of art and science activities or clean-up. One sink is required in the classroom area and should be accessible to the height of first through fifth grade students.

Storage units: Traditional classroom casework often monopolizes wall space and can fill the room with storage functions and reduce classroom square footage that is needed for instruction. Mobile storage units are provided in the classroom for storage of instructional materials. The mobile storage units should be placed where tackboard is placed on the walls or in the alcove designed to store the mobile units to allow for markerboard space to remain uncovered so that it is able to be used for instructional purposes. Innovative storage solutions that utilize bins, pullout containers, or rolling carts for frequently utilized items may be considered a superior solution to traditional casework drawers and cabinets. Cabinetry underneath and around the classroom sink is appropriate. Typical "cubbies" should be provided for student storage of backpacks, lunch bags, and other materials.

Lighting: Lighting fixtures should provide a general condition of room illumination to allow sufficient legibility of materials, while minimizing glare on electronic screens. Options to provide energy efficient solutions may be considered.

EQUIPMENT REQUIRED:

High-Definition (HD) TV displays: Three HDTV displays measuring at least 60 inches diagonally are required to support the vision described herein. Display requirements include a minimum of three HDMI inputs, and either built-in Wi-Fi equipment or an attached accessory device that provides Wi-Fi accessible services. These specifications are consistent with industry practice for commoditized television displays. As a result, the selected display is more likely to resemble a low-cost consumer model available at many discount retailers than a specialized technology available through educational component distributors. The display should be mounted on a reliable adjustable arm positioned so that the bottom of the display is 5 feet above the floor. The mounting should also provide the option of extending the display out from the wall one to two feet and thus permitting the display to pivot to the left or right for an approximate turning angle of 45 to 90 degrees. Cabling should be obscured behind the mount and within the wall.

Audio/video box: A ceiling-mounted housing, preferably flush with the suspended ceiling tiles, shall provide space (e.g. equivalent to a 2U equipment rack) for a switching mechanism that allows the instructor to change the video or audio source sent to the display. Given this AV switch/matrix, the instructor is able to select various desired input sources from a handheld device or remote control. Inputs may be housed elsewhere in the room or within additional remaining space provided by the AV box. Inputs may include:

1. Laptop or tablet connected to the instructor's station (enabling the instructor to share a slideshow or demonstrate a mobile device app)
2. DVD player (e.g., enabling a single video to be duplicated on all screens simultaneously)
3. Digital camera and/or document camera
4. Other devices that generate video or audio content

In addition, four in-ceiling speakers will be required to be placed in each classroom to enhance classroom audio and project instruction from the teacher. This system should allow the teacher to project her voice to the class or enhance audio components of the curriculum.

SPECIAL USE CLASSROOM:

"Science and Technology" and "STEAM" Rooms: It is important to note that a general purpose classroom may also be utilized for more specialized activities to support either Science and Technology or STEAM (science, tech, engineering, arts, math) activities as well. No changes are required to the fundamental design of a room designated for Science and Technology or STEAM activities, however during project design the District may wish to specify a unique set of furniture, fixtures and equipment for one or more rooms in order to meet the specific needs of the educational program.

SUMMARY

The vision and description of classrooms contained herein has been developed with the input of District staff as well as elementary school educators, former school administrators and professional facilities consultants. Collectively, the criteria specified is provided to supplement approved Educational Specifications and provide a framework for classroom design that creates a true 21st Century facility, as opposed to a 20th Century classroom design that has been built in the 21st Century.

As such, a thorough understanding of the functions performed in these spaces is critical so that the form can adequately follow. Much of the functionality in the classroom space is achieved through innovative choices on furniture, fixtures, and equipment (FF&E). As the "essence" of the project, these FF&E elements will enable instructors to transform their teaching pedagogy. Designs that recognize and incorporate these concepts will enable such a vision to be fully realized.

When in doubt, the design team is encouraged to consult with Caldwell Flores Winters, the District's Program Manager and author of this document.

SDC CLASSROOMS (Severe) Vision & Specifications

OVERVIEW

Where required, Special Day Classroom (SDC) will be modernized to support the teaching of special education classes for severely handicapped students ("Severe") in core subjects, such as English, language arts, math, science, and social studies.

SDC CLASSROOM VISION

As you enter the classroom, you see the approximately eight students and five adults that serve the special needs of the students. Some students are in wheelchairs, others are in special devices that assist then with mobility, and others are ambulatory. The teacher and classroom aids interact with the students to meet their specific needs. One of the primary learning goals is for the students to learn daily life skills such as simple cooking, doing laundry, cleaning themselves and purchasing items. Some of the students have unique medical problems that require constant supervision and monitoring. Because of the unique needs of the students, there are different interactive learning devices and software on computers.

Typically, the main floor area of the classroom is open to allow for moving wheelchairs and other mobile devices around the room. There is a group of mobile desks and mobile chairs located in one area of the room. All of the desks are wheelchair accessible. There is a bank of five computers located in another area of the room. A small kitchen with a sink, refrigerator, stove and microwave is accessible from the classroom and is located between two classrooms so that it can be shared. There is also a shared bathroom with a toilet, sink and wheelchair accessible shower.

The walls are full of "rich print" material. There are multiple places for students to work to be displayed as well as learning charts. There are white boards located on one wall on which the teacher can explain concepts or project images using a handheld device. Student work can be displayed on these white boards using magnets.

In the classroom, there are three mobile storage units to hold learning materials. The teacher has a desk off to the side and at the back of the classroom. There is one two drawer filing cabinet and a laptop computer.

DESCRIPTION OF REQUIRED ELEMENTS

Classrooms for the severely handicapped modernized, reconfigured, or constructed must, upon completion, be fully furnished and equipped to realize the above vision. Classrooms must also conform to the Educational Specifications approved by the Board of Trustees.

FURNITURE & FIXTURES REQUIRED:

Tables and seating: There are 8 individual student desks and chairs that are easily moved. There is an activity table for students and teachers to work together. There are computer tables and mobile chairs to hold five computers. An instructor desk and chair, a locking two drawer file cabinet, and three mobile storage units on casters are also required furnishings.

Tackboards: There is a significant need for continuous wall spaces throughout the room that may be utilized by the instructor to pin student work, learning concepts, and other materials to the wall. Tackboards are preferably placed at floor-ceiling height to provide maximum utility to available wall space. A typical wall panel may be 8 feet in height by 4 feet in width, and be interspersed with similarly sized wall panels that provide a writable surface (see marker boards).

Marker board (whiteboard): Writable surfaces (markerboards) are required on one wall surface in the room. Marker boards should also be magnetic, to allow for instructors to attach student exemplars where needed for instruction.

Window Coverings: Walls with windowed surfaces may be covered by marker boards and/or tackboards that slide on a track so as to provide the option of obscuring the windows when additional writing surface is needed or darkening the room when natural light needs to be reduced.

Platforms, shelves, and cabinetry: Traditional classroom casework often monopolizes wall space and over-saturates the room with storage functions that are better supplied in an adjacent storage/workroom. A limited supply of casework is required within the classroom for storage of "everyday" use manipulates and supplies, with remaining casework and shelving required in workrooms for storage of "occasional" use materials. Innovative storage solutions that utilize bins, pull-out containers, or rolling carts for frequently utilized items may be considered a superior solution to traditional casework

drawers and cabinets. Cabinetry in the kitchen area is appropriate with both upper and lower cabinets and a counter space to be used for preparing food. The sink in the kitchen should be wheelchair accessible.

Lighting: Lighting fixtures should provide a general condition of room illumination to allow sufficient legibility of materials, while minimizing glare on electronic screens. Options to provide energy efficient solutions may be considered.

EQUIPMENT REQUIRED:

Flat screen display: A single flat screen display measuring at least 60 inches diagonally is required to support the vision described herein. Display requirements include a minimum of 3 HDMI (High Definition Multimedia Interface) inputs, and either built-in WiFi equipment or an attached accessory device that provides WiFi accessible services. These specifications are consistent with industry practice for commoditized television displays. As a result, the selected display is more likely to resemble a low-cost consumer model available at many discount retailers than a specialized technology available through educational component distributors. The display should be mounted on a reliable adjustable arm positioned so that the bottom of the display is 5 feet above the floor. The mounting should also provides the option of extending the display out from the wall 1-2 feet and thus permitting the display to pivot to the left or right for an approximate turning angle of 45-90 degrees. Cabling should be obscured behind the mount and within the wall.

Classroom video/audio source selection switch: A switching mechanism shall be provided that allows the instructor to quickly adjust the video or audio source being provided to the display. The instructor is able to do this from one control or from a handheld device. For example, sources selectable from the switch may include:

1. Laptop or tablet connected to the instructor's station (e.g. enabling the instructor to share a slideshow or demonstrate an iPad app)
2. DVD player (e.g. enabling a single video to be duplicated on all screens simultaneously)
3. Digital camera and/or document camera (described above)
4. Auxiliary device – to be used for alternate devices that generate a video or audio source

Student computing devices: The District's Technology Program will equip the classroom with five computers for the students to use during classroom instruction. The design team should engage the District's Chief Information Officer (CIO) in the selection of the above equipment to ensure compatibility where required.

SUPPORT SPACE REQUIRED:

Kitchen Area: The main classroom area is approximately 1100 square foot with the kitchen area approximately 200 square feet. There are both upper and lower cabinets in the kitchen with a wheelchair accessible sink, stove, refrigerator and microwave. The kitchen area is shared with another 1100 square foot classroom as is accessible from both classrooms.

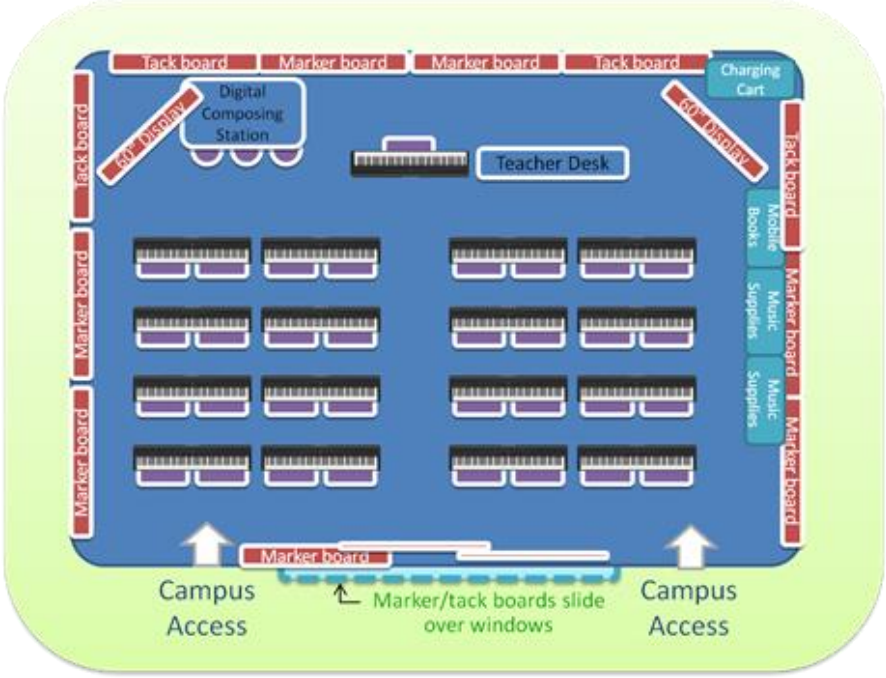
Bathroom: There is one bathroom that is accessible from each of the classrooms. It contains a toilet, sink and wheelchair accessible shower. The bathroom is approximately 100 square feet.

The vision and description of the classrooms for severely handicapped children contained herein has been developed with the input of District staff as well as special education school educators, former school administrators and professional facilities consultants. Collectively, the criteria specified is provided to supplement approved Educational Specifications and provide a framework for classroom design that creates a true 21st century facility, as

opposed to a 20th century classroom design that has been built in the 21st century.

As such, a thorough understanding of the functions performed in these spaces is critical so that the form can adequately follow. Much of the functionality in the new classroom space is achieved through innovative choices on furniture, fixtures, and equipment (FF&E). As the "essence" of the project, these FF&E elements will enable instructors to transform their teaching pedagogy. Designs that recognize and incorporate these concepts will enable such a vision to be fully realized.

When in doubt, the design team is encouraged to consult with Caldwell Flores Winters, the District's Program Manager and author of this document.



PIANO KEYBOARD LAB: Vision & Specifications

OVERVIEW

The Oxnard School District has adopted a Master Construct and Implementation Program guided by a mission to transform the functionality of school facilities and improve academic achievement. Students will have the opportunity to take a piano keyboarding class. As part of the District's educational program, one of the standard learning labs should be modernized, furnished, and equipped as a Piano Keyboard Lab. The lab should be designed and modernized per the vision and description herein described. This section is divided into two parts: a vision that describes the anticipated use of Piano Keyboard Lab from the perspective of an individual observing the facilities upon completion of the modernization, and a description that provides a detailed assessment of each design element required to achieve the stated vision.

VISION FOR THE PIANO KEYBOARD LAB

When you enter the Piano Keyboard Lab, you see students sitting at piano keyboards, two students per keyboard. Each student has on headphones and is practicing playing the keyboard at either the upper or lower octave. The room is quiet. The teacher is at the front of the room and is also wearing headphones. There is an instructor keyboard and a large digital board to which the teacher is connected so that he/she can listen to each student individually and provide feedback to the student as to what the student needs to do to improve his/her piano skills and performance. When appropriate, the teacher has all the students take their headphones off and together they play the piece of music. They can hear how they sound within the group as well as how the entire group sounds together.

There are two large flat screen displays at the front of the room. There are several instructional uses for the monitor. At times the instructor can show a video of an exemplary piano and musical performance. Other times the instructor shows a video of the class performance to use as feedback for improved performances. On another day, the instructor uses his/her iPad as

a document camera to show a close-up of a fingering technique on the keyboard.

The piano keyboards are placed in rows with a center isle so that the teacher can walk down the aisle and look down the row at the keyboards to monitor student practice techniques and engagement. There is space between each of the rows that allows for the teacher to move easily behind each of the students to provide individual feedback as necessary. There are a total of 16 student keyboards in the room. There is one instructor keyboard along with the digital board for listening placed at the front of the room. Each of the keyboards is hooked up to the electrical outlet provided along each of the two walls. The keyboards and the instructors keyboard and monitor device are networked together.

In the classroom, there is a space approximately 12 feet by 2.5 feet in which three mobile multi-use carts can be stored. There are several rows of open shelving beginning about 5 ½ feet from the floor up to the ceiling. This space is enclosed with floor to ceiling sliding white markerboards that can be opened or closed. The mobile units can be moved into or out of this storage area.

The room includes the 21st century amenities and technology components such as full height fixed and sliding white boards, 1:1 interactive functionality, a monitor placed on the front of the classroom wall that also serves as the teaching wall. There are mobile storage units to hold instructional materials and supplies.

SPECIFICATIONS OF REQUIRED ELEMENTS

The piano keyboard lab must be furnished and equipped to realize the vision contained within and conform to the Educational Specifications approved by the Board of Trustees. Specifications are described below to assist firms in developing proposals that are responsive to the needs of the project. Specified elements are required in the room as noted below**.**

FURNITURE AND FIXTURES REQUIRED

Piano Keyboards and benches: A total of 16 student keyboards need to be provided for the students with 32 individual student benches that are the correct height for the keyboards. The teacher will be provided a keyboard and digital monitoring device as well as a maneuverable desk and height-adjustable swivel chair.

Tables and chairs: Two tables with casters that fold up and are easily moved with 8 chairs of appropriate size for 4th and 5th grade students need to be provided.

Storage Carts and Cabinets: Instead of built-in casework mobile storage carts and cabinets are used to meet any classroom storage needs. The piano lab needs three mobile storage cabinets.

Examples of mobile storage carts and cabinets for illustration purposes only; actual products selected for the project may vary.

Markerboards: Markerboards must be installed on one wall, preferably at floor-to-ceiling height to allow students and teachers greater use of the wall. Walls with window openings may include markerboards that can slide on a track and cover the windows when additional writing surface is needed or the room needs to be darkened.

Acoustical Panels: Affixed to the walls or suspended from the ceiling, as appropriate, sound-baffling acoustical panels will be required to reduce reverberation in the room and optimize the quality of voice and musical performances.

EQUIPMENT REQUIRED

HDTV Displays: Two flat screen HDTV displays measuring at least 60 inches diagonally are required to support the vision described herein. Display requirements include a minimum of three HDMI inputs, and either built-in Wi-Fi equipment or an attached accessory device that provides Wi-Fi accessible services. The display should be mounted on a reliable adjustable arm positioned so that the bottom of the display is 5 feet above the floor. The mounting should also provide the option of extending the display out from the wall one to two feet and thus permitting the display to pivot to the left or right for an approximate turning angle of 45 to 90 degrees. Cabling should be obscured behind the mount and within the wall.

Care should be taken to select a reliable, cost-effective HDTV product, and consideration should be given to the simplicity, ease, and familiarity with controls that teachers use to adjust the device. With this in mind, architects and engineers are to be mindful of the potential for interference between common infrared remote controls and highly reflective surfaces around the room and may suggest a means by which to avoid signals meant for one HDTV from being received by another.

Example of a 60-inch HDTV mounted to a classroom wall for illustration purposes only; actual products selected for the project may vary.

Audio/video box: A ceiling-mounted housing, preferably flush with the suspended ceiling tiles, shall provide space (e.g. equivalent to a 2U equipment rack) for a switching mechanism that allows the instructor to change the video or audio source sent to the display. Given this AV switch/matrix, the instructor is able to select various desired input sources from a handheld device or remote control. Inputs may be housed elsewhere

in the room or within additional remaining space provided by the AV box. Inputs may include:

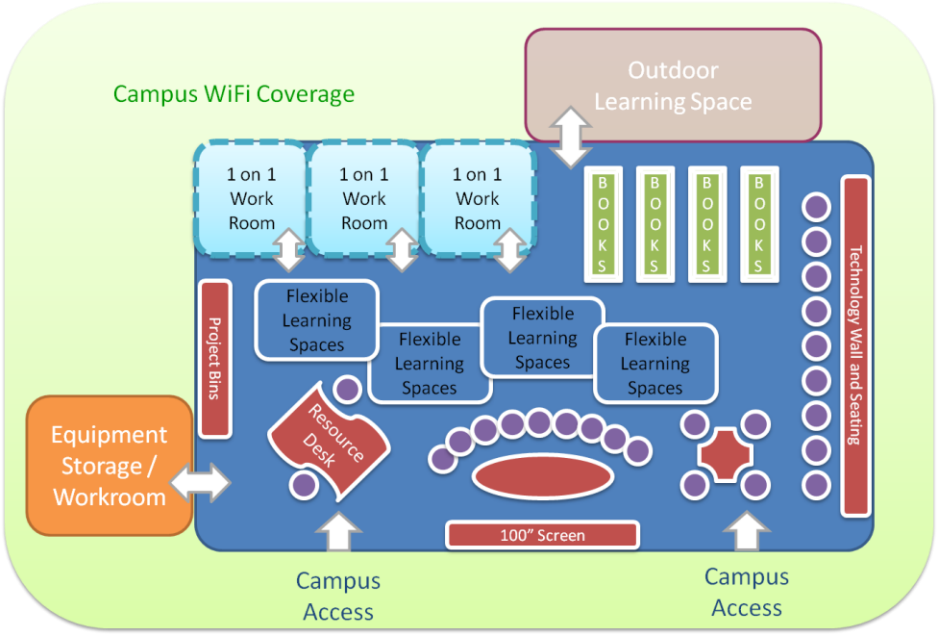
1. Laptop or tablet connected to the instructor's station (e.g., enabling the instructor to share a slideshow or demonstrate a mobile device app)
2. DVD player (e.g., enabling a single video to be duplicated on all screens simultaneously)
3. Digital camera and/or document camera
4. Other devices that generate video or audio content

In addition, four in-ceiling speakers will be required to be placed in the classroom to enhance classroom audio and project instruction from the teacher. This system should allow the teacher to project her voice to the class or enhance audio components of the curriculum.

Student computing devices: The District's Technology Program has equipped all students with iPads to be used within this high-tech lab environment. The design team should engage the District's Chief Information Officer (CIO) in the selection of the above equipment to ensure compatibility where required.

SUMMARY

The vision and description of piano keyboard lab contained herein has been developed with the input of District staff as well as elementary school educators and professional facilities consultants. The criteria specified are provided to supplement approved educational specifications and provide a framework for classroom design that creates a true 21st century facility, as opposed to a 20th century classroom built in the 21st century.



As such, a thorough understanding of the functions performed in these spaces is critical so that the form can adequately follow. Much of the functionality in the new learning labs is achieved through innovative choices on furniture, fixtures, and equipment). As the "essence" of the project, these FF&E elements will enable instructors to transform their teaching pedagogy. Designs that recognize and incorporate these concepts will enable such a vision to be fully realized.

When in doubt, the design team is encouraged to consult CFW, the District's Program Manager and author of this document.

LIBRARY/MEDIA CENTERS: Vision & Specifications

OVERVIEW

The Oxnard School District has adopted a Master Construct and Implementation Program guided by a mission to transform the functionality of school facilities and improve academic achievement. The Library/Media Center should be modernized per the vision and description herein described. This section is divided into two parts: a vision that describes the anticipated use of the Library/Media Center from the perspective of an individual observing the use of the facility upon completion of the modernization, and a description that provides a detailed assessment of each design element required to achieve the stated vision.

LIBRARY/MEDIA CENTER VISION

As you enter the Library/Media Center, you first notice and hear a 90" TV that is mounted on the wall. Immediately surrounding this display, a teacher is instructing a group of students sitting on the floor, on how to use the 3D printer, by projecting her iPad onto the display. When they have completed their instruction, the students move to open areas in the room. Another group of students comes to the area of the monitor. The teacher is demonstrating a coding lesson, and using their individual iPads, the students follow along. When they are complete, another group of students is shown a coding lesson, and using their individual iPads, follow along. Students utilize the Library/Media Center to collaborate, investigate, and solve problems. Thus, the room is noisy – definitely not the quiet library spaces of the past. There is appropriate furniture – flexible and comfortable – throughout the room, and the large open physical space makes the room feel very bright and active. The space encourages teach and student interaction and students feel very comfortable in this learning space.

Students select a digital device if they do not have one, or use their own issued device and sit wherever they are comfortable to read and interact with the technology. On the perimeter of room are places for students to sit, read, and discuss what they are learning. The building has wireless internet connectivity throughout. On one wall are rows of windows with "shelves" along these windows, and stools to sit on. Students are sitting on the stools with their iPad. As they learn something new and exciting, they are sharing it with their fellow students. This space lends itself to students interacting with each other. In another area, students are sitting on the floor working on a project. They are also doing research on their iPads as well as working on various projects.

The Resource Teacher sits at a work station or table that is inviting to students and encourages them to come and seek information or help. The furnishing and size of the work space invites students to approach and collaborate as opposed to creating an intimidating barrier that might keep students away. If a student needs to make up a test or be collaborative, the resource teacher is there to help. The resource teacher – with a kind, friendly, and responsive demeanor – answers questions and provides guidance to students. This teacher might lead a small group lesson on responsible computer use, safety, security, and information reliability – today's equivalents of learning the Dewey decimal system. In between questions and structured activities, the resource teacher is preparing labs or project materials for students who may only come to school for a few hours each week in support of their homeschooling curriculum.

Along a wall nearby are prepared tubs of student project materials, containing bins with everything a student needs to complete various projects. For example, if a homeschooled student needs to come in for completion of a science project, a tub with the appropriate experiment, instructions, and tools are all there in one place to allow completion of the work. The student takes the tub to a comfortable place in the Library/Media Center to work on

their project and returns to the Resource Teacher, or may choose to work with another student in one of three breakout rooms, when needing support.

There is another area in this room that has six computers along the wall where students learn keyboarding skills or take a small group class with the Resource Teacher on how to use a certain software product such as Microsoft Office or Digital Art software. There is another area where students sit comfortably in chairs, a sofa or café tables to read and discuss what they have read. Hardbound books are on carts with wheels, as well as on a limited built-in bookshelf along one wall. The size of the collection has been reduced because students can access many books on their iPad.

There are also one to one workrooms that allow students to step in with the Resource Teacher to complete homeschooling meetings or other discussions that might require a sound-isolated space. Small groups of students might also use the workrooms to collaborate on projects or assignments. Inside the workrooms, floor-to-ceiling marker boards provide comfortable spaces to write or draw freely. The workrooms feel very open and connected to the rest of the Library/Media Center, as any walls or doors feature transparent surfaces.

Fixtures and finishing in the room contribute to the theme of the school academy. For example, exemplary multi-media project as being displayed in this multi-media focused elementary school.

DESCRIPTION OF REQUIRED ELEMENTS

FURNITURE & FIXTURES REQUIRED:

Tables and seating: A variety of flexible and comfortable seating is provided for 36 students; stools along the technology wall are provided with enough seating for 10 students. Desks that a mobile and can reconfigured into a variety of orientations are provided for 20 students. Six computer tables with chairs are also provided. In a central location, a circular desk is provided for an instructor to sit in the interior, and interact with students. Against one wall, near the entry, a modified circulation table is provided. This desk would provide space for students to return and check out books, and house the Library Technician's computer. This desk is not easily mobile, but is also not built into the Library/Media Center, so that the space can be rearranged as necessary. In each breakout room, a table and chairs are provided for four students. In the Maker's room, sufficient flexible and mobile table and chairs are provided for eight students.

Shelving and storage: There is book shelving along perimeter walls of the library media center. In addition, there are four sturdy movable book shelves that can be arranged in different ways to meet the space needs of the room.

There are two additional movable shelving units that contain storage compartments for bins/tubs of activities to hold student learning materials. Additionally, a portion of the Library/Media Center should be set aside as a locked technology storage room.

Examples of mobile storage carts and cabinets for illustration purposes only; actual products selected for the project may vary.

This room would have space and shelving appropriate to store the Library/Media Center's inventory of iPads on four mobile computer carts. If appropriate, this space could also house the MDF/IDF. This storage would be separate from the textbook storage room and other storage space, and would meet the need to secure the school's allotment of iPads or other future computing devices provided for each student and teacher when not in active use. In the maker's room, an additional two movable storage units are provided. In the textbook storage/workroom, tables, four chairs, and four mobile storage units are provided

Lighting: Lighting fixtures should provide a general condition of room illumination to allow sufficient legibility of materials, while minimizing glare on electronic screens. Options to provide energy efficient solutions may be considered.

EQUIPMENT REQUIRED:

HDTV Display: A single flat screen HDTV display measuring at least 90" inches diagonally is required to support the vision described herein. This display should be surrounded by a sitting area for project presentations. Display

Example of a 60-inch HDTV mounted to a classroom wall for illustration purposes only; actual products selected for the project may vary.

requirements include a minimum of three HDMI inputs, and either built-in Wi-Fi equipment or an attached accessory device that provides Wi-Fi accessible services. The display should be mounted on a reliable adjustable arm positioned so that the bottom of the display is 5 feet above the floor. The mounting should also provide the option of extending the display out from the wall one to two feet and thus permitting the display to pivot to the left or right for an approximate turning angle of 45 to 90 degrees. Cabling should be obscured behind the mount and within the wall.

Care should be taken to select a reliable, cost-effective HDTV product, and consideration should be given to the simplicity, ease, and familiarity with controls that teachers use to adjust the device. With this in mind, architects and engineers are to be mindful of the potential for interference between common infrared remote controls and highly reflective surfaces around the

room and may suggest a means by which to avoid signals meant for one HDTV from being received by another.

Audio/video box: A ceiling-mounted housing, preferably flush with the suspended ceiling tiles, shall provide space (e.g. equivalent to a 2U equipment rack) for a switching mechanism that allows the instructor to change the video or audio source sent to the display. Given this AV switch/matrix, the instructor is able to select various desired input sources from a handheld device or remote control. Inputs may be housed elsewhere in the room or within additional remaining space provided by the AV box. Inputs may include:

1. Laptop or tablet connected to the instructor's station (e.g., enabling the instructor to share a slideshow or demonstrate a mobile device app)
2. DVD player (e.g., enabling a single video to be duplicated on all screens simultaneously)
3. Digital camera and/or document camera
4. Other devices that generate video or audio content

Student computing devices: The District's Technology Program has equipped all students with iPads to be used within this high-tech environment. The design team should engage the District's Chief Information Officer (CIO) in the selection of the above equipment to ensure compatibility where required.

MAKER'S ROOM

Visible from the Library/Media Center , through a store-front glass wall, is a maker's room. The makers room is approximately 480-square feet in size, and includes a 3D printer, as well as a wireless iPad compatible printer for student use. These printers are connected to the computers in the main Library/Media Center space. Students are using the space to collaborate and build their projects. Mobile storage units are provided to store student projects and student materials.

SUMMARY

The vision and description of Library/Media Center contained herein has been developed with the input of District staff as well as educators, former school administrators and professional facilities consultants. Collectively, the criteria specified is provided to supplement approved Educational Specifications and provide a framework for design that creates a true 21st century Student Resource Center facility, as opposed to a 20th century library design that has been built in the 21st century.

As such, a thorough understanding of the functions performed in these spaces is critical so that the form can adequately follow. Much of the functionality in the new Library/Media Center is achieved through innovative choices on furniture, fixtures, and equipment (FF&E). As the "essence" of the project, these FF&E elements will enable library media instructors and resource teachers to transform their instructional pedagogy. Designs that recognize and incorporate these concepts will enable such a vision to be fully realized.

When in doubt, the design team is encouraged to consult with Caldwell Flores Winters, the District's Program Manager and author of this document.

MULTIPURPOSE FACILITY: Vision & Specifications

OVERVIEW

The Multipurpose Facility will support many different uses and function as a main gathering place for assemblies, student performances and athletic

events, in addition to a meal preparation and an eating space. The Multipurpose Facility will be modernized to include new cafeteria furniture, new kitchen equipment and 21st Century upgrades. The vision below provides the perspective of an individual observing the facility upon completion of the modernization, and is followed by a description that provides a detailed assessment of each design element required to achieve the stated vision.

MULTIPURPOSE ROOM VISION

It is early in the morning, prior to school starting. As you enter the Multipurpose Room, you see students eating breakfast sitting at cafeteria type tables. Older students are given a choice of where they would like to sit to eat breakfast or lunch.

Today it is raining outside, so students can gather in the Multipurpose Room during their PE time. They participate in indoor physical activities that involve games where every child is moving. The cafeteria tables have been folded and stored along one wall to create the open space that allows for student movement. The ceiling is clear of any mechanical or structural elements at least 22-feet above the floor, permitting a wide range of athletic uses (e.g. basketball, volleyball).

On other days when it is nice outside, the students can use the space after lunch for group collaboration projects. They might use the cafeteria tables while engaging in an activity when the project calls for an expanse of table space to lay out the project. Students can work and collaborate in this space.

On staff development days, this space is also used by teachers for their staff development. The monitor serves a "screen" for the presenter to project images or presentations. There is also a screen in front of the stage that comes down when the remote control is activated. At times, this screen is used instead of the monitor with a projector or both are used at the same time.

Afterschool, some of the students use the Multipurpose Room to play physical games, such as basketball or volleyball, as a part of the Afterschool Program. The cafeteria tables have been folded and moved along one way to provide floor space in which the students play.

That evening, the school's choir is presenting their winter concert for the parents. The students perform on a mobile stage. There is lighting and sound provided for student performance. The parents sit on folding chairs that have been placed on the main floor of the building. Earlier in the day, the District's facilities staff assembled the stage, which was being stored in the storage area. This is the area where the folding chairs are also stored.

The Multipurpose Room serves as a very flexible space for many kinds of activities in which the school wishes to engage. The room is bright and cheerful using the colors of the school mascot and has a very modern and updated appearance. The area will be equipped with Wi-Fi access to accommodate student use of digital devices.

MUSIC PLATFORM

The Multipurpose Facility allocates dedicated space for a performance platform, a portable stage. The District has opted to utilize this floor area to increase the overall size of the open, flexible use space of the multipurpose room, provided that an appropriate area is configured at which a mobile stage can be assembled when required for student performances, parent events, or other uses. As such, architects are advised to identify this space, and ensure lighting and AV controls recognize its intended function, and otherwise ensure that under day-to-day operating conditions, the space provides additional flexible space to enlarge the capacity of the multipurpose room.

Careful consideration should be given to select a mobile stage that can easily be assembled and disassembled. This stage should require only two people

for assembly. The stage should be able to be stored in the multipurpose facility storage room when not in use.

PREPARATION KITCHEN

As a part of the modernization of the Multipurpose room, new kitchen equipment will be provided to replace older equipment, where required. Properly functioning kitchen equipment will remain.

OTHER UPGRADES

New ceiling tiles, flooring, and HVAC grills will be replaced where required. Electrical upgrades for improved Audio-Visual systems will be provided, where required. Where community uses are already in place, they shall be maintained to the extent possible as long as they do not interfere with the educational and operational use of the school.

DESCRIPTION OF REQUIRED ELEMENTS

FURNITURE & FIXTURES REQUIRED

Tables and seating: Cafeteria type tables and seating will be provided that easily and quickly fold up and can be stored in designated storage rooms or spaces and maximize the seating within the available space for multiple uses. The tables and seating must be provided that support their use and reconfiguration for smaller parent and staff meetings as well as for school sponsored assemblies.

EQUIPMENT REQUIRED

Ceiling Mounted Screen: A very large remote-operated, retractable screen is required, mounted from the ceiling and positioned above the location anticipated to be utilized for the mobile stage. A high-lumen projector should be mounted on the ceiling and positioned to project clearly to the screen when in use. The projector should be wired to a corresponding audio/video box, mounted 2-feet off the ground on one wall and described below. HDMI cabling should run through the ceiling and walls from the projector to the A/V box, to enable the projector to play media from a variety of sources.

Audio/video box: A wall or ceiling mounted housing, preferably flush with the wall surface and mounted 2 feet above the floor, shall provide space (e.g. equivalent to a 2U equipment rack) for a switching mechanism that allows the instructor to change the video or audio source sent to each display. Given this AV switch/matrix, the instructor can select various desired input sources from a handheld device or remote control. Inputs may be housed elsewhere in the room or within additional remaining space provided by the AV box. Inputs may include:

1. Laptop or tablet connected to the instructor's station (e.g., enabling the instructor to share a slideshow or demonstrate a mobile device app)
2. DVD player (e.g., enabling a single video to be duplicated on all screens simultaneously)
3. Wireless media streaming devices (e.g. Apple TV, Chromecast)
4. Digital camera and/or document camera
5. Other devices that generate video or audio content

Above or beside this box, a small retractable wall mounted desk shall be provided. The desk would provide enough space for a laptop, to allow staff or other presenters to hook their laptop up to the projector system, through the A/V Box.

SUMMARY

The vision and description of Multipurpose Room contained herein has been developed with the input of District staff as well as educators, former school administrators and professional facilities consultants. Collectively, the criteria specified is provided to supplement approved Educational Specifications and provide a framework for design that creates a true 21st

century Multipurpose Room facility that will be able to meet the various needs for the kinds of spaces that enrich students' academic experiences.

As such, a thorough understanding of the functions performed in these spaces is critical so that the form can adequately follow. Much of the functionality in the new Multipurpose Room space is achieved through innovative choices on furniture, fixtures, and equipment (FF&E). As the "essence" of the project, these FF&E elements will enable to use the space in a multiple of ways that meet the needs of the students. Designs that recognize and incorporate these concepts will enable such a vision to be fully realized.

When in doubt, the design team is encouraged to consult with Caldwell Flores Winters, the District's Program Manager and author of this document.

OTHER SUPPORT SPACE (Counselor Room): Vision & Specifications

OVERVIEW

As part of the District's Master Construct and Implementation Program, future improvements at McAuliffe Elementary School include providing approximately 730 square feet of administrative programming space in the permanent building to properly house both the Speech and RSP programs.

Per the adopted Educational Specifications, the counselor and psychologist rooms require at least 150 square feet each. As the counselor office is currently in a space that could serve a support program with the need for greater square footage, finding a new home for the counselor office will eliminate the need to construct new administration space.

There are two locations where there are two adjacent supply rooms: between Rooms 21 and 23 and between Rooms 34 and 36. By converting either set of these supply rooms into 1 larger office space, may create sufficient space to house the counselor room, allowing the current counselor space to house RSP and Speech, thereby eliminating the use of 2 additional portables for support space. This will be further studied once the design process is underway.

COUNSELOR ROOM VISION

The is one dedicated office for the counselor to provide support to the students at the school. The office is furnished with a desk, chair, file cabinet, mobile bookcase and mobile lockable storage cabinet. There is a small table with 4-6 chairs that allow for meeting with small groups of children or parents.

DESCRIPTION OF REQUIRED ELEMENTS

The Counselor Room must, upon completion, be fully furnished and equipped to realize the above vision.

FURNITURE & FIXTURES REQUIRED:

Desks, seating and workspace: The office has a desk, comfortable desk chair, 2 drawer filing cabinet, computer, 2 mobile storage units, and small table with 2 to 4 chairs that functions as a small work or meeting space.

Window Coverings: Walls with windowed surfaces may be covered by marker boards that slide on a track so as to provide the option of obscuring the windows when additional writing surface is needed or darkening the room when natural light needs to be reduced.

Platforms, shelves, and cabinetry: There is no need for built-in cabinetry or shelves, as the desks and offices utilize mobile storage units.

Lighting: Lighting fixtures should provide a general condition of room illumination to allow sufficient legibility of materials, while minimizing glare on electronic screens. Options to provide energy efficient solutions may be considered.

SUMMARY

The vision and description of Counselor Room contained herein has been developed with the input of District staff as well as elementary school educators, former school administrators and professional facilities consultants. Collectively, the criteria specified is provided to supplement approved Educational Specifications and provide a framework for classroom design that creates a true 21st century facility, as opposed to a 20th century classroom design that has been built in the 21st century.

As such, a thorough understanding of the functions performed in this space is critical so that the form can adequately follow. Much of the functionality in the new Counselor Room space is achieved through innovative choices on furniture, fixtures, and equipment (FF&E). As the "essence" of the project, these FF&E elements will enable instructors to transform their teaching pedagogy. Designs that recognize and incorporate these concepts will enable such a vision to be fully realized.

When in doubt, the design team is encouraged to consult with Caldwell Flores Winters, the District's Program Manager and author of this document.

ADDENDUM #001 TO THE REQUEST FOR PROPOSAL DOCUMENT

To all Architect Bidders of Record on the Request for Proposal (RFP) titled:

REQUEST FOR PROPOSALS- ARCHITECTURAL SERVICES

MODERNIZATION OF
MCAULIFFE AND RITCHEN ELEMENTARY SCHOOLS

Addendum Date: September 10, 2019

A. This Addendum shall be considered part of the Request for Proposal document for the above-mentioned project as though it had been issued at the same time and shall be incorporated integrally therewith. Where provisions of the following supplementary data differ from those of the original RFP document, this Addendum shall govern and take precedence.
B. Bidders are hereby notified that they shall make any necessary adjustments in their estimates as a result of this addendum. It will be construed that each bidder's proposal is submitted with full knowledge of all modifications and supplemental data specified herein.

The RFP document are modified and clarified, as follows:

Item #1

Changes to the RFP Document:

1.1 RFP Cover Sheet:

Request for Proposal document date of August 30, 2019 added.
Addendum #1 document date of September 10, 2019 added.

1.2 RFP page 2, Project Requirements:

Sentence added to the end of paragraph 1. Text reads: "This scope to be further defined at a later date."

1.3 RFP page 3, Project Requirements, Requested Services:

Paragraphs 3, 4 and 5 added. Text reads: "Water intrusion into the building is a problem at both McAuliffe and Ritchen. Design team to investigate, design a solution and provide a cost estimate for this work that is separate from the modernization costs.

Attach

Code required upgrades triggered by the modernization work, such as fire alarm system replacement or upgrade and ADA upgrades are to be investigated, designed and priced by the Architect / Engineer. Estimates for this work will be separate from the modernization costs.

HVAC work to consist of thermostat replacement with Venstar, centrally monitored thermostats throughout. All ducting, piping, pumps and boilers to be inspected and replaced as required. (Air handlers and VFDs replaced in 2013.) Unused funds to be applied to replacement of toilets, valves and faucets on an as-needed basis."

1.4 RFP page 4, Project Requirements, Requested Services, For the library/media center improvements, key elements required include:

Omit first bullet point. Text reads: "Sixteen media tables and stools of various heights will be located along one wall that have electrical outlets for students to plug in their hand-held devices or computer stations that have software specific for students to create projects related to the school's educational program."

1.5 RFP page 4, Project Requirements, Requested Services, Key elements related to the improvements to the existing MPR facilities include:

Omit second bullet point. Text reads: "A 90-inch monitor will be mounted on the wall away from physical activity areas with wireless connectivity throughout the room."

1.6 RFP page 5, Project Requirements, Requested Services, Key elements related to the improvements to the existing MPR facilities include:

Add text to third bullet point. Text reads: "an 18' x 24'"

1.7 RFP page 5, Project Requirements, Requested Services, Key elements related to the improvements to the existing MPR facilities include:

Omit text from fourth bullet point and add text to fourth bullet point. Omitted text reads: "New kitchen equipment will be provided to replace older equipment, where required. Properly functioning kitchen equipment will remain."

Added text reads: “Walk-in refrigerators / freezers at both schools to be evaluated for functionality and repaired / replaced as required. The grease interceptor to be replaced at McAuliffe only.”

1.8 RFP page 5, Project Requirements, Requested Services, Key elements related to the improvements to the existing MPR facilities include:

Add seventh bullet point. Text reads: “Structural evaluation at Ritchen – 1 window wall.”

1.9 RFP page 5, McAuliffe Elementary School:

Replace text in first paragraph. Omitted text reads: “new furniture for the cafeteria and new kitchen equipment where applicable.”

Replacement text reads: “new projector and screen, replacement of the stage with a smaller, demountable stage, replacement of a limited amount of ceiling tile, kitchen upgrades as listed and supplemental or new cafeteria tables, as directed by the district.”

1.10 RFP page 6, Ritchen Elementary School:

Replace text in first paragraph. Omitted text reads: “new furniture for the cafeteria and new kitchen equipment where applicable.”

Replacement text reads: “new projector and screen, replacement of the stage with a smaller, demountable stage, replacement of a limited amount of ceiling tile, kitchen upgrades as listed, structural repair as necessary and supplemental or new cafeteria tables, as directed by the district.”

Attn: Jordan Miles, CFW

Re: Request for Proposals for Architectural Services
Modernization of McAuliffe and Ritchen Elementary Schools

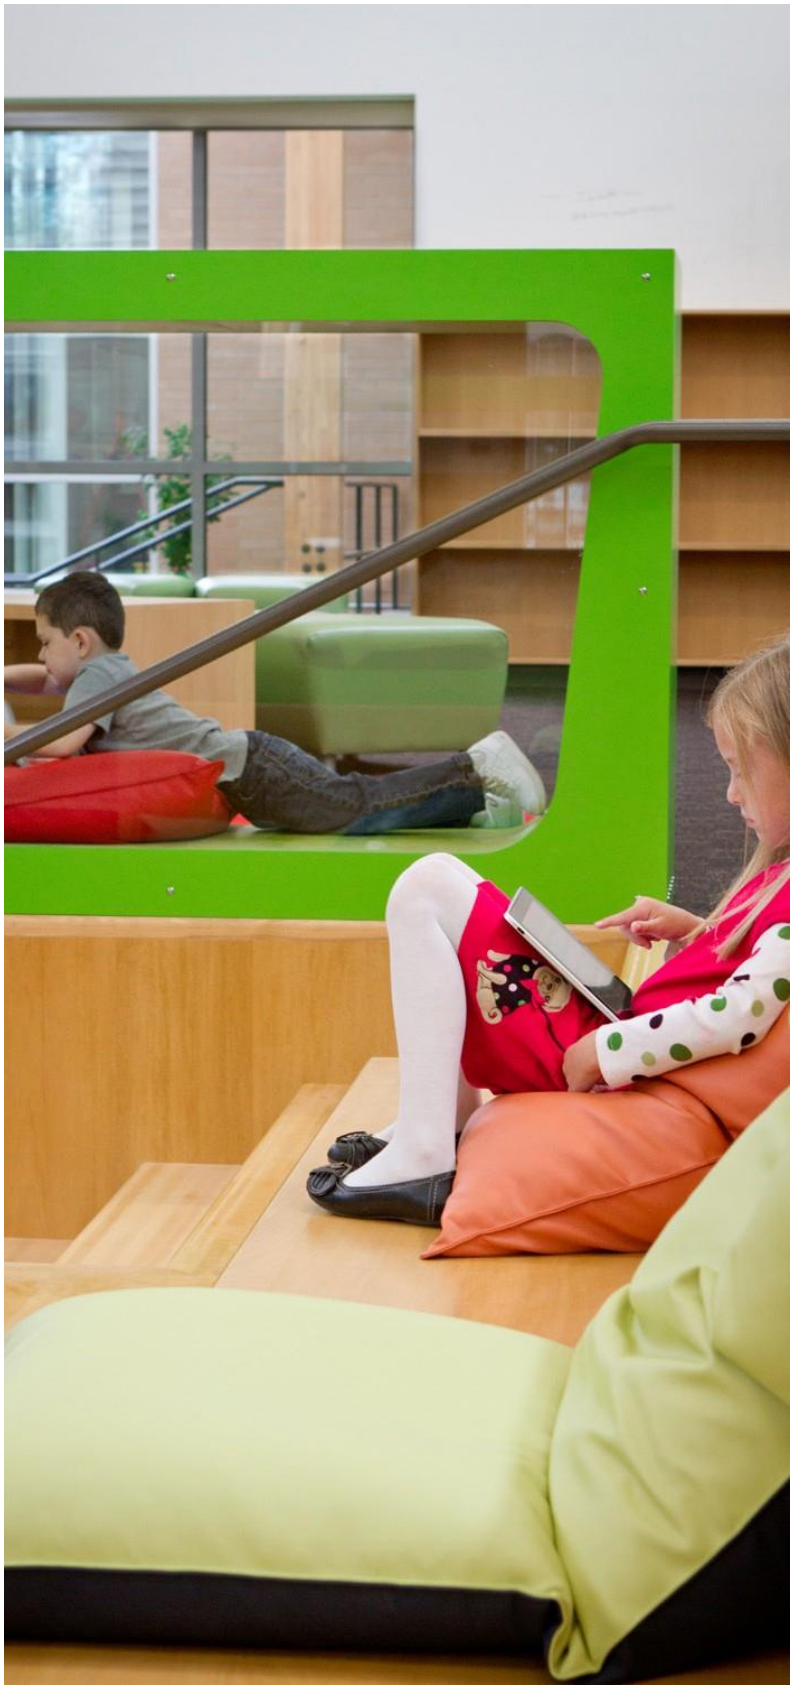
Dear Mr. Miles,

Thank you for the opportunity to share our ideas for the modernization of McAuliffe and Ritchen Elementary Schools as the Oxnard School District seeks to better serve the future of their community with the development 21st century learning environments. IBI Group has an extensive track record of working with school districts across the state of California spanning the past 40+ years. For 30+ years we have successfully collaborated with the Oxnard School to improve the educational environments for the benefit of the students and the community. We have completed numerous construction projects ranging from modernizations to new ground up facilities; and we look forward to the challenge of **redefining the learning environments at McAuliffe and Ritchen Elementary Schools** to better prepare their students to meet the challenges of today's educational environment.

We look forward to working with the district as you seek to develop unique learning environments that promotes the next generation of learning; which will further augment the strand-focused STEAM classroom and maker space at McAuliffe Elementary and the academic focus of science and technology at Ritchen Elementary. Assisting the district in achieving their vision, we will re-envision the existing facilities though a series of modernizations to the permanent classrooms, multipurpose room, library and additional support spaces. Working with the existing spaces we will incorporate elements of next generation learning taking advantage of current technology trends, as well as redefining furnishings to provide flexible and adaptive learning environments to best suit the needs of the students and teachers. Combined, our designs will **provide cohesive flexible learning environment** that will challenge the minds of your students.

IBI Group is uniquely qualified to meet the needs of the district through our extensive knowledge base and experience of providing added value and perspective with our deep bench of internal staff and consultants. **IBI Learning+** is a center of excellence within IBI Group that focuses on shaping the next generation of learning environments that encourage real life research and problem solving. Our firm is experienced in providing design services, and has completed more than 1,000 educational projects in California which include new construction, additions and complex multi-phase renovations, many of which have won top design awards. Our clients rely on us to consistently exceed expectations while

shepherding valuable public resources – a responsibility we take very seriously.



To successfully achieve the goals of this scope of work, IBI group has assembled a highly qualified team of design professionals, each specifically selected based on their relevant project experience in the planning, design and construction of spaces similar those present at both McAuliffe and Ritchen Elementary Schools. The core team leaders will be **Project Director and Principal in Charge, Craig Atkinson, Project Manager, Andrew Miller and Project Architect, Janvi Kanani**. Supporting this core group are staff and consultants that are chosen based on their experience with modernizations, working with the district and successful completion of past projects.

At IBI Group, our team shares a common belief that great architecture can only be achieved through a healthy ongoing dialogue with the District, for whom we are ultimately designing. We strive to develop a thorough understanding of the needs and desires that fuels our client's passions, while remaining true to the surrounding building context. Ultimately, **this collaborative, user-based process**, develops a sense of pride and accomplishment for the community for whom this school will serve.

With pride and enthusiasm, we submit our Proposal, Experience and Conceptual Ideas for your consideration. Developing long lasting relationships is at the core of our firm values. We, therefore, look forward to the opportunity to work with the Oxnard School District as you position McAuliffe and Ritchen Elementary Schools for future success.

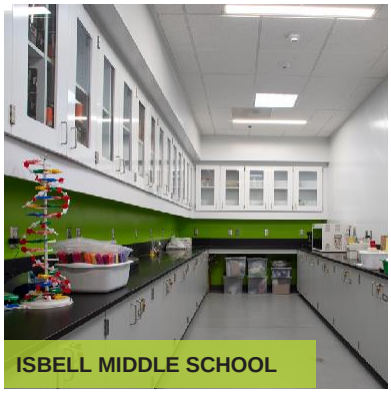
Sincerely,

Craig Atkinson, AIA, NOMA, LEED AP
Director – Sr. Principal, Architecture

1 Similar Project Experience

Transformative Design Capabilities for School Modernization for Next Generation Learning

IBI Group is an experienced group of team leaders and design professionals. This team combines a recent history of developing educational facilities on existing K-12 campuses and the research and development of "Next Generation" learning environments. We are developing educational environments that are focused on the learner and the shift to agile individualized learning methods. We believe learning should be contextual and relational, not just rigid adherence to skill-building. We understand teaching and technology ought to be seen as the 'invisible tools' in the learning encounter.



Modernizations on Existing Campuses

Modernization projects present a unique challenge to the design team in addition to those encountered in new construction. They are bound by regulatory limits affecting funding maximums, mandatory minimum spending to accommodate physically disabled accessibility, functional and facility program needs—each dictating user priorities. It truly is an interactive process to meet all the criteria. At the heart of any modernization project is the existing facility. Investigating, assessing and evaluating existing facilities are keys to identifying and prioritizing the work that needs to be done. Field investigation includes, site visits by IBI Group and our team of consultants to verify existing conditions and identify possible areas of work.

Transformative Projects on Existing Campuses

Public education for future generations challenges us to look beyond traditional forms of learning and teaching to envision learning communities that enable educators to collaborate, share best practices and integrate into classrooms. This means creating relevant, real world, Next Generation environments with accessible learning tools, technologies and resources that expand community and international involvement in learning, both face-to-face and online; architectural designs that support group, team and individual learning. We have worked with numerous Districts to understand how they want to deliver educational experiences and respond with the appropriate facility design. We take special pride in our experience and success with our process.

ISBELL MIDDLE SCHOOL

Creating design solutions on highly visible and/or constrained sites require accepting the constraints of the box while pushing the solutions to the limit of the box. The design of the new is an excellent example of this action. At Isbell MS, the District wanted new STEM classroom along with flexibility to carry out other classes when needed. IBI Group worked with the structural engineer and the District to evaluate the abandoned locker/shower building and saw an opportunity to transform them into new flex classrooms. The result was that the District received state funding under the AB300 program to upgrade the old dilapidated building to current code and with additional local bond funds, the District is now enjoying two Flex Labs.

Another instance of outstanding adaptive re-use projects would be the At Pomeroy Elementary, Curtner Elementary and Zanker Elementary Schools, existing spaces were converted into flexible project-based learning centers, each with its own identity and characteristics derived from the users. Remodeled spaces were constructed to modernize the educational environment and enhance the learning experience for the resident elementary school students. IBI Group programmed each space with a committee drawn from the individual campus and arrived at three distinct solutions. Zanker Elementary School was a conversion of the old multi-purpose building into a student maker space complete with wet and dry areas for projects. The Learning Center at Curtner was created to provide flexible space from the old library and adjacent classrooms that can expand into a large training facility for staff or contract into separate small team collaboration spaces. All spaces are easily converted with the use of agile furniture and walls. Pomeroy Elementary School converted a multipurpose building into a media center that combines a library area and flexible learning space. The new area provides the area for several classrooms to collaborate on projects as well as small group breakout.

"To witness its transformation from a tired and well-loved space to a contemporary, vibrant, and welcoming nucleus for student life has been nothing short of inspirational. Not only is the space aesthetically beautiful and inspiring, but the manner which our students are engaging with the space and with each other in the space is equally inspiring…it's architecturally striking with beautiful appointments and finishes and showcases the love that went into its planning by our phenomenal design team. But the Campus Center is so much more than a newly renovated building it is the heart, the soul, the spirit and the living room of West Valley College."

- LORI GASKIN, PH.D., WEST VALLEY COMMUNITY COLLEGE, PRESIDENT

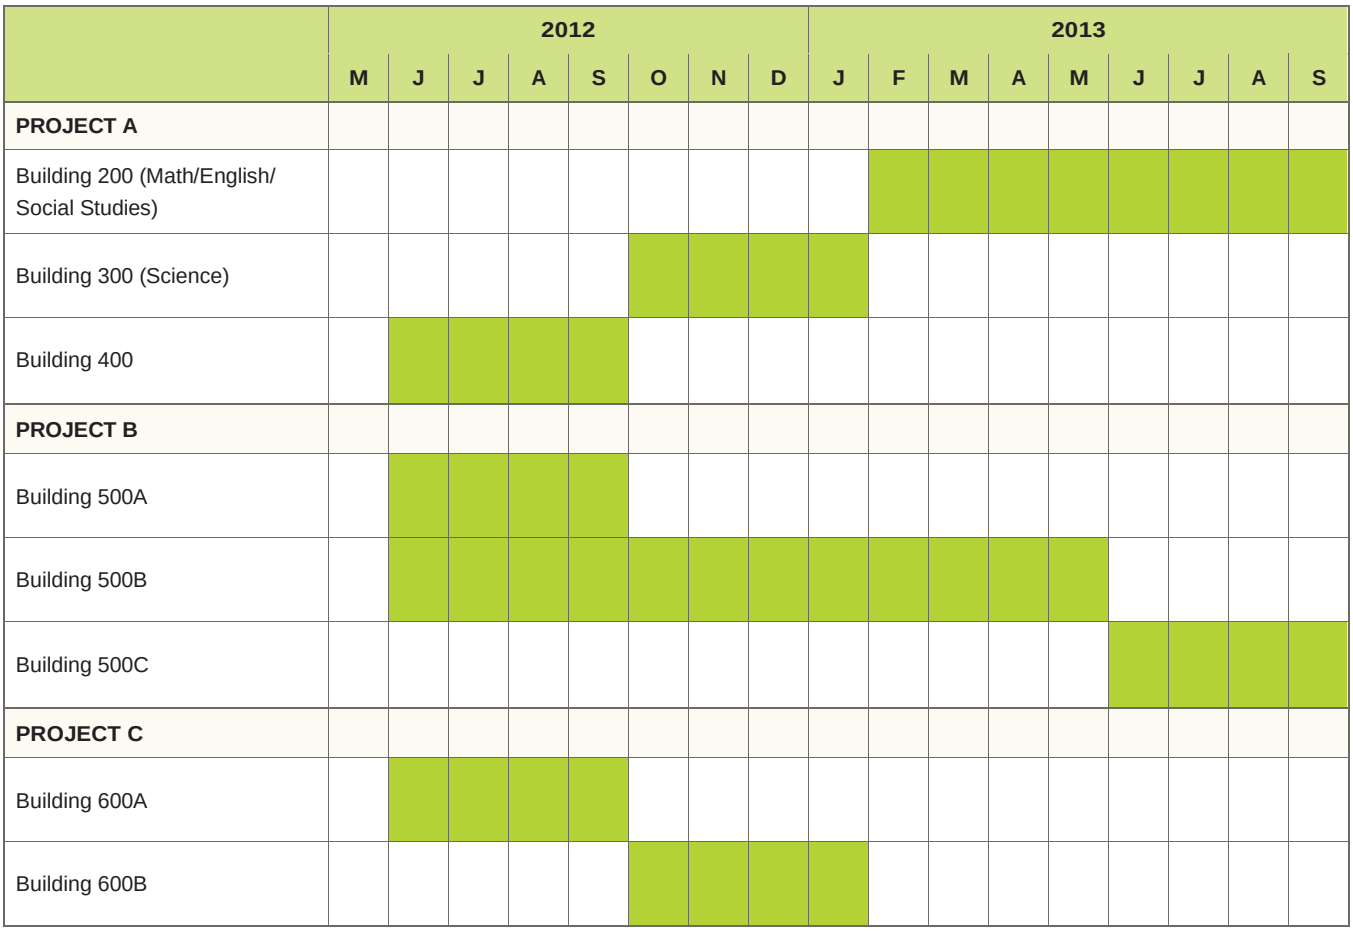
2 Challenges of Phased School Construction

PASO ROBLES HIGH SCHOOL

IBI Group understands the challenges presented with campus additions and modernizations. We understand how to efficiently utilize space, and how to keep campuses operational during construction. We are connoisseurs at addressing highly complicated projects, such as whole campus conversions, multiple additions, campus-wide modernizations, ADA upgrades and selective modernizations. Phasing brings an added level of complexity to existing projects. IBI Group is well aware of these challenges and works with the District and School Site Stakeholders to minimize the impacts on the users. One such example would be working with the **Paso Robles High School District** in developing the construction phasing for the modernization of 5 existing buildings by three separate contractors over a two year period.

Project “A” included Building 200 (Math/English and Social Studies); Building 300 (existing Sciences); Building 400 (conversion of standard classrooms to sciences).

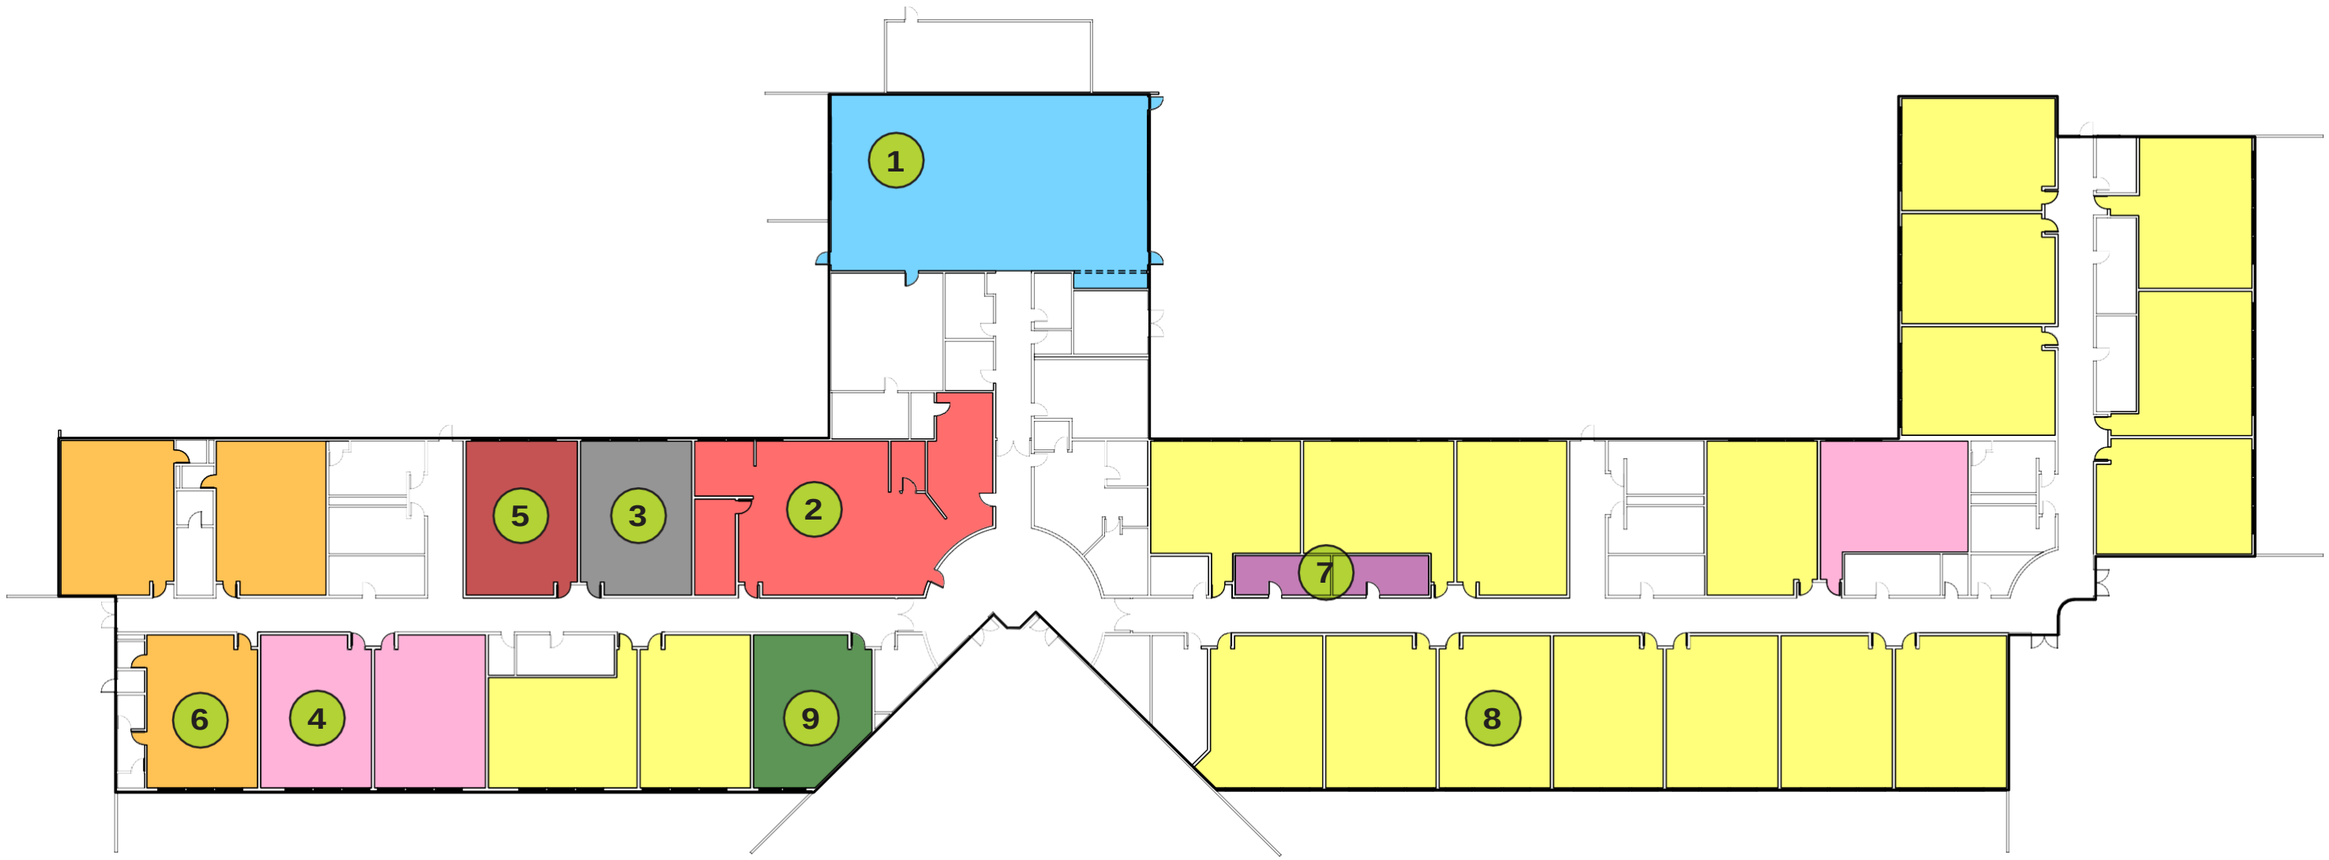
Project “B” included Building 500A (conversion of ASB to Band and Teacher Lounge); 500 B (the PAC remodel and addition); 500 C (arts renovation)



Project “C” included Building 600 A (Construction Technology renovation) and 600B (conversion of welding lab into Information technology)

Working with the contractors and the District, IBI developed a phasing plan based on these principles:

1. Allow for housing students in existing classroom space without adding new relocatable classrooms to the campus (while not disrupting student life too much).
2. Allow for completion of predecessor tasks by each contractor in such a way as to not delay the other contractors.
3. Allow for completion of the Performing Arts Center in time for the opening performance of the first following year.



As part of the overall bond program schedule, a new two story classroom building designed by IBI to replace existing portable classrooms was completed prior to the modernization effort. The first objective was met by being able to house students in these new classrooms and not taking the existing portable classrooms out of service until the completion of the modernization.

Working closely in a lease-lease-back negotiation with the District and the three separate contractors, IBI Group developed a coordinated construction schedule that identified each task from all contractors and the interrelationships between each contractor's individual construction schedules. The coordinated schedule was reviewed and accepted by all three contractors. **This process accelerated the overall schedule to allow completion one year earlier than originally anticipated and saved the District thousands of dollars in General Contractor costs.**

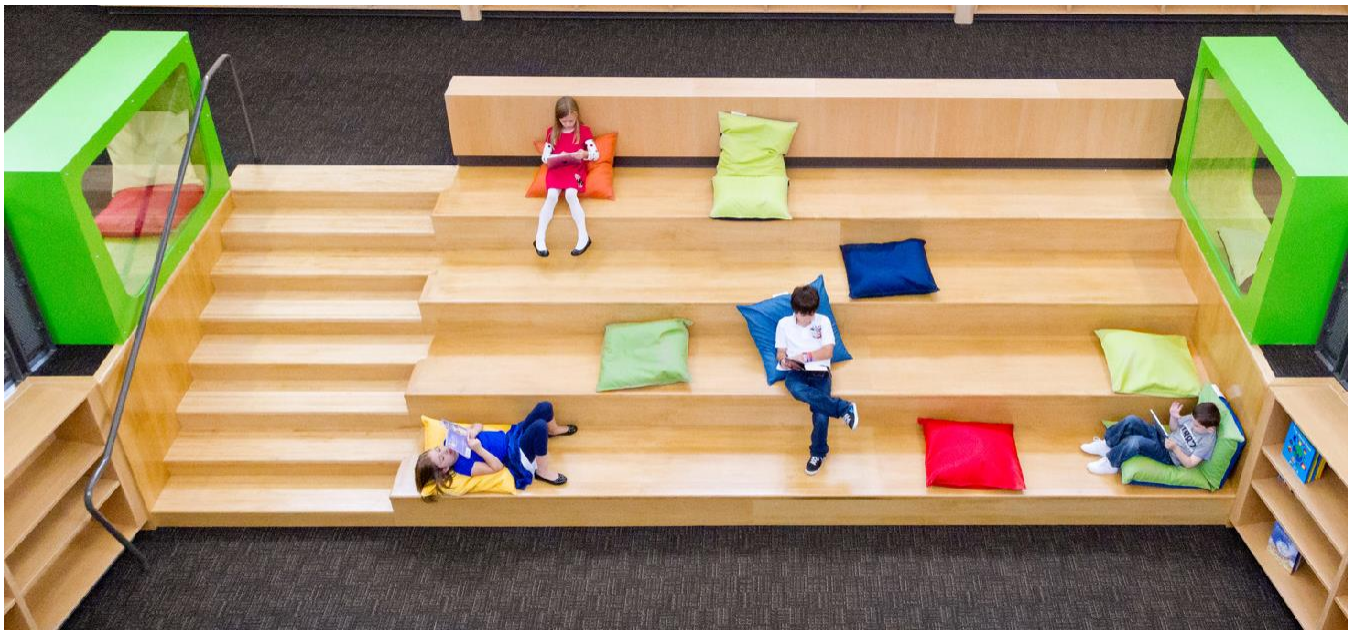
4 Meeting or Accelerating Proposed Project Timelines

"...The outstanding quality of their work, the ability to meet agreed upon time lines and the skill to stay within projected costs have all been greatly appreciated. The staff at IBI Group has also shown the ability to address issues in a timely fashion, with an eye for minimizing impacts to project cost and schedule, and the needs of the owner. The principals, project managers, and support staff have been accessible and available whenever necessary. They have been helpful in the evaluation of diverse needs, views, and input from the various stakeholders, have listened intently, and have responded to the City's needs in a positive and professional manner."

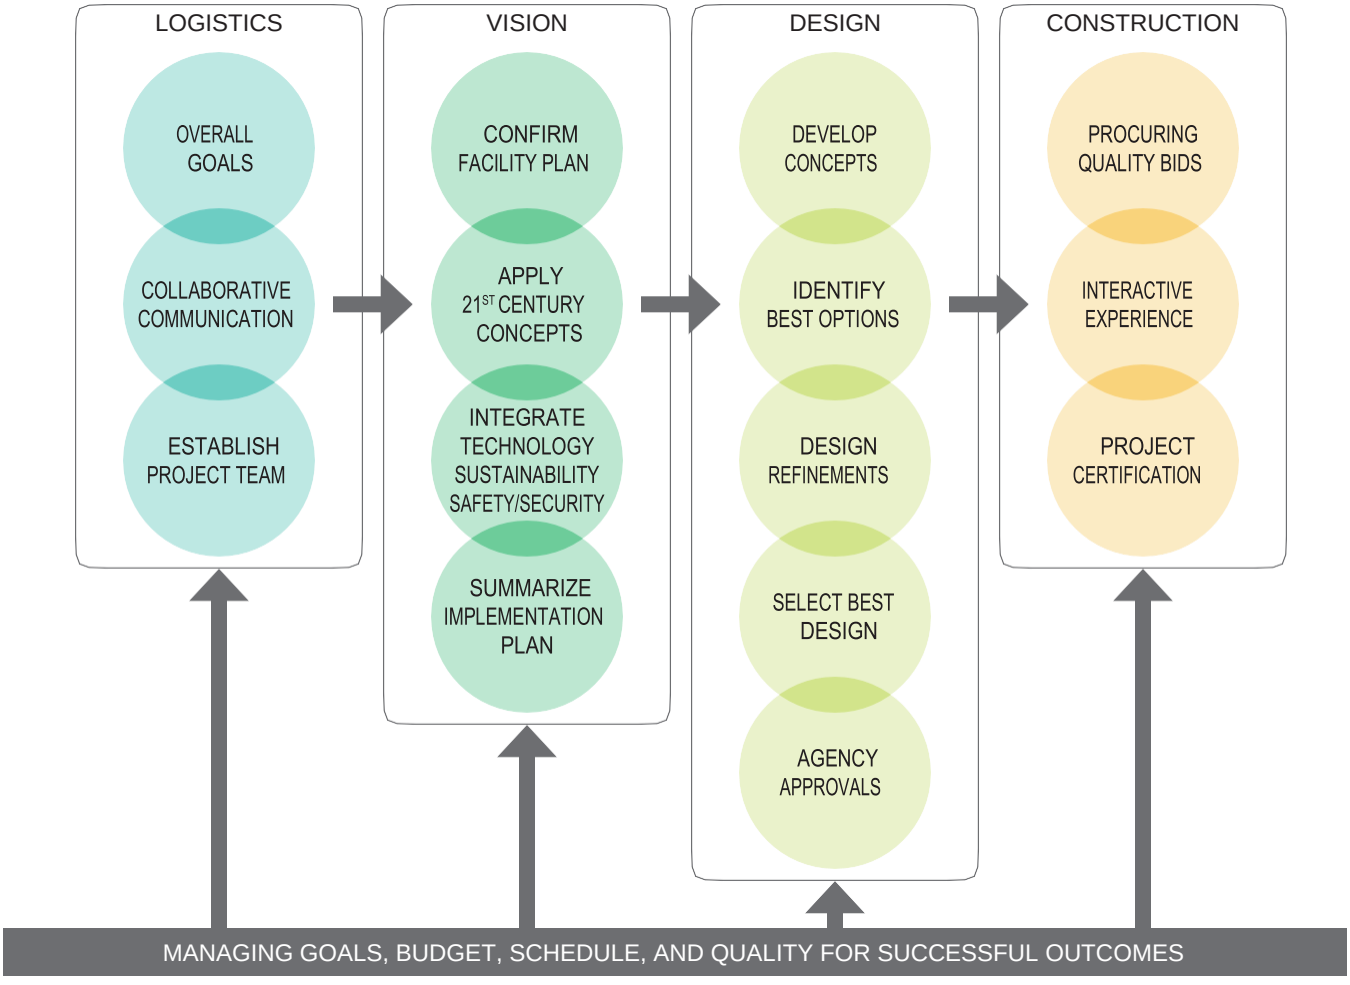


- RODGER OLDS, P.E., MBA
PRINCIPAL CIVIL ENGINEER
CITY OF SANTA MARIA

IBI Group is highly experienced in meeting schedules and timelines. In fact, many clients enlist our services for this one reason. Just a few of our success stories include:

- Successfully modernizing 12 projects at one District over the summer,
- Completing a 3-story classroom building from inception to completion in 18 months.
- Building a new K-8 non-modular school from programming to occupancy in just over 24 months, including agency review time.

Good design, maintaining budget and schedule control begins at the initial planning of the project. Senior staff with extensive facility planning and design experience will be proactive in initiating appropriate means to effectively manage or accelerate the schedule. We will work closely with the District, the program manager, and the LLB Contractor from the start to identify realistic milestones that can be adhered to throughout the process and that are agreed to by all parties. We make sure to include time for decision making, phase and document review, agency review, and construction phasing.



We have developed schedules where design phases overlap or projects are broken out into increments so that certain aspects can start ahead of other yet to be completed areas so as to get a head start. We have employed this method in both design and construction phases.

Early consultation with DSA assists the planning project in anticipating code and state requirements that affect the choices available. We are at DSA frequently to expedite projects through the bureaucracy. Our firm typically has implemented preliminary reviews with DSA as a way of proactively assessing critical issues. Your plans are reviewed face to face with the DSA staff very early on in the process, thus avoiding any misunderstandings and potential delays.

IBI takes a very proactive role in resolving issues before they affect the schedule or budget. Knowing who to talk to, what forms to use and treating DSA individuals as they are part of our team and the solution really eliminates the potential for delays. We understand the submission process and our submissions are complete. When clarifications are requested, or DSA field changes occur, we respond quickly, thus reducing any potential time delays.

During construction, a large part of maintaining the project finish date is to closely monitor the construction schedule, attend the weekly site meetings to monitor progress, review and respond to RFIs, submittals, and DSA requests in a timely manner. When consistently adhered to by all members of the construction team, when the project does have an interruption in the schedule, everyone can quickly determine an alternate means to get back on task. The contractors are required to provide “make-up” means and schedules to get their work back on the master schedule, our task is to assist in our capacity to not add additional burden to the schedule.

5 Lease-Leaseback Delivery Method Experience

Over the last four decades, IBI Group has developed projects in a wide variety of construction delivery methods. We are able to deliver design and construction administration services for traditional Design-Bid-Build (DBB), Multiple Prime Contracts, Design Build, Bridging Design Build, Modular Construction, CM at Risk, P3s and Lease-Lease Back (LLB).

We have developed hundreds of projects using the LLB delivery method and understand that the keys to success are as follows:

- Strong Owner
- Good Design Documents (IBI)
- Qualified General Contractor with a realistic bid number
- Strong Construction Observation + Administration (IBI Value Add)

We have developed many projects over the last two decades using the LLB construction project delivery method for Districts that use agreements based on Education Code Section 17406.

Assessing capabilities and methodologies prior to pricing a project allows the District to weigh the competency of the builder and their design phase capabilities. It has been our observation that LLB reduces the District risks attributed to schedule delays, poor quality work and rising costs. We have worked with the LLB contractors from initial kick-off meetings, through all phases of design, agency approval and construction. Having the LLB Contractor provide pre-construction services early in the project provides continuity and understanding of the issues and decisions that provide the basis of the final DSA approved construction documents.

IBI, the District and LLB will together review program, constructability issues, value engineering options and costs at each phase to collaborate to produce the best outcome. This type of delivery method is often very successful since there is a feeling of teamwork and joint accomplishment between all parties.

One advantage with LLB is that time can be saved and the schedule shortened because the documents will have been continuously reviewed and coordinated earlier, pricing can be done along the way, and construction schedules can be shortened with pre-purchasing of long lead items and some flexibility in negotiating subcontractor or material costs.

Additional advantages to this type of construction delivery method allows the contractor, with the review by the District, to choose from a selected listed of pre-qualified sub-contractors ensuring better quality and competitive pricing to be below the guaranteed price. **There is often little or no change orders associated with the project.**

Assembly Bill 566, effective Jan. 1, 2016, requires lease-leaseback developers to use “skilled and trained workforce at every level of the project.” This will need to be assessed carefully by the LLB. Lastly, since the Builder has a reputation to maintain, they tend to perform at a higher level.

IBI Group has worked on nearly 100 Lease-Lease Back projects, including the following in California:

- Oxnard School District, Rose Avenue K-5 Replacement School (DSA Approved)
- Robla School District, 2-Story Classroom Building
- Montebello Unified School District, Applied Technology Center
- Paso Robles Joint Union High School District, 2-Story Classroom Building
- Paso Robles Joint Union High School District, CTE Agriculture Building
- Lammersville School District, New K-8 Campus
- Santa Clara County Office of Education, Multiple Projects

6 Assigned Personnel

IBI Group has the available staff resources to successfully fulfill the needs for Oxnard School District projects. We recognize clients select design professionals on the experience, strength and "fit" of the complete team. Therefore, we took great care in analyzing the talents and personalities of our staff and pool of qualified consultants, compared to your facility needs, requirements of your project, and schedule when assigning our members to your team.

In combining the appropriate personnel to fit your needs, you benefit from a single point of responsibility, fixed accountability, efficient coordination, and effective communication. Most importantly, we manage our core services with an emphasis on developing an understanding of your unique culture—an idea whose success is supported by a long history of successful educational facility projects for repeat clients.

Project Director | Senior Principal – Craig Atkinson, AIA, NOMA, LEED AP

Mr. Atkinson is a highly talented architect with more than 29 years of experience in planning, designing, detailing projects and coordinating multi-disciplinary design teams for their successful execution and completion. He has been chosen to lead your project because of his knowledge and extensive "know how" in educational project consensus building, design, planning, project delivery and quality control. In his position as the Education Lead, he brings the expertise to take understand the impact that the renovations/additions will have on student performance and to lead the process of communication with the community. As the Project Director | Senior Principal, Craig will be the Architect of Record responsible for contract negotiations, overall quality control, and commitment of firm resources to successfully complete the project.

Most Recent Experience with Next Generation Learning Projects:
Rose Avenue K-5 School, Oxnard School District (DSA Approved); Shenandoah ES Modernization/Addition Criteria Documents, Los Angeles Unified School District; Grant HS Comprehensive Modernization, Los Angeles Unified School District

+ Education

- LEED Accredited Professional

Project Manager | Lead Designer – Andrew Miller, AIA

Andrew will be your main point of contact and serve as both the Project Manager and Lead Designer for your McAuliffe and Ritchen Modernization projects. Mr. Miller has been selected due to his extensive and varied project experience ranging from planning through construction, including building code compliance reviews and successful agency submittals. Andrew is proficient in using the built environment to achieve better **learning** outcomes. His leadership skills include the management of complex, multi-phased projects, building consensus, programming, design, and agency approval and construction administration. Andrew will be working closely with you during the design and construction documentation of your project and continue to monitor the overall progress during construction.

BIM/Sustainability Lead – Janvi Kanani, AIA, LEED AP BD+C
IBI Group assigns a BIM Manager to each project. The BIM Manager oversees the modeling and design documentation for an integrated project delivery process that provides greater potential for early collaboration and information sharing. With over nine (9) years of BIM experience and more than thirteen (13) years in education buildings, Janvi will lead this role. Her ardent passion and knowledge for sustainable design enables her to incorporate strategies that consider the environment, building efficiency and user satisfaction. The unique combination of her BIM knowledge, LEED experience and next generation facilities will bring tremendous value to your projects at Oxnard School District.

Most Recent Experience with Next Generation Learning Projects: Rose Avenue K-5 School, Oxnard School District (DSA Approved); Isbell Middle School Flex Labs, Santa Paula Unified School District; Mary Chapa Elementary School Administration and Library Addition, Greenfield Unified School District

Interior Designer/FF&E Specialist – Angela Ball, AIA, NCARB
Angela is a talented Architect and Interior Designer with more than 14 years of comprehensive experience in architecture and interior design of various public projects. In that time, she has worked through all phases of a project on new and remodeled educational, public, and commercial projects. She works closely with both the client project team and design consultants for an effective and timely project delivery. Her experience in space planning and interior design provides her with a thorough knowledge and understanding of building procedures, policies and working relationships of each functional area. The value to you is not only someone who can specify appropriate and innovative FF&E, but understands their impact on the built environment.

Most Recent Experience with Next Generation Learning Projects: Rose Avenue K-5 School, Oxnard School District (DSA Approved); Isbell Middle School Flex Labs, Santa Paula Unified School District; Three Academic Core Buildings Programming & FFE, Ohlone College

Subconsultant Team

Budlong and Associates

Principal Mechanical Engineer – Sunil Patel, PE, CxA, LEED AP
35 Years' Experience

Sunil has over 33 years' experience in mechanical engineering including HVAC, plumbing, steam, compressed air and heat recovery, fire protection, and medical gas systems. He has designed mechanical systems for education facilities throughout California including new schools, laboratories, gymnasiums and renovations to existing facilities. His typical responsibilities include coordination, design, development, written specifications, cost estimates, construction observation, energy compliance and equipment selection for mechanical engineering projects. He has also completed numerous comparative energy utilization studies for thermal and electrical energy generation technologies. Relevant project experience includes OUHSD Camarillo HS, Rancho Campana HS, La Canada USD, PVSD Prop 39 HVAC Upgrades – La Mariposa ES, Las Colinas MS, Rancho Rosal ES, Tierra Linda, ES, Valle Lindo ES.

Project Manager – Patrick Fitzsimmons, MEP
18 Years' Experience

Patrick Fitzsimmons brings to our team expertise in working with multiple disciplines such as mechanical, plumbing and electrical. His experience has been coordinating mechanical, plumbing and electrical disciplines for the Los Angeles Unified School District (LAUSD), Long Beach Unified School District, Colonial Housing Project (Oxnard, CA), Teledyne (Thousand Oaks, CA), and Moorpark Community College (Moorpark, CA). He is an asset to our team by keeping projects cost effective by being informed of budget constraints and being diligently communicative with consultants and clients at all phases of project. Relevant project experience includes OUHSD Camarillo HS, Rancho Campana HS, La Canada USD, PVSD Prop 39 HVAC Upgrades – La Mariposa ES, Las Colinas MS, Rancho Rosal ES, Tierra Linda, ES, Valle Lindo ES.

Plumbing Engineer – Kelly Schall
30 Years' Experience

Kelly Schall leads the B&A's Plumbing Design Department. He has led numerous projects from their inception through procurement and completion of construction. Adept at establishing a precise and complete scope of work, projects led by Mr. Schall invariably proceed smoothly through the various phases of design, cost estimation, segregation of costs, creation of project specifications, construction phase and ultimate project completion. Relevant projects include OUHSD Camarillo HS, Rancho Campana HS, LBUSD Prisk ES, Cubberly ES, Millikan HS, CLU.

BUDLONG & ASSOCIATES, INC.
MEP CONSULTING ENGINEERS

Electrical Engineer/MEP Designer – Manan Christian, PE
3 Years' Experience

Manan Christian gained knowledge in mechanical design while working with mechanical designer, also created mechanical designs for single family, multifamily and custom homes using uniform mechanical code, California mechanical code, ASHRAE and local jurisdiction requirements, with the help of design software like Wrightsoft and energy pro for commercial projects. Self-learned solar design from scratch and provided solar designs for various residential projects including custom homes. Proficient knowledge in Energy calculations including mechanical, electrical and envelope and has experience or is currently working on the following projects: OUHSD Camarillo HS, OUHSD Rancho Campana HS.

SSG
structural engineers

SSG Structural Engineers

Principal Structural Engineer – Michael E. Parolini, PE, SE

Michael is a California licensed Structural and Civil Engineer. He has been designing education projects at the K12, Community College and University level for almost two decades. His experience covers all aspects of Structural Engineering, including new construction, modernizations, risk evaluation and structural evaluation.

Since 2005, Michael has been a member of the Faculty at California Polytechnic State University, San Luis Obispo (Cal Poly). As a Lecturer in the Architectural Engineering Department he has taught classes in Structural Graphics, Industry Communication, Timber and Steel. He takes pride in giving back to his Alma Mater in a sharing of knowledge capacity.

Representative K12 Classroom Projects:

- Rose Avenue K-5 School, Oxnard School District (DSA Approved)
- Atascadero High School Building 1200 & 1100 Classroom Modernizations; Atascadero High School District
- Solvang Elementary School New Classroom Wing, Multipurpose Room, and modernizations (Phase II-IV); Solvang Elementary School District

- Atascadero High School New Science & Shop Classrooms; Atascadero High School District
- Redwood Middle School Modernization of Main Classroom Wing; Conejo Valley Unified School District

7 Community-Oriented Design Approach

IBI Group is well aware of the distinct culture that makes up the Christa McAuliffe & Emilie Ritchen Elementary School Campuses. We have been working with Oxnard School District on projects since the late 1980's. IBI Group has practically worked on every campus in the District in some capacity including assisting Design West Architects with the development of the Christa McAuliffe ES. In addition, we also worked on Emilie Ritchen ES where we improved the plans for the Multipurpose and Library for efficiency. **We are excited to continue our work with Oxnard School District in updating these elementary schools to meet the needs of the next generation learning.**

We will collaborate with the District's design team, and feel that discussing the project issues in a couple of workshops that include the District's Program Manager, IBI Design Team, a small selected committee comprising of the Principal + Staff, Maintenance & Operations Staff, and the Community would be a highly effective tool. This will allow us to gather information, share our findings and incorporate the feedback from the workshops to ensure the success of the projects.

8 Cost Estimate

IBI Group has evaluated all of the available information to determine a conceptual statement of probable cost indicated below for the indicated scope of work at McAuliffe and Ritchen Elementary School for the Oxnard School District. At this very early stage we have made some assumptions based on our four decades of experience. Moving forward with the District and the Program Manager we will continue to develop a scope of work, and budget, that will assist the District in meeting the vision of a 21st century learning environment. The following are the assumptions made in developing this proposal.

Attachment B - Cost Comparison Sheet

District Specification and Budget				Architect's Proposal				
McAuliffe Elementary Improvements	**Net Total**	**Unit**	**Hard Cost Budget**	***Description (Same format as District Specification)***	***Net Total***	***Unit***	***Variance from District Spec.***	***Est. 2019 Total Cost as Proposed***
21st Century upgrades to 28 existing permanent classrooms		sf		21st Century upgrades to 28 existing permanent classrooms	24940	sf		$ 2,394,240
21st Century upgrades to library/media center		sf		21st Century upgrades to library/media center	1960	sf		$ 284,200
Improvements to the MPR area		sf		Improvements to the MPR area	3740	sf		$ 336,600
Upgrades to the HVAC system		sf		Upgrades to the HVAC system				$ 267,556
Convert supply rooms into office space		sf		Convert supply rooms into office space	450	sf		$ 5,000
Subtotal:		**sf**	**$ 3,471,821**	**Subtotal:**				**$ 3,282,596**
Assumptions

Other (e.g.preliminary testing, energy analysis, misc)				Other (e.g.preliminary testing, energy analysis, misc)				$ 40,000
		Total Soft Costs	**$ 1,471,755**	**Total Soft Costs**				**$ 1,648,319**
		Total "All-In"	**$ 4,905,850**	**Total "All-In"**				**$ 4,904,320**

* Hard costs are inclusive of all site work and demolition, General Conditions and requirements, Contractor's Bond, Risk and Insurance, Contractor's Fee and Overhead, and Construction Contingency.

Conceptual Estimate Assumptions:

1. Hard costs are exclusive of all site work and demolition, General Conditions and requirements, Contractor's Bond, Risk and Insurance, Contractor's Fee and Overhead, and Construction Contingency.
2. As noted in the Addendum, dated 09/10/2019, the following issues are excluded from the scope of work and fee calculation. Upon project award, IBI Group and consultants will investigate and provide additional scopes of services to address the following existing conditions:
   - A. Assess facility to identify and provide corrective measures to address existing water intrusion concerns.
   - B. Assess facility to identify and provide corrective measures upgrading existing fire alarm system to meet current standards.
   - C. Assess entire campus to identity and provide corrective measures to address existing accessibility concerns.
   - D. Evaluate condition of existing walk-in refrigerators/freezers and provide recommendations for repair or replacement.
   - E. Evaluate existing conditions at McAuliffe ES and provide recommendations for the replacement of the existing grease interceptor.
3. Provisions for the design and approval for interim housing is not included in this scope of work.
4. All exterior improvements to hardscape, landscape and playgrounds are not included in this scope of work.
5. No existing site reports were provided or reviewed as part of this estimate.
6. All major infrastructure is in good order and of sufficient capacity to support the existing facility.
7. Included 10% Accessibility Upgrades in the 21st Century Upgrades.
8. The accessible path of travel to the areas under consideration is compliant.
9. Used costs indicated in the RFP for the Additional Eligible improvements as indicated in the RFP.
10. Included 10% Accessibility Upgrades in the 21st Century Classroom Upgrades.
11. Project Contingency - 10%
12. Escalation not included

EXHIBIT "C"
BASIC SERVICES AND DESCRIPTION OF SUBMITTALS

A. GENERAL REQUIREMENTS

In addition to any other requirements set forth in this Agreement, the Architect shall comply with all of the following requirements during, unless specified otherwise, all phases of the Architectural Services:

(1) Determine which governmental agencies have jurisdiction over the Project or any portion thereof and document same in writing to the District; coordinate with and implement the requirements of such agencies, e.g., California Department of Education ("CDE"), Office of Public School Construction (OPSC), Division of the State Architect (DSA), State Fire Marshal, *et cetera*.

(2) Review subsoil data, chemical, mechanical and other data logs of borings, etc., furnished to Architect pursuant to this Agreement and advise the District whether such data are sufficient for purposes of design, or whether additional data are necessary.

(3) Utilize District provided title report for Project site to determine scope and extent of any easements or other site limitations.

(4) Be responsible for the coordination of the design and the layout of the technology backbone system with the District's technology consultant. The coordination effort shall include location and routing of raceways, conduits, and outlets and required spaces to accommodate electrical, data and communication wiring.

(5) Provide services required to obtain local agencies approval for off-site work including review by governmental agencies having jurisdiction over the Project.

(6) Develop a grading and drainage plan and a site plan from architectural information showing a final development of the site, this drawing will also include a horizontal and vertical control plan and a utility infrastructure plan. The services described in this Subparagraph shall be provided by a professional civil engineer who is to subcontract with the Architect.

(7) Architect to document the location of existing utility lines, telephone, water and sewage, etc., within the limits of all on-site and off-site work. This information shall be provided by the District. Architect shall verify the capacity of all existing project utilities.

(8) Chair, conduct and take minutes of coordination meetings, held as reasonably necessary during each design phase with its consultants. Invite the District and the District's consultants to participate in these meetings. Keep a separate log to document design/coordination comments generated in these meetings. The form of Comment Tracking Document to be used by Architect should be coordinated with the Lease/Leaseback Contractor (LLBC).

(9) Maintain a log of all meetings, site visits or discussions held in conjunction with the work of this Project (with documentation of major discussion points, observations, decisions, questions or comments) and furnish to the District for inclusion in the overall Project documentation.

(10) Utilize the standardized filing system as currently utilized by Architect.

(11) Provide interior design and other similar services required for or in connection with color coordination including furnishing, including the provision of a standard color board to assist in consultation with the District regarding such color coordination. Coordinate the placement of furniture, and equipment layout and consult with District to ensure proper placement of required furniture and equipment. The District shall procure furnishing and moveable equipment.

(12) Prepare necessary documents for and oversee the processing of District's application for and obtaining of required approvals from the DSA, the CDE, the State Fire Marshall and all other agencies exercising jurisdiction over the Project. Prepare and submit any required applications, notices or certificates to public agencies as required by law. Provide copies of all such documents to the District.

(13) Prepare all documentation performed pursuant to this Agreement with the assistance of technology that is currently utilized by Architect. Deliver to the District, on request, the tape and/or his disc format and the name of the supplier of the software/hardware necessary to use the design file. Architect and District shall each sign a "hard" copy of reproducible documents that depict this information at the time provided to the District.

B. ESTIMATES AND COSTS GENERALLY

In addition to any other requirements set forth in this Agreement, the Architect shall comply with all of the following requirements during, unless specified otherwise, all phases of the Architectural Services:

(1) For purposes of this Agreement, "construction cost" for estimation purposes shall mean the total of any and all costs of the construction of the Project, including, without limitation, costs of site preparation, removal or demolition of existing structures, storm-water compliance and erosion control, construction of school buildings and ancillary facilities and improvements, and all other work, supplies, materials, services or other things of any nature whatsoever incidental or necessary work in connection with construction of the Project, construction management and job supervisor fees and other costs directly allocable to the Project, all costs and expenses including any application and processing fees, taxes or insurance premiums paid by the District for the Project, and administrative and other expenses necessary or incident to the Project. The term "construction cost" shall, for purposes of estimation only, include the costs incurred by the District for construction management and job supervisor fees. "Construction cost" shall not include all of the costs associated with preparing, generating or reproducing copies of any plans, specifications or other construction documents, including, without limitation, additional copies for any subcontractors prepared at District expense. The

term construction cost excludes property and similar taxes attributable to the Project site.

(2) The Architect shall review construction cost and total Project cost estimates at each phase of the Architectural Services. If such estimates are in excess of the construction and total Project budgets, the Architect, in consultation with the District and without additional cost to the District, shall revise the type, quantity or quality of construction to come within the budgeted limits. The District, in its sole discretion, may, but in no event shall be required to, increase the construction budget for the Project.

(3) The Architect shall at all times include in each estimate of construction cost a contingency for construction change orders, in such amount as agreed by the District.

(4) The Architect shall at all times notify the District if adjustments to previous estimates of the total construction costs will be necessary due to market fluctuations or approved changes in scope or requirements.

(5) The Architect shall ensure that all plans, specifications, studies, drawings, estimates or other documents relating to the Project are constructable and otherwise comply with provisions of this Agreement, law and District standards and policies, regardless of any revisions necessary to keep construction costs within the construction budget.

C. PROJECT INITIATION PHASE

Within ten days after receipt from the District of the notice to proceed with Architectural Services, the Architect shall complete all of the following:

(1) Meet with the District and its representatives to prepare a detailed task analysis and work plan for documentation in a computer generated project schedule. The District will produce the final scheduling format based on data furnished by Architect.

This task analysis and work plan will identify specific tasks including, but not limited to: interviews, data collection, required District filing standards, analysis, report preparation, planning, Architectural programming, concepts and schematic design preparation and estimating that are part of the work of the Project. Also identified will be milestone activities or dates, specific task responsibilities, required times for completion and additional definition of deliverables.

(2) Review the developed work plan with the District and its representatives to familiarize them with the proposed tasks and schedule and develop necessary modifications.

(3) Participate in a general Project kick-off meeting to include the Architect's appropriate consultants, and District staff.

(i) The project kick-off meeting will introduce key team members from the District and the Architect to each other defining roles and responsibilities relative to the Project.

(ii) Identify and review pertinent information and/or documentation necessary from the District for the completion of the Project.

(iii) Review and explain the overall project goals, general approach, tasks, work plan and procedures and deliverable products of the Project.

(iv) Review and explain the task analysis and project work plan for all parties present; determine any adjustments or fine tuning that needs to be made to the work plan.

(v) Review documentation of the project kick-off meeting prepared by the District and/or its representatives and comment prior to distribution.

D. DEVELOPMENT OF ARCHITECTURAL PROGRAM

Upon receipt from the District of the notice to proceed with Architectural Services, the Architect shall perform pre-design investigations to establish appropriate guidelines around which and within which the Project is to be designed; identify design issues relating to functional need, directives and constraints imposed by applicable law and regulatory requirements; and complete Design checklist as provided by the District; and take all other necessary actions in accordance with the following:

(1) Coordinate with the District's Educational Specifications to identify critical issues affecting project completion and certification; significant site considerations; applicable planning and zoning requirements; applicable code requirements; applicable fire and life safety requirements; sanitary and storm sewer service requirements; electrical power service and requirements; heating, ventilating and air conditioning requirements; natural gas availability and requirements; domestic and fire water service requirements; and incorporation of mitigation measures, if any, from the final environmental impact report and/or mitigation negative declaration adopted by the District for the Project. With respect to environmental mitigation measures, the District shall cooperate with Architect to ensure that Architect has access to those mitigation measures adopted by the District for the Project.

(2) Hold initial community information/PTA meeting at a location designated by the District, if required.

(3) Conduct Architectural program meeting with the District selected project participants.

(4) The Architect shall review with the District alternative approaches to the design and construction of the Project, and shall include alternatives that may reduce the cost of the Project or increase the efficiency and/or functionality of the Project.

(5) Develop an estimate of probable construction cost for the Project and reconcile the estimate with the LLBC; estimates are to be based on the developed functional Architectural programs as approved by the District.

(6) Estimates prepared by Architect:

(i) All costs are to be based on current bid prices, with escalation rate and duration clearly identified as a separate line item; rate of cost escalation and projected bid and construction dates are to be as approved by the District and its representatives.

(ii) Contingencies for design, bidding or construction, if included in the estimate, are to be included as individual line items, with the percentage and base of calculation clearly identified.

(iii) All construction cost estimates developed per the above should additionally be presented in a building systems format (e.g., foundations, substructure, structural system, exterior wall enclosure, window systems, etc.) for new buildings, and summarized by the Construction Specification Institute (CSI) category for buildings being modernized.

(iv) One week prior to submittal of documents, Architect's proposed cost format must be submitted to the District for review and approval.

(v) Architect shall submit a unit cost breakdown for three types of new building cost models ranging from a low end per square foot cost for the District's consideration, to high end per square foot cost. The unit cost shall not include the site work, the general contractor's overhead and profit, and general condition. (Include separate columns for additional upgrades / condition assessment scope and possible condition assessment reduction credits). In addition, Architect shall provide a cost estimate for a permanent modular if appropriate/applicable.

(vi) Mechanical, electrical, civil, landscaping and estimating sub-Architects shall participate in the progress meeting as appropriate and shall provide input and feedback into the development of the cost estimate.

E. SCHEMATIC DESIGN PHASE

Upon written authorization from the District to proceed with the Schematic Design Phase, the Architect shall prepare for the District's review a Schematic Design Study and take other necessary actions in accordance with the following:

(1) Architectural:

(i) Scaled floor plans showing overall dimensions, identifying the various major areas and their relationship.

Include all net usable floor areas and a summary of gross floor area. Also, provide typical layouts of major equipment or operational layout.

(ii) Preliminary building exterior elevations and sections in sufficient detail to demonstrate design concept indicating location and size of fenestration.

(iii) Identify proposed roof system, deck, insulation system and drainage technique.

(iv) Site plan with building located and minimum one (1) foot contour grade intervals. All major site development, such as paving, utilities and outside facilities shall be shown, including property lines, adjacent existing structures, walls and fences fifty (50) feet beyond the property line. The District shall provide a site survey to Architect for purposes of completing the task outlined within this paragraph.

(2) Civil:

(i) Development of on and off site utility systems such as sewer, water, storm drain, firewater lines and fire hydrants.

(ii) Identify surface improvements including roadways, parking (with assumed wheel weights) preliminary finish grades and drainage.

(iii) Coordinate finish floor elevations with architectural site plan.

(3) Landscaping:

Development and coordination of landscape design concepts entailing analysis of existing conditions, proposed components and how the occupants will use the facility. Include location and description of planting, ground improvements and visual barriers.

(4) Specifications:

Outline specifications of proposed architectural, structural, mechanical and electrical materials, system and equipment and their criteria and quality standards. Architect is to use District's standardized equipment/material list for new construction and modernization in development of the project design and specifications.

(5) Estimates:

(i) Schematic Estimates: This estimate consists of unit cost applied to the major items and quantities of work. The unit cost shall reflect the complete direct current cost of work. Complete cost meaning labor, material, waste allowance, sales tax and subcontractor's mark-up.

General conditions shall be applied separately. This estimate shall be prepared by specification section and summarized by the Construction Specification Institute (CSI) category.

(ii) The estimate shall separate the project's building cost from site and utilities cost. Architect shall submit to the District the cost estimating format for prior review and approval.

(iii) Escalation: all estimates shall be priced out at current market conditions. The estimates shall incorporate all adjustments as appropriate, relating to mid-point construction, contingency, and cost index (i.e. Lee Saylor Index).

(6) Meetings:

(i) The District and the Architect will meet to address specific design issues and to facilitate the decision making process. Such meetings shall be held in the boundaries of the District. Documented decisions made at such meetings and subsequently approved by the District shall be binding. Any revisions or reconsideration of such decisions shall constitute a change in the scope of services of the Architects.

(ii) During the Schematic Design Phase it is anticipated that the Architect will attend 2-3 design meetings; Structural, Electrical, Mechanical and Plumbing Engineer, and Civil and Landscape engineers will attend design meeting.

(7) Presentation:

Architect shall present and review with the District the detailed Schematic Design.

The schematic design studies shall be revised within the program parameters until a final concept has been accepted and approved by the District at no additional cost to the District.

F. DESIGN DEVELOPMENT PHASE

Upon written authorization by the District to proceed with the Design Development Phase, Architect shall prepare Design Development Phase documents based on Schematic Design Phase documents approved by the District and take other necessary actions in accordance with the following:

(1) Architectural:

(i) Scaled, dimensioned floor plans with final room locations including all openings.

(ii) 1/8" scale building sections showing dimensional relationships, materials and component relationships.

(iii) Identification of all fixed equipment to be installed in contract.

(iv) Site plan completely drawn with beginning notes and dimensions including grading and paving.

(v) Preliminary development of details and large scale blow-ups.

(vi) Legend showing all symbols used on drawings.

(vii) Floor plans identifying all fixed and major movable equipment and furniture.

(viii) Outline specification and schematic for architectural, structural, mechanical, electrical, civil and landscape manuals, systems and equipment.

(ix) Typical reflected ceiling development including ceiling grid and heights for each ceiling to be used, showing:

(a) Light fixtures

(b) Ceiling registers or diffusers

(c) Access Panels

(x) A tabulation of both the net and gross assignable floor areas, and a comparison to the initial program area requirements.

(xi) Building design shall conform to all adopted energy regulations.

(xii) Identify minimum finish requirements, including ceiling, floors, walls, doors, widows, and types of hardware.

(xiii) Identify code requirements; include occupancy classification(s) and type of construction.

(2) Structural:

(i) Structural drawing with all major members located and sized.

(ii) Layout structural systems with dimensions and floor elevations. Identify structural systems (pre-cast, structural steel with composite deck, structural steel bar joists, etc.); with preliminary sizing identified. Establish final building and floor elevations.

(iii) Preliminary specifications.

(iv) Identify foundation systems and requirements (fill requirements, piles, caissons, spread footings, etc.); with preliminary sizing identified, and associated soil pressure, water table and seismic center. Architect shall design the foundation of the Project in accordance with recommendations of the District's soil engineer as provided by the District. Architect must notify the District in time to prepare this soil report for Architect's use.

(3) Mechanical:

(i) Heating and cooling load calculations as required and major duct or pipe runs sized to interface with structural. Calculate block heating, ventilation and cooling loads including skin versus internal loading.

(ii) Select a minimum of two (2) HVAC systems that appear compatible with loading conditions for subsequent life cycle costing.

(iii) Show selected system on drawings as follows:

(a) Single line drawing(s) of all mechanical equipment spaces, ductwork and pipe chases

(b) Location and preliminary sizing of all major equipment and duct work in allocated spaces

(c) Schematic piping

(d) Temperature control zoning.

(ii) Major mechanical equipment should be scheduled indicating size and capacity.

(iii) Ductwork and piping should be substantially located and sized.

(iv) Devices in ceiling should be located.

(v) Legend showing all symbols used on drawings.

(vi) More developed outline specifications indicating quality level and manufacture.

(4) Electrical:

(i) Calculate overall approximate electrical loads.

(iii) Identify proposed electrical system for service, power, lighting, low voltage and communication loads.

(iv) Show system(s) selected on drawings as follows:

(a) Single line drawing(s) showing major distribution system.

(b) Location and preliminary sizing of all major electrical systems and components including:

(1) Load centers
(2) Main panels
(3) Switch gear

(v) Identify and define the scope of the technology backbone system.

(vi) All lighting fixtures should be located and scheduled showing all types and quantities of fixtures to be used, including proposed lighting levels for each usable space(s).

(vii) All major electrical equipment should be scheduled indicating size and capacity.

(viii) Complete electrical distribution including a one line diagram indicating final location of switchboards, communications, controls; (high and low voltage) motor control centers, panels, transformers and emergency generators, if required.

(ix) Legend showing all symbols used on drawings.

(x) More developed outline specifications indicating quality level and manufacture.

(xi) Identify and coordinate the layout of the technology backbone system and coordinate the development with the District's technology Architect.

(5) Civil:

(i) Further refinement of schematic design drawings of on and off site utility systems for sewer, water, storm drain and fire water. Includes pipe sizes, materials, invert elevation location and description of manholes, clean outs, hookups, bedding and installation details.

(ii) Further refinement of schematic design drawings of roadways, parking and storm drainage improvements; including but not limited to: details and large scale drawings of curb and gutter, manhole, thrust blocks, paved parking and roadway sections.

(6) Landscape:

(i) Further refinement of schematic design concepts, includes coordination of hardscape, landscape planting, ground cover and irrigation main distribution lines.

(7) District to provide general condition specification and supplementary conditions.

(8) Estimate:

Design Development Estimate: This estimate shall be prepared by specification section, summarized by CSI category. The estimate shall include individual item unit costs of materials, labor and equipment. Sales tax, contractor's mark-ups. LLBC fee, and general conditions shall be listed separately.

(9) Meetings:

The District and the Architect will meet to address specific design issues and to facilitate the decision making process. Such meetings shall be held in the boundaries of the District. Documented decisions made at such meetings and subsequently approved by the District shall be binding. Any revisions or reconsideration of such decisions shall constitute a change in the scope of services of the Architects.

During the Design Development Phase it is anticipated that the Architect will attend (2) design meetings, Structural, Electrical, Mechanical and Plumbing Engineer, and Civil and Landscape engineer will attend (1) design meeting.

(10) Presentation:

Architect and applicable Architect Consultants shall present and review with the District the detailed design development drawings and concepts.

The design development design studies shall be revised within the program parameters until a final concept has been accepted and approved by the District at no additional cost to the District.

(11) The Architect shall submit the contract documents to the District for review by facilities, maintenance and operations, and other staff of the District, and Architect shall respond to, and shall revise the contract documents as necessary in response to, any comments, suggestions and/or updates provided through such review.

G. CONSTRUCTION DOCUMENTS PHASE

Upon written authorization from the District to proceed with the Construction Documents Phase, Architect shall prepare Construction Documents based on the Design Development Phase Documents approved by the District and take other necessary actions in accordance with the following:

(1) Prepare construction documents in compliance with the appropriate applicable building codes, ordinances and other regulatory authorities.

(2) Construction Documents (C/D) 50% stage:
(i) Architectural:

(a) Site plan developed to show building location, all topographical elements and existing/proposed contour lines.

(b) Elevations, (exterior and interior) sections and floor plans corrected to reflect design development review comments.

(c) Architectural details and large blow-ups started.

(d) Well developed finish, door, and hardware schedules.

(e) Site utility plans started.

(f) Fixed equipment details and identification started.

(g) Reflected ceiling plans coordinated with floor plans and mechanical and electrical systems.

(ii) Structural:

(a) Structural floor plans and sections with detailing well advanced.

(b) Structural footing and foundation plans, floor and roof framing plans with detailing well advanced.

(c) Completed cover sheet with general notes, symbols and legends.

(iii) Mechanical:

(a) Mechanical calculations virtually completed with all piping and ductwork sized.

(b) Large scale mechanical details should be started.

(c) Mechanical schedule for equipment substantially developed.

(iv) Electrical:

(a) Lighting, power, signal and communication plans should show all switching and controls. Fixture schedule and lighting details development should be started.

(b) Distribution information on all power consuming equipment; lighting and device branch wiring development should be well started.

(c) All electrical equipment schedules should be started.

(d) Special system components should be approximately located on plans.

(e) Completely develop the layout of the technology backbone system, including equipment room layouts, raceway and conduit routing and outlet locations.

(v) Civil:

All site plans, site utilities, parking and roadway systems updated to reflect update revisions from Design Document.

(vi) Landscape:

All landscape, hardscape and irrigation plans updated to reflect update revisions from Design Documents.

(vii) Estimate:

Update and refine the Design Development Phase Estimate. Also provide an estimate sorted by District's bid packages.

(viii) Specifications:

(a) Virtually complete development and preparation of technical specifications describing materials, systems and equipment, workmanship, quality and performance criteria required for the construction of the Project.

Where articles, materials and equipment are identified by brand names, at least two names shall be used, and such names shall be followed by the words "or approved equal" in accordance with Public Contract Code, Section 3400.

Specifications shall not contain restrictions that will limit competitive bids other than those required for maintenance convenience by the District.

At one hundred percent (100%) review, specifications shall be reviewed by the District and corrections made as directed at no cost to the District.

(b) Coordination of the development of specifications by other disciplines.

(c) Specification shall be in CSI format.

(3) Construction Documents 90%/DSA Submittal Stage:

(i) Architectural:

(a) Virtually complete site plan.

(b) Virtually complete floor plan, elevations and sections.

(c) Architectural details and large blow-ups near completion.

(d) Finish door, and hardware schedules virtually complete, including most details.

(e) Site utility plan virtually complete.

(f) Fixed equipment details and identification virtually complete.

(g) Reflected ceiling plan virtually complete.

(h) Provide Finish Schedule (with the exceptions of colors) identifying type of material and textures on walls, floors, doors, etc. Architect to recommend color selection for approval by the District.

(i) All equipment catalog cuts.

(ii) Structural:

Completed structural floor plans and sections with detailing well advanced.

(iii) Mechanical:

(a) Mechanical load calculations complete and all piping and ductwork sized.

(b) Large scale mechanical details should be substantially complete.

(c) Mechanical schedule for equipment substantially complete.

(iv) Electrical:

(a) Lighting, power, signal and communication plan(s) should reflect all switching and controls. Fixture schedule(s) should be virtually complete.

(b) Distribution information on all power consuming equipment; lighting and device branch wiring should be virtually complete.

(c) All electrical equipment schedules should be virtually complete.

(d) Special system components should be located on plans.

(v) Civil:

All site plans, site utilities, parking and roadway systems updated to reflect update revisions from 50% CD's.

(vi) Landscape:

All landscape, hardscape and irrigation plans updated to reflect update revisions from 50% CD's and completed.

(4) Construction Documents - Substantial Completion Stage:

(i) Architectural:

(a) Completed site plan.

(b) Completed floor plans, elevations and sections.

(c) Architectural details and large blow-ups completed.

(d) Finish, door and hardware schedules completed, including all details.

(e) Site utility plans completed.

(f) Fixed equipment details and identification completed.

(g) Reflected ceiling plans completed.

(ii) Structural:

(a) Structural floor plans and sections with detailing completed.

(b) Structural calculations completed.

(iii) Mechanical:

(a) Large scale mechanical details complete.

(b) Mechanical schedules for equipment completed.

(c) Completed electrical schematic for environmental cooling and exhaust equipment.

(d) Complete energy conservation calculations and report.

(iv) Electrical:

(a) Lighting and power plan should show all switching and controls. Fixture schedule and lighting details should be completed.

(b) Distribution information on all power consuming equipment, including lighting, power, signal and communication device(s) branch wiring completed.

(c) All electrical equipment schedules completed.

(d) Special system components plans completed.

(e) Electrical load calculations completed.

(v) Civil:

All site plans, site utilities, parking and roadway systems completed.

(vi) Estimate:

Update and refine the 50% Construction Document Estimate.

(vii) Specifications:

(a) Complete development and preparation of technical specifications describing materials, systems and equipment, workmanship, quality and performance criteria required for the construction of the Project.

Where articles, materials and equipment are identified by brand names, they shall be followed by the words "or approved equal" in accordance with Public Contract Code, Section 3400.

Specifications shall not contain restrictions that will limit competitive bids other than those necessary for District maintenance requirements.

At one hundred percent (100%) review, specifications shall be reviewed by the District and corrections made as directed at no cost to the District. Architect shall coordinate with District to incorporate any changes by the District, or the District's Construction Manager, made during District review of specifications.

(b) Coordination of the development of specifications by other disciplines.

(c) Specifications shall be in CSI format.

(5) Construction Documents Final DSA Approval Stage:

(i) The construction document final stage shall be for the purpose of the Architect incorporating all governmental agencies' comments into the drawings, specifications, and estimate. All corrections made by the Architect during this stage should be at no additional cost to the District, except for changes by District from Design Development Stage.

(ii) The contract documents delivered to the District upon completion by Architect shall include, but not limited to, the following:

(a) Drawings: Original of all drawings on CADD or plotted bond with Architect's and/or Architect Consultants' State license stamp(s).

(b) Specifications: Original computer generated technical specifications on reproducible masters in CSI format.

(c) Update and refine the Architect Consultant's completed Construction Documents.

(6) Construction Documents Final Back-Check Stage:

(i) Make corrections as required, to reflect governmental agencies' final back-check comments into the drawings, specifications and estimate. All such corrections will be made at no cost to the District.

(ii) Upon written approval by the District that the documents are complete, Architect shall provide to the District completed drawings printed to scale and a complete set of specifications on reproducible masters. Reproduction of the contract documents for distribution to bidders will be provided by the District.

(7) Contract Documents:

(i) The Architect shall prepare and submit to the District for written approval the "contract documents" for the Project, which shall include all those documents necessary and convenient to provide for the contracting for construction of the Project, including, but not limited to, the construction contract provided by the District, complete working drawings and specifications setting forth in detail sufficient for construction the work to be done and the materials, workmanship, finishes and equipment required for the architectural, structural, mechanical, electrical system and utility-service-connected equipment and site work. The Architect shall conform for use in the contract documents the form(s) of such documents as are provided by the District, e.g., form of agreement, general conditions, *et cetera*.

(ii) To the extent required, the Architect shall submit the contract documents to DSA for plan check, and make all revisions and corrections as necessary to secure DSA approval of the contract documents. Upon receipt of DSA approval of the contract documents, the Architect shall provide to the District a final estimate of total construction costs for the Project.

(iii). Unless the District informs Architect that District will be responsible for preparing bid documents, the Architect shall prepare all bid documents during the contract documents Phase of the Project, and forward them to the District for written approval not less than three weeks prior to the anticipated first advertisement date for bids as established by the District.

(8) Meetings:

(i) During the Construction Document Phase it is anticipated that the Architect will attend (2) design meetings; the structural, electrical, mechanical, plumbing engineer will attend the civil and landscape engineer will attend (1) meeting

(ii) Such meetings shall not exceed one (1) day in duration and will normally be held in the boundaries of the District. Documented decisions made at such meetings and subsequently approved by the District shall be binding. Any revisions or reconsiderations of such decisions affecting program, master plan, schematic design and design development shall constitute a change in the Scope of Services of the Architect.

H. BIDDING PHASE

Upon written authorization from the District to proceed with the Bidding Phase, except to the extent the responsibility for any of the following is assumed by the District or a District consultant, or the bid documents or other contracts applicable to the Project make any of the following the responsibility of some other party, Architect shall take all necessary actions in accordance with the following:

(1) The development of the bidding procedure and the general condition of the construction contract shall be the joint responsibility of the District and the Architect, and the Lease/Leaseback Contractor.

(2) Following written approval of the contract documents and written acceptance by the District of Architect's final estimate of total construction costs, the Architect shall cooperate with the District and/or its LLB Contractor in the reproduction of the contract documents and the distribution of the contract documents to contractors interested in bidding on the Project. All sets of contract documents requested by the District for bidding purposes shall be reproduced at District's expense.

(3) All questions concerning the intent or interpretation of the bidding and contract documents shall be referred to the District for screening and subsequent processing through Architect and/or the Construction Manager.

(4) In the event any matter is identified that requires interpretation of the drawings or specifications, the Architect shall analyze the matter for decision by the District as to substantive and procedural requirements and, as necessary for corrections or clarifications, prepare one or more addenda for issuance by the District.

(5) The Architect shall assist the District in evaluating all bids and contract proposals, evaluating substitutions proposed by bidders, and awarding the bids. The Architect shall review the qualifications of all bidders and make recommendations to the District as to whether, in the Architect's professional opinion, bidders are qualified and meet minimum requirements for performance of the work.

(6) If at any time the total of the lowest responsible and responsive bid(s) for the Project, together with all other estimated and/or actual costs included within the construction cost, exceed the construction budget approved by the District for the Project, the

Architect, in consultation with the District and at no additional expense to the District, shall revise the plans and specifications as necessary so that rebidding of some or all of the Project will result in a construction cost not in excess of the construction budget. In so revising the plans and specifications, the Architect shall exercise its best judgment in determining the balance between the type, quality and other characteristics of the Project necessary to result in a Project satisfactory to the District. If acceptable to the District, the Architect may, as an alternative, include in the contract documents one or more deductive alternatives so that Architect and District may evaluate different means to achieve a satisfactory Project within the construction budget.

I. CONSTRUCTION PHASE

The Architect shall commence providing Construction Phase services upon award of the first contract for construction and until the earlier of the issuance to the District of the final Certificate for Payment or sixty (60) days after final completion of construction, including, without limitation, completion of all punch list items.

(1) During construction, the Architect shall furnish all necessary additional drawings for supplementing, clarifying and/or correcting purposes and for change orders required. Such drawings shall be requested in writing from the Architect by the District and shall be at no additional cost unless designated as an additional service to the District. The original drawings and contract wording for change orders shall be submitted to the District for duplication and distribution.

(2) The Architect will receive written notification of the award of a construction contract. Upon receiving such written notification, the Architect will proceed with the services required by the Construction Phase of this Agreement.

(3) Architect shall review and approve or take other appropriate action upon contractor's submittals such as: shop drawings, project data, samples and change orders, but only for the limited purpose of checking for conformance with information given and the design concept expressed in the contract documents.

The Architect's action shall be taken within fourteen (14) calendar days so as to cause no unreasonable delay in the work or in the construction of the District or of separate contractors, while allowing sufficient time in the Architect's professional judgment to permit adequate review.

In no case shall the review period associated with a single, particular submittal exceed fourteen (14) calendar days from the receipt by the Architect.

(4) During the course of construction, all Requests for Clarification must be responded to in a most expeditious manner, no more than seven (7) days, so as not to impact and delay the construction progress.

(5) Drawings or change orders required due to actions of the District which are beyond the scope of the Architect's responsibilities, shall be considered extra services.

(6) Architect shall visit the job site for on-site review of the construction of the Project. The schedule of these visits shall be coordinated and approved in advance by the District and its representative(s). The purpose of these visits is to resolve discrepancies in the contract documents and to monitor the progress of the Project.

Architect shall bring to the attention of the District, in writing to guard the District against, but does not assure against, any defects or deficiencies in the work by the District's construction contractor which the Architect may observe.

(7) The Architect shall visit the site at intervals appropriate to the stage of construction or as otherwise agreed by the District and Architect in writing to become familiar with the progress and quality of the work completed and to determine that the work is being performed in a manner that the work when competed will be in accordance with the contract documents. On the basis of on-site observations as an architect, the Architect shall keep the District informed of the progress and the quality of the work, and shall endeavor to guard the District against defects and deficiencies in the work. However, the Architect shall not be a guarantor of the contractor's performance.

(8) Prepare "Record Drawings": on the approved drawings original tracings to record changes made during the construction project based upon information provided by the District's construction contractor and changes by change orders. These "Record Drawings" along with three copies shall be delivered to the District at completion of the construction and shall be a condition precedent to the District's approval of the Architect's final payment. Architect may coordinate with District to identify electronic media alternatives to the satisfaction of all, or a portion of, this requirement.

(9) The Architect shall not be responsible for, nor have control or charge of, construction means, methods, techniques, sequences or procedures, or for safety precautions and programs in connection with the Project, and shall not be responsible for contractors' failure to carry out work in accordance with the contract documents. The Architect shall not be responsible for, nor have control over, the acts or omissions of the contractors, subcontractors, any of their agents or employees, or any other persons performing any work.

(10) Architect shall review equipment and maintenance manuals, and a complete set of warranty documents for all equipment and installed systems.

(11) Architect shall also provide at the District's request, architectural/engineering advice to the District on start-up, break-in and debugging of facility systems and equipment; and apparent deficiencies in construction following the acceptance of the contractor's work.

J. PROJECT CLOSE-OUT PHASE

As a condition to final payment to the Architect pursuant to this Agreement, the Architect shall complete all actions necessary for close-out of the Project in accordance with the following:

(1) Architect shall perform all actions necessary for District to obtain final close-out approval from DSA and any other governmental agencies with jurisdiction over the Project or any portion thereof. Architect shall not be responsible for documents or actions required of inspectors, testing labs, contractors, the District, or any other consultants retained by the District.

(2) Architect shall provide to the District any and all documentation required pursuant to this Agreement not already provided during prior phases of the Architectural Services.

(3) Architect shall coordinate with the District , at extra expense to be agreed upon between the District and the Architect, to prepare for the District as part of the project closeout, following completion of construction and occupation of the Project by the District, a survey reviewing how certain areas of the Project are being utilized as compared to their intended utilization. The District shall, at the Architect's request and with the Architect's assistance, identify those areas of the Project to be included in such survey.

K. MATTERS NOT WITHIN SCOPE OF ARCHITECTURAL SERVICES

The Architect is not responsible for providing, as part of the Architectural Services, any of the following:

(1) Ground contamination or hazardous material analysis.

(2) Any asbestos testing, design or abatement.

(3) Environmental impact report.

(4) Historical significance report.

(5) Soils investigation.

(6) Geotechnical hazard report.

(7) Topographic survey.

(8) Title report.

EXHIBIT "D"
DELIVERABLES

(1) Schematic Design Phase

Deliverables and No. of Copies:

(a) Schematic Design Submittal Package - 6 copies

(b) Cost estimates - 4 copies

(c) Design Checklist - 2 copies

(2) Design Development Phase

Deliverables and No. of Copies:

(a) Rendered perspective drawings - 6 copies

(b) Color/Material Boards - 2 copies

(c) Design Development drawing submittal - 4 copies

(d) Outline Specifications - 4 copies

(e) Cost Estimate - 4 copies

(f) Design Checklist - 4 copies

(g) Project scale model, for additional fee, if requested by the District.

(3) Construction Documents Phase

Deliverables and No. of Copies:

(a) Fifty percent (50%) submittal - 4 copies

four (4) prints of the fifty percent (50%) working drawings, three (3) specifications, and three (3) cost estimates.

(b) Ninety percent/DSA Submittal - 4 copies

four (4) prints of the ninety percent (90%)/DSA Submittal working drawings, and three (3) equipment cut sheets.

(c) Statement of requirements for testing and inspection of service for compliance with construction documents and applicable codes -2

(Submit with DSA Submittal)

(d) One hundred percent (100%)/DSA Approved submittal - 4 copies

four (4) prints of the DSA Approved one hundred percent (100%) working drawings, three (3) specifications, one (1) engineering calculation and three (3) cost estimates.

(e) Electronic file copy of DSA Approved CD drawings and specifications on CD- 1 copy (in PDF and CAD format)

(f) Design Checklist - 2 copies

(g) A statement at each stage of CD review indicating any authorized changes made to the program from the last submittal and the cost impact of such changes on the previously approved Construction Budget - 2 copies

If no program changes occur but shifts of costs occur between disciplines, identify for District review. (Submit with all submittals, 50, 75, 100%)

Consultant/Vendor Billing Instructions

Invoice Cover Sheet Set-Up

1 See "billing tab" below for spreadsheet; these are the instructions

2 Enter project name, DSA project number, project type, invoice number, date, your company name, fax, phone, etc.

3 Enter purchase order number provided to you when contract was issued

4 Feel free to include your company logo if you wish.

5 Enter approved contract agreements, amendments, reimburseables, allowances, etc. for which you are billing. Include summary scope of work. Enter "Cost Code" provided to you by Program Manager.

6 If you wish to break the contract work items down into portions that you would typically separate for progressive payments, please do that now. If your contract allows reimbursables in addition to contract fee, please separate these values. If you require more line items to complete this step, please highlight the entire last row by clicking on the grey row # at left, press CTRL+C to copy row, right click grey row # immediately below, select "Insert Copied Cells". This can be repeated as many times as necessary. Multiple rows can be copied/inserted in a single step by highlighting multiple rows prior to copying.

First Billing

5

IMPORTANT! When you are entering costs for your first billing, enter values (dollar amounts) ONLY into the green column. The percentages will change automatically. NOTE: Select the (% Complete) billing tab if you prefer to track your billings based on total project % complete. Once % complete is entered, billable amount will populate automatically. Select the (lump sum) billing tab if you prefer to track your billings as a lump sum billable amount to date. Once lump sum amount is entered, % complete will populate automatically.

6 Send invoice based on the Dollar value at the PRE-RETENTION value, if applicable.

Subsequent Billings

7 Manually input the dollar values from the "cost completed to date" column into the blue "total previous billings" column.

8 Enter the corresponding dollar values/% complete values into the green column for total work complete to date.

9 Submit a conditional release waiver with the billing. Submit signed pay request certification form.

10 Email to Chris Yafuso (cyafuso@aimcsworld.com) or mail to the CFW Oxnard office at 1901 S. Victoria Avenue #106, Oxnard, CA 93035. Please allow 4-6 weeks for invoice processing prior to payment.

11 Please note that invoice amounts which exceed remaining contract balance will not be processed, and will be returned to Vendor pending additional contract agreement(s). Incorrect contract amounts, cost codes, or other errors and miscalculations can delay/prevent processing of payment.

NOTE: **All Consultant/Vendor invoices must be accompanied by this worksheet to ensure proper payment. Invoices without this worksheet may be rejected and may delay payment until the next billing cycle or until the spreadsheet becomes accurate. Invoices not received by the 25th may be delayed until the next billing cycle. Contact the Program Manager with any questions regarding billing values, or any other information required, prior to submitting a billing.**

EXHIBIT "F"

FINGERPRINTING REQUIREMENTS

SECTION 00510

BACKGROUND CHECK AND FINGERPRINTING PROCEDURES FOR CONTRACTORS

The successful Bidder will be required to assure that its employees, subcontractors of any tier, material suppliers, and consultants do not have direct contact with the District's students during the performance of the Contract in compliance with Education Code §§ 45125.1 and 45125.2. To assure these provisions, the successful Bidder's supervisor shall be fingerprinted, and proof of same shall be provided to the District prior to start of on-site work. The supervisor will monitor the workers' conduct while on school grounds. In addition, the successful Bidder shall barricade the Work area to separate its workers from the students. Costs associated with this process are the responsibility of the successful Bidder.

The Contractors' construction supervisors or their unsupervised employees who will be working outside of fenced areas during the school hours **must** have submitted a fingerprint identification card to the Department Of Justice (DOJ) and have a proof of clearance in the form of an affidavit filed in the Oxnard School District's Purchasing Office **prior to** the start of the Work.

California Education Code §§45125.1 and 45125.2 require that criminal checks be completed for contractors (Contracting Firm) who provide architectural, construction, janitorial, administrative, landscape, transportation, food-related, or other similar services to school districts.

The undersigned does hereby certify to the Board of Trustees of the Oxnard School District as follows:

That I am a representative of the Contractor currently under contract ("Contract") with the District; that I am familiar with the facts herein certified, and am authorized and qualified to execute this certificate on behalf of Contractor.

Contractor certifies that it has taken the following actions with respect to the construction Project that is the subject of the Contract:

1. Pursuant to Education Code §45125.2, Contractor has installed or will install, prior to commencement of Work, a physical barrier at the Work Site, which will limit contact between Contractor's employees and District pupils at all times (mandatory for all Projects); AND

2. The Contractor has complied with the fingerprinting requirements of Education Code §45125.1 with respect to all Contractor's employees and all of its subcontractors' employees who may have contact with District pupils in the course of providing services pursuant to the Contract, and the California Department of Justice has determined that none of those employees has been convicted of a felony, as that term is defined in Education Code §45122.1. A complete and accurate list of Contractor's employees and of all its subcontractors' employees who may come in contact with District pupils during the course and scope of the Contract is attached hereto; AND/OR

3. Pursuant to Education Code §45125.2, Contractor certifies that all employees will be under the continual supervision of, and monitored by, an employee of the Contractor who the California Department of Justice has ascertained has not been convicted of a violent or serious felony. The name and title of each employee who will be supervising Contractor's employees and its subcontractors' employees is:

Name: _____

Title: _____

AND/OR

4. The Work on the Contract is at an unoccupied school site and no employee and/or subcontractor or supplier of any tier of Contract shall come in contact with District pupils.

Contractor's responsibility for background clearance extends to all of its employees, Subcontractors, and employees of Subcontractors coming into contact with District pupils regardless of whether they are designated as employees or acting as independent contractors of the Contractor.

OSD BOARD AGENDA ITEM

Name of Contributor: Kristen Pifko **Date of Meeting:** December 17, 2025

Agenda Section: Section C: Facilities Agreement

Approval of Amendment No. 003 to Agreement No. 19-180 with Arcadis International Ltd. (formerly known as IBI Group) to Provide Architectural Engineering Services for Ritchen Elementary School Modernization Project (Pifko/Bennett/CFW)

The District retained Arcadis International Ltd. (formerly known as IBI Group) ("Architect") to provide architectural and design services for the Ritchen Elementary School Modernization Project. The design plans for the project received Division of the State Architect ("DSA") approval on March 25, 2021, and construction of the project is on-going.

On August 21, 2024, the Board of Education executed Amendment No. 001 to Agreement #19-180 for added scope and resumed DSA Approval incurred costs.

On August 20, 2025, the Board of Education executed Amendment No. 002 to Agreement #19-180 for door scope investigation and additional design costs.

This Contract Amendment No. 003 covers Additional Architectural Design Scope in Add Services No 02 and No 04.

FISCAL IMPACT:
$37,500.00 – Measure I Bond Funds

RECOMMENDATION:
It is the recommendation of the Assistant Superintendent, Business & Fiscal Services and Director of Facilities, in conjunction with Caldwell Flores Winters, that the Board of Trustees approve Amendment No. 003 to Agreement #19-180 with Arcadis International Ltd. (formerly known as IBI Group).

ADDITIONAL MATERIALS:

Attached: Amendment #003 (12 Pages)
Amendment #002 (5 Pages)
Amendment #001 (8 Pages)
Agreement #19-180, Arcadis International (136 Pages)

Amendment No. 003 to Architect Services Agreement No. 19-180

The Architect Services Agreement No. 19-180 ("Agreement") entered into on December 18, 2019, by and between the Oxnard School District ("District") and Arcadis Inc. (formerly known as IBI Group) ("Architect") and Amendment #1, entered into on August 21, 2024, Amendment No. 002, entered into on August 20, 2025, is hereby amended by the parties as set forth in this Amendment No. 003 to the Architectural Services Agreement No. 19-180 ("Amendment") that is incorporated herein for all purposes.

RECITALS

WHEREAS, The District retained Architect to provide architectural and design services for the Ritchen Elementary School Modernization Project ("Project");

WHEREAS, the Board of Trustees has taken certain actions to approve the design of the Project;

WHEREAS, the Architect's design plans for the Project received Division of the State Architect ("DSA") approval on March 25, 2021;

WHEREAS, the construction of the Project was put on hold pending the availability of future funding and the District has now elected to move forward with the project;

WHEREAS, changes to the DSA approved plans and specifications are needed to include additional scope of work and the Architect is in the process of completing the additional scope design work for the Project and will submit the changes to the DSA for their review;

WHEREAS, the Board recognizes that the timing of the additional scope of work must all be approved by DSA;

NOW THEREFORE, for the good and valuable consideration, the Parties agree to the following amended terms to the Agreement:

AMENDMENT

The Parties agree to add the following language to SECTION 3 of the Agreement:

The definition of the Project is expanded to include additional scope of work as identified in the Architect's proposal for added scopes Add Service No. 02 dated August 11, 2025 and for Add Service No. 04 dated November 13, 2025 identified as Exhibit G hereto.

The Parties agree to add the following language to SECTION 4.1 of the Agreement:

The definition of Basic Services is expanded to include the deliverables and submittals set forth herein, provided for under the original Agreement between the Parties and those identified in Exhibit G hereto, where not inconsistent with the original Agreement or this Amendment. Terms used in Exhibit G shall have the same meaning as those terms are defined in the Agreement.

The Parties agree to amend SECTION 5.2.3 to the Agreement as follows:

SECTION 5.2.3 Additional Compensation for Additional Scope of Work. The Architect agrees to perform the Basic Services as described in the original Agreement, and Exhibit "G" hereto, with respect to the Project. Architect agrees to deliver the deliverables identified in Exhibit "C" and Exhibit "D" of the original Agreement for the Project. In consideration for the amended basic services and deliverables, Architect agrees to be compensated an additional flat "all-in" Basic Fee ("Additional fee") for the additional work totaling: **Thirty-Seven Thousand Five Hundred Dollars and Zero Cents ($37,500.00). This fee shall include all the work necessary to complete the additional scope of work including the costs of any sub-consultants or any specialty consultants.**

The Parties agree that the work identified herein constitutes all of the additional owner requested scope, changes, or modifications arising out of this Agreement.

It is agreed that, as long as the Architect performs the amended Services in a timely manner, in compliance with the provisions of the original Agreement and this Amendment thereto, and to the satisfaction of the District, payments of the Additional fee shall be made by the District, upon approval by the District of deliverables described in Exhibit G, and approval of invoices satisfactory to the District, in amounts not to exceed the percentages for each Phase set forth in the Table in Section 5.1.1 of the original Agreement.

The Parties agree that all other provisions of the Architectural Services Agreement No. 19-180 entered into and executed by the Parties on December 18, 2019 remain in full force and effect. Architect agrees that any provisions, limitations and exclusions in its proposal, Exhibit "G" hereto, are stricken for all purposes and are invalid as inconsistent with the terms and conditions of the Agreement and this Amendment.

IN WITNESS THEREOF, the Parties hereto execute this Amendment No. 003 and represented that each has authority to do so on the dates set forth below:

Date: August 11, 2025
Our Ref: 123448
Subject: **Proposal for Added Scope | Additional Services: Ritchen Elem. School Modernization, District Directed Changes to Hallway Lighting**

Dear Gerald and Scott:

In November of 2024, we received communication from CFW that Oxnard School District had decided to replace the lighting throughout the building. Upon further site investigation, CFW directed Arcadis replace only the existing lights in the Corridors and Lobby Areas.

SCOPE OF WORK:

Added scope is identified below:

1. **Replacement of Lighting throughout Corridors and Lobby areas:**

- Replacement of existing lights to be LED.
- Coordination with Electrical Engineer
- Submit CCD to DSA for Review and Approval.

Scope Assumptions

- No further work done to existing ceiling framing.

Scope Exclusions

- Any other additional services scope of work other than listed above.
- Power measurements of any existing panels.
- Any existing main Electrical Service, switchgear, etc. upgrades design

Compensation: We propose the following compensation for the above referenced services for the following fixed fee of $**11,160** (Eleven Thousand, One Hundred Sixty Dollars).

Arcadis, a California Partnership
August 11, 2025

Invoices shall be submitted monthly based on percentage completed of the authorized phases

Thank you for reviewing this proposal, we look forward to the opportunity to continue to provide services for the revised project. Please call if you have any questions or comments.

This fee is inclusive of all reimbursable expenses. Please contact me if you have any questions.

Sincerely,
Arcadis, California Partnership

Date: November 13, 2025
Our Ref: 123448
Subject: **Proposal for Revised Scope | Additional Services 004:**

Ritchen Elem. School Modernization,

Owner / District Directed Misc. Revisions

Dear Gerald:

Below is a list of Misc revisions as directed by CFW / District.

SCOPE OF WORK:

Revised scope is identified below:

1. **Additional shelving unit inside the Tall Casework -Phase I – (ASI 014)**
2. **Revision to Casework to include additional (Fixed) shelf unit- Phase II, II, IV – (ASI 013)**
3. **Revision to Casework to include additional (Adjustable) shelf unit- Phase II, II, IV – (ASI 013R)**
4. **Power / Data revisions at TV Monitors and Teacher's Stations (ASI 007)**
5. **Casework Deletion at STEAM Lab and Piano Lab / Addition of TV (ASI 009)**
6. **TV Monitor Framing Revision (CCD 004)**
7. **Revised TV Mount for 65" TV. (CCD 007)**
8. **Revised TV Mount for 85" TV. (CCD 009)**
9. **Revision to Vision Panels (switch to paint in lieu of film) at existing Classroom Vision Lites.**
10. **Revision to ACT flooring to HVT-18x18 (ASI 010)**
11. **Revision to Carpet (Shaw to Tandus)**
12. **Revision to "Yellow" soffit / wall paint color(s), updated renderings.**

13. **Revision to "Yellow" Flooring at Multi-Purpose and Media Center, updated renderings. (Does not include revisions to flooring material from HVT to another flooring type/colors)**

Scope Assumptions

- No Future revisions to the above items

Scope Exclusions

- Revisions to flooring material from HVT to another flooring type/color.
- Any other additional services scope of work other than listed above, including future revisions to pertinent scope.

Compensation: We propose the following compensation for the above referenced services for the following fixed fee of **$26,340 (Twenty-Six Thousand, Three-Hundred and Forty dollars).**

Invoices shall be submitted monthly based on percentage completed of the authorized phases.

This effort has already been done.

Thank you for reviewing this proposal, we look forward to the opportunity to continue to provide services for the revised project. Please call if you have any questions or comments.

This fee is inclusive of all reimbursable expenses. Please contact me if you have any questions.

Sincerely,

Amendment No. 002 to Architect Services Agreement No. 19-180

The Architect Services Agreement No. 19-180 ("Agreement") entered into on December 18, 2019, by and between the Oxnard School District ("District") and Arcadis Inc. (formerly known as IBI Group) ("Architect"), is hereby amended by the parties as set forth in this Amendment No. 002 to the Architectural Services Agreement No. 19-180 ("Amendment") that is incorporated herein for all purposes.

RECITALS

WHEREAS, The District retained Architect to provide architectural and design services for the Ritchen Elementary School Modernization Project ("Project");

WHEREAS, the Board of Trustees has taken certain actions to approve the design of the Project;

WHEREAS, the Architect's design plans for the Project received Division of the State Architect ("DSA") approval on March 25, 2021;

WHEREAS, the construction of the Project was put on hold pending the availability of future funding and the District has now elected to move forward with the project;

WHEREAS, changes to the DSA approved plans and specifications are needed to include additional scope of work and the Architect is in the process of completing the additional scope design work for the Project and will submit the changes to the DSA for their review;

WHEREAS, the Board recognizes that the timing of the additional scope of work must all be approved by DSA;

NOW THEREFORE, for the good and valuable consideration, the Parties agree to the following amended terms to the Agreement:

AMENDMENT

The Parties agree to add the following language to SECTION 3 of the Agreement:

The definition of the Project is expanded to include additional scope of work as identified in the Architect's proposal for added scope dated April 04, 2025 identified as Exhibit G hereto.

The Parties agree to add the following language to SECTION 4.1 of the Agreement:

The definition of Basic Services is expanded to include the deliverables and submittals set forth herein, provided for under the original Agreement between the Parties and those identified in Exhibit G hereto, where not inconsistent with the original Agreement or this Amendment. Terms used in Exhibit G shall have the same meaning as those terms are defined in the Agreement.

The Parties agree to add a new SECTION 5.2.3 to the Agreement as follows:

SECTION 5.2.3 Additional Compensation for Additional Scope of Work. The Architect agrees to perform the Basic Services as described in the original Agreement, and Exhibit "G" hereto, with respect to the Project. Architect agrees to deliver the deliverables identified in Exhibit "C" and Exhibit "D" of the original Agreement for the Project. In consideration for the amended basic services and deliverables, Architect agrees to be compensated an additional flat "all-in" Basic Fee ("Additional fee") for the additional work totaling: **Ten Thousand Nine Hundred Thirty Dollars and No Cents ($10,930). This fee shall include all the work necessary to complete the additional scope of work including the costs of any sub-consultants or any specialty consultants and extends terms of the contract to December 31, 2026.**

The Parties agree that the work identified herein constitutes all of the additional owner requested scope, changes or modifications arising out of this Agreement.

It is agreed that, as long as the Architect performs the amended Services in a timely manner, in compliance with the provisions of the original Agreement and this Amendment thereto, and to the satisfaction of the District, payments of the Additional fee shall be made by the District, upon approval by the District of deliverables described in Exhibit G, and approval of invoices satisfactory to the District, in amounts not to exceed the percentages for each Phase set forth in the Table in Section 5.1.1 of the original Agreement.

The Parties agree that all other provisions of the Architectural Services Agreement No. 19-180 entered into and executed by the Parties on December 18, 2019 remain in full force and effect. Architect agrees that any provisions, limitations and exclusions in its proposal, Exhibit "G" hereto, are stricken for all purposes and are invalid as inconsistent with the terms and conditions of the Agreement and this Amendment.

IN WITNESS THEREOF, the Parties hereto execute this Amendment No. 002 and represented that each has authority to do so on the dates set forth below:

Subject: **Proposal for Revised Scope | Additional Services: Ritchen Elem. School Modernization,**

Owner / District Directed revisions to Exterior and Interior Doors to receive Access Control.

Dear Gerald and Scott:

On March 20, 2025, we received communication from CFW that they have reviewed the PCO #001 for replacing the Exterior Doors and Frames to accommodate the District's previously directed Access Control. It was during this meeting that CFW (Ernesto and Gerald) recommended Arcadis to re-review the conditions of the exterior doors to reduce the cost impact based on the previous direction to remove and replace doors, frames and hardware.

An on-site meeting at Ritchen E.S. was followed up on March 24, 2025, with CFW (Vin J.), Inspector of Record (Tim H.), and Arcadis (Ruben R.).

Field Report 03 was distributed to CFW on March 24, 2025, outlining our on-site observations and revised proposed scope.

SCOPE OF WORK:

Revised scope is identified below:

1. **On-Site Meeting to re-review conditions of exterior and interior doors to receive access control.**
2. **Field Report 003 outlining Arcadis' observations and proposed revised scope.**
3. **Revise Door Schedule, Architectural Drawings and Specifications to reflect revisions to Exterior Doors based on Field Report 003, dated 03/24/2025. (Attached).**
4. **Additional Meetings and CA coordination.**

Scope Assumptions

- Hardware installer able to adjust all door closers to comply with closing requirements.

Scope Exclusions

- Any other additional services scope of work other than listed above, including future revisions to pertinent scope.

Arcadis, a California Partnership
April 04, 2025

Compensation: We propose the following compensation for the above referenced services for the following fixed fee of **$10,930 (Ten-Thousand, Nine-Hundred Thirty Dollars).**

Invoices shall be submitted monthly based on percentage completed of the authorized phases

Thank you for reviewing this proposal, we look forward to the opportunity to continue to provide services for the revised project. Please call if you have any questions or comments.

This fee is inclusive of all reimbursable expenses. Please contact me if you have any questions.

Date: June 25, 2024
Our Ref: 123448
Subject: **Proposal for Added Scope | Additional Services: Ritchen Elem. School Modernization, Suspension of Services | District Directed Changes**

Dear Gerald and Scott:

In June of 2021 we received communication from CFW that Oxnard School District had decided to put our DSA approved plans for the replacement school at Ritchen Elementary School Modernization on hold pending future funding. At that time, we suspended any additional development of this project, wrapping up current issues in preparation to put the project on hold. In February of 2024, we were notified that the district had again elected to move forward with this project. Per our architectural services agreement dated December 19, 2019, Article 6.1.3 Temporary Suspension of Services, if services are suspended by the district for greater than 120 days our compensation shall be equitably adjusted for expenses to resume services.

As a result of the suspension of services by the district a total lapse of approximately 660 work days has occurred. As such we are requesting an adjustment to our remaining fee to account for costs associated with the restart of the project and increases in our hourly billing rates.

Following the receipt of bids, the District has decided to reject all bids and protests and utilize the Lease-Lease Back method for procuring this work in lieu of Design-Bid-Build. We anticipate no additional effort to accommodate the change in delivery method. If the District should require assistance with revisions and or value engineering due to the LLB process, additional fee may be required.

In addition, our initial fee was calculated for a construction period spanning six to eight months, as outlined in our fee proposal dated November 22, 2019. However, with the revised schedule communicated on February 6, 2024, incorporating a phased approach, we have adjusted our fee to accommodate an additional seven months of Construction Administration services.

Furthermore, the district has requested some other changes to the approved documents and specifications that include the below.

SCOPE OF WORK:

Added scope is identified below:

1. **Changes to Front Lobby:**

- Provide (3) Security Doors with controlled access at Hallway/Lobby area. (Future CCD under current Modernization)
- Submit CCD to DSA for Review and Approval.

2. **Changes to Overall Building:**
- Provide work scope to install CCTV and WAPS along Exterior / Interior of Building. (Future Change Order to contract)
- Coordinate Locations with IT.

3. **Replace Classroom doors/Hardware and revise flooring to be HVT:**
- Develop updated door schedule.
- Coordinate door hardware specification and installation.
- Revise documents to reflect flooring change.

LLB Delivery vs DBB

- We anticipate no additional effort to accommodate the change in delivery method.

Extended Construction Administration Services

- Our current A/E fee for Construction Administration services is $65,341. Review of submittals is anticipated within the initial A/E fee. Based on our experience, submittal review reflects approximately 10% of our effort during CA.
- The construction period is proposed to be approximately double. Our additional fee for the extended Construction Administration phase reflects the added effort to provide services for that extended period and anticipates every other week virtual construction meeting attendance.
- We understand weekly on-site meetings are NOT requested/required by the District. We have not included a fee for that effort.

Resuming Design Services

- 5% Fee Adjustment of Remaining Fee (29% of fee = $109,014). Due to Temporary Suspension of Services as compensation for restarting the project and change in billing rates.

Scope Exclusions

- Work not specifically identified above.

Compensation: We propose the following compensation for the above referenced services for the following fixed fee of **$156,636** (One Hundred Fifty Six Thousand Six Hundred and Thirty-Six dollars).

Invoices shall be submitted monthly based on percentage completed of the authorized phases.

Arcadis, a California Partnership
June 25, 2024

Thank you for reviewing this proposal, we look forward to the opportunity to continue to provide services for the revised project. Please call if you have any questions or comments.

This fee is inclusive of all reimbursable expenses. Please contact me if you have any questions.

IMPORTANT INSTRUCTIONS TO VENDOR

1. Itemized INVOICES in Duplicate.
2. Enclose PACKING LIST with ALL shipments.
3. No deviation in PRICE or SUBSTITUTION in kind permitted.
4. All deliveries F.O.B. Destination unless otherwise specified. If freight is to be charged, prepay, and add to invoice.
5. THE LAW REQUIRES MATERIAL SAFETY DATA SHEETS FOR PRODUCTS ON THIS ORDER. PLEASE ENCLOSE WITH INVOICE.
6. Purchase order number must appear on packing slip.
7. Charges for the purchase in excess of 10% must be verified before delivery.

Order Sub-Total	$375,910.00
Sales Tax	.00
Shipping	.00
Adjustment	.00
Order Total	**$375,910.00**

AGREEMENT FOR ARCHITECTURAL SERVICES

PREAMBLE

This Agreement for Architectural Services (**"Agreement"**) is entered into on this **18th day** of **December, 2019** by and between **IBI Group**, an architectural firm that employs architects licensed to work in the State of California (collectively and individually, the **"Architect"**), with a business address at **315 W. Ninth Street, Suite 600, Los Angeles, CA 90015** and the Oxnard School District, a California public school district (**"District"**), with offices located at 1051 South A Street, Oxnard CA 93030, in connection with services commencing on **December 19, 2019**. District and Architect are sometimes individually referred to herein as "Party" and collectively as "Parties".

RECITALS

WHEREAS, the District proposes to undertake the construction and installation of certain improvements, as further defined and described below (the **"Project"**) and, in connection with the Project, requires the services of a duly qualified and licensed architect.

WHEREAS, the Architect represents that its employees are licensed to practice architecture in the State of California, as appropriate, and that the Architect is qualified to perform the services required under this Agreement.

WHEREAS, the Parties intend that the Architect provide professional services pursuant to this Agreement, under the management and oversight of the District's Representative, in such manner as to enable the Project to be designed and constructed with the standard of care described herein without burdening the District's staff.

AGREEMENT

NOW, THEREFORE, in consideration of the promises and covenants herein and other valuable consideration, receipt of which is acknowledged, the Parties agree as follows:

SECTION 1
GENERAL PROVISIONS

1.1 DEFINITIONS. When used in this Agreement, the following terms shall have the meanings set forth below:

1.1.1 "Addendum" shall mean written or graphic information (including without limitation Drawings and Specifications), prepared and issued prior to the receipt of Bids, which modifies or interprets the Bid Set by additions, deletions, clarifications, or corrections.

1.1.2 "Additional Services" shall mean those services in addition to the Basic Services that are provided by the Architect pursuant to a written request by the District.

1.1.3 "Agreement" shall mean this document and all its identified exhibits, attachments and amendments.

1.1.4 "Architect" shall mean the architectural firm listed in the first paragraph of this Agreement.

1.1.5 "Architect Consultant" shall mean a person properly qualified and licensed in various aspect of design and construction employed at Architect's sole expense, pursuant to prior approval from the District, to provide Services for the Project.

1.1.6 "Architect's Supplemental Instruction" or **"ASI"** shall mean a small set of drawings which better explains the intent of the design of a building or structure

1.1.7 "As-Built Documents" shall mean the collection of documents assembled and prepared by the Contractor (including, without limitations the As-Built Drawings and specifications, shop drawings, approved changes, RFIs, manuals etc.) showing the condition of the Project as actually built and accepted.

1.1.8 "As-Built Drawings" shall mean the final set of drawings prepared by the Architect that incorporates all changes from all drawings, sketches, details, and clarifications recording all changes from the Bid Set.

1.1.9 "Basic Fee" shall mean the compensation provided to the Architect for providing Basic Services.

1.1.10 "Basic Services" shall consist of (i) the professional design services, including but not limited to landscape and irrigation design, architectural, civil, structural, mechanical, plumbing (including fire sprinklers), acoustical, food service, audio and visual design, electrical services, a SWPPP for the Project, and LEED services as required to complete the Project, (ii) preparing educational specifications for the Project, and (iii) preparing and/or signing documentation required to obtain funding from any program administered by the State..

1.1.11 "Bid" shall mean the written proposal submitted to the District by a Contractor in accordance with the Bid Set for the construction of the Project.

1.1.12 "Bid Set" shall mean the DSA Record Set, the construction contract, general conditions and any other documents included in the bid packages, including but not limited to any addenda, all in a form that District approves and uses to bid the construction of the Project.

1.1.13 "Bidder" shall mean the person or entity submitting a Bid.

1.1.14 "BIM" or "Building Information Modeling" shall mean the process of generating and managing building data during its life cycle. Typically it uses three dimensional, real-time, dynamic modeling software to increase productivity in building design and construction. The process encompasses building geometry, spatial relationships, geographic information, and quality and properties of building components.

1.1.15 "CDE" shall mean the California Department of Education.

1.1.16 "Change Order" or **"CO"** shall mean a written document between the District and the Contractor that is signed by the District and the Contractor authorizing a change in the work or and adjustment in the contract, or the contract time.

1.1.17 "Change Order Request" or **"COR"** shall mean a proposed change(s) in contract amount, requirements or time (outside the scope of the construction contract and/or provisions of its changes clause) which becomes a Change Order when approved by the other party (owner or contractor).

1.1.18 "CHPS" shall mean Collaborative for High Performance Schools.

1.1.19 "Construction Budget" shall mean the Construction Cost established by the District representative, as amended by the District in its sole discretion.

1.1.20 "Construction Cost" shall mean, as of acceptance of the Project, the cost of all labor, materials, and fixtures (but not trade fixtures) supplied by the Contractor and subcontractors to construct the Project, including mobilization, demobilization, materials and other costs typically included in this calculation and *excluding* (i) all fees and costs paid to the Architect and any of their consultants, (ii) all costs and expenses of services, reports, information, equipment and materials furnished by the District, (iii) all costs and fees related to off-site improvements, (iv) all costs incurred to remedy any design or construction defects or errors, and (v) any other Project-related costs and fees typically excluded.

1.1.21 "Construction Documents" shall mean those documents which are required for the actual construction of a project, including but not limited to the agreement between the District and the Contractor; complete working drawings and specifications setting forth in detail the work to be done and the materials, workmanship, finishes and equipment required for architectural, structural, mechanical, electrical systems and utility service-connected equipment and site work.

1.1.22 "Construction Manager" shall mean and refers to any professional or consultant retained by the District to plan, direct and coordinate the construction of the Project.

1.1.23 "Construction Document Phase" shall have the meaning set forth in Exhibit B.

1.1.24 "Construction Phase(s)" shall mean individual construction contract packages that are bid separately.

1.1.25 "Constructability Review" shall mean, the review of the design documents to ascertain whether the design of the Project as depicted in the Construction Documents, and the documents themselves: (i) accurately and completely reflects the District's objectives as explained to the Architect by the District; (ii) are free of errors, omissions, conflicts or other deficiencies so that the Contractors can construct the Project as therein depicted without delays, disruptions, or additional costs.

1.1.26 "Contractor" shall mean the general contractor or any other contractor selected to perform work or services on the Project or any replacement.

1.1.27 "Contractor Payment Application" shall mean a Contractor's written request for payment for completed portions of the work and for materials delivered or stored by the Contractor.

1.1.28 "Design Bid Build" shall mean a project delivery method defined by the following characteristic – design and construction are separate contracts.

1.1.29 "Design Development Phase" shall have the meaning set forth in Exhibit B.

1.1.30 "District" shall mean the Oxnard School District.

1.1.31 "District Design Standards" shall be the implementation of standard equipment and/or products as determined by the District, into the overall project design.

1.1.32 "District's Representative" shall mean the Superintendent and/or, Deputy Superintendent, Business & Fiscal Services and/or Director of Facilities, or any authorized designee of those officers.

1.1.33 "DSA" shall mean the Division of the State Architect of the State of California.

1.1.34 "DSA Record Set" shall mean such documents, plans, drawings and specifications submitted to DSA as part of the design phase and stamped and approved by DSA for the Project.

1.1.35 "Educational Specifications" shall mean the interrelated statements that communicate what educators believe is required to support a specific educational program.

1.1.36 "Funding Consultant" shall mean any consultant designated by the District that assists the District in submitting applications for funding from programs administered by the State.

1.1.37 "Guaranteed Maximum Price" or "GMP" shall mean the cost for construction and installation of a project determined by the District and the lease-leaseback entity when the Lease-Leaseback delivery method is used and shall include both the "Estimated GMP" and the "Final GMP".

1.1.38 "Inspector of Record" or **"IOR"** shall mean a certified Inspector approved by DSA to inspect work pursuant to the Field Act (California Education Code §17280 *et seq.*) and applicable provisions of the California Code of Regulations. The IOR also serves as the representative of the District to conduct field inspections of the Project during construction.

1.1.39 "Lease-Leaseback" shall mean a project delivery method under which the District leases real property it owns to a lease-leaseback entity and the lease-leaseback entity causes the construction of a facility the District desires on said real property and subleases the facility back to the District, with title to the facility vesting in the District at the end of the term of the sublease, as set forth in California Education Code §17406.

1.1.40 "LEED" shall mean Leadership in Energy and Environmental Design as administered by the U.S. Green Building Council.

1.1.41 "Modernization/New Construction" shall mean the comprehensive replacement or restoration of virtually all major systems, interior work (such as ceilings, partitions, doors, floor finishes, etc.) and building elements and features.

1.1.42 "MOU" shall mean a memorandum of understanding.

1.1.43 "Notice of Completion" or **"NOC"** shall mean the legal notice filed with the County Recorder after completion of construction project.

1.1.44 "OPSC" shall mean the Office of Public School Construction of the State of California.

1.1.45 "Phase" when used without the word "Construction" shall mean the various phases of architectural work described in this Agreement.

1.1.46 "Potential Change Order" or **"PCO"** shall mean is a written document before it has been approved and effected by the contractor and owner.

1.1.47 "Principal(s)" shall mean individual(s) who are participating owners of the Architect and are authorized to act on behalf of the firm.

1.1.48 "Project" shall mean the project described hereinafter in Section 3.

1.1.49 "Project Budget" shall mean the sum total of all monies allocated by the District to defray costs of the work and services related to the Project; including but not limited to professional services, bids for all construction (such as site work, prime contracts, consultants, materials), contingencies and applicable general conditions for each Construction Phase.

1.1.50 "Project Director" shall mean, with reference to the Architect, a licensed, experienced and well trained professional employed by Architect and fully authorized to represent the Architect in all matters related to the Project including but not limited to executing change orders during construction, and to bind the Architect to any commitments made on the Architect's behalf in connection herewith.

1.1.51 "Project Manager" shall mean the person assigned by the District to supervise the Project. The District will identify the Project Manager(s) for each Project.

1.1.52 "Project Schedule" shall mean the entire series of events necessary to design and construct the Project and encompasses work and services of the Architect, Contractors and other consultants.

1.1.53 "Prolog" shall mean the program/project management software required by the District to maintain, route and issue all design phase documents, construction documents, and close out documents.

1.1.54 "Request for Information" or **"RFI"** shall mean a written request from a contractor to the District or Architect for clarification or information about the contract documents following contract award.

1.1.55 "SAB" shall mean the State Allocation Board of the State of California.

1.1.56 "Schematic Design Phase" shall have the meaning set forth in Exhibit B.

1.1.57 "Services" shall mean all labor, materials, supervision, services, tasks, and work that the Architect is required to perform hereunder, including Basic Services and those Services reasonably inferred from this Agreement, as further described and clarified in **Exhibit B** hereto, including any Additional Services required of the Architect hereunder.

1.1.58 "SWPPP" shall mean Storm Water Prevention and Pollution Plan.

1.1.59 "Time Impact Analysis" or **"TIA"** shall mean a simplified analysis procedure typically specified on construction projects to facilitate the award of excusable days to project completion due to delays caused by either the owner or contractor.

1.2 INCORPORATION OF RECITALS, EXHIBITS AND REFERENCED DOCUMENTS The Recitals above and all Exhibits attached to this Agreement, now or hereafter by

agreement of the parties, are incorporated herein by reference and made a part of this Agreement.

SECTION 2
EMPLOYMENT OF ARCHITECT

2.1 EMPLOYMENT OF ARCHITECT. The District hereby retains the Architect, pursuant to California Government Code, Title 1, Division 5, Chapter 10.1 and Section 53060 thereof, to perform, for consideration and upon the terms and conditions set forth herein, all professional architectural and related Services required to complete the Project, as may be hereafter amended in an expeditious, safe and satisfactory manner. The Architect hereby accepts such retention and commits to perform all the professional services required to complete the Project in a professional and conscientious manner in accordance and consistent with the standard of care generally employed by professionals licensed and qualified to perform similar services within the State of California. The Services shall be performed in a safe, expeditious and satisfactory manner, with allowance for periods of time required for (i) the District's review and approval of submissions to the District by the Architect; (ii) review and approval of submissions to those authorities having jurisdiction over the Project, and (iii) the Architect's review of submissions to the Architect from the District, or authorities having jurisdiction over the Project.

2.2 PROJECT DIRECTOR AND OTHER EMPLOYEES. The Architect shall appoint and designate one State of California licensed architect to serve as the Project Director for the Project. The Project Director shall maintain personal oversight of the Project and the Services and shall be the primary contact on the Architect's behalf for all matters related to the Project for which he or she is designated as Project Director. The Project Director shall be vested with full authority to represent and act on behalf of the Architect for all purposes under this Agreement.

2.3 ARCHITECT COVENANT AGAINST CONTINGENT FEES. The Architect warrants and represents that it has not employed or retained any company or person, other than a bona fide employee working solely for the Architect, to solicit or secure this Agreement, and that it has not paid or agreed to pay any company or person, other than a bona fide employee working solely for the Architect, any fee, commission, percentage, brokerage fee, gift, or any other consideration contingent on or resulting from the award or making of this Agreement. For breach or violation of this warranty, the District shall have the right to annul this Agreement without liability, or in its discretion, to deduct from the Basic Fee or otherwise recover, the full amount of such fee, commission, percentage fee, gift, or contingency.

SECTION 3
THE PROJECT

The Project consists of such works of new construction, modernization and/or improvement that require services to be provided by Architect described more fully on Exhibit A.

SECTION 4
SERVICES

4.1 BASIC SERVICES. The Basic Services, deliverables and submittals required under this Agreement are described in **Exhibit C**. The Basic Services are divided into Phases, such as planning programming phase, schematic phase, etc. to facilitate the completion of each set of services during specified times established under the Project Schedule.

4.2 GENERAL PROVISIONS CONCERNING BASIC SERVICES

4.2.1 Employment of Personnel. The Architect shall employ, at its own cost and expense, any and all personnel needed to perform the Services. Architect must identify all personnel that will perform work at any District site and must obtain fingerprinting clearance from the District. Architect agrees to reallocate any personnel whose work is unsatisfactory to the District. Architect shall at all times be solely responsible for the compensation, benefits, tax deductions, insurance or other requirements of any laws applicable to its personnel.

4.2.2 Employment of Architect Consultant(s). For services not provided directly by the Architect, the Architect shall employ, at its own cost and expense, any and all needed Architect Consultant(s) to perform the services hereunder. Architect Consultant(s) retained by the Architect in the performance of this Agreement shall be licensed to practice in their respective professions where required by law. The Architect Consultant(s) will be required to show evidence of a policy of professional liability and/or project insurance that satisfies the requirements of Section 11.2 hereinafter.

4.2.3 The Architect shall remain at all times primarily responsible for the adequate performance of each service and said employment of the Architect Consultants shall not relieve the Architect from administrative or other responsibility under law or this Agreement. Architect shall be responsible for the coordination and cooperation of the Architect Consultants. The Architect's Consultant(s) may include but are not limited to designers and engineers for the structural, electrical, mechanical, plumbing (including fire sprinklers), landscaping, audio and visual, food service, acoustical, theatrical, and civil portions of the Project. Prior to entering into any consulting agreement and prior to authorizing any consultant(s) to perform any services on the Project, the Architect shall submit a written request for approval to District. The request shall include the names of the Architect Consultant firms proposed for the Project and shall identify the key personnel of each Architect Consultant's firm. The District shall have the discretion to reject any proposed firm and/or personnel. If the proposed firm and/or personnel is rejected, the Architect may perform the Services at issue, if qualified to do so, or may propose an alternate acceptable to District.

4.2.4 Cooperation with District and Other Consultants. The Architect and its Consultant (s) shall confer and cooperate with District, the Project Manager, and other District consultants, if any, in all matters and activities as related to this Agreement and each Project.

4.2.5 Project Management Software. The project may be managed through a project management software from design through closeout. Architect will utilize the software as required by the District.

4.2.6 Corrections to Construction Documents and Other Deliverables. The Architect shall revise the Construction Documents as needed to incorporate any and all change orders and other necessary modifications required due to negligent acts or any errors or omissions by the Architect or the Architect Consultants. The Architect shall also provide any modifications to any deliverables required under **Exhibit C** if such modifications become necessary due to any errors or omissions of the Architect or the Architect Consultants.

4.2.7 Minutes of Progress Meetings. The Architect will note discussions during progress meetings concerning any Services and will provide a draft copy of the minutes.

4.2.8 Independent Reviews; Audits. Each Project shall at all times be subject to independent reviews conducted by the District or any other person selected by the District, including but not

limited to Constructability Review and audits. Such reviews may include inspection of any work, documents or services related to the Project. The Architect shall cooperate with these reviews, including preparing written responses to written or verbal comments, and incorporating changes to the Construction Documents based on such comments. If the Architect does not deem that a comment requires a change, the Architect shall so state in a written response to the comment providing reasons why no change should be implemented. If District nevertheless directs the Architect to implement the requested change, the Architect will do so unless the change would result in a violation of applicable laws or requirements.

The scope of the Architect's obligations during Constructability Review includes without limitation written confirmation, in form and content satisfactory to the District, that (a) requirements noted in the design documents are consistent with and conform to District requirements; and (b) there are no errors, omissions or deficiencies in the Construction Documents that a reasonable Architect using skill and diligence standard in the profession would have detected and corrected prior to submission of the Construction Documents.

4.2.9 Independent Cost Estimates. The District shall have the right, but not the obligation to obtain independent cost estimate(s) conducted by an estimator designated by the District and at the expense of the District. The Architect shall be available to answer the estimator's questions regarding the design and attend meetings with the estimator to reconcile the Architect's required estimates with any independent estimator's estimate.

4.2.10 Inspection of Records; Familiarity with Site and Project. The Architect shall be solely responsible for researching and analyzing all records of the existing improvements and the proposed Project, identifying all District held record documents concerning each portion of the Project, conducting site visits and familiarizing itself with the conditions of the structure(s) and location(s) in which it is providing Services. It is required that the Architect will visit each site prior to design completion to validate existing conditions and record plans of existing buildings and site utilities.

4.2.11 Construction Delivery Methods: Lease-Leaseback. The District may at its discretion enter into Lease-Leaseback pre-construction services and construction contracts for the Project. The Architect will work cooperatively with the Lease-Leaseback contractor during the performance of its pre-construction service phase to implement value engineering, BIM and constructability recommendations.

4.2.12 Funding Applications and Approvals. The Architect shall assist the District with any and all funding applications and submittals for any program administered by the State or other entities. Architect may be required to prepare, sign and submit applications and documents to various entities such as DSA, OPSC, CDE, and the U.S. Green Building Council. The Architect's duties shall include the preparation and submittal of application(s), plans and specifications, and any supplemental funding applications (such as CHPS, CDE, as well as OPSC and others as may be required). The Architect shall respond timely to review comments and work cooperatively with the District's Funding Consultant to achieve any and all submittal deadlines.

4.2.13 District Design Standards. The Architect shall be responsible for implementing all District Design Standards issued to the Architect by the District into the overall project design. Design standards include but are not limited to equalization standards, furniture, fixture and equipment standards, maintenance standards, data and technology standards, security intrusion and video surveillance standards.

4.2.14 Storm Water Prevention and Pollution Plan (SWPPP). The Architect shall be responsible for all designs and permitting, excluding fees, as it relates to the SWPPP plans and specifications for the Project. Responsibility also includes the preparation of plans, specifications, and any other requirements needed to obtain the **required regulatory approval**s and permits.

4.2.15 Changes. The Architect shall revise the Construction Documents as needed to incorporate any and all change order requests, potential change orders, supplementary instructions and other necessary modifications. The Architect is responsible for obtaining DSA approval for all changes.

4.2.15.1 Changes Required to Meet Construction Budget. If the lowest responsible bid exceeds one hundred ten percent (110%) of the Construction Budget, Architect shall revise the scope of the project for re-bidding at no additional expense to the District. The District shall approve or disapprove, in its sole discretion, all proposed changes to the scope intended to effect cost reduction and no such changes shall be effective until approved by the District.

4.2.17 Deliverables. Unless otherwise agreed to in writing, Architect shall produce the deliverables identified on **Exhibits C & D.**

4.3 ADDITIONAL SERVICES

4.3.1 Architect Additional Services. Additional Services for any Project will require written request or pre-authorization in writing by the District following specific approval of such services by the Board of Trustees. If Additional Services result in a modification of the Basic Fee, then the Architect shall be paid for such additional services as part of the payment for the Basic Fee. All other Additional Services shall be paid by the District as provided in Section 5.2, Compensation for Additional Services. It is understood and agreed that if the Architect performs any services which it claims are Additional Services without receiving prior written approval from the District Board of Trustees, the Architect shall not be paid for such claimed Additional Services.

4.3.2 The following services are not Basic Services under this Agreement and are to be considered Additional Services:

4.3.2.1 Revisions and changes requested by the District to be made to drawings, specifications or documents previously approved by the District prior to awarding the construction contract, provided that such changes are not (i) required to make the documents compliant with original design requirements, (ii) revisions that should have been implemented during design, (iii) necessary to comply with applicable laws, rules, or regulations, or (iv) revisions required under Section 4.2.15.1.

4.3.2.2 Services for repairs of damages to the Project resulting from third-party actions or unforeseen conditions or circumstances not the result of negligence or errors or omissions of the Architect or the Architect Consultants, including but not limited to repairs necessary due to damage caused by fire, flood or other unforeseen conditions not the result of negligence or errors or omissions of the Architect or the Architect Consultants.

4.3.2.3 Additional Services required due to (i) the termination, delinquency or insolvency of the Contractor, or (ii) a default of the Contractor that does not arise directly from the negligence or errors or omissions of the Architect or the Architect Consultants.

4.3.2.4 Any of the following if directed by the District in writing: (i) the employment of specialty consultants not listed in the Architect's Basic Services, and (ii) the preparation of special delineations and models of facilities not included in the original Project.

4.3.2.5 Contract administration services performed more than 90 days after the original construction contract completion date, except when such delay is caused in whole or in part by the negligence or errors or omissions or willful misconduct of the Architect or the Architect Consultants.

SECTION 5
ARCHITECT'S COMPENSATION & PAYMENT SCHEDULE

5.1 COMPENSATION FOR BASIC SERVICES

5.1.1 Compensation Description. The Architect shall perform the Basic Services in exchange for compensation equal to the Basic Fee of:

Three Hundred Seventy-Five Thousand Nine Hundred Ten Dollars and No Cents ($375,910.00)

If the Project is divided into Construction Phases, the Architect shall allocate the Basic Fee over the Construction Phases and the allocation shall be in rough proportion to the Construction Budget for the Project with consideration given to the size and complexity of each Construction Phase. It is agreed that, as long as the Architect performs the Services for the Project or Construction Phase in a timely manner, in compliance with the provisions of this Agreement and to the satisfaction of the District, payments of the Basic Fee for each Project or Construction Phase shall be made by the District, upon approval by the District of deliverables described in **Exhibits C & D**, and approval of invoices satisfactory to the District , in amounts not to exceed the percentages for each Phase as set forth in the following Table:

Architectural Phases		
1	Project Initiation Phase	2.0%
2	Development of Architectural Program	2.0%
3	Schematic Design Phase	10.0%
4	Design Development Phase	17.0%
5	Construction Documents Phase	40.0%
6	Bidding Phase	2.5%
7	Construction Phase	20.0%
8	Project Close Out Phase	6.5%
Total Basic Fee		100.0%

5.1.1.1 Invoices. Invoices may be submitted at the end of each phase in the Table above or as a monthly progress billing per each phase, except that the construction administration phase can be billed as progress in proportion to the certified completion of construction, rounded to the nearest whole percent, as determined by the District.

5.1.1.2 Close-Out Phase. The remainder of the Basic Fee shall be paid to Architect upon satisfactory completion of all Services identified as Close Out Phase on **Exhibit C**, provided that payment will be made as follows: (i) three percent (3%) will be

paid after the submission by the Architect of the Verified Report (described on **Exhibit C**) to DSA; and (ii) three and one-half percent (3.5%) will be paid after receipt by the District of final DSA certificate and verification that all fees due to the Architect's Consultants providing Services in connection with this Agreement have been paid.

5.2 COMPENSATION FOR ADDITIONAL SERVICES

5.2.1 Fees negotiated for Additional Services pursuant to 4.3.2.1 that result in a change in the scope of the Project or Basic Services shall be processed as an amendment to the Basic Services and Basic Fee, subject to the approval of District's Board of Trustees.

5.2.2 All other fees for Additional Services may be negotiated on a fixed fee or time and materials basis.

5.3 DISPUTED AMOUNTS. In the event of any good faith dispute concerning a particular payment or a portion of a payment under this Agreement, pursuant to Section 3320 of the California Civil Code, the District shall have the right to do either of the following: (i) make such disputed payment to the Architect without prejudice to the District's right to contest the amount so paid; or (ii) withhold up to 150% of the disputed amounts. If the District withholds amounts invoiced by the Architect, the District will notify the Architect in writing of the reasons for the withholding. From and after the date such notice is given, the District and the Architect shall use their good faith efforts to resolve the dispute as quickly as practicable under the circumstances. If the District has given such notice, the Architect shall not be entitled to terminate this Agreement or suspend Services hereunder on account of such nonpayment, provided the District makes payment for all undisputed sums. If the District chooses to withhold payments under clause (ii) of this Section and if it is subsequently determined that the District owes an additional payment to the Architect, the District shall pay such amount to Architect. If the District chooses to proceed under clause (i) of this Section and it is subsequently determined that the District overpaid the Architect, the Architect shall promptly refund to the District the amount of such overpayment.

5.4 COMPENSATION FOR REIMBURSABLE SERVICES

5.4.1 PRIOR APPROVAL. The District will not be obligated to pay for any service(s) performed or cost incurred by the Architect without prior written authorization by the District. The following will not reimbursed under this Agreement:

5.4.2 REIMBURSABLE EXPENSES. The EXCLUSIVE list of reimbursable expenses is set forth below. Claims for reimbursable expenses shall be documented by appropriate invoices and supporting receipts. The Architect may be reimbursed for those reasonable out-of pocket expenses set forth below that are incurred and paid for by the Architect or the Architect Consultant in furtherance of performance of its obligations under this Agreement, but only to the extent that such expenses are directly related to Services satisfactorily completed, are approved by the District in writing and in total do not exceed two percent (2%) of the Basic Fee.:

5.4.2.1 Travel and Mileage. Architect must request the travel in writing and justify why the travel should be reimbursed. Travel expenses must be approved in writing by District, in its sole discretion. Trips from any Architect's office or Architect Consultant's office to the Project site(s) or to the District's office will not be approved for reimbursement.

5.4.2.2 Reimbursable Reprographic Services. Print sets or copies requested in writing by the District beyond the quantities required under **Exhibit C**.

5.4.2.3 Fees for Consultants. Fees for consultants hired and paid by the Architect at the written request of District that are not provided as Basic Services.

5.5 INVOICES

5.5.1 Invoices for Architect's Basic Services. Following completion of the Services applicable to each Phase, or agreement by the District to consider an interim invoice, the Architect shall submit an invoice in form and substance satisfactory to the District in an amount not to exceed the amount specified as the portion of the Basic Fee to be paid for that Phase for the Services identified in the invoice.

5.5.1.1 Each invoice must be accompanied by an **Approval Letter** from the District in the form of **Exhibit D**, attached hereto.

5.5.1.2 Progress payments shall not be made at any time during the Bidding Phase. If District withholds any amount following a default, as provided in Section 6 of this Agreement, the Architect shall certify in each subsequent invoice that none of the amounts invoiced represent any portion of the amounts identified for withholding. Withheld amounts shall be paid as specified on the notice from the District informing the Architect that the District elects to exercise its right to withhold payment following an Architect default, if any.

5.5.2 Invoices for Additional Services. Except for Additional Services that are incorporated into the Basic Fee, payments for Additional Services, shall be made monthly after approval by the District's Board of Trustees. The Architect's invoice shall be clearly marked "Request for Payment for Additional Services." Each invoice shall be accompanied by receipts and adequate supporting information. As required by Section 3320 of the California Civil Code, payment on a properly submitted, fully supported and documented invoice will be due within thirty (30) days of the date all required supporting information is received by District.

5.5.3 Invoices for Reimbursable Expenses. Payments for Reimbursable Expenses, if any, shall be made monthly, unless otherwise specified within the reimbursable expense authorization. The Architect's invoice shall be clearly marked "Request for Payment of Reimbursable Expenses." Each invoice shall be accompanied by receipts and adequate supporting information. As required by Section 3320 of the California Civil Code, payment on a properly submitted, fully supported and documented invoice will be due within thirty (30) days of the date all required supporting information is received by District, unless the District disputes in good faith any portion of the amount claimed by the Architect to be due.

5.5.4 Final Invoice. Upon completion of all Services and delivery of final DSA certification, the Architect shall prepare a final invoice for the remaining amount due, including and separately identifying any amounts withheld by District hereunder. This invoice shall be prominently noted **FINAL INVOICE FOR THE RITCHEN SCHOOL MODERNIZATION PROJECT**. The Architect shall provide a final invoice within thirty (30) days of District's notification of receipt of final DSA certification. The District shall pay within forty-five (45) days of approval of final invoice. No deductions shall be made from the Architect's compensation on account of penalty, liquidated damages, or other sums withheld from payments to Contractors, provided the reason for such withholding is not attributable to the fault of the Architect or the Architect Consultants.

5.5.5 Combined Invoices. Invoices for Basic Services, Additional Services and Reimbursable Expenses may be combined on a single invoice provided that the invoice is itemized and follows the instructions above.

SECTION 6
DEFAULT; REMEDIES; SUSPENSION AND TERMINATION

6.1 TERMINATION BY DISTRICT

6.1.1 For Cause. The District may terminate all or any portion of this Agreement or the Services for cause in the event of an Architect Default. This termination shall be effective if with respect to any monetary Architect Default, the Architect fails to cure such default within fifteen (15) calendar days following issuance of written notice thereof by the District and with respect to any non-monetary default for which no time period for cure is otherwise specified below, the Architect fails to cure such default within thirty (30) calendar days following issuance of written notice thereof by the District, or if the cure by its nature takes longer, fails to commence such cure within thirty (30) calendar days from the date of issuance of the notice and diligently prosecute such cure to the satisfaction of the District. If the District does not terminate, the District will have the right to withhold monies otherwise payable to the Architect until completion of all Services. If the District incurs additional costs, expenses or other damages due to the failure of the Architect to properly perform pursuant to this Agreement, those costs, expenses or other damages shall be deducted from the amount payable to the Architect. If the amount payable to the Architect exceed the amounts withheld, the balance will be paid to the Architect upon completion of all Services. If the costs, expenses or other damages incurred by the District exceed the amounts withheld, the Architect shall be liable to District for the difference and the Architect shall promptly pay the District such difference. The provisions of this Paragraph 6.1.1 are in addition to, and not a limitation upon, any other rights and remedies of the District under law or in equity and shall survive the termination of this Agreement.

6.1.2 For Convenience. The District may terminate, abandon or suspend performance of this Agreement for convenience and without cause at any time upon thirty (30) days written notice to the Architect, in which case the District will pay the Architect as provided in Section 5 for all Services and authorized Additional Services actually performed, and all authorized Reimbursable Expenses actually incurred and paid, under and in accordance with this Agreement, up to and including the date of termination; provided that such payments shall not exceed the percentage amounts specified as compensation for the Phases of the Services completed, plus any Additional Services and Reimbursable Expenses completed prior to termination, unless the District at its sole discretion determines that demobilization or other compensation is appropriate. After a notice of termination is given, the Architect shall submit to the District a final claim for payment, in the form and with certifications prescribed by the District. Such claim shall be submitted promptly, but in no event later than forty (40) calendar days after the Termination Date specified on the notice of termination.

Such payment shall be the Architect's sole and exclusive compensation and the District shall have no liability to the Architect for any other compensation or damages, including without limitation, anticipated profit, prospective losses, legal fees or costs associated with legal representation or consequential damages, of any kind.

6.1.3 Temporary Suspension of Services. If the Services are suspended in whole or in part by the District for less than one hundred twenty (120) consecutive calendar days, and notice to that

effect was provided to the Architect prior to the suspension of the Services, the Architect shall complete any remaining Services in accordance with the terms herein as in existence at the time of suspension and the Architect shall not be entitled to additional compensation. If one hundred twenty (120) consecutive calendar days or more have elapsed before the Services are resumed, the Project's Schedule shall be adjusted and the Architect's compensation shall be equitably adjusted to provide for expenses incurred in the resumption of the Services.

6.2 ARCHITECT DEFAULT. The occurrence of one or more of the following events shall constitute an "Architect Default" under this Agreement:

6.2.1 Inability to pay debts and Failure to Pay Architect Consultants. At any time prior to the expiration or termination of this Agreement, the Architect is unable to pay its debts in the ordinary course of business as they come due, including but not limited to failure to pay, when due, invoices from Architect Consultants providing services in connection with this Agreement.

6.2.2 Assignment for the benefit of creditors. An assignment for the benefit of creditors is made by, or any bankruptcy, reorganization (in connection with a debtor relief proceeding), receivership, moratorium or other debtor relief proceedings are commenced by or against the Architect, and the same is not discharged within ninety (90) days of commencement.

6.2.3 False or misleading. Any representation or warranty made by the Architect in this Agreement or in connection with any Services proves to be false or misleading in any material respect.

6.2.4 Failure to Provide Acceptable Design. The Architect's failure to provide a functional design that can be built within 110% of the approved Construction Budget in accordance with industry standards.

6.2.5 Defective Services; Errors or Omissions; Failure to Perform. The Architect or the Architect Consultant (a) provides defective services, including any deficiencies due to errors or omissions, or (b) fails to deliver Services in a timely manner; or (c) causes any delays for any reason, including providing defective Services; or (d) fails to perform any obligations under this Agreement (including, without limitation, failure to supply sufficient skilled personnel or suitable materials or equipment or failure to adhere to the Project Schedule).

6.2.6 Willful violation. The District determines that (a) the Architect is willfully violating any conditions or covenants of this Agreement or the Contract Documents, or (b) the Architect is executing Services in bad faith or not in accordance with terms hereof.

6.2.7 Failure to Cooperate with DSA. Failure to comply with DSA requirements or to submit documents at any pre-scheduled times in accordance with the MOU Process will constitute an automatic default.

6.2.8 Unapproved Assignment. The Architect attempts to assign this Agreement or any Services hereunder without prior written approval from the District.

6.2.9 Disregard of District Authority or Direction. The Architect disregards the authority of the District or fails or refuses to perform any reasonable act or service requested by the District hereunder.

6.2.10 Violation of Applicable Law. The Architect violates any applicable law, statute or governmental regulation in connection with any Services or this Agreement.

6.2.11 Failure To Maintain Errors and Omissions Insurance. The Architect fails to maintain the insurance required pursuant to Section 11.2 herein.

6.3 DISTRICT REMEDIES

6.3.1 General Remedies. If an Architect Default occurs under this Agreement, the District may exercise any right or remedy it has under this Agreement, or otherwise available at law or equity, and all of the District's rights and remedies shall be cumulative.

6.3.2 Withholding Payment. If an Architect Default occurs, the District's obligation to disburse further funds to the Architect pursuant to this Agreement may be terminated or suspended by the District, in its sole discretion. In connection with any Architect Default, the District may withhold all or a portion of any payments then or thereafter due to the Architect until the Architect cures any and all defaults to the satisfaction of the District.

6.3.3 Stop Work. Upon the occurrence of an Architect Default, the District may, at its sole and absolute discretion, order the Architect in writing to stop work on the Services, or any portion thereof, until the Architect Default has been cured. The Architect shall make best efforts to avoid delays and shall be solely responsible for any additional costs to the Project in connection with such "stop work" order.

6.3.4 Errors & Omissions; Additional Costs. In addition to any other remedy available to the District under this Agreement or under the laws of the State of California, the District may require the Architect to pay all costs incurred by the District to correct any defect and/or deficiency in the design work of the Architect and/or the Architect Consultants, including but not limited to re-design costs, additional services costs for other consultants, costs incurred by the District under any contract or to make alternative arrangements due to delays, litigation costs, and any cost related to the necessary removal of and/or replacement of work or materials. The Architect shall provide any Services requested by the District to correct any such errors or omissions but shall not receive any fee for any work or Services performed in correcting said errors or omissions regardless of whether such errors or omissions result in damages to the District or delays to the Project. This remedy applies but is not limited to (i) providing a design that fails to serve its purpose when constructed in accordance with industry standard for the particular Project, or (ii) delays due to Architect's failure to comply with the plan check review process in accordance with the District's MOU with DSA.

6.3.5 Self Help. Upon the occurrence of an Architect Default, the District may, at its sole and absolute discretion, without prejudice to other remedies, correct any deficiencies resulting from the Architect Default. In such case, the District may deduct costs relating to correcting such deficiencies, including, without limitation, compensation for additional services and expenses of a supplemental or replacement architect, design or engineering consultants and other consultants made necessary by such defaults, including services of legal counsel, from payments then or thereafter due to the Architect and may adjust the Basic Fee and any fees for Additional Services accordingly. If the payments then or thereafter due to the Architect are not sufficient to cover the amount of the deduction, the Architect shall pay the difference to the District.

6.3.6 Payment to Consultant. If the Architect Default is due to the Architect's failure to pay, when due, invoices of an Architect Consultant providing Services in connection with this

Agreement, the District shall have the right, but no obligation, to pay the amount invoiced directly to that Architect Consultant from any amounts then due the Architect, provided that the District has accepted the Services to which the invoices refer. The District shall have no further liability to the Architect in connection therewith.

6.4 TERMINATION BY ARCHITECT. The Architect may terminate this Agreement only upon the occurrence of one of the following conditions:

6.4.1 Failure to Pay Undisputed Amounts. The Architect my terminate upon thirty (30) days written notice if the District fails to make any undisputed payment to the Architect when due and such failure remains uncured for forty-five (45) calendar days after written notice to the District.

6.4.2 Long Term Suspension of Project. If the Project on which the Architect is providing Services are suspended or abandoned by the District for more than one hundred twenty (120) consecutive calendar days, the Architect may terminate this Agreement upon ninety (90) calendar days' notice to the District, provided the District does not reactivate the Project within such ninety (90) calendar day period.

6.5 SOLE REMEDY UPON TERMINATION BY ARCHITECT

6.5.1 Payment for Services. In the event of a termination of this Agreement by the Architect in accordance with Section 6.4, the District shall pay the Architect an amount for its Services, Additional Services and Reimbursable Expenses calculated in accordance with Paragraph 6.1.2 of this Agreement. Such payment shall be the Architect's sole and exclusive compensation and the District shall have no further liability or obligation to the Architect for any other compensation or damages, including, without limitation, anticipated profit, prospective losses, business devastation, legal fees or costs associated with legal representation or consequential damages of any kind.

SECTION 7
DUTIES AND LIABILITIES OF DISTRICT

7.1 DUTIES

7.1.1 District's Representative: The District's Representative represents the District in all matters pertaining to the Services. The District's Representative shall cooperate with the Architect in all matters relative to this Agreement in order to permit the performance of the work without undue delay.

7.1.2 Statement of Building Program. The District shall provide full information as to the requirements for and the education program to be conducted in the Project, including budget limitations and scheduling. The Architect shall have the right to rely upon such information unless the Architect knows or should know that the information is inaccurate or incomplete.

7.1.3 Surveys and Tests. The following resources, surveys, and reports shall be made available to the Architect, as required, at the District's expense. The Architect shall be entitled to rely upon such resources, surveys and reports, unless the Architect knows or should know that the information contained therein is inaccurate or incomplete. The Architect must inform the District in writing if any information therein appears to be incorrect or incomplete based upon the Architect's experience, site visits, or knowledge of the Project and the sites.

7.1.3.1 Site Survey. The District shall furnish a legal description and a land survey of the site, giving as known grades and lines of streets, alleys, pavements and adjoining property, rights-of-way, restrictions, easements, encroachments, zoning, deed restrictions, boundaries and contours of the Site.

7.1.3.2 Geologic Hazards Investigation Survey. The District shall have caused to be performed any geological hazards or investigation survey required by State authorities having jurisdiction and make copies available to the Architect for distribution as necessary.

7.1.3.3 Special testing and Inspection. The District shall furnish special testing and inspection services as required by law.

7.1.3.4 Checking and Permit Fees. The District shall pay or cause to be paid all fees required in connection with the Project to government agencies having jurisdiction.

7.1.3.5 Advertising. The District shall pay the cost of any advertisements for bids that may be required.

7.1.3.6 District Inspector. The District shall furnish and provide an Inspector of Record, or Inspectors of Record, as required during the entire course of construction of the Project. Each inspector shall be responsible to and under the direction of the Architect and shall also be responsible to and act in accordance with the policies of the District. The cost of employment of each such Inspector of Record will be borne by District and paid directly to the inspector.

7.1.3.7 Hazardous Material Consultant. Unless the District and the Architect agree that a hazardous materials consultant shall be a consultant of the Architect, the District shall furnish the services of a hazardous material consultant or other consultants only when such services are requested in writing by the Architect and deemed necessary by the District or are requested by the District. These services shall include: asbestos and lead paint survey; abatement documentation; and specifications related to said matters which are to be incorporated into bid documents prepared by the Architect. If the hazardous materials consultant is furnished by the District and not a consultant of the Architect, the specifications shall include a note to the effect that they are included in the Architect's bid documents for the District's convenience and have not been prepared or reviewed by the Architect. The note shall also direct questions about the specifications to its preparer.

7.1.4 District Site Visits. At the discretion of the District, District staff may assist or accompany the Architect in making site visits and observing the work, including the visits described below. Requests for changes or substitutions shall be directed to the District Representative. Orders to the Contractor shall be issued through Architect after approval by the District Representative.

7.1.4.1 Pre-Final Walk-Through. District staff, or any person assigned by the District, may participate in the pre-final walk-through of the Project or any portion thereof and may assist in the preparation of the list of deficiencies required by the Construction Phase portion of the Services, as set forth on **Exhibit C** hereto.

7.1.4.2 Final Site Visit. At the discretion of the District, when notified by the Architect that the construction "punch list" items have been corrected, District staff may accompany the Architect and the Contractor on the final Site visits.

7.1.5 Notice of Defects. If the District observes or otherwise becomes aware of any fault or defect in the Project, or nonconformance with the Construction Documents, the District shall verbally or in writing advise the Architect. However, the District's failure to give such notice shall not eliminate the obligations of the Architect regarding the administration of the construction of the Project or other obligations under the Construction Documents; nor require District to make site visits.

7.1.6 Notice of Completion. When all items are completed to the satisfaction of the District and the Architect, and upon written recommendation of the Architect, District staff shall recommend that the District's Board of Trustees adopt a Notice of Completion.

7.2 LIMITATION ON LIABILITY OF DISTRICT

7.2.1 Other than as specifically provided elsewhere in this Agreement, the District's financial obligations under this Agreement shall be limited to the payment of the compensation provided in this Agreement. Notwithstanding any other provision of this Agreement, in no event shall the District be liable, regardless of whether any claim is based on contract or tort, for any special, consequential, indirect or incidental damages, including, but not limited to, lost profits or revenue, arising out of or in connection with this Agreement for the services performed in connection with this Agreement.

7.2.2 The District shall not be responsible for any damage to persons or property as a result of the use, misuse or failure of any equipment used by the Architect, its employees, agents, consultants, invitees or guests even if such equipment has been furnished or loaned to the Architect by the District.

SECTION 8
PROJECT CONSTRUCTION COST ESTIMATES

8.1 CONSTRUCTION BUDGET. The Construction Budget may be revised at the conclusion of design or other earlier Phase of the Project at the discretion of the District based on input from the Architect.

8.2 ESTIMATED PROJECT CONSTRUCTION COST. The Estimated Project Construction Cost shall be prepared and updated by the Architect as required in **Exhibit C** during each Phase of the Services and shall be subject to District approval. The Estimated Project Construction Cost during each Phase shall under no circumstances exceed the Construction Budget, including a reasonable allowance built in for estimating design contingency. The Architect shall, at no additional cost to the District, incorporate any and all revisions needed to the preliminary studies, schematic drawings, site utilization plans and Construction Documents if at any time the Architect becomes aware that the Estimated Project Construction Cost, as recalculated, will exceed the Construction Budget; provided that this limitation shall not apply to unanticipated cost increases beyond the reasonable control of the Architect.

SECTION 9
PROJECT SCHEDULE

9.1 SCHEDULE

9.1.1 Time for Completion. Time is of the essence and failure of the Architect to perform services on time shall constitute a material breach of this Agreement. It shall not be a material

breach if a delay is beyond the Architect's or Architect Consultant's control as set forth in Section 9.1.4 below. The milestones set forth on the project schedule are binding, unless extended in writing by the District Representative.

9.1.2 Delays. Except as otherwise provided in Section 5.2, the Architect shall not be entitled to any compensation additional to the Basic Fee, damages or any losses incurred in connection with delays due to errors, omissions, intentional or negligent acts of the Architect or the Architect Consultant (including their respective employees or those in a direct contractual relationship with either).

9.1.3 Notice of Delay. The Architect shall immediately notify the District of any delay in: (i) the preparation and/or production of any of the Architect's documents hereunder, (ii) the performance of Services, or (iii) connection with any matter attended to by the Architect or with which the Architect is familiar (whether or not as the result of an act or omission of another).

The Architect shall consult and advise the District in connection with any such delay and its effect on the Project Schedule and shall take such action on the District's behalf as the District may request in accordance with the terms and conditions of this Agreement.

9.1.4 Force Majeure. Neither party will be liable to the other for unanticipated delays or failures in performance resulting from causes beyond the reasonable control of that party, including, but not limited to, acts of God, labor disputes or disturbances, material shortages or rationing, riots, acts of war, governmental regulations, communications or utility failures, or casualties; provided that the delayed party: (i) gives the other party prompt written notice of such cause and (ii) uses its reasonable efforts to correct such failure or delay in its performance. The delayed party's time for performance or cure under this Section will be extended for a period equal to the duration of the cause or sixty (60) days, whichever is less.

SECTION 10
DOCUMENTS OWNERSHIP, LICENSE, COPYRIGHT AND USE

10.1 OWNERSHIP. Pursuant to California Education Code Section 17316 and the requirements of the District, all plans, specifications, original or reproducible transparencies of any drawings and master plans, preliminary sketches, architectural presentation drawings, structural computations, estimates and any other documents prepared pursuant to this Agreement, including, but not limited to, any other works of authorship fixed in any tangible medium of expression such as writings, physical drawings and data magnetically or otherwise recorded in electronic form (hereinafter referred to as the "Project Documents") shall be and remain the property of the District. Although the official copyright in all Project Documents shall remain with the Architect or Architect Consultant, as applicable, the Project Documents shall be the property of the District whether or not the work for which they were made is executed or completed. Within thirty (30) calendar days following completion of the Project, or the earlier termination of this Agreement for any reason, the Architect shall provide to the District copies of all Project Documents then existing. In addition, the Architect shall retain copies of all Project Documents on file for a minimum of ten (10) years following completion of the Project, or the early termination of this Agreement for any reason, and shall make copies available to the District upon the payment of reasonable duplication costs. Before destroying the Project Documents following this retention period, the Architect shall make a reasonable effort to notify the District and provide the District with the opportunity to obtain the documents slotted for destruction.

10.2 REUSE BY DISTRICT. All plans for the Project, including, but not limited to, record drawings, specifications, and estimates prepared pursuant thereto, shall be and remain the property of the District for the purposes of repairs, maintenance, renovations, modernization, or other purposes, only as

they relate to an Assigned Project. Notwithstanding the foregoing, the District may use the plans, record drawings, specifications, or estimates related to an Assigned Project for the purposes of additions, alignments, or other development on the site. The District reserves the right to reuse certain elements, features, details or other project standards in order to incorporate them into other projects within the District.

10.2.1 The plans, designs, copyrights, drawings, studies, specifications, and estimates prepared by the Architect or its Consultants are instruments of service of the Architect. The Architect shall be deemed to be the author of these documents and the Architect shall retain all common law, statutory and other reserved rights, including the copyright thereto. Notwithstanding the foregoing, the documents including, but not limited to, plans, drawings, specifications, record drawings, models, mock-ups, renderings and other documents (including all computer file and/or AutoCAD files) prepared by the Architect or the Architect's Consultants for this Project, shall be and remain the property of the District pursuant to Education Code Section 17316 for the purposes of repair, maintenance, renovation, modernization or other purposes as they related to the Project. The District, however, shall not be precluded from using the Architect's or Architect Consultant's documents enumerated above for the purposes of additions, alignments or other development on the Project site.

10.2.2 Notwithstanding Section 1 above, if the District proposes to reuse the plans prepared by Architect within the District but other than on the Project site, the terms and conditions for the reuse shall be set forth in an Amendment to this Agreement, or other subsequent writing executed by the District and the Architect. However, under any circumstances, in the event of any reuse or modification of the Architect's drawings, specifications or other documents by any other person, firm or legal entity, the Architect shall be given design credit and the names and seals of the Architect and the Architect's consultants, if any, shall first be removed from the Architect's drawings, specifications or other documents.

If the District reuses the plans prepared by the Architect or Architect Consultant and retains another certified architect or structural engineer for the preparation of those plans for the reuse, the District shall indemnify and hold harmless the Architect and Architect Consultant, and their respective agents, and employees, from and against any claims, damages, losses, and expenses, including attorney's fees, arising out of or resulting from, in whole or in part, the reuse.

10.2.3 This Agreement creates a non-exclusive and perpetual license for District to copy, use, modify, reuse, or sublicense any and all copyrights, designs, and other intellectual property embodied in plans, specifications, studies, drawings, estimates, and other documents, or any other works of authorship fixed in any tangible medium of expression, including, but not limited to, physical drawings, data magnetically or otherwise recorded on computer disks, or other writings prepared or caused to be prepared by the Architect pursuant to this Agreement. The Architect shall require any and all subcontractors and consultants to agree in writing that the District is granted a non-exclusive and perpetual license for the work of such subcontractors or consultants performed pursuant to this Agreement.

10.3 COPYRIGHT. The Architect represents and warrants that the Architect has the legal right to license any and all copyrights, designs and other intellectual property embodied in the Construction Documents that Architect prepares or causes to be prepared pursuant to this Agreement. The Architect shall indemnify and hold the District harmless pursuant to the indemnification provisions of this Agreement for any breach of this representation and warranty.

10.4 TECHNOLOGY USED. The Architect shall perform the Services and prepare all documents under this Agreement with the assistance of Building Information Modeling (BIM) and Computer Aided

Design (CAD) (e.g., AutoCAD) or other technology acceptable to the Architect and the District. As to any drawings that the Architect provides in a CAD file format, the District acknowledges that anomalies and errors may be introduced into data when it is transferred or used in a computer environment, and that the District should rely on the hard or PDF, unalterable, copies of all documents.

10.5 DELIVERABLES UPON TERMINATION. Following the termination of any Services, for any reason, or abandonment of all or a portion of the Project, the District may utilize the Construction Documents as it sees fit, subject to the provisions of Section 10.2 above. The Architect shall deliver to the District, in a form acceptable to the District, one hard-copy and two (2) electronic copies of each set of Construction Documents, complete or incomplete, prepared in connection with the Project by the Architect and the Architect Consultants, if any.

10.6 NO REPRODUCTION OR USE BY ARCHITECT OR THIRD PARTIES. After completion of the Project, or earlier termination of the Services, the Architect shall not use the Construction Documents for any purpose without District's prior written consent. In addition, the Architect shall not permit reproductions to be made of any Construction Documents without the approval of the District and shall refer all requests by other persons to the District.

SECTION 11
INDEMNIFICATION AND INSURANCE

11 INDEMNIFICATION.INDEMNITY AND LITIGATION COSTS. To the fullest extent permitted by law and in conformity with California Civil Code Section 2782.8, Architect agrees that it will indemnify, defend and hold the District, the District's Representative, and their respective Board members, directors, officers, employees, agents and authorized volunteers (the "Indemnitees") entirely harmless from all claims that arise out of, pertain to, or relate to the negligence, recklessness, or willful misconduct of the Architect, its officers, employees, consultants, subconsultants or agents.

11.1.2 The Architect's obligation to indemnify does not include the obligation to defend actions or proceedings brought against the Indemnitees but rather to reimburse the Indemnitees for attorney's fees and costs incurred by the Indemnitees in defending such actions or proceedings brought against the Indemnitees to the extent to the extent such actions or proceedings arise out of, pertain to, or relate to the negligence, recklessness, or willful misconduct of the Architect, its officers, employees, consultants, subconsultants or agents, but not to the extent of loss, injury, death or damage caused by the negligence or willful misconduct of District or of other third parties for which the Architect is not legally liable.

11.1.3 Survival of Indemnities. The provisions of this Section shall survive the termination of this Agreement.

11.2 INSURANCE. Without in any way affecting the indemnity provided in or by Section 11.1, before commencement of any Services, the Architect and each Architect Consultant shall procure and maintain at its own cost and expense for the duration of the Services, and longer as required by the District against claims for injuries to persons or damages to property which may arise from or in connection with the Services, the types and amounts of insurance set forth herein.

11.2.1 Minimum Limits of Insurance. The Architect and each Architect Consultant shall procure and maintain the types and amounts of coverage as follows:

11.2.1.1 Commercial General Liability Insurance with a limit of not less than $2,000,000 each occurrence for bodily injury, personal injury and property damage/$4,000,000 annual aggregate.

11.2.1.2 Automobile Liability Insurance Minimum of $1,000,000 limit each accident.

11.2.1.3 Professional Liability (Errors and Omissions) Insurance with a limit not less than $2,000,000 per claim and $2,000,000.00 in the annual aggregate.

11.2.1.4 Workers' Compensation Insurance as required by the State of California (Division IV of the California Labor Code, and any amendatory acts or provisions thereto).

11.2.1.5 Employer's Liability Insurance in an amount not less than $1,000,000 per accident for bodily injury or disease.

11.2.2 Minimum Scope of Insurance.

11.2.2.1 Commercial General Liability insurance shall be written on Insurance Services Office form CG 0001 (or a substitute form providing coverage at least as broad) and shall cover liability arising from bodily injury and property damage (broad form property damage), premises, operations, independent contractors, products-completed operations, personal injury and advertising injury liability (including the tort liability of another assumed in a business contract), contractual liability with respect to this Agreement, explosion, collapse and underground hazards.

11.2.2.2 Automobile Insurance, if applicable, shall cover liability arising out of any automobiles (including owned, hired and non-owned automobiles). Coverage shall be written on Insurance Services Office form CA 0001, or a substitute form providing liability coverage at least as broad. The policy may require deductibles acceptable to the Director of Risk Management of the District, but not self-insured retention without written approval from District.

11.2.2.3 If the Professional Liability Insurance policy is written on a claims made basis, it shall be maintained continuously for a period of no less than three (3) years after Final Completion of the Project to which it applies.

11.2.3 Valuable Document Insurance: The Architect shall carry adequate insurance on all drawings and specifications as may be required to protect District in the amount of its full equity in those drawings and specifications, and shall file with District a certificate of that insurance. The cost of that insurance shall be paid by Architect.

11.2.4 Content and Endorsements: Each policy must contain, or be endorsed to contain, the following provisions:

11.2.4.1 The Commercial General Liability policy shall name District, its Board of Trustees and each member thereof, its officers, employees, agents, and designated volunteers as named additional insureds ("Additional Insureds"). The coverage shall contain no special limitations on the scope of protection afforded to the Additional Insureds. Coverage shall be primary and not contributory with respect to the Additional Insureds. Any insurance or self-insurance maintained by the Additional Insureds shall be in excess of the Architect's insurance and shall not contribute with it.

11.2.4.2 With respect to the Commercial General Liability policy and Professional Liability policy the insurers shall agree to waive all rights of subrogation against District, its Board of Trustees and each member thereof, its officers, employees, agents, and volunteers.

11.2.4.3 Each insurance policy required by this Agreement shall be endorsed to state that coverage shall not be suspended, voided, reduced or canceled except after thirty (30) days prior written notice has been given to the District by the carrier. In the case of cancellation for non-payment, ten (10) days notice is acceptable. Qualified statements such as carrier "will endeavor" or that "failure to mail such notice shall impose no obligation and liability upon the company" shall not be acceptable.

11.2.4.4 The insurance shall apply separately to each insured against whom claim is made or suit is brought, except with respect to the limits of the insurer's liability.

11.2.5 General Insurance Matters: All insurance coverage required under this Agreement shall:

11.2.5.1 Be issued by insurance companies admitted to do business in the State of California, with a financial rating of at least an A:VII as rated in the most recent edition of Best's Insurance Reports. Architect shall notify District in writing if any of its insurer(s) have an A.M. Best rating of less than A:VII. At the option of District, either 1) District can accept the lower rating; or 2) the Architect or Architect Consultant shall be required to procure insurance from another insurer.

11.2.5.2 Except for professional liability policies, all insurance required by this Section shall contain standard separation of insureds provisions. In addition, such insurance shall not contain any special limitations on the scope of protection afforded to the District, its directors, officials, officers, employees and agents.

11.2.5.3 The Architect or Architect Consultant, as applicable, shall promptly notify the District of any materials change in the coverage, scope, or amount of any policy.

11.2.5.4 Except for professional liability policies for which primary coverage is not available, all such insurance shall be primary insurance. Any insurance of the District shall be excess coverage for benefit of the District only and non-contributory.

11.2.5.5 At all times while this Agreement remains in effect, the Architect and the Architect Consultant shall maintain on file with the District valid and up to date certificates of insurance showing that the required insurance coverage is in effect in not less than the required amounts. If not contained on the face of the policy, endorsements signed by a person authorized by the insurer to bind coverage on its behalf, shall be separately provided. Each policy endorsement, copy, or a certificate of the policy executed by the insurance company, and evidence of payment of premiums for each policy shall be deposited with the District within twenty-one (21) days of execution of this Agreement and prior to the commencement of services, and on renewal of the policy, not less than twenty (20) days before the expiration of the term of the policy.

11.2.5.6 If the Architect fails to provide or maintain the required insurance, the District may, at its sole and absolute discretion, obtain such insurance at the Architect's expense and deduct the premium from any fees or reimbursable expenses subsequently invoiced by the Architect.

11.2.5.7 Any deductibles or self-insured retentions in excess of $100,000 must be declared to the District and must be reduced to a level deemed acceptable by the District in writing. The Architect agrees that, at the option of the District, it will either: (A) arrange for the insurer shall reduce or eliminate such deductibles or self-insured retentions with respect to the District, its directors, officials, officers, employees and agents; or (B) procure a bond guaranteeing payment of losses and related investigation costs, claims and administrative and defense expenses.

SECTION 12
DISPUTE RESOLUTION

12 RESOLUTION OF CLAIMS. Claims shall be resolved by the parties in accordance with the provisions of this Section 12. All Claims shall be subject to the **"Claims Resolution Process"** set forth in this Section 12, which shall be the exclusive recourse of the Architect and the District for determination and resolution of Claims. For purpose of this Section 12, a **"Claim"** shall mean, a written demand or assertion by the District or the Architect seeking, as a matter of right, an interpretation of contract, disputed payment of money, recovery of damages or other relief. A Claim does not include the following: (i) penalties or forfeitures prescribed by statute or regulation imposed by a governmental agency; (ii) tort claims for personal injury or death; (iii) false claims liability under California Government Code Section 12650, et seq.; (iv) physical defects in the Construction first discovered by the District after final payment by the District to a Contractor; (v) stop notices; or (vi) the right of the District to specific performance or injunctive relief to compel performance.

12.1 RESOLUTION OF OTHER DISPUTES. Disputes between the District and the Architect that do not constitute Claims shall be resolved by way of an action filed in the Superior Court of the State of California, County of Ventura, and shall not be subject to the Claims Resolution Process.

12.2 SUBMISSION OF A CLAIM

12.2.1 By the Architect. The Architect's right to commence the Claims Resolution Process shall arise upon the District's written response denying all or part of a Claim. The Architect shall submit a written statement of dispute to the District within fourteen (14) calendar days after the District rejects all or a portion of the Architect's Claim. Failure by the Architect to timely submit its statement of dispute shall result in the decision by the District on the Claim becoming final and binding. The Architect's statement of dispute shall be signed by a Principal of the Architect and shall state with specificity the events or circumstances giving rise to the Claim, the dates of their occurrence and the asserted effect, if any, on the compensation due or time of performance obligations of the Architect under this Agreement (the "Statement of Dispute"). Such Statement of Dispute shall include adequate supporting data to substantiate the disputed Claim. Adequate supporting data for a Claim relating to an adjustment of the Architect's obligations relative to time of performance shall include a detailed, event-by-event description of the impact of each delay on the Architect's time for performance. Adequate supporting data for a Statement of Dispute involving the Architect's compensation shall include a detailed cost breakdown and supporting cost data in such form and including such detailed information and other supporting data as required to demonstrate the grounds for, and precise amount of, the Claim.

12.2.2 By the District. The District's right to commence the Claims Resolution Process shall arise at any time following the District's actual discovery of the circumstances giving rise to the Claim. Nothing contained herein shall preclude the District from asserting Claims in response to a Claim asserted by the Architect. A Statement of Claim submitted by the District shall state the

events or circumstances giving rise to the Claim, the dates of their occurrence and the damages or other relief claimed by the District as a result of such events.

12.3 CLAIMS RESOLUTION PROCESS. The parties shall utilize each of the following steps in the Claims Resolution Process in the sequence they appear below. Each party shall participate fully and in good faith in each step in the Claims Resolution Process, which good faith effort shall be a condition precedent to the right of each party to proceed to the next step in the Claims Resolution Process.

12.3.1 Direct Negotiations. Designated representatives of the District and the Architect shall meet as soon as possible (but not later than forty-five (45) calendar days after the Statement of Dispute is given) in a good faith effort to negotiate a resolution to the Claim. Each party shall be represented in such negotiations by an authorized representative with full knowledge of the details of the Claim or defenses being asserted by such party, and with full authority to resolve such Claim then and there, subject only to the District's right and obligation to obtain Board of Trustees' approval of any agreed settlement or resolution. If the Claim involves the assertion of a right or claim by a Contractor or Architect Consultant against the Architect that is in turn being asserted by the Architect against the District, then such Contractor or Architect Consultant shall also have a representative attend such negotiations, with the same authority and knowledge as just described. Upon completion of the meeting, if the Claim is not resolved, the parties may either continue the negotiations or either party may declare negotiations ended. All discussions that occur during such negotiations and all documents prepared solely for the purpose of such negotiations shall be confidential and privileged pursuant to California Evidence Code Sections 1119 and 1152.

12.3.2 Deferral of Agreement Disputes. Following the completion of the negotiations required by the preceding paragraph, all unresolved Claims shall proceed to Mediation as set forth in the succeeding paragraph entitled "Mediation." The Parties hereto may mutually agree to postpone continuing the Claims Dispute Resolution until the earlier of: (i) the completion of the Scope of Services hereunder or, (ii) the termination of the services. In the event Claims are deferred, the Claims shall be consolidated within a reasonable period of time after completion of the Scope of Services herein and pursued to resolution through the Claims Dispute Resolution Process. Pending final resolution of any Claim, the Architect shall proceed diligently with the performance of its Scope of Services and the District shall continue to make payments for those services that are not part of the Claim set forth herein in accordance with the terms of this Agreement.

12.3.3 Mediation. If the Claim remains unresolved after direct negotiations pursuant to Paragraph 12.3.1, the parties agree to submit the Claim to non-binding mediation before a mutually acceptable third party mediator prior to commencement of any lawsuit or court action.

12.3.3.1 Qualifications of Mediator. The parties shall endeavor to select a mediator who is a retired judge or an attorney with at least five (5) years of experience in public works construction contract law and in mediating public works construction disputes.

12.3.3.2 Submission to Mediation and Selection of Mediator. The party initiating mediation of a Claim shall provide written notice to the other party of its decision to mediate. In the event the parties are unable to agree upon a mediator within ninety (90) calendar days after such written notice is given, then the parties shall submit the matter to the Superior Court of the County of Ventura to select a mediator in accordance with the qualifications herein and the applicable law.

12.3.3.3 Mediation Process. The location of the mediation shall be at the offices of the District, or otherwise mutually agreed. The costs of mediation shall be shared equally

among all parties participating. All discussions that occur during the mediation and all document presentations prepared solely for the purpose of the mediation shall be confidential and privileged pursuant to California Evidence Code Sections 1119 and 1152.

12.3.4 Litigation. If the Claim remains unresolved after direct negotiations and mediation, either party may commence an action in the Superior Court of the County of Ventura. The Architect hereby submits to the jurisdiction of said court.

12.4 NON-WAIVER OR RELEASE. Participation in the Claims Resolution Process shall not constitute a waiver, release or compromise of any defense of either party.

SECTION 13
NOTICES

13 NOTICES. All notices, demands, or requests to be given under this Agreement shall be given in writing and conclusively shall be deemed received when received in any of the following ways: (i) on the date delivered if delivered personally; (ii) on the date sent if sent by facsimile transmission and confirmation of transmission is received; and (iii) on the date it is accepted or rejected if sent by certified mail. All notices, demands or requests shall include the name of this Agreement and be addressed to the parties as follows:

SECTION 14
REPRESENTATIONS OF THE ARCHITECT

14.1 REPRESENTATIONS OF THE ARCHITECT. By executing this Agreement, and hereafter each and every time this Agreement is amended, the Architect makes each of the following covenants and representations.

14.1.1 The Architect represents that it is professionally qualified to act as the Architect for the Project, is licensed to practice architecture in the State of California by all public entities having jurisdiction over the Architect and the Project.

14.1.2 The Architect covenants to maintain, at all times Services are performed hereunder, all necessary licenses, permits or other authorizations necessary to act as architect for the Project or projects until the Architect's duties in connection therewith have been fully satisfied.

14.1.3 The Architect represents that it has become familiar with the Project site and the local conditions under which the Project is to be designed, constructed, and operated.

14.1.4 The Architect represents and covenants that it shall prepare, or cause to be prepared, all documents and things required by this Agreement including, but not limited to, all Project plans and specifications in such a manner that they shall be constructable in accordance with the standards of the profession.

14.1.5 The Architect assumes full responsibility to the District for the improper acts and omissions of its employees and any consultants retained by the Architect in connection with the Project. The Architect covenants that each Project Director and all other Architect employees or sub-consultants now or in future assigned by the Architect to work on a Project shall have the level of skill, experience and qualifications required to perform the Services assigned to them, and shall also have all licenses, permits or approvals legally required to perform such Services.

14.1.6 The Architect covenants that it shall be responsible for all costs and damages, including those due to any delays, resulting from its failure to prepare adequate documentation or to implement any changes identified as necessary either in connection with the Constructability Review or other review.

14.2 COMPLIANCE WITH LAWS. The Architect covenants that it shall, at all times while providing Services, remain in full compliance with the provisions of all applicable laws, rules and regulations, including without limitation, the provisions of the Education Code regarding design and construction of school facilities, the provisions of the California Labor Code regarding employer's insurance, the provisions of the California Labor Code regarding payment prevailing wages, non-discriminations laws (including federal and state laws), and any and other laws rules and regulations applicable to this Agreement, the Architect, the District, the Project or the Services. The Architect shall at all times require the Architect Consultants to fully comply with such applicable laws, rules and regulations. Without in any way limiting the generality of the foregoing the Architect shall ensure that it and each Architect Consultant comply with the following:

14.2.1 Cost Disclosure - Documents and Written Reports. The Architect shall be responsible for compliance with California Government Code section 7550 if the total cost of the contract is over five thousand dollars ($5,000).

14.2.2 Disabled Veteran Business Enterprise Participation. Pursuant to Education Code section 17076.11, the District has a participation goal for disabled veteran business enterprises (DVBEs) of at least three (3) percent, per year, of funds expended each year by the District on projects that use funds allocated by the State Allocation Board pursuant to the Leroy F. Greene School Facilities Act. Unless waived in writing by the District, the Architect shall provide proof of DVBE compliance, in accordance with any applicable policies of the District or the State Allocation Board, within thirty (30) days of its execution of this Agreement.

14.2.3 Fingerprinting & Other Operational Requirements of the District. Unless exempted, the Architect shall comply with the requirements of Education Code Section 45125.1 with respect to fingerprinting of employees who may have contact with the District's pupils. The Architect shall also ensure that its consultants on the Project also comply with the requirements of Section 45125.1. The Architect and each Architect Consultant must complete the District's certification form attached hereto as **Exhibit E** and incorporated herein by reference prior to any of the Architect's or Architect Consultant's employees coming into contact with any of the District's pupils. The Architect also agrees to comply, and ensure that all its employees and Architect Consultants comply with all other operational requirements of the District, as may be revised from time to time, including but not limited to any obligations relating to vaccination or testing for infectious diseases.

14.2.4 Name and Trademarks. The Architect shall not use any name, trademark or service mark of the District without first having received the District's written consent to such use.

14.2.5 Conflict of Interest. No member, official or employee of the District shall have any personal interest, direct or indirect, in this Agreement nor shall any such member, official or employee participate in any decision relating to the Agreement which affects his personal interests or the interests of any corporation, partnership or association in which he is directly or indirectly interested.

14.2.6 Safety. The Architect shall execute and maintain its work so as to avoid injury or damage to any person or property. In carrying out its Services, the Architect shall at all times be in compliance with all applicable local, state and federal laws, rules and regulations, and shall exercise all necessary precautions for the safety of its employees, consultant and subcontractors appropriate to the nature of the work and the conditions under which the work is to be performed.

14.2.7 Labor Certification. By its signature hereunder, the Architect certifies that it is aware of the provisions of Section 3700 of the California Labor Code which require every employer to be insured against liability for Workers' Compensation or to undertake self-insurance in accordance with the provisions of that Code, and agrees to comply with such provisions before commencing the performance of the Services.

14.3 SUPPLEMENTAL CONDITIONS. Any supplemental conditions agreed to by the parties shall be attached as an exhibit to this Agreement and incorporated herein by reference.

SECTION 15
MISCELLANEOUS PROVISIONS

14.4 SUCCESSORS AND ASSIGNS. In as much as this Agreement is intended to secure the specialized Services of the Architect, the Architect may not assign, transfer, delegate or sublet any interest therein without the prior written consent of the District and any such assignment, transfer, delegation or sublease without the District's prior written consent shall be considered null and void. Likewise, the District may not assign, transfer, delegate or sublet any interest therein without the prior written consent of the Architect and any such assignment, transfer, delegation or sublease without the Architect's prior written consent shall be considered null and void.

14.5 SEVERABILITY. If any term, covenant, condition or provision of this Agreement is held by a court of competent jurisdiction to be invalid, void or unenforceable, the remainder of the provisions hereof shall remain in full force and effect and shall in no way be affected, impaired or invalidated thereby.

14.6 ENTIRE AGREEMENT. This Agreement including Exhibits hereto, contains the entire understanding of the Parties, and supersedes all other written or oral agreements. The Architect shall be entitled to no other benefits other than those specified herein. No changes, amendments or alterations shall be effective unless in writing and signed by both Parties. The Architect specifically acknowledges that in entering into this Agreement, the Architect relied solely upon the provisions contained in this Agreement and no others.

14.7 GOVERNING LAW AND VENUE. This Agreement shall be construed in accordance with, and governed by the laws of the State of California, excluding its choice of law rules. Venue shall be exclusively in Ventura County.

14.8 NON-WAIVER. None of the provisions of this Agreement shall be considered waived by either party unless such waiver is specifically specified in writing. Neither the District's review, approval of, nor payment for, any of the services required under this Agreement shall be construed to operate as a waiver of any rights under this Agreement, and the Architect shall remain liable to the District in accordance with this Agreement for all damages to the District caused by the Architect's failure to perform any of the Services to the standard of care of the Architect for its services, which shall be, at a minimum, the standard of care of architects performing similar work for California school districts in or around the same geographic area of the District. This provision shall survive the termination of this Agreement.

14.9 INDEPENDENT CONTRACTOR. The Architect is, for all purposes arising out of this Agreement, an independent contractor, and neither the Architect nor its employees shall be deemed an employee of the District for any purpose. It is expressly understood and agreed that the Architect shall in no event be entitled to any benefits to which District employees are entitled, including, but not limited to, overtime, retirement benefits, insurance, vacation, workers' compensation benefits, sick or injury leave or other benefits.

14.10 NO ASBESTOS CERTIFICATION. No asbestos or asbestos-containing materials will be used or substituted in conjunction with the Project. Upon completion of all work under the Project, the Architect will certify to the District that to the best of the Architect's knowledge, no asbestos or asbestos-containing materials were used in the Project.

14.11 NON-DISCRIMINATION. No discrimination shall be made by the Architect in the employment of persons to work under this Agreement because of race, national origin, sex, age, ancestry, religion, physical disability, marital status, sexual orientation, or political affiliation of such person. The Architect shall comply with all applicable regulations and laws governing nondiscrimination in employment, including without limitation the following laws:

(a) California Fair Employment and Housing Act (California Government Code Section 12900 et seq.) which prohibits discrimination in employment on account of race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, marital status, or sex and prohibits harassment of an employee or applicant because of race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, marital status, sex or age;

(b) Federal Civil Right Act of 1964 (42 U.S. Code Section 2000e, et seq.) which prohibits discrimination in employment on the basis of race, religious creed, color, national origin, or sex;

(c) Title I of the Americans With Disabilities Act of 1990 (42 U.S. Code Section 12101 et seq.) which prohibits discrimination against qualified individuals with a disability in hiring and employment practices;

(d) The Age Discrimination in Employment Act (29 U.S. Code Section 621, et seq., prohibiting age discrimination in employment against individuals who are least forty years of age;

(e) California Labor Code Section 1102.1 which prohibits discrimination in any aspect of employment or opportunity for employment based on actual or perceived sexual orientation.

14.12 NO THIRD PARTY BENEFICIARY. There are no intended third party beneficiaries of any right or obligation assumed by the Parties.

14.13 ASSISTANCE OF COUNSEL. Each party warrants that it has had the opportunity to consult counsel and understands the terms of this Agreement and the consequences of executing it. In addition, each party acknowledges that the drafting of this Agreement was the product of negotiation and that this Agreement shall not be construed against any party as the drafter of the Agreement.

14.14 AUTHORITY TO EXECUTE. The persons executing this Agreement on behalf of their respective Parties represent and warrant that they have the authority to do so under law and from their respective Parties.

14.15 HEADINGS. The headings in this Agreement are inserted only as a matter of convenience and reference and are not meant to define, limit or describe the scope or intent of the contract documents or in any way to affect the terms and provisions set forth herein.

14.16 EXECUTION IN COUNTERPARTS. This Agreement may be executed in any number of counterparts, each of which shall be an original, but all of which together shall constitute one instrument.

NOW, THEREFORE, the parties, through their authorized representatives, have executed this Agreement on the dates indicated under their respective signatures.

MODERNIZATION OF
MCAULIFFE AND RITCHEN ELEMENTARY SCHOOLS

Attachment A: Vision & Specifications

Attachment B: Cost Comparison Sheet

Responses due Friday, September 13, 2019, 1:OO pm

Prepared at the Direction of the Oxnard School District by:

CFW
Planning and Financing Better Schools for California Students

REQUEST FOR PROPOSAL FOR ARCHITECTURAL SERVICES

I. PROJECT DESCRIPTION: MODERNIZATION OF MCAULIFFE AND RITCHEN ELEMENTARY SCHOOLS

PROJECT ORIENTATION

Christa McAuliffe Elementary School (McAuliffe) is located at 3300 Via Marina Avenue and serves kindergarten through fifth grade. The school occupies approximately 12.9 acres and is bounded by Via Marina Avenue to the north, Offshore Street to the west, Via Marina Park to the south and single-family residential homes along Kelp Street that back into the school site on the east. Carl Dwire Junior Special School, a County facility, is located adjacent to the kindergarten and portable classrooms and takes up the northeast potion of the block. The school was originally built in 1989 and has a total of 30 permanent classrooms, 10 portable classrooms, and 1 portable restroom facility. Two of the existing 30 permanent classrooms were recently constructed in 2018 as new kindergarten/flex classroom facilities and are not shown on the existing conditions image above. As of the 2018-19 school year, McAuliffe has a total enrollment of 698 students.

Christa McAuliffe Elementary School (McAuliffe) Existing Conditions

A copy of the school site map may be obtained at the following link: McAuliffe School Site Map. In addition, the original design plans may be obtained at the following link: McAuliffe Elementary School Plans.

Ritchen Elementary School is located at 2200 Cabrillo Way. The school occupies approximately 10.9 acres, and is bounded by Cabrillo Way to the north, Gallatin Place to the west, Oneida Place to the south and single-family residential homes that abut the school along Astoria Place to the east. The school was originally built in 1992 and has a total of 30 permanent classrooms and 4 portable classrooms and houses approximately 612 students as of the 2018-19 school year. Two of the existing 30 permanent classrooms were recently constructed in 2018 as new kindergarten/flex classroom facilities and are not shown on the existing conditions image above.

Ritchen Elementary School Existing Conditions

A copy of the school site map may be obtained at the following link: Ritchen School Site Map. In addition, the original design plans may be obtained at the following link: Ritchen Elementary School Plans.

PROJECT REQUIREMENTS

The work must be coordinated with other improvements that may be undertaken at the time a notice to proceed is issued. Collectively, the below mentioned should be considered a summary of the proposed project ("Project"). The Project is to be awarded to a single architectural firm for the design, DSA submittal, and construction administration of a single integrated set of plans. The selected architectural firm will also be required to oversee the design, as a part of their agreement with the District, of any modular building manufacturer/vendor company who places structures, temporarily or permanently, on one of the school sites to ensure that the complete project reflects approved program goals; this effort will occur throughout concept and design development, design approval, procurement and construction administration phases of this project. This scope to be further defined at a later date.

Requested Services: Required professional architectural services shall include: evaluation, reporting, and assessment of existing conditions as associated with the Project planning, design, approval, bidding services, and construction administration of the modernization and upgrade of the required facilities and placement of modular rental classrooms, and site improvements, including landscaping, hardscape, and playground facilities. The appearance of the completed Project should be integrated in theme and appearance with existing facilities at the site as determined by the District and subject to meeting the cost, schedule, and aesthetic appearance criteria set forth within the attached Vision and Specifications document **(Attachment A).**

In support of the District's adopted K-5 vision and specifications and McAuliffe and Ritchen's educational focus, 21st Century improvements are proposed for existing permanent classrooms, libraries, MPRs, and support spaces. McAuliffe Elementary hosts an academic strand focus of STEAM (Science, Technology, Engineering, Arts and Math) for K-5 students in its existing facilities. Ritchen Elementary hosts an academic strand focus of Science and Technology for K-5 students in its existing facilities.

Water intrusion into the building is a problem at both McAuliffe and Ritchen. Design team to investigate, design a solution and provide a cost estimate for this work that is separate from the modernization costs.

Code required upgrades triggered by the modernization work, such as fire alarm system replacement or upgrade and ADA upgrades are to be investigated, designed and priced by the Architect / Engineer. Estimates for this work will be separate from the modernization costs.

HVAC work to consist of thermostat replacement with Venstar, centrally monitored thermostats throughout. All ducting, piping, pumps and boilers to be inspected and replaced as required. (Air handlers and VFDs replaced in 2013.) Unused funds to be applied to replacement of toilets, valves and faucets on an as-needed basis.

In implementing the State's Common Core State Standards (CCSS), students are required to collaborate, communicate, create and solve problems using the basic skills they have learned. Students must also engage in higher order thinking skills and more rigorous instruction. The District operates its educational instruction in general purpose classrooms. Under State standards, these classrooms must be 960 square feet or more and provide the space in which students study and learn the CCSS in the core subject areas: English and Language Arts (ELA), math, social studies and science. The District also offers art and other similar instruction in these same classrooms. In addition to the core curriculum, students participate in an academic curriculum that heavily focuses on the integration of science, technology, engineering, art and math into all of the academic content. The renovation of classroom interiors is to be built to support the following 21st Century standards:

- Full-height markerboards will be installed to cover most of the walls of each classroom. Where necessary, sliding markerboards will be utilized to provide window coverings. The markerboards can be written on from floor to ceiling and should slide over windows to provide a window covering when needed. Depending on available area within the existing classrooms, they will also slide to the side to reveal storage closets with the mobile storage units or slide over exiting cabinetry in the room when the cabinetry consumes most of a wall. At least nine linear feet of wall space shall be mineral fiber core tackable surfaces that will also help to minimize noise in the classroom. The tackable surfaces will cover the walls in areas that are least likely for students or teachers to use for writing and maximizes presentation space while accommodating movable storage space.
- Modern and flexible furnishings for each classroom will be provided in the form of modular tables and ergonomic chairs that can be easily reconfigured in the classroom as space allows. New teaching stations will be provided in each room, as will a multimedia presentation shuttle that the teacher can maneuver easily around the room. Mobile storage solutions will be provided based on the existing design of the classroom. Furnishings will be indoor-air friendly and easy to maintain.
- In the classroom dedicated as a Science and Technology Academy lab or STEAM Academy Lab, the furnishings will include mobile tables that seat four students, mobile student chairs for up to 36 students and five mobile storage carts to house science materials and equipment. The classroom should have a water source and an area for the storage of science materials and equipment required for science experiments. The floor will be a hard surface that is easily cleaned.
- In the Piano Lab, additional electrical capacity will be provided through a control box. The piano keyboards are to be placed in rows with a center isle so that the teacher can walk down the aisle and look down the row at the keyboards to monitor student practice techniques and engagement. A space between each of the rows will allow for the teacher to move easily behind each of the students to provide individual feedback as necessary. A total of 16 student keyboards are required in the room. One instructor keyboard will be provided along with a digital board for listening placed at the front of the room. Each of the keyboards will be hooked up to the electrical outlet provided along each of the two walls. The keyboards

and the instructor's keyboard and monitor device will be networked together. The room will also include the 21st Century amenities & technology components such as full height fixed & sliding white boards, 1:1 interactive functionality, monitors placed on the three sides of the classroom. All walls of the classroom become available as the teaching locations. There are mobile storage units to hold instructional materials and supplies.

- Three broadband-connected high-definition video displays will be added in each classroom, attached to hydraulic wall mounts that allow easy adjustment of the displays' viewing angle and height. These displays will allow students to view content from any point in the room. Through the use of media interface devices, students and teachers will be able to project content from a computer or mobile device to the mounted displays.
- Damaged surface areas will be repaired or replaced where required, and new coats of paint will be applied to doors and other surfaces to give each classroom a clean look.

For the library/media center improvements, key elements required include:

- ~~Sixteen media tables and stools of various heights will be located along one wall that have electrical outlets for students to plug in their hand-held devices or computer stations that have software specific for students to create projects related to the school's educational program.~~
- A 90-inch monitor will be placed the main area of the Media Center to be used by students and staff to project presentations, student projects, or information.
- A variety of flexible and comfortable seating for reading and study will be provided for 15 students throughout the main Media Center space. Mobile desks or tables will be provided for 36 students that may be easily reconfigured.
- Permanent book shelving will be provided along the walls of the main area of the Media Center. Additional moveable bookshelves will be provided at different configurations. A space for locked technology storage to hold student handheld devices will be provided. Table space, four chairs, and four mobile storage units will be provided in a textbook storage/workroom.
- Depending on the space available, there will be three breakout rooms in which up to 4 students can work. A table and four chairs will be provided. These rooms will have windows or glass walls and doors so that appropriate supervision can be provided from the main area of the Media Center.
- Also depending on available area, one Maker's Space will be provided that is a minimum of 480 square feet and accessed from the Media Center for up to 8 students for research and design. Flooring will include hard surfaces such as concrete or vinyl. This room will have tables, 8 chairs, and 2 mobile storage units to hold materials for creating projects and for space to store projects students are creating. This room will also have glass walls or large windows so that it can be easily supervised from the main area of the Media Center.

Key elements related to the improvements to the existing MPR facilities include:

- Cafeteria type tables and seating will be provided that easily and quickly fold up and can be stored in designated storage rooms or spaces and maximize the seating within the available space for multiple uses. The tables and seating must be provided that support their use and reconfiguration for smaller parent and staff meetings as well as for school sponsored assemblies.
- ~~A 90-inch monitor will be mounted on the wall away from physical activity areas with wireless connectivity throughout the room.~~

- A dedicated space for an 18' x 24' portable stage, that can be easily stored and quickly assembled to provide a performance space for students, band and choir. A remote-controlled retractable screen and mounted projector will be added, preferably located in the area that best supports the portable stage. This space will also be available for group meetings, with the monitor serving as a screen for the presenter to project images or presentations.
- ~~New kitchen equipment will be provided to replace older equipment, where required. Properly functioning kitchen equipment will remain.~~ Walk-in refrigerators / freezers at both schools to be evaluated for functionality and repaired / replaced as required. The grease interceptor to be replaced at McAuliffe only.
- New ceiling tiles, flooring, and HVAC grills will be replaced where required.
- Electrical upgrades for improved Audio-Visual systems will be provided, where required.
- Structural evaluation at Ritchen – 1 window wall.
- Where community uses are already in place, they shall be maintained to the extent possible as long as they do not interfere with the educational and operational use of the school.

McAuliffe Elementary School

The renovation of classroom interiors is proposed to support 21st Century learning methods and environments for the 28 permanent learning spaces, including four classrooms for kindergarten instruction, one as a learning space to support a STEAM Academy Lab and one space to support a Piano Lab. Within the existing permanent classrooms, one (1) Special Day Classroom (SDC) will be modernized to support the teaching of special education classes for severely handicapped students ("Severe") in core subjects, such as English, language arts, math, science, and social studies. A modernized 21st Century library/media center is proposed to support virtual learning, student engagement and collaboration. A renovated MPR is proposed, which will primarily include new projector and screen, replacement of the stage with a smaller, demountable stage, replacement of a limited amount of ceiling tile, kitchen upgrades as listed and supplemental or new cafeteria tables, as directed by the district. All facilities are to be modernized according to the 21st century standards above and according to the District's vision and specifications **(Attachment A).**

The District's adopted K-5 Educational Specifications for K-5 schools serving 700 students includes a total of 23 standard classrooms, 4 kindergarten classrooms, and 1 special education/RSP classroom. In total, 28 classroom spaces are provided for new or reconstructed K-5 schools per the Educational Specifications.

Upon completion of the two flex classrooms under construction, there will be 30 permanent classrooms at McAuliffe, exceeding the District-approved Educational Specifications for a K-5 school. The District is currently clustering students at McAuliffe who need special education facilities resulting in the need to allocate 3 classrooms to the SDC program. If this is to remain, permanent classrooms are recommended to be allocated as such:

- 5 TK/Kinder classrooms
- 20 classrooms grades 1-5 (4 classrooms per grade)
- 3 SDC classrooms
- 1 classroom to be used for the STEAM Academy Lab
- 1 Piano Lab

A combination of TK, SDC or Kindergarten classes will move into the new flex classrooms currently under construction, resulting in their old classroom space in the original permanent classroom building being available. Additionally, the new 1:1 mobile device program and library/media center will incorporate the school's needs for a computer lab, thus freeing up an additional classroom (Room 12) previously providing this role. As Room 32 is also currently empty, McAuliffe will have 4 open classrooms in the permanent building, allowing the 4 current fourth grade classes located in portable

classrooms to be moved into the permanent building. This reorganization will result in all classes being taught in permanent classrooms.

As part of the District's Master Construct and Implementation Program, future improvements at McAuliffe include providing approximately 730 square feet of administrative programming space in the permanent building to properly house both the Speech and RSP programs. Per the adopted Educational Specifications, the counselor and psychologist rooms require at least 150 square feet each. As the counselor office is currently in a space that could serve a support program with the need for greater square footage, finding a new home for the counselor office will eliminate the need to construct new administration space. There are two locations where there are two adjacent supply rooms: between Rooms 21 and 23 and between Rooms 34 and 36. By converting either set of these supply rooms into 1 larger office space, may create sufficient space to house the counselor room, allowing the current counselor space to house RSP and Speech, thereby eliminating the use of 2 additional portables for support space. This will be further studied once the design process is underway.

Ritchen Elementary School

The renovation of classroom interiors is proposed to support 21st Century learning methods and environments for the 28 permanent learning spaces including a learning space to support the Science and Technology Academic lab and one space to support a Piano Lab. A modernized 21st Century library/media center is proposed to support virtual learning, student engagement and collaboration. A renovated MPR is proposed, which will primarily include new projector and screen, replacement of the stage with a smaller, demountable stage, replacement of a limited amount of ceiling tile, kitchen upgrades as listed, structural repair as necessary and supplemental or new cafeteria tables, as directed by the district. All facilities are to be modernized according to the 21st century standards above and according to the District's vision and specifications **(Attachment A).**

The District's adopted K-5 Educational Specifications for schools serving 700 students includes a total of 23 standard classrooms, 4 kindergarten/transitional kindergarten classrooms, and 1 special education/RSP classroom. In total, 28 classroom spaces are provided for new or reconstructed K-5 schools per the Educational Specifications.

Upon completion of the two flex classrooms, there will be 30 permanent classrooms at the site, exceeding the District-approved 700 student Educational Specifications for a K-5 school. A combination of TK, Kindergarten or SDC classrooms will move into these new classrooms, resulting in their prior classroom space being available to be repurposed for a Science and Technology lab to better support the science and technology curriculum with space for projects, science experiments and/or building projects. This space may be used as a science lab for students throughout the school to rotate into throughout the school day. Additionally, the library/media center and the introduction of 1:1 mobile devices for all students allows the repurposing of the existing computer lab into a piano lab pursuant to the District's vision and Educational Specifications for K-5 schools.

As part of the Master Construct and Implementation Program, future improvements at Ritchen include providing approximately 480 square feet of administrative programming space in the permanent building to properly house the RSP program. By reorganizing the classes in various rooms, the RSP and Intervention programs can utilize a classroom (Room 17) without the need of constructing new administrative space.

For example, the reorganization could follow this schedule:

- TK/Kinder classrooms: Rooms 2, 5, 6, 2 new Flex classrooms
- 1st Grade: Rooms 1, 3, 4, 8
- 2nd Grade: Rooms 9-12
- 3rd Grade: Rooms 18, 19, 22, 23
- 4th Grade: Rooms 24-27

- 5th Grade: Rooms 28-31
- SDC: Room 7
- Science/Tech Focus Classroom: Room 20
- Piano Lab: Room 21
- RSP/Intervention: Room 17
- Additional general purpose classroom: Room 13

INTERIM STUDENT HOUSING PLAN

Construction activities for the proposed modernization improvements at these schools would require a coordinated sequencing program to accommodate the student population given the need to improve occupied school sites. Construction activities of the proposed scope are estimated to take between 4 – 6 months of construction. The need to house students in interim facilities will nonetheless be required. The District will provide interim housing offsite and coordinate with the site administration and the design/construction team to provide a safe and secure construction area.

II. MASTER BUDGET, TIMELINE, & PROJECT SCHEDULE

The preceding narrative description of the Project is articulated below as to budget, timeline, and schedule. All components, including the education specifications described in **Attachment A**, may be modified pursuant to direction from CFW or the District as required.

SUMMARY BUDGET:

The construction budget (projected guaranteed maximum price construction contract, if subject to lease-leaseback agreement), for the project(s) is inclusive of general conditions and requirements, contractor fees and overhead. The soft costs include design fees, furniture and equipment, consulting services, testing and inspection services, agency approval fees, etc. The total "all in" (construction and soft costs combined) budget is estimated in current dollars (including contingencies, and both hard and soft costs), including demolition and site work.

McAuliffe Elementary School

The construction budget = $3,471,821, the total "all in" budget = $4,959,744

Estimated Cost	#CRs	Amount
McAuliffe Elementary		
21st Century upgrades to existing permanent classrooms	28	$ 3,878,448
21st Century upgrades to library/media center		$ 372,368
Improvements to the MPR area		$ 436,372
Upgrades to the HVAC system		$ 267,556
Convert supply rooms into office space		$ 5,000
Total	**28**	**$ 4,959,744**

Ritchen Elementary School

The construction budget = $3,434,095, the total "all in" budget = $4,905,850

Estimated Cost	#CRs	Amount
Ritchen Elementary		
21st Century upgrades to existing permanent classrooms	28	$ 3,822,781
21st Century upgrades to library/media center		$ 372,368
Improvements to the MPR area		$ 443,145
Upgrades to the HVAC system		$ 267,556
Total	**28**	**$ 4,905,850**

METHOD OF DELIVERY

A lease-leaseback (LLB) method of delivery may be utilized for the project as determined by the Board. The contractor will participate in the project early on to provide constructability reviews of proposed designs, cost estimates, preliminary construction schedules, and a site logistics strategy to help create a design that is both inspiring, functional and meets the District's budget and timeline. Design teams should be prepared to describe past experience with the LLB project delivery method, and suggestions for improving the process.

III. SELECTION SCHEDULE AND METHOD OF SELECTION

SUMMARY TIMELINE & SCHEDULE:

Design activities must be completed and the plans submitted to the Division of State Architect (DSA) at the earliest date possible. While the District anticipates commencing construction in 2021 and 2022, it is the District's intent to complete the design plans as early as possible to qualify for State Aid:

- **Anticipated Board meeting to approve Architect contract (subject to change):** October 9, 2019
- **DSA Submittal:** April 2020
- **DSA Approval:** October 2020
- **Bidding/Start Construction:** July 2021 (McAuliffe Elementary); July 2022 (Ritchen Elementary)
- **End Construction:** January 2022 (McAuliffe Elementary); January 2023 (Ritchen Elementary)

ASSIGNMENT PROCESS:

Firms may elect, or decline, to participate in the assignment process for these projects. Any decision will not affect future opportunities. Firms should carefully review the detailed information and submittal requirements contained within this package. Teams that wish to visit the project sites to make further observations will be notified of the opportunity for a site visit. CFW will organize a single tour of the sites for all interested teams. Please do not visit the sites without coordinating with CFW.

Once the proposal deadline has passed, the District, via CFW, will begin arranging interviews with firms that have submitted a complete and germane response that can be built to budget. The design firms should include staff assigned to the project in the interview process. The interview results will be considered along with the proposed design, estimated fee amounts, estimated cost of construction, quality of staff, level of understanding of the project parameters, and creativity of the proposed approach to meet educational specifications without sacrificing the quality of the finished product.

DESIGN CONSIDERATIONS & PROJECT VISION

The design team should be familiar with the District's mission, goals, and education program. Proposed designs should draw attention to this unique, once in a generation opportunity to transform McAuliffe and Ritchen Elementary Schools. Successful designs will convincingly convey how proposed improvements will promote academic achievement, flexible use, resource efficiency, and integration of the educational program. Successful designs will clearly demonstrate how 'form follows function' in such a way as to promote student success and effective 21st Century learning environments for students.

Proposals should include the following:

- Description of community-oriented design approaches
- Design features and themes that reflect the 21st Century learning environments

- Supporting information as to why particular design approaches or elements are proposed and what their effect on the community and the student learning experience will be

It is important for each responding firm to be mindful of the culture and character of the McAuliffe and Ritchen communities and incorporate this in the proposed design. **Attachment A** of this package, attached separately, describes the vision, including detailed room specifications, required for the projects. **Firms are expected to fully understand and apply this vision** as they prepare proposals in response to each of the required submittal requirements posed at the end of this package.

SELECTION SCHEDULE

The following is a projection of tentative milestone dates for selection:

- Project selection package sent to prequalified firms: **August 30, 2019**
- Participating teams notify CFW of their intent to provide a proposal: **September 3, 2019**
- Project Briefing and Site Visit of McAuliffe and Ritchen Elementary Schools **September 5, 2019, 1pm**
- Responses due: **September 13, 2019, by 1pm**
- Review of submittals and interviews completed: **Week of September 16, 2019**
- Recommended selection announced: **Week of September 16, 2019**
- Board action on recommended firm and execution of contract: **October 9, 2019 or thereafter**

The District reserves the right to modify the above schedule at its sole discretion.

SUBMITTAL FORMAT & REQUIREMENTS

Proposals should be formatted to effectively address the following issues in as much detail as necessary to fulfill each request. Each proposal should have a cover letter briefly discussing the proposed projects, and the firm's unique qualifications to pursue the projects. Proposals must include a cost estimate for the identified improvements, using the provided cost comparison sheet (**Attachment B**), comparing the estimates to the District's project budget and specifications. In addition, the proposal should include, but not be limited to, the following:

1. Briefly summarize similar projects completed by your firm within the last five years that closely match the proposed project program as referenced in the Project Description. Include examples of elementary school renovation projects and relevant experience.
2. Discuss the challenges of a phased school renovation, with construction creating a minimal impact on the existing operational school facilities.
3. Provide design concepts that meet the Project requirements. Provide floorplans, elevations, and other relevant illustrations for the 21st Century classrooms and library improvements. Additionally, provide information pertinent to your firm's approach to 21st Century classroom design, including how existing facilities can be repurposed to provide a similar educational experience to newly constructed classrooms.
4. Discuss ways in which your proposed design strategies can help to meet or accelerate the proposed timelines of the proposed project.
5. Discuss the firm's experience with the District's preferred delivery method of using a Lease-leaseback contractor, in comparison with other delivery methods within the firm's experience.
6. Discuss the role of the assigned personnel, the benefits they bring to the Project, and their assigned level of participation. Please be specific, including their relevant experience in renovation and 21st Century facilities design.
7. Provide a brief summary of community-oriented design approach, and proposed strategies to reflect the unique character and culture of the surrounding community in the creative design process. Photos and commentary from design team neighborhood visits are encouraged.

8. Using the attached **Attachment B** cost comparison excel sheet, provide a line item cost estimate for the firm's proposed design concepts. Total costs should be provided as "all- in" project costs that integrate hard and soft costs. The estimate should include:
    a) Your understanding of project details by component, unit, and unit cost in a table format;
    b) Adequate notation specifying significant assumptions of the cost estimate;
    c) A separate line item identifying the cost for FF&E;
    d) Values in current dollars only—do not escalate your estimates; and
    e) Written narrative, only if the firm believes it is necessary to communicate information in the tables, however, the priority shall be in delivering the data in tabular format exportable to Microsoft Excel by using the provided **Attachment B** cost comparison sheet

Limit response to no more than ten (10) double-sided 8 ½ x 11 pages, and twelve (12) 11 x 17 drawings to illustrate the conceptual proposals for the Project. Submit in PDF format via email Jordan Miles (jmiles@cfwinc.com) by no later than 1:00 pm PDT, Friday , September 13, 2019. Questions may be addressed to Jordan Miles at jmiles@cfwinc.com or (323) 202-2550.

Multiple hard copies of the proposals will be requested and required at the time of interview.

MODERNIZATION OF MCAULIFFE AND RITCHEN ELEMENTARY SCHOOLS:

SUMMARY

The Oxnard School District has adopted a Master Construct and Implementation Program to transform the functionality of school facilities and improve academic achievement. As established by the District's plan, the modernization of McAuliffe and Ritchen schools represent a critical step in providing 21st century schools throughout the District.

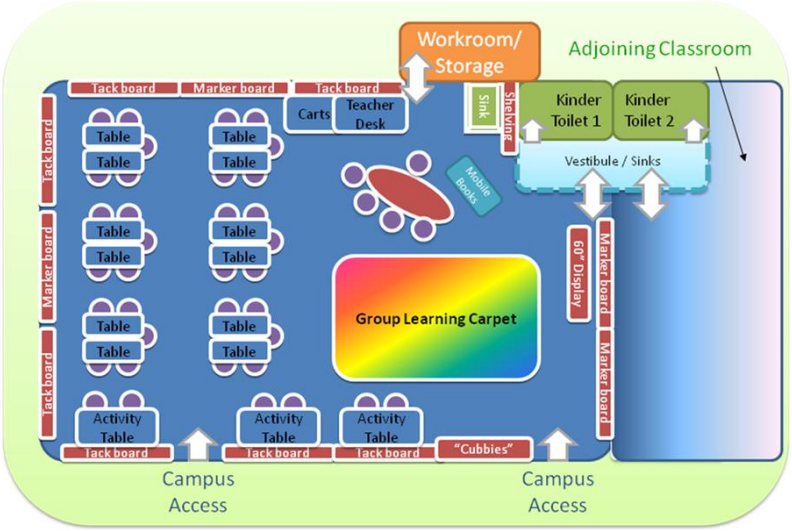
The following document provides the District's vision for kindergarten classrooms, standard classrooms, SDC severe classrooms, piano labs, library/media centers, MPRs, and support space improvements. The vision and specifications for each type of room have been developed with the input of District staff as well as teachers, former school administrators and professional facilities consultants. The criteria specified are provided to supplement approved educational specifications and provide a framework for room design appropriate for 21st Century classroom instruction.

As such, a thorough understanding of the functions performed in these rooms is critical so that the form can adequately follow. Much of the functionality in the new classrooms will be achieved through the use of innovative furniture, fixtures, and equipment. As the essence of the project, these elements will enable instructors to transform their teaching pedagogy.

When in doubt, the design team is encouraged to consult with CFW, the District's Program Manager and author of this document. Please realize that this document or content is proprietary to CFW and protected under the laws of California and the United States, may not be reproduced or benefit beyond the intended use herein and is extended to the District for this sole purpose under its contractual obligation and cannot otherwise be used without the explicit written approval of Caldwell Flores Winters, Inc.

KINDERGARTEN CLASSROOMS: Vision & Specifications

OVERVIEW



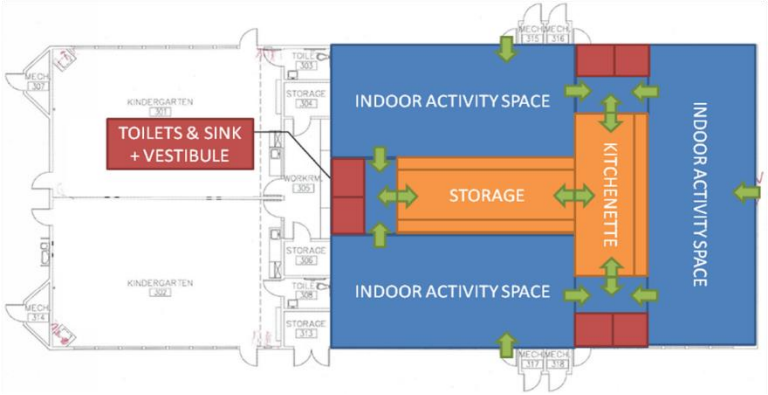
Pursuant to the Board-approved Educational Specifications in the Master Construct and Implementation Plan, kindergarten classrooms will each be 1,100 square feet, not including 150 square feet of work/storage space, and 100 square feet of restrooms, for a total area of 1,350 square feet each. The best design solutions include kindergarten classrooms being designed to share work/storage area and restroom area, wherever possible.

VISION FOR KINDERGARTEN CLASSROOMS

It is the beginning of the school day. When you enter the kindergarten classroom, you see the entire class of small children sitting on a carpet with the teacher leading a discussion. The teacher interacts with the children on topics including the day's events and what they will be learning, the date and weather, behavior expectations or redirection, review from yesterday learning or reading a short story. The teacher asks the class a number of questions and children share their answers with the whole group or with their "share partner". The children are encouraged to ask questions of the teacher and of their peers.

Following the whole class meeting, the children disperse to various "stations" in the classroom. From this point on, the classroom becomes very noisy with children talking, sharing and some working independently. The classroom is designed to foster creativity, investigation and inquiry. Typically, there are four different stations with the teacher working with a small group of children

at a fifth station. These stations are at round or square tables with chairs, four or five children to a station. At these stations, the children are working with other children or independently on tasks. One station has a reading focus, another station a writing focus, a third station designing and building focus, and a fourth station a science or social studies focus. At two or three of these stations, the children have a 1:1 device.



This particular day, the children are using their 1:1 device to take pictures of a drawing they and their peers did earlier in the week, then sequencing their pictures to tell a story, and finally writing the story using one of the apps on the handheld device. At another station, the handheld devices are used with headphones as the children participate in a phonemic awareness lesson. At the science station, the students are observing and interacting with the insect collections they have gathered in their plastic collecting jars as well as with pictures of the insects' habitats. At the design and building station, the students work together to create "things". They are creating and building their designs in a fairly large area on the floor. Today the students are using containers and material they collectively brought from home, i.e., dry cereal boxes and cylinders (oatmeal), tubes from paper towels, all of various sizes and shapes, and masking tape. The students are using tape and marking pens to make their creations. Later, they record their creations by taking a picture with their handheld device and use it to write a story on their handheld device at the writing station. At the reading station, the students are reading from little books that are at their appropriate reading level. At the station with the teacher, the students are working on specific reading skills they need to learn.

After the end of the reading and writing time, the teacher creates a whole new set of stations for math. It is the same set up as for reading, only using math concepts and manipulates at each of the stations. These new math instructional materials are brought into the room from the workroom and the reading materials are removed as necessary to make room for the new instructional materials. The students use their handheld devices at some of the stations and math manipulates at other stations.

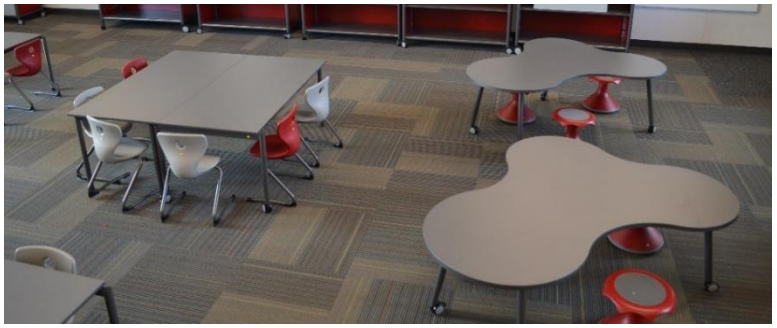
After reading and math, the teacher works with the students on science or social studies content. This begins with the children in a whole group on the carpet on the floor with the teacher teaching a specific concept to the students. The students then break into groups to work on material related to the specific curriculum content. The teacher uses such devices as document cameras, dissecting scopes, and displays related to the scientific concepts the students are learning.

There are three tables around the perimeter of the classroom. These are the same tables that were used for the reading and math stations. On these tables are scientific units of study. The items at the stations are labeled with the scientific words. Because the students are learning about insects, a picture of an insect with the various body parts labeled is on the wall above the table. There are various specimens of insects for the students to view. There are "bug collecting (plastic) jars" for the students to catch bugs and bring them into the classroom for observation. At another table there are various insect habitats to view, some are pictures and some real specimens, such as an ant colony that is able to be viewed through a clear plastic frame. These stations are designed for students to observe and to be "curious" about what they are seeing, to investigate and to learn more. On the wall are various students drawings related to the scientific units of study. The

students will use the handheld devices to further investigate and answer their own questions or questions their classmates may have.

The walls are full of "rich print" material. There are multiple places for students to work to be displayed. There are multiple white boards on which the teacher can explain concepts or project images from the document camera or using a handheld device. Student work can be displayed on these white boards using magnets.

In the classroom, there are two bookshelves to store science and math manipulates and art supplies needed for the learning centers. There are also "cubbies" for the students to store their backpacks and other treasurers. There is a movable multiuse cart that can charge 1:1 devices. Books shelves that hold the little books for students to read are located near the reading center. A book holder for the big books the teacher reads to the whole class is located near the rug area that the children sit on during whole class groups. These books are also available to the students to read and look at when they have finished their work at their centers. There are painting easels that are taken outside during painting time. There is a sink that is needed for science and art projects and for washing hands prior to lunch.



The teacher has a desk off to the side and at the back of the classroom. There is a 4-drawer filing cabinet and a laptop computer. The bathroom is accessible from the classroom so that the young children do not need to leave the classroom to use the restroom. The bathroom is divided into two parts: a toilet room and sink area, as described in the technical section of this document. If permitted by code, the sink is fully located within the classroom area and doubles as both a hand washing sink for the toilet rooms and a general purpose sink for classroom activities.

In one corner of the room is a built-in alcove that can be used to store mobile carts. This space needs to be designed at a depth of approximately 30 inches and be as long as 15 feet but no less than 9 feet. Two shelves will run the length of the alcove, with the lowest shelf starting at least five and half feet above the floor. Sliding markerboards will be installed that can slide to cover the entire length of the alcove.

SPECIFICATIONS OF REQUIRED ELEMENTS

The new kindergarten classrooms must, upon completion, be furnished and equipped to realize the above vision. Classrooms must also conform to the educational specifications approved by the Board of Trustees.

FURNITURE & FIXTURES REQUIRED:

Examples of kindergarten-appropriate tables arranged for group activities. When pulled apart, these tables can seat up to six students each.

Tables and chairs: Tables will be 2 feet by 4 feet and arranged into a configuration of five "pods," each providing five seats. Flexible and moveable desks that easily form into table groupings are another alternative for student tables. Seating is easily moveable and provided at a size appropriate for

kindergarten-aged students. Tables and seating must accommodate 24 students per educational specifications.

One kidney or puzzle-piece shaped table is provided, with additional student chairs. Also provided are three or four additional activity tables that use the same 2 feet by 4 feet dimension of student tables. An instructor desk and chair, file cabinet/storage on casters, and moveable book cart on casters are also required furnishings.

Examples of agile tables and seating for small children that enhance collaboration and group work.

Tackboards: At the kindergarten level, there is a significant need for continuous wall spaces throughout the room that the instructor can use to pin student work, learning concepts, and other materials. Floor-to-ceiling tackboards should be used where possible to provide maximum utility to available wall space. A typical wall panel may be 8 feet in height by 4 feet in width and be interspersed with similarly sized markerboard or whiteboard panels that provide a writable surface. Kindergarten classrooms will need to have approximately 55 percent of the total lineal wall area covered with strategically placed tackboards.

Markerboards: Multiple writable surfaces are required on wall surfaces throughout the room, preferably at floor-ceiling height to allow students and teachers to use available wall surfaces for drawing, writing practice, or group activities. Maximum flexibility will be achieved if surfaces are available on each of the four walls of the room. Design solutions that provide the ability to slide boards upwards or to the side in order to reveal tack-board surfaces beneath are highly encouraged. Marker boards should also be magnetic, to allow instructors to attach student exemplars where needed for instruction. The remaining wall space not covered with tackable material will need to be covered with marker boards throughout the classroom. This includes the sliding markerboards used to cover exterior windows.

Storage units: Traditional classroom casework often monopolizes wall space and can fill the room with storage functions that are better supplied in an adjacent storage/workroom. A limited supply of casework is required within the classroom for storage of frequently used manipulates and supplies, with remaining casework and shelving required in the attached 200-square foot workroom for storage of occasional-use materials. Innovative storage solutions that utilize bins, pullout containers, or rolling carts for frequently utilized items may be considered a superior solution to traditional casework drawers and cabinets. Cabinetry underneath and around the classroom sink is appropriate. Typical “cubbies” should be provided for student storage of backpacks, lunch bags, and other materials.

Examples of mobile storage carts and cabinets for illustration purposes only; actual products selected for the project may vary.

Window coverings: Walls with windowed surfaces may be covered by marker boards that slide on a track to provide the option of obscuring the windows when additional writing surface is needed or darkening the room when natural light needs to be reduced.

Sinks: Water supply will be required on occasion as a component of art and science activities or cleanup. One sink is required in the classroom area and should be accessible to the height of kindergarten students.

Lighting fixtures: Lighting fixtures should provide a general condition of room illumination to allow sufficient legibility of materials, while minimizing glare on electronic screens. Options to provide energy efficient solutions may be considered.

EQUIPMENT REQUIRED:

High-Definition (HD) TV displays: Three HDTV displays measuring at least 60 inches diagonally are required to support the vision described herein. Display requirements include a minimum of three HDMI inputs, and either built-in Wi-Fi equipment or an attached accessory device that provides Wi-Fi accessible services. These specifications are consistent with industry practice for commoditized television displays. As a result, the selected display is more likely to resemble a low-cost consumer model available at many discount retailers than a specialized technology available through educational component distributors. The display should be mounted on a reliable adjustable arm positioned so that the bottom of the display is 5 feet above the floor. The mounting should also provide the option of extending the display out from the wall one to two feet and thus permitting the display to pivot to the left or right for an approximate turning angle of 45 to 90 degrees. Cabling should be obscured behind the mount and within the wall.

Audio/video box: A ceiling-mounted housing, preferably flush with the suspended ceiling tiles, shall provide space (e.g. equivalent to a 2U equipment rack) for a switching mechanism that allows the instructor to change the video or audio source sent to the display. Given this AV switch/matrix, the instructor is able to select various desired input sources from a handheld device or remote control. Inputs may be housed elsewhere in the room or within additional remaining space provided by the AV box. Inputs may include:

1. Laptop or tablet connected to the instructor's station (e.g., enabling the instructor to share a slideshow or demonstrate a mobile device app)
2. DVD player (e.g., enabling a single video to be duplicated on all screens simultaneously)
3. Digital camera and/or document camera
4. Other devices that generate video or audio content

In addition, four in-ceiling speakers will be required to be placed in each classroom to enhance classroom audio and project instruction from the teacher. This system should allow the teacher to project her voice to the class or enhance audio components of the curriculum.

SUPPORT SPACE REQUIRED:

Workroom and storage area: Educational specifications require 150 square feet of storage space and workspace is to be provided for every 1,100 square foot kindergarten classrooms. For three classrooms, a total storage area of 450 square feet is designed to be used by all of the classrooms. The storage room is accessible from each of the kindergarten rooms.

The storage room would contain a long wall that provides cabinetry below a counter top as well as open shelving running the length of that wall above the counter top. As much open shelving as possible should be provided. Sufficient open floor space is needed to allow a cart to be rolled into the room, loaded with supplies by the instructor, and then rolled back out into the classroom for student instructional use. To the extent possible given this open space requirement, shelf space should be provided from floor to ceiling on up to two additional walls. The location of the door along the fourth wall should be along the center of its length so as not to conflict with shelving on adjacent walls.

Toilets: The bathroom should be divided into two areas. A door from the classroom leads into the first area, a vestibule that may also connect to an adjoining kindergarten classroom. The vestibule contains one sink per classroom to which it connects. The two walls of the vestibule that separate it from the classroom feature large windows that provide transparency between the classroom and sink space to improve teacher supervision and

increase safety. Within the vestibule is a door leading to a toilet room containing a single age-appropriate toilet fixture. The doors do not reach the floor so that teachers are able supervise students by seeing the students' feet. The toilets are designed so that they are able to be shared by multiple kindergarten classrooms.

Kindergarten toilet area, separated from the classroom and workroom areas

GENERAL PURPOSE CLASSROOMS: Vision & Specifications

OVERVIEW

Pursuant to the Board-approved Educational Specifications in the Master Construct and Implementation Plan, classrooms are being transformed into 21st Century learning spaces to support flexible, collaborative and unstructured teaching methodology as well as use interactive learning tools. This document is divided into two parts: a vision that describes the anticipated use of the classroom from the perspective of an individual observing the new facilities upon completion and a description that provides a detailed assessment of each design element required to achieve the stated vision.

CLASSROOM VISION

When you enter the classroom, you see students working in groups of 4 or 5. They are at tables, some are sitting some are at the white board writing and some are using an electronic device to help solve the problem they have been given to solve. They are working on solving a problem that combines skills they have acquired in math, science and language arts. The teacher interacts with the students by walking around the room answering questions. At times, the teacher helps the students find the answers on the iPad. The teacher has noticed that a number of students are struggling with the same concept. She commands the attention of the entire class and projects the information needed to clarify the concept on the monitor in the front of the room. Other times, the questions the students have are related to their specific group work and the teacher writes on the white board that is near where the group is sitting. Students also respond on the white board to the teachers' instructions and with their table group. Other students are projecting their work on the Wi-Fi monitor near their work group so that all students in the group can interact with the information.

After an hour, the teacher asks all of the students to put their work away in a space designated for each student on a multiuse cart in the room. They place their iPad on the shelf below their chair. The teacher directs their attention to the front of the room. She wants to show them a video clip to introduce the next set of skills and concepts will be taught in social studies. The children are encouraged to ask questions of the teacher and of their table groups.

Following the whole class instruction, the students change work groups and begin to work on the skills related to the previous set of instructions. They are able to locate information needed on their iPad and share information with their table partners. This classroom is noisy with the sharing and seeking for information and the solving of problems using information in real life

integrated learning units. The classroom is designed to foster creativity, investigation and inquire as well as collaboration. It is designed for maximum flexibility and makes the students feel welcome and comfortable.

In one corner of the room is a built-in alcove that can be used to store mobile carts. This space needs to be designed at a depth of approximately 30 inches and be as long as 15 feet but no less than 9 feet. Two shelves will run the length of the alcove, with the lowest shelf starting at least five and half feet above the floor. Sliding markerboards will be installed that can slide to cover the entire length of the alcove.

In the classroom, there are four multi-use carts, one with individual cubbies for each student to store their personal items and backpacks and three additional carts for storing learning material and supplies. There are two movable bookshelves to store books and learning supplies. There is a cabinet around the sink. The need for supplies has been reduced by the use of the iPad which stores textbooks and other books the students need as well as the internet for research. There are hardbound books and other learning manipulates in the classroom, but they too are reduced in number.

There is one sink in the room for students to wash their hands as well as for art and science experiments. The teacher has a desk off to the side and at the back of the classroom. There is one two drawer filing cabinet and a laptop computer for the teacher.

DESCRIPTION OF REQUIRED ELEMENTS

Classrooms modernized, reconfigured, or constructed must, upon completion, be fully furnished and equipped to realize the above vision. Classrooms must also conform to the Educational Specifications approved by the Board of Trustees.

FURNITURE & FIXTURES REQUIRED:

Tables and seating: Student work area are either mobile tables that seat 4 students or individual desks that are mobile and can be arranged into multiple configurations to support differing instructional needs. Seating is mobile as well and provided at a size appropriate for the grade level age of the students. Both the tables or desks and chairs have casters that can be locked to provide for easy movement and flexibility. Tables or desks and seating accommodate up to 24 students for grade 1, up to 26 students for grades 2-3, and up to 34 students for grades 4-5, per educational specifications.

One “kidney” or “puzzle piece” shaped table is provided for either group work or for teachers to work with small groups of students. An instructor desk, chair and two drawer file cabinet are also required furnishings.

Tackboards: There is a need for some wall spaces throughout the room that may be utilized by the instructor to pin student work, learning concepts, and

other materials to the wall. Tackboards are preferably placed at floor-ceiling height to provide maximum utility to available wall space. A typical wall panel may be 8 feet in height by 4 feet in width and be interspersed with similarly sized markerboard or whiteboard panels that provide a writable surface. General classrooms will need to have approximately 35 percent of the total lineal wall area covered with strategically placed tackboards.

Markerboards: Multiple writable surfaces are required on wall surfaces throughout the room, preferably at floor-ceiling height to allow students and teachers to use available wall surfaces for drawing, writing practice, or group activities. The remaining wall space not covered with tackable material (approximately 65 percent of the total lineal wall space) will need to be covered with markerboards throughout the classroom. This includes the sliding markerboards used to cover exterior windows. Maximum flexibility will be achieved if surfaces are available on each of the four walls of the room. Marker boards should also be magnetic, to allow instructors to attach student exemplars where needed for instruction.

Window Coverings: Walls with windowed surfaces may be covered by marker boards and/or tackboards that slide on a track so as to provide the option of obscuring the windows when additional writing surface is needed or darkening the room when natural light needs to be reduced.

Sinks*:* Water supply will be required on occasion as a component of art and science activities or clean-up. One sink is required in the classroom area and should be accessible to the height of first through fifth grade students.

Storage units: Traditional classroom casework often monopolizes wall space and can fill the room with storage functions and reduce classroom square footage that is needed for instruction. Mobile storage units are provided in the classroom for storage of instructional materials. The mobile storage units should be placed where tackboard is placed on the walls or in the alcove designed to store the mobile units to allow for markerboard space to remain uncovered so that it is able to be used for instructional purposes. Innovative storage solutions that utilize bins, pullout containers, or rolling carts for frequently utilized items may be considered a superior solution to traditional casework drawers and cabinets. Cabinetry underneath and around the classroom sink is appropriate. Typical "cubbies" should be provided for student storage of backpacks, lunch bags, and other materials.

Lighting: Lighting fixtures should provide a general condition of room illumination to allow sufficient legibility of materials, while minimizing glare on electronic screens. Options to provide energy efficient solutions may be considered.

EQUIPMENT REQUIRED:

High-Definition (HD) TV displays: Three HDTV displays measuring at least 60 inches diagonally are required to support the vision described herein. Display requirements include a minimum of three HDMI inputs, and either built-in Wi-Fi equipment or an attached accessory device that provides Wi-Fi accessible services. These specifications are consistent with industry practice for commoditized television displays. As a result, the selected display is more likely to resemble a low-cost consumer model available at many discount retailers than a specialized technology available through educational component distributors. The display should be mounted on a reliable adjustable arm positioned so that the bottom of the display is 5 feet above the floor. The mounting should also provide the option of extending the display out from the wall one to two feet and thus permitting the display to pivot to the left or right for an approximate turning angle of 45 to 90 degrees. Cabling should be obscured behind the mount and within the wall.

Audio/video box: A ceiling-mounted housing, preferably flush with the suspended ceiling tiles, shall provide space (e.g. equivalent to a 2U equipment rack) for a switching mechanism that allows the instructor to change the video or audio source sent to the display. Given this AV switch/matrix, the instructor is able to select various desired input sources from a handheld device or remote control. Inputs may be housed elsewhere in the room or within additional remaining space provided by the AV box. Inputs may include:

1. Laptop or tablet connected to the instructor's station (enabling the instructor to share a slideshow or demonstrate a mobile device app)
2. DVD player (e.g., enabling a single video to be duplicated on all screens simultaneously)
3. Digital camera and/or document camera
4. Other devices that generate video or audio content

In addition, four in-ceiling speakers will be required to be placed in each classroom to enhance classroom audio and project instruction from the teacher. This system should allow the teacher to project her voice to the class or enhance audio components of the curriculum.

SPECIAL USE CLASSROOM:

"Science and Technology" and "STEAM" Rooms: It is important to note that a general purpose classroom may also be utilized for more specialized activities to support either Science and Technology or STEAM (science, tech, engineering, arts, math) activities as well. No changes are required to the fundamental design of a room designated for Science and Technology or STEAM activities, however during project design the District may wish to specify a unique set of furniture, fixtures and equipment for one or more rooms in order to meet the specific needs of the educational program.

SUMMARY

The vision and description of classrooms contained herein has been developed with the input of District staff as well as elementary school educators, former school administrators and professional facilities consultants. Collectively, the criteria specified is provided to supplement approved Educational Specifications and provide a framework for classroom design that creates a true 21st Century facility, as opposed to a 20th Century classroom design that has been built in the 21st Century.

As such, a thorough understanding of the functions performed in these spaces is critical so that the form can adequately follow. Much of the functionality in the classroom space is achieved through innovative choices on furniture, fixtures, and equipment (FF&E). As the "essence" of the project, these FF&E elements will enable instructors to transform their teaching pedagogy. Designs that recognize and incorporate these concepts will enable such a vision to be fully realized.

When in doubt, the design team is encouraged to consult with Caldwell Flores Winters, the District's Program Manager and author of this document.

SDC CLASSROOMS (Severe) Vision & Specifications

OVERVIEW

Where required, Special Day Classroom (SDC) will be modernized to support the teaching of special education classes for severely handicapped students ("Severe") in core subjects, such as English, language arts, math, science, and social studies.

SDC CLASSROOM VISION

As you enter the classroom, you see the approximately eight students and five adults that serve the special needs of the students. Some students are in wheelchairs, others are in special devices that assist then with mobility, and others are ambulatory. The teacher and classroom aids interact with the students to meet their specific needs. One of the primary learning goals is for the students to learn daily life skills such as simple cooking, doing laundry, cleaning themselves and purchasing items. Some of the students have unique medical problems that require constant supervision and monitoring. Because of the unique needs of the students, there are different interactive learning devices and software on computers.

Typically, the main floor area of the classroom is open to allow for moving wheelchairs and other mobile devices around the room. There is a group of mobile desks and mobile chairs located in one area of the room. All of the desks are wheelchair accessible. There is a bank of five computers located in another area of the room. A small kitchen with a sink, refrigerator, stove and microwave is accessible from the classroom and is located between two classrooms so that it can be shared. There is also a shared bathroom with a toilet, sink and wheelchair accessible shower.

The walls are full of "rich print" material. There are multiple places for students to work to be displayed as well as learning charts. There are white boards located on one wall on which the teacher can explain concepts or project images using a handheld device. Student work can be displayed on these white boards using magnets.

In the classroom, there are three mobile storage units to hold learning materials. The teacher has a desk off to the side and at the back of the classroom. There is one two drawer filing cabinet and a laptop computer.

DESCRIPTION OF REQUIRED ELEMENTS

Classrooms for the severely handicapped modernized, reconfigured, or constructed must, upon completion, be fully furnished and equipped to realize the above vision. Classrooms must also conform to the Educational Specifications approved by the Board of Trustees.

FURNITURE & FIXTURES REQUIRED:

Tables and seating: There are 8 individual student desks and chairs that are easily moved. There is an activity table for students and teachers to work together. There are computer tables and mobile chairs to hold five computers. An instructor desk and chair, a locking two drawer file cabinet, and three mobile storage units on casters are also required furnishings.

Tackboards: There is a significant need for continuous wall spaces throughout the room that may be utilized by the instructor to pin student work, learning concepts, and other materials to the wall. Tackboards are preferably placed at floor-ceiling height to provide maximum utility to available wall space. A typical wall panel may be 8 feet in height by 4 feet in width, and be interspersed with similarly sized wall panels that provide a writable surface (see marker boards).

Marker board (whiteboard): Writable surfaces (markerboards) are required on one wall surface in the room. Marker boards should also be magnetic, to allow for instructors to attach student exemplars where needed for instruction.

Window Coverings: Walls with windowed surfaces may be covered by marker boards and/or tackboards that slide on a track so as to provide the option of obscuring the windows when additional writing surface is needed or darkening the room when natural light needs to be reduced.

Platforms, shelves, and cabinetry: Traditional classroom casework often monopolizes wall space and over-saturates the room with storage functions that are better supplied in an adjacent storage/workroom. A limited supply of casework is required within the classroom for storage of "everyday" use manipulates and supplies, with remaining casework and shelving required in workrooms for storage of "occasional" use materials. Innovative storage solutions that utilize bins, pull-out containers, or rolling carts for frequently utilized items may be considered a superior solution to traditional casework

drawers and cabinets. Cabinetry in the kitchen area is appropriate with both upper and lower cabinets and a counter space to be used for preparing food. The sink in the kitchen should be wheelchair accessible.

Lighting: Lighting fixtures should provide a general condition of room illumination to allow sufficient legibility of materials, while minimizing glare on electronic screens. Options to provide energy efficient solutions may be considered.

EQUIPMENT REQUIRED:

Flat screen display: A single flat screen display measuring at least 60 inches diagonally is required to support the vision described herein. Display requirements include a minimum of 3 HDMI (High Definition Multimedia Interface) inputs, and either built-in WiFi equipment or an attached accessory device that provides WiFi accessible services. These specifications are consistent with industry practice for commoditized television displays. As a result, the selected display is more likely to resemble a low-cost consumer model available at many discount retailers than a specialized technology available through educational component distributors. The display should be mounted on a reliable adjustable arm positioned so that the bottom of the display is 5 feet above the floor. The mounting should also provides the option of extending the display out from the wall 1-2 feet and thus permitting the display to pivot to the left or right for an approximate turning angle of 45-90 degrees. Cabling should be obscured behind the mount and within the wall.

Classroom video/audio source selection switch: A switching mechanism shall be provided that allows the instructor to quickly adjust the video or audio source being provided to the display. The instructor is able to do this from one control or from a handheld device. For example, sources selectable from the switch may include:

1. Laptop or tablet connected to the instructor's station (e.g. enabling the instructor to share a slideshow or demonstrate an iPad app)
2. DVD player (e.g. enabling a single video to be duplicated on all screens simultaneously)
3. Digital camera and/or document camera (described above)
4. Auxiliary device – to be used for alternate devices that generate a video or audio source

Student computing devices: The District's Technology Program will equip the classroom with five computers for the students to use during classroom instruction. The design team should engage the District's Chief Information Officer (CIO) in the selection of the above equipment to ensure compatibility where required.

SUPPORT SPACE REQUIRED:

Kitchen Area: The main classroom area is approximately 1100 square foot with the kitchen area approximately 200 square feet. There are both upper and lower cabinets in the kitchen with a wheelchair accessible sink, stove, refrigerator and microwave. The kitchen area is shared with another 1100 square foot classroom as is accessible from both classrooms.

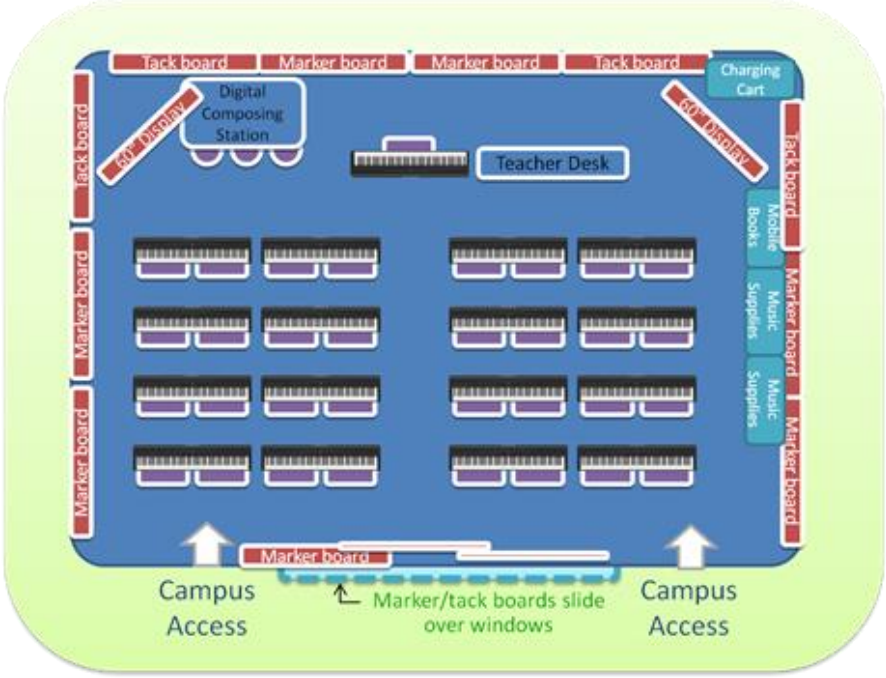
Bathroom: There is one bathroom that is accessible from each of the classrooms. It contains a toilet, sink and wheelchair accessible shower. The bathroom is approximately 100 square feet.

The vision and description of the classrooms for severely handicapped children contained herein has been developed with the input of District staff as well as special education school educators, former school administrators and professional facilities consultants. Collectively, the criteria specified is provided to supplement approved Educational Specifications and provide a framework for classroom design that creates a true 21st century facility, as

opposed to a 20th century classroom design that has been built in the 21st century.

As such, a thorough understanding of the functions performed in these spaces is critical so that the form can adequately follow. Much of the functionality in the new classroom space is achieved through innovative choices on furniture, fixtures, and equipment (FF&E). As the "essence" of the project, these FF&E elements will enable instructors to transform their teaching pedagogy. Designs that recognize and incorporate these concepts will enable such a vision to be fully realized.

When in doubt, the design team is encouraged to consult with Caldwell Flores Winters, the District's Program Manager and author of this document.



PIANO KEYBOARD LAB: Vision & Specifications

OVERVIEW

The Oxnard School District has adopted a Master Construct and Implementation Program guided by a mission to transform the functionality of school facilities and improve academic achievement. Students will have the opportunity to take a piano keyboarding class. As part of the District's educational program, one of the standard learning labs should be modernized, furnished, and equipped as a Piano Keyboard Lab. The lab should be designed and modernized per the vision and description herein described. This section is divided into two parts: a vision that describes the anticipated use of Piano Keyboard Lab from the perspective of an individual observing the facilities upon completion of the modernization, and a description that provides a detailed assessment of each design element required to achieve the stated vision.

VISION FOR THE PIANO KEYBOARD LAB

When you enter the Piano Keyboard Lab, you see students sitting at piano keyboards, two students per keyboard. Each student has on headphones and is practicing playing the keyboard at either the upper or lower octave. The room is quiet. The teacher is at the front of the room and is also wearing headphones. There is an instructor keyboard and a large digital board to which the teacher is connected so that he/she can listen to each student individually and provide feedback to the student as to what the student needs to do to improve his/her piano skills and performance. When appropriate, the teacher has all the students take their headphones off and together they play the piece of music. They can hear how they sound within the group as well as how the entire group sounds together.

There are two large flat screen displays at the front of the room. There are several instructional uses for the monitor. At times the instructor can show a video of an exemplary piano and musical performance. Other times the instructor shows a video of the class performance to use as feedback for improved performances. On another day, the instructor uses his/her iPad as

a document camera to show a close-up of a fingering technique on the keyboard.

The piano keyboards are placed in rows with a center isle so that the teacher can walk down the aisle and look down the row at the keyboards to monitor student practice techniques and engagement. There is space between each of the rows that allows for the teacher to move easily behind each of the students to provide individual feedback as necessary. There are a total of 16 student keyboards in the room. There is one instructor keyboard along with the digital board for listening placed at the front of the room. Each of the keyboards is hooked up to the electrical outlet provided along each of the two walls. The keyboards and the instructors keyboard and monitor device are networked together.

In the classroom, there is a space approximately 12 feet by 2.5 feet in which three mobile multi-use carts can be stored. There are several rows of open shelving beginning about 5 ½ feet from the floor up to the ceiling. This space is enclosed with floor to ceiling sliding white markerboards that can be opened or closed. The mobile units can be moved into or out of this storage area.

The room includes the 21st century amenities and technology components such as full height fixed and sliding white boards, 1:1 interactive functionality, a monitor placed on the front of the classroom wall that also serves as the teaching wall. There are mobile storage units to hold instructional materials and supplies.

SPECIFICATIONS OF REQUIRED ELEMENTS

The piano keyboard lab must be furnished and equipped to realize the vision contained within and conform to the Educational Specifications approved by the Board of Trustees. Specifications are described below to assist firms in developing proposals that are responsive to the needs of the project. Specified elements are required in the room as noted below**.**

FURNITURE AND FIXTURES REQUIRED

Piano Keyboards and benches: A total of 16 student keyboards need to be provided for the students with 32 individual student benches that are the correct height for the keyboards. The teacher will be provided a keyboard and digital monitoring device as well as a maneuverable desk and height-adjustable swivel chair.

Tables and chairs: Two tables with casters that fold up and are easily moved with 8 chairs of appropriate size for 4th and 5th grade students need to be provided.

Storage Carts and Cabinets: Instead of built-in casework mobile storage carts and cabinets are used to meet any classroom storage needs. The piano lab needs three mobile storage cabinets.

Examples of mobile storage carts and cabinets for illustration purposes only; actual products selected for the project may vary.

Markerboards: Markerboards must be installed on one wall, preferably at floor-to-ceiling height to allow students and teachers greater use of the wall. Walls with window openings may include markerboards that can slide on a track and cover the windows when additional writing surface is needed or the room needs to be darkened.

Acoustical Panels: Affixed to the walls or suspended from the ceiling, as appropriate, sound-baffling acoustical panels will be required to reduce reverberation in the room and optimize the quality of voice and musical performances.

EQUIPMENT REQUIRED

HDTV Displays: Two flat screen HDTV displays measuring at least 60 inches diagonally are required to support the vision described herein. Display requirements include a minimum of three HDMI inputs, and either built-in Wi-Fi equipment or an attached accessory device that provides Wi-Fi accessible services. The display should be mounted on a reliable adjustable arm positioned so that the bottom of the display is 5 feet above the floor. The mounting should also provide the option of extending the display out from the wall one to two feet and thus permitting the display to pivot to the left or right for an approximate turning angle of 45 to 90 degrees. Cabling should be obscured behind the mount and within the wall.

Care should be taken to select a reliable, cost-effective HDTV product, and consideration should be given to the simplicity, ease, and familiarity with controls that teachers use to adjust the device. With this in mind, architects and engineers are to be mindful of the potential for interference between common infrared remote controls and highly reflective surfaces around the room and may suggest a means by which to avoid signals meant for one HDTV from being received by another.

Example of a 60-inch HDTV mounted to a classroom wall for illustration purposes only; actual products selected for the project may vary.

Audio/video box: A ceiling-mounted housing, preferably flush with the suspended ceiling tiles, shall provide space (e.g. equivalent to a 2U equipment rack) for a switching mechanism that allows the instructor to change the video or audio source sent to the display. Given this AV switch/matrix, the instructor is able to select various desired input sources from a handheld device or remote control. Inputs may be housed elsewhere

in the room or within additional remaining space provided by the AV box. Inputs may include:

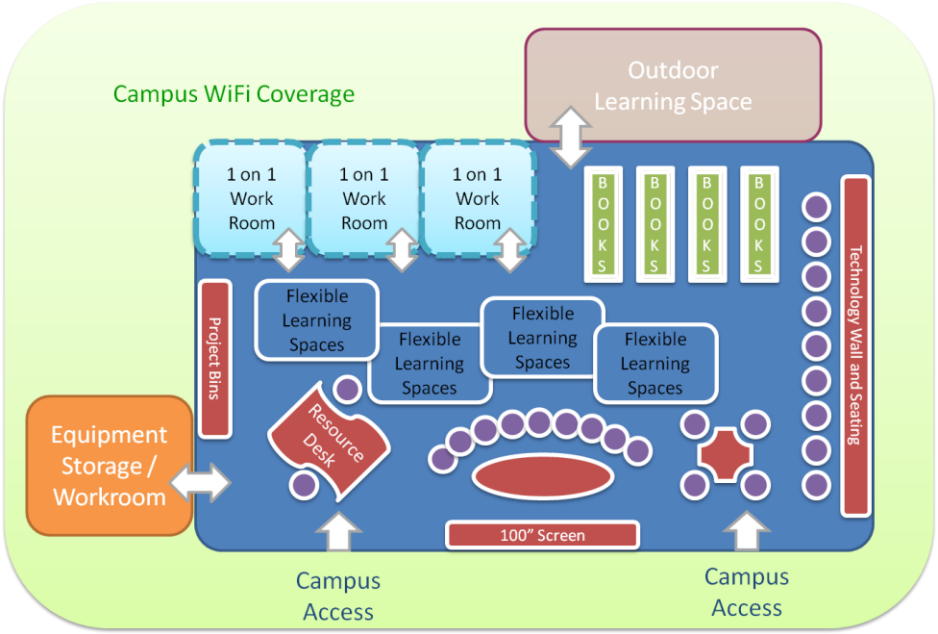
1. Laptop or tablet connected to the instructor's station (e.g., enabling the instructor to share a slideshow or demonstrate a mobile device app)
2. DVD player (e.g., enabling a single video to be duplicated on all screens simultaneously)
3. Digital camera and/or document camera
4. Other devices that generate video or audio content

In addition, four in-ceiling speakers will be required to be placed in the classroom to enhance classroom audio and project instruction from the teacher. This system should allow the teacher to project her voice to the class or enhance audio components of the curriculum.

Student computing devices: The District's Technology Program has equipped all students with iPads to be used within this high-tech lab environment. The design team should engage the District's Chief Information Officer (CIO) in the selection of the above equipment to ensure compatibility where required.

SUMMARY

The vision and description of piano keyboard lab contained herein has been developed with the input of District staff as well as elementary school educators and professional facilities consultants. The criteria specified are provided to supplement approved educational specifications and provide a framework for classroom design that creates a true 21st century facility, as opposed to a 20th century classroom built in the 21st century.



As such, a thorough understanding of the functions performed in these spaces is critical so that the form can adequately follow. Much of the functionality in the new learning labs is achieved through innovative choices on furniture, fixtures, and equipment). As the "essence" of the project, these FF&E elements will enable instructors to transform their teaching pedagogy. Designs that recognize and incorporate these concepts will enable such a vision to be fully realized.

When in doubt, the design team is encouraged to consult CFW, the District's Program Manager and author of this document.

LIBRARY/MEDIA CENTERS: Vision & Specifications

OVERVIEW

The Oxnard School District has adopted a Master Construct and Implementation Program guided by a mission to transform the functionality of school facilities and improve academic achievement. The Library/Media Center should be modernized per the vision and description herein described. This section is divided into two parts: a vision that describes the anticipated use of the Library/Media Center from the perspective of an individual observing the use of the facility upon completion of the modernization, and a description that provides a detailed assessment of each design element required to achieve the stated vision.

LIBRARY/MEDIA CENTER VISION

As you enter the Library/Media Center, you first notice and hear a 90" TV that is mounted on the wall. Immediately surrounding this display, a teacher is instructing a group of students sitting on the floor, on how to use the 3D printer, by projecting her iPad onto the display. When they have completed their instruction, the students move to open areas in the room. Another group of students comes to the area of the monitor. The teacher is demonstrating a coding lesson, and using their individual iPads, the students follow along. When they are complete, another group of students is shown a coding lesson, and using their individual iPads, follow along. Students utilize the Library/Media Center to collaborate, investigate, and solve problems. Thus, the room is noisy – definitely not the quiet library spaces of the past. There is appropriate furniture – flexible and comfortable – throughout the room, and the large open physical space makes the room feel very bright and active. The space encourages teach and student interaction and students feel very comfortable in this learning space.

Students select a digital device if they do not have one, or use their own issued device and sit wherever they are comfortable to read and interact with the technology. On the perimeter of room are places for students to sit, read, and discuss what they are learning. The building has wireless internet connectivity throughout. On one wall are rows of windows with "shelves" along these windows, and stools to sit on. Students are sitting on the stools with their iPad. As they learn something new and exciting, they are sharing it with their fellow students. This space lends itself to students interacting with each other. In another area, students are sitting on the floor working on a project. They are also doing research on their iPads as well as working on various projects.

The Resource Teacher sits at a work station or table that is inviting to students and encourages them to come and seek information or help. The furnishing and size of the work space invites students to approach and collaborate as opposed to creating an intimidating barrier that might keep students away. If a student needs to make up a test or be collaborative, the resource teacher is there to help. The resource teacher – with a kind, friendly, and responsive demeanor – answers questions and provides guidance to students. This teacher might lead a small group lesson on responsible computer use, safety, security, and information reliability – today's equivalents of learning the Dewey decimal system. In between questions and structured activities, the resource teacher is preparing labs or project materials for students who may only come to school for a few hours each week in support of their homeschooling curriculum.

Along a wall nearby are prepared tubs of student project materials, containing bins with everything a student needs to complete various projects. For example, if a homeschooled student needs to come in for completion of a science project, a tub with the appropriate experiment, instructions, and tools are all there in one place to allow completion of the work. The student takes the tub to a comfortable place in the Library/Media Center to work on

their project and returns to the Resource Teacher, or may choose to work with another student in one of three breakout rooms, when needing support.

There is another area in this room that has six computers along the wall where students learn keyboarding skills or take a small group class with the Resource Teacher on how to use a certain software product such as Microsoft Office or Digital Art software. There is another area where students sit comfortably in chairs, a sofa or café tables to read and discuss what they have read. Hardbound books are on carts with wheels, as well as on a limited built-in bookshelf along one wall. The size of the collection has been reduced because students can access many books on their iPad.

There are also one to one workrooms that allow students to step in with the Resource Teacher to complete homeschooling meetings or other discussions that might require a sound-isolated space. Small groups of students might also use the workrooms to collaborate on projects or assignments. Inside the workrooms, floor-to-ceiling marker boards provide comfortable spaces to write or draw freely. The workrooms feel very open and connected to the rest of the Library/Media Center, as any walls or doors feature transparent surfaces.

Fixtures and finishing in the room contribute to the theme of the school academy. For example, exemplary multi-media project as being displayed in this multi-media focused elementary school.

DESCRIPTION OF REQUIRED ELEMENTS

FURNITURE & FIXTURES REQUIRED:

Tables and seating: A variety of flexible and comfortable seating is provided for 36 students; stools along the technology wall are provided with enough seating for 10 students. Desks that a mobile and can reconfigured into a variety of orientations are provided for 20 students. Six computer tables with chairs are also provided. In a central location, a circular desk is provided for an instructor to sit in the interior, and interact with students. Against one wall, near the entry, a modified circulation table is provided. This desk would provide space for students to return and check out books, and house the Library Technician's computer. This desk is not easily mobile, but is also not built into the Library/Media Center, so that the space can be rearranged as necessary. In each breakout room, a table and chairs are provided for four students. In the Maker's room, sufficient flexible and mobile table and chairs are provided for eight students.

Shelving and storage: There is book shelving along perimeter walls of the library media center. In addition, there are four sturdy movable book shelves that can be arranged in different ways to meet the space needs of the room.

There are two additional movable shelving units that contain storage compartments for bins/tubs of activities to hold student learning materials. Additionally, a portion of the Library/Media Center should be set aside as a locked technology storage room.

Examples of mobile storage carts and cabinets for illustration purposes only; actual products selected for the project may vary.

This room would have space and shelving appropriate to store the Library/Media Center's inventory of iPads on four mobile computer carts. If appropriate, this space could also house the MDF/IDF. This storage would be separate from the textbook storage room and other storage space, and would meet the need to secure the school's allotment of iPads or other future computing devices provided for each student and teacher when not in active use. In the maker's room, an additional two movable storage units are provided. In the textbook storage/workroom, tables, four chairs, and four mobile storage units are provided

Lighting: Lighting fixtures should provide a general condition of room illumination to allow sufficient legibility of materials, while minimizing glare on electronic screens. Options to provide energy efficient solutions may be considered.

EQUIPMENT REQUIRED:

HDTV Display: A single flat screen HDTV display measuring at least 90" inches diagonally is required to support the vision described herein. This display should be surrounded by a sitting area for project presentations. Display

Example of a 60-inch HDTV mounted to a classroom wall for illustration purposes only; actual products selected for the project may vary.

requirements include a minimum of three HDMI inputs, and either built-in Wi-Fi equipment or an attached accessory device that provides Wi-Fi accessible services. The display should be mounted on a reliable adjustable arm positioned so that the bottom of the display is 5 feet above the floor. The mounting should also provide the option of extending the display out from the wall one to two feet and thus permitting the display to pivot to the left or right for an approximate turning angle of 45 to 90 degrees. Cabling should be obscured behind the mount and within the wall.

Care should be taken to select a reliable, cost-effective HDTV product, and consideration should be given to the simplicity, ease, and familiarity with controls that teachers use to adjust the device. With this in mind, architects and engineers are to be mindful of the potential for interference between common infrared remote controls and highly reflective surfaces around the

room and may suggest a means by which to avoid signals meant for one HDTV from being received by another.

Audio/video box: A ceiling-mounted housing, preferably flush with the suspended ceiling tiles, shall provide space (e.g. equivalent to a 2U equipment rack) for a switching mechanism that allows the instructor to change the video or audio source sent to the display. Given this AV switch/matrix, the instructor is able to select various desired input sources from a handheld device or remote control. Inputs may be housed elsewhere in the room or within additional remaining space provided by the AV box. Inputs may include:

1. Laptop or tablet connected to the instructor's station (e.g., enabling the instructor to share a slideshow or demonstrate a mobile device app)
2. DVD player (e.g., enabling a single video to be duplicated on all screens simultaneously)
3. Digital camera and/or document camera
4. Other devices that generate video or audio content

Student computing devices: The District's Technology Program has equipped all students with iPads to be used within this high-tech environment. The design team should engage the District's Chief Information Officer (CIO) in the selection of the above equipment to ensure compatibility where required.

MAKER'S ROOM

Visible from the Library/Media Center , through a store-front glass wall, is a maker's room. The makers room is approximately 480-square feet in size, and includes a 3D printer, as well as a wireless iPad compatible printer for student use. These printers are connected to the computers in the main Library/Media Center space. Students are using the space to collaborate and build their projects. Mobile storage units are provided to store student projects and student materials.

SUMMARY

The vision and description of Library/Media Center contained herein has been developed with the input of District staff as well as educators, former school administrators and professional facilities consultants. Collectively, the criteria specified is provided to supplement approved Educational Specifications and provide a framework for design that creates a true 21st century Student Resource Center facility, as opposed to a 20th century library design that has been built in the 21st century.

As such, a thorough understanding of the functions performed in these spaces is critical so that the form can adequately follow. Much of the functionality in the new Library/Media Center is achieved through innovative choices on furniture, fixtures, and equipment (FF&E). As the "essence" of the project, these FF&E elements will enable library media instructors and resource teachers to transform their instructional pedagogy. Designs that recognize and incorporate these concepts will enable such a vision to be fully realized.

When in doubt, the design team is encouraged to consult with Caldwell Flores Winters, the District's Program Manager and author of this document.

MULTIPURPOSE FACILITY: Vision & Specifications

OVERVIEW

The Multipurpose Facility will support many different uses and function as a main gathering place for assemblies, student performances and athletic

events, in addition to a meal preparation and an eating space. The Multipurpose Facility will be modernized to include new cafeteria furniture, new kitchen equipment and 21st Century upgrades. The vision below provides the perspective of an individual observing the facility upon completion of the modernization, and is followed by a description that provides a detailed assessment of each design element required to achieve the stated vision.

MULTIPURPOSE ROOM VISION

It is early in the morning, prior to school starting. As you enter the Multipurpose Room, you see students eating breakfast sitting at cafeteria type tables. Older students are given a choice of where they would like to sit to eat breakfast or lunch.

Today it is raining outside, so students can gather in the Multipurpose Room during their PE time. They participate in indoor physical activities that involve games where every child is moving. The cafeteria tables have been folded and stored along one wall to create the open space that allows for student movement. The ceiling is clear of any mechanical or structural elements at least 22-feet above the floor, permitting a wide range of athletic uses (e.g. basketball, volleyball).

On other days when it is nice outside, the students can use the space after lunch for group collaboration projects. They might use the cafeteria tables while engaging in an activity when the project calls for an expanse of table space to lay out the project. Students can work and collaborate in this space.

On staff development days, this space is also used by teachers for their staff development. The monitor serves a "screen" for the presenter to project images or presentations. There is also a screen in front of the stage that comes down when the remote control is activated. At times, this screen is used instead of the monitor with a projector or both are used at the same time.

Afterschool, some of the students use the Multipurpose Room to play physical games, such as basketball or volleyball, as a part of the Afterschool Program. The cafeteria tables have been folded and moved along one way to provide floor space in which the students play.

That evening, the school's choir is presenting their winter concert for the parents. The students perform on a mobile stage. There is lighting and sound provided for student performance. The parents sit on folding chairs that have been placed on the main floor of the building. Earlier in the day, the District's facilities staff assembled the stage, which was being stored in the storage area. This is the area where the folding chairs are also stored.

The Multipurpose Room serves as a very flexible space for many kinds of activities in which the school wishes to engage. The room is bright and cheerful using the colors of the school mascot and has a very modern and updated appearance. The area will be equipped with Wi-Fi access to accommodate student use of digital devices.

MUSIC PLATFORM

The Multipurpose Facility allocates dedicated space for a performance platform, a portable stage. The District has opted to utilize this floor area to increase the overall size of the open, flexible use space of the multipurpose room, provided that an appropriate area is configured at which a mobile stage can be assembled when required for student performances, parent events, or other uses. As such, architects are advised to identify this space, and ensure lighting and AV controls recognize its intended function, and otherwise ensure that under day-to-day operating conditions, the space provides additional flexible space to enlarge the capacity of the multipurpose room.

Careful consideration should be given to select a mobile stage that can easily be assembled and disassembled. This stage should require only two people

for assembly. The stage should be able to be stored in the multipurpose facility storage room when not in use.

PREPARATION KITCHEN

As a part of the modernization of the Multipurpose room, new kitchen equipment will be provided to replace older equipment, where required. Properly functioning kitchen equipment will remain.

OTHER UPGRADES

New ceiling tiles, flooring, and HVAC grills will be replaced where required. Electrical upgrades for improved Audio-Visual systems will be provided, where required. Where community uses are already in place, they shall be maintained to the extent possible as long as they do not interfere with the educational and operational use of the school.

DESCRIPTION OF REQUIRED ELEMENTS

FURNITURE & FIXTURES REQUIRED

Tables and seating: Cafeteria type tables and seating will be provided that easily and quickly fold up and can be stored in designated storage rooms or spaces and maximize the seating within the available space for multiple uses. The tables and seating must be provided that support their use and reconfiguration for smaller parent and staff meetings as well as for school sponsored assemblies.

EQUIPMENT REQUIRED

Ceiling Mounted Screen: A very large remote-operated, retractable screen is required, mounted from the ceiling and positioned above the location anticipated to be utilized for the mobile stage. A high-lumen projector should be mounted on the ceiling and positioned to project clearly to the screen when in use. The projector should be wired to a corresponding audio/video box, mounted 2-feet off the ground on one wall and described below. HDMI cabling should run through the ceiling and walls from the projector to the A/V box, to enable the projector to play media from a variety of sources.

Audio/video box: A wall or ceiling mounted housing, preferably flush with the wall surface and mounted 2 feet above the floor, shall provide space (e.g. equivalent to a 2U equipment rack) for a switching mechanism that allows the instructor to change the video or audio source sent to each display. Given this AV switch/matrix, the instructor can select various desired input sources from a handheld device or remote control. Inputs may be housed elsewhere in the room or within additional remaining space provided by the AV box. Inputs may include:

1. Laptop or tablet connected to the instructor's station (e.g., enabling the instructor to share a slideshow or demonstrate a mobile device app)
2. DVD player (e.g., enabling a single video to be duplicated on all screens simultaneously)
3. Wireless media streaming devices (e.g. Apple TV, Chromecast)
4. Digital camera and/or document camera
5. Other devices that generate video or audio content

Above or beside this box, a small retractable wall mounted desk shall be provided. The desk would provide enough space for a laptop, to allow staff or other presenters to hook their laptop up to the projector system, through the A/V Box.

SUMMARY

The vision and description of Multipurpose Room contained herein has been developed with the input of District staff as well as educators, former school administrators and professional facilities consultants. Collectively, the criteria specified is provided to supplement approved Educational Specifications and provide a framework for design that creates a true 21st

century Multipurpose Room facility that will be able to meet the various needs for the kinds of spaces that enrich students' academic experiences.

As such, a thorough understanding of the functions performed in these spaces is critical so that the form can adequately follow. Much of the functionality in the new Multipurpose Room space is achieved through innovative choices on furniture, fixtures, and equipment (FF&E). As the "essence" of the project, these FF&E elements will enable to use the space in a multiple of ways that meet the needs of the students. Designs that recognize and incorporate these concepts will enable such a vision to be fully realized.

When in doubt, the design team is encouraged to consult with Caldwell Flores Winters, the District's Program Manager and author of this document.

OTHER SUPPORT SPACE (Counselor Room): Vision & Specifications

OVERVIEW

As part of the District's Master Construct and Implementation Program, future improvements at McAuliffe Elementary School include providing approximately 730 square feet of administrative programming space in the permanent building to properly house both the Speech and RSP programs.

Per the adopted Educational Specifications, the counselor and psychologist rooms require at least 150 square feet each. As the counselor office is currently in a space that could serve a support program with the need for greater square footage, finding a new home for the counselor office will eliminate the need to construct new administration space.

There are two locations where there are two adjacent supply rooms: between Rooms 21 and 23 and between Rooms 34 and 36. By converting either set of these supply rooms into 1 larger office space, may create sufficient space to house the counselor room, allowing the current counselor space to house RSP and Speech, thereby eliminating the use of 2 additional portables for support space. This will be further studied once the design process is underway.

COUNSELOR ROOM VISION

The is one dedicated office for the counselor to provide support to the students at the school. The office is furnished with a desk, chair, file cabinet, mobile bookcase and mobile lockable storage cabinet. There is a small table with 4-6 chairs that allow for meeting with small groups of children or parents.

DESCRIPTION OF REQUIRED ELEMENTS

The Counselor Room must, upon completion, be fully furnished and equipped to realize the above vision.

FURNITURE & FIXTURES REQUIRED:

Desks, seating and workspace: The office has a desk, comfortable desk chair, 2 drawer filing cabinet, computer, 2 mobile storage units, and small table with 2 to 4 chairs that functions as a small work or meeting space.

Window Coverings: Walls with windowed surfaces may be covered by marker boards that slide on a track so as to provide the option of obscuring the windows when additional writing surface is needed or darkening the room when natural light needs to be reduced.

Platforms, shelves, and cabinetry: There is no need for built-in cabinetry or shelves, as the desks and offices utilize mobile storage units.

Lighting: Lighting fixtures should provide a general condition of room illumination to allow sufficient legibility of materials, while minimizing glare on electronic screens. Options to provide energy efficient solutions may be considered.

SUMMARY

The vision and description of Counselor Room contained herein has been developed with the input of District staff as well as elementary school educators, former school administrators and professional facilities consultants. Collectively, the criteria specified is provided to supplement approved Educational Specifications and provide a framework for classroom design that creates a true 21st century facility, as opposed to a 20th century classroom design that has been built in the 21st century.

As such, a thorough understanding of the functions performed in this space is critical so that the form can adequately follow. Much of the functionality in the new Counselor Room space is achieved through innovative choices on furniture, fixtures, and equipment (FF&E). As the "essence" of the project, these FF&E elements will enable instructors to transform their teaching pedagogy. Designs that recognize and incorporate these concepts will enable such a vision to be fully realized.

When in doubt, the design team is encouraged to consult with Caldwell Flores Winters, the District's Program Manager and author of this document.

ADDENDUM #001 TO THE REQUEST FOR PROPOSAL DOCUMENT

To all Architect Bidders of Record on the Request for Proposal (RFP) titled:

REQUEST FOR PROPOSALS- ARCHITECTURAL SERVICES

MODERNIZATION OF
MCAULIFFE AND RITCHEN ELEMENTARY SCHOOLS

Addendum Date: September 10, 2019

A. This Addendum shall be considered part of the Request for Proposal document for the above-mentioned project as though it had been issued at the same time and shall be incorporated integrally therewith. Where provisions of the following supplementary data differ from those of the original RFP document, this Addendum shall govern and take precedence.
B. Bidders are hereby notified that they shall make any necessary adjustments in their estimates as a result of this addendum. It will be construed that each bidder's proposal is submitted with full knowledge of all modifications and supplemental data specified herein.

The RFP document are modified and clarified, as follows:

Item #1

Changes to the RFP Document:

1.1 RFP Cover Sheet:

Request for Proposal document date of August 30, 2019 added.
Addendum #1 document date of September 10, 2019 added.

1.2 RFP page 2, Project Requirements:

Sentence added to the end of paragraph 1. Text reads: "This scope to be further defined at a later date."

1.3 RFP page 3, Project Requirements, Requested Services:

Paragraphs 3, 4 and 5 added. Text reads: "Water intrusion into the building is a problem at both McAuliffe and Ritchen. Design team to investigate, design a solution and provide a cost estimate for this work that is separate from the modernization costs.

Attach

Code required upgrades triggered by the modernization work, such as fire alarm system replacement or upgrade and ADA upgrades are to be investigated, designed and priced by the Architect / Engineer. Estimates for this work will be separate from the modernization costs.

HVAC work to consist of thermostat replacement with Venstar, centrally monitored thermostats throughout. All ducting, piping, pumps and boilers to be inspected and replaced as required. (Air handlers and VFDs replaced in 2013.) Unused funds to be applied to replacement of toilets, valves and faucets on an as-needed basis."

1.4 RFP page 4, Project Requirements, Requested Services, For the library/media center improvements, key elements required include:

Omit first bullet point. Text reads: "Sixteen media tables and stools of various heights will be located along one wall that have electrical outlets for students to plug in their hand-held devices or computer stations that have software specific for students to create projects related to the school's educational program."

1.5 RFP page 4, Project Requirements, Requested Services, Key elements related to the improvements to the existing MPR facilities include:

Omit second bullet point. Text reads: "A 90-inch monitor will be mounted on the wall away from physical activity areas with wireless connectivity throughout the room."

1.6 RFP page 5, Project Requirements, Requested Services, Key elements related to the improvements to the existing MPR facilities include:

Add text to third bullet point. Text reads: "an 18' x 24'"

1.7 RFP page 5, Project Requirements, Requested Services, Key elements related to the improvements to the existing MPR facilities include:

Omit text from fourth bullet point and add text to fourth bullet point. Omitted text reads: "New kitchen equipment will be provided to replace older equipment, where required. Properly functioning kitchen equipment will remain."

Added text reads: “Walk-in refrigerators / freezers at both schools to be evaluated for functionality and repaired / replaced as required. The grease interceptor to be replaced at McAuliffe only.”

1.8 RFP page 5, Project Requirements, Requested Services, Key elements related to the improvements to the existing MPR facilities include:

Add seventh bullet point. Text reads: “Structural evaluation at Ritchen – 1 window wall.”

1.9 RFP page 5, McAuliffe Elementary School:

Replace text in first paragraph. Omitted text reads: “new furniture for the cafeteria and new kitchen equipment where applicable.”

Replacement text reads: “new projector and screen, replacement of the stage with a smaller, demountable stage, replacement of a limited amount of ceiling tile, kitchen upgrades as listed and supplemental or new cafeteria tables, as directed by the district.”

1.10 RFP page 6, Ritchen Elementary School:

Replace text in first paragraph. Omitted text reads: “new furniture for the cafeteria and new kitchen equipment where applicable.”

Replacement text reads: “new projector and screen, replacement of the stage with a smaller, demountable stage, replacement of a limited amount of ceiling tile, kitchen upgrades as listed, structural repair as necessary and supplemental or new cafeteria tables, as directed by the district.”

End of Addendum #1

Oxnard School District
1051 S. A Street
Oxnard, CA 93030

Attn: Jordan Miles, CFW

Re: Request for Proposals for Architectural Services
Modernization of McAuliffe and Ritchen Elementary Schools

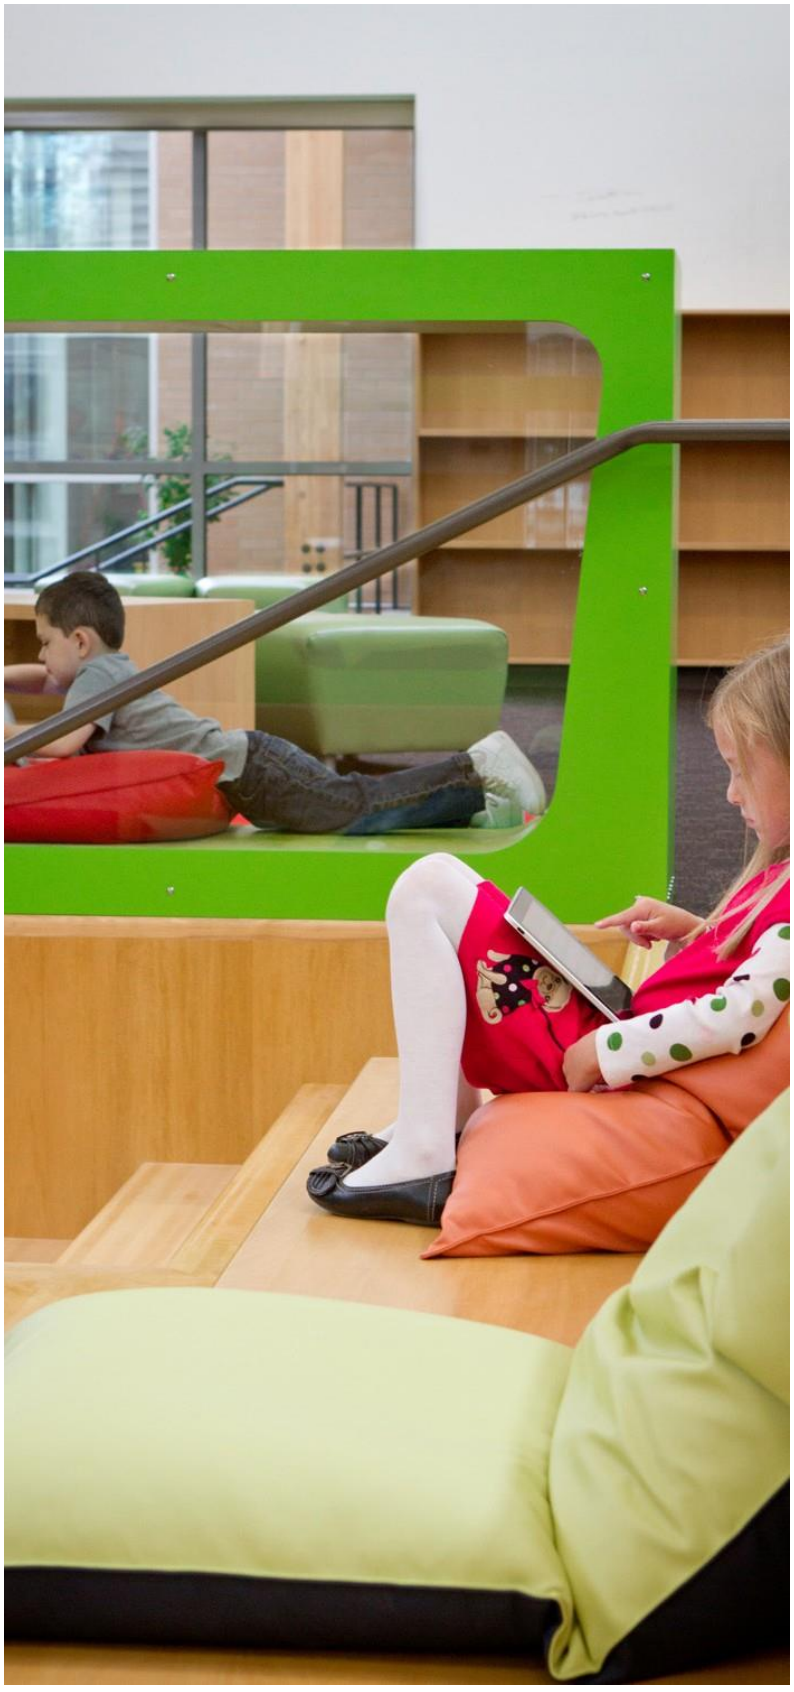
Dear Mr. Miles,

Thank you for the opportunity to share our ideas for the modernization of McAuliffe and Ritchen Elementary Schools as the Oxnard School District seeks to better serve the future of their community with the development 21st century learning environments. IBI Group has an extensive track record of working with school districts across the state of California spanning the past 40+ years. For 30+ years we have successfully collaborated with the Oxnard School to improve the educational environments for the benefit of the students and the community. We have completed numerous construction projects ranging from modernizations to new ground up facilities; and we look forward to the challenge of **redefining the learning environments at McAuliffe and Ritchen Elementary Schools** to better prepare their students to meet the challenges of today's educational environment.

We look forward to working with the district as you seek to develop unique learning environments that promotes the next generation of learning; which will further augment the strand-focused STEAM classroom and maker space at McAuliffe Elementary and the academic focus of science and technology at Ritchen Elementary. Assisting the district in achieving their vision, we will re-envision the existing facilities though a series of modernizations to the permanent classrooms, multipurpose room, library and additional support spaces. Working with the existing spaces we will incorporate elements of next generation learning taking advantage of current technology trends, as well as redefining furnishings to provide flexible and adaptive learning environments to best suit the needs of the students and teachers. Combined, our designs will **provide cohesive flexible learning environment** that will challenge the minds of your students.

IBI Group is uniquely qualified to meet the needs of the district through our extensive knowledge base and experience of providing added value and perspective with our deep bench of internal staff and consultants. **IBI Learning+** is a center of excellence within IBI Group that focuses on shaping the next generation of learning environments that encourage real life research and problem solving. Our firm is experienced in providing design services, and has completed more than 1,000 educational projects in California which include new construction, additions and complex multi-phase renovations, many of which have won top design awards. Our clients rely on us to consistently exceed expectations while

shepherding valuable public resources – a responsibility we take very seriously.



To successfully achieve the goals of this scope of work, IBI group has assembled a highly qualified team of design professionals, each specifically selected based on their relevant project experience in the planning, design and construction of spaces similar those present at both McAuliffe and Ritchen Elementary Schools. The core team leaders will be **Project Director and Principal in Charge, Craig Atkinson, Project Manager, Andrew Miller and Project Architect, Janvi Kanani**. Supporting this core group are staff and consultants that are chosen based on their experience with modernizations, working with the district and successful completion of past projects.

At IBI Group, our team shares a common belief that great architecture can only be achieved through a healthy ongoing dialogue with the District, for whom we are ultimately designing. We strive to develop a thorough understanding of the needs and desires that fuels our client's passions, while remaining true to the surrounding building context. Ultimately, **this collaborative, user-based process**, develops a sense of pride and accomplishment for the community for whom this school will serve.

With pride and enthusiasm, we submit our Proposal, Experience and Conceptual Ideas for your consideration. Developing long lasting relationships is at the core of our firm values. We, therefore, look forward to the opportunity to work with the Oxnard School District as you position McAuliffe and Ritchen Elementary Schools for future success.

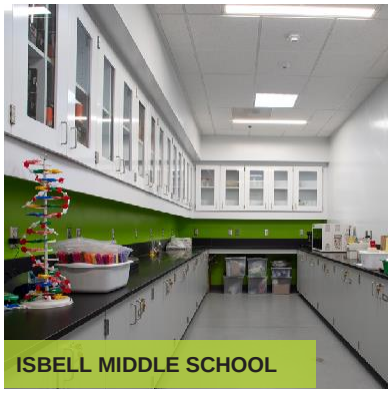
Sincerely,

Craig Atkinson, AIA, NOMA, LEED AP
Director – Sr. Principal, Architecture

1 Similar Project Experience

Transformative Design Capabilities for School Modernization for Next Generation Learning

IBI Group is an experienced group of team leaders and design professionals. This team combines a recent history of developing educational facilities on existing K-12 campuses and the research and development of "Next Generation" learning environments. We are developing educational environments that are focused on the learner and the shift to agile individualized learning methods. We believe learning should be contextual and relational, not just rigid adherence to skill-building. We understand teaching and technology ought to be seen as the 'invisible tools' in the learning encounter.



Modernizations on Existing Campuses

Modernization projects present a unique challenge to the design team in addition to those encountered in new construction. They are bound by regulatory limits affecting funding maximums, mandatory minimum spending to accommodate physically disabled accessibility, functional and facility program needs—each dictating user priorities. It truly is an interactive process to meet all the criteria. At the heart of any modernization project is the existing facility. Investigating, assessing and evaluating existing facilities are keys to identifying and prioritizing the work that needs to be done. Field investigation includes, site visits by IBI Group and our team of consultants to verify existing conditions and identify possible areas of work.

Transformative Projects on Existing Campuses

Public education for future generations challenges us to look beyond traditional forms of learning and teaching to envision learning communities that enable educators to collaborate, share best practices and integrate into classrooms. This means creating relevant, real world, Next Generation environments with accessible learning tools, technologies and resources that expand community and international involvement in learning, both face-to-face and online; architectural designs that support group, team and individual learning. We have worked with numerous Districts to understand how they want to deliver educational experiences and respond with the appropriate facility design. We take special pride in our experience and success with our process.

ISBELL MIDDLE SCHOOL

Creating design solutions on highly visible and/or constrained sites require accepting the constraints of the box while pushing the solutions to the limit of the box. The design of the new is an excellent example of this action. At Isbell MS, the District wanted new STEM classroom along with flexibility to carry out other classes when needed. IBI Group worked with the structural engineer and the District to evaluate the abandoned locker/shower building and saw an opportunity to transform them into new flex classrooms. The result was that the District received state funding under the AB300 program to upgrade the old dilapidated building to current code and with additional local bond funds, the District is now enjoying two Flex Labs.

Another instance of outstanding adaptive re-use projects would be the At Pomeroy Elementary, Curtner Elementary and Zanker Elementary Schools, existing spaces were converted into flexible project-based learning centers, each with its own identity and characteristics derived from the users. Remodeled spaces were constructed to modernize the educational environment and enhance the learning experience for the resident elementary school students. IBI Group programmed each space with a committee drawn from the individual campus and arrived at three distinct solutions. Zanker Elementary School was a conversion of the old multi-purpose building into a student maker space complete with wet and dry areas for projects. The Learning Center at Curtner was created to provide flexible space from the old library and adjacent classrooms that can expand into a large training facility for staff or contract into separate small team collaboration spaces. All spaces are easily converted with the use of agile furniture and walls. Pomeroy Elementary School converted a multipurpose building into a media center that combines a library area and flexible learning space. The new area provides the area for several classrooms to collaborate on projects as well as small group breakout.

"To witness its transformation from a tired and well-loved space to a contemporary, vibrant, and welcoming nucleus for student life has been nothing short of inspirational. Not only is the space aesthetically beautiful and inspiring, but the manner which our students are engaging with the space and with each other in the space is equally inspiring…it's architecturally striking with beautiful appointments and finishes and showcases the love that went into its planning by our phenomenal design team. But the Campus Center is so much more than a newly renovated building it is the heart, the soul, the spirit and the living room of West Valley College."

- LORI GASKIN, PH.D., WEST VALLEY COMMUNITY COLLEGE, PRESIDENT

2 Challenges of Phased School Construction

PASO ROBLES HIGH SCHOOL

IBI Group understands the challenges presented with campus additions and modernizations. We understand how to efficiently utilize space, and how to keep campuses operational during construction. We are connoisseurs at addressing highly complicated projects, such as whole campus conversions, multiple additions, campus-wide modernizations, ADA upgrades and selective modernizations. Phasing brings an added level of complexity to existing projects. IBI Group is well aware of these challenges and works with the District and School Site Stakeholders to minimize the impacts on the users. One such example would be working with the **Paso Robles High School District** in developing the construction phasing for the modernization of 5 existing buildings by three separate contractors over a two year period.

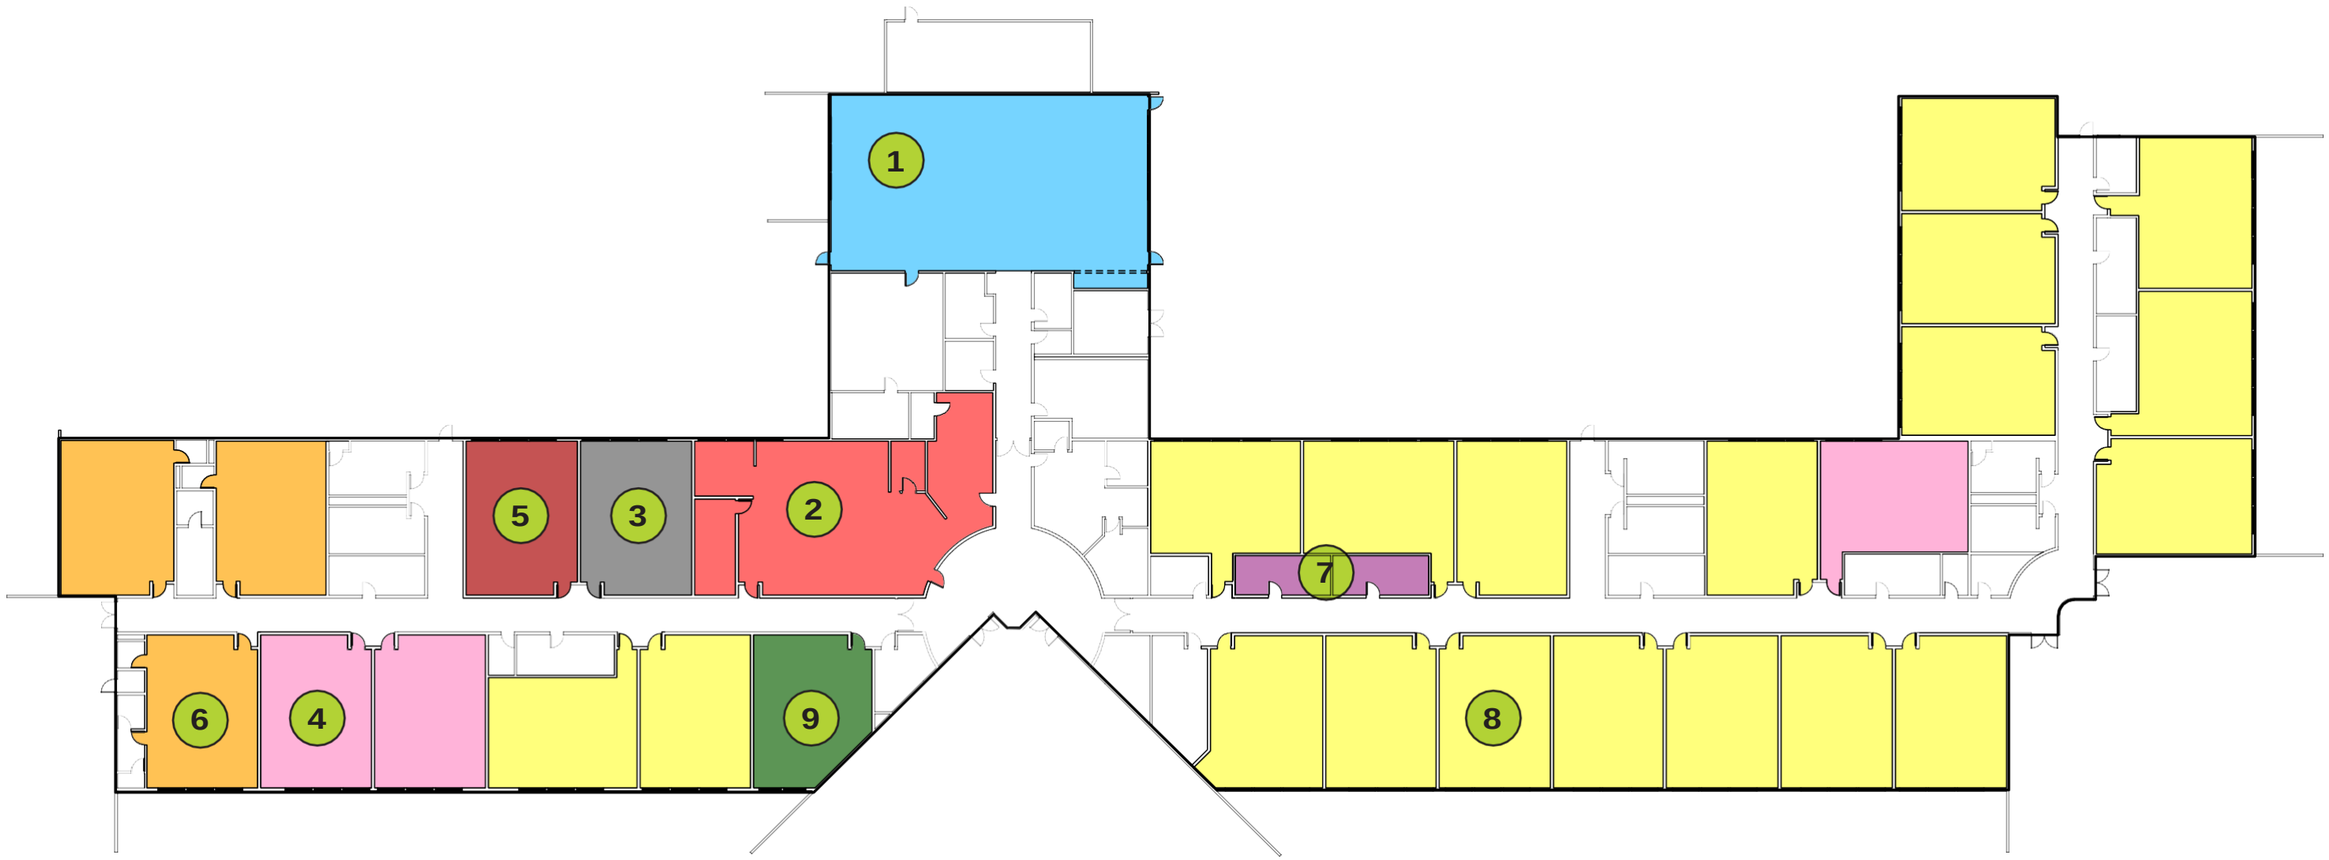
Project “A” included Building 200 (Math/English and Social Studies); Building 300 (existing Sciences); Building 400 (conversion of standard classrooms to sciences).

Project “B” included Building 500A (conversion of ASB to Band and Teacher Lounge); 500 B (the PAC remodel and addition); 500 C (arts renovation)

Project “C” included Building 600 A (Construction Technology renovation) and 600B (conversion of welding lab into Information technology)

Working with the contractors and the District, IBI developed a phasing plan based on these principles:

1. Allow for housing students in existing classroom space without adding new relocatable classrooms to the campus (while not disrupting student life too much).
2. Allow for completion of predecessor tasks by each contractor in such a way as to not delay the other contractors.
3. Allow for completion of the Performing Arts Center in time for the opening performance of the first following year.



As part of the overall bond program schedule, a new two story classroom building designed by IBI to replace existing portable classrooms was completed prior to the modernization effort. The first objective was met by being able to house students in these new classrooms and not taking the existing portable classrooms out of service until the completion of the modernization.

Working closely in a lease-lease-back negotiation with the District and the three separate contractors, IBI Group developed a coordinated construction schedule that identified each task from all contractors and the interrelationships between each contractor's individual construction schedules. The coordinated schedule was reviewed and accepted by all three contractors. **This process accelerated the overall schedule to allow completion one year earlier than originally anticipated and saved the District thousands of dollars in General Contractor costs.**

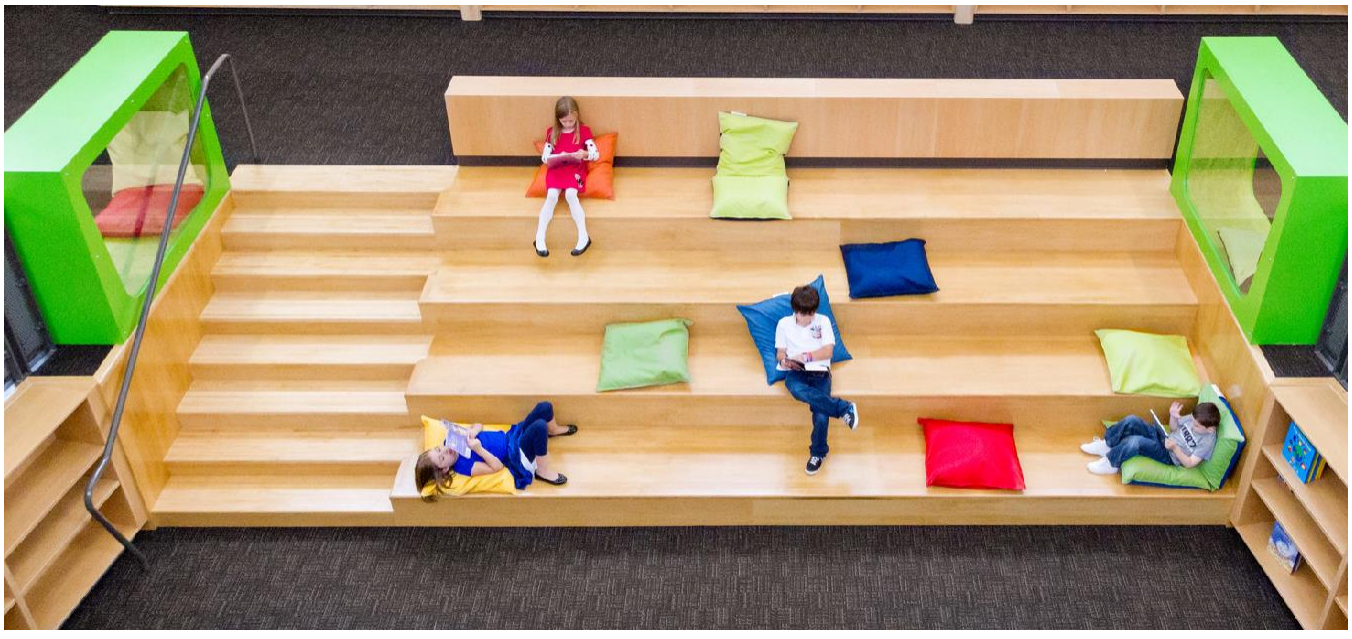
4 Meeting or Accelerating Proposed Project Timelines

"...The outstanding quality of their work, the ability to meet agreed upon time lines and the skill to stay within projected costs have all been greatly appreciated. The staff at IBI Group has also shown the ability to address issues in a timely fashion, with an eye for minimizing impacts to project cost and schedule, and the needs of the owner. The principals, project managers, and support staff have been accessible and available whenever necessary. They have been helpful in the evaluation of diverse needs, views, and input from the various stakeholders, have listened intently, and have responded to the City's needs in a positive and professional manner."

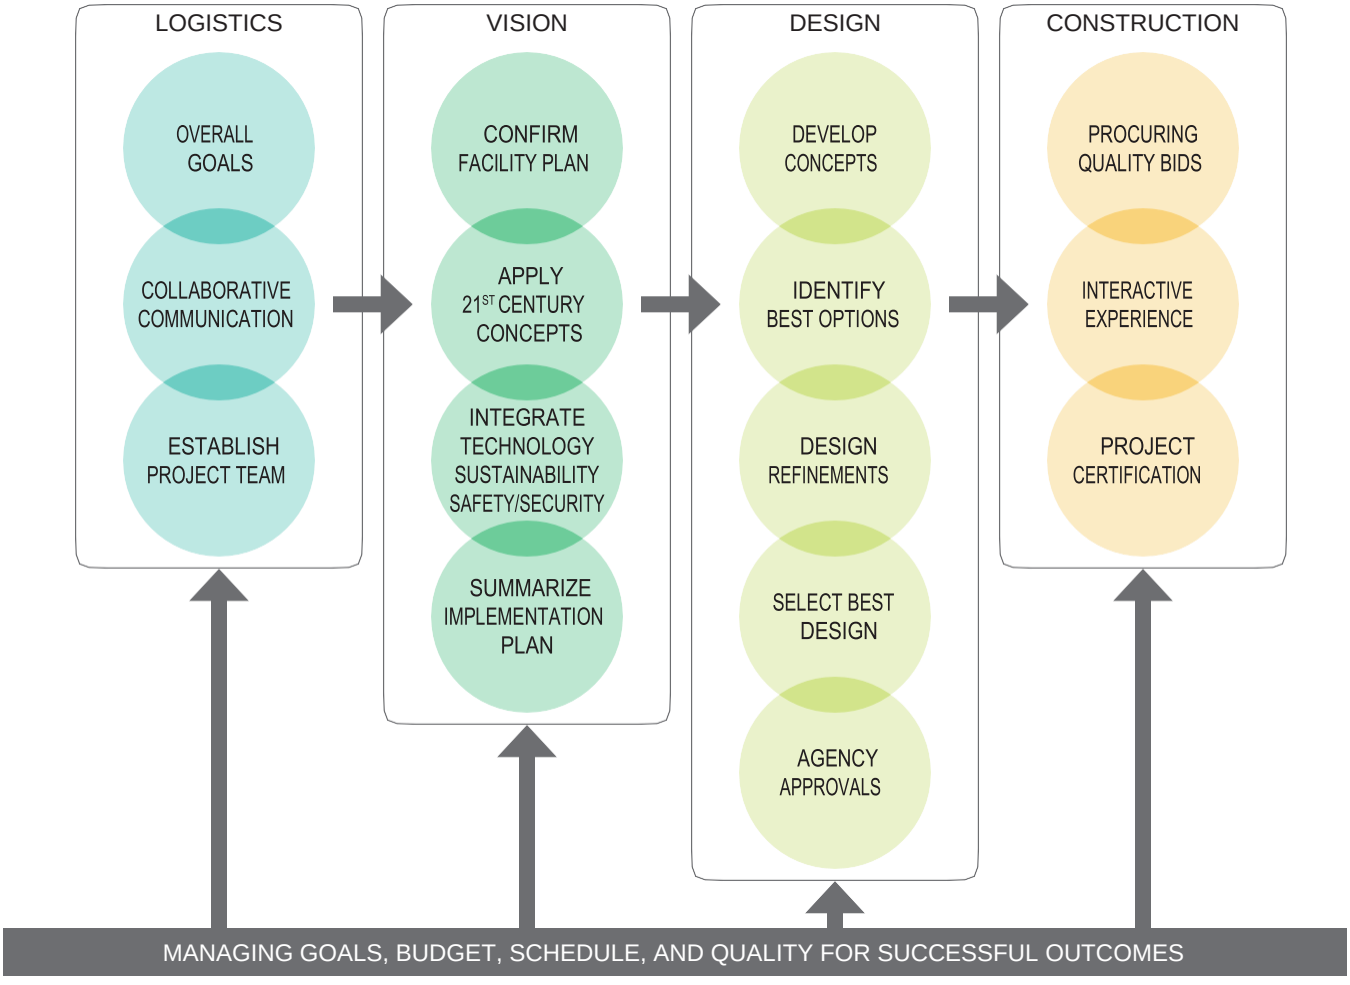


- RODGER OLDS, P.E., MBA
PRINCIPAL CIVIL ENGINEER
CITY OF SANTA MARIA

IBI Group is highly experienced in meeting schedules and timelines. In fact, many clients enlist our services for this one reason. Just a few of our success stories include:

- Successfully modernizing 12 projects at one District over the summer,
- Completing a 3-story classroom building from inception to completion in 18 months.
- Building a new K-8 non-modular school from programming to occupancy in just over 24 months, including agency review time.

Good design, maintaining budget and schedule control begins at the initial planning of the project. Senior staff with extensive facility planning and design experience will be proactive in initiating appropriate means to effectively manage or accelerate the schedule. We will work closely with the District, the program manager, and the LLB Contractor from the start to identify realistic milestones that can be adhered to throughout the process and that are agreed to by all parties. We make sure to include time for decision making, phase and document review, agency review, and construction phasing.



We have developed schedules where design phases overlap or projects are broken out into increments so that certain aspects can start ahead of other yet to be completed areas so as to get a head start. We have employed this method in both design and construction phases.

Early consultation with DSA assists the planning project in anticipating code and state requirements that affect the choices available. We are at DSA frequently to expedite projects through the bureaucracy. Our firm typically has implemented preliminary reviews with DSA as a way of proactively assessing critical issues. Your plans are reviewed face to face with the DSA staff very early on in the process, thus avoiding any misunderstandings and potential delays.

IBI takes a very proactive role in resolving issues before they affect the schedule or budget. Knowing who to talk to, what forms to use and treating DSA individuals as they are part of our team and the solution really eliminates the potential for delays. We understand the submission process and our submissions are complete. When clarifications are requested, or DSA field changes occur, we respond quickly, thus reducing any potential time delays.

During construction, a large part of maintaining the project finish date is to closely monitor the construction schedule, attend the weekly site meetings to monitor progress, review and respond to RFIs, submittals, and DSA requests in a timely manner. When consistently adhered to by all members of the construction team, when the project does have an interruption in the schedule, everyone can quickly determine an alternate means to get back on task. The contractors are required to provide “make-up” means and schedules to get their work back on the master schedule, our task is to assist in our capacity to not add additional burden to the schedule.

5 Lease-Leaseback Delivery Method Experience

Over the last four decades, IBI Group has developed projects in a wide variety of construction delivery methods. We are able to deliver design and construction administration services for traditional Design-Bid-Build (DBB), Multiple Prime Contracts, Design Build, Bridging Design Build, Modular Construction, CM at Risk, P3s and Lease-Lease Back (LLB).

We have developed hundreds of projects using the LLB delivery method and understand that the keys to success are as follows:

- Strong Owner
- Good Design Documents (IBI)
- Qualified General Contractor with a realistic bid number
- Strong Construction Observation + Administration (IBI Value Add)

We have developed many projects over the last two decades using the LLB construction project delivery method for Districts that use agreements based on Education Code Section 17406.

Assessing capabilities and methodologies prior to pricing a project allows the District to weigh the competency of the builder and their design phase capabilities. It has been our observation that LLB reduces the District risks attributed to schedule delays, poor quality work and rising costs. We have worked with the LLB contractors from initial kick-off meetings, through all phases of design, agency approval and construction. Having the LLB Contractor provide pre-construction services early in the project provides continuity and understanding of the issues and decisions that provide the basis of the final DSA approved construction documents.

IBI, the District and LLB will together review program, constructability issues, value engineering options and costs at each phase to collaborate to produce the best outcome. This type of delivery method is often very successful since there is a feeling of teamwork and joint accomplishment between all parties.

One advantage with LLB is that time can be saved and the schedule shortened because the documents will have been continuously reviewed and coordinated earlier, pricing can be done along the way, and construction schedules can be shortened with pre-purchasing of long lead items and some flexibility in negotiating subcontractor or material costs.

Additional advantages to this type of construction delivery method allows the contractor, with the review by the District, to choose from a selected listed of pre-qualified sub-contractors ensuring better quality and competitive pricing to be below the guaranteed price. **There is often little or no change orders associated with the project.**

Assembly Bill 566, effective Jan. 1, 2016, requires lease-leaseback developers to use “skilled and trained workforce at every level of the project.” This will need to be assessed carefully by the LLB. Lastly, since the Builder has a reputation to maintain, they tend to perform at a higher level.

IBI Group has worked on nearly 100 Lease-Lease Back projects, including the following in California:

- Oxnard School District, Rose Avenue K-5 Replacement School (DSA Approved)
- Robla School District, 2-Story Classroom Building
- Montebello Unified School District, Applied Technology Center
- Paso Robles Joint Union High School District, 2-Story Classroom Building
- Paso Robles Joint Union High School District, CTE Agriculture Building
- Lammersville School District, New K-8 Campus
- Santa Clara County Office of Education, Multiple Projects

6 Assigned Personnel

IBI Group has the available staff resources to successfully fulfill the needs for Oxnard School District projects. We recognize clients select design professionals on the experience, strength and "fit" of the complete team. Therefore, we took great care in analyzing the talents and personalities of our staff and pool of qualified consultants, compared to your facility needs, requirements of your project, and schedule when assigning our members to your team.

In combining the appropriate personnel to fit your needs, you benefit from a single point of responsibility, fixed accountability, efficient coordination, and effective communication. Most importantly, we manage our core services with an emphasis on developing an understanding of your unique culture—an idea whose success is supported by a long history of successful educational facility projects for repeat clients.

Project Director | Senior Principal – Craig Atkinson, AIA, NOMA, LEED AP

Mr. Atkinson is a highly talented architect with more than 29 years of experience in planning, designing, detailing projects and coordinating multi-disciplinary design teams for their successful execution and completion. He has been chosen to lead your project because of his knowledge and extensive "know how" in educational project consensus building, design, planning, project delivery and quality control. In his position as the Education Lead, he brings the expertise to take understand the impact that the renovations/additions will have on student performance and to lead the process of communication with the community. As the Project Director | Senior Principal, Craig will be the Architect of Record responsible for contract negotiations, overall quality control, and commitment of firm resources to successfully complete the project.

Most Recent Experience with Next Generation Learning Projects:
Rose Avenue K-5 School, Oxnard School District (DSA Approved); Shenandoah ES Modernization/Addition Criteria Documents, Los Angeles Unified School District; Grant HS Comprehensive Modernization, Los Angeles Unified School District

+ Education

- California Polytechnic State University, San Luis Obispo; Bachelor of Architecture (1990)
- Danish International Studies Kobenhavns Universitet Copenhagen, Denmark (1988-1989)

- Registered Architect, California #C-25387
- LEED Accredited Professional

Project Manager | Lead Designer – Andrew Miller, AIA

Andrew will be your main point of contact and serve as both the Project Manager and Lead Designer for your McAuliffe and Ritchen Modernization projects. Mr. Miller has been selected due to his extensive and varied project experience ranging from planning through construction, including building code compliance reviews and successful agency submittals. Andrew is proficient in using the built environment to achieve better **learning** outcomes. His leadership skills include the management of complex, multi-phased projects, building consensus, programming, design, and agency approval and construction administration. Andrew will be working closely with you during the design and construction documentation of your project and continue to monitor the overall progress during construction.

- Revit Architecture Certified Professional

BIM/Sustainability Lead – Janvi Kanani, AIA, LEED AP BD+C

IBI Group assigns a BIM Manager to each project. The BIM Manager oversees the modeling and design documentation for an integrated project delivery process that provides greater potential for early collaboration and information sharing. With over nine (9) years of BIM experience and more than thirteen (13) years in education buildings, Janvi will lead this role. Her ardent passion and knowledge for sustainable design enables her to incorporate strategies that consider the environment, building efficiency and user satisfaction. The unique combination of her BIM knowledge, LEED experience and next generation facilities will bring tremendous value to your projects at Oxnard School District.

Most Recent Experience with Next Generation Learning Projects: Rose Avenue K-5 School, Oxnard School District (DSA Approved); Isbell Middle School Flex Labs, Santa Paula Unified School District; Mary Chapa Elementary School Administration and Library Addition, Greenfield Unified School District

+ Education

- Master of Architecture, University of Minnesota, Twin Cities, MN, 2005
- European Port Cities Study Abroad (2004), 2nd Year M. Arch Coursework
- Bachelor of Arts (Architecture), University of Minnesota, Twin Cities, MN, 2002
- Oaxaca, Mexico Study Abroad (2001), Undergraduate Architectural Coursework

+ Registrations/Accreditations

- Registered Architect, California C-35894
- NCARB Certified #84591

Interior Designer/FF&E Specialist – Angela Ball, AIA, NCARB

Angela is a talented Architect and Interior Designer with more than 14 years of comprehensive experience in architecture and interior design of various public projects. In that time, she has worked through all phases of a project on new and remodeled educational, public, and commercial projects. She works closely with both the client project team and design consultants for an effective and timely project delivery. Her experience in space planning and interior design provides her with a thorough knowledge and understanding of building procedures, policies and working relationships of each functional area. The value to you is not only someone who can specify appropriate and innovative FF&E, but understands their impact on the built environment.

Most Recent Experience with Next Generation Learning Projects: Rose Avenue K-5 School, Oxnard School District (DSA Approved); Isbell Middle School Flex Labs, Santa Paula Unified School District; Three Academic Core Buildings Programming & FFE, Ohlone College

Subconsultant Team

Budlong and Associates

Principal Mechanical Engineer – Sunil Patel, PE, CxA, LEED AP
35 Years' Experience

Sunil has over 33 years' experience in mechanical engineering including HVAC, plumbing, steam, compressed air and heat recovery, fire protection, and medical gas systems. He has designed mechanical systems for education facilities throughout California including new schools, laboratories, gymnasiums and renovations to existing facilities. His typical responsibilities include coordination, design, development, written specifications, cost estimates, construction observation, energy compliance and equipment selection for mechanical engineering projects. He has also completed numerous comparative energy utilization studies for thermal and electrical energy generation technologies. Relevant project experience includes OUHSD Camarillo HS, Rancho Campana HS, La Canada USD, PVSD Prop 39 HVAC Upgrades – La Mariposa ES, Las Colinas MS, Rancho Rosal ES, Tierra Linda, ES, Valle Lindo ES.

Project Manager – Patrick Fitzsimmons, MEP
18 Years' Experience

Patrick Fitzsimmons brings to our team expertise in working with multiple disciplines such as mechanical, plumbing and electrical. His experience has been coordinating mechanical, plumbing and electrical disciplines for the Los Angeles Unified School District (LAUSD), Long Beach Unified School District, Colonial Housing Project (Oxnard, CA), Teledyne (Thousand Oaks, CA), and Moorpark Community College (Moorpark, CA). He is an asset to our team by keeping projects cost effective by being informed of budget constraints and being diligently communicative with consultants and clients at all phases of project. Relevant project experience includes OUHSD Camarillo HS, Rancho Campana HS, La Canada USD, PVSD Prop 39 HVAC Upgrades – La Mariposa ES, Las Colinas MS, Rancho Rosal ES, Tierra Linda, ES, Valle Lindo ES.

Plumbing Engineer – Kelly Schall
30 Years' Experience

Kelly Schall leads the B&A's Plumbing Design Department. He has led numerous projects from their inception through procurement and completion of construction. Adept at establishing a precise and complete scope of work, projects led by Mr. Schall invariably proceed smoothly through the various phases of design, cost estimation, segregation of costs, creation of project specifications, construction phase and ultimate project completion. Relevant projects include OUHSD Camarillo HS, Rancho Campana HS, LBUSD Prisk ES, Cubberly ES, Millikan HS, CLU.

BUDLONG & ASSOCIATES, INC.
MEP CONSULTING ENGINEERS

Electrical Engineer/MEP Designer – Manan Christian, PE
3 Years' Experience

Manan Christian gained knowledge in mechanical design while working with mechanical designer, also created mechanical designs for single family, multifamily and custom homes using uniform mechanical code, California mechanical code, ASHRAE and local jurisdiction requirements, with the help of design software like Wrightsoft and energy pro for commercial projects. Self-learned solar design from scratch and provided solar designs for various residential projects including custom homes. Proficient knowledge in Energy calculations including mechanical, electrical and envelope and has experience or is currently working on the following projects: OUHSD Camarillo HS, OUHSD Rancho Campana HS.

SSG
structural engineers

SSG Structural Engineers

Principal Structural Engineer – Michael E. Parolini, PE, SE

Michael is a California licensed Structural and Civil Engineer. He has been designing education projects at the K12, Community College and University level for almost two decades. His experience covers all aspects of Structural Engineering, including new construction, modernizations, risk evaluation and structural evaluation.

Since 2005, Michael has been a member of the Faculty at California Polytechnic State University, San Luis Obispo (Cal Poly). As a Lecturer in the Architectural Engineering Department he has taught classes in Structural Graphics, Industry Communication, Timber and Steel. He takes pride in giving back to his Alma Mater in a sharing of knowledge capacity.

Representative K12 Classroom Projects:

- Rose Avenue K-5 School, Oxnard School District (DSA Approved)
- Atascadero High School Building 1200 & 1100 Classroom Modernizations; Atascadero High School District
- Solvang Elementary School New Classroom Wing, Multipurpose Room, and modernizations (Phase II-IV); Solvang Elementary School District
- Isbell Middle School Adaptive Reuse & Modernization for New Science Classrooms; Santa Paula Unified School District
- Atascadero High School New Science & Shop Classrooms; Atascadero High School District
- Redwood Middle School Modernization of Main Classroom Wing; Conejo Valley Unified School District

7 Community-Oriented Design Approach

IBI Group is well aware of the distinct culture that makes up the Christa McAuliffe & Emilie Ritchen Elementary School Campuses. We have been working with Oxnard School District on projects since the late 1980's. IBI Group has practically worked on every campus in the District in some capacity including assisting Design West Architects with the development of the Christa McAuliffe ES. In addition, we also worked on Emilie Ritchen ES where we improved the plans for the Multipurpose and Library for efficiency. **We are excited to continue our work with Oxnard School District in updating these elementary schools to meet the needs of the next generation learning.**

We will collaborate with the District's design team, and feel that discussing the project issues in a couple of workshops that include the District's Program Manager, IBI Design Team, a small selected committee comprising of the Principal + Staff, Maintenance & Operations Staff, and the Community would be a highly effective tool. This will allow us to gather information, share our findings and incorporate the feedback from the workshops to ensure the success of the projects.

8 Cost Estimate

IBI Group has evaluated all of the available information to determine a conceptual statement of probable cost indicated below for the indicated scope of work at McAuliffe and Ritchen Elementary School for the Oxnard School District. At this very early stage we have made some assumptions based on our four decades of experience. Moving forward with the District and the Program Manager we will continue to develop a scope of work, and budget, that will assist the District in meeting the vision of a 21st century learning environment. The following are the assumptions made in developing this proposal.

Attachment B - Cost Comparison Sheet

District Specification and Budget				Architect's Proposal				
McAuliffe Elementary Improvements	**Net Total**	**Unit**	**Hard Cost Budget**	***Description (Same format as District Specification)***	***Net Total***	***Unit***	***Variance from District Spec.***	***Est. 2019 Total Cost as Proposed***

* Hard costs are inclusive of all site work and demolition, General Conditions and requirements, Contractor's Bond, Risk and Insurance, Contractor's Fee and Overhead, and Construction Contingency.

Conceptual Estimate Assumptions:

1. Hard costs are exclusive of all site work and demolition, General Conditions and requirements, Contractor's Bond, Risk and Insurance, Contractor's Fee and Overhead, and Construction Contingency.
2. As noted in the Addendum, dated 09/10/2019, the following issues are excluded from the scope of work and fee calculation. Upon project award, IBI Group and consultants will investigate and provide additional scopes of services to address the following existing conditions:
   - A. Assess facility to identify and provide corrective measures to address existing water intrusion concerns.
   - B. Assess facility to identify and provide corrective measures upgrading existing fire alarm system to meet current standards.
   - C. Assess entire campus to identity and provide corrective measures to address existing accessibility concerns.
   - D. Evaluate condition of existing walk-in refrigerators/freezers and provide recommendations for repair or replacement.
   - E. Evaluate existing conditions at McAuliffe ES and provide recommendations for the replacement of the existing grease interceptor.
3. Provisions for the design and approval for interim housing is not included in this scope of work.
4. All exterior improvements to hardscape, landscape and playgrounds are not included in this scope of work.
5. No existing site reports were provided or reviewed as part of this estimate.
6. All major infrastructure is in good order and of sufficient capacity to support the existing facility.
7. Included 10% Accessibility Upgrades in the 21st Century Upgrades.
8. The accessible path of travel to the areas under consideration is compliant.
9. Used costs indicated in the RFP for the Additional Eligible improvements as indicated in the RFP.
10. Included 10% Accessibility Upgrades in the 21st Century Classroom Upgrades.
11. Project Contingency - 10%
12. Escalation not included

EXHIBIT "C"
BASIC SERVICES AND DESCRIPTION OF SUBMITTALS

A. GENERAL REQUIREMENTS

In addition to any other requirements set forth in this Agreement, the Architect shall comply with all of the following requirements during, unless specified otherwise, all phases of the Architectural Services:

(1) Determine which governmental agencies have jurisdiction over the Project or any portion thereof and document same in writing to the District; coordinate with and implement the requirements of such agencies, e.g., California Department of Education ("CDE"), Office of Public School Construction (OPSC), Division of the State Architect (DSA), State Fire Marshal, *et cetera*.

(2) Review subsoil data, chemical, mechanical and other data logs of borings, etc., furnished to Architect pursuant to this Agreement and advise the District whether such data are sufficient for purposes of design, or whether additional data are necessary.

(3) Utilize District provided title report for Project site to determine scope and extent of any easements or other site limitations.

(4) Be responsible for the coordination of the design and the layout of the technology backbone system with the District's technology consultant. The coordination effort shall include location and routing of raceways, conduits, and outlets and required spaces to accommodate electrical, data and communication wiring.

(5) Provide services required to obtain local agencies approval for off-site work including review by governmental agencies having jurisdiction over the Project.

(6) Develop a grading and drainage plan and a site plan from architectural information showing a final development of the site, this drawing will also include a horizontal and vertical control plan and a utility infrastructure plan. The services described in this Subparagraph shall be provided by a professional civil engineer who is to subcontract with the Architect.

(7) Architect to document the location of existing utility lines, telephone, water and sewage, etc., within the limits of all on-site and off-site work. This information shall be provided by the District. Architect shall verify the capacity of all existing project utilities.

(8) Chair, conduct and take minutes of coordination meetings, held as reasonably necessary during each design phase with its consultants. Invite the District and the District's consultants to participate in these meetings. Keep a separate log to document design/coordination comments generated in these meetings. The form of Comment Tracking Document to be used by Architect should be coordinated with the Lease/Leaseback Contractor (LLBC).

(9) Maintain a log of all meetings, site visits or discussions held in conjunction with the work of this Project (with documentation of major discussion points, observations, decisions, questions or comments) and furnish to the District for inclusion in the overall Project documentation.

(10) Utilize the standardized filing system as currently utilized by Architect.

(11) Provide interior design and other similar services required for or in connection with color coordination including furnishing, including the provision of a standard color board to assist in consultation with the District regarding such color coordination. Coordinate the placement of furniture, and equipment layout and consult with District to ensure proper placement of required furniture and equipment. The District shall procure furnishing and moveable equipment.

(12) Prepare necessary documents for and oversee the processing of District's application for and obtaining of required approvals from the DSA, the CDE, the State Fire Marshall and all other agencies exercising jurisdiction over the Project. Prepare and submit any required applications, notices or certificates to public agencies as required by law. Provide copies of all such documents to the District.

(13) Prepare all documentation performed pursuant to this Agreement with the assistance of technology that is currently utilized by Architect. Deliver to the District, on request, the tape and/or his disc format and the name of the supplier of the software/hardware necessary to use the design file. Architect and District shall each sign a "hard" copy of reproducible documents that depict this information at the time provided to the District.

B. ESTIMATES AND COSTS GENERALLY

In addition to any other requirements set forth in this Agreement, the Architect shall comply with all of the following requirements during, unless specified otherwise, all phases of the Architectural Services:

(1) For purposes of this Agreement, "construction cost" for estimation purposes shall mean the total of any and all costs of the construction of the Project, including, without limitation, costs of site preparation, removal or demolition of existing structures, storm-water compliance and erosion control, construction of school buildings and ancillary facilities and improvements, and all other work, supplies, materials, services or other things of any nature whatsoever incidental or necessary work in connection with construction of the Project, construction management and job supervisor fees and other costs directly allocable to the Project, all costs and expenses including any application and processing fees, taxes or insurance premiums paid by the District for the Project, and administrative and other expenses necessary or incident to the Project. The term "construction cost" shall, for purposes of estimation only, include the costs incurred by the District for construction management and job supervisor fees. "Construction cost" shall not include all of the costs associated with preparing, generating or reproducing copies of any plans, specifications or other construction documents, including, without limitation, additional copies for any subcontractors prepared at District expense. The

term construction cost excludes property and similar taxes attributable to the Project site.

(2) The Architect shall review construction cost and total Project cost estimates at each phase of the Architectural Services. If such estimates are in excess of the construction and total Project budgets, the Architect, in consultation with the District and without additional cost to the District, shall revise the type, quantity or quality of construction to come within the budgeted limits. The District, in its sole discretion, may, but in no event shall be required to, increase the construction budget for the Project.

(3) The Architect shall at all times include in each estimate of construction cost a contingency for construction change orders, in such amount as agreed by the District.

(4) The Architect shall at all times notify the District if adjustments to previous estimates of the total construction costs will be necessary due to market fluctuations or approved changes in scope or requirements.

(5) The Architect shall ensure that all plans, specifications, studies, drawings, estimates or other documents relating to the Project are constructable and otherwise comply with provisions of this Agreement, law and District standards and policies, regardless of any revisions necessary to keep construction costs within the construction budget.

C. PROJECT INITIATION PHASE

Within ten days after receipt from the District of the notice to proceed with Architectural Services, the Architect shall complete all of the following:

(1) Meet with the District and its representatives to prepare a detailed task analysis and work plan for documentation in a computer generated project schedule. The District will produce the final scheduling format based on data furnished by Architect.

This task analysis and work plan will identify specific tasks including, but not limited to: interviews, data collection, required District filing standards, analysis, report preparation, planning, Architectural programming, concepts and schematic design preparation and estimating that are part of the work of the Project. Also identified will be milestone activities or dates, specific task responsibilities, required times for completion and additional definition of deliverables.

(2) Review the developed work plan with the District and its representatives to familiarize them with the proposed tasks and schedule and develop necessary modifications.

(3) Participate in a general Project kick-off meeting to include the Architect's appropriate consultants, and District staff.

(i) The project kick-off meeting will introduce key team members from the District and the Architect to each other defining roles and responsibilities relative to the Project.

(ii) Identify and review pertinent information and/or documentation necessary from the District for the completion of the Project.

(iii) Review and explain the overall project goals, general approach, tasks, work plan and procedures and deliverable products of the Project.

(iv) Review and explain the task analysis and project work plan for all parties present; determine any adjustments or fine tuning that needs to be made to the work plan.

(v) Review documentation of the project kick-off meeting prepared by the District and/or its representatives and comment prior to distribution.

D. DEVELOPMENT OF ARCHITECTURAL PROGRAM

Upon receipt from the District of the notice to proceed with Architectural Services, the Architect shall perform pre-design investigations to establish appropriate guidelines around which and within which the Project is to be designed; identify design issues relating to functional need, directives and constraints imposed by applicable law and regulatory requirements; and complete Design checklist as provided by the District; and take all other necessary actions in accordance with the following:

(1) Coordinate with the District's Educational Specifications to identify critical issues affecting project completion and certification; significant site considerations; applicable planning and zoning requirements; applicable code requirements; applicable fire and life safety requirements; sanitary and storm sewer service requirements; electrical power service and requirements; heating, ventilating and air conditioning requirements; natural gas availability and requirements; domestic and fire water service requirements; and incorporation of mitigation measures, if any, from the final environmental impact report and/or mitigation negative declaration adopted by the District for the Project. With respect to environmental mitigation measures, the District shall cooperate with Architect to ensure that Architect has access to those mitigation measures adopted by the District for the Project.

(2) Hold initial community information/PTA meeting at a location designated by the District, if required.

(3) Conduct Architectural program meeting with the District selected project participants.

(4) The Architect shall review with the District alternative approaches to the design and construction of the Project, and shall include alternatives that may reduce the cost of the Project or increase the efficiency and/or functionality of the Project.

(5) Develop an estimate of probable construction cost for the Project and reconcile the estimate with the LLBC; estimates are to be based on the developed functional Architectural programs as approved by the District.

(6) Estimates prepared by Architect:

(i) All costs are to be based on current bid prices, with escalation rate and duration clearly identified as a separate line item; rate of cost escalation and projected bid and construction dates are to be as approved by the District and its representatives.

(ii) Contingencies for design, bidding or construction, if included in the estimate, are to be included as individual line items, with the percentage and base of calculation clearly identified.

(iii) All construction cost estimates developed per the above should additionally be presented in a building systems format (e.g., foundations, substructure, structural system, exterior wall enclosure, window systems, etc.) for new buildings, and summarized by the Construction Specification Institute (CSI) category for buildings being modernized.

(iv) One week prior to submittal of documents, Architect's proposed cost format must be submitted to the District for review and approval.

(v) Architect shall submit a unit cost breakdown for three types of new building cost models ranging from a low end per square foot cost for the District's consideration, to high end per square foot cost. The unit cost shall not include the site work, the general contractor's overhead and profit, and general condition. (Include separate columns for additional upgrades / condition assessment scope and possible condition assessment reduction credits). In addition, Architect shall provide a cost estimate for a permanent modular if appropriate/applicable.

(vi) Mechanical, electrical, civil, landscaping and estimating sub-Architects shall participate in the progress meeting as appropriate and shall provide input and feedback into the development of the cost estimate.

E. SCHEMATIC DESIGN PHASE

Upon written authorization from the District to proceed with the Schematic Design Phase, the Architect shall prepare for the District's review a Schematic Design Study and take other necessary actions in accordance with the following:

(1) Architectural:

(i) Scaled floor plans showing overall dimensions, identifying the various major areas and their relationship.

Include all net usable floor areas and a summary of gross floor area. Also, provide typical layouts of major equipment or operational layout.

(ii) Preliminary building exterior elevations and sections in sufficient detail to demonstrate design concept indicating location and size of fenestration.

(iii) Identify proposed roof system, deck, insulation system and drainage technique.

(iv) Site plan with building located and minimum one (1) foot contour grade intervals. All major site development, such as paving, utilities and outside facilities shall be shown, including property lines, adjacent existing structures, walls and fences fifty (50) feet beyond the property line. The District shall provide a site survey to Architect for purposes of completing the task outlined within this paragraph.

(2) Civil:

(i) Development of on and off site utility systems such as sewer, water, storm drain, firewater lines and fire hydrants.

(ii) Identify surface improvements including roadways, parking (with assumed wheel weights) preliminary finish grades and drainage.

(iii) Coordinate finish floor elevations with architectural site plan.

(3) Landscaping:

Development and coordination of landscape design concepts entailing analysis of existing conditions, proposed components and how the occupants will use the facility. Include location and description of planting, ground improvements and visual barriers.

(4) Specifications:

Outline specifications of proposed architectural, structural, mechanical and electrical materials, system and equipment and their criteria and quality standards. Architect is to use District's standardized equipment/material list for new construction and modernization in development of the project design and specifications.

(5) Estimates:

(i) Schematic Estimates: This estimate consists of unit cost applied to the major items and quantities of work. The unit cost shall reflect the complete direct current cost of work. Complete cost meaning labor, material, waste allowance, sales tax and subcontractor's mark-up.

General conditions shall be applied separately. This estimate shall be prepared by specification section and summarized by the Construction Specification Institute (CSI) category.

(ii) The estimate shall separate the project's building cost from site and utilities cost. Architect shall submit to the District the cost estimating format for prior review and approval.

(iii) Escalation: all estimates shall be priced out at current market conditions. The estimates shall incorporate all adjustments as appropriate, relating to mid-point construction, contingency, and cost index (i.e. Lee Saylor Index).

(6) Meetings:

(i) The District and the Architect will meet to address specific design issues and to facilitate the decision making process. Such meetings shall be held in the boundaries of the District. Documented decisions made at such meetings and subsequently approved by the District shall be binding. Any revisions or reconsideration of such decisions shall constitute a change in the scope of services of the Architects.

(ii) During the Schematic Design Phase it is anticipated that the Architect will attend 2-3 design meetings; Structural, Electrical, Mechanical and Plumbing Engineer, and Civil and Landscape engineers will attend design meeting.

(7) Presentation:

Architect shall present and review with the District the detailed Schematic Design.

The schematic design studies shall be revised within the program parameters until a final concept has been accepted and approved by the District at no additional cost to the District.

F. DESIGN DEVELOPMENT PHASE

Upon written authorization by the District to proceed with the Design Development Phase, Architect shall prepare Design Development Phase documents based on Schematic Design Phase documents approved by the District and take other necessary actions in accordance with the following:

(1) Architectural:

(i) Scaled, dimensioned floor plans with final room locations including all openings.

(ii) 1/8" scale building sections showing dimensional relationships, materials and component relationships.

(iii) Identification of all fixed equipment to be installed in contract.

(iv) Site plan completely drawn with beginning notes and dimensions including grading and paving.

(v) Preliminary development of details and large scale blow-ups.

(vi) Legend showing all symbols used on drawings.

(vii) Floor plans identifying all fixed and major movable equipment and furniture.

(viii) Outline specification and schematic for architectural, structural, mechanical, electrical, civil and landscape manuals, systems and equipment.

(ix) Typical reflected ceiling development including ceiling grid and heights for each ceiling to be used, showing:

(a) Light fixtures

(b) Ceiling registers or diffusers

(c) Access Panels

(x) A tabulation of both the net and gross assignable floor areas, and a comparison to the initial program area requirements.

(xi) Building design shall conform to all adopted energy regulations.

(xii) Identify minimum finish requirements, including ceiling, floors, walls, doors, widows, and types of hardware.

(xiii) Identify code requirements; include occupancy classification(s) and type of construction.

(2) Structural:

(i) Structural drawing with all major members located and sized.

(ii) Layout structural systems with dimensions and floor elevations. Identify structural systems (pre-cast, structural steel with composite deck, structural steel bar joists, etc.); with preliminary sizing identified. Establish final building and floor elevations.

(iii) Preliminary specifications.

(iv) Identify foundation systems and requirements (fill requirements, piles, caissons, spread footings, etc.); with preliminary sizing identified, and associated soil pressure, water table and seismic center. Architect shall design the foundation of the Project in accordance with recommendations of the District's soil engineer as provided by the District. Architect must notify the District in time to prepare this soil report for Architect's use.

(3) Mechanical:

(i) Heating and cooling load calculations as required and major duct or pipe runs sized to interface with structural. Calculate block heating, ventilation and cooling loads including skin versus internal loading.

(ii) Select a minimum of two (2) HVAC systems that appear compatible with loading conditions for subsequent life cycle costing.

(iii) Show selected system on drawings as follows:

(a) Single line drawing(s) of all mechanical equipment spaces, ductwork and pipe chases

(b) Location and preliminary sizing of all major equipment and duct work in allocated spaces

(c) Schematic piping

(d) Temperature control zoning.

(ii) Major mechanical equipment should be scheduled indicating size and capacity.

(iii) Ductwork and piping should be substantially located and sized.

(iv) Devices in ceiling should be located.

(v) Legend showing all symbols used on drawings.

(vi) More developed outline specifications indicating quality level and manufacture.

(4) Electrical:

(i) Calculate overall approximate electrical loads.

(iii) Identify proposed electrical system for service, power, lighting, low voltage and communication loads.

(iv) Show system(s) selected on drawings as follows:

(a) Single line drawing(s) showing major distribution system.

(b) Location and preliminary sizing of all major electrical systems and components including:

(1) Load centers
(2) Main panels
(3) Switch gear

(v) Identify and define the scope of the technology backbone system.

(vi) All lighting fixtures should be located and scheduled showing all types and quantities of fixtures to be used, including proposed lighting levels for each usable space(s).

(vii) All major electrical equipment should be scheduled indicating size and capacity.

(viii) Complete electrical distribution including a one line diagram indicating final location of switchboards, communications, controls; (high and low voltage) motor control centers, panels, transformers and emergency generators, if required.

(ix) Legend showing all symbols used on drawings.

(x) More developed outline specifications indicating quality level and manufacture.

(xi) Identify and coordinate the layout of the technology backbone system and coordinate the development with the District's technology Architect.

(5) Civil:

(i) Further refinement of schematic design drawings of on and off site utility systems for sewer, water, storm drain and fire water. Includes pipe sizes, materials, invert elevation location and description of manholes, clean outs, hookups, bedding and installation details.

(ii) Further refinement of schematic design drawings of roadways, parking and storm drainage improvements; including but not limited to: details and large scale drawings of curb and gutter, manhole, thrust blocks, paved parking and roadway sections.

(6) Landscape:

(i) Further refinement of schematic design concepts, includes coordination of hardscape, landscape planting, ground cover and irrigation main distribution lines.

(7) District to provide general condition specification and supplementary conditions.

(8) Estimate:

Design Development Estimate: This estimate shall be prepared by specification section, summarized by CSI category. The estimate shall include individual item unit costs of materials, labor and equipment. Sales tax, contractor's mark-ups. LLBC fee, and general conditions shall be listed separately.

(9) Meetings:

The District and the Architect will meet to address specific design issues and to facilitate the decision making process. Such meetings shall be held in the boundaries of the District. Documented decisions made at such meetings and subsequently approved by the District shall be binding. Any revisions or reconsideration of such decisions shall constitute a change in the scope of services of the Architects.

During the Design Development Phase it is anticipated that the Architect will attend (2) design meetings, Structural, Electrical, Mechanical and Plumbing Engineer, and Civil and Landscape engineer will attend (1) design meeting.

(10) Presentation:

Architect and applicable Architect Consultants shall present and review with the District the detailed design development drawings and concepts.

The design development design studies shall be revised within the program parameters until a final concept has been accepted and approved by the District at no additional cost to the District.

(11) The Architect shall submit the contract documents to the District for review by facilities, maintenance and operations, and other staff of the District, and Architect shall respond to, and shall revise the contract documents as necessary in response to, any comments, suggestions and/or updates provided through such review.

G. CONSTRUCTION DOCUMENTS PHASE

Upon written authorization from the District to proceed with the Construction Documents Phase, Architect shall prepare Construction Documents based on the Design Development Phase Documents approved by the District and take other necessary actions in accordance with the following:

(1) Prepare construction documents in compliance with the appropriate applicable building codes, ordinances and other regulatory authorities.

(2) Construction Documents (C/D) 50% stage:
(i) Architectural:

(a) Site plan developed to show building location, all topographical elements and existing/proposed contour lines.

(b) Elevations, (exterior and interior) sections and floor plans corrected to reflect design development review comments.

(c) Architectural details and large blow-ups started.

(d) Well developed finish, door, and hardware schedules.

(e) Site utility plans started.

(f) Fixed equipment details and identification started.

(g) Reflected ceiling plans coordinated with floor plans and mechanical and electrical systems.

(ii) Structural:

(a) Structural floor plans and sections with detailing well advanced.

(b) Structural footing and foundation plans, floor and roof framing plans with detailing well advanced.

(c) Completed cover sheet with general notes, symbols and legends.

(iii) Mechanical:

(a) Mechanical calculations virtually completed with all piping and ductwork sized.

(b) Large scale mechanical details should be started.

(c) Mechanical schedule for equipment substantially developed.

(iv) Electrical:

(a) Lighting, power, signal and communication plans should show all switching and controls. Fixture schedule and lighting details development should be started.

(b) Distribution information on all power consuming equipment; lighting and device branch wiring development should be well started.

(c) All electrical equipment schedules should be started.

(d) Special system components should be approximately located on plans.

(e) Completely develop the layout of the technology backbone system, including equipment room layouts, raceway and conduit routing and outlet locations.

(v) Civil:

All site plans, site utilities, parking and roadway systems updated to reflect update revisions from Design Document.

(vi) Landscape:

All landscape, hardscape and irrigation plans updated to reflect update revisions from Design Documents.

(vii) Estimate:

Update and refine the Design Development Phase Estimate. Also provide an estimate sorted by District's bid packages.

(viii) Specifications:

(a) Virtually complete development and preparation of technical specifications describing materials, systems and equipment, workmanship, quality and performance criteria required for the construction of the Project.

Where articles, materials and equipment are identified by brand names, at least two names shall be used, and such names shall be followed by the words "or approved equal" in accordance with Public Contract Code, Section 3400.

Specifications shall not contain restrictions that will limit competitive bids other than those required for maintenance convenience by the District.

At one hundred percent (100%) review, specifications shall be reviewed by the District and corrections made as directed at no cost to the District.

(b) Coordination of the development of specifications by other disciplines.

(c) Specification shall be in CSI format.

(3) Construction Documents 90%/DSA Submittal Stage:

(i) Architectural:

(a) Virtually complete site plan.

(b) Virtually complete floor plan, elevations and sections.

(c) Architectural details and large blow-ups near completion.

(d) Finish door, and hardware schedules virtually complete, including most details.

(e) Site utility plan virtually complete.

(f) Fixed equipment details and identification virtually complete.

(g) Reflected ceiling plan virtually complete.

(h) Provide Finish Schedule (with the exceptions of colors) identifying type of material and textures on walls, floors, doors, etc. Architect to recommend color selection for approval by the District.

(i) All equipment catalog cuts.

(ii) Structural:

Completed structural floor plans and sections with detailing well advanced.

(iii) Mechanical:

(a) Mechanical load calculations complete and all piping and ductwork sized.

(b) Large scale mechanical details should be substantially complete.

(c) Mechanical schedule for equipment substantially complete.

(iv) Electrical:

(a) Lighting, power, signal and communication plan(s) should reflect all switching and controls. Fixture schedule(s) should be virtually complete.

(b) Distribution information on all power consuming equipment; lighting and device branch wiring should be virtually complete.

(c) All electrical equipment schedules should be virtually complete.

(d) Special system components should be located on plans.

(v) Civil:

All site plans, site utilities, parking and roadway systems updated to reflect update revisions from 50% CD's.

(vi) Landscape:

All landscape, hardscape and irrigation plans updated to reflect update revisions from 50% CD's and completed.

(4) Construction Documents - Substantial Completion Stage:

(i) Architectural:

(a) Completed site plan.

(b) Completed floor plans, elevations and sections.

(c) Architectural details and large blow-ups completed.

(d) Finish, door and hardware schedules completed, including all details.

(e) Site utility plans completed.

(f) Fixed equipment details and identification completed.

(g) Reflected ceiling plans completed.

(ii) Structural:

(a) Structural floor plans and sections with detailing completed.

(b) Structural calculations completed.

(iii) Mechanical:

(a) Large scale mechanical details complete.

(b) Mechanical schedules for equipment completed.

(c) Completed electrical schematic for environmental cooling and exhaust equipment.

(d) Complete energy conservation calculations and report.

(iv) Electrical:

(a) Lighting and power plan should show all switching and controls. Fixture schedule and lighting details should be completed.

(b) Distribution information on all power consuming equipment, including lighting, power, signal and communication device(s) branch wiring completed.

(c) All electrical equipment schedules completed.

(d) Special system components plans completed.

(e) Electrical load calculations completed.

(v) Civil:

All site plans, site utilities, parking and roadway systems completed.

(vi) Estimate:

Update and refine the 50% Construction Document Estimate.

(vii) Specifications:

(a) Complete development and preparation of technical specifications describing materials, systems and equipment, workmanship, quality and performance criteria required for the construction of the Project.

Where articles, materials and equipment are identified by brand names, they shall be followed by the words "or approved equal" in accordance with Public Contract Code, Section 3400.

Specifications shall not contain restrictions that will limit competitive bids other than those necessary for District maintenance requirements.

At one hundred percent (100%) review, specifications shall be reviewed by the District and corrections made as directed at no cost to the District. Architect shall coordinate with District to incorporate any changes by the District, or the District's Construction Manager, made during District review of specifications.

(b) Coordination of the development of specifications by other disciplines.

(c) Specifications shall be in CSI format.

(5) Construction Documents Final DSA Approval Stage:

(i) The construction document final stage shall be for the purpose of the Architect incorporating all governmental agencies' comments into the drawings, specifications, and estimate. All corrections made by the Architect during this stage should be at no additional cost to the District, except for changes by District from Design Development Stage.

(ii) The contract documents delivered to the District upon completion by Architect shall include, but not limited to, the following:

(a) Drawings: Original of all drawings on CADD or plotted bond with Architect's and/or Architect Consultants' State license stamp(s).

(b) Specifications: Original computer generated technical specifications on reproducible masters in CSI format.

(c) Update and refine the Architect Consultant's completed Construction Documents.

(6) Construction Documents Final Back-Check Stage:

(i) Make corrections as required, to reflect governmental agencies' final back-check comments into the drawings, specifications and estimate. All such corrections will be made at no cost to the District.

(ii) Upon written approval by the District that the documents are complete, Architect shall provide to the District completed drawings printed to scale and a complete set of specifications on reproducible masters. Reproduction of the contract documents for distribution to bidders will be provided by the District.

(7) Contract Documents:

(i) The Architect shall prepare and submit to the District for written approval the "contract documents" for the Project, which shall include all those documents necessary and convenient to provide for the contracting for construction of the Project, including, but not limited to, the construction contract provided by the District, complete working drawings and specifications setting forth in detail sufficient for construction the work to be done and the materials, workmanship, finishes and equipment required for the architectural, structural, mechanical, electrical system and utility-service-connected equipment and site work. The Architect shall conform for use in the contract documents the form(s) of such documents as are provided by the District, e.g., form of agreement, general conditions, *et cetera*.

(ii) To the extent required, the Architect shall submit the contract documents to DSA for plan check, and make all revisions and corrections as necessary to secure DSA approval of the contract documents. Upon receipt of DSA approval of the contract documents, the Architect shall provide to the District a final estimate of total construction costs for the Project.

(iii). Unless the District informs Architect that District will be responsible for preparing bid documents, the Architect shall prepare all bid documents during the contract documents Phase of the Project, and forward them to the District for written approval not less than three weeks prior to the anticipated first advertisement date for bids as established by the District.

(8) Meetings:

(i) During the Construction Document Phase it is anticipated that the Architect will attend (2) design meetings; the structural, electrical, mechanical, plumbing engineer will attend the civil and landscape engineer will attend (1) meeting

(ii) Such meetings shall not exceed one (1) day in duration and will normally be held in the boundaries of the District. Documented decisions made at such meetings and subsequently approved by the District shall be binding. Any revisions or reconsiderations of such decisions affecting program, master plan, schematic design and design development shall constitute a change in the Scope of Services of the Architect.

H. BIDDING PHASE

Upon written authorization from the District to proceed with the Bidding Phase, except to the extent the responsibility for any of the following is assumed by the District or a District consultant, or the bid documents or other contracts applicable to the Project make any of the following the responsibility of some other party, Architect shall take all necessary actions in accordance with the following:

(1) The development of the bidding procedure and the general condition of the construction contract shall be the joint responsibility of the District and the Architect, and the Lease/Leaseback Contractor.

(2) Following written approval of the contract documents and written acceptance by the District of Architect's final estimate of total construction costs, the Architect shall cooperate with the District and/or its LLB Contractor in the reproduction of the contract documents and the distribution of the contract documents to contractors interested in bidding on the Project. All sets of contract documents requested by the District for bidding purposes shall be reproduced at District's expense.

(3) All questions concerning the intent or interpretation of the bidding and contract documents shall be referred to the District for screening and subsequent processing through Architect and/or the Construction Manager.

(4) In the event any matter is identified that requires interpretation of the drawings or specifications, the Architect shall analyze the matter for decision by the District as to substantive and procedural requirements and, as necessary for corrections or clarifications, prepare one or more addenda for issuance by the District.

(5) The Architect shall assist the District in evaluating all bids and contract proposals, evaluating substitutions proposed by bidders, and awarding the bids. The Architect shall review the qualifications of all bidders and make recommendations to the District as to whether, in the Architect's professional opinion, bidders are qualified and meet minimum requirements for performance of the work.

(6) If at any time the total of the lowest responsible and responsive bid(s) for the Project, together with all other estimated and/or actual costs included within the construction cost, exceed the construction budget approved by the District for the Project, the

Architect, in consultation with the District and at no additional expense to the District, shall revise the plans and specifications as necessary so that rebidding of some or all of the Project will result in a construction cost not in excess of the construction budget. In so revising the plans and specifications, the Architect shall exercise its best judgment in determining the balance between the type, quality and other characteristics of the Project necessary to result in a Project satisfactory to the District. If acceptable to the District, the Architect may, as an alternative, include in the contract documents one or more deductive alternatives so that Architect and District may evaluate different means to achieve a satisfactory Project within the construction budget.

I. CONSTRUCTION PHASE

The Architect shall commence providing Construction Phase services upon award of the first contract for construction and until the earlier of the issuance to the District of the final Certificate for Payment or sixty (60) days after final completion of construction, including, without limitation, completion of all punch list items.

(1) During construction, the Architect shall furnish all necessary additional drawings for supplementing, clarifying and/or correcting purposes and for change orders required. Such drawings shall be requested in writing from the Architect by the District and shall be at no additional cost unless designated as an additional service to the District. The original drawings and contract wording for change orders shall be submitted to the District for duplication and distribution.

(2) The Architect will receive written notification of the award of a construction contract. Upon receiving such written notification, the Architect will proceed with the services required by the Construction Phase of this Agreement.

(3) Architect shall review and approve or take other appropriate action upon contractor's submittals such as: shop drawings, project data, samples and change orders, but only for the limited purpose of checking for conformance with information given and the design concept expressed in the contract documents.

The Architect's action shall be taken within fourteen (14) calendar days so as to cause no unreasonable delay in the work or in the construction of the District or of separate contractors, while allowing sufficient time in the Architect's professional judgment to permit adequate review.

In no case shall the review period associated with a single, particular submittal exceed fourteen (14) calendar days from the receipt by the Architect.

(4) During the course of construction, all Requests for Clarification must be responded to in a most expeditious manner, no more than seven (7) days, so as not to impact and delay the construction progress.

(5) Drawings or change orders required due to actions of the District which are beyond the scope of the Architect's responsibilities, shall be considered extra services.

(6) Architect shall visit the job site for on-site review of the construction of the Project. The schedule of these visits shall be coordinated and approved in advance by the District and its representative(s). The purpose of these visits is to resolve discrepancies in the contract documents and to monitor the progress of the Project.

Architect shall bring to the attention of the District, in writing to guard the District against, but does not assure against, any defects or deficiencies in the work by the District's construction contractor which the Architect may observe.

(7) The Architect shall visit the site at intervals appropriate to the stage of construction or as otherwise agreed by the District and Architect in writing to become familiar with the progress and quality of the work completed and to determine that the work is being performed in a manner that the work when competed will be in accordance with the contract documents. On the basis of on-site observations as an architect, the Architect shall keep the District informed of the progress and the quality of the work, and shall endeavor to guard the District against defects and deficiencies in the work. However, the Architect shall not be a guarantor of the contractor's performance.

(8) Prepare "Record Drawings": on the approved drawings original tracings to record changes made during the construction project based upon information provided by the District's construction contractor and changes by change orders. These "Record Drawings" along with three copies shall be delivered to the District at completion of the construction and shall be a condition precedent to the District's approval of the Architect's final payment. Architect may coordinate with District to identify electronic media alternatives to the satisfaction of all, or a portion of, this requirement.

(9) The Architect shall not be responsible for, nor have control or charge of, construction means, methods, techniques, sequences or procedures, or for safety precautions and programs in connection with the Project, and shall not be responsible for contractors' failure to carry out work in accordance with the contract documents. The Architect shall not be responsible for, nor have control over, the acts or omissions of the contractors, subcontractors, any of their agents or employees, or any other persons performing any work.

(10) Architect shall review equipment and maintenance manuals, and a complete set of warranty documents for all equipment and installed systems.

(11) Architect shall also provide at the District's request, architectural/engineering advice to the District on start-up, break-in and debugging of facility systems and equipment; and apparent deficiencies in construction following the acceptance of the contractor's work.

J. PROJECT CLOSE-OUT PHASE

As a condition to final payment to the Architect pursuant to this Agreement, the Architect shall complete all actions necessary for close-out of the Project in accordance with the following:

(1) Architect shall perform all actions necessary for District to obtain final close-out approval from DSA and any other governmental agencies with jurisdiction over the Project or any portion thereof. Architect shall not be responsible for documents or actions required of inspectors, testing labs, contractors, the District, or any other consultants retained by the District.

(2) Architect shall provide to the District any and all documentation required pursuant to this Agreement not already provided during prior phases of the Architectural Services.

(3) Architect shall coordinate with the District , at extra expense to be agreed upon between the District and the Architect, to prepare for the District as part of the project closeout, following completion of construction and occupation of the Project by the District, a survey reviewing how certain areas of the Project are being utilized as compared to their intended utilization. The District shall, at the Architect's request and with the Architect's assistance, identify those areas of the Project to be included in such survey.

K. MATTERS NOT WITHIN SCOPE OF ARCHITECTURAL SERVICES

The Architect is not responsible for providing, as part of the Architectural Services, any of the following:

(1) Ground contamination or hazardous material analysis.

(2) Any asbestos testing, design or abatement.

(3) Environmental impact report.

(4) Historical significance report.

(5) Soils investigation.

(6) Geotechnical hazard report.

(7) Topographic survey.

(8) Title report.

Consultant/Vendor Billing Instructions

Invoice Cover Sheet Set-Up

1 See "billing tab" below for spreadsheet; these are the instructions

2 Enter project name, DSA project number, project type, invoice number, date, your company name, fax, phone, etc.

3 Enter purchase order number provided to you when contract was issued

4 Feel free to include your company logo if you wish.

5 Enter approved contract agreements, amendments, reimburseables, allowances, etc. for which you are billing. Include summary scope of work. Enter "Cost Code" provided to you by Program Manager.

6 If you wish to break the contract work items down into portions that you would typically separate for progressive payments, please do that now. If your contract allows reimbursables in addition to contract fee, please separate these values. If you require more line items to complete this step, please highlight the entire last row by clicking on the grey row # at left, press CTRL+C to copy row, right click grey row # immediately below, select "Insert Copied Cells". This can be repeated as many times as necessary. Multiple rows can be copied/inserted in a single step by highlighting multiple rows prior to copying.

First Billing

5

IMPORTANT! When you are entering costs for your first billing, enter values (dollar amounts) ONLY into the green column. The percentages will change automatically. NOTE: Select the (% Complete) billing tab if you prefer to track your billings based on total project % complete. Once % complete is entered, billable amount will populate automatically. Select the (lump sum) billing tab if you prefer to track your billings as a lump sum billable amount to date. Once lump sum amount is entered, % complete will populate automatically.

6 Send invoice based on the Dollar value at the PRE-RETENTION value, if applicable.

Subsequent Billings

7 Manually input the dollar values from the "cost completed to date" column into the blue "total previous billings" column.

8 Enter the corresponding dollar values/% complete values into the green column for total work complete to date.

9 Submit a conditional release waiver with the billing. Submit signed pay request certification form.

10 Email to Chris Yafuso (cyafuso@aimcsworld.com) or mail to the CFW Oxnard office at 1901 S. Victoria Avenue #106, Oxnard, CA 93035. Please allow 4-6 weeks for invoice processing prior to payment.

11 Please note that invoice amounts which exceed remaining contract balance will not be processed, and will be returned to Vendor pending additional contract agreement(s). Incorrect contract amounts, cost codes, or other errors and miscalculations can delay/prevent processing of payment.

NOTE: All Consultant/Vendor invoices must be accompanied by this worksheet to ensure proper payment. Invoices without this worksheet may be rejected and may delay payment until the next billing cycle or until the spreadsheet becomes accurate. Invoices not received by the 25th may be delayed until the next billing cycle. Contact the Program Manager with any questions regarding billing values, or any other information required, prior to submitting a billing.

EXHIBIT "F"

FINGERPRINTING REQUIREMENTS

SECTION 00510

BACKGROUND CHECK AND FINGERPRINTING PROCEDURES FOR CONTRACTORS

The successful Bidder will be required to assure that its employees, subcontractors of any tier, material suppliers, and consultants do not have direct contact with the District's students during the performance of the Contract in compliance with Education Code §§ 45125.1 and 45125.2. To assure these provisions, the successful Bidder's supervisor shall be fingerprinted, and proof of same shall be provided to the District prior to start of on-site work. The supervisor will monitor the workers' conduct while on school grounds. In addition, the successful Bidder shall barricade the Work area to separate its workers from the students. Costs associated with this process are the responsibility of the successful Bidder.

The Contractors' construction supervisors or their unsupervised employees who will be working outside of fenced areas during the school hours **must** have submitted a fingerprint identification card to the Department Of Justice (DOJ) and have a proof of clearance in the form of an affidavit filed in the Oxnard School District's Purchasing Office **prior to** the start of the Work.

California Education Code §§45125.1 and 45125.2 require that criminal checks be completed for contractors (Contracting Firm) who provide architectural, construction, janitorial, administrative, landscape, transportation, food-related, or other similar services to school districts.

The undersigned does hereby certify to the Board of Trustees of the Oxnard School District as follows:

That I am a representative of the Contractor currently under contract ("Contract") with the District; that I am familiar with the facts herein certified, and am authorized and qualified to execute this certificate on behalf of Contractor.

Contractor certifies that it has taken the following actions with respect to the construction Project that is the subject of the Contract:

1. Pursuant to Education Code §45125.2, Contractor has installed or will install, prior to commencement of Work, a physical barrier at the Work Site, which will limit contact between Contractor's employees and District pupils at all times (mandatory for all Projects); AND

2. The Contractor has complied with the fingerprinting requirements of Education Code §45125.1 with respect to all Contractor's employees and all of its subcontractors' employees who may have contact with District pupils in the course of providing services pursuant to the Contract, and the California Department of Justice has determined that none of those employees has been convicted of a felony, as that term is defined in Education Code §45122.1. A complete and accurate list of Contractor's employees and of all its subcontractors' employees who may come in contact with District pupils during the course and scope of the Contract is attached hereto; AND/OR

3. Pursuant to Education Code §45125.2, Contractor certifies that all employees will be under the continual supervision of, and monitored by, an employee of the Contractor who the California Department of Justice has ascertained has not been convicted of a violent or serious felony. The name and title of each employee who will be supervising Contractor's employees and its subcontractors' employees is:

Name: _____

Title: _____

AND/OR

4. The Work on the Contract is at an unoccupied school site and no employee and/or subcontractor or supplier of any tier of Contract shall come in contact with District pupils.

Contractor's responsibility for background clearance extends to all of its employees, Subcontractors, and employees of Subcontractors coming into contact with District pupils regardless of whether they are designated as employees or acting as independent contractors of the Contractor.

OSD BOARD AGENDA ITEM

Name of Contributor: Dr. Anabolena DeGenna **Date of Meeting:** December 17, 2025

Agenda Section: Section C: Special Education Agreement

Approval of Amendment #1 to Agreement #25-62, Franklin Covey Education (DeGenna/Jefferson)

At the Board Meeting on June 11, 2025, the Board of Trustees approved Agreement #25-62 with Franklin Covey Education to provide professional development for designated certificated and classified staff in the Special Education Department, in the amount of $50,000.00.

Amendment #1, in the amount of $6,000.00, is being requested to cover the additional costs associated with extending the number of training days required to complete the professional development sessions for the Special Education Department. The remaining funds in the account, along with this additional $6,000.00, will be used to cover the total cost. With this amendment, the overall agreement amount for the 2025–2026 school year increases to $56,000.00.

Note: The funds being requested differ from the total amount listed on the Franklin Covey rate sheet because we are utilizing the remaining balance available in the account and requesting an additional $6,000 to supplement the total cost.

FISCAL IMPACT:
Not to Exceed: $6,000.00 - Special Education Funds

RECOMMENDATION:
It is the recommendation of the Director, Special Education, and the Superintendent, that the Board of Trustees approve Amendment #1 to Agreement #25-62 with Franklin Covey Education.

ADDITIONAL MATERIALS:

Attached: Amendment #1 (1 Page)
Proposal (2 Pages)
Agreement #25-62, Franklin Covey Education (25 Pages)

AMENDMENT #1 TO AGREEMENT #25-62 with
Franklin Covey
December 17, 2025

At the Board Meeting on June 11, 2025, the Board of Trustees approved Agreement #25-62 with Franklin Covey to provide professional development for designated certificated and classified staff in the Special Education Department, in the amount of $50,000.00.

Amendment #1, in the amount of $6,000.00, is being requested to cover the additional costs associated with extending the number of training days required to complete the professional development sessions for the Special Education Department. The remaining funds in the account, along with this additional $6,000.00, will be used to cover the total cost. With this amendment, the overall agreement amount for the 2025–2026 school year increases to $56,000.00.

Note: The funds being requested differ from the total amount listed on the Franklin Covey rate sheet because we are utilizing the remaining balance available in the account and requesting an additional $6,000 to supplement the total cost.

FRANKLIN COVEY EDUCATION:

Melissa Reyes, Director, Purchasing

Leader in Me® Proposal

This Leader in Me Agreement ("Agreement") is entered into as of the date given below (the "Effective Date") by and between Franklin Covey Client Sales, Inc., whose address is 13907 South Minuteman Boulevard, Suite 500, Draper, Utah 84020 ("FranklinCovey"), and the following organization ("Client"):

Organization:	Oxnard Special Education Department	**Contact Person:**	Danielle Jefferson
Address:	1051 South A Street	**Telephone:**	805-385-1501
City, State, Zip:	Oxnard, California 93030	**Email:**	djefferson@oxnardsd.org

Details of Services and Materials

FranklinCovey shall provide Client the training, coaching, and materials (the "Services") to be included in the Leader in Me® network of Schools. Details of the Services are described in the following table:

Deliverable	Start Date	End Date	Invoice Date	Amount	Quantity	Total
Professional Development						
Prepaid Custom Coaching	11/05/2025	11/04/2026	11/05/2025	$3,600.00	3	$10,800.00
				Total Investment		$10,800.00

Client may contact FranklinCovey via email or purchase order to purchase additional products and/or services, which shall be subject to the terms and conditions of this Agreement. If Client issues a purchase order and there is a conflict between the purchase order terms and this Agreement, this Agreement shall control. If this Agreement is executed by Client after the Invoice Dates above, FranklinCovey may adjust the Invoice Dates based on the Effective Date. Such change shall not affect the Total Investment.

IN WITNESS HEREOF, all Parties have executed the foregoing Agreement by their duly authorized representatives.

Effective Date: _____

Terms and Conditions

Scheduling a Consultant: Contact FranklinCovey via email preferably thirty (30) days in advance to schedule a FranklinCovey consultant. Once scheduled, the cancellation/rescheduling provisions will apply.

Cancellation/Rescheduling Fees: Fifteen (15) calendar days' notice is required to cancel or reschedule a scheduled consultant. If Client provides fewer than fifteen days' notice, Client will be billed a cancellation fee of 75% or a rescheduling fee of 25% of the consultant fee to cover costs incurred by FranklinCovey, as well as any travel costs imposed on FranklinCovey as a result of such cancellation or rescheduling. Client will not be assessed a cancellation/rescheduling fee for any consultant services canceled or rescheduled by FranklinCovey.

Facilities: Client shall be responsible for providing an appropriate room for onsite Services and to furnish the room with audio/visual equipment required by FranklinCovey, and all costs associated therewith

Term, Termination, and Events of Termination: The term of this Agreement shall commence on the Effective Date and continue for a period of one (1) year. If Client terminates for convenience, FranklinCovey shall not refund any previously invoiced amounts. Either party may terminate this Agreement if the other party materially breaches the Agreement, and such material breach remains uncured after the non-breaching party has provided thirty (30) days' written notice of such breach. Upon termination of this Agreement for any reason, Client shall immediately discontinue all use of the FranklinCovey materials.

Payment Terms: FranklinCovey shall invoice Client for all fees as identified in the table(s) above, which fees are nonrefundable and non-prorateable, including shipping and handling, and sales and use taxes (unless Client submits proof of its tax-exempt status to FranklinCovey). All shipments are FOB Shipping Point. Payment terms are net 30 from the invoice date. Fees are subject to an annual price increase.

Recordings: Client shall not make or allow to be made any audio and/or video recordings of the Services. Client shall inform the audience and otherwise take reasonable actions to ensure that no recordings of the Services are made.

Leader in Me Notifications: FranklinCovey may send to teachers, staff, and employees via email or other means promotional materials, product updates, upcoming events, and other information pertinent to the Leader in Me process. Anyone receiving such information may opt out at any time.

Copyright: FranklinCovey owns or controls all intellectual property rights, proprietary rights, and copyrights to all Services and materials provided for in this Agreement, and Client shall communicate the same to recipients of the Services. Any unauthorized use, reuse, copying, reproduction, recording, transmittal, modification, or revision of the Services and/or materials, if applicable, shall constitute a breach of this Agreement and/or federal copyright law. Any materials provided for herein are intended for personal use only by participants, and are not for resale, distribution to a third-party, commercial use, file sharing, or public display. Nothing in this Agreement implies a grant of license for Client to use the concepts and materials outside the scope of the Agreement.

Modification of Agreement: All amendments or modifications to this Agreement must be in writing and signed by the parties hereto. The person executing this Agreement on behalf of Client warrants that he/she is authorized to enter into this Agreement and has authority to bind Client.

EEOC. FranklinCovey complies with the requirements of 41 CFR 60-300.5(a) and 41 CFR 60-741.5(a), which prohibit discrimination against qualified protected veterans and qualified individuals on the basis of disability, and require affirmative action by covered prime contractors and subcontractors to employ and advance in employment qualified protected veterans and individuals with disabilities.

Force Majeure: Neither Client nor FranklinCovey shall be required to perform any term, condition, or covenant of this Agreement so long as such performance is delayed or prevented by acts of God, material or labor restriction by any governmental authority, civil riot, floods, hurricanes, or other natural disasters, or any other cause not reasonably within the control of Client or FranklinCovey.

Entire Agreement: This Agreement represents the entire understanding between the parties and supersedes all prior agreements, whether written or oral, relating to the subject matter hereof. In the event any terms contained in any subsequent purchase order (or similar document) sent or received in connection with this Agreement are inconsistent with the terms of this Agreement, the terms of the Agreement shall prevail.

Payment. District will pay Provider within 30 days after receipt of an invoice, in form and content acceptable to District, and reflecting charges for District approved costs and services performed by Provider and not previously invoiced.

Conditions. Provider will have no obligation to provide services until District returns a signed copy of this Agreement.

Nature of Relationship. The parties agree the relationship created by this Agreement is that of independent contractor. Provider understands and agrees that the Provider, officers, agents, or employees of Provider are not entitled to any benefits normally offered or conveyed to District employees, including but not limited to coverage under the California Workers' Compensation Insurance laws.

Binding Effect. This Agreement shall inure to the benefit and shall be binding upon all of the parties to this Agreement, and their respective successors in interest or assigns.

Termination or Amendment. This Agreement may be terminated or amended in writing at any time by mutual written consent of all of the parties to this Agreement, and may be terminated by either party for any reason by giving the other party 30 days advance written notice.

Compliance with Laws. Provider hereby agrees that Provider, and each of its officers, agents, and employees (each a "Provider Party) shall obey all local, state, and federal laws and regulations in the performance of this Agreement, including but not limited to each of the following laws and regulations, as and if applicable:

- Provider shall be responsible for the safety of its employees and shall comply with California Code of Regulations Title 8, section 3205, COVID-19 Prevention.

- Provider shall ensure that each Provider Party who is on-site supporting school functions is compliant with all the following laws, if and as applicable:
    - Fingerprinting / criminal background investigations (see paragraph titled "Fingerprinting, below);
    - Public Health Department Orders and Guidance or other related mandates related to COVID-19, so long as such Orders and Guidance are in effect during the Term of this Agreement;
    - Tuberculosis Clearance (Education Code § 49406)

Non-Discrimination and Equal Employment Opportunity. Provider represents and agrees that it does not and shall not discriminate against any employee or applicant for employment, company, individual or group of individuals, because of ancestry, age, color, disability (physical and mental, including HIV and AIDS), genetic information, gender identity, gender expression, marital status, medical condition, military or veteran status, national origin, race, religion, sex/gender, and sexual orientation.

Confidentiality. Provider agrees to maintain the confidentiality of all District and District-related data, information, and records including but not limited to student identifiable information and employee personnel information pursuant to all California and Federal statutory laws relating to privacy, confidentiality, and information security including but not limited to California Education Code sections 49060 – 49085 and the Family Educational Rights and Privacy Act (FERPA), that currently exist or exist at any time during the term of this Agreement. All such records and information shall be considered confidential and kept confidential by Provider and Provider's officers, agents, employees, participants, vendors, or customers.

Fingerprinting. Provider shall ensure that Provider and any employee who interacts with students, outside of the immediate supervision and control of the student's parent or guardian or a school employee, has a current valid criminal records summary as described in California *Education Code* section 44237. If any services will be provided on-site, or through an app or other electronic method that might allow any interaction between any student and Provider shall, prior to commencing any service hereunder, provide the District a Fingerprinting/ Criminal Background Check investigation Certificate, in form and substance satisfactory to the District. While this Agreement is in effect, Provider shall immediately provide any arrest and conviction information it receives concerning any person providing Services hereunder to the District.

Indemnification. To the fullest extent permitted by law, Provider agrees to defend, indemnify, and hold harmless District, its governing board, officers, administrators, managers, agents, employees, successors, assigns, independent contractors and/or volunteers from and against any and all claims, demands, monetary or other losses, loss of use, damages and expenses, including but not limited to, reasonable legal fees and costs, or other obligations or claims arising out of any liability or damage to person or property resulting from bodily injury, illness, communicable disease, virus, pandemic, or any other loss, sustained or claimed to have been sustained arising out of activities of the Provider or those of any of its officers, agents, employees, participants, vendors, or customers of Provider, whether such act or omission is authorized by this Agreement or not. Provider also agrees to pay for any and all damage to the real and personal property of the District, or loss or theft of such property, or damage to the Property done or caused by such persons. District assumes no responsibility whatsoever for any property placed on District premises by Provider, Provider's agents, employees, participants, vendors, or customers. The provisions of this Indemnification do not apply to any damage or losses caused solely by the intentional misconduct of the District or any of its governing board, officers, administrators, managers, agents, employees and/or volunteers.

This Indemnification shall survive termination of this Agreement, for any reason whatsoever, and binds each party's legal representatives, successors, and assigns.

Insurance. Provider, at its own cost and expense, shall procure and maintain during the term of this Agreement, policies of insurance for the following types of coverage:

a. Commercial General Liability Insurance. Provider shall procure and maintain, during the term of this Agreement, not less than the following General Liability Insurance coverage in the amounts of $1,000,000 per occurrence and $2,000,000 aggregate.

   Commercial General Liability insurance shall include products/completed operations, property damage, and personal and advertising injury coverage.

b. Automobile Liability. Provider shall procure and maintain, during the full term of this Agreement following Automobile Liability Insurance including non-owned and leased automobiles, as applicable with the following coverage limits:

Personal vehicles:	$500,000.00 combined single limit or
	$100,000.00 per person / $300,000.00 per accident
Commercial vehicles:	$1,000,000.00 per accident for bodily injury and property damage

c. Workers' Compensation Insurance. Provider shall procure and maintain, during the term of this Agreement, Workers' Compensation Insurance, as required by California law, on all of its employees engaged in work related to the performance of this Agreement. Provider shall procure and maintain Employers' Liability insurance coverage of $1,000,000. Absent proof of Workers' Compensation Insurance, Provider will submit a fully executed Certification of Exemption from Workers' Compensation Insurance, which District in its sole discretion may accept or reject.

d. ~~Other Coverage as Dictated by the District. If any employee of Provider interacts with students, outside of the immediate supervision and control of the student's parent or guardian or a certificated school employee, Provider shall procure and maintain, during the term of this Agreement, Abuse and Molestation coverage in the amounts of $2,000,000 per occurrence and $4,000,000 aggregate.~~

If professional services are offered, Provider shall procure and maintain, during the term of this Agreement, Professional Liability (Errors and Omissions) insurance coverage in the amounts of $1,000,000 per occurrence and $2,000,000 aggregate.

e. Provider's insurance is primary and will not seek contribution from any other insurance available to the District. Provider further hereby waives any and all rights of subrogation that it may have against the District.

f. Certificates of Insurance. Provider shall provide certificates of insurance to the District as evidence of the insurance coverage required herein, not less than 15 days prior to commencing the proposed activity, and at any other time upon the request of the District. Certificates of insurance will be deemed invalid if proper endorsements are not attached. Certificates of such insurance shall be filed with the District on or before commencement of the services under this Agreement.

g. Endorsements. Provider's Commercial General Liability insurance and Commercial Automobile Liability coverage and Abuse and Molestation coverage shall name the District, its governing board, officers, agents, employees, and/or volunteers as additional insureds. All endorsements specifying additional insureds for any of the Insurance Policies shall be as indicated below or an equivalent endorsement reasonably acceptable to the District.

1) General Liability: CG 20 26 10 01
2) Primary, non-contributory: CG 20 01 04 13
3) Waiver of subrogation: CG 24 04 05 09
4) Commercial Automobile Liability: CA 20 48 10 13

h. Acceptability of Insurers. Insurance is to be placed with insurers with a current A.M. Best's rating of no less than A: VII, unless otherwise acceptable to the District.

i. Insurance written on a "claims made" basis is to be renewed by the Provider for a period of three (3) years following termination of this Agreement. Such insurance must have the same coverage and limits as the policy that was in effect during the term of this agreement and will cover the Provider for all claims made. If coverage is canceled or non-renewed, and not replaced with another claims-made policy form with a Retroactive Date prior to the contract effective date, the Consultant must purchase "extended reporting" coverage for a minimum of three (3) years after completion of the Services.

j. Failure to Procure Insurance. Failure on the part of Provider to procure or maintain required insurance shall constitute a material breach of contract under which the District may immediately terminate this Agreement

Governing Law and Venues. This Agreement shall be interpreted in accordance with the laws of the State of California. If any action is brought to interpret or enforce any term of this Agreement, the action shall be brought in state or federal court situated in the County of Ventura, State of California.

Dispute Resolution. If any dispute arises out of or in connection with the Agreement, representatives of the Parties with authority to settle the dispute shall communicate, in person, electronically, or in writing within 30 days of written notice, in a good faith effort to resolve the dispute.

The parties agree that, in the event of any unresolved dispute under the agreement in which the amount sought is $5,000.00 or less, any litigation to resolve the dispute shall be brought in the Ventura County Small Claims Court.

If the unresolved amount in dispute exceeds $5,000.00, the parties agree that they will first submit the matter to a mutually agreed upon mediator. Notwithstanding the following section, Attorneys Fees, the cost of the mediator shall be borne equally by the parties.

Attorney Fees. In the event of any action or proceeding to interpret or enforce the terms of this Agreement, the prevailing party, as determined by the court or mediator, shall be entitled to recover its reasonable attorney fees and costs incurred in connection with such actions or proceeding.

Nature of Agreement. This Agreement represents the entire agreement between the parties hereto with respect to the subject matter hereof and supersedes any and all other agreements and communications however characterized, written or oral, between or on behalf of the parties hereto with respect to the subject matter hereof. This Agreement may only be modified by a written instrument signed by authorized representatives of each of the parties hereto.

Counterpart Execution. This Agreement may be executed in any number of counterparts which, when taken together, shall constitute one and the same instrument. Executed counterparts of this Agreement may be delivered by PDF email or electronic facsimile transmission and shall have the same legal effect as an "ink-signed" original.

Signature Authority. Provider represents and warrants that Provider has all requisite power and authority to conduct its business and to execute, deliver, and perform this Agreement.

Acknowledgement and Agreement

Leader in Me®

Leader in Me® Agreement

This Leader in Me Agreement ("Agreement") is entered into as of the date given below (the "Effective Date") by and between Franklin Covey Client Sales, Inc., whose address is 2200 West Parkway Blvd., Salt Lake City, Utah 84119 ("FranklinCovey"), and the following organization ("Client"):

Organization:	Oxnard Special Education Department	**Contact Person:**	Danielle Jefferson
Address:	1051 South A Street	**Telephone:**	
City, State, Zip:	Oxnard, California 93030	**Email:**	djefferson@oxnardsd.org

Details of Services and Materials

FranklinCovey shall provide Client the training, coaching, and materials (the "Services") to be included in the Leader in Me® network of Schools. Details of the Services are described in the following table:

Deliverable	Start Date	End Date	Invoice Date	Amount	Quantity	Total
Membership						
District Partnership: Leader in Me Online District+	7/01/2025	6/30/2026	7/01/2025	7/01/2025	1	$1,400.00
Professional Development						
Prepaid Custom Coaching	7/01/2025	6/30/2026	7/01/2025	$3,600.00	10	$36,000.00
District Partnership: District Alignment Session (Year 2+)	7/01/2025	6/30/2026	7/01/2025	$3,600.00	1	$3,600.00
				Total Investment		$41,000.00

Client may contact FranklinCovey via email or purchase order to purchase additional products and/or services, which shall be subject to the terms and conditions of this Agreement. If Client issues a purchase order and there is a conflict between the purchase order terms and this Agreement, this Agreement shall control. If this Agreement is executed by Client after the Invoice Dates above, FranklinCovey may adjust the Invoice Dates based on the Effective Date. Such change shall not affect the Total Investment.

IN WITNESS HEREOF, all Parties have executed the foregoing Agreement by their duly authorized representatives.

Terms and Conditions

Grant of Rights To Portal: FranklinCovey hereby grants Client a limited, non-exclusive, non-transferable, revocable license for Client teachers and/or staff for whom an annual license fee has been paid ("Users") to access the Leader in Me® Online portal ("Portal"). Access to the Portal shall be available only to Users. Users will receive a unique registration code from an authorized representative of Client (e.g., Principal) prior to logging into the Portal. Client and Users agree not to make the Portal available in any manner to the general public, non-parties to this Agreement, students, or any other individual who is not a User.

Intellectual Property License: FranklinCovey hereby grants to Client a limited, non-exclusive license (the "License") to use the FC IP (defined below) only in connection with the delivery or promotion of FranklinCovey's *Leader in Me* solution within Client's school. For clarity, and by way of example only, the FC IP may be used with lesson plans, bulletin boards, posters, tee shirts, pins, songs, and other similar uses. However, FC IP may not be used with planners/agendas, unless such planners/agendas are purchased through SDI Innovations. Further, Client shall not use a FranklinCovey trademark, such as "The Leader in Me®," in or as a domain name. The License to the FC IP shall not be sublicensed, assigned, or transferred by Client. All works created by Client using the FC IP shall be deemed derivative works ("Derivative Works"), and are owned by FranklinCovey and may be used only pursuant to the License granted herein. "FC IP" shall mean the Leader in Me trademarks and other materials

provided to Client by FranklinCovey, including intellectual property associated with The 7 Habits®. Client shall effectively communicate to its staff, employees, teachers, and anyone else who may have access to or receive the FC IP, that such FC IP is copyright- and/or trademark-protected and the proprietary property of FranklinCovey, and that neither Client nor its employees shall modify, reproduce, file share, email, distribute to a third party, or publicly post (Slide Share, YouTube, etc.) the FC IP and any Derivative Works created by Client or its employees except as expressly provided for herein.

Measurable Results Assessment: The Leader in Me process includes a voluntary survey whereby staff, parents, and students are asked questions related to leadership, culture, and academics. An authorized person from Client will be provided a URL link of the survey questions to share with staff, parents, and students. Personally identifiable information ("PII") will not be collected as part of the survey, but in the event information is categorized as PII, FranklinCovey will not permit disclosure outside of its own organization and it will take all commercially practicable measures to destroy PII when it is no longer needed. Survey results will be compiled in an aggregate form and shared with third parties, such as donors and sponsors. Survey results may also be used for research.

Leadership Development: Principals Development Track and Lighthouse Coordinator Development Track provide an opportunity for Users to attend professional development. Client is responsible for all travel expenses incurred by Users attending such professional development.

Scheduling a Consultant. Contact FranklinCovey via email preferably thirty (30) days in advance to schedule a FranklinCovey consultant. Once scheduled, the cancellation/rescheduling provisions will apply.

Cancellation/Rescheduling Fees. Fifteen (15) calendar days' notice is required to cancel or reschedule a scheduled consultant. If Client provides fewer than fifteen days' notice, Client will be billed a cancellation fee of 75% or a rescheduling fee of 25% of the consultant fee to cover costs incurred by FranklinCovey, as well as any travel costs imposed on FranklinCovey as a result of such cancellation or rescheduling. Client will not be assessed a cancellation/rescheduling fee for any consultant services canceled or rescheduled by FranklinCovey.

Term, Termination, and Events of Termination: The term of this Agreement shall commence on the Effective Date and terminate on the End Date identified in the table above. Either party may terminate this Agreement with 30 days written notice of a material breach of this Agreement only, if uncured within such 30-day period. Upon termination of this Agreement for any reason, Client shall immediately (a) discontinue all use of the FC IP; and (b) discontinue all use of Derivative Works.

Payment Terms: FranklinCovey shall invoice Client for all fees as identified in the table(s) above, which fees are nonrefundable and non-prorateable, including shipping and handling, and sales and use taxes (unless Client submits proof of its tax-exempt status to FranklinCovey). All shipments are FOB Shipping Point. Payment terms are net 30 from the invoice date. Fees are subject to an annual price increase.

Audio: Client is responsible for providing a conference line for live online Services, when needed. Such conference line is provided at Client's sole cost and expense.

Recordings: Client shall not make or allow to be made any audio and/or video recordings of the Services. Client shall inform the audience and otherwise take reasonable actions to ensure that no recordings of the Services are made.

Leader in Me Notifications: FranklinCovey may send to teachers, staff, and employees via email or other means promotional materials, product updates, upcoming events, and other information pertinent to the Leader in Me process. Anyone receiving such information may opt out at any time.

Copyright: FranklinCovey owns or controls all intellectual property rights, proprietary rights, and copyrights to all Services and materials provided for in this Agreement, and Client shall communicate the same to recipients of the Services ("Participants"). Client's and/or Participants' unauthorized use, reuse, copying, reproduction, recording, transmittal, modification, or revision of the Services and/or materials, if applicable, shall constitute a breach of this Agreement and/or federal copyright law. Any materials provided for herein are intended for personal use only by Participants and are not for resale, distribution to a third-party, file sharing, or public display. Nothing in this Agreement implies a grant of license for Client to use the concepts and materials outside the scope of the Agreement.

Modification of Agreement: All amendments or modifications to this Agreement must be in writing and signed by the parties hereto. The person executing this Agreement on behalf of Client warrants that he/she is authorized to enter into this Agreement and has authority to bind Client.

EEOC: FranklinCovey complies with the requirements of 41 CFR 60-300.5(a) and 41 CFR 60-741.5(a), which prohibit discrimination against qualified protected veterans and qualified individuals on the basis of disability, and require affirmative action by covered prime contractors and subcontractors to employ and advance in employment qualified protected veterans and individuals with disabilities.

Force Majeure: Neither Client nor FranklinCovey shall be required to perform any term, condition, or covenant of this Agreement so long as such performance is delayed or prevented by acts of God, material or labor restriction by any governmental authority, civil riot, floods, hurricanes, or other natural disasters, or any other cause not reasonably within the control of Client or FranklinCovey.

Entire Agreement: This Agreement represents the entire understanding between the parties and supersedes all prior agreements, whether written or oral, relating to the subject matter hereof. In the event any terms contained in any subsequent purchase order (or similar document) sent or received in connection with this Agreement are inconsistent with the terms of this Agreement, the terms of the Agreement shall prevail.

CERTIFICATE OF LIABILITY INSURANCE

DATE (MM/DD/YYYY): 9/3/2024

THIS CERTIFICATE IS ISSUED AS A MATTER OF INFORMATION ONLY AND CONFERS NO RIGHTS UPON THE CERTIFICATE HOLDER. THIS CERTIFICATE DOES NOT AFFIRMATIVELY OR NEGATIVELY AMEND, EXTEND OR ALTER THE COVERAGE AFFORDED BY THE POLICIES BELOW. THIS CERTIFICATE OF INSURANCE DOES NOT CONSTITUTE A CONTRACT BETWEEN THE ISSUING INSURER(S), AUTHORIZED REPRESENTATIVE OR PRODUCER, AND THE CERTIFICATE HOLDER.

IMPORTANT: If the certificate holder is an ADDITIONAL INSURED, the policy(ies) must have ADDITIONAL INSURED provisions or be endorsed. If SUBROGATION IS WAIVED, subject to the terms and conditions of the policy, certain policies may require an endorsement. A statement on this certificate does not confer rights to the certificate holder in lieu of such endorsement(s).

1 ADDITIONAL INSUREDS

a **WHO IS AN INSURED** is amended to include as an **Insured** any person or organization described in paragraphs **A.** through **K.** below whom a **Named Insured** is required to add as an additional insured on this **Coverage Part** under a written contract or written agreement, provided such contract or agreement:

(1) is currently in effect or becomes effective during the term of this **Coverage Part**; and

(2) was executed prior to:

(a) the **bodily injury** or **property damage**; or

(b) the offense that caused the **personal and advertising injury**,

for which such additional insured seeks coverage.

b. However, subject always to the terms and conditions of this policy, including the limits of insurance, the Insurer will not provide such additional insured with:

(1) a higher limit of insurance than required by such contract or agreement; or

(2) coverage broader than required by such contract or agreement, and in no event broader than that described by the applicable paragraph **A.** through **K.** below.

Any coverage granted by this endorsement shall apply only to the extent permissible by law.

A Controlling Interest

Any person or organization with a controlling interest in a **Named Insured**, but only with respect to such person or organization's liability for **bodily injury**, **property damage** or **personal and advertising injury** arising out of:

1 such person or organization's financial control of a **Named Insured**; or

2 premises such person or organization owns, maintains or controls while a **Named Insured** leases or occupies such premises;

provided that the coverage granted by this paragraph does not apply to structural alterations, new construction or demolition operations performed by, on behalf of, or for such additional insured.

B Co-owner of Insured Premises

A co-owner of a premises co-owned by a **Named Insured** and covered under this insurance but only with respect to such co-owner's liability for **bodily injury**, **property damage** or **personal and advertising injury** as co-owner of such premises.

C Grantor of Franchise

Any person or organization that has granted a franchise to a **Named Insured**, but only with respect to such person or organization's liability for **bodily injury**, **property damage** or **personal and advertising injury** as grantor of a franchise to the **Named Insured**.

D Lessor of Equipment

Any person or organization from whom a **Named Insured** leases equipment, but only with respect to liability for **bodily injury**, **property damage** or **personal and advertising injury** caused, in whole or in part, by the **Named Insured's** maintenance, operation or use of such equipment, provided that the **occurrence** giving rise to such **bodily injury**, **property damage** or the offense giving rise to such **personal and advertising injury** takes place prior to the termination of such lease.

Copyright CNA All Rights Reserved. Includes copyrighted material of Insurance Services Office, Inc., with its permission.

E Lessor of Land

Any person or organization from whom a **Named Insured** leases land but only with respect to liability for **bodily injury**, **property damage** or **personal and advertising injury** arising out of the ownership, maintenance or use of such land, provided that the **occurrence** giving rise to such **bodily injury**, **property damage** or the offense giving rise to such **personal and advertising injury** takes place prior to the termination of such lease. The coverage granted by this paragraph does not apply to structural alterations, new construction or demolition operations performed by, on behalf of, or for such additional insured.

F Lessor of Premises

An owner or lessor of premises leased to the **Named Insured**, or such owner or lessor's real estate manager, but only with respect to liability for **bodily injury**, **property damage** or **personal and advertising injury** arising out of the ownership, maintenance or use of such part of the premises leased to the **Named Insured**, and provided that the **occurrence** giving rise to such **bodily injury** or **property damage**, or the offense giving rise to such **personal and advertising injury**, takes place prior to the termination of such lease. The coverage granted by this paragraph does not apply to structural alterations, new construction or demolition operations performed by, on behalf of, or for such additional insured.

G Mortgagee, Assignee or Receiver

A mortgagee, assignee or receiver of premises but only with respect to such mortgagee, assignee or receiver's liability for **bodily injury**, **property damage** or **personal and advertising injury** arising out of the **Named Insured's** ownership, maintenance, or use of a premises by a **Named Insured**.

The coverage granted by this paragraph does not apply to structural alterations, new construction or demolition operations performed by, on behalf of, or for such additional insured.

H State or Governmental Agency or Subdivision or Political Subdivisions – Permits

A state or governmental agency or subdivision or political subdivision that has issued a permit or authorization but only with respect to such state or governmental agency or subdivision or political subdivision's liability for **bodily injury**, **property damage** or **personal and advertising injury** arising out of:

1 the following hazards in connection with premises a **Named Insured** owns, rents, or controls and to which this insurance applies:

   a the existence, maintenance, repair, construction, erection, or removal of advertising signs, awnings, canopies, cellar entrances, coal holes, driveways, manholes, marquees, hoistaway openings, sidewalk vaults, street banners, or decorations and similar exposures; or

   b the construction, erection, or removal of elevators; or

   c the ownership, maintenance or use of any elevators covered by this insurance; or

2 the permitted or authorized operations performed by a **Named Insured** or on a **Named Insured's** behalf.

   The coverage granted by this paragraph does not apply to:

   a **Bodily injury**, **property damage** or **personal and advertising injury** arising out of operations performed for the state or governmental agency or subdivision or political subdivision; or

   b **Bodily injury** or **property damage** included within the **products-completed operations hazard**.

With respect to this provision's requirement that additional insured status must be requested under a written contract or agreement, the Insurer will treat as a written contract any governmental permit that requires the **Named Insured** to add the governmental entity as an additional insured.

3002000317015425931145

Copyright CNA All Rights Reserved. Includes copyrighted material of Insurance Services Office, Inc., with its permission.

I Trade Show Event Lessor

1 With respect to a **Named Insured's** participation in a trade show event as an exhibitor, presenter or displayer, any person or organization whom the **Named Insured** is required to include as an additional insured, but only with respect to such person or organization's liability for **bodily injury**, **property damage** or **personal and advertising injury** caused by:

a the **Named Insured's** acts or omissions; or

b the acts or omissions of those acting on the **Named Insured's** behalf,

in the performance of the **Named Insured's** ongoing operations at the trade show event premises during the trade show event.

2 The coverage granted by this paragraph does not apply to **bodily injury** or **property damage** included within the **products-completed operations hazard**.

J Vendor

Any person or organization but only with respect to such person or organization's liability for **bodily injury** or **property damage** arising out of **your products** which are distributed or sold in the regular course of such person or organization's business, provided that:

1 The coverage granted by this paragraph does not apply to:

a **bodily injury** or **property damage** for which such person or organization is obligated to pay **damages** by reason of the assumption of liability in a contract or agreement unless such liability exists in the absence of the contract or agreement;

b any express warranty unauthorized by the **Named Insured**;

c any physical or chemical change in any product made intentionally by such person or organization;

d repackaging, except when unpacked solely for the purpose of inspection, demonstration, testing, or the substitution of parts under instructions from the manufacturer, and then repackaged in the original container;

e any failure to make any inspections, adjustments, tests or servicing that such person or organization has agreed to make or normally undertakes to make in the usual course of business, in connection with the distribution or sale of the products;

f demonstration, installation, servicing or repair operations, except such operations performed at such person or organization's premises in connection with the sale of a product;

g products which, after distribution or sale by the **Named Insured**, have been labeled or relabeled or used as a container, part or ingredient of any other thing or substance by or for such person or organization; or

h **bodily injury** or **property damage** arising out of the sole negligence of such person or organization for its own acts or omissions or those of its employees or anyone else acting on its behalf. However, this exclusion does not apply to:

(1) the exceptions contained in Subparagraphs **d** or **f** above; or

(2) such inspections, adjustments, tests or servicing as such person or organization has agreed with the **Named Insured** to make or normally undertakes to make in the usual course of business, in connection with the distribution or sale of the products.

Copyright CNA All Rights Reserved. Includes copyrighted material of Insurance Services Office, Inc., with its permission.

2 This Paragraph **J** does not apply to any insured person or organization, from whom the **Named Insured** has acquired such products, nor to any ingredient, part or container, entering into, accompanying or containing such products.

3 This Paragraph **J** also does not apply:

a to any vendor specifically scheduled as an additional insured by endorsement to this **Coverage Part**;

b to any of **your products** for which coverage is excluded by endorsement to this **Coverage Part**; nor

c if **bodily injury** or **property damage** included within the **products-completed operations hazard** is excluded by endorsement to this **Coverage Part**.

K Other Person Or Organization

Any person or organization who is not an additional insured under Paragraphs **A** through **J** above. Such additional insured is an **Insured** solely for **bodily injury**, **property damage** or **personal and advertising injury** for which such additional insured is liable because of the **Named Insured's** acts or omissions.

The coverage granted by this paragraph does not apply to any person or organization:

1 for **bodily injury**, **property damage**, or **personal and advertising injury** arising out of the rendering or failure to render any professional service;

2 for **bodily injury** or **property damage** included within the **products-completed operations hazard**; nor

3 who is specifically scheduled as an additional insured on another endorsement to this **Coverage Part**.

2 ADDITIONAL INSURED - PRIMARY AND NON-CONTRIBUTORY TO ADDITIONAL INSURED'S INSURANCE

A The **Other Insurance** Condition in the **COMMERCIAL GENERAL LIABILITY CONDITIONS** Section is amended to add the following paragraph:

If the **Named Insured** has agreed in writing in a contract or agreement that this insurance is primary and non-contributory relative to an additional insured's own insurance, then this insurance is primary, and the Insurer will not seek contribution from that other insurance. For the purpose of this Provision **2** , the additional insured's own insurance means insurance on which the additional insured is a named insured.

B With respect to persons or organizations that qualify as additional insureds pursuant to paragraph **1 K** of this endorsement, the following sentence is added to the paragraph above:

Otherwise, and notwithstanding anything to the contrary elsewhere in this Condition, the insurance provided to such person or organization is excess of any other insurance available to such person or organization.

3 BODILY INJURY – EXPANDED DEFINITION

Under **DEFINITIONS**, the definition of **bodily injury** is deleted and replaced by the following:

Bodily injury means physical injury, sickness or disease sustained by a person, including death, humiliation, shock, mental anguish or mental injury sustained by that person at any time which results as a consequence of the physical injury, sickness or disease.

4 BROAD KNOWLEDGE OF OCCURRENCE/ NOTICE OF OCCURRENCE

Under **CONDITIONS**, the condition entitled **Duties in The Event of Occurrence, Offense, Claim or Suit** is amended to add the following provisions:

A BROAD KNOWLEDGE OF OCCURRENCE

The **Named Insured** must give the Insurer or the Insurer's authorized representative notice of an **occurrence**, offense or **claim** only when the **occurrence**, offense or **claim** is known to a natural person **Named Insured**, to a

Copyright CNA All Rights Reserved. Includes copyrighted material of Insurance Services Office, Inc., with its permission.

3002003170154259311146

partner, executive officer, manager or member of a **Named Insured**, or to an **employee** designated by any of the above to give such notice.

B NOTICE OF OCCURRENCE

The **Named Insured's** rights under this **Coverage Part** will not be prejudiced if the **Named Insured** fails to give the Insurer notice of an **occurrence**, offense or **claim** and that failure is solely due to the **Named Insured's** reasonable belief that the **bodily injury** or **property damage** is not covered under this **Coverage Part**. However, the **Named Insured** shall give written notice of such **occurrence**, offense or **claim** to the Insurer as soon as the **Named Insured** is aware that this insurance may apply to such **occurrence**, offense or **claim**.

5 BROAD NAMED INSURED

WHO IS AN INSURED is amended to delete its Paragraph **3** in its entirety and replace it with the following:

3 Pursuant to the limitations described in Paragraph **4** below, any organization in which the **First Named Insured** has management control directly or indirectly:

a on the effective date of this **Coverage Part**; or

b by reason of a **Named Insured** creating or acquiring the organization during the **policy period**,

qualifies as a **Named Insured**, provided that there is no other similar liability insurance, whether primary, contributory, excess, contingent or otherwise, which provides coverage to such organization, or which would have provided coverage but for the exhaustion of its limit, and without regard to whether its coverage is broader or narrower than that provided by this insurance.

But this **BROAD NAMED INSURED** provision does not apply to any organization for which coverage is excluded by another endorsement attached to this **Coverage Part**.

For the purpose of this provision, and of this endorsement's **JOINT VENTURES / PARTNERSHIP / LIMITED LIABILITY COMPANIES** provision, management control means owning interests representing more than 50% of the voting, appointment or designation power for the selection of a majority of: the Board of Directors of a corporation; the management committee members of a joint venture; the management board of a limited liability company; the general partners of a limited partnership; or the partnership managers of a general partnership.

4 With respect to organizations which qualify as **Named Insureds** by virtue of Paragraph **3** above, this insurance does not apply to:

a **bodily injury** or **property damage** that first occurred prior to the date of management control, or that first occurs after management control ceases; nor

b **personal or advertising injury** caused by an offense that first occurred prior to the date of management control or that first occurs after management control ceases.

5 The insurance provided by this **Coverage Part** applies to **Named Insureds** when trading under their own names or under such other trading names or doing-business-as names (dba) as any **Named Insured** should choose to employ.

6 ESTATES, LEGAL REPRESENTATIVES, AND SPOUSES

The estates, heirs, legal representatives and **spouses** of any natural person **Insured** shall also be insured under this policy; provided, however, coverage is afforded to such estates, heirs, legal representatives, and **spouses** only for **claims** arising solely out of their capacity or status as such and, in the case of a **spouse**, where such **claim** seeks **damages** from marital community property, jointly held property or property transferred from such natural person **Insured** to such **spouse**. No coverage is provided for any act, error or omission of an estate, heir, legal representative, or **spouse** outside the scope of such person's capacity or status as such, provided however that the **spouse** of a natural person **Named Insured** and the **spouses** of members or partners of joint venture or partnership

Copyright CNA All Rights Reserved. Includes copyrighted material of Insurance Services Office, Inc., with its permission.

Named Insureds are **Insureds** with respect to such **spouses'** acts, errors or omissions in the conduct of the **Named Insured's** business.

7 EXPECTED OR INTENDED INJURY – EXCEPTION FOR REASONABLE FORCE

Under **COVERAGES**, **Coverage A – Bodily Injury And Property Damage Liability**, the paragraph entitled **Exclusions** is amended to delete the exclusion entitled **Expected or Intended Injury** and replace it with the following:

This insurance does not apply to:

Expected or Intended Injury

Bodily injury or **property damage** expected or intended from the standpoint of the **Insured**. This exclusion does not apply to **bodily injury** or **property damage** resulting from the use of reasonable force to protect persons or property.

8 IN REM ACTIONS

A quasi in rem action against any vessel owned or operated by or for the **Named Insured**, or chartered by or for the **Named Insured**, will be treated in the same manner as though the action were in personam against the **Named Insured**.

9 INCIDENTAL HEALTH CARE MALPRACTICE COVERAGE

Solely with respect to **bodily injury** that arises out of a **health care incident**:

A Under **COVERAGES**, **Coverage A – Bodily Injury And Property Damage Liability**, the **Insuring Agreement** is amended to replace Paragraphs **1 b (1)** and **1 b (2)** with the following:

b This insurance applies to **bodily injury** provided that the professional health care services are incidental to the **Named Insured's** primary business purpose, and only if:

(1) such **bodily injury** is caused by an **occurrence** that takes place in the **coverage territory**.

(2) the **bodily injury** first occurs during the **policy period**. All **bodily injury** arising from an **occurrence** will be deemed to have occurred at the time of the first act, error, or omission that is part of the **occurrence**; and

B Under **COVERAGES**, **Coverage A – Bodily Injury And Property Damage Liability**, the paragraph entitled **Exclusions** is amended to:

i add the following to the **Employers Liability** exclusion:

This exclusion applies only if the **bodily injury** arising from a **health care incident** is covered by other liability insurance available to the **Insured** (or which would have been available but for exhaustion of its limits).

ii delete the exclusion entitled **Contractual Liability** and replace it with the following:

This insurance does not apply to:

Contractual Liability

the **Insured's** actual or alleged liability under any oral or written contract or agreement, including but not limited to express warranties or guarantees.

iii add the following additional exclusions.

This insurance does not apply to:

3002000317015425931147

Copyright CNA All Rights Reserved. Includes copyrighted material of Insurance Services Office, Inc., with its permission.

Discrimination

any actual or alleged discrimination, humiliation or harassment, that includes but shall not be limited to **claims** based on an individual's race, creed, color, age, gender, national origin, religion, disability, marital status or sexual orientation.

Dishonesty or Crime

Any actual or alleged dishonest, criminal or malicious act, error or omission.

Medicare/Medicaid Fraud

any actual or alleged violation of law with respect to Medicare, Medicaid, Tricare or any similar federal, state or local governmental program.

Services Excluded by Endorsement

Any **health care incident** for which coverage is excluded by endorsement.

C **DEFINITIONS** is amended to:

i add the following definitions:

Health care incident means an act, error or omission by the **Named Insured's employees** or **volunteer workers** in the rendering of:

a **professional health care services** on behalf of the **Named Insured** or

b Good Samaritan services rendered in an emergency and for which no payment is demanded or received.

Professional health care services means any health care services or the related furnishing of food, beverages, medical supplies or appliances by the following providers in their capacity as such but solely to the extent they are duly licensed as required:

a Physician;

b Nurse;

c Nurse practitioner;

d Emergency medical technician;

e Paramedic;

f Dentist;

g Physical therapist;

h Psychologist;

i Speech therapist;

j Other allied health professional; or

Professional health care services does not include any services rendered in connection with human clinical trials or product testing.

ii delete the definition of **occurrence** and replace it with the following:

Occurrence means a **health care incident**. All acts, errors or omissions that are logically connected by any common fact, circumstance, situation, transaction, event, advice or decision will be considered to constitute a single **occurrence**;

Copyright CNA All Rights Reserved. Includes copyrighted material of Insurance Services Office, Inc., with its permission.

iii amend the definition of **Insured** to:

a add the following:

- a **Named Insured's employees** are **Insureds** with respect to:

  (1) **bodily injury** to a co-**employee** while in the course of the co-**employee's** employment by the **Named Insured** or while performing duties related to the conduct of the **Named Insured's** business; and

  (2) **bodily injury** to a **volunteer worker** while performing duties related to the conduct of the **Named Insured's** business;

  when such **bodily injury** arises out of a **health care incident**.

- the **Named Insured's volunteer workers** are **Insureds** with respect to:

  (1) **bodily injury** to a co-**volunteer worker** while performing duties related to the conduct of the **Named Insured's** business; and

  (2) **bodily injury** to an **employee** while in the course of the **employee's** employment by the **Named Insured** or while performing duties related to the conduct of the **Named Insured's** business;

when such **bodily injury** arises out of a **health care incident**.

b delete Subparagraphs **(a), (b), (c) and (d)** of Paragraph **2 a (1)** of **WHO IS AN INSURED**.

c add the following:

Insured does not include any physician while acting in his or her capacity as such.

D The **Other Insurance** condition is amended to delete Paragraph **b (1)** in its entirety and replace it with the following:

Other Insurance

b **Excess Insurance**

(1) To the extent this insurance applies, it is excess over any other insurance, self insurance or risk transfer instrument, whether primary, excess, contingent or on any other basis, except for insurance purchased specifically by the **Named Insured** to be excess of this coverage.

10 JOINT VENTURES / PARTNERSHIP / LIMITED LIABILITY COMPANIES

WHO IS AN INSURED is amended to delete its last paragraph and replace it with the following:

No person or organization is an **Insured** with respect to the conduct of any current or past partnership, joint venture or limited liability company in which a **Named Insured's** interest does/did not rise to the level of management control, except that if the **Named Insured** was a joint venturer, partner, or member of such an entity, and such entity terminated prior to or during the **policy period**, then such **Named Insured** is an **Insured** with respect to its interest in such joint venture, partnership or limited liability company but only to the extent that:

a any offense giving rise to **personal and advertising injury** occurred prior to such termination date, and the **personal and advertising injury** arising out of such offense first occurred after such termination date;

b the **bodily injury** or **property damage** first occurred after such termination date; and

c there is no other valid and collectible insurance purchased specifically to insure the partnership, joint venture or limited liability company.

3002000317015425931114 8

Copyright CNA All Rights Reserved. Includes copyrighted material of Insurance Services Office, Inc., with its permission.

11 LEGAL LIABILITY – DAMAGE TO PREMISES

A Under **COVERAGES, Coverage A – Bodily Injury and Property Damage Liability**, the paragraph entitled **Exclusions** is amended to delete the first paragraph immediately following subparagraph **(6)** of the **Damage to Property** exclusion and replace it with the following:

Paragraphs **(1), (3)** and **(4)** of this exclusion do not apply to **property damage** (other than damage by fire) to premises rented to the **Named Insured** or temporarily occupied by the **Named Insured** with the permission of the owner, nor to the contents of premises rented to the **Named Insured** for a period of 7 or fewer consecutive days. A separate limit of insurance applies to Damage To Premises Rented To You as described in **LIMITS OF INSURANCE**.

B Under **COVERAGES, Coverage A – Bodily Injury and Property Damage Liability**, the paragraph entitled **Exclusions** is amended to delete its last paragraph and replaced it with the following:

Exclusions **c** through **n** do not apply to damage by fire to premises while rented to a **Named Insured** or temporarily occupied by a **Named Insured** with permission of the owner, nor to damage to the contents of premises rented to a **Named Insured** for a period of 7 or fewer consecutive days.

A separate limit of insurance applies to this coverage as described in the **LIMITS OF INSURANCE** Section.

C **LIMITS OF INSURANCE** is amended to delete Paragraph **6** (the Damage To Premises Rented To You Limit) and replace it with the following:

6 Subject to Paragraph **5** above, (the Each Occurrence Limit), the Damage To Premises Rented To You Limit is the most the Insurer will pay under **COVERAGE A** for **damages** because of **property damage** to:

a any one premises while rented to a **Named Insured** or temporarily occupied by a **Named Insured** with the permission of the owner; and

b contents of such premises if the premises is rented to the **Named Insured** for a period of 7 or fewer consecutive days.

The Damage To Premises Rented To You Limit is $1,000,000. unless a higher Damage to Premises Rented to You Limit is shown in the Declarations.

D The **Other Insurance** Condition is amended to delete Paragraph **b (1)(a)(ii)**, and replace it with the following:

(ii) That is property insurance for premises rented to a **Named Insured**, for premises temporarily occupied by the **Named Insured** with the permission of the owner; or for personal property of others in the **Named Insured's** care, custody or control;

E This Provision **11** does not apply if liability for damage to premises rented to a **Named Insured** is excluded by another endorsement attached to this **Coverage Part**.

12 MEDICAL PAYMENTS

A **LIMITS OF INSURANCE** is amended to delete Paragraph **7** (the Medical Expense Limit) and replace it with the following:

7 Subject to Paragraph **5** above (the Each Occurrence Limit), the Medical Expense Limit is the most the Insurer will pay under **Coverage C – Medical Payments** for all medical expenses because of **bodily injury** sustained by any one person. The Medical Expense Limit is the greater of:

(1) $15,000 unless a different amount is shown here: ; or

(2) the amount shown in the Declarations for Medical Expense Limit.

Copyright CNA All Rights Reserved. Includes copyrighted material of Insurance Services Office, Inc., with its permission.

B Under **COVERAGES**, the **Insuring Agreement** of **Coverage C – Medical Payments** is amended to replace Paragraph **1 a (3)(b)** with the following:

(b) The expenses are incurred and reported to the Insurer within three years of the date of the accident; and

13 NON-OWNED AIRCRAFT

Under **COVERAGES, Coverage A – Bodily Injury and Property Damage Liability**, the paragraph entitled **Exclusions** is amended as follows:

The exclusion entitled **Aircraft, Auto or Watercraft** is amended to add the following:

This exclusion does not apply to an aircraft not owned by any **Named Insured**, provided that:

1 the pilot in command holds a currently effective certificate issued by the duly constituted authority of the United States of America or Canada, designating that person as a commercial or airline transport pilot;

2 the aircraft is rented with a trained, paid crew to the **Named Insured**; and

3 the aircraft is not being used to carry persons or property for a charge.

14 NON-OWNED WATERCRAFT

Under **COVERAGES, Coverage A – Bodily Injury and Property Damage Liability**, the paragraph entitled **Exclusions** is amended to delete subparagraph **(2)** of the exclusion entitled **Aircraft, Auto or Watercraft**, and replace it with the following.

This exclusion does not apply to:

(2) a watercraft that is not owned by any **Named Insured**, provided the watercraft is:

(a) less than 75 feet long; and

(b) not being used to carry persons or property for a charge.

15 PERSONAL AND ADVERTISING INJURY –DISCRIMINATION OR HUMILIATION

A Under **DEFINITIONS**, the definition of **personal and advertising injury** is amended to add the following tort:

- Discrimination or humiliation that results in injury to the feelings or reputation of a natural person.

B Under **COVERAGES**, **Coverage B – Personal and Advertising Injury Liability**, the paragraph entitled **Exclusions** is amended to:

1 delete the Exclusion entitled **Knowing Violation Of Rights Of Another** and replace it with the following:

This insurance does not apply to:

Knowing Violation of Rights of Another

Personal and advertising injury caused by or at the direction of the **Insured** with the knowledge that the act would violate the rights of another and would inflict **personal and advertising injury**. This exclusion shall not apply to discrimination or humiliation that results in injury to the feelings or reputation of a natural person, but only if such discrimination or humiliation is not done intentionally by or at the direction of:

(a) the **Named Insured**; or

(b) any **executive officer**, director, stockholder, partner, member or manager (if the **Named Insured** is a limited liability company) of the **Named Insured**.

3002000317015425931114 9

Copyright CNA All Rights Reserved. Includes copyrighted material of Insurance Services Office, Inc., with its permission.

2 add the following exclusions:

This insurance does not apply to:

Employment Related Discrimination

Discrimination or humiliation directly or indirectly related to the employment, prospective employment, past employment or termination of employment of any person by any **Insured**.

Premises Related Discrimination

discrimination or humiliation arising out of the sale, rental, lease or sub-lease or prospective sale, rental, lease or sub-lease of any room, dwelling or premises by or at the direction of any **Insured**.

Notwithstanding the above, there is no coverage for fines or penalties levied or imposed by a governmental entity because of discrimination.

The coverage provided by this **PERSONAL AND ADVERTISING INJURY –DISCRIMINATION OR HUMILIATION** Provision does not apply to any person or organization whose status as an **Insured** derives solely from

- Provision **1 ADDITIONAL INSUREDS** of this endorsement; or
- attachment of an additional insured endorsement to this **Coverage Part**.

16 PERSONAL AND ADVERTISING INJURY – LIMITED CONTRACTUAL LIABILITY

A Under **COVERAGES**, **Coverage B –Personal and Advertising Injury Liability**, the paragraph entitled **Exclusions** is amended to delete the exclusion entitled **Contractual Liability** and replace it with the following:

This insurance does not apply to:

Contractual Liability

Personal and advertising injury for which the **Insured** has assumed liability in a contract or agreement.

This exclusion does not apply to liability for **damages**:

(1) that the **Insured** would have in the absence of the contract or agreement; or

(2) assumed in a contract or agreement that is an **insured contract** provided the offense that caused such **personal or advertising injury** first occurred subsequent to the execution of such **insured contract**. Solely for the purpose of liability assumed in an **insured contract**, reasonable attorney fees and necessary litigation expenses incurred by or for a party other than an **Insured** are deemed to be **damages** because of **personal and advertising injury** provided:

(a) liability to such party for, or for the cost of, that party's defense has also been assumed in such **insured contract**; and

(b) such attorney fees and litigation expenses are for defense of such party against a civil or alternative dispute resolution proceeding in which covered **damages** are alleged.

B Solely for the purpose of the coverage provided by this paragraph, **DEFINITIONS** is amended to delete the definition of **insured contract** in its entirety, and replace it with the following:

Insured contract means that part of a written contract or written agreement pertaining to the **Named Insured's** business under which the **Named Insured** assumes the tort liability of another party to pay for **personal or advertising injury** arising out of the offense of false arrest, detention or imprisonment. Tort liability means a liability that would be imposed by law in the absence of any contract or agreement.

Copyright CNA All Rights Reserved. Includes copyrighted material of Insurance Services Office, Inc., with its permission.

C Solely for the purpose of the coverage provided by this paragraph, the following changes are made to the Section entitled **SUPPLEMENTARY PAYMENTS – COVERAGES A AND B:**

1 Paragraph **2 d** is replaced by the following:

d The allegations in the **suit** and the information the Insurer knows about the offense alleged in such **suit** are such that no conflict appears to exist between the interests of the **Insured** and the interests of the indemnitee;

2 The first unnumbered paragraph beneath Paragraph **2 f (2)(b)** is deleted and replaced by the following:

So long as the above conditions are met, attorneys fees incurred by the Insurer in the defense of that indemnitee, necessary litigation expenses incurred by the Insurer, and necessary litigation expenses incurred by the indemnitee at the Insurer's request will be paid as **defense costs**. Notwithstanding the provisions of Paragraph **e (2)** of the Contractual Liability exclusion (as amended by this Endorsement), such payments will not be deemed to be **damages** for **personal and advertising injury** and will not reduce the limits of insurance.

D This **PERSONAL AND ADVERTISING INJURY – LIMITED CONTRACTUAL LIABILITY** Provision does not apply if **Coverage B –Personal and Advertising Injury Liability** is excluded by another endorsement attached to this **Coverage Part**.

17 PROPERTY DAMAGE – ELEVATORS

A Under **COVERAGES**, **Coverage A – Bodily Injury and Property Damage Liability**, the paragraph entitled **Exclusions** is amended such that the **Damage to Your Product** Exclusion and subparagraphs **(3)**, **(4)** and **(6)** of the **Damage to Property** Exclusion do not apply to **property damage** that results from the use of elevators.

B Solely for the purpose of the coverage provided by this **PROPERTY DAMAGE – ELEVATORS** Provision, the **Other Insurance** conditions is amended to add the following paragraph:

This insurance is excess over any of the other insurance, whether primary, excess, contingent or on any other basis that is Property insurance covering property of others damaged from the use of elevators.

18 SUPPLEMENTARY PAYMENTS

The section entitled **SUPPLEMENTARY PAYMENTS – COVERAGES A AND B** is amended as follows:

A Paragraph **1 b** is amended to delete the $250 limit shown for the cost of bail bonds and replace it with a $5,000. limit; and

B Paragraph **1 d** is amended to delete the limit of $250 shown for daily loss of earnings and replace it with a $1,000. limit.

19 UNINTENTIONAL FAILURE TO DISCLOSE HAZARDS

If the **Named Insured** unintentionally fails to disclose all existing hazards at the inception date of the **Named Insured's Coverage Part**, the Insurer will not deny coverage under this **Coverage Part** because of such failure.

20 WAIVER OF SUBROGATION – BLANKET

Under **CONDITIONS**, the condition entitled **Transfer Of Rights Of Recovery Against Others To Us** is amended to add the following:

The Insurer waives any right of recovery the Insurer may have against any person or organization because of payments the Insurer makes for injury or damage arising out of:

1 the **Named Insured's** ongoing operations; or

2 **your work** included in the **products-completed operations hazard**.

3002000317015425931115O

Copyright CNA All Rights Reserved. Includes copyrighted material of Insurance Services Office, Inc., with its permission.

However, this waiver applies only when the **Named Insured** has agreed in writing to waive such rights of recovery in a written contract or written agreement, and only if such contract or agreement:

1 is in effect or becomes effective during the term of this **Coverage Part**; and

2 was executed prior to the **bodily injury**, **property damage** or **personal and advertising injury** giving rise to the **claim**.

All other terms and conditions of the Policy remain unchanged.

This endorsement, which forms a part of and is for attachment to the Policy issued by the designated Insurers, takes effect on the effective date of said Policy at the hour stated in said Policy, unless another effective date is shown below, and expires concurrently with said Policy.

Copyright CNA All Rights Reserved. Includes copyrighted material of Insurance Services Office, Inc., with its permission.

ADDITIONAL INSURED - PRIMARY AND NON-CONTRIBUTORY

It is understood and agreed that this endorsement amends the **BUSINESS AUTO COVERAGE FORM** as follows:

SCHEDULE
Name of Additional Insured Person Or Organization
ANY PERSON OR ORGANIZATION THAT YOU ARE REQUIRED BY WRITTEN CONTRACT OR WRITTEN AGREEMENT TO NAME AS AN ADDITIONAL INSURED.

1. In conformance with paragraph **A.1.c.** of **Who Is An Insured** of Section **II** - LIABILITY COVERAGE, the person or organization scheduled above is an insured under this policy.
2. The insurance afforded to the additional insured under this policy will apply on a primary and non-contributory basis if you have committed it to be so in a written contract or written agreement executed prior to the date of the "**accident**" for which the additional insured seeks coverage under this policy.

All other terms and conditions of the policy remain unchanged

This endorsement, which forms a part of and is for attachment to the policy issued by the designated Insurers, takes effect on the Policy Effective date of said policy at the hour stated in said policy, unless another effective date (the Endorsement Effective Date) is shown below, and expires concurrently with said policy.

Payment. District will pay Provider within 30 days after receipt of an invoice, in form and content acceptable to District, and reflecting charges for District approved costs and services performed by Provider and not previously invoiced.

Conditions. Provider will have no obligation to provide services until District returns a signed copy of this Agreement.

Nature of Relationship. The parties agree the relationship created by this Agreement is that of independent contractor. Provider understands and agrees that the Provider, officers, agents, or employees of Provider are not entitled to any benefits normally offered or conveyed to District employees, including but not limited to coverage under the California Workers' Compensation Insurance laws.

Binding Effect. This Agreement shall inure to the benefit and shall be binding upon all of the parties to this Agreement, and their respective successors in interest or assigns.

Termination or Amendment. This Agreement may be terminated or amended in writing at any time by mutual written consent of all of the parties to this Agreement, and may be terminated by either party for any reason by giving the other party 30 days advance written notice.

Compliance with Laws. Provider hereby agrees that Provider, and each of its officers, agents, and employees (each a "Provider Party) shall obey all local, state, and federal laws and regulations in the performance of this Agreement, including but not limited to each of the following laws and regulations, as and if applicable:

- Provider shall be responsible for the safety of its employees and shall comply with California Code of Regulations Title 8, section 3205, COVID-19 Prevention.

- Provider shall ensure that each Provider Party who is on-site supporting school functions is compliant with all the following laws, if and as applicable:
    - Fingerprinting / criminal background investigations (see paragraph titled "Fingerprinting, below);
    - Public Health Department Orders and Guidance or other related mandates related to COVID-19, so long as such Orders and Guidance are in effect during the Term of this Agreement;
    - Tuberculosis Clearance (Education Code § 49406)

Non-Discrimination and Equal Employment Opportunity. Provider represents and agrees that it does not and shall not discriminate against any employee or applicant for employment, company, individual or group of individuals, because of ancestry, age, color, disability (physical and mental, including HIV and AIDS), genetic information, gender identity, gender expression, marital status, medical condition, military or veteran status, national origin, race, religion, sex/gender, and sexual orientation.

Confidentiality. Provider agrees to maintain the confidentiality of all District and District-related data, information, and records including but not limited to student identifiable information and employee personnel information pursuant to all California and Federal statutory laws relating to privacy, confidentiality, and information security including but not limited to California Education Code sections 49060 – 49085 and the Family Educational Rights and Privacy Act (FERPA), that currently exist or exist at any time during the term of this Agreement. All such records and information shall be considered confidential and kept confidential by Provider and Provider's officers, agents, employees, participants, vendors, or customers.

Fingerprinting. Provider shall ensure that Provider and any employee who interacts with students, outside of the immediate supervision and control of the student's parent or guardian or a school employee, has a current valid criminal records summary as described in California *Education Code* section 44237. If any services will be provided on-site, or through an app or other electronic method that might allow any interaction between any student and Provider shall, prior to commencing any service hereunder, provide the District a Fingerprinting/ Criminal Background Check investigation Certificate, in form and substance satisfactory to the District. While this Agreement is in effect, Provider shall immediately provide any arrest and conviction information it receives concerning any person providing Services hereunder to the District.

Indemnification. To the fullest extent permitted by law, Provider agrees to defend, indemnify, and hold harmless District, its governing board, officers, administrators, managers, agents, employees, successors, assigns, independent contractors and/or volunteers from and against any and all claims, demands, monetary or other losses, loss of use, damages and expenses, including but not limited to, reasonable legal fees and costs, or other obligations or claims arising out of any liability or damage to person or property resulting from bodily injury, illness, communicable disease, virus, pandemic, or any other loss, sustained or claimed to have been sustained arising out of activities of the Provider or those of any of its officers, agents, employees, participants, vendors, or customers of Provider, whether such act or omission is authorized by this Agreement or not. Provider also agrees to pay for any and all damage to the real and personal property of the District, or loss or theft of such property, or damage to the Property done or caused by such persons. District assumes no responsibility whatsoever for any property placed on District premises by Provider, Provider's agents, employees, participants, vendors, or customers. The provisions of this Indemnification do not apply to any damage or losses caused solely by the intentional misconduct of the District or any of its governing board, officers, administrators, managers, agents, employees and/or volunteers.

This Indemnification shall survive termination of this Agreement, for any reason whatsoever, and binds each party's legal representatives, successors, and assigns.

Insurance. Provider, at its own cost and expense, shall procure and maintain during the term of this Agreement, policies of insurance for the following types of coverage:

a. Commercial General Liability Insurance. Provider shall procure and maintain, during the term of this Agreement, not less than the following General Liability Insurance coverage in the amounts of $1,000,000 per occurrence and $2,000,000 aggregate.

   Commercial General Liability insurance shall include products/completed operations, property damage, and personal and advertising injury coverage.

b. Automobile Liability. Provider shall procure and maintain, during the full term of this Agreement following Automobile Liability Insurance including non-owned and leased automobiles, as applicable with the following coverage limits:

Personal vehicles:	$500,000.00 combined single limit or
	$100,000.00 per person / $300,000.00 per accident
Commercial vehicles:	$1,000,000.00 per accident for bodily injury and property damage

c. Workers' Compensation Insurance. Provider shall procure and maintain, during the term of this Agreement, Workers' Compensation Insurance, as required by California law, on all of its employees engaged in work related to the performance of this Agreement. Provider shall procure and maintain Employers' Liability insurance coverage of $1,000,000. Absent proof of Workers' Compensation Insurance, Provider will submit a fully executed Certification of Exemption from Workers' Compensation Insurance, which District in its sole discretion may accept or reject.

d. Other Coverage as Dictated by the District. If any employee of Provider interacts with students, outside of the immediate supervision and control of the student's parent or guardian or a certificated school employee, Provider shall procure and maintain, during the term of this Agreement, Abuse and Molestation coverage in the amounts of $2,000,000 per occurrence and $4,000,000 aggregate.

If professional services are offered, Provider shall procure and maintain, during the term of this Agreement, Professional Liability (Errors and Omissions) insurance coverage in the amounts of $1,000,000 per occurrence and $2,000,000 aggregate.

e. Provider's insurance is primary and will not seek contribution from any other insurance available to the District. Provider further hereby waives any and all rights of subrogation that it may have against the District.

f. Certificates of Insurance. Provider shall provide certificates of insurance to the District as evidence of the insurance coverage required herein, not less than 15 days prior to commencing the proposed activity, and at any other time upon the request of the District. Certificates of insurance will be deemed invalid if proper endorsements are not attached. Certificates of such insurance shall be filed with the District on or before commencement of the services under this Agreement.

g. Endorsements. Provider's Commercial General Liability insurance and Commercial Automobile Liability coverage and Abuse and Molestation coverage shall name the District, its governing board, officers, agents, employees, and/or volunteers as additional insureds. All endorsements specifying additional insureds for any of the Insurance Policies shall be as indicated below or an equivalent endorsement reasonably acceptable to the District.

1) General Liability: CG 20 26 10 01
2) Primary, non-contributory: CG 20 01 04 13
3) Waiver of subrogation: CG 24 04 05 09
4) Commercial Automobile Liability: CA 20 48 10 13

h. Acceptability of Insurers. Insurance is to be placed with insurers with a current A.M. Best's rating of no less than A: VII, unless otherwise acceptable to the District.

i. Insurance written on a "claims made" basis is to be renewed by the Provider for a period of three (3) years following termination of this Agreement. Such insurance must have the same coverage and limits as the policy that was in effect during the term of this agreement and will cover the Provider for all claims made. If coverage is canceled or non-renewed, and not replaced with another claims-made policy form with a Retroactive Date prior to the contract effective date, the Consultant must purchase "extended reporting" coverage for a minimum of three (3) years after completion of the Services.

j. Failure to Procure Insurance**.** Failure on the part of Provider to procure or maintain required insurance shall constitute a material breach of contract under which the District may immediately terminate this Agreement

Governing Law and Venues. This Agreement shall be interpreted in accordance with the laws of the State of California. If any action is brought to interpret or enforce any term of this Agreement, the action shall be brought in state or federal court situated in the County of Ventura, State of California.

Dispute Resolution. If any dispute arises out of or in connection with the Agreement, representatives of the Parties with authority to settle the dispute shall communicate, in person, electronically, or in writing within 30 days of written notice, in a good faith effort to resolve the dispute.

The parties agree that, in the event of any unresolved dispute under the agreement in which the amount sought is $5,000.00 or less, any litigation to resolve the dispute shall be brought in the Ventura County Small Claims Court.

If the unresolved amount in dispute exceeds $5,000.00, the parties agree that they will first submit the matter to a mutually agreed upon mediator. Notwithstanding the following section, Attorneys Fees, the cost of the mediator shall be borne equally by the parties.

Attorney Fees. In the event of any action or proceeding to interpret or enforce the terms of this Agreement, the prevailing party, as determined by the court or mediator, shall be entitled to recover its reasonable attorney fees and costs incurred in connection with such actions or proceeding.

Nature of Agreement. This Agreement represents the entire agreement between the parties hereto with respect to the subject matter hereof and supersedes any and all other agreements and communications however characterized, written or oral, between or on behalf of the parties hereto with respect to the subject matter hereof. This Agreement may only be modified by a written instrument signed by authorized representatives of each of the parties hereto.

Counterpart Execution. This Agreement may be executed in any number of counterparts which, when taken together, shall constitute one and the same instrument. Executed counterparts of this Agreement may be delivered by PDF email or electronic facsimile transmission and shall have the same legal effect as an "ink-signed" original.

Signature Authority. Provider represents and warrants that Provider has all requisite power and authority to conduct its business and to execute, deliver, and perform this Agreement.

Payment. District will pay Provider within 30 days after receipt of an invoice, in form and content acceptable to District, and reflecting charges for District approved costs and services performed by Provider and not previously invoiced.

Conditions. Provider will have no obligation to provide services until District returns a signed copy of this Agreement.

Nature of Relationship. The parties agree the relationship created by this Agreement is that of independent contractor. Provider understands and agrees that the Provider, officers, agents, or employees of Provider are not entitled to any benefits normally offered or conveyed to District employees, including but not limited to coverage under the California Workers' Compensation Insurance laws.

Binding Effect. This Agreement shall inure to the benefit and shall be binding upon all of the parties to this Agreement, and their respective successors in interest or assigns.

Termination or Amendment. This Agreement may be terminated or amended in writing at any time by mutual written consent of all of the parties to this Agreement, and may be terminated by either party for any reason by giving the other party 30 days advance written notice.

Compliance with Laws. Provider hereby agrees that Provider, and each of its officers, agents, and employees (each a "Provider Party) shall obey all local, state, and federal laws and regulations in the performance of this Agreement, including but not limited to each of the following laws and regulations, as and if applicable:

- Provider shall be responsible for the safety of its employees and shall comply with California Code of Regulations Title 8, section 3205, COVID-19 Prevention.

- Provider shall ensure that each Provider Party who is on-site supporting school functions is compliant with all the following laws, if and as applicable:
    - Fingerprinting / criminal background investigations (see paragraph titled "Fingerprinting, below);
    - Public Health Department Orders and Guidance or other related mandates related to COVID-19, so long as such Orders and Guidance are in effect during the Term of this Agreement;
    - Tuberculosis Clearance (Education Code § 49406)

Non-Discrimination and Equal Employment Opportunity. Provider represents and agrees that it does not and shall not discriminate against any employee or applicant for employment, company, individual or group of individuals, because of ancestry, age, color, disability (physical and mental, including HIV and AIDS), genetic information, gender identity, gender expression, marital status, medical condition, military or veteran status, national origin, race, religion, sex/gender, and sexual orientation.

Confidentiality. Provider agrees to maintain the confidentiality of all District and District-related data, information, and records including but not limited to student identifiable information and employee personnel information pursuant to all California and Federal statutory laws relating to privacy, confidentiality, and information security including but not limited to California Education Code sections 49060 – 49085 and the Family Educational Rights and Privacy Act (FERPA), that currently exist or exist at any time during the term of this Agreement. All such records and information shall be considered confidential and kept confidential by Provider and Provider's officers, agents, employees, participants, vendors, or customers.

Fingerprinting. Provider shall ensure that Provider and any employee who interacts with students, outside of the immediate supervision and control of the student's parent or guardian or a school employee, has a current valid criminal records summary as described in California *Education Code* section 44237. If any services will be provided on-site, or through an app or other electronic method that might allow any interaction between any student and Provider shall, prior to commencing any service hereunder, provide the District a Fingerprinting/ Criminal Background Check investigation Certificate, in form and substance satisfactory to the District. While this Agreement is in effect, Provider shall immediately provide any arrest and conviction information it receives concerning any person providing Services hereunder to the District.

Indemnification. To the fullest extent permitted by law, Provider agrees to defend, indemnify, and hold harmless District, its governing board, officers, administrators, managers, agents, employees, successors, assigns, independent contractors and/or volunteers from and against any and all claims, demands, monetary or other losses, loss of use, damages and expenses, including but not limited to, reasonable legal fees and costs, or other obligations or claims arising out of any liability or damage to person or property resulting from bodily injury, illness, communicable disease, virus, pandemic, or any other loss, sustained or claimed to have been sustained arising out of activities of the Provider or those of any of its officers, agents, employees, participants, vendors, or customers of Provider, whether such act or omission is authorized by this Agreement or not. Provider also agrees to pay for any and all damage to the real and personal property of the District, or loss or theft of such property, or damage to the Property done or caused by such persons. District assumes no responsibility whatsoever for any property placed on District premises by Provider, Provider's agents, employees, participants, vendors, or customers. The provisions of this Indemnification do not apply to any damage or losses caused solely by the intentional misconduct of the District or any of its governing board, officers, administrators, managers, agents, employees and/or volunteers.

This Indemnification shall survive termination of this Agreement, for any reason whatsoever, and binds each party's legal representatives, successors, and assigns.

Insurance. Provider, at its own cost and expense, shall procure and maintain during the term of this Agreement, policies of insurance for the following types of coverage:

a. Commercial General Liability Insurance. Provider shall procure and maintain, during the term of this Agreement, not less than the following General Liability Insurance coverage in the amounts of $1,000,000 per occurrence and $2,000,000 aggregate.

   Commercial General Liability insurance shall include products/completed operations, property damage, and personal and advertising injury coverage.

b. Automobile Liability. Provider shall procure and maintain, during the full term of this Agreement following Automobile Liability Insurance including non-owned and leased automobiles, as applicable with the following coverage limits:

Personal vehicles:	$500,000.00 combined single limit or
	$100,000.00 per person / $300,000.00 per accident
Commercial vehicles:	$1,000,000.00 per accident for bodily injury and property damage

c. Workers' Compensation Insurance. Provider shall procure and maintain, during the term of this Agreement, Workers' Compensation Insurance, as required by California law, on all of its employees engaged in work related to the performance of this Agreement. Provider shall procure and maintain Employers' Liability insurance coverage of $1,000,000. Absent proof of Workers' Compensation Insurance, Provider will submit a fully executed Certification of Exemption from Workers' Compensation Insurance, which District in its sole discretion may accept or reject.

d. Other Coverage as Dictated by the District. If any employee of Provider interacts with students, outside of the immediate supervision and control of the student's parent or guardian or a certificated school employee, Provider shall procure and maintain, during the term of this Agreement, Abuse and Molestation coverage in the amounts of $2,000,000 per occurrence and $4,000,000 aggregate.

If professional services are offered, Provider shall procure and maintain, during the term of this Agreement, Professional Liability (Errors and Omissions) insurance coverage in the amounts of $1,000,000 per occurrence and $2,000,000 aggregate.

e. Provider's insurance is primary and will not seek contribution from any other insurance available to the District. Provider further hereby waives any and all rights of subrogation that it may have against the District.

f. Certificates of Insurance. Provider shall provide certificates of insurance to the District as evidence of the insurance coverage required herein, not less than 15 days prior to commencing the proposed activity, and at any other time upon the request of the District. Certificates of insurance will be deemed invalid if proper endorsements are not attached. Certificates of such insurance shall be filed with the District on or before commencement of the services under this Agreement.

g. Endorsements. Provider's Commercial General Liability insurance and Commercial Automobile Liability coverage and Abuse and Molestation coverage shall name the District, its governing board, officers, agents, employees, and/or volunteers as additional insureds. All endorsements specifying additional insureds for any of the Insurance Policies shall be as indicated below or an equivalent endorsement reasonably acceptable to the District.

1) General Liability: CG 20 26 10 01
2) Primary, non-contributory: CG 20 01 04 13
3) Waiver of subrogation: CG 24 04 05 09
4) Commercial Automobile Liability: CA 20 48 10 13

h. Acceptability of Insurers. Insurance is to be placed with insurers with a current A.M. Best's rating of no less than A: VII, unless otherwise acceptable to the District.

i. Insurance written on a "claims made" basis is to be renewed by the Provider for a period of three (3) years following termination of this Agreement. Such insurance must have the same coverage and limits as the policy that was in effect during the term of this agreement and will cover the Provider for all claims made. If coverage is canceled or non-renewed, and not replaced with another claims-made policy form with a Retroactive Date prior to the contract effective date, the Consultant must purchase "extended reporting" coverage for a minimum of three (3) years after completion of the Services.

j. Failure to Procure Insurance**.** Failure on the part of Provider to procure or maintain required insurance shall constitute a material breach of contract under which the District may immediately terminate this Agreement

Governing Law and Venues. This Agreement shall be interpreted in accordance with the laws of the State of California. If any action is brought to interpret or enforce any term of this Agreement, the action shall be brought in state or federal court situated in the County of Ventura, State of California.

Dispute Resolution. If any dispute arises out of or in connection with the Agreement, representatives of the Parties with authority to settle the dispute shall communicate, in person, electronically, or in writing within 30 days of written notice, in a good faith effort to resolve the dispute.

The parties agree that, in the event of any unresolved dispute under the agreement in which the amount sought is $5,000.00 or less, any litigation to resolve the dispute shall be brought in the Ventura County Small Claims Court.

If the unresolved amount in dispute exceeds $5,000.00, the parties agree that they will first submit the matter to a mutually agreed upon mediator. Notwithstanding the following section, Attorneys Fees, the cost of the mediator shall be borne equally by the parties.

Attorney Fees. In the event of any action or proceeding to interpret or enforce the terms of this Agreement, the prevailing party, as determined by the court or mediator, shall be entitled to recover its reasonable attorney fees and costs incurred in connection with such actions or proceeding.

Nature of Agreement. This Agreement represents the entire agreement between the parties hereto with respect to the subject matter hereof and supersedes any and all other agreements and communications however characterized, written or oral, between or on behalf of the parties hereto with respect to the subject matter hereof. This Agreement may only be modified by a written instrument signed by authorized representatives of each of the parties hereto.

Counterpart Execution. This Agreement may be executed in any number of counterparts which, when taken together, shall constitute one and the same instrument. Executed counterparts of this Agreement may be delivered by PDF email or electronic facsimile transmission and shall have the same legal effect as an "ink-signed" original.

Signature Authority. Provider represents and warrants that Provider has all requisite power and authority to conduct its business and to execute, deliver, and perform this Agreement.

Oxnard School District
1055 S. C St
Oxnard, Ca. 93030
Attn: Angela Duarte

Dear Angela,

Thank you for giving West Oaks Pest Control the opportunity to present this proposal for the Oxnard School District. We are a local company that provides personal service, competitive prices and attention to detail to our customers. For the control of Mice, and Rats, I will propose the following.

Monthly Service: West Oaks will inspect, clean and refill the bait stations on a monthly basis. All materials that we use are approved by the SPCB and logged in the monthly pesticide use reports for the County and for the California Healthy Schools Act. West Oaks will also send an inspection report for each school pertaining to each bait station.

Additional Services: West Oaks provides pest control services for Ants, Bees, Fleas, Gophers, Squirrels and other general pest needs.

Cost of Service Monthly: The cost to inspect, clean and refill each bait station on a monthly basis is $10.00 each bait station. Currently, we have 33 bait stations we are servicing so the total cost each month is $330.00. There is no set price list except for rodent stations, each initial installation of a bait station is $25.00 and its $10.00 each month to service them. The cost for other pest jobs would have to be inspected before any cost can be determined.

To the satisfaction of both parties, a 30-day cancellation notice shall be given by either party if terminating service.

If you have any questions or concerns, please call me at 805-642-6077. Again, thank you for allowing us the opportunity to present this proposal and I look forward to hearing from you in the near future.

Sincerely,

Steve Zolotas

Compensation for Services	$ 50,000.00
Other Ancillary Cost, as applicable	$ 0.00
Total not to Exceed	$ 50,000.00

☑ W-9 received

Payment. District will pay Provider within 30 days after receipt of an invoice, in form and content acceptable to District, and reflecting charges for District approved costs and services performed by Provider and not previously invoiced.

Conditions. Provider will have no obligation to provide services until District returns a signed copy of this Agreement.

Nature of Relationship. The parties agree the relationship created by this Agreement is that of independent contractor. Provider understands and agrees that the Provider, officers, agents, or employees of Provider are not entitled to any benefits normally offered or conveyed to District employees, including but not limited to coverage under the California Workers' Compensation Insurance laws.

Binding Effect. This Agreement shall inure to the benefit and shall be binding upon all of the parties to this Agreement, and their respective successors in interest or assigns.

Termination or Amendment. This Agreement may be terminated or amended in writing at any time by mutual written consent of all of the parties to this Agreement, and may be terminated by either party for any reason by giving the other party 30 days advance written notice.

Compliance with Laws. Provider hereby agrees that Provider, and each of its officers, agents, and employees (each a "Provider Party) shall obey all local, state, and federal laws and regulations in the performance of this Agreement, including but not limited to each of the following laws and regulations, as and if applicable:

- Provider shall be responsible for the safety of its employees and shall comply with California Code of Regulations Title 8, section 3205, COVID-19 Prevention.

- Provider shall ensure that each Provider Party who is on-site supporting school functions is compliant with all the following laws, if and as applicable:
    - Fingerprinting / criminal background investigations (see paragraph titled "Fingerprinting, below);
    - Public Health Department Orders and Guidance or other related mandates related to COVID-19, so long as such Orders and Guidance are in effect during the Term of this Agreement;
    - Tuberculosis Clearance (Education Code § 49406)

Non-Discrimination and Equal Employment Opportunity. Provider represents and agrees that it does not and shall not discriminate against any employee or applicant for employment, company, individual or group of individuals, because of ancestry, age, color, disability (physical and mental, including HIV and AIDS), genetic information, gender identity, gender expression, marital status, medical condition, military or veteran status, national origin, race, religion, sex/gender, and sexual orientation.

Confidentiality. Provider agrees to maintain the confidentiality of all District and District-related data, information, and records including but not limited to student identifiable information and employee personnel information pursuant to all California and Federal statutory laws relating to privacy, confidentiality, and information security including but not limited to California Education Code sections 49060 – 49085 and the Family Educational Rights and Privacy Act (FERPA), that currently exist or exist at any time during the term of this Agreement. All such records and information shall be considered confidential and kept confidential by Provider and Provider's officers, agents, employees, participants, vendors, or customers.

Fingerprinting. Provider shall ensure that Provider and any employee who interacts with students, outside of the immediate supervision and control of the student's parent or guardian or a school employee, has a current valid criminal records summary as described in California *Education Code* section 44237. If any services will be provided on-site, or through an app or other electronic method that might allow any interaction between any student and Provider shall, prior to commencing any service hereunder, provide the District a Fingerprinting/ Criminal Background Check investigation Certificate, in form and substance satisfactory to the District. While this Agreement is in effect, Provider shall immediately provide any arrest and conviction information it receives concerning any person providing Services hereunder to the District.

Indemnification. To the fullest extent permitted by law, Provider agrees to defend, indemnify, and hold harmless District, its governing board, officers, administrators, managers, agents, employees, successors, assigns, independent contractors and/or volunteers from and against any and all claims, demands, monetary or other losses, loss of use, damages and expenses, including but not limited to, reasonable legal fees and costs, or other obligations or claims arising out of any liability or damage to person or property resulting from bodily injury, illness, communicable disease, virus, pandemic, or any other loss, sustained or claimed to have been sustained arising out of activities of the Provider or those of any of its officers, agents, employees, participants, vendors, or customers of Provider, whether such act or omission is authorized by this Agreement or not. Provider also agrees to pay for any and all damage to the real and personal property of the District, or loss or theft of such property, or damage to the Property done or caused by such persons. District assumes no responsibility whatsoever for any property placed on District premises by Provider, Provider's agents, employees, participants, vendors, or customers. The provisions of this Indemnification do not apply to any damage or losses caused solely by the intentional misconduct of the District or any of its governing board, officers, administrators, managers, agents, employees and/or volunteers.

This Indemnification shall survive termination of this Agreement, for any reason whatsoever, and binds each party's legal representatives, successors, and assigns.

Insurance. Provider, at its own cost and expense, shall procure and maintain during the term of this Agreement, policies of insurance for the following types of coverage:

a. Commercial General Liability Insurance. Provider shall procure and maintain, during the term of this Agreement, not less than the following General Liability Insurance coverage in the amounts of $1,000,000 per occurrence and $2,000,000 aggregate.

   Commercial General Liability insurance shall include products/completed operations, property damage, and personal and advertising injury coverage.

b. Automobile Liability. Provider shall procure and maintain, during the full term of this Agreement following Automobile Liability Insurance including non-owned and leased automobiles, as applicable with the following coverage limits:

Personal vehicles:	$500,000.00 combined single limit or
	$100,000.00 per person / $300,000.00 per accident
Commercial vehicles:	$1,000,000.00 per accident for bodily injury and property damage

c. Workers' Compensation Insurance. Provider shall procure and maintain, during the term of this Agreement, Workers' Compensation Insurance, as required by California law, on all of its employees engaged in work related to the performance of this Agreement. Provider shall procure and maintain Employers' Liability insurance coverage of $1,000,000. Absent proof of Workers' Compensation Insurance, Provider will submit a fully executed Certification of Exemption from Workers' Compensation Insurance, which District in its sole discretion may accept or reject.

d. Other Coverage as Dictated by the District. If any employee of Provider interacts with students, outside of the immediate supervision and control of the student's parent or guardian or a certificated school employee, Provider shall procure and maintain, during the term of this Agreement, Abuse and Molestation coverage in the amounts of $2,000,000 per occurrence and $4,000,000 aggregate.

If professional services are offered, Provider shall procure and maintain, during the term of this Agreement, Professional Liability (Errors and Omissions) insurance coverage in the amounts of $1,000,000 per occurrence and $2,000,000 aggregate.

e. Provider's insurance is primary and will not seek contribution from any other insurance available to the District. Provider further hereby waives any and all rights of subrogation that it may have against the District.

f. Certificates of Insurance. Provider shall provide certificates of insurance to the District as evidence of the insurance coverage required herein, not less than 15 days prior to commencing the proposed activity, and at any other time upon the request of the District. Certificates of insurance will be deemed invalid if proper endorsements are not attached. Certificates of such insurance shall be filed with the District on or before commencement of the services under this Agreement.

g. Endorsements. Provider's Commercial General Liability insurance and Commercial Automobile Liability coverage and Abuse and Molestation coverage shall name the District, its governing board, officers, agents, employees, and/or volunteers as additional insureds. All endorsements specifying additional insureds for any of the Insurance Policies shall be as indicated below or an equivalent endorsement reasonably acceptable to the District.

1) General Liability: CG 20 26 10 01
2) Primary, non-contributory: CG 20 01 04 13
3) Waiver of subrogation: CG 24 04 05 09
4) Commercial Automobile Liability: CA 20 48 10 13

h. Acceptability of Insurers. Insurance is to be placed with insurers with a current A.M. Best's rating of no less than A: VII, unless otherwise acceptable to the District.

i. Insurance written on a "claims made" basis is to be renewed by the Provider for a period of three (3) years following termination of this Agreement. Such insurance must have the same coverage and limits as the policy that was in effect during the term of this agreement and will cover the Provider for all claims made. If coverage is canceled or non-renewed, and not replaced with another claims-made policy form with a Retroactive Date prior to the contract effective date, the Consultant must purchase "extended reporting" coverage for a minimum of three (3) years after completion of the Services.

j. Failure to Procure Insurance**.** Failure on the part of Provider to procure or maintain required insurance shall constitute a material breach of contract under which the District may immediately terminate this Agreement

Governing Law and Venues. This Agreement shall be interpreted in accordance with the laws of the State of California. If any action is brought to interpret or enforce any term of this Agreement, the action shall be brought in state or federal court situated in the County of Ventura, State of California.

Dispute Resolution. If any dispute arises out of or in connection with the Agreement, representatives of the Parties with authority to settle the dispute shall communicate, in person, electronically, or in writing within 30 days of written notice, in a good faith effort to resolve the dispute.

The parties agree that, in the event of any unresolved dispute under the agreement in which the amount sought is $5,000.00 or less, any litigation to resolve the dispute shall be brought in the Ventura County Small Claims Court.

If the unresolved amount in dispute exceeds $5,000.00, the parties agree that they will first submit the matter to a mutually agreed upon mediator. Notwithstanding the following section, Attorneys Fees, the cost of the mediator shall be borne equally by the parties.

Attorney Fees. In the event of any action or proceeding to interpret or enforce the terms of this Agreement, the prevailing party, as determined by the court or mediator, shall be entitled to recover its reasonable attorney fees and costs incurred in connection with such actions or proceeding.

Nature of Agreement. This Agreement represents the entire agreement between the parties hereto with respect to the subject matter hereof and supersedes any and all other agreements and communications however characterized, written or oral, between or on behalf of the parties hereto with respect to the subject matter hereof. This Agreement may only be modified by a written instrument signed by authorized representatives of each of the parties hereto.

Counterpart Execution. This Agreement may be executed in any number of counterparts which, when taken together, shall constitute one and the same instrument. Executed counterparts of this Agreement may be delivered by PDF email or electronic facsimile transmission and shall have the same legal effect as an "ink-signed" original.

Signature Authority. Provider represents and warrants that Provider has all requisite power and authority to conduct its business and to execute, deliver, and perform this Agreement.

Acknowledgement and Agreement

The proposed rates reflect the same rates from the Glendale USD's formal competitive bid which WCA was successfully awarded. We would be glad to offer these same rates effective 11/1/2025. The rates will remain valid for 12 months.

OSD BOARD AGENDA ITEM

Name of Contributor: Kristen Pifko **Date of Meeting:** December 17, 2025

Agenda Section: Section C: Facilities Agreement

Ratification of Agreement #25-183 with Universal Engineering Sciences (UES) to Provide Geotechnical Engineering Services for the Lopez Academy Reconstruction Project (Pifko/Bennett/CFW)

In October 2024, the Board approved an Agreement for Geotechnical Technical Services for the Lopez Academy Reconstruction Project.

During the Division of the State Architect (DSA) plan review process, additional comments regarding geological clarification for the Lopez Academy Reconstruction Project were issued to the Architect. The contract with the Geotechnical Engineer lapsed on June 30, 2025. In order to provide a response to DSA, a new agreement is required to provide a funding mechanism for the required services.

The purpose of this item is to ratify a new Professional Services Agreement for Universal Engineering Services to provide additional geotechnical engineering services as required by DSA for the Lopez Academy Reconstruction Project.

Terms of Agreement: October 17, 2025 through June 30, 2027

FISCAL IMPACT:
$22,500.00 – Measure I Bond Funds

RECOMMENDATION:
It is the recommendation of the Assistant Superintendent of Business and Fiscal Services and the Director of Facilities, in consultation with Caldwell Flores Winters, that the Board ratify the Professional Services Agreement #25-183 with Universal Engineering Sciences (UES).

ADDITIONAL MATERIALS:

Attached: Agreement #25-183, Universal Engineering Sciences (15 Pages)

A. District desires to engage Provider services as more particularly described on "Statement of Work" which is attached hereto and incorporated herein by this reference ("Services").

B. Provider has the necessary qualifications by reason of training, experience, preparation and organization, and is agreeable to performing and providing such Services, upon and subject to the terms and conditions as set forth below in this Agreement.

NOW THEREFORE, for valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto hereby agree as follows:

1. **CONDITIONS**. Provider will have no obligation to provide services until District returns a signed copy of this Agreement.

2. **NATURE OF RELATIONSHIP**. The parties agree the relationship created by this Agreement is that of independent contractor. In performing all of the Services, Provider shall be, and at all times is, acting and performing as an independent contractor with District, and not as a partner, coventurer, agent, or employee of District, and nothing contained herein shall be construed to be inconsistent with this relationship or status. Provider is not granted any right or authority to assume or to create any obligation or responsibility, express or implied, on behalf of or in the name of District or to bind the District in any manner. Except for any materials, procedures, or subject matter agreed upon between Provider and District, Provider shall have complete control over the manner and method of performing the Services.

Provider understands and agrees to independent contractor status. Provider understands and agrees that the filing and acceptance of this Agreement creates a rebuttable presumption and that the Provider, officers, agents, employees, or subcontractors of Provider are not entitled to coverage under the California Workers' Compensation Insurance laws, Unemployment Insurance, Health Insurance, Pension Plans, or any other benefits normally offered or conveyed to District employees. Provider will be responsible for payment of all Provider employee wages, payroll taxes, employee benefits, and any amounts due for federal and state income taxes and Social Security taxes. These taxes will not be withheld from payments under this agreement.

3. **NON-EXCLUSIVITY.**

   a. During the term of this agreement Provider may, independent of Provider's relationship with the District, without breaching this Agreement or any duty owed to the District, act in any capacity, and may render services for any other entity.

   b. During the term of this Agreement the District may, independent of its relationship with the Provider, without breaching this Agreement or any duty owed to the Provider contract with other individuals and entities to render the same or similar services to the District.

4. **SERVICES**. Provider shall provide District with the services, which are described on the "Statement of Work" (the "Work" or "Service") attached hereto and incorporated herein by this reference. The Statement of Work shall contain a timetable for completion of the Work or if the Work is an ongoing service, the Statement of Work shall set forth the mutually agreed schedule for providing such services. Provider shall use its best efforts to complete all phases of the Work according to such timetable. In the event that there is any delay in completion of the Work arising as a result of a problem within the control of District, Provider and District shall cooperate with each other to work around such delay. However, District shall not be responsible for any additional cost or expense to Provider as a result of such delay unless specifically agreed to in writing by the District. In addition to the specifications and/or requirements contained in the Statement of Work and any warranty given by Provider hereunder, the Statement of Work may set forth those performance criteria agreed between District and Provider whereby the District can evaluate whether Provider has satisfactorily completed the Work ("Performance Criteria").

   Provider, at Provider's sole cost and expense, shall furnish all tools, equipment, apparatus, facilities, transportation, labor, and material necessary to meet its obligations under this Agreement. No substitutions of materials or service from those specified in this section shall be made without the prior written consent of the District.

5. **TIME OF PERFORMANCE**. The term of this Agreement shall commence on October 17, 20 25, and terminate on June 30, 20 27. All work and services contracted for under the terms of this Agreement shall be undertaken and completed in such sequence as to assure their full completion in accordance with the terms and conditions set forth in this Agreement.

   [**Note:** California *Education Code* section 17596 limits continuing contracts; contracts for work or services, or for apparatus or equipment, not to exceed five years; for materials or supplies, not to exceed three years.]

6. **PAYMENT AND EXPENSES**. All payments due to Provider are set forth in the "Schedule of Fees" attached hereto and incorporated herein by this reference.

   Provider shall send District periodic statements indicating Provider's fees and costs incurred and their basis and any current balance owed. If no Provider's fees or costs are incurred for a particular time period,

or if they are minimal, the statement may be held by the Provider and combined with that for the following time period unless a statement is requested by the District.

All payments due Provider are set forth in "Schedule of Fees" and shall be paid by the District within 30 days of receipt of a proper, undisputed invoice from Provider, which invoice shall set forth in reasonable detail the services performed. The District reserves the right, in its sole and absolute discretion, to reject any invoice that is not submitted in compliance with the District's standards and procedures. In the event that any portion of an invoice submitted by a Provider to the District is disputed, the District shall only be required to pay the undisputed portion of such invoice at that time, and the parties shall meet to try to resolve any disputed portion of any invoice.

The rates set forth in "Schedule of Fees" are not set by law, but are negotiable between Provider and District.

7. **ASSIGNMENT AND SUBCONTRACTORS**. Provider shall not assign, sublet, or transfer this Agreement or any rights under or interest in this Agreement without the prior written consent of the District, which may be withheld by the District in its sole and absolute discretion for any reason. Nothing contained herein shall prevent Provider from employing independent associates, subcontractors, and sub-consultants as Provider may deem appropriate to assist in the performance of services herein, subject to the prior written approval of the District. Any attempted assignment, sublease, or transfer in violation of this Agreement shall be null and void, and of no force and affect. Any attempted assignment, sublet, or transfer in violation of this Agreement shall be grounds for the District, in its sole discretion, to terminate the Agreement

8. **TERMINATION OR AMENDMENT**. This Agreement may be terminated or amended in writing at any time by mutual written consent of all of the parties to this Agreement, and may be terminated by either party for any reason by giving the other party 60 days advance written notice. In the event of cancellation prior to completion of the specified services, all finished or unfinished projects, documents, data, studies, and reports prepared by the Provider under this agreement shall, at the option of the District, become District property. The Provider shall be entitled to receive just and equitable compensation for any satisfactory work completed on such items prior to termination of the Agreement.

   The parties to this Agreement shall be excused from performance thereunder during the time and to the extent they are prevented from obtaining, delivering, or performing due to act(s) of God. Satisfactory evidence thereof to the other party is required, provided that it is satisfactorily established that the non-performance is not due to the fault or neglect of the party not performing.

9. **NOTICE**. Any notices required or permitted to be given under this Agreement shall be deemed fulfilled by written notice, demand or request personally served on (with proof of service endorsed thereon, or mailed to, or hereinafter provided) the party entitled thereto or on its successors and assigns, and may be given by:

   a. Personal delivery;

   b. Overnight commercial courier;

   c. Certified or registered prepaid U.S. mail, return receipt requested; or

   d. Electronic mail or electronic facsimile transmission; provided that if given electronically, an additional copy shall also be delivered by a, b, or c, above.

If mailed, such notice, demand, or request shall be mailed certified or registered mail, return receipt requested, and deposited in the United States mail addressed to such party at its address set forth below or to such address as either party hereto shall direct by like written notice and shall be deemed to have been made on the third (3rd) day following posting; or if sent by a nationally recognized overnight express carrier, prepaid, such notice shall be deemed to have been made on the next business day following deposit with such carrier. For the purposes herein, notices shall be sent to the District and the Provider as follows:

Oxnard School District	Universal Engineering Sciences (UES)
District	Provider
Attn: Mark Bennett	Attn: Jorge Nieto
1051 South A Street	14538 Meridian Pkwy, Suite A
Street	Street
Oxnard, CA 93030	Riverside, CA 92518
City, State, Zip Code	City, State, Zip Code

10. **WARRANTY**. Provider hereby warrants to District that the Work shall be performed in a professional and workmanlike manner consistent with the highest industry standards. For a period of one (1) year following completion of the Work, Provider shall correct or make arrangements to correct any breach of the warranty for the Work within ten (10) business days of notice from District of same.

11. **ADDITIONAL WORK**. If changes in the work seem merited by the Provider or the District, and informal consultations with the other party indicate that a change is warranted, it shall be processed by the District in the following manner:

    a. A letter outlining the changes shall be forwarded to the District by the Provider with a statement of estimated changes in fee and/or time schedule.

    b. A written amendment to this Agreement shall be prepared by the District and executed by all of the parties before any performance of such services or the District shall not be required to pay for the increased cost incurred for the changes in the scope of work.

    Any such amendment to the Agreement shall not render ineffective or invalidate unaffected portions of this Agreement.

12. **COMPLIANCE WITH LAWS**. Provider hereby agrees that Provider, officers, agents, employees, and subcontractors of Provider shall obey all local, state, and federal laws and regulations in the performance of this Agreement, including, but not limited to minimum wages laws and/or prohibitions against discrimination. Without limiting the generality of the foregoing, Provider shall complete the conflict of interest certification on **Exhibit C**.

    Provider, officers, agents, employees and/or subcontractors of Provider shall secure and maintain in force for the full term of this Agreement, at Provider's sole cost and expense, such licenses and permits as are required by law, in connection with the furnishing of all the Services, materials, or supplies necessary for completion of the Services described.

13. **NON-DISCRIMINATION AND EQUAL EMPLOYMENT OPPORTUNITY**
Provider represents and agrees that it does not and shall not discriminate against any employee or applicant for employment, company, individual or group of individuals, because of ancestry, age, color, disability (physical and mental, including HIV and AIDS), genetic information, gender identity, gender expression, marital status, medical condition, military or veteran status, national origin, race, religion, sex/gender, and sexual orientation.

14. **INDEMNIFICATION**. To the fullest extent permitted by law, Provider agrees to defend, indemnify, and hold harmless District, its governing board, officers, agents, employees, successors, assigns, independent contractors and/or volunteers from and against any and all claims, demands, monetary or other losses, loss of use, damages and expenses,, including but not limited to, legal fees and costs, or other obligations or claims arising out of any liability or damage to person or property resulting from bodily injury, illness, communicable disease, virus, pandemic, or any other loss, sustained or claimed to have been sustained arising out of activities of the Provider or those of any of its officers, agents, employees, participants, vendors, customers or subcontractors of Provider, whether such act or omission is authorized by this Agreement or not. Provider also agrees to pay for any and all damage to the real and personal property of the District, or loss or theft of such property, or damage to the Property done or caused by such persons. District assumes no responsibility whatsoever for any property placed on District premises by Provider, Provider's agents, employees, participants, vendors, customers or subcontractors. Provider further hereby waives any and all rights of subrogation that it may have against the District. The provisions of this Indemnification do not apply to any damage or losses caused solely by the negligence of the District or any of its governing board, officers, agents, employees and/or volunteers.

15. **INSURANCE**. Provider, at its own cost and expense, shall procure and maintain during the term of this Agreement, policies of insurance for the following types of coverage:

a. Commercial General Liability Insurance. Provider shall procure and maintain, during the term of this Agreement, the following General Liability Insurance coverage:

	Each Occurrence	Aggregate
Individual, Sole Proprietorship, Partnership, Corporation, or Other	$ 1,000,000.00	$ 2,000,000.00

Commercial General Liability insurance shall include products/completed operations, property damage, and personal and advertising injury coverage.

Any and all subcontractors hired by Provider in connection with the Services described in this Agreement shall maintain such insurance unless the Provider's insurance covers the subcontractor and its employees.

b. Automobile Liability. Provider shall procure and maintain, during the full term of this Agreement, Automobile Liability Insurance, including non-owned and hired automobiles, as applicable with the following coverage limits:

Personal vehicles: $ 500,000.00 combined single limit or

$100,000.00 per person / $300,000.00 per accident

c. Workers' Compensation Insurance. Provider shall procure and maintain, during the term of this Agreement, Workers' Compensation Insurance, as required by California law, on all of its employees engaged in work related to the performance of this Agreement. Provider shall procure and maintain Employers' Liability insurance coverage of $1,000,000.

In the case of any such work which is subcontracted, Provider shall require all subcontractors to provide Workers' Compensation Insurance and Employers' Liability insurance for all of the subcontractor's employees to be engaged in such work unless such employees are covered by the protection afforded by the Provider's Workers' Compensation Insurance.

Absent proof of Workers' Compensation Insurance, Provider will submit a statement requesting a waiver from this requirement and indicating the reason Workers' Compensation Insurance is not required.

d. Errors and Omissions Insurance. Provider shall procure and maintain, during the term of this Agreement, Professional Liability/Errors and Omissions Insurance in an amount of the following:

Accountants, attorneys, education consultants, nurses, therapists	$1,000,000.00
Architects	$1,000,000.00 or $2,000,000.00
Physicians and medical corporations	$5,000,000.00

e. Other Coverage as Dictated by the District. Provider shall procure and maintain, during the term of this Agreement, the following other Insurance coverage:

	Each Occurrence	Aggregate
☐ Abuse and Molestation	$ 2,000,000.00	$4,000,000.00
☐ Pollution Liability	$ 1,000,000.00	$ 2,000,000.00
☐ Cyber Liability	$ 5,000,000.00	
☐ Other: _____	$ _____	$ _____

f. If the Provider or Provider's subcontractor(s) maintains broader coverage and/or higher limits than the minimums shown above, the District requires and shall be entitled to the broader coverage and/or higher limits maintained by the Provider. Any available insurance proceeds in excess of the specified minimum limits of insurance and coverage shall be available to the District.

g. Provider's and any and all subcontractors' insurance is primary and will not seek contribution from any other insurance available to the district.

h. Certificates of Insurance. Provider and any and all subcontractors working for Provider shall provide certificates of insurance to the District as evidence of the insurance coverage required herein, not less than Fifteen (15) days prior to commencing work for the District, and at any other time upon the request of the District. Certificates of insurance will be deemed invalid if proper endorsements are not attached. Certificates of such insurance shall be filed with the District on or before commencement of the services under this Agreement.

i. Endorsements. Provider's and any and all Provider subcontractor's Commercial General Liability insurance; Commercial Automobile Insurance; Liability Excess, Umbrella and/or Reinsurance; and Abuse and Molestation coverage shall name the District, its governing board, officers, agents, employees, and/or volunteers as additional insureds. All endorsements specifying additional insureds for any of the Insurance Policies shall be as indicated below or an equivalent endorsement reasonably acceptable to the District.

1) General Liability

❑ Facilities Rental or Lease: CG 20 11 10 01;

■ Most Other services: CG 20 26 10 01.

2) Primary, Non-Contributory

■ CG 20 01 01 13

4) Commercial Automobile Liability

■ CA 20 48 10 13

j. Provider's and any and all Provider subcontractor's Commercial General Liability insurance shall provide a list of endorsements and exclusions.

k. Deductibles. Any deductible(s) or self-insured retention(s) applicable to the insurance and/or coverage required by the foregoing provisions of this agreement must be declared to and approved by the District. Provider shall be responsible to pay that deductible or self-insured retention and the District shall not be responsible to pay these costs. In the event that Provider's deductibles or self-insured retentions collectively total more than $50,000.00, District reserves the right to request proof of Provider's financial solvency in relation to remittance thereof or require Provider to post a bond guaranteeing payment of the deductible, or both.

l. Acceptability of Insurers. Insurance is to be placed with insurers with a current A.M. Best's rating of no less than A: VII, unless otherwise acceptable to the District.

m. Insurance written on a "claims made" basis is to be renewed by the Provider and all Provider subcontractors for a period of five (5) years following termination of this Agreement. Such insurance

must have the same coverage and limits as the policy that was in effect during the term of this agreement, and will cover the provider for all claims made.

n. Failure to Procure Insurance**.** Failure on the part of Provider, or any of its subcontractors, to procure or maintain required insurance shall constitute a material breach of contract under which the District may immediately terminate this Agreement.

16. **SAFETY AND SECURITY**. Provider shall be responsible for ascertaining from the District all of the rules and regulations pertaining to safety, security, and driving on school grounds, particularly when children are present.

Without limiting the generality of the foregoing, Provider shall comply with any applicable fingerprinting/ criminal background investigation and tuberculosis clearance requirements of the California Education Code and shall provide the certifications on **Exhibit C** prior to performance of any Services.

a. On Site Services; Student Data Access. If services require Provider to access any District facility, transport or interact in any manner (including through an app or other electronic means) with District students, or access student data, Provider and any and all subcontractors are required to comply with Education Code section 45125.1, Fingerprint certification requirements. Provider must provide proof that fingerprint certification requirements have been fulfilled prior to commencing any services for the District under this Agreement.

Provider shall certify in writing to the school district that neither the Provider nor any of its employees, agents, representatives or subcontractors who are required to submit or have their fingerprints submitted to the Department of Justice and who may interact with any District student outside the direct supervision and control of a District employee or that student's parent or legal guardian have been convicted of a felony.

b. Other Services. If Provider will not provide any services on site or have access to any student data or interact with any District student in connection with the Services, then, Provider and its subcontractors are not required to comply with Education Code section 45125.1 background check requirements. However, Provider must still complete **Exhibit C** to specify that these requirements are not applicable.

c. Tuberculosis Risk Assessment requirements (Education Code section 49406). Providers who may have more than limited contact with District students (including any Providers who provide in person tutoring or who provide any transportation services to students) are required to cause to be on file with the District a certificate from an examining physician showing that Provider, employees and/or sub providers of Provider have been examined and found free from active tuberculosis.

17. **GOVERNING LAW AND VENUES**. Provider hereby acknowledges and agrees that District is a public entity, which is subject to certain requirements and limitations. This Agreement and the obligations of District hereunder are subject to all applicable federal, state and local laws, rules, and regulations, as currently written or as they may be amended from time to time.

This Agreement shall be interpreted in accordance with the laws of the State of California. If any action is brought to interpret or enforce any term of this Agreement, the action shall be brought in state or federal court situated in the County of Ventura, State of California. Provider hereby waives and expressly agrees not to assert, in any way, any claim or allegation that it is not personally subject to the jurisdiction of the courts named above. Provider further agree to waive any claim or allegation that the suit, action, or proceeding is either brought in an inconvenient forum or that the related venue is improper."

18. **DISPUTE RESOLUTION.**

a. The parties agree that, in the event of any dispute under the agreement in which the amount sought is $5,000.00 or less, any litigation to resolve the dispute shall be brought in the Ventura County Small Claims Court.

b. If the amount in dispute exceeds $5,000.00, the parties agree that they will first submit the matter to a mutually agreed upon mediator. Notwithstanding section 19, Attorneys Fees, the cost of the mediator shall be borne equally by the parties.

c. If the mediator is unable to resolve the dispute, then the parties shall submit the matter to binding arbitration in Ventura County or other mutually agreed location pursuant to the rules of the American Arbitration Association (AAA), as amended or as augmented in this Agreement (the "Rules"). The parties acknowledge that one of the purposes of utilizing arbitration is to avoid lengthy and expensive discovery and allow for prompt resolution of the dispute.

Arbitration shall be initiated as provided by the Rules, although the written notice to the other party initiating arbitration shall also include a description of the claim(s) asserted and the facts upon which the claim(s) are based. Arbitration shall be final and binding upon the parties and shall be the exclusive remedy for all claims subject hereto, including any award of attorneys' fees and costs. Either party may bring an action in court to compel arbitration under this Agreement and to enforce an arbitration award.

All disputes shall be decided by a single arbitrator. The arbitrator shall be selected by mutual agreement of the parties within 30 days of the effective date of the notice initiating the arbitration. If the parties cannot agree on an arbitrator, then the complaining party shall notify the AAA and request selection of an arbitrator in accordance with the Rules. The arbitrator shall have only such authority to award equitable relief, damages, costs, and fees as a court would have for the particular claim(s) asserted. In no event shall the arbitrator award punitive damages of any kind.

The arbitrator shall have the power to limit or deny a request for documents or a deposition if the arbitrator determines that the request exceeds those matters, which are directly relevant to the claims in controversy. The document demand and response shall conform to Code of Civil Procedure section 2031. The deposition notice shall conform to Code of Civil Procedure section 2025. The parties may make a motion for protective order or motion to compel before the arbitrator with regard to the discovery, as provided in Code of Civil Procedure sections 2025 and 2031.

19. **ATTORNEYS FEES.** In the event of any action or proceeding to interpret or enforce the terms of this Agreement, the prevailing party, as determined by the court or arbitrator, shall be entitled to recover its reasonable attorney fees and costs incurred in connection with such actions or proceeding

20. **DOCUMENT RETENTION.** After Provider's services to District conclude, Provider shall, upon the District's request, deliver all documents for all matter in which Provider has provided services to the District, along with any property of the District in Provider's possession and/or control. If the District does not request District's document(s) for a particular service, Provider will retain document(s) for a period of two (2) years after the service has ended. If District does not request delivery of the document(s) for the service before the end of the two (2) year period, Provider will have no further obligation to retain the document(s) and may, at Provider's discretion, destroy it without further notice to the District. At any point during the two (2) year period, District may request delivery of the document(s).

Exceptions: Attorney work-product and medical records shall not be destroyed by provider without the prior written consent of the District.

21. **NATURE OF AGREEMENT.** This Agreement constitutes a binding expression of the understanding of the parties with respect to the services to be provided hereunder and is the sole contract between the parties with respect to the subject matter thereof. There are no collateral understandings or representations or agreements other than those contained herein. This Agreement represents the entire agreement between the parties hereto with respect to the subject matter hereof and supersedes any and all other agreements and communications however characterized, written or oral, between or on behalf of the parties hereto with respect to the subject matter hereof. This Agreement may only be modified by a written instrument signed by authorized representatives of each of the parties hereto; provided that the District may not be bound by any term or condition incorporated by reference (including references to any link, website or electronic document) into any document prepared by or provided to District by Provider, including any license, purchase order or other instrument.

For the avoidance of any doubt, Provider is hereby informed that any and all terms or conditions of use of any web-based service or application must be presented in PDF format to the Board of Trustees and may not be unilaterally altered by Provider during the Term of this Agreement.

THE BODY OF THIS AGREEMENT MAY NOT BE EDITED OR ALTERED BY PROVIDER.

22. **BINDING EFFECT**. This Agreement shall inure to the benefit and shall be binding upon all of the parties to this Agreement, and their respective successors in interest or assigns.

23. **WAIVER.** No claim or right arising out of a breach of this Agreement can be discharged in whole or in part by a waiver or renunciation of the claim or right unless such waiver is in writing.

24. **SEVERABILITY.** It is intended that each paragraph of this Agreement shall be treated as separate and divisible, and in the event that any paragraphs are deemed unenforceable, the remainder shall continue to be in full force and effect so long as the primary purpose of this Agreement is unaffected.

25. **PARAGRAPH HEADINGS.** The headings of paragraphs hereof are inserted only for the purpose of convenient reference. Such headings shall not be deemed to govern, limit, modify or in any other manner affect the scope, meaning or intent of the provisions of this Agreement or any part or portion thereof, nor shall they otherwise be given any legal effect whatsoever.

26. **AUTHORITY.** Provider represents and warrants that Provider has all requisite power and authority to conduct its business and to execute, deliver, and perform this Agreement. Each party warrants that the individuals who have signed this Agreement have the legal power, right, and authority to make this Agreement and to bind each respective party.

27. **COUNTERPART EXECUTION: ELECTRONIC DELIVERY.** This Agreement may be executed in any number of counterparts which, when taken together, shall constitute one and the same instrument. Executed counterparts of this Agreement may be delivered by PDF email or electronic facsimile transmission, and shall have the same legal effect as an "ink-signed" original.

IN WITNESS WHEREOF, the parties have executed this agreement as of the date first written above. By signing below, Provider certifies that it has not altered any provision of the body of this Agreement.

STATEMENT OF WORK

DESCRIPTION OF WORK:

At Lopez Middle School, continuation of services to provide responses to the California Geological Survey (CGS) to gain project approval and provide services related Geological Issues related to the project through completion.

WORK SCHEDULE:

Terms of Agreement: October 17, 2025 through June 30, 2027

SCHEDULE OF FEES

FEES:

Compensation for Services	$ 22,500.00
Actual and Necessary Travel Expenses	$ 0.00
Other Expenses	$ 0.00
Total Amount not to Exceed	$ 22,500.00
Deposit	$
Balance Due after Completion of Services	$

Proper invoicing is required. Receipts for expenses are required. Canceled checks are not accepted as receipts.

PAYMENT SCHEDULE:

Invoices to be submitted monthly to accountspayable@oxnardsd.org and projectinvoices@cfwinc.com. Net 30 terms

ADDITIONAL COSTS OF EXPENSES:

N/A

EXHIBIT C
REQUIRED CERTIFICATIONS

Services Agreement Dated: December 17, 20 25

Provider: Universal Engineering Sciences (UES)

I. Fingerprinting/Criminal Background Certification (Education Code Section 45125.1)

Provider and its subconsultant's and their employees, agents and representatives (each, a "Provider Party") are required to submit fingerprints to the California Department of Justice (CDOJ) if they may interact with any student outside of the immediate supervision and control of the student's parent or guardian or a District employee in connection with the Services. Provider certifies to the Superintendent and the Board of Trustees of the District that it is, or prior to providing any Service under this Agreement will be, in compliance with the requirements of Education Code section 45125.1, as follows (Provider to check one box):

- ■ Provider will ensure that any Provider Party who: (a) might access a District facility and/or interact with a District pupil in any manner (including through an educational app or cloud-based system) outside of the immediate supervision and control of the student's parent or guardian or a District employee OR (b) who was identified by District as a person requiring clearance pursuant to §45125.1(c) has, prior to providing any Service, submitted fingerprints to the CDOJ and that Provider has received from the CDOJ a valid criminal records summary as described in §44237 for said Provider Party. Provider will not allow any person who has been convicted of a violent felony listed in Penal Code section 667.5(c) or a serious felony listed in Penal Code §1192(c) to provide any Service. Provider will not allow any such Provider Party to perform any Service until Provider ascertains that the CDOJ has cleared that person and a record compliant with Education Code § 45125.1 is on file with Provider.
- ☐ The fingerprinting requirements **do not apply** because the Services are being provided on an emergency or exceptional situation as contemplated under section § 45125.1(b).
- ☐ The fingerprinting requirements **do not apply** because Provider Parties will have no opportunity to interact with a District students in any manner because: (i) no school-site Services or Services concerning student records will be provided; and/or (ii) the Services will be provided at a school site while students are not present (vacant, under construction etc.).

By signing below I certify, under penalty of perjury, that: (i) I am an authorized representative of Provider qualified to provide this Certification; (ii) the information above concerning compliance with Education Code Section 45125.1 is accurate and complete as of the date hereof; and (iii) during the term, I will immediately inform District if any CDOJ report is changed or updated with respect to Provider Party. Documents provided by the CDOJ will be retained by Provider and available for inspection by District or its representative(s) upon request.

II. Tuberculosis Risk Assessments Certification (Education Code Section 49406). With respect to Education Code § 49406, I do hereby ***certify, represent and warrant*** to District's Superintendent and Board of Trustees as follows (Provider to check the applicable statement below):

- ■ Provider Parties, any subconsultants, and any respective employees, representatives or agents will, in connection with the provision of Services under this Agreement, have ***only limited or no contact*** with any District student(s).
- ☐ Provider Parties may, in connection with the provision of Services, have more than limited contact with District students. Therefore, the Provider has for each such Provider Party: (A) obtained and filed proof on completion of the required TB risk assessment(s) and (B) if deemed necessary by a physician/surgeon, obtained and filed copies of their TB examination(s), all in compliance with the provisions of Education Code § 49406. Provider will maintain a current list of all such Provider Parties and will provide a copy to District upon request.

By signing below I certify, under penalty of perjury, that I am an authorized representative of Provider qualified to provide this Certification, that the information above concerning compliance with Education Code § 49406 is accurate and complete as of the date hereof, and that, during the Term, I and all Provider Parties will satisfy all applicable tuberculosis clearance requirements before having more than limited contact with District students.

III. Conflict of Interest Certification

The Provider represents and warrants that he/she/it presently has no interest, and shall not acquire any interest, direct or indirect, financial or otherwise, which conflicts in any manner with District or with the performance of the Services. Provider understands that District will not engage any person having such conflict of interest to perform the Services. Provider agrees that if any facts come to its attention which raises any questions as to the applicability of conflict of interest laws, it shall immediately inform the District's designated representative and provide all information needed for resolution of this question.

OSD BOARD AGENDA ITEM

Name of Contributor: Kristen Pifko **Date of Meeting:** December 17, 2025

Agenda Section: Section C: Facilities Agreement

Ratification of Amendment #003 to Agreement #23-152 with SVA Architects to Provide Architectural Services for the Fremont Middle School Reconstruction Project (Pifko/Bennett/CFW)

The Fremont Middle School Reconstruction Project consists of a complete reconstruction of the Fremont campus with an entirely new set of facilities, built according to current State code, Oxnard School District (District) specifications, and 21st century educational program requirements. The proposed phased build-out of the school will incorporate the existing and projected enrollment of approximately 750 students at the site and the need to design the facility in such a manner that a subsequent phase to accommodate increased enrollment, if needed, would only require the construction of additional classrooms.

At its regularly scheduled meeting on October 04, 2023, SVA Architects was awarded Agreement #23-152 to provide Architectural Engineering Services for the Fremont Middle School Reconstruction Project.

During design, the city mandated requirements not anticipated during the original design related to off-site improvements and implementation of the Stormwater Pollution Prevention Program (SWPPP) as required by the State of California. The purpose of this amendment is to provide the services required for the full duration of the project and extend the terms through June 30, 2028.

FISCAL IMPACT:
$69,960.00 – Measure I Bond Funds

RECOMMENDATION:
It is the recommendation of the Assistant Superintendent of Business and Fiscal Services and Director of Facilities, in consultation with Caldwell Flores Winters, that the Board of Trustees ratify Amendment #003 to Agreement #23-152 with SVA Architects.

ADDITIONAL MATERIALS:

Attached: Amendment #3 (6 Pages)
Agreement #23-152, SVA Architects (57 Pages)

Amendment No. 003 to Architect Services Agreement No. 23-152

The Architect Services Agreement No. 23-152 ("Agreement") entered into on October 04, 2023, by and between the Oxnard School District ("District") and SVA Architects, Inc. ("Architect"), is hereby amended by the parties as set forth in this Amendment No. 003 to the Architectural Services Agreement No. 23-152 ("Amendment") that is incorporated herein for all purposes.

RECITALS

WHEREAS, The District retained Architect to provide architectural and design services for Fremont Middle School Reconstruction Project ("Project");

WHEREAS, the Architect in the process of completing the design work for the Project and will submit the construction documents to the Division of the State Architect ("DSA") for their review;

WHEREAS, the Board of Trustees has taken certain actions to approve the design of the Fremont Middle campus Reconstruction;

WHEREAS, the Board recognizes that the timing of the various components of work must all be approved by DSA and additional testing of soils will be required;

NOW THEREFORE, for the good and valuable consideration, the Parties agree to the following amended terms to Agreement:

AMENDMENT

The Parties agree to add the following language to SECTION 4.1 of the Agreement:

The definition of Basic Services is expanded to include the deliverables and submittals set forth herein, provided for under the original Agreement between the Parties and those identified in Exhibit F hereto, where not inconsistent with the original Agreement or this Amendment. Terms used in Exhibit F shall have the same meaning as those terms are defined in the Agreement.

The Parties agree to add a new SECTION 5.2.3 to the Agreement as follows:

SECTION 5.2.3 Additional Compensation for Fremont Middle School Reconstruction Project revised Scope of Work. The Architect agrees to perform the Basic Services as described in the original Agreement, and Exhibit "F" thereto, with respect to the Project. Architect agrees to deliver the deliverables identified in Exhibit "C" of the original Agreement for the Project. In consideration for the amended basic services and deliverables, Architect agrees to be compensated an additional flat "all-in" Basic Fee for the additional work totaling: **Sixty-Nine Thousand Nine Hundred Sixty Dollars and Zero Cents ($69,960.00). This fee shall include all the work necessary to implement the City mandated requirements not anticipated during the original design related to off-site improvements and implementation and monitoring for two years of the Stormwater Pollution Prevention Program**

(SWPPP) including the costs of any sub-consultants or any specialty consultants. This Amendment also extends the term of the agreement through June 30, 2028.

The Parties agree that the work identified herein constitutes all of the additional owner requested scope, changes or modifications arising out of this Agreement.

The Parties agree that all other provisions of the Architectural Services Agreement No. 23-152 entered into and executed by the Parties on October 04, 2023 remain in full force and effect. Architect agrees that any provisions, limitations and exclusions in its proposal, Exhibit "F" hereto, are stricken for all purposes and are invalid as inconsistent with the terms and conditions of the Agreement and this Amendment.

IN WITNESS THEREOF, the Parties hereto execute this Amendment No. 003 and represented that each has authority to do so on the dates set forth below:

SVA Project No.:	2023-40187.803	**Client Reference:**	Agreement #23-152, PO #P24-02231

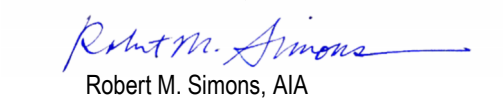
A. Scope of Services

SVA and its Consultant/s shall provide the following services in accordance with the terms and conditions of the Agreement:

See Attachment 1 for full details of the scope of work.

B. Compensation

Architect will be compensated for the additional services delineated herein in accordance with the terms and conditions of the Agreement on a fixed fee basis in the amount of **Sixty-Four Thousand Six Hundred Eighty Dollars ($64,680.00)** as summarized below:



Offsite Improvements Design	$44,000.00
Legal Descriptions + Exhibits	$ 5,280.00
Stormwater Pollution Prevention Plan (SWPPP)	$14,080.00
Cost Estimating	$ 1,320.00

Note: SWPPP fee is based on construction being completed in one year. Each additional year of construction will require an additional $5,280 per year.

Reimbursable expenses of Architect will be invoiced in accordance with the terms and conditions of the Agreement and are not included in the above-stated compensation.

It is expressly understood that the requirements of Cal. Business and Professions Code § 5536.22 requiring mutual written agreement by the parties prior to proceeding with the work are met by this Amendment. In the event that contract negotiations are pending at the time this Amendment is executed, the parties understand and agree that upon execution of such final agreement, that all work performed under this Amendment will be governed by the terms and conditions thereof. In the event that an agreement has been executed by the parties at the time of this Amendment, it is understood that this Amendment amends the Agreement only as delineated herein, all other terms of the Agreement shall remain the same. Architect will not proceed with work until this form is executed and returned. **The undersigned represents and warrants that he/she has the authority to bind the entity for which he/she is executing this Amendment**.

Subject: Fee Proposal for Additional Civil Engineering Services for
Oxnard School District, Fremont Middle School
1130 N. M Street, Oxnard, CA 93030
Offsite Improvements

Dear Mel:

VCA Engineers is very pleased to submit this fee proposal to perform civil engineering services associated with the above project. Based on the email received dated June 17, 2025, we are being requested to provide civil engineering services for the offsite improvements associated with the Fremonte Middle School Project located within the Oxnard School District. Improvements include the following:

1) Provide offsite improvement plans to include the design of new sidewalk, curb and gutter, new driveway and closure of existing driveway fronting the project site along N. H Street. Please note, our scope excludes street widening, streetlights, street trees, traffic signals and street striping and any other street work along N. M Street and Glenwood Drive including the alley.
2) Prepare new legal descriptions + exhibits for the new fire water line that services the new fire hydrants.
3) Stormwater Pollution Prevention Plan (SWPPP).

Accordingly, we have prepared this fee proposal which will cover the following: (I) our proposed scope of work, (II) the project schedule, and (III) our consulting fee. Our scope of services will be all inclusive as required to complete the project in a concise and timely manner as mandated by project schedules and standard requirements of professional practice.

Our understanding of the civil scope of work to be provided for the offsite improvements is as follows:

1. Demolition of existing hardscape and landscape areas.
2. Grading and Accessibility for the new improvements at the site.
3. Provide horizontal and vertical control for the new improvements.
4. Provide offsite improvement plans to include design of new sidewalk, curb and gutter, new driveway and closure of existing driveway fronting the project site along N. H Street. Please note, our scope excludes street widening, streetlights, street trees, traffic signals and street striping and any other street work along N. M Street and Glenwood Drive including the alley.
5. Prepare new legal descriptions + exhibits for the new fire water line that services the new fire hydrants, any agency fees associated are to be paid by the owner.

6. Stormwater Pollution Prevention Plan (SWPPP).

I. Civil Engineering Scope of Services

DESIGN

1. Provide due diligence for civil requirements from the City of Oxnard.
2. VCA will prepare the offsite construction documents to include civil drawings drawn in AutoCad Civil 3D depicting: Site Demolition Plan, Site Horizontal and Vertical Control, Site Paving, Grading and profile.
3. Provide offsite improvement plans to include design of new sidewalk, curb and gutter, new driveway and closure of existing driveway fronting the project site along N. H Street. Please note, our scope excludes street widening, streetlights, street trees, traffic signals and street striping and any other street work along N. M Street and Glenwood Drive including the alley.
4. Prepare new legal descriptions + exhibits for the new fire water line that services the new fire hydrants.
5. SWPPP is required by the State WQCB for disturbed construction areas greater than one (1) acre. VCA will prepare the SWPPP Handbook and upload these into the State's SMARTS System in order to obtain the WDID Number and associated Notice of Intent (NOI) and Notice of Termination (NOT).
6. VCA will prepare all documents in accordance with the Standards, Guidelines and Design Criteria of the City of Oxnard or industry best practices etc unless directed otherwise. We will download these standards for our use if available at the agency's website or we will request these standards from you.
7. Attend a maximum of two (2) coordination meetings and as required virtual meetings related to civil.

BIDDING AND PERMITTING PHASE

8. Obtain Plan-check approval of civil drawings from authorities having jurisdiction over the project.
9. Incorporate Plan-check review comments/corrections, if any.

CONSTRUCTION PHASE (CA)

10. Provide written response to contractor's questions and clarifications during construction.
11. Assist in reviewing contractor's change orders related to civil works.
12. Review and approve contractor's submittals.
13. Conduct three (3) site visits to observe civil works during construction.
14. Prepare Record Drawings based on contractor's red marks on field drawings and project RFI's and RFC's.

EXCLUSIONS (NOT IN SCOPE)

A. Requests, either by city, owner, or client for items not covered by this fee proposal.
B. Topographical mapping and topographic field survey of the site including ALTA Map Preparations.
C. Geotechnical and environmental engineering including percolations tests, methane mitigation, testing and reports.
D. Phasing Plans requiring separate submittals, plan checking and permits.
E. Traffic Engineering including Traffic Signalization, Signage, Street Lights, Street Tress and Street Striping (Pavement Markings).
F. Structural engineering including site ramps and site retaining walls.
G. SWPPP Monitoring (by QSP). It is assumed that the selected contractor will perform this work in conjunction with the Legally Responsible Person (LRP) of the Owner.
H. All new or existing wet utilities.
I. All new or existing above and underground dry utilities including gas lines, electrical, telephone, and cable lines. It is expected that the other Team subconsultants will coordinate the design of their removal, relocations, or installation as these are not VCA expertise.
J. Street widening.

K. Design of Lift Stations and Pump Stations including its electrical connections.
L. Design and coordination of the removal, relocation, or abandonment of unknown and unforeseen existing wet or dry underground utilities, vaults or septic systems in public right of way or private property that are discovered during construction.
M. Existing utility investigation and verification through utility potholing, use of GPR or EM line locating instruments depending on the level of data accuracy that will be required by the client. Also, CCTV of existing gravity lines to determine pipe soundness, clogging and working condition is not included. Otherwise, client to provide information on the existing utility lines including actual location of pipe, type of pipe material, invert elevations, earth cover, and or pipe slopes.
N. Feasibility study, determination, evaluation and testing of existing infrastructures at points of connection or for the entire project site except as proposed herein.
O. Cost Estimating
P. Title reports, recorded documents, easements, street dedications, lot consolidation or lot ties, lot line adjustments, parcel maps and property realignments and recordings etc, street encroachment permits, except as noted in this proposal.
Q. Plan-check fees and other jurisdictional fees, if any.
R. Multiple drawing reproductions, CADD plotting, Mylar photo work, sepia reproductions and next-day deliveries required for this project other than VCA's one set reproduction for milestone submittals.

II. Project Schedule

Our service will commence upon receiving written Notice-to-Proceed from you and approval of this letter proposal. We are committed to abiding by your project schedule. The design deliverable phases are anticipated to be CD, Permitting and CA. Each design phase is to be performed following our in-house requisite quality control procedures.

AGREEMENT FOR ARCHITECTURAL SERVICES

PREAMBLE

This Agreement for Architectural Services (**"Agreement")** is entered into on this **20th day** of **September, 2023** by and between **SVA Architects**, an architectural firm that employs architects licensed to work in the State of California (collectively and individually, the **"Architect"**), with a business address at **6 Hutton Center Drive Suite 1150, Santa Ana, CA 92707** and the Oxnard School District, a California public school district (**"District"**), with offices located at 1051 South A Street, Oxnard CA 93030, in connection with services commencing on **September 20th, 2023**. District and Architect are sometimes individually referred to herein as "Party" and collectively as "Parties."

RECITALS

WHEREAS, the District proposes to undertake the construction and installation of certain improvements, as further defined and described below (the **"Project"**) and, in connection with the Project, requires the services of a duly qualified and licensed architect.

WHEREAS, the Architect represents that its employees are licensed to practice architecture in the State of California, as appropriate, and that the Architect is qualified to perform the services required under this Agreement.

WHEREAS, the Parties intend that the Architect provide professional services pursuant to this Agreement, under the management and oversight of the District's Representative, in such manner as to enable the Project to be designed and constructed with the standard of care described herein without burdening the District's staff.

AGREEMENT

NOW, THEREFORE, in consideration of the promises and covenants herein and other valuable consideration, receipt of which is acknowledged, the Parties agree as follows:

SECTION 1
GENERAL PROVISIONS

1.1 DEFINITIONS. When used in this Agreement, the following terms shall have the meanings set forth below:

1.1.1 "Addendum" shall mean written or graphic information (including without limitation Drawings and Specifications), prepared and issued prior to the receipt of Bids, which modifies or interprets the Bid Set by additions, deletions, clarifications, or corrections.

1.1.2 "Additional Services" shall mean those services in addition to the Basic Services that are provided by the Architect pursuant to a written request by the District.

1.1.3 "Agreement" shall mean this document and all its identified exhibits, attachments and amendments.

1.1.4 "Architect" shall mean the architectural firm listed in the first paragraph of this Agreement.

1.1.5 "Architect Consultant" shall mean a person properly qualified and licensed in various aspect of design and construction employed at Architect's sole expense, pursuant to prior approval from the District, to provide Services for the Project.

1.1.6 "Architect's Supplemental Instruction" or **"ASI"** shall mean a small set of drawings which better explains the intent of the design of a building or structure

1.1.7 "As-Built Documents" shall mean the collection of documents assembled and prepared by the Contractor (including, without limitations the As-Built Drawings and specifications, shop drawings, approved changes, RFIs, manuals etc.) showing the condition of the Project as actually built and accepted.

1.1.8 "As-Built Drawings" shall mean the final set of drawings prepared by the Architect that incorporates all changes from all drawings, sketches, details, and clarifications recording all changes from the Bid Set.

1.1.9 "Basic Fee" shall mean the compensation provided to the Architect for providing Basic Services.

1.1.10 "Basic Services" shall consist of (i) the professional design services, including but not limited to landscape and irrigation design, architectural, civil, structural, mechanical, plumbing (including fire sprinklers), acoustical, food service, audio and visual design, electrical services, a SWPPP for the Project, and LEED services as required to complete the Project, (ii) preparing educational specifications for the Project, and (iii) preparing and/or signing documentation required to obtain funding from any program administered by the State..

1.1.11 "Bid" shall mean the written proposal submitted to the District by a Contractor in accordance with the Bid Set for the construction of the Project.

1.1.12 "Bid Set" shall mean the DSA Record Set, the construction contract, general conditions and any other documents included in the bid packages, including but not limited to any addenda, all in a form that District approves and uses to bid the construction of the Project.

1.1.13 "Bidder" shall mean the person or entity submitting a Bid.

1.1.14 "BIM" or "Building Information Modeling" shall mean the process of generating and managing building data during its life cycle. Typically it uses three dimensional, real-time, dynamic modeling software to increase productivity in building design and construction. The process encompasses building geometry, spatial relationships, geographic information, and quality and properties of building components.

1.1.15 "CDE" shall mean the California Department of Education.

1.1.16 "Change Order" or **"CO"** shall mean a written document between the District and the Contractor that is signed the District and the Contractor authorizing a change in the work or and adjustment in the contract, or the contract time.

1.1.17 "Change Order Request" or **"COR"** shall mean a proposed change(s) in contract amount, requirements or time (outside the scope of the construction contract and/or provisions of its changes clause) which becomes a Change Order when approved by the other party (owner or contractor).

1.1.18 "CHPS" shall mean Collaborative for High Performance Schools.

1.1.19 "Construction Budget" shall mean the Construction Cost, established by the District representative, of the documents and specifications prepared by or under the direction of the Architect, as amended by agreement of the parties during any subsequent phase.

1.1.20 "Construction Cost" shall mean, as of acceptance of the Project, the cost of all labor, materials, and fixtures (but not trade fixtures) supplied by the Contractor and subcontractors to construct the Project, including mobilization, demobilization, materials and other costs typically included in this calculation and *excluding* (i) all fees and costs paid to the Architect and any of their consultants, (ii) all costs and expenses of services, reports, information, equipment and materials furnished by the District, (iii) all costs and fees related to off-site improvements, (iv) all costs incurred to remedy any design or construction defects or errors, and (v) any other Project-related costs and fees typically excluded.

1.1.21 "Construction Documents" shall mean those documents which are required for the actual construction of a project, including but not limited to the agreement between the District and the Contractor; complete working drawings and specifications setting forth in detail the work to be done and the materials, workmanship, finishes and equipment required for architectural, structural, mechanical, electrical systems and utility service-connected equipment and site work.

1.1.22 "Construction Manager" shall mean and refers to any professional or consultant retained by the District to plan, direct and coordinate the construction of the Project.

1.1.23 "Construction Document Phase" shall have the meaning set forth in Exhibit B.

1.1.24 "Construction Phase(s)" shall mean individual construction contract packages that are bid separately.

1.1.25 "Constructability Review" shall mean, the review of the design documents to ascertain whether the design of the Project as depicted in the Construction Documents, and the documents themselves: (i) accurately and completely reflects the District's objectives as explained to the Architect by the District; (ii) are free of errors, omissions, conflicts or other deficiencies so that the Contractors can construct the Project as therein depicted without delays, disruptions, or additional costs.

1.1.26 "Contractor" shall mean the general contractor or any other contractor selected to perform work or services on the Project or any replacement.

1.1.27 "Contractor Payment Application" shall mean a Contractor's written request for payment for completed portions of the work and for materials delivered or stored by the Contractor.

1.1.28 "Design Bid Build" shall mean a project delivery method defined by the following characteristic – design and construction are separate contracts.

1.1.29 "Design Development Phase" shall have the meaning set forth in Exhibit B.

1.1.30 "District" shall mean the Oxnard School District.

1.1.31 "District Design Standards" shall be the implementation of standard equipment and/or products as determined by the District, into the overall project design.

1.1.32 "District's Representative" shall mean the Superintendent and/or, Deputy Superintendent, Business & Fiscal Services and/or Director of Facilities, or any authorized designee of those officers.

1.1.33 "DSA" shall mean the Division of the State Architect of the State of California.

1.1.34 "DSA Record Set" shall mean such documents, plans, drawings and specifications submitted to DSA as part of the design phase and stamped and approved by DSA for the Project.

1.1.35 "Educational Specifications" shall mean the interrelated statements that communicate what educators believe is required to support a specific educational program.

1.1.36 "Funding Consultant" shall mean any consultant designated by the District that assists the District in submitting applications for funding from programs administered by the State.

1.1.37 "Guaranteed Maximum Price" or "GMP" shall mean the cost for construction and installation of a project determined by the District and the lease-leaseback entity when the Lease-Leaseback delivery method is used and shall include both the "Estimated GMP" and the "Final GMP".

1.1.38 "Inspector of Record" or **"IOR"** shall mean a certified Inspector approved by DSA to inspect work pursuant to the Field Act (California Education Code §17280 *et seq.*) and applicable provisions of the California Code of Regulations. The IOR also serves as the representative of the District to conduct field inspections of the Project during construction.

1.1.39 "Lease-Leaseback" shall mean a project delivery method under which the District leases real property it owns to a lease-leaseback entity and the lease-leaseback entity causes the construction of a facility the District desires on said real property and subleases the facility back to the District, with title to the facility vesting in the District at the end of the term of the sublease, as set forth in California Education Code §17406.

1.1.40 "LEED" shall mean Leadership in Energy and Environmental Design as administered by the U.S. Green Building Council.

1.1.41 "Weekly Memo" shall mean a written summary of progress of the specific task or portion of the work provided on Friday of every week to CFW's Sr. Program Manager in charge of the program.

1.1.42 "Modernization/New Construction" shall mean the comprehensive replacement or restoration of virtually all major systems, interior work (such as ceilings, partitions, doors, floor finishes, etc.) and building elements and features.

1.1.43 "MOU" shall mean a memorandum of understanding.

1.1.44 "Notice of Completion" or **"NOC"** shall mean the legal notice filed with the County Recorder after completion of construction project.

1.1.45 "OPSC" shall mean the Office of Public School Construction of the State of California.

1.1.46 "Phase" when used without the word "Construction" shall mean the various phases of architectural work described in this Agreement.

1.1.47 "Potential Change Order" or **"PCO"** shall mean is a written document before it has been approved and effected by the contractor and owner.

1.1.48 "Principal(s)" shall mean individual(s) who are participating owners of the Architect and are authorized to act on behalf of the firm.

1.1.49 "Project" shall mean the project described hereinafter in Section 3.

1.1.50 "Project Budget" shall mean the sum total of all monies allocated by the District to defray costs of the work and services related to the Project; including but not limited to professional services, bids for all construction (such as site work, prime contracts, consultants, materials), contingencies and applicable general conditions for each Construction Phase.

1.1.51 "Project Director" shall mean, with reference to the Architect, a licensed, experienced and well-trained professional employed by Architect and fully authorized to represent the Architect in all matters related to the Project including but not limited to executing change orders during construction, and to bind the Architect to any commitments made on the Architect's behalf in connection herewith.

1.1.52 "Project Manager" shall mean the person assigned by the District to supervise the Project. The District will identify the Project Manager(s) for each Project.

1.1.53 "Project Schedule" shall mean the entire series of events necessary to design and construct the Project and encompasses work and services of the Architect, Contractors and other consultants.

1.1.54 "Prolog" shall mean the program/project management software required by the District to maintain, route and issue all design phase documents, construction documents, and close out documents.

1.1.55 "Request for Information" or **"RFI"** shall mean a written request from a contractor to the District or Architect for clarification or information about the contract documents following contract award.

1.1.56 "SAB" shall mean the State Allocation Board of the State of California.

1.1.57 "Schematic Design Phase" shall have the meaning set forth in Exhibit B.

1.1.58 "Services" shall mean all labor, materials, supervision, services, tasks, and work that the Architect is required to perform hereunder, including Basic Services and those Services reasonably inferred from this Agreement, as further described and clarified in **Exhibit B** hereto, including any Additional Services required of the Architect hereunder.

1.1.59 "SWPPP" shall mean Storm Water Prevention and Pollution Plan.

1.1.60 "Time Impact Analysis" or **"TIA"** shall mean a simplified analysis procedure typically specified on construction projects to facilitate the award of excusable days to project completion due to delays caused by either the owner or contractor.

1.2 INCORPORATION OF RECITALS, EXHIBITS AND REFERENCED DOCUMENTS The Recitals above and all Exhibits attached to this Agreement, now or hereafter by agreement of the parties, are incorporated herein by reference and made a part of this Agreement.

SECTION 2
EMPLOYMENT OF ARCHITECT

2.1 EMPLOYMENT OF ARCHITECT. The District hereby retains the Architect, pursuant to California Government Code, Title 1, Division 5, Chapter 10.1 and Section 53060 thereof, to perform, for consideration and upon the terms and conditions set forth herein, all professional architectural and related Services required to complete the Project, as may be hereafter amended in an expeditious, safe and satisfactory manner. The Architect hereby accepts such retention and commits to perform all the professional services required to complete the Project in a professional and conscientious manner in accordance and consistent with highest industry standards and the standard of care generally employed by professionals licensed and qualified to perform similar services within the State of California. The Services shall be performed in a safe, expeditious and satisfactory manner, with allowance for periods of time required for (i) the District's review and approval of submissions to the District by the Architect; (ii) review and approval of submissions to those authorities having jurisdiction over the Project, and (iii) the Architect's review of submissions to the Architect from the District, or authorities having jurisdiction over the Project.

2.2 PROJECT DIRECTOR AND OTHER EMPLOYEES. The Architect shall appoint and designate one State of California licensed architect to serve as the Project Director for the Project. The Project Director shall maintain personal oversight of the Project and the Services and shall be the primary contact on the Architect's behalf for all matters related to the Project for which he or she is designated as Project Director. The Project Director shall be vested with full authority to represent and act on behalf of the Architect for all purposes under this Agreement.

2.3 ARCHITECT COVENANT AGAINST CONTINGENT FEES. The Architect warrants and represents that it has not employed or retained any company or person, other than a bona fide employee working solely for the Architect, to solicit or secure this Agreement, and that it has not paid or agreed to pay any company or person, other than a bona fide employee working solely for the Architect, any fee, commission, percentage, brokerage fee, gift, or any other consideration contingent on or resulting from the award or making of this Agreement. For breach or violation of this warranty, the District shall have the right to annul this Agreement without liability, or in its discretion, to deduct from the Basic Fee or otherwise recover, the full amount of such fee, commission, percentage fee, gift, or contingency.

SECTION 3
THE PROJECT

The Project consists of such works of new construction, modernization and/or improvement that require services to be provided by Architect described more fully on Exhibit A.

SECTION 4
SERVICES

4.1 BASIC SERVICES. The Basic Services, deliverables and submittals required under this Agreement are described in **Exhibit A.** The Basic Services are divided into Phases, such as planning programming phase, schematic phase, etc. to facilitate the completion of each set of services during specified times established under the Project Schedule.

4.2 GENERAL PROVISIONS CONCERNING BASIC SERVICES

4.2.1 Employment of Personnel. The Architect shall employ, at its own cost and expense, any and all personnel needed to perform the Services. Architect must identify all personnel that will perform work at any District site and must obtain fingerprinting clearance from the District. Architect agrees to reallocate any personnel whose work is unsatisfactory to the District. Architect shall at all times be solely responsible for the compensation, benefits, tax deductions, insurance or other requirements of any laws applicable to its personnel.

4.2.2 Employment of Architect Consultant(s). For services not provided directly by the Architect, the Architect shall employ, at its own cost and expense, any and all needed Architect Consultant(s) to perform the services hereunder. Architect Consultant(s) retained by the Architect in the performance of this Agreement shall be licensed to practice in their respective professions where required by law. The Architect Consultant(s) will be required to show evidence of a policy of professional liability and/or project insurance that satisfies the requirements of Section 11.2 hereinafter.

4.2.3 The Architect shall remain at all times primarily responsible for the adequate performance of each service and said employment of the Architect Consultants shall not relieve the Architect from administrative or other responsibility under law or this Agreement. Architect shall be responsible for the coordination and cooperation of the Architect Consultants. The Architect's Consultant(s) may include but are not limited to designers and engineers for the structural, electrical, mechanical, plumbing (including fire sprinklers), landscaping, audio and visual, food service, acoustical, theatrical, and civil portions of the Project. Prior to entering into any consulting agreement and prior to authorizing any consultant(s) to perform any services on the Project, the Architect shall submit a written request for approval to District. The request shall include the names of the Architect Consultant firms proposed for the Project and shall identify the key personnel of each Architect Consultant's firm. The District shall have the discretion to reject any proposed firm and/or personnel. If the proposed firm and/or personnel is rejected, the Architect may perform the Services at issue, if qualified to do so, or may propose an alternate acceptable to District.

4.2.4 Cooperation with District and Other Consultants. The Architect and its Consultant (s) shall confer and cooperate with District, the Project Manager, and other District consultants, if any, in all matters and activities as related to this Agreement and each Project.

4.2.5 Project Management Software. The project may be managed through a project management software from design through closeout. Architect will utilize the software as required by the District.

4.2.6 Corrections to Construction Documents and Other Deliverables. The Architect shall revise the Construction Documents as needed to incorporate any and all change orders and other necessary modifications required due to negligent acts or any errors or omissions by the Architect or the Architect Consultants. The Architect shall also provide any modifications to any deliverables required under **Exhibit A** if such modifications become necessary due to any errors or omissions of the Architect or the Architect Consultants.

4.2.7 Weekly Reports. The Architect shall provide written weekly reports discussing the progress made concerning Services and sent to the District's Sr. Program Manager.

4.2.8 Minutes of Progress Meetings. The Architect will note discussions during progress meetings concerning any Services and will provide a draft copy of the minutes.

4.2.9 Independent Reviews; Audits. Each Project shall at all times be subject to independent reviews conducted by the District or any other person selected by the District, including but not limited to Constructability Review and audits. Such reviews may include inspection of any work, documents or services related to the Project. The Architect shall cooperate with these reviews, including preparing written responses to written or verbal comments, and incorporating changes to the Construction Documents based on such comments. If the Architect does not deem that a comment requires a change, the Architect shall so state in a written response to the comment providing reasons why no change should be implemented. If District nevertheless directs the Architect to implement the requested change, the Architect will do so unless the change would result in a violation of applicable laws or requirements.

The scope of the Architect's obligations during Constructability Review includes without limitation written confirmation, in form and content satisfactory to the District, that (a) requirements noted in the design documents are consistent with and conform to District requirements; and (b) there are no errors, omissions or deficiencies in the Construction Documents that a reasonable Architect using skill and diligence standard in the profession would have detected and corrected prior to submission of the Construction Documents.

4.2.10 Independent Cost Estimates. The District shall have the right, but not the obligation to obtain independent cost estimate(s) conducted by an estimator designated by the District and at the expense of the District. The Architect shall be available to answer the estimator's questions regarding the design and attend meetings with the estimator to reconcile the Architect's required estimates with any independent estimator's estimate.

4.2.11 Inspection of Records; Familiarity with Site and Project. The Architect shall be solely responsible for researching and analyzing all records of the existing improvements and the proposed Project, identifying all District held record documents concerning each portion of the Project, conducting site visits and familiarizing itself with the conditions of the structure(s) and location(s) in which it is providing Services. It is required that the Architect will visit each site prior to design completion to validate existing conditions and record plans of existing buildings and site utilities.

4.2.12 Construction Delivery Methods: Lease-Leaseback. The District may at its discretion enter into Lease-Leaseback pre-construction services and construction contracts for the Project. The Architect will work cooperatively with the Lease-Leaseback contractor during the performance of its pre-construction service phase to implement value engineering, BIM and constructability recommendations.

4.2.13 Funding Applications and Approvals. The Architect shall assist the District with any and all funding applications and submittals for any program administered by the State or other entities. Architect may be required to prepare, sign and submit applications and documents to various entities such as DSA, OPSC, CDE, and the U.S. Green Building Council. The Architect's duties shall include the preparation and submittal of application(s), plans and specifications, and any supplemental funding applications (such as CHPS, CDE, as well as OPSC and others as may

be required). The Architect shall respond timely to review comments and work cooperatively with the District's Funding Consultant to achieve any and all submittal deadlines.

4.2.14 District Design Standards. The Architect shall be responsible for implementing all District Design Standards issued to the Architect by the District into the overall project design. Design standards include but are not limited to equalization standards, furniture, fixture and equipment standards, maintenance standards, data and technology standards, security intrusion and video surveillance standards.

4.2.15 Storm Water Prevention and Pollution Plan (SWPPP). The Architect shall be responsible for all designs and permitting, excluding fees, as it relates to the SWPPP plans and specifications for the Project. Responsibility also includes the preparation of plans, specifications, and any other requirements needed to obtain the **required regulatory approval**s and permits.

4.2.16 Changes. The Architect shall revise the Construction Documents as needed to incorporate any and all change order requests, potential change orders, supplementary instructions and other necessary modifications. The Architect is responsible for obtaining DSA approval for all changes.

4.2.16.1 Changes Required to Meet Construction Budget. If the lowest responsible bid exceeds one hundred ten percent (110%) of the Construction Budget, Architect shall revise the scope of the project for re-bidding at no additional expense to the District. The District shall approve or disapprove, in its sole discretion, all proposed changes to the scope intended to effect cost reduction and no such changes shall be effective until approved by the District.

4.2.17 Deliverables. Unless otherwise agreed to in writing, Architect shall produce the deliverables identified on **Exhibit A.**

4.3 ADDITIONAL SERVICES

4.3.1 Architect Additional Services. Additional Services for any Project will require written request or pre-authorization in writing by the District following specific approval of such services by the Board of Trustees. If Additional Services result in a modification of the Basic Fee, then the Architect shall be paid for such additional services as part of the payment for the Basic Fee. All other Additional Services shall be paid by the District as provided in Section 5.2, Compensation for Additional Services.

4.3.2 The following services are not Basic Services under this Agreement and are to be considered Additional Services:

4.3.2.1 Revisions and changes requested by the District to be made to drawings, specifications or documents previously approved by the District prior to awarding the construction contract, provided that such changes are not (i) required to make the documents compliant with original design requirements, (ii) revisions that should have been implemented during design or (iii) necessary to comply with applicable laws, rules, or regulations.

4.3.2.2 Services for repairs of damages to the Project resulting from third-party actions or unforeseen conditions or circumstances not the result of negligence or errors or omissions

of the Architect or the Architect Consultants, including but not limited to repairs necessary due to damage caused by fire, flood or other unforeseen conditions not the result of negligence or errors or omissions of the Architect or the Architect Consultants.

4.3.2.3 Additional Services required due to (i) the termination, delinquency or insolvency of the Contractor, or (ii) a default of the Contractor that does not arise directly from the negligence or errors or omissions of the Architect or the Architect Consultants.

4.3.2.4 Any of the following if directed by the District in writing: (i) the employment of specialty consultants not listed in the Architect's Basic Services, and (ii) the preparation of special delineations and models of facilities not included in the original Project.

4.3.2.5 Contract administration services performed more than 180 days after the original construction contract completion date, except when such delay is caused in whole or in part by the negligence or errors or omissions or willful misconduct of the Architect or the Architect Consultants.

SECTION 5
ARCHITECT'S COMPENSATION & PAYMENT SCHEDULE

5.1 COMPENSATION FOR BASIC SERVICES

5.1.1 Compensation Description. The Architect shall perform the Basic Services in exchange for compensation equal to the Basic Fee of:

TWO MILLION FIVE HUNDRED NINETY-EIGHT THOUSAND DOLLARS ($2,598,000)

If the Project is divided into Construction Phases, the Architect shall allocate the Basic Fee over the Construction Phases and the allocation shall be in rough proportion to the Construction Budget for the Project with consideration given to the size and complexity of each Construction Phase. It is agreed that, as long as the Architect performs the Services for the Project or Construction Phase in a timely manner, in compliance with the provisions of this Agreement and to the satisfaction of the District, payments of the Basic Fee for each Project or Construction Phase shall be made by the District, upon approval by the District of deliverables described in **Exhibit A**, and approval of invoices satisfactory to the District , in amounts not to exceed the percentages for each Phase as set forth in the following Table:

Architectural Phases		
1	Project Initiation Phase	2.0%
2	Development of Architectural Program	2.0%
3	Schematic Design Phase	10.0%
4	Design Development Phase	17.0%
5	Construction Documents Phase	40.0%
6	Bidding Phase	2.5%
7	Construction Phase	20.0%
8	Project Close Out Phase	6.5%
Total Basic Fee		100.0%

5.1.1.1 Invoices. Invoices may be submitted at the end of each phase in the Table above or as a monthly progress billing per each phase, except that the construction administration phase can be billed as progress in proportion to the certified completion of construction, rounded to the nearest whole percent, as determined by the District.

5.1.1.2 Close-Out Phase. The remainder of the Basic Fee shall be paid to Architect upon satisfactory completion of all Services identified as Close Out Phase on **Exhibit C**, provided that payment will be made as follows: (i) three percent (3%) will be paid after the submission by the Architect of the Verified Report (described on **Exhibit A**) to DSA; and (ii) three and one-half percent (3.5%) will be paid after receipt by the District of final DSA certificate and verification that all fees due to the Architect's Consultants providing Services in connection with this Agreement have been paid.

5.2 COMPENSATION FOR ADDITIONAL SERVICES

5.2.1 Fees negotiated for Additional Services pursuant to 4.3.2.1 that result in a change in the scope of the Project or Basic Services shall be processed as an amendment to the Basic Services and Basic Fee, subject to the approval of District's Board of Trustees.

5.2.2 All other fees for Additional Services may be negotiated on a fixed fee or time and materials basis.

5.3 DISPUTED AMOUNTS. In the event of any good faith dispute concerning a particular payment or a portion of a payment under this Agreement, pursuant to Section 3320 of the California Civil Code, the District shall have the right to do either of the following: (i) make such disputed payment to the Architect without prejudice to the District's right to contest the amount so paid; or (ii) withhold up to 150% of the disputed amounts. If the District withholds amounts invoiced by the Architect, the District will notify the Architect in writing of the reasons for the withholding. From and after the date such notice is given, the District and the Architect shall use their good faith efforts to resolve the dispute as quickly as practicable under the circumstances. If the District has given such notice, the Architect shall not be entitled to terminate this Agreement or suspend Services hereunder on account of such nonpayment, provided the District makes payment for all undisputed sums. If the District chooses to withhold payments under clause (ii) of this Section and if it is subsequently determined that the District owes an additional payment to the Architect, the District shall pay such amount to Architect. If the District chooses to proceed under clause (i) of this Section and it is subsequently determined that the District overpaid the Architect, the Architect shall promptly refund to the District the amount of such overpayment.

5.4 COMPENSATION FOR REIMBURSABLE SERVICES

5.4.1 PRIOR APPROVAL. The District will not be obligated to pay for any service(s) performed or cost incurred by the Architect without prior written authorization by the District. The following will not reimbursed under this Agreement:

5.4.2 REIMBURSABLE EXPENSES. The EXCLUSIVE list of reimbursable expenses is set forth below. Claims for reimbursable expenses shall be documented by appropriate invoices and supporting receipts. The Architect may be reimbursed for those reasonable out-of pocket expenses set forth below that are incurred and paid for by the Architect or the Architect Consultant in furtherance of performance of its obligations under this Agreement, but only to the extent that such expenses are directly related to Services satisfactorily completed, are approved by the District in writing and in total do not exceed $20,000.00:

5.4.2.1 Travel and Mileage. Architect must request the travel in writing and justify why the travel should be reimbursed. Travel expenses must be approved in writing by District, in its sole discretion. Trips from any Architect's office or Architect Consultant's office to the Project site(s) or to the District's office will not be approved for reimbursement.

5.4.2.2 Reimbursable Reprographic Services. Print sets or copies requested in writing by the District beyond the quantities required under **Exhibit A**.

5.4.2.3 Fees for Consultants. Fees for consultants hired and paid by the Architect at the written request of District that are not provided as Basic Services.

5.5 INVOICES

5.5.1 Invoices for Architect's Basic Services. Following completion of the Services applicable to each Phase, or agreement by the District to consider an interim invoice, the Architect shall submit an invoice in form and substance satisfactory to the District in an amount not to exceed the amount specified as the portion of the Basic Fee to be paid for that Phase for the Services identified in the invoice.

5.5.1.1 Each invoice must be accompanied by an **Approval Letter** from the District in the form of **Exhibit B**, attached hereto.

5.5.1.2 Progress payments shall not be made at any time during the Bidding Phase. If District withholds any amount following a default, as provided in Section 6 of this Agreement, the Architect shall certify in each subsequent invoice that none of the amounts invoiced represent any portion of the amounts identified for withholding. Withheld amounts shall be paid as specified on the notice from the District informing the Architect that the District elects to exercise its right to withhold payment following an Architect default, if any.

5.5.2 Invoices for Additional Services. Except for Additional Services that are incorporated into the Basic Fee, payments for Additional Services, shall be made monthly after approval by the District's Board of Trustees. The Architect's invoice shall be clearly marked "Request for Payment for Additional Services." Each invoice shall be accompanied by receipts and adequate supporting information. As required by Section 3320 of the California Civil Code, payment on a properly submitted, fully supported and documented invoice will be due within thirty (30) days of the date all required supporting information is received by District.

5.5.3 Invoices for Reimbursable Expenses. Payments for Reimbursable Expenses, if any, shall be made monthly, unless otherwise specified within the reimbursable expense authorization. The Architect's invoice shall be clearly marked "Request for Payment of Reimbursable Expenses." Each invoice shall be accompanied by receipts and adequate supporting information. As required by Section 3320 of the California Civil Code, payment on a properly submitted, fully supported and documented invoice will be due within thirty (30) days of the date all required supporting information is received by District, unless the District disputes in good faith any portion of the amount claimed by the Architect to be due.

5.5.4 Final Invoice. Upon completion of all Services and delivery of final DSA certification, the Architect shall prepare a final invoice for the remaining amount due, including and separately identifying any amounts withheld by District hereunder. This invoice shall be prominently noted

FINAL INVOICE FOR THE FREMONT MIDDLE SCHOOL RECONSTRUCTION PROJECT. The Architect shall provide a final invoice within thirty (30) days of District's notification of receipt of final DSA certification. The District shall pay within forty-five (45) days of approval of final invoice. No deductions shall be made from the Architect's compensation on account of penalty, liquidated damages, or other sums withheld from payments to Contractors, provided the reason for such withholding is not attributable to the fault of the Architect or the Architect Consultants.

5.5.5 Combined Invoices. Invoices for Basic Services, Additional Services and Reimbursable Expenses may be combined on a single invoice provided that the invoice is itemized and follows the instructions above.

SECTION 6
DEFAULT; REMEDIES; SUSPENSION AND TERMINATION

6.1 TERMINATION BY DISTRICT

6.1.1 For Cause. The District may terminate all or any portion of this Agreement or the Services for cause in the event of an Architect Default. This termination shall be effective if with respect to any monetary Architect Default, the Architect fails to cure such default within fifteen (15) calendar days following issuance of written notice thereof by the District and with respect to any non-monetary default for which no time period for cure is otherwise specified below, the Architect fails to cure such default within thirty (30) calendar days following issuance of written notice thereof by the District, or if the cure by its nature takes longer, fails to commence such cure within thirty (30) calendar days from the date of issuance of the notice and diligently prosecute such cure to the satisfaction of the District. If the District does not terminate, the District will have the right to withhold monies otherwise payable to the Architect until completion of all Services. If the District incurs additional costs, expenses or other damages due to the failure of the Architect to properly perform pursuant to this Agreement, those costs, expenses or other damages shall be deducted from the amount payable to the Architect. If the amount payable to the Architect exceed the amounts withheld, the balance will be paid to the Architect upon completion of all Services. If the costs, expenses or other damages incurred by the District exceed the amounts withheld, the Architect shall be liable to District for the difference and the Architect shall promptly pay the District such difference. The provisions of this Paragraph 6.1.1 are in addition to, and not a limitation upon, any other rights and remedies of the District under law or in equity and shall survive the termination of this Agreement.

6.1.2 For Convenience. The District may terminate, abandon or suspend performance of this Agreement for convenience and without cause at any time upon thirty (30) days written notice to the Architect, in which case the District will pay the Architect as provided in Section 5 for all Services and authorized Additional Services actually performed, and all authorized Reimbursable Expenses actually incurred and paid, under and in accordance with this Agreement, up to and including the date of termination; provided that such payments shall not exceed the percentage amounts specified as compensation for the Phases of the Services completed, plus any Additional Services and Reimbursable Expenses completed prior to termination, unless the District at its sole discretion determines that demobilization or other compensation is appropriate. After a notice of termination is given, the Architect shall submit to the District a final claim for payment, in the form and with certifications prescribed by the District. Such claim shall be submitted promptly, but in

no event later than forty (40) calendar days after the Termination Date specified on the notice of termination.

Such payment shall be the Architect's sole and exclusive compensation and the District shall have no liability to the Architect for any other compensation or damages, including without limitation, anticipated profit, prospective losses, legal fees or costs associated with legal representation or consequential damages, of any kind.

6.1.3 Temporary Suspension of Services. If the Services are suspended in whole or in part by the District for less than one hundred twenty (120) consecutive calendar days, and notice to that effect was provided to the Architect prior to the suspension of the Services, the Architect shall complete any remaining Services in accordance with the terms herein as in existence at the time of suspension and the Architect shall not be entitled to additional compensation. If one hundred twenty (120) consecutive calendar days or more have elapsed before the Services are resumed, the Project's Schedule shall be adjusted and the Architect's compensation shall be equitably adjusted to provide for expenses incurred in the resumption of the Services.

6.2 ARCHITECT DEFAULT. The occurrence of one or more of the following events shall constitute an "Architect Default" under this Agreement:

6.2.1 Inability to pay debts and Failure to Pay Architect Consultants. At any time prior to the expiration or termination of this Agreement, the Architect is unable to pay its debts in the ordinary course of business as they come due, including but not limited to failure to pay, when due, invoices from Architect Consultants providing services in connection with this Agreement.

6.2.2 Assignment for the benefit of creditors. An assignment for the benefit of creditors is made by, or any bankruptcy, reorganization (in connection with a debtor relief proceeding), receivership, moratorium or other debtor relief proceedings are commenced by or against the Architect, and the same is not discharged within ninety (90) days of commencement.

6.2.3 False or misleading. Any representation or warranty made by the Architect in this Agreement or in connection with any Services proves to be false or misleading in any material respect.

6.2.4 Failure to Provide Acceptable Design. The Architect's failure to provide a functional design that can be built within the Construction Budget in accordance with industry standards.

6.2.5 Defective Services; Errors or Omissions; Failure to Perform. The Architect or the Architect Consultant (a) provides defective services, including any deficiencies due to errors or omissions, or (b) fails to deliver Services in a timely manner; or (c) causes any delays for any reason, including providing defective Services; or (d) fails to perform any obligations under this Agreement (including, without limitation, failure to supply sufficient skilled personnel or suitable materials or equipment or failure to adhere to the Project Schedule).

6.2.6 Willful violation. The District determines that (a) the Architect is willfully violating any conditions or covenants of this Agreement or the Contract Documents, or (b) the Architect is executing Services in bad faith or not in accordance with terms hereof.

6.2.7 Failure to Cooperate with DSA. Failure to comply with DSA requirements or to submit documents at any pre-scheduled times in accordance with the MOU Process will constitute an automatic default.

6.2.8 Unapproved Assignment. The Architect attempts to assign this Agreement or any Services hereunder without prior written approval from the District.

6.2.9 Disregard of District Authority or Direction. The Architect disregards the authority of the District or fails or refuses to perform any reasonable act or service requested by the District hereunder.

6.2.10 Violation of Applicable Law. The Architect violates any applicable law, statute or governmental regulation in connection with any Services or this Agreement.

6.2.11 Failure To Maintain Errors and Omissions Insurance. The Architect fails to maintain the insurance required pursuant to Section 11.2.2.3 herein.

6.3 DISTRICT REMEDIES

6.3.1 General Remedies. If an Architect Default occurs under this Agreement, the District may exercise any right or remedy it has under this Agreement, or otherwise available at law or equity, and all of the District's rights and remedies shall be cumulative.

6.3.2 Withholding Payment. If an Architect Default occurs, the District's obligation to disburse further funds to the Architect pursuant to this Agreement may be terminated or suspended by the District, in its sole discretion. In connection with any Architect Default, the District may withhold all or a portion of any payments then or thereafter due to the Architect until the Architect cures any and all defaults to the satisfaction of the District.

6.3.3 Stop Work. Upon the occurrence of an Architect Default, the District may, at its sole and absolute discretion, order the Architect in writing to stop work on the Services, or any portion thereof, until the Architect Default has been cured. The Architect shall make best efforts to avoid delays and shall be solely responsible for any additional costs to the Project in connection with such "stop work" order.

6.3.4 Errors & Omissions; Additional Costs. In addition to any other remedy available to the District under this Agreement or under the laws of the State of California, the District may require the Architect to pay all costs incurred by the District to correct any defect and/or deficiency in the design work of the Architect and/or the Architect Consultants, including but not limited to re-design costs, additional services costs for other consultants, costs incurred by the District under any contract or to make alternative arrangements due to delays, litigation costs, and any cost related to the necessary removal of and/or replacement of work or materials. The Architect shall provide any Services requested by the District to correct any such errors or omissions but shall not receive any fee for any work or Services performed in correcting said errors or omissions regardless of whether such errors or omissions result in damages to the District or delays to the Project. This remedy applies but is not limited to (i) providing a design that fails to serve its purpose when constructed in accordance with industry standard for the particular Project, or (ii) delays due to Architect's failure to comply with the plan check review process in accordance with the District's MOU with DSA.

6.3.5 Self Help. Upon the occurrence of an Architect Default, the District may, at its sole and absolute discretion, without prejudice to other remedies, correct any deficiencies resulting from the Architect Default. In such case, the District may deduct costs relating to correcting such deficiencies, including, without limitation, compensation for additional services and expenses of a supplemental or replacement architect, design or engineering consultants and other consultants

made necessary by such defaults, including services of legal counsel, from payments then or thereafter due to the Architect and may adjust the Basic Fee and any fees for Additional Services accordingly. If the payments then or thereafter due to the Architect are not sufficient to cover the amount of the deduction, the Architect shall pay the difference to the District.

6.3.6 Payment to Consultant. If the Architect Default is due to the Architect's failure to pay, when due, invoices of an Architect Consultant providing Services in connection with this Agreement, the District shall have the right, but no obligation, to pay the amount invoiced directly to that Architect Consultant from any amounts then due the Architect, provided that the District has accepted the Services to which the invoices refer. The District shall have no further liability to the Architect in connection therewith.

6.4 TERMINATION BY ARCHITECT. The Architect may terminate this Agreement only upon the occurrence of one of the following conditions:

6.4.1 Failure to Pay Undisputed Amounts. The Architect my terminate upon thirty (30) days notice if the District fails to make any undisputed payment to the Architect when due and such failure remains uncured for forty-five (45) calendar days after written notice to the District.

6.4.2 Long Term Suspension of Project. If the Project on which the Architect is providing Services are suspended or abandoned by the District for more than one hundred twenty (120) consecutive calendar days, the Architect may terminate this Agreement upon ninety (90) calendar days' notice to the District, provided the District does not reactivate the Project within such ninety (90) calendar day period.

6.5 SOLE REMEDY UPON TERMINATION BY ARCHITECT

6.5.1 Payment for Services. In the event of a termination of this Agreement by the Architect in accordance with Section 6.4, the District shall pay the Architect an amount for its Services, Additional Services and Reimbursable Expenses calculated in accordance with Paragraph 6.1.2 of this Agreement. Such payment shall be the Architect's sole and exclusive compensation and the District shall have no further liability or obligation to the Architect for any other compensation or damages, including, without limitation, anticipated profit, prospective losses, business devastation, legal fees or costs associated with legal representation or consequential damages of any kind.

SECTION 7
DUTIES AND LIABILITIES OF DISTRICT

7.1 DUTIES

7.1.1 District's Representative: The District's Representative represents the District in all matters pertaining to the Services. The District's Representative shall cooperate with the Architect in all matters relative to this Agreement in order to permit the performance of the work without undue delay.

7.1.2 Statement of Building Program. The District shall provide full information as to the requirements for and the education program to be conducted in the Project, including budget limitations and scheduling. The Architect shall have the right to rely upon such information unless the Architect knows or should know that the information is inaccurate or incomplete.

7.1.3 Surveys and Tests. The following resources, surveys, and reports shall be made available to the Architect, as required, at the District's expense. The Architect shall be entitled to rely upon such resources, surveys and reports, unless the Architect knows or should know that the information contained therein is inaccurate or incomplete. The Architect must inform the District in writing if any information therein appears to be incorrect or incomplete based upon the Architect's experience, site visits, or knowledge of the Project and the sites.

7.1.3.1 Site Survey. The District shall furnish a legal description and a land survey of the site, giving as known grades and lines of streets, alleys, pavements and adjoining property, rights-of-way, restrictions, easements, encroachments, zoning, deed restrictions, boundaries and contours of the Site.

7.1.3.2 Geologic Hazards Investigation Survey. The District shall have caused to be performed any geological hazards or investigation survey required by State authorities having jurisdiction and make copies available to the Architect for distribution as necessary.

7.1.3.3 Special testing and Inspection. The District shall furnish special testing and inspection services as required by law.

7.1.3.4 Checking and Permit Fees. The District shall pay or cause to be paid all fees required in connection with the Project to government agencies having jurisdiction.

7.1.3.5 Advertising. The District shall pay the cost of any advertisements for bids that may be required.

7.1.3.6 District Inspector. The District shall furnish and provide an Inspector of Record, or Inspectors of Record, as required during the entire course of construction of the Project. Each inspector shall be responsible to and under the direction of the Architect and shall also be responsible to and act in accordance with the policies of the District. The cost of employment of each such Inspector of Record will be borne by District and paid directly to the inspector.

7.1.3.7 Hazardous Material Consultant. Unless the District and the Architect agree that a hazardous materials consultant shall be a consultant of the Architect, the District shall furnish the services of a hazardous material consultant or other consultants only when such services are requested in writing by the Architect and deemed necessary by the District or are requested by the District. These services shall include: asbestos and lead paint survey; abatement documentation; and specifications related to said matters which are to be incorporated into bid documents prepared by the Architect. If the hazardous materials consultant is furnished by the District and not a consultant of the Architect, the specifications shall include a note to the effect that they are included in the Architect's bid documents for the District's convenience and have not been prepared or reviewed by the Architect. The note shall also direct questions about the specifications to its preparer.

7.1.4 District Site Visits. At the discretion of the District, District staff may assist or accompany the Architect in making site visits and observing the work, including the visits described below. Requests for changes or substitutions shall be directed to the District Representative. Orders to the Contractor shall be issued through Architect after approval by the District Representative.

7.1.4.1 Pre-Final Walk-Through. District staff, or any person assigned by the District, may participate in the pre-final walk-through of the Project or any portion thereof and may

assist in the preparation of the list of deficiencies required by the Construction Phase portion of the Services, as set forth on **Exhibit A** hereto.

7.1.4.2 Final Site Visit. At the discretion of the District, when notified by the Architect that the construction "punch list" items have been corrected, District staff may accompany the Architect and the Contractor on the final Site visits.

7.1.5 Notice of Defects. If the District observes or otherwise becomes aware of any fault or defect in the Project, or nonconformance with the Construction Documents, the District shall verbally or in writing advise the Architect. However, the District's failure to give such notice shall not eliminate the obligations of the Architect regarding the administration of the construction of the Project or other obligations under the Construction Documents; nor require District to make site visits.

7.1.6 Notice of Completion. When all items are completed to the satisfaction of the District and the Architect, and upon written recommendation of the Architect, District staff shall recommend that the District's Board of Trustees adopt a Notice of Completion.

7.2 LIMITATION ON LIABILITY OF DISTRICT

7.2.1 Other than as specifically provided elsewhere in this Agreement, the District's financial obligations under this Agreement shall be limited to the payment of the compensation provided in this Agreement. Notwithstanding any other provision of this Agreement, in no event shall the District be liable, regardless of whether any claim is based on contract or tort, for any special, consequential, indirect or incidental damages, including, but not limited to, lost profits or revenue, arising out of or in connection with this Agreement for the services performed in connection with this Agreement.

7.2.2 The District shall not be responsible for any damage to persons or property as a result of the use, misuse or failure of any equipment used by the Architect, its employees, agents, consultants, invitees or guests even if such equipment has been furnished or loaned to the Architect by the District.

SECTION 8
PROJECT CONSTRUCTION COST ESTIMATES

8.1 CONSTRUCTION BUDGET. The Construction Budget may be revised at the conclusion of design or other earlier Phase of the Project at the discretion of the District based on input from the Architect.

8.2 ESTIMATED PROJECT CONSTRUCTION COST. The Estimated Project Construction Cost shall be prepared and updated by the Architect as required in **Exhibit A** during each Phase of the Services and shall be subject to District approval. The Estimated Project Construction Cost during each Phase shall under no circumstances exceed the Construction Budget, including a reasonable allowance built in for estimating design contingency. The Architect shall, at no additional cost to the District, incorporate any and all revisions needed to the preliminary studies, schematic drawings, site utilization plans and Construction Documents if at any time the Architect becomes aware that the Estimated Project Construction Cost, as recalculated, will exceed the Construction Budget; provided that this limitation shall not apply to unanticipated cost increases beyond the reasonable control of the Architect.

SECTION 9
PROJECT SCHEDULE

9.1 SCHEDULE

9.1.1 Time for Completion. Time is of the essence and failure of the Architect to perform services on time shall constitute a material breach of this Agreement. It shall not be a material breach if a delay is beyond the Architect's or Architect Consultant's control as set forth in Section 9.1.4 below. The milestones set forth on the project schedule are binding, unless extended in writing by the District Representative.

9.1.2 Delays. Except as otherwise provided in Section 5.2, the Architect shall not be entitled to any compensation additional to the Basic Fee, damages or any losses incurred in connection with delays due to errors, omissions, intentional or negligent acts of the Architect or the Architect Consultant (including their respective employees or those in a direct contractual relationship with either).

9.1.3 Notice of Delay. The Architect shall immediately notify the District of any delay in: (i) the preparation and/or production of any of the Architect's documents hereunder, (ii) the performance of Services, or (iii) connection with any matter attended to by the Architect or with which the Architect is familiar (whether or not as the result of an act or omission of another).

The Architect shall consult and advise the District in connection with any such delay and its effect on the Project Schedule and shall take such action on the District's behalf as the District may request in accordance with the terms and conditions of this Agreement.

9.1.4 Force Majeure. Neither party will be liable to the other for unanticipated delays or failures in performance resulting from causes beyond the reasonable control of that party, including, but not limited to, acts of God, labor disputes or disturbances, material shortages or rationing, riots, acts of war, governmental regulations, communications or utility failures, or casualties; provided that the delayed party: (i) gives the other party prompt written notice of such cause and (ii) uses its reasonable efforts to correct such failure or delay in its performance. The delayed party's time for performance or cure under this Section will be extended for a period equal to the duration of the cause or sixty (60) days, whichever is less.

SECTION 10
DOCUMENTS OWNERSHIP, LICENSE, COPYRIGHT AND USE

10.1 OWNERSHIP. Pursuant to California Education Code Section 17316 and the requirements of the District, all plans, specifications, original or reproducible transparencies of any drawings and master plans, preliminary sketches, architectural presentation drawings, structural computations, estimates and any other documents prepared pursuant to this Agreement, including, but not limited to, any other works of authorship fixed in any tangible medium of expression such as writings, physical drawings and data magnetically or otherwise recorded in electronic form (hereinafter referred to as the "Project Documents") shall be and remain the property of the District. Although the official copyright in all Project Documents shall remain with the Architect or Architect Consultant, as applicable, the Project Documents shall be the property of the District whether or not the work for which they were made is executed or completed. Within thirty (30) calendar days following completion of the Project, or the earlier termination of this Agreement for any reason, the Architect shall provide to the District copies of all Project Documents then existing. In

addition, the Architect shall retain copies of all Project Documents on file for a minimum of ten (10) years following completion of the Project, or the early termination of this Agreement for any reason, and shall make copies available to the District upon the payment of reasonable duplication costs. Before destroying the Project Documents following this retention period, the Architect shall make a reasonable effort to notify the District and provide the District with the opportunity to obtain the documents slotted for destruction.

10.2 REUSE BY DISTRICT. All plans for the Project, including, but not limited to, record drawings, specifications, and estimates prepared pursuant thereto, shall be and remain the property of the District for the purposes of repairs, maintenance, renovations, modernization, or other purposes, only as they relate to an Assigned Project. Notwithstanding the foregoing, the District may use the plans, record drawings, specifications, or estimates related to an Assigned Project for the purposes of additions, alignments, or other development on the site. The District reserves the right to reuse certain elements, features, details or other project standards in order to incorporate them into other projects within the District.

10.2.1 The plans, designs, copyrights, drawings, studies, specifications, and estimates prepared by the Architect or its Consultants are instruments of service of the Architect. The Architect shall be deemed to be the author of these documents and the Architect shall retain all common law, statutory and other reserved rights, including the copyright thereto. Notwithstanding the foregoing, the documents including, but not limited to, plans, drawings, specifications, record drawings, models, mock-ups, renderings and other documents (including all computer file and/or AutoCAD files) prepared by the Architect or the Architect's Consultants for this Project, shall be and remain the property of the District pursuant to Education Code Section 17316 for the purposes of repair, maintenance, renovation, modernization or other purposes as they related to the Project. The District, however, shall not be precluded from using the Architect's or Architect Consultant's documents enumerated above for the purposes of additions, alignments or other development on the Project site.

10.2.2 Notwithstanding Section 1 above, if the District proposes to reuse the plans prepared by Architect within the District but other than on the Project site, the terms and conditions for the reuse shall be set forth in an Amendment to this Agreement, or other subsequent writing executed by the District and the Architect. However, under any circumstances, in the event of any reuse or modification of the Architect's drawings, specifications or other documents by any other person, firm or legal entity, the Architect shall be given design credit and the names and seals of the Architect and the Architect's consultants, if any, shall first be removed from the Architect's drawings, specifications or other documents.

If the District reuses the plans prepared by the Architect or Architect Consultant and retains another certified architect or structural engineer for the preparation of those plans for the reuse, the District shall indemnify and hold harmless the Architect and Architect Consultant, and their respective agents, and employees, from and against any claims, damages, losses, and expenses, including attorney's fees, arising out of or resulting from, in whole or in part, the reuse.

10.2.3 This Agreement creates a non-exclusive and perpetual license for District to copy, use, modify, reuse, or sublicense any and all copyrights, designs, and other intellectual property embodied in plans, specifications, studies, drawings, estimates, and other documents, or any other works of authorship fixed in any tangible medium of expression, including, but not limited to, physical drawings, data magnetically or otherwise recorded on computer disks, or other writings prepared or caused to be prepared by the Architect pursuant to this Agreement. The Architect shall require any and all subcontractors and consultants to agree in writing that the District is granted a non-exclusive and perpetual license for the work of such subcontractors or consultants performed pursuant to this Agreement.

10.3 COPYRIGHT. The Architect represents and warrants that the Architect has the legal right to license any and all copyrights, designs and other intellectual property embodied in the Construction Documents that Architect prepares or causes to be prepared pursuant to this Agreement. The Architect shall indemnify and hold the District harmless pursuant to the indemnification provisions of this Agreement for any breach of this representation and warranty.

10.4 TECHNOLOGY USED. The Architect shall perform the Services and prepare all documents under this Agreement with the assistance of Building Information Modeling (BIM) and Computer Aided Design (CAD) (e.g., AutoCAD) or other technology acceptable to the Architect and the District. As to any drawings that the Architect provides in a CAD file format, the District acknowledges that anomalies and errors may be introduced into data when it is transferred or used in a computer environment, and that the District should rely on the hard or PDF, unalterable, copies of all documents.

10.5 DELIVERABLES UPON TERMINATION. Following the termination of any Services, for any reason, or abandonment of all or a portion of the Project, the District may utilize the Construction Documents as it sees fit, subject to the provisions of Section 10.2 above. The Architect shall deliver to the District, in a form acceptable to the District, one hard-copy and two (2) electronic copies of each set of Construction Documents, complete or incomplete, prepared in connection with the Project by the Architect and the Architect Consultants, if any.

10.6 NO REPRODUCTION OR USE BY ARCHITECT OR THIRD PARTIES. After completion of the Project, or earlier termination of the Services, the Architect shall not use the Construction Documents for any purpose without District's prior written consent. In addition, the Architect shall not permit reproductions to be made of any Construction Documents without the approval of the District and shall refer all requests by other persons to the District.

SECTION 11
INDEMNIFICATION AND INSURANCE

11 INDEMNIFICATION. INDEMNITY AND LITIGATION COSTS. To the fullest extent permitted by law and in conformity with California Civil Code Section 2782.8, Architect agrees that it will indemnify, defend and hold the District, the District's Representative, and their respective Board members, directors, officers, employees, agents and authorized volunteers (the "Indemnitees") entirely harmless from all liability arising out of:

11.1.1.1 Any and all claims under worker's compensation acts and other employee benefit acts with respect to the Architect's employees or Architect Consultant's employees arising out of Architect's work under this Agreement; and

11.1.1.2 Any claim, loss, injury to or death of persons or damage to property to the extent that it is caused by any negligent or reckless act, error or omission or willful misconduct (other than a professional act or omission) of the Architect, its officers, employees, consultants, subconsultants or agents, including all damages due to loss or theft sustained by any person, firm or corporation including the Indemnitees, arising out of, or in any way connected with the Project, including injury or damage either on or off District property, but not for any loss, injury, death or damage caused by the negligence or willful misconduct of the Indemnitees or of other third parties for which the Architect is not legally liable.

11.1.2 To the fullest extent permitted by law, the Architect agrees to indemnify and hold the Indemnitees entirely harmless from all liability arising out of any claim, loss, injury to or death of persons or damage to property to the extent caused by the negligent professional act or omission in the performance of professional services or willful misconduct by the Architect, its officers, employees, consultants, subconsultants or agents, pursuant to this Agreement.

11.1.3 The Architect's obligation to indemnify does not include the obligation to defend actions or proceedings brought against the Indemnitees but rather to reimburse the Indemnitees for attorney's fees and costs incurred by the Indemnitees in defending such actions or proceedings brought against the Indemnitees to the extent caused by the Architect, but not to the extent of loss, injury, death or damage caused by the negligence or willful misconduct of District or of other third parties for which the Architect is not legally liable.

11.1.4 Survival of Indemnities. The provisions of this Section shall survive the termination of this Agreement.

11.2 INSURANCE. Without in any way affecting the indemnity provided in or by Section 11.1, before commencement of any Services, the Architect and each Architect Consultant shall procure and maintain at its own cost and expense for the duration of the Services, and longer as required by the District against claims for injuries to persons or damages to property which may arise from or in connection with the Services, the types and amounts of insurance set forth herein.

11.2.1 Minimum Limits of Insurance. The Architect and each Architect Consultant shall procure and maintain the types and amounts of coverage as follows:

11.2.1.1 Commercial General Liability Insurance with a limit of not less than $2,000,000 each occurrence for bodily injury, personal injury and property damage/$4,000,000 annual aggregate.

11.2.1.2 Automobile Liability Insurance (Insurance Services Office Form Number CA 0001 covering Automobile Liability, Code 1 (any auto)). Minimum of $1,000,000 limit each accident.

11.2.1.3 Professional Liability (Errors and Omissions) Insurance with a limit not less than $2,000,000 per claim and $2,000,000.00 in the annual aggregate.

11.2.1.4 Workers' Compensation Insurance as required by the State of California (Division IV of the California Labor Code, and any amendatory acts or provisions thereto).

11.2.1.5 Employer's Liability Insurance in an amount not less than $1,000,000 per accident for bodily injury or disease.

11.2.2 Minimum Scope of Insurance.

11.2.2.1 Commercial General Liability insurance shall be written on Insurance Services Office form CG 0001 (or a substitute form providing coverage at least as broad) and shall cover liability arising from bodily injury and property damage (broad form property damage), premises, operations, independent contractors, products-completed operations, personal injury and advertising injury liability (including the tort liability of another assumed in a business contract), contractual liability with respect to this Agreement, explosion, collapse and underground hazards.

11.2.2.2 Automobile Insurance shall cover liability arising out of any automobiles (including owned, hired and non-owned automobiles). Coverage shall be written on Insurance Services Office form CA 0001, or a substitute form providing liability coverage at least as broad. The policy may require deductibles acceptable to the Director of Risk Management of the District, but not self-insured retention without written approval from District.

11.2.2.3 If the Professional Liability Insurance policy is written on a claims made basis, it shall be maintained continuously for a period of no less than three (3) years after Final Completion of the Project to which it applies. The "retro date" must be shown and must be before the date of this Agreement.

11.2.3 Valuable Document Insurance: The Architect shall carry adequate insurance on all drawings and specifications as may be required to protect District in the amount of its full equity in those drawings and specifications, and shall file with District a certificate of that insurance. The cost of that insurance shall be paid by Architect.

11.2.4 Content and Endorsements: Each policy must contain, or be endorsed to contain, the following provisions:

11.2.4.1 The Commercial General Liability policy shall name District, its Board of Trustees and each member thereof, its officers, employees, agents, and designated volunteers as named additional insureds ("Additional Insureds"). The coverage shall contain no special limitations on the scope of protection afforded to the Additional Insureds. Coverage shall be primary and not contributory with respect to the Additional Insureds. Any insurance or self-insurance maintained by the Additional Insureds shall be in excess of the Architect's insurance and shall not contribute with it.

11.2.4.2 On each policy of insurance, the insurer shall agree to waive all rights of subrogation against District, its Board of Trustees and each member thereof, its officers, employees, agents, and volunteers.

11.2.4.3 Each insurance policy required by this Agreement shall be endorsed to state that coverage shall not be suspended, voided, reduced or canceled except after thirty (30) days prior written notice has been given to the District by the carrier. In the case of cancellation for non-payment, ten (10) days notice is acceptable. Qualified statements such as carrier "will endeavor" or that "failure to mail such notice shall impose no obligation and liability upon the company" shall not be acceptable.

11.2.4.4 The insurance shall apply separately to each insured against whom claim is made or suit is brought, except with respect to the limits of the insurer's liability.

11.2.5 General Insurance Matters: All insurance coverage required under this Agreement shall:

11.2.5.1 Be issued by insurance companies admitted to do business in the State of California, with a financial rating of at least an A:VII as rated in the most recent edition of Best's Insurance Reports. Architect shall notify District in writing if any of its insurer(s) have an A.M. Best rating of less than A:VII. At the option of District, either 1) District can accept the lower rating; or 2) the Architect or Architect Consultant shall be required to procure insurance from another insurer.

11.2.5.2 Except for professional liability policies, all insurance required by this Section shall contain standard separation of insureds provisions. In addition, such insurance shall not contain any special limitations on the scope of protection afforded to the District, its directors, officials, officers, employees and agents.

11.2.5.3 The Architect or Architect Consultant, as applicable, shall promptly notify the District of any materials change in the coverage, scope, or amount of any policy.

11.2.5.4 Except for professional liability policies for which primary coverage is not available, all such insurance shall be primary insurance. Any insurance of the District shall be excess coverage for benefit of the District only and non-contributory.

11.2.5.5 At all times while this Agreement remains in effect, the Architect and the Architect Consultant shall maintain on file with the District valid and up to date certificates of insurance showing that the required insurance coverage is in effect in not less than the required amounts. If not contained on the face of the policy, endorsements signed by a person authorized by the insurer to bind coverage on its behalf, shall be separately provided. Each policy endorsement, copy, or a certificate of the policy executed by the insurance company, and evidence of payment of premiums for each policy shall be deposited with the District within twenty-one (21) days of execution of this Agreement and prior to the commencement of services, and on renewal of the policy, not less than twenty (20) days before the expiration of the term of the policy.

11.2.5.6 If the Architect fails to provide or maintain the required insurance, the District may, at its sole and absolute discretion, obtain such insurance at the Architect's expense and deduct the premium from any fees or reimbursable expenses subsequently invoiced by the Architect.

11.2.5.7 Any deductibles or self-insured retentions in excess of $100,000 must be declared to the District and must be reduced to a level deemed acceptable by the District in writing. The Architect agrees that, at the option of the District, it will either: (A) arrange for the insurer shall reduce or eliminate such deductibles or self-insured retentions with respect to the District, its directors, officials, officers, employees and agents; or (B) procure a bond guaranteeing payment of losses and related investigation costs, claims and administrative and defense expenses.

SECTION 12
DISPUTE RESOLUTION

12 RESOLUTION OF CLAIMS. Claims shall be resolved by the parties in accordance with the provisions of this Section 12. All Claims shall be subject to the **"Claims Resolution Process"** set forth in this Section 12, which shall be the exclusive recourse of the Architect and the District for determination and resolution of Claims. For purpose of this Section 12, a **"Claim"** shall mean, a written demand or assertion by the District or the Architect seeking, as a matter of right, an interpretation of contract, disputed payment of money, recovery of damages or other relief. A Claim does not include the following: (i) penalties or forfeitures prescribed by statute or regulation imposed by a governmental agency; (ii) tort claims for personal injury or death; (iii) false claims liability under California Government Code Section 12650, et seq.; (iv) physical defects in the Construction first discovered by the District after final payment by the District to a Contractor; (v) stop notices; or (vi) the right of the District to specific performance or injunctive relief to compel performance.

12.1 RESOLUTION OF OTHER DISPUTES. Disputes between the District and the Architect that do not constitute Claims shall be resolved by way of an action filed in the Superior Court of the State of California, County of Ventura, and shall not be subject to the Claims Resolution Process.

12.2 SUBMISSION OF A CLAIM

12.2.1 By the Architect. The Architect's right to commence the Claims Resolution Process shall arise upon the District's written response denying all or part of a Claim. The Architect shall submit a written statement of dispute to the District within fourteen (14) calendar days after the District rejects all or a portion of the Architect's Claim. Failure by the Architect to timely submit its statement of dispute shall result in the decision by the District on the Claim becoming final and binding. The Architect's statement of dispute shall be signed by a Principal of the Architect and shall state with specificity the events or circumstances giving rise to the Claim, the dates of their occurrence and the asserted effect, if any, on the compensation due or time of performance obligations of the Architect under this Agreement (the "Statement of Dispute"). Such Statement of Dispute shall include adequate supporting data to substantiate the disputed Claim. Adequate supporting data for a Claim relating to an adjustment of the Architect's obligations relative to time of performance shall include a detailed, event-by-event description of the impact of each delay on the Architect's time for performance. Adequate supporting data for a Statement of Dispute involving the Architect's compensation shall include a detailed cost breakdown and supporting cost data in such form and including such detailed information and other supporting data as required to demonstrate the grounds for, and precise amount of, the Claim.

12.2.2 By the District. The District's right to commence the Claims Resolution Process shall arise at any time following the District's actual discovery of the circumstances giving rise to the Claim. Nothing contained herein shall preclude the District from asserting Claims in response to a Claim asserted by the Architect. A Statement of Claim submitted by the District shall state the events or circumstances giving rise to the Claim, the dates of their occurrence and the damages or other relief claimed by the District as a result of such events. Notwithstanding the foregoing, the District shall not be able to commence or assert a claim beyond the applicable statute of limitations.

12.3 CLAIMS RESOLUTION PROCESS. The parties shall utilize each of the following steps in the Claims Resolution Process in the sequence they appear below. Each party shall participate fully and in good faith in each step in the Claims Resolution Process, which good faith effort shall be a condition precedent to the right of each party to proceed to the next step in the Claims Resolution Process.

12.3.1 Direct Negotiations. Designated representatives of the District and the Architect shall meet as soon as possible (but not later than forty-five (45) calendar days after the Statement of Dispute is given) in a good faith effort to negotiate a resolution to the Claim. Each party shall be represented in such negotiations by an authorized representative with full knowledge of the details of the Claim or defenses being asserted by such party, and with full authority to resolve such Claim then and there, subject only to the District's right and obligation to obtain Board of Trustees' approval of any agreed settlement or resolution. If the Claim involves the assertion of a right or claim by a Contractor or Architect Consultant against the Architect that is in turn being asserted by the Architect against the District, then such Contractor or Architect Consultant shall also have a representative attend such negotiations, with the same authority and knowledge as just described. Upon completion of the meeting, if the Claim is not resolved, the parties may either continue the negotiations or either party may declare negotiations ended. All discussions that occur during such negotiations and all documents prepared solely for the purpose of such negotiations shall be confidential and privileged pursuant to California Evidence Code Sections 1119 and 1152.

12.3.2 Deferral of Agreement Disputes. Following the completion of the negotiations required by the preceding paragraph, all unresolved Claims shall proceed to Mediation as set forth in the succeeding paragraph entitled "Mediation." The Parties hereto may mutually agree to postpone continuing the Claims Dispute Resolution until the earlier of: (i) the completion of the Scope of Services hereunder or, (ii) the termination of the services. In the event Claims are deferred, the Claims shall be consolidated within a reasonable period of time after completion of the Scope of Services herein and pursued to resolution through the Claims Dispute Resolution Process. Pending final resolution of any Claim, the Architect shall proceed diligently with the performance of its Scope of Services and the District shall continue to make payments for those services that are not part of the Claim set forth herein in accordance with the terms of this Agreement.

12.3.3 Mediation. If the Claim remains unresolved after direct negotiations pursuant to Paragraph 12.3.1, the parties agree to submit the Claim to non-binding mediation before a mutually acceptable third party mediator prior to commencement of any lawsuit or court action.

12.3.3.1 Qualifications of Mediator. The parties shall endeavor to select a mediator who is a retired judge or an attorney with at least five (5) years of experience in public works construction contract law and in mediating public works construction disputes.

12.3.3.2 Submission to Mediation and Selection of Mediator. The party initiating mediation of a Claim shall provide written notice to the other party of its decision to mediate. In the event the parties are unable to agree upon a mediator within ninety (90) calendar days after such written notice is given, then the parties shall submit the matter to the Superior Court of the County of Ventura to select a mediator in accordance with the qualifications herein and the applicable law.

12.3.3.3 Mediation Process. The location of the mediation shall be at the offices of the District, or otherwise mutually agreed. The costs of mediation shall be shared equally among all parties participating. All discussions that occur during the mediation and all document presentations prepared solely for the purpose of the mediation shall be confidential and privileged pursuant to California Evidence Code Sections 1119 and 1152.

12.3.4 Litigation. If the Claim remains unresolved after direct negotiations and mediation, either party may commence an action in the Superior Court of the County of Ventura. The Architect hereby submits to the jurisdiction of said court.

12.4 NON-WAIVER OR RELEASE. Participation in the Claims Resolution Process shall not constitute a waiver, release or compromise of any defense of either party.

SECTION 13
NOTICES

13 NOTICES. All notices, demands, or requests to be given under this Agreement shall be given in writing and conclusively shall be deemed received when received in any of the following ways: (i) on the date delivered if delivered personally; (ii) on the date sent if sent by facsimile transmission and confirmation of transmission is received; and (iii) on the date it is accepted or rejected if sent by certified mail. All notices, demands or requests shall include the name of this Agreement and be addressed to the parties as follows:

TO DISTRICT:	TO ARCHITECT:
Oxnard School District	SVA Architects
Att: Dr. Anabolena DeGenna, Interim Superintendent	Att: Robert M. Simons, President and Partner

SECTION 14
REPRESENTATIONS OF THE ARCHITECT

14.1 REPRESENTATIONS OF THE ARCHITECT. By executing this Agreement, and hereafter each and every time this Agreement is amended, the Architect makes each of the following covenants and representations.

14.1.1 The Architect represents that it is professionally qualified to act as the Architect for the Project, is licensed to practice architecture in the State of California by all public entities having jurisdiction over the Architect and the Project.

14.1.2 The Architect covenants to maintain, at all times Services are performed hereunder, all necessary licenses, permits or other authorizations necessary to act as architect for the Project or projects until the Architect's duties in connection therewith have been fully satisfied.

14.1.3 The Architect represents that it has become familiar with the Project site and the local conditions under which the Project is to be designed, constructed, and operated.

14.1.4 The Architect represents and covenants that it shall prepare, or cause to be prepared, all documents and things required by this Agreement including, but not limited to, all Project plans and specifications in such a manner that they shall be constructable in accordance with the standards of the profession.

14.1.5 The Architect assumes full responsibility to the District for the improper acts and omissions of its employees and any consultants retained by the Architect in connection with the Project. The Architect covenants that each Project Director and all other Architect employees or sub-consultants now or in future assigned by the Architect to work on a Project shall have the level of skill, experience and qualifications required to perform the Services assigned to them, and shall also have all licenses, permits or approvals legally required to perform such Services.

14.1.6 The Architect covenants that it shall be responsible for all costs and damages, including those due to any delays, resulting from its failure to prepare adequate documentation or to implement any changes identified as necessary either in connection with the Constructability Review or other review.

14.2 COMPLIANCE WITH LAWS. The Architect covenants that it shall, at all times while providing Services, remain in full compliance with the provisions of all applicable laws, rules and regulations, including without limitation, the provisions of the Education Code regarding design and

construction of school facilities, the provisions of the California Labor Code regarding employer's insurance, the provisions of the California Labor Code regarding payment prevailing wages, all non-discriminations laws (including federal and state laws), and any and all other laws rules and regulations applicable to this Agreement, the Architect, the District, the Project or the Services. The Architect shall at all times require the Architect Consultants to fully comply with all such applicable laws, rules and regulations. Without in any way limiting the generality of the foregoing the Architect shall ensure that it and each Architect Consultant comply with the following:

14.2.1 Cost Disclosure - Documents and Written Reports. The Architect shall be responsible for compliance with California Government Code section 7550 if the total cost of the contract is over five thousand dollars ($5,000).

14.2.2 Disabled Veteran Business Enterprise Participation. Pursuant to Education Code section 17076.11, the District has a participation goal for disabled veteran business enterprises (DVBEs) of at least three (3) percent, per year, of funds expended each year by the District on projects that use funds allocated by the State Allocation Board pursuant to the Leroy F. Greene School Facilities Act. Unless waived in writing by the District, the Architect shall provide proof of DVBE compliance, in accordance with any applicable policies of the District or the State Allocation Board, within thirty (30) days of its execution of this Agreement.

14.2.3 Fingerprinting & Other Operational Requirements of the District. Unless exempted, the Architect shall comply with the requirements of Education Code Section 45125.1 with respect to fingerprinting of employees who may have contact with the District's pupils. The Architect shall also ensure that its consultants on the Project also comply with the requirements of Section 45125.1. The Architect and each Architect Consultant must complete the District's certification form attached hereto as **Exhibit C** and incorporated herein by reference prior to any of the Architect's or Architect Consultant's employees coming into contact with any of the District's pupils. The Architect also agrees to comply, and ensure that all its employees and Architect Consultants comply with all other operational requirements of the District, as may be revised from time to time, including but not limited to any obligations relating to vaccination or testing for infectious diseases.

14.2.4 Name and Trademarks. The Architect shall not use any name, trademark or service mark of the District without first having received the District's written consent to such use.

14.2.5 Conflict of Interest. No member, official or employee of the District shall have any personal interest, direct or indirect, in this Agreement nor shall any such member, official or employee participate in any decision relating to the Agreement which affects his personal interests or the interests of any corporation, partnership or association in which he is directly or indirectly interested.

14.2.6 Safety. The Architect shall execute and maintain its work so as to avoid injury or damage to any person or property. In carrying out its Services, the Architect shall at all times be in compliance with all applicable local, state and federal laws, rules and regulations, and shall exercise all necessary precautions for the safety of its employees, consultant and subcontractors appropriate to the nature of the work and the conditions under which the work is to be performed.

14.2.7 Labor Certification. By its signature hereunder, the Architect certifies that it is aware of the provisions of Section 3700 of the California Labor Code which require every employer to be insured against liability for Workers' Compensation or to undertake self-insurance in accordance with the provisions of that Code, and agrees to comply with such provisions before commencing the performance of the Services.

14.3 SUPPLEMENTAL CONDITIONS. Any supplemental conditions agreed to by the parties shall be attached as an exhibit to this Agreement and incorporated herein by reference.

SECTION 15
MISCELLANEOUS PROVISIONS

15.1 SUCCESSORS AND ASSIGNS. In as much as this Agreement is intended to secure the specialized Services of the Architect, the Architect may not assign, transfer, delegate or sublet any interest therein without the prior written consent of the District and any such assignment, transfer, delegation or sublease without the District's prior written consent shall be considered null and void. Likewise, the District may not assign, transfer, delegate or sublet any interest therein without the prior written consent of the Architect and any such assignment, transfer, delegation or sublease without the Architect's prior written consent shall be considered null and void.

15.2 SEVERABILITY. If any term, covenant, condition or provision of this Agreement is held by a court of competent jurisdiction to be invalid, void or unenforceable, the remainder of the provisions hereof shall remain in full force and effect and shall in no way be affected, impaired or invalidated thereby.

15.3 ENTIRE AGREEMENT. This Agreement including Exhibits hereto, contains the entire understanding of the Parties, and supersedes all other written or oral agreements. The Architect shall be entitled to no other benefits other than those specified herein. No changes, amendments or alterations shall be effective unless in writing and signed by both Parties. The Architect specifically acknowledges that in entering into this Agreement, the Architect relied solely upon the provisions contained in this Agreement and no others.

15.4 GOVERNING LAW AND VENUE. This Agreement shall be construed in accordance with, and governed by the laws of the State of California, excluding its choice of law rules. Venue shall be exclusively in Ventura County.

15.5 NON-WAIVER. None of the provisions of this Agreement shall be considered waived by either party unless such waiver is specifically specified in writing. Neither the District's review, approval of, nor payment for, any of the services required under this Agreement shall be construed to operate as a waiver of any rights under this Agreement, and the Architect shall remain liable to the District in accordance with this Agreement for all damages to the District caused by the Architect's failure to perform any of the Services to the standard of care of the Architect for its services, which shall be, at a minimum, the standard of care of architects performing similar work for California school districts in or around the same geographic area of the District. This provision shall survive the termination of this Agreement.

15.6 INDEPENDENT CONTRACTOR. The Architect is, for all purposes arising out of this Agreement, an independent contractor, and neither the Architect nor its employees shall be deemed an employee of the District for any purpose. It is expressly understood and agreed that the Architect shall in no event be entitled to any benefits to which District employees are entitled, including, but not limited to, overtime, retirement benefits, insurance, vacation, workers' compensation benefits, sick or injury leave or other benefits.

15.7 NO ASBESTOS CERTIFICATION. No asbestos or asbestos-containing materials will be used or substituted in conjunction with the Project. Upon completion of all work under the Project, the

Architect will certify to the District that to the best of the Architect's knowledge, no asbestos or asbestos-containing materials were used in the Project.

15.8 NON-DISCRIMINATION. No discrimination shall be made by the Architect in the employment of persons to work under this Agreement because of race, national origin, sex, age, ancestry, religion, physical disability, marital status, sexual orientation, or political affiliation of such person. The Architect shall comply with all applicable regulations and laws governing nondiscrimination in employment, including without limitation the following laws:

(a) California Fair Employment and Housing Act (California Government Code Section 12900 et seq.) which prohibits discrimination in employment on account of race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, marital status, or sex and prohibits harassment of an employee or applicant because of race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, marital status, sex or age;

(b) Federal Civil Right Act of 1964 (42 U.S. Code Section 2000e, et seq.) which prohibits discrimination in employment on the basis of race, religious creed, color, national origin, or sex;

(c) Title I of the Americans With Disabilities Act of 1990 (42 U.S. Code Section 12101 et seq.) which prohibits discrimination against qualified individuals with a disability in hiring and employment practices;

(d) The Age Discrimination in Employment Act (29 U.S. Code Section 621, et seq., prohibiting age discrimination in employment against individuals who are least forty years of age;

(e) California Labor Code Section 1102.1 which prohibits discrimination in any aspect of employment or opportunity for employment based on actual or perceived sexual orientation.

15.9 NO THIRD PARTY BENEFICIARY. There are no intended third party beneficiaries of any right or obligation assumed by the Parties.

15.10 ASSISTANCE OF COUNSEL. Each party warrants that it has had the opportunity to consult counsel and understands the terms of this Agreement and the consequences of executing it. In addition, each party acknowledges that the drafting of this Agreement was the product of negotiation and that this Agreement shall not be construed against any party as the drafter of the Agreement.

15.11 AUTHORITY TO EXECUTE. The persons executing this Agreement on behalf of their respective Parties represent and warrant that they have the authority to do so under law and from their respective Parties.

15.12 HEADINGS. The headings in this Agreement are inserted only as a matter of convenience and reference and are not meant to define, limit or describe the scope or intent of the contract documents or in any way to affect the terms and provisions set forth herein.

15.13 EXECUTION IN COUNTERPARTS. This Agreement may be executed in any number of counterparts, each of which shall be an original, but all of which together shall constitute one instrument.

NOW, THEREFORE, the parties, through their authorized representatives, have executed this Agreement on the dates indicated under their respective signatures.

EXHIBIT "A"

PROJECT

The Oxnard School District (District) is issuing this Request for Architectural Services to assign a design team from the District's pool of prequalified firms for architectural services for the Reconstruction of Fremont Middle School. The project consists of a complete reconstruction of the Fremont campus with an entirely new set of facilities, built according to current State code, District specifications, and 21st century educational program requirements. The proposed phased build-out of the school will incorporate the existing and projected enrollment of approximately 750 students at the site and the need to design the facility in such a manner that a subsequent phase to accommodate increased enrollment, if needed, would only require the construction of additional classrooms.

To maximize cost efficiency and minimize required duration for both design and construction phases, the District is requesting a 'Re-Use of Plans' effort for this project. Minimizing re-design efforts required for code compliance, and other regulatory requirements is a critical aspect of this effort, so projects that have been designed and constructed under current building codes should be prioritized where possible.

The District has selected Caldwell Flores Winters, Inc. to act as the District's program manager to direct the selection, design, approval and construction phases for the team of professionals required to implement the Reconstruction of Fremont School project. Selected firms shall work at CFW's direction in the presentation of work product to be approved by the District. The following provides descriptions of the planned scope of work for the Reconstruction of Fremont Middle School and the format by which to receive and review proposals from interested prequalified architectural firms.

PROJECT ORIENTATION

The Fremont Academy of Environment Science & Innovative Design (Fremont) 6-8 school is located at 130 North "M" Street on a 24.3-acre parcel bounded by North "H" and "M" Streets, Devonshire Drive, and residential development to the south. Students participate in an academic curriculum that heavily focuses on the integration of environmental science and design into the core curriculum content and through programs such as science courses designed around environmental science principles.

The school was originally built in 1961 and has a total of 35 permanent classrooms, a computer and a tech lab, and 11 portable classrooms. Approximately 26 of these spaces are used as general-purpose classrooms for core subject areas: Language Arts, Social Studies, and Math. There are four science labs, one Digital Design lab and one band/orchestra room. The Special Day Class (SDC) program is spread across three classrooms, all of which are approximately 910 square feet. Most of the permanent classrooms are in the northwest corner of the campus in various building clusters. The primary support spaces, such as the administration building, library, and gymnasium, are located on the central western portion of the campus with portable classrooms located northwest of the permanent classroom space. The amphitheater and lunch shelter are located northeast of the gymnasium and south of most of the permanent classrooms.

The hard-court area is located south of the gymnasium and stretches to the southwestern end of campus, while the playfields encompass most of the eastern half of the campus. The parent/student drop-off area is in front of the administration building on North "M" Street, while the bus drop-off is located on the western side of campus between the cafeteria building and tennis courts. There are 80 staff and visitor parking spaces located on the far west side of campus, stretching from the permanent classroom area to the tennis courts. The campus fields provide a major student and community youth recreational resource

for after school hour and weekend sport use.

Fremont 6-8 School Existing Conditions

Permanent CRs:	35
Portables:	11
Total:	46
Parking Spaces:	80
Acreage:	24.33

PROJECT REQUIREMENTS

The reconstruction strategy would rebuild a new middle school facility on the open space portion of the site along H Street, but away from Glenwood, maintaining the operation of the existing facility during construction of the replacement school and replacing it thereafter with improved open and recreational space for school and community use. The proposed phased build-out of the school is to incorporate the existing and projected enrollment of approximately 750 students at the site and to design the facility in such a manner that a subsequent phase to accommodate increased enrollment, if needed, would only require the construction of additional classrooms. The lay-out of the school facilities would be such that an additional classroom wing and required science labs could be built without major modifications to the site in the future. Other support spaces would be designed to the district's adopted specifications for a 6-8 middle school to accommodate a 1200 student enrollment.

The reconstructed school may include multi-storied classrooms to accommodate up to 750 students. The proposed project would construct 34 classroom facilities. The school would include 24 general purpose classrooms and 3 dedicated special education rooms, all of 960 square feet. There is an academy room with a maker's space of 1,200 square feet. In addition, 4 science labs and an art lab of 1,200 square feet each, and a band/orchestra room of 1,500 square feet would be constructed. Teaching support spaces of 1,980 square feet, administrative space of 3,405 square feet, and library facilities of 2,000 square feet would be provided per the adopted educational specifications for a 6-8 school. Multipurpose facilities of 14,250 square feet, a lunch shelter of 2,800 square feet as well as student and staff restrooms would be provided as required by code. Parking and student pick up/drop off areas would be provided off North

H Street which would become the entrance to the new facility leaving room for school and community use of the reconfigured paly fields. An allowance for offsite improvements is also provided. Upon completion, students from Fremont would be moved into the new school. The District would like the option of retaining the old facility as long as possible to provide "swing space" to be used to house the next proposed projects in the District's improvement program to be constructed in sequence. Under this option and upon completion in its role as "swing space", the old Fremont campus will be removed and replaced with appropriate field space in support of the new campus for school and community use. The key is to build the "new facilities" in such a manner that the facilities to be replaced remain in use while the new facilities are built and to use those facilities as additional swing space once the new replacement facilities are completed.

DESIGN APPROACH

In order to maximize cost efficiency, and minimize required duration for both design and construction phases, the District is requesting a 'Re-Use of Plans' effort for this project. The proposing architectural firms should carefully review the content of this selection package, specifically the approved Educational Specifications and Project Budgets enclosed, and select at least two (2) best-fit options for re-use of plans that have been previously approved by DSA, successfully constructed within the last 5 years, and have detailed construction cost documentation available. Minimizing re-design efforts required for code compliance, and other regulatory requirements is a critical aspect of this effort, so projects that have been designed and constructed under current building codes should be prioritized where possible.

Architectural firms may select specific components from a variety of approved projects; however such proposals must include a general design showing how the various elements connect to create a cohesive campus concept for the Fremont site. In all cases, design teams should carefully review requests for information (RFI's), submittals, agency review comments, City of Oxnard requirements, and any other issues that created delays or added cost to the original project, to ensure that the appropriate solutions are pro-actively incorporated into the new Fremont 6-8 school design. The proposals should include a brief "lessons learned" narrative from the construction issues that arose when the design was previously built.

METHOD OF CONSTRUCTION DELIVERY

A lease-leaseback (LLB) method of delivery may be utilized for the project as determined by the Board. The contractor will participate in the project early on to provide constructability reviews of proposed designs, cost estimates, preliminary construction schedules, and a site logistics strategy to help create a design that is both inspiring, functional and meets the District's budget and timeline. Design teams should be prepared to describe past experience with the LLB project delivery method, and suggestions for improving the process.

DESIGN CONSIDERATIONS & PROJECT VISION

The District has formed a vision for the form and function of facilities that is intended to guide schematic design. All classrooms and labs in the new Fremont facility must be designed and built to accommodate this program at the 6-8 grade levels and enable 21st century methods of teaching and learning. To this end, the District has formed a vision for the form and function of facilities that is intended to guide design.

Furthermore, proposals should integrate design elements, including themes, color schemes, and

functions that meaningfully reflect the 'look and feel' of the surrounding neighborhood and overall community within the limitations of the project budget and schedule. Proposals should include the following:

- Description of community-oriented design approaches
- Design features to be accentuated reflective of the neighborhood and the community of Oxnard
- Specific elements/themes/functions that reflect the existing character of the surrounding neighborhood
- Supporting information as to why particular design approaches/elements were selected, and the prospective impact on the community and the student learning experience

It is important for the design team to be mindful of the culture and character of the Fremont community, and awareness of this historical and multi-faceted community impact should be thoughtfully included in the proposed design.

Attachment A describes the proposed vision and specifications, including design details for each type of room in the new facility. **Design teams are expected to understand and apply the attached vision to their work on the Project** and provide evidence of this understanding within the submittal requirements posed at the end of this Request for Architectural Services.

Examples of common design features include open plan classrooms that maximize floor space, mobile storage furnishing in lieu of built-in casework, floor to ceiling track-mounted sliding panel markerboards, multiple wall-mounted HDTVs, and agile tables, desks, chairs, stools, lecterns, and other items that are comfortable to use, easy to reposition, and promote collaboration and flexibility. Please note that the costs for all required furniture, fixtures, and equipment in the classrooms and labs have been included within the "all-in" project cost discussed in the Master Budget.

7. PROPOSED FEES

FEE PROPOSAL

Based on the RFP, the site walk, our project understanding, and our team's experience with similar projects, our proposed base fee is **Two Million Five Hundred Ninety-Eight Thousand Dollars ($2,598,000.00)** for our architectural and engineering (A/E) services. Our proposed base fee includes the services of SVA as the Architect and Interior Designer, along with a comprehensive team of engineers and consultants: Civil Engineering, Structural Engineering, MEPT Engineering, Fire Protection, Landscape Design, Cost Estimating, as well as specialty services such as Food Services Design and Acoustical Engineering. Provided below is our proposed fee broken down by key project phases.

Project Phases	Proposed Fees
Conceptual Design	$77,940
Schematic Design	$259,800
Design Development	$649,500
Construction Documents	$909,300
DSA Review/Approval	$77,940
Bid Support	$103,920
Construction Administration	$467,640
Project Closeout	$51,960
Total Fees:	**$2,598,000**

Assumption: Any reports and surveys such as, but not limited to, topographical survey, utility survey, geotechnical report, environmental reports, etc., will be provided by the District.

As always, the SVA team is open and flexible to discuss our fee structure and approach to ensure that the District is receiving the best value for your investments and make sure that our fee is fair and competitive. We are willing to adjust our fees should the budget or scope changes.

REIMBURSABLE EXPENSES

Reimbursement for any direct expenses will be at 1.10 times the actual expense. Reimbursable expenses will include, but not be limited to, computer plots, printing and reproduction, photo work, artist renderings (if requested by Client), overnight delivery, messenger services, and travel expenses. SVA's in-house progress sets are excluded from reimbursement.

> "SVA was able to deliver a project that not only met the District's need for a flexible 21st Century building, but exceeded the District's already high expectations, bringing the project in on budget and on time."

John Chwastyk
Former Director of Facilities
Fremont Unified School District

> "I have found SVA and their staff to be cooperative, responsive, and comprehensive in their work. I appreciate their ability to help guide the project's programming and construction, providing solutions that have saved the District precious dollars without sacrificing quality."

John Addleman
Director of Planning
San Dieguito Union HS District

> "SVA has made their way into the heart of Redondo Beach. They have established a name and reputation for their exceptional work, beyond the South Bay community. SVA has exceeded our learning community's expectations and have made our schools a destination for education."

Dr. Steven E. Keller
Superintendent
Redondo Beach Unified School District

CERTIFICATE OF LIABILITY INSURANCE

DATE (MM/DD/YYYY): 10/5/2023

THIS CERTIFICATE IS ISSUED AS A MATTER OF INFORMATION ONLY AND CONFERS NO RIGHTS UPON THE CERTIFICATE HOLDER. THIS CERTIFICATE DOES NOT AFFIRMATIVELY OR NEGATIVELY AMEND, EXTEND OR ALTER THE COVERAGE AFFORDED BY THE POLICIES BELOW. THIS CERTIFICATE OF INSURANCE DOES NOT CONSTITUTE A CONTRACT BETWEEN THE ISSUING INSURER(S), AUTHORIZED REPRESENTATIVE OR PRODUCER, AND THE CERTIFICATE HOLDER.

IMPORTANT: If the certificate holder is an ADDITIONAL INSURED, the policy(ies) must have ADDITIONAL INSURED provisions or be endorsed. If SUBROGATION IS WAIVED, subject to the terms and conditions of the policy, certain policies may require an endorsement. A statement on this certificate does not confer rights to the certificate holder in lieu of such endorsement(s).

ADDENDUM

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

BLANKET ADDITIONAL INSURED (ARCHITECTS, ENGINEERS AND SURVEYORS)

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART

1. The following is added to **SECTION II – WHO IS AN INSURED**:

   Any person or organization that you agree in a "written contract requiring insurance" to include as an additional insured on this Coverage Part, but:

   a. Only with respect to liability for "bodily injury", "property damage" or "personal injury"; and

   b. If, and only to the extent that, the injury or damage is caused by acts or omissions of you or your subcontractor in the performance of "your work" to which the "written contract requiring insurance" applies, or in connection with premises owned by or rented to you.

   The person or organization does not qualify as an additional insured:

   c. With respect to the independent acts or omissions of such person or organization; or

   d. For "bodily injury", "property damage" or "personal injury" for which such person or organization has assumed liability in a contract or agreement.

   The insurance provided to such additional insured is limited as follows:

   e. This insurance does not apply on any basis to any person or organization for which coverage as an additional insured specifically is added by another endorsement to this Coverage Part.

   f. This insurance does not apply to the rendering of or failure to render any "professional services".

   g. In the event that the Limits of Insurance of the Coverage Part shown in the Declarations exceed the limits of liability required by the "written contract requiring insurance", the insurance provided to the additional insured shall be limited to the limits of liability required by that "written contract requiring insurance". This endorsement does not increase the limits of insurance described in Section **III** – Limits Of Insurance.

   h. This insurance does not apply to "bodily injury" or "property damage" caused by "your work" and included in the "products-completed operations hazard" unless the "written contract requiring insurance" specifically requires you to provide such coverage for that additional insured, and then the insurance provided to the additional insured applies only to such "bodily injury" or "property damage" that occurs before the end of the period of time for which the "written contract requiring insurance" requires you to provide such coverage or the end of the policy period, whichever is earlier.

2. The following is added to Paragraph **4.a.** of **SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS**:

   The insurance provided to the additional insured is excess over any valid and collectible other insurance, whether primary, excess, contingent or on any other basis, that is available to the additional insured for a loss we cover. However, if you specifically agree in the "written contract requiring insurance" that this insurance provided to the additional insured under this Coverage Part must apply on a primary basis or a primary and non-contributory basis, this insurance is primary to other insurance available to the additional insured which covers that person or organizations as a named insured for such loss, and we will not share with the other insurance, provided that:

   (1) The "bodily injury" or "property damage" for which coverage is sought occurs; and

   (2) The "personal injury" for which coverage is sought arises out of an offense committed;

   after you have signed that "written contract requiring insurance". But this insurance provided to the additional insured still is excess over valid and collectible other insurance, whether primary, excess, contingent or on any other basis, that is available to the additional insured when that person or organization is an additional insured under any other insurance.

Includes the copyrighted material of Insurance Services Office, Inc., with its permission

3. The following is added to Paragraph **8.**, **Transfer Of Rights Of Recovery Against Others To Us**, of **SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS**:

   We waive any right of recovery we may have against any person or organization because of payments we make for "bodily injury", "property damage" or "personal injury" arising out of "your work" performed by you, or on your behalf, done under a "written contract requiring insurance" with that person or organization. We waive this right only where you have agreed to do so as part of the "written contract requiring insurance" with such person or organization signed by you before, and in effect when, the "bodily injury" or "property damage" occurs, or the "personal injury" offense is committed.

4. The following definition is added to the **DEFINITIONS** Section:

   "Written contract requiring insurance" means that part of any written contract under which you are required to include a person or organization as an additional insured on this Coverage Part, provided that the "bodily injury" and "property damage" occurs and the "personal injury" is caused by an offense committed:

   a. After you have signed that written contract;

   b. While that part of the written contract is in effect; and

   c. Before the end of the policy period.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

XTEND ENDORSEMENT FOR ARCHITECTS, ENGINEERS AND SURVEYORS

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART

GENERAL DESCRIPTION OF COVERAGE – This endorsement broadens coverage. However, coverage for any injury, damage or medical expenses described in any of the provisions of this endorsement may be excluded or limited by another endorsement to this Coverage Part, and these coverage broadening provisions do not apply to the extent that coverage is excluded or limited by such an endorsement. The following listing is a general coverage description only. Read all the provisions of this endorsement and the rest of your policy carefully to determine rights, duties, and what is and is not covered.

A. Non-Owned Watercraft – 75 Feet Long Or Less

B. Who Is An Insured – Unnamed Subsidiaries

C. Who Is An Insured – Retired Partners, Members, Directors And Employees

D. Who Is An Insured – Employees And Volunteer Workers – Bodily Injury To Co-Employees, Co-Volunteer Workers And Retired Partners, Members, Directors And Employees

E. Who Is An Insured – Newly Acquired Or Formed Limited Liability Companies

F. Blanket Additional Insured – Controlling Interest

G. Blanket Additional Insured – Mortgagees, Assignees, Successors Or Receivers

H. Blanket Additional Insured – Governmental Entities – Permits Or Authorizations Relating To Premises

I. Blanket Additional Insured – Governmental Entities – Permits Or Authorizations Relating To Operations

J. Incidental Medical Malpractice

K. Medical Payments – Increased Limit

L. Amendment Of Excess Insurance Condition – Professional Liability

M. Blanket Waiver Of Subrogation – When Required By Written Contract Or Agreement

N. Contractual Liability – Railroads

PROVISIONS

A. NON-OWNED WATERCRAFT – 75 FEET LONG OR LESS

1. The following replaces Paragraph **(2)** of Exclusion **g., Aircraft, Auto Or Watercraft**, in Paragraph **2.** of **SECTION I – COVERAGES – COVERAGE A – BODILY INJURY AND PROPERTY DAMAGE LIABILITY**:

   (2) A watercraft you do not own that is:

   (a) 75 feet long or less; and

   (b) Not being used to carry any person or property for a charge;

2. The following replaces Paragraph **2.e.** of **SECTION II – WHO IS AN INSURED**:

   e. Any person or organization that, with your express or implied consent, either uses or is responsible for the use of a watercraft that you do not own that is:

   (1) 75 feet long or less; and

   (2) Not being used to carry any person or property for a charge;

B. WHO IS AN INSURED – UNNAMED SUBSIDIARIES

The following is added to **SECTION II – WHO IS AN INSURED**:

Any of your subsidiaries, other than a partnership or joint venture, that is not shown as a Named Insured in the Declarations is a Named Insured if:

a. You are the sole owner of, or maintain an ownership interest of more than 50% in, such subsidiary on the first day of the policy period; and

Includes copyrighted material of Insurance Services Office, Inc. with its permission.

76709248 | Master Certificate | Kathy Casey | 10/5/2023 4:06:49 PM (EST) | Page 5 of 16
This certificate cancels and supersedes ALL previously issued certificates.

b. Such subsidiary is not an insured under similar other insurance.

No such subsidiary is an insured for "bodily injury" or "property damage" that occurred, or "personal and advertising injury" caused by an offense committed:

a. Before you maintained an ownership interest of more than 50% in such subsidiary; or

b. After the date, if any, during the policy period that you no longer maintain an ownership interest of more than 50% in such subsidiary.

For purposes of Paragraph **1.** of Section **II** – Who Is An Insured, each such subsidiary will be deemed to be designated in the Declarations as:

a. A limited liability company;

b. An organization other than a partnership, joint venture or limited liability company; or

c. A trust;

as indicated in its name or the documents that govern its structure.

C. WHO IS AN INSURED – RETIRED PARTNERS, MEMBERS, DIRECTORS AND EMPLOYEES

The following is added to Paragraph **2.** of **SECTION II – WHO IS AN INSURED**:

Any person who is your retired partner, member, director or "employee" that is performing services for you under your direct supervision, but only for acts within the scope of their employment by you or while performing duties related to the conduct of your business. However, no such retired partner, member, director or "employee" is an insured for:

(1) "Bodily injury":

(a) To you, to your current partners or members (if you are a partnership or joint venture), to your current members (if you are a limited liability company) or to your current directors;

(b) To the spouse, child, parent, brother or sister of that current partner, member or director as a consequence of Paragraph **(1)(a)** above;

(c) For which there is any obligation to share damages with or repay someone else who must pay damages because of the injury described in Paragraph **(1)(a)** or **(b)** above; or

(d) Arising out of his or her providing or failing to provide professional health care services.

Unless you are in the business or occupation of providing professional health care services, Paragraphs **(1)(a)**, **(b)**, **(c)** and **(d)** above do not apply to "bodily injury" arising out of providing or failing to provide first aid or "Good Samaritan services" by any of your retired partners, members, directors or "employees", other than a doctor. Any such retired partners, members, directors or "employees" providing or failing to provide first aid or "Good Samaritan services" during their work hours for you will be deemed to be acting within the scope of their employment by you or performing duties related to the conduct of your business.

(2) "Personal injury":

(a) To you, to your current or retired partners or members (if you are a partnership or joint venture), to your current or retired members (if you are a limited liability company), to your other current or retired directors or "employees" while in the course of his or her employment or performing duties related to the conduct of your business, or to your other "volunteer workers" while performing duties related to the conduct of your business;

(b) To the spouse, child, parent, brother or sister of that current or retired partner, member, director, "employee" or "volunteer worker" as a consequence of Paragraph **(2)(a)** above;

(c) For which there is any obligation to share damages with or repay someone else who must pay damages because of the injury described in Paragraph **(2)(a)** or **(b)** above; or

(d) Arising out of his or her providing or failing to provide professional health care services.

(3) "Property damage" to property:

(a) Owned, occupied or used by; or

(b) Rented to, in the care, custody or control of, or over which physical control is being exercised for any purpose by;

you, any of your retired partners, members or directors, your current or retired "employees" or "volunteer workers", any current partner or member (if you are a partnership or joint venture), or any current member (if you are a limited liability company) or current director.

© 2017 The Travelers Indemnity Company. All rights reserved.
Includes copyrighted material of Insurance Services Office, Inc. with its permission.

D. WHO IS AN INSURED – EMPLOYEES AND VOLUNTEER WORKERS – BODILY INJURY TO CO-EMPLOYEES, CO-VOLUNTEER WORKERS AND RETIRED PARTNERS, MEMBERS, DIRECTORS AND EMPLOYEES

The following is added to Paragraph **2.a.(1)** of **SECTION II – WHO IS AN INSURED**:

Paragraphs **(1)(a)**, **(b)** and **(c)** above do not apply to "bodily injury" to a current or retired co-"employee" while in the course of the co-"employee's" employment by you or performing duties related to the conduct of your business, or to "bodily injury" to your other "volunteer workers" or retired partners, members or directors while performing duties related to the conduct of your business.

E. WHO IS AN INSURED – NEWLY ACQUIRED OR FORMED LIMITED LIABILITY COMPANIES

The following replaces Paragraph **3.** of **SECTION II – WHO IS AN INSURED**:

3. Any organization you newly acquire or form, other than a partnership or joint venture, and of which you are the sole owner or in which you maintain an ownership interest of more than 50%, will qualify as a Named Insured if there is no other similar insurance available to that organization. However:

a. Coverage under this provision is afforded only:

(1) Until the 180th day after you acquire or form the organization or the end of the policy period, whichever is earlier, if you do not report such organization in writing to us within 180 days after you acquire or form it; or

(2) Until the end of the policy period, when that date is later than 180 days after you acquire or form such organization, if you report such organization in writing to us within 180 days after you acquire or form it;

b. Coverage **A** does not apply to "bodily injury" or "property damage" that occurred before you acquired or formed the organization; and

c. Coverage **B** does not apply to "personal and advertising injury" arising out of an offense committed before you acquired or formed the organization.

For the purposes of Paragraph **1.** of Section II – Who Is An Insured, each such organization will be deemed to be designated in the Declarations as:

a. A limited liability company;

b. An organization other than a partnership, joint venture or limited liability company; or

c. A trust;

as indicated in its name or the documents that govern its structure.

F. BLANKET ADDITIONAL INSURED – CONTROLLING INTEREST

1. The following is added to **SECTION II – WHO IS AN INSURED**:

Any person or organization that has financial control of you is an insured with respect to liability for "bodily injury", "property damage" or "personal and advertising injury" that arises out of:

a. Such financial control; or

b. Such person's or organization's ownership, maintenance or use of premises leased to or occupied by you.

The insurance provided to such person or organization does not apply to structural alterations, new construction or demolition operations performed by or on behalf of such person or organization.

2. The following is added to Paragraph **4.** of **SECTIO N II – WHO IS AN INSURED**:

This paragraph does not apply to any premises owner, manager or lessor that has financial control of you.

G. BLANKET ADDITIONAL INSURED – MORTGAGEES, ASSIGNEES, SUCCESSORS OR RECEIVERS

The following is added to **SECTION II – WHO IS AN INSURED**:

Any person or organization that is a mortgagee, assignee, successor or receiver and that you have agreed in a written contract or agreement to include as an additional insured on this Coverage Part is an insured, but only with respect to its liability as mortgagee, assignee, successor or receiver for "bodily injury", "property damage" or "personal and advertising injury" that:

a. Is "bodily injury" or "property damage" that occurs, or is "personal and advertising injury" caused by an offense that is committed,

© 2017 The Travelers Indemnity Company. All rights reserved.
Includes copyrighted material of Insurance Services Office, Inc. with its permission.

76709248 | Master Certificate | Kathy Casey | 10/5/2023 4:06:49 PM (EST) | Page 7 of 16
This certificate cancels and supersedes ALL previously issued certificates.

subsequent to the signing of that contract or agreement; and

b. Arises out of the ownership, maintenance or use of the premises for which that mortgagee, assignee, successor or receiver is required under that contract or agreement to be included as an additional insured on this Coverage Part.

The insurance provided to such mortgagee, assignee, successor or receiver is subject to the following provisions:

a. The limits of insurance provided to such mortgagee, assignee, successor or receiver will be the minimum limits that you agreed to provide in the written contract or agreement, or the limits shown in the Declarations, whichever are less.

b. The insurance provided to such person or organization does not apply to:

(1) Any "bodily injury" or "property damage" that occurs, or any "personal and advertising injury" caused by an offense that is committed, after such contract or agreement is no longer in effect; or

(2) Any "bodily injury", "property damage" or "personal and advertising injury" arising out of any structural alterations, new construction or demolition operations performed by or on behalf of such mortgagee, assignee, successor or receiver.

H. BLANKET ADDITIONAL INSURED – GOVERNMENTAL ENTITIES – PERMITS OR AUTHORIZATIONS RELATING TO PREMISES

The following is added to **SECTION II – WHO IS AN INSURED**:

Any governmental entity that has issued a permit or authorization with respect to premises owned or occupied by, or rented or loaned to, you and that you are required by any ordinance, law, building code or written contract or agreement to include as an additional insured on this Coverage Part is an insured, but only with respect to liability for "bodily injury", "property damage" or "personal and advertising injury" arising out of the existence, ownership, use, maintenance, repair, construction, erection or removal of any of the following for which that governmental entity has issued such permit or authorization: advertising signs, awnings, canopies, cellar entrances, coal holes, driveways, manholes, marquees, hoist away openings, sidewalk vaults, elevators, street banners or decorations.

I. BLANKET ADDITIONAL INSURED – GOVERNMENTAL ENTITIES – PERMITS OR AUTHORIZATIONS RELATING TO OPERATIONS

The following is added to **SECTION II – WHO IS AN INSURED**:

Any governmental entity that has issued a permit or authorization with respect to operations performed by you or on your behalf and that you are required by any ordinance, law, building code or written contract or agreement to include as an additional insured on this Coverage Part is an insured, but only with respect to liability for "bodily injury", "property damage" or "personal and advertising injury" arising out of such operations.

The insurance provided to such governmental entity does not apply to:

a. Any "bodily injury", "property damage" or "personal and advertising injury" arising out of operations performed for the governmental entity; or

b. Any "bodily injury" or "property damage" included in the "products-completed operations hazard".

J. INCIDENTAL MEDICAL MALPRACTICE

1. The following replaces Paragraph **b.** of the definition of "occurrence" in the **DEFINITIONS** Section:

b. An act or omission committed in providing or failing to provide "incidental medical services", first aid or "Good Samaritan services" to a person, unless you are in the business or occupation of providing professional health care services.

2. The following replaces the last paragraph of Paragraph **2.a.(1)** of **SECTION II – WHO IS AN INSURED**:

Unless you are in the business or occupation of providing professional health care services, Paragraphs **(1)(a)**, **(b)**, **(c)** and **(d)** above do not apply to "bodily injury" arising out of providing or failing to provide:

(a) "Incidental medical services" by any of your "employees" who is a nurse, nurse assistant, emergency medical technician, paramedic, athletic trainer, audiologist, dietician, nutritionist,

© 2017 The Travelers Indemnity Company. All rights reserved.

76709248 | Master Certificate | Kathy Casey | 10/5/2023 4:06:49 PM (EST) | Page 8 of 16
This certificate cancels and supersedes ALL previously issued certificates.

occupational therapist or occupational therapy assistant, physical therapist or speech-language pathologist; or

(b) First aid or "Good Samaritan services" by any of your "employees" or "volunteer workers", other than an employed or volunteer doctor. Any such "employees" or "volunteer workers" providing or failing to provide first aid or "Good Samaritan services" during their work hours for you will be deemed to be acting within the scope of their employment by you or performing duties related to the conduct of your business.

3. The following replaces the last sentence of Paragraph **5.** of **SECTION III – LIMITS OF INSURANCE**:

For the purposes of determining the applicable Each Occurrence Limit, all related acts or omissions committed in providing or failing to provide "incidental medical services", first aid or "Good Samaritan services" to any one person will be deemed to be one "occurrence".

4. The following exclusion is added to Paragraph **2.**, **Exclusions**, of **SECTION I – COVERAGES – COVERAGE A – BODILY INJURY AND PROPERTY DAMAGE LIABILITY**:

Sale Of Pharmaceuticals

"Bodily injury" or "property damage" arising out of the violation of a penal statute or ordinance relating to the sale of pharmaceuticals committed by, or with the knowledge or consent of the insured.

5. The following is added to the **DEFINITIONS** Section:

"Incidental medical services" means:

a. Medical, surgical, dental, laboratory, x-ray or nursing service or treatment, advice or instruction, or the related furnishing of food or beverages; or

b. The furnishing or dispensing of drugs or medical, dental, or surgical supplies or appliances.

6. The following is added to Paragraph **4.b.**, **Excess Insurance**, of **SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS**:

This insurance is excess over any valid and collectible other insurance, whether primary, excess, contingent or on any other basis, that is available to any of your "employees" for "bodily injury" that arises out of providing or failing to provide "incidental medical services" to any person to the extent not subject to Paragraph **2.a.(1)** of Section **II** – Who Is An Insured.

K. MEDICAL PAYMENTS – INCREASED LIMIT

The following replaces Paragraph **7.** of **SECTION III – LIMITS OF INSURANCE**:

7. Subject to Paragraph **5.** above, the Medical Expense Limit is the most we will pay under Coverage **C** for all medical expenses because of "bodily injury" sustained by any one person, and will be the higher of:

a. $10,000; or

b. The amount shown in the Declarations of this Coverage Part for Medical Expense Limit.

L. AMENDMENT OF EXCESS INSURANCE CONDITION – PROFESSIONAL LIABILITY

The following is added to Paragraph **4.b.**, **Excess Insurance**, of **SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS**:

This insurance is excess over any of the other insurance, whether primary, excess, contingent or on any other basis, that is Professional Liability or similar coverage, to the extent the loss is not subject to the professional services exclusion of Coverage **A** or Coverage **B**.

M. BLANKET WAIVER OF SUBROGATION – WHEN REQUIRED BY WRITTEN CONTRACT OR AGREEMENT

The following is added to Paragraph **8.**, **Transfer Of Rights Of Recovery Against Others To Us**, of **SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS**:

If the insured has agreed in a written contract or agreement to waive that insured's right of recovery against any person or organization, we waive our right of recovery against such person or organization, but only for payments we make because of:

a. "Bodily injury" or "property damage" that occurs; or

b. "Personal and advertising injury" caused by an offense that is committed;

subsequent to the signing of that contract or agreement.

N. CONTRACTUAL LIABILITY – RAILROADS

1. The following replaces Paragraph **c.** of the definition of "insured contract" in the **DEFINITIONS** Section:

   c. Any easement or license agreement;

2. Paragraph **f.(1)** of the definition of "insured contract" in the **DEFINITIONS** Section is deleted.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

BUSINESS AUTO EXTENSION ENDORSEMENT

This endorsement modifies insurance provided under the following:

BUSINESS AUTO COVERAGE FORM

GENERAL DESCRIPTION OF COVERAGE – This endorsement broadens coverage. However, coverage for any injury, damage or medical expenses described in any of the provisions of this endorsement may be excluded or limited by another endorsement to the Coverage Part, and these coverage broadening provisions do not apply to the extent that coverage is excluded or limited by such an endorsement. The following listing is a general coverage description only. Limitations and exclusions may apply to these coverages. Read all the provisions of this endorsement and the rest of your policy carefully to determine rights, duties, and what is and is not covered.

A. **BROAD FORM NAMED INSURED**

B. **BLANKET ADDITIONAL INSURED**

C. **EMPLOYEE HIRED AUTO**

D. **EMPLOYEES AS INSURED**

E. **SUPPLEMENTARY PAYMENTS – INCREASED LIMITS**

F. **HIRED AUTO – LIMITED WORLDWIDE COVERAGE – INDEMNITY BASIS**

G. **WAIVER OF DEDUCTIBLE – GLASS**

H. **HIRED AUTO PHYSICAL DAMAGE – LOSS OF USE – INCREASED LIMIT**

I. **PHYSICAL DAMAGE – TRANSPORTATION EXPENSES – INCREASED LIMIT**

J. **PERSONAL PROPERTY**

K. **AIRBAGS**

L. **NOTICE AND KNOWLEDGE OF ACCIDENT OR LOSS**

M. **BLANKET WAIVER OF SUBROGATION**

N. **UNINTENTIONAL ERRORS OR OMISSIONS**

PROVISIONS

A. BROAD FORM NAMED INSURED

The following is added to Paragraph **A.1.**, **Who Is An Insured**, of **SECTION II – COVERED AUTOS LIABILITY COVERAGE**:

Any organization you newly acquire or form during the policy period over which you maintain 50% or more ownership interest and that is not separately insured for Business Auto Coverage. Coverage under this provision is afforded only until the 180th day after you acquire or form the organization or the end of the policy period, whichever is earlier.

B. BLANKET ADDITIONAL INSURED

The following is added to Paragraph **c.** in **A.1.**, **Who Is An Insured**, of **SECTION II – COVERED AUTOS LIABILITY COVERAGE**:

Any person or organization who is required under a written contract or agreement between you and that person or organization, that is signed and executed by you before the "bodily injury" or "property damage" occurs and that is in effect during the policy period, to be named as an additional insured is an "insured" for Covered Autos Liability Coverage, but only for damages to which this insurance applies and only to the extent that person or organization qualifies as an "insured" under the Who Is An Insured provision contained in Section **II**.

C. EMPLOYEE HIRED AUTO

1. The following is added to Paragraph **A.1.**, **Who Is An Insured**, of **SECTION II – COVERED AUTOS LIABILITY COVERAGE**:

An "employee" of yours is an "insured" while operating an "auto" hired or rented under a contract or agreement in an "employee's" name, with your permission, while performing duties related to the conduct of your business.

2. The following replaces Paragraph **b.** in **B.5.**, **Other Insurance**, of **SECTION IV – BUSINESS AUTO CONDITIONS**:

b. For Hired Auto Physical Damage Coverage, the following are deemed to be covered "autos" you own:

(1) Any covered "auto" you lease, hire, rent or borrow; and

(2) Any covered "auto" hired or rented by your "employee" under a contract in an "employee's" name, with your

© 2015 The Travelers Indemnity Company. All rights reserved.
Includes copyrighted material of Insurance Services Office, Inc. with its permission.

permission, while performing duties related to the conduct of your business.

However, any "auto" that is leased, hired, rented or borrowed with a driver is not a covered "auto".

D. EMPLOYEES AS INSURED

The following is added to Paragraph **A.1., Who Is An Insured**, of **SECTION II – COVERED AUTOS LIABILITY COVERAGE**:

Any "employee" of yours is an "insured" while using a covered "auto" you don't own, hire or borrow in your business or your personal affairs.

E. SUPPLEMENTARY PAYMENTS – INCREASED LIMITS

1. The following replaces Paragraph **A.2.a.(2)**, of **SECTION II – COVERED AUTOS LIABILITY COVERAGE**:

   (2) Up to $3,000 for cost of bail bonds (including bonds for related traffic law violations) required because of an "accident" we cover. We do not have to furnish these bonds.

2. The following replaces Paragraph **A.2.a.(4)**, of **SECTION II – COVERED AUTOS LIABILITY COVERAGE**:

   (4) All reasonable expenses incurred by the "insured" at our request, including actual loss of earnings up to $500 a day because of time off from work.

F. HIRED AUTO – LIMITED WORLDWIDE COVERAGE – INDEMNITY BASIS

The following replaces Subparagraph **(5)** in Paragraph **B.7., Policy Period, Coverage Territory**, of **SECTION IV – BUSINESS AUTO CONDITIONS**:

(5) Anywhere in the world, except any country or jurisdiction while any trade sanction, embargo, or similar regulation imposed by the United States of America applies to and prohibits the transaction of business with or within such country or jurisdiction, for Covered Autos Liability Coverage for any covered "auto" that you lease, hire, rent or borrow without a driver for a period of 30 days or less and that is not an "auto" you lease, hire, rent or borrow from any of your "employees", partners (if you are a partnership), members (if you are a limited liability company) or members of their households.

(a) With respect to any claim made or "suit" brought outside the United States of America, the territories and possessions of the United States of America, Puerto Rico and Canada:

(i) You must arrange to defend the "insured" against, and investigate or settle any such claim or "suit" and keep us advised of all proceedings and actions.

(ii) Neither you nor any other involved "insured" will make any settlement without our consent.

(iii) We may, at our discretion, participate in defending the "insured" against, or in the settlement of, any claim or "suit".

(iv) We will reimburse the "insured" for sums that the "insured" legally must pay as damages because of "bodily injury" or "property damage" to which this insurance applies, that the "insured" pays with our consent, but only up to the limit described in Paragraph **C.**, Limits Of Insurance, of SECTION II – COVERED AUTOS LIABILITY COVERAGE.

(v) We will reimburse the "insured" for the reasonable expenses incurred with our consent for your investigation of such claims and your defense of the "insured" against any such "suit", but only up to and included within the limit described in Paragraph **C.**, Limits Of Insurance, of SECTION II – COVERED AUTOS LIABILITY COVERAGE, and not in addition to such limit. Our duty to make such payments ends when we have used up the applicable limit of insurance in payments for damages, settlements or defense expenses.

(b) This insurance is excess over any valid and collectible other insurance available to the "insured" whether primary, excess, contingent or on any other basis.

(c) This insurance is not a substitute for required or compulsory insurance in any country outside the United States, its territories and possessions, Puerto Rico and Canada.

© 2015 The Travelers Indemnity Company. All rights reserved.
Includes copyrighted material of Insurance Services Office, Inc. with its permission.

You agree to maintain all required or compulsory insurance in any such country up to the minimum limits required by local law. Your failure to comply with compulsory insurance requirements will not invalidate the coverage afforded by this policy, but we will only be liable to the same extent we would have been liable had you complied with the compulsory insurance requirements.

(d) It is understood that we are not an admitted or authorized insurer outside the United States of America, its territories and possessions, Puerto Rico and Canada. We assume no responsibility for the furnishing of certificates of insurance, or for compliance in any way with the laws of other countries relating to insurance.

G. WAIVER OF DEDUCTIBLE – GLASS

The following is added to Paragraph **D., Deductible**, of **SECTION III – PHYSICAL DAMAGE COVERAGE**:

No deductible for a covered "auto" will apply to glass damage if the glass is repaired rather than replaced.

H. HIRED AUTO PHYSICAL DAMAGE – LOSS OF USE – INCREASED LIMIT

The following replaces the last sentence of Paragraph **A.4.b., Loss Of Use Expenses**, of **SECTION III – PHYSICAL DAMAGE COVERAGE**:

However, the most we will pay for any expenses for loss of use is $65 per day, to a maximum of $750 for any one "accident".

I. PHYSICAL DAMAGE – TRANSPORTATION EXPENSES – INCREASED LIMIT

The following replaces the first sentence in Paragraph **A.4.a., Transportation Expenses**, of **SECTION III – PHYSICAL DAMAGE COVERAGE**:

We will pay up to $50 per day to a maximum of $1,500 for temporary transportation expense incurred by you because of the total theft of a covered "auto" of the private passenger type.

J. PERSONAL PROPERTY

The following is added to Paragraph **A.4., Coverage Extensions**, of **SECTION III – PHYSICAL DAMAGE COVERAGE**:

Personal Property

We will pay up to $400 for "loss" to wearing apparel and other personal property which is:

(1) Owned by an "insured"; and

(2) In or on your covered "auto".

This coverage applies only in the event of a total theft of your covered "auto".

No deductibles apply to this Personal Property coverage.

K. AIRBAGS

The following is added to Paragraph **B.3., Exclusions**, of **SECTION III – PHYSICAL DAMAGE COVERAGE**:

Exclusion **3.a.** does not apply to "loss" to one or more airbags in a covered "auto" you own that inflate due to a cause other than a cause of "loss" set forth in Paragraphs **A.1.b.** and **A.1.c.**, but only:

a. If that "auto" is a covered "auto" for Comprehensive Coverage under this policy;

b. The airbags are not covered under any warranty; and

c. The airbags were not intentionally inflated.

We will pay up to a maximum of $1,000 for any one "loss".

L. NOTICE AND KNOWLEDGE OF ACCIDENT OR LOSS

The following is added to Paragraph **A.2.a.**, of **SECTION IV – BUSINESS AUTO CONDITIONS**:

Your duty to give us or our authorized representative prompt notice of the "accident" or "loss" applies only when the "accident" or "loss" is known to:

(a) You (if you are an individual);

(b) A partner (if you are a partnership);

(c) A member (if you are a limited liability company);

(d) An executive officer, director or insurance manager (if you are a corporation or other organization); or

(e) Any "employee" authorized by you to give notice of the "accident" or "loss".

M. BLANKET WAIVER OF SUBROGATION

The following replaces Paragraph **A.5., Transfer Of Rights Of Recovery Against Others To Us**, of **SECTION IV – BUSINESS AUTO CONDITIONS** :

5. Transfer Of Rights Of Recovery Against Others To Us

We waive any right of recovery we may have against any person or organization to the extent required of you by a written contract signed and executed prior to any "accident" or "loss", provided that the "accident" or "loss" arises out of operations contemplated by

© 2015 The Travelers Indemnity Company. All rights reserved.
Includes copyrighted material of Insurance Services Office, Inc. with its permission.

such contract. The waiver applies only to the person or organization designated in such contract.

N. UNINTENTIONAL ERRORS OR OMISSIONS

The following is added to Paragraph **B.2., Concealment, Misrepresentation, Or Fraud**, of **SECTION IV – BUSINESS AUTO CONDITIONS**:

The unintentional omission of, or unintentional error in, any information given by you shall not prejudice your rights under this insurance. However this provision does not affect our right to collect additional premium or exercise our right of cancellation or non-renewal.

BLANKET ADDITIONAL INSURED – PRIMARY AND NON-CONTRIBUTORY WITH OTHER INSURANCE

This endorsement modifies insurance provided under the following:

BUSINESS AUTO COVERAGE FORM

PROVISIONS

1. The following is added to Paragraph **A.1.c., Who Is An Insured**, of **SECTION II – COVERED AUTOS LIABILITY COVERAGE**:

   This includes any person or organization who you are required under a written contract or agreement between you and that person or organization, that is signed by you before the "bodily injury" or "property damage" occurs and that is in effect during the policy period, to name as an additional insured for Covered Autos Liability Coverage, but only for damages to which this insurance applies and only to the extent of that person's or organization's liability for the conduct of another "insured".

2. The following is added to Paragraph **B.5., Other Insurance** of **SECTION IV – BUSINESS AUTO CONDITIONS**:

   Regardless of the provisions of paragraph a. and paragraph **d.** of this part **5. Other Insurance,** this insurance is primary to and non-contributory with applicable other insurance under which an additional insured person or organization is the first named insured when the written contract or agreement between you and that person or organization, that is signed by you before the "bodily injury" or "property damage" occurs and that is in effect during the policy period, requires this insurance to be primary and non-contributory.

OSD BOARD AGENDA ITEM

Name of Contributor: Dr. Anabolena DeGenna **Date of Meeting:** December 17, 2025

Agenda Section: Section C: Special Education Agreement

Ratification of Amendment #2 to Agreement #24-87 – VCOE – SELPA Physical Therapy Services (DeGenna/Jefferson)

At the Board Meeting of August 7, 2024 the Board of Trustees approved Agreement #24-87 with VCOE to provide PT services in the amount of $77,200.00.

Amendment # 1 in the amount of $5,500.00 was needed to adjust the original contract amount as a mistake was discovered by VCOE PT on their estimate.

Amendment #2 in the amount of $14,500.00 is needed to pay quarter 4 and close the 2024-2025 fiscal year.

With this amendment, the revised total agreement amounts for the 2024–2025 fiscal year is $97,200.00.

FISCAL IMPACT:
$14,500.00 - Special Education Funds

RECOMMENDATION:
It is the recommendation of the Director, Special Education, and the Superintendent, that the Board of Trustees ratify Amendment #2 to Agreement #24-87 with Ventura County Office of Education/SELPA Physical Therapy Services.

INTER-DISTRICT SERVICES AGREEMENT

This Services Agreement (the "Agreement") is made and entered into 05/07/2024 (Date) by and between Oxnard School District (District or Charter School) (hereinafter referred to as "Local Educational Agency" or "LEA") and Ventura County Office of Education (hereinafter referred to as "VCOE"). VCOE and LEA may be referred to herein individually as a "Party" and collectively as the "Parties."

Oxnard School District LEA	Danielle Jefferson Contact Name
1051 South A Street Street Address	805-385-1501 Contact Telephone Number
Oxnard, CA 93030 City, State, Zip code	djefferson@oxnardsd.org Contact E-mail Address

Services. Services will be provided as described on the "Statement of Work" (the "Work" or "Service") attached hereto and incorporated herein by this reference. The Statement of Work shall contain a timetable for completion of the Work or if the Work is ongoing service, the Statement of Work shall set forth the mutually agreed schedule for providing such services.

Payment. All payments will be made after receipt of invoice, net 30 days.

Nature of Relationship. The parties agree the relationship created by this Agreement is that of independent contractor. VCOE understands and agrees that the VCOE, agents, employees, or subcontractors of VCOE are not entitled to any benefits normally offered or conveyed to LEA employees, including coverage under the California Workers' Compensation Insurance laws.

Authority. VCOE represents and warrants that VCOE has all requisite power and authority to conduct its business and to execute, deliver, and perform this Agreement.

Binding Effect. This Agreement shall inure to the benefit and shall be binding upon all of the parties to this Agreement, and their respective successors in interest or assigns.

Termination or Amendment. This Agreement may be terminated or amended in writing at any time by mutual written consent of all of the parties to this Agreement, and may be terminated by either party for any reason by giving the other party 30 days advance written notice.

Compliance with Laws. VCOE hereby agrees that VCOE, officers, agents, employees, and subcontractors of VCOE shall obey all local, state, and federal laws and regulations in the performance of this Agreement.

VCOE shall be responsible for the safety of its employees and shall comply with California Code of Regulations Title 8, section 3205, COVID-19 Prevention.

Non-Discrimination and Equal Employment Opportunity. VCOE represents and agrees that it does not and shall not discriminate against any employee or applicant for employment, company, individual or group of individuals, because of ancestry, age, color, disability (physical and mental, including HIV and AIDS), genetic information, gender identity, gender expression, marital status, medical condition, military or veteran status, national origin, race, religion, sex/gender, and sexual orientation.

Fingerprinting. VCOE shall ensure that VCOE and any employee who interacts with students, outside of the immediate supervision and control of the student's parent or guardian or a school employee, has a current valid criminal records summary as described in California *Education Code* section 44237. When VCOE performs the criminal background check, it shall immediately provide any subsequent arrest and conviction information it receives to any local educational agency that it is contracting with pursuant to the subsequent arrest service.

Tuberculosis. VCOE shall ensure that any employee who interacts with students has submitted to VCOE a tuberculosis risk assessment or has been examined to determine that he or she is free of infectious tuberculosis.

Governing Law and Venues. This Agreement shall be interpreted in accordance with the laws of the State of California. If any action is brought to interpret or enforce any term of this Agreement, the action shall be brought in state or federal court situated in the County of Ventura, State of California.

Dispute Resolution. If any dispute arises out of or in connection with the Agreement, representatives of the Parties with authority to settle the dispute shall communicate, in person, electronically, or in writing within 30 days of written notice, in a good faith effort to resolve the dispute.

If the unresolved dispute is not resolved the parties agree that they will first submit the matter to a mutually agreed upon mediator. Notwithstanding the next section, Attorneys Fees, the cost of the mediator shall be borne equally by the parties.

Attorney Fees. In the event of any action or proceeding to interpret or enforce the terms of this Agreement, the prevailing party, as determined by the court or mediator, shall be entitled to recover its reasonable attorney fees and costs incurred in connection with such actions or proceeding.

Indemnification.

a. If VCOE and LEA each participate in the VCSSFA, each party therefore collectively indemnifies and defends the other for general liability coverage under the VCSSFA self-insurance program.

b. VCOE will indemnify LEAs not participating in the VCSSFA as follows: VCOE shall defend, indemnify and hold LEA and its governing board, officials, administrators, managers, employees and agents, harmless from and against any and all liability, loss, expense, reasonable attorneys' fees, or claims for injuryor damages arising out of the performance of this Agreement, but only in proportion to and to the extent such liability, loss, expense, attorneys' fees, or claims for injury or damages are caused byor result from the negligent or intentional acts or omissions of VCOE, its officials, administrators, managers, employees or agents.

c. LEA not participating in VCSSFA will indemnify VCOE as follows: LEA shall defend, indemnify and hold VCOE, its governing board, officials, administrators, managers, employees and agents, harmless from and against any and all liability, loss, expense, reasonable attorneys' fees, or claims for injury or damage arising out of the performance of this Agreement but only in proportion to and to the extent such liability, loss, expense, attorneys' fees, or claims for injury or damages are caused by or result from the negligent or intentional acts or omissions of LEA, its governing board, officials, administrators, managers, employees or agents.

Insurance.

a. If VCOE and LEA participate in the VCSSFA, each party therefore collectively self-insure for general liability and property coverage, or have been afforded coverage as Additional Covered Parties, under the VCSSFA self-insurance programs. VCOE also self-insures for workers' compensation coverage.

b LEAs not participating in the VCSSFA must maintain coverages commensurate with its operations and activities.

Nature of Agreement. This Agreement represents the entire agreement between the parties hereto with respect to the subject matter hereof and supersedes any and all other agreements and communications however characterized, written or oral, between or on behalf of the parties hereto with respect to the subject matter hereof. This Agreement may only be modified by a written instrument signed by authorized representatives of each of the parties hereto.

Counterpart Execution: Electronic Delivery. This Agreement may be executed in any number of counterparts which, when taken together, shall constitute one and the same instrument. Executed counterparts of this Agreement may be delivered by PDF email or electronic facsimile transmission and shall have the same legal effect as an "ink-signed" original

STATEMENT OF WORK

Term (required). The term of this Agreement shall commence on 07/01/2024 and terminate on 06/30/2025. The parties may agree to annual extensions after expiration of the initial term.

Fees (required).

Estimated Compensation or Cost for Services (see below)	$ 77,200.00
Other Ancillary Cost or fees, as applicable	$
Total not to Exceed	$

DESCRIPTION OF WORK (required):

SELPA Physical Therapy Specialists are classified employees of the Ventura County Office of Education (VCOE). These SELPA specialists conduct assessments, provide classroom consultations, provide direct services and attend IEP meetings. These are 10/11-month programs that begin on the first day of school and conclude at the end of ESY.

SELPA Physical Therapy Specialists and District Administrator will work together to develop a schedule of duties to best meet the District's needs. SELPA Specialists will be accountable to the District for carrying out these duties and will provide a monthly schedule to district upon request.

Part B services are provided for students ages 3-22 as needed to participating districts and billed based on a proportionate share of use. The cost is billed twice a year and covers salary, benefits, mileage, cell phone, equipment, staff development, and indirect costs. Curricular supplies needed for a specific class or student must be funded by the district. Low incidence funds may be used, if applicable.

Please advise your business office that the Ventura County Office of Education will be billing for Physical Therapy services provided by Ventura County SELPA for the 2024-2025 school year. The estimated amounts is noted above. The final amount could change slightly based on students enrolling/leaving or changes in IEP services. The final bill will come after the close of the school year, before the 2024-2025 financial books are closed.

*Please note: Part C PT services for Infants (0-2) are paid for by our Early Start Grant and provided at no cost to your district. The PT needs of your infant program shall not be included in your response on this form.

WORK SCHEDULE (if applicable):

The District will be responsible for costs for all regularly scheduled times, regardless of whether or not direct services are provided. Prior authorization by District Administrator must be obtained if extra overtime hours are necessary in order to accomplish duties requested by the District. Overtime hours will be accrued as compensation time at 1 ½ hours per hour.

Acceptable reasons for not providing regularly scheduled services to students may be District request for other duties (such as assessments or IEP meetings), student absence or unavailability, staff vacations, compensation time, and sick leave or in-service.

The SELPA Director will work with SELPA Specialists to schedule compensation time, vacations, and other employee absences to result in minimal disruption of services to students, absorbed as equally as possible by all Districts within the Specialist's schedule. The SELPA Director will provide supervision to staff.

OSD BOARD AGENDA ITEM

Name of Contributor: Dr. Anabolena DeGenna **Date of Meeting:** December 17, 2025

Agenda Section: Section D: Action Items

Call for Nominations for CSBA's Delegate Assembly (DeGenna)

An opportunity is presented for the Board of Trustees to consider whether it wishes to nominate representatives to fill vacancies in the CSBA's Delegate Assembly, Subregion 11-B. All nomination material must be postmarked no later than Wednesday, January 7, 2026. The term for current representatives will expire in March 2026. Newly elected representatives will serve April 1, 2026 through March 31, 2028.

There are two required Delegate Assembly meetings each year. In 2026, the dates are May 16-17 in Sacramento and December 1-2 in San Diego.

FISCAL IMPACT:
Any costs incurred by the Delegate to attend the above-mentioned meetings will be paid from the General Fund, Board of Trustees budget.

RECOMMENDATION:
It is recommended that the Board of Trustees consider whether it wishes to nominate representatives to fill a vacancy in the CSBA's Delegate Assembly, Subregion 11-B (Ventura).

TIME SENSITIVE - REQUIRES BOARD ACTION
DEADLINE: Wednesday, January 7, 2026

MEMORANDUM

To: CSBA Member District Boards
From: Dr. Bettye Lusk, President
Re: Call for Nominations to CSBA's Delegate Assembly

Each year, member boards elect representatives to the California School Boards Association's Delegate Assembly. The Delegate Assembly is a vital link in the Association's governance and sets the general policy direction. Working with member boards, the Board of Directors, and the Executive Committee, Delegates ensure the Association promotes the interests of California's school districts and county offices of education. Delegates with terms that end in 2026 are up for election. Ballots for the Delegate Assembly election will be sent to each member board within the region or subregion by February 1, 2026. Delegates elected in 2026 will serve a two-year term beginning April 1, 2026 and ending March 31, 2028. There are two required Delegate Assembly meetings each year; in 2026, the dates are May 16-17 and December 1-2. **NOTE:** This year your board will have the opportunity to participate in the election electronically via Simply Voting (you may view a demo HERE). Paper ballots will still be mailed by February 1, 2026 so boards may choose to participate via mail or electronically.

Nomination and biographical sketch forms for CSBA's Delegate Assembly are being accepted until **Wednesday, January 7, 2026**. The nomination process is as follows:

- CSBA member boards are eligible to nominate board members within their own geographical region or subregion.
- Nominees must serve on a CSBA member board from the region or subregion.
- Member boards eligible to appoint a member of their board to the Delegate Assembly may also nominate board members to run for election to the Delegate Assembly.
- Boards eligible to appoint must do so by January 7, 2026.
- Nominating boards must submit a separate Nomination Form for each person nominated and must ensure that the nominee has consented to being nominated.
- All nominees must submit a required biographical sketch form.
- Nominees may submit an optional one-page, one-sided résumé.

Documents related to the nomination process are being provided online only. The forms, as well as information about the Delegate Assembly, may be accessed from CSBA's website: www.csba.org/ElectiontoDA. If you would like to receive a PDF version of the forms, please send your request to the Executive Office at nominations@csba.org. **It is the nominee or appointee's responsibility to confirm that CSBA has received nomination materials prior to the deadline.**

The deadline for nomination materials is **11:59 p.m. on Wednesday, January 7, 2026.**
Please submit required documents using one of the following methods:

- Electronically online
- E-mail to nominations@csba.org by 11:59 p.m., Jan. 7, 2026, OR
- Fax to (916) 371-3407 by 11:59 p.m., Jan. 7, 2026, OR
- Postmarked by U.S.P.S. no later than Wed., January 7, 2026 (3251 Beacon Blvd., West Sacramento, CA 95691)

Please do not hesitate to contact us at nominations@csba.org should you have questions. Thank you.

DELEGATE ASSEMBLY ROSTER with terms (Updated 10/2/2025)
= District or COE appointment

2026 Delegate Assembly Meeting Dates

Saturday – Sunday, May 16 - 17
(Scheduled to occur in Sacramento)

Monday - Tuesday, December 1 - 2
(Scheduled to occur in San Diego)

Frequently Asked Questions regarding Delegate Assembly Nominations and Elections for 2026

Who is eligible to serve on Delegate Assembly? To be eligible to serve on CSBA's Delegate Assembly, a board member must:

- Be a trustee of a district or county office of education that is a current member of CSBA
- Be a trustee of a district or county office of education within the geographic region or subregion which the Delegate will represent.

What is the term of office to serve on Delegate Assembly? The term of office for each Delegate is two years, April 1, 2026 through March 31, 2028.

How is a board member nominated to serve on the Delegate Assembly? A board member must be formally nominated by a board in the region or subregion and may be nominated by their own district or county office. The nomination is an action that is taken in a public board meeting and requires a majority vote. A board may nominate as many individuals as it wishes, however, it is the responsibility of the nominating board to obtain permission from the nominee prior to submitting their name. All ballots will be mailed and sent electronically.

What does a nomination consist of? A nomination consists of a completed nomination form and a one-page candidate biographical sketch form. In addition, an optional, one-page, single-sided, résumé may be submitted. (Please Note: a résumé cannot be substituted for the candidate biographical sketch form). The biographical sketch form will be copied exactly as submitted and will be included with the ballots.

When are the nomination and biographical sketch forms due? The nomination and candidate biographical sketch forms must be delivered to CSBA either electronically online, by fax (916) 371-3407, email nominations@csba.org, or mail , postmarked by the U.S.P.S., on or before **Wednesday, January 7, 2026.** ***It is the nominee's responsibility to confirm that all nomination materials have been received by the CSBA Executive Office on or before to the January 7 due date.***

How are nominees elected to serve on Delegate Assembly? Ballots are mailed and sent electronically by Sunday, February 1 to each district or county board within the region or subregion. Ballots must be returned to CSBA via U.S.P.S. postmarked or submitted electronically by Monday, March 16, 2026 to be accepted. Paper ballots may not be faxed or emailed.

Voting for Delegates is an action of the entire board rather than individual board members; therefore, it is done at a public meeting and requires a majority vote. Each board may vote for as many candidates as there are positions to be filled within the region or subregion. All districts and

candidates are notified of the results no later than April 1. If there is a tie vote, a run-off election will be held.

What are the required Delegate Assembly meeting dates? There are two required Delegate Assembly meetings each year. In 2026, the first meeting will be May 16-17, 2026 in Sacramento and the second one will be December 1-2, 2026 in San Diego preceding CSBA's Annual Education Conference and Trade show.

Does CSBA cover expenses for Delegates to attend the Delegate Assembly meetings? No, CSBA is not able to cover expenses.

For additional information, please contact the Executive Office at nominations@csba.org.

OSD BOARD AGENDA ITEM

Name of Contributor: Kristen Pifko **Date of Meeting:** December 17, 2025

Agenda Section: Section D: Action Items

Annual Appointment/Re-Appointment of Citizens Bond Oversight Committee (Pifko)

Proposition 39 requires that, within 60 days of the passage of a Bond, the District establish a Citizens Oversight Committee to review bond expenditures to verify that the bond money is being spent according to the project list on the ballot. The Citizens Bond Oversight Committee (CBOC) was established by the Oxnard School District Board of Trustees on January 18, 2017, and is presented herewith for the Board's annual review. Any proposed names for filling future vacancies on the Committee will be brought before the Board for approval as needed. We have vacancies in the At-Large Community, Business Organization, and Senior Citizens' Organization and are actively searching for members.

FISCAL IMPACT:
N/A

RECOMMENDATION:
It is the recommendation of the Assistant Superintendent of Business and Fiscal Services, that the Board of Trustees review the current CBOC membership and make a determination regarding re-appointing the existing members of the Committee.

vacant	Senior Citizens' Organization		

Citizens' Bond Oversight Committee [1]

Section 1. Establishment of the Committee. The Oxnard School District (the "District") anticipates that it will be successful at the election to be conducted on November 8, 2016 (the "Election") in obtaining authorization from the District's voters to issue up to $142,500,000.00 aggregate principal amount of the District's general obligation bonds, pursuant to 55% of the vote. The election is being conducted under Proposition 39, being chaptered as the Strict Accountability in Local School Construction Bonds Act of 2000, at Section 15264 et seq., of the California Education Code; therefore, the District will be obligated to establish the Oversight Committee to satisfy the accountability requirement in Proposition 39. The Board of Trustees of the Oxnard School District (the "Board of Trustees") hereby establishes the Measure "D" Citizens Bond Oversight Committee (the "Committee") in anticipation of voter approval to have and hold the duties, rights and obligations set forth in these bylaws and those accorded to the Committee by Law. The Committee does not have independent legal capacity from the District. In the event that the authorization is not approved by the voters, the Committee shall be terminated and disbanded.

Section 2. Purposes. The purposes of the Committee are set forth in Proposition 39, and these Bylaws. The Committee is and shall be deemed subject to the Ralph M. Brown Public Meetings Act of the State of California (the "Brown Act") and shall be conducted in accordance with the provisions thereof. The District shall provide the necessary administrative support to the Committee at the District's expense to fulfill its duties and obligations under Proposition 39 and the Brown Act.

The proceeds of general obligation bonds issued pursuant to the election are hereinafter referred to as "bond proceeds." The Committee shall confine itself specifically to bond proceeds generated under the Measure "D" ballot measure. Regular and deferred maintenance projects and all monies generated under other sources of funding shall fall outside the scope of the Committee's review.

Section 3. Duties. To carry out its stated purposes, the Committee shall perform the following duties:

3.1 Inform the Public. The committee shall inform the public concerning the District's expenditure of bond proceeds.

3.2 Review Expenditures. The Committee may review quarterly expenditure reports produced by the District to ensure that (a) bond proceeds are expended only for the purposes set forth in the ballot measure; (b) no bond proceeds are used for any teacher or administrative salaries or other operating expenses.

3.3 Annual Report. The Committee shall present to the Board of Trustees, in public session, an annual written report which shall include the following:

(a) A statement indicating whether the District is in compliance with the requirements of Article XIIIA, Section 1(b)(3) of the California Constitution; and,

(b) A summary of the Committee's proceedings and activities for the preceding year.

(1) Pursuant to Resolution 22-15 adopted on February 1, 2023 by the District Governing Board, the Committee and these Bylaws also apply to the oversight of Measure I Bond proceeds. References to "bond proceeds" herein include bond proceeds generated under both the Measure D and Measure I ballot measures.

3.4 Duties of the Board of Trustees/Superintendent. Either the Board of Trustees or the Superintendent, as the Board of Trustees shall determine, shall have the following powers reserved to it, and the Committee shall have no jurisdiction over the following types of activities:

(a) Approval of construction contracts;

(b) Approval of construction change orders;

(c) Appropriation of construction funds;

(d) Handling of all legal matters;

(e) Approval of construction plans and schedules;

(f) Approval of the Deferred Maintenance Plan; and,

(g) Approval of the sale of bonds.

3.5 Voter-Approved Projects Only. In recognition of the fact that the Committee is charged with overseeing the expenditure of bond proceeds, the District has not charged the Committee with responsibility for:

(a) Projects financed through the State of California, developer fees, redevelopment tax increments, certificates of participation, leases/revenue bonds, the general fund, or the sale of surplus property without bond proceeds;

(b) The establishment of priorities and order of construction for the bond projects which shall be the sole prerogative and discretion of the Board of Trustees;

(c) The selection of architects, engineers, soil engineers, construction managers, project managers, CEQA consultants and/or such other professional consultant firms as are required to complete the project(s) based on District criteria established by the Board of Trustees in its sole discretion;

(d) The approval of the design for each project including exterior materials, paint color, interior finishes, site plans and/or construction methods, which shall be the sole prerogative and discretion of the Board of Trustees;

(e) The selection of independent audit firm(s), performance audit consultants and such other consultants as are necessary or deemed appropriate by the Board of Trustees to support the activities of the Committee;

(f) The approval of an annual budget for the Committee that is sufficient to carry out the duties, responsibilities and activities required of the Committee pursuant to these Bylaws, Proposition 39 and California Law;

(g) The adoption of a plan for publicizing the activities of the Committee and the determination as to whether a mailer, a newspaper notice or website materials would best suit the distribution of the Committee's findings and recommendations;

(h) The amendment or modification of the Bylaws for the Committee as provided herein, subject to the legal requirements of Proposition 39;

(i) The appointment or reappointment of qualified applicants to serve on the Committee, subject to legal limitations, and based on criteria adopted in the Board of Trustees' sole discretion as part of carrying out its functions under Proposition 39.

Section 4. Authorized Activities.

4.1 In order to perform the duties set forth in Section 3.0, the Committee may engage in the following authorized activities:

(a) Receive and review copies of the District's annual independent performance audit and annual independent financial audit, required by Article XIIA of the California Constitution;

(b) Inspect school facilities and grounds for which bond proceeds have been or will be expended, in accordance with any access procedure established by the District's Superintendent;

(c) Review copies of deferred maintenance proposals or plans developed by the District;

(d) Review efforts by the District to maximize bond proceeds by implementing various cost-saving measures.

Section 5. Membership.

5.1 Number. The Committee shall consist of a minimum of seven (7) members appointed by the Board of Trustees from a list of candidates submitting written applications, and based on criteria established pursuant to Proposition 39, to wit:

(a) One (1) member active in a business organization representing the business community located within the boundaries of the District;

(b) One (1) member active in a senior citizens' organization;

(c) One (1) member active in a bona-fide taxpayers' association;

(d) One (1) member shall be a parent or guardian of a child enrolled in the District;

(e) One (1) member shall be both a parent or guardian of a child enrolled in the District and active in a parent-teacher organization or school site council;

(f) Two (2) members of the community at-large appointed by the Board of Trustees.

5.2 Qualification Standards.

(a) To be a qualified person, he or she must be at least eighteen (18) years of age and reside within the District's geographical boundaries, in accordance with Government Code Section 1020.

(b) The Committee may not include any employee, official of the District or any vendor, contractor or consultant of the District.

5.3 Ethics; Conflicts of Interest. By accepting the appointment to the Committee, each member agrees to comply with Article 4 (commencing with Section 1090) and 4.7 (commencing with Section 1125)

of Division 4 of Title 1 of the Government Code and the Political Reform Act (Government Code Sections 81000 et seq.), and to complete the Form 700 as required by all "designated employees" of the District. Additionally, each member shall comply with the Committee Ethics Policy attached as "Attachment A" to these Bylaws.

5.4 Term. Except as otherwise provided herein, each member of the Committee shall serve a term of two (2) years, beginning on January 19, 2017. No member may serve more than three (3) consecutive terms. At the Committee's first meeting, members will draw lots to select a minimum of two (2) members to serve for an initial one (1) year term and the remaining members for an initial two (2) year term.

5.5 Appointment. Members of the Committee shall be appointed by the Board of Trustees through the following process:

(a) Appropriate local groups will be solicited for applications;

(b) The Board of Trustees shall form a Committee of one (1) or two (2) Trustees along with the Superintendent or her/his designee to review the applications received from the appropriate local groups; and,

(c) The Committee will make recommendations to the Board of Trustees;

5.6 Removal; Vacancy. The Board of Trustees may remove any Committee member for any reason, including for failure to comply with the Committee Ethics Policy. Upon a member's removal, his or her seat shall be declared vacant. The Board of Trustees, in accordance with the established appointment process shall fill any vacancies on the Committee.

5.7 Compensation. The Committee members shall not be compensated for their service on the Committee.

5.8 Authority of Members.

(a) Committee members shall not have the authority to direct staff of the District; and,

(b) Individual members of the Committee retain the right to address the Board of Trustees of the District as an individual.

Section 6. Meetings of the Committee.

6.1 Regular Meetings. The Committee is required to meet at least once a year including an annual organizational meeting to be in held in the second week of December of each year.

6.2 Location. All meetings shall be held within the geographical boundaries of the District.

6.3 Procedures. All meetings shall be open to the public in accordance with the Brown Act , Government Code Section 44950 et seq. Meetings shall be conducted according to such additional procedural requirements and rules as the committee may adopt. A majority of the number of Committee members shall constitute a quorum for the transaction of any business except adjournment.

Section 7. District Support.

7.1 The District shall provide to the Committee necessary technical and administrative assistance as follows:

(a) Preparation of and posting public notices as required by the Brown Act, ensuring that all notices to the public are provided in the same manner as notices of meetings of the Board of Trustees of the District;

(b) provision of a meeting room, including any necessary audio/visual equipment;

(c) Preparation and copies of any documentation and materials for the meeting, such as agendas and reports; and,

(d) Retention of all Committee records, and providing public access to such records on an Internet website maintained by the District.

7.2 District staff and/or District consultants shall attend all Committee proceedings in order to report on the status of the projects and the expenditures of bond proceeds.

7.3 **No bond proceeds shall be used to provide District support to the Committee.**

Section 8. Reports. In addition to the Annual Report required in Section 3.2, the Committee may report to the Board of Trustees at least semi-annually in order to advise the Board of Trustees on the activities of the Committee. Such reports shall be in writing and shall summarize the proceedings and activities conducted by the Committee.

Section 9. Officers. The Superintendent shall appoint the initial Chair of the Committee. Thereafter, the Committee shall elect a Chair and a Vice-Chair who shall serve as Chair in the absence of the Chair. The term of the Chair and Vice-Chair may be for terms of either one (1) year or two (2) years as may be determined from time-to-time by the Committee. No member shall serve in the position of Chair for more than two (2) consecutive terms.

Section 10. Amendment of Bylaws. Any amendment to these Bylaws shall be first approved by the Committee and shall then be approved by no less than two-thirds vote of the Board of Trustees.

Section 11. Termination. The Committee shall automatically be terminated and disbanded if (1) the election authorizing the sale of general obligation bonds fail or (2) at the earlier of the date when (a) all bond proceeds are spent, or (b) all projects funded by bond proceeds are completed.

OSD BOARD AGENDA ITEM

Name of Contributor: Kristen Pifko **Date of Meeting:** December 17, 2025

Agenda Section: Section D: Action Items

Approval of Agreement #25-184 with TYR, Inc. to provide DSA Project Inspector of Record Services for the Fremont Middle School Reconstruction Project (Pifko/Bennett/CFW)

The Fremont Middle School Reconstruction Project consists of a complete reconstruction of the Fremont campus with an entirely new set of facilities, built according to current State code, Oxnard School District (District) specifications, and 21st century educational program requirements. A reconstruction strategy is proposed that would include the construction of a new 750 student grade 6-8 facility at the existing school site. Upon completion of the new facilities, the existing school would be demolished, and playfields and hardcourt areas would be constructed in its place.

In November 2025, a request for proposals was distributed to DSA Inspection firms to submit proposals. Five firms submitted a proposal, and these proposals were reviewed by CFW for completeness and responsiveness.

The purpose of this item is to approve the agreement with TYR, Inc. to provide DSA Inspector of Record Services for the Fremont Middle School Reconstruction Project.

Term of Agreement: January 01, 2026 through March 30, 2028

FISCAL IMPACT:
$425,600.00 - Measure I Bond Funds

RECOMMENDATION:
It is the recommendation of the Assistant Superintendent of Business & Fiscal Services and the Director of Facilities, in consultation with Caldwell Flores Winters, that the Board of Trustees approve Agreement #25-184 with TYR, Inc.

ADDITIONAL MATERIALS:

Attached: Agreement #25-184, TYR, Inc. (50 Pages)

Tax Identification or Social Security Number	License Number (if applicable)

A. District desires to engage Provider services as more particularly described on "Statement of Work" which is attached hereto and incorporated herein by this reference ("Services").

B. Provider has the necessary qualifications by reason of training, experience, preparation and organization, and is agreeable to performing and providing such Services, upon and subject to the terms and conditions as set forth below in this Agreement.

NOW THEREFORE, for valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto hereby agree as follows:

1. **CONDITIONS**. Provider will have no obligation to provide services until District returns a signed copy of this Agreement.

2. **NATURE OF RELATIONSHIP**. The parties agree the relationship created by this Agreement is that of independent contractor. In performing all of the Services, Provider shall be, and at all times is, acting and performing as an independent contractor with District, and not as a partner, coventurer, agent, or employee of District, and nothing contained herein shall be construed to be inconsistent with this relationship or status. Provider is not granted any right or authority to assume or to create any obligation or responsibility, express or implied, on behalf of or in the name of District or to bind the District in any manner. Except for any materials, procedures, or subject matter agreed upon between Provider and District, Provider shall have complete control over the manner and method of performing the Services.

Provider understands and agrees to independent contractor status. Provider understands and agrees that the filing and acceptance of this Agreement creates a rebuttable presumption and that the Provider, officers, agents, employees, or subcontractors of Provider are not entitled to coverage under the California Workers' Compensation Insurance laws, Unemployment Insurance, Health Insurance, Pension Plans, or any other benefits normally offered or conveyed to District employees. Provider will be responsible for payment of all Provider employee wages, payroll taxes, employee benefits, and any amounts due for federal and state income taxes and Social Security taxes. These taxes will not be withheld from payments under this agreement.

3. **NON-EXCLUSIVITY.**

   a. During the term of this agreement Provider may, independent of Provider's relationship with the District, without breaching this Agreement or any duty owed to the District, act in any capacity, and may render services for any other entity.

   b. During the term of this Agreement the District may, independent of its relationship with the Provider, without breaching this Agreement or any duty owed to the Provider contract with other individuals and entities to render the same or similar services to the District.

4. **SERVICES**. Provider shall provide District with the services, which are described on the "Statement of Work" (the "Work" or "Service") attached hereto and incorporated herein by this reference. The Statement of Work shall contain a timetable for completion of the Work or if the Work is an ongoing service, the Statement of Work shall set forth the mutually agreed schedule for providing such services. Provider shall use its best efforts to complete all phases of the Work according to such timetable. In the event that there is any delay in completion of the Work arising as a result of a problem within the control of District, Provider and District shall cooperate with each other to work around such delay. However, District shall not be responsible for any additional cost or expense to Provider as a result of such delay unless specifically agreed to in writing by the District. In addition to the specifications and/or requirements contained in the Statement of Work and any warranty given by Provider hereunder, the Statement of Work may set forth those performance criteria agreed between District and Provider whereby the District can evaluate whether Provider has satisfactorily completed the Work ("Performance Criteria").

   Provider, at Provider's sole cost and expense, shall furnish all tools, equipment, apparatus, facilities, transportation, labor, and material necessary to meet its obligations under this Agreement. No substitutions of materials or service from those specified in this section shall be made without the prior written consent of the District.

5. **TIME OF PERFORMANCE**. The term of this Agreement shall commence on January 01, 20 26, and terminate on March 30, 20 28. All work and services contracted for under the terms of this Agreement shall be undertaken and completed in such sequence as to assure their full completion in accordance with the terms and conditions set forth in this Agreement.

   [**Note:** California *Education Code* section 17596 limits continuing contracts; contracts for work or services, or for apparatus or equipment, not to exceed five years; for materials or supplies, not to exceed three years.]

6. **PAYMENT AND EXPENSES**. All payments due to Provider are set forth in the "Schedule of Fees" attached hereto and incorporated herein by this reference.

   Provider shall send District periodic statements indicating Provider's fees and costs incurred and their basis and any current balance owed. If no Provider's fees or costs are incurred for a particular time period,

or if they are minimal, the statement may be held by the Provider and combined with that for the following time period unless a statement is requested by the District.

All payments due Provider are set forth in "Schedule of Fees" and shall be paid by the District within 30 days of receipt of a proper, undisputed invoice from Provider, which invoice shall set forth in reasonable detail the services performed. The District reserves the right, in its sole and absolute discretion, to reject any invoice that is not submitted in compliance with the District's standards and procedures. In the event that any portion of an invoice submitted by a Provider to the District is disputed, the District shall only be required to pay the undisputed portion of such invoice at that time, and the parties shall meet to try to resolve any disputed portion of any invoice.

The rates set forth in "Schedule of Fees" are not set by law, but are negotiable between Provider and District.

7. **ASSIGNMENT AND SUBCONTRACTORS**. Provider shall not assign, sublet, or transfer this Agreement or any rights under or interest in this Agreement without the prior written consent of the District, which may be withheld by the District in its sole and absolute discretion for any reason. Nothing contained herein shall prevent Provider from employing independent associates, subcontractors, and sub-consultants as Provider may deem appropriate to assist in the performance of services herein, subject to the prior written approval of the District. Any attempted assignment, sublease, or transfer in violation of this Agreement shall be null and void, and of no force and affect. Any attempted assignment, sublet, or transfer in violation of this Agreement shall be grounds for the District, in its sole discretion, to terminate the Agreement

8. **TERMINATION OR AMENDMENT**. This Agreement may be terminated or amended in writing at any time by mutual written consent of all of the parties to this Agreement, and may be terminated by either party for any reason by giving the other party 60 days advance written notice. In the event of cancellation prior to completion of the specified services, all finished or unfinished projects, documents, data, studies, and reports prepared by the Provider under this agreement shall, at the option of the District, become District property. The Provider shall be entitled to receive just and equitable compensation for any satisfactory work completed on such items prior to termination of the Agreement.

   The parties to this Agreement shall be excused from performance thereunder during the time and to the extent they are prevented from obtaining, delivering, or performing due to act(s) of God. Satisfactory evidence thereof to the other party is required, provided that it is satisfactorily established that the non-performance is not due to the fault or neglect of the party not performing.

9. **NOTICE**. Any notices required or permitted to be given under this Agreement shall be deemed fulfilled by written notice, demand or request personally served on (with proof of service endorsed thereon, or mailed to, or hereinafter provided) the party entitled thereto or on its successors and assigns, and may be given by:

   a. Personal delivery;

   b. Overnight commercial courier;

   c. Certified or registered prepaid U.S. mail, return receipt requested; or

   d. Electronic mail or electronic facsimile transmission; provided that if given electronically, an additional copy shall also be delivered by a, b, or c, above.

If mailed, such notice, demand, or request shall be mailed certified or registered mail, return receipt requested, and deposited in the United States mail addressed to such party at its address set forth below or to such address as either party hereto shall direct by like written notice and shall be deemed to have been made on the third (3rd) day following posting; or if sent by a nationally recognized overnight express carrier, prepaid, such notice shall be deemed to have been made on the next business day following deposit with such carrier. For the purposes herein, notices shall be sent to the District and the Provider as follows:

Oxnard School District	TYR, Inc.
District	Provider
Attn: Kristen Pifko	Attn: Youssef Sobhi
1051 South A Street	18672 Florida St. Suite 302-D
Street	Street
Oxnard, CA 93030	Huntington Beach CA, 92648
City, State, Zip Code	City, State, Zip Code

10. **WARRANTY**. Provider hereby warrants to District that the Work shall be performed in a professional and workmanlike manner consistent with the highest industry standards. For a period of one (1) year following completion of the Work, Provider shall correct or make arrangements to correct any breach of the warranty for the Work within ten (10) business days of notice from District of same.

11. **ADDITIONAL WORK**. If changes in the work seem merited by the Provider or the District, and informal consultations with the other party indicate that a change is warranted, it shall be processed by the District in the following manner:

    a. A letter outlining the changes shall be forwarded to the District by the Provider with a statement of estimated changes in fee and/or time schedule.

    b. A written amendment to this Agreement shall be prepared by the District and executed by all of the parties before any performance of such services or the District shall not be required to pay for the increased cost incurred for the changes in the scope of work.

    Any such amendment to the Agreement shall not render ineffective or invalidate unaffected portions of this Agreement.

12. **COMPLIANCE WITH LAWS**. Provider hereby agrees that Provider, officers, agents, employees, and subcontractors of Provider shall obey all local, state, and federal laws and regulations in the performance of this Agreement, including, but not limited to minimum wages laws and/or prohibitions against discrimination. Without limiting the generality of the foregoing, Provider shall complete the conflict of interest certification on **Exhibit C**.

    Provider, officers, agents, employees and/or subcontractors of Provider shall secure and maintain in force for the full term of this Agreement, at Provider's sole cost and expense, such licenses and permits as are required by law, in connection with the furnishing of all the Services, materials, or supplies necessary for completion of the Services described.

Provider shall be responsible for all costs of clean up and/or removal of spilled regulated substances as a result of Provider's services or operations performed under this Agreement, including, but not limited to:

☐ Hazardous and toxic substances,

☐ Hazardous waste,

☐ Universal waste,

☐ Medical waste,

☐ Biological waste,

☐ Sharps waste.

13. **NON-DISCRIMINATION AND EQUAL EMPLOYMENT OPPORTUNITY**
Provider represents and agrees that it does not and shall not discriminate against any employee or applicant for employment, company, individual or group of individuals, because of ancestry, age, color, disability (physical and mental, including HIV and AIDS), genetic information, gender identity, gender expression, marital status, medical condition, military or veteran status, national origin, race, religion, sex/gender, and sexual orientation.

14. **INDEMNIFICATION**. To the fullest extent permitted by law, Provider agrees to defend, indemnify, and hold harmless District, its governing board, officers, agents, employees, successors, assigns, independent contractors and/or volunteers from and against any and all claims, demands, monetary or other losses, loss of use, damages and expenses,, including but not limited to, legal fees and costs, or other obligations or claims arising out of any liability or damage to person or property resulting from bodily injury, illness, communicable disease, virus, pandemic, or any other loss, sustained or claimed to have been sustained arising out of activities of the Provider or those of any of its officers, agents, employees, participants, vendors, customers or subcontractors of Provider, whether such act or omission is authorized by this Agreement or not. Provider also agrees to pay for any and all damage to the real and personal property of the District, or loss or theft of such property, or damage to the Property done or caused by such persons. District assumes no responsibility whatsoever for any property placed on District premises by Provider, Provider's agents, employees, participants, vendors, customers or subcontractors. Provider further hereby waives any and all rights of subrogation that it may have against the District. The provisions of this Indemnification do not apply to any damage or losses caused solely by the negligence of the District or any of its governing board, officers, agents, employees and/or volunteers.

15. **INSURANCE**. Provider, at its own cost and expense, shall procure and maintain during the term of this Agreement, policies of insurance for the following types of coverage:

a. Commercial General Liability Insurance. Provider shall procure and maintain, during the term of this Agreement, the following General Liability Insurance coverage:

	Each Occurrence	Aggregate
Individual, Sole Proprietorship, Partnership, Corporation, or Other	$ 1,000,000.00	$ 2,000,000.00

Commercial General Liability insurance shall include products/completed operations, property damage, and personal and advertising injury coverage.

Any and all subcontractors hired by Provider in connection with the Services described in this Agreement shall maintain such insurance unless the Provider's insurance covers the subcontractor and its employees.

b. Automobile Liability. Provider shall procure and maintain, during the full term of this Agreement, Automobile Liability Insurance, including non-owned and hired automobiles, as applicable with the following coverage limits:

Personal vehicles:	$ 500,000.00 combined single limit or
	$100,000.00 per person / $300,000.00 per accident
Commercial vehicles:	$1,000,000.00 combined single limit

c. Workers' Compensation Insurance. Provider shall procure and maintain, during the term of this Agreement, Workers' Compensation Insurance, as required by California law, on all of its employees engaged in work related to the performance of this Agreement. Provider shall procure and maintain Employers' Liability insurance coverage of $1,000,000.
In the case of any such work which is subcontracted, Provider shall require all subcontractors to provide Workers' Compensation Insurance and Employers' Liability insurance for all of the subcontractor's employees to be engaged in such work unless such employees are covered by the protection afforded by the Provider's Workers' Compensation Insurance.
Absent proof of Workers' Compensation Insurance, Provider will submit a statement requesting a waiver from this requirement and indicating the reason Workers' Compensation Insurance is not required.

d. Errors and Omissions Insurance. Provider shall procure and maintain, during the term of this Agreement, Professional Liability/Errors and Omissions Insurance in an amount of the following:

Accountants, attorneys, education consultants, nurses, therapists	$1,000,000.00
Architects	$1,000,000.00 or $2,000,000.00

e. Other Coverage as Dictated by the District. Provider shall procure and maintain, during the term of this Agreement, the following other Insurance coverage:

	Each Occurrence	Aggregate
☐ Abuse and Molestation	$ 2,000,000.00	$4,000,000.00
☐ Pollution Liability	$ 1,000,000.00	$ 2,000,000.00
☐ Cyber Liability	$ 5,000,000.00	
☐ Other: _____	$ _____	$ _____

f. If the Provider or Provider's subcontractor(s) maintains broader coverage and/or higher limits than the minimums shown above, the District requires and shall be entitled to the broader coverage and/or higher limits maintained by the Provider. Any available insurance proceeds in excess of the specified minimum limits of insurance and coverage shall be available to the District.

g. Provider's and any and all subcontractors' insurance is primary and will not seek contribution from any other insurance available to the district.

h. Certificates of Insurance. Provider and any and all subcontractors working for Provider shall provide certificates of insurance to the District as evidence of the insurance coverage required herein, not less than Fifteen (15) days prior to commencing work for the District, and at any other time upon the request of the District. Certificates of insurance will be deemed invalid if proper endorsements are not attached. Certificates of such insurance shall be filed with the District on or before commencement of the services under this Agreement.

i. Endorsements. Provider's and any and all Provider subcontractor's Commercial General Liability insurance; Commercial Automobile Insurance; Liability Excess, Umbrella and/or Reinsurance; and Abuse and Molestation coverage shall name the District, its governing board, officers, agents, employees, and/or volunteers as additional insureds. All endorsements specifying additional insureds for any of the Insurance Policies shall be as indicated below or an equivalent endorsement reasonably acceptable to the District.

1) General Liability

❑ Facilities Rental or Lease: CG 20 11 10 01;

■ Most Other services: CG 20 26 10 01.

2) Primary, Non-Contributory

■ CG 20 01 01 13

3) Waiver of Subrogation

■ CG 24 04 05 09

4) Commercial Automobile Liability

■ CA 20 48 10 13

j. Provider's and any and all Provider subcontractor's Commercial General Liability insurance shall provide a list of endorsements and exclusions.

k. Deductibles. Any deductible(s) or self-insured retention(s) applicable to the insurance and/or coverage required by the foregoing provisions of this agreement must be declared to and approved by the District. Provider shall be responsible to pay that deductible or self-insured retention and the District shall not be responsible to pay these costs. In the event that Provider's deductibles or self-insured retentions collectively total more than $50,000.00, District reserves the right to request proof of Provider's financial solvency in relation to remittance thereof or require Provider to post a bond guaranteeing payment of the deductible, or both.

l. Acceptability of Insurers. Insurance is to be placed with insurers with a current A.M. Best's rating of no less than A: VII, unless otherwise acceptable to the District.

m. Insurance written on a "claims made" basis is to be renewed by the Provider and all Provider subcontractors for a period of five (5) years following termination of this Agreement. Such insurance

must have the same coverage and limits as the policy that was in effect during the term of this agreement, and will cover the provider for all claims made.

n. Failure to Procure Insurance**.** Failure on the part of Provider, or any of its subcontractors, to procure or maintain required insurance shall constitute a material breach of contract under which the District may immediately terminate this Agreement.

16. **SAFETY AND SECURITY**. Provider shall be responsible for ascertaining from the District all of the rules and regulations pertaining to safety, security, and driving on school grounds, particularly when children are present.

Without limiting the generality of the foregoing, Provider shall comply with any applicable fingerprinting/ criminal background investigation and tuberculosis clearance requirements of the California Education Code and shall provide the certifications on **Exhibit C** prior to performance of any Services.

a. On Site Services; Student Data Access. If services require Provider to access any District facility, transport or interact in any manner (including through an app or other electronic means) with District students, or access student data, Provider and any and all subcontractors are required to comply with Education Code section 45125.1, Fingerprint certification requirements. Provider must provide proof that fingerprint certification requirements have been fulfilled prior to commencing any services for the District under this Agreement.

Provider shall certify in writing to the school district that neither the Provider nor any of its employees, agents, representatives or subcontractors who are required to submit or have their fingerprints submitted to the Department of Justice and who may interact with any District student outside the direct supervision and control of a District employee or that student's parent or legal guardian have been convicted of a felony.

b. Other Services. If Provider will not provide any services on site or have access to any student data or interact with any District student in connection with the Services, then, Provider and its subcontractors are not required to comply with Education Code section 45125.1 background check requirements. However, Provider must still complete **Exhibit C** to specify that these requirements are not applicable.

c. Tuberculosis Risk Assessment requirements (Education Code section 49406). Providers who may have more than limited contact with District students (including any Providers who provide in person tutoring or who provide any transportation services to students) are required to cause to be on file with the District a certificate from an examining physician showing that Provider, employees and/or sub providers of Provider have been examined and found free from active tuberculosis.

17. **GOVERNING LAW AND VENUES**. Provider hereby acknowledges and agrees that District is a public entity, which is subject to certain requirements and limitations. This Agreement and the obligations of District hereunder are subject to all applicable federal, state and local laws, rules, and regulations, as currently written or as they may be amended from time to time.

This Agreement shall be interpreted in accordance with the laws of the State of California. If any action is brought to interpret or enforce any term of this Agreement, the action shall be brought in state or federal court situated in the County of Ventura, State of California. Provider hereby waives and expressly agrees not to assert, in any way, any claim or allegation that it is not personally subject to the jurisdiction of the courts named above. Provider further agree to waive any claim or allegation that the suit, action, or proceeding is either brought in an inconvenient forum or that the related venue is improper."

18. **DISPUTE RESOLUTION.**

a. The parties agree that, in the event of any dispute under the agreement in which the amount sought is $5,000.00 or less, any litigation to resolve the dispute shall be brought in the Ventura County Small Claims Court.

b. If the amount in dispute exceeds $5,000.00, the parties agree that they will first submit the matter to a mutually agreed upon mediator. Notwithstanding section 19, Attorneys Fees, the cost of the mediator shall be borne equally by the parties.

c. If the mediator is unable to resolve the dispute, then the parties shall submit the matter to binding arbitration in Ventura County or other mutually agreed location pursuant to the rules of the American Arbitration Association (AAA), as amended or as augmented in this Agreement (the "Rules"). The parties acknowledge that one of the purposes of utilizing arbitration is to avoid lengthy and expensive discovery and allow for prompt resolution of the dispute.

Arbitration shall be initiated as provided by the Rules, although the written notice to the other party initiating arbitration shall also include a description of the claim(s) asserted and the facts upon which the claim(s) are based. Arbitration shall be final and binding upon the parties and shall be the exclusive remedy for all claims subject hereto, including any award of attorneys' fees and costs. Either party may bring an action in court to compel arbitration under this Agreement and to enforce an arbitration award.

All disputes shall be decided by a single arbitrator. The arbitrator shall be selected by mutual agreement of the parties within 30 days of the effective date of the notice initiating the arbitration. If the parties cannot agree on an arbitrator, then the complaining party shall notify the AAA and request selection of an arbitrator in accordance with the Rules. The arbitrator shall have only such authority to award equitable relief, damages, costs, and fees as a court would have for the particular claim(s) asserted. In no event shall the arbitrator award punitive damages of any kind.

The arbitrator shall have the power to limit or deny a request for documents or a deposition if the arbitrator determines that the request exceeds those matters, which are directly relevant to the claims in controversy. The document demand and response shall conform to Code of Civil Procedure section 2031. The deposition notice shall conform to Code of Civil Procedure section 2025. The parties may make a motion for protective order or motion to compel before the arbitrator with regard to the discovery, as provided in Code of Civil Procedure sections 2025 and 2031.

19. **ATTORNEYS FEES.** In the event of any action or proceeding to interpret or enforce the terms of this Agreement, the prevailing party, as determined by the court or arbitrator, shall be entitled to recover its reasonable attorney fees and costs incurred in connection with such actions or proceeding

20. **DOCUMENT RETENTION.** After Provider's services to District conclude, Provider shall, upon the District's request, deliver all documents for all matter in which Provider has provided services to the District, along with any property of the District in Provider's possession and/or control. If the District does not request District's document(s) for a particular service, Provider will retain document(s) for a period of two (2) years after the service has ended. If District does not request delivery of the document(s) for the service before the end of the two (2) year period, Provider will have no further obligation to retain the document(s) and may, at Provider's discretion, destroy it without further notice to the District. At any point during the two (2) year period, District may request delivery of the document(s).

Exceptions: Attorney work-product and medical records shall not be destroyed by provider without the prior written consent of the District.

21. **NATURE OF AGREEMENT.** This Agreement constitutes a binding expression of the understanding of the parties with respect to the services to be provided hereunder and is the sole contract between the parties with respect to the subject matter thereof. There are no collateral understandings or representations or agreements other than those contained herein. This Agreement represents the entire agreement between the parties hereto with respect to the subject matter hereof and supersedes any and all other agreements and communications however characterized, written or oral, between or on behalf of the parties hereto with respect to the subject matter hereof. This Agreement may only be modified by a written instrument signed by authorized representatives of each of the parties hereto; provided that the District may not be bound by any term or condition incorporated by reference (including references to any link, website or electronic document) into any document prepared by or provided to District by Provider, including any license, purchase order or other instrument.

For the avoidance of any doubt, Provider is hereby informed that any and all terms or conditions of use of any web-based service or application must be presented in PDF format to the Board of Trustees and may not be unilaterally altered by Provider during the Term of this Agreement.

THE BODY OF THIS AGREEMENT MAY NOT BE EDITED OR ALTERED BY PROVIDER.

22. **BINDING EFFECT**. This Agreement shall inure to the benefit and shall be binding upon all of the parties to this Agreement, and their respective successors in interest or assigns.

23. **WAIVER.** No claim or right arising out of a breach of this Agreement can be discharged in whole or in part by a waiver or renunciation of the claim or right unless such waiver is in writing.

24. **SEVERABILITY.** It is intended that each paragraph of this Agreement shall be treated as separate and divisible, and in the event that any paragraphs are deemed unenforceable, the remainder shall continue to be in full force and effect so long as the primary purpose of this Agreement is unaffected.

25. **PARAGRAPH HEADINGS.** The headings of paragraphs hereof are inserted only for the purpose of convenient reference. Such headings shall not be deemed to govern, limit, modify or in any other manner affect the scope, meaning or intent of the provisions of this Agreement or any part or portion thereof, nor shall they otherwise be given any legal effect whatsoever.

26. **AUTHORITY.** Provider represents and warrants that Provider has all requisite power and authority to conduct its business and to execute, deliver, and perform this Agreement. Each party warrants that the individuals who have signed this Agreement have the legal power, right, and authority to make this Agreement and to bind each respective party.

27. **COUNTERPART EXECUTION: ELECTRONIC DELIVERY.** This Agreement may be executed in any number of counterparts which, when taken together, shall constitute one and the same instrument. Executed counterparts of this Agreement may be delivered by PDF email or electronic facsimile transmission, and shall have the same legal effect as an "ink-signed" original.

IN WITNESS WHEREOF, the parties have executed this agreement as of the date first written above. By signing below, Provider certifies that it has not altered any provision of the body of this Agreement.

Provider: TYR, Inc.

I. Fingerprinting/Criminal Background Certification (Education Code Section 45125.1)

Provider and its subconsultant's and their employees, agents and representatives (each, a "Provider Party") are required to submit fingerprints to the California Department of Justice (CDOJ) if they may interact with any student outside of the immediate supervision and control of the student's parent or guardian or a District employee in connection with the Services. Provider certifies to the Superintendent and the Board of Trustees of the District that it is, or prior to providing any Service under this Agreement will be, in compliance with the requirements of Education Code section 45125.1, as follows (Provider to check one box):

- ☒ Provider will ensure that any Provider Party who: (a) might access a District facility and/or interact with a District pupil in any manner (including through an educational app or cloud-based system) outside of the immediate supervision and control of the student's parent or guardian or a District employee OR (b) who was identified by District as a person requiring clearance pursuant to §45125.1(c) has, prior to providing any Service, submitted fingerprints to the CDOJ and that Provider has received from the CDOJ a valid criminal records summary as described in §44237 for said Provider Party. Provider will not allow any person who has been convicted of a violent felony listed in Penal Code section 667.5(c) or a serious felony listed in Penal Code §1192(c) to provide any Service. Provider will not allow any such Provider Party to perform any Service until Provider ascertains that the CDOJ has cleared that person and a record compliant with Education Code § 45125.1 is on file with Provider.
- ☐ The fingerprinting requirements **do not apply** because the Services are being provided on an emergency or exceptional situation as contemplated under section § 45125.1(b).
- ☐ The fingerprinting requirements **do not apply** because Provider Parties will have no opportunity to interact with a District students in any manner because: (i) no school-site Services or Services concerning student records will be provided; and/or (ii) the Services will be provided at a school site while students are not present (vacant, under construction etc.).

By signing below I certify, under penalty of perjury, that: (i) I am an authorized representative of Provider qualified to provide this Certification; (ii) the information above concerning compliance with Education Code Section 45125.1 is accurate and complete as of the date hereof; and (iii) during the term, I will immediately inform District if any CDOJ report is changed or updated with respect to Provider Party. Documents provided by the CDOJ will be retained by Provider and available for inspection by District or its representative(s) upon request.

II. Tuberculosis Risk Assessments Certification (Education Code Section 49406). With respect to Education Code § 49406, I do hereby ***certify, represent and warrant*** to District's Superintendent and Board of Trustees as follows (Provider to check the applicable statement below):

- ☒ Provider Parties, any subconsultants, and any respective employees, representatives or agents will, in connection with the provision of Services under this Agreement, have ***only limited or no contact*** with any District student(s).
- ☐ Provider Parties may, in connection with the provision of Services, have more than limited contact with District students. Therefore, the Provider has for each such Provider Party: (A) obtained and filed proof on completion of the required TB risk assessment(s) and (B) if deemed necessary by a physician/surgeon, obtained and filed copies of their TB examination(s), all in compliance with the provisions of Education Code § 49406. Provider will maintain a current list of all such Provider Parties and will provide a copy to District upon request.

By signing below I certify, under penalty of perjury, that I am an authorized representative of Provider qualified to provide this Certification, that the information above concerning compliance with Education Code § 49406 is accurate and complete as of the date hereof, and that, during the Term, I and all Provider Parties will satisfy all applicable tuberculosis clearance requirements before having more than limited contact with District students.

III. Conflict of Interest Certification

The Provider represents and warrants that he/she/it presently has no interest, and shall not acquire any interest, direct or indirect, financial or otherwise, which conflicts in any manner with District or with the performance of the Services. Provider understands that District will not engage any person having such conflict of interest to perform the Services. Provider agrees that if any facts come to its attention which raises any questions as to the applicability of conflict of interest laws, it shall immediately inform the District's designated representative and provide all information needed for resolution of this question.

Dear Project Coordinator Mason Nakada,

As a leading DSA inspection firm serving California's educational sector for over two decades, TYR, Inc. is honored to submit our qualifications to provide Inspector of Record (IOR) services for the Oxnard School District. For more than twenty-three years, TYR has supported K-12 and higher education institutions across California by delivering reliable, code focused inspection services that ensure projects are completed safely, on schedule, and in full compliance with DSA and Title 24 requirements. We understand that District projects, especially those involving campus modernization and relocatable classroom installations, require an IOR team that combines technical precision, proactive coordination, and clear communication to maintain safety and continuity of school operations.

Why we are a Good Fit?

TYR Inc. provides clients with DSA and HCAI inspections. Our firm currently employs over 75 multi-licensed inspectors who are certified in Class 1, 2, and 3 DSA, and Class A, B, and C HCAI. Each has demonstrated complete working knowledge of the Division of State Architect (DSA), Office of Public-School Construction (OPSC), California Department of Education's codes and regulations, Leadership in Energy and Environmental Design (LEED), and various project bids and construction types. *Please Click here For IOR Resume in Section 3 - Project Team Summary.*

Role	Name	License
Project Inspector	James Burleson	DSA Class 1
Project Inspector	Kevin Jeters	DSA Class 1

With a proven track record spanning over 155 public institutions, TYR, Inc. has successfully executed a wide range of project types including new construction, modernization, additions, and remodeling. We are proud to be currently serving Oxnard School District on the **Marina West Elementary School – Modular Classroom Project**, and we look forward to the opportunity to support the district on another successful project.

Certificate of Insurance: *Please find a copy of TYR, Inc.'s Insurance certificate attached in the Appendix Section.*

Agreement Statement: *TYR, Inc. received a copy of the District's standardized form of Agreement for Professional Services ("Agreement") attached as ATTACHMENT "A" to the RFP. TYR, Inc. has reviewed the indemnity and insurance provisions contained in the Agreement. If given the opportunity to contract with the District, TYR, Inc. has no objections to the use of the Agreement.*

Conflict of Interest: *TYR, Inc. certifies that no official or employee of the District, nor any business entity in which an official of the District has an interest, has been employed or retained to solicit or assist in the procuring of the resulting contract(s), nor that any such person will be employed in the performance of any/all contract(s) without immediate divulgence of this fact to the District.*

Best Regards, _____ - Youssef Sobhi, President, and Senior Inspector

2. Litigation and Claims History

2. Litigation and Claim History

Litigation History

As a result of our reliable and outstanding services, TYR Inc. has never had litigation or been threatened with any litigation filed against us. Additionally, we have never had any other type of legal matter arise with any of the districts we have worked with.

Additionally, TYR Inc. takes enormous pride in hiring only the best of the best in the inspection field. Each inspector is selected through a rigorous vetting process that includes thorough background checks, verification of credentials, and detailed reviews of professional work history and past performance. This commitment ensures that every member of our inspection team embodies the technical expertise, professionalism, and integrity that define TYR's reputation for excellence.

- TYR Inc. has **no** history of any litigation, arbitration, or negotiated/settled history with previous clients over the past five (5) years, **nor in our entire two-decade history.**
- TYR Inc. has **no** history of any legal claims (pursued or otherwise) in which the firm has been involved over the past five (5) years, **nor in our entire two-decade history.**
- **Neither the responding inspector nor any inspector employed by TYR Inc. has ever been involved** in any litigation, arbitration, or settlement related to professional services within the past five (5) years, nor at any point in their careers.
- **Neither the responding inspector nor any inspector employed by TYR Inc. has ever had** any legal claims, complaints, or disciplinary actions filed against them in connection with inspection services within the past five (5) years, **nor at any point in their careers.**

Statement on Lobbying

TYR, Inc. certifies that no attempt has been made or will be made by our firm or any of its representatives to influence any member of the Oxnard School District, its Board, or staff through direct or indirect lobbying, gratuities, or any other form of inducement in connection with the awarding of this contract.

We further affirm that this proposal has been prepared independently and without collusion or consultation with any competing proposer or District personnel outside of the official RFP process.

This certification is made in good faith and in compliance with all applicable laws and District policies regarding procurement ethics.

Statement of No Conflict of Interest

TYR, Inc. affirms that we have no known or potential conflicts of interest with Oxnard School District.

Neither TYR, Inc., nor any of our employees, subcontractors, or affiliated parties have any financial, professional, or personal relationships with the district that would in any way compromise our ability to provide services objectively and in the best interest of the district.

This statement is provided in good faith and in accordance with all applicable local, state, and federal guidelines regarding conflict-of-interest disclosure.

18672 Florida Street, Suite 302-D ● Huntington Beach, CA 92648 ● Phone: (949) 524-3020 ● Fax: (949) 524-3058 ● www.tyrior.com

3. Project Team Summary

3. Project Team Summary

Role	Name	License	Employment Type
Project Inspector	James Burleson	DSA Class 1 #5268	Independent contractor
Project Inspector	Kevin Jeters	DSA Class 1 #5685	Independent contractor

Resumes: All IOR names are linked to their respective resumes found on following pages

Qualifications of TYR Inspectors

TYR, Inc. only hires an individual who meets our high ethical standards, has great communication skills with all project teams, and possesses extensive experience and knowledge of codes that they are responsible for enforcing. In addition to having multi-licensed, local inspectors, our inspectors are also qualified in the following:

- **Multiple Project Coordination:** Many of our inspectors have experience in helping the district coordinate multiple projects to minimize the cost of inspections with the district, without compromising the quality of inspections. For example, one of our inspectors working at Pomona USD has coordinated and worked on multiple projects at the same time with the approval of the District and DSA. Each project was worked on as part-time work which provided minimal cost to the district, without compromising the quality of service. The inspector provided the District with a DSA form 6 for each project at 100% completion.

- **Background Of Inspectors:** As mentioned above, given that our inspectors hold multiple licenses, we make sure to match the project needs with an assigned inspector that has equivalent licenses and similar experience. Since each project is unique, the inspector's experience and technical background are necessary to complement the project and the district's needs. For example, for a Central Plant project, apart from assigning the required class inspector, we ensure that the appointed inspector has extensive experience in all MEP work as well.

- **Management Of Workload and Availability:** We have 21 years of experience coordinating inspection services across multiple clients and understand what is required to successfully balance all our commitments. Due to the number of inspectors our company employs, we have always completed our projects in a precise and prompt fashion. TYR is committed to providing Oxnard USD with an excellent inspection service without any delays.

- **Local To the District:** TYR understands how important the proximity of the firm's location and the inspector's residence is to each district. Our local offices allow us to provide our services on demand with more cost-effective proposals to our clients. Furthermore, all our inspectors are California locals, strategically placed within their counties for swift response during construction emergencies. We pride ourselves in assigning an inspector close to the project and their residence to minimize the driving distance. We have found this to be essential, not only for the inspector but more importantly to the client.

Personnels Availability: Although the proposed personnel are currently available, market demands may affect their availability. If any becomes unavailable at the start of the project, we can provide additional resumes of equally qualified inspectors for District review.

Notice on Sub-Consultant: TYR, Inc. does not anticipate the employment of sub-consultants but is fully equipped to provide sub-consultants if requested by the district.

Centinela Unified High School District | $38 Million | DSA #03-14162
Lawndale High School Student Services Building Phase 1

Project Description
New construction of a 115,000 sq. ft. 3-story academic bldg. featuring 4 chemistry labs, 8 biology labs, 4 computer labs, 24 classrooms, a media center, library, and student services center.

Field Inspection Duties
Inspection of wood and steel framing, including studs, hold-downs, anchor bolts, and Glu-lam beams, interior drywall and finishes. Underground utilities, all MEP elements for the mechanical system, reinforced concrete, fire life safety systems (fire alarm, sprinklers, fire-rated walls, and penetrations), and site verification for ADA compliance and path of travel.

Centinela Unified High School District | $18.4 Million | DSA #03-115691
Lawndale High School Student Center Building B

Project Description
New construction of a 2-story 43,426 sq. ft. bldg., featuring a full-service kitchen and spaces for the student union and ASB.

Field Inspection Duties
Inspection of the following: wood and steel framing (studs, hold down, AB, and Glu lam beams installation, interior drywall, and interior finishes). CMU and masonry (layout, embedment installation, mortar and grouting). Tie to city connection and interior rough in for MEP. Inspection of reinforced concrete, ADA, and FLS items.

Simi Valley Unified School District | $7.8 Million | DSA# 03-118786
Simi Valley HS Multipurpose Room Renovation

Project Description
Additions of a multi-purpose building and alterations to a multi-purpose building include additional renovations.

Field Inspection Duties
Inspection of the following: interior and exterior metal studs, insulation, drywall, fire stopping, ceilings, stucco, plaster, concrete, CMU walls and ADA compliance. Maintained a comprehensive project filing system that included RFI logs, submittals, tests, and special inspection reports. Provided detailed daily reports, attended project meetings, and verified compliance with ADA, fire, and life safety issues according to approved plans.

Los Angeles Unified School District | $38.3 Million | DSA #03-110123
Valley Region Elementary School #7

Project Description
New construction of a food service building and a multi-purpose building featuring classrooms, library, and admin spaces.

Field Inspection Duties
Continuous Inspection of the following: grading, concrete foundation work, structural elements, welding, stadium bleachers, Musco lights, CMU walls, and exterior veneer. MEP verification, supervising material testing, and oversaw on/off-site inspections for steel fabrication. Provided inspection for fire and life safety systems, waterproofing, and roofing. Maintained project documents for all inspection reports and inspection requests.

Los Angeles Unified School District | $72.9 Million | DSA #03-110201
Valley Region High School #4

Project Description
New construction of 4 buildings: gymnasium, lunch shelter, and 2 multi-purpose bldgs. encompassing admin spaces and library. Construction of canopies and a pedestrian bridge. Additions and alterations to a classroom bldg. and parking structure.

Field Inspection Duties
Inspection of the following: concrete and rebar, structural steel and welding, masonry, exterior metal studs, and lath and plaster. MEP inspection including material verification, rough-in for electrical, conduits, raceways, verification for wire sizing, electric boxes, etc., testing for all electric systems including ground and megger testing and connection to new transformer, mechanical and plumbing installation and verification for material, rough-in installation, and testing for the entire system. Fire and life safety items such as fire alarm and sprinkler system.

A full list of projects and references is available upon request.

4. Fee Proposal

Inspection Services
DSA & HCAI Inspection

4. Fee Proposal:

The projected costs outlined below are calculated for one project inspector. The project inspector proposed 2025 hourly rate for one is $112.00 per hour for the **Fremont Middle School - Reconstruction Project**. The inspector is expected to cover the project from the beginning of January 2026 and conclude by March 31, 2028.

District Name:	Oxnard School District
Project Name:	Fremont Middle School - Reconstruction Project
Project Duration:	January 2026 – March 31, 2028
Hourly Rate:	$112.00
Estimated Total Budget:	$425,600.00

I. Fee Proposal:

Project Name	Service	Project Total
Oxnard School District Fremont Middle School Reconstruction	IOR Services (James or Kevin) District Required Hours: 3800 Hours	$425,600.00
Grand Total		**$425,600.00**

II. Proposed Reimbursement: No additional service fees or reimbursables are being proposed for the scope of this project. The rates provided are fully burdened. If additional services become necessary for the district, TYR will provide quotations for those services.

III. Overtime: Monday through Friday is billed at the regular rate. Any work conducted on Saturdays, Sundays, Holidays, and over 8 hours per day is billed at 1.5x of any given hourly rate. The estimate excludes overtime hours, if the district determines the need for overtime, it may affect the total provided.

IV. Billing Practices: TYR's typical billing practice consists of monthly invoices based on the hours of inspection or management services provided throughout that month at the hourly rate provided. Lump sums are not employed unless by individual proposal and approved by the district. TYR customizes all invoicing as per district needs.

V. Estimate Notice and Assumptions: All rates provided to the district in this proposal are subject to an annual increase. All fee estimates provided are also susceptible to fluctuation in market demand. The estimate is also based on the preliminary project schedule and may change based on alterations to the finalized construction schedule. This estimate is also contingent on the preliminary project workload presented at the time of solicitation. Should there be an increase in the workload the estimate may be affected. Additionally, the estimate excludes overtime hours, if the district determines the need for overtime, it may also affect the total provided.

This proposal is designed to meet the district's requests. However, depending on DSA's determination , an assistant inspector may be required to ensure adequate inspection coverage. If that occurs, TYR can provide these additional services, though they are not included in the current estimate. Any changes will be implemented only if DSA guidance, including IRA-8 requirements, necessitates adjustments to coverage. Estimated hours and costs may be revised accordingly.

Please note: This estimate is based on a 4-hour Minimum: of 1 to 4 hours of inspection; 6-Hour Minimum: 4 to 6 hours of inspection; 8-Hour Minimum: Over 6 to 8 hours of inspection. The start/end times logged on to the inspector timecard may not reflect the actual duration spent on site. It is critical to remember that the billing time encompasses various components, including but not limited to on-site travel time, organization with project teams, coordination of TLOR services, preparation of daily and semi-monthly reports, etc. That is in addition to other administrative and inspection-related duties outlined in IRA-8.

6. Certification regarding Lobbying

ATTACHMENT D

Certifications Regarding Lobbying, Debarment, Suspension, and Other Responsibility Matters

The undersigned certifies, to the best of their knowledge and belief, that:

(1) No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment or modification of any Federal contract, grant, loan, or cooperative agreement.

(2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure of Lobbying Activities," in accordance with its instructions.

(3) The undersigned shall require that the language of this certification be included in the award documents of all sub-awards at all tiers (including subcontracts, sub-grants, and contracts under grants, loans, and cooperative agreements) and that all sub- recipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, United States Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

INSTRUCTIONS FOR COMPLETION OF SF-LLL, DISCLOSURE OF LOBBYING ACTIVITIES

This disclosure form shall be completed by the reporting entity, whether sub-awardee or prime Federal recipient, at the initiation or receipt of a covered Federal action, or a material change to a previous filing, pursuant to Title 31, U.S.C. section 1352. The filing of a form is required for each payment or agreement to make payment to any lobbying entity for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with a covered Federal action. Complete all items that apply for both the initial filing and material change report. Refer to the implementing guidance published by the Office of Management and Budget for additional information.

1. Identify the type of covered Federal action for which lobbying activity is and/or has been secured to influence the outcome of a covered Federal action.

2. Identify the status of the covered Federal action.

3. Identify the appropriate classification of this report. If this is a follow-up report caused by a material change to the information previously reported, enter the year and quarter in which the change occurred. Enter the date of the last previously submitted report by this reporting entity for this covered Federal action.

4. Enter the full name, address, city, State and zip code of the reporting entity. Include Congressional District, if known. Check the appropriate classification of the reporting entity that designates if it is, or expects to be, a prime or sub-award recipient. Identify the tier of the sub-awardee, e.g., the first sub-awardee of the prime is the 1st tier. Sub-awards include but are not limited to subcontracts, subgrants and contract awards under grants.

Not Applicable

5. If the organization filing the report in item 4 checks "Sub-awardee," then enter the full name, address, city, State and zip code of the prime Federal recipient. Include Congressional District, if known.

6. Enter the name of the federal agency making the award or loan commitment. Include at least one organizational level below agency name, if known. For example, Department of Transportation, United States Coast Guard.

7. Enter the Federal program name or description for the covered Federal action (item 1). If known, enter the full Catalog of Federal Domestic Assistance (CFDA) number for grants, cooperative agreements, loans, and loan commitments.

8. Enter the most appropriate Federal identifying number available for the Federal action identified in item 1 (e.g., Request for Proposal (RFP) number; Invitations for Bid (IFB) number; grant announcement number; the contract, grant, or loan award number; the application/proposal control number assigned by the Federal agency). Included prefixes, e.g., "RFP-DE-90-001."

9. For a covered Federal action where there has been an award or loan commitment by the Federal agency, enter the Federal amount of the award/loan commitment for the prime entity identified in item 4 or 5.

10. (a) Enter the full name, address, city, State and zip code of the lobbying registrant under the Lobbying Disclosure Act of 1995 engaged by the reporting entity identified in item 4 to influence the covered Federal action.

    (b) Enter the full names of the individual(s) performing services, and include full address if different from 10(a). Enter Last Name, First Name, and Middle Initial (MI).

11. The certifying official shall sign and date the form, print his/her name, title, and telephone number.

According to the Paperwork Reduction Act, as amended, no persons are required to respond to a collection of information unless it displays a valid OMB control Number. The valid OMB control number for this information collection is OMB No. 0348-0046. Public reporting burden for this collection of information is estimated to average 10 minutes per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the Office of Management and Budget, Paperwork Reduction Project (0348-0046), Washington, DC 20503

Not Applicable

Debarment, Suspension, and Other Responsibility Matters

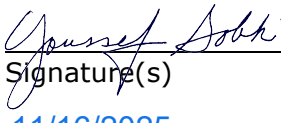
As required by Executive Order 12549, Debarment and Suspension, for prospective participants/Respondents in primary covered transactions:

A. The Respondent certifies that it and its principals:

(a) Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any federal department or agency;

(b) Have not within a three-year period preceding this application been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (federal, state, or local) transaction or contract under a public transaction; violation of federal or state antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;

(c) Are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (federal, state, or local) with commission of any of the offenses enumerated in paragraph (1)(b) of this certification; and



(d) Have not within a three-year period preceding this application had one or more public transactions (federal, state, or local) terminated for cause or default.

B. Where the Respondent is unable to certify to any of the statements in this certification, they shall attach an explanation to this application.

Firm Relevant Project Experience

In our 20 years of business, we have had the pleasure of working with numerous school districts, community colleges, universities, hospitals, and public works projects throughout California. This has led our company to gain the vital knowledge required to work on different project scopes, such as new construction, modernization, and renovations. In addition, our mission is to provide our clients with excellent quality inspection services and to fulfill all project needs, while ensuring projects stay cost-effective and are closed out successfully.

TYR is the largest inspection firm of its kind - This is only a sample list of our projects, we have had the honor of working on over 500 projects in the last 5 years throughout the state of California with numerous School Districts, community colleges, universities public works, and Judicial Council of the Courts

Please note: No sub-consultants were used on the following projects. A full project list is available upon request.

Recent K-12 Project Experience

Client	Project Name	Brief Project Description	District Contact
Oxnard School District	Marina West ES - New Modular Classroom	**Construction Cost: 8.3 M.** Construction of five 72x40 relocatable kindergarten buildings, including all associated site improvements such as utility connections, grading, paving, and accessibility upgrades, designed to provide a safe, functional, and efficient learning environment.	**Loretta C. Steele** Flewelling & Moody Architect 323-543-8300 lsteele@flewelling-moody.com

TYR, INC. SELECT PROJECT LIST

K-12 Sample Experience

Clovis USD
Terry P. Bradley Educational Center

New Construction
$510 Million

This comprehensive educational complex features modern classrooms, science labs, a library, applied arts spaces, and a student union, along with extensive athletic facilities.

Chino Valley USD – Chino H.S. Phase 1 & 2

New Construction
$250 Million

New Buildings: a Library, Theater, Gym, Vocational Classroom, Administration, and 2 Fields

Compton USD – Compton High School

New Construction
$200 Million

High School Replacement Project: 2-story Academic Buildings, Arts Center, Gym, Cafeteria, and Outdoor Athletic Facilities

TYR, INC. SELECT PROJECT LIST

K-12 Sample Experience

Bellflower USD – Mayfair H.S. STEM Building

New Construction
$40 Million

2-story of 67,000 sq. ft. structure for Science, Engineering, and Math educational spaces.

Rowland USD – Rowland H.S.

New Construction
$43 Million

New Buildings: education bldg., A theatre, a cafeteria, and a library bldg.

Long Beach USD – K8 Newcomb Academy

New Construction
$40.6 Million

7 new buildings, including two 2-story bldg. and 5 additional bldgs., housing 45 classrooms, a library, & Gymnasium.

OSD BOARD AGENDA ITEM

Name of Contributor: Kristen Pifko **Date of Meeting:** December 17, 2025

Agenda Section: Section D: Action Items

Approval of the Project Labor Agreement No. 25-186 for the Fremont Middle School Reconstruction and Modernization Project (Pifko)

The Project Labor Agreement (PLA) for the Fremont Middle School Reconstruction and Modernization Project (Project) is intended to:

- provide employment opportunities for local workers to participate in the construction of the Project, and
- Provide for the peaceful settlement of labor disputes and grievances without strikes or lockouts, thereby
- Promoting the public interest in assuring the timely and economical completion of the Project.

The PLA creates a partnership for the District to enhance project predictability regarding schedule, quality, and cost controls with the Tri-Counties Building and Construction Trades Council ("Council"), AFL-CIO, and the signatory Craft Councils and Unions that sign the PLA ("Signatory Unions").

Entering a PLA for the Fremont Middle School Reconstruction and Modernization Project will help the District achieve on-time completion, maintain jobsite harmony, and align construction delivery with the District's workforce and community-benefit goals.

FISCAL IMPACT:
Approval of the PLA does not, by itself, increase the Board-approved project budget. The PLA establishes labor standards and a dispute-resolution framework intended to support project efficiency and reduce the risk of costly delays. All construction work will continue to be competitively bid in accordance with the California Public Contract Code and District procedures.

RECOMMENDATION:
It is the recommendation of the Assistant Superintendent, Business and Fiscal Services, that the Board of Trustees approve and authorize the Superintendent to execute Project Labor Agreement No. 25-186 for the Fremont Middle School Reconstruction and Modernization Project.

ADDITIONAL MATERIALS:

Attached: Project Labor Agreement No. 25-186 (40 pages)

AGREEMENT NO. 25-186
PROJECT LABOR AGREEMENT
FOR OXNARD SCHOOL DISTRICT'S
FREMONT MIDDLE SCHOOL PROJECT

The purpose of this Project Labor Agreement for Oxnard School District's Fremont Middle School Project is to promote efficiency of construction operations during the Oxnard School District's Fremont Middle School Reconstruction and Modernization Project ("Project") as defined herein, and to provide employment opportunities for local workers to participate in the construction of the Project, and for peaceful settlement of labor disputes and grievances without strikes or lockouts, thereby promoting the public interest in assuring the timely and economical completion of the Project.

WHEREAS, the timely and successful completion of the Project is of the utmost importance to the Oxnard School District ("District") to meet the educational needs of the District's students and to avoid increased costs resulting from delays in construction; and

WHEREAS, the Agreement provides a level of accountability that will greatly reduce if not eliminate the exploitation of workers and circumvention of the Labor Code as it applies to the payment of prevailing wages and will save the District financial and human resources in prevailing wage enforcement; and

WHEREAS, large numbers of workers of various skills will be required in the performance of the construction work, including those to be represented by the Tri Counties Building and Construction Trade Council, AFL-CIO and the signatory Craft Councils and Unions signing this Agreement. All of the above-listed entities, which have executed this Agreement, shall be referred to collectively as the "Parties" and individually as a "Party;" and

WHEREAS, the interests of the general public, the District, the Unions and Contractor/Employer(s) would be best served if the construction work proceeded in an orderly manner without disruption because of strikes, sympathy strikes, work stoppages, picketing, lockouts, slowdowns or other interferences with work; and

WHEREAS, the Contractor/Employers and the Unions desire to mutually establish and stabilize wages, hours and working conditions for the workers employed on the Project by the Contractor/Employer(s), and, further, to encourage close cooperation among the Contractor/Employer(s) and the Union(s) to the end that a satisfactory, continuous and harmonious relationship will exist among the parties to this Agreement; and

WHEREAS, the Agreement is not intended to replace, interfere, abrogate, diminish or modify existing local or national collective bargaining agreements in effect during the duration of the Project, insofar as a legally binding agreement exists between the Contractor/Employer(s) and the affected Union(s) except to the extent that the provisions of this Agreement are inconsistent with said collective bargaining agreements, in which event, the provisions of this Agreement shall prevail; and

WHEREAS, the contracts for construction work on the Project will be awarded in

accordance with the applicable provisions of the Public Contract Code, Education Code and other applicable California law; and

WHEREAS, the District places high priority upon the development of comprehensive programs for the recruitment, training and employment of local area residents and has identified the need to prepare its students for lifelong careers and continuing education, recognizing the ability of local apprenticeship programs to provide meaningful and sustainable careers in the building and construction industry; and

WHEREAS, the parties to this Agreement pledge their full good faith and trust to work towards a mutually satisfactory completion of the Project; and

WHEREAS, by requiring, as a condition of performing work on the Project, Contractor/Employers to provide training and employment opportunities to local residents registered in apprenticeship programs, the residents of the District, the District and the residents of the District desiring training all benefit.

NOW, THEREFORE, IT IS AGREED BETWEEN AND AMONG THE PARTIES HERETO, AS FOLLOWS:

ARTICLE 1.
DEFINITIONS

1.1. "Agreement" means this Project Labor Agreement for Oxnard School District's Fremont Middle School Project, plus appendices A, B, C and D.

1.2. "Apprentice" shall mean those employees registered and participating in Bona Fide Joint Labor/Management Apprenticeship Programs approved by the Division of Apprenticeship Standards, Department of Industrial Relations of the State of California.

1.3. "Contractor/Employer(s)", "Contractor(s)", and "Employer(s)" means any individual, firm, partnership, or corporation, or combination thereof, including joint ventures, which as an Independent Contractor has entered into a Construction Services Agreement or Contract with the District with respect to the Project Work, or with another Contractor as a subcontractor of whatever tier utilized by such Contractors for Project Work.

1.4. "Construction Services Agreement" means a public works contract not excluded in this Agreement which will be signed by the District and which is necessary to complete the Project.

1.5. "District Graduate" is a person who has graduated from a District school, regardless of their current place of residence.

1.6. "DSA" means Division of State Architect.

1.7. "Bona Fide Apprenticeship Program" means a Joint Labor/Management Apprenticeship Program approved by the State Division of Apprenticeship Standards that has graduated apprentices annually for at least the past five (5) years.

1.8. "Letter of Assent" as used in this Agreement means the document that each Contractor (of any tier) must sign and submit to the PLA Coordinator and the Council, before beginning any Project Work, which formally binds them to adhere to all the forms, requirements and conditions of this Agreement, in the letter attached hereto as Appendix A.

1.9. "Oxnard Resident" for purposes of this Agreement are defined as those residents living within the zip codes within the jurisdictional boundary of the District, or the City of Oxnard, as well as any District Graduates, regardless of their residence..

1.10. "PLA Coordinator" means the person(s) or business entity(ies) designated by the District to manage, coordinate and administer the implementation of this Agreement.

1.11. "Project" is defined to include all phases of the construction of new facilities and upgrading and repair to all existing facilities on the Fremont Middle School campus covered in the Agreement executed by the District.

1.12. "Project Manager" means the person(s) or business entity(ies) designated by the District to manage, coordinate and administer all phases of construction on the Project.

1.13. "Union" or "Unions" means the Tri-Counties Building and Construction Trades Council ("Council"), AFL-CIO, and the signatory Craft Councils and Unions signing this Agreement ("Signatory Unions").

1.14. "Master Labor Agreements," as used in this Agreement, means the Master Labor Agreements of the signatory Unions having jurisdiction over the Project Work and which have signed this Agreement.

ARTICLE 2.
SCOPE OF AGREEMENT

2.1. Parties: The Agreement shall apply and is limited to all Contractors/Employer(s) performing Construction Services Agreements on the Project, the District and the Council, AFL-CIO,and the Signatory Unions. It is agreed that liability under this Agreement is several and not joint.

2.2. The District will apply the Agreement as a contract specification to the award of Construction Services Agreements identified by the District for the Project, issued after the date of this Agreement.

2.3. The District shall designate a PLA Coordinator, either from its own staff or an

independent contractor acting on behalf of the District, to monitor compliance with this Agreement; assist, as the authorized representative of the District, in developing and implementing the programs referenced herein, all of which are critical to fulfilling the intent and purposes of the Parties and this Agreement; and, to otherwise implement and administer this Agreement.

2.4. Covered Work:

2.4.1. This Agreement shall apply to all on-site construction, demolition, alteration, painting or repair of buildings, structures, landscaping, temporary fencing and other works and related activities for the Project that is within the craft jurisdiction of one of the Unions and that is part of the Project, including, without limitation, pipelines, site preparation, demolition of existing structures and all construction, demolition or improvements required to be performed as a condition of approval by any public agency.

2.4.2. The on-site installation or application of all items shall be performed by the craft having jurisdiction over such work as set forth under the provisions of this Agreement; provided, however, it is recognized that installation of specialty items which may be furnished by the District or a Contractor shall be performed by construction persons employed under this Agreement who may be directed by other personnel in a supervisory role; and further provided, , in limited circumstances requiring special knowledge of the particular item(s), such work may be performed by construction persons of the vendor or other companies where necessary to protect a manufacturer's warranty.

2.4.3. Work covered by this Agreement shall be performed pursuant to the terms and conditions of this Agreement regardless of the project delivery method.

2.4.4. It is recognized that certain equipment of a highly technical and specialized nature may be installed at the Project work site. The nature of the equipment, together with the requirements for manufacturer's warranties, may dictate that it be prefabricated, pre-piped and/or pre-wired and that it be installed under the supervision and direction of the District's and/or manufacturer's personnel. The Unions agree to install such material, equipment and systems without incident, or allow such installation to be performed by the manufacturer or a contractor designated by the manufacturer, only where the Unions are unable to perform such work. Prior to any such installation, manufacturer or General Contractor will discuss the issue with the Council and affected Union.

2.4.5. If any disagreement between Contractor/Employer(s) and a Union or Unions concerning the methods of implementation or installation of any equipment, or device or item, or method of work, arises, or whether a particular part or pre-assembled item is a standardized or catalog part or item, the work will proceed as directed by the Contractor and the parties shall immediately consult over the matter. If the disagreement is not resolved, the affected Union(s) shall have the right to the procedures set forth in Article 13;

2.4.6. The Parties understand that the District may at any time, and at its sole discretion, determine to build segments of other Projects under this Agreement, which are not currently proposed.

2.5. Work excluded from this Agreement includes, but is not limited to, the following:

2.5.1. Work of non-manual employees, including but not limited to, superintendents, supervisors, architects and other design professionals, staff engineers, municipal inspectors, DSA inspectors of record, information technology installers and technicians, safety personnel, timekeepers, mail carriers, clerks, emergency medical and first aid technicians, and other professional, engineering, administrative, supervisory and management employees and specifically specialized work such as system programming and startup, design, and other crafts not covered under a Master Labor Agreement;

2.5.2. Maintenance of equipment and machinery owned or controlled and operated by the District or a Contractor/Employer or their direct employees;

2.5.3. All off-site manufacture and handling of materials, equipment or machinery (except at dedicated staging, lay-down, or storage areas) which is not covered by the fabrication provision in the Master Labor Agreement or local addenda to a national agreement of one of the Unions;

2.5.4. All employees of the District, PLA Coordinator, design teams (including, but not limited to architects, engineers and master planners), or any other consultants for the District (including, but not limited to, project managers and construction managers and their employees not engaged in Project Work) and their sub-consultants, and other employees of professional service organizations, not performing manual labor within the scope of this Agreement; provided, however, that it is understood and agreed that Surveyors and Building/Construction Inspector and Field Soils and Materials Testers (Inspectors) are a covered craft under the PLA. (This inclusion applies to the scope of work defined in the Master Labor Agreement for said craft. This shall also specifically include such work where it is referred to by utilization of such terms as "quality control" or "quality assurance." Every Inspector performing under the Wage classification of Surveyor and Building/Construction Inspector and Field Soils and Material Testers under a professional services agreement or a construction contract shall be bound to all applicable requirements of the PLA.) Covered Work as defined by this Agreement shall be performed pursuant to the terms and conditions of this Agreement regardless of the manner in which the work was awarded;

2.5.5. Any work performed on or near or leading to or into a site of work covered by this Agreement and undertaken by state, county, city or other governmental bodies, or their Contractors; or by public utilities, or their Contractors; and/or

by the District or its Contractors (for work for which is not within the scope of this Agreement);

2.5.6. Maintenance of leased equipment and supervision of such maintenance of work;

2.5.7. Work by employees of a manufacturer or vendor necessary to maintain its warranty or guarantee;

2.5.8. Laboratory work for specialty testing; and

2.5.9. Non-construction support services contracted by the District, PLA Coordinator or Contractor/Employer in connection with the Project.

2.6. Project Labor Disputes: All Project labor disputes involving the application or interpretation of a Master Labor Agreement to which a Contractor/Employer(s) and a Signatory Union are parties shall be resolved pursuant to the resolution procedures of the Master Labor Agreement. All disputes relating to the interpretation or application of this Agreement shall be subject to resolution by the Joint Administrative Committee.

2.7. Coverage Exception: This Agreement shall not apply if the District receives funding or assistance from any Federal, State, local or other public entity for the Construction Contract if a requirement, condition or other term of receiving that funding or assistance, at the time of the awarding of the contract, is that the District not require, bidders, contractors, subcontractors or other persons or entities to enter into an agreement with one or more labor organizations or enter into an agreement that contains any of the terms set forth herein. The District agrees that it will make every effort to establish the enforcement of this Agreement with any governmental agency or granting authority.

ARTICLE 3.
EFFECT OF AGREEMENT

3.1. By executing this Agreement, the Unions and the District agree to be bound by each and all of the provisions of the Agreement.

3.2. By accepting the award of a Construction Services Agreement for the Project, whether as contractor or subcontractor, each Contractor/Employer agrees to be bound by each and every provision of this Agreement and agrees that it will evidence its acceptance prior to the commencement of work by executing a Letter of Assent in the form attached hereto as Appendix A.

3.3. At the time that any Contractor/Employer enters into a subcontract with any subcontractor providing for the performance of the Construction Services Agreement, the Contractor/Employer(s) shall provide a copy of this Agreement, as it may from time to time be modified, to said subcontractor and shall require the

subcontractor as a part of accepting an award of a subcontract to agree in writing to be bound by each and every provision of this Agreement prior to the commencement of work by executing an Agreement to be Bound in the form attached hereto as **Appendix A**. This Agreement shall only be binding on the signatory parties hereto and shall not apply to the parents, affiliates, subsidiaries, or other ventures of any such party.

3.4. The provisions of this Agreement, including the Master Labor Agreements of the Signatory Unions having jurisdiction over the work on the Project, as such may be changed from time-to-time and which are incorporated herein by reference, shall apply to the work covered by this Agreement, notwithstanding the provisions of any other local, area and/or national agreement which may conflict with or differ from the terms of this Agreement. However, such does not apply to work performed under the National Cooling Tower Agreement, the National Stack Agreement, the National Transit Division Agreement (NTD), or within the jurisdiction of the International Union of Elevator Constructors and all instrument calibration and loop checking work performed under the terms of the UA/IBEW Joint National Agreement for Instrument and Control Systems Technicians except that Articles dealing with Work Stoppages and Lock-Outs, Work Assignments and Jurisdictional Disputes, and Settlement of Grievances and Disputes shall apply to such work. It is specifically agreed that no later agreement shall be deemed to have precedence over this Agreement unless signed by all Parties signatory hereto who are then currently employed or represented at the Project. Where a subject covered by the provisions of this Agreement is also covered by a Master Labor Agreement, the provisions of this Agreement shall apply. Where a subject is covered by a provision of a Master Labor Agreement and not covered by this Agreement, the provisions of the Master Labor Agreement shall prevail. Any dispute as to the applicable source between this Agreement and any Master Labor Agreement for determining the wages, hours of working conditions of employees on this Project shall be resolved under the procedures established in Article 13.

3.5. It is understood that this Agreement, together with the applicable Master Labor Agreements, constitutes a self-contained, stand-alone agreement and by virtue of having become bound to this Project Labor Agreement, the Contractor/Employer will not be obligated to sign any other local, area or national collective bargaining agreement as a condition of performing work within the scope of this Agreement (provided, however, that the Contractor/Employer may be required to sign an uniformly applied, non-discriminatory Subscription or Participation Agreement at the request of the trustees or administrator of a trust fund established pursuant to Section 302 of the Labor Management Relations Act, and to which such Contractor is bound to make contributions under this Agreement, provided that such Participation Agreement does not purport to bind the Contractor/Employer beyond the terms and conditions of this Agreement and/or expand its obligation to make contributions pursuant thereto). It shall be the responsibility of the prime Contractor/Employer to have each of its subcontractors sign the documents with the appropriate Craft Union prior to the subcontractor beginning Project Work.

ARTICLE 4.
WORK STOPPAGES, STRIKES, SYMPATHY STRIKES AND LOCKOUTS

4.1. During the life of this Agreement, the Unions, their members, their agents, their representatives, and their employees agree that they shall not incite, encourage, condone or participate in any strike, walkout, slowdown, sit-down, stay-in, boycott, sympathy strike, picketing, or other work stoppage or other protest of any kind for any cause whatsoever with respect to the Project; and there shall be no lockout by Contractor or any Employer. It is expressly agreed that any such action is in violation of this Agreement.

4.2. In the event of a violation of this Section 4.1, any Contractor/Employer shall be entitled to hire replacement workers and/or subcontractors in accordance with the terms of this Agreement, within 24 hours of written notice to the affected Union(s) of the violation of this Agreement. In addition, the Contractor or Employer may seek relief in court (and shall not be limited to the remedy provided in Article 13), specifically including injunctive relief, to restrain any such action on the part of the Union(s), and any of its agents, representatives, or employees. In the event of a violation of this provision by the Unions or by the employees the Unions represent, a Contractor/Employer whose employees have not reported to work may be replaced with any other contractor or subcontractor that executes the Letter of Assent.

4.3. The Contractor/Employer may discharge any employee violating Section 4.1 above and any such employee will not be eligible for rehire under this Agreement.

4.4. Notwithstanding the provisions in Section 4.1 above, is it agreed that a Union retains the right to withhold the services (but not the right to picket) of its members from a particular Contractor/Employer who fails to make timely payments to the Union's benefit plans, or fails to timely pay its weekly payroll, in accordance with its agreements with the Union; provided, however, that the Union shall give ten (10) business days written notice to such Contractor/Employer prior to withholding the services of its members, and that in the event the Union or any of its members withholds their services from such Contractor/Employer, the District shall have the right to replace such Contractor/Employer with any other Contractor/Employer that executes an Letter of Assent. Any notice provided to the Contractor/Employer per this article shall also be provided to those identified in Article 21.13.

4.5. The Parties agree that Project delays caused by violations of this Article will cause the District to sustain damages. They agreed that it would be impractical or extremely difficult to fix the amount of such damages.

Therefore, the Parties agree that, should the District file a grievance against one of the Signatory Unions for violation of Section 4.1 of this Agreement and such grievance goes to arbitration under Article 13 of this Agreement, if the arbitrator hearing such grievance finds the applicable Signatory Union violated Section 4.1 of this Agreement and Orders the applicable Signatory Union to immediately cease

and desist from such activity and the applicable Signatory Union fails to comply with such order within twenty-four (24) hours of the applicable Signatory Union's receipt of the arbitrator's order, the District shall be entitled to liquidated damages in the amount of ten-thousand dollars ($10,000.00) per day. The payment, when made, shall constitute a damages remedy of the District for the delay specified, but shall not prevent the District from seeking injunctive or other relief, including termination of this Agreement. Payment of these sums as liquidated damages is not intended as a forfeiture or penalty within the meaning of California law.

ARTICLE 5.
PRECONSTRUCTION CONFERENCE

5.1. A pre-construction conference shall be held prior to the commencement of the work to be performed pursuant to the Construction Services Agreement. Such conference shall be attended by a representative each from the participating Contractor/Employer(s), including all subcontractors, Union(s) and the PLA Coordinator. All efforts will be made to hold the conference in sufficient time to ensure all parties the ability to properly raise and resolve any issue that may arise out of such meeting, with a goal that such conference will be held at least 7 days before the work commences. All work assignments should be disclosed by the Contractor/Employer(s) at a pre-job conference held in accordance with industry practice. Should there be any formal jurisdictional dispute raised under Article 14, the Project Manager shall be promptly notified. All meetings shall be held at the District's offices at 1055 South C Street, Oxnard, CA 93030.

5.2. Should additional work be awarded after the pre-construction conference has taken place, a separate pre-construction conference shall be held for such additional work.

ARTICLE 6.
NO DISCRIMINATION

6.1. The Contractor/Employer(s) and Union(s) agree not to engage in any form of discrimination on the ground or because of race, religion, gender, membership in a labor organization, political affiliation, marital status, color, creed, national origin, ancestry, age, sex, sexual orientation, political affiliation, marital status or disability or any other basis made illegal by law against any employee, or applicant for employment, on the Project.

ARTICLE 7.
UNION SECURITY

7.1. The Contractor/Employer(s) recognize the Union(s) as the sole and exclusive bargaining representative of all craft employees working within the scope of this Agreement.

7.2. Employees are not required to become or remain union members or pay dues or fees as a condition of performing Covered Work under this Agreement. Employers shall make and transmit all deductions for union dues, fees, and assessments that have been authorized by employees in writing in accordance with the applicable Master Agreement. Nothing in this Section 7.2 is intended to supersede independent requirements of applicable Master Agreements as to those Employers otherwise signatory to such Master Agreements and as to the employees of those Employers who are performing Covered Work.

7.3. Authorized representatives of the Union shall have access to the work performed on the Project, provided that they do not interfere with the work of employees and further provided that such representatives fully comply with posted visitor, security and safety rules.

ARTICLE 8.
REFERRAL

8.1. The Union(s) shall be the primary source of all craft labor employed on the Project. However, in the event that a Contractor/Employer has its/his/her own "core workforce", the Contractor/Employer(s) may request by name, and the local shall honor, referral of persons who demonstrate the following qualifications:

8.1.1. possess any license required by state or federal law for the Project work to be performed;

8.1.2. have worked a total of at least two thousand (2,000) hours in the construction craft during the prior three (3) years;

8.1.3. were on the Contractor/Employer(s)' active payroll for at least sixty (60) out of the one hundred (100) working days immediately prior to the contract award;

8.1.4. have the ability to perform safely the basic functions of the applicable trade;

8.1.5. Prior to each Contractor performing any work on the Project, each Contractor shall provide a list of his core employees to the PLA Coordinator and the Council. Failure to do so will prohibit the Contractor from using any core employees. Upon request by any Party to this Agreement, the Contractor hiring any core employee shall provide satisfactory proof (i.e., payroll records, quarterly tax records, driver's license) evidencing the core employee's qualification as a core employee to the PLA Coordinator and the Council.

8.1.6. The Union will refer to such Contractor/Employer(s) one "core" employees as a journeyman and will then refer one employee from the hiring hall out-of-work list for the affected trade or craft, and shall repeat the process, one to one, until such Contractor/Employer(s) crew requirements are met or until

such Contractor has hired five (5) "core" employees, whichever occurs first. Thereafter, all additional employees in the affected trade or craft shall be hired exclusively from the hiring hall out-of-work list(s). For the duration of the Contractor/Employer(s)' work the ratio shall be maintained and when the Contractor/Employer(s)' workforce is reduced, employees shall be reduced in the same ratio of core employees to hiring hall referrals as was applied in the initial hiring. As part of this process, and in order to facilitate the contract administration procedures, as well as appropriate fringe benefit fund coverage, all Contractors shall require their core employees and any other persons employed other than through the referral process, to register with the appropriate Union hiring hall, if any, prior to their first day of employment at a project site. The provisions of this Section 8.1, relating to core employees, shall not apply to Contractor/Employer(s) that are directly signatory to one or more of the Master Labor Agreements.

8.2. The Employers shall have the unqualified right to select and hire directly supervisors above general foreman considered necessary and desirable, without such persons being referred by the Union(s).

8.2.1. The Employer shall have the right to determine the competency of all employees, the number of employees required, the duties such employees within their craft jurisdiction. The Employer shall also have the right to reject any applicant referred by a Union for any reason, subject to any reporting time requirements of the applicable Master Labor Agreement; provided, however, that such right is exercised in good faith and not for the purpose of avoiding the Employer's commitment to employ qualified workers through the procedures endorsed in this Agreement.

8.3. Contractor/Employer(s) shall be bound by and utilize the registration facilities and referral systems established or authorized by the Signatory Unions when such procedures are not in violation of Federal law.

8.4. In the event that referral facilities maintained by the Union(s) are unable to fill the requisition of a Contractor/Employer(s) for employees within a forty-eight (48) hour period, weekends and holidays excluded, after such requisition is made by the Contractor/Employer(s), the Contractor/Employer(s) shall be free to obtain work persons from any source. The Contractor/Employer(s) shall immediately notify the appropriate Union of the identity, including name, address, and telephone number, of any such person(s) hired from an alternative source and such applicants shall register with the appropriate hiring hall, if any, prior to beginning Project Work.

8.5. Unions will exert their utmost efforts to recruit sufficient numbers of skilled craft persons to fulfill the requirements of the Contractor/Employer(s), and document such efforts as required.

8.6. The Parties are aware of the District's policy that Contractor/Employer(s) shall not employ a person who would not be eligible for employment by the District under

California Education Code section 45123. All persons working on Project Work, including all employees hired by a Contractor/Employer(s) (or referred by a Signatory Union) to work on Project Work, shall be required to comply with all criminal background check certification requirements and policies of District for those persons who may come in contact with, or work in close proximity to, minors in the course of performing work on a Project. Contractors may refuse to employ any person who declines to comply with District's background check requirements or who is otherwise determined to be disqualified from participating in Project Work because of a disqualifying conviction. Similarly, District may ban or order the immediate removal of any person disqualified from working in the presence of**,** or in close proximity to**,** minors.

8.7. The Union shall not knowingly refer an employee currently employed by a Contractor on Project Work to any other Contractor.

8.8. Subject to the limitation of applicable law, the parties to this Agreement support the development of increased numbers of skilled construction workers from among Oxnard Residents, to meet the needs of the Project and the requirements of the industry generally. Toward that end, the Unions agree to encourage the referral and utilization, to the extent permitted by law and the hiring hall procedures of the Unions, of qualified District Graduates or Oxnard Residents, as journeymen and apprentices on the Project and entrance into such apprenticeship and training programs as may be operated by the Signatory Unions consistent with the applicable Apprenticeship Program's State approved Standards.

ARTICLE 9.
BENEFITS

9.1. All employees covered by this Agreement shall be classified in accordance with work performed and paid by the Contractor/Employer(s) at the hourly wage rates for those classifications in compliance with the applicable prevailing wage rate determination established pursuant to applicable law. Contractor/Employer(s) who are signatory to the Master Labor Agreements with the Signatory Unions shall pay all wages set forth in those Master Labor Agreements. All Contractor/Employer(s) agree to pay contributions to the established fringe benefit funds for each hour worked on the Project in the amounts designated in the Master Labor Agreements of the appropriate local. The Contractor/Employer(s) shall not be required to pay contributions to any other trust funds or in amounts that are higher than the published prevailing wage determination to satisfy their obligation under this Article except that Contractor/Employer(s) who are signatory to Master Labor Agreements with the respective trades shall continue to pay all trust fund contributions as outlined in such collective bargaining agreements.

9.2. By signing this Agreement, the Contractor/Employer(s) adopt and agree to be bound by the written terms of the legally established trust agreements, as described in Section 9.1, specifying the detailed basis on which payments are to be made into, and benefits paid out of, such trust funds. The Contractor authorizes the Parties to

such trust funds to appoint trustees and successor trustees to administer the trust funds and hereby ratifies and accepts the trustees so appointed as if made by the Contractor.

9.3. Each Contractor/Employer(s) and subcontractor is required to certify to the PLA Coordinator that it has paid all benefit contributions due and owing to the appropriate Trust(s) prior to the receipt of its final payment and/or retention. Further, upon timely notification by a Union to the PLA Coordinator, the PLA Coordinator shall work with any Contractor/Employer(s) who is delinquent in payments to assure that proper benefit contributions are made, to the extent of requesting the District or the prime Contractor to withhold payments otherwise due such Contractor, until such contributions have been made or otherwise guaranteed.

ARTICLE 10.
EMPLOYEE GRIEVANCE PROCEDURE

10.1. All disputes involving discipline and/or discharge of employees working on the Project shall be resolved through the grievance and arbitration provision contained in the Master Labor Agreement for the craft of the affected employee. No employee working on the Project shall be disciplined or dismissed without just cause.

ARTICLE 11.
COMPLIANCE

11.1. It shall be the responsibility of the Contractor/Employer(s) and Unions to investigate and monitor compliance with the provisions of the Master Labor Agreement referred to in Article 9. Nothing in this Agreement shall be construed to interfere with or supersede the usual and customary legal remedies available to the Unions and/or employee benefit trust funds to collect delinquent trust fund contributions from Contractor/Employers on the Project. The District shall monitor and enforce compliance with the prevailing wage requirements of the State and Contractor/Employer(s)' compliance with this Agreement.

ARTICLE 12.
JOINT ADMINISTRATIVE COMMITTEE

12.1. The parties to this Agreement shall establish a six (6) person Joint Administrative Committee. The Joint Administrative Committee shall be comprised of three (3) representatives selected by the District and three (3) representatives selected by the Council. Each representative shall designate an alternate who shall serve in his or her absence for any purpose contemplated by this Agreement.

12.2. The Joint Administrative Committee shall meet as requested by the parties to this Agreement to review the implementation of this Agreement and the progress of the Project.

12.3. Notice of the date, time and place of meetings, shall be given to the Committee

members at least three (3) days prior to the meeting. The District should be notified of the meetings and invited to send a representative(s) to participate. The PLA Coordinator shall prepare quarterly reports on apprentice utilization and the training and employment of District residents, and a schedule of Project Work and estimated number of craft workers needed.

ARTICLE 13.
GRIEVANCE ARBITRATION PROCEDURE

13.1. The parties to this Agreement understand and agree that in the event any dispute arises out of the meaning, interpretation or application of the provisions of this Agreement, the same shall be settled by means of the procedures set out herein. No grievance shall be recognized unless the grieving party (Local Union or District Council on its own behalf, or on behalf of an employee whom it represents, or a Contractor/Employer on its own behalf) provides notice in writing to the signatory party with whom it has a dispute within ten (10) business days after becoming aware of the dispute but in no event more than thirty (30) business days after it reasonably should have become aware of the event giving rise to the dispute. The time limits in Section 13.1 may be extended by mutual written agreement of the parties.

13.2. Grievances shall be settled according to the following procedures:

Step 1: Within five (5) business days after the receipt of the written notice of the grievance, the Business Representative of the involved Local Union or District Council, or his/her designee, and the representative of the involved Contractor/Employer shall confer and attempt to resolve the grievance.

Step 2: In the event that the representatives are unable to resolve the dispute within the five (5) business days after its referral to Step 1, either involved party may submit it within three (3) business days to the Joint Administrative Subcommittee (consisting of one District and one Union representative of the Joint Administrative Committee), which shall meet within five (5) business days after such referral (or such longer time as is mutually agreed upon by all representatives on the Joint Administrative Committee), to confer in an attempt to resolve the grievance. If the dispute is not resolved within such time five (5) business days after its referral or such longer time as mutually agreed upon, it may, be referred within five (5) business days by either party to Step 3.

Step 3: Within five (5) business days after referral of a dispute to Step 3, the parties shall choose a mutually agreed upon arbitrator for final and binding arbitration. If the parties cannot mutually agree on the selection of an arbitrator, an arbitrator shall be selected from a list of seven (7) arbitrators provided by the Federal Mediation and Conciliation Service by each party striking names. The order of striking names from the list of arbitrators shall be determined by a coin toss, the winner of which shall

decide whether they wish to strike first or second. Such striking shall take place within three (3) days. If a party does not respond within three (3) days, this means any Arbitrator remaining on the list is acceptable. The decision of the Arbitrator shall be final and binding on all parties. The Arbitrator shall have no authority to change, amend, add to or detract from any of the provisions of the Agreement. The expense of the Arbitrator shall be borne equally by both parties. The Arbitrator shall arrange for a hearing on the earliest available date from the date of his/her selection. A decision shall be given to the parties within five (5) calendar days after completion of the hearing unless such time is extended by mutual agreement. A written opinion may be requested by a party from the Arbitrator. The time limits specified in any step of the grievance procedure set forth in Section 13.2 may be extended by mutual agreement of the parties initiated by the written request of one party to the other, at the appropriate step of the grievance procedure. However, failure to process a grievance, or failure to respond in writing within the time limits provided above, without a request for an extension of time, shall be deemed a waiver of such grievance without prejudice, or without precedent to the processing of and/or resolution of like or similar grievances or disputes. In order to encourage the resolution of disputes and grievances at Steps 1 and 2 of this grievance procedure, the parties agree that such settlements shall not be precedent setting.

ARTICLE 14.
JURISDICTIONAL DISPUTES

14.1. The assignment of work covered by this Agreement will be solely the responsibility of the Contractor/Employer performing the work involved; and such work assignments will be in accordance with the Plan for the Settlement of Jurisdictional Disputes in the Construction Industry (the "Plan") or any successor Plan.

14.2. All jurisdictional disputes on the Project between or among the Building and Construction Trades Unions and the Contractor/Employers, and/or parties to this Agreement, shall be settled and adjusted according to the present Plan established by the Building and Construction Trades Department, or any other plan or method of procedure that may be adopted in the future by the Building and Construction Trades Department. Decisions rendered shall be final, binding and conclusive on the Employers and Union parties to this Agreement.

14.3. If a dispute arising under this Article involves the Western States Regional Council of Carpenters or any of its subordinate bodies, an Arbitrator shall be chosen by the procedures specified in Article V, Section 5, of the Plan from a list composed of John Kagel, Robert Hirsch, and Thomas Pagan, and the Arbitrator's hearing on the dispute shall be held at the offices of the applicable Building and Construction Trades Council within fourteen (14) days of the selection of the Arbitrator. All other procedures shall be as specified in the Plan.

14.4. All jurisdictional disputes shall be resolved without the occurrence of any strike, work stoppage, or slow-down of any nature, and the Contractor/Employer's assignment shall be adhered to until the dispute is resolved. Individuals violating this Section shall be subject to immediate discharge.

ARTICLE 15.
MANAGEMENT RIGHTS

15.1. The Contractor/Employer(s) shall retain full and exclusive authority for the management of their operations, including the right to direct their work force in their sole discretion. No rules, customs or practices shall be permitted or observed which limit or restrict production, or limit or restrict the working efforts of employees except that lawful manning provisions in the Master Labor Agreement shall be recognized.

15.2. The District and/or the Contractors, as appropriate, have the absolute right to award contracts or subcontracts on this Project to any Contractor notwithstanding the existence or non-existence of any agreements between such Contractor and any Union parties, provided only that such Contractor is ready, willing and able to execute and comply with this Project Labor Agreement should such Contractor be awarded work covered by this Agreement.

ARTICLE 16.
SAVINGS CLAUSE

16.1. It is not the intention of the District, the PLA Coordinator, Contractor/Employer(s) or the Union parties to violate any laws governing the subject matter of this Agreement. The Parties hereto agree that in the event any provision of this Agreement is finally held or determined to be illegal or void as being in contravention of any applicable law or regulation, the remainder of the Agreement shall remain in full force and effect unless the part or parts so found to be void are wholly inseparable from the remaining portions of this Agreement. Further, the Parties agree that if and when any provision(s) of this Agreement is finally held or determined to be illegal or void by a court of competent jurisdiction, the Parties will promptly enter into negotiations concerning the substantive effect of such decision for the purposes of achieving conformity with the requirements of any applicable laws and the intent of the Parties hereto. If the legality of this Agreement is challenged and any form of injunctive relief is granted by any court, suspending temporarily or permanently the implementation of this Agreement, then the Parties agree that all Project Work that would otherwise be covered by this Agreement should be continued to be bid and constructed without application of this Agreement so that there is no delay or interference with the ongoing planning, bidding and construction of any Project Work.

16.2. The Parties recognize the right of the District to withdraw, at its absolute discretion, the utilization of the Agreement as part of any bid specification should a Court of competent jurisdiction issue any order, or any applicable statute which

could result, temporarily or permanently in delay of the bidding, awarding and/or construction on the Project. Notwithstanding such an action by the District, or such court order or statutory provision, the Parties agree that the Agreement shall remain in full force on covered Project Work to the maximum extent legally possible.

ARTICLE 17.
TERM

17.1. The Agreement shall be included as a condition of the award of all Construction Services Agreements for the Project.

17.2. This Agreement shall be effective from the date signed by all parties and shall remain in effect until Project completion, as defined and described within Public Contracts Code section 7107(c) or, upon filing of a notice of completion of the Project.

ARTICLE 18.
LOCAL OXNARD HIRE REQUIREMENTS

18.1. In recognition of the District's mission to serve the residents in and around the geographic area serviced by the District, as well as students which have graduated from the District, the parties hereby establish the goal that 25% of all work hours performed for the labor and craft positions (journeyman and apprentices) on the Project, shall be from qualified Oxnard Residents and/or Ventura County Residents. In the attainment of this goal, the Unions and Contractors will first exert their best efforts, to the extent allowed by law, to refer and/or recruit sufficient numbers of skilled craft Oxnard Residents to fulfill the requirements of the Employers performing Project Work. If the 25% goal is not attained utilizing Oxnard Residents, the outreach shall expand to qualified Ventura County Residents. If the 25% goal is still not attained utilizing these Residents, the outreach shall expand to other qualified employees who are registered on the appropriate Unions hiring hall list. In recognition of the District's mission to expand opportunities for veterans and to increase opportunities for woman and people from diverse backgrounds to enter the trades, the District will include in the 25% goal, Veterans, regardless of where they reside, and individuals who have successfully completed a Building Trades multi-craft core curriculum (MC3) pre-apprenticeship program, regardless of where they reside.

18.2. Ventura County residents include those residents residing in the cities of Camarillo, Fillmore, Moorpark, Ojai, Oxnard, Port Hueneme, Santa Paula, Simi Valley, Thousand Oaks, Ventura and any unincorporated areas of Ventura County, as reflected on the list of U.S. Postal Service zip codes attached hereto as Appendix B.

18.3. A goal of 25% of all of the labor and craft positions shall be from workers residing within the areas described in 18.1 above. To facilitate the dispatch of these Residents, all Contractors will be required to utilize the Craft Employee Request Form whenever they are requesting the referral of any employee from a Union

referral list for the Project, a sample of which is attached as Appendix C. When Oxnard Residents and Ventura county Residents, as described in 18.1 above, are requested by the Employers, the Unions will refer such workers regardless of their place in the Unions' hiring halls' list and normal referral procedures.

18.4. Should any of the Contractor/Employers performing work on the Project fail to meet this 25% goal and fail to demonstrate "good faith" efforts to do so, through the submittal process to be included in their contractual requirements, the contract's retention will be held until such time that this failure is remedied. Acceptable remedies to correct continued failure may include, but not be limited to, the following remedies, as determined by the Joint Administrative Committee (as established in Article 12):

18.4.1. Classification as a non-qualified bidder on future District projects;

18.4.2. Commitment, with documentation, to employ District Graduates, Oxnard Residents or Ventura County residents on non-District projects for a determined number of work hours; and

18.4.3. Employing District Graduates and/or Oxnard Residents as new apprentices and continuing their employment for 12 months.

18.5. A Contractor/Employer(s) who has employed a District Graduate for up to six months preceding the start of the Project for a minimum of at least 100 hours per month and has the ability to perform safely the basic functions of the applicable trade may receive credit for 50% of these hours towards the 25% goal. A Contractor/Employer may also receive credit for 50% of the documented hours performed by District Graduates or Oxnard Residents on the Contractor/Employer's non-District projects, when such hours are concurrent with the Contractor/Employer's work on the Project.

18.6. The maximum total combined credit that can be applied for in Section 18.4 is half of the 25%.

18.7. Should any Contractor/Employer performing work on the Project exceed the 25% local hire goal as set forth in this Agreement, they shall be acknowledged at the appropriate public, televised District Board of Trustee meeting for their efforts at the completion of their contract scope.

ARTICLE 19.
APPRENTICES

19.1. The Parties recognize the need to maintain continuing support of the programs designed to develop adequate numbers of competent workers in the construction industry, the obligation to capitalize on the availability of the local work force in the area served by the District, and the opportunities to provide continuing work under the construction program. To these ends, the Parties will facilitate, encourage,

and assist local residents to commence and progress in Bona Fide Joint Labor/Management Apprenticeship and/or training Programs in the construction industry leading to participation in such apprenticeship programs. The District, the PLA Coordinator, other District consultants, and the Council, will work cooperatively to identify effective programs and procedures for persons interested in entering the construction industry and which will help prepare them for the formal apprenticeship programs maintained by the signatory Unions.

19.2. Apprentices used on Projects under this Agreement shall be registered in a Bona Fide Joint Labor/Management Apprenticeship Program approved by the State of California. Apprentices may comprise up to thirty percent (30%) of each craft's work force at any time, unless the standards of the applicable joint apprenticeship committee confirmed by the Division of Apprenticeship Standards ("DAS"), establish a lower maximum percentage.

19.3. The apprentice ratios will be in compliance with the applicable provisions of the California Labor Code and Prevailing Wage Rate Determinations.

19.4. There shall be no restrictions on the utilization of apprentices in performing the work of their craft provided they are properly supervised.

19.5. All apprentices shall work under the direct supervision of a journeyman from the trade in which the apprentice is indentured. A journeyman shall be defined as set forth in the California Code of Regulations, Title 8 [apprenticeship], Section 205, which defines a journeyman as a person who has either completed an accredited apprenticeship in his or her craft, or has completed the equivalent of an apprenticeship in length and content of work experience and all other requirements in the craft which has workers classified as journeyman in the apprenticeship occupation. Should a question arise as to a journeyman's qualification under this subsection, the Contractor shall provide adequate proof evidencing the worker's qualification as a journeyman to the Construction Manager and the Council.

19.6. Any Party alleging a violation of this Section may file a grievance under Article 13, Grievance Procedure, commencing with Step 1 of the procedure, notwithstanding any limitations included therein.

ARTICLE 20.
HELMETS TO HARDHATS REQUIREMENTS

20.1. The Contractor/Employers and the Unions recognize a desire to facilitate the entry into the building and construction trades of veterans who are interested in careers in the building and construction industry. The Contractor/Employers and Unions agree to utilize the services of the Center for Military Recruitment, Assessment and Veterans Employment ("Center") and the Center's "Helmets to Hardhats" program to serve as a resource for preliminary orientation, assessment of construction aptitude, referral to apprenticeship programs or hiring halls, counseling and mentoring, support network, employment opportunities and other needs as

identified by the parties. For purposes of this Agreement, the term "Eligible Veteran" shall have the same meaning as the term "veteran" as defined under Title 5, Section 2108(1) of the United States Code as the same may be amended or re-codified from time to time. It shall be the responsibility of each qualified District resident to provide the Unions with proof of his/her status as an Eligible Veteran.

20.2. The Unions and Contractor/Employers agree to coordinate with the Center, which will create and maintain an integrated database of veterans interested in working on the Project and of apprenticeship and employment opportunities for the Project. To the extent permitted by law, the Unions will give credit to such veterans for bona fide, provable past experience.

ARTICLE 21.
MISCELLANEOUS PROVISIONS

21.1. Integration. This Agreement is intended by the parties to this Agreement as the final expression of their agreement with respect to such terms as are included herein and as the complete and exclusive statement of its terms and may not be contradicted by evidence of any prior agreement or of a contemporaneous oral agreement, nor explained or supplemented by evidence of consistent additional terms.

21.2. No Representations or Warranties. Each of the parties to this Agreement acknowledge that no one has made any promise, representation or warranty whatsoever, express or implied, written or oral, not contained herein to induce them to execute this Agreement, and that this Agreement is not executed in reliance upon any such promise, representation or warranty.

21.3. Expiration of Master Labor Agreements. If the Master Labor Agreements expire during the term of the Project, the Union(s) agree that there shall be no work disruption of any kind as described in Section 4.1 of this agreement. Terms and conditions of employment established and set at the time of bid shall remain established and set. Each of the Unions with a contract expiring must offer to continue working on the Project under all the terms of the expiring contract. Contractor/Employer(s) who are signatory to Master Labor Agreements, with their respective trades, shall pay all wages and benefits set forth in the new Master Labor Agreement.

21.4. Separate Liability. It is understood that the liability of the Contractor(s) and the liability of the separate Unions under this Agreement shall be several and not joint. The Unions agree that this Agreement does not have the effect of creating any joint employment status between or among the District or PLA Coordinator and/or any Contractor.

21.5. The Parties to this Agreement adopt the Tri-Counties Building and Construction Trades Council Approved Drug and Alcohol Testing Policy, a copy of which is attached hereto as **Appendix D,** and which shall be the policy and procedure utilized under this Agreement.

21.6. Amendments. The provisions of this Agreement can be renegotiated, supplemented, rescinded or otherwise altered only by mutual agreement in writing, hereafter signed by the negotiating Parties hereto.

21.7. Interpretation. Each of the parties to this Agreement acknowledge and agree that this Agreement is an accord and satisfaction to be construed as whole according to its fair meaning and not in favor of nor against any of the parties to this Agreement as draftsman or otherwise.

21.8. Forum. Any action or proceeding seeking any relief under or with respect to this Agreement shall be brought solely in the Superior Court of the State of California for the County of Ventura in accordance with the procedures set forth in this Agreement.

21.9. Choice of Law. This Agreement shall be governed by and interpreted under the laws of the State of California and the Federal laws of the United States of America as applicable to instruments, persons, transactions and subject matter which have legal contacts and relationships exclusively within the State of California.

21.10. No Attorneys Fees. No party to this Agreement shall be entitled to recover an award of attorney's fees or costs with respect to any action or proceeding seeking relief under this Agreement.

21.11. Counterparts. This Agreement may be executed in counterparts, each of which shall constitute an original of the Agreement. Facsimile signature pages transmitted to other parties to this Agreement shall be deemed equivalent to original signatures on counterparts.

21.12. Waiver. A waiver of or a failure to assert any provisions of this Agreement by any or all of the Parties hereto shall not constitute a waiver of such provision for the future. Any such waiver shall not constitute a modification of the Agreement or change in the terms and conditions of the Agreement and shall not relieve, excuse or release any of the Parties from any of their rights, duties or obligations hereunder.

21.13. Warranty of Authority. Each of the persons signing this Agreement represents and warrants that such person has been duly authorized to sign this Agreement on behalf of the party indicated, and each of the parties by signing this Agreement warrants and represents that such party is legally authorized and entitled to enter into this Agreement.

21.14. Any notices required under this Agreement shall be given as follows:

To the District:
Oxnard School District
c/o Dr. Ana DeGenna, Superintendent
1051 South A Street

Oxnard, CA 93030

And

To the District:
Oxnard School District c/o Kristen Pifko, Assistant Superintendent of Business Services
1051 South A Street
Oxnard, CA 93030

And

To the Council:
Joshua Medrano, Executive Secretary Treasurer
Tri-Counties Building and Construction Trades Council
1534 Eastman Ave., Suite B, Ventura, CA 93003
Phone: (805) 500-3996

Any party shall notify the other in writing of any change in the person or address for the purpose of service of notices.

21.15. Ratification by the Board of Trustees. This Agreement shall not by binding on the District until the Board of Trustees, at a publicly noticed Board of Trustees meeting, ratifies it.

IN WITNESS WHEREOF, the parties have caused this Agreement to be executed and effective as of _____, 2025.

APPENDIX A
LETTER OF ASSENT

The undersigned, as a Contractor or Subcontractor ("Employer") performing work for the Oxnard School District's Fremont Middle School Project (hereinafter "Project"), for and in consideration of the award to it of a contract to perform work on said Project, and in further consideration of the mutual promises made in the Project Labor Agreement for the Project (hereinafter "Agreement"), a copy of which was received and is acknowledged, hereby:

1. Accepts and agrees to be bound by the terms and conditions of this Agreement and all Appendices, together with any and all amendments and supplements now existing or which are later made to said Agreement.

2. Certifies that it has no commitments or agreements which would preclude its full and complete compliance with the terms and conditions of said Agreement;

3. Agrees to secure from any Contractor (as defined in said Agreement) which is or becomes a subcontractor (of any tier) to it, and from any successors, a duly executed Letter of Assent in form identical to this document.

4. Has read and understands Article 8 (Referral) of this Agreement and accepts that the Unions are the primary source of all craft labor employed on the Project and that Contractor/Employers shall be bound by and utilize the registration facilities and referral systems of the signatory Unions.

5. Employer agrees that it shall be bound by all applicable trust agreements and plans for the provision of such fringe benefits as accrue to the direct benefit of the employees including, but not limited to, Health and Welfare, Pension, Training, Vacation and/or other direct benefits provided pursuant to the appropriate craft agreement contained in the applicable Master Labor Agreements.

OXNARD SCHOOL DISTRICT
CRAFT REQUEST FORM

TO THE CONTRACTOR: Please complete and submit this form to the applicable union to request craft workers that fulfill the hiring requirements for this project. After submitting your request, please call the Local to verify receipt and substantiate their capacity to furnish workers as specified below. Please print keep copies for your records.

The Oxnard School District Project Labor Agreement establishes a goal that 25% of all of the labor and craft positions shall be from qualified workers: first, from Oxnard Residents, which includes a District Graduate regardless of their current residency; second, residing within Ventura County, including, but not limited to the cities of Camarillo, Fillmore, Moorpark, Ojai, Oxnard, Port Hueneme, Santa Paula, Simi Valley, Thousand Oaks, Ventura and any unincorporated areas of Ventura County; third, other qualified employees who are registered on the appropriate Unions' hiring hall list, including Veterans and MC3 Graduates, regardless of residency.

TO THE UNION: Please complete the "Union Use Only" section on the next page and fax this form back to the requesting Contractor. Be sure to retain a copy of this form for your records.

APPENDIX D

TRI COUNTIES
BUILDING AND CONSTRUCTION TRADES COUNCIL
APPROVED
DRUG AND ALCOHOL TESTING POLICY

The Parties recognize the problems which drug and alcohol abuse have created in the construction industry and the need to develop drug and alcohol abuse prevention programs. Accordingly, the Parties agree that in order to enhance the safety of the work place and to maintain a drug and alcohol free work environment, individual Employers may require applicants or employees to undergo drug and alcohol testing.

1. It is understood that the use, possession, transfer or sale of illegal drugs, narcotics, or other unlawful substances, as well as being under the influence of alcohol and the possession or consuming alcohol is absolutely prohibited while employees are on the Employer's job premises or while working on any jobsite in connection with work performed under the Project Labor Agreement ("PLA").

2. No Employer may implement a drug testing program which does not conform in all respects to the provisions of this Policy.

3. No Employer may implement drug testing at any jobsite unless written notice is given to the Union setting forth the location of the jobsite, a description of the project under construction, and the name and telephone number of the Project Supervisor. Said notice shall be addressed to the office of each Union signing the PLA. Said notice shall be delivered in person or by registered mail before the implementation of drug testing. Failure to give such notice shall make any drug testing engaged in by the Employer a violation of the PLA, and the Employer may not implement any form of drug testing at such jobsite for the following six months.

4. An employer who elects to implement drug testing pursuant to this Agreement shall require all employees on the Project to be tested. With respect to individuals who become employed on the Project subsequent to the proper implementation of this drug testing program, such test shall be administered upon the commencement of employment on the project, whether by referral from a Union Dispatch Office, transfer from another project, or another method. Individuals who were employed on the project prior to the proper implementation of this drug testing program may only be subjected to testing for the reasons set forth in Paragraph 5(f) (1) through 5(f) (3) of this Policy. Refusal to undergo such testing shall be considered sufficient grounds to deny employment on the project.

5. The following procedure shall apply to all drug testing:

a. The Employer may request urine samples only. The applicant or employee shall not be observed when the urine specimen is given. An applicant or

employee, at his or her sole option, shall, upon request, receive a blood test in lieu of a urine test. No employee of the Employer shall draw blood from a bargaining unit employee, touch or handle urine specimens, or in any way become involved in the chain of custody of urine or blood specimens. A Union Business Representative, subject to the approval of the individual applicant or employee, shall be permitted to accompany the applicant or employee to the collection facility to observe the collection, bottling, and sealing of the specimen.

b. The testing shall be done by a laboratory approved by the National Institute on Drug Abuse (NIDA), which is chosen by the Employer and the Union.

c. An initial test shall be performed using the Enzyme Multiplied Immunoassay Technique (EMZT). In the event a question or positive result arises from the initial test, a confirmation test must be utilized before action can be taken against the applicant or employee. The confirmation test will be by Gas Chromatography Mass Spectrometry (GC/MS). Cutoff levels for both the initial test and confirmation test will be those established by the National Institute on Drug Abuse. Confirmed positive samples will be retained by the testing laboratory in secured long-term frozen storage for a minimum of one year. Handling and transportation of each sample must be documented through strict chain of custody procedures.

d. In the event of a confirmed positive test result the applicant or employee may request, within forty-eight (48) hours, a sample of his/her specimen from the testing laboratory for purposes of a second test to be performed at a second laboratory, designated by the Union and approved by NDA. The retest must be performed within ten (10) days of the request. Chain of custody for this sample shall be maintained by the Employer between the original testing laboratory and the Union's designated laboratory. Retesting shall be performed at the applicant's or employee's expense. In the event of conflicting test results the Employer may require a third test.

e. If, as a result of the above testing procedure, it is determined that an applicant or employee has tested positive, this shall be considered sufficient grounds to deny the applicant or employee his/her employment on the Project.

f. Applicants or employees who do not test positive shall be paid for all time lost while undergoing drug testing. Payment shall be at the applicable wage and benefit rates set forth in the applicable Union's Master Labor Agreement. Applicants who have been dispatched from the Union and who are not put to work pending the results of a test will be paid waiting time until such time as they are put to work. It is understood that an applicant must pass the test as a condition of employment. Applicants who are put to work pending the results of a test will be considered probationary employees.

6. The employers will be allowed to conduct periodic job site drug testing on the Project under the following conditions:

a. The entire jobsite must be tested, including any employee or subcontractor's employee who worked on that project three (3) working days before or after the date of the test;

b. Prior to start of periodic testing, a business representative will be allowed to conduct an educational period on company time to explain periodic jobsite testing program to affected employees;

c. Testing shall be conducted by a N.I.D.A. certified laboratory, pursuant to the provisions set forth in Paragraph 5 hereinabove.

d. Only two periodic tests may be performed in a twelve month period.

7. It is understood that the unsafe use of prescribed medication, or where the use of prescribed medication impairs the employee's ability to perform work, is a basis for the Employer to remove the employee from the jobsite.

8. Any grievance or dispute which may arise out of the application of this Agreement shall be subject to the grievance and arbitration procedures set forth in the PLA.

9. The establishment or operation of this Policy shall not curtail any right of any employee found in any law, rule or regulation. Should any part of this Agreement be found unlawful by a court of competent jurisdiction or a public agency having jurisdiction over the parties, the remaining portions of the Agreement shall be unaffected and the parties shall enter negotiations to replace the affected provision.

10. Present employees, if tested positive, shall have the prerogative for rehabilitation program at the employee's expense. When such program has been successfully completed the Employer shall not discriminate in any way against the employee. If work for which the employee is qualified exists he/she shall be reinstated.

11. The Employer agrees that results of urine and blood tests performed hereunder will be considered medical records held confidential to the extent permitted or required by law. Such records shall not be released to any persons or entities other than designated Employer representatives and the applicable Union. Such release to the applicable Union shall only be allowed upon the signing of a written release and the information contained therein shall not be used to discourage the employment of the individual applicant or employee on any subsequent occasion.

12. The Employer shall indemnify and hold the Union harmless against any and all claims, demands, suits, or liabilities that may arise out of the application of this Agreement and/or any program permitted hereunder.

13. Employees who seek voluntary assistance for substance abuse may not be disciplined for seeking such assistance. Requests from employees for such assistance shall

remain confidential and shall not be revealed to other employees or management personnel without the employee's consent. Employees enrolled in substance abuse programs shall be subject to all Employer rules, regulations and job performance standards with the understanding that an employee enrolled in such a program is receiving treatment for an illness.

14. This Appendix E shall constitute the only Agreement in effect between the parties concerning drug and alcohol abuse, prevention and testing. Any modifications thereto must be accomplished pursuant to collective bargaining negotiations between the parties.

DRUG ABUSE PREVENTION AND DETECTION
APPENDIX E
CUTOFF LEVELS

SCREENING DRUG	SCREENING METHOD	CONFIRMATION LEVEL **	CONFIRMATION METHOD	LEVEL
Alcohol	EMIT	.02%	CG/MS	.02%

* NTDA specified threshold

** A sample reported positive contains the Indicated drug at or above the cutoff level for that drug. A negative sample either contains no drug or contains a drug below the cutoff level.

EMIT - Enzyme Immunoassay
CC/MS - Gas Chromatography/Mass Spectrometry

SIDE LETTER OF AGREEMENT
TESTING POLICY FOR DRUG ABUSE

It is hereby agreed between the parties hereto that an Employer who has otherwise properly implemented drug testing, as set forth in the Testing Policy for Drug Abuse, shall have the right to offer an applicant or employee a "quick" drug screening test. This “quick” screen test shall consist either of the “ICUP” urine screen or similar test or an oral screen test. The applicant or employee shall have the absolute right to select either of the two “quick” screen tests, or to reject both and request a full drug test.

An applicant or employee who selects one of the quick screen tests, and who passes the test, shall be put to work immediately. An applicant or employee who fails the “quick” screen test, or who rejects the quick screen tests, shall be tested pursuant to the procedures set forth in the Testing Policy for Drug Abuse. The sample used for the "quick" screen test shall be discarded immediately upon conclusion of the test. An applicant or employee shall not be deprived of any rights granted to them by the Testing Policy for Drug Abuse as a result of any occurrence related to the “quick” screen test.

OSD BOARD AGENDA ITEM

Name of Contributor: Kristen Pifko **Date of Meeting:** December 17, 2025

Agenda Section: Section D: Action Items

Approval of Amendment No. 001 to Agreement No. 23-158 with Viola Inc. to Provide Lease Leaseback Construction Services for the Fremont Middle School Reconstruction Project (Pifko/Bennett/CFW)

The Fremont Middle School Reconstruction Project consists of a complete reconstruction of the Fremont campus with an entirely new set of facilities, built according to current state code and Oxnard School District (District) specifications. The proposed phased construction of the school will accommodate enrollment of approximately 750 students at the site and include the ability to accommodate increased enrollment in a subsequent phase of construction.

On May 5, 2023, the District released a Request for Proposal and qualifications for Lease Leaseback construction services from the district's pool of prequalified firms for Lease Leaseback services for the Reconstruction of Fremont Middle School. CFW and District Administration reviewed all the RFP responses and conducted interviews with 5 responsive prequalified Lease Leaseback contractors on July 14, 2023, based on qualifications, successfully completed past projects for the District, and preliminary budget numbers the District Board of Trustees took action to approve the Lease Leaseback Construction Services Agreement with Viola Inc on October 18, 2023.

Due to a delay in Division of the State Architect (DSA) plan approval, Viola was requested to begin the Guaranteed Maximum Price (GMP) process in September 2025. A job walk for prospective sub-contractors was held on October 15, 2025. Several Requests for Clarification were issued to the Architect during the process. The preliminary GMP was received by CFW on November 10, 2025. Negotiations on the GMP continued over the next two weeks until the final GMP and Book of Bids were received on November 17, 2025. It is anticipated that final plan approval will occur in December based upon recent comments received from DSA.

Viola Inc. has proposed that the "GMP" for the Project shall be Sixty-Four Million Five Hundred Fifty-Three Thousand Eight Hundred Nineteen Dollars and Zero Cents ($64,553,819.00). The GMP includes Sublease Payments in the amount of $330,735.83 including 5% interest per month for 6 months for a total lease value of One Million Nine Hundred Eighty-Four Thousand Four Hundred Fifteen Dollars and Zero Cents ($1,984,415.00) pursuant to terms and payment schedule as amended and set forth in the Sublease.

The LLB delivery method requires three separate agreements, the Construction Services Agreement, the Site Lease, and a Sublease:

- The Construction Services Agreement sets forth the terms, conditions, and scope of work

indicated in the DSA approved construction and contract documents for the school site. (Construction Services Agreement #23-158)

- The Site Lease Agreement leases the Fremont Middle School (property) to Viola, Inc. and requires that they complete the facilities improvements as indicated in the Construction Services Agreement under the terms of the Lease. (Site Lease Agreement #25-187)
- The Sublease Agreement subleases the property from Viola Inc. back to the Oxnard School District for operational use and access to the facilities after completion of construction. The Sublease requires the District to make lease payments to Viola Inc. that constitute the financing provided by the contractor under the LLB model. (Sublease Agreement #25-188)

The Guaranteed Maximum Price (GMP), Site Lease and Sub-Lease will allow the District to proceed with the reconstruction of Fremont Middle School.

FISCAL IMPACT:
$64,553,819.00 – Measure I Bond Funds

RECOMMENDATION:
It is the recommendation of the Assistant Superintendent, Business & Fiscal Services and the Director of Facilities, in conjunction with Caldwell Flores Winters, that the Board of Trustees approve the Guaranteed Maximum Price (GMP) according to Amendment #1 to Construction Services Agreement #23-158, approve Site Lease Agreement #25-187, and Sub Lease Agreement #25-188 with Viola Inc.

ADDITIONAL MATERIALS:

Attached: Amendment #1 (3 Pages)
Proposal (12 Pages)
Site Lease (9 Pages)
Book of Bids (487 Pages)
Sub Lease (12 Pages)
Agreement #23-158, Viola Inc. (25 Pages)

Amendment No. 001 to Construction Services Agreement No. 23-158

The Construction Services Agreement No. 23-158 ("Agreement") entered into on October 18, 2023, by and between the Oxnard School District ("District") and Viola Inc. ("Contractor"), is hereby amended by the parties as set forth in this Amendment No. 001 to the Construction Services Agreement No. 23-158 ("Amendment") that is incorporated herein for all purposes.

RECITALS

WHEREAS, The District retained LLB Contractor to provide preconstruction and construction services for the Fremont Middle School Reconstruction Project for the District's Master Construct and Implementation Program;

WHEREAS, the District operates Fremont Middle School located at 1130 N M St, Oxnard, CA 93030 (hereinafter referred to as the "School Facility"); and

WHEREAS, the District desires to reconstruct the School Facility identified in the Site Lease; and

WHEREAS, the LLB Contractor has completed the preconstruction work for the Project and the construction documents were submitted to the Division of the State Architect ("DSA") for their review;

WHEREAS, DSA has reviewed the Project plans and has stamp-approved the construction plans;

WHEREAS, the District has determined that upon DSA Stamped Approval to pursue the improvements to the School Facility through the lease-leaseback method of project delivery pursuant to California Education Code §17406 and as amended per AB 2316 which permits the governing board of the District, without advertising for bids, to lease to Contractor property owned by the District if the instrument by which property is leased requires the lessee to construct, or provide for the construction, on the leased property, of a facility for the use of the District during the term of the lease, and provides that title to that facility shall vest in the District at the expiration of the lease; and

WHEREAS, the Board of Trustees has taken certain actions to approve the construction of this School Facility;

WHEREAS, upon final consideration of a Guaranteed Maximum Price (GMP) which has been determined thru an open book and best value subcontractor bid process, based on those bids, the District requires amending the Lease Leaseback documents of Viola Constructors to construct thru the completion and occupancy of the Fremont Middle School Reconstruction project;

WHEREAS, the Board recognizes that the timing of the various components of work that must all be approved by DSA before Acceptance of this GMP and allowing the Contractor to proceed with construction;

AMENDMENT

The Parties agree to add the following language to SECTION 1 of the Agreement:

H. Site – The term "Site" as used in this Agreement shall mean those certain parcels of real property and improvements thereon (if any) more particularly described in Exhibit A attached.

The Parties agree to add the following language to Section 5 of the Agreement:

The GMP for the Project shall be **Sixty Four Million Five Hundred Fifty Three Thousand Eight Hundred Nineteen Dollars and Zero Cents ($64,553,819.00)**. The GMP consists of Sublease Payments in the amount of **$330,735.83** per month for **6** months for a total lease value of **One Million Nine Hundred Eighty-Four Thousand Four Hundred Fifteen Dollars and Zero Cents ($1,984,415.00)** pursuant to terms and payment schedule as amended and set forth in the Sublease.

The GMP is based upon the DSA approved plans and specifications to exist after this Agreement is entered into between Contractor and the District, and more fully described and referenced in the Scope of Work to be set forth in Exhibit A attached herewith.

The Parties agree that all other provisions of the Services Agreement No. 23-158 entered into and executed by the Parties on October 18, 2023, remain in full force and effect. Provider agrees that any provisions, limitations and exclusions in its proposal are stricken for all purposes and are invalid as inconsistent with the terms and conditions of the Agreement and this Amendment.

IN WITNESS THEREOF, the Parties hereto execute Amendment No. 001 and represented that each has authority to do so on the dates set forth below:

SITE LEASE

This Site Lease (hereinafter referred to as the "Site Lease") is entered into this 17th day of December, 2025, by and between the Oxnard School District, a California school district organized and existing under the laws of the State of California (hereinafter referred to as the "District") as lessor, and Viola, Inc. with its principal place of business at 5811 Olivas Park Drive, Suite 204, Ventura, CA 93003 (hereinafter referred to as "Contractor") as lessee.

RECITALS

WHEREAS the District desires to provide for the financing and construction of certain public improvements more fully described in a Construction Services Agreement between the District and Contractor, dated as of the date hereof (the "Project") situated at Fremont Middle School, 1130 N M St, Oxnard, CA 93030, within the District, as more fully set forth in **Exhibit A** attached hereto (the "Site"); and

WHEREAS, assuming that the District and Contractor can agree on the terms, including the price, for an additional scope of work, the District and Contractor anticipate that the scope of the Project may be amended to include additional work; and

WHEREAS, the District's governing body has determined that it will provide the best value to the District and it is in the best interests of the District and for the common benefit of the citizens it serves to finance the Project by leasing to Contractor the land and the existing building(s) on the Site on which the public improvements are to be constructed and subleasing from Contractor the Site, including the Project, under a Sublease Agreement effective as of the date hereof (the "Sublease"); and

NOW, THEREFORE, in consideration of the promises and covenants and conditions contained herein, the parties agree as follows:

SECTION 1. Site Lease

The District leases to Contractor, and Contractor leases from the District, on the terms and conditions set forth herein, the Site situated in the County of Ventura, State of California, more specifically described in **Exhibit A** attached hereto and incorporated by reference herein, including any real property improvements now or hereafter affixed thereto.

SECTION 2. Term

The term of this Site Lease shall commence as of the date above and shall terminate on the last day of the term of the Sublease

SECTION 3. Representations and Warranties of the District

The District represents and warrants to Contractor that:

(a) The District has good title to the Site.

(b) There are no liens on the Site other than permitted encumbrances (the term "permitted encumbrances" as used herein shall mean, as of any particular time: (i)

liens for general ad valorem taxes and assessments, if any, not then delinquent; (ii) this Site Lease, the Sublease, any right or claim or any mechanic, laborer, materialman, supplier, or vendor, if applicable, not filed or perfected in the manner prescribed by law, easements, rights of way, mineral rights, drilling rights, and other rights, reservations, covenants, conditions, or restrictions which exist of record as of the date of this Site Lease and which will not materially impair the use of the Site; (iii) easements, rights of way, mineral rights, drilling rights, and other rights, reservations, covenants, conditions, or restrictions established following the date of recordation of this Site Lease and to which Contractor and the District consent in writing which will not impair or impede the operation of the Site.).

(c) All taxes, assessments or impositions of any kind with respect to the Site, if applicable, except current taxes not yet due and payable, have been paid in full.

(d) The Site is properly zoned for the intended purpose or the District intends to render zoning inapplicable pursuant to Government Code Section 53094.

(e) To the best of the District's knowledge, the District is in compliance in all material respects with all laws, regulations, ordinances and orders of public authorities applicable to the Site.

(f) To the best of the District's knowledge, there is no litigation of any kind currently pending or threatened regarding the District's use of the Site for the purposes contemplated by this Site Lease, the Sublease and the Construction Services Agreement.

(g) To the best of the District's knowledge, upon reasonable investigation and in reliance on the District's phase one Preliminary Environmental Assessment, and except as otherwise delineated in the Contract Documents: (i) no dangerous, toxic or hazardous pollutants, contaminants, chemicals, waste, materials or substances, as defined in or governed by the provisions of any State or Federal Law relating thereto (hereinafter collectively called "Environmental Regulations"), and also including, but not limited to, urea-formaldehyde, polychlorinated biphenyls, asbestos, asbestos containing materials, nuclear fuel or waste, radioactive materials, explosives, carcinogens and petroleum products, or any other waste, material, substance, pollutant or contaminant which would subject the District or Contractor or Contractor's subcontractors to any damages, penalties or liabilities under any applicable Environmental Regulation (hereinafter collectively "Hazardous Substances"), are now or have been stored, located, generated, produced, processed, treated, transported, incorporated, discharged, emitted, released, deposited or disposed of in, upon, under, over or from the Site; (ii) no threat exists of a discharge, release or emission of a Hazardous Substance upon or from the Site into the environment; (iii) the Site has not been used as or for a mine, a landfill, a dump or other disposal facility, industrial or manufacturing facility, or a gasoline service station; (iv) no violation of any Environmental Regulation now exists relating to the Site, no notice of any such violation or any alleged violation thereof has been issued or given by any governmental entity or agency, and there is not

now any investigation or report involving the Site by any governmental entity or agency which in any way relates to Hazardous Substances; (v) no person, party, or private or governmental agency or entity has given any notice of or asserted any claim, cause of action, penalty, cost or demand for payment or compensation, whether or not involving any injury or threatened injury to human health, the environment or natural resources, resulting or allegedly resulting from any activity or event described in (i) above; (vi) there are not now any actions, suits, proceedings or damage settlements relating in any way to Hazardous Substances, in, upon, under, over or from the Site; (vii) the Site is not listed in the United States Environmental Protection Agency's National Priorities List of Hazardous Waste Sites or any other list of Hazardous Substance sites maintained by any federal, state or local governmental agency; and (viii) the Site is not subject to any lien or claim for lien or threat of a lien in favor of any governmental entity or agency as a result of any release or threatened release of any Hazardous Substance.

(h) To the extent permitted by law, the District shall not abandon the Site for the use of which it is currently required by the District and further shall not seek to substitute or acquire property to be used as a substitute for the uses for which the Site and the Project are to be maintained under the Sublease.

SECTION 4. Representations and Warranties of Contractor

Contractor represents and warrants to the District that:

(a) Contractor is duly organized, validly existing and in good standing under the laws of the State of California, with full corporate power and authority to lease and own real and personal property.

(b) Contractor has full power, authority and legal right to enter into and perform its obligations under this Site Lease, and the execution, delivery and performance of this Site Lease have been authorized by all necessary corporate or partnership actions on the part of Contractor and do not require any further approvals or consents.

(c) Execution, delivery and performance of this Site Lease do not and will not result in any breach of or constitute a default under any indenture, mortgage, contract, agreement or instrument to which Contractor is a party or by which it or its property is bound.

(d) There is no pending or, to the best knowledge of the Contractor, threatened action or proceeding before any court or administrative agency which will materially adversely affect the ability of Contractor to perform its obligations under this Site Lease.

(e) Contractor has conducted a visual inspection of the Site and represents that it is familiar with the site conditions relating to construction and labor thereon and hereby indemnifies the District for any damage or omissions related to the site conditions that could have been visually identified during the site-visit in accordance

with the indemnification contained in the General Conditions incorporated into the Construction Services Agreement.

(f) Contractor has reviewed the Contract Documents (as that term is defined in the Construction Services Agreement) and is familiar with the contents thereof.

SECTION 5. Rental

Contractor shall pay to the District as and for advance rental hereunder the sum of One Dollar ($1.00) for the duration of the rental, this payment being due on or before the commencement of the term of this Site Lease. The duration of the rental is expected to be from the effective date hereof through the last day of the term of the Sublease.

SECTION 6. Purpose

Contractor shall use the Site solely for the purpose of constructing the Project thereon and for subleasing the Site and leasing the Project to the District; provided, however, that in the event of an occurrence of an Event of Default by the District, under the Sublease, Contractor may exercise the remedies provided for in the Sublease.

SECTION 7. Termination

Contractor agrees, upon termination of this Site Lease: (i) to quit and surrender the Site in the same good order and condition as it was in at the time of commencement of the term hereunder, reasonable wear and tear excepted; (ii) to release and reconvey to the District any liens and encumbrances created or caused by Contractor; and (iii) that any permanent improvements and structures existing upon the Site at the time of the termination of this Site Lease, including the Project, shall remain thereon and title shall vest in the District. Notwithstanding the District's foregoing rights in the event of termination, Contractor shall retain the right to compensation pursuant to the Construction Services Agreement and the Sublease.

SECTION 8. Quiet Enjoyment

The District covenants and agrees that it will not take any action to prevent Contractor's quiet enjoyment of the Site during the term of this Site Lease; and that in the event that the District's fee title to the Site is ever challenged so as to interfere with Contractor's right to occupy, use and enjoy the Site, the District will use all governmental powers at its disposal, including the power of eminent domain, to obtain unencumbered fee title to the Site and to defend Contractor's right to occupy, use, and enjoy that portion of the Site.

SECTION 9. No Liens

The District shall not mortgage, sell, assign, transfer or convey the Site or any part thereof to any person during the term of this Site Lease, without the written consent of Contractor. Nothing herein shall preclude the District from granting utility easements across the Site to facilitate the use and operation of the Project for which it is intended.

During the term of this Site Lease, Contractor shall not permit any lien or encumbrance to attach to the Site or any part thereof.

SECTION 10. Right of Entry

The District reserves the right for any of its duly authorized representatives to enter upon the Site at any reasonable time to inspect the same or to make any repairs, improvements or changes necessary for the preservation thereof, but in so doing shall not interfere with Contractor's operations on the Project.

SECTION 11. Assignment and Subleasing

Other than the Sublease, as defined herein, Contractor will not assign or otherwise dispose of or encumber the Site or this Site Lease without the written consent of the District.

SECTION 12. No Waste

Contractor agrees that at all times that it is in possession of the Site it will not commit, suffer or permit any waste on the Site, and it will not willfully or knowingly use or permit the use of the Site for any illegal act or purpose.

SECTION 13. Default

In the event that Contractor shall be in default in the performance of any obligation on its part to be performed under the terms of this Site Lease, which default continues for thirty (30) days following notice and demand for correction thereof to Contractor, the District may exercise any and all remedies granted by law, except that no merger of this Site Lease and of the Sublease shall be deemed to occur as a result thereof. Termination of this Site Lease shall be in accordance with the provisions of the General Conditions incorporated into the Construction Services Agreement or such other provisions as may be applicable.

SECTION 14. Eminent Domain

In the event that the whole or any part of the Site or the improvements thereon is taken by eminent domain, the financial interest of Contractor shall be recognized and is hereby determined to be the amount of all Tenant Improvement Payments and Sublease Payments then due or past due, and the purchase option price stated in Section 20 of the Sublease less any unearned interest as of the date Contractor receives payment in full. The balance of the award, if any, shall be paid to the District.

SECTION 15. Taxes

The District covenants and agrees to pay any and all assessments of any kind or character and also all taxes, including possessory interest taxes, levied or assessed upon the Site of the improvements thereon.

SECTION 16. Severability

If any one or more of the terms, covenants or conditions of this Site Lease shall to any extent be declared invalid, unenforceable, void or voidable for any reason

whatsoever by a court of competent jurisdiction, the finding or order or decree of which becomes final, none of the remaining terms, provisions, covenants and conditions of this Site Lease shall be affected thereby, and each remaining provision of this Site Lease shall be valid and enforceable to the fullest extent permitted by law.

SECTION 17. Notices

Any notices or filings required to be given or made under this Site Lease shall be served, given or made in writing upon the District or Contractor, as the case may be, by personal delivery or registered mail (with a copy sent via fax or regular mail) to the respective addresses given below or at such other address as such party may provide in accordance with the provisions herein. Any change in the addresses noted herein shall not be binding upon the other party unless preceded by no less than thirty (30) days prior written notice.

If to Contractor:

Arcadia, CA 91006

Notices under this Agreement shall be deemed to have been given, and shall be effective, upon actual receipt by the other party, or, if mailed, upon the earlier of the fifth (5th) day after mailing or actual receipt by the other party.

SECTION 18. Construction Services Agreement and Sublease

The Construction Services Agreement and the Contract Documents as defined therein, including the Sublease, are incorporated by reference herein in their entirety as if fully set forth herein.

SECTION 19. Binding Effect

This Site Lease shall be binding upon and inure to the benefit of the parties and their respective successors and assigns.

SECTION 20. Entire Agreement

This Site Lease, the Sublease, the Construction Services Agreement and the additional Contract Documents as defined in the Construction Services Agreement constitute the entire agreement between Contractor and the District, and the Contract Documents shall not be amended, altered, changed, modified or terminated without the written consent of both parties hereto, except as otherwise provided herein or in Section 10 of the Construction Services Agreement.

SECTION 21. Execution in Counterparts

This Site Lease may be executed in any number of counterparts, each of which shall be an original, but all of which together shall constitute one instrument.

SECTION 22. Indemnification

Contractor shall indemnify the District in accordance with the provisions set forth in the General Conditions incorporated into the Construction Services Agreement.

SECTION 23. Applicable Law

This Site Lease shall be governed by and construed in accordance with the laws of the State of California. The parties irrevocably agree that any action, suit or proceeding by or among the District and Contractor shall be brought in whichever of the Superior Courts of the State of California, Ventura County, or the Federal Court for the Central District of California in Los Angeles, California, has subject matter jurisdiction over the dispute and waive any objection that they may now or hereafter have regarding the choice of forum whether on personal jurisdiction, venue, forum non conveniens or on any other ground.

SECTION 24. Headings

The captions or headings in this Site Lease are for convenience only and in no way define, limit or describe the scope or intent of any provisions or sections of this Site Lease.

SECTION 25. Time

Time is of the essence in this Site Lease and each and all of its provisions.

IN WITNESS WHEREOF the parties hereto, intending to be legally bound thereby, have executed this Site Lease effective as of the date first above written.

CIUDAD DE SAN BUENAVENTURA AVISO DE AUDIENCIA PÚBLICA

FECHA Y TIEMPO: Martes, 21 de octubre de 2025, 5:00 PM
LUGAR: Wright Event Center, 57 Day Road, Ventura, CA.
To view the meeting live at https://www.cityofventura.ca.gov/718/Videos, YouTube at https://www.YouTube.com/cityofventura/live or on Cable TV – Channel 15.
DESCRIPCIÓN DEL PROYECTO: Por la presente se notifica que el Concejo Municipal llevará a cabo una audiencia pública para considerar la aprobación de la Actualización del Plan General de la Ciudad de San Buenaventura y la certificación del Informe de Impacto Ambiental asociado (EIR SCH# 2024050045). La propuesta de Actualización del Plan General establece la visión de la comunidad para el desarrollo futuro hasta el año 2050. Incluye metas, políticas y acciones para su implementación actualizadas para elementos que incluyen Uso de Suelo, Movilidad, Parques y Espacios Abiertos, Conservación, Seguridad, Ruido y Vivienda. El EIR evalúa los posibles efectos ambientales asociados con la Actualización del Plan General y está destinado a ser un documento de carácter programático.
La propuesta del Plan General y el Informe Final de Impacto Ambiental, incluyendo las respuestas a todos los comentarios públicos sobre el Borrador del EIR, están disponibles para su revisión en el sitio web de la Ciudad en www.planventura.com y en el Ayuntamiento, 501 Poli Street, Ventura, CA 93001, durante el horario normal de oficina.
Se invita a todas las personas interesadas a asistir a dicha audiencia y expresar opiniones relacionadas con este asunto.
Para obtener más información sobre este proyecto, comuníquese con: Maruja Clensay, Subdirectora de Desarrollo Comunitario, 805-677-3964 or mclensay@cityofventura.ca.gov
Michael MacDonald, CMC
City Clerk
FECHA: 1 de octubre de 2025
PUBLICAR: 10 de octubre de 2025
De conformidad con el Código de Gobierno de California, se le informa lo siguiente: En caso de que usted interponga un recurso legal ante los tribunales contra la acción descrita en este aviso, es posible que su derecho de argumentación quede limitado únicamente a los asuntos que usted u otra persona hayan planteado durante la audiencia pública o mediante correspondencia escrita presentada a la Ciudad de San Buenaventura en o antes de dicha audiencia.

CITY OF VENTURA
PUBLIC HEARING NOTICE

DATE AND TIME: Tuesday, October 21, 2025, at 5:00 p.m., or as soon thereafter as possible.
LOCATION: Wright Event Center, 57 Day Road, Ventura, CA.
To view the meeting live at https://www.cityofventura.ca.gov/718/Videos, YouTube at https://www.YouTube.com/cityofventura/live or on Cable TV – Channel 15.
PURPOSE: Notice is hereby given that the City Council will conduct a public hearing to consider approval of the City of San Buenventura's General Plan Update and certification of the associated Environmental Impact Report (EIR SCH# 2024050045). The proposed General Plan Update establishes the community's vision for future development through the year 2050. It includes updated goals, policies, and implementation actions for elements including Land Use, Mobility, Parks and Open Space, Conservation, Safety, Noise, and Housing. The EIR evaluates the potential environmental effects associated with the updated General Plan and is intended to be a program-level document.
The proposed General Plan and the Final Environmental Impact Report, including responses to all public comments on the Draft EIR are available for review on the City's website at www.planventura.com and at City Hall, 501 Poli Street, Ventura, CA 93001, during regular business hours.
All interested persons are invited to attend said hearing and express opinions relating to this matter.
Written communications may be directed to: City Council, 501 Poli Street, Ventura, CA 93001 or submitted online at https://www.cityofventura.ca.gov/publicinput. For further information, contact Maruja Clensay, Assistant Community Development Director, at mclensay@cityofventura.ca.gov.
Michael MacDonald, CMC City Clerk
DATED: October 1, 2025
PUBLISH: October 10, 2025
Pursuant to the California Government code, please take notice follows: If you challenge the action described in this notice in court, you may be limited to raising only those issues you or someone else raised at the public hearing or in written correspondence delivered to the City of San Buenaventura at, or prior to, the public hearing.

Site Work	One-time Pressure Washing approx. 145,580 sf	$	25,325

Labor Type:	Union	Project Type:	Modernization	# of Cleans	Four

CLARIFICATIONS

INCLUSIONS:

- Escalation through June 2028, assuming 4% increase per hour per year
- Cleaning to take place in a sequential order
- Two rough and Two final cleaning of buildings
    - Building 1, Building 2 and Building 3
        - Due to the number of cleaners, the second final cleaning is considered to be less comprehensive than first one
- One full exterior cleaning
    - Full exterior cleaning of building includes windows, doors, roof, and 10ft around the perimeter of the buildings.
    - Building envelope to be cleaned from boom and tucker pole.
- Assumes final cleaning and exterior cleaning can be done at the same time
- One mobilization per pass per building
- Our scope includes incidental paint/marker cleanup that can be wiped clean (e.g., a drip here and there or light overspray).
    - Excessive markings, graffiti, or overspray requiring chemical solvents (e.g., Goof Off) or mechanical means are excluded and subject to additional charge.
- 15% Overhead & Profit (O&P) will be applied to all Change Orders and Time & Material (T&M) work.
- Removal of construction debris is limited to small items only. All large debris is the responsibility of the respective subcontractors who generated it.
- Removal of Ram Board is limited strictly to taped applications only. Similarly, removal of mechanical floor protection (such as plastic sheeting) must be performed by gently peeling from corner to corner. (only on path of travel)
    - Use of excessive or non-standard methods—such as removal in strips due to product aging, environmental conditions, or other factors—will be considered outside the defined scope of standard removal. These instances will be tracked and billed on a Time & Materials (T&M) basis, as they exceed our standard means and methods for protection removal.
- Water and Electricity is readily available.
- Elevator access is readily available.
- Free onsite parking available

EXCLUSIONS:

- Movable furniture – cleaning does not include moving or handling of furniture.
- Trusses and sport equipment
- Stripping and waxing – not included per the floor finish schedule; project flooring does not require waxing.
- Cleaning of permanent markings – such as permanent pen (e.g., markers or Sharpies) or spray paint requiring special tools or mechanical removal.
- Cost for Payment Management Software – not included in the scope.
- Costs related to job-specific requirements – including employee drug testing, badging, fingerprinting, or security clearances.
- Excessive cleaning caused by other contractors' work – such as overspray, markings, drippings, splatter, adhesive residue, protection materials, or tape.
- Redlined items – not included in cleaning scope.
- Exposed pipes – cleaning of exposed piping is excluded.
- Bid, payment, and performance bonds – not included in pricing.
- Disposal or removal of large construction debris generated by other subcontractors.
- Permits, fees, or third-party inspections, unless specifically noted in the contract.
- Removal by mechanical means (Tooling or mechanical equipment)

Thank you for providing Final Cleaning Solutions Inc. the opportunity to offer you a proposal for the Final Clean scope of this project.

Rev #	Date	Description

We have received and reviewed the following bid documents and prepared this proposal based on this information:

Plans Dated: July 2025
Specifications Dated: January 2025

LABOR

Final Cleaning Solutions, Inc. has provided quality Construction Final Clean-up services at the right price. We maintain the philosophy that good quality service combined with old-fashioned reliability guarantees client satisfaction. We provide this type of service through quality control and a well-trained staff. Final Cleaning Solutions Inc. also prides itself on its proven ability to follow through and pay strict attention to detail.

TIMETABLE

Per bid documents, construction is anticipated to start on June 2026. We anticipate our work to be performed by June 2028.

CERTIFICATIONS

Final Cleaning Solutions Inc. is, SBE, SB, WBE, DBE, MBE, LSBE, and WOSB certified.

ACKNOWLEDGEMENT OF ADDENDUMS

- SCOPE OF WORK FOR FINAL CLEAN:
- Final Cleaning: Execute final cleaning at Substantial Completion.
- Clean interior and exterior surfaces exposed to view; remove temporary labels, stains and foreign substances; polish transparent and glossy surfaces; vacuum carpeted and soft surfaces.
    - Vacuuming Equipment: Type with high efficiency particulate arrestor (HEPA) type filters; properly maintained.
- Clean equipment and fixtures to a sanitary condition, ~~clean filters of mechanical equipment, replace filters where cleaning is impractical.~~
    - ~~Clean ducts.~~
- Clean site; sweep paved areas.
- Remove waste, surplus materials and rubbish from Project and site; recycle to maximum extent feasible.

SCOPE OF WORK – FCS GENERAL ROUGH & FINAL

A. Rough Clean – Purpose is to provide a dust free area for when interior finishes are beginning to be installed. This clean includes the following activities:
    A. Remove all construction debris (Limited to small items. Other subcontractors are responsible for their own large debris).
    B. Dry wipe all horizontal surfaces, cabinets, and doors.
    C. Wipe down all HVAC grills.
    D. Use clean sweep all floors to remove dust.
    E. Remove Protection and wipe-down of surfaces.

B. Final Clean – This is the more comprehensive clean, the purpose of this clean is to minimize the punch list items (leave building ready for occupancy) that area usually corrected during the final clean-up. This clean shall include all the move-on areas listed (A-U). This clean includes the following activities:
    A. Remove all construction debris (Limited to small items, but even less debris is expected during this clean).
    B. Remove all protective materials from surfaces.
    C. Vacuum carpets.
    D. Perform all final cleaning services for all surfaces for the project as noted herein. All materials used shall be compatible with the material finishes.
    E. Clean and mop all hard and resilient floor surfaces.
    F. Clean all ceiling grid as necessary from fingerprints and dust.
    G. All mechanical/electrical rooms to be swept and mopped. Dust all equipment, conduit, ductwork, enclosures, etc.
    H. All restroom fixtures, sinks, mirrors, shelves, walls, floors, showers, partitions, etc. shall be cleaned and sanitized.
    I. All lockers, storage spaces, cabinetry, etc. shall be cleaned both inside and out.
    J. All handrails, railings, etc. shall be wiped clean of all dust and debris.
    K. All electrical fixtures, lenses, bulbs, switches, outlets, cover plates etc. shall be thoroughly dusted and cleaned free of handprints as needed.
    L. All doors, door frames and hardware shall be cleaned free of debris and dust.
    M. Subcontractor to fully dust all painted walls to remove dust and debris. Wipe down if necessary.
    N. All windows and window frames shall be cleaned free of debris and dust.
    O. Thoroughly wash and clean all windows, glazing, aluminum mullions, curtain wall windows, etc. from debris, caulking, dirt, tape, and residue.
    P. Clean all kitchen equipment inside and out in the kitchen area. Clean all countertops, stainless steel fixtures and floor drains.
    Q. Clean all millwork, including areas not exposed to public eye (i.e., casework, behind doors, etc.).
    R. Open all access doors and clean immediate surrounding areas.
    S. Clean all mirrors, toilets, urinals, sinks, faucets, etc.
    T. Hose down exterior walls, sweep and pressure wash hardscape immediately surrounding the building (10-feet).
    U. Remove all debris of roof, clear drains, and gutter from debris, sweep and wash roof membrane.

Important Master Labor Agreement Regulations

Final Cleaning Solutions, Inc. is signatory to the Laborer's Union and as such must abide by regulations put forth in the Master Labor Agreement. Below are a few of the regulations that may occur on any given project and/or Union pay rate:

1. Any workman or employee reporting for work at the regular starting time and for whom no work is provided, shall receive pay for two (2) hours at the stipulated rate for so reporting, unless:
   (1) he has been notified before the end of his last preceding shift not to report
   (2) during a period of inclement weather, the Contractor has instructed the employee to call a designated job number provided to him for instructions concerning reporting to the job site and the employee has either failed to do so or the employee called and was instructed not to report: and any workman or employee who reports for work and for whom work is provided shall receive not less than four (4) hours' pay; and if more than four (4) hours are worked in any one day, but less than six (6) hours, he shall receive not less than six (6) hours pay at the straight time hourly rate and if an employee were to work more than six (6) hours but less than eight (8) hours, he shall receive no less than eight (8) hours pay at the straight-time hourly rate unless prevented from working for reasons beyond the control of the Contractor, including, but not limited by, such factors as inclement weather, a breakdown causing discontinuance of a major unit of the project during which time workmen or employees are not required or requested to remain on the project by the Contractor or his agent. New employees on their first day of work shall be paid for their actual time worked.

2. Any time worked on Saturday, Sunday, or Holidays outside of the shift hours provided in the agreement shall be paid for based on the actual hours worked at the Laborers overtime rate, except that any workmen or employees reporting for work at the stipulated time and for whom no work is provided shall receive pay for two (2) hours at the overtime rate, any workmen or employees who report for work and for whom work is provided shall receive not less than four (4) hours' pay at the overtime rate; and if an employee works more than four (4) hours, he shall be paid for the actual hours worked at the overtime rate.

Abatement

October 29, 2025 Proposal Number: 25-0511

Client: Estimating
Phone: 805-487-3871
Email: estimating@violainc.com

Viola Inc.
5811 Olivas Park Dr Suite 204
Ventura, CA 93003

Project Name: Fremont Middle School
18 Crow Canyon Ct,
San Ramon, CA 94583

Integrated Demolition and Remediation (IDR) respectfully submits the following proposal for the above referenced project for your consideration.

Documents: Bid set prepared by VCA Engineers and dated 01/17/2025.	1. Drawings CD1.0 – CD1.7 2. AHERA 3-Year asbestos Reinspection Report

Scope of work:	
Prepare a pre-demolition survey	
Asbestos Scope of Work: • Removal and disposal of ACM from the building including acoustical ceilings, drywall and joint compound, floor tile, exterior stucco, plaster walls, vinyl sheet flooring, window putty, mastics, etc. • File SC AQMD notification	
Demolition Scope of Work: • Building demolition includes the removal of structures onsite including walls, roofs, footings, slabs, etc. o Slabs are assumed to be up to 6” thick. o Perimeter footings up to 24” below grade are included. Footings up to 24” wide are included. o IDR is assuming all materials on asbestos report to be removed prior to demolition starting. • Site demolition includes the removal and disposal of AC and concrete paving, curbs, gutters, trees, clear and grub, trees, chain link fence, building canopies, underground utilities, etc. o Concrete paving is assumed up to 4” thick. o AC paving is assumed to be up to 4” thick. o AC paving to be free of any petromat. o **IDR is not including the removal of any base.**	
Demolition:	**$1,530,800.00**
Asbestos Abatement:	**$1,110,000.00**

Conditions and Assumptions:

- This proposal is lump sum and may be broken out for accounting purposes only.

- This proposal is based on **Prevailing** Wages during normal business working hours and includes one (1) mobilization. Additional mobilizations will be billed at $1,500 + equipment deliveries.
- IDR reserves the right to salvage all items onsite.

Exclusions: The following are excluded from this proposal unless explicitly included above.

- **Permit Acquisition, Fees, and Legal Compliance:** Costs associated with obtaining necessary permits, fees payable to local authorities, and costs associated with compliance with new laws or regulations that come into effect after the proposal is accepted.
- **Utility Disconnections and Relocation:** Disconnection and relocation of utilities such as gas, water, electricity, and telecommunications. The client is responsible for ensuring all utilities are safely disconnected and capped prior to work. Removal of underground utilities limited to 5' below grade.
- **Hazardous Material and Special Conditions:** Removal and disposal of asbestos, hazardous materials, and handling of materials like asphalt with Petromat fabric or concrete plastic below asphalt, unless specified.
- **Structural and Engineering Services:** Structural engineering assessments, bracing, underpinning, engineering services, staking, and layout related to demolition.
- **Subsurface and Unforeseen Conditions:** Issues related to unknown subsurface conditions, unforeseen conditions such as buried pipes, cables, or foundations, and any other unforeseen site conditions.
- **Salvage Rights and Salvage for Others:** Any salvage rights for materials found on the site, and salvaging materials for others unless explicitly agreed upon in writing.
- **Environmental and Post Demolition Site Work:** Environmental assessments, remediation, erosion control, grading, import/export of materials, SWPPP (Stormwater Pollution Prevention Plan) implementation, BMP's, and any other post-demolition environmental or site work.
- **Site Security and Services:** Providing site security, fencing, site services, and other related services during non-working hours.
- **Excavation and Related Work:** Excavation, shoring, lagging, dewatering, and related works unless specified in the contract.
- **Weather-Related Issues and Protection:** Delays and additional costs arising from unforeseen weather conditions and provision of weather protection.
- **Neighbor or Third-Party Claims:** Claims or damages made by neighbors or third parties as a result of demolition activities.
- **Specialty Insurance and Bonding:** Specialty insurance items not listed in this proposal and bonding costs.
- **Off-Site Work:** Any work performed off-site.
- **Standby Time:** Any standby time due to owner/contractor delays.
- **Pedestrian and Property Protection:** Installation of pedestrian canopies, barricades, protective covers, and other measures to protect property and the public.
- **Liquidated Damages:** Any liquidated damages or penalties for delays or non-performance.
- **Additional Work or Materials:** Any work or materials not explicitly outlined in the proposal.

THIS PROPOSAL IS VALID FOR THIRTY (30) DAYS.

Upon commencement of work, this proposal shall become a binding contract between both parties unless or until superseded by a formal mutually agreed upon contract, at which time this proposal shall become a part of the new contract document.
Regards,

Daniel Macias

REQUIRED WORKING DAY DURATION FOR SCOPE OF WORK **125**

PER ADDENDUM: N/A **TOTAL $ 1,796,958**

ADD ALT: #1 _____ #2 _____ #3 _____ #4 _____ #5 _____

INCLUSIONS:

Abatement is basd on AHERA report which assumed all drywall,stucco, plaster,flooring, ceilings, baseboard mastic etc… this is giving a really high number, I suspect flooring will be asbestos, and we've experienced both asbestos and non-asbestos ceilings in other district schools. I don't want to imply I know better than the specifications, but wanted to note that I think further testing could half this price. As this stands it would cover almost all building demolition scope other than: Site, building slab, plumbing, HVAC, roofing and framing.

SPECIFIC EXCLUSIONS:

No lead paint testing was supplied and any remediation is excluded at this time.

SHOULD ANY QUESTIONS ARISE, PLEASE CONTACT: **Campbell Scott**

2025 Tandem Way, Norco, CA 92860 • (951) 479-0700 • Fax (951) 479-0701 • campbells@januscorp.com

CA LIC. #572682, exp. date July 31, 2027 | DIR Registration #1000000894, exp. June 30, 2028 | DIR Project # 0

Project: Fremont MS

Start date and schedule to be mutually agreed upon. Quote is valid for 30 days and cannot be separated without Janus' written consent. Layout must be performed by GC prior to start of selective demolition. All jobs less than 5 days or $10,000 will be due 60 days after completion. No retention.

STANDARD EXCLUSIONS:

1. Layout, bonds, traffic control, building permits, SWPP, utility location, site security, temporary power and water.
2. Consulting, clearance testing, and air monitoring.
3. Concrete greater than five inches thick and asphalt removal greater than three inches thick unless noted otherwise.
4. Removal of unidentified below grade items such as grade beams, piles, piers, utilities, tanks, petromat, bonded concrete, underpinnings and fibermesh.
5. Removal/Protection of any item salvaged, stored, reinstalled or returned to Owner.
6. Finish removals are based on single layers unless noted otherwise on drawings.
7. Core drilling for other trades, roof openings and MEP penetrations for new work.
8. Flooring preparation for installation of new floors.
9. All window abatement and demolition assumes windows and frames to be removed in their entirety. No partial demolition or partial salvage for retrofit windows is assumed.
10. All Scaffolding, Shoring and Structural Engineering for Scaffold/Shoring is excluded unless specifically itemized and listed in Inclusions.

PROPOSAL

October 30, 2025

Between the Owner: **Viola Inc.**

And the Contractor: **Interior Demolition, Inc.**
23508 Pine Street
Newhall, California 91321
United States
CSLB# 603409
818.249.4932

For the Project: **Fremont Middle School Demolition**

Scope of Work:

- **Building Demolition:**

Complete demolition and removal of all above-grade structures, including framing, walls, roofing, and associated architectural feature, **per the provided demolition plans**. .

- **Site Demolition:**

Demolition and removal of existing concrete foundations, footings, and walkways within the project limits, **as shown on the provided demolition plans**. All excavated materials will be removed from the site and disposed of at an approved facility. Utility disconnections and protection of remaining structures will be coordinated per project requirements.

- **Hazardous Material Abatement:**
  Identification, containment, and removal of hazardous materials, including but not limited to asbestos-containing materials (ACM) as identified in the hazardous materials survey. All abatement work will be performed in accordance with federal, state, and local regulations by certified personnel.

- **Final Grading:**

Upon completion of demolition and debris removal, the site will be left with a **rough, level-graded surface** suitable for future development activities. No fine grading, compaction testing, or soil stabilization is

included unless otherwise specified.

All project addendum's issued to date are acknowledged and incorporated into this scope of work.

Exclusions

- Site fencing and perimeter security.
- Securing and payment of any and all required permits.
- Procurement of traffic control devices or materials for work performed within the public right-of-way.
- Import or export of soil or materials.
- Utility disconnections, relocations, or terminations.
- Erosion control and BMP installation or maintenance.
- New construction, site improvements, or restoration work beyond demolition scope.
- Excluding Performance of removal note 3 on sheet# CD-1.1
- Excluding any/all offsite demolition items

TERMS AND CONDITIONS:

- Proposal Validity
  - This proposal is valid for 90 days and is subject to price adjustments based on material and labor cost fluctuations.

- Compliance & Safety Standards
  - Interior Demolition, Inc. will comply with all federal, state, and local regulations, including but not limited to:
  - California Building Code
  - OSHA & Cal/OSHA Safety Standards
  - EPA & SCAQMD Fire Cleanup Regulations
  - Hazardous Material Handling Laws (If Applicable and Approved)
  - State and Local Environmental Compliance Rules

- Unforeseen Conditions & Additional Work
  - •Any hidden hazardous materials, structural deficiencies, or additional requirements not outlined in the original scope will require a Change Order with additional costs.

- Project Delays & Force Majeure
  - •Interior Demolition, Inc. is not liable for delays caused by:

•Permit processing issues
•Acts of God (natural disasters, extreme weather)
•Supply chain disruptions affecting materials or equipment
•Regulatory or agency delays beyond contractor control

- Indemnification & Liability
  •Interior Demolition, Inc. shall carry general liability and workers' compensation insurance for all personnel on-site.
  •The client agrees to indemnify and hold harmless Interior Demolition, Inc. against any claims related to pre-existing hazardous conditions, regulatory compliance penalties, or site access issues beyond our control.

- Dispute Resolution & Legal Fees
  •In the event of a contract dispute, both parties agree to first seek mediation or arbitration before pursuing legal action.
  •In any litigation or arbitration, the prevailing party shall be entitled to recover reasonable attorney's fees and litigation expenses.

PAYMENT TERMS

• Progress Payments: Payments will be made based on the percentage of work completed.

1. Final Payment: Due upon satisfactory completion and agency sign-off. EXCLUSIONS

The following items are excluded from this proposal unless specifically included in the Scope of Work section or noted as a separate line item:

- Prevailing Wages – This proposal excludes prevailing wages unless specifically noted and agreed upon in writing.

- Permits & Bonds – Unless specifically stated, permits, regulatory fees, and bonds are the responsibility of the client.

- Traffic Control & Road Closures – Any required lane closures, sidewalk barricades, or city-mandated traffic control must be provided by others.

- Hazardous Material Abatement –
  •This proposal excludes the removal of hazardous materials such as asbestos, lead-based paint, mold, PCB materials, or underground fuel tanks unless explicitly included as a line item in the pricing section.
  •If hazardous materials are encountered and abatement is required, a separate Change Order must be approved before proceeding.

- Unforeseen Subsurface Conditions –
  •Any buried foundations, underground storage tanks, abandoned utilities, or soil contamination beyond visual inspection will require a Change Order.

- Testing & Inspection Fees –
  - •Soil sampling, hazardous material testing, and structural inspections are the responsibility of the client unless otherwise agreed.

- Temporary Services & Utilities –
  - •Water, power, and sanitation facilities for the duration of the project must be provided by the client or municipality.

- Security & Site Protection –
  - •Site security, fencing, or 24-hour monitoring is not included unless specifically noted.

- Off-Site Work –
  - • Any grading, debris removal, or remediation beyond the project boundary is excluded.

- Post-Demolition Landscaping & Hardscaping –
  - •No new construction, paving, or planting is included.

- Weather-Related Delays & Costs –
  - •Additional costs for delays caused by extreme weather, flooding, or emergency response mandates will be addressed via Change Orders.

1. Legal & Environmental Liabilities –
   - •Any penalties, fees, or environmental compliance violations caused by pre-existing site conditions are the responsibility of the client.

2. Job Site Damage Due to Heavy Equipment –
   - • Interior Demolition, Inc. (IDI) is not responsible for any damage around the job site caused by heavy equipment. This includes but is not limited to damage to:
   - • Sidewalks, driveways, curbs, roadways, underground utilities, landscaping, neighboring structures, or adjacent properties.

   •Any repairs to such areas are the sole responsibility of the client unless otherwise agreed upon in writing.

Project Totals:

Name	Description	Total Cost
Category 1		
Demolition		
Building Demolition Sequence 1		$115,817.00
Building Demolition Sequence 2		$1,035,915.00
ACM Abatement		$1,385,500.00
Demolition Subtotal:		$2,537,232.00
Grand Total		**$2,537,232.00**

PROPOSAL

October 30, 2025 Bid #: DB25-347

Mr. Bryan Szal
Viola Inc.
5811 Olivas Park Dr.
Ventura, CA 93003

Project:	**Fremont Middle School**
	Oxnard, CA
Scope of Work:	**Abatement and Demolition**
Bid Documents:	**Plans and Specs**
Addenda:	**1**

Dear Mr. Contact Name,

Thank you for the opportunity to provide our quotation for the above referenced project. We propose to furnish all labor, material, equipment and disposal necessary to perform the abatement and demolition scope of work in accordance with all existing S.C.A.Q.M.D. /E.P.A. /O.S.H.A. rules and regulations. NorthStar Contracting Group, Inc. is committed to complying with the safety, schedule, and logistical requirements of the project.

SCOPE OF WORK

NorthStar Contracting Group, Inc. will provide all labor, material, and equipment to perform the following scope of work based on DSA Plans dated 1.17.25, AHERA Reinspection Report dated 4.23.25, and current site conditions:

ABATEMENT

Description	Quantity	Unit

Mastic Associated with Carpet	4,500	SF
9"x9" Cream Resilient Floor Tile & Mastic	240	SF
Exterior Stucco	2,850	SF
9"x9" Cream Resilient Floor Tile & Mastic (Under Carpet)	4,500	SF
6" Black Baseboard & Mastic	15	SF

Description	Quantity	Unit
Library Building:		
2'x4' Acoustical Ceiling Panel	2,700	SF
Drywall & Joint Compound	1,010	SF
9"x9" Cream Resilient Floor Tile & Mastic	2,700	SF
Exterior Stucco	2,000	SF
Plaster Walls	140	SF
Kitchen, Cafeteria, Staff Lounge Building:		
2'x4' Acoustical Ceiling Panel	11,650	SF
2'x2' Acoustical Ceiling Panel	1,640	SF
Drywall & Joint Compound	7,000	SF
4" Baseboard Mastic	190	SF
12"x12" Cream with Streaks Resilient Floor Tile & Mastic	12,120	SF
Vinyl Sheet Flooring & Mastic	550	SF
Mastic Associated with Carpet Mastic	620	SF
Exterior Stucco	6,000	SF
6" Black Baseboard Mastic	85	SF
P.E. & Locker Rooms Building:		
2'x4' Acoustical Ceiling Panel	6,000	SF
12"x12" Acoustical Ceiling Tile & Mastic	2,800	SF
Drywall & Joint Compound	3,100	SF
Plaster Walls	4,000	SF
9"x9" Brown Resilient Floor Tile & Mastic	3,400	SF
Window Putty	620	LF
Exterior Stucco	5,600	SF
Building: #2 (202, 203, 205, 206, 207)		
2'x4' Acoustical Ceiling Panel	2,100	SF
Drywall & Joint Compound	4,000	SF
4" Baseboard Mastic	88	SF
6" Baseboard Mastic	240	SF
Mastic Associated With Carpet Mastic	400	SF
12"x12" Acoustical Ceiling Tile & Mastic	450	SF
12"x12" Cream Resilient Floor Tile & Mastic	830	SF
12"x12" Brown Resilient Floor Tile & Mastic	800	SF
Exterior Stucco	6,000	SF
Building: #3 (301-305 & 307)		
2'x4' Acoustical Ceiling Panel	8,690	SF
Drywall & Joint Compound	8,000	SF
12"x12" Blue Resilient Floor Tile & Mastic	7,900	SF
12"x12" Dark Blue Resilient Floor Tile & Mastic	800	SF
4" Blue Baseboard Mastic	272	SF
Exterior Stucco	4,300	SF
Building: #4 (401, 401A, 402, 403)		
2'x4' Acoustical Ceiling Panel	6,600	SF
Drywall & Joint Compound	10,000	SF
12"x12" Blue Resilient Floor Tile & Mastic	5,700	EA
12"x12" Dark Blue Resilient Floor Tile & Mastic	900	EA
4" Blue Baseboard Mastic	408	SF
Exterior Stucco	4,300	SF
Plaster Walls	1,200	SF

Description	Quantity	Unit
Building: #6 (601-609)		
2'x4' Acoustical Ceiling Panel	10,800	SF
Drywall & Joint Compound	11,340	SF
4" Blue Baseboard Mastic	408	SF
12"x12" Blue Resilient Floor Tile & Mastic	10,000	SF
12"x12" Dark Blue Resilient Floor Tile & Mastic	1,080	SF
Mastic Associated With Carpet Mastic	2,400	SF
Exterior Stucco	4,200	SF
Plaster Walls	1,500	SF
Building: #7 (701-710)		
2'x4' Acoustical Ceiling Panel	13,000	SF
Drywall & Joint Compound	14,500	SF
4" Blue Baseboard Mastic	425	SF
12"x12" Blue Resilient Floor Tile & Mastic	11,500	SF
12"x12" Dark Blue Resilient Floor Tile & Mastic	1,300	SF
Exterior Stucco	4,300	SF
Plaster Walls	500	SF
Building: #8 (801-810)		
2'x4' Acoustical Ceiling Panel	12,000	SF
Drywall & Joint Compound	14,000	SF
4" Blue Baseboard Mastic	408	SF
12"x12" Blue Resilient Floor Tile & Mastic	10,800	SF
12"x12" Dark Blue Resilient Floor Tile & Mastic	1,250	SF
Exterior Stucco	4,160	SF
Plaster Walls	350	SF
Building: #9 (901-908)		
2'x4' Acoustical Ceiling Panel	7,360	SF
6" Black Baseboard Mastic	520	SF
12"x12" Blue Resilient Floor Tile & Mastic	7,360	SF
Building: Portables (1201-1205)		
Drywall & Joint Compound	2,670	SF
Wainscot Mastic	560	SF
4" Black Baseboard Mastic	156	SF
12"x12" Blue Resilient Floor Tile & Mastic	2,680	SF
12"x12" Beige Resilient Floor Tile & Mastic	20	SF
Vinyl Sheet Flooring Mastic	120	SF
Mastic Associated with Carpet Mastic	900	SF

STATEMENTS OF QUALIFICATION

1. NorthStar Bond Rate is 1.5% (depends on bid amount) of the final contract price (if required). NorthStar is bondable for single contracts in excess of $25,000,000.00 and the Sureties would be willing to consider larger projects.
2. NorthStar Experience Modification Rate is .99.
3. NorthStar has an A Rating on ISNet.

OWNER/AGENT RESPONSIBILTIES

The Owner and/or his designated agent is responsible for providing to NorthStar the following:

1. The owner/agent shall provide site access prior to final award for verification of existing site conditions.
2. The owner/agent shall provide a pre-demolition asbestos/environmental survey prior to the commencement of work.
3. The owner/agent shall provide the necessary owner information and EPA ID Number for AQMD notification and disposal manifest purposes if necessary.
4. The owner/agent is to provide and install all necessary temporary fencing/protection/barricades/railings/pedestrian canopies for the duration of this scope.
5. The owner/agent is to provide and install all necessary street and/or sidewalk closures for the duration of this scope.
6. The owner/agent is responsible for termination of utilities with providing agency as necessary.
7. The owner/agent is responsible to provide safe-off as necessary to complete this scope.
8. The owner/agent shall provide water, power (including assistance to hook up temporary power), and HVAC lockout.
9. The owner/agent is responsible to provide the necessary demolition permits.
10. The owner/agent shall provide adequate staging areas for equipment and dumpsters (dock access).
11. The owner/agent shall remove of trash or tenant items, leaving the area "broom clean", prior to mobilization.
12. The owner/agent shall provide sanitary facilities.
13. The owner/agent shall designate/Identify items to remain and/or salvaged prior to NorthStar mobilization.
14. The owner/agent shall provide parking for workforce.

CONDITIONS

1. This proposal is based on NorthStar being awarded all work under one contract. Price breakdown is for accounting purposes only unless specifically authorized by NorthStar.
2. Adequate staging, laydown, and parking shall be provided for the performance of this work.
3. Areas of demolition to be uniformly dressed using on-site material only. NorthStar has not included the cost for any imports, exports, rough grading, backfill and compaction within this proposal.
4. The owner/GC shall be responsible for the closeout and termination of utility lines that will be affected by this work.
5. Tree removal is limited to stump removal of up to 24 inches below adjacent grade; removal of the root system is not part of this proposal.
6. The quoted price reflects that all work will be done between normal working hours.
7. This proposal is based on two (2) mobilization. Additional mobilizations are $3,500.00 each.
8. All work is Union and/or prevailing wage.
9. This proposal will be part of our contract and is based on the award of all work.
10. If this project is going to be using Textura for payments, we must add .3% of the proposal amount or a max of $3,750.00 to the contract.
11. In the event change order work is to be done, an additional 2.5% will be added to all work for NorthStar CGL Insurance.
12. Retention not to exceed 5% and to be released at the completion of our scope of work.
13. All salvage belongs to NorthStar Contracting Group, Inc. unless noted otherwise on plans or specs.
14. NorthStar assumes all Slabs/Decks are to not be Post Tension construction. In the event Post Tension is encountered NorthStar can remove at an additional cost.
15. NorthStar assumes no Raft Foundation construction. In the event Raft Foundations are encountered NorthStar can remove at an additional cost.
16. Concrete pavement is figured at up to 4” thick.
17. Concrete slab is figured at up to 5” thick.
18. Asphalt pavement is figured at up to 4” thick.
19. Building footings are figured at up to 2’ x 3’.

EXCLUSIONS

Unless specifically included in the scope of work above, excluded items must be provided by others, if required, to ensure the timely completion of our work.

1. Hazardous material removal other than what is specifically listed in this proposal.
2. Third Party monitoring for hazardous material work if necessary.
3. Clearance sampling for hazardous material work if required.
4. BOE and/or King Tax.
5. Liquidated Damages, Indemnifications and/or Consequential Damages.
6. Salvage and/or storage of any items.
7. Permits, deposits and fees other than SCAQMD & OSHA.
8. Removal and/or disposal of any liquid or chemical wastes left behind by former tenants.
9. Delays due to others.
10. Unforeseen conditions.
11. Marking and/or layout.
12. Survey for under slab utilities.

13. Removal of furnishings, equipment and/or debris necessary to access our work.
14. Utility (M/E/P/S) locating, marking, disconnect, cutting and/or capping prior to demolition.
15. Support or protection of existing utilities prior to or during demolition.
16. Removal of any secondary sub-grade slabs unless specifically noted within this proposal.
17. Removal of any caissons, piles, pile caps, and/or piers unless specifically noted within this proposal.
18. Removal of Crushed Miscellaneous Base (CMB) under ac paving and/or concrete.
19. Removal of Waterproofing membranes if encountered.
20. Removal of Petromat if discovered under asphalt paving.
21. Removal of Underground Storage Tanks (USTs).
22. Installation or adjustment of fencing/protection/barricades/railings/pedestrian canopies.
23. Relocation and/or reinstallation of any items.
24. Traffic control and/or encroachment permits for offsite demolition.
25. Dewatering.
26. Trenching for other trades.
27. Earthwork.
28. Chasing of root system extending outside of root ball.
29. Installation and/or maintenance of SWPPP.
30. Protection against inclement weather.
31. Shoring and/or bracing.
32. Parking Fees.

INSURANCE

NorthStar provides comprehensive coverage on a per project and occurrence basis for all of its lines of coverage. NorthStar's primary coverages include CGL with limits of $5 million per occurrence/$10 million aggregate for both ongoing and continuing operations, Automobile Liability with limits of $2 million combined single limit for each accident and Employers' Liability with limits of $1 million per accident. NorthStar also carries Workers Compensation policies in all states. In addition to these primary coverages NorthStar provides Excess Liability coverage with limits of $25 million which follows form to the CGL, Auto and Employer's Liability policies. NorthStar also carries Pollution Liability coverage in the amount of $25M per claim and $25M aggregate as well as Professional Liability coverage in the amount of $5M per Occurrence/Aggregate.

Please do not hesitate to contact me with any questions or concerns at 714-639-7600.

Respectfully submitted,

Tanner Lundstrom

ACCEPTANCE: The above proposal, including Scope of Work, Procedures and Terms and Conditions is hereby accepted. NorthStar Contracting Group, Inc. is authorized to proceed with the work as specified.

PROJECT NUMBER: **401-VIO**

VenTERRA Environmental, Inc. (VTE) has reviewed the **Tabbara Corporation** **3 Year AHERA Reinspection Report** for Freemont Middle School, dated 4/14/2025. Pricing is being presented for the assumed asbestos containing materials described for each building.

The AHERA Reinspection Report assumes all building materials listed are asbestos containing until asbestos sample testing confirms it is validity or NOT. The AHERA Report also does not require roofing materials, Underground asbestos Transite pipes or other materials not listed. In our experience, over 30 years of abatement work in Ventura County Schools and reviewing AHERA Reports, usually about half of the building materials, when sampled by a Cal/OSHA registered consultant, actually turn out to be asbestos.

Prior to this work commencing, a Comprehensive Pre-Demolition Survey, performed by a Cal/OSHA registered consultant, will be required by Ventura County Air Pollution Control District. Sign-off from the VCAPCD will also be required prior to obtaining the Demolition Permit.

The pricing presented on the following pages include estimated Prevailing Wage Rates, VCAPCD Fees and material costs. Waste bin placement and accessibility on campus was assumed to be free and clear at each building. Water and electrical power would also be available on site.

Addendum 1 is acknowledged.

***OFFICE BLDG:**

MATERIALS	LOCATION(S)	QTY (SQFT)	FRIABLE/ NF	ASBESTOS
2'x2' Acoustical ceiling Panel	Throughout	4700	F	Assumed

Demolition

STANDARD DEMOLITION

DEMOLITION CONTACTORS

Fremont Middle School Demolition
10/29/25

Standard Demolition proposes to:

Demolish and remove all structures, paving, landscaping, trees, utilities. Fencing, and all other items noted for removal on demolition plan sheets CD-1.0 through CD-1.7.

(4) move ons
Prevailing wages included
All scrap rights to Standard Demolition

Does not Include:
Removal of asphalt that contains petromat
Layout for saw cuts
Hazardous materials detection or removal
Backfill or compaction
Permits
SWPPP or BMPs
Barricades, temp fences, or protective covers
Capping or disconnecting utilities or storm drains
Salvage for others

Bid Amount.....$850,000

Integrated Demolition and Remediation (IDR) respectfully submits the following proposal for the above referenced project for your consideration.

Documents: Bid set prepared by VCA Engineers and dated 01/17/2025.	1. Drawings CD1.0 – CD1.7 2. AHERA 3-Year asbestos Reinspection Report

Scope of work:	
Prepare a pre-demolition survey	
Asbestos Scope of Work: • Removal and disposal of ACM from the building including acoustical ceilings, drywall and joint compound, floor tile, exterior stucco, plaster walls, vinyl sheet flooring, window putty, mastics, etc. • File SC AQMD notification	
Demolition Scope of Work: • Building demolition includes the removal of structures onsite including walls, roofs, footings, slabs, etc. o Slabs are assumed to be up to 6” thick. o Perimeter footings up to 24” below grade are included. Footings up to 24” wide are included. o IDR is assuming all materials on asbestos report to be removed prior to demolition starting. • Site demolition includes the removal and disposal of AC and concrete paving, curbs, gutters, trees, clear and grub, trees, chain link fence, building canopies, underground utilities, etc. o Concrete paving is assumed up to 4” thick. o AC paving is assumed to be up to 4” thick. o AC paving to be free of any petromat. o **IDR is not including the removal of any base.**	
Demolition:	**$1,530,800.00**
Asbestos Abatement:	**$1,110,000.00**

Conditions and Assumptions:

- This proposal is lump sum and may be broken out for accounting purposes only.

- This proposal is based on **Prevailing** Wages during normal business working hours and includes one (1) mobilization. Additional mobilizations will be billed at $1,500 + equipment deliveries.
- IDR reserves the right to salvage all items onsite.

Exclusions: The following are excluded from this proposal unless explicitly included above.

- **Permit Acquisition, Fees, and Legal Compliance:** Costs associated with obtaining necessary permits, fees payable to local authorities, and costs associated with compliance with new laws or regulations that come into effect after the proposal is accepted.
- **Utility Disconnections and Relocation:** Disconnection and relocation of utilities such as gas, water, electricity, and telecommunications. The client is responsible for ensuring all utilities are safely disconnected and capped prior to work. Removal of underground utilities limited to 5' below grade.
- **Hazardous Material and Special Conditions:** Removal and disposal of asbestos, hazardous materials, and handling of materials like asphalt with Petromat fabric or concrete plastic below asphalt, unless specified.
- **Structural and Engineering Services:** Structural engineering assessments, bracing, underpinning, engineering services, staking, and layout related to demolition.
- **Subsurface and Unforeseen Conditions:** Issues related to unknown subsurface conditions, unforeseen conditions such as buried pipes, cables, or foundations, and any other unforeseen site conditions.
- **Salvage Rights and Salvage for Others:** Any salvage rights for materials found on the site, and salvaging materials for others unless explicitly agreed upon in writing.
- **Environmental and Post Demolition Site Work:** Environmental assessments, remediation, erosion control, grading, import/export of materials, SWPPP (Stormwater Pollution Prevention Plan) implementation, BMP's, and any other post-demolition environmental or site work.
- **Site Security and Services:** Providing site security, fencing, site services, and other related services during non-working hours.
- **Excavation and Related Work:** Excavation, shoring, lagging, dewatering, and related works unless specified in the contract.
- **Weather-Related Issues and Protection:** Delays and additional costs arising from unforeseen weather conditions and provision of weather protection.
- **Neighbor or Third-Party Claims:** Claims or damages made by neighbors or third parties as a result of demolition activities.
- **Specialty Insurance and Bonding:** Specialty insurance items not listed in this proposal and bonding costs.
- **Off-Site Work:** Any work performed off-site.
- **Standby Time:** Any standby time due to owner/contractor delays.
- **Pedestrian and Property Protection:** Installation of pedestrian canopies, barricades, protective covers, and other measures to protect property and the public.
- **Liquidated Damages:** Any liquidated damages or penalties for delays or non-performance.
- **Additional Work or Materials:** Any work or materials not explicitly outlined in the proposal.

THIS PROPOSAL IS VALID FOR THIRTY (30) DAYS.

Upon commencement of work, this proposal shall become a binding contract between both parties unless or until superseded by a formal mutually agreed upon contract, at which time this proposal shall become a part of the new contract document.
Regards,

Daniel Macias

PROPOSAL

October 30, 2025

Between the Owner: **Viola Inc.**

And the Contractor: **Interior Demolition, Inc.**
23508 Pine Street
Newhall, California 91321
United States
CSLB# 603409
818.249.4932

For the Project: **Fremont Middle School Demolition**

Scope of Work:

- **Building Demolition:**

Complete demolition and removal of all above-grade structures, including framing, walls, roofing, and associated architectural feature, **per the provided demolition plans**. .

- **Site Demolition:**

Demolition and removal of existing concrete foundations, footings, and walkways within the project limits, **as shown on the provided demolition plans**. All excavated materials will be removed from the site and disposed of at an approved facility. Utility disconnections and protection of remaining structures will be coordinated per project requirements.

- **Hazardous Material Abatement:**
  Identification, containment, and removal of hazardous materials, including but not limited to asbestos-containing materials (ACM) as identified in the hazardous materials survey. All abatement work will be performed in accordance with federal, state, and local regulations by certified personnel.

- **Final Grading:**

Upon completion of demolition and debris removal, the site will be left with a **rough, level-graded surface** suitable for future development activities. No fine grading, compaction testing, or soil stabilization is

included unless otherwise specified.

All project addendum's issued to date are acknowledged and incorporated into this scope of work.

Exclusions

- Site fencing and perimeter security.
- Securing and payment of any and all required permits.
- Procurement of traffic control devices or materials for work performed within the public right-of-way.
- Import or export of soil or materials.
- Utility disconnections, relocations, or terminations.
- Erosion control and BMP installation or maintenance.
- New construction, site improvements, or restoration work beyond demolition scope.
- Excluding Performance of removal note 3 on sheet# CD-1.1
- Excluding any/all offsite demolition items

TERMS AND CONDITIONS:

- Proposal Validity
  - This proposal is valid for 90 days and is subject to price adjustments based on material and labor cost fluctuations.

- Compliance & Safety Standards
  - Interior Demolition, Inc. will comply with all federal, state, and local regulations, including but not limited to:
  - California Building Code
  - OSHA & Cal/OSHA Safety Standards
  - EPA & SCAQMD Fire Cleanup Regulations
  - Hazardous Material Handling Laws (If Applicable and Approved)
  - State and Local Environmental Compliance Rules

- Unforeseen Conditions & Additional Work
  - •Any hidden hazardous materials, structural deficiencies, or additional requirements not outlined in the original scope will require a Change Order with additional costs.

- Project Delays & Force Majeure
  - •Interior Demolition, Inc. is not liable for delays caused by:

•Permit processing issues
•Acts of God (natural disasters, extreme weather)
•Supply chain disruptions affecting materials or equipment
•Regulatory or agency delays beyond contractor control

- Indemnification & Liability
  •Interior Demolition, Inc. shall carry general liability and workers' compensation insurance for all personnel on-site.
  •The client agrees to indemnify and hold harmless Interior Demolition, Inc. against any claims related to pre-existing hazardous conditions, regulatory compliance penalties, or site access issues beyond our control.

- Dispute Resolution & Legal Fees
  •In the event of a contract dispute, both parties agree to first seek mediation or arbitration before pursuing legal action.
  •In any litigation or arbitration, the prevailing party shall be entitled to recover reasonable attorney's fees and litigation expenses.

PAYMENT TERMS

• Progress Payments: Payments will be made based on the percentage of work completed.

1. Final Payment: Due upon satisfactory completion and agency sign-off. EXCLUSIONS

The following items are excluded from this proposal unless specifically included in the Scope of Work section or noted as a separate line item:

- Prevailing Wages – This proposal excludes prevailing wages unless specifically noted and agreed upon in writing.

- Permits & Bonds – Unless specifically stated, permits, regulatory fees, and bonds are the responsibility of the client.

- Traffic Control & Road Closures – Any required lane closures, sidewalk barricades, or city-mandated traffic control must be provided by others.

- Hazardous Material Abatement –
  •This proposal excludes the removal of hazardous materials such as asbestos, lead-based paint, mold, PCB materials, or underground fuel tanks unless explicitly included as a line item in the pricing section.
  •If hazardous materials are encountered and abatement is required, a separate Change Order must be approved before proceeding.

- Unforeseen Subsurface Conditions –
  •Any buried foundations, underground storage tanks, abandoned utilities, or soil contamination beyond visual inspection will require a Change Order.

- Testing & Inspection Fees –
  - •Soil sampling, hazardous material testing, and structural inspections are the responsibility of the client unless otherwise agreed.

- Temporary Services & Utilities –
  - •Water, power, and sanitation facilities for the duration of the project must be provided by the client or municipality.

- Security & Site Protection –
  - •Site security, fencing, or 24-hour monitoring is not included unless specifically noted.

- Off-Site Work –
  - • Any grading, debris removal, or remediation beyond the project boundary is excluded.

- Post-Demolition Landscaping & Hardscaping –
  - •No new construction, paving, or planting is included.

- Weather-Related Delays & Costs –
  - •Additional costs for delays caused by extreme weather, flooding, or emergency response mandates will be addressed via Change Orders.

1. Legal & Environmental Liabilities –
   - •Any penalties, fees, or environmental compliance violations caused by pre-existing site conditions are the responsibility of the client.

2. Job Site Damage Due to Heavy Equipment –
   - • Interior Demolition, Inc. (IDI) is not responsible for any damage around the job site caused by heavy equipment. This includes but is not limited to damage to:
   - • Sidewalks, driveways, curbs, roadways, underground utilities, landscaping, neighboring structures, or adjacent properties.

   •Any repairs to such areas are the sole responsibility of the client unless otherwise agreed upon in writing.

Project Totals:

Name	Description	Total Cost
Category 1		
Demolition		
Building Demolition Sequence 1		$115,817.00
Building Demolition Sequence 2		$1,035,915.00
ACM Abatement		$1,385,500.00
Demolition Subtotal:		$2,537,232.00
Grand Total		**$2,537,232.00**

STATEMENTS OF QUALIFICATION

1. NorthStar Bond Rate is 1.5% (depends on bid amount) of the final contract price (if required). NorthStar is bondable for single contracts in excess of $25,000,000.00 and the Sureties would be willing to consider larger projects.
2. NorthStar Experience Modification Rate is .99.
3. NorthStar has an A Rating on ISNet.

OWNER/AGENT RESPONSIBILTIES

The Owner and/or his designated agent is responsible for providing to NorthStar the following:

1. The owner/agent shall provide site access prior to final award for verification of existing site conditions.
2. The owner/agent shall provide a pre-demolition asbestos/environmental survey prior to the commencement of work.
3. The owner/agent shall provide the necessary owner information and EPA ID Number for AQMD notification and disposal manifest purposes if necessary.
4. The owner/agent is to provide and install all necessary temporary fencing/protection/barricades/railings/pedestrian canopies for the duration of this scope.
5. The owner/agent is to provide and install all necessary street and/or sidewalk closures for the duration of this scope.
6. The owner/agent is responsible for termination of utilities with providing agency as necessary.
7. The owner/agent is responsible to provide safe-off as necessary to complete this scope.
8. The owner/agent shall provide water, power (including assistance to hook up temporary power), and HVAC lockout.
9. The owner/agent is responsible to provide the necessary demolition permits.
10. The owner/agent shall provide adequate staging areas for equipment and dumpsters (dock access).
11. The owner/agent shall remove of trash or tenant items, leaving the area "broom clean", prior to mobilization.
12. The owner/agent shall provide sanitary facilities.
13. The owner/agent shall designate/Identify items to remain and/or salvaged prior to NorthStar mobilization.
14. The owner/agent shall provide parking for workforce.

CONDITIONS

1. This proposal is based on NorthStar being awarded all work under one contract. Price breakdown is for accounting purposes only unless specifically authorized by NorthStar.
2. Adequate staging, laydown, and parking shall be provided for the performance of this work.
3. Areas of demolition to be uniformly dressed using on-site material only. NorthStar has not included the cost for any imports, exports, rough grading, backfill and compaction within this proposal.
4. The owner/GC shall be responsible for the closeout and termination of utility lines that will be affected by this work.
5. Tree removal is limited to stump removal of up to 24 inches below adjacent grade; removal of the root system is not part of this proposal.
6. The quoted price reflects that all work will be done between normal working hours.
7. This proposal is based on two (2) mobilization. Additional mobilizations are $3,500.00 each.
8. All work is Union and/or prevailing wage.
9. This proposal will be part of our contract and is based on the award of all work.
10. If this project is going to be using Textura for payments, we must add .3% of the proposal amount or a max of $3,750.00 to the contract.
11. In the event change order work is to be done, an additional 2.5% will be added to all work for NorthStar CGL Insurance.
12. Retention not to exceed 5% and to be released at the completion of our scope of work.
13. All salvage belongs to NorthStar Contracting Group, Inc. unless noted otherwise on plans or specs.
14. NorthStar assumes all Slabs/Decks are to not be Post Tension construction. In the event Post Tension is encountered NorthStar can remove at an additional cost.
15. NorthStar assumes no Raft Foundation construction. In the event Raft Foundations are encountered NorthStar can remove at an additional cost.
16. Concrete pavement is figured at up to 4” thick.
17. Concrete slab is figured at up to 5” thick.
18. Asphalt pavement is figured at up to 4” thick.
19. Building footings are figured at up to 2’ x 3’.

EXCLUSIONS

Unless specifically included in the scope of work above, excluded items must be provided by others, if required, to ensure the timely completion of our work.

1. Hazardous material removal other than what is specifically listed in this proposal.
2. Third Party monitoring for hazardous material work if necessary.
3. Clearance sampling for hazardous material work if required.
4. BOE and/or King Tax.
5. Liquidated Damages, Indemnifications and/or Consequential Damages.
6. Salvage and/or storage of any items.
7. Permits, deposits and fees other than SCAQMD & OSHA.
8. Removal and/or disposal of any liquid or chemical wastes left behind by former tenants.
9. Delays due to others.
10. Unforeseen conditions.
11. Marking and/or layout.
12. Survey for under slab utilities.

13. Removal of furnishings, equipment and/or debris necessary to access our work.
14. Utility (M/E/P/S) locating, marking, disconnect, cutting and/or capping prior to demolition.
15. Support or protection of existing utilities prior to or during demolition.
16. Removal of any secondary sub-grade slabs unless specifically noted within this proposal.
17. Removal of any caissons, piles, pile caps, and/or piers unless specifically noted within this proposal.
18. Removal of Crushed Miscellaneous Base (CMB) under ac paving and/or concrete.
19. Removal of Waterproofing membranes if encountered.
20. Removal of Petromat if discovered under asphalt paving.
21. Removal of Underground Storage Tanks (USTs).
22. Installation or adjustment of fencing/protection/barricades/railings/pedestrian canopies.
23. Relocation and/or reinstallation of any items.
24. Traffic control and/or encroachment permits for offsite demolition.
25. Dewatering.
26. Trenching for other trades.
27. Earthwork.
28. Chasing of root system extending outside of root ball.
29. Installation and/or maintenance of SWPPP.
30. Protection against inclement weather.
31. Shoring and/or bracing.
32. Parking Fees.

INSURANCE

NorthStar provides comprehensive coverage on a per project and occurrence basis for all of its lines of coverage. NorthStar's primary coverages include CGL with limits of $5 million per occurrence/$10 million aggregate for both ongoing and continuing operations, Automobile Liability with limits of $2 million combined single limit for each accident and Employers' Liability with limits of $1 million per accident. NorthStar also carries Workers Compensation policies in all states. In addition to these primary coverages NorthStar provides Excess Liability coverage with limits of $25 million which follows form to the CGL, Auto and Employer's Liability policies. NorthStar also carries Pollution Liability coverage in the amount of $25M per claim and $25M aggregate as well as Professional Liability coverage in the amount of $5M per Occurrence/Aggregate.

Please do not hesitate to contact me with any questions or concerns at 714-639-7600.

Respectfully submitted,

Tanner Lundstrom

ACCEPTANCE: The above proposal, including Scope of Work, Procedures and Terms and Conditions is hereby accepted. NorthStar Contracting Group, Inc. is authorized to proceed with the work as specified.

We propose to provide labor, materials, and equipment to perform the required concrete work on this project. The work will be performed in accordance with SVA's plans and specifications dated 10/1/24. One addendum noted.

This proposal is based on the following conditions:

1. **The bid item pricing is based on the project in its entirety** and is not intended to be used as stand-alone pricing. If DJS Contracting is required to perform some of the bid items below but not all, there may a cost increase to those bid items.

2. This proposal is based on work performed during regular working hours. Regular working hours are defined as Monday through Friday, excluding Holidays, and 8 hours per day. This proposal does not include non-regular working hours, including weekends and overtime. If DJS Contracting is required to expedite the job to meet accelerated job schedules, DJS Contracting will require compensation for the additional cost.

3. We have the right to agree to the construction schedule mutually.

4. This proposal is includes estimated cost increases for labor and materials through June 2028 based on reasonable assumptions. Any contract resulting from this proposal shall contain a "Fair And Equitable Escalation Clause." We cannot account for volatility in the market.

Budget Proposal

Building Cast-in-place Concrete:	
Classroom Building A+B:	$1,240,000.00
MPR Building	$721,000.00
ADMIN Building	$299,000.00
Trash/Elect Enclosure Ftg and Slab	$72,000.00
Site Work Concrete:	$1,970,000.00
Add: Vehicular Concrete btw MPR + Classrooms:	$170,960.00
Offsite Site Concrete:	$214,000.00
Light Pole Foundations:	$26,800.00

Solar Canopy Foundations:	$196,000.00
Ground Water Mitigation for Solar Ftgs:	$94,000.00
Add - Reinforcing Steel:	$1,050,000.00

Inclusions

1. Building concrete work includes Classroom A+B, MPR, Administration Building, and trash enclosure concrete.
2. Cost and fees for AB219 Legislation.
3. Excavation of new building foundations.
4. Formwork as required for new concrete work.
5. Supply and install of reinforcing steel.
6. Building slab depressions and concrete curbs.
7. Supply and installation of 15 mil. Vapor barrier.
8. Supply and installation of 6” thick gravel/rock layer under new building slabs.
9. Building 1 second floor 2.5” concrete fill over plywood at interior corridors.
10. Formwork installation for new foundation stem walls.
11. MPR Building pour-in-place concrete columns and elevated concrete beam.
12. Templates as required for reinforcing steel.
13. Installation of embeds in concrete (supplied by others).
14. Place and finish building foundations and slabs.
15. Place and finish building 5’’ slab over an aggregate 6’’ base and a vapor barrier.
16. Installation of elevator pit and walls.
17. Installation of 50,340 sqft P-11 gray standard sidewalk.
18. Installation of 7,746 colored concrete bands per P-22.
19. Installation of 129 lft concrete step out per P13.
20. Installation of 3,648 sqft 12” vehicular concrete per P16.
21. Installation of concrete stairs per ST-11.
22. Installation of 3,193 lft 6” concrete curb per R-102.
23. Installation of curb ramps per R-109.
24. Installation of 867 lft concrete gutter per R-116.
25. Installation of 280 lft retaining wall foundation per R-118.
26. Installation of 272 sqft curb ramp per note 5 on civils.
27. Installation of 329 lft gravity curb per note 13 on civils.
28. Installation of truncated domes per note 14 on civils.
29. Installation of 631 lft concrete mow strip per note 16 on civils.
30. Installation 238 sqft curb ramp per note 20 on the civils.
31. Installation of 410 left mow curb under fence per note 36 on civils.
32. Installation of (2) bollards per note 46 on civils (supply of bollards by others).
33. Installation of (1) flag pole foundation per 1 on L-1.6.
34. Installation of (11) bollards per detail A on L-1.6
35. Installation of (16) light pole bases per detail 1 on E6.03.
36. Installation of (2) EV charger foundations per E6.03.
37. Offsite Concrete:
    a. 4555 sqft PCC sidewalk per note 2 on offsite plans.
    b. 334 lft curb and gutter per note 3 on offsite plans.
    c. 1702 sqft concrete driveway per note 4 on offsite plans.
    d. 224 sqft curb ramp per note 5 on offsite plans.
38. Installation of solar canopy foundations.

39. Add: Installation of additional 8” concrete and 3” base at 14,920 sqft vehicular paving per note 3 on civils.
40. Installation of control and expansion joints as required in new concrete.
41. Curing of new concrete as required.
42. Concrete pump placement as required for DJS scope of work.
43. Supply and removal of concrete washout boxes as required for our scope of work.
44. Stockpile of earth spoils onsite (no more than 100’ from the excavation site).

Exclusions

1. 2nd floor cellcrete or lightweight concrete over plywood other than at hallways.
2. Demolition and sawcut of existing structures.
3. Sub-grade preparation and compaction (Subgrade to be left within +0 to -1/10 by others, if found to be unsuitable, a change order will be issued).
4. Mass excavation, over-excavation/re-compaction, and excavation into the rock if required.
5. All backfill (backfill by earth contractor).
6. Haul off and or export of our earth spoils from site.
7. Installation of signs, gate foundations, rolling gate concrete, and fence post foundations.
8. All site concrete work not included in the inclusions, including: catch basins, precast wheel stops, trench drain, drainage structures, concrete splash blocks, asphalt, pavers, supply of bollards, supply of truncated domes, etc.
9. Shade structure foundations, play equipment foundations, mechanical pads, HVAC pads.
10. Dewatering of excavations from surface water, rainwater, groundwater, or seepage.
11. Stormwater control pollution control.
12. Elevated drypack and grouting.
13. Joint sealants (supply and installation).
14. Sealed concrete, epoxy coatings (non-slip Texture), polished concrete, and finishes other than concrete.
15. Sealed concrete finishes other than a cure/sealer application that can be applied directly after concrete placement.
16. Concrete hardeners or fibers in concrete mix design.
17. Waterproofing.
18. Supply and furnishing of embeds, anchor bolts, and sleeves in cast-in-place concrete work.
19. Fees for bond and cost of bond if required.
20. Building and Site Engineered Survey.
21. Construction fencing.
22. Temporary construction enclosures, walls, plastic protection sheeting, and wall protection board.
23. Traffic control, flag men, pedestrian control, lane closures, and permits.
24. Access (access to our work, if needed, provided by others).
25. Water and power as required for completing our scope of work.
26. Precast concrete, GRFC concrete, supply and installation (if required).
27. Grouting under new structural steel base plates.
28. Locating and protection of existing underground utilities.
29. Concrete encasement of underground pipes and utilities.
30. Concrete work for other trades.

Sincerely,
DJS Team

VISTA Steel Company

DATE: October 30, 2025
BID DATE: October 30, 2025

A. MISCELLANEOUS BUYER'S RESPONSIBILITIES

- Buyer shall furnish without charge to Seller all lines, centers, grades, elevations, templates, ramps, racks, bracing and **scaffolds** in place complying with all safety requirements and suitable for most efficient placement of rebar.
- Buyer shall furnish without charge to Seller manlifts if required by State Safety Order, Union Agreement, or job conditions.
- Buyer shall furnish without charge to Seller drinking water, first aid and sanitary facilities.
- Buyer shall furnish without charge to Seller space for delivery and storage of steel within 50 feet of all places where material is to be used or hoisted and accessible to semi-tractor trailers under their own power. Buyer shall furnish protection of vertical protruding reinforcing steel for the safety of those working above.
- Buyer shall not double form nor place form ties before reinforcing steel is installed.
- Buyer shall furnish approved working drawings of the temporary support system for column cages which the bid documents may require. Buyer shall be responsible for all deadmen, guying and temporary support of column cages.
- Buyer shall notify Seller of any shortages in F.O.B. material within forty-eight hours after delivery. No claim will be honored if notification is made beyond that time.
- Buyer shall provide proof of financial responsibility and satisfactory credit history.

B. SCHEDULING

- This offer is based on logical and timely scheduling of Vista Steel Company's and other subcontractors' activities allowing efficiency of performance and avoiding interference between trades.
- This offer is also based upon detailing, fabricating and placing on a normal 8-hour day shift, 5-day, 40-hour week, with a minimum of 8 hours of work for 1 man per each request for placers. Overtime for office, shop and field personnel incurred by Seller at Buyers request for deviation from this schedule shall be billed to the Buyer as an extra. Installation will be based on conventional construction, timely receipt of complete plans, specifications, California Preliminary Notice and adequate schedule to which the buyer is a party. Buyer shall furnish design information and construction schedules in sufficient time to allow for preparation and approval of detail drawings plus a minimum of 7 working days for fabrication and delivery. Reinforcing steel splicing will be as shown on the plans only, Any additional splices added or any increase in dowel length furnished for the convenience of the Buyer and not paid for by the Owner will be paid for by the Buyer. If, at any time a Buyer's representative calls for steel placers and they arrive to the job at a designated time and the job is not ready, there will be a charge to the Buyer for show-up time (as per Union Regulations). In the event of a schedule delay caused by the Buyer and/or Buyer's subcontractor(s), the Seller has the right to schedule in accordance with manpower availability not to exceed 3 working days. Forty-eight hours notice is required for cancellation of scheduled deliveries.
- If this job is held up for a period of 60 days or more for any reason, this offer may be subject to change based on cost increases.

C. DELIVERIES

- Prices are based on deliveries from Sellers warehouse in minimum 20-ton truckloads. Additional deliveries for Buyer's convenience will be charged as an extra to the contract amount.
- Deliveries that are not unloaded within 2 hours because of Buyers neglect will be charged for at Vista Steel Company's current hourly delivery rate.
- General Contractor shall provide ramps at all point of rebar placement adequate to semi-tractor deliveries.

D. DELAYS

- Seller shall not be liable for any delays occasioned by causes not within its reasonable control, including labor disputes, disasters, governmental acts, or unavailability of materials from it's usual source of supply, or any repair of damage not caused by it. Penalties and liquidated damages shall be borne by Buyer.

E. EXCLUSIONS Pursuant to the Manual of Standard Practice of the Concrete Reinforcing Steel Institute (CRSI) and/or the ACI Manual of Standard Practice, the following are excluded:

- Testing and inspection other than mill test reports.
- Bonding and/or the cost of bonds required by Buyer or the Project Owner and/or furnishing additional insurance above Sellers basic general and auto liability of $1,000,000 combined single limit for bodily injury or property damage. The cost of any such bonds or insurance, as well as the cost of any riders, attachments, or endorsements required by Buyer which change the cost of any insurance policy carried by Seller shall by borne by Buyer.
- **Hoisting.** (Buyer shall furnish without charge suitable equipment fully operated for hoisting or lowering of reinforcing material, including unloading and reloading of trucks at docks, setting of cages and/or assemblies and power placing of individual bars that Seller may require.)
- Plain round bars (smooth dowels or bars), threaded bars, sleeves, anchors, studs, bolts and inserts.
- Cutting, cleaning, straightening, and bending existing steel.
- Pour watchmen if required by plans, specs, or Buyer.
- The cost of welding tests and inspection. (Unless specifically indicated otherwise in scope of work above).
- Material and labor for repair of damage resulting from weather, flood, cave-in or other acts of God.
- Traffic control and/or flagging.
- Field inspections.
- Samples.

- Layout of masonry dowels.

E. EXCLUSIONS (cont.)

- All reinforcing not shown on plans but which could be called for in various codes and titles. (Refer to ACI Manual of Standard Practice for Detailing, Chapter 6).
- Protective caps for exposed reinforcing steel ends.
- Cleaning, sandblasting or reworking of any reinforcing due to negligence or carelessness of Buyer and/or Buyer's other subcontractors.
- All welding. (Unless specifically indicated otherwise in scope of work above).
- Furnishing and/or welding of dowels and/or anchors which weld to miscellaneous and/or structural steel.
- Field bending of any reinforcing steel.
- Splices and added reinforcing bars for construction joints and/or control joints .
- Drilling, grouting, dry-packing, epoxy mortaring and placing bars in drilled holes.
- The setting of assembled and stockpiled cages.
- Fastening accessories on steel assemblies designated as "stockpiled" or "F.O.B. our truck, jobsite".
- Pulling wire mesh, chairing, blocking or otherwise establishing mesh depth for pour.

SPECIAL CONDITIONS:

- In consideration of the current volatility of reinforcing steel pricing, Subcontractor will require the following clause in the subcontract agreement, "Subcontractor may require prepayment of materials or payment at the time of purchase for materials for this project.

F. CONDITIONS

- Approval for pouring or embedment in concrete shall terminate Seller's responsibility for that portion of the work.
- Buyer shall furnish Manlift if required.
- Seller may subcontract portions of work herein.
- Buyer shall furnish at no cost to seller, information on all pour joints as well as pouring sequence and verification of all dimensions indicated as plus or minus prior to detailing of steel.
- Minimum dimensions shown on plans are figured as maximum.
- Buyer shall furnish firm level sub grade at elevation shown on the plans.
- **BUYER SHALL PROVIDE SELLER WITH (2) CONSTRUCTION SETS OF PLANS WHEN JOB IS AWARDED.**

G. PAYMENTS

- Each calendar month, an estimate shall be made by the seller of the value of material fabricated and shipped (placed or not) and of the value of the installation work done up to that time at the project site.100% of such estimate shall be paid upon receipt of funds by Buyer from Owner, but in no case later than the last day of the month following Vista Steel Company's billing date.
- Past due accounts shall bear interest at the lower of **18%** per annum or the maximum rate allowed by law.
- Prompt payment shall be a condition precedent to performance by Seller. In the event Buyer fails to make payment as herein provided or if the Seller shall have reasonable doubt as to the Buyer's financial responsibility, Seller shall have the right to suspend performance until payment or receipt of satisfactory proof of responsibility, or Seller may elect to terminate all of Sellers obligations and Buyer's rights and require payment in full to the date of such termination, without deduction for retention, all without prejudice to any other rights of seller. Seller reserves the right to contact the Owner and/or Prime Contractor in the event of late payment or non-payment.
- Seller shall retain title to all materials until paid for in full or incorporated into the structure, and all material unused at the completion of construction.
- Buyer shall send all payments to **VISTA STEEL COMPANY, 6100 A FRANCIS BOTELLO ROAD, GOLETA, CA. 93117.**

H. BACKCHARGES

- Any work to be performed by the Buyer which could originate a back charge to the Seller must be approved in advance by the signature of an authorized Seller's representative.
- Buyer shall not supply any of the material, labor or services covered in this proposal without prior written consent of Vista Steel Company.

I. CHANGE ORDERS

- Seller shall have the right to require that proposed changes be authorized in advance and in writing through a contract change order issued by the Buyer's main office or authorized jobsite representative prior to Seller scheduling detailing, fabrication, or installation of any material for said changes. If, however, in order to increase efficiency and to expedite the work, Seller does not request and/or obtain prior written authorization, Seller retains the right to compensation for such modifications or extras. Any modifications resulting in additional charges will be included with the next regular billing and shall be paid without retention.

J. CURRENT COSTS

- Seller's offer is based upon current costs. In the event of delay in commencement of work and/or delay in completion of the work beyond the original completion time and/or announced increases, Seller reserves the right to pass on its actual cost increases plus overhead and profit.

K. LEGAL FEES

- In the event of non-payment or dispute, the non-prevailing party shall pay the costs of collection or resolution, including reasonable attorney fees, if any. Settlement shall be based upon theoretical weights, per Seller's invoices, absent contrary showing. Seller reserves the right to use arbitration as a means of settlement.

L. OTHER TERMS

- Seller's offer is based on all the above terms and conditions. It is void if any of them is unacceptable to the Buyer, however, different terms and conditions and accordingly adjusted price(s) could be considered by the Seller under Buyer's request.

- Vista Steel Company will indemnify and name additional insured other parties as and if requested but subject only to the extent Vista Steel Company is responsible for the claim.

- Seller's offer is based on Buyer performing its own concrete work. If Buyer elects to subcontract the concrete work, the Seller has the right to review its offer and approve the proposed concrete subcontractor selected.

- If Seller is requested by Buyer to sign a contract different in form than this offer, Buyer agrees that a copy of this offer shall be attached as an exhibit to the contract and that the following language will be added to the contract:

- This contract incorporates by reference the terms and conditions of the written offer of VISTA STEEL COMPANY, dated _____, a copy of which is attached as Exhibit _____, which said terms and conditions shall supersede any contrary provisions contained in this document.

- **This offer is valid until another subcontractor is listed by the Buyer or until a letter of intent is received on or before 08/01/2028, whichever comes first. Buyers acceptance of all terms and conditions of this offer shall be evidenced by Buyer listing us and/or signing this proposal.**

- **Acceptance of this 4 page offer shall constitute a binding contract (Listing Vista Steel Co. is, by definition, acceptance).**

The above offer is accepted:

Project Description

We take pleasure in submitting our proposal for the FREMONT MS RECONSTRUCTION.

We have estimated the weight of this project to be:	**476,013 Lbs.**

We propose to furnish this project for a price of:	**$2,614,240.00**

Scope of Work

-The following bid proposal was taken from the specified Architectural and Structural Design sheets listed below:

-Architectural Design Sheets: GEN-1 thru GEN-5, A1-10, A1-10.1, A1-10.2, A1-11.1, A1-11.1A, A1-11.1B, A1-11.2, A1-11.2A, A1-11.2B, A1-11.3, A1-11.3A, A1-11.3B, A1-11.4, A1-11.4A, A1-11.4B, A1-11.5, A1-11.5A, A1-11.5B, A1-21.1, A1-21.11 thru A1-

21.14, , A1-31.1, A1-32.1, A1-32.2, A1-41.1 thru A1-41.6, A1-45.1 thru A1-45.3, A1-48.1 thru A1-48.4, A1-51.1 thru A1-51.7, A1-52.1, A1-52.2, A1-53.1, A2-11.0 thru A2-11.3, A2-21.1, A2-31.1, A2-31.2, A2-32.1 thru A2-32.3, A2-41.1 thru A2-41.4, A2-51.1 thru A2-51.3, A2-52.1, A2-52.2, A2-53.1, A3-11.0 thru A3-11.3, A3-21.1, A3-31.1, A3-31.2, A3-32.1 thru A3-32.4, A3-41.1 thru A3-41.3, A3-51.1 thru A3-51.6, A3-52.1, A3-52.2, A3-53.1, A61.1 thru A-61.4, A-62.1, A-63.1, A-63.1.1, A-63.1.2, A-63.2, A-63.3.1, A-63.4, A-63.5, A-64.1 thru A-64.3, A-65.1, A-66.1, A-66.2, A-67.1, A-68.1, A-68.1.1 thru A-68.1.3, A-68.2 thru A-68.6, A-69.1, A-70.1, A-70.2, A1.0, A1.1, A1.1A, A1.2, A1.2A and A1.3 thru A1.5, A2.0,

-Dated: 01/17/2025 and Addendum 1 dated 10/22/2025

-Architect: SVA ARCHITECTS

-Structural Design Sheets: S1-2.1A, S1-2.1B, S1-3.1A, S1-3.1B, S1-3.2A, S1-3.2B, S1-3.3, S2-2.1, S2-3.1, S2-3.2, S2-4.1, S2-4.2, S3-2.1, S3-3.1, S4-1, S4-2, SD-1.1 thru SD-1.13, SD-4.1 thru SD-4.3, SD-5.1 thru SD-5.7 and SG-0.1 thru SG-0.3

-Dated: Addendum 1 dated 10/22/2025

-Structural Engineer: VCA ENGINEERS

Qualifications

1. All shop and field welding to conform FCAW specifications per AWS D1.1.

   Shop wire Lincoln Innershield NR-305 (Classification: E70T-6-H8)

   Field wire Lincoln Innershield NR-232 (Classification: E71T-8-H16)

2. The quoted price is expressly conditioned upon Orange County Erectors, Inc. being able to purchase steel at the current market price. The parties expressly understand and agree that the risk of any increases in the cost of steel shall be borne by the owner and in the event the cost of steel increases prior to its purchase by Orange County Erectors Inc., the contract price shall be adjusted upwards to include the additional cost.

3. Shop Primer SSPC-Paint 23. (Sherwin Williams) Pro Industrial Pro-Cryl Universal Primer B66-1300 Series with Hand Tool Cleaning Preparation.

4. This proposal is valid for 90 Days.

Inclusions

Furnish and Install:

1. Columns with Threaded studs (S1-2.1A,B, S1-3.3, S2-2.1, S3-2.1, 1&8/SD1.5, 1,3&7/SD1.4, 13/SD1.7, 14&16/SD5.1 and 8,13&16/SD5.2)
2. Moment Frames (S1-2.1A,B, S1-3.1A,B, SD1.12 & SD1.13)
3. Beams with threaded studs (S1-3.1A,B, S1-3.2A,B, S1-3.3, S3-3.1, 9&12/SD1.4,

13/SD1.7, 13&14/SD4.3 and 7/SD5.2)

4. Elevator Guide Rail Supports (10/SD1.2 and 7/SD5.4)
5. Elevator pit Ladder (A1-45.3 & 17/A61.4)
6. Galvanized Canopy HSS framing (S1-3.2A,B and 9/SD4.3)
7. Galvanized Lunch Shelter Steel framing (S2-2.1 & S2-3.1)
8. Design build Galvanized Stairs 1, 2 & 3 with Picket rails (A1-48.1 A1-48.3, 1-8/SD4.3) Concrete pan-fill by others
9. Design build Galvanized 2nd Floor Picket guardrail (S1-3.1A,B and 3/SD1.11)
10. Design build Galvanized 2nd Floor 7' High Fence (S1-3.2A,B and 3/SD1.11)
11. Galvanized Gates (11/A68.3)
12. Roof Built Up Trusses (2-S4.1)
13. Truss Bracing (4&5/S2-4.1)
14. Galvanized Trash Enclosure Roof Framing and Wire mesh Screen (S4-1)
15. Galvanized Trash Enclosure gates (A1.1 & 15/A68.3)
16. Galvanized solar canopy HSS framing (S4-2)
17. Back stop Supports (1/SD1.11)
18. Parapet angle Braces and Continuous horizontal angels (1&2/SD5.1 and 1-4/SD5.2)
19. Galvanized 2-Line Ramp rail (4/A1.3 & 12/A-61.3)
20. Galvanized Cane rail (14/A-61.3)
21. Galvanized roof awnings (A1-48.4, A3-41.3, 15/A68.2 and 13/A68.3)
22. Galvanized awnings (A68.2 and A68.5)
23. (3) Interior roof access Ladders (9/A68.4)
24. (5) Galvanized Exterior ladders (1/A68.1)
25. Lavatory Counter Supports (8,9,13,16&20/A69.1)

Freight on Board:

1. Anchor bolt with templates for our work only (1/SD1.4, SD1.12 & SD1.13)
2. Embed Plates (3,8,15&16/SD5.3, 2/S2-4.1)
3. U Bent Saddles (16/SD5.1)
4. Galvanized Embed Plates at Trash Enclosure (6/S4-1)

Exclusions

1. Demolition
2. Finish painting
3. Galvanizing, unless specifically noted in the inclusions
4. Shop prime over galvanizing
5. Non-Ferrous materials
6. Metal Studs, gauge materials and field welding of the same
7. Simpson products
8. Unistrut & hanger rods (12/SD1.8, 1/SD5.4, etc.)
9. Sandblasting
10. Non-shrink grouting
11. Stainless Steel cable rails
12. Pipe Bollards and Removable Bollards
13. Fall Arrest Guards
14. Misc. angles, plates and attachments for other trades
15. Cast in place stair nosing (A67.1)
16. Precast treads, grating treads and Checkered plate treads
17. Carriage bolts and nuts for wood Nailers (4/S2-4.1,
18. Ironridge L-foot bracket for solar panels (6/S-4.2)
19. Beam penetrations (13/SD-1.4)
20. Metal Decking (SD-1.5) See Alternate Add
21. Angle clips and hanger rods for other trades (5/SD1.9, 9&14/SD1.11)
22. Duct Support frames (4/SD1.11)
23. Partial height wall support post (6-8/SD4.1) See Alternate add
24. Wood blocking for Parapet brace and ladders (3/A66.1, 2/A68.1, A68.4, 1&2/SD5.1 and 1-5/SD5.2)
25. Bolts and nuts for other trades
26. Gutter and Downspouts
27. Roof Hatch (14/A66.1)
28. Roof guard rail (Keynote 324/A1-11.3)
29. Standing Seam metal roof

30. Site fencing and gates (A2.0, A70.1, A70.2, L1.0, L1.5, L1.6, L1.7)
31. Restroom Grab bars
32. Signage and post for the same (A61.3, etc.)
33. Backstop (3/A68.1)
34. Flagpole (10/A68.1)
35. Post and Sleeves at Courts (A68.1.1)
36. Bond
37. All Materials and details not specifically listed in the inclusions

-The following are Orange County Erectors general list of Exclusions:

a. All costs associated with testing, retesting and inspection.
b. Allowances or charges which are not addressed prior to bid time.
c. Off loading and field verification of dimensions of F.O.B. items.
d. SMAW Welding
e. Field touch-up and finish painting.
f. Core drilling.
g. Installation of embedded items.
h. Grout, dry-pack or Por-Roc or installation of same.
i. Field welded studs.
j. Flashing, trim work and items thinner than 10 gauge. Metal stud connection clips.
k. All gauge metals 10 gauge and lighter unless specifically noted otherwise.
l. Hoisting for other trades.
m. Modification of steel to accommodate other trades.
n. Non-ferrous metals, all stainless, brass and aluminum items.
o. Participating in penalties or liquidated damages.
p. Permits, fees and bonds (except as noted).
q. Shoring.
r. Surveys.
s. Beam penetrations.
t. All caulking, sealants and installation of same.

u. Roof hatches and smoke hatches.

v. Stair safety nosing or warning strips.

w. Rebar and field welding of rebar.

x. Field welding of light gauge metal.

y. Sill bolts and anchor bolts used to attach the work of other trades.

z. Rain gutters, leaders and downspouts.

aa. Casting, catch basins, manhole covers, gates and frames.

bb. Items not shown on Architectural or Structural drawings.

cc. More than one move-in for the structural section of this project.

Alternates Adds

1. Metal Decking = $42,240.00
2. 6’ Channel to Support Partial Height wall (6-8/SD-4.1) = $332.00 each

JUNIOR STEEL CO. hereinafter called the Seller, proposes to furnish the material and work as listed below, according to the plans and specifications exhibited to us, subject to the latest Code of Standard Practice of the American Institute of Steel Construction; and to all terms and conditions herein, for the sum:

SEE BREAKOUTS BELOW

SPECIFICATIONS:
Job Name: **Fremont Middle School Reconstruction**
Location: 1130 North M Street, Oxnard, CA 93030
Architect: SVA Architects

Specifications Section: 051200, 055000, 055100
Addendums Noted: 1
Plan Set: DSA Plans 01/17/2025

SCOPE OF WORK:
Seller will **furnish** and **erect:**

Structural Steel Package **$ 2,166,000.00**

Classroom Building 1

1. Structural Steel Framing of Classroom Building per S1-2.1A - S1-3.3.
2. Qty. 2 HSS canopy frames per S1-3.2A & S1-3.2B.
3. Parapet support steel per S1-3.2A, S1-3.2B, 1,2/SD-5.1.
4. Qty. (3) Exterior galvanized steel stairs with landings, guardrail, and cane rail per S1-3.1A, S1-3.1B, A1-48.1, A1-48.2, & A1-48.3.

MPR Building 2

1. Structural Steel Framing of MPR Building per S2-2.1 - S2-4.1.
2. Qty. (10) Trusses with bracing per S2-3.2 & S2-4.1.
3. Qty. (2 locations) Pipe support for basketball backstop support per S2-3.2 & 1/SD-1.11.

Admin Building 3

1. Structural Steel Framing of Admin Building per S3-2.1 - S3-3.1.
2. Parapet support steel per S1-3.2A, S1-3.2B, 1-5/SD-5.2.

Other Structures

1. F&I: Galvanized Trash enclosure framing per S4-1.
2. Qty. (9 locations) New 2 line galvanized guardrail per KN9/C-2.0, KN9/C-2.1, & KN12/C-2.2.
3. FOB: Qty. (13) Galvanized steel bollards per KN 39,46/C-2.1.

Seller will **deliver** F.O.B. trucks to jobsite:

1. Concrete Embeds, Ledgers, Anchor Bolts & Templates for Our Work

Add/Alternates:

1. Galvanized Parking Solar Canopy Framinng per S4-2. ADD **$ 362,000.00**

Standard Proposal ---- Contract Form

Metal Fabrications Package (not offered exclusive of Structural Steel Package) **$** **412,100.00**

1. Roof Ladders at MPR, Classs, & Admin Buildings per 1,9/A-68.4.
2. Metal shade canopies over windows frames only per 2,3/A-68.2
3. Architectural decorative canopy per 1/A1-48.4 & 15/A-68.2
4. Qty. (3) Galvanized Trash gates at the trash enclosure per 1/S4-1.
5. Qty. (2. locations) Galvanized HVAC metal screening per KN324/A1-11.3.A & KN324/A1-11.3.B.
6. FOB: HVAC roof steel support angle clips for RTU's and CU's per 9,14/SD-1.11.

EXCLUSIONS: This proposal does not include the following items, unless specifically noted above:

1 X-ray or Scanning Concrete.
2 Grouting under Baseplates
3 Design & Engineering Services U.N.O.
4 Permitting of Deferred Submittals
5 Furnishing or Welding of Rebar U.N.O.
6 Demolition
7 AESS - none found.
8 Shade canopy,awning and halo blades/infill.
9 Nosings at all stairs.
10 Metal Deck or Closures.
11 Shoring of Metal Deck Spans
12 Any Shoring other than temporary erection sequences.
13 Off Hours Work
14 Removal of Cable Fall Protection Systems
15 Pre - Pour Surveys
16 All unistrut & aluminum
17 Metal Frame for Buildingsignage, not enough information.
18 Fencing/gates.
19 Solar Canopy framing per S4-2.

Standard Proposal ---- Contract Form

Standard Exclusions:

Bolts or Hardware entering wood
Building permits
Carpentry and Glu-Lam hardware
Concrete reinforcing steel
Concrete inserts
Cost of bonds and special insurance
Cost of inspection, testing and preparation
Cutting or drilling of our work to accommodated other trades
Demolition, cutting or drilling concrete
Field painting
Final and fine plumbing of columns supporting wood
Finish Painting, Flouro Polymer,Kynar
Floor & Slab protective coverings
Furring channel or angles
Furnishing Anchors for other trades
Glass-stops
Grating, covers and frames
Grouting or dry-packing under Brng or Base Plates
Joist hangers welded to steel
Metal 10 gauge and lighter
Metal studs and metal sash
Non-ferrous metals and stainless steel
Participating in penalties or liquidated damages applied to Buyer
Pipe sleeves and back-up plates for other trades
Removal of Fall Protection.
Roof hatches or access doors
Removal and Replacing Fireproofing
Sandblasting or flame-cleaning of steel before painting
Shoring other than for our purposes
Stair Nosings & Toe Boards
Survey or cost thereof U.N.O.
Wire mesh or chainlink work
Wood nailers
Work that is not specifically detailed on Architectural or Structural drawings
Welding of concrete reinforcing steel to structural steel

NOTES:

1. Due to cyber security concerns involving fraudulent ACH and Wire Transfers, we only accept payment by check unless ACH or Wire Transfers are set up with our correct acount information at the time of contract.
2. Contractor to provide free, clear, and firm access (graded if necessary) to the interior of the building for truck, equipment and crane use.
3. Contractor to provide free, clear, and firm access (graded if necessary) adjacent to the building for truck, equipment and crane use.
4. Provisions for suitable ground conditions and subgrade support for the erection crane.
5. Assumes all anchor bolts to be chased clean by others and left with level nuts set to correct elevations after having been properly set and straightened.
6. Junior Steel Co. will hoist metal deck. Deck is to be delivered to job, spread, and tack welded by others to coincide with our erection schedule and in ample time for use as a work platform and safety planking for our crew.
7. General Contractor will provide a manlift and operator at no expense to Junior Steel Co. and without delaying the continuous erection of structural steel.
8. Progress payments to start with receipt of material by Junior Steel Co. Retention payment due thirty days after the completion of work covered by this proposal.
9. Field work is to be performed in compliance with the current provisions of the District Council of Ironworkers of the State of California and Vicinity labor agreement.
10. Junior Steel Co. will provide and install two-line safety cable on the building perimeter (including roof) to be maintained by others. Any protection required at floor or roof penetrations shall be provided by others so as not to delay the continuous erection of structural steel. All safety cable materials to be removed, coiled, and stored on ground by others for Junior Steel Co. pick up.
11. **This proposal subject to approval within (90) days.**
12. **Delivery date to be confirmed at time of award.**
13. General Contractor will provide correct line and grade indications at all embedded connection plates requiring field welding.
14. All construction barricades and/or pedestrian or traffic control personnel will be furnished by others.
15. Free and clear unobstructed access to work points to be provided by others, including removal of existing ductwork, sprinklers, electrical, etc.
16. Assumes normal working hours.
17. Final alignment of columns supporting wood framing will be by others.
18. All core drilling of attachment holes through concrete or masonry will be by others.
19. All local reinforcement of unframed deck penetrations is by others.
20. Steel stairs that are to be furnished and installed by others will need to coincide with our erection sequence.
21. The quoted price above does NOT include any costs related to COVID-19 safety requirements or procedures beyond those we have outlined in our IIPP package. Any additional requirements will result in a surcharge.
22. If Metal Decking is offered in this proposal it will not include BIM coordintion services unless noted specifically on theis proposal.
23. Fabrication accreditations for IAS or IAS AC172.
24. JSC generates their Shop Drawings in Tekla Modeling and or Autocad (.ifc, .dwg .pdf) No Conversions to Navis works or any other format is offered.

Rough Carpentry

ABDELLATIF
ENTERPRISES, INC.

Rough Carpentry Proposal

Project name: Fremont MS
Project location: Oxnard, Ca
Date submitted: October 30, 2025

SCOPE OF WORK:

Inclusions:

1. Rough Carpentry for the Buildings 1,2,and 3 including lumber and catalog hardware per plans.
2. Wood framed walls, floors, and roofs.
3. Red Built Trusses and glulam beams.
4. Misc blocking shown on plans.
5. Wood framed roof crickets.
6. Structural hardware and shear panel.
7. Addendum 1
8. Union labor

Total **$6,060,864**

Exclusions:

1. Non catalog hardware.
2. Setting of hollow metal frames, doors, and windows.
3. Bim modeling/coordination.
4. Fiber cement siding (see separate proposal for this scope).
5. Building Paper/water proofing.

Scope Sheet

RE: OSD- Freemont MS Reconstruction

Rough Carpentry for subject Building

Includes: Lumber, plywood, nails, screws, catalog hardware, labor, supervision, sales tax & overhead to complete wood framing for the above listed building as shown on drawings dated : 1/17/2025

Addendum 1 Reviewed

Furnish and Install:

1. New Wood Wall Framing, Simpson catalog hardware, nailers on steel posts, plywood sheathing at all exterior walls and shearwalls per notes.
2. All lumber is figured per specifications. No FSC certification is required as that is not noted on the 06100 specs, just misc. lumber. (see list of items included on 061000-1.1.A1-8).
3. I-joist and open web joists are figured from Redbuilt as is the basis of design.
4. **Classroom Building:……$4,084,300.00**
    a. Includes I-joists, blocking, Holdowns, blocking and plywood sheathing at the 2nd floor.
    b. Includes open-web joists, blocking and plywood sheathing at the roof per structural drawings.
    c. Includes curbs and platform framing for HVAC equipment as shown on structural drawings. (preab curbs are by others).
    d. Cricket framing included per architectural details. (on wood roof areas only)
5. **MPR Building:……$1,318,800.00**
    a. Wood framing over steel trusses, blocking and roof sheathing. WS Klem will need to install wood nailers on trusses prior to the trusses being installed.
        i. *Steel truss system is furnished and installed by others.*
    b. Wall framing with catalog hardware, shearwall ply and low roof framing around MPR section per structural drawings.
6. **Admin Bldg:……$506,500.00**
    a. Wall framing, catalog hardware, plywood on shearwalls and exterior walls.
    b. Conventional roof framing, blocking as noted on structural drawings, catalog hardware nad roof sheathing.
7. Sewer Lift Bldg:……No Scope Incl.
8. Electricla Room/ Trash:……No Scope Incl.

W.S. Klem Contractor, Inc.
5405 E. La Palma Ave., Anaheim, CA 92807 OFFICE (310) 414-0455 FAX (310) 414-0464

NOTE: This pricing is based on current material pricing. In an effort to remain competitive, WS Klem cannot guarantee or hold lumber pricing should there be unforeseeable cost increases due to natural disasters, pandemics or trade negotiations after bid time.

Alternate(s) *Alternate pricing is include as an alternate to tbe base bid items above. Alternates are not offered as standalone a-la cart pricing.

1. Alternate 1: To include Fiber Cement Siding at the exteriors of the Classroom building per the exterior elevations. This includes Hardie Trim, Siding and installation. Excludes sheet metal, painting and caulking against adjacent areas. Excludes vapor barrier in this area as only one sub should be responsible for the vapor barrier on the whole building. Excludes any sheet metal trim & flashing. Hardie Siding is included as Primered only, no color plus (specs are not clear here). **ADD:……..$196,000.**
2. Alternate 2: To include embeds for Simpson holdowns and anchor bolts for our scope ONLY. **ADD:……..$60,000.00**

Excludes: Bonding and standard exclusions listed on page 1 of this proposal and…….

1. Debris Removal from jobsite, composite cleanups, etc.
2. Parking costs
3. **Excludes any work on the existing buildings on the adjacent portion of the school or on buildings/ structures not listed above.**
4. Demolition and Shoring.
5. Wood Finishing, staining and sealers.
6. Concrete Embedded hardware and anchor Bolts
7. Roof Crickets
8. Structural Steel, Misc. Metals and welding
9. Temp Power and general jobsite safety (i.e. handrails, dust control, weather protection, ladders or stairs etc.)
10. Metal stud framing, drywall, lath, flashings, vapor barriers, suspended ceilings and T-bar. Interior wall backing.
11. Blocking for MEP supports, T-bar and lighting supports, etc. We are not able to quantify amounts and routing for their work.
12. Installation of Hollow Metal Door & Window Frames.
13. Shop drawings/ framing plans unless noted in inclusions.
14. Finish Carpentry, Millwork and Certification in accord with AWI quality certification (millwork requirement only).
15. LEED's and FSC requirements.
16. Pollution and E&O Insurance.

W.S. Klem Contractor, Inc.
5405 E. La Palma Ave., Anaheim, CA 92807 OFFICE (310) 414-0455 FAX (310) 414-0464

17. This proposal is based on WS Klem's standard insurance coverage. Additional coverage will be at additional cost.

We hereby propose to furnish union labor and materials for the Rough Carpentry portion of project, complete in accordance with the plans and specifications below, for the sum of:

BASE BID: **$6,525,570**

ACCOUNTING BREAKOUTS: $4,449,716 Classrooms
$1,445,469 MPR
$630,385 Administration

SCOPE: All union labor, materials, equipment necessary to complete all rough carpentry, including …
Building 1 – Classrooms – 2x and 3x DF wall framing at first and second floor, 3x DF blocking at shear walls, headers, posts, 4x DF top plate per 9C/SD1.6 and 2nd floor walls, 6x8 DF posts at double HD's per 9/SD1.8, 2x DF parapets walls, 4x DF blocking and HTT's per 6/SD5.1, ledgers, 4x DF nailers at steel I-beams and steel columns, 3x DF blocking and CMST straps per 5A/SD1.11, 2x4 DF at depressed floor per 15/S5.1, DF blocking for sunshades per A-68.2, 2x DF furring walls, 4x DF blocking at furring walls per 16/SD4.3, Redbuilt I-joists, LSL and LVL per plan with submittal package, GLB per plan, 15/32" APA CDX Struc 1 wall sheathing (furring walls sheathing included), 3/4" CDX Struc 1 T&G floor sheathing, 4x and 6x brace blocking per SD5.2, installation of L4x4x3/8" braces at roof top parapets per SD5.2 (supplied by others), 2x DF corridor joists, 2x DF roof joists, head outs for roof penetrations (roof drains, roof hatch, EF, HVAC units) per details on sheet SD1.9, 2x6 DF head outs for flat vents, ceiling joists, interior blocking for other trades, 1/2" CDX Struc 1 roof sheathing, framing for crickets as shown on architectural roof plans, 3/4" ACX FRT sheathing at Data or electrical rooms, holdowns with layout and embeds, mudsill anchor bolts with layout at jobsite, nailing per plan and Simpson catalog hardware.
MPR Building - 2x and 3x DF wall framing, 3x DF blocking at shear walls, headers, posts, 2x DF parapets walls, 6x8 DF posts at double HD's per 9/SD1.8, 2x DF parapets walls, ledgers, 4x DF nailers at steel I-beams and steel columns, 3x DF blocking and CMST straps per 5A/SD1.11, DF blocking for sunshades per A-68.2, Redbuilt I-joists, LSL and LVL per plan with submittal package, GLB per plan, 15/32" APA CDX Struc 1 wall sheathing, 4x and 6x brace blocking per SD5.2, installation of L4x4x3/8" braces at roof top parapets per SD5.2 (supplied by others), 2x DF roof joists, head outs for roof penetrations (roof drains, roof hatch, EF, HVAC units) per details on sheet SD1.9, framing at the lunch shelter with fascia per S2-3.1, 15/32" APA CDX Struc 1 roof sheathing at the low roof, 19/32" APA CDX Struc 1 roof sheathing at the high roof, 6x10 DF building ties per 3/S2-4.1 (flat straps by others), 4x nailers at T1 truss top chords and bracing per 3/S2-4.1, blocking with HD7B holdowns per 11/SD5.3, head outs for roof penetrations (roof drains, roof hatch, EF, HVAC units), 2x10 DF roof joists at high roof (4x10 DF at all roof edges),

Note: If this proposal is more than 15% below your lowest sub quote, this bid is null and void unless confirmed by our office prior to bid opening. This procedure will protect everyone, in the event of an inadvertent clerical error.

All material is guaranteed as specified. All work to be completed in a workmanlike manner according to standard trade practices. Any alteration or deviation from specifications involving extra costs will be executed only upon written orders and will become an extra charge over and above the estimate. All agreements contingent upon strikes, accidents, or delays beyond our control. Owner to carry fire, flood, tornado, and other necessary insurance. We carry adequate liability and auto insurance, and our workers are covered by Workers Compensation Insurance.

interior blocking for other trades, framing for crickets as shown on architectural roof plans, holdowns with layout and embeds, mudsill anchor bolts with layout at jobsite, nailing per plan and Simpson catalog hardware.
Building 3 – Administration - 2x and 3x DF wall framing, 3x DF blocking at shear walls, headers, posts, 2x DF parapets walls, 6x8 DF posts at double HD's per 9/SD1.8, 2x DF parapets walls, ledgers, 4x DF nailers at steel I-beams and steel columns, 3x DF blocking and CMST straps per 5A/SD1.11, DF blocking for sunshades per A-68.2, Redbuilt I-joists, LSL and LVL per plan with submittal package, GLB per plan, 15/32" APA CDX Struc 1 wall sheathing, 4x and 6x brace blocking per SD5.2, installation of L4x4x3/8" braces at roof top parapets per SD5.2 (supplied by others), 2x DF roof joists, 2x DF roof joists, head outs for roof penetrations (roof drains, roof hatch, EF, HVAC units) per details on sheet SD1.9, 15/32" APA CDX Struc 1 roof sheathing, interior blocking for other trades, framing for crickets as shown on architectural roof plans, holdowns with layout and embeds, mudsill anchor bolts with layout at jobsite, nailing per plan and Simpson catalog hardware.

Our bid is based on providing all PT wood as KDAT, 2x material as S-dry and 3x, 4x and 6x material as air dried at the jobsite to meet a 19% moisture content level. All 4x and 6x DF lumber is bid as FOHC.

ALTERNATE 1: Add **1%** to the base bid if a payment & performance bond is required.

STANDARD EXCLUSIONS: All fabricated, non-catalog and/or embedded hardware (U.N.O), welding, door and window installation, finish carpentry or millwork unless specifically included, FSC Certified lumber, fire retardant treated lumber unless specifically noted, metal stud framing, 19% moisture content in lumber (U.N.O.), haul off of debris, OSHA approved safety railing, off hours work, shoring, demolition, temp power, supply and installation of T1 trusses and blocking at high MPR roof.

Note: If this proposal is more than 15% below your lowest sub quote, this bid is null and void unless confirmed by our office prior to bid opening. This procedure will protect everyone, in the event of an inadvertent clerical error.

All material is guaranteed as specified. All work to be completed in a workmanlike manner according to standard trade practices. Any alteration or deviation from specifications involving extra costs will be executed only upon written orders and will become an extra charge over and above the estimate. All agreements contingent upon strikes, accidents, or delays beyond our control. Owner to carry fire, flood, tornado, and other necessary insurance. We carry adequate liability and auto insurance, and our workers are covered by Workers Compensation Insurance.

Siding

Scope Sheet

RE: OSD- Freemont MS Reconstruction

Rough Carpentry for subject Building

Includes: Lumber, plywood, nails, screws, catalog hardware, labor, supervision, sales tax & overhead to complete wood framing for the above listed building as shown on drawings dated : 1/17/2025

Addendum 1 Reviewed

Furnish and Install:

1. New Wood Wall Framing, Simpson catalog hardware, nailers on steel posts, plywood sheathing at all exterior walls and shearwalls per notes.
2. All lumber is figured per specifications. No FSC certification is required as that is not noted on the 06100 specs, just misc. lumber. (see list of items included on 061000-1.1.A1-8).
3. I-joist and open web joists are figured from Redbuilt as is the basis of design.
4. **Classroom Building:……$4,084,300.00**
    a. Includes I-joists, blocking, Holdowns, blocking and plywood sheathing at the 2nd floor.
    b. Includes open-web joists, blocking and plywood sheathing at the roof per structural drawings.
    c. Includes curbs and platform framing for HVAC equipment as shown on structural drawings. (preab curbs are by others).
    d. Cricket framing included per architectural details. (on wood roof areas only)
5. **MPR Building:……$1,318,800.00**
    a. Wood framing over steel trusses, blocking and roof sheathing. WS Klem will need to install wood nailers on trusses prior to the trusses being installed.
        i. *Steel truss system is furnished and installed by others.*
    b. Wall framing with catalog hardware, shearwall ply and low roof framing around MPR section per structural drawings.
6. **Admin Bldg:……$506,500.00**
    a. Wall framing, catalog hardware, plywood on shearwalls and exterior walls.
    b. Conventional roof framing, blocking as noted on structural drawings, catalog hardware nad roof sheathing.
7. Sewer Lift Bldg:……No Scope Incl.
8. Electricla Room/ Trash:……No Scope Incl.

W.S. Klem Contractor, Inc.
5405 E. La Palma Ave., Anaheim, CA 92807 OFFICE (310) 414-0455 FAX (310) 414-0464

NOTE: This pricing is based on current material pricing. In an effort to remain competitive, WS Klem cannot guarantee or hold lumber pricing should there be unforeseeable cost increases due to natural disasters, pandemics or trade negotiations after bid time.

Alternate(s) *Alternate pricing is include as an alternate to tbe base bid items above. Alternates are not offered as standalone a-la cart pricing.

1. Alternate 1: To include Fiber Cement Siding at the exteriors of the Classroom building per the exterior elevations. This includes Hardie Trim, Siding and installation. Excludes sheet metal, painting and caulking against adjacent areas. Excludes vapor barrier in this area as only one sub should be responsible for the vapor barrier on the whole building. Excludes any sheet metal trim & flashing. Hardie Siding is included as Primered only, no color plus (specs are not clear here). **ADD:……..$196,000.**
2. Alternate 2: To include embeds for Simpson holdowns and anchor bolts for our scope ONLY. **ADD:……..$60,000.00**

Excludes: Bonding and standard exclusions listed on page 1 of this proposal and…….

1. Debris Removal from jobsite, composite cleanups, etc.
2. Parking costs
3. **Excludes any work on the existing buildings on the adjacent portion of the school or on buildings/ structures not listed above.**
4. Demolition and Shoring.
5. Wood Finishing, staining and sealers.
6. Concrete Embedded hardware and anchor Bolts
7. Roof Crickets
8. Structural Steel, Misc. Metals and welding
9. Temp Power and general jobsite safety (i.e. handrails, dust control, weather protection, ladders or stairs etc.)
10. Metal stud framing, drywall, lath, flashings, vapor barriers, suspended ceilings and T-bar. Interior wall backing.
11. Blocking for MEP supports, T-bar and lighting supports, etc. We are not able to quantify amounts and routing for their work.
12. Installation of Hollow Metal Door & Window Frames.
13. Shop drawings/ framing plans unless noted in inclusions.
14. Finish Carpentry, Millwork and Certification in accord with AWI quality certification (millwork requirement only).
15. LEED's and FSC requirements.
16. Pollution and E&O Insurance.

W.S. Klem Contractor, Inc.
5405 E. La Palma Ave., Anaheim, CA 92807 OFFICE (310) 414-0455 FAX (310) 414-0464

17. This proposal is based on WS Klem's standard insurance coverage. Additional coverage will be at additional cost.

DISCLAIMERS AND CLARIFICATIONS	
Subcontractor shall provide all labor, material, equipment, tools, transportation, taxes, insurance and services necessary to perform associated work in accordance with the Contract Documents.	
Viola Inc. is an Equal Opportunity Employer and encourages all DVBE/SBE/DBE/MBE/WBE subcontractors to submit a proposal for this project. At the option of Viola Inc., 100% bonding of any/all subcontractors may be required. Subcontractor proposals shall not limit their obligations nor diminish the requirements for this work which shall be completed in its entirety per Plans, Specifications, and all Addenda without exception. An unmodified 2025 AGCC-03 long form Subcontract will be used. Additional insured endorsement is required from all subcontractors pursuant ISO Form CG 2010 1185 or equal, no exceptions.	
Skilled & Trained Workforce Requirements: Subcontractors shall comply with Education Code 17407.5 and Public Contract Code section 2600-2602, that requires subcontractors at every tier will use skilled and trained workforce to perform all the work on this project or contract that falls within an apprenticeable occupation in the building and construction trades. Compliance reports may be required with monthly progress billing.	
This Project is subject to labor compliance monitoring and enforcement by the Department of Industrial Relations pursuant to Labor Code section 1771.4 and subject to the requirements of Title 8 of the California Code of Regulations. The successful Bidder shall comply with all requirements of Division 2, Part 7, Chapter 1, Articles 1-5 of the Labor Code.	
Pursuant to Public Contract Code section 20111.6 and Education Code 17406, only prequalified bidders will be eligible to submit a bid for contracts $1 million or more using or planning to use state bond funds. Any subcontractors holding C-4, C-7, C-10, C-16, C-20, C-34, C-36, C-42, C-43 or C-46 licenses who have not been prequalified, will not be listed. It must be submitted to the District at least 10 business days before the bid date and approved least 5 business days before the bid date.	

This project will be on an active school campus. All onsite personnel must comply with California Education Codes 45125.1, 45122.1, and 45125.2. All Subcontractors under the Contractor shall comply with applicable federal, State, and local requirements relating to COVID-19 or other public health emergency/epidemic/pandemic including, if required, preparing, posting, and implementing a Social Distancing Protocol.	
Bidder must be able to meet insurance requirements and required limits outlined in the Insurance Exhibit and Prime Contract.	
This Project is subject to a Project Labor Agreement. The successful bidder and all subcontractors will be required to be bound by the Project Labor Agreement	
The District will not be a party to any subcontracts.	
Subcontractor pricing good for 90 days

GENERAL TERMS AND CONDITIONS FORMING A PART OF THIS AGREEMENT

1. The use or acceptance of this bid/proposal by the purchaser/contractor shall be acceptance of the terms and conditions recited herein.

2. A bond is not included in this proposal unless specifically indicated. Should a bond be required the rate will be 1.50% and shall be paid by the purchaser/contractor. Bond premium is based on job completion within one calendar year and additional costs will apply to all jobs that run beyond one year. If a bond is required, it shall be requested in written form prior to full execution of this or any agreement.

3. Unless otherwise stated herein, any use of laminate plastic material is based on Formica's standard patterns and finishes. Any other laminate plastic, including wood grain or directional laminates and/or the use of multiple colors within a cabinets or area of the project, will be subject to an up charge. Likewise, any use of solid surface material is based on Corian's standard colors & matt finishes. Splashes are sit-on U.N.O.

4. All workmanship is guaranteed for one year against defects in workmanship from the date of completion of installation. The exclusive remedy shall be that Stolo Cabinets. will replace or repair any part of our work, which is found to be defective at our option. Stolo Cabinets. will not be responsible for special, incidental, or consequential damages. Stolo Cabinets. shall not be responsible for damage to its work by other parties or for improper use of its work or equipment by others.

5. Stolo Cabinets. shall be paid monthly progress payments on or before the 15th of each month for the value of work completed through the 30th of the previous month, including the value of materials and equipment suitably stored on or off the project site.

Full and final payment, including all additions to this quote, shall be due 30 days after the work described herein is substantially completed. No provision of this agreement shall serve to void Stolo Cabinets. entitlement to full payment for properly performed work or suitably stored materials.

6. All sums not paid after 45 days when due, shall bear interest at the rate of 1 1/2% per month or the maximum legal rate permitted by law, whichever is less, and all costs of collection, including reasonable attorney's fees shall be paid by the purchaser/contractor. If timely payments are not made for work performed or material stored, Stolo Cabinets. will have the right to stop performance.

7. No back charge or claim by the purchaser/contractor for services shall be valid except by an agreement in writing before the work is executed except in the event that the purchaser/contractor notifies Stolo Cabinets. of a default in writing and allows Stolo Cabinets. reasonable time to correct any deficiency before incurring any cost chargeable to Stolo Cabinets.

8. Submittals: Shop drawings (if required) will be commenced upon an executed subcontract. Submission date to be mutually agreed. Specific requirements of the plans and/or specifications will not supercede the preceeding unless noted on page 1 of SCI proposal.

9. We require 8-10 weeks for manufacturing after we have the following: approved shop drawings, color and material selections, site completely framed, ready to measure, RFI's have been answered, cut sheets and dimensions for equipment, appliances, plumbing, and any other items that will affect the construction of our work, & a fully executed subcontract agreement.

10. All references to delivery, manufacturing and installation will be based upon Stolo Cabinets' standard manufacturing, delivery and installation schedule to be provided the contractor at any time upon request or written notice to Stolo Cabinets of acceptance of this bid and contract. The standard manufacturing., delivery, and installation schedule will be incorporated into the project schedule. Delivery and installation will commence: When there is reasonable access to the building & to the areas where our work is to be performed, when exterior doors and windows have been installed for temperature control and security purposes, storage areas are at a relative humidity of between 50% & 55% at 70 degrees and the air conditioning and heating system is functioning per W.I.C. guidelines, areas of operation are enclosed, dry, broom clean, and free of other trades whose work could damage our product.

11. Our project manager will request of your company, a delivery, and installation date. This information is extremely important in planning our manufacturing/installation schedules and must be accurate. If your project is not ready within 3 days of the date you have indicated, your project may be moved behind other projects which have held to their installation dates and to which we are contractually bound.

12. Purchaser/contractor is to prepare all work areas to be acceptable for Stolo Cabinets. work. Stolo Cabinets. will not be called upon to start until sufficient areas are ready to insure continual work. Reasonable accessibility to building for delivery and installation personnel must be provided. Cost of parking is not included unless specifically indicated. This proposal does not include provisions for phased work U.N.O.

13. Stolo Cabinets. shall be given a reasonable time in which to make delivery of materials and/or labor to commence and complete the performance of this proposal. Stolo Cabinets. shall not be responsible for delays or default where occasioned by any causes of any kind and extent beyond its control, including, but not limited to: delays caused by Owner, General Contractor, Architect and/or Engineers, delays in transportation, shortages of raw materials, civil disorders, labor difficulties, vendor allocations, fires, floods, accidents and Acts-of-God. Stolo Cabinets. shall be entitled to equitable adjustment in the subcontract amount for additional costs due to unanticipated project delays or accelerations.

14. Nothing in this agreement shall serve to void Stolo Cabinets. right to file a lien or claim on its behalf in the event that any payment to Stolo Cabinets. is not made in a timely manner.

15. The contractor shall furnish all temporary site facilities including suitable storage space, construction hoist when required, temporary electrical and on-site trash receptacle at NO COST to Stolo Cabinets.

16. The purchaser/contractor shall make no demand for liquidated damages or actual damages for delays for more than the amount actually paid by the purchaser/contractor and to the extent actually caused by Stolo Cabinets. and only if Stolo Cabinets. has been given 48-hour written prior notice of the deficiencies that may cause such action.

17. The contractor shall purchase and maintain all risk insurance upon the full value of the entire work and/or materials delivered to the job site, which shall include the interest of Stolo Cabinets. A Waiver of Subrogation Endorsement is not included in this proposal unless specifically indicated.

18. No extra work beyond the scope of this proposal need be performed until Stolo Cabinets has received a signed change order. Any extra work shall be priced on a pro rata basis of the original quote or if this method is not acceptable then, time and material will be billed at 125% of the total costs of all materials used and all direct labor including detailing, co-ordination, and delivery, plus 10% of the above for profit.

19. A Schedule of Values will be provided and made a part of the contract. That SOV will not include items for punch list, close out documents, or testing unless stated otherwise in our proposal.

20. Contractors are required by law to be licensed and regulated by the Contractors' State License Board. Any questions concerning a contractor may be referred to the Registrar, Contractors' State Licensee Board, 9821 Business Park Drive, P.O. Box 26000, Sacramento, California 95826.-1703

Respectfully Submitted,

Jorgen Kong

BEST Contracting Services, Inc.
License #456263
DIR# 1000000563

Proposal No.: 25-45019

GENERAL TERMS & CONDITIONS

Acceptance of this proposal by General Contractor ("Contractor") shall constitute acceptance of all terms and conditions recited herein and shall supersede any conflicting term in any other past or future Contractor or Project document. Contractor's agreement herewith shall be evidenced by Contractor listing BEST Contracting Services, Inc. ("BEST") in its bid documents or by permitting BEST to commence work for the Project:

1. BEST shall be paid monthly progress payments on or before the 15th of each month for the value of work completed plus the amount of materials and equipment suitably stored on or off site. Final payment shall be due 30 days after the work described in the Proposal is substantially completed. BEST shall have the right to stop work if any payment is not timely made and BEST may keep the job idle until all payments due are received; in no such event shall BEST be liable for damages arising from delay in completion.
2. All sums not paid when due shall bear interest at the rate of 1 ½ % per month.
3. No back-charges by, or claim of, the Contractor for services performed by others shall be valid against BEST unless agreed to in writing by BEST before the work is performed.
4. Contractor is to prepare all work areas so as to be acceptable for BEST's work. BEST will not be called upon to start work until sufficient areas are ready to insure a continuous work sequence, which is what the Proposal price is based upon. There will be a charge of: $3,500 for each break in the continuous sequence of work due to Owner or Contractor's action(s) or direction. The Contractor shall furnish all temporary site facilities, including suitable storage space, temporary electrical, toilets and water, and security at no cost to BEST.
5. BEST shall be given reasonable time in which to make delivery of materials and/or labor to commence and complete its work. BEST shall not be responsible for delays or defaults where occasioned by causes of any kind and extent beyond its control, including but not limited to: delays caused by the Owner, Contractor, architect and/or engineers, delays in transportation, shortage of raw materials, civil disorders, labor difficulties, vendor allocations, fires, floods, accidents and acts of God. BEST shall be entitled to an equitable adjustment in the subcontract amount for additional costs due to unanticipated Project delays or accelerations caused by others whose acts are not BEST's responsibility, as well as to time extensions for unavoidable delays. No liquidated damages may be assessed against BEST for more than the amount actually paid by the Contractor for unexcused delays to the extent actually solely caused and agreed to by BEST. Under no circumstances shall BEST be liable for consequential or indirect damages of any type, or damages for delay in completion of the Project.
6. BEST's work is guaranteed for a period of one year from the date of substantial completion or beneficial use, whichever is earlier. The exclusive remedy shall be that BEST, shall replace or repair any part of its work, which is found to be defective. BEST shall not be responsible for damage or defect caused by third parties, follow-on contractors, abuse, modifications, improper or insufficient maintenance, improper operation or normal wear, tear and usage.
7. Work called for herein is to be performed during BEST's regular working hours. All work performed outside of such hours shall be the basis for a change order, charged at BEST's prevailing overtime rates. The mark-up for profit and overhead for all change orders shall be at least twenty-five percent.
8. BEST will indemnify and hold harmless the Contractor from damages only to the extent such damages are caused by the sole negligent act or omission of BEST.
9. In the event of a price increase of material, supplies, equipment, or energy greater than five percent occurring between the date of this Proposal and the first day of performance of the specific work affected by the price increase, through no fault of BEST, the amount owed to BEST shall be equitably adjusted by change order(s) to reflect those price increase(s). BEST shall be entitled to such escalation costs regardless of Contractor being able to pass those costs through to the Owner.
10. BEST shall not be held responsible if the design or structure of the roof deck being roofed does not conform to the requirements of the UBC or other code requirements, with resulting standing or ponding water.
11. Should BEST be required to raise pipes, conduit, air conditioning units, duct work or other roof mounted equipment (collectively "roof top items") to roof under them, BEST will endeavor to handle these items with care, however, BEST will not accept any liability for damage to any these roof top items which are handled during normal roofing activity.
12. Contractor shall be responsible to compensate BEST for any increase made in the state or local sales tax rate that was not in effect at the time of bid and not reflected in the bid documents.
13. Due to the recent volatility in material prices, the price(s) stated in this proposal is/are valid only for contracts accepted and executed within 30 days of the date of this proposal.
14. NOTE that some of the materials and products specified to be used and installed in the construction of this project are, or may later become, unavailable, significantly delayed in shipment and/or subject to price increases due to circumstances beyond our control, including the current national and industry-wide materials shortage crisis, as well as the COVID-19 pandemic. With respect to material delivery, we can make no guarantees as to whether material lead times and delivery will accommodate the Project Schedule. Note that the actual lead time and delivery dates can only be provided by and confirmed by the material manufacturer. If a specified product is unavailable or shipment is or will be delayed, we will provide notice to you and shall be afforded a time extension on the project schedule, and substitute products, if available, may be considered.
15. If there is an increase in the actual cost of the labor or materials charged to us in excess of 5% subsequent to making this Agreement, the price set forth in this Agreement shall be increased without the need for a written change order or amendment to the contract to reflect the price increase and additional direct cost to us. We will submit written documentation of the increased charges to you upon request. As an additional remedy, if the actual cost of any line item increases more than 10% subsequent to the making of this Agreement, we, at our sole discretion, may terminate the contract for convenience, without consequence.

Waterproofing Proposal
Addendum #1
ATTN: Estimating
Project: Fremont ES Reconstruction

Thank you for the opportunity of providing you with a proposal for this project
This proposal is to furnish you with the following scope of work per plans & specs

Area: Spec section 071300 Sheet Waterproofing
Work: Elevator pit exterior walls
1) Prime & install GCP Bituthene 3000 with drainage panel
Price $ 12,000.00

Area 2: Spec section 071600 Cementitious & Reactive Waterproofing
Work: Elevator pit nterior walls & floor
1) Install 1 coat of Xypex Concentrate & 1 coat of Modified
Price $ 12,000.00

Area 3: No Spec section, Hot Fluid Applied Asphalt Waterproofing
Work: Level 2
1) Prime & install 215 mils of reinforced Henrys 790-11
2) Perform leak detection or watertest & install drain board
Price $ 86,000.00

Total $ 110,000.00

Exclusions: Spec section 071700 Bentonite Waterproofing - not shown on plans, sheet metal, insulation, all substrate, sloping, expansion joints, waterstop, bottom drain systems, link seals, textura, protection of installed work, diversity program, parking, comp clean up

Bond Rate: 1.5% (not included)
Insurance Coverage: $15 million
Union: Yes
Sincerely,

Doug Lawheed

Respectfully Submitted,
Mike Tabert
BEST Contracting Services, Inc.
#456263

Proposal No.: 21-37436

GENERAL TERMS & CONDITIONS

Acceptance of this proposal by General Contractor ("Contractor") shall constitute acceptance of all terms and conditions recited herein and shall supersede any conflicting term in any other past or future Contractor or Project document. Contractor's agreement herewith shall be evidenced by Contractor listing BEST Contracting Services, Inc. ("BEST") in its bid documents or by permitting BEST to commence work for the Project:

1. BEST shall be paid monthly progress payments on or before the 15th of each month for the value of work completed plus the number of materials and equipment suitably stored on or off site. Final payment shall be due 30 days after the work described in the Proposal is substantially completed. BEST shall have the right to stop work if any payment is not timely made and BEST may keep the job idle until all payments due are received; in no such event shall BEST be liable for damages arising from delay in completion.
2. All sums not paid when due shall bear interest at the rate of 1 ½ % per month.
3. No back-charges by, or claim of, the Contractor for services performed by others shall be valid against BEST unless agreed to in writing by BEST before the work is performed.
4. Contractor is to prepare all work areas so as to be acceptable for BEST's work. BEST will not be called upon to start work until sufficient areas are ready to ensure a continuous work sequence, which is what the Proposal price is based upon. There will be a charge of $3,500 for each break in the continuous sequence of work due to Owner or Contractor's action(s) or direction. The Contractor shall furnish all temporary site facilities, including suitable storage space, temporary electrical, toilets and water, and security at no cost to BEST.
5. BEST shall be given reasonable time in which to make delivery of materials and/or labor to commence and complete its work. BEST shall not be responsible for delays or defaults where occasioned by causes of any kind and extent beyond its control, including but not limited to: delays caused by the Owner, Contractor, architect and/or engineers, delays in transportation, shortage of raw materials, civil disorders, labor difficulties, vendor allocations, fires, floods, accidents and acts of God. BEST shall be entitled to an equitable adjustment in the subcontract amount for additional costs due to unanticipated Project delays or accelerations caused by others whose acts are not BEST's responsibility, as well as to time extensions for unavoidable delays. No liquidated damages may be assessed against BEST for more than the amount actually paid by the Contractor for unexcused delays to the extent actually solely caused and agreed to by BEST. Under no circumstances shall BEST be liable for consequential or indirect damages of any type, or damages for delay in completion of the Project.
6. BEST's work is guaranteed for a period of two years from the date of substantial completion or beneficial use, whichever is earlier. The exclusive remedy shall be that BEST, shall replace or repair any part of its work, which is found to be defective. BEST shall not be responsible for damage or defect caused by third parties, follow-on contractors, abuse, modifications, improper or insufficient maintenance, improper operation or normal wear, tear and usage.
7. Work called for herein is to be performed during BEST's regular working hours. All work performed outside of such hours shall be the basis for a change order, charged at BEST's prevailing overtime rates. The mark-up for profit and overhead for all change orders shall be at least twenty-five percent.
8. BEST will indemnify and hold harmless the Contractor from damages only to the extent such damages are caused by the sole negligent act or omission of BEST.
9. In the event of a price increase of material, supplies, equipment, or energy greater than five percent occurring between the date of this Proposal and the first day of performance of the specific work affected by the price increase, through no fault of BEST, the amount owed to BEST shall be equitably adjusted by change order(s) to reflect those price increase(s). BEST shall be entitled to such escalation costs regardless of Contractor being able to pass those costs through to the Owner.
10. BEST shall not be held responsible if the design or structure of the roof deck being roofed does not conform to the requirements of the UBC or other code requirements, with resulting standing or ponding water.
11. Should BEST be required to raise pipes, conduit, air conditioning units, duct work or other roof mounted equipment (collectively "roof top items") to roof under them, BEST will endeavor to handle these items with care, however, BEST will not accept any liability for damage to any these roof top items which are handled during normal roofing activity.
12. Contractor shall be responsible to compensate BEST for any increase made in the state or local sales tax rate that was not in effect at the time of bid and not reflected in the bid documents.

PROPOSAL

Thank you for the opportunity to submit our proposal regarding your roofing needs. In addition to specifications listed on main page, all work shall be done in accordance with the following specifications:

A. SAFETY

1. Second, only to *construction quality, jobsite safety* is of the utmost importance to Craig Roof Company, Inc. It is important to everyone associated with the construction project to have an accident-free working environment. Our safety program produces some of the best accident-free results in our industry.

B. PERMITS

1. All necessary permits, licenses, and all notices necessary and incidental for the completion of work specified will be obtained. Work on any phase of the project requiring a permit will not commence until such permit has been obtained.

C. OWNER'S RESPONSIBILITY

1. The Owner or Owner's agent will periodically examine the work in progress for aesthetic purposes and will notify us immediately of any concerns.

D. ACCESS AND USE OF PREMISES

1. Contractor shall occupy, use and permit others to use the premises only for the purpose of completing the work to be performed under this Contract with the Owner. The contractor shall not authorize or permit any other person to use said premises for any other purpose whatsoever.
2. Contractor shall not load or permit any part of the structure to be loaded with a weight that will endanger its safety.

E. FOREMAN AND SUPERVISORS

1. Contractor shall keep on the premises during the progress of the work a competent foreman.
2. Contractor shall at all times enforce strict discipline and good order among his employees and shall not employ on the work any unfit person or anyone not skilled in the work assigned to him.

F. WORKMANSHIP AND SAFETY

1. All materials shall be securely fastened in place in a watertight, neat, workmanlike manner.
2. Craig Roof Company, Inc.'s job supervisor, shall have a complete copy of the specifications and drawings on the jobsite at all times.
3. Craig Roof Company, Inc. shall plan and conduct the operations of the work so that each section started on one day is thoroughly protected before the closure of work that day.
4. Equipment and materials will be situated in such a manner as to maximize safety, preclude interference with traffic and so as not to constitute a fire hazard.
5. Approved fire extinguishers will be readily available at ground level where kettles are located and in roof areas.
6. All State, local and Federal fire and safety regulations will be complied with.
7. Special precautions will be taken to ensure public safety at all times.
8. When appropriate, install and maintain temporary sanitary facilities for employees use during project.

SCOPE OF WORK

CRAIG ROOF COMPANY, INC. in accordance with your request, has inspected the above roof and hereby submits our recommendations and quotation as outlined below: **The Installation of Tremco TPA 60 mil System as per written specification.**

Scope of Work: Bldg. 1, MPR Bldg. 2 & Admin Bldg. 3 **$ 1,822,447.00**

1. **Install 2 Layers of 2.6" Poly-Iso mechanically attached.**
2. **Install ½" Dens Deck Primed mechanically attached.**
3. **Install Tremco TPA 60 mil mechanically attached system.**
4. **Install TPA 60 mil to all perimeter walls and base flashings with Tremco L.V. adhesive.**
5. **Install Tremco TPA walk pads as per drawings.**
6. **Install TPA prefab and custom-made boots with clamps and caulking to all pipe penetrations.**

Add for Kynar Coping: **$62,800.00**

Add for Kynar Down Spouts: **$15,000.00**

Exclusions: Electrical, Plumbing, Carpentry, Sheet Metal & Permits

Tremco Will Provide a 20 Year QA Warranty

Addendums: 1

License # 737309

DRI# 1000002173

WARRANTY INFORMATION: Upon completion and final acceptance by owner, all work shall be warranted by Craig Roof Company, Inc. to be leak free for a period of **Two (2) Years** from the date of completion.

TERMS:

CRAIG ROOF COMPANY, INC. shall complete the above duties subject to the stated provisions for the Contract Price. Such sum will be payable as follows: **100%** upon completion of work.

This document embodies the full agreement of the parties. All prior or contemporaneous negotiations, expressions, representations, or agreements whether written or oral are merged in this document. Any addition to or modification of this agreement shall be in writing signed by both parties, which shall become part of this contract.

Authorized Signature:

Michael Soracco

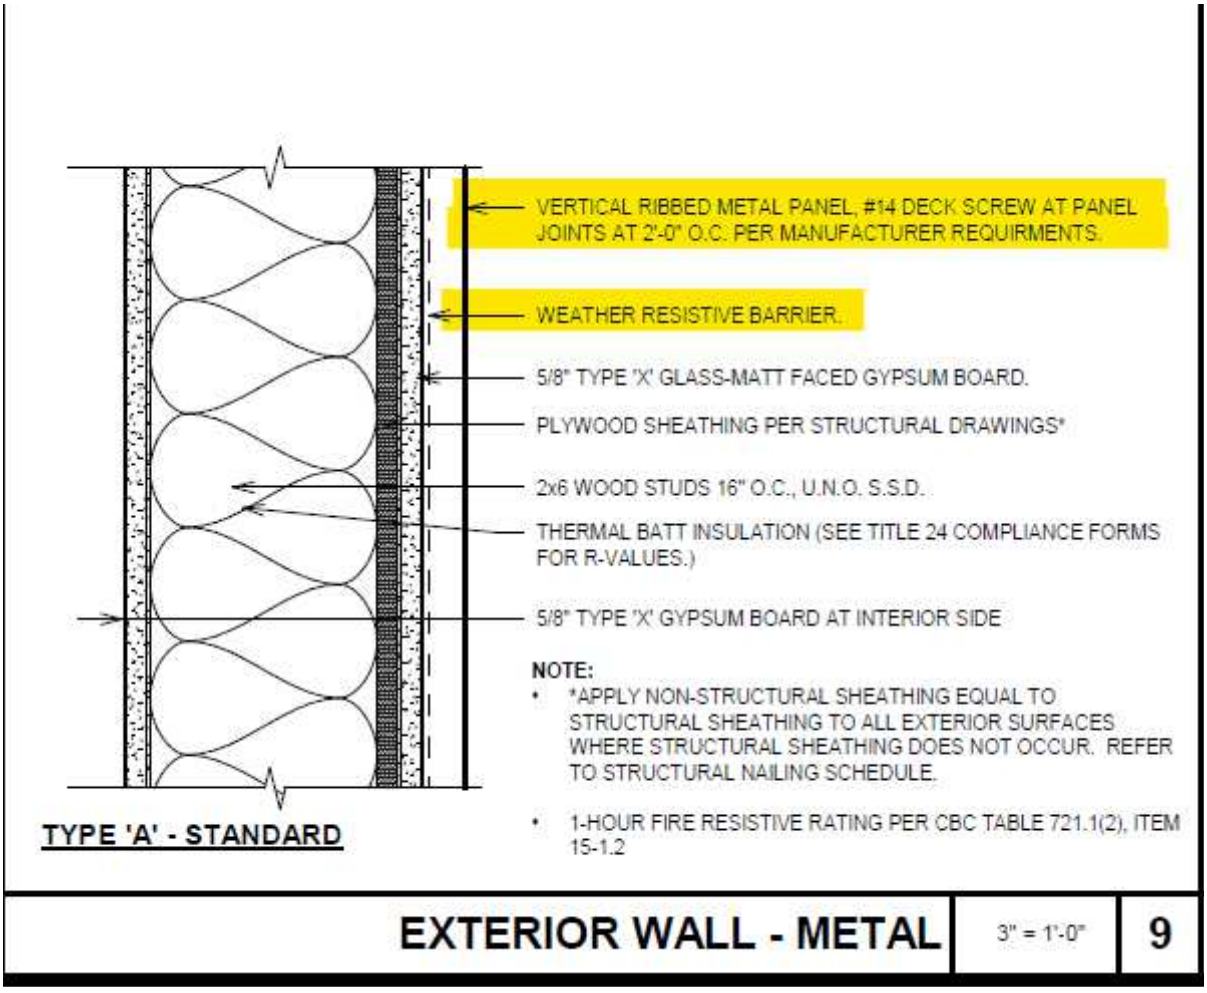
Polystick ® XFR from Polyglass

Polyglass U.S.A., Inc., a leading manufacturer of roofing and waterproofing systems, is pleased to announce the release of Polystick XFR, an advanced dual-purpose fire-resistant and self-adhered waterproofing underlayment that provides superior fire resistance. Where other fire-rated underlayment products struggle to strike a balance between robust fire protection and reliable waterproofing, Polystick XFR successfully combines our ADESO® and Burn-ShieldTM technologies with the highest quality materials to yield a product that excels in both areas. This product achieves UL Class A fire ratings for combustible decks while also providing long-term superior weathering performance.



Polystick® XFR is a dual-purpose fire-resistant and self-adhered waterproofing underlayment approved for applications up to 265°F. This underlayment features our patent-pending **Burn-Shield Technology™**, which offers fire resistance capable of achieving the highest level of fire ratings. Polystick XFR's superior protection against fire spread and penetration resistance makes it an ideal underlayment for metal roof covering systems like steel, copper, and similar materials.

Fire Resistant Self-Adhered Roof Underlayment

Product Information Sheet

DuPont™ Tyvek® CommercialWrap® D

Durable Air and Water Barrier Engineered to Improve Drainage and Stand Up to the Commercial Job Site

FEATURES/BENEFITS

Description

DuPont™ Tyvek® CommercialWrap® D offers superior drainage and durability for commercial buildings. It features a specially engineered surface texture that provides enhanced water drainage under a wide variety of facades in climates that may require additional drainage.

Tyvek® CommercialWrap® D is made from 100% flash spunbonded high-density polyethylene fibers which have been bonded together by heat and pressure, without binders or fillers, into a tough durable sheet structure. Additives have been incorporated into the polyethylene to provide ultraviolet light resistance.

Air and Water Barrier Performance

- Offers the ideal combination of enhanced drainage, air and water holdout plus vapor permeability.
- Air Barrier Association of America evaluated to exceed ABAA, ASHRAE 90.1 and IECC air leakage requirements when tested in accordance with ASTM E2357.
- Offers > 98% drainage efficiency when tested in accordance with ASTM E2273.
- Offers high tear-resistance and high wind-load-resistance to help stand up to commercial construction site conditions.
- Withstands up to nine months of UV exposure.

Available Sizes

Tyvek® CommercialWrap® D is available in the following roll sizes:

- 5' x 200' (1.5 x 61m)
- 10' x 125' (3.1 x 38.1 m)

Sustainable Solutions

Tyvek® CommercialWrap® D may contribute toward LEED® points in the areas of Energy and Atmosphere (EA): Optimizing the Building Envelope and Indoor Environmental Air Quality (EQ): Construction IAQ Management Plan and Low Emitting Materials. In addition, the use of a continuous air barrier is a prerequisite for LEED® applications requiring compliance with ASHRAE 90.1-2010.

By helping to effectively seal the building envelope, **Tyvek® CommercialWrap® D** helps to reduce the amount of energy required for heating and cooling.

Complete System

Tyvek® CommercialWrap® D can be integrated with DuPont self-adhered flashing products and Tyvek® Fluid Applied products to offer seamless protection for wall systems that require mechanically fastened and fluid applied air and water barriers.

PROPERTIES

Review all instructions and (Material) Safety Data Sheet ((M)SDS) before use. Please contact your local DuPont™ Tyvek® Specialist before writing specifications around this product. Product properties are as follows:

Test Method	Property	Typical Value	Units
ASTM E2357	Air Penetration Resistance	<0.04	cfm/ft² @ 1.57 psf
Gurley Hill (TAPPI T-460)	Air Penetration Resistance	>750	sec/100cc
ASTM E1677	Air Penetration Resistance	Type 1	cfm/ft² @ 1.57 psf
ASTM E2178	Air Penetration Resistance	.001	cfm/ft² @ 1.57 psf
ASTM E283	Wall Assembly Air Penetration Resistance	<0.04	cfm/ft² @ 1.57 psf
ASTM E96-05	Water Vapor Transmission	212	Method B g/m²-24 hrs
E96-05	Water Vapor Transmission	30	Method B (perms)
AATCC 127	Water Penetration Resistance	235	cm
ASTM E331	Wall Assembly Water Penetration Resistance	No leakage	Tested to 15 psf
ASTM E2273	Drainage Efficiency	>98	%
TAPPI T-410	Basis Weight	2.4	oz/yd²
ASTM D882	Breaking Strength	33/41	lbs/in
ASTM D1117	Tear Resistance	6/9	lbs
ASTM E84	Surface Burning Characteristics	15 Class A	Flame Spread Index Class
ASTM E84	Surface Burning Characteristics	25 Class A	Smoke Developed Index Class
NFPA 285	Flame Propagation/Multiple Assemblies	–	Pass
–	Ultra Violet Light Exposure (UV)	270 9	Days Months

Test results shown represent roll averages. Individual results may vary either above or below averages due to normal manufacturing variations, while continuing to meet product specifications.

WARNING: DuPont™ Tyvek® is combustible and should be protected from an open flame and other high heat sources. If the temperature of DuPont™ Tyvek® reaches 750°F (400°C), it will burn and the fire may spread and fall away from the point of ignition.

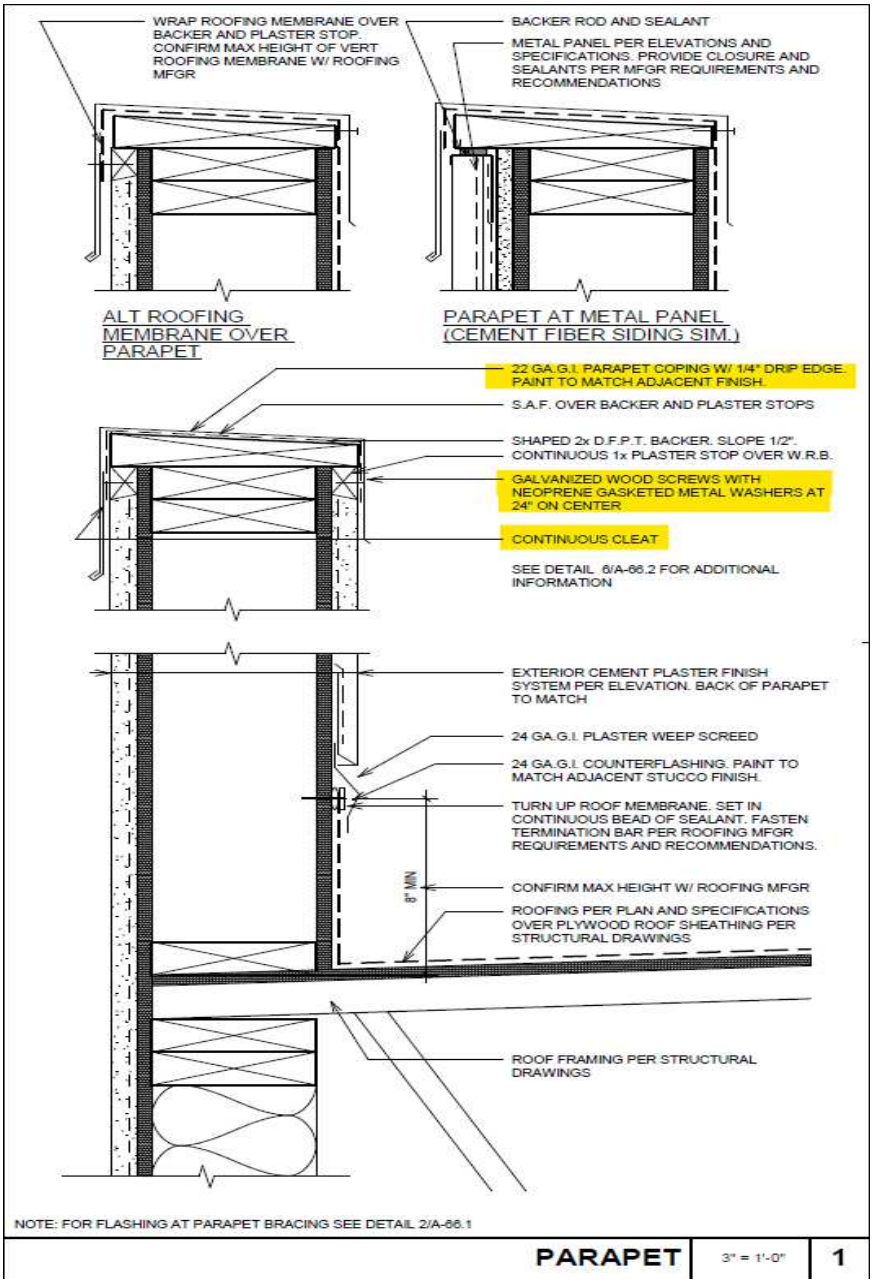
3. Rain Gutters

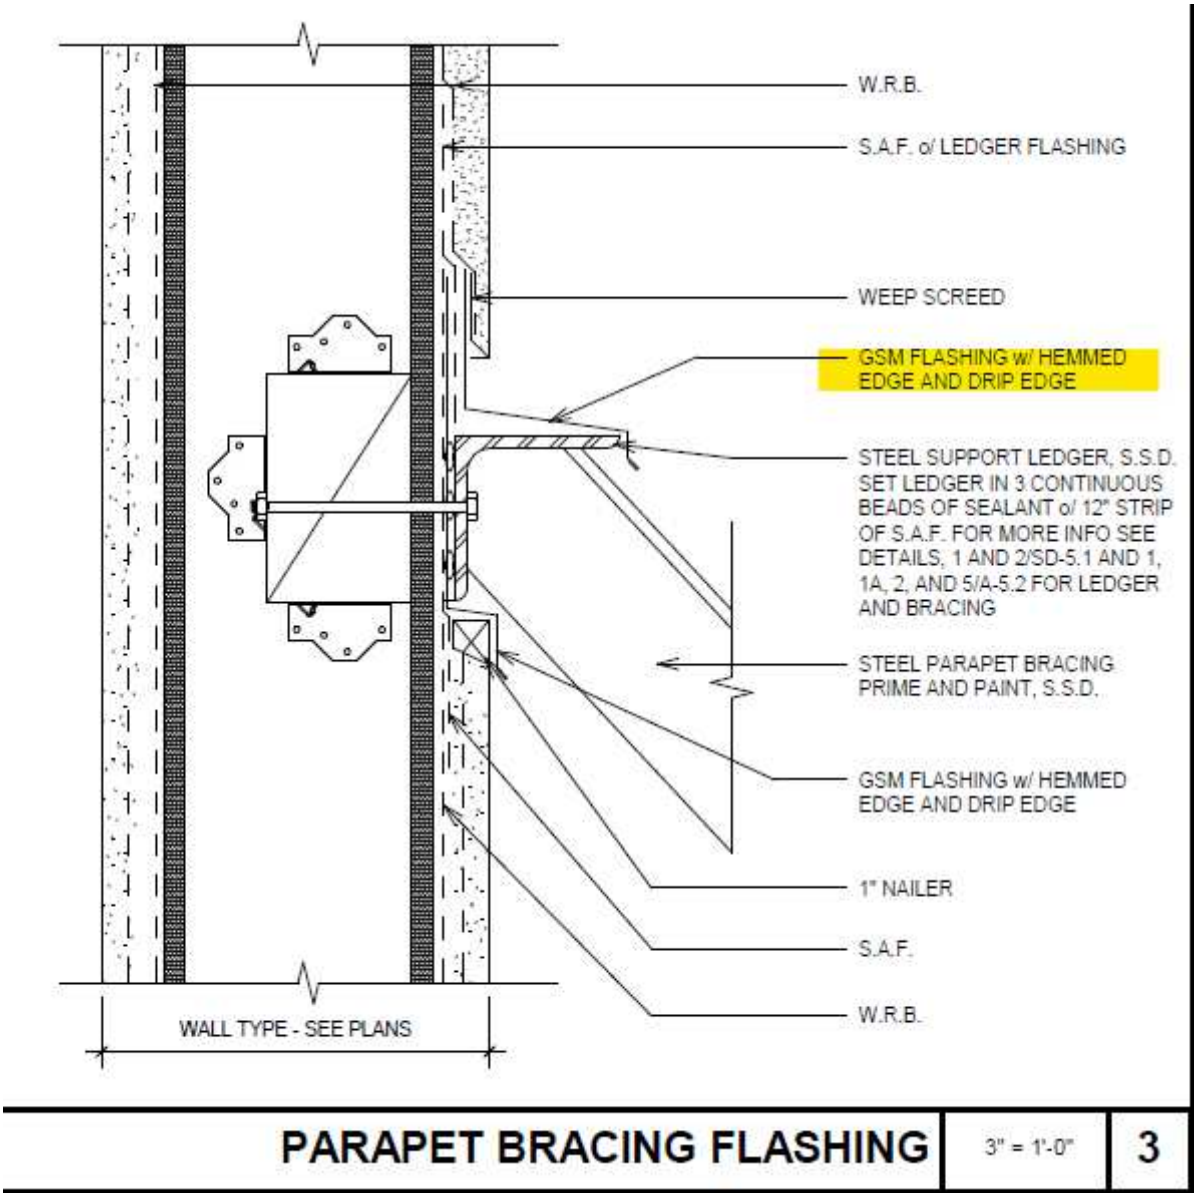
Provide and install approx. 270’ of 22 ga standard color rain gutters.
Downspouts by others
All hardware color to match
All debris generated to be disposed of



Contract Price Gutter only Building 1……$ 8,892.00
Contract Price Gutter only Building 2……$ 4,796.00
Contract Price Gutter only Trash Enclosure……$ 1,096.00

4. Wall Coping

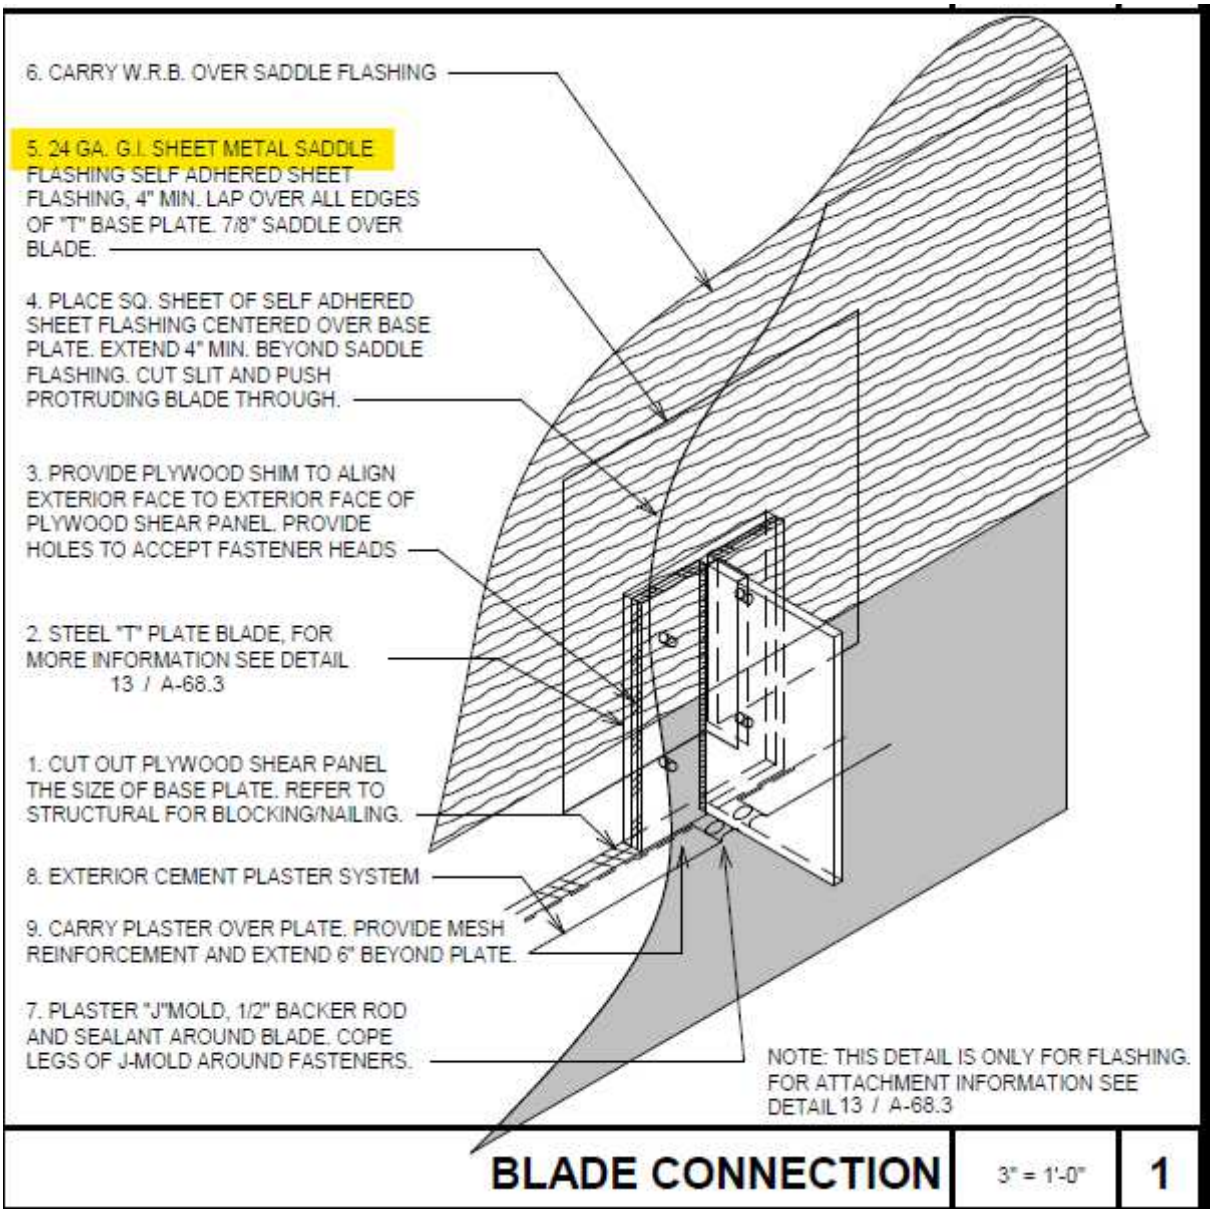
Provide and install approx. 2,500’ of 22ga gsm coping.
(Coping installed per SMACNA standards,
if ANSI-SPRI or other rated system is required, Pricing will be adjusted)
Roofing and underlays by others



Contract Price Coping Building 1……$ 34,705.00
Contract Price Coping Building 2……$ 29,685.00
Contract Price Coping Building 3……$ 15,636.00

5. Parapet Bracing Flash

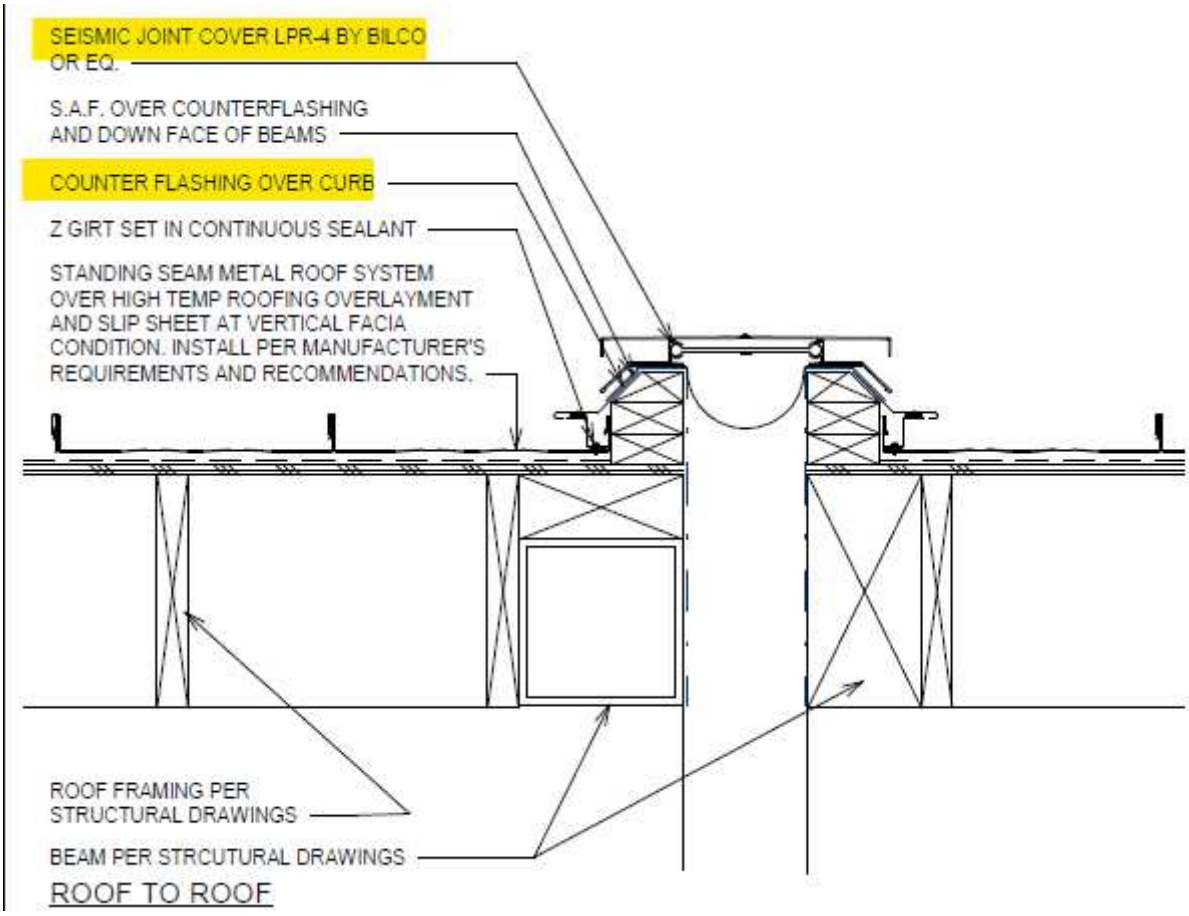
Provide and install approx. 1,850’ of 24 ga gsm.
Weeps, screed, SASM/ underlayment’s by others
All debris generated to be disposed of



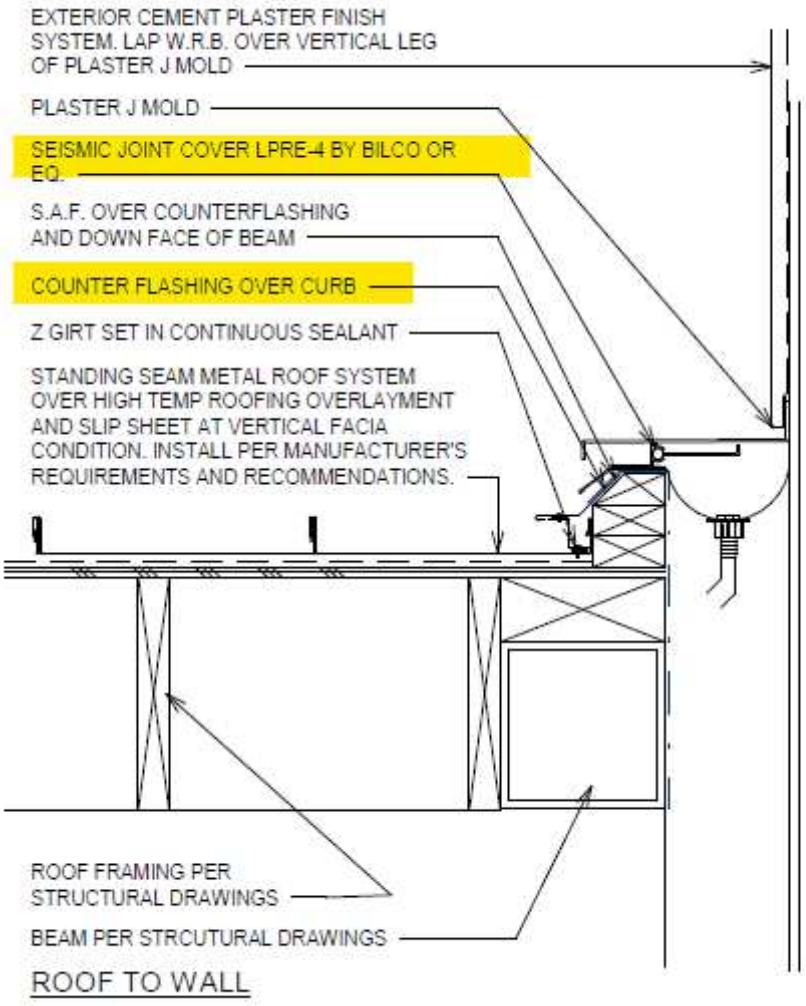
Contract Price Flash Building 1……$ 17,241.00
Contract Price Flash Building 2……$ 11,258.00
Contract Price Flash Building 3……$ 9,440.00

6. Blade Flash

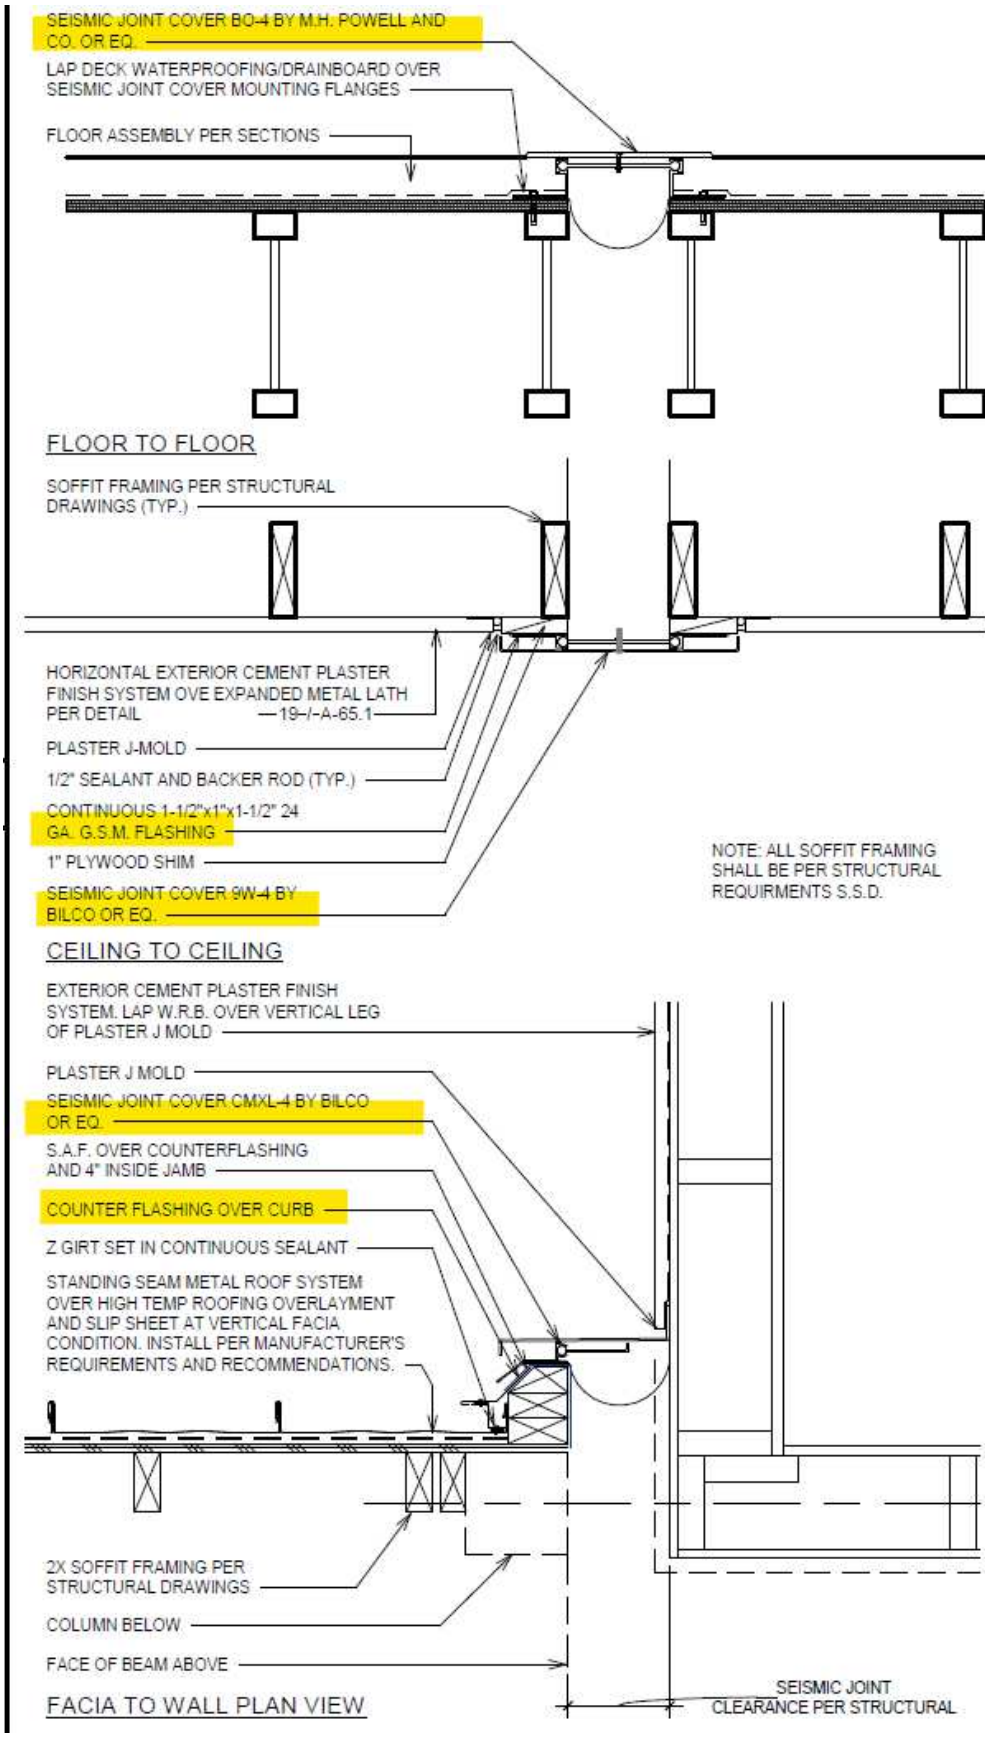
Provide and install (102) 24 ga gsm saddles at blade connection typical.
Stucco weeps and screeds by others
SASM/ underlayment's by others
All debris generated to be disposed of



Contract Price Building 1……$ 5,434.00
Contract Price Building 2……$ 1,025.00
Contract Price Building 3……$ 2,264.00
Contract Price Guardrails……$ 4,163.00



7. Expansion Joint install



Provide and install Construction Specialties expansion products;
RFD-400
RFDW-400
AFW-400
AFWC-400
AFW-400
AFWC-400
BRJW-400V

13. **MEP flashings or equipment.**
14. **Any work or materials not listed in scope.**

***Please initial all options, sign and date bottom and email to gbtsheetmetal@gmail.com**

Entire Contract Price shall be due upon completion of the Work unless checked below.

All Invoices paid with credit card will be charged additional 3.8%

CLEAN UP: **Upon completion of the work, the CONTRACTOR will remove debris and surplus material from the OWNER's property and leave it in a neat, broom clean condition.**

Warranty: All of the labor shall be completed in a reasonable and workman like manner according to the standard practices of the industry. CONTRACTOR warrants his labor to be free from defects for **3** years from the date of substantial completion. This warranty shall not cover damage or leakage caused by alterations to the products installed after substantial completion, such as removal, lack of downspouts, and heavy debris.

APPROXIMATE START DATE AND APPROXIMATE COMPLETION DATE. Within 60 days after execution of this Contract, OWNER shall have the job site ready for commencement of construction and shall thereupon give CONTRACTOR written notice to commence work. CONTRACTOR shall commence work within 60 days after receipt of such notice. Substantial commencement of the Work shall occur on the first day that CONTRACTOR furnishes construction labor, services and materials following receipt of OWNER's written notification to

commence the Work. The Work shall be completed by the following approximate completion date: 30 days from start date. With 3 years of workmanship warranty.

WORKERS' COMPENSATION INSURANCE: THE CONTRACTOR carries workers' compensation insurance for all employees.

****

Notice of the Three-Day Right to Cancel

You, the buyer, have the right to cancel this contract within three business days. You may cancel by e-mailing, mailing, faxing, or delivering a written notice to the contractor at the contractor's place of business by midnight on the third business day after you receive a signed and dated copy of the contract that includes this notice. Include your name, your address, and the date you received the signed copy of the Contract and this Notice.

If you cancel, the contractor must return to you anything you paid within 10 days of receiving the notice of cancellation. For your part, you must make available to the contractor at your residence, in substantially as good condition as you received it, any goods delivered to you under this Contract or sale. Or you may, if you wish, comply with the contractor's instructions on how to return the goods at the contractor's expense and risk. If you do make the goods available to the contractor and the contractor does not pick them up within 20 days of the date of your notice of cancellation, you may keep them without any further obligation. If you fail to make the goods available to the contractor, or if you agree to return the goods to the contractor and fail to do so, then you remain liable for the performance of all obligations under the contract.

To cancel this transaction, make or deliver a signed and dated copy of this Notice of Cancellation, or any other written notice, or send a telegram to GBT Sheet Metal., whose address is P. O. Box 6877, Santa Barbara, CA 93160 no later than midnight of_____. (Please write on a date 3 days after signing date and initial)

SCOPE OF WORK:

Furnish and install sheet metal scope below and similar details per plans and specs.

- Furnish and install general sheet metal flashings
  - Copings and cleats
  - Reglet and counterflashing
  - Base and skirt flashings
  - Window and door flashings
  - Pad covers
  - Expansion joints
  - Three (3) roof hatches
  - Two (2) smoke hatches

- Furnish and install approx. 6700 sqft of Fiber Cement panels
  - Including underlayment
- Furnish and install approx. 6800 sqft of Corrugated wall panels
  - Including underlayment
- Furnish and install approx. 5700 sqft of Standing seam roofing
  - Including underlayment

PRICE: …….. $1,748,048.00

EXCLUSIONS:

- ☑ Roof access ladders
- ☑ Substrate, Roof Deck Repairs/Replacement.
- ☑ Roof Accessories, Prefab Curbs, Skylights, Vents.
- ☑ Vapor Barrier.
- ☑ All Clad Metal
- ☑ All Carpentry – Plywood Sheathing, Wood Blocking, Wood Nailer, etc.
- ☑ HVAC, Mechanical or Related Duct Work, Electrical and Plumbing (including drains).
- ☑ Protection of completed work from damage by other trades or construction traffic
- ☑ Permits, Inspection, Testing and Consultant costs and fees.
- ☑ **All other work not specifically stated under Scope of Work above**

The General Terms and Conditions attached hereto are expressly incorporated into this Proposal and will form the contract between the parties.

This Proposal is valid for 30 days from the date of the Proposal.

We appreciate the opportunity to submit you a bid. Should you have any questions, please don't hesitate to contact me at (310 415-7933)

Respectfully Submitted,

Bryan Bitterman

BEST Contracting Services, Inc.
License #456263
DIR# 1000000563

Proposal No.: XX-XXXXX

GENERAL TERMS & CONDITIONS

Acceptance of this proposal by General Contractor ("Contractor") shall constitute acceptance of all terms and conditions recited herein and shall supersede any conflicting term in any other past or future Contractor or Project document. Contractor's agreement herewith shall be evidenced by Contractor listing BEST Contracting Services, Inc. ("BEST") in its bid documents or by permitting BEST to commence work for the Project:

1. BEST shall be paid monthly progress payments on or before the 15th of each month for the value of work completed plus the amount of materials and equipment suitably stored on or off site. Final payment shall be due 30 days after the work described in the Proposal is substantially completed. BEST shall have the right to stop work if any payment is not timely made and BEST may keep the job idle until all payments due are received; in no such event shall BEST be liable for damages arising from delay in completion.
2. All sums not paid when due shall bear interest at the rate of 1 ½ % per month.
3. No back-charges by, or claim of, the Contractor for services performed by others shall be valid against BEST unless agreed to in writing by BEST before the work is performed.
4. Contractor is to prepare all work areas so as to be acceptable for BEST's work. BEST will not be called upon to start work until sufficient areas are ready to insure a continuous work sequence, which is what the Proposal price is based upon. There will be a charge of: $3,500 for each break in the continuous sequence of work due to Owner or Contractor's action(s) or direction. The Contractor shall furnish all temporary site facilities, including suitable storage space, temporary electrical, toilets and water, and security at no cost to BEST.
5. BEST shall be given reasonable time in which to make delivery of materials and/or labor to commence and complete its work. BEST shall not be responsible for delays or defaults where occasioned by causes of any kind and extent beyond its control, including but not limited to: delays caused by the Owner, Contractor, architect and/or engineers, delays in transportation, shortage of raw materials, civil disorders, labor difficulties, vendor allocations, fires, floods, accidents and acts of God. BEST shall be entitled to an equitable adjustment in the subcontract amount for additional costs due to unanticipated Project delays or accelerations caused by others whose acts are not BEST's responsibility, as well as to time extensions for unavoidable delays. No liquidated damages may be assessed against BEST for more than the amount actually paid by the Contractor for unexcused delays to the extent actually solely caused and agreed to by BEST. Under no circumstances shall BEST be liable for consequential or indirect damages of any type, or damages for delay in completion of the Project.
6. BEST's work is guaranteed for a period of one year from the date of substantial completion or beneficial use, whichever is earlier. The exclusive remedy shall be that BEST, shall replace or repair any part of its work, which is found to be defective. BEST shall not be responsible for damage or defect caused by third parties, follow-on contractors, abuse, modifications, improper or insufficient maintenance, improper operation or normal wear, tear and usage.
7. Work called for herein is to be performed during BEST's regular working hours. All work performed outside of such hours shall be the basis for a change order, charged at BEST's prevailing overtime rates. The mark-up for profit and overhead for all change orders shall be at least twenty-five percent.
8. BEST will indemnify and hold harmless the Contractor from damages only to the extent such damages are caused by the sole negligent act or omission of BEST.
9. In the event of a price increase of material, supplies, equipment, or energy greater than five percent occurring between the date of this Proposal and the first day of performance of the specific work affected by the price increase, through no fault of BEST, the amount owed to BEST shall be equitably adjusted by change order(s) to reflect those price increase(s). BEST shall be entitled to such escalation costs regardless of Contractor being able to pass those costs through to the Owner.
10. BEST shall not be held responsible if the design or structure of the roof deck being roofed does not conform to the requirements of the UBC or other code requirements, with resulting standing or ponding water.
11. Should BEST be required to raise pipes, conduit, air conditioning units, duct work or other roof mounted equipment (collectively "roof top items") to roof under them, BEST will endeavor to handle these items with care, however, BEST will not accept any liability for damage to any these roof top items which are handled during normal roofing activity.
12. Contractor shall be responsible to compensate BEST for any increase made in the state or local sales tax rate that was not in effect at the time of bid and not reflected in the bid documents.
13. Due to the recent volatility in material prices, the price(s) stated in this proposal is/are valid only for contracts accepted and executed within 30 days of the date of this proposal.
14. NOTE that some of the materials and products specified to be used and installed in the construction of this project are, or may later become, unavailable, significantly delayed in shipment and/or subject to price increases due to circumstances beyond our control, including the current national and industry-wide materials shortage crisis, as well as the COVID-19 pandemic. With respect to material delivery, we can make no guarantees as to whether material lead times and delivery will accommodate the Project Schedule. Note that the actual lead time and delivery dates can only be provided by and confirmed by the material manufacturer. If a specified product is unavailable or shipment is or will be delayed, we will provide notice to you and shall be afforded a time extension on the project schedule, and substitute products, if available, may be considered.
15. If there is an increase in the actual cost of the labor or materials charged to us in excess of 5% subsequent to making this Agreement, the price set forth in this Agreement shall be increased without the need for a written change order or amendment to the contract to reflect the price increase and additional direct cost to us. We will submit written documentation of the increased charges to you upon request. As an additional remedy, if the actual cost of any line item increases more than 10% subsequent to the making of this Agreement, we, at our sole discretion, may terminate the contract for convenience, without consequence.

Sheet Metal Proposal
Date 10/30/25

Viola Estimating Department

Project: Fremont M.S. Reconstruction 1130 North M Street, Oxnard, CA. 93030

Thank you for the opportunity of providing you with a proposal for the above-mentioned project. This proposal is to furnish you with the following scope of work per ~~**Perkins-Eastman**~~ **Architectural drawings Dated: 10/22/2025**

SVA

Specification Sections:

074115—Manufactured Standing Seam Roofing
074213.13—Formed Metal Wall Panels
076000— Flashing & Sheet Metal
077200—Roof Hatches

Spec Section: 074115—Manufactured Standing Seam Roofing

- Furnish and install the following;
- Metal Roof Panels, self-adhered underlayment, gutter, flashing trims
- Excludes: Demo, wood nailers, framing, sub framing, MEP flashings, sheating, overtime, roofing, clad metal, lead flashing, insulation, items not listed above, protection of own work after install,
- Finish; Per plans and specs
- Lead times are as follows; Shop drawings 5-6 weeks, Procure raw form materials once our shop drawings are approved 6-8 weeks, fabricate material into shape 3-4 weeks (after field verifying dimensions, all framing must be complete).

Spec Section: 074213.13—Formed Metal Wall Panels

- Furnish and install the following;
- Metal Wall Panels, self-adhered underlayment, hat channel, flashing trims
- Excludes: Demo, wood nailers, framing, sub framing, MEP flashings, sheating, overtime, roofing, clad metal, lead flashing, insulation, items not listed above, protection of own work after install,
- Finish; Per plans and specs
- Lead times are as follows; Shop drawings 5-6 weeks, Procure raw form materials once our shop drawings are approved 6-8 weeks, fabricate material into shape 3-4 weeks (after field verifying dimensions, all framing must be complete).

Continued on next page

Spec Section: 076000— Flashing & Sheet Metal

- Furnish and install the following;
- Coping, Sill Flashing, Head Flashing, Reglet/Counterflashing, Pad Cover, Leaderhead/Downspout,
- Excludes: Demo, wood nailers, framing, sub framing, MEP flashings, sheating, overtime, roofing, clad metal, lead flashing, items not listed above, protection of own work after install,
- Finish; Per Plans and Specs
- Lead times are as follows; Shop drawings 5-6 weeks, Procure raw form materials once our shop drawings are approved 3-4 weeks, fabricate material into shape 3-4 weeks (after field verifying dimensions).

Spec Section: 077200—Roof Hatches

- Furnish and install the following;
- Roof Hatches, roof hatch safety railing, ladder safety post,
- Building 2 smoke hatches
- Excludes: Demo, wood nailers, framing, sub framing, sheating, overtime, roofing, clad metal, lead flashing, rigging on smoke hatches, items not listed above, protection of own work after install,
- Finish; per plans and specs
- Lead times are as follows; Shop drawings 5-6 weeks, Procure raw form materials once our shop drawings are approved 6-8 weeks (after field verifying dimensions).

Building 1 Total Base Bid ; ––––$439,529.00

Building 2 Total Base Bid ; ––––$432,835.00

Building 3 Total Base Bid ; ––––$222,643.00

Site Total Base Bid ; ------$51,785.00

Total Combined Base Bid ; ------$1,146,792.00

Addendum 1 Noted

Job Specific Exclusions: Overtime, swing shift work, permits, flashings not mentioned in proposal, protection of own work after install.

Standard Letner Exclusions: City Permits, Over Burden, Scaffolding, Demolition of Any Kind, Interior Metals, Material Protection after Install, Batt Insulation, Wood Nailers or Blocking, Backing for Other Trades, Saw Cutting of Concrete, Vent & Conduit pipe flashings, MEP Flashings, PVC Clad Metal, Sub Framing, Structural Decking, HSS Members, Tube Steel, Bent Plates, Structural Backing, Fire Stop, Weep Screeds, Vent Screeds, Access Doors, Access Ladders, Access Panels, Field Painting, Custom Kynar 500 colors, Caulking & Sealants Not Related to Our Work.

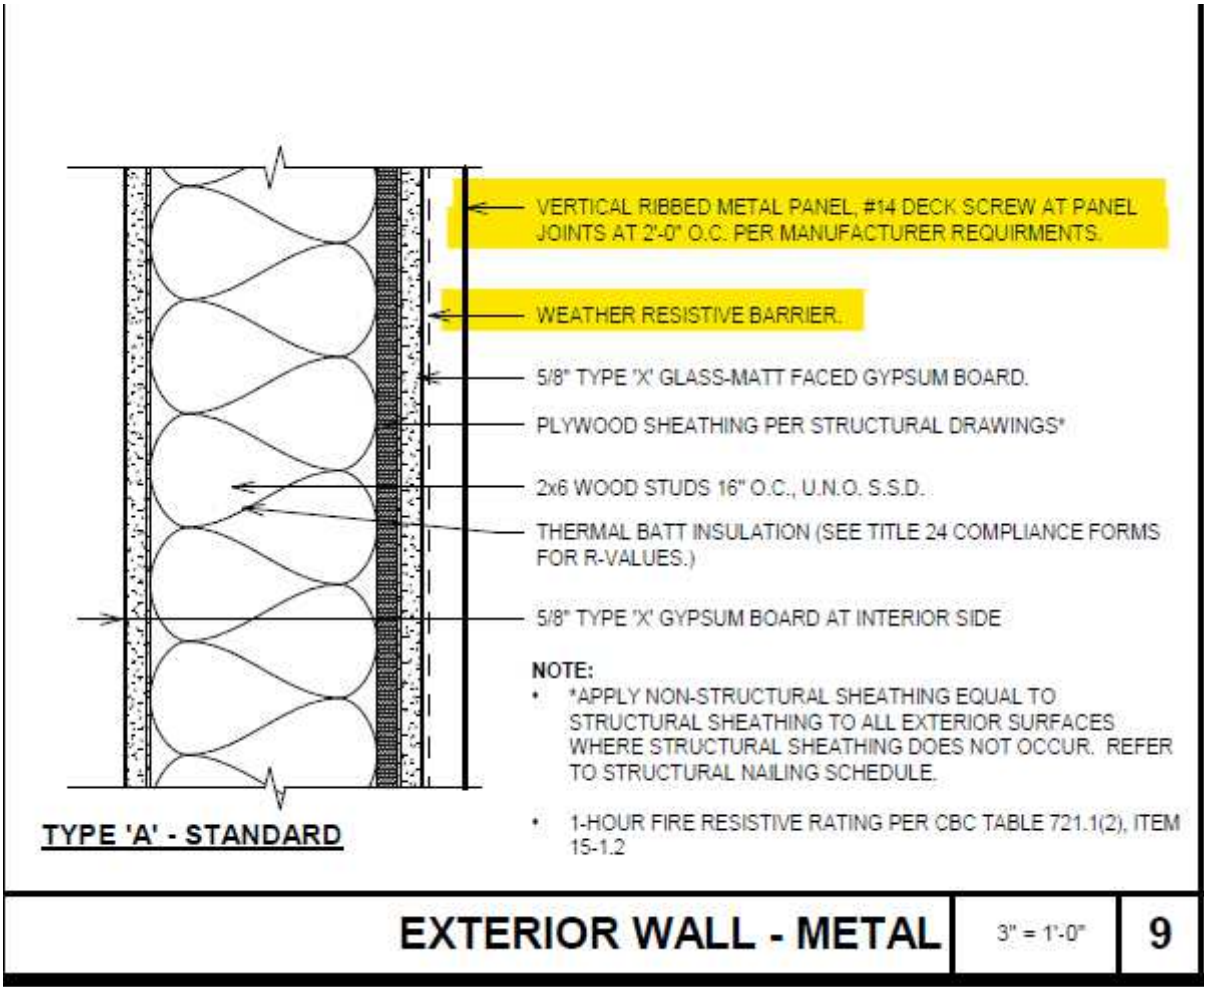
Polystick ® XFR from Polyglass

Polyglass U.S.A., Inc., a leading manufacturer of roofing and waterproofing systems, is pleased to announce the release of Polystick XFR, an advanced dual-purpose fire-resistant and self-adhered waterproofing underlayment that provides superior fire resistance. Where other fire-rated underlayment products struggle to strike a balance between robust fire protection and reliable waterproofing, Polystick XFR successfully combines our ADESO® and Burn-ShieldTM technologies with the highest quality materials to yield a product that excels in both areas. This product achieves UL Class A fire ratings for combustible decks while also providing long-term superior weathering performance.



Polystick® XFR is a dual-purpose fire-resistant and self-adhered waterproofing underlayment approved for applications up to 265°F. This underlayment features our patent-pending **Burn-Shield Technology™**, which offers fire resistance capable of achieving the highest level of fire ratings. Polystick XFR's superior protection against fire spread and penetration resistance makes it an ideal underlayment for metal roof covering systems like steel, copper, and similar materials.

Fire Resistant Self-Adhered Roof Underlayment

2. Metal Siding

Provide and install approx. 8,400 sq ft of Taylor Metals 24 ga standard color HR-34 siding panel
Provide and install approx. 8,400 sq ft Tyvek underlayment.
All flashings including base metal, sidewall , corners will be installed per manufactures detail.
All debris generated to be disposed of.

Product Information Sheet

DuPont™ Tyvek® CommercialWrap® D

Durable Air and Water Barrier Engineered to Improve Drainage and Stand Up to the Commercial Job Site

FEATURES/BENEFITS

Description

DuPont™ Tyvek® CommercialWrap® D offers superior drainage and durability for commercial buildings. It features a specially engineered surface texture that provides enhanced water drainage under a wide variety of facades in climates that may require additional drainage.

Tyvek® CommercialWrap® D is made from 100% flash spunbonded high-density polyethylene fibers which have been bonded together by heat and pressure, without binders or fillers, into a tough durable sheet structure. Additives have been incorporated into the polyethylene to provide ultraviolet light resistance.

Air and Water Barrier Performance

- Offers the ideal combination of enhanced drainage, air and water holdout plus vapor permeability.
- Air Barrier Association of America evaluated to exceed ABAA, ASHRAE 90.1 and IECC air leakage requirements when tested in accordance with ASTM E2357.
- Offers > 98% drainage efficiency when tested in accordance with ASTM E2273.
- Offers high tear-resistance and high wind-load-resistance to help stand up to commercial construction site conditions.
- Withstands up to nine months of UV exposure.

Available Sizes

Tyvek® CommercialWrap® D is available in the following roll sizes:

- 5' x 200' (1.5 x 61m)
- 10' x 125' (3.1 x 38.1 m)

Sustainable Solutions

Tyvek® CommercialWrap® D may contribute toward LEED® points in the areas of Energy and Atmosphere (EA): Optimizing the Building Envelope and Indoor Environmental Air Quality (EQ): Construction IAQ Management Plan and Low Emitting Materials. In addition, the use of a continuous air barrier is a prerequisite for LEED® applications requiring compliance with ASHRAE 90.1-2010.

By helping to effectively seal the building envelope, **Tyvek® CommercialWrap® D** helps to reduce the amount of energy required for heating and cooling.

Complete System

Tyvek® CommercialWrap® D can be integrated with DuPont self-adhered flashing products and Tyvek® Fluid Applied products to offer seamless protection for wall systems that require mechanically fastened and fluid applied air and water barriers.

PROPERTIES

Review all instructions and (Material) Safety Data Sheet ((M)SDS) before use. Please contact your local DuPont™ Tyvek® Specialist before writing specifications around this product. Product properties are as follows:

Test Method	Property	Typical Value	Units
ASTM E2357	Air Penetration Resistance	<0.04	cfm/ft² @ 1.57 psf
Gurley Hill (TAPPI T-460)	Air Penetration Resistance	>750	sec/100cc
ASTM E1677	Air Penetration Resistance	Type 1	cfm/ft² @ 1.57 psf
ASTM E2178	Air Penetration Resistance	.001	cfm/ft² @ 1.57 psf
ASTM E283	Wall Assembly Air Penetration Resistance	<0.04	cfm/ft² @ 1.57 psf
ASTM E96-05	Water Vapor Transmission	212	Method B g/m²-24 hrs
E96-05	Water Vapor Transmission	30	Method B (perms)
AATCC 127	Water Penetration Resistance	235	cm
ASTM E331	Wall Assembly Water Penetration Resistance	No leakage	Tested to 15 psf
ASTM E2273	Drainage Efficiency	>98	%
TAPPI T-410	Basis Weight	2.4	oz/yd²
ASTM D882	Breaking Strength	33/41	lbs/in
ASTM D1117	Tear Resistance	6/9	lbs
ASTM E84	Surface Burning Characteristics	15 Class A	Flame Spread Index Class
ASTM E84	Surface Burning Characteristics	25 Class A	Smoke Developed Index Class
NFPA 285	Flame Propagation/Multiple Assemblies	–	Pass
–	Ultra Violet Light Exposure (UV)	270 9	Days Months

Test results shown represent roll averages. Individual results may vary either above or below averages due to normal manufacturing variations, while continuing to meet product specifications.

WARNING: DuPont™ Tyvek® is combustible and should be protected from an open flame and other high heat sources. If the temperature of DuPont™ Tyvek® reaches 750°F (400°C), it will burn and the fire may spread and fall away from the point of ignition.

Entire Contract Price shall be due upon completion of the Work unless checked below.

All Invoices paid with credit card will be charged additional 3.8%

CLEAN UP: **Upon completion of the work, the CONTRACTOR will remove debris and surplus material from the OWNER's property and leave it in a neat, broom clean condition.**

Warranty: All of the labor shall be completed in a reasonable and workman like manner according to the standard practices of the industry. CONTRACTOR warrants his labor to be free from defects for **3** years from the date of substantial completion. This warranty shall not cover damage or leakage caused by alterations to the products installed after substantial completion, such as removal, lack of downspouts, and heavy debris.

APPROXIMATE START DATE AND APPROXIMATE COMPLETION DATE. Within 60 days after execution of this Contract, OWNER shall have the job site ready for commencement of construction and shall thereupon give CONTRACTOR written notice to commence work. CONTRACTOR shall commence work within 60 days after receipt of such notice. Substantial commencement of the Work shall occur on the first day that CONTRACTOR furnishes construction labor, services and materials following receipt of OWNER's written notification to

commence the Work. The Work shall be completed by the following approximate completion date: 30 days from start date. With 3 years of workmanship warranty.

WORKERS' COMPENSATION INSURANCE: THE CONTRACTOR carries workers' compensation insurance for all employees.

****

Notice of the Three-Day Right to Cancel

You, the buyer, have the right to cancel this contract within three business days. You may cancel by e-mailing, mailing, faxing, or delivering a written notice to the contractor at the contractor's place of business by midnight on the third business day after you receive a signed and dated copy of the contract that includes this notice. Include your name, your address, and the date you received the signed copy of the Contract and this Notice.

If you cancel, the contractor must return to you anything you paid within 10 days of receiving the notice of cancellation. For your part, you must make available to the contractor at your residence, in substantially as good condition as you received it, any goods delivered to you under this Contract or sale. Or you may, if you wish, comply with the contractor's instructions on how to return the goods at the contractor's expense and risk. If you do make the goods available to the contractor and the contractor does not pick them up within 20 days of the date of your notice of cancellation, you may keep them without any further obligation. If you fail to make the goods available to the contractor, or if you agree to return the goods to the contractor and fail to do so, then you remain liable for the performance of all obligations under the contract.

To cancel this transaction, make or deliver a signed and dated copy of this Notice of Cancellation, or any other written notice, or send a telegram to GBT Sheet Metal., whose address is P. O. Box 6877, Santa Barbara, CA 93160 no later than midnight of_____. (Please write on a date 3 days after signing date and initial)

SCOPE OF WORK:

Furnish and install sheet metal scope below and similar details per plans and specs.

- Furnish and install general sheet metal flashings
  - Copings and cleats
  - Reglet and counterflashing
  - Base and skirt flashings
  - Window and door flashings
  - Pad covers
  - Expansion joints
  - Three (3) roof hatches
  - Two (2) smoke hatches

- Furnish and install approx. 6700 sqft of Fiber Cement panels
  - Including underlayment
- Furnish and install approx. 6800 sqft of Corrugated wall panels
  - Including underlayment
- Furnish and install approx. 5700 sqft of Standing seam roofing
  - Including underlayment

PRICE: …….. $1,748,048.00

EXCLUSIONS:

- ☑ Roof access ladders
- ☑ Substrate, Roof Deck Repairs/Replacement.
- ☑ Roof Accessories, Prefab Curbs, Skylights, Vents.
- ☑ Vapor Barrier.
- ☑ All Clad Metal
- ☑ All Carpentry – Plywood Sheathing, Wood Blocking, Wood Nailer, etc.
- ☑ HVAC, Mechanical or Related Duct Work, Electrical and Plumbing (including drains).
- ☑ Protection of completed work from damage by other trades or construction traffic
- ☑ Permits, Inspection, Testing and Consultant costs and fees.
- ☑ **All other work not specifically stated under Scope of Work above**

The General Terms and Conditions attached hereto are expressly incorporated into this Proposal and will form the contract between the parties.

This Proposal is valid for 30 days from the date of the Proposal.

We appreciate the opportunity to submit you a bid. Should you have any questions, please don't hesitate to contact me at (310 415-7933)

Respectfully Submitted,

Bryan Bitterman

Proposal No.: XX-XXXXX

GENERAL TERMS & CONDITIONS

Acceptance of this proposal by General Contractor ("Contractor") shall constitute acceptance of all terms and conditions recited herein and shall supersede any conflicting term in any other past or future Contractor or Project document. Contractor's agreement herewith shall be evidenced by Contractor listing BEST Contracting Services, Inc. ("BEST") in its bid documents or by permitting BEST to commence work for the Project:

1. BEST shall be paid monthly progress payments on or before the 15th of each month for the value of work completed plus the amount of materials and equipment suitably stored on or off site. Final payment shall be due 30 days after the work described in the Proposal is substantially completed. BEST shall have the right to stop work if any payment is not timely made and BEST may keep the job idle until all payments due are received; in no such event shall BEST be liable for damages arising from delay in completion.
2. All sums not paid when due shall bear interest at the rate of 1 ½ % per month.
3. No back-charges by, or claim of, the Contractor for services performed by others shall be valid against BEST unless agreed to in writing by BEST before the work is performed.
4. Contractor is to prepare all work areas so as to be acceptable for BEST's work. BEST will not be called upon to start work until sufficient areas are ready to insure a continuous work sequence, which is what the Proposal price is based upon. There will be a charge of: $3,500 for each break in the continuous sequence of work due to Owner or Contractor's action(s) or direction. The Contractor shall furnish all temporary site facilities, including suitable storage space, temporary electrical, toilets and water, and security at no cost to BEST.
5. BEST shall be given reasonable time in which to make delivery of materials and/or labor to commence and complete its work. BEST shall not be responsible for delays or defaults where occasioned by causes of any kind and extent beyond its control, including but not limited to: delays caused by the Owner, Contractor, architect and/or engineers, delays in transportation, shortage of raw materials, civil disorders, labor difficulties, vendor allocations, fires, floods, accidents and acts of God. BEST shall be entitled to an equitable adjustment in the subcontract amount for additional costs due to unanticipated Project delays or accelerations caused by others whose acts are not BEST's responsibility, as well as to time extensions for unavoidable delays. No liquidated damages may be assessed against BEST for more than the amount actually paid by the Contractor for unexcused delays to the extent actually solely caused and agreed to by BEST. Under no circumstances shall BEST be liable for consequential or indirect damages of any type, or damages for delay in completion of the Project.
6. BEST's work is guaranteed for a period of one year from the date of substantial completion or beneficial use, whichever is earlier. The exclusive remedy shall be that BEST, shall replace or repair any part of its work, which is found to be defective. BEST shall not be responsible for damage or defect caused by third parties, follow-on contractors, abuse, modifications, improper or insufficient maintenance, improper operation or normal wear, tear and usage.
7. Work called for herein is to be performed during BEST's regular working hours. All work performed outside of such hours shall be the basis for a change order, charged at BEST's prevailing overtime rates. The mark-up for profit and overhead for all change orders shall be at least twenty-five percent.
8. BEST will indemnify and hold harmless the Contractor from damages only to the extent such damages are caused by the sole negligent act or omission of BEST.
9. In the event of a price increase of material, supplies, equipment, or energy greater than five percent occurring between the date of this Proposal and the first day of performance of the specific work affected by the price increase, through no fault of BEST, the amount owed to BEST shall be equitably adjusted by change order(s) to reflect those price increase(s). BEST shall be entitled to such escalation costs regardless of Contractor being able to pass those costs through to the Owner.
10. BEST shall not be held responsible if the design or structure of the roof deck being roofed does not conform to the requirements of the UBC or other code requirements, with resulting standing or ponding water.
11. Should BEST be required to raise pipes, conduit, air conditioning units, duct work or other roof mounted equipment (collectively "roof top items") to roof under them, BEST will endeavor to handle these items with care, however, BEST will not accept any liability for damage to any these roof top items which are handled during normal roofing activity.
12. Contractor shall be responsible to compensate BEST for any increase made in the state or local sales tax rate that was not in effect at the time of bid and not reflected in the bid documents.
13. Due to the recent volatility in material prices, the price(s) stated in this proposal is/are valid only for contracts accepted and executed within 30 days of the date of this proposal.
14. NOTE that some of the materials and products specified to be used and installed in the construction of this project are, or may later become, unavailable, significantly delayed in shipment and/or subject to price increases due to circumstances beyond our control, including the current national and industry-wide materials shortage crisis, as well as the COVID-19 pandemic. With respect to material delivery, we can make no guarantees as to whether material lead times and delivery will accommodate the Project Schedule. Note that the actual lead time and delivery dates can only be provided by and confirmed by the material manufacturer. If a specified product is unavailable or shipment is or will be delayed, we will provide notice to you and shall be afforded a time extension on the project schedule, and substitute products, if available, may be considered.
15. If there is an increase in the actual cost of the labor or materials charged to us in excess of 5% subsequent to making this Agreement, the price set forth in this Agreement shall be increased without the need for a written change order or amendment to the contract to reflect the price increase and additional direct cost to us. We will submit written documentation of the increased charges to you upon request. As an additional remedy, if the actual cost of any line item increases more than 10% subsequent to the making of this Agreement, we, at our sole discretion, may terminate the contract for convenience, without consequence.

DISCLAIMERS AND CLARIFICATIONS		
Subcontractor shall provide all labor, material, equipment, tools, transportation, taxes, insurance and services necessary to perform associated work in accordance with the Contract Documents.		
Viola Inc. is an Equal Opportunity Employer and encourages all DVBE/SBE/DBE/MBE/WBE subcontractors to submit a proposal for this project. At the option of Viola Inc., 100% bonding of any/all subcontractors may be required. Subcontractor proposals shall not limit their obligations nor diminish the requirements for this work which shall be completed in its entirety per Plans, Specifications, and all Addenda without exception. An unmodified 2025 AGCC-03 long form Subcontract will be used. Additional insured endorsement is required from all subcontractors pursuant ISO Form CG 2010 1185 or equal, no exceptions.		
Skilled & Trained Workforce Requirements: Subcontractors shall comply with Education Code 17407.5 and Public Contract Code section 2600-2602, that requires subcontractors at every tier will use skilled and trained workforce to perform all the work on this project or contract that falls within an apprenticeable occupation in the building and construction trades. Compliance reports may be required with monthly progress billing.		
This Project is subject to labor compliance monitoring and enforcement by the Department of Industrial Relations pursuant to Labor Code section 1771.4 and subject to the requirements of Title 8 of the California Code of Regulations. The successful Bidder shall comply with all requirements of Division 2, Part 7, Chapter 1, Articles 1-5 of the Labor Code.		
Pursuant to Public Contract Code section 20111.6 and Education Code 17406, only prequalified bidders will be eligible to submit a bid for contracts $1 million or more using or planning to use state bond funds. Any subcontractors holding C-4, C-7, C-10, C-16, C-20, C-34, C-36, C-42, C-43 or C-46 licenses who have not been prequalified, will not be listed. It must be submitted to the District at least 10 business days before the bid date and approved least 5 business days before the bid date.		

This project will be on an active school campus. All onsite personnel must comply with California Education Codes 45125.1, 45122.1, and 45125.2. All Subcontractors under the Contractor shall comply with applicable federal, State, and local requirements relating to COVID-19 or other public health emergency/epidemic/pandemic including, if required, preparing, posting, and implementing a Social Distancing Protocol.	
Bidder must be able to meet insurance requirements and required limits outlined in the Insurance Exhibit and Prime Contract.	
This Project is subject to a Project Labor Agreement. The successful bidder and all subcontractors will be required to be bound by the Project Labor Agreement	
The District will not be a party to any subcontracts.	
Subcontractor pricing good for 90 days

BUDGET BID PROPOSAL

Freemont Middle School

Oxnard, CA

Questions call or email Ed 805-896-3962 (ed@sbglassmen.com)
10-29-25

Santa Barbara Glass Company hereby proposes to furnish and install the following materials as qualified below per Architectural Plans dated 1-17-25 Bldg 1, 9-30-15 Bldgs 2 & 3. and specs dated 7-22-24. Addenda 01 Noted, RFI's 1thru 11 noted.

Specification Sections – 084100 Entrances & Storefronts
085113 Aluminum Windows (Spec section missing from book)
088000 Glazing
081118 Fire Rated Glass & Framing System (Excluded None Found)

Qualifications: NOTE: The Window Schedules on all Buildings appears to be incorrect. Building 1 Calls for all windows to carry a 3/4" Hour Fire Rating with Laminated Glass. This would be highly unlikely a requirement for this project therefore it is excluded. Generally speaking our bid includes Arcadia 2 ½" T200 Thermal Windows for Common Exterior Windows all Buildings with 1" Insulated Solarban 70XL Low E Glass on Azuria Tempered exterior Lite, ½" Air, ¼" Clear Tempered Interior Lite. The Storefronts are as called out on window schedules with the exceptions of any laminated glass. The Bullet Resistant Storefront and glass remains as called out and shown. The Storefronts are NOT Design Build as called out 084100 1.3A & 1.4D. They are as specified with Stamped Structural Calculations to go along with them.

1. Bidding 2 ½" deep Aluminum Windows Thermally Broken Fixed True Divided Lite. Arcadia T200 Thermally Broken or Equal.
2. Bidding Arcadia Entrances & Storefronts as shown. Arcadia 451T 2" x 4 1'2" Thermally Broken where shown, Arcadia 601T Series where shown, Arcadia T500BTX Bullet Resistant at Lobby Storefront Types B & C at Admin Building. Doors to be Medium Stile Non Thermal 1 ¾" thick. Door Hardware is NOT included (spec section 087100 does not have any hardware groups). We allowed a total of (7) Doors.
3. Finish on Aluminum Entrances, Storefronts, & Windows to be Class I Clear Anodized Finnish. (Finish is in question as various finishes are specified.)
4. Glass to be 1" Insulated Solarban 70XL Low E on Azuria Tempered, ½" Black Spacer, ¼" Clear Tempered or equal.
5. Door Lites in Doors/sidelites by Others is included, Fire Rated as shown.
6. We assume we will have access/use of the scaffolding for installation purposes.
7. Lifts or hoists to load the building are included.
8. Sealant related to our work is included.
9. All window flashings, break metals are excluded (by Flashing & Sheet metal subs)
10. Shop Drawings and Product Data submittals are included.

Total Installed Tax Included – Building 1 = $808,374.00
Total Installed Tax Included – Building 2 MPR = $100,762.00
Total Installed Tax Included – Building 3 Admin = $288,922.00
Prevailing Wage Rates / Skilled Trained Workforce Acknowledged

Exclusions:

1. Cleaning and protection of installed material as listed in ALL spec sections.
2. Replacement of installed Materials Damaged or Broken by Others.
3. Overtime work of any type or kind.
4. Liquidated Damages of any type or kind.
5. Insurance requirements/amounts beyond our current coverage. Professional Liability Insurance.
6. Bonding or Personal Guarantees.
7. Mockups.
8. Section 07600 Flashing & Sheet Metal.
9. Section 081120 Interior Aluminum Frames.

10. Section 087100 Door Hardware. Final Door Cylinders & Keying. Electrical Hook ups of any electrified door hardware. RFI 09 Hardware allowance is excluded.
11. Section 081110 Hollow Metal Doors & Frames
12. Section 088300 Frameless Mirrors (None Found)
13. Section 081118 Fire Rated Glass & Framing System (None Found)
14. Water proofing membranes and flexible flashings.
15. Flush Window Flashings detail 5/A-63.4, SS Pan Flashing 17/A.64.2, 24 Ga Sheet Mtl Flashing 20/A.64.2, All Flashings A.64.2
16. Design Build criteria for Storefront 084100 1.3A & 1.4D.
17. Finish on Aluminum Windows & Storefronts other than Clear Anodized Class 1.

Terms of this bid proposal: Per negotiated contract agreement.

QUOTATION

Quote Issued: November 10, 2025
Quote Expiration: December 10, 2025

Bid No: 202721 - Rev.1
FOB: Jobsite

Project:

Fremont Middle School Reconstruction

Plans Dated: June 25, 2025
Addenda Noted: 1

Specification Section 08 11 13 - Hollow Metal Doors and Frames
Specification Section 08 14 00 - Wood Doors
Specification Section 08 34 70 - Sound Control Door Assemblies
Specification Section 08 71 00 - Door Hardware

Installation of the above

TOTAL BASE BID $ 733,905.00

Installation:	*Installation of the above materials is included in the base bid, including the installation of Hollow Metal Frames, but excludes all Gates, Gate Frames and Gate Hardware.*		
Bid Alternate:	*None*	**$**	**-**
Bid Option:	*None*	**$**	**-**

Design Hardware's Standard Exclusions (Applies to all projects):
All Glass and Glazing; all glazing by Glazier.
Payment or Performance Bond (Design Hardware's bond rate is 1.5%).
Installation of Hollow Metal Frames and Borrowed Lites.
Installation of Gate Hardware specified in Door Hardware spec if supplied by Design Hardware.
All work at any modular building unless specifically noted.
Hardware for doors not supplied by Design Hardware (Storefront, cabinets).
Hardware for gates unless specified as a hardware group in Door Hardware Specification.
Hardware for any door that is missing a hardware set assignment.
WIC Certificates for wood doors (If required for this project, it will be an additional $2,400.00).
Blocking is not required on particlecore wood doors, per the manufacturer.
Structural calculations/Deferred Approvals.
Inspection of fire door assemblies and means-of-egress panic hardware doors if required. *(This service is available for an additional charge.)*
Knox boxes, key cabinets, or key management software unless included as part of a hardware set.
Access control locksets or exit device trim (Schlage AD-300 or AD-400, Sargent IN series, Corbin ML208xx series as examples). These can only be provided by an access control integrator and are not available from Design Hardware.
Room or Corridor match of wood doors if specified in Wood Door spec. Design Hardware has included all wood doors to be of the same veneer (unless specifically calling for different veneers) with similar grain and a similar color/stain.
Wood Frames (unless specifically listed under project specific qualifications).
Any spec section not listed above.
Reworking of existing frames to accept new doors or hardware.
Field verification of frames for square, plumb, and level.
Scribe fitting jambs and undercutting of doors in the field.
Installation of Key Cabinets.
Installation of Design Hardware-supplied hardware for gates or roll-up doors
Field painting of doors or frames
Modification of existing doors to accept new hardware. Will be billed on a T&M basis.
Removal and disposal of any existing doors or hardware
Rehanging of doors (to reverse swing)

Fax: 626-542-3400

Guarantee of the condition of existing or reused materials
Factory or field applied bituminous coating of HM Frames
Warranty begins from ship date or installation (only if install is by Design Hardware or its subs)
Grouting, Filling, and Caulking of Hollow Metal Frames (If Required)
Installation of power supplies, electrical boxes, wiring and connections

Project Specific Exclusions:

Excludes the provision and installation of all Gates, Gate Frames, and Gate Hardware on Gate Schedule, and the provision of all Security Gates and Frames (Type F per Door Schedule) for openings 1-100.1, 1-100.2, 1-200.1, 1-200.2, 1-200.3, 1-200.4, 1-200.5, and 1-200.6; to be provided by Gate Supplier.

Design Hardware's Standard Qualifications (Applies to all projects):

- This quotation is being provided as a package for all materials shown. Individual pricing of specifications is for accounting purposes only.
- Temporary cores supplied for this project remain the property of Design Hardware
- Approved submittals received from architects, supersede any specified hardware listed in spec sections
- Protection of stored materials is the responsibility of the general contractor.
- Please note Plastic Laminate choice may affect pricing of doors
- Doors, frames and hardware specifically listed in spec sections above are included in this quotation. All other materials are EXCLUDED.
- Design Hardware reserves the right to invoice for costs incurred due to: unacceptable site conditions which result in multiple visits, package modifications, and jobsite delays that exceed 1 hour.
- Unless specifically called out on a door or window schedule (via detail reference or elevation), Design Hardware takes the position that windows are aluminum in material
- This bid includes engineering time/project management based on the bid documents. Additional charges if required for engineering time/project management will be billed as part of a change order and is not included as part of the original profit & overhead.
- Design Hardware reserves the right to invoice for sound control doors and frames at a rate of 15% of the total price for the STC opening specification
- Design Hardware's bid includes a fee for the coordination of access control devices (supplied by and installed by others) on the doors supplied by Design Hardware, at a rate of $200/leaf. If the general contractor wants the responsibility of the coordination of access control devices on doors and frames supplied by DH to be the access control subcontractor (usually Division 28) responsibility, Design Hardware will give a credit for those openings.
- Design Hardware reserves the right to provide wood doors with any fire-rated composite core that satisfies the fire listing, provides the required fire rating and complies with WDMA EHD performance standards.
- If a conflict exists between the preamble of the hardware specification and the detailed hardware schedule, Design Hardware's bid for this project is based on the detailed hardware schedule
- Just to let you know that orders and other actions released for production will be evaluated for a price adjustment, comparing the price for materials at release to the P.O. date. Based on the current volatility of manufacturing that went into effect in March, this can impact the price of goods in our current pricing and may need to be re-adjusted as needed.
- A contract or purchase order must be received for Design Hardware to begin any work on this project. A letter of intent is not a sufficient document for us to start submittals.
- Large Hollow Metal Frames that cannot ship in one piece shall be fabricated in sections for field welding by others. This is any frame over 108" in width or height.

Project Specific Qualifications:

- This proposal includes eight (8) deliveries based upon the size and scope of the project. Any additonal deliveries - if required, will be billed at the cost of $1,500.00 each.
- Design Hardware intends to use Stiles Custom Metals (an Assa Abloy Group Company) for hollow metal as an equal to those manufacturers listed in the specifications.
- Design Hardware intends to use Noise Barriers (a sister company to IAC Acoustics) for Sound Rated Assemblies with a Wood Veneer, as an equal to those manufacturers listed in the specifications.
- No Wood Door species or cut was specified. For this proposal, Design Hardware has included factory stained solid core wood doors with Plain Sliced Natural Birch Veneer; the Architect to select from factory standard colors.
- This proposal includes the provision only of Gate Hardware - as listed in Hardware Set 5, for Door Types F (Security Gates), but excludes the provision of all gates, frames and installation thereof. All other Gate Hardware by Gate Supplier.

This quote is valid for 30 days and the price includes all applicable sales taxes.

Design Hardware is pleased to present you with this quote on the above referenced project.
Should you have any questions regarding this quote, please contact Larry Trimble at the El Monte Office Ext. 208.

FlyLock
SECURITY SOLUTIONS

Lock. Watch. Control. Complete Security.

Proposal To:

Viola Inc.

For:

Fremont Middle School Reconstruction

1130 North M Street
Oxnard, CA 93030

October 30, 2025

1850

Our Story

Rooted in a proud tradition dating back to 1946, FlyLock Security Solutions began as a humble key-making operation in Boston, founded by William McMenimon, who balanced his work as a locksmith with pilot training. In 2016, expanding beyond its original key-shop roots, the company rebranded and launched FlyLock Security Solutions to better reflect its transformation into a full-service security provider. Today, we blend the trusted, neighborly values passed down through generations with cutting-edge technology to serve businesses nationwide. Our expertise includes access control systems, CCTV surveillance, comprehensive door hardware, and full door and frame installation services—making us the single-source partner for all commercial security needs

Our Passion

At FlyLock Security Solutions, our passion is protecting what matters most—your people, property, and peace of mind. We believe that security is more than locks and cameras; it's about creating safe, reliable spaces where businesses can thrive and communities feel protected. Since opening our doors in 2016, we've been driven by a commitment to blend innovative technology with time-tested expertise, delivering solutions that are both practical and forward-thinking. From access control and CCTV to doors, frames, and hardware, every project we take on is guided by our dedication to integrity, quality, and the long-standing tradition of excellence that began with our parent company back in 1946.

Our Team

Comprised of our local industry experts and supported by a national team,, each member brings a unique set of skills and a shared passion for innovation, ensuring that every project is executed with precision and creativity. Together, we are committed to transforming your vision into reality and providing outstanding service that exceeds expectations.

DIVISION 08

SCOPE

Division 8 Door Hardware

Project: Fremont Middle School Reconstruction
Client: Oxnard School District
Sections Referenced: 08 71 00 Door Hardware / 08 11 10 Hollow Metal Doors and Frames / 08 14 00 Wood Doors

Inclusions

- Furnish and install **mechanical door hardware** for all **swinging hollow metal and wood doors**, as scheduled.
- Provide **complete operational hardware sets**, including all accessories and coordinating devices (hinges, locks, latchsets, closers, stops, gasketing, thresholds, plates, and miscellaneous trim).
- Provide **fire-rated and ADA-compliant hardware** and **Division 08 fire-rated glazing** in accordance with NFPA 80, UL 10C, and the California Building Code.
- Supply all **fasteners, anchors, and mounting accessories** required for a secure and proper installation.
- **Coordinate** with door and frame suppliers for correct hardware preparation and reinforcement per the contract documents.
- Include **shop drawings, templates, keying schedule coordination**, and submission of **catalog cuts** as part of closeout deliverables.
- **Field adjust and test** all installed hardware to ensure smooth operation.
- Install per manufacturer's instructions, matching hardware finish and mounting heights per BHMA standards (e.g., locks @ 38″ AFF, pulls @ 42″, panic devices ≈ 40″).

Exclusions

- **Glass and aluminum entry or storefront systems** (Section 08 41 00 – Entrances & Storefronts).
- **Access-control wiring, low-voltage power, or terminations** beyond mechanical prep and coordination.
- **Glass and glazing**, sealants, or related work in other divisions.
- Painting or field finishing of doors and frames.
- Temporary hardware for construction phasing unless specifically directed.
- Gates, Hardware & Knox Box(es) not listed on the Division 08 door schedule

Terms/Conditions/Warranty

Estimate:
Estimate includes expected costs for labor, materials, and travel time. This is an estimate only. Closer inspection may reveal the need for additional labor hours and parts/hardware. Any additional costs will be clearly communicated prior to work being done beyond the scope of this estimate.

Assumptions:

- Additional devices or materials are not included in the above scope of work. Any additional material needed will need a change order and prior approval.
- Patching and Painting are not included in this proposal.
- Price is based upon work being done during normal business hours (Monday – Friday 8 AM – 5 PM, if work is to be done after hours an additional charge shall be incurred.
- Any additional trips to the above referenced location due to non-completion, no access, or any other work may be subjected to additional charges
- Site conditions that prevent or delay the work for the above scope of work, additional trip charges shall be incurred.

Limited Warranty

We appreciate this opportunity to earn your business and we believe you will be extremely satisfied with the quality of our workmanship and the parts that we install. Customer satisfaction is our goal.

What the Limited Warranty Covers:

- Workmanship is warranted to be free from defects for 90 days from the completion of installation.
- Parts and hardware supplied by FlyLock – LA are warranted for one (1) year from the date of purchase.
- If a defect arises within the applicable warranty period, FlyLock – LA will, at its sole discretion, repair or replace the defective product using new, refurbished, or equivalent components. Replacement parts will carry the remaining term of the original warranty.

What is not Covered:

- Damage resulting from misuse, neglect, vandalism, power surges, weather events, or other external factor
- Work or alterations performed by parties other than FlyLock – LA or its authorized representatives.
- Routine maintenance or consumable items such as batteries.
- Any damage due to failure to follow proper use, installation instructions, or regular system care.

After the Warranty:

After the applicable warranty period has expired, any repairs, service calls, or part replacements will be performed at the customer's expense and billed according to our current labor and material rates.

Legal Compliance Disclamer:

This estimate and warranty are subject to all applicable federal, state, and local laws. If any provision herein is found unenforceable under applicable law, that provision shall be modified or severed to the extent necessary to comply with the law, and all remaining terms shall remain in full force and effect.

Terms/Conditions/Warranty

LIMITATION OF LIABILITY

FlyLock Security Solutions – LA's liability is limited to the cost of repair, replacement, or refund of the product, at FlyLock's discretion. FlyLock shall not be liable for indirect, incidental, special, or consequential damages, including but not limited to loss of profits, downtime, or damage to other property, except as prohibited by applicable law. This limitation does not apply to damages resulting from FlyLock's gross negligence, willful misconduct, or personal injury caused by a defect in the product.

DISCLAIMER OF WARRANTIES

Except where prohibited by law, FlyLock disclaims all implied warranties, including those of merchantability and fitness for a particular purpose. If such warranties cannot be disclaimed under applicable law, their duration shall be limited to the shortest period allowed by such law. No FlyLock dealer, agent, or employee is authorized to modify this warranty without written authorization from FlyLock.

Limitation of Liability and Exclusion of Damages

FlyLock Security Solutions – LA's liability is strictly limited to the cost of repairing or replacing defective products, or as otherwise explicitly stated in the warranty terms. To the fullest extent permitted by law, FlyLock – LA shall not be liable for any of the following, regardless of whether such damages were foreseeable or FlyLock – LA was advised of their possibility:

- Damage to other property resulting from a defect in the product
- Loss of use, loss of time, inconvenience
- Loss of profits, business interruption, or loss of business opportunity
- Loss of goodwill or interference with business relationships
- Any indirect, incidental, special, consequential, or punitive damages
- Any damages arising from personal injury or loss of property, including those resulting from the inability to use the product or a breach of warranty, contract, or tort

FlyLock – LA's total liability is limited to the actual purchase price paid for the product. Under no circumstances shall FlyLock – LA be liable for any claims made against the customer by third parties.

Exclusive Warranty and Disclaimer

This limited warranty and the remedies described herein constitute the sole and exclusive warranty provided by FlyLock – LA. No other oral or written warranties, express or implied, are authorized. To the maximum extent allowed by applicable law, all other warranties are hereby disclaimed, including but not limited to:

- Implied warranties of merchantability
- Fitness for a particular purpose
- Non-infringement
- Any other statutory or implied warranties

No dealer, agent, or employee of FlyLock – LA is authorized to modify, extend, or amend this warranty without prior written authorization from FlyLock – LA.

Effect of State Law

As the State of California does not allow the exclusion or limitation of certain warranties or types of damages, the above limitations may not apply in full.

Where applicable law prohibits the exclusion or limitation of implied warranties, the duration of any such implied warranty shall be limited to the shorter of:

- The period allowed under applicable law, or
- The warranty period stated in this document.

TERMS

I accept this proposal and hereby authorize FlyLock Security Solutions - LA to proceed with the installation of the included systems at the facilities of Viola Inc. constructing at 1130 North M Street Oxnard, CA 93030 as described in the totality of this document. I further authorize FlyLock Security Solutions - LA to be granted the facility access that will be required to complete this project in a workmanlike and timely manner and for payment to be made to FlyLock Security Solutions - LA. In keeping with the Terms of Payment listed above: It has been made clear to me that there exist no understandings regarding this project with any relevant party unless and until Viola Inc. and FlyLock Security Solutions - LA agree to such additional or alternate understandings in writing. Project cost and pricing are dependent upon a continual flow of work without interruption or delays imposed by Viola Inc. or their staff, construction, other building trades or any other party, and additional costs may be incurred by Viola Inc. from FlyLock Security Solutions - LA. If such delays result in additional costs that are not covered by the pricing in this proposal: I agree that any additions to and/or deletions from the materials and labor to be provided by my acceptance of this proposal and any resulting change(s) in cost of this project shall only be by way of written change order(s) and shall be valid only after being signed by Viola Inc. and FlyLock Security Solutions - LA. This proposal is valid only if accepted in writing by Viola Inc. and deposit payment received no later than November 30, 2025.

Payment Terms
50% Deposit due at signing
Balance due net 10 days upon project completion unless another payment plan has been agreed to.

PROPOSAL SUBMITTED TO:

Viola (Name) — Estimator (Attention)

(Address)

(City, State, Zip)

(Phone) (Fax)

WORK TO BE PERFORMED AT:

Fremont Middle School Reconstructon (Name)

1130 North M Street (Address)

Oxnard, CA 93030 (City, State, Zip)

Spec Sections

We hereby propose to furnish all materials and necessary equipment, and perform all labor necessary to complete the following work:

Complete Gypsum board & Metal framing proposal

Includes: Light gauge metal framing at interior drop ceilings and soffits
- **(1) Layer of 5/8" type X gypsum at interior walls as per sheet A63.1**
- **(2) Layers of 5/8" type X gypsum at interior walls as per A63.1**
- **(1) Layer of Ballistic Level 1 panles at (13F walls) as per A63.1**
- **(1) Layers of 5/8" type X over resilient channel above drop ceilings and ACT assemblies (bldg 1 on 1st floor only)**
- **(1) Layer of 5/8" glassmat sheathing at tile locations (as per finish schedules and interior elevations)**
- **(1) Layer of 5/8" glassmat sheathing at exterior walls under siding**
- **Level 1 finish above drop ceilings, soffits, utility rooms, and equipment rooms**
- **Level 4 "smooth" finish at all other exposed interior gypsum board**
- **Fire caulking at rated walls**
- **Acoustical ceilings as per RCPs and specs "ACT1 & ACT2"**

OPTION #1: Remove ACTs from base bid subtract - $585,250.00

Exclusions:Parking fees, reveal metals, flashing, exterior sheathing other than noted above, providing expansion joints, patching, additional caulking, dimensional metals, water-proofing, plywood sheathing, primers, wood framing, additional backing other than nothed above, insulation, roof work, masking/floor protection, water, power, night/weekend work, prevailing wages, over time wages.

Option: SLO county builder recycle program, an additional $150.00. (Please initial)

All pricing will be reviewed and adjusted if necessary for material price increases quarterly from date of proposal
All material is guaranteed to be as specified above and the above work to be performed in accordance with the drawings, for the sum of:

$2,084,531.00 with payments to be made as follows: Progressive billing, Net upon completion

Addendums 1 Date of Plans: 01/17/2025

TERMS: All invoices due 10 days from receipt. A finance charge of 1 1/2% per month (APR of 18%) will be charged on past due balances over 10 days.

All work to be completed in a workmanlike manner according to per standard practices. Any deviation from above specifications involving extra costs will be executed only upon written orders, and will become an extra charge over and above the estimate. All agreements contingent upon strikes, accidents, or delays beyond our control. Owner to carry fire, tornado and other necessary insurance. Our workers are fully covered by Workmen's Compensation Insurance. Attorney & expert fees are assumed to the prevailing party. Water & Electricity to be provided by the General Contractor onsite. Any additional insurance endorsements to be paid by owner. All work to be presumed from 7:00AM to 5:00PM unless other wise noted in scope.

Note: This proposal will be withdrawn by us if not accepted within 60 days

Respectfully submitted,

DATE: 10/30/2025

ACCEPTANCE OF PROPOSAL

You are hereby authorized to furnish all material, equipment and labor required to complete the work described in the above proposal, for which the undersigned agrees to pay the amount stated in said proposal and according to the terms therefore.

Viola Inc., Bryan Salazar bszal@violainc.com

PROJECT: Freemont Middle School Reconstruction

We are pleased to present our **ESTIMATE** for the above referenced project. This estimate is based on Drawings by SVA Architects, plan Sheets dated 01/17/25, including Review of Addendum #1 Plan Check & Bid. Estimate is subject to the qualifications listed below. The estimate breakdown is for accounting purposes only.

Metal Stud/Gypsum Board	**$1,734,955.00**
Gypsum Sheathing	**$58,198.00**
Plaster	**$1,602,640.00**
Weather Barrier	**$319,831.00**
TOTAL ESTIMATE	**$3,715,624.00**

Building Breakout

- **Classroom Building $2,250,169.00**
- **MPR Building $994,271.00**
- **Admin Building $471,184.00**

ALTERNATE ESTIMATES
AS REQUESTED

1. **Scaffold at all three buildings (Exterior)** **Add $150,533.00**

2. Scaffold Dance floor inside MPR/GYM **Add $57,775.00**
(Required to have access to install gypsum board at Roof/Ceiling as shown in sheet A-31.2)

License #504013 DIR #1000000062

100% Performance and Payment Bond (if required) **1.00 %**

Note: Due to the Current conditions in the steel and drywall market our Proposal will expire IN 90 DAYS. If no commitment has be made by this TIME, all material will need to be requoted and Proposal will be subject to any increase in the material pricing. Also please note that current lead times are running as much as 2 to 5 weeks with some up to 14 weeks.

Bid Inclusions:

1. Includes gypsum board as required throughout the project. As described by the wall types on the architectural plans sheet A-63.1, following the spec section 092100. Including the following sheet Gen-1 general note #17 “Gypsum board shall extend to underside of structure”. Except at MPR, as shown in the building section and confirmed with GC.
2. Includes gypsum board at ceiling elements in the building's interior elevations, as shown on the RCP drawings.
3. Includes fire-rated and/or acoustical sealant at gypsum board assemblies based on the assigned wall rating. No finished caulking has been included.
4. Includes 6” 16 Ga backing at metal stud walls for wall-mounted accessories.
5. Includes a level 4 finish on walls and ceilings.
6. Includes Hi-impact board at areas noted per finish schedule.
7. Includes glass-matt face tile backer board in areas to have a tile finish as noted in the finish schedule.
8. Include 7/8” Hat Channel and Simpson Anchor bolt at the MPR gym as indicated in the interior elevation and listed wall types in the floor plan. Qualifying 20 ga hat channel.
9. Includes metal joisted ceilings in corridors as shown in sheet a-63.3/7. Including locations where gypsum is shown in RCP drawings, unless it’s a Roof/Ceiling assembly.
10. Includes gypsum board and R/C channel at roof/ceiling as indicated in building sections and following sheet A-63.2.
11. Includes a Level 1 Bullet & Resistant fiberglass as shown in wall type 13.F. Qualifying Armortex.
12. Includes R/C channel at walls as indicated in wall types.
13. Includes FRP panels at the Custodial rooms only as indicated in the finish schedule. Qualifying a Crane Composite Class "A" Smooth White extending 4’ only.
14. Includes Weather Barrier at plaster wall assemblies only, per wall types. Qualifying a Henry Blueskin vp100 as shown in spec section 072800.
15. Includes an acrylic plaster base, with a plaster finish of a Sand Corse at the classroom and MPR Building, including a Smooth finish at the admin building as indicated in exterior elevation keynotes.
16. Includes J-mold trim with weep as noted in sheet A-63.3/1.
17. Includes EPS Foam Trims as shown in exterior elevations at the classroom building only, including detail A-63.4/13.
18. Includes control joints as shown in exterior elevations and detail A-63.4/12 & 8.

License #504013 DIR #1000000062

Bid Exclusions:

1. Cost of bonds, permits fees and special inspections.
2. Excludes Scaffold assumed to be provided by others to perform scope.
3. Excludes Weather Barrier behind Fiber cement siding.
4. Excludes Weather barrier behind exterior finishes other than plaster.
5. Excludes plaster behind parapets.
6. Excludes backer rods.
7. BIM.
8. Parking fees.
9. Protection of floors.
10. Structural Steel and Miscellaneous metals 1/8" and heavier.
11. Dumpsters.
12. Sheet metal flashings.
13. Building Insulation except as noted above.
14. **Wood framing, backing, blocking, and/or plywood behind Millwork.**
15. Control joints and/or reveals.
16. Drywall primers/sealers.
17. Supply and/or install of counter top angle braces.
18. All Can-Lights, Slot Diffusers, HVAC Grills and similar assumed to have "beauty rings". No tape-in finish or case opening included except as noted above.
19. Spray applied fireproofing and/or Intumescent Fire Coatings.
20. Supply and/or Install Hollow Metal Door/Window Frames in Stud Walls.
21. Caulking of HM frames.
22. All Demolition.
23. Supply of Access Panels. Only Installation Per RCP Drawings.
24. Exterior and/or finish caulking.
25. Putty pads and caulking at electrical boxes.
26. Caulking of pipes, conduit, ductwork and other trade penetrations. All Architectural caulking.
27. Patch and repair of damage by other trades and/or weather.
28. Temporary facilities including uninterrupted power, water, heaters and fans.

Bid Qualifications:

1. Estimate is based on a Regular hours, no overtime, weekends and/or holidays included.
2. The estimate is based on a mutually agreed-upon schedule prior to the start of construction. No accelerated schedule has been taken into consideration.
3. Retention to be reduced to 5% when work is 50% complete.
4. GC to provide sufficient water, power, heaters, lighting, ventilation and or fans.
5. All alternates quoted at bid time are to be accepted and incorporated in original contract. Those not accepted are null and void after the contract is signed.
6. Base Proposal Price based on standard insurance.
7. Estimate based on using CG 20 10 07 04 or equal as the additional insured certificate.
8. Change Orders for Time and Material Tickets that are submitted shall be processed before the next billing cycle, or all further requests for time and material work will not be performed until all previous Change Order Requests are processed and billed.
9. Bid based on 1 Punch List. Any subsequent punch list to be on Time & Material basis.

10. Estimate is based on Best Interiors having the opportunity to touch up walls after primer, if required without paint charges. Further, no ceilings will be turned over until lights are turned on.

Should you have any questions or require additional information, please let me know.

Respectfully Submitted,

Christian Martinez

- **Classroom Building $2,250,169.00**
- **MPR Building $994,271.00**
- **Admin Building $471,184.00**

ALTERNATE ESTIMATES
AS REQUESTED

1. **Scaffold at all three buildings (Exterior)** **Add $150,533.00**

2. Scaffold Dance floor inside MPR/GYM **Add $57,775.00**
(Required to have access to install gypsum board at Roof/Ceiling as shown in sheet A-31.2)

License #504013 DIR #1000000062

100% Performance and Payment Bond (if required) **1.00 %**

Note: Due to the Current conditions in the steel and drywall market our Proposal will expire IN 90 DAYS. If no commitment has be made by this TIME, all material will need to be requoted and Proposal will be subject to any increase in the material pricing. Also please note that current lead times are running as much as 2 to 5 weeks with some up to 14 weeks.

Bid Inclusions:

1. Includes gypsum board as required throughout the project. As described by the wall types on the architectural plans sheet A-63.1, following the spec section 092100. Including the following sheet Gen-1 general note #17 “Gypsum board shall extend to underside of structure”. Except at MPR, as shown in the building section and confirmed with GC.
2. Includes gypsum board at ceiling elements in the building's interior elevations, as shown on the RCP drawings.
3. Includes fire-rated and/or acoustical sealant at gypsum board assemblies based on the assigned wall rating. No finished caulking has been included.
4. Includes 6” 16 Ga backing at metal stud walls for wall-mounted accessories.
5. Includes a level 4 finish on walls and ceilings.
6. Includes Hi-impact board at areas noted per finish schedule.
7. Includes glass-matt face tile backer board in areas to have a tile finish as noted in the finish schedule.
8. Include 7/8” Hat Channel and Simpson Anchor bolt at the MPR gym as indicated in the interior elevation and listed wall types in the floor plan. Qualifying 20 ga hat channel.
9. Includes metal joisted ceilings in corridors as shown in sheet a-63.3/7. Including locations where gypsum is shown in RCP drawings, unless it’s a Roof/Ceiling assembly.
10. Includes gypsum board and R/C channel at roof/ceiling as indicated in building sections and following sheet A-63.2.
11. Includes a Level 1 Bullet & Resistant fiberglass as shown in wall type 13.F. Qualifying Armortex.
12. Includes R/C channel at walls as indicated in wall types.
13. Includes FRP panels at the Custodial rooms only as indicated in the finish schedule. Qualifying a Crane Composite Class "A" Smooth White extending 4’ only.
14. Includes Weather Barrier at plaster wall assemblies only, per wall types. Qualifying a Henry Blueskin vp100 as shown in spec section 072800.
15. Includes an acrylic plaster base, with a plaster finish of a Sand Corse at the classroom and MPR Building, including a Smooth finish at the admin building as indicated in exterior elevation keynotes.
16. Includes J-mold trim with weep as noted in sheet A-63.3/1.
17. Includes EPS Foam Trims as shown in exterior elevations at the classroom building only, including detail A-63.4/13.
18. Includes control joints as shown in exterior elevations and detail A-63.4/12 & 8.

License #504013 DIR #1000000062

Bid Exclusions:

1. Cost of bonds, permits fees and special inspections.
2. Excludes Scaffold assumed to be provided by others to perform scope.
3. Excludes Weather Barrier behind Fiber cement siding.
4. Excludes Weather barrier behind exterior finishes other than plaster.
5. Excludes plaster behind parapets.
6. Excludes backer rods.
7. BIM.
8. Parking fees.
9. Protection of floors.
10. Structural Steel and Miscellaneous metals 1/8" and heavier.
11. Dumpsters.
12. Sheet metal flashings.
13. Building Insulation except as noted above.
14. **Wood framing, backing, blocking, and/or plywood behind Millwork.**
15. Control joints and/or reveals.
16. Drywall primers/sealers.
17. Supply and/or install of counter top angle braces.
18. All Can-Lights, Slot Diffusers, HVAC Grills and similar assumed to have "beauty rings". No tape-in finish or case opening included except as noted above.
19. Spray applied fireproofing and/or Intumescent Fire Coatings.
20. Supply and/or Install Hollow Metal Door/Window Frames in Stud Walls.
21. Caulking of HM frames.
22. All Demolition.
23. Supply of Access Panels. Only Installation Per RCP Drawings.
24. Exterior and/or finish caulking.
25. Putty pads and caulking at electrical boxes.
26. Caulking of pipes, conduit, ductwork and other trade penetrations. All Architectural caulking.
27. Patch and repair of damage by other trades and/or weather.
28. Temporary facilities including uninterrupted power, water, heaters and fans.

Bid Qualifications:

1. Estimate is based on a Regular hours, no overtime, weekends and/or holidays included.
2. The estimate is based on a mutually agreed-upon schedule prior to the start of construction. No accelerated schedule has been taken into consideration.
3. Retention to be reduced to 5% when work is 50% complete.
4. GC to provide sufficient water, power, heaters, lighting, ventilation and or fans.
5. All alternates quoted at bid time are to be accepted and incorporated in original contract. Those not accepted are null and void after the contract is signed.
6. Base Proposal Price based on standard insurance.
7. Estimate based on using CG 20 10 07 04 or equal as the additional insured certificate.
8. Change Orders for Time and Material Tickets that are submitted shall be processed before the next billing cycle, or all further requests for time and material work will not be performed until all previous Change Order Requests are processed and billed.
9. Bid based on 1 Punch List. Any subsequent punch list to be on Time & Material basis.

10. Estimate is based on Best Interiors having the opportunity to touch up walls after primer, if required without paint charges. Further, no ceilings will be turned over until lights are turned on.

Should you have any questions or require additional information, please let me know.

Tax ID: 95-2643505
DIR #1000001458

BID DATE: 10/30/2025 TIME: 2:00

PROJECT: Fremont MS
Address: 1130 North M St. Oxnard, CA

****We are Union-Prevailing Wages Applied** We employ "Local Hire" and "We Build" manpower**

Furnished and installed with the qualifications listed below. All taxes are included. Architects, Engineers, Consultants and Construction Managers will not be added as Additional Insureds. Insurance Cancellation notice will not be listed on certificates. Where OCIP or CCIP policies are being utilized, Completed Operations coverage will not be provided. Bond is Not included unless qualified below.

SECTION: 093000	**SCOPE: Ceramic Tile**

BASE BID: $666,900.00

ALTERNATE: None Noted
ADDENDA: 1 Noted
RFI's: None Noted

QUALIFICATIONS:

1. Scope to include ceramic tile floor and wall tile in 20 toilet rooms: Quarry floor and ceramic wall tile in 5 food service rooms: Quarry tile floor and cove base only in 2 food service areas as indicated on plans.
2. Bid is based on the following tile types: Restroom floor tile to be Dal Tile Keystone Series 2x2 in group 2 colors. Quarry tile to be group 2 colors in 6x6 size with matching cove base. Wall tile to be Color Wheel Series group 2 colors in 4 1/4x 4 1/4 size with matching trim. Bid is based with a single 12" wide accent stripe or no pattern. More complex patterns may incur extra costs.
3. Floor tile to be mortar bed set over acceptable substrate by others. Base and wall tile to be thinset over acceptable substrates by others.
4. Latex type waterproofing / Crack isolation membrane is included at floor and base locations.
5. All setting and grouting materials to be of cementitious type.
6. Proposal is based off of plans dated 10-22-25.
7. Parking and trash dumpsters to be provided by GC or owner.
8. Proposal is valid through 1-31-26.

EXCLUSIONS:

Backer board and Joint taping
Epoxies
Countertops
Correction of out of compliance substrates installed by others.

Installation Warranty period to be 1 year from Substantial Completion.

MATERIAL HOISTING	Hoist	Cost for Material (Tile/Stone & Rough Materials) Hoisting	$ 10,000.00
		TOTAL	**$ 744,063.00**

NOTES:

1. Floor Tiles will be installed by Thin-Set Method over Cement Mortar, leveling / cement floating are included.
2. Wall Tiles will be installed by Thin-Set Method over Cement Board, cement floating / patching not included.
3. There is no demolition job included in the estimate.
4. Work is figured to be done in one phase only, during regular working hours, 8am to 5pm, Monday to Friday, excluding Holidays, Weekend and Overtime. Trip Charges will apply otherwise.
5. Please note that we may require a 50% Down Payment or Full Payment will be required for any special order Tile / Stone Material, or for suppliers that do not accept joint check agreement.
6. Allow a typical lead time of 6-8 weeks from date of placing the order for the Tile & Stone Materials.
7. Material Prices are subject to change if and when there is a Tax/Tariff increase, Change in Quanity or Supplier issue material price increases.
8. Upon Apporvals, Materials placed on Order and Stored for more than 3 Months may be subjected to Storage Fees (As determined by the Vendors).
8. Allowing direct deliveries to Job-Sites for Project Tile / Rough Materials; unless otherwise noted.
9. Certified Tile Inc. is entitled to purchase material from supplier of its own choice or directly from the source.
10. Parking figured for Certified Tile Inc.'s Crews are to be provided at the jobsite.
11. This proposal is based on the estimate taken from the Architectural Plans (Addendum 1) and Addedums #1 (10/22/2025) of OXNARD SCHOOL DISTRICT - FREMONT MIDDLE SCHOOL RECONSTRUCTION at Oxnard, CA dated 10/22/2025, prepared by SVA ARCHITECTS.
12. Performance or payment bond are not included.
13. Proposal is valid for 90 Days.

INCLUSIONS:

1. Regular / Standard Grouts were considered in the base bid, No Epoxy Grouts.
2. Waterproofing / Anti-Fracture Membrane Works (Laticrete: HYDROBAN / CBP: REDGARD / Mapei: AQUADEFENSE) for All New FLOOR Tiled Areas are included in the base bid.

EXCLUSIONS (U.O.N. above):

1. Shop Drawings are not included in the base bid.
2. Cement Backer Board / Wonder Boards are to be supply & install by others.
3. Scratch & Browning Works are not included, it is assumed to be done by others.
4. Scaffoldings are not included in the base bid there are to be provided by others.
5. Wall Taping shall be done by Gypsum / Cement Board Contractor
6. Basic / Minor Floor Prep only involves Minor Floor Patching. Methods like Grinding, Bead Blasting & Floating works are not considered and are subject for extra cost. Unless Noted.
7. Water proofing, anti-fracture membrane and Sealer are not included in the base bid. Unless Noted.

OPTIONS (NOT PART OF BASE BID):

1	To include / provide an application of 1 Coat Clear Penetrating Sealer for All Wall Tiled Areas, we'll need an additional cost	**$ 12,100.00**
2	To provide the Tile Installation work during Off-Hour / Night Shift, we'll need an additional cost	**$ 59,450.00**

ALTERNATES (NOT PART OF BASE BID):

1	For the QUARRY TILE FLOOR, If we were to use or utilize the Abrasive Finish for all the 6" x 6" Floor Tile, in lieu of the Regular / Matte Finish, we'll need an additional cost	**$ 3,285.00**

All the above work to be completed in a substantial and workmanlike manner according to standard practice for the sum of

BASE BID = $ 744,063 (Seven Hundred Forty Four Thousand Sixty Three Dollars)

CAPITOL CARPET
FLOOR COVERING

Please note the following general conditions for all Capitol Carpet Co projects.

1. Floors and walls must be clean and free of debris, existing oils, solvents, or any substance that will adversely affect the adhesive and/or mortar bond.
2. Demo or removal of existing materials is N.I.C.
3. Furniture Lift/Shift &/or removal of personal property N.I.C.
4. Third party Moisture Testing is N.I.C.
5. Remediation of concrete moisture emissions if the slab does not meet the manufacturer's system limitations is N.I.C.
6. Minor floor prep only included in base bid. Minor floor prep is defined as:
   a) A final sweep to remove the fine dust that has settled after the previous Trade Contractor has scraped and swept the floor.
   b) Fill small holes and normal shrinkage or expansion cracks in the slab that are less than 1/16".
   c) Fill normal butt or keyed construction joints or zip strips.
   d) Cleaning and filling of saw cuts.

   Floor must be level, within industry standards, (1/8 inch in 10 feet is typical). All grinding of high spots are the responsibility of the general contractor. Excessive floor prep will be charged on a time and material basis.

   Exclusions:

   Removal of any drywall mud, paint, or other misc. construction debris. Cementitious skim coating or self-leveling underlayment's.

   Mechanical grinding or profiling of the substrate.
7. No vacuuming, cleaning, sealing, waxing, waterproof and/or crack isolation membrane, or protecting of finished floors.
8. Floors and walls receiving new finishes must be level and plumb within industry standards.
9. Building interior must be at serviceable temperatures (min of 65 degrees) for one week prior to, during, and following installation of finishes.
10. Temperature control, heating, cooling, or ventilation of space where our work is being performed is N.I.C.
11. General contractor is responsible for job-site conditions meeting the minimums set forth by the material manufacturers, including, but not limited to, vapor emission from the concrete slab.
12. Additional costs associated with Bonds are not included.
13. Additional work requests outside of contract work will be completed with an approved change order.
14. CCC will not be held responsible for unforeseeable conditions causing additional cost to the project.
15. Due to the COVID pandemic and Supply Chain issues, we may see schedule delays. CCC will not be responsible for these delays.

Scope of Work:

Marker boards to be porcelain on 7/16" particle board core with .005" aluminum backing sheet. DTS Series Frame.

Tack boards to be Koroseal Vinyl on 1/4" natural cork with 1/4" hard board backing.

Full height tackable wall panels to be Koroseal Vinyl on 1/2" fiber board backing. Located in only RSP rooms .

All trims and frames to be anodized aluminum with a clear satin finish.

Furnish (144) 7'x4', (4) 8'x4', (1) 4'x6', (1) 4'x8' marker boards, and (206) 7'x4' tack boards, and approximately 1,200 square feet of tackable panels.

Exclude Claridge products, to provide Platinum Visual Equal.

Sections:

101100 Visual Display Boards

Total: $112,981.00

Alternates:

Add For Installation $62,700.00

Qualifications and Exclusions:

Bidding Platinum Visual Systems products, (certified Polyvision Manf.) per above scope. Furnished only one shipment ground floor. (tailgate)

Price is valid for 12 months and contingent upon receiving a Purchase Order within 90 days of quote date. Platinum Visual Solutions hereby certifies that all pricing included in this proposal reflects current market conditions. The price included in this proposal does not include applicable tariffs as of the date of submission.

Our pricing will remain firm for the duration of the bid validity period, as specified in the proposal, unless otherwise noted. In the event of significant changes in tariff policy or international trade regulations that materially impact on the cost of goods, Platinum Visual Solutions reserves the right to adjust the price. By accepting the terms of our proposal, including the aforementioned, customer acknowledges and agrees to pay any additional cost if warranted.

Conditions:

Price is valid Thirty (30) days after date of bid. Subject to approved credit. Five percent retention for Furnished and Installed Contract. Zero Retention for material only contracts.

Re: Fremont Middle School
1130 North M St.
Oxnard Ca, 93030

Valdez Painting, Inc. proposes to furnish all labor and materials necessary to complete the work as outlined below:

- Plans and Specifications dated 10/22/2025
- Addendum #1

Scope of Work

CLASSROOM BUILDING:

1. INTERIOR:
   a. Painting gyp walls and ceilings
   b. Painting and staining of doors and door frames

2. EXTERIOR:
   a. Apply elastomeric coatings to stucco
   b. Apply high performance coatings to metals (Tnemec Edura-Shield)
   c. Apply paint to fiber cement board

Pricing..... $249,986.00

MULTI-PURPOSE BUILDING:

1. INTERIOR:
a. Painting gyp walls and ceilings
b. Painting and staining of doors and door frames

2. EXTERIOR:
a. Apply elastomeric coatings to stucco
b. Apply high performance coatings to metals (Tnemec Edura-Shield)
c. Apply paint to fiber cement board
d. Apply anti graffiti to CMU

Pricing……...$120,548.00

ADMIN BUILDING:

1. INTERIOR:
a. Painting gyp walls and ceilings
b. Painting and staining of doors and door frames

3. EXTERIOR:

a. Apply elastomeric coatings to stucco
b. Apply high performance coatings to metals (Tnemec Edura-Shield)
c. Apply paint to fiber cement board

Pricing *$44,198.00*

Alternates:

1. Paint Aluminum and Galvanized window frames:
   a. Classroom Building - $34,904.00
   b. Multi-Purpose Building - $ 1,848.00
   c. Admin Building - $13,168.00

2. Add for priming gym and serving ceilings for acoustical ceilings (acoustical ceilings by others):
   a. Primer @ Gym Ceiling - $1,507.00
   b. Primer @ Serving Ceiling - $ 960.00

3. Add for Intumescent Painting at Gym Web Trusses - $114,994.00
   Add for rental of lift equipment to apply intumescent coatings - $ 5,473.00

4. Add for Painting Tube Steel Galvanized Fence (F-41 on landscape plans) with Tnemec - $20,687.00
   Add for Painting Tube Steel Galvanized Fence (F-41 on landscape plans) with Sherwin Willams Pro Industrial - $12,610.00

5. DEDUCTIVE ALTERNATE- Deduct if Sherwin Williams Pro Industrial is used in lieu of Tnemec Endura-Shield throughout - <$88,362.00>

Inclusions:

1. All exposed interior gypsum per finish schedule.
2. All exterior metal per finish schedule and specs (except pre finished metal panels).
3. All door and door frames per door schedule painted with Sherwin Williams Pro Industrial.
4. All roof ladders.
5. All stucco to receive elastomeric coatings.
6. All CMU to receive anti-graffiti coatings to 10' AFF.
7. All exterior metal to receive high performance coatings except hollow metal doors and door frames.
8. Mask and protect adjacent surfaces not scheduled to be painted.
9. Interior priming and painting of items listed above.
10. Mask and protect adjacent surfaces not scheduled to be painted.
11. Interior priming and painting of gypsum board walls and ceiling as noted on plans. One coat primer two coat finish.
12. Paint gypsum exposed to public at garage levels
13. Painting HM & WD doors & frames scheduled to be painted
14. Painting of gyp walls/ceilings at storage/electrical rooms as scheduled
15. Paint downspouts at roof

Clarifications:

1. Bid includes standard Latex Paint on all Gypsum Board Walls and Ceilings.
2. Gap at Windows to Gyp is figured to be at 1/8" of an Inch and caulking this Gap is included in Bid. Gaps larger may require Backer Rod and is not included.
3. Bid includes standard Latex Paint.
4. All Coats completed in sequence.
5. Third coat out of sequence option includes gyp walls only, If applicable.
6. All Surfaces to be painted are figured to be ready to receive paint (clean of material that would cause blistering or damage to finish coats of paint, free of debris, loose paint, removable items, & hazardous materials) other than typical preparation of sound surfaces (spackling of minor dings and scratches, & sanding to profile surface.

7. Interior painting completed prior to installation of new floors, tile, T-bar, acoustical tile, and all other finishes.
8. Valdez Painting expects general contractor to provide scaffolding for exterior work.
9. Any alteration or deviation from the above specifications involving extra cost of material or labor will become an extra charge over the sum mentioned in this proposal.
10. Painted Doors: This bid figures for Doors to be mobilized and stacked before paint sequence so edges can be painted before door is swung; This bid also figures to paint Doors faces after doors are Swung but before hardware is installed and before other finishes. (If doors are to be painted at Door shop before mobilizing to job site they should be staged for painting at no additional cost to VPI)

Exclusions:

1. Wallcoverings and Acoustic Panels.
2. Window Frames.
3. COVID-19 Protocols. See Add Alternate.
4. Bond Fees. Add 1.50% to bid, if required.
5. Night shift, weekend, or holiday work – NIC. (Assumed all painting performed during regular work week hours, Monday through Friday, 7am to 5pm.) Unless Noted Above.
6. Repair of finished surfaces damaged by others.
7. No painting on the roof.
8. Back priming of wood or painting of mill work, cabinets or furniture not noted above.
9. Bid does not include re-priming/touchup of areas corrected by drywall contractor after first or second coat of paid. Bid includes minor priming after dry wall quality control touch up after prime coat.
10. Caulking of penetrations through gypsum and caulking to materials not finished by VPI.
11. Re-priming/touchup of areas corrected by dry wall contractor (include re-touch of dry wall touch up after prime coat).
12. Reinstallation of removable items other than those removed by VPI.
13. Filling of Gaps larger than 1/8”; Requires Backer; Or Gaps/Joints requiring more than standard Painter’s caulking.
14. Surface repairs limited to cracks, voids, and defects no larger than 1/8 inch wide.
15. Painting of any signage or lettering including stenciling on fire rated walls.
16. Providing of Scaffolding or Lifts at Exterior U.N.O.
17. Abatement of any hazardous materials on site
18. Color Coding and Identification of MEP Pipes and Equipment
19. Painting of Roof Top Equipment – NIC.
20. Back priming of wood or painting of mill work/ Cabinet’s/ or furniture not noted above.
21. Painting of exterior flashing/ waterproofing where it does not abut a painted surface like at metal panels, stonework, unpainted stucco, and windows.
22. Priming of closet wood shelving.
23. Caulking / joint sealing at exterior.
24. Painting of Window Break metal or components of windows.
25. Painting of windows.
26. Application of Intumescent or fireproofing.
27. Painting of vents or flashing that are a part of the roof elements unless specified above.
28. Re-priming/ touchup of areas corrected by dry Waller (include re touching of dry wall touch up after prime coat).
29. No composite clean up or debris boxes included.
30. No testing or inspections included.
31. Exclude epoxy or traffic coatings.
32. No polished concrete, or staining.
33. Filling of Gaps larger than 1/8”; Requires Backer; Or Gaps / Joints requiring more than standard Painter’s caulking.
34. Touch-up between first coat of paint and final coat paint.

Sincerely,

Valdez Painting, Inc.

Furnish & Install: YES; F.O.B. Job Site: YES; Tax Included: YES; Prevailing Wage: YES.

Addenda: #1

Scope of Work: Unless otherwise agreed, Vanguard Painting, Inc. [herein "Painter"] shall furnish all labor, materials, and equipment necessary to accomplish the following WORK [herein "Work"] in a workmanlike manner in accordance with plans and specifications [see above "Section (s) and Trade(s)" for specific specification numbers] identified below ["Original Plans" herein] and upon which the contract price is based:

Interior – 1) Gypsum board walls and ceilings. 2) Wood/HM doors, door frames, and window frames. 3) Exposed to structure ceilings, including attached MEP. 3) Seal Concrete floors per 07 19 00.

Exterior – 1) Plaster walls and soffits, per 09 96 80. 2) Fiber cement board. 3) HM doors and door frames. 4) Stairway railings and risers. 5) Guard railings. 6) Galvanized metal flashing. 7) Exposed steel columns and beams.

Note: Price assumes normal working hours and walls are in "paint ready" condition.

Price: Painter agrees to do the Work for, and Contractor agrees to pay, the sum indicated under "Total". This amount does not include work required by changes or modifications to the original plans or addenda. Bid is good for 30 days from above date.

Total Price* $ 670,000.00

*SUBJECT TO "QUALIFICATIONS TO BID" (Page 2)

Alternatives	Add/(Deduct)
Alt # One: Tube steel fence and gates, per 09 96 70	ADD $ 41,000.00
Alt # Two: Stucco walls, to 10' high, per 09 96 20 AGC	ADD $ 47,500.00
Alt # Three: 1 HR Intumescent "T1" Trusses High MPR Roof	ADD $602,400.00

Exclusions:

1) Trade damage touch-up. 2) Floors. 3) Hardware removal/replacement. 4) Intumescent coatings. 5) Aluminum. 6) Signage and graphics. 7) Lead Abatement. 8) Cabinets. 9) Solar Array, including columns, beams and conduit.

QUALIFICATIONS TO BID

1. All work to be performed by Vanguard Painting, Inc. shall be performed in accordance with Painting and Decorating Contractors of America ("PDCA") standards P1-92, P4-94, and P7-99 (available at www.pdca.org). Any subcontract between Vanguard and Contractor shall expressly incorporate those PDCA standards, which shall prevail over any other term or provision contained in any plan, specification, general condition, special condition, or other contract term or provision.
2. Vanguard and Contractor will enter into a standard form subcontract agreement not containing any unusual or non-customary term or provision. In addition, the standard form subcontract agreement shall include the following terms of condition as a condition precedent to execution and shall contain or incorporate these qualifications to bid:
    a. Payments to Vanguard will be as work is performed; no pay if paid or pay when paid clause will be accepted by Vanguard;
    b. Vanguard shall have the right to stop work if any payment is not timely made and Vanguard shall be able to keep the project idle until all payments due are received.
    c. Failure to timely pay Vanguard shall be a material breach entitling Vanguard to cease any further work;
    d. All warranties and/or guarantees shall be void for non-payment;
    e. Change Orders or directives for extra work may be accepted by Vanguard upon verbal direction from Contractor's project Manager, job superintendent, or other appropriate persons and may be memorialized by way of mutual exchange of electronic message (i.e., e-mail);
    f. Vanguard shall not be obligated nor responsible for any liquidated or unliquidated consequential damages for delays to completion
3. The Contractor shall give Vanguard reasonable notice of when it is to commence work in any given portion or area of the Project.
4. Paint touch-up, of trade damage, is extra work. This work will be paid for on a time and material basis. The rate is $120.00 man hour and $ 70.00 per gallon of paint, plus 15% mark-up for overhead and profit.
5. The Total Price indicated on page 1 shall be valid for a period of not more than thirty (30) calendar days from the date of submission of this bid. Thereafter, the "Total Price" shall be subject to adjustment based on price escalation related to materials, supplies, increase in insurance, etc of an amount equal to not less than 3% per quarter, or fraction thereof (i.e., 3 months, beginning on day 31 of when the bid is submitted).
6. Vanguard shall be provided a deposit of not less than 20% of the Total Price, as may be adjusted based on Paragraph 5, above in order to lock in pricing for materials
7. The Total Price DOES NOT INCLUDE the price of any bonds, which shall be borne by either the agency or the general contractor

	Per Mobilization/Lift Rental (including first required)	$6,840.00
	CP/Paperwork	$3,147.54
	Furnish and Install Total:	$111,048.41

Installation Notes

Non-Union, But Prevailing Wage Labor Option - Only Use if PLA not applicable - Recommend 84-90 hours for installation

***Note 1**
Quoted per signs called out on plans. Elevations clearly call for "FREMONT ACADEMY" letters to be 28", but details reference 30" height at those locations. If 30" height is required, please add: $5,280.33 additional. Anodized Finish called for in specs adds a lot of cost, if standard brushed or baked enamel finish on fabricated aluminum can be used at 28" Letters, a credit of $19,000.00 can be offered. Path of Travel Sign Locations not keynoted on plans, standards assumed for allowance. Evacuation Map Sign incorrectly noted as being made from Stainless Steel - Specs call for it in acrylic. Quoted as acrylic. Parking/Site Signs excluded, typ. by striping sub. Marquee Sign noted on details as by others, excluded. Excludes Photoluminscent Exit Signs (by electrical sub). Excludes Fire Sprinkler & Equipment Tags. Excludes Elevator Emergency Sign (should be provided by elevator sub). Trained & Skilled labor will be provided, under the less than 1/2 of 1% exemption for graduate requirements (hour qualification only).

Notes Addenda 1

Note: Signs are provided per Signs of Success, Inc, as assumed materials/standard methods of manufacturer. Parking signage excluded.

Bid Specifically Excludes unless noted: Cast Cement, Illuminated Signs, Electronic Monument, Permits, Parking Lot Sign posts, Waiver of Subrogation, Installation unless noted, painted murals, any additional signs, materials or methods not noted.

This bid is valid for 90 days. Given the present energy crisis and recent unexpected increases in costs from our vendors for products and materials, we therefore must advise our clients that in the case that a delivery of products is delayed by client in excess of 90 days from the time of bid reception there will be an increase under the terms of a dollar for dollar cost pass through if our costs increase more than 5% at the time of fabrication.

DISCLAIMERS AND CLARIFICATIONS
Subcontractor shall provide all labor, material, equipment, tools, transportation, taxes, insurance and services necessary to perform associated work in accordance with the Contract Documents.
Viola Inc. is an Equal Opportunity Employer and encourages all DVBE/SBE/DBE/MBE/WBE subcontractors to submit a proposal for this project. At the option of Viola Inc., 100% bonding of any/all subcontractors may be required. Subcontractor proposals shall not limit their obligations nor diminish the requirements for this work which shall be completed in its entirety per Plans, Specifications, and all Addenda without exception. An unmodified 2025 AGCC-03 long form Subcontract will be used. Additional insured endorsement is required from all subcontractors pursuant ISO Form CG 2010 1185 or equal, no exceptions.
Skilled & Trained Workforce Requirements: Subcontractors shall comply with Education Code 17407.5 and Public Contract Code section 2600-2602, that requires subcontractors at every tier will use skilled and trained workforce to perform all the work on this project or contract that falls within an apprenticeable occupation in the building and construction trades. Compliance reports may be required with monthly progress billing.
This Project is subject to labor compliance monitoring and enforcement by the Department of Industrial Relations pursuant to Labor Code section 1771.4 and subject to the requirements of Title 8 of the California Code of Regulations. The successful Bidder shall comply with all requirements of Division 2, Part 7, Chapter 1, Articles 1-5 of the Labor Code.
Pursuant to Public Contract Code section 20111.6 and Education Code 17406, only prequalified bidders will be eligible to submit a bid for contracts $1 million or more using or planning to use state bond funds. Any subcontractors holding C-4, C-7, C-10, C-16, C-20, C-34, C-36, C-42, C-43 or C-46 licenses who have not been prequalified, will not be listed. It must be submitted to the District at least 10 business days before the bid date and approved least 5 business days before the bid date.
This project will be on an active school campus. All onsite personnel must comply with California Education Codes 45125.1, 45122.1, and 45125.2. All Subcontractors under the Contractor shall comply with applicable federal, State, and local requirements relating to COVID-19 or other public health emergency/epidemic/pandemic including, if required, preparing, posting, and implementing a Social Distancing Protocol.
Bidder must be able to meet insurance requirements and required limits outlined in the Insurance Exhibit and Prime Contract.

This Project is subject to a Project Labor Agreement. The successful bidder and all subcontractors will be required to be bound by the Project Labor Agreement	
The District will not be a party to any subcontracts.	
Subcontractor pricing good for 90 days

ATHLETIC PRODUCTS SOLUTIONS | CALIFORNIA FACILITY FURNITURE

SCOPE OF WORK / QUOTATION

To: General Contractor
Attn: Estimating Department
Phone:
Fax:
Project: Freemont Middle School Reconstruction
Section(s): 10 51 00 Metal Lockers

Date:10/29/2025

Furnish and install the following Heavy Duty lockers as manufactured by Lyon Workspace Products.

Scope:

GIRLS P.E. 2-106
51 frames 12x15x24/48 double tier w/ sloped tops, fillers, number plates, no locks.

BOYS P.E. 2-112
51 frames 12x15x24/48 double tier w/ sloped tops, fillers, number plates, no locks.

TOTAL COST FURNISHED & INSTALLED $70,015.00

Quote Clarifications:

1. Liquidated Damages are not included.
2. Bonds are not included.
3. City business license fees are not included.
4. If accepted this quote becomes part of Purchase Order or Contract Agreement.
5. All required backing in walls to be by others.
6. Concrete curbs/bases by others
7. If noted otherwise quote does NOT include any locks.
8. CFS includes ALL unloading and placement of materials and disposal of debris and trash.

Notes:

- Work to be performed during standard work hours.
- Quote Valid for **90** days from above date.
- Above cost is based on one shipment of all materials.
- ADD $500.00 to the above total if a Waiver of Subrogation is required.
- Any special insurance endorsements, as required by contract, will be provided at additional charges.
- Insurance coverage to be BROC-CAFS, Inc. standard General Liability $1 Million per Occurrence with $2 Million Aggregate, and Excess Liability $2 Million, and Worker's Compensation. Any requirement for "per project aggregate" is excluded. Any required coverage in excess of these amounts, if obtainable, will be provided at additional cost.

- If bonds are determined as needed, then add to total contract per the following table:

Total Contract Amount	Bond Rate
Up to $100,000	2.11%
$100,001 - $500,000	2.08%
$500,001 - $2,500,000	1.34%
$2,500,001 - $5,000,000	1.08%
$5,000,001 - $7,500,000	0.98%
Over $7,500,000	0.90%

****This rate is good for project warranties up to 24 months, anything in excess will require additional pricing.***

Terms:	Standard BROC-CAFS payment terms are **Net 30 days** with approved credit application. On orders requiring multiple shipments or installation services, progress payments are required.
Warranty:	Standard 1 year on all items unless otherwise noted in specifications
Lead Time:	Shop drawings 4 weeks ARO. Delivery is 14 to 18 weeks after approvals and field check. Lead time does not include transit time from manufacturer or assembly of material. **Note that lead times vary throughout the year and can change without notice.**
Labor:	Prevailing Wage Rates included.

Exceptions/Exclusions: Prices quoted are based on furnishing the above described equipment in accordance with the manufacturer's published standard construction specifications and installation instructions (unless otherwise noted) and specifically excludes furnishing products by any other manufacturer, or to any other specification. Equipment noted **"as equivalent"** is functionally equivalent, and of equal or superior quality to the specified item, but may vary slightly with respect to non-essential dimensions and/or elements of construction.

Materials are released, produced, and shipped based on construction schedules provided by your firm. It is imperative for these dates to be accurate as products are shipped immediately after production.
Site MUST be ready to accept material and allow for immediate installation of material upon delivery.
CFS will not be responsible for storage of materials if schedule is changed after products are released for production with our manufacturing facilities.
Change orders for double handling of product from storage locations to installation locations would be presented prior to installation, if applicable.

CANCELLATION & DELAY. In the event of a cancellation of any Agreement, Purchaser hereby forfeits all down-payments or any other payments made and agrees to pay a minimum of 25% of the total contract price as a cancellation charge. No credit will be given nor reduction in price allowed for materials not used or installation not completed. Any such termination must be in writing and delivered to the Company in person, by mail or fax. If Seller is delayed in the performance of the work by an action or omission of the Purchaser or by circumstances beyond the control of Seller, then the schedule shall be extended for such reasonable period as is required to accommodate for the delay. Purchaser is responsible for providing written authorization to seller to release its materials to production. Seller reserves the right to impose additional charges including but not limited to storage and remobilization if Purchaser delays the start of the job or shipping of materials after releasing to production. If Purchaser delays the continuation or completion of work already in progress, Purchaser agrees to pay an additional fee to account for the actual expenses incurred by Seller on account of such delay. Such expenses shall include additional trip charges, overhead and reasonable profit, etc. The standard trip charge is $1,500.00

Addenda No. 1 is noted.

MADE IN THE USA

Manufactured, fabricated, and powder coated in the USA at one of Lockers Manufacturing's plants. If you have specific steel sourcing certifications needed, please let us know in advance so that we can provide this information for you.

This is turn-key pricing guaranteed for 90 days from the bid date. Price will remain the same regardless of market fluctuations in steel material costs, fuel costs or any tariffs. No tax is included unless quoted specifically in this bid. Add appropriate tax rate as needed.

TERMS AND CONDITIONS
Please note that our terms and conditions are subject to change. You can refer to our current T&C on our website at www.elitestorageproducts.com/terms-and-conditions

FINANCIAL PROVISIONS

This is turn-key pricing guaranteed for 90 days from the bid date. Price will remain the same regardless of market fluctuations in steel material costs, fuel costs or any tariffs. No tax is included unless quoted specifically in this bid. Add appropriate tax rate as needed. Payment terms are subject to pre-approved credit status. Credit to be determined. Sizable projects may require a deposit to cover upfront costs. Without prior credit approval, pre-payment of 50% for product and freight will be required before order with manufacturer is placed. The remaining 50% payment will be required before product is shipped. If existing account is on credit hold, may lead to prepayment of material and freight.
Any vendor requiring prepayment terms, will be passed equally to you, and we agree to bill you against these prepayment terms and conditions. Where credit can be established credit will be issued. Due to market conditions and continued increase in commodities and freight, we may recommend buying the steel and holding at the factory prior, in order to lock in key cost inputs.

PRICE QUOTE
We acknowledge no addendums.
All CAD/Submittals costs included in our price. Field check is included in our installation price. We are responsible for field measurements. Lead times for metal lockers are 8-10 weeks, HDPE/plastic are 12-16 weeks, and wood lockers are 10-14 weeks. These lead times are subject to seasonality patterns and custom submittal processes; unless in stock. If lead times improve, we will communicate. Custom color requirements (including benches) are subject to increased lead times up to 20 weeks.

ELITE STORAGE PRODUCTS - EXPERIENCE THE PERFORMANCE

ESP is a market leading full-service subcontractor who sells a comprehensive line of lockers, locks, and benches along with assembly, shipping, and installation services to the General Contractor community across the U.S. ESP works with award-winning and leading national locker manufacturers. We understand the importance of communication and coordination of what it takes to execute your project with turnkey precision. Our goal is to be “on time” hitting your locker delivery and installation schedules.

ESP meets standard project pre-qualifications including:

Dedicated Project Manager - Trained Certified Locker Installers - Orientation Program for new hires - Certified Payroll Processing with E-Verification 10/30 hour OSHA Certification -OSHA 300 Logs – Toolbox Meetings - EMR rating of 0.92 – Zero Safety Incidents the last 7 years - HSE Program documented Background Checks/Drug Testing - All Bonding/Insurance (COI) requirements - Financial Stability - Company Business Licenses - Project References
Contractors Licenses: Alabama #S-49183, Arizona #ROC321008, Arkansas #32483524, California #1039575 / California DIR # 1000412807, Idaho #RCE-46606, Louisiana #59731, Mississippi #20355-NC, Nevada #84441, New Jersey Entity ID#045010444, North Dakota #000041857, Oregon #222527, South Carolina #G121025, Tennessee #66839, Virginia #2705168221, Washington #ELITESP822DM, West Virginia #WV058599

PRICING EXCLUSIONS
Textura payment fees, Software Invoicing and/or Software Project Management Fees passed to subcontractor to get paid.
Any special bond after the fact, and any specialized GL code outside normal COI’s guidelines.
No stairs to be used, if stairs are required to transport lockers up to another floor, please call back in for additional pricing. We normally, use a hole on above floors and use a lull to transport lockers up multiple floors and or use a freight elevator for transport.
Final clean and Protection after installation not included.
Excess Material Storage Fees if product is delayed by 30 days or longer from original scheduled shipment date.
Product locations, quantities, and characteristics are solely based on this proposal. Any changes will require a reprice. Scope reviews are encouraged prior to signing a contract.

Two tone color and custom colors or wraps. If required, please contact our sales team for special pricing.

All Exclusions may be added with additional pricing prior to bid or change order after the bid.

PAYMENT AND PERFORMANCE BOND (PPB) REQUIREMENTS

- Please add cost if PPB is required for this project.
- PPB is valid for one calendar year. If PPB is required beyond one calendar year, then PPB cost will need to be added on the front end of the contract for each additional year required.
- Elite Storage Products will invoice for the cost of the bond on the front end once requested. Once payment is received for the PPB, only then will Elite Storage Products issue the PPB.

OPERATIONAL EXCLUSIONS
Liquated Damages must be agreed to prior to contract. If not, this bid does not include this provision.
No Field Painting or Finishing. Caulking can be done but will need to be finalized from a cost standpoint on the front end prior to contract or will be change order in writing in the field prior to commencement. The boundary of our bid stops at the architectural measurements provided on bid day.
Standard hardware will be used. We will not color or paint the anchoring hardware unless this is priced out on the front end or will require a change order after signed contract. 4) We are not responsible for wrong field measurements due to other trades impacting our scope of work. Any costs to do onsite rearrangement of plans that requires more material will be a change order.
We are not responsible to clean up other trades work, and once product is installed any damage not mentioned will release our company.

We are not responsible to work on bases and correct the wood sleepers in bases. Uneven bases that affect a clean level install is to be corrected by others. Shims will be used but cannot guarantee if bases are poured in correctly both from a leveling and dimensional standpoint.
All Mechanical and Electrical work around the locker scope is not our responsibility.
Job Installation will be performed in the order to maximize logistics and maximize the time it takes to install. We can coordinate by area or rooms, however if this creates more cost with logistics or manpower then a change order will be required.
Stairs are considered a safety risk to get product to another floor. Typically, we use an elevator or lull to transfer lockers to next floor. If stairs are required additional pricing of manpower and equipment will be needed to cost out.

PLEASE NOTE PRIVACY TERMS
This bid is proprietary information and is private to be used only by the intended recipients as identified by Elite Storage Products. We consider any party sharing this bid or confidential information, without our company's consent, with any of our competitors to possibly be engaged in inappropriate bid shopping and not operating out of good faith, leading to a restraint of fair trade bid practices. Our company, if required, will use all available remedies under the law to cure this business practice in order to maintain our confidential proprietary information on this bid form.

SCOPE OF WORK/BUDGET QUOTATION
ATTACHMENT A

To: **Viola Constructors, Inc.** Date: October 30, 2025
Project: **Fremont MS Reconstruction**
Bid Date: **October 30, 2025 @ 2:00 PM**
Section(s): **126600 Fixed Bleachers**
116623 Gymnasium Equipment
105113 Metal Lockers

Terms & Conditions:

1. Prices quoted are valid for a period of 30 days from the date of quotation or bid, and are based on shipment of the materials not later than **4/6/2028**. Escalation shall be added at a rate not to exceed .75% per month (or portion thereof) for shipment thereafter, based on material costs, labor rates and fuel costs/surcharges in effect at time of expiration.
2. Submittals to be 45 days from receipt of contract documents, plans and specifications, or, 35 days from receipt of electronic plan files in AutoCAD or similar industry-standard file format. Prime contractors shall waive any contractual requirements for submittals in less than 60 calendar days for submittals based on hard copy plans and specifications.
3. Herk Edwards, Inc. does not perform any onsite work and is not signatory to any labor agreements. All on site labor shall be performed by a lower tier subcontractor and unless otherwise noted, prices quoted include installation labor based on current Prevailing Wage or, Union (or PSA) rates.
4. The cost of any required bonds is not included in this proposal. If Performance and Payment bonds are required, add 1% to quote price(s).
5. Insurance coverage to be HEI's standard General Liability ($2,000,000 aggregate), Excess Liability ($4,000,000 aggregate) and Worker's Compensation. Any required coverage in excess of these amounts, if obtainable, will be provided at additional cost. Additional Insured forms CG2010 and CG2037 (only) will be provided if required by the contract. Any requirement to add the Architect as additional insured is excluded. Any requirement to provide Professional Liability or Errors and Omissions insurance is excluded.
6. Shipment of equipment shall be approximately **120** calendar days after receipt of approved shop drawings, color selections and verification of field dimensions (or Prime Contractor's/Owner's release in lieu thereof). Equipment, including "Deferred Approval" items will be manufactured and shipped on a "just-in-time" basis in accordance with the Prime Contractor's construction schedule. Production schedules for equipment quoted are locked 75 calendar days prior to the ship date established to meet the Prime Contractor's on-site construction schedule. Should the Prime Contractor alter the schedule within the 75-day production window, or, should the site not be ready to accept installation of the equipment for any reason whatsoever, or, should equipment not be approved for installation at scheduled time of shipment, the Prime Contractor shall be responsible for unloading and storage of materials into a secure, dry location in, or adjacent to, the work area, or, for all handling and storage costs associated with unloading and/or storage of materials elsewhere.
7. Payment terms shall be Net 30 days from the date progress billings are submitted, provided all billing paperwork has been correctly submitted as required by the Subcontract Agreement or Purchase Order/Agreement.
8. This offer is based on contractual terms and conditions as set forth in the project contact documents. Additional terms and conditions and/or third party contracts are specifically excluded, or, are subject to review and acceptance by Herk Edwards, Inc. and may be subject to additional cost.

What is your bond rate?	3	%

Certifications

California State License number	507966
Address on proposal	No
DIR number	1000604342
“Off-Road Diesel-Fuel vehicles” will be used and SUBCONTRACTOR'S CARB compliance certification is attached to proposal	No

Disclaimers and Clarifications

Subcontractor shall provide all labor, material, equipment, tools, transportation, taxes, insurance and services necessary to perform associated work in accordance with the Contract Documents.

Viola Inc. is an Equal Opportunity Employer and encourages all DVBE/SBE/DBE/MBE/WBE subcontractors to submit a proposal for this project. At the option of Viola Inc., 100% bonding of any/all subcontractors may be required. Subcontractor proposals shall not limit their obligations nor diminish the requirements for this work which shall be completed in its entirety per Plans, Specifications, and all Addenda without exception. An unmodified 2025 AGCC-03 long form Subcontract will be used. Additional insured endorsement is required from all subcontractors pursuant ISO Form CG 2010 1185 or equal, no exceptions.

Fremont Middle School Reconstruction

1130 North M Street, Oxnard, CA 93030, United States of America

Skilled & Trained Workforce Requirements: Subcontractors shall comply with Education Code 17407.5 and Public Contract Code section 2600-2602, that requires subcontractors at every tier will use skilled and trained workforce to perform all the work on this project or contract that falls within an apprenticeable occupation in the building and construction trades. Compliance reports may be required with monthly progress billing.

This Project is subject to labor compliance monitoring and enforcement by the Department of Industrial Relations pursuant to Labor Code section 1771.4 and subject to the requirements of Title 8 of the California Code of Regulations. The successful Bidder shall comply with all requirements of Division 2, Part 7, Chapter 1, Articles 1-5 of the Labor Code.

Pursuant to Public Contract Code section 20111.6 and Education Code 17406, only prequalified bidders will be eligible to submit a bid for contracts $1 million or more using or planning to use state bond funds. Any subcontractors holding C-4, C-7, C-10, C-16, C-20, C-34, C-36, C-42, C-43 or C-46 licenses who have not been prequalified, will not be listed. It must be submitted to the District at least 10 business days before the bid date and approved least 5 business days before the bid date.

This project will be on an active school campus. All onsite personnel must comply with California Education Codes 45125.1, 45122.1, and 45125.2.
All Subcontractors under the Contractor shall comply with applicable federal, State, and local requirements relating to COVID-19 or other public health emergency/epidemic/pandemic including, if required, preparing, posting, and implementing a Social Distancing Protocol.

Bidder must be able to meet insurance requirements and required limits outlined in the Insurance Exhibit and Prime Contract.

This Project is subject to a Project Labor Agreement. The successful bidder and all subcontractors will be required to be bound by the Project Labor Agreement

The District will not be a party to any subcontracts.

Additional Information

Notes

Add $9,975 if foundation is needed
add $975 if rebar is needed
add $8,950 if pole stand up is needed

Item # 1-09 and #1-10 are listed as remote. Please note that these models are no longer provided as remote due to the upcoming 2026 regulations. Recommend going with self-contained units. Installation is based on seismic and prevailing wages. Refrigeration line runs not to exceed 100 feet from rack to coil locations. Proposal price good for today's manufactured prices through 2025. Escalation costs to be added to proposal based on installation schedule.

Standard Exclusions to proposal are: Trash dumpsters, allowances, forklift/crane fees, BIM or Revit modeling, roof penetrations, curbs, roof jacks, sleeves, carpentry or millwork if any, inter-wiring of walk in box light fixtures, conduits, pull boxes, drain lines, demolition, exhaust and make up air systems, performance or payment bonds, bid bonds, blocking/backing, final connections or inter- connections of electrical, plumbing or mechanical, concrete, back fill or tile work, permits, health department fees, duct connections to hoods, finished floors, sprinkler work, shunt trip breakers, fire suppression interfacing to building alarm, structural or seismic calculations or engineering, fire caulking, waterproofing, grouting of walk in boxes if required, redwood breakers, wall finishes not shown or listed on food service drawings and 11400 specifications, control wiring.

Proposal price as listed above: **$768,813.00**

Proposal valid for 60 days. Bond not included add 1.2% if required.

Should you have any questions please feel free to call. Thanks for the opportunity and we look forward to working with you on this project.

Best regards,

Hospitality Consulting Group

WE ARE PLEASED TO PRESENT THIS BID TO FURNISH AND SET-IN-PLACE THE **FOOD SERVICE EQUIPMENT**
DELIVERED AND SET-IN-PLACE, SALES TAX INCLUDED: **SECTION 11 40 00**

"Not" Small Business, Women or Minority Owned

Prevailing Wage - When Applicable
Bond NOT Included w/ Bid

KITCOR'S BID PRICE $ **868,800.00**

ADDENDA NOTED 1

Cost of Bond is 2% of the Contract Amount and shall include all premium costs.
Bid based on insurance forms CG 20 10 10 93 without waiver of subrogation. Any other form, add 5% to contract.
Additive change orders are subject to 15% Overhead & Profit of overall cost. Overhead & Profit of deductive change orders to be retained by Kitcor.
Site visits to verify rough-in locations and wall backing by other trades will require a signed change order prior to visit.
Kitcor is not responsible for loss or damage to any equipment once delivered to the project and so noted.
Technical demonstration video/disc excluded, regardless if required in any section (General/Special Conditions) or Executed Contract / Subcontract.
One year warranty effective at time of demonstration or when equipment is put into use. Warranty or repair service work determined by **KITCOR** to be caused by improper use or neglect to be paid for by General Contractor/Construction Manager/Owner.

Acceptance of this bid proposal incorporates all terms of said proposal into any future contract/subcontract agreements.

BID BASED ON SPECS: > SECTION : 11 40 00 PAGE 1 THRU 27 DATED: 7/19/24

. > SHEETS : FS-100, FS-101, FS-102, FS-201, FS-301, FS-401, FS-501, FS-502, FS-503, FS-601, FS-602, FS-603, FS-604, FS-605,
> SHEETS : FS-606, FS-701, FS-801, FS-802 DATE: 08/28/24

***** ANY DOCUMENTS NOT LISTED ABOVE IS NOT INCLUDED IN OUR BID.

AS ONLY PER PLANS AND SPECIFICATION NOTED ABOVE

REMARKS: OUR BID ONLY INCLUDES FURNISHING & SETTING-IN-PLACE THE FOOD SERVICE EQUIPMENT, ***ITEM # 1-01 THRU ITEM # 1-85*** UNLESS, INDICATED TO BE BY OTHERS (Owner, General Contractor, Mechanical, Electrical, Plumbing, Architectural, Vendor, Other Sections, Etc.)

WE EXCLUDE THE FOLLOWING ITEMS PROVIDED BY THE OWNER AND GC.
> ITEM NUMBERS 1-13, 1-56 AND 1-85.

ITEM 1-01 REMOTE REFRIGERATION RACK AND SYSTEM. MANUFACTURER QUOTED A2L REFRIGERANT TO MATCH THE 2026 REGULATIONS.

ITEM 1-09 & 1-10 - 2 DOOR ROLL IN REFRIGERATOR & REACH IN FREEZER ARE BASED ON SELF CONTAINED REFRIGERATION AS COLDZONE USES A2L REFRIGERANT AND NOT R290 REFRIGERANT.

ITEM 1-70 MILK COOLER DUAL ACCESS. SPECIFIED MODEL # DISCONTINUED. MANUFACTURER QUOTED REPLACEMENT MODEL #ST49HC-S.

OUR BID IS BASED ON KITCOR BEING PAID FOR STORED EQUIPMENT AT OUR FACILITY.

NOTE: SOME MANUFACTURERS MAY REQUIRE DEPOSITS, OR PAID FOR IN ADVANCE, THESE COSTS ARE THE OWNER'S RESPONSIBILTY.

EXCLUDES:
Mechanical, Electrical, and Plumbing rough-ins and connections. - Exhaust and MUA systems, ductwork, connections. - Low voltage wiring or final connections of Ansul System - Concrete, tiles, FRP, floor insulation, coring, sleeves, roof jacks, equipment pads, pitch pockets, or penetrations - Any work inside/outside of the kitchen without an item number. - Backing, blocking, seismic, or structural supports. - Work above the ceiling with the exception of threaded hanger rods to support exhaust hoods, and recessed fly fans. - Any reference to, or details shown on Structural or Architectural Drawings. - All items referenced to other sections. - Light bulbs for walk-ins or exhaust hoods. - Removal, storage, cleaning, refurbishing, repair, start-up, or operational instruction of any Owner furnished or existing equipment. - Millwork, wood sub-top, cabinetry, plastic laminate, corian, marble, granite, solid surface, stone work, etc. - Windows, roll-up doors, window/wall frames. - ~~Wall flashings~~, ~~corner guards~~, ~~wall caps/bumpers~~, or railings. ~~-Hand sinks~~, mop sinks, drop-in sinks, floor sinks, floor troughs, installation of floor troughs or drains. ~~-Air curtains~~, lockers, benches, fire extinguishers. -Soap/towel dispensers, mop rack, mop shelves. -Residential appliances, seating equipment. -Permits, fees, licensing, inspection, or inspection related costs. **GC TO PROVIDE ACCESS FOR ALL EQUIPMENT.**

PAYMENT IS TO BE MADE ON STORED EQUIPMENT WHETHER AT THE JOB SITE OR AT OUR FACILITY IN SUN VALLEY. SHOULD INSTALLATION BE DELAYED BY NO FAULT OF KITCOR, ALL EQUIPMENT STORED AT OUR FACILITY SHALL BE PAID IN FULL PRIOR TO INSTALLATION.
FINAL PAYMENT DUE NO LATER THAN 35 DAYS AFTER KITCHEN EQUIPMENT HAS BEEN APPROVED OR PUT IN USE.

Due to recently imposed and anticipated future tariffs affecting materials within our industry, the pricing provided in this proposal reflects current market conditions as of the bid date. To protect against potential cost escalation, we respectfully request that the General Contractor include an allowance specifically designated for tariff-related change orders. Please specify the allowance amount to be included, either within the base bid or as an additive alternate, along with any assumptions or contingencies tied to this consideration. In the event that tariff-related cost adjustments are required, please outline the agreed-upon process for submitting, reviewing, and validating these impacts as part of the change order procedure.

Job Name:	Fremont Middle School Reconstruction DSA
Job Location:	1130 North M Street, Oxnard, CA 93030
Bid Date:	10/30/2025
Scope of Work:	Food Service Equipment
Addenda:	1

TOTAL BID PRICE: $929,447.00

Notes:

- Refrigeration system: "Refrigeration system does not include cost impacts due to EPA regulations going into effect January 1st, 2026" Pricing is unknown at this time.
- Item #1-44 not shown on plans and listed as Spare Number in equipment schedule. Cut sheets show T&S Brass Faucet. Item is excluded from bid.

Exclusions:

MEP Work
Overtime/Shift work
Millwork/Stone Tops
Conduits
Grouting/Concrete work
Support Structures
Seismic bracing/ installation
BIM Modeling
Beer and Beverage System
Storage Containers
Future Items

Bid price includes items as shown on Exhibit A and excludes all items listed as "By Vendor/Owner", "By Arch/Mech", "NIC", "By Millwork" or "Future"). Please see attached "EXHIBIT A" for the list of items and manufacturers included in our bid. NO Relocating/Reinstalling/Demolition of any existing equipment is included in our bid unless it is specified on the food service equipment schedule. All installation is priced using straight time only (no shift or overtime) unless noted otherwise. Per Food Service Drawings Issued Date 8/28/2024

50% Deposit of Contract Value required upon award of project. Due to recent volatility in material prices, the prices stated in this proposal are based on current Manufacturer's / Supplier's cost proposals at the time of bid. Any price increases resulting from tariffs, materials, freight cost etc. will be documented and actual cost Manufacturer/Supplier price increases will be provided for substantiation of cost impact and added to the contract.

KCI shall not be responsible for any sole source product/manufacturer and Owner and GC shall indemnify, defend and hold harmless KCI against claims, damages, losses, costs, expenses, including any fees of accountants, attorneys, experts or other professional or investigation expenses, and liabilities in law or in Equity arising out of the Subcontractor's operation and Subcontractors work as it relates to the sole source products.

PRICE INCLUDES:	**EQUIPMENT, DELIVERY, INSTALLATION AND SALES TAX**
FINAL BONDS:	**COST OF FINAL BONDS NOT INCLUDED.**
INSURANCE:	**PER ATTACHED SAMPLE CERTIFICATE OF INSURANCE**

COMPLETE AUTO CAD FILES ARE NEEDED FOR SUBMITTALS

EXCLUSIONS AND WORK BY OTHERS:

1. Carpentry, millwork masonry, electrical and plumbing/drain lines.
2. Support structures and hood hangers beyond 18" above top of hood.
3. Any vent/duct connections to the hood
4. Any walk-in cold box and hood's top enclosure taller than 18"
5. Any exhaust or make up air fans.
6. Any MEP final connections and inter-connections.
7. Any wood & Concrete curbs, metal caps on curbs, pads, roofing, pitch pockets & Sealing. Coring/cutting, sleeves, embeds of any kind.
8. Finished floors and grouting around walk-in cold boxes.
9. Fire sprinklers, inter-facing of Ansul/Fire Suppression system cabinets with building fire alarm.
10. Wall backing, roof curbs, cub flashing, pitch pocket, rain caps, roof jack and sealing of any of these items.
11. Any stainless-steel work not listed in section 11400 or without an item number.
12. Installation and inter-wiring of light fixtures and other loose components of walk-in cold boxes and hoods, electrical services, control/defrost wiring of evaporator/condensing unit, wiring of thermostats, time clocks, solenoid valves, any micro switch of any kind.
13. Interface wiring of fire suppression system with electrical shunt trip breaker/contactors, provision of j-box and in-wall conduit for pull box.
14. Any electrical/mechanical work for hood's ventilation demand control system
15. Overhead coiling doors, stainless steel wall caps, windowsill.
16. Any item or detail shown in Architectural, Structural, Electrical, Plumbing, Mechanical section.
17. Trenching, in wall and under slab or overhead raceway and conduits.
18. Under slab insulation, waterproofing and installation or block-out forming for floor troughs.
19. Structural calculations, seismic calculation/installation and DSA approval for equipment bracing or anchorage.
20. Any anchoring / bracing and tethering other than those shown or referenced in section 11400.
21. Any scope of work shown on contract documents other than to be by this trade.
22. Any warranty other than standard one-year parts and labor warranty.
23. Refurbishing, repair or modification of existing equipment. Equipment warranty for existing equipment
24. Any brand of equipment other than those listed in "Exhibit A" of this bid.
25. Millwork counters, fascia and counter tops of any material other than stainless steel
26. Pollution/Mold Liability/Earth movement and subsidence liability, Builder's Risk
27. Dumpsters
28. Overhead Protection, license, permits, fees, plywood/fire treated plywood, roof and deck damage, roof fall protection, inside fall protection, OCIP/CCIP, shoring, bonds, netting, toe board, containment, parking costs, liquidated delay damages, ramp/bridges, drug testing, engineering, patching holes
    Note: Warranties are provided by manufacturers.

GENERAL TERMS AND CONDITIONS OF THIS BID:

1. Acceptance of this proposal by Contractor shall be acceptance of all terms and conditions recited herein and shall supersede any conflicting term in any other contractor's document or project advertisement. Any of the Contractor's terms and conditions in addition or different from this proposal are objected to and shall have no effect. Contractor's agreement herewith shall be evidenced by Contractor listing KCI in its bid documents or by permitting KCI to provide submittals or commence work for this project.
2. Nothing in this proposal shall require KCI to continue performance if timely payments are not made to KCI for suitably performed work or stored materials.
3. No back-charges or claim of any kind shall be valid except by an agreement in writing by KCI before the work is executed. Contractor is to prepare all work areas so as to be acceptable for KCI work under the proposal. KCI will not be called upon to start work until sufficient areas are ready to insure continued work. The Contractor shall furnish all temporary site facilities including suitable storage space, temporary electrical and water at no cost to KCI.
4. Contractor shall, if the Owner does not, purchase and maintain risk insurance upon full value of the entire work and/or materials delivered to the job site, which shall include the interest of KCI.
5. KCI shall indemnify and hold harmless the Contractor from damages only to the extent such damages were caused by sole negligent act or omission of KCI. KCI shall not be responsible for any sole source product/manufacturer and Owner and GC shall indemnify, defend and hold harmless KCI against claims, damages, losses, costs, expenses, including any fees of accountants, attorneys, experts or other professional or investigation expenses, and liabilities in law or in Equity arising out of the Subcontractor's operation and Subcontractors work as it relates to the sole source products.
6. In the event of price increase of material, supply, equipment, or energy, or any element of the subcontract occurring between the date of this proposal and the first day of performance of the subcontracted work through no fault of KCI the subcontract sum shall be equitably adjusted by change order(s) to reflect the price increase(s). KCI shall be entitled to escalation costs regardless of Contractor being able to pass these costs to the Owner.
7. KCI make no guarantees as to whether material lead times and delivery will accommodate the project schedule. The actual lead time and delivery dates can only be provided by and confirmed by the material manufacturer. If a specified product is unavailable or shipment is or will be delayed, KCI will provide notice to Contractor and shall be afforded a time extension on the project schedule, and substitute products, if available, may be considered
8. Terms of payment; Retention shall be reduced to 5% when food service contract is 50% complete.
9. Workers' Comp and General Liability Insurance will be provided during construction. No Additional Insured will be provided If the project is OCIP, OCIP policy should have 10-year "tail" coverage following substantial completion and is subject to approval of KCI's insurance carrier.

Prices may not reflect applicable tariffs, duties, import fees, taxes, or other governmental charges. TriMark reserves the right to correct or adjust quoted prices at any time due to tariffs, market fluctuations, supply chain disruptions, third-party supplier cost changes, general contractor delays, or any other factors outside of TriMark's control. TriMark will use commercially reasonable efforts to hold pricing for seven calendar days from the date of the quote; however, all pricing remains subject to correction or adjustment as set forth above, including during the seven-day hold period.

Please read this quotation carefully as it is based on our interpretation of the items being requested.

The TriMark food service equipment proposal is based on SVA Architects Food Service Plans dated 09/30/15 and 114000 dated 01/17/25. If there is any conflict between Food Service and Architectural Plans, Food Service Plans take precedence.

Our proposal is based on union, prevailing wage installation & is seismic per SMACNA guidelines. Work is to be performed during normal business hours.

Please feel free to contact us with any questions regarding the scope of work. Thank you for the opportunity and we look forward to hearing from you soon.

Total	$1,019,705.73

Prices are valid for **7 days**, thereafter reconfirm.

NOTE: Once submittals are approved and orders are ready to be released to the factories we'll confirm if any price increases from the manufacturers have occurred. If so, those increases will be added to the contract via change order.

In order to hold pricing, any required submittals will need to be returned/approved no later than two weeks after submission by TriMark so that we may release purchase orders to our vendors.

1983

In order to process purchase orders and begin fabrication, the following manufacturers require deposits. TriMark will bill for these deposits at the time of order.

Manufacturers and deposits are as follows:
Custom stainless fabrication 50%
Multiteria 50%

If Energy savings Instant Rebates are included in above pricing please note:
Estimated rebate credit shown for reference only. Amount is subject to change without notice due to rebate program updates or changes to final products. Not guaranteed. Rebate may be removed if TriMark determines Customer is in breach of TriMark's Terms of Sale or due to changes in rebate program eligibility. Customer acknowledges this rebate is not a material inducement to select TriMark.

CODE CHANGE DISCLAIMER:
TriMark's bid or proposal is based on applicable federal, state, and local building codes, ordinances, and regulations in effect as of the date of submission. In the event that any changes to building codes, standards, or other applicable legal requirements occur after the proposal date, and such changes materially impact the design, materials, means and methods, or installation requirements of our scope of work, TriMark reserves the right to issue a change order for any resulting increase in cost, labor, or time.

WARRANTIES:
All warranties, express and/or implied, including without limitation warranties of fitness for a particular purpose, are expressly disclaimed to the fullest extent allowed by LAW.

TAXES:
All applicable taxes are subject to the current rate at time of final invoicing and are the responsibility of the customer.

FINANCE CHARGE NOTICE:
A finance charge of **1.5% per month** (or the maximum rate allowed by law) will be applied to any outstanding balance not paid by the due date, unless otherwise specified in an existing contractual agreement. This charge will be assessed monthly on any overdue amount.

This Quote is subject to TriMark's Terms of Sale: https://www.trimarkusa.com/SiteMedia/SiteResources/Terms/TriMark-Terms-and-Conditions-of-Sale.pdf, which are incorporated by reference and shall govern. TriMark reserves the right to re-quote this project, and any final quote is subject to TriMark receiving and reviewing any prime contract and pass-through terms and conditions to which TriMark may be subject. The parties specifically agree that no signature shall be required in order for this Quote or its applicable terms and conditions to be deemed legally binding and enforceable on Customer where the

intent to be so bound can be inferred (including by acceptance or retention of products or services), notwithstanding contrary requirements under any law. Any tax or similar fees shown in this Quote are an estimate only.

INCLUSIONS:

- Provide and Install all items listed in 11400 specifications as it pertains to our scope.
- Hoods/Fire Suppression, Ansul valve up to 2" (if larger valve needed, an additional fee will apply), Cold Storage Rooms, Refrigeration, Stainless Steel Fixtures, Manufactured Kitchen Equipment, Freight, Taxes, K.E.C. Prepared submittal package including M.E.P. Coordination Drawings, Product Data Brochures, Shop Drawings, Operation and Maintenance Manuals, all in electronic format only (hard copies of submittal package can be provided at an additional cost), Start Ups, Demonstrations, 1-year parts and labor warranty through factories, 5-year compressor ***part only*** warranty through factories where applicable.

NOT INCLUDED IN OUR PROPOSAL:

Please be advised that the submission of this bid or quote does not guarantee TriMark acquisition of any payment, performance or other bond that is or may be required and there shall be no reliance on TriMark submission of this bid or quote that any required bond will be secured.

If Seismic Engineering is required, Additional charges for Seismic Installation/Materials may apply after engineering is complete.

Any additional Fire Suppression required/beyond system(s) included beneath exhaust hood(s) (common ducts/pollution controls/etc..) are excluded and will need to be priced as a change order.

RETURN OF PRODUCTS. All returns must be made within thirty (30) days of delivery of the Goods or Services. The Goods must be in new condition and shall be subject to the acceptance of TriMark and/or its suppliers. Customer agrees to pay the costs of return packaging, shipping and handling, as well as any restocking fees charged by TriMark or its suppliers. Fabricated or custom manufactured products may not be returned or cancelled for the return and cancellation terms applicable to this Quote.

Exclusions:

Price reduction/Monetary credit for participation in OCIP/CCIP insurance programs, Concrete curbs, Rooftop Curbs, Housekeeping Pads, Demolition, Finished floors & grouting around walk in boxes, Core drilling, X-Ray Scanning Pad for refrigeration rack, Wood thermal breakers, Hand rails, Installation of "embedded" items, Conduit line runs for all equipment, Beer system(s), Beverage line(s) and conduits, All floor/wall/ceiling/roof penetrations, Saw-cutting, Sleeves, Ducts, Fans, Blowers, Certified welders, Final weld from duct to hood, General carpentry (i.e.: backing/blocking),, SSM, Millwork, Wood finishes on counters as noted, Masonry/Tile work, FRP, ***All plumbing, electrical, mechanical, and inter-MEP or final MEP connections and waste lines****, Final connections and inter connections to pre-wired/pre-plumbed*

custom counters, Roof jacks, Pitch pockets, Condensate drains from coils in walk in, Inter-wiring coils to condensers, , Interfacing/Wiring of fire suppression system to exhaust system(s)to HVAC equipment or BMS(DCV) Systems, to building main alarm or life safety, Electrical shunt trip connectors and any other controlling switch/micro switch, Fire extinguishers, Forklifts, Grade-alls, Hoisting, Cranes, Participation in Composite crews, Installation, training, & demonstration of residential appliances, Seismic calculations/installation, Participation in any cooperative assessment for trash removal and/or trade damage, Handling owner furnished equipment, Any fees and/or permits for building/health dept., Final kitchen cleaning, Bid bond, Performance/Payment bond, Overtime for "field" labor, BIM 3D modeling, Hard copies of submittal and close out documents, Videotaping of equipment demos, Anchoring & bracing other than those shown in the 11400 specs or food service drawings, Preventative maintenance contract.

SCOPE OF WORK/BUDGET QUOTATION
ATTACHMENT A

To: **Viola Constructors, Inc.** Date: October 30, 2025
Project: **Fremont MS Reconstruction**
Bid Date: **October 30, 2025 @ 2:00 PM**
Section(s): **126600 Fixed Bleachers**
116623 Gymnasium Equipment
105113 Metal Lockers

Terms & Conditions:

1. Prices quoted are valid for a period of 30 days from the date of quotation or bid, and are based on shipment of the materials not later than **4/6/2028**. Escalation shall be added at a rate not to exceed .75% per month (or portion thereof) for shipment thereafter, based on material costs, labor rates and fuel costs/surcharges in effect at time of expiration.
2. Submittals to be 45 days from receipt of contract documents, plans and specifications, or, 35 days from receipt of electronic plan files in AutoCAD or similar industry-standard file format. Prime contractors shall waive any contractual requirements for submittals in less than 60 calendar days for submittals based on hard copy plans and specifications.
3. Herk Edwards, Inc. does not perform any onsite work and is not signatory to any labor agreements. All on site labor shall be performed by a lower tier subcontractor and unless otherwise noted, prices quoted include installation labor based on current Prevailing Wage or, Union (or PSA) rates.
4. The cost of any required bonds is not included in this proposal. If Performance and Payment bonds are required, add 1% to quote price(s).
5. Insurance coverage to be HEI's standard General Liability ($2,000,000 aggregate), Excess Liability ($4,000,000 aggregate) and Worker's Compensation. Any required coverage in excess of these amounts, if obtainable, will be provided at additional cost. Additional Insured forms CG2010 and CG2037 (only) will be provided if required by the contract. Any requirement to add the Architect as additional insured is excluded. Any requirement to provide Professional Liability or Errors and Omissions insurance is excluded.
6. Shipment of equipment shall be approximately **120** calendar days after receipt of approved shop drawings, color selections and verification of field dimensions (or Prime Contractor's/Owner's release in lieu thereof). Equipment, including "Deferred Approval" items will be manufactured and shipped on a "just-in-time" basis in accordance with the Prime Contractor's construction schedule. Production schedules for equipment quoted are locked 75 calendar days prior to the ship date established to meet the Prime Contractor's on-site construction schedule. Should the Prime Contractor alter the schedule within the 75-day production window, or, should the site not be ready to accept installation of the equipment for any reason whatsoever, or, should equipment not be approved for installation at scheduled time of shipment, the Prime Contractor shall be responsible for unloading and storage of materials into a secure, dry location in, or adjacent to, the work area, or, for all handling and storage costs associated with unloading and/or storage of materials elsewhere.
7. Payment terms shall be Net 30 days from the date progress billings are submitted, provided all billing paperwork has been correctly submitted as required by the Subcontract Agreement or Purchase Order/Agreement.
8. This offer is based on contractual terms and conditions as set forth in the project contact documents. Additional terms and conditions and/or third party contracts are specifically excluded, or, are subject to review and acceptance by Herk Edwards, Inc. and may be subject to additional cost.

SCOPE OF WORK/BUDGET QUOTATION
ATTACHMENT A

To: **Viola Constructors, Inc.** Date: October 30, 2025
Project: **Fremont MS Reconstruction**
Bid Date: **October 30, 2025 @ 2:00 PM**
Section(s): **126600 Fixed Bleachers**
116623 Gymnasium Equipment
105113 Metal Lockers

Terms & Conditions:

1. Prices quoted are valid for a period of 30 days from the date of quotation or bid, and are based on shipment of the materials not later than **4/6/2028**. Escalation shall be added at a rate not to exceed .75% per month (or portion thereof) for shipment thereafter, based on material costs, labor rates and fuel costs/surcharges in effect at time of expiration.
2. Submittals to be 45 days from receipt of contract documents, plans and specifications, or, 35 days from receipt of electronic plan files in AutoCAD or similar industry-standard file format. Prime contractors shall waive any contractual requirements for submittals in less than 60 calendar days for submittals based on hard copy plans and specifications.
3. Herk Edwards, Inc. does not perform any onsite work and is not signatory to any labor agreements. All on site labor shall be performed by a lower tier subcontractor and unless otherwise noted, prices quoted include installation labor based on current Prevailing Wage or, Union (or PSA) rates.
4. The cost of any required bonds is not included in this proposal. If Performance and Payment bonds are required, add 1% to quote price(s).
5. Insurance coverage to be HEI's standard General Liability ($2,000,000 aggregate), Excess Liability ($4,000,000 aggregate) and Worker's Compensation. Any required coverage in excess of these amounts, if obtainable, will be provided at additional cost. Additional Insured forms CG2010 and CG2037 (only) will be provided if required by the contract. Any requirement to add the Architect as additional insured is excluded. Any requirement to provide Professional Liability or Errors and Omissions insurance is excluded.
6. Shipment of equipment shall be approximately **120** calendar days after receipt of approved shop drawings, color selections and verification of field dimensions (or Prime Contractor's/Owner's release in lieu thereof). Equipment, including "Deferred Approval" items will be manufactured and shipped on a "just-in-time" basis in accordance with the Prime Contractor's construction schedule. Production schedules for equipment quoted are locked 75 calendar days prior to the ship date established to meet the Prime Contractor's on-site construction schedule. Should the Prime Contractor alter the schedule within the 75-day production window, or, should the site not be ready to accept installation of the equipment for any reason whatsoever, or, should equipment not be approved for installation at scheduled time of shipment, the Prime Contractor shall be responsible for unloading and storage of materials into a secure, dry location in, or adjacent to, the work area, or, for all handling and storage costs associated with unloading and/or storage of materials elsewhere.
7. Payment terms shall be Net 30 days from the date progress billings are submitted, provided all billing paperwork has been correctly submitted as required by the Subcontract Agreement or Purchase Order/Agreement.
8. This offer is based on contractual terms and conditions as set forth in the project contact documents. Additional terms and conditions and/or third party contracts are specifically excluded, or, are subject to review and acceptance by Herk Edwards, Inc. and may be subject to additional cost.

- Engineering and DSA Certification Included.
- DSA Certification Included.

PRICE: **Furnish, Freight, Offload, Installation, 9.25% Sales Tax. And Bonds Included: . . .$ 156,529.00**

VOLUNTARY MATERIAL/LABOR DEDUCT

The above product has been priced out as shown on Sheet A2-41.4, Detail #2 which shows the bank of bleachers installed in front of the wall columns. This would require rear rails and back panels for the system noted above. If we can push the bleacher bank back to the wall and install within the column locations and use column cutouts on the system, you may **DEDUCT $11,827.00** from the above proposal pricing. It would reduce the seating capacity slightly; however this may be more desirable than installed out in front of the wall columns.

*****Note: We have included 4/4 Nominal Lumber for the seating proposal above. There will be additional value engineering deducts available if the Owner would like to use the standard 10"D Infinity Plastic Seat Module in lieu of the wood planking. Once we determine how the Owner wants the above bleacher bank installed, we will provide a further deduct to change to the 10"D Infinity modules. *****

QUALIFICATIONS:

1) **Final electrical connections from the new Irwin bleacher banks to building power shall be performed by other trades.**
2) **Project is based upon completion being completed by the end of August 2028. If the project is delayed beyond this date due to action or inaction of the GC, the Owner, the Architect, another subcontractor, or another third party, there may be an escalation in pricing from the Factory or the Installation Subcontractors, that must be addressed by the Owner via an additive change order to our Firm. This change order may include escalation in material costs being applied to the quote by the Factory and/or labor increases to install the said product.**
3) Our COST does NOT include cost for SAFETY PROVISIONS for VIRUSES or NATURAL DISASTERS.
4) We CANNOT provide insurance coverage that does not exclude "communicable disease, viruses, bacteria, or fungi" therefore that coverage is NOT available.
5) Prices quoted are valid for 60-days due to raw material pricing extreme volatility. The Factory will only hold pricing for 60-days from Bid Date, if we do not receive a Letter of Intent within 60-days, the proposal is subject to an escalation from the factory.

SIERRA
SCHOOL EQUIPMENT CO.
EST 1957

3003 Citation Way, Bakersfield, CA 93308

O 661-399-2993 | F 661-399-0218
www.ssecinc.com

6) Prices quoted are based on furnishing the above-described equipment in accordance with the manufacturer's published standard construction specifications (unless otherwise noted) and specifically exclude furnishing products by any other manufacturer or to any other specification.

7) The prices provided are based upon supplying the quantity provided for above. Purchasing less material may require an escalation from the factory.

8) If a license is required to be provided to comply with a local jurisdiction, such as a city business license or any other local compliance fees or licenses, the cost is not included in our proposal and said cost will need to be added to the subcontract amount if the general contractor requires said license to be provided.

9) If we are awarded the contract for this portion of work, it must be noted in the contract that our bid is based on current California sales tax of 9.25%. If the sales tax increases during the life of this contract, we may request a change order for the difference.

10) If the Owner is required to utilize a Construction Payment Management (CPM) (TEXTURA) System, any associated costs for enrollment into the system for the subcontract awarded will be paid by the Owner.

INSURANCE QUALIFICATIONS FOR SSEC AND ONSITE LABOR SUBCONTRACTOR:

1) We shall provide insurance coverage for our work as per the attached Certificate of Insurance.

2) If Additional insured status is required, we shall use Travelers blanket endorsement form #WC 99 03 76. This may or may not be the additional insured endorsement you request. We cannot provide the CG2010 1085 or 11/85 form.

3) Our general liability policy includes waiver of subrogation and primary insurance wording. We cannot provide severability of interest or cross liability coverage.

STANDARD SUBCONTRACT / PURCHASING AGREEMENT QUALIFICATIONS:

We reserve the right, upon review of the Subcontract / Purchasing Agreements, to request modifications as needed to these documents. We will not agree to a blanket request to execute subcontract forms and agreements without modification.

ADDENDA:	N/A.
BONDS:	We are bondable; **AND** the bond price is **INCLUDED**. Our bond rate is 1.25%.
WAGE:	**Prevailing Wage Labor Rates with Skilled and Trained Onsite Labor provided.**

Delivery, Manufacture Lead Times & Installation

EQUIPMENT DELIVERY

This proposal is bid with the understanding that materials will be ordered with sufficient lead time (as outlined in our approvals package) to allow delivery prior to 12/31/2027 If Otis is unable to order materials in a timely manner due to delays on behalf of the Owner and/or General Contractor, or if delivery or installation is requested after 9/30/2027, the Owner and/or General Contractor will be responsible for all cost increases incurred by Otis.

SUBMITTALS

Drawing and Submittal Preparation: 3-4 Weeks

MANUFACTURING LEAD TIME

Manufacturing Period: 12 Weeks

The manufacturing period for the solutions we have proposed, as listed above, will not commence until the following have been received: 1.) fully executed contract, 2.) signed and approved submittals, and 3.) agreed upon down payment.

INSTALLATION

Onsite Installation: Approximately one week per stop for each elevator

This proposal is based upon sequential installation with one installation crew consisting of two installers. When requested, Otis will provide input regarding the vertical transportation installation schedule, and Otis will contract for a specific, and mutually agreeable, installation schedule. In the absence of a job-specific, mutually agreeable, written schedule agreement, Otis is not contractually bound to an installation schedule. Onsite Installation time per unit does not account for work by other trades.

Should the lead times not meet your requirements, please contact your local Otis representative to discuss other options.

The following checklists are provided to extend guidance for required items and aspects associated with your elevator installation.

	Pre-Start Checklist for Elevators	Otis	Builder	Optional
1.	Pit shall be so designed as to prevent entry of ground water into the pit. Drains connected directly to sewers shall not be installed in elevator pits. Sump pump recesses must have metal covers or grills.		×	
2.	Metal pit ladder is to extend from the pit floor upward, not less than 48 in (1219 mm) above the bottom landing floor level, per Otis shop drawings and/or Otis instructions.		×	
3.	Hall fixtures must be blocked in or mounted complete.		×	
4.	Door frames are to be sealed to meet code. Any holes. in the elevator hoistway and machine room, must be patched.		×	
5.	Grout under and in front all sills. Grout in and around elevator machine beams.		×	
6.	Lockable 120V disconnects, must be installed, per power confirmation.		×	
7.	Top of hoistway and machine room shall have a fire rating in accordance with local elevator codes.		×	
8.	Walls and ceiling shall be finished for mounting of hall fixtures and smoke detectors.		×	
9.	Lockable fused disconnect switch, installed in machine room, with feeder wires to elevator controller, all piped in accordance with N.E.C. electrical code, and grounded. Switch must be in sight of elevator machine and shall be the type that cannot be engaged with door open. Disconnect should be equipped with micro switch when ERU units are being furnished. Examples of ERU auxiliary contacts - Square D - #EK300-2, I.T.E. - SC-3, West. Elec. - EK-1		×	
10.	Smoke detectors maybe required in each elevator lobby, hoistway, and machine room. Check w/ local code authority. Furnish normally closed fire system contacts, to the elevator controller, as per power confirmation.		×	
11.	Pit light and ground fault receptacle (with cover and guard) mounted 12 in off pit floor on rear wall and switch to be located adjacent to pit ladder piped in accordance with local code. (If front and rear opening, contact Otis representative).		×	
12.	If Otis ONE Pro/Plus is included: Emergency Elevator Communication will connect via a cellular connection. Should cellular connectivity not meet required minimum bandwidth (greater than 15 RSSI) a cellular booster or external antenna can be installed by others to increase the cellular signal strength. If building internet is the only means to achieve required connectivity a dedicated RJ45 internet network connection will be required to be provided by others to each elevator controller/gateway (additional charges may apply). The building network connections for emergency two-way voice/video/text must be provided with a minimum of 4 hours of battery backup power.		×	×
13.	Elevator floor covering complete.		×	
14.	Only elevator equipment is allowed in an elevator machine room and hoistway (no access panels). If a sprinkler system is required, contact local code authority.		×	
15.	Machine room doors shall be self-closing, self-locking, and rated per machine room construction.		×	
16.	Machine room to be vented, to maintain temperature between 60° to 100° F for hydraulics; between 60° to 90° for traction. Ventilation can be natural or mechanical.		×	
17.	All machine rooms must have ground fault receptacle, permanent lighting, and must be equipped with a fire extinguisher.		×	
18.	Hoistway walls shall be Flush on hoistway sides. Any ledges over 4 in shall be provided with a bevelled angle of not less than 75°.		×	
19.	Spaces containing machines, control equipment, sheaves and other machinery shall be enclosed with fire-resistive enclosures. Enclosures and access doors thereto shall have a fire-resistance rating at least equal to that required for the hoistway enclosure.		×	

Clarifications

General Clarifications

1. This proposal is based on an Otis Elevator Company standard designed product, or Otis approved equal. Otis standard features, finishes, and / or aesthetic options can be changed at any time and at Otis's sole discretion. The proposal meets the intent of the specification. However, due to product variability among elevator manufacturers, differences may exist between the product (s) proposed herein and the product (s) specifications. These differences may include, but are not limited to, the design, dimensions and/or appearance of the product. In the case of any of these differences, this proposal supersedes, and takes precedence over, the specified product (s).
2. All materials/equipment will be of the Otis standard gauge, material and finish.
3. You will provide communication means (e.g. dedicated telephone lines, cellular, internet connections) per the Otis preparatory work by others electrical requirements and the Otis Confirmation of Power.
4. In jurisdictions enforcing ASME A17.1-2019 / CSA B44:19 and later editions or Otis ONE™ Pro has been selected, working internet must be in place for network connections as shown on the Otis Confirmation of Power Supply form. Minimum download bandwidth shall be 5 Mbps per gateway, minimum upload bandwidth shall be 1 Mbps per gateway. An RJ45 network connection must be available (at least one network drop for each group of elevators in the same location as the controller(s)). Internet shall continue to be accessible at the minimum bandwidth rate when primary power is absent and building backup power is in use.
5. You shall be responsible for providing suitable and secure on-site storage, approximately 20 ft x 25 ft per elevator adjacent to the hoistway on the main access level for the building.
6. We require suitable tractor trailer access to the building for unloading of material. In addition, we need roll-able access from unloading point to storage and storage to hoistway area.
7. If you are not ready to accept delivery of the material on the date the machine room is to be ready, you shall give us sufficient notice of a local point where you will accept delivery and be responsible for all monthly storage fees. An extra charge will be assessed for any double handling or re-transportation of elevator material required by the general contractor/owner or agent thereof.
8. Our quotation is based on one (1) job mobilization. Materials will be delivered based on a date requested by the General Contractor in accordance with our standard manufacturing lead times. The project must be ready for the elevator installation to commence, in accordance with the requirements outlined in this proposal and our approvals package, at the time the balance of materials is delivered. If the site is not ready at that time, the General Contractor will be responsible for a remobilization fee. Should Otis be required to demobilize and leave the job site due to delays beyond our control which prevent us from completing the installation, there will be an additional charge to the contract for re-mobilization at $6,500.00 per occurrence.
9. All current inspection fees are included for a final inspection. Should re-inspection be required because of work that is not our responsibility, you will be responsible for the cost of re-inspection and remobilization for Otis personnel.
10. If we are requested to operate the elevator for other trades or perform labor outside of the scope of this work, it shall be performed in accordance with our normal hourly labor rates.

11. The following close-out documents will be provided: our standard owner's information manual, our standard final layout/installation drawings, and our standard warranty. Unless otherwise specified, 2 copies of each will be provided. Additional copies are available at $100 per set.
12. Procedures on how to maintain and adjust elevator equipment will not be included in owners training. You agree to restrict access to the equipment to only our authorized personnel. During NIS and for the term of any future Otis maintenance contract, you agree not to permit others to make alterations, additions, adjustments, repairs, or replacements to the equipment. Failure to comply with this requirement may result in the termination of NIS or other agreed upon warranty or maintenance services.
13. 12 months of full maintenance will be provided upon final acceptance. The scheduling of this maintenance will be determined by Otis maintenance management system (OMMS).
14. New Installation Service period shall include emergency callbacks during normal working hours. Callbacks outside normal working hours will be billed at our standard rate.
15. Otis shall provide an electronic copy of our standard Owner's Maintenance (O&M) Manuals and shall conduct Owner orientation prior to elevator turnover. Otis will not provide detailed maintenance, troubleshooting, or repair information or train Owner's personnel on procedures for maintaining, troubleshooting, or repairing the elevator system. If a video recording of owner's orientation is required, the video recording, camera and editing is to be provided by others.
16. **If UVC Cab Light Purification Device is included:** Our proposal includes our Cab UVC Light Purification Device. The device will be mounted to the cab ceiling and wired in accordance with ASME A17.1/CSA B44 and NFPA70/CSA22.1 requirements. Specialized tamper resistant hardware will be provided to secure the device to the base. This UVC light has a lifespan of 1 year. Contact your Otis representative to order replacement units. The device is a peripheral device not covered under an elevator maintenance agreement. Otis assumes no liability or responsibility for damage or injury to any person or property arising from the use of this product. This product is not a medical device or product and Otis is in no way recommending it for any medical purpose.
17. **If Cab Air Purifier included**: Our proposal includes our Cab Air Purifier. This device is compliant with ASME A17.1/CSA B44 and NFPA70/CSA22.1 requirements. The device is a peripheral device not covered under an elevator maintenance agreement. Otis assumes no liability or responsibility for damage or injury to any person or property arising from the use of this product. This product is not a medical device or product and Otis is in no way recommending it for any medical purpose.
18. **If eView is included:** Our proposal includes an Otis eView™ Screen in the elevator car that provides entertainment, building information, and emergency communication services. Content can be deployed by Otis or the customer (as configured by the customer in the customer portal). Such content will only be displayed as long as the unit is under an Otis maintenance contract or during the new equipment installation service period (if applicable) ("NIS"). For units that are no longer under an Otis maintenance contract or in the NIS period, the eView screen will only display information which is required by the applicable code (e.g., Unit #, year of installation, load, etc.) and nothing more. Note that emergency connectivity, which is required in most jurisdictions, will not be enabled through the eView Screen for units no longer under an Otis maintenance contract or in the NIS period.

Terms and Conditions

1. This proposal is submitted with the understanding that any contract resulting therefrom will be subject to review and mutual acceptance of all terms and conditions contained therein. It is conditioned on neither

party being liable to the other for any loss, damage or delay due to any cause beyond either party's reasonable control, including but not limited to, acts of government, strikes, lockouts, other labor disputes, fire, explosion, theft, water damage, flood, earthquake, riot, civil commotion, war, malicious mischief, or act of God. Under no conditions, shall either party be liable for special, indirect, liquidated, or consequential damages in contract, tort including negligence, warranty or otherwise, notwithstanding any indemnity provisions to the contrary. Notwithstanding any provision in any contract document to the contrary, our acceptance is conditioned on being allowed additional time for the performance of the Work due to delays beyond our reasonable control.

2. The purchase price in this proposal and any subsequent contract document is subject to increase caused by any reasons beyond Otis' reasonable control including but not limited to commodity, fuel, tariff, and/or shipping transportation cost increases.
3. Notwithstanding any other provision to the contrary (including without limitation provisions regarding order of precedence) whether in this document or any other contract document, Otis' work shall be performed in accordance with the applicable law, code, or regulation in effect on the date that Otis submitted to you this proposal and not any subsequently changed, amended, altered, or implemented law, code, or regulation.
4. Our proposal is based upon a delivery date of 12-31-27. If the delivery date is delayed into future year(s), you will be subject to factory material price increases. These increases must be paid to Otis prior to and are required in order for the factory material order to be released (signed change orders and payment in addition to the required down payment). If your project schedule is delayed and / or extends the installation and / or completion labor into future year(s), you are also subject to labor escalation price increases. The labor escalation price increase change orders must be executed prior to mobilization and work start.
5. If payment and performance bonds are requested of us, please add ($16.00 per $1,000) of resulting contract amount.
6. It is agreed that Otis shall not be responsible for any Liquidated Damages. Should the contract documents require provisions for Liquidated Damages, our bid is contingent upon review of the schedule to assure we can achieve the desired date with our standard lead times.
7. We agree to provide evidence of insurance coverage but cannot name others as additional insured or waive our rights of subrogation. All insurance coverage afforded to you or others shall terminate upon final acceptance of the work. If "Owners and Contractors Protective Insurance" is required in addition to our standard Certificate of insurance add ($16.00 per $1,000).
8. If the project is covered by an Owner/Contractor Controlled Insurance Program ("OCIP/CCIP), Otis agrees to participate provided [it is at no cost to Otis][the cost to Otis does not exceed [cost]] and subject to its review and acceptance of the proposed program. The OCP obligation is waived and any obligation of Otis to name others as Additional Insured shall be for off-site operations only.
9. Otis will provide surety bond(s) in the form provided by Otis' Surety at no cost to Otis. This is in lieu of participation in any type of surety wrap-up or Subguard program.
10. **If Otis One Pro/Plus is included:** The elevator system provides for emergency voice, and/or video and/or data transmission via VoIP to the OtisLine™ support center. The current design of the system requires a paid subscription and SIM card with a third-party vendor to provide the VoIP service. Having a unit connected to an emergency hotline is a code requirement in most jurisdictions. Otis subscribes to and pays for the third-party vendor account while the unit is under an Otis maintenance contract and during NIS. When the owner has subscribed to this service.
11. When the maintenance contract and/or NIS period expires, the customer must (i) subscribe to the third-party vendor's service on its own, (ii) ask the new service provider to subscribe to the third-party vendor's

service, or (iii) change the hardware to third party hardware capable of providing emergency voice, video and/or data services (as required by code in certain jurisdictions).

12. **If Otis One Pro/Plus is included:** The elevator system includes a system of video cameras (Otis ONE Pro) and recording devices (Otis ONE Pro / Plus) to increase safety and security for passengers while riding Otis equipment. It is the Otis' intent that the video and / or audio recording system be used for investigative and/or emergency assistance purposes only. In an emergency, Otis may provide emergency personnel or law enforcement with access to video or audio recordings if it is necessary to protect the health or safety of a passenger or other individuals.
13. Otis has no ownership of CUSTOMER DATA but shall have a limited license to use such CUSTOMER DATA in connection with the performance of its obligations under any future contract between Otis and customer and/or owner. "CUSTOMER DATA" shall mean any personal information and/or application usage data combined with personal information that Otis receives from you, owner or its end users, has access to, or otherwise processes for or on your behalf or on end-user's behalf in connection with any future contract between Otis and customer and/or owner. The following data shall remain the property of Otis: all data (i) related to and generated by the equipment or any future digital services to which you may subscribe for use in relation to the provision of the services provided by Otis, (ii) generated by Otis remote diagnostics, service diagnostic and predictive analytical tools, and (iii) anonymized aggregated data derived from CUSTOMER DATA that cannot reasonably be manipulated to identify any information.
14. All software supplied is licensed to you or your successors but only for use with, and for operation of this elevator/escalator. Conditioned upon your compliance with this proposal and the terms of any future Otis contract, Otis grants to you a personal, nonexclusive, non-sublicensable, nontransferable, revocable license to the software resident in the equipment or any future digital services to which you may subscribe for use in relation to the provision of the services provided by Otis. You will keep the software resident in the equipment in confidence as a trade secret of Otis and will not permit others to use, access, examine, copy, disclose, disassemble or reverse engineer such software.
15. Otis will not supply information such as internal Otis manuals, manufacturing drawings or source code. Any counters, meters, tools, remote monitoring devices, communication devices, or other such equipment that we may use or install to deliver service under this proposal and any resulting contract remains our property, solely for the use of our employees. Such equipment is not considered as part of the elevator/escalator. If the contract or subsequent maintenance service is terminated for any reason, we will be given access to the premises to remove such equipment, including the resident software, at our expense.
16. In the event the transactions contemplated hereunder are restricted by U.S. Government or other applicable laws and regulations, including but not limited to those designating certain parties as "denied," "restricted," or similarly ineligible to do business with U.S. entities, this agreement will be deemed void, and Customer shall pay Otis all sums owed for the goods and services that may have been provided up to such time according to the rates contained in this agreement.
17. Our proposal is based the following payment terms:

Description	**Percent of Total Contract Value / Billing Cycle**
Design, Engineering, Material procurement, Superintendent's initial site visit, and Layouts	35% Billed upon award. Due within 30 days from date of invoice or prior to release of factory orders, whichever occurs first.
Hydrofit Cylinders/Plungers	Billed in the month this material is shipped
Factory Materials	40% Billed the month before shipment occurs. Due within 30 days from date of invoice or prior to installation, whichever occurs first. Installation will not commence until this material payment is made.
Installation Labor	25% Billed each month as work progresses. All labor to be paid prior to turnover of equipment.
Retention	5% Due 30 days after turnover of equipment

Warranty

Twelve (12) months after acceptance of the Elevators by owner.

The Elevator contractor's acceptance is conditional on the understanding that their warranty covers defective material and workmanship. The guarantee period shall not extend longer than one (1) year from the date of completion or acceptance thereof by beneficial use, whichever is earlier, of each elevator. The guarantee excludes ordinary wear and tear or improper use, vandalism, abuse, misuse, or neglect or any other causes beyond the control of the elevator contractor and this express warranty is in lieu of all other warranties, express or implied, including any warranty of merchantability or fitness for a particular purpose. This express warranty is in lieu of all other warranties, expressed or implied, including any warranty or merchantability or fitness for a particular purpose.

Preparatory Work by Others

The following items must be performed or furnished at no cost to Otis Elevator Company ("Otis") by the Owner or General Contractor or their agents in accordance with governing codes. The price and installation schedule of Otis Elevator Company is based on these job-site conditions existing at the beginning and during installation of the elevator equipment. Failure to provide the items specified in this list will result in additional work or installation delays performed by Otis Elevator beyond the scope of our contract and a change order will be submitted for materials and/or labor expended. Please refer to our Installation Handbook for details and dimensions for the following items.

All work to be performed per the latest revision of the applicable national code and/or local code.

General Prep Work for HydroFit Elevators

1. Provide any cutouts to accommodate elevator equipment (troughing, venting, and hall fixtures), along with the patching/painting of walls, floors, or partitions together with finish painting of entrance doors and frames, if required.
2. Provide tractor trailer access to the building for unloading of material and an on-site storage area for elevator equipment as follows:Dry and enclosed, provides roll-able access to the elevator hoistway at the ground level, located within 100 feet (30480 mm) of the hoistway and is larger than 25 x 20 feet (7620 mm x 6096 mm) per elevator. Any warranties provided by Otis for elevator equipment are null and void if equipment is stored in a manner other than a dry enclosed building structure.
3. Provide secure, sufficient on-site refuse containers for the proper disposal of elevator packaging material. Should such refuse containers not be provided, disposal of packaging material shall become the responsibility of the owner.

   Floor to floor heights are to be measured from finished floor to finished floor with the minimum distance between floors to be no less than entrance height plus 1ft 3in. For 7ft entrances this equates to a minimum distance of 8ft 3in, and for 8ft entrances a minimum of 9ft 3in.

Hoistway and Pit Prep Work for HydroFit Elevators

4. Prior to the start of installation, provide a dry, properly framed, enclosed, and vented hoistway in accordance with all applicable codes.
5. Provide a clear plumb hoistway with variations from the size shown on the Otis layout not to exceed 0 in / +1 in (25 mm).
6. Install per Machine Room Prep Work, Machine Space Prep Work and Electrical Requirements.

   Provide a rough opening for and install a 3 ft X 7 ft (914 mm x 2137 mm) standard fire rated interior door on one side of the hoistway, as shown on the Otis layout. The machine space access door must not be on an outside wall. When determining the location of the machine space door, the dimension on the Otis layout is from the inside door edge of the jamb and not the door stop edge. Please be advised that this door location is very critical. Follow door manufacturing instructions for the different types of hoistway wall material and make the appropriate adjustments so that this door will be placed in the proper location.

   The door frame must be securely mounted to the wall to sustain a cantilevered / horizontal force exerted by the electrical disconnect(s), electrical conduit, and wiring up to an approximate 325 lb (47 kg) load. Install per Machine Room/Space Prep Work and Electrical Requirements. The door hand and opening are dependent on configuration, see the general contractor guide or talk to your Otis representative.
7. Provide adequate rail bracket supports, bracket spacing as required by governing code, from pit floor to top of hoistway. For steel or wood frame construction, adequate backing for a rail bracket to be installed should be not less than 10 ft – 3 in (3124 mm) or more than 11 ft – 3 in (3429 mm) from the top landing. Provide separator beams, where required. Rail-bracket attachment supports must be exposed and flush with the clear hoistway line.

   If the floor-to-floor height exceeds the maximum bracket spacing allowed by the elevator code, Otis requires some form of steel support to properly attach our guide rail brackets. The maximum allowed bracket spacing is indicated in the rail force and bracket detail table on elevator layout. Any rail bracket mounting surfaces that are not in line with the finished hoistway dimension (i.e. the clear hoistway line) may need to be extended to meet the required distance. Otis agrees to provide guidance on this matter at the appropriate time.

   If rail bracket embedded plates or inserts are provided by Otis, they shall be installed by others in accordance with Otis documentation and instructions.

   If vertical tube steel is utilized as rail support, see the Otis layout for any specific requirements.

   When a machine space is used, with a second-floor controller/tank location, provide adequate Tank Stand supports flush with the hoistway wall when the following hoistway construction material is used; cmu block, steel frame, or wood.

   The support can be any of the following: header beams, steel tube, inserts or embedded plates at locations specified as per Otis layout.

   Note: When a support is provided, it should be able to withstand the force shown on Otis contract layout for seismic and non-seismic conditions.

   Concrete hoistway walls do not require Tank Stand supports.
8. Furnish a dry pit reinforced to sustain vertical forces on car rails and impact loads on cylinder head(s) and buffer(s). The pit must be dry and clean. The elevator pit must have a floor drain or sump pump to prevent the accumulation of water. Location to be coordinated with Otis to avoid all elevator components and access areas. In areas requiring fire fighters emergency operation (FEO) a sump pump/drain shall be provided that shall have the capacity to remove a minimum of 11.4 m3/h (3,000 gal/h) per elevator (ASME

A17.1/CSA B44 latest applicable code year section 2.2.2.5). Otis recommends that the owner verify the drain or sump pump system is in compliance with all applicable codes and laws

9. In jurisdictions enforcing A17.1-2019/B44:19 and earlier editions of the Elevator & Escalator Safety Code, provide and install a fixed vertical iron ladder in each pit as required by governing code and located per Otis layout or as coordinated with your local Otis representative. Ladder width and pit wall pocket requirements are shown in the pit plan view on the Otis layout. For entrance heights of up to 7' (2134mm) the top rung of the ladder must be even with the bottom landing. For entrance heights greater than 7' (2134mm) the top rung must be 12" (305mm) above the bottom landing. Hand grips must be provided to a height of 4' (1219mm) above the bottom landing. Hand grips must have 4-1/2" (114mm) radial clearance, from their centerline to any obstruction in the hoistway. (Refer to the detail views for typical ladder arrangement) If pit depth is greater than 9' 10" (3000mm) [13' 9" (4191mm) with no floor below bottom landing], a pit access door is required.

10. In jurisdictions enforcing A17.1-2022/B44:22 or later editions of the Elevator & Escalator Safety Code, provide and install a vertical iron ladder that includes a switch for pit ladder detection that has a positively open contact that complies to UL/CSA 60947 as per A17.1/B44:22 or later edition, section 2.2.4.2.7 when a person is detected on the ladder in each pit as required by governing code. Ladder shall be located per Otis layout or as coordinated with your local Otis representative. Ladder width and pit wall pocket requirements are shown in the pit plan view on the Otis layout. For entrance heights of up to 7' (2134mm) the top rung of the ladder must be even with the bottom landing. For entrance heights greater than 7' (2134mm) the top rung must be 12" (305mm) above the bottom landing. Hand grips must be provided to a height of 4' (1219mm) above the bottom landing. Hand grips must have 4-1/2" (114mm) radial clearance, from their centerline to any obstruction in the hoistway unless rungs, cleats, or steps are provided above the access door sill to the top of the ladder. (Refer to the detail views for typical ladder arrangement). If pit depth is greater than 9' 10" (3000mm) [13' 9" (4191mm) with no floor below bottom landing], a pit access door is required. Please contact your local Otis representative to coordinate selection of this equipment.

11. TOP and BOTTOM landings (and the MAIN landing where applicable) are not to be constructed until after all elevator equipment is installed in the hoistway. The entire front wall must be open for installation with the following rough opening dimensions (to be shown on layouts):

    - Rough Opening Width = CLEAR HOISTWAY WIDTH

    - Rough Opening Height = 2642mm (8'8") for a 2134mm (7') entrance height.

    2947mm (9'8") for a 2438mm (8') entrance height.

    Remaining front entrance walls are not to be constructed until after door frames and sills are in place.

    The rough openings, per sizes shown on the Otis layout, are required. Prior to the completion and turnover of the elevator(s), all entrance walls must be installed and rough openings filled in complete to maintain fire rated hoistway requirements.

12. A.) Protection from Falls:

    As required by the Occupational Safety and Health Administration (OSHA) 1926.502 B) (1-3), a freestanding removable barricade at each hoistway opening at each floor. Barricades shall be 42 in (1067 mm) high, with mid-rail and kick board, and withstand 200 lbs (90.7 kg) of vertical and horizontal pressure

    B.) Protection from Falling Objects:

    As required by the Occupational Safety and Health Administration, (OSHA) 1926.502(j), hoistway protection from falling debris and other trades materials by either:

    i. Full entrance screening/mesh in front of all elevator entrances

ii. Secured/controlled access to all elevator lobbies (lock and key) with posted Notice "only elevator personnel beyond this protection."

Notes:

Items A.) and B.) can be integrated systems.

Hoistway barricades and screening shall be constructed, maintained and removed by others.

13. Provide adequate support at all fastening points of each entrance. Provide plumb vertical surfaces for entrances and sill supports, one above the other, and square with the hoistway. For 4 ft -0 in (1219 mm) and 4 ft -6 in (1372 mm) two-speed door arrangements, an additional hoistway attachment point is required for an auxiliary support bracket under the sill assembly in the center of the clear door opening. Finish floor and grout, if required, between doorframes to sill line. A horizontal support is to be provided 1 ft – 0 in (305 mm) above the clear opening at the top landing to support the door frame assembly. If floor heights exceed 12 ft – 0 in (3658 mm), a horizontal support is to be provided 1 ft – 0 in (305 mm) above the clear opening. If transoms are required, the support would be 1 ft - 0 in (305 mm) above the transom height.
14. Provide and install a steel, I-beam shaped hoist beam per elevator, from side wall to side wall at the top of the hoistway, capable of withstanding a maximum net live load of 5000 lbs. (2268 kg). Otis requires 2 in (51 mm) clear above the beam. For passenger duty cars, an area consisting of the width by 16" depth on the rear side of the hoist beam must be left clear to the top of the hoistway. For hospital/service duty cars, an area consisting of the width by 16" depth on the front side of the hoist beam must be left clear to the top of the hoistway.

    Provide and install a second steel, I-beam shaped safety beam from side wall to side wall at the top of the hoistway, capable of withstanding a minimum net live load of 5000 lb (2268 kg) per elevator. Reference Otis Layout for location. A 4" minimum clearance is required from top of beam to top of hoistway.
15. Glass used in hoistway construction must block ≥ 98% of incident full spectrum ultraviolet radiation for the full height of the hoistway.
16. If an emergency door in a blind hoistway is required, provide an outward swinging single section type door with door closer and a self-closing barrier per ASME A17.1-2007, section 2.11.1.2. Contact your local Otis personnel for a detailed drawing (AAA26900D_FMI), showing Otis specific requirements.
17. In jurisdictions enforcing A17.1-2022/B44:22 or later editions of the Elevator & Escalator Safety Code, and where Emergency Responder Radio Communication Devices (Coax cable and Access panels) are located in the hoistway, these devices shall be installed in a location that does not interfere with elevator equipment

Machine Room / Machine Space Prep Work for Hydrofit Elevators

18. Provide a suitable dry machine room with access and ventilation in accordance with all applicable codes and regulations. The machine room is to be maintained at a temperature between 60° F (15.5° C) and 100° F (38° C). The machine space will be in the hoistway behind the metal door installed per Hoistway and Pit Prep Work above with ventilation in accordance with all applicable codes and regulations. The machine space is to be maintained at a temperature between 32° F (0° C) and 104° F (40° C). Relative humidity is not to exceed 95% non-condensing. Local codes may require tighter temperature ranges. The temperature and humidity range shall be permanently posted in the machine room/machine space. Please check with your local code authority for the exact requirements in your area.
19. Machine room and Machine space doors to meet code compliant fire resistive construction. When a machine room is used, provide a self-closing (local building code dependent) and self-locking door with a group 2 locking device. When a machine space is used, provide a standard 3 ft x 7 ft (914 mm x 2137 mm) self-closing (local building code dependent) and self-locking metal door with a group 2 locking device in the hoistway per Otis layout. In addition, ensure that all air gaps around the machine room / machine

space door(s) are sealed (i.e. threshold, weather stripping, etc.) The self-closing mechanism cannot protrude into the machine space at any time. The machine space doorknob shall have a blank plate on the hoistway side of the door.

20. When a machine space is used, Otis will provide a metal shroud and metal shroud cover to be mounted on the hoistway side of the machine space door frame, per Otis layout. The metal shroud will accommodate the mounting of the main electrical feeder system, fused disconnect switch or circuit breaker for car lighting, and the convenience outlet. Conduit knockouts through the metal shroud cover will be required as needed to access the disconnect switches or circuit breakers and convenience outlet. See Electrical Requirements.
21. Header Supports must be provided by the general contract at any floor with a floor-to-floor height of 12 ft or greater. These supports are necessary for our entrance frames to secure to and must be located between 10 ft and the rough opening height called out for in the shop drawings.
22. [Note: Consult with the Otis Representative at your location concerning the metal shroud mentioned above for machine space applications.]
23. [Refers to elevators with remote machine rooms requiring buried piping and wire way] Provide trenching and backfilling as necessary to accommodate remote machine room conditions.

Fire Prevention Prep Work for HydroFit Elevators

24. Provide hoistway walls designed and constructed in accordance with the required fire rating (including those places where elevator fixture boxes, rail bracket fastenings penetrate the hoistway walls).
25. In the United States, provide smoke detectors, located as required, with wiring from the sensing devices to the controller(s) designated by Otis.
    a. For each group of elevators, provide a normally closed contact representing the smoke detector at the designated return landing.
    b. For each group of elevators, provide a normally closed contact representing all smoke detectors located in lobbies, hoistways, or machine rooms / machine space, but not the smoke detector at the designated return landing (see above) or the smoke detectors as described in i. and ii. below:
        i. If a smoke detector is located in the hoistway at or below the lower of the two recall landings, it shall be wired to activate the same normally closed contact as the smoke detector located in the lobby at the lower of the two recall landings.
        ii. If machine rooms / machine space is located at the designated return landing, the smoke detectors located therein shall be wired to activate the same normally closed contact as the smoke detector at the designated landing.
    c. Requirements for intermittently illuminating the fire hat visual signal in the car operating panel, either i. or ii. apply.
        i. For a single unit or for a group of elevators having one common machine room / machine space and one common hoistway, provide one additional normally closed contact representing the machine room / machine space and hoistway smoke detectors.
        ii. If the group contains more than one hoistway and hoistway smoke detectors are installed, or if the group has more than one machine room / machine space, provide one normally closed contact for each elevator. The contact is to represent the smoke detector in the machine room / machine space for that particular elevator, and any smoke detectors in the hoistway containing that particular elevator.
    d. In jurisdictions enforcing A17.1-2019/B44:19 or later editions of the Elevator & Escalator Safety Code, and where fire alarm initiating devices are located in the hoistway, access panels that are rated

and listed for the application and comply to A17.1-2019/B44:19 requirement 2.8.2.4 shall be provided and located in areas not to interfere with elevator equipment. See Otis contract layout and coordinate with local Otis representative.

26. In Canada, provide smoke detectors, located as required, with wiring from the sensing devices to the controller(s) designated return landing.
    a. For each group of elevators, provide a normally closed contact representing the smoke detector at the designated return landing and, if provided, from the sensing device in the pit.
    b. For each group of elevators, provide a normally closed contact representing all smoke detectors located in elevator lobbies, but not the smoke detector at the designated return landing (see above) and, if provided, from the sensing device in the top of the hoistway.
    c. For each group of elevators, provide a normally closed contact representing the smoke detector in the elevator machine room / machine space(s).
    d. If the machine room / machine space is located at the designated return landing, the smoke detectors located therein shall be wired to activate the same normally closed contact as the smoke detector at the designated landings. When a machine room is used, for each group of elevators, provide in addition to the above, a normally closed contact representing the sensing devices in the machine room and, if provided, in the pit or at the top of the hoistway (for the Fire Hat in the Elevator).
    e. In jurisdictions enforcing A17.1-2019/B44:19 or later editions of the Elevator & Escalator Safety Code, and where fire alarm initiating devices are located in the hoistway, access panels that are rated and listed for the application and comply to A17.1-2019/B44:19 requirement 2.8.2.4 shall be provided and located in areas not to interfere with elevator equipment. See Otis contract layout and coordinate with local Otis representative.
27. In the United States, if sprinklers are installed in the hoistway or machine room / machine space(s), a means to automatically disconnect the mainline power supply to the affected elevator and any other power supplies used to move the elevator, upon or prior to the application of water is required (unless prohibited by local code). Smoke detectors shall not be used to activate sprinklers in hoistways or machine rooms / machine spaces or to disconnect the mainline power supply.
28. Provide and "ABC" fire extinguisher, minimum 10 lbs, in the machine room or in a location convenient to the machine space.

Electrical Requirements for HydroFit Elevators

29. All 125-volt, 15 or 20 ampere single phase receptacles installed in pits, machinery spaces, and elevator car tops shall be of ground fault circuit interrupter (GCFI) type. All 125-volt, 15 or 20 ampere single phase receptacles installed in machine rooms / spaces shall have GFCI protection. A dedicated single-phase receptacle supplying a permanently installed pit sump pump shall not require GFCI protection National Electrical Code [NEC620-85 or CEC Rule 38-085].
30. Furnish a dedicated, balanced, 3-phase, 3-wire electrical feeder system with a separate solidly grounded equipment grounding conductor terminating in the machine room / space. Size of the feeders and grounding conductor to suit elevator power characteristics. Feeder conductors and grounding conductor must be copper. A fused disconnect switch or circuit breaker capable of being locked in the open position for each elevator per the National Electrical Code (ASME/NFPA 70) or Canadian Electrical Code (C22.1) with feeder or branch wiring to the controller (NEC 620-51, 620-61(D), and 620-62 or CEC Rule 38-013(2)(a)must be provided. Fuses are to be current limiting class RK1 or equivalent. Circuit breakers are to

have current limiting characteristics equivalent to class RK1 fuses. Fuses or circuit breakers are to be time delay to cover the full load up accelerating current as listed in the Otis Confirmation of Power Supply Form.

[**Note:** If the 3 phase power to the control system is simulated (not from the utility), by use of a phase converter system, the phase converter must have all three phases balanced. Digital phase converter is required.]

Furnish a separate 120-volt, 15 ampere single phase branch circuit and SPST fused disconnect switch or circuit breaker capable of being locked in the open position to supply the car lights, receptacles, auxiliary lighting power source, and ventilation on each car in compliance with the National Electrical Code must be provided.

When a machine room is used and where practical, disconnects shall be located adjacent to the door of the machine room enclosure. When a machine space is used, disconnects or circuit breakers shall be located behind the door of the machine space per Otis layout.

Branch circuit wiring to each controller (NEC 620-53 or CEC Rule 38-053) must be provided.

For machine room applications, a convenience outlet and a suitable light, of not less than 200 Lux (19 fc) as measured at the floor level must be provided in the machine room with a light switch located within 18 in (456 mm) of lock jamb side of machine room door.

For machine space applications, a convenience outlet located inside the machine space door and a suitable light located outside the machine space door on the lock jamb side, of not less than 200 Lux (19 fc) as measured at floor level must be provided per Otis layout. The machine space light circuit shall be a dedicated circuit separate from other lighting circuits (NEC 620-24 or CEC Rule 38-024)'

A convenience outlet and light fixture of not less than 100 Lux (10 fc) as measured at the pit floor level must be in the pit with a light switch located adjacent to the pit access door (NEC 620-24 or CEC Rule 38-024). The light bulb(s) shall be externally guarded to prevent contact and accidental breakage.

[Note: consult with the Otis Construction Superintendent at your location concerning the following paragraph.]

To meet the date upon which the elevators are to be turned over, the permanent 3 phase feeder system and protective devices must be installed and power available prior to the start of elevator installation.

31. Provide 120-volt, 20 ampere power for lights, tools, welding, hoisting, etc. to the hoistway during installation. Source must be within 75 ft (22.86 m) of the hoistway.

Fire Suppression

Apex Fire Protection

DIR #1000006088 LIC # 954286

PROPOSAL

PROJECT: **Fremont Middle School Reconstruction (New / Admin - MPR & Bldg 100 Only)**
1130 North M Street Oxnard,CA 93030

DATE: 10.30.2025 **BID #:** 2024-00844-RE.1

We hereby propose to install an Automatic Fire Sprinkler System for the project reference above, our price is based on plans and specifications provided ***(TKLSC ARC. / ADDENDUM #1 & Exhibit# A to F / FIRE PROTECTION DRAWING)*** ,any work above and beyond this plan will be at extra cost, also assumption has been made that existing water supply is adequate.

SCOPE OF WORK:

1. Following fire protection drawing to install wet pipe automatic fire sprinkler system throughout building. (***PER FIRE PROTECTION DRAWING***)
2. Design, installation and testing per NFPA13 standard and all authorities having jurisdiction. Submittals Product data sheets,Shop drawings (if applicable) as required by structural engineer, architect, MEP designers.
3. Complete overhead system, Riser assembly including, tamper, flow detector and electric bell. Fire sprinkler work will start from inside building 6" AFF provided from underground piping by others "site contractor". **(Fire Line underground By others)**
4. Complete fire sprinkler head in Drops,Line up With Light Sprinkler Head for light hazard occupancy.Fully sprinkler concealed spaces for Ordinary & Light Hazard Occupancy with Brass sprinkler heads supply and install.Provide heat shields for sprinkler heads if required. (**SPRINKLER TYPE PER SPEC. & FP DRAWING)**
5. Seismic bracing.All thrust blocks, supports, strapping, hangers, braces, etc necessary for a complete stabilize system including required calculations therefor. (**PER DSA REQUIREMENT)**
6. Fire Caulking for Fire sprinkler piping penetration. **(Sound caulking -Done by others)**
7. Provide all labor, materials and adequate supervision to expedite the job at all times.

EXCLUSIONS:

Any water or fire service fees, any electrical wiring or 24 hour monitoring system, smoke detectors, any painting of pipe, any fire extinguisher, any drywall, concrete and stucco painting, Demo or patching, any plan deficiencies or Structural Engineering., any over time work, any fire pumps or reservoirs" Water Tank", any kitchen equipment foam system, welding of grease duct nipples or specialty hanging devices, any in rack sprinklers, any fire watch, any dry chemicals or Clen Agent special hazards, site work fire Hydrants, water meter fees, any P&P Bounding fees.

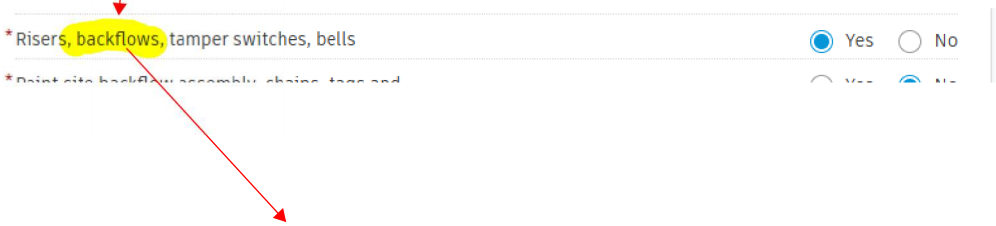
Unless noted otherwise:
We propose hereby to furnish material and labor(the price of this project is based on prevailing wage), complete in accordance with above specifications for the sum of:

SCHEDULE OF VALUE:

ADMIN BLDG: $150,000.00 *BLDG. 100 (TWO STORY) : $680,000.00* *MPR BLDG.: $210,000.00*

DESIGN & BUILD FIRE SPRINKLER PRICE : $1,040,000.00

NOTE: THIS PRICE INCLUDED ALL TAX AND PERMIT FEES.* ** UNDERGROUND PIPING NOT INCLUDED.***



ADD ALTERNATES TO ABOVE BASE BID:

1) Maintain MEP - BIM Coordination. (IR REQUIRED) **$28,700.00**
2) UNDERGROUND FIRE LINE 5FT OUT CONNECTION ***Three BLDG. $66,200.00***
3) P&P Bond additional cost. (IR REQUIRED) **$30,800.00**

NOTE: Apex SBE (DGS#2010005) (LAUSD#238220) (METRO#8920)

** The price of this project is based on prevailing wage & UNION installer - PLA.*
This price is valid for 90 days from the date of the proposal.

By Others

This item is not included, as it will be performed by the site contractor under the fire line underground scope.)

By Others

FIRE PROTECTION

CA State License #1126847, DIR#2000006955

626-290-0395 wilkesfireprotection@yahoo.com

October 30, 2025

The following pricing is for the New Fremont Middle School, in Oxnard, CA. This will meet NFPA code requirements for new construction.

New Construction Work:

The Fire Sprinkler system will be new black steal pipe. System will have mains and branch lines to install for pendant/upright sprinklers.

New fire sprinkler risers with control valve, drain valve, flow switch and tamper switches are new and part scope of work. All seismic restraints are new per NFPA installed under this scope.

Work Included:

- Plans, Permits and insurance as require.
- All inspections required.
- All piping to be install per NFPA #13 requirements.

- Install fire sprinkler to proper location.
- Piping starts at P.O.C from underground

Work Excluded:

- Painting of exposed sprinkler pipe.
- Fire Alarms/Fire Bells
- Fire Caulking
- Patching or covering any holes

- **Price Breakdown**
  We propose hear by to furnish material and labor - complete in accordance with the above specifications for $1,160,000 dollars.
- Any alterations or deviation from above specifications involving extra costs will be executed only upon written order, and will become extra charge over and above the estimate. All agreements contingent upon strikes, accidents, or delays beyond our control.

Respectfully, Casey Wilkes

I. PROJECT OVERVIEW

McCall/EMCOR is pleased to offer the following proposal to perform Plumbing work for the above-mentioned project. This proposal is a complete bid in accordance with plans and specifications dated 1/17/2025 as prepared by SVA Architects subject to the following scope, exclusions, and clarifications. Addenda 1 is acknowledged.

II. BID DOCS

A. Specification Sections: 220500, 220519, 220523, 220529, 220553, 220716, 221110, 221116, 221123, 221313, 221316, 221323, 221413, 223300, 224000.

B. Plumbing Drawings: P0.1, P0.2, P0.3, P1.0, P2.01, P2.02, P2.10, P2.11, P2.20, P2.20A, P2.20B, P2.21, P2021A, P2.21B, P2.22, P2.22A, P2.22B, P4.1, P4.2, P4.3, P4.4, P4.5, P4.6, P4.7, P5.1, P6.3.

III. COST

A. Plumbing Base Bid: ..... $2,499,902.
B. Add for Bond: ..... 1%.

This proposal is valid until 11/30/2025.

IV. PROJECT INCLUSIONS

A. Equipment, Material & Labor.
B. Freight & Handling.
C. Material Lifts.
D. Excavation & Backfill for All Plumbing Trenches.
E. Plumbing utility hookups for food service and OFCI Items limited to final connection of water and waste only. I.e. faucets for sinks would be mounted by food service, drains and garbage disposal would be mounted by food service, and final set of fixtures to be by food service.
F. Seismic Bracing for Plumbing systems.
G. Firestopping as required for plumbing systems.
H. Below grade Site natural gas piping as shown on sheet P1.0.

V. PROJECT EXCLUSIONS

A. Dewatering of any nature.
B. Demo work or safe off of any nature.
C. Temporary water or sewer hookup for site or trailers. Can be provided for additional costs if needed.
D. Concrete cutting or demo of any nature.
E. HVAC work. Bidding only Plumbing. (HVAC Condensate drains included)
F. HB-1 tagged on schedule but not shown on plans anywhere so not included. For reference all restrooms don't show hose bibs for cleaning and aren't included.
G. Cast iron below grade pipe to be direct buried not bagged.

H. Architectural downspouts.
I. Concrete Placement.
J. Bim Coordination.
K. Waterproofing.

VI. CLARIFICATIONS

A. Plumbing bid is based solely on the P sheets and scope detailed within. Any missed scope with Civil, Food Service, Landscape, etc. isn't assumed to be covered by Plumbing unless detailed on P sheets.
B. Proposal assumes all work in phase#1 to be Available at same time. For example, when mobilizing for underground we are going to do (1) bldg. and move to next bldg. etc. No long duration gaps between structures.

VII. STANDARD INCLUSIONS & EXCLUSIONS

VIII. TERMS AND CONDITIONS

A. Contractor will perform the services ("Services") set forth in the attached proposal ("Proposal").
B. Contractor will perform the Services during normal working hours, Monday through Friday, unless specified otherwise in writing by Contractor. If Customer requests that Contractor provide Services on an expedited basis and/or outside normal working hours, Customer shall pay all additional charges for freight, labor, or materials according to Contractor's established rates and fees.
C. If Contractor determines that other work beyond the Services is required, such work shall not constitute a part of the Services, and Contractor will provide Customer with a quotation for such work.
D. Customer agrees to (i) provide safe and reasonable access, and any other assistance as is reasonably necessary, so that Contractor can perform the Services and (ii) remove and replace/refinish any part of the work site that must be disturbed so Contractor can perform the Services.
E. Contractor shall not perform any service that concerns hazardous materials, and shall have no responsibility for remediation, accumulation, storage, transportation, or disposal of any hazardous materials generated by Customer or present at the work site.
F. Contractor shall not be required to perform any Services where hazardous materials are present or where Contractor suspects the presence of hazardous materials, and Contractor immediately may stop providing Services in either instance and notify Customer of the circumstance giving rise to the stoppage.
G. Customer agrees to pay Contractor the lump sum or time and materials rates set forth in the Proposal, and all excise, sales, use, occupation or other similar taxes connected with Contractor's performance of the Services.
H. Customer's payment is due net 30 days from date of invoice, and late payment to Contractor shall be subject to interest at the rate of one and one-half percent (1½ %) per month, not to exceed the maximum amount allowed by applicable law. Contractor may cease providing Services, including warranty services, if Customer fails to make any payment that is due and owing.
I. Materials provided will be free from defects for one (1) year from the date of the Services or to the extent of the manufacturer's warranty, whichever the lesser. Workmanship provided will be good and of a workman-like standard for sixty (60) days from the date of the Services. During the applicable warranty period, Contractor promptly shall repair or replace, at its sole option and at its own expense, any defective materials or workmanship during normal working hours (for defective materials, Contractor only will provide (i) warranty coverage to the extent that Contractor is able to enforce liability against the manufacturer and (ii) necessary labor at its own expense for sixty (60) days from the date of the Service and during normal working hours). Customer's sole and exclusive warranty is the repair or replacement set forth herein. If Customer requests that Contractor provide warranty services on an expedited basis and/or outside normal working hours, Customer shall pay all additional charges for freight, labor, or materials according to Contractor's established rates and fees.
J. Contractor's warranty applies only to materials and workmanship furnished by Contractor. Contractor's warranty shall be null and void if (i) Customer fails properly to operate and maintain equipment and/or the system for which Services were provided, (ii) acts of vandalism or other alterations or modifications occur that affect the equipment and/or the system for which Services were provided, or (iii) Customer subsequently has another contractor provide goods or services that affect to the Services.

K. Contractor shall not be liable for any delay, or loss or damage arising therefrom, and shall be entitled to additional time for the Services, if the delay is caused by an occurrence beyond the reasonable control of Contractor.

L. Contractor is not responsible for equipment and/or system design deficiencies, obsolete equipment or systems, equipment or systems beyond serviceable life, or electrical failures, and Customer shall remain obligated to pay for Services if the Proposal properly was performed but the Services do not remedy the condition giving rise to the Proposal because of the foregoing.

M. Contractor shall not be liable for operation of any equipment or system, nor for injury to person or damage to property, except to the extent such injury or damage is caused by the negligent acts or omissions of Contractor, and only to the proportionate extent of Contractor's negligence.

N. Under no circumstances, whether arising out of contract, tort (including negligence), strict liability, warranty or otherwise, shall either party be liable to the other for special, indirect, incidental, consequential, exemplary or punitive damages of any nature.

O. In no event shall Contractor's aggregate liability to Customer exceed an amount that is the lesser of (i) the amount of the Proposal or (ii) the cost to Contractor to repair or replace the item giving rise to the claim.

P. This Proposal shall be governed by the laws of the State where the Services are performed, without giving effect to its conflict of laws provisions. Any action concerning the subject matter of this Proposal shall be commenced in the State court of such State, which shall have exclusive jurisdiction over such action. Any such action shall be submitted TO THE COURT ONLY for resolution, WITHOUT TRIAL TO A JURY. THE PARTIES HEREBY WAIVE ANY RIGHT TO A JURY TRIAL REGARDING ANY SUCH ACTION.

Q. This Proposal is expressly conditioned on the parties reaching mutually agreeable subcontract terms, and Mesa Energy Systems, Inc. reserves the right to edit and negotiate any form of subcontract agreement as a condition precedent to proceeding with any work set forth in this proposal.

R. Contractor shall be entitled to all fees and costs, including reasonable attorney's fees, incurred by it in any action to collect amounts due to it from Customer.

S. By signing the Proposal, Customer authorizes Contractor to perform the Services and agrees to these Terms and Conditions and those set forth in the Proposal. Customer further agrees that the Proposal and these Terms and Conditions constitute the parties' entire agreement, and any other documents generated or provided by Customer are intended only to create payment authority for Customer's internal purposes. No such Customer documents shall form a part of this agreement, or constitute a counteroffer, amendment, modification, or revision, and hereby are rejected by Contractor.

T. This proposal, including but not limited to pricing and schedule, is made contingent upon the work addressed herein not being adversely affected, either directly or indirectly, by the COVID-19 pandemic and/or the Corona virus. This proposal is further conditioned upon the parties agreeing, prior to beginning of any work and in writing as part of any contract/subcontract, that any (i) schedule issues (including, but not limited to, delay, acceleration, compression, interference, hindrance), (ii) overtime hours or added resources to perform work, (iii) shortages (whether as to labor, subcontracted services, materials, or supplies), (iv) change orders, extra work, or extra costs, or (v) inefficiency and impacts relating to the foregoing, that arise as a result of the COVID-19 pandemic or Corona virus will entitle contractor to a change order equitably addressing impacts to its time for performance and costs.

We hereby propose to furnish in accordance with specifications below, or on attached pages, all labor and materials necessary to complete the following:

We propose to provide the labor and material needed to complete the plumbing portion of the above-referenced project as shown on the plumbing plan sheets of plans dated January 17, 2019 as drawn by SAV Architects.

SEE ATTACHMENT "A" FOR ITEMS INCLUDED AND EXCLUDED

License #: 533836
DIR #: 1000004502
Tax I.D. #: 77-0132977

WE PROPOSE hereby to furnish material and labor – complete in accordance with above specifications, for the sum of:

Two Million Eight Hundred Twenty Three Thousand Four Hundred NO/100 dollars ($ **2,823,400.00**)

Payment to be made as follows:

All material is guaranteed to be as specified. All work to be completed in a substantial workmanlike manner according to specifications submitted, per standard practices. Any alteration or deviation from above specifications involving extra costs will be executed only upon written orders, and will become an extra charge over and above the estimate. All agreements contingent upon strikes, accidents or delays beyond our control. Owner to carry fire, tornado and other necessary insurance. Our workers are fully covered by Workmen's Compensation Insurance.

Authorized Signature Ryan Ramirez

Note: This proposal may be withdrawn by us if not accepted within **30** days.

ACCEPTANCE OF PROPOSAL The above prices, specifications and conditions are satisfactory and are hereby accepted. You are authorized to do the work as specified. Payment will be made as outline above.

Attachment "A"
PROPOSAL #15614

The following items are included in this proposal:

- Standard weight no hub cast iron waste and vent piping with Husky #SD 4000 no hub couplings for sanitary waste, vent, storm drain, and grease waste piping.
- Type L copper pipe with wrought copper solder type fittings for domestic water piping.
- Schedule 40 A53A threaded black pipe with 150# malleable iron threaded fittings for natural gas piping 2" and smaller.
- Schedule 40 A53A plain end black pipe with schedule 40 weld fittings for natural gas piping 2-1/2" and larger.
- Polyethylene SDR 11 pipe with butt fusion fittings for natural gas piping below grade.
- Fiberglass insulation with Zeston PVC fitting covers for domestic hot water piping.
- Fire stopping of required plumbing penetrations.
- Seismic bracing of required plumbing piping per SMACNA guidelines.
- Safe off of plumbing piping. Demolition by others.
- Storm drain, sanitary sewer and domestic cold water piping 5'0" beyond building.
- Plumbing fixtures as described in the plumbing fixture schedule.
- Installation of roof and overflow drains.
- Chlorination of new domestic water piping with certificate.
- Grease interceptor.
- Cathodic protection of underground metallic pipe.
- All work will be performed during regular hours from 7:00 AM to 3:30 PM Monday through Friday.

The following items are excluded from this proposal:

- Off hours, weekend or holiday work.
- Sewer, water and/or gas connection fees.
- Bonds.
- Gas meter relocation or upgrade fees.
- All toilet room accessories (i.e., grab bars, towel dispensers, partitions, etc.)
- Equipment pads.
- Asbestos or lead abatement.
- Site work.
- Haul off of excess spoils.
- Repairs to existing utilities or any underground piping not clearly identified prior to excavation.
- Delays in excavation caused by high water tables, rocky, or similar soil conditions.
- All electrical work needed for plumbing equipment, including low voltage electrical.
- Provision of SWPPP documents.
- Installation or maintenance of SWPPP.
- BIM coordination drawings.
- Elevator pit drains.
- Condensate piping not shown on drawings.

Re**: Fremont MS - pricing based on 100% DD Drawings**
Mechanical, Electrical and Plumbing

Our proposal and scope are based on the following documents:

- **Plan Set dated**: 1/17/2025
- **Specification dated:** 1/17/2025
- **Addendums:** #1 dated 10/22/2025
- **Exhibits:** A, B,C, D, E & F

- This proposal shall include the work reasonably interpreted as necessary to procure and construct the Mechanical, Electrical and Plumbing work as detailed by the documents referenced herein, subject to the following specific clarifications.

Mechanical Scope of Work:

Procure and installation of the new HVAC equipment as identified below:

- (48) York rooftop packaged units with Isolation curb **(Per Plan)**
- (1) Greenheck MUA unit and Isolation curb **(Per Plan)**
- (9) Mitsubishi Split systems, Fan coils ductless, cassette and horizontal discharge, and condensing units **(Per Plan)**
- (12) Greenheck exhaust Fans **(Per Plan)**
- (90) Vibro Acoustic Sound attenuators (**Per Specification)**
- (445) Price Air Distribution
- Smith MEP will furnish and install ductwork distribution per SMACNA standards.
- Exterior Insulation of concealed ductwork
- Roof square ductwork is internally lined
- Grease Duct is 16 g galvanized with fire master wrap
- **Alerton Controls as specified by Signet Controls system included (Per Specifications)**
- Final test and balance for new systems AABC 'S certified**, including Title 24**
- **Refrigeration pipe is soft copper, ACR where exposed to view**
- Start-up of mechanical equipment.
- Crane /Helicopter to set mechanical equipment

Electrical proposals and scope are based on the following documents:

Procure and installation of new electrical per electrical drawings.

- All wiring is figured in conduit as per general notes and specifications.
- Rough-in and install infrastructure are considered for data, TV and fire alarm systems.
- Safe off lighting, power, Mechanical, Data, Fire Alarm and demo by others include removal of fixtures, equipment, wiring, conduits, boxes, supports and straps as necessary.

Edison "B" Drawings: ADD ALT

- Provide and install (1) qty. 5" PVC UG existing Pullbox #3 to NEW Pullbox #4 and continuing path to Transformer Pad #5 approx. 970'.
- Provide and install (1) qty. Split Pull box 3'x5'x4' and (1) qty. 94"x72" pad.
- Includes trenching, backfilling and slurry.
- Cables, termination, de-energization and energizing by other.

Onsite Electrical Utility

- Provide and install (1) qty. 5" UG primary conduit encased in concrete from closes pullbox to SCE Switch slab box approx. 85'.
- Provide and install (3) qty. 3" Conduit stub out from SCE switch slab box approx. 85'.
- Provide and install (8) qty. 94"x72" slab box for site work.
- Provide and install (16) qty. 36"x60"x48" pull box for site work.
- Provide and install (5) qty. 36"x60"x48" pull box for EV Chargers.
- Provide and install (3) qty. 10"x17"x12" Concrete pullbox with Traffic Rated cover for site work.
- Provide and install (26) qty. 10"x17"x12" Concrete pullbox with Standard Rated cover for site work.
    - ADD Alt for Traffic Rated Cover for boxes located in planter
- Provide and install (1) qty. 10'x12'x6" Pad w/5'x8'-6"x60" Enclosure Edison UGS 535.1.
- Provide and install (1) qty. 5'x10'-6"x7" Vault Edison PMH.
- Hauling of excess dirt from trenching operations is included.
- All work to be performed in dirt – demolition of work area to be performed by others prior to start of trenching operations.
- Price includes private utility locating through Ground Penetrating Radar (GPR).

Distribution

- Provide and install (1) qty. 3000A SWBD "MSB" 480/277V 3P4W Nema3R 3-Section includes grounding assembly.
- Provide and install (1) qty. 1200A DB "DSHC" 480/277V 3P4W Nema3R includes grounding assembly.
- Provide and install (1) qty. 600A DB "DSHF" 480/277V 3P4W Nema3R.
- Provide and install (1) qty. 800A DB "DSLC" 208/120V 3P4W Nema3R.
- Provide and install (1) qty. 600A DB "DSLEV" 208/120V 3P4W Nema3R.
- Provide and install (1) qty. 600A DB "DSLG" 208/120V 3P4W Nema3R.
- Provide and install (7) qty. for Panel CL1, CL2, CL3, CL4, CL5, CL6 & CL7.
- Provide and install (2) qty. 100A for Panel CH1 & CH2.
- Provide and install (3) qty. 225A for Panel CH3, CH4 & CH5.
- Provide and install (2) qty. 100A for Panel GL1 & GL2.
- Provide and install (2) qty. 150A for Panel GL3 & GL4.
- Provide and install (3) qty. 225A for Panel AH1, AH2 & GH1.

- Provide and install (1) qty. 300A Panel GH2.
- Provide and install (1) qty. 225A Panel AL1.
- Provide and install (1) qty. 150A Panel AL2.
- Provide and install (1) qty. 100A Panel AL3.
- Provide and install (2) qty. 5kVA Single phase mini power zone for Panel PZ1 & PZ2.
- Provide and install (2) qty. 250kVA Transformers for TC & TF.
- Provide and install (1) qty. 150kVA Transformer for TG.
- Provide and install (1) qty. 45kVA Transformer for TA.
- Provide and install (1) qty. Panel CINV 60A 1P2W 277V.
- Provide and install (1) qty. 3kW Inverter AINV 1P2W 277V.
- Provide and install (1) qty. 5kW Inverter GINV 1P2W 277V.

Admin. Building
Lighting and Controls

- Provide and install (132) qty. Type 2 – 2'x2' Recessed per specification.
- Provide and install (17) qty. Type 2EM – Same as Type 2 with EM per specification.
- Provide and install (2) qty. Type 5EM – 1'x4' Flat panel surface mounted per specification.
- Provide and install (11) qty. Type 9B – Wall Sconce per specification.
- Provide and install (10) qty. Type 10 – 1.5'x4' Surface mounted per specification.
- Provide and install (9) qt. Type X1 – Surface mounted single phase exit sign per specification.
- Provide and install (1) qty. Type $ Single pole switch.
- Provide and install (26) qty. Type 2WAY-OS, manufacture TBD.
- Provide and install (5) qty. Type AC-DDL, manufacture TBD.
- Provide and install (19) qty. Type LVMS, manufacture TBD.
- Provide and install (7) qty. Type WMSB-OS, manufacturer TBD.
- Provide and install (1) qty. AINV inverter 3kW 1P2W 277V.
- Provide and install (1) qty. GINV inverter 5kW 1P2W 277V,
- Provide and install (1) qty. Panel CINV 60A 1P2W 277V Nema3R M.L.O.
- Provide and install (1) qty. Astronomical time clock and photocell.

Power Devices

- Provide, rough in and install (65) qty. Duplex receptacles.
- Provide, rough in and install (1) qty. Duplex receptacle above counter.
- Provide, rough in and install (56) qty. Duplex GFCI receptacles.
- Provide, rough in and install (6) qty. Duplex GFCI receptacles above counter.
- Provide, rough in and install (1) qty. Duplex GFCI controlled receptacle above counter.
- Provide, rough in and install (7) qty. Duplex GFCI W.P. receptacles.
- Provide, rough in and install (1) qty. Double Duplex controlled receptacle.
- Provide, rough in and install (2) qty. Double Duplex floor box receptacles.
- Provide, rough in and install (1) qty. 30A3P 250V receptacle for UPS.
- Provide, rough in and install (1) qty. 1WAY- OS.
- Provide, rough in and install (1) qty. 20A1P 120V motor rated switch for disposal.
- Provide, rough in and install (4) qty. J-Box and 20A1P 120V connection for Hand Dryers.
- Provide, rough in and install (1) qty. J-box and 20A1P 120V connection for Intercom/PA/Clock.

Mechanical/Plumbing

- Provide, rough in and install (3) qty. 15A1P Motor rated switch and hookup for EF-3.1, EF-3.2 & EF-3.3.
- Provide, rough in and install (1) qty. 15A1P Motor rated switch and hook up for FC-4.2
- Provide, rough in and install (2) qty. 15A1P Motor rated switch and hook up for outdoor unit (Note: 2.069).
- Provide, rough in and install (1) qty. 15A2P Motor rated switch and hook up for SFC-4.1.
- Provide, rough in and install (1) qty. 30A30F2P 250V Nem3R Disconnect and hook up for CU-4.1 & CU-4.2.
- Provide, rough in and install (14) qty. 30A15F3P 600V Nem3R Disconnect and hook up for Power exhausts.
- Provide, rough in and install (1) qty. 30A20F3P 600V Nema1 Disconnect and hookup for EWH-1.
- Provide, rough in and install (4) qty. 30A20F3P 600V Nem3R Disconnect and hook up for RTU-4.1, RTU-4.2, RTU-4.4 & RTU-4.5.
- Provide, rough in and install (5) qty. Duplex GFCI W.P. surface receptacles.
- Provide, rough in and install (14) qty. ¾" C.O. (spare) to respective control devices for control wiring (Note: 2.017).
- Provide, rough in and install (3) qty. ¾" C.O. (spare) to respective control devices for control wiring.

Fire Alarm

- All low voltage wiring, devices and termination provided and installed by others.
- Provide and install 20A1P 120V power to BMS and mount BMS furnish by other (Note: 2.070).
- Provide and install 20A1P 120V power to AMP-3 and mount AMP-3 furnish by other (Note: 2.070).
- Provide and install 20A1P 120V power to FAAP and mount FAAP furnish by other.
- Provide and install 20A1P 120V power to FACP and mount FACP furnish by other (Note: 2.070).
- Provide and install 20A1P 120V power to FAS and mount FAS furnish by other.
- Provide and install 20A1P 120V power to FATC-3 and mount FATC-3 furnish by other.
- Provide and install 20A1P 120V power to VECP and mount VECP furnish by other.
- Provide, rough in and install conduits and backboxes (1) qty. Type B.WP.
- Provide, rough in and install conduits and backboxes (1) qty. Type CR.
- Provide, rough in and install conduits and backboxes (2) qty. Type M.
- Provide, rough in and install conduits and backboxes (1) qty. Type MS.
- Provide, rough in and install conduits and backboxes (5) qty. Type S.WP.
- Provide, rough in and install conduits and backboxes (40) qty. Type SD.
- Provide, rough in and install conduits and backboxes (31) qty. Type SF.cd Ceiling.
- Provide, rough in and install conduits and backboxes (1) qty. Type TS.
- Provide, rough in and install conduits and backboxes (1) qty. Type WF.
- Provide, rough in and install (3) qty. 42"x72"xTBD concrete pullbox. Shown on EFA1.01.

Access Control

- All low voltage wiring, devices and termination provided and installed by others.
- Provide, rough in and install conduits and boxes for (3) qty. single doors.

Audio/Video

- All low voltage wiring, devices and termination provided and installed by others.
- Provide, rough in and install (1) qty. A/V stub up to accessible ceiling only.

Data/Tele/TV

- All low voltage wiring, devices and termination provided and installed by others.
- Provide, rough in and install (24) qty. A/V stub up to accessible ceiling only.
- Provide, rough in and install (1) qty. TV stub up to accessible ceiling only.
- Provide, rough in and install (5) qty. WAP by other.

Intercom/Clock

- All low voltage wiring, devices and termination provided and installed by others.
- Provide, rough in and install (20) qty. clock stub up to accessible ceiling only.

Security

- All low voltage wiring, devices and termination provided and installed by others.
- Provide, rough in and install (4) qty. MD-Motion Detectors ceiling backboxes only.
- Provide, rough in and install (3) qty. SC-Security Cameras wall/ceiling backboxes only.

Elevator

- Provide and install (1) qty. Single pole surface W.P. switch.
- Provide and install (2) qty. 4' Surface mounted for wet location.
- Provide and install (2) qty. ¾" C.O. to main telephone board.
- Provide and install (2) qty. J-Box for call box.
- Provide and install (3) qty. Duplex GFCI W.P. surface receptacle.
- Provide and install (1) 30A20F2P 600V lockable disconnect for cab lighting and receptacles.
- Provide and install (1) qty. 60A60F3P 600V disconnect and hookup for Elevator pump.
- Provide and install ½" C.O. from disconnect switch auxiliary contacts to elevator controller.
- Provide, rough in and install conduits and backboxes (1) qty. Type S.
- Provide, rough in and install conduits and backboxes (6) qty. Type CR.
- Provide, rough in and install conduits and backboxes (4) qty. Type M.
- Provide, rough in and install conduits and backboxes (2) qty. Type PH.
- Provide, rough in and install conduits and backboxes (1) qty. Type R.
- Provide, rough in and install conduits and backboxes (2) qty. Type SD.
- Provide, rough in and install conduits and backboxes (2) qty. Type HD.

MPR/Food Service Building
Lighting and Controls

- Provide and install (24) qty. Type 1 – High performance pendant per specification.
- Provide and install (2) qty. Type 3 – 2'x4' recessed troffer per specification.
- Provide and install (73) qty. Type 4 – 1'x4' surface mounted per specification.
- Provide and install (23) qty. Type 4EM – Same as Type 4 with EM per specification.
- Provide and install (20) qty. Type 5 – 1'x4' Flat panel surface mounted per specification.
- Provide and install (10) qty. Type 5EM – Same as Type 5 with EM per specification.
- Provide and install (1) qty. Type 6 – 6" LED downlight, wide beam reflector per specification.
- Provide and install (13) qty. Type 9B – Wall sconce per specification.
- Provide and install (8) qty. Type 10 – 1.5'x4' surface mounted per specification.
- Provide and install (12) qty. Type X1 – Surface mounted single phase exit sign per specification.

- Provide and install (2) qty. Type $ - Single pole switch.
- Provide and install (45) qty. Type 2WAY-OS, manufacture TBD.
- Provide and install (1) qty. Type AC-DDL, manufacture TBD.
- Provide and install (20) qty. Type LVMS, manufacturer TBD.
- Provide and install (8) qty. Type WMSB-OS, manufacture TBD.

Power Devices

- Provide, rough in and install (2) qty. 4Gang Floor Box.
- Provide, rough in and install (18) qty. Duplex receptacles.
- Provide, rough in and install (6) qty. Duplex receptacles above counter.
- Provide, rough in and install (15) qty. Duplex GFCI receptacles.
- Provide, rough in and install (6) qty. Duplex GFCI W.P. receptacles.
- Provide, rough in and install (16) qty. Double duplex receptacles.
- Provide, rough in and install (1) qty. Double duplex surface receptacle.
- Provide, rough in and install (4) qty. J-Box with 20A1P 120V power and hookup for Hand dryers.
- Provide, rough in and install (1) qty. Key switch for (2) backboards.
- Provide, rough in and install (4) qty. 20A1P Motor switch surface for backs top motor.
- Provide, rough in and install (2) qty. 30A30F3P 250V Nema1 Disconnect and hookup for Bleacher Motor.
- Provide, rough in and install 3.4" C. from CRS-1 and CRS-2 to CER-1 with wire as indicated on Theatric lighting plan.
- Provide, rough in and install ¾" C. from stage managers panel (SMP) to adjacent control receptacle station (CRS) with wire as indicated on Theatric lighting plan.

Mech./Plumbing

- All low voltage wiring, devices and termination provided and installed by others.
- Provide, rough in and install (1) qty. 15A1P Motor rated switch and hookup for EF-2.6
- Provide, rough in and install (2) qty. 20A1P Motor rated switch and hookup for CP-1 and CP-2.
- Provide, rough in and install (1) qty. 30A20F3P 600V Nema1 disconnect and hookup for EWH-1.
- Provide, rough in and install (3) qty. 40A1P 600V Nema1 Disconnect and hook up for EWH-2.
- Provide, rough in and install (1) qty. 60A40F3P 600V Nema1 disconnect and hookup for EWH-3.
- Provide, rough in and install (4) qty. 15A1P Motor rated switch and hookup for EF-2.1, EF-2.2, EF-2.3 & EF-2.4.
- Provide, rough in and install (1) qty. 15A3P Motor rated switch and hookup for EF-2.5.
- Provide, rough in and install (1) qty. 30A20F3P 250V Nema3R Disconnect and hookup for MAU-1.
- Provide, rough in and install (3) qty. 30A30F2P 250V Nem3R Disconnect and hook up for CU-3.1, CU-3.2 & CU-3.3.
- Provide, rough in and install (7) qty. 30A20F3P 600V Nem3R Disconnect and hook up for Power exhausts.
- Provide, rough in and install (22) qty. ¾" C.O. (spare) to respective control devices for control wiring (Note: 2.017).
- Provide, rough in and install (8) qty. Duplex GFCI W.P. surface receptacles.

Fire Alarm

- All low voltage wiring, devices and termination provided and installed by others.
- Provide and install 20A1P 120V power to FAPS-2 and mount FAPS-2 furnish by other.
- Provide and install 20A1P 120V power to AMP-2 and mount AMP-3 furnish by other.
- Provide, rough in and install conduits and backboxes (1) qty. Type B.WP.

- Provide, rough in and install conduits and backboxes (38) qty. Type CO.
- Provide, rough in and install conduits and backboxes (7) qty. Type CR.
- Provide, rough in and install conduits and backboxes (6) qty. Type F.cd Ceiling.
- Provide, rough in and install conduits and backboxes (26) qty. Type HD.
- Provide, rough in and install conduits and backboxes (3) qty. Type M.
- Provide, rough in and install conduits and backboxes (9) qty. Type S.WP.
- Provide, rough in and install conduits and backboxes (13) qty. Type SD.
- Provide, rough in and install conduits and backboxes (26) qty. Type SF.cd Ceiling.
- Provide, rough in and install conduits and backboxes (1) qty. Type TS.
- Provide, rough in and install conduits and backboxes (1) qty. Type WF.

Access Control

- All low voltage wiring, devices and termination provided and installed by others.
- Provide, rough in and install conduits and boxes for (1) qty. Double Door.

Audio/Video

- All low voltage wiring, devices and termination provided and installed by others.
- Provide, rough in and install (5) qty. A/V stub up to accessible ceiling only.
- Provide, rough in and install (1) qty. PR stub up to accessible ceiling only.
- Provide, rough in and install (3) qty. S stub up to accessible ceiling only.
- Provide, rough in and install (1) qty. TP stub up to accessible ceiling only.

Data/Tele/TV

- All low voltage wiring, devices and termination provided and installed by others.
- Provide, rough in and install (3) qty. Tele/Data stub up to accessible ceiling only.
- Provide, rough in and install (1) qty. ALS stub up to accessible ceiling only.
- Provide, rough in and install (2) qty. ANT stub up to accessible ceiling only.
- Provide, rough in and install (1) qty. TV stub up to accessible ceiling only.
- Provide, rough in and install (8) qty. WAP by other.

Intercom/Clock

- All low voltage wiring, devices and termination provided and installed by others.
- Provide, rough in and install (5) qty. clocks stub up to accessible ceiling only.

Security

- All low voltage wiring, devices and termination provided and installed by others.
- Provide, rough in and install (11) qty. MD-Motion Detectors ceiling backboxes only.
- Provide, rough in and install (6) qty. SC-Security Cameras wall/ceiling backboxes only.

Kitchen

Power Devices

- Provide, rough in and install (12) qty. 1Gang Duplex receptacle floor box.
- Provide, rough in and install (23) qty. Duplex receptacles S.S. covers.
- Provide, rough in and install (1) qty. Duplex receptacles ceiling S.S. covers.
- Provide, rough in and install (1) qty. Duplex GFCI receptacles S.S. covers.
- Provide, rough in and install (1) qty. J-Box with 20A1P 120V power and hookup for Air Curtain.

- Provide, rough in and install (1) qty. J-Box with 20A1P 120V power and hookup for Hand dryers.
- Provide, rough in and install (1) qty. J-box with 20A1P 120V power and hookup for Hood.
- Provide, rough in and install (1) qty. J-box with 50A3P 240V power and hookup for Vegetable Washing System.

Mech./Plumbing

- All low voltage wiring, devices and termination provided and installed by others.
- Provide, rough in and install (2) qty. 20A2P 208V power and hookup for cooler and freezer evaporator coils.
- Provide, rough in and install (1) qty. 60A50F3P 250V Nema1 disconnect and hookup for Remote Refrigeration Rack.
- Provide, rough in and install (1) qty. 60A40F1P 600V Nema1 disconnect and hook up for EWH-2.
- Provide, rough in and install (1) qty. 15A2P Motor rated switch and hookup for FC-3.1.
- Provide, rough in and install (2) qty. Type $ - Single Pole Surface Switch.
- Provide, rough in and install (2) qty. Type $ - Single Pole Surface W.P. Switch for Walk in Freezer and Cooler.

Low Voltage

- All low voltage wiring, devices and termination provided and installed by others.

Fire Alarm

- Provide and install conduits and boxes for (1) qty. Type F.P.
- Provide and install conduits and boxes for (1) qty. Type F.S.

Access Control

- Provide and install conduits and boxes for (1) qty. Single door.

100 Building (Classroom)

Lighting and Controls

- Provide and install (147) qty. Type 3 – 2'x4' recessed troffer per specification.
- Provide and install (28) qty. Type 3EM – Same as Type "3" with EM per specification.
- Provide and install (49) qty. Type 4 – 1'x4' surface mounted per specification.
- Provide and install (8) qty. Type 4EM – Same as Type 4 with EM per specification.
- Provide and install (63) qty. Type 6 – 6" LED downlight, wide beam reflector per specification.
- Provide and install (32) qty. Type 6EM – Same as Type "6" with EM per specification.
- Provide and install (34) qty. Type 9 – Wall sconce per specification.
- Provide and install (18) qty. Type 10EM – 1.5'x4' Surface mounted with EM per specification.
- Provide and install (32) qty. Type 13 – Peak top standard per specification.
- Provide and install (4) qty. Type 13EM – Same as Type "13EM" with EM per specification.
- Provide and install (292) qty. Type 20 – 2'x4' TBD and confirmed.
- Provide and install (13) qty. Type X1 – Surface mounted single phase exit sign per specification.
- Provide and install (6) qty. Type X2 – Surface mounted double phase exit sign per specification.
- Provide and install (3) qty. Type $ - Single Pole Switch
- Provide and install (67) qty. Type 2WAY-OS
- Provide and install (2) qty. Type AC-DDL
- Provide and install (40) qty. Type LVMS
- Provide and install (13) qty. Type WMSB-OS

Power Devices

- Provide, rough in and install (200) qty. Duplex receptacles.

- Provide, rough in and install (1) qty. Duplex surface receptacle.
- Provide, rough in and install (20) qty. Duplex GFCI receptacles.
- Provide, rough in and install (25) qty. Duplex GFCI receptacles above counter.
- Provide, rough in and install (4) qty. Duplex GFCI W.P. surface receptacles.
- Provide, rough in and install (36) qty. Double duplex receptacles.
- Provide, rough in and install (3) qty. Double duplex GFCI receptacles.
- Provide, rough in and install (1) qty. 30A3P 250V surface receptacle for UPS.
- Provide, rough in and install (82) qty. 3Gang box for Power/Data/TV.
- Provide, rough in and install (65) qty. J-Box ceiling with 120V (Homeruns).
- Provide, rough in and install (20) qty. J-Box with 20A1P 120V power and hookup for Hand dryers.

Mech./Plumbing

- All low voltage wiring, devices and termination provided and installed by others.
- Provide, rough in and install (1) qty. 15A1P Motor rated switch and hookup for EF1.3.
- Provide, rough in and install (3) qty. 15A2P Motor rated switch and hook up for FC-1.1, FC-1.2 & FC-1.3.
- Provide, rough in and install (2) qty. 20A1P Motor rated switch and hookup for CP-1.
- Provide, rough in and install (2) qty. 20A2P Motor rated switch and hookup for EF-1.1 & EF-1.2.
- Provide, rough in and install (1) qty. 20A2P Motor rated switch and hook up for SFC 2.1.
- Provide, rough in and install (4) qty. 30A30F2P 250V Nema3R Disconnect and hookup for CU-1.1, CU-1.2, CU-1.3 & CU2.1.
- Provide, rough in and install (36) qty. 30A20F3P 600V Nema3R disconnects and hook up for RTU-1.1 thru RTU-2.9.
- Provide, rough in and install (16) qty. 30A20F3P 600V Nem3R Disconnect and hook up for Power exhausts.
- Provide, rough in and install (2) qty. 60A40F1P 600V Nema1 Disconnect and hook up for EWH-1.
- Provide, rough in and install (79) qty. ¾" C.O. (spare) to respective control devices for control wiring (Note: 2.017).
- Provide, rough in and install (17) qty. Duplex GFCI W.P. surface receptacles.

Access Control

- All low voltage wiring, devices and termination provided and installed by others.
- Provide, rough in and install conduits and boxes for (3) qty. Single Door.
- Provide, rough in and install conduits and boxes for (1) qty. Double Door.

Audio/Video

- All low voltage wiring, devices and termination provided and installed by others.
- Provide, rough in and install (39) qty. A/V stub up to accessible ceiling only.

Data/Tele/TV

- All low voltage wiring, devices and termination provided and installed by others.
- Provide, rough in and install (57) qty. Tele/Data stub up to accessible ceiling only.
- Provide, rough in and install (1) qty Data stub up to accessible ceiling only.
- Provide, rough in and install (97) qty. TV stub up to accessible ceiling only.
- Provide, rough in and install (1) qty. BS stub up to accessible ceiling only.
- Provide, rough in and install (1) qty. CS stub up to accessible ceiling only.
- Provide, rough in and install (40) qty. WAP by other.
- Provide, rough in and install (44) qty. 2" Sleeves thru wall.

- Provide, rough in and install (100) qty. 4" Sleeves thru wall.

Intercom/Clock

- All low voltage wiring, devices and termination provided and installed by others.
- Provide, rough in and install (31) qty. clock stub up to accessible ceiling only.

Security

- All low voltage wiring, devices and termination provided and installed by others.
- Provide, rough in and install (43) qty. MD-Motion Detectors ceiling backboxes only.
- Provide, rough in and install (8) qty. SC-Security Cameras wall/ceiling backboxes only.

Fire Alarm

- All low voltage wiring, devices and termination provided and installed by others.
- Provide and install 20A1P 120V power and mount AMP-1 and AMP-1.2, furnished by other.
- Provide and install 20A1P 120V power and mount FAPS-1 and FAPSA-1.2, furnished by other.
- Provide and install 20A1P 120V power and mount FATC-1.1 and FATC-1.2, furnished by other.
- Provide, rough in and install conduits and backboxes (1) qty. Type B.WP.
- Provide, rough in and install conduits and backboxes (8) qty. Type CR.
- Provide, rough in and install conduits and backboxes (6) qty. Type F.cd Ceiling.
- Provide, rough in and install conduits and backboxes (61) qty. Type HD.
- Provide, rough in and install conduits and backboxes (6) qty. Type HD.B.WP.
- Provide, rough in and install conduits and backboxes (5) qty. Type M.
- Provide, rough in and install conduits and backboxes (1) qty. Type R.
- Provide, rough in and install conduits and backboxes (11) qty. Type S.WP.
- Provide, rough in and install conduits and backboxes (136) qty. Type SD.
- Provide, rough in and install conduits and backboxes (67) qty. Type SF.cd Ceiling.
- Provide, rough in and install conduits and backboxes (2) qty. Type TS.
- Provide, rough in and install conduits and backboxes (2) qty. Type WF.

Site/Landscape

Lighting and Controls

- Provide and install (7) qty. Type 9 – Wall sconce per specification.
- Provide and install (10) qty. Type 9A – High performance outdoor 20' pole light per specification.
- Provide and install (14) qty. Type 9C – High performance outdoor pole light per specification (height TBD).
- Provide and install (1) qty. Type 9D – High performance outdoor 20' pole light per specification.
- Provide and install (7) qty. Type 10 – 1.5'x4' Surface mounted per specification.
- Provide and install (7) qty. Type 12 – Wall spotlight with precision spot per specification.
- Provide and install (9) qty. Type 13 – Peak top standard LED bollard per specification.
- Provide and install (14) qty. Type 14 – High performance outdoor 20' pole light per specification.
- Provide and install (39) qty. 24"x5'6" concrete pole bases for Type 9A, 9C, 9D and 14.
- Provide and install (9) qty. concrete base for Type 13 – LED bollards.

Power Devices/Misc.

- Provide and install Lamson & Sessions #E945 Series PVC Expansion Coupling for Each conduit crossing footings of buildings.
- Provide and install temporary power to existing irrigation backflow pump.

- Provide and install power, hook up and 1" C. for controls to (1) qty. Marquee sign.
- Provide and install 1" C. Stub out at northwest corner of generator enclosure.
- Provide and install power to East-2-Enter fire access gate.

EV Charger

- All low voltage wiring, devices and termination provided and installed by others.
- Provide, rough in and install (4) qty. 40A2P 208V for EVSE Chargers.
- Provide and install (4) qty. concrete base for EVSE Chargers.
- Provide, rough in and install (13) qty. 1" C.O. for (13) qty. future EVCS Charger feeders.
- Startup and programming by others.

Low Voltage

- All low voltage wiring, devices and termination provided and installed by others.
- All conduits below is fed from MPR Electrical room nearest pullbox to Site Utility enclosure and stub out approximately 85' from building.
- Data/Tele - Provide and install 3" PVC conduits.
- Fire Alarm - Provide and install 2" PVC conduits.
- Public Address - Provide and install 2" PVC conduits.
- Intrusion Detection - Provide and install 2" PVC conduits.
- Clock - Provide and install 2" PVC conduits.
- EMS - Provide and install 2" PVC conduits.
- Spare - Provide and install (2) x 3" PVC conduits.

Generator

- All low voltage wiring, devices and termination provided and installed by others.
- Provide and install 10kW Gas generator, 100A ATS-01 3P 600V Nema3R, mushroom "EM" push button, remote annunciator panel with 1" conduit, sub-base 25 gallon fuel tank, stage 1 sound attenuated weather protective enclosure, dedicated 20A1P 120V circuit for battery charger, 20A1P 120V circuit for jacket water heater.

Solar Power

- Provide and install 400A250F3P 600V disconnect to PV system at parking structure.

Trenching for Landscape, Parking, and Utility

- Includes excavation, trenching and backfill all trenches with native soil.
- Hauling of excess dirt from trenching operations is included.
    - Light Pole Base Dirt Export up to 40 CY.
    - Site Utility Dirt Export up to 755 CY.
    - Fire Alarm Dirt Export up to 90 CY.
- All work to be performed in dirt – demolition of work area to be performed by others prior to start of trenching operations.
  Price includes private utility locating through Ground Penetrating Radar (GPR).

Smith
MECHANICAL - ELECTRICAL -PLUMBING
LIC. NO. 420418
1340 W. BETTERAVIA RD. SANTA MARIA CA 93455
PHONE (805) 621-5000

Plumbing Scope of Work:

Procure and installation of the new Plumbing equipment and fixtures as identified below.

Plumbing Fixtures/Equipment

- (39) WC-1
- (19) WC-2
- (8) U-1
- (7) U-2
- (16) L-1
- (36) L-2
- (4) SS-1
- (5) DF-1
- (3) S-1
- (34) S-2
- (8) S-3
- (52) TMV-1
- (16) TP-1
- (11) ETP-1
- (7) HB-2
- (12) RHB-1
- (40) FD-1
- (3) FS-1
- (3) FS-2
- (14) RD/OD-1
- (17) RR-1
- (6) WHA-1
- (3) EWH-1
- (4) EWH-2
- (1)EWH-3
- (3) CP-1
- (1) CP-2
- (1) GI-1
- (1) Seismic Gas Valve
- (1) Gas Pressure Regulator

Plumbing Inclusions and Project Approach:

1) Pipe, valves and fittings per drawings listed above.
2) Piping systems included in our proposal:
    - Sanitary waste/vent will be CI No-Hub (Below Grade) & CI No-Hub (Above Grade).
    - Grease Waste/vent will be CI No- Hub (Below Grade) & CI No-Hub (Above Grade).
    - Storm Drain & Overflow drain will be CI No-Hub (Below Grade) & CI No-Hub (Above Grade)
    - Domestic cold/hot water/above grade will be type L copper with soldered joints.
    - Natural Gas will be PE Pipe (Below Grade) SCH 40 BLK iron and fittings (Above Grade)
    - Condensate Drains will Be Type L Copper with solder joints
    - Pipe insulation for domestic hot water and condensate
    - Connection of kitchen fixtures (provided by others)
3) Startup of plumbing equipment is included

3) Excavation/backfill/bedding for our underground piping systems.
4) Plumbing fixtures per plan and schedule.
5) Chlorination of the domestic water systems.
6) Pipe insulation of domestic hot water (per Title-24 requirements).
7) Fire stopping of plumbing penetrations.
8) Roof flashings, pipe identification, valve tags, sleeves.
9) Seismic bracing is included per CBC guidelines.
10) Coordination, supervision, as-built drawings, close-outs documents, O&Ms.
11) Sanitary waste will be 5' out of building
12) Grease waste will be 3' in/out of Grease Interceptor

Mechanical Exclusions and Work Performed by Others:

- **BIM Modelling -See Alternate Add below**
- **Acoustic Lagging per M5.1 #2 -See Alternate Add below**
- **SD-1.9 #5 Hanger rod support 2x filler block needed for hanger strap installation, and for all equipment**
- **Unistrut hanger OPM PP43-13 Fig M4.12 (There is no M4.12)**
- **Return air filters if HVAC system is used to acclimate any space M0.1 Cal Green Notes #3**
- **Duct Cleaning**
- **Smoke Fire dampers – None shown**
- **(1) Kitchen Hood, hangers and installation.**
- **Interconnection between MUA and EF-1 to the ansul system**
- **MPR Exposed ductwork painting, quoted galvanized ductwork**
- **Rigid insulation at roof curbs M5.1 Notes 2,3**
- **M5.1 note #9 roof duct support base**
- **Unistrut Hangers SD-1.9, 4 OPM 0043-13, as there is no sheet M4.12**
- **SD-1-9 # 5 Wood blocking**
- Smith MEP will not perform any cutting and patching of surfaces. We will provide all necessary block-out drawings for all ductwork penetrations of ceilings, walls, roofs, and floors for use by others to provide and install required block-outs. Structural reinforcement for all openings is to be provided by others.
- **All supplemental strut, steel, channel or plate to install plumbing piping hangers and supports, If hangers and supports cannot be attached directly to the metal deck or directly to building structural steel supplemental steel shall be provided by others.**
- This proposal is provided on the basis that project coordination and project activity schedule will be managed by the prime contractor, such that rough-in work will be completed by Smith MEP prior to the installation of interior walls, other than those mutually agreed upon walls that are not constructible after plumbing and ductwork installation. Note that when walls are installed prior to duct, piping, and plumbing installation, the openings must be oversized to accommodate duct flanges. This will necessitate additional wall patching, which is not included in our scope of work.
- Bonds, Permits and Plans Check Fees.
- Parking and/or Shuttling.
- General Contracting Work: Cutting, Plastering, Patching, Painting, Stenciling, Concrete/Asphalt Demo and Patch Back, Structural Supports, Equipment Pads, Saw Cutting, Blocking, Block Outs, Cores.
- Backing, Framing, Carpentry Work (I.e., Framing, Blocking, Blocking, Block Outs, etc.) Whether Shown or Not.
- Fire Protection, Fire Sprinklers, Housekeeping Pads
- Gas, Electrical, Hydronics, **DDC Controls**, Plumbing, Engineering, CAD drawings (2d or 3d).
- Final Cleaning
- Demolition, Hazardous Material Removal
- Commissioning Documents and/or Support.
- Curbs on Metal Roofing, Duct or Equipment Supports on Metal Roofing

- Seismic Calc's
- Concrete Supports
- HERS Testing
- Furnish and Install of Access Panels and/or Architectural Louvers
- Disconnects, Condensate Lines, Pressure Switches
- Trash, Dumpsters and Spoils Removal
- Any Temporary Utilities or Services including but not limited to electrical lighting, water, climate control, chillers, and air handlers.
- Early Activation of Mechanical, Electrical, and/or Plumbing Systems and Extended Warranty.
- Liquidated Damages, Consequential Damages or Costs for Schedule Improvements Not Mutually Agreed upon Prior to Award of Work.
- Miscellaneous Metal, Flashings, Downspouts, Gutters, Door Louvers, Waterproofing, Expansion Flashing and Metal Roofing are Excluded. (Unless specifically indicated otherwise in Bid Proposal.)
- 120 Volt and Above Conduit and Wire, 24 Volt Conduit, Electrical Conduit, Electrical Connections, Disconnects, Motor Starters, Smoke Detectors and or Speed Controllers
- Ceiling Wires for Registers and Grilles T-Bar Ceilings.
- **Fire Caulking and Acoustical Caulking** Unless Specifically indicated otherwise in the bid proposal is excluded.
- All Site Utilities
- Fume Hoods and Kitchen Hoods. (Duct connections to fume hoods and kitchen hoods are included.)
- Startup of Existing Equipment.
- Water Heater and Boiler Flue Pipe. (Unless specifically indicated otherwise in bid proposal.)

Electrical Exclusions and Work Performed by Others:

1) Demolition
2) AQMD Permit for generator
3) Temporary power and/or lighting
4) Sawcut and coring
5) Concrete light pole bases (anchor bolts will be provided by Smith and bases to be poured by others)
6) Concrete equipment and/or housekeeping pads
7) Controls connection to Marquee sign (destination for connection is not shown or called out on the drawings)
8) Cords with male plugs for any food service equipment (all equipment should be provided with a cord and plug for connection to a power receptacle)
9) PV structure to be provided and installed by others (Smith will only provide and install the electrical components of the PV system)
10) Trench plates for trenches open for an extended period
11) Parking and shuttling
12) All backing and supplemental steel
13) Access panels
14) All permits, inspections, and utility fees
15) General contracting work: cutting, patching, roofing, dumpsters, all painting, concrete/asphalt demo and patch back, coring, hazardous material removal, concrete pits/basins and concrete equipment pads
16) Cutting, patching, and painting of finished surfaces
17) Engineering/design/plan check/city assessment/permit fees
18) Landscape and irrigation system
19) Traffic control
20) De-watering, sub-surface systems and waterproofing barriers
21) Premium time and/or shift work
22) Misc. supplemental structural steel for pipe and equipment supports
23) Import and export of excess soil (excess will be stored on site)
24) Any handling, receiving or installation of owner furnished items
25) Restroom accessories, dispensers, and partitions

26) Acoustic caulking
27) Kitchen appliances
28) Any casework openings, penetrations, or modifications
29) Composite cleanup cost
30) Attic stock or extra parts for any plumbing furnished items
31) Special inspections/testing/x-ray or any concrete X-ray/GPR Scanning
32) Liquidated damages, consequential damages or costs for schedule improvements not mutually agreed upon prior to award of work

Qualifications:

- Labor escalation is included through *December 31, 2025*. If the project is extended requiring originally contracted scope to occur beyond this date, Smith MEP will request remuneration for the anticipated union collective bargaining labor rate increase effective after this date.
- All work is figured continuous per the CPM schedule once commenced.
- Bid is based on the referenced drawings/correspondence received prior to bid.
- Any work not specified or illustrated on drawings will be submitted as a change order and based on the MCA labor-estimating manual.
- This proposal or its narrative intent is to be part of any and all contract documents.
- Work areas are figured to be freely accessible and unencumbered.
- Contractor to provide (2) surveyed reference points on each deck of construction.
- Building plumbing will terminate at 5'-0 outside of exterior foundation.

Plumbing Exclusions and Work Performed by Others:

1) **Exclude all down spouts**
2) **All Backing and Supplemental Steel**
3) **Kitchen Equipment and Fixtures, Owner provided and installed, Smith MEP to hook up**
4) **Repair of kitchen equipment and fixtures**
5) **Concrete/asphalt Patching**
6) Parking and shuttling.
7) Tile shower/bath surrounds.
8) All backing and supplemental steel.
9) Access panels.
10) All permits, inspections, and utility fees.
11) BIM Lead Coordination
12) General contracting work: cutting, patching, roofing, dumpsters, all painting, concrete/asphalt demo and patch back, coring, hazardous material removal, concrete pits/basins and concrete equipment pads.
13) Cutting, patching, and painting of finished surfaces.
14) Engineering/design/plan check/city assessment/permit fees.
15) Certification for weights and measures of water sub-meters.
16) Balcony drains and planter drains.
17) Gas piping to residential units.
18) Landscape and irrigation system.
19) HVAC/Mechanical work, general sheet metal work and trough/sheet-metal pans.
20) Temporary plumbing, electrical or ventilation services except as noted above.
21) Site/Civil work, connections to public utilities. Any Plumbing Beyond 5' outside the building.
22) Traffic control.
23) De-watering, sub-surface systems and waterproofing barriers.
24) Premium time and/or shift work.

25) Misc. supplemental structural steel for pipe and equipment supports.
26) Performance and payment bond or bid bond.
27) Import and export of excess soils (excess will be stored on site).
28) Any handling, receiving or installation of owner furnished items.
29) Restroom accessories, dispensers, and partitions.
30) Acoustical caulking.
31) Kitchen appliances.
32) Any casework openings, penetrations, or modifications.
33) Insulation of domestic cold water (other than listed above), condensate, storm drain and sanitary waste.
34) Composite cleanup crew cost.
35) Manlifts and scaffolding.
36) Attic stock or extra parts for any plumbing furnished items
37) Special inspections/testing/x-ray or any concrete X-ray/GPR Scanning.
38) Liquidated damages, consequential damages or costs for schedule improvements not mutually agreed upon prior to award of work.

Clarifications:

- The BIM modelling process pricing, **if accepted** is based on two meetings a week for three months. All subsequent meetings will be a negotiated cost with the General Contractor
- Labor escalation is included through December 31, *2025*. If the project is extended requiring originally contracted scope to occur beyond this date, Smith MEP will request remuneration for the anticipated union collective bargaining labor rate increase effective after this date.
- All work is figured continuously according per the CPM schedule once commenced.
- Any work not specified or illustrated on drawings will be submitted as a change order and based on the MCA labor-estimating manual.
- This proposal or its narrative intent is to be part of all contract documents.
- Work areas are figured to be freely accessible and unencumbered.

- Purchasers agree to provide Smith Mechanical-Electrical-Plumbing with required field utilities (electricity,
- water, toilets, hoisting, elevator service, dumpsters), onsite parking/staging/laydown area.
- Purchaser shall furnish lines, grades, and elevations without charge.
- **Scheduling & Delays:** This offer is based on logical and timely scheduling of Smith MEP and other subcontractors' activities, allowing efficiency of performance, and avoiding interference between trades. Smith MEP shall not be liable for any delay in the performance of work resulting from or attributed to act or circumstances beyond Smith MEP's control, including, but not limited to, acts of God, fire, riots, labor disputes, condition of the premises, acts or omissions of the Purchaser, Owner, or other Contractors or delays caused by suppliers of Smith MEP.
  If Smith MEP delays cause delay and/or disruption to the Contract work, Smith MEP shall be liable for actual costs sustained by Contractor or for which it is liable to Owner. If Smith MEP delays are only one of multiple causes for delay to the Contract Work, Smith MEP shall only be liable for its proportionate share of any resulting damages.
  If Contractor or any party for which Contractor is responsible cause delay to Smith MEP's work, Contractor shall be liable for actual costs sustained by Smith Mechanical-Electrical-Plumbing.
- **Payments:** Retention to be held at same as Owner holds against General Contractor. In the event of retention reduction by the Owner to General, it will be passed on in like kind and at the same time to Smith MEP.
- It is the intent of the parties that receipt by General Contractor from the Owner of funds for WORK performed by SmithMEP is not a condition precedent to each payment to be made to Smith MEP

- **Insurance**: Our bid only includes the following insurance with the limits as listed:

Worker's Compensation	Statutory Limits
Employer's Liability	$1,000,000 each accident
	$1,000,000 disease policy limit
Commercial General Liability	$1,000,000 each occurrence

$2,000,000 aggregate
Comprehensive Automobile Liability $2,000,000 each accident
Any additional policies, coverage, riders, or limit increases will be extra and are not included in our bid amount.

Pricing:

Mechanical and Plumbing Scopes: .....**$ 8,313,000**
Mechanical, Electrical and Plumbing Scopes: .....**$ 15,279,000**

TARIFF & COMMODOTY PRICE FLUCTUATION CLARIFICATIONS:

- As the current US government administration continues its international trade negotiations and announces international trade tariffs, we are realizing rapid price fluctuations in raw materials, commodities and assembled components & equipment. As a result, our pricing can only be valid for only 10 days. If we see significant pricing fluctuations in the coming weeks, we will alert the project team and reserve the right to request remuneration. If monies can be made available to us immediately for pre-purchase or to "lock-in" current prices, we will work with our supplier community to support this effort and minimize price fluctuations.
  .

Our pricing can be protected with the quick approval of our proposal, execution of a mutually agreeable contract and payment schedule. This may require early purchasing, storage and payment of equipment and materials to maintain these costs. If early acquisition is not an option, then we will need to protect our rights to receive an equitable adjustment for the escalation of materials should this occur. Availability of these items may lead to a schedule issue at any time. We will keep you abreast of any changes and we look forward to working with you on this new project.

Pricing Terms and Conditions:
Smith MEP's pricing is valid for 30 days from the date of this letter. A one (1) year labor and material warranty is included commencing at substantial completion or owners beneficial use of these systems.

We are confident that Smith MEP's performance will be a valued contribution to the success of this project, and we look forward to the opportunity to join your construction team.

Project name: **Fremont Middle School**
Bid due date: **10-30-25** Bid due time: **2:00 pm** Addenda: **1**
Project #: **2023-40187** Estimator: **Jeff Boscarino**

Base Plumbing
Inclusions:

3D BIM & CAD
Chlorination of new domestic water piping.
Cold water piping.
Condensate drain piping.
Excavation, sand bedding & native soil backfill.
Firestopping.
Grease interceptor.
Hot water piping.
Insulation.
Natural gas piping.
Plumbing fixtures & equipment per plumbing schedule.
Roof drain piping.
Site natural gas piping.
Waste & vent piping.

Per plans: P0.1 Thru P6.3 Total of 26 pages. Dated 1-17-2025

Per specifications: Division 22 & plans listed above.

Classroom Bldg 1A:	$860,000.00
Classroom Bldg 1B:	$730,000.00
MPR Bldg 2:	$1,120,000.00
Admin Bldg 3:	$350,000.00
Base Plumbing Cost:	**$3,060,000.00**

Exclusions:

Aboveground fire protection sprinkler systems.
Acoustical caulking or sealants in floor/wall/ceiling/roof.
Adjusting existing piping, boxes, structures, fixtures, or equipment to grade.
Allowances.
Asphalt patch.
Asphalt, T cut and/or grinding asphalt.
Backfill with imported soil, gravel or slurry.
Bathroom partitions, dispensers & other accessories.
Boiler vents.
Bonds (our rate is 1.44%), fees, permits and plan check.
Cabinetry, casework, countertops & partitions.
Carpentry, framing or blocking.
CO detection & alarm systems.
Colaboration, management, payment or prequalification software.
Composite clean up.
Concrete (slabs, structural pads/walls/floors).
Concrete patch.
Coring.
Demolition of floors, walls, ceilings or roofs.
Demolition of piping, equipment or fixtures.
Demonstartion, training & filming exceeding 8 hours.
Dewatering.
Downspouts, gutters & drainage sheetmetal.
Electrical.
Enclosures.
Engineering.
Fencing & gates.
Fire rated access panels.
Fire watch for fire sprinkler shut downs.
Grading & local depressions.
Haul trash or excess excavation material offsite (Approx 487 CY).
Cold water insulation.
Hazardous substances/materials operations or abatement.
HVAC duct, drain pans, equipment, instrumentation & controls.
If this proposal is older than 90 days.
Irrigation Systems.
Kitchen equipment & fixtures.
Landscaping, planting & sod.
Low voltage systems.
Meters and vaults.
Off hours & overtime labor.
Offsite improvements.
Painting & patching.
Parking.
Personal guarantees.
Protect existing furnishings, floors, walls, ceilings, roofing.
Protect existing piping, structures, equipment or fixtures.
Reactivate buildings after a utility shut down.
Refrigeration equipment.
Rock excavation.
Roofing & roof penetration sealants.
Sawcut, break or remove concrete/asphalt.
Scaffolding.
Scanning, x-ray, GPR for rebar or utility location.
Site security.
Soil media for bioretention systems.
Soils Testing.
Storm Water Pollution Prevention.
Structural steel decking, framing or supports.
Survey.
Temporary facilities & utilities.
Thermal & moisure protection.
Waterproofing.
P-5.2. Missing plan from sheet Index.

Re: Fremont MS Reconstruction

Proposal

We are pleased with the opportunity to submit our HVAC proposal for the development of the above-mentioned project in Oxnard, CA. Based off drawings "DSA Application NO: 03-124778" dated "01/17/2025", Addendums 1 and HVAC Specifications. A brief narrative, description of inclusions, exclusions, qualifications, team approach, phasing and references are outlined below.

Services Specifically Included:

- Mechanical Sheets M0.1, M0.2, M0.3, M0.4, M0.5, M0.6, M0.7, M0.8, M0.9, M0.10, M0.11, M0.12, M0.13, M0.14, M0.15, M0.16, M0.17, M0.18, M2.01, M2.02, M2.03, M2.10, M2.11, M2.12, M2.20, M2.20A, M2.20B, M2.20C, M2.21, M2.21A, M2.21B, M2.21C, M2.22, M2.22A, M2.22B, M5.1, M5.2, M5.3, M5.4, M6.1, M6.2, M6.3
- Mobilization/preparations for mechanical rough-in
- (48) York RTU Per Plans – Furnished and Installed
- (9) Mitsubishi Split System Per Plans – Furnished and Installed
- (1) Greenheck MAU Per Plans – Furnished and Installed
- (91) ST Per Plans – Furnished and Installed
- (12) EF Per Plans – Furnished and Installed
- Alerton Controls Per Plan and Spec – Low Voltage Plenum Rated Wire and EMT Conduit
- Remote Cable Dampers Per Sheet M5.2 Note 4
- Stainless Steel Grease Duct – **Ansul, Fire Suppression, Hoods By Others**
- **Duct Lagging Per Plan Sheets and Detail**
- Insulation
- Independent Test and Balance
- Air distribution – supply diffusers, return and exhaust registers, liner bar diffusers per mechanical drawings
- Galvanized supply, return and exhaust ductwork built per Latest SMCNA Construction Standards
- Crane
- Daily cleanup
- Supervision of subcontractors
- Commissioning assist
- Check, test and start-up
- Submittals, shop drawings, operation & maintenance manuals, as-built drawings
- All labor, material, equipment and taxes for a complete and operable HVAC system

Total Fee: **$3,892,000.00**

Please Deduct for Carrier Rooftop Units and Fan Coils in Lieu of York: **($180,000.00)**
Carrier Units are a VE Option – May Not Meet Weights, Performance, or Specifications

Exclusions:

Liquidated Damages for Contractor Extended Overheard, Tarriff Price Increases, mold insurance, pollution

1740 Howard Place • Redlands, CA 92373 • Phone 909-307-2850 Fax 909-307-2853

SMACNA

insurance, professional liability, all pre-readings and duct pressure test; coring, X-raying; replacement of sheaves, belts and impellers; roof cutting & patching; hanger wire for all air distribution; warranties or repairs on existing equipment; remove ceiling and replacement as required for access; fire proofing; fire sprinkler lines; electrical - all line voltage, all conduit, starters, all disconnects, all relays; all plumbing – gas & condensate drains lines; wall & ceiling access panels; cutting & patching; framing; fire alarm, tie-ins; painting; concrete pads, wood equipment platforms, platform sheet metal covers; concrete breaking, concrete pads, structural calculations, sleepers, nailers, reports; structural steel – new and modifications; holidays; permits, bonds and fees, all demolition, painting, condenser coil coating, trenching/excavation/backfill, all permits, off hours, BIM, all gypboard, all existing, all demolition, all concrete; cutting; excavation; patch back, duct cleaning.

Clarification:

- ACHMCI signatory to Local 105
- Contractors State License #780560
- DIR #1000003396
- ACH Mechanical Contractors is certified as Minority Business Enterprise Certificate # SC07606 by the National Minority Supplier Development Council (NMSDC) and also approved with KNFS as a Diversity Contractor.
- Please add if Bond is required - Bond Amount 1%
- Specs

We appreciate the opportunity to quote you and look forward to working with you on this upcoming project. Should you have any questions please feel free to call me.

Respectfully,

Dino Gonzalez

Re**: Fremont MS - pricing based on 100% DD Drawings**
Mechanical, Electrical and Plumbing

Our proposal and scope are based on the following documents:

- **Plan Set dated**: 1/17/2025
- **Specification dated:** 1/17/2025
- **Addendums:** #1 dated 10/22/2025
- **Exhibits:** A, B,C, D, E & F

- This proposal shall include the work reasonably interpreted as necessary to procure and construct the Mechanical, Electrical and Plumbing work as detailed by the documents referenced herein, subject to the following specific clarifications.

Mechanical Scope of Work:

Procure and installation of the new HVAC equipment as identified below:

- (48) York rooftop packaged units with Isolation curb **(Per Plan)**
- (1) Greenheck MUA unit and Isolation curb **(Per Plan)**
- (9) Mitsubishi Split systems, Fan coils ductless, cassette and horizontal discharge, and condensing units **(Per Plan)**
- (12) Greenheck exhaust Fans **(Per Plan)**
- (90) Vibro Acoustic Sound attenuators (**Per Specification)**
- (445) Price Air Distribution
- Smith MEP will furnish and install ductwork distribution per SMACNA standards.
- Exterior Insulation of concealed ductwork
- Roof square ductwork is internally lined
- Grease Duct is 16 g galvanized with fire master wrap
- **Alerton Controls as specified by Signet Controls system included (Per Specifications)**
- Final test and balance for new systems AABC 'S certified**, including Title 24**
- **Refrigeration pipe is soft copper, ACR where exposed to view**
- Start-up of mechanical equipment.
- Crane /Helicopter to set mechanical equipment

Electrical proposals and scope are based on the following documents:

Procure and installation of new electrical per electrical drawings.

- All wiring is figured in conduit as per general notes and specifications.
- Rough-in and install infrastructure are considered for data, TV and fire alarm systems.
- Safe off lighting, power, Mechanical, Data, Fire Alarm and demo by others include removal of fixtures, equipment, wiring, conduits, boxes, supports and straps as necessary.

Edison "B" Drawings: ADD ALT

- Provide and install (1) qty. 5" PVC UG existing Pullbox #3 to NEW Pullbox #4 and continuing path to Transformer Pad #5 approx. 970'.
- Provide and install (1) qty. Split Pull box 3'x5'x4' and (1) qty. 94"x72" pad.
- Includes trenching, backfilling and slurry.
- Cables, termination, de-energization and energizing by other.

Onsite Electrical Utility

- Provide and install (1) qty. 5" UG primary conduit encased in concrete from closes pullbox to SCE Switch slab box approx. 85'.
- Provide and install (3) qty. 3" Conduit stub out from SCE switch slab box approx. 85'.
- Provide and install (8) qty. 94"x72" slab box for site work.
- Provide and install (16) qty. 36"x60"x48" pull box for site work.
- Provide and install (5) qty. 36"x60"x48" pull box for EV Chargers.
- Provide and install (3) qty. 10"x17"x12" Concrete pullbox with Traffic Rated cover for site work.
- Provide and install (26) qty. 10"x17"x12" Concrete pullbox with Standard Rated cover for site work.
    - ADD Alt for Traffic Rated Cover for boxes located in planter
- Provide and install (1) qty. 10'x12'x6" Pad w/5'x8'-6"x60" Enclosure Edison UGS 535.1.
- Provide and install (1) qty. 5'x10'-6"x7" Vault Edison PMH.
- Hauling of excess dirt from trenching operations is included.
- All work to be performed in dirt – demolition of work area to be performed by others prior to start of trenching operations.
- Price includes private utility locating through Ground Penetrating Radar (GPR).

Distribution

- Provide and install (1) qty. 3000A SWBD "MSB" 480/277V 3P4W Nema3R 3-Section includes grounding assembly.
- Provide and install (1) qty. 1200A DB "DSHC" 480/277V 3P4W Nema3R includes grounding assembly.
- Provide and install (1) qty. 600A DB "DSHF" 480/277V 3P4W Nema3R.
- Provide and install (1) qty. 800A DB "DSLC" 208/120V 3P4W Nema3R.
- Provide and install (1) qty. 600A DB "DSLEV" 208/120V 3P4W Nema3R.
- Provide and install (1) qty. 600A DB "DSLG" 208/120V 3P4W Nema3R.
- Provide and install (7) qty. for Panel CL1, CL2, CL3, CL4, CL5, CL6 & CL7.
- Provide and install (2) qty. 100A for Panel CH1 & CH2.
- Provide and install (3) qty. 225A for Panel CH3, CH4 & CH5.
- Provide and install (2) qty. 100A for Panel GL1 & GL2.
- Provide and install (2) qty. 150A for Panel GL3 & GL4.
- Provide and install (3) qty. 225A for Panel AH1, AH2 & GH1.

- Provide and install (1) qty. 300A Panel GH2.
- Provide and install (1) qty. 225A Panel AL1.
- Provide and install (1) qty. 150A Panel AL2.
- Provide and install (1) qty. 100A Panel AL3.
- Provide and install (2) qty. 5kVA Single phase mini power zone for Panel PZ1 & PZ2.
- Provide and install (2) qty. 250kVA Transformers for TC & TF.
- Provide and install (1) qty. 150kVA Transformer for TG.
- Provide and install (1) qty. 45kVA Transformer for TA.
- Provide and install (1) qty. Panel CINV 60A 1P2W 277V.
- Provide and install (1) qty. 3kW Inverter AINV 1P2W 277V.
- Provide and install (1) qty. 5kW Inverter GINV 1P2W 277V.

Admin. Building
Lighting and Controls

- Provide and install (132) qty. Type 2 – 2'x2' Recessed per specification.
- Provide and install (17) qty. Type 2EM – Same as Type 2 with EM per specification.
- Provide and install (2) qty. Type 5EM – 1'x4' Flat panel surface mounted per specification.
- Provide and install (11) qty. Type 9B – Wall Sconce per specification.
- Provide and install (10) qty. Type 10 – 1.5'x4' Surface mounted per specification.
- Provide and install (9) qt. Type X1 – Surface mounted single phase exit sign per specification.
- Provide and install (1) qty. Type $ Single pole switch.
- Provide and install (26) qty. Type 2WAY-OS, manufacture TBD.
- Provide and install (5) qty. Type AC-DDL, manufacture TBD.
- Provide and install (19) qty. Type LVMS, manufacture TBD.
- Provide and install (7) qty. Type WMSB-OS, manufacturer TBD.
- Provide and install (1) qty. AINV inverter 3kW 1P2W 277V.
- Provide and install (1) qty. GINV inverter 5kW 1P2W 277V,
- Provide and install (1) qty. Panel CINV 60A 1P2W 277V Nema3R M.L.O.
- Provide and install (1) qty. Astronomical time clock and photocell.

Power Devices

- Provide, rough in and install (65) qty. Duplex receptacles.
- Provide, rough in and install (1) qty. Duplex receptacle above counter.
- Provide, rough in and install (56) qty. Duplex GFCI receptacles.
- Provide, rough in and install (6) qty. Duplex GFCI receptacles above counter.
- Provide, rough in and install (1) qty. Duplex GFCI controlled receptacle above counter.
- Provide, rough in and install (7) qty. Duplex GFCI W.P. receptacles.
- Provide, rough in and install (1) qty. Double Duplex controlled receptacle.
- Provide, rough in and install (2) qty. Double Duplex floor box receptacles.
- Provide, rough in and install (1) qty. 30A3P 250V receptacle for UPS.
- Provide, rough in and install (1) qty. 1WAY- OS.
- Provide, rough in and install (1) qty. 20A1P 120V motor rated switch for disposal.
- Provide, rough in and install (4) qty. J-Box and 20A1P 120V connection for Hand Dryers.
- Provide, rough in and install (1) qty. J-box and 20A1P 120V connection for Intercom/PA/Clock.

Mechanical/Plumbing

- Provide, rough in and install (3) qty. 15A1P Motor rated switch and hookup for EF-3.1, EF-3.2 & EF-3.3.
- Provide, rough in and install (1) qty. 15A1P Motor rated switch and hook up for FC-4.2
- Provide, rough in and install (2) qty. 15A1P Motor rated switch and hook up for outdoor unit (Note: 2.069).
- Provide, rough in and install (1) qty. 15A2P Motor rated switch and hook up for SFC-4.1.
- Provide, rough in and install (1) qty. 30A30F2P 250V Nem3R Disconnect and hook up for CU-4.1 & CU-4.2.
- Provide, rough in and install (14) qty. 30A15F3P 600V Nem3R Disconnect and hook up for Power exhausts.
- Provide, rough in and install (1) qty. 30A20F3P 600V Nema1 Disconnect and hookup for EWH-1.
- Provide, rough in and install (4) qty. 30A20F3P 600V Nem3R Disconnect and hook up for RTU-4.1, RTU-4.2, RTU-4.4 & RTU-4.5.
- Provide, rough in and install (5) qty. Duplex GFCI W.P. surface receptacles.
- Provide, rough in and install (14) qty. ¾" C.O. (spare) to respective control devices for control wiring (Note: 2.017).
- Provide, rough in and install (3) qty. ¾" C.O. (spare) to respective control devices for control wiring.

Fire Alarm

- All low voltage wiring, devices and termination provided and installed by others.
- Provide and install 20A1P 120V power to BMS and mount BMS furnish by other (Note: 2.070).
- Provide and install 20A1P 120V power to AMP-3 and mount AMP-3 furnish by other (Note: 2.070).
- Provide and install 20A1P 120V power to FAAP and mount FAAP furnish by other.
- Provide and install 20A1P 120V power to FACP and mount FACP furnish by other (Note: 2.070).
- Provide and install 20A1P 120V power to FAS and mount FAS furnish by other.
- Provide and install 20A1P 120V power to FATC-3 and mount FATC-3 furnish by other.
- Provide and install 20A1P 120V power to VECP and mount VECP furnish by other.
- Provide, rough in and install conduits and backboxes (1) qty. Type B.WP.
- Provide, rough in and install conduits and backboxes (1) qty. Type CR.
- Provide, rough in and install conduits and backboxes (2) qty. Type M.
- Provide, rough in and install conduits and backboxes (1) qty. Type MS.
- Provide, rough in and install conduits and backboxes (5) qty. Type S.WP.
- Provide, rough in and install conduits and backboxes (40) qty. Type SD.
- Provide, rough in and install conduits and backboxes (31) qty. Type SF.cd Ceiling.
- Provide, rough in and install conduits and backboxes (1) qty. Type TS.
- Provide, rough in and install conduits and backboxes (1) qty. Type WF.
- Provide, rough in and install (3) qty. 42"x72"xTBD concrete pullbox. Shown on EFA1.01.

Access Control

- All low voltage wiring, devices and termination provided and installed by others.
- Provide, rough in and install conduits and boxes for (3) qty. single doors.

Audio/Video

- All low voltage wiring, devices and termination provided and installed by others.
- Provide, rough in and install (1) qty. A/V stub up to accessible ceiling only.

Data/Tele/TV

- All low voltage wiring, devices and termination provided and installed by others.
- Provide, rough in and install (24) qty. A/V stub up to accessible ceiling only.
- Provide, rough in and install (1) qty. TV stub up to accessible ceiling only.
- Provide, rough in and install (5) qty. WAP by other.

Intercom/Clock

- All low voltage wiring, devices and termination provided and installed by others.
- Provide, rough in and install (20) qty. clock stub up to accessible ceiling only.

Security

- All low voltage wiring, devices and termination provided and installed by others.
- Provide, rough in and install (4) qty. MD-Motion Detectors ceiling backboxes only.
- Provide, rough in and install (3) qty. SC-Security Cameras wall/ceiling backboxes only.

Elevator

- Provide and install (1) qty. Single pole surface W.P. switch.
- Provide and install (2) qty. 4' Surface mounted for wet location.
- Provide and install (2) qty. ¾" C.O. to main telephone board.
- Provide and install (2) qty. J-Box for call box.
- Provide and install (3) qty. Duplex GFCI W.P. surface receptacle.
- Provide and install (1) 30A20F2P 600V lockable disconnect for cab lighting and receptacles.
- Provide and install (1) qty. 60A60F3P 600V disconnect and hookup for Elevator pump.
- Provide and install ½" C.O. from disconnect switch auxiliary contacts to elevator controller.
- Provide, rough in and install conduits and backboxes (1) qty. Type S.
- Provide, rough in and install conduits and backboxes (6) qty. Type CR.
- Provide, rough in and install conduits and backboxes (4) qty. Type M.
- Provide, rough in and install conduits and backboxes (2) qty. Type PH.
- Provide, rough in and install conduits and backboxes (1) qty. Type R.
- Provide, rough in and install conduits and backboxes (2) qty. Type SD.
- Provide, rough in and install conduits and backboxes (2) qty. Type HD.

MPR/Food Service Building
Lighting and Controls

- Provide and install (24) qty. Type 1 – High performance pendant per specification.
- Provide and install (2) qty. Type 3 – 2'x4' recessed troffer per specification.
- Provide and install (73) qty. Type 4 – 1'x4' surface mounted per specification.
- Provide and install (23) qty. Type 4EM – Same as Type 4 with EM per specification.
- Provide and install (20) qty. Type 5 – 1'x4' Flat panel surface mounted per specification.
- Provide and install (10) qty. Type 5EM – Same as Type 5 with EM per specification.
- Provide and install (1) qty. Type 6 – 6" LED downlight, wide beam reflector per specification.
- Provide and install (13) qty. Type 9B – Wall sconce per specification.
- Provide and install (8) qty. Type 10 – 1.5'x4' surface mounted per specification.
- Provide and install (12) qty. Type X1 – Surface mounted single phase exit sign per specification.

- Provide and install (2) qty. Type $ - Single pole switch.
- Provide and install (45) qty. Type 2WAY-OS, manufacture TBD.
- Provide and install (1) qty. Type AC-DDL, manufacture TBD.
- Provide and install (20) qty. Type LVMS, manufacturer TBD.
- Provide and install (8) qty. Type WMSB-OS, manufacture TBD.

Power Devices

- Provide, rough in and install (2) qty. 4Gang Floor Box.
- Provide, rough in and install (18) qty. Duplex receptacles.
- Provide, rough in and install (6) qty. Duplex receptacles above counter.
- Provide, rough in and install (15) qty. Duplex GFCI receptacles.
- Provide, rough in and install (6) qty. Duplex GFCI W.P. receptacles.
- Provide, rough in and install (16) qty. Double duplex receptacles.
- Provide, rough in and install (1) qty. Double duplex surface receptacle.
- Provide, rough in and install (4) qty. J-Box with 20A1P 120V power and hookup for Hand dryers.
- Provide, rough in and install (1) qty. Key switch for (2) backboards.
- Provide, rough in and install (4) qty. 20A1P Motor switch surface for backs top motor.
- Provide, rough in and install (2) qty. 30A30F3P 250V Nema1 Disconnect and hookup for Bleacher Motor.
- Provide, rough in and install 3.4” C. from CRS-1 and CRS-2 to CER-1 with wire as indicated on Theatric lighting plan.
- Provide, rough in and install ¾” C. from stage managers panel (SMP) to adjacent control receptacle station (CRS) with wire as indicated on Theatric lighting plan.

Mech./Plumbing

- All low voltage wiring, devices and termination provided and installed by others.
- Provide, rough in and install (1) qty. 15A1P Motor rated switch and hookup for EF-2.6
- Provide, rough in and install (2) qty. 20A1P Motor rated switch and hookup for CP-1 and CP-2.
- Provide, rough in and install (1) qty. 30A20F3P 600V Nema1 disconnect and hookup for EWH-1.
- Provide, rough in and install (3) qty. 40A1P 600V Nema1 Disconnect and hook up for EWH-2.
- Provide, rough in and install (1) qty. 60A40F3P 600V Nema1 disconnect and hookup for EWH-3.
- Provide, rough in and install (4) qty. 15A1P Motor rated switch and hookup for EF-2.1, EF-2.2, EF-2.3 & EF-2.4.
- Provide, rough in and install (1) qty. 15A3P Motor rated switch and hookup for EF-2.5.
- Provide, rough in and install (1) qty. 30A20F3P 250V Nema3R Disconnect and hookup for MAU-1.
- Provide, rough in and install (3) qty. 30A30F2P 250V Nem3R Disconnect and hook up for CU-3.1, CU-3.2 & CU-3.3.
- Provide, rough in and install (7) qty. 30A20F3P 600V Nem3R Disconnect and hook up for Power exhausts.
- Provide, rough in and install (22) qty. ¾” C.O. (spare) to respective control devices for control wiring (Note: 2.017).
- Provide, rough in and install (8) qty. Duplex GFCI W.P. surface receptacles.

Fire Alarm

- All low voltage wiring, devices and termination provided and installed by others.
- Provide and install 20A1P 120V power to FAPS-2 and mount FAPS-2 furnish by other.
- Provide and install 20A1P 120V power to AMP-2 and mount AMP-3 furnish by other.
- Provide, rough in and install conduits and backboxes (1) qty. Type B.WP.

- Provide, rough in and install conduits and backboxes (38) qty. Type CO.
- Provide, rough in and install conduits and backboxes (7) qty. Type CR.
- Provide, rough in and install conduits and backboxes (6) qty. Type F.cd Ceiling.
- Provide, rough in and install conduits and backboxes (26) qty. Type HD.
- Provide, rough in and install conduits and backboxes (3) qty. Type M.
- Provide, rough in and install conduits and backboxes (9) qty. Type S.WP.
- Provide, rough in and install conduits and backboxes (13) qty. Type SD.
- Provide, rough in and install conduits and backboxes (26) qty. Type SF.cd Ceiling.
- Provide, rough in and install conduits and backboxes (1) qty. Type TS.
- Provide, rough in and install conduits and backboxes (1) qty. Type WF.

Access Control

- All low voltage wiring, devices and termination provided and installed by others.
- Provide, rough in and install conduits and boxes for (1) qty. Double Door.

Audio/Video

- All low voltage wiring, devices and termination provided and installed by others.
- Provide, rough in and install (5) qty. A/V stub up to accessible ceiling only.
- Provide, rough in and install (1) qty. PR stub up to accessible ceiling only.
- Provide, rough in and install (3) qty. S stub up to accessible ceiling only.
- Provide, rough in and install (1) qty. TP stub up to accessible ceiling only.

Data/Tele/TV

- All low voltage wiring, devices and termination provided and installed by others.
- Provide, rough in and install (3) qty. Tele/Data stub up to accessible ceiling only.
- Provide, rough in and install (1) qty. ALS stub up to accessible ceiling only.
- Provide, rough in and install (2) qty. ANT stub up to accessible ceiling only.
- Provide, rough in and install (1) qty. TV stub up to accessible ceiling only.
- Provide, rough in and install (8) qty. WAP by other.

Intercom/Clock

- All low voltage wiring, devices and termination provided and installed by others.
- Provide, rough in and install (5) qty. clocks stub up to accessible ceiling only.

Security

- All low voltage wiring, devices and termination provided and installed by others.
- Provide, rough in and install (11) qty. MD-Motion Detectors ceiling backboxes only.
- Provide, rough in and install (6) qty. SC-Security Cameras wall/ceiling backboxes only.

Kitchen

Power Devices

- Provide, rough in and install (12) qty. 1Gang Duplex receptacle floor box.
- Provide, rough in and install (23) qty. Duplex receptacles S.S. covers.
- Provide, rough in and install (1) qty. Duplex receptacles ceiling S.S. covers.
- Provide, rough in and install (1) qty. Duplex GFCI receptacles S.S. covers.
- Provide, rough in and install (1) qty. J-Box with 20A1P 120V power and hookup for Air Curtain.

- Provide, rough in and install (1) qty. J-Box with 20A1P 120V power and hookup for Hand dryers.
- Provide, rough in and install (1) qty. J-box with 20A1P 120V power and hookup for Hood.
- Provide, rough in and install (1) qty. J-box with 50A3P 240V power and hookup for Vegetable Washing System.

Mech./Plumbing

- All low voltage wiring, devices and termination provided and installed by others.
- Provide, rough in and install (2) qty. 20A2P 208V power and hookup for cooler and freezer evaporator coils.
- Provide, rough in and install (1) qty. 60A50F3P 250V Nema1 disconnect and hookup for Remote Refrigeration Rack.
- Provide, rough in and install (1) qty. 60A40F1P 600V Nema1 disconnect and hook up for EWH-2.
- Provide, rough in and install (1) qty. 15A2P Motor rated switch and hookup for FC-3.1.
- Provide, rough in and install (2) qty. Type $ - Single Pole Surface Switch.
- Provide, rough in and install (2) qty. Type $ - Single Pole Surface W.P. Switch for Walk in Freezer and Cooler.

Low Voltage

- All low voltage wiring, devices and termination provided and installed by others.

Fire Alarm

- Provide and install conduits and boxes for (1) qty. Type F.P.
- Provide and install conduits and boxes for (1) qty. Type F.S.

Access Control

- Provide and install conduits and boxes for (1) qty. Single door.

100 Building (Classroom)

Lighting and Controls

- Provide and install (147) qty. Type 3 – 2'x4' recessed troffer per specification.
- Provide and install (28) qty. Type 3EM – Same as Type "3" with EM per specification.
- Provide and install (49) qty. Type 4 – 1'x4' surface mounted per specification.
- Provide and install (8) qty. Type 4EM – Same as Type 4 with EM per specification.
- Provide and install (63) qty. Type 6 – 6" LED downlight, wide beam reflector per specification.
- Provide and install (32) qty. Type 6EM – Same as Type "6" with EM per specification.
- Provide and install (34) qty. Type 9 – Wall sconce per specification.
- Provide and install (18) qty. Type 10EM – 1.5'x4' Surface mounted with EM per specification.
- Provide and install (32) qty. Type 13 – Peak top standard per specification.
- Provide and install (4) qty. Type 13EM – Same as Type "13EM" with EM per specification.
- Provide and install (292) qty. Type 20 – 2'x4' TBD and confirmed.
- Provide and install (13) qty. Type X1 – Surface mounted single phase exit sign per specification.
- Provide and install (6) qty. Type X2 – Surface mounted double phase exit sign per specification.
- Provide and install (3) qty. Type $ - Single Pole Switch
- Provide and install (67) qty. Type 2WAY-OS
- Provide and install (2) qty. Type AC-DDL
- Provide and install (40) qty. Type LVMS
- Provide and install (13) qty. Type WMSB-OS

Power Devices

- Provide, rough in and install (200) qty. Duplex receptacles.

- Provide, rough in and install (1) qty. Duplex surface receptacle.
- Provide, rough in and install (20) qty. Duplex GFCI receptacles.
- Provide, rough in and install (25) qty. Duplex GFCI receptacles above counter.
- Provide, rough in and install (4) qty. Duplex GFCI W.P. surface receptacles.
- Provide, rough in and install (36) qty. Double duplex receptacles.
- Provide, rough in and install (3) qty. Double duplex GFCI receptacles.
- Provide, rough in and install (1) qty. 30A3P 250V surface receptacle for UPS.
- Provide, rough in and install (82) qty. 3Gang box for Power/Data/TV.
- Provide, rough in and install (65) qty. J-Box ceiling with 120V (Homeruns).
- Provide, rough in and install (20) qty. J-Box with 20A1P 120V power and hookup for Hand dryers.

Mech./Plumbing

- All low voltage wiring, devices and termination provided and installed by others.
- Provide, rough in and install (1) qty. 15A1P Motor rated switch and hookup for EF1.3.
- Provide, rough in and install (3) qty. 15A2P Motor rated switch and hook up for FC-1.1, FC-1.2 & FC-1.3.
- Provide, rough in and install (2) qty. 20A1P Motor rated switch and hookup for CP-1.
- Provide, rough in and install (2) qty. 20A2P Motor rated switch and hookup for EF-1.1 & EF-1.2.
- Provide, rough in and install (1) qty. 20A2P Motor rated switch and hook up for SFC 2.1.
- Provide, rough in and install (4) qty. 30A30F2P 250V Nema3R Disconnect and hookup for CU-1.1, CU-1.2, CU-1.3 & CU2.1.
- Provide, rough in and install (36) qty. 30A20F3P 600V Nema3R disconnects and hook up for RTU-1.1 thru RTU-2.9.
- Provide, rough in and install (16) qty. 30A20F3P 600V Nem3R Disconnect and hook up for Power exhausts.
- Provide, rough in and install (2) qty. 60A40F1P 600V Nema1 Disconnect and hook up for EWH-1.
- Provide, rough in and install (79) qty. ¾" C.O. (spare) to respective control devices for control wiring (Note: 2.017).
- Provide, rough in and install (17) qty. Duplex GFCI W.P. surface receptacles.

Access Control

- All low voltage wiring, devices and termination provided and installed by others.
- Provide, rough in and install conduits and boxes for (3) qty. Single Door.
- Provide, rough in and install conduits and boxes for (1) qty. Double Door.

Audio/Video

- All low voltage wiring, devices and termination provided and installed by others.
- Provide, rough in and install (39) qty. A/V stub up to accessible ceiling only.

Data/Tele/TV

- All low voltage wiring, devices and termination provided and installed by others.
- Provide, rough in and install (57) qty. Tele/Data stub up to accessible ceiling only.
- Provide, rough in and install (1) qty Data stub up to accessible ceiling only.
- Provide, rough in and install (97) qty. TV stub up to accessible ceiling only.
- Provide, rough in and install (1) qty. BS stub up to accessible ceiling only.
- Provide, rough in and install (1) qty. CS stub up to accessible ceiling only.
- Provide, rough in and install (40) qty. WAP by other.
- Provide, rough in and install (44) qty. 2" Sleeves thru wall.

- Provide, rough in and install (100) qty. 4" Sleeves thru wall.

Intercom/Clock

- All low voltage wiring, devices and termination provided and installed by others.
- Provide, rough in and install (31) qty. clock stub up to accessible ceiling only.

Security

- All low voltage wiring, devices and termination provided and installed by others.
- Provide, rough in and install (43) qty. MD-Motion Detectors ceiling backboxes only.
- Provide, rough in and install (8) qty. SC-Security Cameras wall/ceiling backboxes only.

Fire Alarm

- All low voltage wiring, devices and termination provided and installed by others.
- Provide and install 20A1P 120V power and mount AMP-1 and AMP-1.2, furnished by other.
- Provide and install 20A1P 120V power and mount FAPS-1 and FAPSA-1.2, furnished by other.
- Provide and install 20A1P 120V power and mount FATC-1.1 and FATC-1.2, furnished by other.
- Provide, rough in and install conduits and backboxes (1) qty. Type B.WP.
- Provide, rough in and install conduits and backboxes (8) qty. Type CR.
- Provide, rough in and install conduits and backboxes (6) qty. Type F.cd Ceiling.
- Provide, rough in and install conduits and backboxes (61) qty. Type HD.
- Provide, rough in and install conduits and backboxes (6) qty. Type HD.B.WP.
- Provide, rough in and install conduits and backboxes (5) qty. Type M.
- Provide, rough in and install conduits and backboxes (1) qty. Type R.
- Provide, rough in and install conduits and backboxes (11) qty. Type S.WP.
- Provide, rough in and install conduits and backboxes (136) qty. Type SD.
- Provide, rough in and install conduits and backboxes (67) qty. Type SF.cd Ceiling.
- Provide, rough in and install conduits and backboxes (2) qty. Type TS.
- Provide, rough in and install conduits and backboxes (2) qty. Type WF.

Site/Landscape

Lighting and Controls

- Provide and install (7) qty. Type 9 – Wall sconce per specification.
- Provide and install (10) qty. Type 9A – High performance outdoor 20' pole light per specification.
- Provide and install (14) qty. Type 9C – High performance outdoor pole light per specification (height TBD).
- Provide and install (1) qty. Type 9D – High performance outdoor 20' pole light per specification.
- Provide and install (7) qty. Type 10 – 1.5'x4' Surface mounted per specification.
- Provide and install (7) qty. Type 12 – Wall spotlight with precision spot per specification.
- Provide and install (9) qty. Type 13 – Peak top standard LED bollard per specification.
- Provide and install (14) qty. Type 14 – High performance outdoor 20' pole light per specification.
- Provide and install (39) qty. 24"x5'6" concrete pole bases for Type 9A, 9C, 9D and 14.
- Provide and install (9) qty. concrete base for Type 13 – LED bollards.

Power Devices/Misc.

- Provide and install Lamson & Sessions #E945 Series PVC Expansion Coupling for Each conduit crossing footings of buildings.
- Provide and install temporary power to existing irrigation backflow pump.

- Provide and install power, hook up and 1" C. for controls to (1) qty. Marquee sign.
- Provide and install 1" C. Stub out at northwest corner of generator enclosure.
- Provide and install power to East-2-Enter fire access gate.

EV Charger

- All low voltage wiring, devices and termination provided and installed by others.
- Provide, rough in and install (4) qty. 40A2P 208V for EVSE Chargers.
- Provide and install (4) qty. concrete base for EVSE Chargers.
- Provide, rough in and install (13) qty. 1" C.O. for (13) qty. future EVCS Charger feeders.
- Startup and programming by others.

Low Voltage

- All low voltage wiring, devices and termination provided and installed by others.
- All conduits below is fed from MPR Electrical room nearest pullbox to Site Utility enclosure and stub out approximately 85' from building.
- Data/Tele - Provide and install 3" PVC conduits.
- Fire Alarm - Provide and install 2" PVC conduits.
- Public Address - Provide and install 2" PVC conduits.
- Intrusion Detection - Provide and install 2" PVC conduits.
- Clock - Provide and install 2" PVC conduits.
- EMS - Provide and install 2" PVC conduits.
- Spare - Provide and install (2) x 3" PVC conduits.

Generator

- All low voltage wiring, devices and termination provided and installed by others.
- Provide and install 10kW Gas generator, 100A ATS-01 3P 600V Nema3R, mushroom "EM" push button, remote annunciator panel with 1" conduit, sub-base 25 gallon fuel tank, stage 1 sound attenuated weather protective enclosure, dedicated 20A1P 120V circuit for battery charger, 20A1P 120V circuit for jacket water heater.

Solar Power

- Provide and install 400A250F3P 600V disconnect to PV system at parking structure.

Trenching for Landscape, Parking, and Utility

- Includes excavation, trenching and backfill all trenches with native soil.
- Hauling of excess dirt from trenching operations is included.
    - Light Pole Base Dirt Export up to 40 CY.
    - Site Utility Dirt Export up to 755 CY.
    - Fire Alarm Dirt Export up to 90 CY.
- All work to be performed in dirt – demolition of work area to be performed by others prior to start of trenching operations.
  Price includes private utility locating through Ground Penetrating Radar (GPR).

Smith
MECHANICAL - ELECTRICAL -PLUMBING
LIC. NO. 420418
1340 W. BETTERAVIA RD. SANTA MARIA CA 93455
PHONE (805) 621-5000

Plumbing Scope of Work:

Procure and installation of the new Plumbing equipment and fixtures as identified below.

Plumbing Fixtures/Equipment

- (39) WC-1
- (19) WC-2
- (8) U-1
- (7) U-2
- (16) L-1
- (36) L-2
- (4) SS-1
- (5) DF-1
- (3) S-1
- (34) S-2
- (8) S-3
- (52) TMV-1
- (16) TP-1
- (11) ETP-1
- (7) HB-2
- (12) RHB-1
- (40) FD-1
- (3) FS-1
- (3) FS-2
- (14) RD/OD-1
- (17) RR-1
- (6) WHA-1
- (3) EWH-1
- (4) EWH-2
- (1)EWH-3
- (3) CP-1
- (1) CP-2
- (1) GI-1
- (1) Seismic Gas Valve
- (1) Gas Pressure Regulator

Plumbing Inclusions and Project Approach:

1) Pipe, valves and fittings per drawings listed above.
2) Piping systems included in our proposal:
    - Sanitary waste/vent will be CI No-Hub (Below Grade) & CI No-Hub (Above Grade).
    - Grease Waste/vent will be CI No- Hub (Below Grade) & CI No-Hub (Above Grade).
    - Storm Drain & Overflow drain will be CI No-Hub (Below Grade) & CI No-Hub (Above Grade)
    - Domestic cold/hot water/above grade will be type L copper with soldered joints.
    - Natural Gas will be PE Pipe (Below Grade) SCH 40 BLK iron and fittings (Above Grade)
    - Condensate Drains will Be Type L Copper with solder joints
    - Pipe insulation for domestic hot water and condensate
    - Connection of kitchen fixtures (provided by others)
3) Startup of plumbing equipment is included

3) Excavation/backfill/bedding for our underground piping systems.
4) Plumbing fixtures per plan and schedule.
5) Chlorination of the domestic water systems.
6) Pipe insulation of domestic hot water (per Title-24 requirements).
7) Fire stopping of plumbing penetrations.
8) Roof flashings, pipe identification, valve tags, sleeves.
9) Seismic bracing is included per CBC guidelines.
10) Coordination, supervision, as-built drawings, close-outs documents, O&Ms.
11) Sanitary waste will be 5' out of building
12) Grease waste will be 3' in/out of Grease Interceptor

Mechanical Exclusions and Work Performed by Others:

- **BIM Modelling -See Alternate Add below**
- **Acoustic Lagging per M5.1 #2 -See Alternate Add below**
- **SD-1.9 #5 Hanger rod support 2x filler block needed for hanger strap installation, and for all equipment**
- **Unistrut hanger OPM PP43-13 Fig M4.12 (There is no M4.12)**
- **Return air filters if HVAC system is used to acclimate any space M0.1 Cal Green Notes #3**
- **Duct Cleaning**
- **Smoke Fire dampers – None shown**
- **(1) Kitchen Hood, hangers and installation.**
- **Interconnection between MUA and EF-1 to the ansul system**
- **MPR Exposed ductwork painting, quoted galvanized ductwork**
- **Rigid insulation at roof curbs M5.1 Notes 2,3**
- **M5.1 note #9 roof duct support base**
- **Unistrut Hangers SD-1.9, 4 OPM 0043-13, as there is no sheet M4.12**
- **SD-1-9 # 5 Wood blocking**
- Smith MEP will not perform any cutting and patching of surfaces. We will provide all necessary block-out drawings for all ductwork penetrations of ceilings, walls, roofs, and floors for use by others to provide and install required block-outs. Structural reinforcement for all openings is to be provided by others.
- **All supplemental strut, steel, channel or plate to install plumbing piping hangers and supports, If hangers and supports cannot be attached directly to the metal deck or directly to building structural steel supplemental steel shall be provided by others.**
- This proposal is provided on the basis that project coordination and project activity schedule will be managed by the prime contractor, such that rough-in work will be completed by Smith MEP prior to the installation of interior walls, other than those mutually agreed upon walls that are not constructible after plumbing and ductwork installation. Note that when walls are installed prior to duct, piping, and plumbing installation, the openings must be oversized to accommodate duct flanges. This will necessitate additional wall patching, which is not included in our scope of work.
- Bonds, Permits and Plans Check Fees.
- Parking and/or Shuttling.
- General Contracting Work: Cutting, Plastering, Patching, Painting, Stenciling, Concrete/Asphalt Demo and Patch Back, Structural Supports, Equipment Pads, Saw Cutting, Blocking, Block Outs, Cores.
- Backing, Framing, Carpentry Work (I.e., Framing, Blocking, Blocking, Block Outs, etc.) Whether Shown or Not.
- Fire Protection, Fire Sprinklers, Housekeeping Pads
- Gas, Electrical, Hydronics, **DDC Controls**, Plumbing, Engineering, CAD drawings (2d or 3d).
- Final Cleaning
- Demolition, Hazardous Material Removal
- Commissioning Documents and/or Support.
- Curbs on Metal Roofing, Duct or Equipment Supports on Metal Roofing

- Seismic Calc's
- Concrete Supports
- HERS Testing
- Furnish and Install of Access Panels and/or Architectural Louvers
- Disconnects, Condensate Lines, Pressure Switches
- Trash, Dumpsters and Spoils Removal
- Any Temporary Utilities or Services including but not limited to electrical lighting, water, climate control, chillers, and air handlers.
- Early Activation of Mechanical, Electrical, and/or Plumbing Systems and Extended Warranty.
- Liquidated Damages, Consequential Damages or Costs for Schedule Improvements Not Mutually Agreed upon Prior to Award of Work.
- Miscellaneous Metal, Flashings, Downspouts, Gutters, Door Louvers, Waterproofing, Expansion Flashing and Metal Roofing are Excluded. (Unless specifically indicated otherwise in Bid Proposal.)
- 120 Volt and Above Conduit and Wire, 24 Volt Conduit, Electrical Conduit, Electrical Connections, Disconnects, Motor Starters, Smoke Detectors and or Speed Controllers
- Ceiling Wires for Registers and Grilles T-Bar Ceilings.
- **Fire Caulking and Acoustical Caulking** Unless Specifically indicated otherwise in the bid proposal is excluded.
- All Site Utilities
- Fume Hoods and Kitchen Hoods. (Duct connections to fume hoods and kitchen hoods are included.)
- Startup of Existing Equipment.
- Water Heater and Boiler Flue Pipe. (Unless specifically indicated otherwise in bid proposal.)

Electrical Exclusions and Work Performed by Others:

1) Demolition
2) AQMD Permit for generator
3) Temporary power and/or lighting
4) Sawcut and coring
5) Concrete light pole bases (anchor bolts will be provided by Smith and bases to be poured by others)
6) Concrete equipment and/or housekeeping pads
7) Controls connection to Marquee sign (destination for connection is not shown or called out on the drawings)
8) Cords with male plugs for any food service equipment (all equipment should be provided with a cord and plug for connection to a power receptacle)
9) PV structure to be provided and installed by others (Smith will only provide and install the electrical components of the PV system)
10) Trench plates for trenches open for an extended period
11) Parking and shuttling
12) All backing and supplemental steel
13) Access panels
14) All permits, inspections, and utility fees
15) General contracting work: cutting, patching, roofing, dumpsters, all painting, concrete/asphalt demo and patch back, coring, hazardous material removal, concrete pits/basins and concrete equipment pads
16) Cutting, patching, and painting of finished surfaces
17) Engineering/design/plan check/city assessment/permit fees
18) Landscape and irrigation system
19) Traffic control
20) De-watering, sub-surface systems and waterproofing barriers
21) Premium time and/or shift work
22) Misc. supplemental structural steel for pipe and equipment supports
23) Import and export of excess soil (excess will be stored on site)
24) Any handling, receiving or installation of owner furnished items
25) Restroom accessories, dispensers, and partitions

26) Acoustic caulking
27) Kitchen appliances
28) Any casework openings, penetrations, or modifications
29) Composite cleanup cost
30) Attic stock or extra parts for any plumbing furnished items
31) Special inspections/testing/x-ray or any concrete X-ray/GPR Scanning
32) Liquidated damages, consequential damages or costs for schedule improvements not mutually agreed upon prior to award of work

Qualifications:

- Labor escalation is included through *December 31, 2025*. If the project is extended requiring originally contracted scope to occur beyond this date, Smith MEP will request remuneration for the anticipated union collective bargaining labor rate increase effective after this date.
- All work is figured continuous per the CPM schedule once commenced.
- Bid is based on the referenced drawings/correspondence received prior to bid.
- Any work not specified or illustrated on drawings will be submitted as a change order and based on the MCA labor-estimating manual.
- This proposal or its narrative intent is to be part of any and all contract documents.
- Work areas are figured to be freely accessible and unencumbered.
- Contractor to provide (2) surveyed reference points on each deck of construction.
- Building plumbing will terminate at 5'-0 outside of exterior foundation.

Plumbing Exclusions and Work Performed by Others:

1) **Exclude all down spouts**
2) **All Backing and Supplemental Steel**
3) **Kitchen Equipment and Fixtures, Owner provided and installed, Smith MEP to hook up**
4) **Repair of kitchen equipment and fixtures**
5) **Concrete/asphalt Patching**
6) Parking and shuttling.
7) Tile shower/bath surrounds.
8) All backing and supplemental steel.
9) Access panels.
10) All permits, inspections, and utility fees.
11) BIM Lead Coordination
12) General contracting work: cutting, patching, roofing, dumpsters, all painting, concrete/asphalt demo and patch back, coring, hazardous material removal, concrete pits/basins and concrete equipment pads.
13) Cutting, patching, and painting of finished surfaces.
14) Engineering/design/plan check/city assessment/permit fees.
15) Certification for weights and measures of water sub-meters.
16) Balcony drains and planter drains.
17) Gas piping to residential units.
18) Landscape and irrigation system.
19) HVAC/Mechanical work, general sheet metal work and trough/sheet-metal pans.
20) Temporary plumbing, electrical or ventilation services except as noted above.
21) Site/Civil work, connections to public utilities. Any Plumbing Beyond 5' outside the building.
22) Traffic control.
23) De-watering, sub-surface systems and waterproofing barriers.
24) Premium time and/or shift work.

25) Misc. supplemental structural steel for pipe and equipment supports.
26) Performance and payment bond or bid bond.
27) Import and export of excess soils (excess will be stored on site).
28) Any handling, receiving or installation of owner furnished items.
29) Restroom accessories, dispensers, and partitions.
30) Acoustical caulking.
31) Kitchen appliances.
32) Any casework openings, penetrations, or modifications.
33) Insulation of domestic cold water (other than listed above), condensate, storm drain and sanitary waste.
34) Composite cleanup crew cost.
35) Manlifts and scaffolding.
36) Attic stock or extra parts for any plumbing furnished items
37) Special inspections/testing/x-ray or any concrete X-ray/GPR Scanning.
38) Liquidated damages, consequential damages or costs for schedule improvements not mutually agreed upon prior to award of work.

Clarifications:

- The BIM modelling process pricing, **if accepted** is based on two meetings a week for three months. All subsequent meetings will be a negotiated cost with the General Contractor
- Labor escalation is included through December 31, *2025*. If the project is extended requiring originally contracted scope to occur beyond this date, Smith MEP will request remuneration for the anticipated union collective bargaining labor rate increase effective after this date.
- All work is figured continuously according per the CPM schedule once commenced.
- Any work not specified or illustrated on drawings will be submitted as a change order and based on the MCA labor-estimating manual.
- This proposal or its narrative intent is to be part of all contract documents.
- Work areas are figured to be freely accessible and unencumbered.

- Purchasers agree to provide Smith Mechanical-Electrical-Plumbing with required field utilities (electricity,
- water, toilets, hoisting, elevator service, dumpsters), onsite parking/staging/laydown area.
- Purchaser shall furnish lines, grades, and elevations without charge.
- **Scheduling & Delays:** This offer is based on logical and timely scheduling of Smith MEP and other subcontractors' activities, allowing efficiency of performance, and avoiding interference between trades. Smith MEP shall not be liable for any delay in the performance of work resulting from or attributed to act or circumstances beyond Smith MEP's control, including, but not limited to, acts of God, fire, riots, labor disputes, condition of the premises, acts or omissions of the Purchaser, Owner, or other Contractors or delays caused by suppliers of Smith MEP.
  If Smith MEP delays cause delay and/or disruption to the Contract work, Smith MEP shall be liable for actual costs sustained by Contractor or for which it is liable to Owner. If Smith MEP delays are only one of multiple causes for delay to the Contract Work, Smith MEP shall only be liable for its proportionate share of any resulting damages.
  If Contractor or any party for which Contractor is responsible cause delay to Smith MEP's work, Contractor shall be liable for actual costs sustained by Smith Mechanical-Electrical-Plumbing.
- **Payments:** Retention to be held at same as Owner holds against General Contractor. In the event of retention reduction by the Owner to General, it will be passed on in like kind and at the same time to Smith MEP.
- It is the intent of the parties that receipt by General Contractor from the Owner of funds for WORK performed by SmithMEP is not a condition precedent to each payment to be made to Smith MEP

- **Insurance**: Our bid only includes the following insurance with the limits as listed:

Worker's Compensation	Statutory Limits
Employer's Liability	$1,000,000 each accident
	$1,000,000 disease policy limit
Commercial General Liability	$1,000,000 each occurrence

$2,000,000 aggregate
Comprehensive Automobile Liability $2,000,000 each accident
Any additional policies, coverage, riders, or limit increases will be extra and are not included in our bid amount.

Pricing:

Mechanical Scope: .....**$ 5,530,000**
Electrical Scope: ..... **$ 7,050,000**
Plumbing Scope:..... **$ 2,825,000**
Sub Total.....**$ 15,405,000**

Alternate Adds:

Excludes BIM
Mechanical and Plumbing Scopes: .....**$ 8,313,000**
Mechanical, Electrical and Plumbing Scopes: .....**$ 15,279,000**

TARIFF & COMMODOTY PRICE FLUCTUATION CLARIFICATIONS:

- As the current US government administration continues its international trade negotiations and announces international trade tariffs, we are realizing rapid price fluctuations in raw materials, commodities and assembled components & equipment. As a result, our pricing can only be valid for only 10 days. If we see significant pricing fluctuations in the coming weeks, we will alert the project team and reserve the right to request remuneration. If monies can be made available to us immediately for pre-purchase or to "lock-in" current prices, we will work with our supplier community to support this effort and minimize price fluctuations.
  .

Our pricing can be protected with the quick approval of our proposal, execution of a mutually agreeable contract and payment schedule. This may require early purchasing, storage and payment of equipment and materials to maintain these costs. If early acquisition is not an option, then we will need to protect our rights to receive an equitable adjustment for the escalation of materials should this occur. Availability of these items may lead to a schedule issue at any time. We will keep you abreast of any changes and we look forward to working with you on this new project.

Pricing Terms and Conditions:
Smith MEP's pricing is valid for 30 days from the date of this letter. A one (1) year labor and material warranty is included commencing at substantial completion or owners beneficial use of these systems.

We are confident that Smith MEP's performance will be a valued contribution to the success of this project, and we look forward to the opportunity to join your construction team.

PLANS & SPECS	FOB JOBSITE	INSTALLED	TAX INCLUDED	ADDENDUMS
YES	YES	YES	YES	1

Base Electrical Bid:	**$**	**5,930,000**
Adder for to install SCE Conduits & Boxes per SCE drawings:	**$**	**185,000**
Adder to provide and install Photo Voltaic System:	**$**	**400,000**
Add to provide and install Solar Carports structures:	**$**	**250,000**
Adder to provide and install Hand Dryers:	**$**	**39,000**
Adder to provide and install Concrete bases for (37) pole lights and (7) bollards:	**$**	**146,000**
Total Bid:	**$**	**6,950,000**

INCLUDES:

All Electrical, Fire Alarm, Telecommunications, Audio Visual, Photo Voltaic, CCTV, Vehicle Chargers, and Generator / ATS systems per plans and specs

Conduit only for Security System motions & Door Access System - $50K allowance provided by others

Dry utility conduits per the SCE drawings

All trenching and backfill for electrical conduits

Conduits and boxes only for mechanical controls

Safe off only of electrical for demolition

Electrical terminations to mechanical, plumbing, kitchen, and landscape equipment per plans

EXCLUDES:

Permit, utility, & bond fees

General contractor temp power and lighting

Mechanical controls and control wiring

EMS conduits, controls, control wiring, VFDs

Patching, Painting, T-Bar Slack wires, and Access panels

Sawcut and patch of asphalt and concrete

Cast in place concrete / house keeping pads for all electrical switchgear

Disposal of dirt, debris, and demolished materials

Independent supports for roof top HVAC disconnects - Bid assumes disconnects will mount directly to the HVAC unit

Gate motors and controls - SSE to provide power only

Provision of generator load bank

Offsite electrical work

Demolition of existing schools electrical - Safe off only

Concrete pole bases, augured holes, and rebar cages for (37) pole lights and (7) bollards - See adder above

Intrusion Alarm Motions, Wiring, Door Access system, and the 50K allowance - SSE to provide conduit only

Classroom monitors and monitor mounts

PROPOSAL

Job Name: Fremont M.S. Reconstruction
Location Oxnard, CA

Bid Date: 10/30/25 **Time:** 2:00

We hereby submit specification and estimates for electrical installation per plans and specification section 260000, 270000 & 280000 complete. Taxes included.

EXCLUSION(S):

1) No Jobsite Temporary Power
2) No Seismic/Earthquake Wires
3) No Pavement Cutting, Removing, Patching
4) No Painting
5) No S.C.E. and/or PG&E Charges
6) No Photo Voltaic
7) No Light Pole Bases & Equipment Pads
8) No Fire Rated Plywood Backboards
9) No Spoils Removal
10) No Concrete Base Padding
11) No Cable Trench
12) No Bonding Costs

ADDENDUM(S) NOTED:

Addendum #1 Noted

BID ITEM(S):

Electrical	$	4,650,000.00
Low Voltage, Data, Access	$	1,140,000.00
Fire Alarm	$	490,000.00
PV + BESS		NO BID
On-Site SCE Ductback Reloc. &Tie-In	$	32,000.00

WE PROPOSE hereby to furnish material and labor complete in accordance with these specifications

for the **TOTAL SUM OF:** **$ 6,312,000.00**

**Six Million Three Hundred Twelve Thousand and 00/100 dollars **

Payable as follows: As Work Progresses

All material is guaranteed to be as specified.
All work to be completed in a workmanlike manner according to standard practices. Any alterations or deviations from above specifications involving extra costs will be executed only upon written orders, and will become an extra charge over and aboe the estimes. All agreements contingent upon strikes, accidents or delays behond our control. Owner to carry fire, tornado, and other necessary insurance. Our workers are fully covered by Workman's Compensation Insurance.

Authorized Signature *Michael Sheets*

Note: This proposal may be withdrawn by us if not accepted within 30 days.

ACCEPTANCE OF PROPOSAL - The prices, specifications an conditions are satisfactory and are hereby accepted. Venco Electric, Inc. is authorized to do the work as specified. Payment will be made as outlined above.

Re**: Fremont MS - pricing based on 100% DD Drawings**
Mechanical, Electrical and Plumbing

Our proposal and scope are based on the following documents:

- **Plan Set dated**: 1/17/2025
- **Specification dated:** 1/17/2025
- **Addendums:** #1 dated 10/22/2025
- **Exhibits:** A, B,C, D, E & F

- This proposal shall include the work reasonably interpreted as necessary to procure and construct the Mechanical, Electrical and Plumbing work as detailed by the documents referenced herein, subject to the following specific clarifications.

Mechanical Scope of Work:

Procure and installation of the new HVAC equipment as identified below:

- (48) York rooftop packaged units with Isolation curb **(Per Plan)**
- (1) Greenheck MUA unit and Isolation curb **(Per Plan)**
- (9) Mitsubishi Split systems, Fan coils ductless, cassette and horizontal discharge, and condensing units **(Per Plan)**
- (12) Greenheck exhaust Fans **(Per Plan)**
- (90) Vibro Acoustic Sound attenuators (**Per Specification)**
- (445) Price Air Distribution
- Smith MEP will furnish and install ductwork distribution per SMACNA standards.
- Exterior Insulation of concealed ductwork
- Roof square ductwork is internally lined
- Grease Duct is 16 g galvanized with fire master wrap
- **Alerton Controls as specified by Signet Controls system included (Per Specifications)**
- Final test and balance for new systems AABC 'S certified**, including Title 24**
- **Refrigeration pipe is soft copper, ACR where exposed to view**
- Start-up of mechanical equipment.
- Crane /Helicopter to set mechanical equipment

Electrical proposals and scope are based on the following documents:

Procure and installation of new electrical per electrical drawings.

- All wiring is figured in conduit as per general notes and specifications.
- Rough-in and install infrastructure are considered for data, TV and fire alarm systems.
- Safe off lighting, power, Mechanical, Data, Fire Alarm and demo by others include removal of fixtures, equipment, wiring, conduits, boxes, supports and straps as necessary.

Edison "B" Drawings: ADD ALT

- Provide and install (1) qty. 5" PVC UG existing Pullbox #3 to NEW Pullbox #4 and continuing path to Transformer Pad #5 approx. 970'.
- Provide and install (1) qty. Split Pull box 3'x5'x4' and (1) qty. 94"x72" pad.
- Includes trenching, backfilling and slurry.
- Cables, termination, de-energization and energizing by other.

Onsite Electrical Utility

- Provide and install (1) qty. 5" UG primary conduit encased in concrete from closes pullbox to SCE Switch slab box approx. 85'.
- Provide and install (3) qty. 3" Conduit stub out from SCE switch slab box approx. 85'.
- Provide and install (8) qty. 94"x72" slab box for site work.
- Provide and install (16) qty. 36"x60"x48" pull box for site work.
- Provide and install (5) qty. 36"x60"x48" pull box for EV Chargers.
- Provide and install (3) qty. 10"x17"x12" Concrete pullbox with Traffic Rated cover for site work.
- Provide and install (26) qty. 10"x17"x12" Concrete pullbox with Standard Rated cover for site work.
    - ADD Alt for Traffic Rated Cover for boxes located in planter
- Provide and install (1) qty. 10'x12'x6" Pad w/5'x8'-6"x60" Enclosure Edison UGS 535.1.
- Provide and install (1) qty. 5'x10'-6"x7" Vault Edison PMH.
- Hauling of excess dirt from trenching operations is included.
- All work to be performed in dirt – demolition of work area to be performed by others prior to start of trenching operations.
- Price includes private utility locating through Ground Penetrating Radar (GPR).

Distribution

- Provide and install (1) qty. 3000A SWBD "MSB" 480/277V 3P4W Nema3R 3-Section includes grounding assembly.
- Provide and install (1) qty. 1200A DB "DSHC" 480/277V 3P4W Nema3R includes grounding assembly.
- Provide and install (1) qty. 600A DB "DSHF" 480/277V 3P4W Nema3R.
- Provide and install (1) qty. 800A DB "DSLC" 208/120V 3P4W Nema3R.
- Provide and install (1) qty. 600A DB "DSLEV" 208/120V 3P4W Nema3R.
- Provide and install (1) qty. 600A DB "DSLG" 208/120V 3P4W Nema3R.
- Provide and install (7) qty. for Panel CL1, CL2, CL3, CL4, CL5, CL6 & CL7.
- Provide and install (2) qty. 100A for Panel CH1 & CH2.
- Provide and install (3) qty. 225A for Panel CH3, CH4 & CH5.
- Provide and install (2) qty. 100A for Panel GL1 & GL2.
- Provide and install (2) qty. 150A for Panel GL3 & GL4.
- Provide and install (3) qty. 225A for Panel AH1, AH2 & GH1.

- Provide and install (1) qty. 300A Panel GH2.
- Provide and install (1) qty. 225A Panel AL1.
- Provide and install (1) qty. 150A Panel AL2.
- Provide and install (1) qty. 100A Panel AL3.
- Provide and install (2) qty. 5kVA Single phase mini power zone for Panel PZ1 & PZ2.
- Provide and install (2) qty. 250kVA Transformers for TC & TF.
- Provide and install (1) qty. 150kVA Transformer for TG.
- Provide and install (1) qty. 45kVA Transformer for TA.
- Provide and install (1) qty. Panel CINV 60A 1P2W 277V.
- Provide and install (1) qty. 3kW Inverter AINV 1P2W 277V.
- Provide and install (1) qty. 5kW Inverter GINV 1P2W 277V.

Admin. Building
Lighting and Controls

- Provide and install (132) qty. Type 2 – 2'x2' Recessed per specification.
- Provide and install (17) qty. Type 2EM – Same as Type 2 with EM per specification.
- Provide and install (2) qty. Type 5EM – 1'x4' Flat panel surface mounted per specification.
- Provide and install (11) qty. Type 9B – Wall Sconce per specification.
- Provide and install (10) qty. Type 10 – 1.5'x4' Surface mounted per specification.
- Provide and install (9) qt. Type X1 – Surface mounted single phase exit sign per specification.
- Provide and install (1) qty. Type $ Single pole switch.
- Provide and install (26) qty. Type 2WAY-OS, manufacture TBD.
- Provide and install (5) qty. Type AC-DDL, manufacture TBD.
- Provide and install (19) qty. Type LVMS, manufacture TBD.
- Provide and install (7) qty. Type WMSB-OS, manufacturer TBD.
- Provide and install (1) qty. AINV inverter 3kW 1P2W 277V.
- Provide and install (1) qty. GINV inverter 5kW 1P2W 277V,
- Provide and install (1) qty. Panel CINV 60A 1P2W 277V Nema3R M.L.O.
- Provide and install (1) qty. Astronomical time clock and photocell.

Power Devices

- Provide, rough in and install (65) qty. Duplex receptacles.
- Provide, rough in and install (1) qty. Duplex receptacle above counter.
- Provide, rough in and install (56) qty. Duplex GFCI receptacles.
- Provide, rough in and install (6) qty. Duplex GFCI receptacles above counter.
- Provide, rough in and install (1) qty. Duplex GFCI controlled receptacle above counter.
- Provide, rough in and install (7) qty. Duplex GFCI W.P. receptacles.
- Provide, rough in and install (1) qty. Double Duplex controlled receptacle.
- Provide, rough in and install (2) qty. Double Duplex floor box receptacles.
- Provide, rough in and install (1) qty. 30A3P 250V receptacle for UPS.
- Provide, rough in and install (1) qty. 1WAY- OS.
- Provide, rough in and install (1) qty. 20A1P 120V motor rated switch for disposal.
- Provide, rough in and install (4) qty. J-Box and 20A1P 120V connection for Hand Dryers.
- Provide, rough in and install (1) qty. J-box and 20A1P 120V connection for Intercom/PA/Clock.

Mechanical/Plumbing

- Provide, rough in and install (3) qty. 15A1P Motor rated switch and hookup for EF-3.1, EF-3.2 & EF-3.3.
- Provide, rough in and install (1) qty. 15A1P Motor rated switch and hook up for FC-4.2
- Provide, rough in and install (2) qty. 15A1P Motor rated switch and hook up for outdoor unit (Note: 2.069).
- Provide, rough in and install (1) qty. 15A2P Motor rated switch and hook up for SFC-4.1.
- Provide, rough in and install (1) qty. 30A30F2P 250V Nem3R Disconnect and hook up for CU-4.1 & CU-4.2.
- Provide, rough in and install (14) qty. 30A15F3P 600V Nem3R Disconnect and hook up for Power exhausts.
- Provide, rough in and install (1) qty. 30A20F3P 600V Nema1 Disconnect and hookup for EWH-1.
- Provide, rough in and install (4) qty. 30A20F3P 600V Nem3R Disconnect and hook up for RTU-4.1, RTU-4.2, RTU-4.4 & RTU-4.5.
- Provide, rough in and install (5) qty. Duplex GFCI W.P. surface receptacles.
- Provide, rough in and install (14) qty. ¾" C.O. (spare) to respective control devices for control wiring (Note: 2.017).
- Provide, rough in and install (3) qty. ¾" C.O. (spare) to respective control devices for control wiring.

Fire Alarm

- All low voltage wiring, devices and termination provided and installed by others.
- Provide and install 20A1P 120V power to BMS and mount BMS furnish by other (Note: 2.070).
- Provide and install 20A1P 120V power to AMP-3 and mount AMP-3 furnish by other (Note: 2.070).
- Provide and install 20A1P 120V power to FAAP and mount FAAP furnish by other.
- Provide and install 20A1P 120V power to FACP and mount FACP furnish by other (Note: 2.070).
- Provide and install 20A1P 120V power to FAS and mount FAS furnish by other.
- Provide and install 20A1P 120V power to FATC-3 and mount FATC-3 furnish by other.
- Provide and install 20A1P 120V power to VECP and mount VECP furnish by other.
- Provide, rough in and install conduits and backboxes (1) qty. Type B.WP.
- Provide, rough in and install conduits and backboxes (1) qty. Type CR.
- Provide, rough in and install conduits and backboxes (2) qty. Type M.
- Provide, rough in and install conduits and backboxes (1) qty. Type MS.
- Provide, rough in and install conduits and backboxes (5) qty. Type S.WP.
- Provide, rough in and install conduits and backboxes (40) qty. Type SD.
- Provide, rough in and install conduits and backboxes (31) qty. Type SF.cd Ceiling.
- Provide, rough in and install conduits and backboxes (1) qty. Type TS.
- Provide, rough in and install conduits and backboxes (1) qty. Type WF.
- Provide, rough in and install (3) qty. 42"x72"xTBD concrete pullbox. Shown on EFA1.01.

Access Control

- All low voltage wiring, devices and termination provided and installed by others.
- Provide, rough in and install conduits and boxes for (3) qty. single doors.

Audio/Video

- All low voltage wiring, devices and termination provided and installed by others.
- Provide, rough in and install (1) qty. A/V stub up to accessible ceiling only.

Data/Tele/TV

- All low voltage wiring, devices and termination provided and installed by others.
- Provide, rough in and install (24) qty. A/V stub up to accessible ceiling only.
- Provide, rough in and install (1) qty. TV stub up to accessible ceiling only.
- Provide, rough in and install (5) qty. WAP by other.

Intercom/Clock

- All low voltage wiring, devices and termination provided and installed by others.
- Provide, rough in and install (20) qty. clock stub up to accessible ceiling only.

Security

- All low voltage wiring, devices and termination provided and installed by others.
- Provide, rough in and install (4) qty. MD-Motion Detectors ceiling backboxes only.
- Provide, rough in and install (3) qty. SC-Security Cameras wall/ceiling backboxes only.

Elevator

- Provide and install (1) qty. Single pole surface W.P. switch.
- Provide and install (2) qty. 4' Surface mounted for wet location.
- Provide and install (2) qty. ¾" C.O. to main telephone board.
- Provide and install (2) qty. J-Box for call box.
- Provide and install (3) qty. Duplex GFCI W.P. surface receptacle.
- Provide and install (1) 30A20F2P 600V lockable disconnect for cab lighting and receptacles.
- Provide and install (1) qty. 60A60F3P 600V disconnect and hookup for Elevator pump.
- Provide and install ½" C.O. from disconnect switch auxiliary contacts to elevator controller.
- Provide, rough in and install conduits and backboxes (1) qty. Type S.
- Provide, rough in and install conduits and backboxes (6) qty. Type CR.
- Provide, rough in and install conduits and backboxes (4) qty. Type M.
- Provide, rough in and install conduits and backboxes (2) qty. Type PH.
- Provide, rough in and install conduits and backboxes (1) qty. Type R.
- Provide, rough in and install conduits and backboxes (2) qty. Type SD.
- Provide, rough in and install conduits and backboxes (2) qty. Type HD.

MPR/Food Service Building
Lighting and Controls

- Provide and install (24) qty. Type 1 – High performance pendant per specification.
- Provide and install (2) qty. Type 3 – 2'x4' recessed troffer per specification.
- Provide and install (73) qty. Type 4 – 1'x4' surface mounted per specification.
- Provide and install (23) qty. Type 4EM – Same as Type 4 with EM per specification.
- Provide and install (20) qty. Type 5 – 1'x4' Flat panel surface mounted per specification.
- Provide and install (10) qty. Type 5EM – Same as Type 5 with EM per specification.
- Provide and install (1) qty. Type 6 – 6" LED downlight, wide beam reflector per specification.
- Provide and install (13) qty. Type 9B – Wall sconce per specification.
- Provide and install (8) qty. Type 10 – 1.5'x4' surface mounted per specification.
- Provide and install (12) qty. Type X1 – Surface mounted single phase exit sign per specification.

- Provide and install (2) qty. Type $ - Single pole switch.
- Provide and install (45) qty. Type 2WAY-OS, manufacture TBD.
- Provide and install (1) qty. Type AC-DDL, manufacture TBD.
- Provide and install (20) qty. Type LVMS, manufacturer TBD.
- Provide and install (8) qty. Type WMSB-OS, manufacture TBD.

Power Devices

- Provide, rough in and install (2) qty. 4Gang Floor Box.
- Provide, rough in and install (18) qty. Duplex receptacles.
- Provide, rough in and install (6) qty. Duplex receptacles above counter.
- Provide, rough in and install (15) qty. Duplex GFCI receptacles.
- Provide, rough in and install (6) qty. Duplex GFCI W.P. receptacles.
- Provide, rough in and install (16) qty. Double duplex receptacles.
- Provide, rough in and install (1) qty. Double duplex surface receptacle.
- Provide, rough in and install (4) qty. J-Box with 20A1P 120V power and hookup for Hand dryers.
- Provide, rough in and install (1) qty. Key switch for (2) backboards.
- Provide, rough in and install (4) qty. 20A1P Motor switch surface for backs top motor.
- Provide, rough in and install (2) qty. 30A30F3P 250V Nema1 Disconnect and hookup for Bleacher Motor.
- Provide, rough in and install 3.4” C. from CRS-1 and CRS-2 to CER-1 with wire as indicated on Theatric lighting plan.
- Provide, rough in and install ¾” C. from stage managers panel (SMP) to adjacent control receptacle station (CRS) with wire as indicated on Theatric lighting plan.

Mech./Plumbing

- All low voltage wiring, devices and termination provided and installed by others.
- Provide, rough in and install (1) qty. 15A1P Motor rated switch and hookup for EF-2.6
- Provide, rough in and install (2) qty. 20A1P Motor rated switch and hookup for CP-1 and CP-2.
- Provide, rough in and install (1) qty. 30A20F3P 600V Nema1 disconnect and hookup for EWH-1.
- Provide, rough in and install (3) qty. 40A1P 600V Nema1 Disconnect and hook up for EWH-2.
- Provide, rough in and install (1) qty. 60A40F3P 600V Nema1 disconnect and hookup for EWH-3.
- Provide, rough in and install (4) qty. 15A1P Motor rated switch and hookup for EF-2.1, EF-2.2, EF-2.3 & EF-2.4.
- Provide, rough in and install (1) qty. 15A3P Motor rated switch and hookup for EF-2.5.
- Provide, rough in and install (1) qty. 30A20F3P 250V Nema3R Disconnect and hookup for MAU-1.
- Provide, rough in and install (3) qty. 30A30F2P 250V Nem3R Disconnect and hook up for CU-3.1, CU-3.2 & CU-3.3.
- Provide, rough in and install (7) qty. 30A20F3P 600V Nem3R Disconnect and hook up for Power exhausts.
- Provide, rough in and install (22) qty. ¾” C.O. (spare) to respective control devices for control wiring (Note: 2.017).
- Provide, rough in and install (8) qty. Duplex GFCI W.P. surface receptacles.

Fire Alarm

- All low voltage wiring, devices and termination provided and installed by others.
- Provide and install 20A1P 120V power to FAPS-2 and mount FAPS-2 furnish by other.
- Provide and install 20A1P 120V power to AMP-2 and mount AMP-3 furnish by other.
- Provide, rough in and install conduits and backboxes (1) qty. Type B.WP.

- Provide, rough in and install conduits and backboxes (38) qty. Type CO.
- Provide, rough in and install conduits and backboxes (7) qty. Type CR.
- Provide, rough in and install conduits and backboxes (6) qty. Type F.cd Ceiling.
- Provide, rough in and install conduits and backboxes (26) qty. Type HD.
- Provide, rough in and install conduits and backboxes (3) qty. Type M.
- Provide, rough in and install conduits and backboxes (9) qty. Type S.WP.
- Provide, rough in and install conduits and backboxes (13) qty. Type SD.
- Provide, rough in and install conduits and backboxes (26) qty. Type SF.cd Ceiling.
- Provide, rough in and install conduits and backboxes (1) qty. Type TS.
- Provide, rough in and install conduits and backboxes (1) qty. Type WF.

Access Control

- All low voltage wiring, devices and termination provided and installed by others.
- Provide, rough in and install conduits and boxes for (1) qty. Double Door.

Audio/Video

- All low voltage wiring, devices and termination provided and installed by others.
- Provide, rough in and install (5) qty. A/V stub up to accessible ceiling only.
- Provide, rough in and install (1) qty. PR stub up to accessible ceiling only.
- Provide, rough in and install (3) qty. S stub up to accessible ceiling only.
- Provide, rough in and install (1) qty. TP stub up to accessible ceiling only.

Data/Tele/TV

- All low voltage wiring, devices and termination provided and installed by others.
- Provide, rough in and install (3) qty. Tele/Data stub up to accessible ceiling only.
- Provide, rough in and install (1) qty. ALS stub up to accessible ceiling only.
- Provide, rough in and install (2) qty. ANT stub up to accessible ceiling only.
- Provide, rough in and install (1) qty. TV stub up to accessible ceiling only.
- Provide, rough in and install (8) qty. WAP by other.

Intercom/Clock

- All low voltage wiring, devices and termination provided and installed by others.
- Provide, rough in and install (5) qty. clocks stub up to accessible ceiling only.

Security

- All low voltage wiring, devices and termination provided and installed by others.
- Provide, rough in and install (11) qty. MD-Motion Detectors ceiling backboxes only.
- Provide, rough in and install (6) qty. SC-Security Cameras wall/ceiling backboxes only.

Kitchen

Power Devices

- Provide, rough in and install (12) qty. 1Gang Duplex receptacle floor box.
- Provide, rough in and install (23) qty. Duplex receptacles S.S. covers.
- Provide, rough in and install (1) qty. Duplex receptacles ceiling S.S. covers.
- Provide, rough in and install (1) qty. Duplex GFCI receptacles S.S. covers.
- Provide, rough in and install (1) qty. J-Box with 20A1P 120V power and hookup for Air Curtain.

- Provide, rough in and install (1) qty. J-Box with 20A1P 120V power and hookup for Hand dryers.
- Provide, rough in and install (1) qty. J-box with 20A1P 120V power and hookup for Hood.
- Provide, rough in and install (1) qty. J-box with 50A3P 240V power and hookup for Vegetable Washing System.

Mech./Plumbing

- All low voltage wiring, devices and termination provided and installed by others.
- Provide, rough in and install (2) qty. 20A2P 208V power and hookup for cooler and freezer evaporator coils.
- Provide, rough in and install (1) qty. 60A50F3P 250V Nema1 disconnect and hookup for Remote Refrigeration Rack.
- Provide, rough in and install (1) qty. 60A40F1P 600V Nema1 disconnect and hook up for EWH-2.
- Provide, rough in and install (1) qty. 15A2P Motor rated switch and hookup for FC-3.1.
- Provide, rough in and install (2) qty. Type $ - Single Pole Surface Switch.
- Provide, rough in and install (2) qty. Type $ - Single Pole Surface W.P. Switch for Walk in Freezer and Cooler.

Low Voltage

- All low voltage wiring, devices and termination provided and installed by others.

Fire Alarm

- Provide and install conduits and boxes for (1) qty. Type F.P.
- Provide and install conduits and boxes for (1) qty. Type F.S.

Access Control

- Provide and install conduits and boxes for (1) qty. Single door.

100 Building (Classroom)

Lighting and Controls

- Provide and install (147) qty. Type 3 – 2'x4' recessed troffer per specification.
- Provide and install (28) qty. Type 3EM – Same as Type "3" with EM per specification.
- Provide and install (49) qty. Type 4 – 1'x4' surface mounted per specification.
- Provide and install (8) qty. Type 4EM – Same as Type 4 with EM per specification.
- Provide and install (63) qty. Type 6 – 6" LED downlight, wide beam reflector per specification.
- Provide and install (32) qty. Type 6EM – Same as Type "6" with EM per specification.
- Provide and install (34) qty. Type 9 – Wall sconce per specification.
- Provide and install (18) qty. Type 10EM – 1.5'x4' Surface mounted with EM per specification.
- Provide and install (32) qty. Type 13 – Peak top standard per specification.
- Provide and install (4) qty. Type 13EM – Same as Type "13EM" with EM per specification.
- Provide and install (292) qty. Type 20 – 2'x4' TBD and confirmed.
- Provide and install (13) qty. Type X1 – Surface mounted single phase exit sign per specification.
- Provide and install (6) qty. Type X2 – Surface mounted double phase exit sign per specification.
- Provide and install (3) qty. Type $ - Single Pole Switch
- Provide and install (67) qty. Type 2WAY-OS
- Provide and install (2) qty. Type AC-DDL
- Provide and install (40) qty. Type LVMS
- Provide and install (13) qty. Type WMSB-OS

Power Devices

- Provide, rough in and install (200) qty. Duplex receptacles.

- Provide, rough in and install (1) qty. Duplex surface receptacle.
- Provide, rough in and install (20) qty. Duplex GFCI receptacles.
- Provide, rough in and install (25) qty. Duplex GFCI receptacles above counter.
- Provide, rough in and install (4) qty. Duplex GFCI W.P. surface receptacles.
- Provide, rough in and install (36) qty. Double duplex receptacles.
- Provide, rough in and install (3) qty. Double duplex GFCI receptacles.
- Provide, rough in and install (1) qty. 30A3P 250V surface receptacle for UPS.
- Provide, rough in and install (82) qty. 3Gang box for Power/Data/TV.
- Provide, rough in and install (65) qty. J-Box ceiling with 120V (Homeruns).
- Provide, rough in and install (20) qty. J-Box with 20A1P 120V power and hookup for Hand dryers.

Mech./Plumbing

- All low voltage wiring, devices and termination provided and installed by others.
- Provide, rough in and install (1) qty. 15A1P Motor rated switch and hookup for EF1.3.
- Provide, rough in and install (3) qty. 15A2P Motor rated switch and hook up for FC-1.1, FC-1.2 & FC-1.3.
- Provide, rough in and install (2) qty. 20A1P Motor rated switch and hookup for CP-1.
- Provide, rough in and install (2) qty. 20A2P Motor rated switch and hookup for EF-1.1 & EF-1.2.
- Provide, rough in and install (1) qty. 20A2P Motor rated switch and hook up for SFC 2.1.
- Provide, rough in and install (4) qty. 30A30F2P 250V Nema3R Disconnect and hookup for CU-1.1, CU-1.2, CU-1.3 & CU2.1.
- Provide, rough in and install (36) qty. 30A20F3P 600V Nema3R disconnects and hook up for RTU-1.1 thru RTU-2.9.
- Provide, rough in and install (16) qty. 30A20F3P 600V Nem3R Disconnect and hook up for Power exhausts.
- Provide, rough in and install (2) qty. 60A40F1P 600V Nema1 Disconnect and hook up for EWH-1.
- Provide, rough in and install (79) qty. ¾" C.O. (spare) to respective control devices for control wiring (Note: 2.017).
- Provide, rough in and install (17) qty. Duplex GFCI W.P. surface receptacles.

Access Control

- All low voltage wiring, devices and termination provided and installed by others.
- Provide, rough in and install conduits and boxes for (3) qty. Single Door.
- Provide, rough in and install conduits and boxes for (1) qty. Double Door.

Audio/Video

- All low voltage wiring, devices and termination provided and installed by others.
- Provide, rough in and install (39) qty. A/V stub up to accessible ceiling only.

Data/Tele/TV

- All low voltage wiring, devices and termination provided and installed by others.
- Provide, rough in and install (57) qty. Tele/Data stub up to accessible ceiling only.
- Provide, rough in and install (1) qty Data stub up to accessible ceiling only.
- Provide, rough in and install (97) qty. TV stub up to accessible ceiling only.
- Provide, rough in and install (1) qty. BS stub up to accessible ceiling only.
- Provide, rough in and install (1) qty. CS stub up to accessible ceiling only.
- Provide, rough in and install (40) qty. WAP by other.
- Provide, rough in and install (44) qty. 2" Sleeves thru wall.

- Provide, rough in and install (100) qty. 4" Sleeves thru wall.

Intercom/Clock

- All low voltage wiring, devices and termination provided and installed by others.
- Provide, rough in and install (31) qty. clock stub up to accessible ceiling only.

Security

- All low voltage wiring, devices and termination provided and installed by others.
- Provide, rough in and install (43) qty. MD-Motion Detectors ceiling backboxes only.
- Provide, rough in and install (8) qty. SC-Security Cameras wall/ceiling backboxes only.

Fire Alarm

- All low voltage wiring, devices and termination provided and installed by others.
- Provide and install 20A1P 120V power and mount AMP-1 and AMP-1.2, furnished by other.
- Provide and install 20A1P 120V power and mount FAPS-1 and FAPSA-1.2, furnished by other.
- Provide and install 20A1P 120V power and mount FATC-1.1 and FATC-1.2, furnished by other.
- Provide, rough in and install conduits and backboxes (1) qty. Type B.WP.
- Provide, rough in and install conduits and backboxes (8) qty. Type CR.
- Provide, rough in and install conduits and backboxes (6) qty. Type F.cd Ceiling.
- Provide, rough in and install conduits and backboxes (61) qty. Type HD.
- Provide, rough in and install conduits and backboxes (6) qty. Type HD.B.WP.
- Provide, rough in and install conduits and backboxes (5) qty. Type M.
- Provide, rough in and install conduits and backboxes (1) qty. Type R.
- Provide, rough in and install conduits and backboxes (11) qty. Type S.WP.
- Provide, rough in and install conduits and backboxes (136) qty. Type SD.
- Provide, rough in and install conduits and backboxes (67) qty. Type SF.cd Ceiling.
- Provide, rough in and install conduits and backboxes (2) qty. Type TS.
- Provide, rough in and install conduits and backboxes (2) qty. Type WF.

Site/Landscape

Lighting and Controls

- Provide and install (7) qty. Type 9 – Wall sconce per specification.
- Provide and install (10) qty. Type 9A – High performance outdoor 20' pole light per specification.
- Provide and install (14) qty. Type 9C – High performance outdoor pole light per specification (height TBD).
- Provide and install (1) qty. Type 9D – High performance outdoor 20' pole light per specification.
- Provide and install (7) qty. Type 10 – 1.5'x4' Surface mounted per specification.
- Provide and install (7) qty. Type 12 – Wall spotlight with precision spot per specification.
- Provide and install (9) qty. Type 13 – Peak top standard LED bollard per specification.
- Provide and install (14) qty. Type 14 – High performance outdoor 20' pole light per specification.
- Provide and install (39) qty. 24"x5'6" concrete pole bases for Type 9A, 9C, 9D and 14.
- Provide and install (9) qty. concrete base for Type 13 – LED bollards.

Power Devices/Misc.

- Provide and install Lamson & Sessions #E945 Series PVC Expansion Coupling for Each conduit crossing footings of buildings.
- Provide and install temporary power to existing irrigation backflow pump.

- Provide and install power, hook up and 1" C. for controls to (1) qty. Marquee sign.
- Provide and install 1" C. Stub out at northwest corner of generator enclosure.
- Provide and install power to East-2-Enter fire access gate.

EV Charger

- All low voltage wiring, devices and termination provided and installed by others.
- Provide, rough in and install (4) qty. 40A2P 208V for EVSE Chargers.
- Provide and install (4) qty. concrete base for EVSE Chargers.
- Provide, rough in and install (13) qty. 1" C.O. for (13) qty. future EVCS Charger feeders.
- Startup and programming by others.

Low Voltage

- All low voltage wiring, devices and termination provided and installed by others.
- All conduits below is fed from MPR Electrical room nearest pullbox to Site Utility enclosure and stub out approximately 85' from building.
- Data/Tele - Provide and install 3" PVC conduits.
- Fire Alarm - Provide and install 2" PVC conduits.
- Public Address - Provide and install 2" PVC conduits.
- Intrusion Detection - Provide and install 2" PVC conduits.
- Clock - Provide and install 2" PVC conduits.
- EMS - Provide and install 2" PVC conduits.
- Spare - Provide and install (2) x 3" PVC conduits.

Generator

- All low voltage wiring, devices and termination provided and installed by others.
- Provide and install 10kW Gas generator, 100A ATS-01 3P 600V Nema3R, mushroom "EM" push button, remote annunciator panel with 1" conduit, sub-base 25 gallon fuel tank, stage 1 sound attenuated weather protective enclosure, dedicated 20A1P 120V circuit for battery charger, 20A1P 120V circuit for jacket water heater.

Solar Power

- Provide and install 400A250F3P 600V disconnect to PV system at parking structure.

Trenching for Landscape, Parking, and Utility

- Includes excavation, trenching and backfill all trenches with native soil.
- Hauling of excess dirt from trenching operations is included.
    - Light Pole Base Dirt Export up to 40 CY.
    - Site Utility Dirt Export up to 755 CY.
    - Fire Alarm Dirt Export up to 90 CY.
- All work to be performed in dirt – demolition of work area to be performed by others prior to start of trenching operations.
  Price includes private utility locating through Ground Penetrating Radar (GPR).

Smith
MECHANICAL - ELECTRICAL -PLUMBING
LIC. NO. 420418
1340 W. BETTERAVIA RD. SANTA MARIA CA 93455
PHONE (805) 621-5000

Plumbing Scope of Work:

Procure and installation of the new Plumbing equipment and fixtures as identified below.

Plumbing Fixtures/Equipment

- (39) WC-1
- (19) WC-2
- (8) U-1
- (7) U-2
- (16) L-1
- (36) L-2
- (4) SS-1
- (5) DF-1
- (3) S-1
- (34) S-2
- (8) S-3
- (52) TMV-1
- (16) TP-1
- (11) ETP-1
- (7) HB-2
- (12) RHB-1
- (40) FD-1
- (3) FS-1
- (3) FS-2
- (14) RD/OD-1
- (17) RR-1
- (6) WHA-1
- (3) EWH-1
- (4) EWH-2
- (1)EWH-3
- (3) CP-1
- (1) CP-2
- (1) GI-1
- (1) Seismic Gas Valve
- (1) Gas Pressure Regulator

Plumbing Inclusions and Project Approach:

1) Pipe, valves and fittings per drawings listed above.
2) Piping systems included in our proposal:
    - Sanitary waste/vent will be CI No-Hub (Below Grade) & CI No-Hub (Above Grade).
    - Grease Waste/vent will be CI No- Hub (Below Grade) & CI No-Hub (Above Grade).
    - Storm Drain & Overflow drain will be CI No-Hub (Below Grade) & CI No-Hub (Above Grade)
    - Domestic cold/hot water/above grade will be type L copper with soldered joints.
    - Natural Gas will be PE Pipe (Below Grade) SCH 40 BLK iron and fittings (Above Grade)
    - Condensate Drains will Be Type L Copper with solder joints
    - Pipe insulation for domestic hot water and condensate
    - Connection of kitchen fixtures (provided by others)
3) Startup of plumbing equipment is included

3) Excavation/backfill/bedding for our underground piping systems.
4) Plumbing fixtures per plan and schedule.
5) Chlorination of the domestic water systems.
6) Pipe insulation of domestic hot water (per Title-24 requirements).
7) Fire stopping of plumbing penetrations.
8) Roof flashings, pipe identification, valve tags, sleeves.
9) Seismic bracing is included per CBC guidelines.
10) Coordination, supervision, as-built drawings, close-outs documents, O&Ms.
11) Sanitary waste will be 5' out of building
12) Grease waste will be 3' in/out of Grease Interceptor

Mechanical Exclusions and Work Performed by Others:

- **BIM Modelling -See Alternate Add below**
- **Acoustic Lagging per M5.1 #2 -See Alternate Add below**
- **SD-1.9 #5 Hanger rod support 2x filler block needed for hanger strap installation, and for all equipment**
- **Unistrut hanger OPM PP43-13 Fig M4.12 (There is no M4.12)**
- **Return air filters if HVAC system is used to acclimate any space M0.1 Cal Green Notes #3**
- **Duct Cleaning**
- **Smoke Fire dampers – None shown**
- **(1) Kitchen Hood, hangers and installation.**
- **Interconnection between MUA and EF-1 to the ansul system**
- **MPR Exposed ductwork painting, quoted galvanized ductwork**
- **Rigid insulation at roof curbs M5.1 Notes 2,3**
- **M5.1 note #9 roof duct support base**
- **Unistrut Hangers SD-1.9, 4 OPM 0043-13, as there is no sheet M4.12**
- **SD-1-9 # 5 Wood blocking**
- Smith MEP will not perform any cutting and patching of surfaces. We will provide all necessary block-out drawings for all ductwork penetrations of ceilings, walls, roofs, and floors for use by others to provide and install required block-outs. Structural reinforcement for all openings is to be provided by others.
- **All supplemental strut, steel, channel or plate to install plumbing piping hangers and supports, If hangers and supports cannot be attached directly to the metal deck or directly to building structural steel supplemental steel shall be provided by others.**
- This proposal is provided on the basis that project coordination and project activity schedule will be managed by the prime contractor, such that rough-in work will be completed by Smith MEP prior to the installation of interior walls, other than those mutually agreed upon walls that are not constructible after plumbing and ductwork installation. Note that when walls are installed prior to duct, piping, and plumbing installation, the openings must be oversized to accommodate duct flanges. This will necessitate additional wall patching, which is not included in our scope of work.
- Bonds, Permits and Plans Check Fees.
- Parking and/or Shuttling.
- General Contracting Work: Cutting, Plastering, Patching, Painting, Stenciling, Concrete/Asphalt Demo and Patch Back, Structural Supports, Equipment Pads, Saw Cutting, Blocking, Block Outs, Cores.
- Backing, Framing, Carpentry Work (I.e., Framing, Blocking, Blocking, Block Outs, etc.) Whether Shown or Not.
- Fire Protection, Fire Sprinklers, Housekeeping Pads
- Gas, Electrical, Hydronics, **DDC Controls**, Plumbing, Engineering, CAD drawings (2d or 3d).
- Final Cleaning
- Demolition, Hazardous Material Removal
- Commissioning Documents and/or Support.
- Curbs on Metal Roofing, Duct or Equipment Supports on Metal Roofing

- Seismic Calc's
- Concrete Supports
- HERS Testing
- Furnish and Install of Access Panels and/or Architectural Louvers
- Disconnects, Condensate Lines, Pressure Switches
- Trash, Dumpsters and Spoils Removal
- Any Temporary Utilities or Services including but not limited to electrical lighting, water, climate control, chillers, and air handlers.
- Early Activation of Mechanical, Electrical, and/or Plumbing Systems and Extended Warranty.
- Liquidated Damages, Consequential Damages or Costs for Schedule Improvements Not Mutually Agreed upon Prior to Award of Work.
- Miscellaneous Metal, Flashings, Downspouts, Gutters, Door Louvers, Waterproofing, Expansion Flashing and Metal Roofing are Excluded. (Unless specifically indicated otherwise in Bid Proposal.)
- 120 Volt and Above Conduit and Wire, 24 Volt Conduit, Electrical Conduit, Electrical Connections, Disconnects, Motor Starters, Smoke Detectors and or Speed Controllers
- Ceiling Wires for Registers and Grilles T-Bar Ceilings.
- **Fire Caulking and Acoustical Caulking** Unless Specifically indicated otherwise in the bid proposal is excluded.
- All Site Utilities
- Fume Hoods and Kitchen Hoods. (Duct connections to fume hoods and kitchen hoods are included.)
- Startup of Existing Equipment.
- Water Heater and Boiler Flue Pipe. (Unless specifically indicated otherwise in bid proposal.)

Electrical Exclusions and Work Performed by Others:

1) Demolition
2) AQMD Permit for generator
3) Temporary power and/or lighting
4) Sawcut and coring
5) Concrete light pole bases (anchor bolts will be provided by Smith and bases to be poured by others)
6) Concrete equipment and/or housekeeping pads
7) Controls connection to Marquee sign (destination for connection is not shown or called out on the drawings)
8) Cords with male plugs for any food service equipment (all equipment should be provided with a cord and plug for connection to a power receptacle)
9) PV structure to be provided and installed by others (Smith will only provide and install the electrical components of the PV system)
10) Trench plates for trenches open for an extended period
11) Parking and shuttling
12) All backing and supplemental steel
13) Access panels
14) All permits, inspections, and utility fees
15) General contracting work: cutting, patching, roofing, dumpsters, all painting, concrete/asphalt demo and patch back, coring, hazardous material removal, concrete pits/basins and concrete equipment pads
16) Cutting, patching, and painting of finished surfaces
17) Engineering/design/plan check/city assessment/permit fees
18) Landscape and irrigation system
19) Traffic control
20) De-watering, sub-surface systems and waterproofing barriers
21) Premium time and/or shift work
22) Misc. supplemental structural steel for pipe and equipment supports
23) Import and export of excess soil (excess will be stored on site)
24) Any handling, receiving or installation of owner furnished items
25) Restroom accessories, dispensers, and partitions

26) Acoustic caulking
27) Kitchen appliances
28) Any casework openings, penetrations, or modifications
29) Composite cleanup cost
30) Attic stock or extra parts for any plumbing furnished items
31) Special inspections/testing/x-ray or any concrete X-ray/GPR Scanning
32) Liquidated damages, consequential damages or costs for schedule improvements not mutually agreed upon prior to award of work

Qualifications:

- Labor escalation is included through *December 31, 2025*. If the project is extended requiring originally contracted scope to occur beyond this date, Smith MEP will request remuneration for the anticipated union collective bargaining labor rate increase effective after this date.
- All work is figured continuous per the CPM schedule once commenced.
- Bid is based on the referenced drawings/correspondence received prior to bid.
- Any work not specified or illustrated on drawings will be submitted as a change order and based on the MCA labor-estimating manual.
- This proposal or its narrative intent is to be part of any and all contract documents.
- Work areas are figured to be freely accessible and unencumbered.
- Contractor to provide (2) surveyed reference points on each deck of construction.
- Building plumbing will terminate at 5'-0 outside of exterior foundation.

Plumbing Exclusions and Work Performed by Others:

1) **Exclude all down spouts**
2) **All Backing and Supplemental Steel**
3) **Kitchen Equipment and Fixtures, Owner provided and installed, Smith MEP to hook up**
4) **Repair of kitchen equipment and fixtures**
5) **Concrete/asphalt Patching**
6) Parking and shuttling.
7) Tile shower/bath surrounds.
8) All backing and supplemental steel.
9) Access panels.
10) All permits, inspections, and utility fees.
11) BIM Lead Coordination
12) General contracting work: cutting, patching, roofing, dumpsters, all painting, concrete/asphalt demo and patch back, coring, hazardous material removal, concrete pits/basins and concrete equipment pads.
13) Cutting, patching, and painting of finished surfaces.
14) Engineering/design/plan check/city assessment/permit fees.
15) Certification for weights and measures of water sub-meters.
16) Balcony drains and planter drains.
17) Gas piping to residential units.
18) Landscape and irrigation system.
19) HVAC/Mechanical work, general sheet metal work and trough/sheet-metal pans.
20) Temporary plumbing, electrical or ventilation services except as noted above.
21) Site/Civil work, connections to public utilities. Any Plumbing Beyond 5' outside the building.
22) Traffic control.
23) De-watering, sub-surface systems and waterproofing barriers.
24) Premium time and/or shift work.

25) Misc. supplemental structural steel for pipe and equipment supports.
26) Performance and payment bond or bid bond.
27) Import and export of excess soils (excess will be stored on site).
28) Any handling, receiving or installation of owner furnished items.
29) Restroom accessories, dispensers, and partitions.
30) Acoustical caulking.
31) Kitchen appliances.
32) Any casework openings, penetrations, or modifications.
33) Insulation of domestic cold water (other than listed above), condensate, storm drain and sanitary waste.
34) Composite cleanup crew cost.
35) Manlifts and scaffolding.
36) Attic stock or extra parts for any plumbing furnished items
37) Special inspections/testing/x-ray or any concrete X-ray/GPR Scanning.
38) Liquidated damages, consequential damages or costs for schedule improvements not mutually agreed upon prior to award of work.

Clarifications:

- The BIM modelling process pricing, **if accepted** is based on two meetings a week for three months. All subsequent meetings will be a negotiated cost with the General Contractor
- Labor escalation is included through December 31, *2025*. If the project is extended requiring originally contracted scope to occur beyond this date, Smith MEP will request remuneration for the anticipated union collective bargaining labor rate increase effective after this date.
- All work is figured continuously according per the CPM schedule once commenced.
- Any work not specified or illustrated on drawings will be submitted as a change order and based on the MCA labor-estimating manual.
- This proposal or its narrative intent is to be part of all contract documents.
- Work areas are figured to be freely accessible and unencumbered.

- Purchasers agree to provide Smith Mechanical-Electrical-Plumbing with required field utilities (electricity,
- water, toilets, hoisting, elevator service, dumpsters), onsite parking/staging/laydown area.
- Purchaser shall furnish lines, grades, and elevations without charge.
- **Scheduling & Delays:** This offer is based on logical and timely scheduling of Smith MEP and other subcontractors' activities, allowing efficiency of performance, and avoiding interference between trades. Smith MEP shall not be liable for any delay in the performance of work resulting from or attributed to act or circumstances beyond Smith MEP's control, including, but not limited to, acts of God, fire, riots, labor disputes, condition of the premises, acts or omissions of the Purchaser, Owner, or other Contractors or delays caused by suppliers of Smith MEP.
  If Smith MEP delays cause delay and/or disruption to the Contract work, Smith MEP shall be liable for actual costs sustained by Contractor or for which it is liable to Owner. If Smith MEP delays are only one of multiple causes for delay to the Contract Work, Smith MEP shall only be liable for its proportionate share of any resulting damages.
  If Contractor or any party for which Contractor is responsible cause delay to Smith MEP's work, Contractor shall be liable for actual costs sustained by Smith Mechanical-Electrical-Plumbing.
- **Payments:** Retention to be held at same as Owner holds against General Contractor. In the event of retention reduction by the Owner to General, it will be passed on in like kind and at the same time to Smith MEP.
- It is the intent of the parties that receipt by General Contractor from the Owner of funds for WORK performed by SmithMEP is not a condition precedent to each payment to be made to Smith MEP

- **Insurance**: Our bid only includes the following insurance with the limits as listed:

Worker's Compensation	Statutory Limits
Employer's Liability	$1,000,000 each accident
	$1,000,000 disease policy limit
Commercial General Liability	$1,000,000 each occurrence

$2,000,000 aggregate
Comprehensive Automobile Liability $2,000,000 each accident
Any additional policies, coverage, riders, or limit increases will be extra and are not included in our bid amount.

Pricing:

Mechanical Scope: .....**$ 5,530,000**
Electrical Scope: ..... **$ 7,050,000**
Plumbing Scope:..... **$ 2,825,000**
Sub Total.....**$ 15,405,000**

Alternate Adds:

MEP BIM ADD .....**$ 420,000**
MEP Bond ADD.....**$ 70,000**

Duct Acoustic Lagging M5.1 - Note #2 ADD. .....**$ 98,000**
Carrier Equipment in Lieu of York DEDUCT.....**$ (206,000)**

Traffic Rated Vaults in Landscape.....**$ 140,000**

Electrical Safe-Off .....**$ 19,600**

Excludes BIM
Mechanical and Plumbing Scopes: .....**$ 8,313,000**
Mechanical, Electrical and Plumbing Scopes: .....**$ 15,279,000**

TARIFF & COMMODOTY PRICE FLUCTUATION CLARIFICATIONS:

- As the current US government administration continues its international trade negotiations and announces international trade tariffs, we are realizing rapid price fluctuations in raw materials, commodities and assembled components & equipment. As a result, our pricing can only be valid for only 10 days. If we see significant pricing fluctuations in the coming weeks, we will alert the project team and reserve the right to request remuneration. If monies can be made available to us immediately for pre-purchase or to "lock-in" current prices, we will work with our supplier community to support this effort and minimize price fluctuations.
  .

Our pricing can be protected with the quick approval of our proposal, execution of a mutually agreeable contract and payment schedule. This may require early purchasing, storage and payment of equipment and materials to maintain these costs. If early acquisition is not an option, then we will need to protect our rights to receive an equitable adjustment for the escalation of materials should this occur. Availability of these items may lead to a schedule issue at any time. We will keep you abreast of any changes and we look forward to working with you on this new project.

Pricing Terms and Conditions:
Smith MEP's pricing is valid for 30 days from the date of this letter. A one (1) year labor and material warranty is included commencing at substantial completion or owners beneficial use of these systems.

We are confident that Smith MEP's performance will be a valued contribution to the success of this project, and we look forward to the opportunity to join your construction team.

FREMONT M.S. RECONSTRUCTION
ELECTRICAL PROPOSAL & SCOPE OF WORK (2)page(s)
October 30, 2025

We are pleased to present our scope of work and proposal for the above project. We are a Union Contractor, California Contractor's License #772245/C-10. Taft Electric Company will furnish and install the electrical material required per 100% CD Plan Sheets E0.01 thru E6.04, EFA1.01 thru EFA5.01, PV0.01 thru PV6.02, T0.01 thru T5.02, AV0.01 thru AV5.03 dated 1/17/25 Specifications as shown on plans. No Addenda are noted. The use of this proposal and pricing constitutes complete acceptance of all our qualifications and exclusions. We reserve the right to reasonably modify all subcontract terms prior to execution, even if a sample agreement was issued prior to this submission.

SEQUENCE 1: ELECTRICAL/ L.V. SYSTEMS:

SITE LTG @ PARKING LOT: (23 total) Site pole/lights	$	INCL
SITE LTG @ CANOPIES: (9 total) Under canopy lights	$	INCL
SITE UTILITY/ ELEC:	$	INCL
ADMIN BLDG: 7,004sf	$	INCL
BLDG "A" : 24,714sf	$	INCL
BLDG "B" : 29,679sf	$	INCL
"MPR" BLDG: 20,633sf	$	INCL
GRAND TOTAL	$	**7,564,000.00**

ADD ALT. #2 P.V. / SOLAR / B.E.S.S:

P.V. ARRAY #1 CANOPY: 106.2kW	$	360,000.00
P.V. ARRAY #2 CANOPY: 51.92kW	$	176,000.00
B.E.S.S @ ELEC YARD: 234.61kWh	$	572,685.00
PV/SOLAR/BESS GRAND TOTAL	$	1,108,685.00

SEQUENCE 2: DEMO EX. CAMPUS
TEC to investigate existing electrical and only makesafe, ... $ 20,000.00
Site and buildings for demo & removals complete by others.

QUALIFICATIONS:

1. All work will be performed during normal working hours, 7am-3:30pm, M-F. ***Duration assumed 28mths. Sequence 1&2.***
2. The General Contractor will provide all sawcut, removal, repair, and replacement of existing hardscape for our work, we will coordinate.
3. The General Contractor will provide all haul-off / export of our trenching and excavation spoils, we will stockpile in place.
4. The General Contractor or others will provide all demo & removals complete, we will only make safe electrical and abandon in place.
5. We have included the low voltage systems as shown on the respective systems plans.

6. BIM LOD350 is included, we will "go to meetings" virtually, the meetings are led by others.
7. ***Force Majeure***: TEC reserves the right to reprice and update our proposal due to any of the following actions, civil disturbances, strikes, riots, terrorist acts, shortages, non-availability, and or any other conditions beyond our reasonable control.
8. ***US Tariffs***: TEC reserves the right to reprice and update our proposal due to any impacts.

EXCLUSIONS:

1. HVAC, DDC, BAS, and EMS equipment, devices, low voltage conduit, wire and terminations.
2. Access panels, telephone plywood backboards and fire rated fixtures and cabinet enclosures.
3. All formed and finished concrete, housekeeping pads, conduit curbs, and light pole bases.
4. Slack and seismic wires for recessed fixtures, surface fixtures and ceiling devices.
5. All additional seismic and or structural support, engineering, and upgrades.
6. MEP design engineering coordination requirements, cost, and labor.
7. Cutting, patching, repair, and replacement of pavement, concrete, and sidewalk.
8. SWPPP, BMP's implementation, installation, cost, and fees.
9. Cost of a Bond. ***We are bondable at 0.9% Adder.***
10. Temporary power and lighting.
11. Water, meter, truck, cost and fees.
12. Dust control measures.
13. All permit costs and fees.
14. Utility charges, cost, and fees.
15. Surveying and staking.
16. Painting and coatings.

Respectfully,

Derrick R. Means

RE: Freemont ES Reconstruction – Earthwork Proposal

Robert:

Damar Construction, Inc, is pleased to submit the following proposal for the above referenced project. Our scope of work is as follows:

Scope of Work – Phase 1:

1. Proposal is good for 30 calendar days.
2. Three moves to complete our scope of work.
3. Strip & stockpile existing grass only. It is assumed that we can leave the stockpile sitting long enough to dry back and die before exporting offsite.
4. Excavate and export excess soil generated by our operations only.*
5. Excavate and compact per grading plans.
6. Overexcavate and recompact existing site soil to a depth of 2’ below the bottom of the footings in the building areas.
7. Compact top 12” below paving and concrete areas.
8. Supply and install 6” of low-expansion material on building pads. The remaining 6” of non-expansive is made up of gravel by the concrete contractor.
9. Grade pads to +/- 0.10’. Pads are figured flat at 0.92’ below the FF elevation shown on the civil plans.
10. Return to grade subgrade for site AC and concrete paving.
11. Supply and install 8” of low-expansion material below exterior flatwork areas. The remaining 4” is made up of base by the concrete contractor.
12. Return to grade subgrade for concrete flatwork, and rough in the land areas for amendments and fine grading by the landscape contractor.
13. Any export of spoils from other trades will have to be priced at the time of removal.
14. See “Standard Exclusions” and “Escalation of Costs”.

Mobilization:	**$10,160.00**
Rough Grade:	**$519,500.00**
Fine Grade:	**$319,850.00**
Phase 1 Base Bid:	**$849,510.00**

Scope of Work – Phase 2:

1. Proposal is good for 30 calendar days.
2. Two moves to complete our scope of work.
3. Strip & stockpile existing grass only. It is assumed that we can leave the stockpile sitting long enough to dry back and die before exporting offsite.
4. Excavate and export excess soil generated by our operations only.*
5. Excavate and compact per grading plans.
6. Supply and install 8" of low-expansion material below exterior concrete flatwork. The remaining 4" is made up of base by the concrete contractor.
7. Grade subgrade for paving and flatwork.
8. Rough in land areas for amendments and fine grade by the landscape contractor.
9. See "Standard Exclusions" and "Escalation of Costs".

Mobilization:	**$4,260.00**
Rough Grade:	**$613,870.00**
Fine Grade:	**$ 60,770.00**
Phase 2 Base Bid:	**$678,900.00**

Alternate #1 – Offsite Grading:	**$25,970.00**

***Notes:**

1. The north field is roughly 600,000sf between both phases. That equates to a little over 2,200cy per 0.10'. Any adjustments that can be made to the final grading in the north field could result in substantial savings for the Owner. The exact amount would have to be determined by final design.
2. Base bids above include the export of excess soil generated by our operations, as well as the grading of the field as indicated on the plans.

If you should have any questions, please contact our office at (805) 654-8438.

Sincerely,
Damar Construction, Inc.

Jason Fiscalini
Estimator / Project Manager

Enclosure

Standard Exclusions

1. Surveying, engineering, design, bonds, permits, or fees.
2. As-builts or mapping of existing improvements or utilities, or adjustment of utilities (pre or post construction).
3. Costs for project training, meetings, drug testing, or fingerprinting.
4. Site demolition.
5. Site clearing other than stripping of the existing grass.
6. Clearing & grubbing includes surface organics only. We exclude any/all organic material beneath the surface. Stumps, roots, etc.
7. Waste management plans.
8. Soils testing or additional work required by environmental specifications.
9. Structural excavation or backfill, backfill of interior walls or footings.
10. Overexcavation of pole footings.
11. Waterproofing, or drain pockets.
12. Dewatering, "mucking", drying of materials, or pumping of nuisance water or ground water.
13. Notching or grading for thickened edges, concrete bands, curbs, mow strips, stairs, slab depressions, swales, or v-ditches. Any additional notching or excavating will need to be cut/cleaned up by the concrete contractor.
14. Grading, leveling, or removal of spoils for scaffolding.
15. Excavation to top of footing for walls or structures. Excavation will be made to subgrade.
16. Supply or installation of geo-synthetics, geo-grids, rock, gravel, soil cement or lime treatment.
17. Backfilling of sidewalks, flatwork, curbs, planters, paving, or other improvements.
18. Fine grade of landscape areas, or screening of soils for landscape use. Furnishing or placing of topsoil or amendments.
19. SWPPP implementation, monitoring, maintenance, or removal, including gravel entries and rattle plates.
20. Slot cutting, shoring, lagging, bracing, or underpinning.
21. Handling or disposing of hazardous materials.
22. Handling, disposing, or exporting of spoils generated by other trades.
23. Potholing, locating, relocating, abandoning, disconnecting or removal of utilities, cesspools, wells, septic tanks, or other buried objects.
24. Protection, support, shoring, bracing, or encasing of any existing utilities.
25. Tree or vegetation protection or fencing.
26. Cost of construction water. Adequate, developed water to be provided on-site.
27. Traffic control, signs, flagging, barricades, safety fencing or sweeping.
28. Regrading after improvements have been started by others.
29. Weed abatement or re-clearing due to the passing of time.
30. Regrading due to weather events or damage by others.
31. Grading around risers. All risers to be cut below subgrade elevations prior to fine grade beginning.
32. Dust control when we are not actively working onsite.
33. Stabilization of subgrade or replacement of unsuitable soils. It is assumed that onsite soil can be reused unless otherwise stated in scope. Damar is not responsible for the organic content of soil.
34. Soil sterilization or termite control.
35. Pre-saturation of subgrade for concrete slabs or other improvements.
36. Rock breaking or rock excavation that cannot be completed productively with the onsite equipment.
37. Screening/disposal of oversized materials. Screening, picking, or disposal of trash or deleterious materials.
38. Construction of, grading for, or removal of crane access or fire truck roads/ramps.
39. Air pollution plan, notification, or control.
40. Vegetated swales.
41. Supply or installation of piping, gravel, fabric, mulch, or bio media.
42. Repair of damage by others.
43. Additional insurance requirements.
44. Off-site demolition or grading. Off-site is defined as anything outside the property line, and or anything out in a public street, sidewalk, alley, etc. See alternate(s) for any off-site work.

Escalation of Costs:

Notwithstanding any other provision in this Contract to the contrary, should Subcontractor's costs for labor, materials, supplies or equipment to complete the Work Subcontractor is obligated to perform pursuant to this Contract increase as a result of a Force Majeure event, as defined herein, Subcontractor shall be entitled to recover the difference between the amount Contractor actually pays and the cost Contractor used when preparing its bid for the Project as evidenced by vendor bids, purchase orders, rental agreements or labor estimates. Subcontractor's ability to recover additional amounts for increased costs, as provided in this provision, shall not preclude Subcontractor from recovering other costs resulting from delays to the critical path of the Project. For purposes of this provision, a Force Majeure event shall include the following:

A. Severe weather that precludes work on the Project;
B. Earthquakes in excess of magnitude 5.5 with an epicenter within 25 miles from the project site;
C. Floods, tidal waves or wildfires;
D. Government order, regulation or statute stopping work at the project site;
E. Pandemics or Epidemics;
F. War;
G. Terrorist events as determined by the United States Government;
H. Riots or civil unrest that preclude work on the Project;
I. Software hacking or malware, including loss of access to the internet cloud;
J. Labor strikes;
K. Quotas, tariffs, rationing, hoarding, scarcity, or environmental concerns affecting the ability of Contractor to procure materials or equipment for the Project; and
L. Loss of access to materials from a single source where no substitute is available and early purchase of materials was not possible.

STANDARD CONDITIONS

1. THE ABOVE PRICES EXPIRE ON 12/31/2025 AND ARE BASED ON DSA SITE PLANS FREEMONT DATED 01/17/25
2. ALL PROPOSALS MUST BE SIGNED AND RETURNED WITHIN 30 DAYS OF BID IN ORDER TO SECURE MATERIAL PRICES AND AVAILABILITY.
3. THE ABOVE PRICE IS BASED ON 4 MOVE INS. COST FOR ADDITIONAL MOVES ARE $5,500.00 EACH.
4. ALL SUBGRADE TO BE RECEIVED FROM +/-.5' COMPACTED.
5. GENERAL CONTRACTOR TO PROVIDED SANITATION UNIT AND CONSTRUCTION WATER.
6. GENERAL CONTRACTOR TO PROVIDE WASH OUT PIT FOR READY MIX TRUCKS.
7. PRICES ARE SUBJECT TO CHANGE IF THERE ARE ANY VARIATIONS TO THE ABOVE QUALIFIED STRUCTURAL SECTIONS AND FINISH.
8. PRICING IS FOR ONLY THE ITEMS OUTLINED ABOVE. IT SHOULD NOT BE INFERED THAT ANY OTHER ITEMS SHOWN ON THE PLANS IS INCLUDED IN OUR SCOPE OF WORK.
9. THIS PROPOSAL AND TERMS MUST BE ACCEPTED AS PART OF THE CONTRACT AND SO SPECIFIED IF A SPECIAL CONTRACT FORM IS USED.
10. FOUR WEEK ADVANCE NOTICE IS REQUIRED FOR SCHEDUELING.
11. IF STAKES FOR CONCRETE FORMWORK CAN NOT BE DRIVIN DUE TO FOOTINGS OR ANY OTHER OBSTRUCTIONS; IT SHALL BE PAID ON A TIME AND MATERIAL BASIS.
12. IF ROCK OR ANY OTHER UNSUITABLE MATERIAL IS ENCOUNTERED IT WILL BE PAID ON A TIME AND MATERIAL BASIS.
13. REMOVAL OR HANDLING OF WET OR UNSUITABLE MATERIAL WILL BE PAID FOR ON A TIME AND MATERIAL BASIS.

14. THE ABOVE BID IS NOT DIVISIBLE. ALL ITEMS IN THIS QUOTATION MUST BE ACCEPTED FOR THE PRICES SET FORTH ABOVE TO BE EFFECTIVE.
15. ALL WORK IS TO BE FIELD MEASURED AND PAID FOR AT THE APPROPRIATE UNIT OR LUMP SUM PRICES. WORK FOR WHICH THERE IS NO UNIT OR LUMP SUM PRICES WILL BE PAID FOR AS EXTRA WORK.
16. ENGINEERING COMPACTION TEST, CONCRETE TESTING, & SUFFICIENT CONCRETE STAKING, INCLUDING A SET OF CURB AND GUTTER AND CROSSGUTTER STAKES TO BE PROVIDED BY OTHERS.
17. QUANTITIES ARE APPROXIMATE AND ACTUAL QUANTITIES WILL BE FIELD MEASURED AT COMPLETION OF WORK TO DETERMINE PAYMENT AT THE ABOVE UNIT PRICES.
18. THE ABOVE QUANTITIES AND UNIT PRICES ARE SUBJECT TO CHANGE WHEN FINAL PLANS HAVE APPROVED AND SUBMITTED TO TORO ENTERPRISES, INC.
19. TORO ENTERPRISES, INC. IS NOT RESPONSIBLE FOR DAMAGE TO CONCRETE AND/OR UTILITIES CAUSED BY OTHERS.
20. PROTECTION OF CONCRETE AFTER PLACEMENT IS THE RESPONSIBILITY OF THE GENERAL CONTRACTOR.
21. ALL UNIT PRICES ARE SUBJECT TO THE AVAILABILITY OF MATERIALS FROM LOCALLY APPROVED SUPPLIERS.
22. ALL WORK COMPLETED IN ANY ONE MONTH WILL BE BILLED BY THE 25TH OF SAID MONTH WITH PAYMENT OF 95% DUE BY THE 10TH OF THE FOLLOWING MONTH. THE REMAINING 5%(RETENTION) IS DUE AND PAYABLE NOT LATER THAN 35 DAYS FROM COMPLETION OF OUR CONTRACT ITEMS.
23. TIME AND MATERIAL (RENTAL) IF REQUIRED TO BE PAID IN FULL MONTHLY, WITH NO RETENTION HELD.
24. IF QUANTITIES DECREASE MORE THAN 15%, UNIT PRICES ARE SUBJECT TO CHANGE.

STANDARD EXCLUSIONS

1. TRAFFIC CONTROL PLAN, CONSTRUCTION SIGNS, POSTING.
2. ENGINEERING, TESTING, PERMITS, BONDS, SURVEY STAKING, SPECIAL INSURANCE.
3. EXCAVATION, SUBGRADE PREPARATION, REMOVALS, SAWCUTTING, AND BACKFILL.
4. REMOVAL/REPLACEMENT/RELOCATION OF WATER METER BOXES/VALVES/UTILITIES
5. BIKE RACK, ROOF DRAINS, SPLASH PADS, HANDRAIL, CORING, SLEEVES, TRANSFORMERPAD, BOLLARDS, WALLS AND FOOTINGS OF ANY KIND, MONUMENT SIGN.
6. IMPORT / EXPORT
7. LOCAL DEPRESSIONS, FRAMES AND GRATES, AREA DRAINS, CATCH BASINS, FILTERS.
8. EQUIPMENT FOOTINGS.
9. FENCE FOOTINGS
10. FLAG POLE FOOTINGS
11. PARKWAY DRAINS
12. TRENCH DRAINS
13. ROOT PRUNING OR GRINDING.
14. TRASH ENCLOSURE WALLS, FOOTING, AND HARDWARE.
15. ANY AND ALL STRUCTURAL CONCRETE UNLESS STATED ABOVE.
16. COLORED CONCRETE
17. SEATWALLS
18. BENCHES, PLANT POTS, PATIO FURNATURE.
19. COLD MILLING
20. STORM WATER POLLUTION CONTROL PLAN OR IMPLEMENTION.
21. COMPACTION TESTING
22. LIQUIDATED DAMAGES
23. WEED KILL
24. PRIME COAT, SLURRY SEAL, FOG SEAL.
25. SPECIFICALLY EXCLUDED FROM THIS PROPOSAL ARE BACK-FILL OF CONCRETE.
26. EROSION CONTROL
27. UNLESS SPECIFICALLY STATED ELSEWHERE, CLEANUP OF SPOILS CAUSED BY "OTHERS" IS EXCLUDED.
28. TORO ENTERPRISES, INC. ASSUMES NO RESPONSIBILITY FOR SETTLEMENT WITHIN THE LIMITS OF UTILITY TRENCHES DONE BY OTHERS.

29. CONCRETE PAVING HEADER
30. REDWOOD HEADER
31. SUBGRADE PREPARATION BEYOND FINE GRADING
32. TREEWELL FRAME AND GRATES
33. SAWCUTS / LAYOUT
34. ROOT BARRIER
35. BIO SWALE
36. DEWATERING
37. SEWER BY-PASS
38. STAIRS
39. HOME OWNER NOTIFICATION
40. LANDSCAPE RESTORATION
41. IRRIGATION RELOCATION
42. GATE TRACK FOOTING
43. INSTALLATION AND/OR RELOCATION AND/OR HANDLING OF TEMPORARY AND/OR PERMANENT FENCING OF ANY KIND. IN CASE OF ANY FENCING WORK DIRECTED BY OWNER OR GC, SUCH WORK WILL BE CONSIDERED AS EXTRA WORK, AND TORO SHALL BE PAID FOR IT ON T&M BASIS.

RE: Fremont Middle School Reconstruction Project
Asphalt

Bid# 088-25

We have reviewed the plans and specifications for the above project and our bid and estimated quantities to complete the work are listed below all in accordance with Green Book Requirements and Addendum 1

Contract price includes Labor, Equipment, and Material to Complete the following Scope of Work:

Item	Description	Quantity	Units	Unit Price	Extension
	Onsite Sequence 1				
1	Fine grade Subgrade from +/- 0.1' to balance	101,960	SF	$0.51	$ 51,999.60
2	3" CAB	28,490	SF	$1.60	$ 45,584.00
3	8" CAB	27,493	SF	$3.92	$ 107,772.56
4	15" CAB	45,977	SF	$6.05	$ 278,160.85
5	2"x6" Wood Header	206	LF	$17.97	$ 3,701.82
6	3" Asphalt Paving	101,960	SF	$2.77	$ 282,429.20
7	Double Seal Coat	101,960	SF	$0.72	$ 73,411.20
8	Signing and Striping	1	LS	$32,760.00	$ 32,760.00
	Onsite Sequence 2				
9	Fine grade Subgrade from +/- 0.1' to balance	3,340	SF	$2.11	$ 7,047.40
10	8" CAB	3,340	SF	$4.96	$ 16,566.40
11	3" Asphalt Paving	3,340	SF	$5.09	$ 17,000.60
12	Double Seal Coat	3,340	SF	$1.80	$ 6,012.00
13	Signing and Striping	1	LS	$2,640.00	$ 2,640.00
	Offsite Sequence 1				
14	7" Asphalt Base Paving	1,217	SF	$20.87	$ 25,398.79
15	2" Grind Existing Asphalt	1,264	SF	$8.01	$ 10,124.64
16	2" Asphalt Cap Paving	2,481	SF	$3.55	$ 8,807.55
	Offsite Sequence 2				
17	7" Asphalt Base Paving	231	SF	$22.39	$ 5,172.09
18	2" Grind Existing Asphalt	577	SF	$8.01	$ 4,621.77
19	2" Asphalt Cap Paving	808	SF	$7.34	$ 5,930.72
				Total =	**$ 985,141.19**
	Alternate				
	Deduction for using Class 2 Base in place of CAB	1	LS	$ (92,190.00)	$ (92,190.00)

Standard Exclusions:

AB219 Concrete Fees, Signing, Fog Seal, Prime Coat, Slurry Seal, Utility Adjusting, Engineering, Staking, Testing, Permits/Permit Fees, Bonds/Bond Fees, Potholing, Traffic Control Plan, Cost of construction water/fees, Import or Export (offsite) of processed materials or earth materials, Nuisance water control & dewatering, SWPPP's plans and/or implementation, Decorative paving, Night Work, Weekend Work and ITEMS NOT SPECIFICALLY LISTED IN SCOPE OF WORK.

Site Specific Exclusions:

Hauling Excess Dirt (Dirt to balance within paving limits, Traffic Control

Qualifications:

The unit prices in this proposal will remain in effect for all work completed
Through the Date of: 12/30/25
Unit prices after this date to be re-negotiated to cover anticipated escalation on labor and materials. Items which are not specifically enumerated in the proposal are not included in the bid.
Prices quoted are calculated on a ONE move-in basis. An additional charge will be incurred for each succession resumption of work as follows:

Grading: $4,000.00 **Paving:** $ 5,000.00 **Concrete:** N/A

STANDARD CONDITIONS

1. THE ABOVE PRICES EXPIRE ON 12/31/2025 AND ARE BASED ON DSA SITE PLANS FREEMONT DATED 01/17/25
2. ALL PROPOSALS MUST BE SIGNED AND RETURNED WITHIN 30 DAYS OF BID IN ORDER TO SECURE MATERIAL PRICES AND AVAILABILITY.
3. THE ABOVE PRICE IS BASED ON 4 MOVE INS. COST FOR ADDITIONAL MOVES ARE $5,500.00 EACH.
4. ALL SUBGRADE TO BE RECEIVED FROM +/-.5' COMPACTED.
5. GENERAL CONTRACTOR TO PROVIDED SANITATION UNIT AND CONSTRUCTION WATER.
6. GENERAL CONTRACTOR TO PROVIDE WASH OUT PIT FOR READY MIX TRUCKS.
7. PRICES ARE SUBJECT TO CHANGE IF THERE ARE ANY VARIATIONS TO THE ABOVE QUALIFIED STRUCTURAL SECTIONS AND FINISH.
8. PRICING IS FOR ONLY THE ITEMS OUTLINED ABOVE. IT SHOULD NOT BE INFERED THAT ANY OTHER ITEMS SHOWN ON THE PLANS IS INCLUDED IN OUR SCOPE OF WORK.
9. THIS PROPOSAL AND TERMS MUST BE ACCEPTED AS PART OF THE CONTRACT AND SO SPECIFIED IF A SPECIAL CONTRACT FORM IS USED.
10. FOUR WEEK ADVANCE NOTICE IS REQUIRED FOR SCHEDUELING.
11. IF STAKES FOR CONCRETE FORMWORK CAN NOT BE DRIVIN DUE TO FOOTINGS OR ANY OTHER OBSTRUCTIONS; IT SHALL BE PAID ON A TIME AND MATERIAL BASIS.

12. IF ROCK OR ANY OTHER UNSUITABLE MATERIAL IS ENCOUNTERED IT WILL BE PAID ON A TIME AND MATERIAL BASIS.
13. REMOVAL OR HANDLING OF WET OR UNSUITABLE MATERIAL WILL BE PAID FOR ON A TIME AND MATERIAL BASIS.
14. THE ABOVE BID IS NOT DIVISIBLE. ALL ITEMS IN THIS QUOTATION MUST BE ACCEPTED FOR THE PRICES SET FORTH ABOVE TO BE EFFECTIVE.
15. ALL WORK IS TO BE FIELD MEASURED AND PAID FOR AT THE APPROPRIATE UNIT OR LUMP SUM PRICES. WORK FOR WHICH THERE IS NO UNIT OR LUMP SUM PRICES WILL BE PAID FOR AS EXTRA WORK.
16. ENGINEERING COMPACTION TEST, CONCRETE TESTING, & SUFFICIENT CONCRETE STAKING, INCLUDING A SET OF CURB AND GUTTER AND CROSSGUTTER STAKES TO BE PROVIDED BY OTHERS.
17. QUANTITIES ARE APPROXIMATE AND ACTUAL QUANTITIES WILL BE FIELD MEASURED AT COMPLETION OF WORK TO DETERMINE PAYMENT AT THE ABOVE UNIT PRICES.
18. THE ABOVE QUANTITIES AND UNIT PRICES ARE SUBJECT TO CHANGE WHEN FINAL PLANS HAVE APPROVED AND SUBMITTED TO TORO ENTERPRISES, INC.
19. TORO ENTERPRISES, INC. IS NOT RESPONSIBLE FOR DAMAGE TO CONCRETE AND/OR UTILITIES CAUSED BY OTHERS.
20. PROTECTION OF CONCRETE AFTER PLACEMENT IS THE RESPONSIBILITY OF THE GENERAL CONTRACTOR.
21. ALL UNIT PRICES ARE SUBJECT TO THE AVAILABILITY OF MATERIALS FROM LOCALLY APPROVED SUPPLIERS.
22. ALL WORK COMPLETED IN ANY ONE MONTH WILL BE BILLED BY THE 25TH OF SAID MONTH WITH PAYMENT OF 95% DUE BY THE 10TH OF THE FOLLOWING MONTH. THE REMAINING 5%(RETENTION) IS DUE AND PAYABLE NOT LATER THAN 35 DAYS FROM COMPLETION OF OUR CONTRACT ITEMS.
23. TIME AND MATERIAL (RENTAL) IF REQUIRED TO BE PAID IN FULL MONTHLY, WITH NO RETENTION HELD.
24. IF QUANTITIES DECREASE MORE THAN 15%, UNIT PRICES ARE SUBJECT TO CHANGE.

STANDARD EXCLUSIONS

1. TRAFFIC CONTROL PLAN, CONSTRUCTION SIGNS, POSTING.
2. ENGINEERING, TESTING, PERMITS, BONDS, SURVEY STAKING, SPECIAL INSURANCE.
3. EXCAVATION, SUBGRADE PREPARATION, REMOVALS, SAWCUTTING, AND BACKFILL.
4. REMOVAL/REPLACEMENT/RELOCATION OF WATER METER BOXES/VALVES/UTILITIES
5. BIKE RACK, ROOF DRAINS, SPLASH PADS, HANDRAIL, CORING, SLEEVES, TRANSFORMERPAD, BOLLARDS, WALLS AND FOOTINGS OF ANY KIND, MONUMENT SIGN.
6. IMPORT / EXPORT
7. LOCAL DEPRESSIONS, FRAMES AND GRATES, AREA DRAINS, CATCH BASINS, FILTERS.
8. EQUIPMENT FOOTINGS.
9. FENCE FOOTINGS
10. FLAG POLE FOOTINGS
11. PARKWAY DRAINS
12. TRENCH DRAINS
13. ROOT PRUNING OR GRINDING.
14. TRASH ENCLOSURE WALLS, FOOTING, AND HARDWARE.
15. ANY AND ALL STRUCTURAL CONCRETE UNLESS STATED ABOVE.
16. COLORED CONCRETE
17. SEATWALLS
18. BENCHES, PLANT POTS, PATIO FURNATURE.
19. COLD MILLING
20. STORM WATER POLLUTION CONTROL PLAN OR IMPLEMENTION.
21. COMPACTION TESTING
22. LIQUIDATED DAMAGES
23. WEED KILL
24. PRIME COAT, SLURRY SEAL, FOG SEAL.
25. SPECIFICALLY EXCLUDED FROM THIS PROPOSAL ARE BACK-FILL OF CONCRETE.
26. EROSION CONTROL

27. UNLESS SPECIFICALLY STATED ELSEWHERE, CLEANUP OF SPOILS CAUSED BY "OTHERS" IS EXCLUDED.
28. TORO ENTERPRISES, INC. ASSUMES NO RESPONSIBILITY FOR SETTLEMENT WITHIN THE LIMITS OF UTILITY TRENCHES DONE BY OTHERS.
29. CONCRETE PAVING HEADER
30. REDWOOD HEADER
31. SUBGRADE PREPARATION BEYOND FINE GRADING
32. TREEWELL FRAME AND GRATES
33. SAWCUTS / LAYOUT
34. ROOT BARRIER
35. BIO SWALE
36. DEWATERING
37. SEWER BY-PASS
38. STAIRS

Location: 1130 North M Street, Oxnard CA 93030

We propose to provide labor, materials, and equipment to perform the required concrete work on this project. The work will be performed in accordance with SVA's plans and specifications dated 10/1/24. One addendum noted.

This proposal is based on the following conditions:

1. **The bid item pricing is based on the project in its entirety** and is not intended to be used as stand-alone pricing. If DJS Contracting is required to perform some of the bid items below but not all, there may a cost increase to those bid items.

2. This proposal is based on work performed during regular working hours. Regular working hours are defined as Monday through Friday, excluding Holidays, and 8 hours per day. This proposal does not include non-regular working hours, including weekends and overtime. If DJS Contracting is required to expedite the job to meet accelerated job schedules, DJS Contracting will require compensation for the additional cost.

3. We have the right to agree to the construction schedule mutually.

4. This proposal is includes estimated cost increases for labor and materials through June 2028 based on reasonable assumptions. Any contract resulting from this proposal shall contain a "Fair And Equitable Escalation Clause." We cannot account for volatility in the market.

Budget Proposal

Building Cast-in-place Concrete:	
Classroom Building A+B:	$1,240,000.00
MPR Building	$721,000.00
ADMIN Building	$299,000.00
Trash/Elect Enclosure Ftg and Slab	$72,000.00
Site Work Concrete:	$1,970,000.00
Add: Vehicular Concrete btw MPR + Classrooms:	$170,960.00
Offsite Site Concrete:	$214,000.00
Light Pole Foundations:	$26,800.00

Solar Canopy Foundations:	$196,000.00
Ground Water Mitigation for Solar Ftgs:	$94,000.00
Add - Reinforcing Steel:	$1,050,000.00

Inclusions

1. Building concrete work includes Classroom A+B, MPR, Administration Building, and trash enclosure concrete.
2. Cost and fees for AB219 Legislation.
3. Excavation of new building foundations.
4. Formwork as required for new concrete work.
5. Supply and install of reinforcing steel.
6. Building slab depressions and concrete curbs.
7. Supply and installation of 15 mil. Vapor barrier.
8. Supply and installation of 6” thick gravel/rock layer under new building slabs.
9. Building 1 second floor 2.5” concrete fill over plywood at interior corridors.
10. Formwork installation for new foundation stem walls.
11. MPR Building pour-in-place concrete columns and elevated concrete beam.
12. Templates as required for reinforcing steel.
13. Installation of embeds in concrete (supplied by others).
14. Place and finish building foundations and slabs.
15. Place and finish building 5’’ slab over an aggregate 6’’ base and a vapor barrier.
16. Installation of elevator pit and walls.
17. Installation of 50,340 sqft P-11 gray standard sidewalk.
18. Installation of 7,746 colored concrete bands per P-22.
19. Installation of 129 lft concrete step out per P13.
20. Installation of 3,648 sqft 12” vehicular concrete per P16.
21. Installation of concrete stairs per ST-11.
22. Installation of 3,193 lft 6” concrete curb per R-102.
23. Installation of curb ramps per R-109.
24. Installation of 867 lft concrete gutter per R-116.
25. Installation of 280 lft retaining wall foundation per R-118.
26. Installation of 272 sqft curb ramp per note 5 on civils.
27. Installation of 329 lft gravity curb per note 13 on civils.
28. Installation of truncated domes per note 14 on civils.
29. Installation of 631 lft concrete mow strip per note 16 on civils.
30. Installation 238 sqft curb ramp per note 20 on the civils.
31. Installation of 410 left mow curb under fence per note 36 on civils.
32. Installation of (2) bollards per note 46 on civils (supply of bollards by others).
33. Installation of (1) flag pole foundation per 1 on L-1.6.
34. Installation of (11) bollards per detail A on L-1.6
35. Installation of (16) light pole bases per detail 1 on E6.03.
36. Installation of (2) EV charger foundations per E6.03.
37. Offsite Concrete:
    a. 4555 sqft PCC sidewalk per note 2 on offsite plans.
    b. 334 lft curb and gutter per note 3 on offsite plans.
    c. 1702 sqft concrete driveway per note 4 on offsite plans.
    d. 224 sqft curb ramp per note 5 on offsite plans.
38. Installation of solar canopy foundations.

39. Add: Installation of additional 8” concrete and 3” base at 14,920 sqft vehicular paving per note 3 on civils.
40. Installation of control and expansion joints as required in new concrete.
41. Curing of new concrete as required.
42. Concrete pump placement as required for DJS scope of work.
43. Supply and removal of concrete washout boxes as required for our scope of work.
44. Stockpile of earth spoils onsite (no more than 100’ from the excavation site).

Exclusions

1. 2nd floor cellcrete or lightweight concrete over plywood other than at hallways.
2. Demolition and sawcut of existing structures.
3. Sub-grade preparation and compaction (Subgrade to be left within +0 to -1/10 by others, if found to be unsuitable, a change order will be issued).
4. Mass excavation, over-excavation/re-compaction, and excavation into the rock if required.
5. All backfill (backfill by earth contractor).
6. Haul off and or export of our earth spoils from site.
7. Installation of signs, gate foundations, rolling gate concrete, and fence post foundations.
8. All site concrete work not included in the inclusions, including: catch basins, precast wheel stops, trench drain, drainage structures, concrete splash blocks, asphalt, pavers, supply of bollards, supply of truncated domes, etc.
9. Shade structure foundations, play equipment foundations, mechanical pads, HVAC pads.
10. Dewatering of excavations from surface water, rainwater, groundwater, or seepage.
11. Stormwater control pollution control.
12. Elevated drypack and grouting.
13. Joint sealants (supply and installation).
14. Sealed concrete, epoxy coatings (non-slip Texture), polished concrete, and finishes other than concrete.
15. Sealed concrete finishes other than a cure/sealer application that can be applied directly after concrete placement.
16. Concrete hardeners or fibers in concrete mix design.
17. Waterproofing.
18. Supply and furnishing of embeds, anchor bolts, and sleeves in cast-in-place concrete work.
19. Fees for bond and cost of bond if required.
20. Building and Site Engineered Survey.
21. Construction fencing.
22. Temporary construction enclosures, walls, plastic protection sheeting, and wall protection board.
23. Traffic control, flag men, pedestrian control, lane closures, and permits.
24. Access (access to our work, if needed, provided by others).
25. Water and power as required for completing our scope of work.
26. Precast concrete, GRFC concrete, supply and installation (if required).
27. Grouting under new structural steel base plates.
28. Locating and protection of existing underground utilities.
29. Concrete encasement of underground pipes and utilities.
30. Concrete work for other trades.

Sincerely,
DJS Team

Landscape

Project: FREMONT MS RECONSTRUCTION, OXNARD
Bid Date: 10/30/2025 **Bid Time:** 2:00 PM

The following is our proposal for the landscape and irrigation on the above referenced project per the plans and specifications limited to:

Architect: Architerra Design Group
Sheets: L-2.0 through L-2.6 and L-3.0 through L-3.5
Dated: 07/25/25
Spec. Sect.: 328400 & 329300
Wage: State Prevailing **Addenda:** 001

The intent of this proposal limits the performance of work as listed in the above plans, specifications, and addenda.
We will coordinate work with other applicable trades as required.
SEE ATTACHED BID BREAKDOWN

MARINA LANDSCAPE, INC. IS SIGNATORY TO THE OPERATING ENGINEERS, LABORERS, AND PIPE FITTERS UNIONS AND COMPLIES WITH ALL SKILLED AND TRAINED WORKFORCE REQUIREMENTS AS OUTLINE IN EXHIBIT F.

Marina is an established union contractor signatory to Operating Engineers, Pipefitters and Laborers Unions, with over 54 years of experience and the ability to bond our projects (add 1% as a change order to the contract).
Bond's will be supplied on Philadelphia Indemnity Insurance Company form.
This proposal is based on AGC Subcontract Agreement, if accepted, it will be part of our contract.

Qualifications:

- Site to be received in a clean, uncompacted, and weed free condition at +/-.10' of finished grade.
- Any areas requiring import of materials shall be received at prepared subgrade elevations.
- Spoils generated from plant excavations shall be spread onsite.
- Pricing includes two mobilizations; first mobilization for sleeving; second mobilization for irrigation and planting. Any additional moves shall be billed at a minimum rate of $ 2,000.00/each.
- Proposal and pricing are valid for (90) days from the date of this proposal.
- Base proposal including any additive or deductive alternates or optional scope must be executed within (30) days of award of contract.
- Marina reserves the right to reject contract if base bid scope is not executed.
- Landscape trenches shall be performed with conventional equipment and methods; any required use of backhoes, jack hammers, track-hoes, blasting, de-compaction by ripping, excavation in caliche or other natural rock conglomerates, tree roots, underground construction or other obstructions, shall be subject to time and material rates and not included as part of this proposal.
- Any large trees or palms, pipe and wire shall be installed prior new paving or hardscape.
- Protection of paving or hardscape by others.
- Adequate equipment access, including access for hoisting must be provided by General Contractor/ Owner; restrictions to equipment accessibility will be subject to T&M rates. Standby rates are $75.00 per man, per hour, equipment rates are $135.00/hour.
- Designated areas for hydroseeding or erosion control shall be clearly defined by an authorized representative.
- Water shall be made available on-site or within a 1/4 mile radius of proposed work areas at all times, with a minimum 2 1/2" size outlet and capable of providing 100 psi or better (Fire hydrant or water tower).
- Highway/roadway projects will require a 4,000 gallon water truck to be supplied by others.
- All seeds within seed mixes are subject to availability.
- We cannot guarantee germination of seed, unless installed & maintained by Marina Landscape Inc.
- Unless noted on bid breakdown, all site furnishing quotes are valid for a period of (30) thirty days from the date of this proposal and may require a 4-12 week lead time.
- Should site furnishings be awarded with the base bid scope, general contractor or owner shall issue a deposit of no less than 50% of the value of each awarded item within 30 days. Any delays caused by General contractor/Owner that would require manufacturer to store the material more than one week, upon completion of fabrication per mutually agreed schedule, may require storage fees. Any changes to or cancellations of orders may incur a penalty charge. Custom orders may not be changed or cancelled and returns may be subject to a disposition or re-stocking fee.
- All plant material is subject to availability and treated as a perishable commodity, no guarantee can be provided for material installation. If plant materials are available for a 'Contract-Grow Agreement' and time-permitted, the Owner/General Contractor may execute this option to ensure plant availability, which will require a deposit of 50%, this fee to be paid by General Contractor/Owner within (30) thirty days of execution of agreement.
- Marina will not begin the submittal process until either a contractual agreement, notice to proceed (NTP), or letter of intent (LOI) is received. Submittals and shop drawings shall be subject to billable dues and paid for prior to beginning the submittal process. Contractor agrees to pay for any/all advanced purchased material goods or deposits for this project once submittal is approved. Marina to provide a schedule of values with a mobilization item outlining the above deposits or contract-grow fee schedule. All orders must be in writing and subject to acceptance by Marina - no verbal orders will be accepted.
- Cancellation of orders will not be accepted without prior written authorization and subject to additional charges up to 100% of total prices based on incurred costs by Marina at time of cancellation.
- Marina will not be responsible for areas destroyed or damaged by pedestrians, other contractors, weather, acts of God or anything beyond our control.
- If the owner/agency requests for more than three change orders, and these are not approved. If we are directed to proceed on an entitlement

trial basis, there will be a $3,000 cost per change order.
- Marina will not do any T&M work on any change order that has a defined scope of work. Marina will only do time and material work on disputed work, exploratory work, or scopes that does not have a defined parameter.
- If Time and Material work is not paid within 90 days of submission, interest will accrue at 2% compounded interest per month.
- Irrigation system to connect to potable water source.
- Controller "C" (noted on Sheet L-2.2 without legend or detail) to be furnished as new Calsense model CS-3000, 48 stations.
- No temporary irrigation included for existing landscape areas during Sequence 2.
- Existing irrigation assumed to remain operable until demolition begins.
- Any temporary irrigation required to maintain existing landscape prior to demolition shall be by others.% QE %>

Exclusions: Unless specifically noted on price breakdown as part of this proposal.

- Import/export of soil/topsoil.
- Demolition, removals, rock removal, clearing, grubbing, roadside clearing.
- Permits/testing/auditing/inspection fees, sand testing per OSHA.
- Water meters, water costs/fees, hot-tapping or service lines.
- Utility identification, pot-holing or navigating around existing utilities that are not buried at a depth consistent with state/ local building codes.
- Electrical meters, pedestals or service line connections including but not limited to temporary or permanent electrical power and connection to irrigation controllers and/or irrigation booster pumps.
- Saw-cutting, breaking or removal of asphalt paving or concrete, temporary or permanent patching of concrete or asphalt, trench plates.
- Coring, boring, jacking or hydraulic drilling.
- Traffic control, survey, drainage, waterproofing, concrete paving or mowcurbs, masonry, fencing, asphalt paving, temporary facilities, construction of tree wells, site furnishings.
- Protection or protection devices, relocation, repair, or maintenance of existing landscaping, utilities, or hardscape.
- Stormwater pollution prevention plans, monitoring or implementation of BMP's or erosion control, lead compliance, street-sweeping or dust control.
- Removal, disposal or maintenance of all erosion control BMP's.
- De-watering or handling of wet materials.
- Guarantee of seed germination or over-seeding, seed watering, inspection, protection.
- Grading or restoration to disturbed previously graded areas.
- Unit price shall prevail according to quantity specified on bid breakdown.
- All items will be field-measured per quantities installed for final billing.
- Payment & Performance Bonds. (If requested, bonds may be added as a change order to the proposed contract at a rate of 1%).
- Overtime, nightwork, or task lighting.
- Project labor or stabilization agreements.
- Community or project workforce agreement.
- Landscape scope of work at offsite plan set.
- Water meters, tree ring grates, downspout splash blocks, drainage gravel, permeable gravel and other surfaces.
- Interim maintenance.
- Consequential damages.

Should you have any questions or comments please do not hesitate to contact me.

Joseph Fuentes (714) 939 6600 Mobile (714) 704 0469 Direct DIR Registration Number: 1000000079

By signing this proposal, you hereby agree to accept all pricing, qualifications and exclusions, and award the contract to Marina Landscape. This proposal and bid breakdown will be added as an Exhibit to the subcontract agreement without any modification.

Proposal

To: Viola
Contact: Estimating
Project Name: Fremont Middle School Sequence 1 & 2
Location: Oxnard
Plan Date: 7/25/2025

Estimator: SC
DATE October 30, 2025
JOB NO: ELC 24-289
Addenda: 1-
Sheets: L

Scope:

Irrigation

3	Controller		Gate Valves
	Weather Sensor		Quick Couplers
2	Backflow		Remote Control Valves
	Mainline		Drip Valves
	Sleeving		Root Watering Zones
	Lateral Line		Rotors
2	Master Valve		Drip Tubing
2	Flow Sensor		Backflow Certificate
	Booster Pump		Irrigation Audit

Planting

QTY		QTY	
	Soil Test	4	36" Box Trees
786,835 sf	Fine Grading, Soil Preparation, Amendments	52	24" Box Trees
123,503 sf	Walk On Bark	26	15 Gallon Trees
	Root Barriers	310	15 Gallon Shrubs
	Tree Staking	3,301	5 Gallon Shrubs
663,332 sf	Hydroseed	12,164	1 Gallon Shrubs

Maintenance

90-Day Maintenance Period

Proposal Total	**$3,072,300.00**
Irrigation	$ 1,823,700.00
Planting	$ 1,219,800.00
Maintenance	$ 28,800.00

Add Alternate No 1: Sod

$ 632,400.00

663,332 sf Hydroseed in lieu of Hydroseed

This proposal is subject to the following exclusions, conditions, and terms:

Elite Landscape Construction, Inc. is signatory to both Laborers International Locals, Includes prevailing wages, per CA DIR, in effect at time of bid.

Elite Landscape Construction, Inc. is compliant with Assembly Bill 566 (AB 566) "Skilled & Trained Workforce".

Elite Landscape Construction, Inc. is a wholly owned/operated Women's Minority Business Enterprise (WMBE).

Elite Landscape Construction, Inc. requires all retentions be released, no later than 45 days after the landscaping improvements have been completed (exclusive of any establishment period concerning the landscape plantings).

Proposal includes ONLY those items called out, as well as their supporting appurtenances. Items not included within the itemized proposal are not included within the proposed pricing. Proposal price is contingent upon contracting all Bid Items proposed herein.

This proposal is valid for 90 days from date noted above.

This proposal is to be incorporated into contract documents making it a part of such contract.

Cost of performance and completion bonds, insurance endorsements, Waivers of Subrogation is not included. **Bond rate is approximately 2% additional.**

Site preservation and **restoration** is NOT included. Repair of contracted services damaged by other trades is NOT included. Any existing irrigation to be abandoned in place and will only be removed when in conflict with site amenities.

Proposal includes **3 (THREE)** move-ins. ADDITIONAL move-ins at $2,500.00 per re-mobilization.

Overtime, Weekend Work, Accelerated Schedule or Hand Watering Plants is NOT included.

Site must be within **+/- .10 foot of finish grade** and accessible for labor & equipment to support Scope of Work.

Drainage, electrical (except final connections), fencing, concrete pads and mow strips are NOT included

Clearing and grubbing, excavation, rough grading, import/export of sand, soil or lime removal (except as noted) & sub-grade preparation for Bio-swales is NOT included.

Saw-cutting, demo, patch back of existing surfaces, **relocating utilities** and/or utility boxes, **directional boring, rock removal** by hammering, drilling and blasting, **disposal** of construction debris is NOT included.

SWPPP (Storm Water Pollution Prevention Program) specifically excluded, Including, but not limited to: Straw bales/wattles; Jute netting; Gravel bags; Dust Control etc. is NOT included. Guidelines will be followed.

Traffic Control, Barricades, & Site Construction Fencing, existing tree protection is NOT included.

Permits, permit and gov't fees, engineering, construction surveying and staking, testing and inspection services is NOT included

Water and electrical service and/or **TESCO PANEL/WATER METERS** is NOT included

ELC's standard insurance of $1,000,000 per occurrence, $2,000,000 aggregate is included

All Contract documents shall be bound by California Public Contract Code and California Labor Code

Any potential claims for remedy shall originate by way of a written 48-hour notice sent via certified mail or overnight service (such as FedEx, California Overnight, UPS Overnight, etc.). Time to remedy shall start at receipt of said notice by ELC, Inc

ESTIMATOR:

Date:_____ **Accepted By:**_____

Fuel & Lubricants Price Escalation:

Prices in Toro's bid for projects with high fuel & lubricants consumption (i.e. including but not limited to grading jobs) are based substantially on fuel & lubricants prices that were in effect on the date of Toro's final bid (**Base Price**). Due to extreme volatility in fuel & lubricants market, project Owner and/or General Contractor concur that by entering into Subcontract Agreement with Toro in this project, project Owner and/or General Contractor agree to reimburse Toro for fuel & lubricants price escalation that occurred during the life of this project as stipulated herein:

- The contractual base prices for fuel & lubricants are the prices that were in effect on the date of Toro's final bid (**Base Price**).
- Toro shall absorb the initial 10% percent increase in fuel & lubricants prices above the **Base Price**.
- Project Owner and/or General Contractor agree to reimburse Toro for fuel & lubricants price increase that exceeds the initial 10%.
- Reimbursement for fuel & lubricants price increase shall not include any markup for overhead and profit.
- The burden of proof to demonstrate fuel & lubricants price increase shall rest solely on Toro, and it shall consist of proving documented difference between fuel & lubricants prices on final bid date (**Base Price**) vs. prices at any given date during the life of the project, in which the price exceeds the **Base Price** plus 10%.
- Calculations of fuel & lubricants price increase shall be prepared and submitted by Toro to project Owner and/or General Contractor at the end of each month. Upon review and approval, project Owner and/or General Contractor shall issue an Add

Change Order to reimburse Toro for the monthly increase in fuel & lubricants price.

Important Bid Note:

A. ***Prices in Toro's bid for this project are based in part on labor and materials cost that were in effect on the date of Toro's final bid. Due to dynamic market conditions, labor & materials cost are expected to rise during the life of this project. Therefore, by entering into Contract with Toro, project Owner and/or GC agree to pay Toro for price escalation in labor and/or materials, for escalation that occurs between Toro's final bid date and final completion of the project. In such cases, the burden of proof to demonstrate escalated cost of labor and/or materials rests solely on Toro, and it shall consist of proving documented difference between labor and/or materials prices on final bid date vs. prices at any given date during the life of the project. Payment to Toro for escalated prices of labor and/or materials shall be limited to actual proven cost increase, without any markup.***

B. ***In case that actual number of Mobilizations per specific discipline and/or phase exceed the number stipulated in Toro's Bid, then each additional mobilization for such discipline and/or phase shall be paid to Toro as an extra at unit price stipulated in the Bid. One continued operation per period in specific discipline and/or phase counts for one mobilization in that discipline and/or phase.***

STANDARD CONDITIONS

1. THE ABOVE PRICES EXPIRE ON 11/31/2025
2. ALL PROPOSALS MUST BE SIGNED AND RETURNED WITHIN 30 DAYS OF BID IN ORDER TO SECURE MATERIAL PRICES AND AVAILABILITY.
3. THE ABOVE PRICE IS BASED ON 1 MOVE IN. COST FOR ADDITIONAL MOVES ARE $8,500.00 EACH.
4. ALL SUBGRADE TO BE RECEIVED FROM +/-.10' COMPACTED.
5. ALL UTILITIES TO BE TERMINATED 5' FROM BUILDING.
6. GENERAL CONTRACTOR TO PROVIDED SANITATION UNIT AND CONSTRUCTION WATER.
7. GENERAL CONTRACTOR TO PROVIDE WASH OUT PIT FOR READY MIX TRUCKS.
8. PRICES ARE SUBJECT TO CHANGE IF THERE ARE ANY VARIATIONS TO THE ABOVE QUALIFIED STRUCTURAL SECTIONS AND FINISH.
9. ALL OF THE ABOVE ITEMS ARE BID WITH 2500 PSI CONCRETE UNLESS SPECIFICALLY STATED ABOVE.
10. PRICING IS FOR ONLY THE ITEMS OUTLINED ABOVE. IT SHOULD NOT BE INFERED THAT ANY OTHER ITEMS SHOWN ON THE PLANS IS INCLUDED IN OUR SCOPE OF WORK.
11. THIS PROPOSAL AND TERMS MUST BE ACCEPTED AS PART OF THE CONTRACT AND SO SPECIFIED IF A SPECIAL CONTRACT FORM IS USED.
12. FOUR WEEK ADVANCE NOTICE IS REQUIRED FOR SCHEDUELING.
13. IF STAKES FOR CONCRETE FORMWORK CAN NOT BE DRIVIN DUE TO FOOTINGS OR ANY OTHER OBSTRUCTIONS; IT SHALL BE PAID ON A TIME AND MATERIAL BASIS.
14. IF ROCK OR ANY OTHER UNSUITABLE MATERIAL IS ENCOUNTERED IT WILL BE PAID ON A TIME AND MATERIAL BASIS.
15. REMOVAL OR HANDLING OF WET OR UNSUITABLE MATERIAL WILL BE PAID FOR ON A TIME AND MATERIAL BASIS.
16. TERMS OF PAYMENT: 95% 30 DAYS. 5% RETENTION WITHIN 30 DAYS OF COMPLETION.
17. THE ABOVE BID IS NOT DIVISIBLE. ALL ITEMS IN THIS QUOTATION MUST BE ACCEPTED FOR THE PRICES SET FORTH ABOVE TO BE EFFECTIVE.
18. ALL WORK IS TO BE FIELD MEASURED AND PAID FOR AT THE APPROPRIATE UNIT OR LUMP SUM PRICES. WORK FOR WHICH THERE IS NO UNIT OR LUMP SUM PRICES WILL BE PAID FOR AS EXTRA WORK.
19. ENGINEERING COMPACTION TEST, CONCRETE TESTING, & SUFFICIENT CONCRETE STAKING, INCLUDING A SET OF CURB AND GUTTER AND CROSSGUTTER STAKES TO BE PROVIDED BY OTHERS.
20. QUANTITIES ARE APPROXIMATE AND ACTUAL QUANTITIES WILL BE FIELD MEASURED AT COMPLETION OF WORK TO DETERMINE PAYMENT AT THE ABOVE UNIT PRICES.

21. THE ABOVE QUANTITIES AND UNIT PRICES ARE SUBJECT TO CHANGE WHEN FINAL PLANS HAVE APPROVED AND SUBMITTED TO TORO ENTERPRISES, INC.
22. TORO ENTERPRISES, INC. IS NOT RESPONSIBLE FOR DAMAGE TO CONCRETE AND/OR UTILITIES CAUSED BY OTHERS.
23. PROTECTION OF CONCRETE AFTER PLACEMENT IS THE RESPONSIBILITY OF THE GENERAL CONTRACTOR.
24. ALL UNIT PRICES ARE SUBJECT TO THE AVAILABILITY OF MATERIALS FROM LOCALLY APPROVED SUPPLIERS.
25. ALL WORK COMPLETED IN ANY ONE MONTH WILL BE BILLED BY THE 25TH OF SAID MONTH WITH PAYMENT OF 95% DUE BY THE 10TH OF THE FOLLOWING MONTH. THE REMAINING 5%(RETENTION) IS DUE AND PAYABLE NOT LATER THAN 35 DAYS FROM COMPLETION OF OUR CONTRACT ITEMS.
26. TIME AND MATERIAL (RENTAL) IF REQUIRED TO BE PAID IN FULL MONTHLY, WITH NO RETENTION HELD.
27. IF QUANTITIES DECREASE MORE THAN 15%, UNIT PRICES ARE SUBJECT TO CHANGE.
28. WITH THE USE OF LOCAL MATERIALS FOR CONCRETE THERE IS A PROBABILITY OF REACTIVIY IN THE ROCK AND SAND. TORO ENTERPRISES, INC. SPECIFICALLY EXCLUDES ANY WARRANTY OR GUARANTEE FOR REPAIRS OR REPLACEMENT OF CONCRETE THAT DEVELOPS POP-OUTS.
29. DUE TO THE CURRENT TARRIF SITUATION, ALL MATERIAL PRICING IS VAILD FOR 7 DAYS ONLY.
30. IF WORK IS NOT COMPLETED BY 12/31/2028 PRICES ARE SUBJECT TO CHANGE.

STANDARD EXCLUSIONS

1. HOME OWNER POSTINGS.
2. ENGINEERING, TESTING, PERMITS, BONDS, SURVEY STAKING, SPECIAL INSURANCE.
3. REMOVAL/REPLACEMENT/RELOCATION OF WATER METER BOXES/VALVES/UTILITIES
4. JOINT SEALANT, CAULKING, DOWELS.
5. IMPORT / EXPORT
6. LOCAL DEPRESSIONS, FRAMES AND GRATES, AREA DRAINS, CATCH BASINS FILTERS.
7. STRIPING, MARKING, AND SIGNAGE.
8. CLEARING AND GRUBBING, TREE REMOVAL
9. ROOT PRUNING OR GRINDING.
10. ASPHALT SLOT PATCH
11. REMOVAL OR HANDLING OF HAZARDOUS, TOXIC AND LEAD MATERIALS IS EXCLUDED.
12. STORM WATER POLLUTION CONTROL PLAN OR IMPLEMENTION.
13. COMPACTION TESTING
14. LIQUIDATED DAMAGES
15. WEED KILL
16. PRIME COAT, SLURRY SEAL, FOG SEAL.
17. HAUL OFF
18. SPECIFICALLY EXCLUDED FROM THIS PROPOSAL ARE BACK-FILL OF CONCRETE.
19. EROSION CONTROL
20. UNLESS SPECIFICALLY STATED ELSEWHERE, CLEANUP OF SPOILS CAUSED BY "OTHERS" IS EXCLUDED.
21. TORO ENTERPRISES, INC. ASSUMES NO RESPONSIBILITY FOR SETTLEMENT WITHIN THE LIMITS OF UTILITY TRENCHES DONE BY OTHERS.
22. DEWATERING
23. SEWER BY-PASS
24. HOME OWNER NOTIFICATION
25. LANDSCAPE RESTORATION
26. IRRIGATION RELOCATION
27. INSTALLATION AND/OR RELOCATION AND/OR HANDLING OF TEMPORARY AND/OR PERMANENT FENCING OF ANY KIND. IN CASE OF ANY FENCING WORK DIRECTED BY OWNER OR GC, SUCH WORK WILL BE CONSIDERED AS EXTRA WORK, AND TORO SHALL BE PAID FOR IT ON T&M BASIS.

PROPOSAL

TIERRA CONTRACTING

Proposal: 2025 125
Date: 10/30/2025

To:	Project:
VIOLA CONSTRUCTORS INC. **ESTIMATING DEPT.** **c/o Bryan Szal**	**FREMONT MIDDLE SCHOOL RECONSTRUCTION** 1130 North M Street Oxnard, Ca. 93030

This duly licensed company or individual **TIERRA CONTRACTING, INC. (License No. 416114)** Hereinafter called Contractor, agrees to construct in a good and workmanlike manner for Owner, furnishing all labor, material, tools and equipment therefore, the work as noted herein for the unit prices as set for the below:

SCOPE OF WORK

FREMONT MIDDLE SCHOOL RECONSTRUCTION

DEMO (PHASE 1 / PHASE 2)

Demo of existing storm drain, water, and sewer as indicated on DSA sheet CD-1.1 thru CD-5.4 (Dated 1/17/2025). Work includes:

Abandonment / removal of 2ea sewer laterals in the street.
Abandonment / removal of 2ea Irrigation backflows, meters, and laterals in the street. (CD-1.2 and CD-1.3)
Abandonment / removal of all storm drainage, water, and sewer. (CD-1.6 and CD-1.7)

Demo Total Cost = $1,379,109.00

WATER

Construct and install new domestic / fire line system as indicated on DSA Sheet C-4.4 and C-4.5 (Dated 1/17/2025) & Street Improvement Plan 3 (Dated 11/22/2024). Also includes irrigation service from street to backflow with meter assembly. Work includes:

Install 1ea 6in DCDA & Meter.
Install 1ea 4in RP & Meter.
Install 2ea 3in Irrigation Backflows and Meters (installation behind meter by others).
Install 8in PVC Fire Line with 3ea Hydrants.
Install 3ea 6in Post Indicator Valves, FDC Connections, and Bollards.
Install 3ea Connect fire lines 5ft from buildings.
Install 4ea Connect domestic water 5ft from building.

Fire, Domestic, Irrigation Total Cost = $1,678,639.00

Tierra Contracting, Inc.
5484 Overpass Rd

PROPOSAL

TIERRA CONTRACTING

SANITARY SEWER

Construct and install new Sanitary Sewer system as indicated on DSA Sheet C-4.3 (Dated 1/17/2025) & Street Improvement Plan 3 (Dated 11/22/2024). Work includes:

Connection to existing sewer main on North H Street.
Install sewer lift station.
Install approximately 1,680ft of PVC pipe.
Install grease interceptor and sample box.
Install Cleanouts.

Sanitary Sewer Total Cost = $821,960.00

STORM DRAIN

Construct and install new Storm Drain system as indicated on DSA Sheet C-4.1 thru C-4.2.1, and C-4.5 (Dated 1/17/2025). Work includes:

Install 4ea Dry Wells.
Install approx. 6,200ft of PVC & HDPE pipe.
Install 9ea Manholes.
Install Cleanouts.
Install approx. 280ft of 4in PVC perf. pipe.
Install Bubbler catch basin.
Install onsite curb catch basin inlet.
Install Parkway Drain.
Install 9ea Nyloplast Drain Basins.
Install 34ea 12in and 24in precast catch basins.
Install 3ea Trench Drains.
Replace sidewalk and pavement removed during pipe installation in tennis court area.
Install Rip Rap around dry wells.

Storm Drain System Total Cost = $2,734,511.00

Project Total Cost = $6,614,219.00

Project Specific Exclusions & Notes:
Exclude demo of hardscape.
Exclude demo / removal of hazardous materials (ACP).
Exclude Bioretention Basins.
Exclude temporary bypass for overflow storm drain system (C-4.1 / Note 17).
Exclude sidewalk and curb removal / replacement (Street Improvement Plan 3).
Exclude encroachment permits.

Project location: **Freemont**
Project name: **New Middle School**
Bid due date: **10-30-25** Bid due time: Addenda: **1**
Project #: Estimator: **Bryan Suttles**

Base Site Utilities **Sequance 1 and 2**

Inclusions:

Area drains.
Catch basins.
Chlorination of new domestic water piping.
Cleanouts.
Curb outlets.
Domestic water piping.
Drywells.
Excavation, sand bedding & native soil backfill.
Manholes.
Underground fire protection piping.
Planter drains.
Safe off existing plumbing utilities for demo by others.
Sanitary sewer piping.
Sewage ejection pump
Storm drain piping.
Subsurface drain piping.
Off site sewer and water (permits and fees to be reimbursed)
Install meters supplied by water perveyor
Irrigation to backflow from street
Trench drains (concrete and rebar by others)

Per plans: Civil drawings dated 1-17-25
Per specifications: Div 33

Off site sewer and water	**$410,000.00**
Base Site Utilities Cost:	**$3,645,000.00**
Base Site Utilities Cost:	**$4,055,000.00**

Add Alt 1: Add for Bio retention gravel and filter fabric (all excavation and media by others) **$225,000.00**

Add Alt 2: Add for slurry under paved areas on site (off site in base bid) aprox 1500 yards **$300,000.00**

Exclusions:

3D BIM/AutoCAD coordination or drawings.
Aboveground fire protection sprinkler systems.
Acoustical caulking or sealants in floor/wall/ceiling/roof.
Adjusting existing piping, boxes, structures, fixtures, or equipment to grade.
Allowances.
Asphalt, T cut and/or grinding asphalt.
Backfill with imported soil, gravel or slurry.
Bonds (our rate is 1.44%), fees, permits and plan check.
Cabinetry, casework, countertops & partitions.
Carpentry, framing or blocking.
CO detection & alarm systems.
Colaboration, management, payment or prequalification software.
Composite clean up.
Concrete (slabs, structural pads/walls/floors).
Concrete patch.
Coring.
Demolition of floors, walls, ceilings or roofs.
Demolition of piping, equipment or fixtures.
Demonstartion, training & filming exceeding 8 hours.
Dewatering.
Downspouts, gutters & drainage sheetmetal.
DX piping.
Electrical.
Enclosures.
Engineering.
Fencing & gates.
Fire rated access panels.
Fire watch for fire sprinkler shut downs.
Grading & local depressions.
Haul trash or excess excavation material offsite (Approx _2500 CY).
On site asphalt patch.
Hazardous substances/materials operations or abatement.
HVAC duct, drain pans, equipment, instrumentation & controls.
If this proposal is older than 90 days.
Irrigation Systems.
Kitchen equipment & fixtures.
Laboratory casework, countertops, sinks & equipment.
Landscaping, planting & sod.
Low voltage systems.
Meters and vaults.
Offsite improvements.
Painting & patching.
Parking.
Personal guarantees.
Protect existing furnishings, floors, walls, ceilings, roofing.
Protect existing piping, structures, equipment or fixtures.
Reactivate buildings after a utility shut down.
Refrigeration equipment.
Rock excavation.
Roofing & roof penetration sealants.
Sawcut, break or remove concrete/asphalt.
Scaffolding.
Scanning, x-ray, GPR for rebar or utility location.
Site security.
Soil media for bioretention systems.
Soils Testing.
Soldier pile and lagging walls.
Storm Water Pollution Prevention.
Structural steel decking, framing or supports.
Survey.
Temporary facilities & utilities.
Thermal & moisure protection.
Water treatment & equipment.
Waterproofing.

SUBLEASE

This Sublease (hereinafter referred to as the "Sublease") is entered into this 17th day of December, 2025, by and between the Oxnard School District, a California school district organized and existing under the laws of the State of California (hereinafter referred to as the "District") as lessor, and Viola, Inc. with its principal place of business at 5811 Olivas Park Drive, Suite 204, Ventura, CA 93003 (hereinafter referred to as "Contractor") as sub-lessor.

RECITALS

WHEREAS the District deems it essential for its own governmental purpose to finance the installation and construction of certain public improvements more fully described in **Exhibit A** to that certain Construction Services Agreement between the District and Contractor dated the date hereof (the "Project") situated at Fremont Middle School, 1130 N M St, Oxnard, CA 93030,, within the District as more fully set forth in Exhibit A of the site lease between the District and Contractor dated the date hereof (the "Site Lease") (The land and the real property improvements described in the Site Lease and the Construction Services Agreement are herein collectively referred to as the "Site"); and

WHEREAS, assuming that the District and Contractor can agree on the terms, including the price, for an additional scope of work, the District and Contractor anticipate that the scope of the Project may be amended to include additional work; and

WHEREAS, pursuant to Section 17406 of the California Education Code, the District is leasing the Site to Contractor pursuant to the Site Lease in consideration of Contractor subleasing the Site, including the Project, to the District pursuant to the terms of this Sublease; and

WHEREAS, the District and Contractor agree to mutually cooperate now and hereafter, to the extent possible, in order to sustain the intent of this Sublease and the bargain of both parties hereto, and to provide payments pursuant to this Sublease on the dates and in the amounts set forth in **Exhibit A** of this Sublease which is incorporated by this reference.

NOW, THEREFORE, in consideration of the promises and covenants and conditions contained herein, the parties agree as follows:

SECTION 1. Sublease

Contractor hereby leases from and subleases to the District, and the District hereby leases to and subleases from Contractor, the Site including any real property improvements now or hereafter affixed thereto in accordance with the provisions herein for the term of this Sublease.

SECTION 2. Term

(a) The term of the Sublease (the 'Term") shall become effective upon the authorized execution of this Sublease and shall terminate twelve months after the earlier of the following two events:

(1) The date the District takes beneficial occupancy of the final phase of the Project; or

(2) The date of substantial completion, as defined in Article 7.2.2 of the General Conditions.

(b) The Term may be extended or shortened upon the occurrence of the earliest of any of the following events, which shall constitute the end of the Term:

(1) An Event of Default by the District as defined herein and Contractor's election to terminate this Sublease as permitted herein; or

(2) An Event of Default by Contractor as defined herein and the District's election to terminate this Sublease as permitted herein; or

(3) Consummation of the District's purchase option pursuant to Section 20 of this Sublease.

SECTION 3. Representations and Warranties of the District

The District represents and warrants to Contractor that:

(a) The execution, delivery and performance of this Sublease do not and will not result in any breach of or constitute a default under any indenture, mortgage, contract, agreement or instrument to which the District is a party by which it or its property is bound.

(b) The Project and the Site are essential to the District in the performance of its governmental functions and their estimated useful life to the District exceeds the term of this Sublease.

(c) The District will take such action as may be necessary to include all Tenant Improvement Payments and Sublease Payments in its annual budget and annually to appropriate an amount necessary to make such Tenant Improvement Payments and Sublease Payments.

(d) To the best of the District's knowledge, there is no litigation of any kind currently pending or threatened regarding the District's use of the Site for the purposes contemplated by this Site Lease, the Sublease and the Construction Services Agreement.

(e) To the extent permitted by law, the District shall not abandon the Site for the use of which it is currently required by the District and, further, shall not seek to substitute or acquire property to be used as a substitute for the uses for which the Site is maintained under the Sublease.

SECTION 4. Representations and Warranties of Contractor

Contractor represents and warrants to the District that:

(a) Contractor is duly organized, validly existing and in good standing as a corporation and licensed contractor under the laws of the State of California, with full corporate power and authority to lease and own real and personal property.

(b) Contractor has full power, authority and legal right to enter into and perform its obligations under this Sublease, and the execution, delivery and performance of this Sublease have been duly authorized by all necessary corporate actions on the part of Contractor and do not require any further approvals or consents.

(c) The execution, delivery and performance of this Sublease do not and will not result in any breach of or constitute a default under any indenture, mortgage, contract, agreement or instrument to which Contractor is a party by which it or its property is bound.

(d) There is no pending or, to the best knowledge of Contractor, threatened action or proceeding before any court or administrative agency which will materially adversely affect the ability of Contractor to perform its obligations under this Sublease.

(e) Contractor will not mortgage or encumber the Site or the Sublease or assign this Sublease or its rights to receive Tenant Improvement Payments or Sublease Payments hereunder, except as permitted herein.

(f) Contractor has conducted a visual inspection of the Site and represents that it is familiar with the site conditions relating to construction and labor thereon and hereby indemnifies the District for any damage or omissions related to the site conditions that could have been identified during the site-visit in accordance with the indemnification contained in the General Conditions.

(g) Contractor has reviewed the Contract Documents (as that term is defined in the Construction Services Agreement) and is familiar with the contents thereof.

SECTION 5. Construction/Acquisition

(a) The District has entered into a Construction Services Agreement and the Site Lease with Contractor in order to acquire and construct the Project. The cost of the acquisition, construction and installation of the Project as well as the obligations under this Sublease are determined by the Guaranteed Maximum Price as determined in Section 5 of the Construction Services Agreement.

(b) In order to ensure that moneys sufficient to pay all costs will be available for this purpose when required, the District shall maintain on deposit, and shall annually appropriate funds sufficient to make all Tenant Improvement Payments and Sublease Payments which become due to Contractor under this Sublease, provided however that the District shall not be required to appropriate said funds in the event that the District determines in good faith that exigent circumstances have arisen that require District to reduce its budget and not appropriate funds for the payments required hereunder. Any such failure to appropriate funds in any year subsequent to the initial year of this

Sublease shall be deemed a termination for convenience and shall be subject to the provisions of the General Conditions.

SECTION 6. Payments

(a) The District shall pay Contractor the Tenant Improvement Payments and the Sublease Payments as set forth in **Exhibit A** hereof, at the office of Contractor or to such other person or at such other place as Contractor may from time to time designate in writing.

(b) If the District determines that the work is delayed so that Contractor shall not be able to deliver the work pursuant to the construction schedule required by the Construction Services Agreement (the "Construction Schedule"), the District shall be entitled to withhold a reasonable amount from the Tenant Improvement Payments and/or the Sublease Payments then due to cover the damages for delay. Once the District has determined that the work has been performed pursuant to the approved construction schedule, the District shall be obligated to release any funds withheld pursuant to this Paragraph.

(c) The obligation of the District to pay Tenant Improvement Payments and the Sublease Payments hereunder shall constitute a current expense of the District and shall not in any way be construed to be a debt of the District in contravention of any applicable constitutional or statutory limitations or requirements concerning the creation of indebtedness by the District, nor shall anything contained herein constitute a pledge of the general tax revenues, funds, or moneys of the District.

SECTION 7. Fair Rental Value

The Tenant Improvement Payments and the Sublease Payments shall be paid by the District in consideration of the right of possession of, and the continued quiet use and enjoyment of, the Project and the Site during the Term of this Sublease. The parties hereto have agreed and determined that such total Tenant Improvement Payments and Sublease Payments are not in excess of the fair rental value of the Project and the Site. In making such determination, consideration has been given to the fair market value of the Project and the Site, other obligations of the parties under this Sublease (including, but not limited to, costs of maintenance, taxes and insurance), the obligations under the Construction Services Agreement, the uses and purposes which may be served by the Project and the Site and the benefits therefrom which will accrue to the District and the general public, the ability of the District to make additions, modifications and improvements to the Project and the Site which are not inconsistent with the Construction Services Agreement and which do not interfere with Contractor's work on the Project and the Site.

SECTION 8. Sublease Abatement

In addition to delay of payments provided in Section 6, above, Tenant Improvement Payments and Sublease Payments due hereunder with respect to the Project shall be subject to abatement prior to the commencement of the use of the Project or during any period in which, by reason of material damage to or destruction of the Project or the Site, there is substantial interference with the use and right of

possession by the District of the Project and the Site or any substantial portion thereof. For each potential incident of substantial interference, decisions to be made on: i) whether or not abatement shall apply; ii) the date upon which abatement shall commence; iii) the applicable portion of the Tenant Improvement Payments and the Sublease Payments to be abated and; iv) the concluding date of the particular abatement shall all be subject to determinations by the District in concert with its insurance provider. Contractor's right to dispute these decisions is not impaired. The amount of abatement shall be such that the Tenant Improvement Payments and the Sublease Payments paid by the District during the period of Project restoration do not exceed the fair rental value of the usable portions of the Site. In the event of any damage or destruction to the Project or the Site, this Sublease shall continue in full force and effect.

SECTION 9. Use of Site and Project

During the Term of this Sublease, Contractor shall provide the District with quiet use and enjoyment of the Site without suit, or hindrance from Contractor or its assigns. The District will not use, operate, or maintain the Site or Project improperly, carelessly, in violation of any applicable law or in a manner contrary to that contemplated by this Sublease. The Contractor shall provide all permits and licenses, if any, necessary for the operation of the Project. In addition, the District agrees to comply in all respects (including, without limitation, with respect to the time, maintenance and operation of the Project) with laws of all jurisdictions in which its operations involving the Project may extend and any legislative, executive, administrative, or judicial body exercising any power or jurisdiction over the Site or the Project; provided, however, that the District may contest in good faith the validity or application of any such law or rule in any reasonable manner which does not adversely affect the estate of Contractor in and to the Site or the Project or its interest or rights under this Sublease. Upon completion of the Project or severable portions thereof, as defined in the General Conditions, Contractor shall provide the District with quiet use and enjoyment of the Site without suit or hindrance from Contractor or its assigns, subject to reasonable interference from ongoing construction operations on any remaining portion of the Site under construction by Contractor.

SECTION 10. Contractor's Inspection/Access to Site

The District agrees that Contractor and any Contractor representative shall have the right at all reasonable times to enter upon the Site or any portion thereof to construct and improve the Project, to examine and inspect the Site and the Project and to exercise its remedies pursuant to Section 16 of this Sublease. The District further agrees that Contractor and any Contractor representative shall have such rights of access to the Site as may be reasonably necessary to cause the proper maintenance of the Site and the Project in the event of failure by the District to perform its obligations hereunder.

SECTION 11. Project Acceptance

The District shall acknowledge final inspection and completion of the Project by executing a Certificate of Acceptance and recording a Notice of Completion in

accordance with the General Conditions. The validity of this Sublease will not be affected by any delay in or failure of completion of the Project.

SECTION 12. Alterations and Attachments

All permanent additions and improvements that are made to the Project shall belong to and become the property of Contractor, subject to the provisions of Section 20 hereof. Separately identifiable additions and improvements added to the Project by the District shall remain the property of the District. At Contractor's request, the District agrees to remove the additions and improvements and restore the Project to substantially as good condition as when acquired and constructed, normal wear and tear excepted, in the event of failure by the District to perform its obligations hereunder.

SECTION 13. Physical Damage; Public Liability Insurance

Contractor and the District shall maintain such damage and public liability insurance policies with respect to the Project and the Site as are required of them herein and by the Construction Services Agreement

SECTION 14. Taxes

The District shall keep the Project and the Site free and clear of all levies, liens, and encumbrances and shall pay all license fees, registration fees, assessments, charges, and taxes (municipal, state, and federal) if applicable, which may now or hereafter be imposed upon the ownership, leasing, renting, sale, possession, or use of the Project and the Site, excluding, however, all taxes on or measured by Contractor's income.

SECTION 15. Events of Default

The term “Event of Default,” as used in this Sublease means the occurrence of any one or more of the following events: (a) the District fails to make any unexcused Tenant Improvement Payment or Sublease Payment (or any other payment) within 30 days after the due date thereof; (b) the District or Contractor fails to perform or observe any other covenant, condition or agreement to be performed or observed by it hereunder or under any of the Contract Documents (as that term is defined in the Construction Services Agreement), and such failure to either make the payment or perform the covenant, condition or agreement is not cured within 10 days after written notice thereof by the other party; (c) the discovery by a party that any statement, representation or warranty made by the other party in this Sublease, or in the Contract Documents (as that term is defined in the Construction Services Agreement), or in any document ever delivered by that other party pursuant hereto or in connection herewith is misleading or erroneous in any material respect; or (d) a party becomes insolvent, is unable to pay its debts as they become due, makes an assignment for the benefit of creditors, applies or consents to the appointment of a receiver, trustee, conservator or liquidator of the party or of all or a substantial part of its assets, or a petition for relief is filed by the party under federal bankruptcy, insolvency or similar laws.

SECTION 16. Remedies on Default

Upon the happening of any Event of Default, the non-defaulting party may exercise any and all remedies available pursuant to law or in equity or granted pursuant to this Sublease. Notwithstanding any provisions to the contrary herein, Contractor shall not under any circumstances have the right to accelerate the Tenant Improvement Payments or the Sublease Payments that fall due in future Sublease periods or otherwise declare any Tenant Improvement Payment or Sublease Payments not then in default to be immediately due and payable. Upon the occurrence of an Event of Default, the non-breaching party may elect to terminate this Sublease in accordance with the provisions contained in the General Conditions. Termination of the Construction Services Agreement shall trigger the termination of the Site Lease and this Sublease.

SECTION 17. Non-Waiver

No covenant or condition to be performed by the District or Contractor under this Sublease can be waived except by the written consent of the other party. Forbearance or indulgence by the District or Contractor in any regard whatsoever shall not constitute a waiver of the covenant or condition in question. Until complete performance by the District or Contractor of said covenant or condition, the other party shall be entitled to invoke any remedy available to it under this Sublease or by law or in equity despite said forbearance or indulgence.

SECTION 18. Assignment

Without the prior written consent of Contractor, the District shall not (a) assign, transfer, pledge, or hypothecate this Sublease, the Project and the Site, or any part thereof, or any interest therein, or (b) sublet or lend the use of the Project or any part thereof, except as authorized by the provisions of the California Civic Center Act, Education Code Section 38130 *et seq*. Consent to any of the foregoing prohibited acts applies only in the given instance and is not a consent to any subsequent like act by the District or any other person. Contractor shall not assign its obligations under this Sublease with the exception of its obligation to issue default notices and to convey or reconvey its interest in the Project and Site to the District upon full satisfaction of the District's obligations hereunder; however, the District shall pay all Tenant Improvement Payments and Sublease Payments due hereunder pursuant to the direction of Contractor or the assignee named in the most recent assignment or notice of assignment. Subject always to the foregoing, this Sublease inures to the benefit of, and is binding upon, the heirs, legatees, personal representatives, successors, and assigns of the parties hereto.

SECTION 19. Ownership

The Project is and shall at all times be and remain the sole and exclusive property of Contractor, and the District shall have no right, title, or interest therein or thereto except as expressly set forth herein.

SECTION 20. Sublease Prepayments/Purchase Option

(a) Sublease Prepayments. At any time during the Term of this Sublease, the District may make Sublease Prepayments to the Contractor of the Tenant Improvement Payments and/or Sublease Payments ("Sublease Prepayments"). No Sublease Prepayments requested by Contractor may be made by the District in an amount which exceeds the aggregate true cost to Contractor of the work on the Project completed up to the date Contractor submits the request for a Sublease Prepayment less the aggregate amount of: (1) all Tenant Improvement Prepayments and Sublease Payments previously made by the District to Contractor; (2) all Sublease Prepayments previously made by the District to the Contractor; (3) all amounts previously retained pursuant to Section 20(a)(3), below, from Sublease Prepayments previously made by the District to Contractor (unless Contractor shall have previously substituted securities for such retained amounts pursuant to Section 20(a)(3)); and (4) the retention for such Sublease Prepayment pursuant to Section 20(a)(3) hereof. Contractor must submit evidence that the conditions precedent set forth in Section 20(a)(1), below, have been met. In the event District elects to make Sublease Prepayments, the Prepayment Price, contemplated in Section 20(b), below, shall be adjusted accordingly.

(1) In the event that the District elects to make a Sublease Prepayment, the following are conditions precedent to the District's delivery of such Sublease Prepayments to Contractor pursuant to a request of Contractor:

(A) Satisfactory progress of the construction of the Project pursuant to the Time Schedule shall have been made as determined in accordance therewith.

(B) Contractor shall also submit to the District (i) duly executed conditional lien releases and waivers (in the form provided in California Civil Code Sections 8132 through 8138) from Contractor and all sub-contractors, consultants and other persons retained by Contractor in connection with the Project, whereby such persons conditionally waive all lien and stop notice rights against the District, the Project and the Project Site with respect to the pending Sublease Prepayment to be made by the District, (ii) duly executed unconditional lien releases and waivers (in the form provided in California Civil Code Sections 8132 through 8138) from Contractor and all subcontractors, consultants and other persons retained by Contractor in connection with the Project, whereby such persons unconditionally and irrevocably waive all lien and stop notice rights against the District, the Project and the Project Site with respect to all previous Sublease Prepayments made by the District, and (iii) any other items that Contractor may be required to collect and distribute to the District pursuant to the terms and provisions of the Construction Services Agreement. Contractor shall promptly pay all amounts due to each subcontractor, consultant and other person retained by Contractor in connection with the Project no later than 10 days after Contractor's receipt of a Sublease Prepayment from the District.

(2) The determination of whether satisfactory progress of the construction pursuant to the Time Schedule has occurred shall be made by the District in accordance with the General Conditions. If the District determines that pursuant to the Time Schedule the work required to be performed, as stated in Contractor's

Sublease Prepayment request, has not been substantially completed, then Contractor shall not be eligible to receive the requested Sublease Prepayment.

(3) The District shall retain an amount equal to 5% of each Tenant Improvement Payments ("retention") made at Contractor's request. Contractor shall have the right, as delineated in the General Conditions, to substitute securities for any retention withheld by the District, pursuant to the provisions of Public Contract Code Section 22300.

(b) If the District is not in default hereunder, the District shall have the option to purchase not less than all of the Project in as-is condition upon delivery of the Prepayment Price as defined herein. The Prepayment Price at any given time shall be an amount equal to the final GMP, as it may be revised from time to time, less the sum of any Tenant Improvement Payments, Sublease Payments and/or Sublease Prepayments made by the District prior to the date on which the District elects to exercise its option under this Section. The District may thereupon terminate this Sublease and Contractor shall deliver such deeds, bills of sale, assignments, releases or other instruments as District may reasonably require to reflect the transfer of all of Contractor's interest in the Project. Following the closing of the District's purchase option, the District shall retain all rights to any claim or warranty arising under the Construction Services Agreement.

SECTION 21. Indemnification

Contractor shall indemnify the District in accordance with the provisions set forth in the General Conditions during the course of construction.

SECTION 22. Construction Services Agreement and Site Lease

The Construction Services Agreement and the Contract Documents as defined therein, including the Site Lease, are incorporated by reference herein in their entirety as if fully set forth herein.

SECTION 23. Severability

If any one or more of the terms, covenants or conditions of this Sublease shall to any extent be declared invalid, unenforceable, void or voidable for any reason whatsoever by a court of competent jurisdiction, the finding or order or decree of which becomes final, none of the remaining terms, provisions, covenants and conditions of this Sublease shall be affected thereby, and each provision of this Sublease shall be valid and enforceable to the fullest extent permitted by law.

SECTION 24. Entire Agreement

The Contract Documents enumerated in paragraph C of Section 1 of the Construction Services Agreement, which include this Sublease, constitute the entire agreement between Contractor and the District, and the Contract Documents shall not be amended, altered, or changed except by a written agreement signed by the parties hereto.

SECTION 25. Notices

Any notices or filings required to be given or made under this Sublease shall be served, given or made in writing upon the District or Contractor, as the case may be, by personal delivery or registered mail (with a copy sent via fax or regular mail) to the respective addresses given below or at such other address as such party may provide in accordance with the provisions herein. Any change in the addresses noted herein shall not be binding upon the other party unless preceded by no less than thirty (30) days prior written notice.

If to Contractor:

Viola, Inc.
5811 Olivas Park Drive, Suite 204
Ventura, CA 93003
Attn: Michael T. Viola, President/Chief Executive Officer

If to the District:

Oxnard School District

1051 South A Street,
Oxnard, CA 93030
Attn: Kristen Pifko, Assistant Superintendent

With a copy to Gerald Schober
Vice President, Implementation Services
Caldwell Flores Winters, Inc.
521 N. 1st Avenue
Arcadia, CA 91006

Notices under this Agreement shall be deemed to have been given, and shall be effective, upon actual receipt by the other party, or, if mailed, upon the earlier of the fifth (5th) day after mailing or actual receipt by the other party.

SECTION 26. Titles

The captions or headings in this Sublease are for convenience only and in no way define, limit or describe the scope or intent of any provisions or sections of this Sublease.

SECTION 27. Time

Time is of the essence in this Sublease and each and all of its provisions.

SECTION 28. Applicable Law

This Sublease shall be governed by and construed in accordance with the laws of the State of California. The parties irrevocably agree that any action, suit or proceeding by or among the District and Contractor shall be brought in whichever of the

Superior Courts of the State of California, Ventura County, or the Federal Court for the Central District of California in Los Angeles, California, has subject matter jurisdiction over the dispute and waive any objection that they may now or hereafter have regarding the choice of forum whether on personal jurisdiction, venue, forum non conveniens or on any other ground.

SECTION 29. Execution in Counterparts

This Sublease may be executed in any number of counterparts, each of which shall be an original, but all of which together shall constitute one instrument.

SECTION 30. District Insurance

During the period after tenant improvement completion and beneficial occupancy of the Project and before the end of the Term, the District shall purchase and maintain Commercial General Liability and Property Insurance covering the types of claims set forth below which may arise out of or result from the District's operations of the Site and for which the District may be legally responsible: (i) claims for damages because of bodily injury, occupational sickness or disease or death of the District's employees; (ii) claims for damages because of bodily injury, sickness or disease or death of any person other than the District's employees; (iii) claims for damages insured by usual personal injury liability coverage which are sustained (a) by a person as a result of an offense directly or indirectly related to employment of such person by the District, or (b) by another person; and (iv) claims for damages, other than to the Project itself, because of injury to or destruction of tangible property, including loss of use resulting therefrom. Such insurance shall be in the coverage amount of $1,000,000 per occurrence and $2,000,000 aggregate. The insurance policy required of the District hereunder shall also name Contractor as an additional insured as its interests may appear. Such insurance shall be deemed to be primary and non-contributory with any policy maintained by Contractor and any policy or coverage maintained by Contractor shall be deemed to be excess over such insurance maintained by District.

IN WITNESS WHEREOF the parties hereto, intending to be legally bound thereby, have executed this Sublease effective as of the date first above written.

EXHIBIT A

PAYMENT PROVISIONS

Tenant Improvement Payments and the Sublease Payments shall be paid monthly and the total of the Tenant Improvement Payments and the Sublease Payments made shall not exceed the amount of the GMP as defined in Section 5 of the Construction Services Agreement. Each month Contractor shall provide the District with an itemized summary (in accordance with the provisions set forth in the Project Manual) indicating the percentage of work satisfactorily performed and signed off by the District's Inspector of Record, Architect and Project Manager.

The District shall pay Contractor in accordance with the procedures set forth in the Construction Services Agreement, the Project Manual and the portion of the GMP set forth as the Tenant Improvement Payments in accordance with Section 5 of the Construction Services Agreement, based on the amount of work satisfactorily performed and signed off by the District's Inspector of Record, Architect and Project Manager according to the approved Schedule of Values, less the retention applicable to said payment all in accordance with the procedures set forth in the Construction Services Agreement and/or the Project Manual.

The District shall pay Contractor Sublease Payments in the amount of **THREE HUNDRED THIRTY THOUSAND, SEVEN HUNDRED THIRTY- FIVE DOLLARS AND EIGHTY-THREE CENTS ($330,735.83)** per month. The Sublease payments shall be consideration of the District's rental, use, and occupancy of the Project and the Site; the Sublease Payments shall include the portion of the Construction Costs financed by Contractor. The Sublease Payments shall commence with the Site Lease execution and continue for a total of **SIX (6)** months.

OSD AGREEMENT #23-158

CONSTRUCTION SERVICES AGREEMENT

This Construction Services Agreement (hereinafter referred to as the "Agreement") is entered into this 18th day of October, 2023, by and between the Oxnard School District, a California school district organized and existing under the laws of the State of California (hereinafter referred to as the "District") and Viola Inc. which is a contractor licensed by the State of California, with its principal place of business at 5811 Olivas Park Drive, Suite 204, Ventura, CA 93003 (hereinafter referred to as "Contractor").

WHEREAS, the District operates Fremont Middle School located at 1130 N. M Street, Oxnard, CA 93030 (hereinafter referred to as the "School Facility"); and

WHEREAS, the District desires to construct and modernize facilities and improvements (as more fully described below) at those portions of the School Facility identified in the Site Lease, as defined in Section 1G below (the "Site"); and

WHEREAS, the District has determined that it is in its best interests to pursue the improvements to the School Facility through the lease-leaseback method of project delivery pursuant to California Education Code §17406 which permits the governing board of the District, without advertising for bids, to lease to Contractor property owned by the District if the instrument by which property is leased requires the lessee to construct, or provide for the construction, on the leased property, of a facility for the use of the District during the term of the lease, and provides that title to that facility shall vest in the District at the expiration of the lease; and

WHEREAS, the District desires to finance a portion of the improvements utilizing the lease/leaseback methodology; and

WHEREAS, the District has conducted an RFQ process by which it selected Contractor; and

WHEREAS, the District intends to undertake work to improve the School Facility, the scope of which is generally described in **Exhibits A and B** attached hereto and incorporated by reference herein; and

WHEREAS, in connection with the approval of this Agreement, the District will enter into a site lease with Contractor, under which it will lease to Contractor the Site in order for Contractor to construct the Project as described in the Scope of Work set forth generally in **Exhibits A and B** (hereinafter referred to as the "Scope of Work"); and

WHEREAS, assuming that the District and Contractor can agree on the terms, including the price, for the additional scope of work, the District and Contractor anticipate that the scope of the Project may be amended to include additional work; and

WHEREAS, Contractor will lease the Site back to the District pursuant to a sublease agreement, under which the District will be required to make payments to Contractor for the use and occupancy of the Site, including the Project (hereinafter the "Financing"); and

WHEREAS, Contractor represents that it is sufficiently experienced in the construction of the type of facility and type of work sought by the District and is willing to perform said work for lease and the Financing to the District, all as more fully set forth herein; and

WHEREAS, at the expiration of the Site Lease, title to the Site and the improvements thereon will vest with the District;

NOW, THEREFORE, in consideration of the covenants hereinafter contained, the District and Contractor agree as follows:

SECTION 1. DEFINITIONS

A. **Construction.** The term "Construction" as used in this Agreement includes all labor and services necessary for the construction of the Project, and all materials, equipment, tools, supplies and incidentals incorporated or to be incorporated in such construction as fully described in the Scope of Work set forth in **Exhibits A and B** attached hereto. Unless otherwise expressly stipulated, Contractor shall perform all work and provide and pay for all materials, labor tools and equipment, including, but not limited to, light, water, and power, necessary for the proper execution and completion of the Project shown on the drawings and described in the specifications developed pursuant to this Agreement.

B. **Construction Documents.** The term "Construction Documents" means the final drawings, profiles, cross sections, design development drawings, construction drawings, and supplemental drawings based on the plans and specifications developed for the Project pursuant to the Scope of Work set forth in **Exhibits A and B** attached hereto, including any reference specifications or reproductions prepared by the architect hired by the District (the "Architect") and specifications approved by the District, the Division of the State Architect ("DSA"), and the local agencies having jurisdiction or other regulatory agencies whose approval may be required, which show or describe the location, character, dimensions or details for the Project and specifications for construction thereof.

C. **Contract Documents.** The term "Contract Documents" as used in this Agreement refers to those documents which form the entire agreement by and between the District and Contractor. The Contract Documents consist of this Agreement, including the exhibits and attachments hereto, the Site Lease, including the exhibits and attachments thereto, the Sublease, including the exhibits and attachments thereto, the Project Manual including the General Conditions thereto, as

amended, which is incorporated herein (the "General Conditions"), and the Construction Documents. The term "Contract Documents" shall include all modifications and addenda thereto.

D. **Guaranteed Maximum Price**. The term "Guaranteed Maximum Price" or "GMP" as used in this Agreement means the Guaranteed Maximum Price established pursuant to Section 5 of this Agreement to be used to calculate the Tenant Improvement Payments and the Sublease Payments to be paid by the District to Contractor pursuant to the Sublease, subject only to any adjustments for Extra Work/Modifications as provided in Section 10 of this Agreement.

E. **Preconstruction Services.** The term "Preconstruction Services" as used in this agreement means to retain a professional construction firm (hereafter "CONTRACTOR") to provide certain professional pre-construction services, as described in **Exhibit B** related to the Project plans and specifications for the purpose of designing the project within budget and eliminating unforeseen circumstances, errors, omissions and ambiguities in the construction documents prepared by the Architect.

F. **Project**. The term "Project" shall mean the improvements and facilities to be constructed and installed by Contractor at the School Facility which will result in complete and fully operational facilities as more fully set forth on **Exhibit A** attached hereto.

G. **Project Manual**. The term "Project Manual" shall mean the compilation of the Specification sections including Division 0, Procurement and Contracting Requirements, Division 1 General Requirements, and technical specifications Division 2 through 33 prepared by the Architect and approved by the District, the DSA, or other regulatory agencies which show or describe the location, character, dimensions or details for the Project, which shall be delivered to Contractor upon execution of this Agreement.

H. **Site**. The term "Site" as used in this Agreement shall mean those certain parcels of real property and improvements thereon (if any) more particularly described in **Exhibit A** to the Site Lease.

I. **Site Lease**. The term "Site Lease" as used in this Agreement shall mean the certain Site Lease dated of even date herein between the District and Contractor, together

with any duly authorized and executed amendment(s) thereto, pursuant to which the District leases the Site to Contractor.

J. **Specifications.** The term "Specifications" shall mean those numbered specifications set forth in the Project Manual which shall accompany this Agreement and which are incorporated by reference herein. Individual Specifications may be referred to by their specification number as set forth in the Project Manual.

K. **Subcontractor.** As used in this Agreement, the term "Subcontractor" means any person or entity, including trade contractors, who have a contract with Contractor to perform any of the Construction.

L. **Sublease**. The term "Sublease" as used in this Agreement shall mean the certain Sublease dated of even date herein between the District and Contractor, together with any duly authorized and executed amendment(s) thereto, pursuant to which the District subleases the Site from Contractor.

M. **Sublease Payments.** The term "Sublease Payments" as used in this Agreement shall mean the payments made by the District to Contractor pursuant to Section 6 of the Sublease.

N. **Tenant Improvement Payments.** The term "Tenant Improvement Payments" as used in this Agreement shall mean the payments made by the District to Contractor pursuant to Section 6 of the Sublease.

SECTION 2. CONTRACTOR'S DUTIES AND STATUS

Contractor covenants with the District to furnish reasonable skill and judgment in constructing the Project. Contractor agrees to furnish efficient business administration and superintendence and to furnish at all times an adequate supply of professionals, workers, and materials and to perform the work appropriately, expeditiously, economically, and consistent with the Contract Documents.

SECTION 3. ADDITIONAL SERVICES

If the District requests Contractor to perform additional services not described in this Agreement, Contractor shall provide a cost estimate and a written description of the additional work necessary to complete such additional services. The cost for such additional services shall be negotiated and agreed upon in writing in advance of Contractor performing or contracting for such additional services, and such cost shall be used to adjust the GMP established pursuant to Section 5 hereof. In the absence of a written agreement, the District will not compensate Contractor for additional services, will not adjust the GMP for such additional services, and Contractor will not be required to perform them. It is understood and

agreed that if Contractor performs any services that it claims are additional services without receiving prior written approval from the District Board of Education, Contractor shall not be paid for such claimed additional services and the GMP will not be adjusted. Nothing in this Agreement shall be construed as limiting the valuation of such additional services and amount that the GMP will be adjusted for such additional services, should a written agreement for such services be executed by the parties. Notwithstanding the foregoing, Contractor shall not be entitled to compensation, nor will the GMP be adjusted, for additional services required as a result of Contractor's acts, errors or omissions.

SECTION 4. OWNERSHIP OF PLANS AND DOCUMENTS

All original field notes, written reports, drawings, specifications, Construction Documents, and other documents, produced or developed for the Project are the property of the District, regardless of whether the Project is constructed, and shall be furnished to the District. Such documents are not to be used by Contractor or by the Subcontractors on other work nor shall Contractor nor the Subcontractors claim any right to such documents. This shall not deprive Contractor from retaining electronic data or other reproducible copies of the Construction Documents or the right to reuse information contained in them in the normal course of Contractor's professional activities.

SECTION 5. ESTABLISHMENT OF GUARANTEED MAXIMUM PRICE

The "GMP" for the Project shall be **TBD ($XX,XXX,XXX.XX)** The GMP consists of (1) a Preconstruction Fee in the amount of **One Hundred Sixty Seven Thousand Nine Hundred Seventy Dollars and No Cents,** (2) a Sublease Tenant Improvement and, (3) a Contractor Contingency and Sublease Payments to be negotiated as an amendment to this agreement pursuant to terms and payment schedule as amended and set forth in the Sublease. THE "GMP" WILL NOT BE ESTABLISHED UNTIL DSA HAS APPROVED THE FINAL PLANS AND SPECIFICATIONS AND THE BOARD APPROVES IT PRIOR TO NTP FOR CONSTRUCTION. The GMP will then be brought to the Board of Trustees as a revision to this section of this agreement. Until such time this section will remain incomplete, the Site Lease and Sublease will not begin and the Contractor will proceed with Preconstruction Services as set forth in **Exhibit B** with an NTP for Preconstruction from the District.

The GMP is based upon the DSA approved plans and specifications to exist after this Agreement is entered into between Contractor and the District, and more fully described and referenced in the Scope of Work to be set forth in **Exhibit A** attached hereto. Prior to DSA approval Contractor will perform Preconstruction Services to assist in designing the project and as set forth in **Exhibit B**. After preconstruction services, DSA approval of plans and specifications, and the establishment of the GMP the Contractor shall assume the risk of cost overruns which were not foreseeable at the time this Agreement is entered into and the GMP determined, except for undocumented events of the type set forth in Section 19 hereof, work mandated by an outside agency after issuance of Construction Documents that could not have been reasonably foreseen

from review of the Contract Documents, or costs arising from undocumented geotechnical issues. Contractor acknowledges that (i) Contractor has conducted a site inspection and is familiar with the site conditions based on records, studies and visible conditions relating to construction and labor and (ii) Contractor has reviewed the Contract Documents and is familiar with the contents thereof. District directed changes to the scope of the Project not contemplated in the Scope of Work shall be deemed Extra Work/Modifications pursuant to the procedures set forth in Section 10 of this Agreement. The GMP shall include, but not be limited to, increases in labor and materials. The GMP has been used to calculate the Tenant Improvement Payments and the Sublease Payments to be paid by the District to Contractor pursuant to the Sublease. The GMP includes the cost of all labor, materials, equipment, general conditions, overhead, profit and a Contractor Contingency as indicated above.

The Contractor Contingency is for the purpose of covering the cost of very specific issues that may arise during construction and it may be used only upon the written agreement of the Contractor, the architect of record, and the District. The Contractor Contingency is to be used only to pay Contractor for the following enumerated reasons: (1) additional costs resulting from discrepancies in the bid buy-out process; (2) conflicts, discrepancies or errors in the Construction Documents; (3) work required by the Inspector of Record or any governmental agency involved in the permitting or approval/certification process that is not otherwise shown in the Construction Documents; and (4) any other items of cost agreed to in writing by the Contractor and District to be included in the Contractor Contingency. The Contractor Contingency shall not be used for costs incurred as a result of Contractor's acts, errors or omissions.

Contractor shall be responsible for tracking expenditures of the Contractor Contingency and shall provide periodic written updates to the District as directed. Unused Contractor Contingency and Allowances at Project completion will reduce the GMP and will result in an adjustment of the Tenant Improvement Payments and possibly the Sublease Payments.

The District shall at all times have the right to reduce the scope of the Project. If the District reduces the scope of the Project, the GMP shall be reduced commensurate with the reduced Scope of Work pursuant to the provisions of Section 10, below, and will result in an adjustment of the Tenant Improvement Payments and, if applicable, the Sublease Payments.

SECTION 6. NOTICE TO PROCEED WITH PRECONSTRUCTION AND CONSTRUCTION

Prior to an approved GMP, the District shall issue a notice to Contractor to proceed with the Preconstruction of the Project. The Preconstruction Agreement in **Exhibit B** will serve as the whole agreement between the Contractor and the District until a GMP is established.

Upon receipt of an approved GMP, the District shall issue a notice to Contractor to proceed with the Construction of the Project. In the event that a Notice to Proceed with Construction is not issued for the Project, the Site Lease and the Sublease shall terminate upon written notice

from the District to Contractor that a Notice of Proceed will not be issued.

SECTION 7. SAVINGS

If Contractor realizes a savings on one aspect of the Project, such savings shall be tracked and Contractor shall provide periodic written updates of such savings. Such savings shall be added to the Contractor Contingency and the use of such savings shall be as set forth in Section 5. However, if such savings are not so utilized, the amount of such savings shall reduce the GMP and will result in an adjustment of the Tenant Improvement Payments and, if applicable, the Sublease Payments.

SECTION 8. SELECTION OF SUBCONTRACTORS

In the interest of minimizing the expenditure of funds for the construction of the Project, Contractor agrees to select Subcontractors who are appropriately licensed by the State of California for each trade component of the Project in a manner that fosters competition. Contractor agrees that it will either solicit bids from potential subcontractors pursuant to the competitive bid procedures set forth in the California Public Contract Code, including specifically Public Contract Code section 20110, et seq., or that it will utilize an informal bidding process established by Contractor which also incorporates competitive bid procedures. Regardless of the method Contractor employs, Contractor will make a good faith effort to contact and utilize DVBE contractors and suppliers in securing bids for performance of the Project in accordance with the procedures set forth in Section 1.77 of the General Conditions. In the event that Contractor chooses to select Subcontractors pursuant to an informal bidding process, Contractor shall ensure that it receives at least three competitive quotes from potential subcontractors for each trade component of the Project, unless the parties agree otherwise on a trade-by-trade basis. The District reserves the right to oversee the bidding process. Contractor shall inform all bidders that the District will not be a party to any contracts for construction services executed by Contractor and selected bidders. Contractor shall submit a listing of proposed subcontractors to the District for the District's review. In no case, will Contractor award any sub-contracts until the District has concurred in the scope and price of the sub-contracted services. In addition, Contractor shall provide the District with full documentation regarding the bids or competitive quotes received by Contractor. In no event, shall such documentation be redacted or obliterated. In the event Contractor does not comply with this provision, the District may terminate this Agreement in accordance with the provisions of the General Conditions. Subcontractors awarded contracts by Contractor shall be afforded all the rights and protections of listed subcontractors under the provisions of the Subletting and Subcontracting Fair Practices Act (Public Contract Code Section 4100, et seq.).

SECTION 9. CONSTRUCTION SCOPE OF WORK

A. Prior to commencing Construction, Contractor shall comply with the initial schedule requirements set forth in the General Conditions.

B. Contractor shall complete the Construction pursuant to the Construction Documents as amended subject to any additional DSA or other regulatory approvals as may be required, performing all work set forth in the Scope of Work, and shall make reasonable efforts in scheduling to prevent disruption to classes.

C. Contractor shall be responsible for complying with all applicable building codes, including without limitation mechanical codes, electrical codes, plumbing codes and fire codes, each of the latest edition, required by the regulatory agencies and for arranging and overseeing all necessary inspections and tests including inspections by the DSA or regulatory agencies, permits and occupancy permits, and ensuring compliance with any Federal and State laws, including, but not limited to, safety procedures and requirements, and construction employee training programs which cover among other items, hazardous chemicals and materials.

D. Contractor shall establish procedures for the protection of all existing structures, equipment, utilities, and other existing improvements, both on-site and off-site. Contractor assumes all risk of loss of vandalism, theft of property or other property damage ("Vandalism") which occurs at a site at which Contractor is undertaking construction of the Project. Contractor assumes all risk of loss which occurs where Contractor is undertaking construction of the Project from causes due to negligence or misconduct by Contractor, its officers, employees, subcontractors, licensees and invitees. Contractor shall replace District property damaged by such Vandalism or theft or compensate the District for such loss, including payment of out of pocket expenses such as insurance deductibles the District might incur under such circumstances.

E. Contractor shall develop a mutually agreed upon program with the District to abate and minimize noise, dust, and disruption to normal activities at the existing facilities at the School Facility, including procedures to control on-site noise, dust, and pollution during construction.

F. The District shall cause the appropriate professionals to stamp and sign, as required, the original Construction Documents or parts thereof and coordinate the Project's design with all utilities.

G. Contractor shall, for the benefit of the Subcontractors, attend pre-construction orientation conferences in conjunction with the Architect to set forth the various reporting procedures and site rules prior to the commencement of actual construction. Contractor shall also attend construction and progress meetings with District representatives and other interested parties, as requested by the District, to discuss such matters as procedures, progress problems and scheduling. Contractor shall prepare and promptly distribute official minutes of such meetings to all parties in attendance, including without limitation the District, the Architect and the District

Inspector of Record.

H. Contractor shall incorporate approved changes as they occur, and develop cash flow reports and forecasts for submittal to the District as requested. Contractor shall provide regular monitoring of the approved estimates for Construction costs, showing actual costs for activities in progress, and estimates for uncompleted tasks. Contractor shall maintain cost accounting records on authorized additional services or work performed under unit costs, additional work performed on the basis of actual costs of labor and materials, and for other work requiring accounting records.

I. Contractor shall record the progress of the Project and shall submit monthly written progress reports to the District and the Architect including information on the entire Project, showing percentages of completion and the number and amounts of proposed Extra Work/Modifications and their effect on the construction costs as of the date of each respective report.

J. Contractor shall keep a log containing a record of weather, Subcontractors, work on the site, number of workers, work accomplished, problems encountered, and other similar relevant data as the District may require. Contractor shall make the log available to the District, the Architect, and the District's project manager. The District shall be promptly advised on all anticipated delays in the Project.

K. The District shall bear the cost for the DSA Inspector, soils testing, DSA or other regulatory agency fees, and special testing required in the construction of the Project. If additional review or permits become necessary for reasons not due to Contractor's fault or because of DSA or regulatory agency requirements or regulations implemented after the date the Final GMP is established and not reasonably anticipated at the time the Final GMP is established, Contractor may seek additional compensation for the cost of that review as an additional cost. In the alternative, the District may pay such costs directly.

SECTION 10. EXTRA WORK/MODIFICATIONS

A. The District may prescribe or approve additional work or a modification of requirements or of methods of performing the Construction which differ from the work or requirements set forth in the Construction Documents ("Extra Work/Modifications"); and for such purposes the District may at any time during the life of this Agreement, by written order, make such changes as it shall find necessary in the design, line, grade, form, location, dimensions, plan, or material of any part of the work or equipment specified in this Agreement or in the Construction Documents, or in the quantity or character of the work or equipment to be furnished. In the event conditions develop which, in the opinion of Contractor, makes strict compliance with the specifications

impractical, Contractor shall notify the District of the need for Extra Work/Modifications by placing the matter on the agenda of regularly scheduled construction meetings with the District for discussion as soon as practicable after the need for the Extra Work/Modifications is determined. Additionally, Contractor shall submit to the District for its consideration and approval or disapproval, a written request for Extra Work/Modifications before such work is performed. If the District approves the request in writing, the costs of the Extra Work/Modification shall be added to or deducted from the GMP or the Scope of Work shall be modified to complete the Project within the GMP, as applicable. Any adjustments to the GMP will result in an adjustment of the Tenant Improvement Payment and, if applicable, the Sublease Payments.

B. Extra Work/Modifications include work related to unforeseen underground conditions if, and only if, such conditions are not visible or identified on plans, reports or other documents available to Contractor. Extra Work/Modifications do not include underground conditions that are identified on plans, reports or other documents available to Contractor but are in a location different than is set forth on such plans, reports or other documents available to Contractor. It should be noted, however, that the District has advised and provided Contractor with information regarding the shallow water table and recent projects experience with encountering water when digging. Contractor has included in its calculation of the GMP an amount to mitigate for encountering water when completing the scope of work contemplated herein. Therefore, Extra Work/Modifications do not include expenses incurred by, and/or work performed by, Contractor in connection with such shallow water table and with encountering water when digging.

C. Should Contractor claim that any instruction, request, drawing, specification, action, condition, omission, default or other situation (i) obligates the District to increase the GMP; or (ii) obligates the District to grant an extension of time for the completion of this Agreement; or (iii) constitutes a waiver of any provision in this Agreement, CONTRACTOR SHALL NOTIFY THE DISTRICT, IN WRITING, OF SUCH CLAIM AS SOON AS POSSIBLE, BUT IN NO EVENT WITHIN MORE THAN TEN (10) DAYS FROM THE DATE CONTRACTOR HAS ACTUAL OR CONSTRUCTIVE NOTICE OF THE CLAIM. CONTRACTOR SHALL ALSO PROVIDE THE DISTRICT WITH SUFFICIENT WRITTEN DOCUMENTATION SUPPORTING THE FACTUAL BASIS OF THE CLAIM including items used in valuing said claim. Contractor shall be required to certify under penalty of perjury the validity and accuracy of any claims submitted. Contractor's failure to notify the District within such ten (10) day period shall be deemed a waiver and relinquishment of the claim against the District.

D. Expenses of reconstruction and/or costs to replace and/or repair damaged materials and supplies, provided that Contractor is not fully compensated for such expenses and/or costs by insurance or otherwise, shall be included in an increase to the GMP if

said expenses are the result of the negligent acts or omissions of the District, or its principals, agents, servants, or employees.

SECTION 11. NOT USED

SECTION 12. PERSONNEL ASSIGNMENT

A. Contractor shall assign Patrick Waid as Project Manager for the Project. So long as Patrick Waid remains in the employ of Contractor, such person shall not be changed or substituted from the Project, or cease to be fully committed to the Project except as provided in this Section. In the event Contractor deems it necessary, Contractor shall replace the manager and/or the superintendent for the Project with a replacement with like qualifications and experience, subject to the prior written consent of the District, which consent shall not be unreasonably withheld. Any violation of the terms of paragraph A of this Section 12 shall entitle the District to terminate this Agreement for breach, pursuant to the provisions of the General Conditions. The Project Manager is not an exclusive position and does not preclude any other parallel assignment within or outside the District.

B. Notwithstanding the foregoing provisions of paragraph A of Section 12, above, if any manager and/or superintendent proves not to be satisfactory to the District, upon written notice from the District to Contractor, such person(s) shall be promptly replaced by a person who is acceptable to the District in accordance with the following procedures: Within five (5) business days after receipt of a notice from the District requesting replacement of any manager and/or superintendent or discovery by Contractor that any manager and/or superintendent is leaving their employ, as the case may be, Contractor shall provide the District with the name of an acceptable replacement/substitution together with such information as the District may reasonably request about such replacement/substitution. The replacement/substitution shall commence work on the Project no later than five (5) business days following the District's approval of such replacement, which approval shall not be unreasonably withheld. If the District and Contractor cannot agree as to the replacement/substitution, the District shall be entitled to terminate this Agreement for breach pursuant to the provisions of the General Conditions.

SECTION 13. BONDING REQUIREMENTS

Contractor shall fully comply with the requirements set forth in Section 6.9 of the General Conditions.

SECTION 14. PAYMENTS TO CONTRACTOR

A. Contractor shall finance the cost of construction of the Project which costs shall not exceed the GMP, which shall not be adjusted except as otherwise provided in this Agreement. The District shall pay Contractor Tenant Improvement Payments and Sublease Payments pursuant to the terms and conditions of Section 6 of the Sublease.

In the event of a dispute between the District and Contractor, the District may withhold from the Tenant Improvement Payments and the Sublease Payments an amount not to exceed one hundred fifty percent (150%) of the disputed amount.

B. This Agreement is subject to the provisions of California Public Contract Code Sections 7107, 7201 and 20104.50 as they may from time to time be amended.

C. For purposes of this Agreement, the acceptance by the District means acceptance made only by an action of the governing body of the District in session. Acceptance by Contractor of the final Tenant Improvement Payment or the Sublease Payment, as the case may be, shall constitute a waiver of all claims against the District related to those amounts.

SECTION 15. CONTRACTOR'S CONTINUING RESPONSIBILITY

Neither the final payment nor any provision in the Contract Documents shall relieve Contractor of responsibility for faulty materials or workmanship incorporated in the Project or for any failure to comply with the requirements of the Contract Documents.

SECTION 16. INSURANCE

Contractor shall provide, during the life of this Agreement, the types and amounts of insurance set forth in Article 6 of the General Conditions, which are incorporated by reference herein.

SECTION 17. USE OF PREMISES

Contractor shall confine operations at the Site to areas permitted by law, ordinances, permits and the Construction Documents and shall not unreasonably encumber the Site or existing School Facilities at the Site with any materials or equipment. Contractor shall not load or permit any part of the work to be loaded with a weight so as to endanger the safety of persons or property at the Site.

SECTION 18. SITE REPRESENTATIONS

The District warrants and represents that the District has, and will continue to retain at all times during the course of construction, legal title to the Site and that said land is properly subdivided and zoned so as to permit the construction and use of said Site with respect to the Project. The District further warrants and represents that title to said land is free of any easements, conditions, limitation, special permits, variances, agreements or restrictions which would prevent, limit or otherwise restrict the construction or use of said Site pursuant to this Agreement. Reference is made to the fact that the District has provided information on the Site to Contractor. Such information shall not relieve Contractor of its responsibility; and the interpretation of such data regarding the Site, as disclosed by any borings or other preliminary

investigations, is not warranted or guaranteed, either expressly or implicitly, by the District. Contractor shall be responsible for having ascertained pertinent local conditions such as location, accessibility and general character of the Site and for having satisfied itself as to the conditions under which the work is to be performed. No claim for any allowances because of Contractor's error or negligence in acquainting itself with the conditions at the Site will be recognized.

SECTION 19. HAZARDOUS WASTE AND UNKNOWN PHYSICAL CONDITIONS

Contractor shall comply with the District's Hazardous Materials Procedures and Requirements as set forth herein.

A. If the District has identified the presence of hazardous materials on or in proximity to the Site (the "Pre-existing Hazardous Materials"), Contractor shall review all information provided by the District that characterizes the Pre-existing Hazardous Materials and shall take the actions approved by DTSC and issued by the District necessary to address the Pre-existing Hazardous Materials in the performance of the work. Contractor shall conduct the work based on this information issued at the time contract documents are executed. Contractor shall immediately communicate, in writing, any variances from available information to the District.

B. The District will retain an additional independent environmental consultant to perform the investigation, inspection, testing, assessment, sampling and analysis necessary to prepare and recommend a remediation plan for the Pre-existing Hazardous Materials for the District's approval (the "Remediation Plan").

C. The District will retain title to all Pre-existing Hazardous Materials encountered during the work. This does not include hazardous material generated by Contractor, including but not limited to used motor oils, lubricants, cleaners, etc. Contractor shall dispose of such hazardous waste in accordance with the provisions of the Contract Documents, as well as local, State and Federal laws and regulations. The District will be shown as the hazardous waste generator and will sign all hazardous waste shipment manifests for non-Contractor generated hazardous waste. Nothing contained within these Contract Documents shall be construed or interpreted as requiring Contractor to assume the status of owner or generator of hazardous waste substances for non-Contractor generated hazardous wastes.

D. Except as otherwise provided herein, it is the responsibility of Contractor to obtain governmental approvals relating to Hazardous Materials Management, including Federal and State surface water and groundwater discharge permits and permits for recycling and reuse of hazardous materials for all work noted in the contract documents. Contractor shall be responsible for coordinating compliance with such governmental approvals and applicable governmental rules with the District's hazardous materials consultant, including those governing the preparation of waste profiles, waste manifests, and bills of lading. If Contractor encounters hazardous

materials, it shall immediately notify the District in writing. The District, Consultant and Contractor shall jointly establish the plan for disposition and actions to be taken with respect to the hazardous materials, subject to final written approval by the District.

E. If, during construction, Contractor encounters materials, conditions, waste, contaminated groundwater or substances, not identified in the District's assessment report, that Contractor reasonably suspects are hazardous materials, Contractor shall stop the affected portion of the work, secure the area, promptly notify the District, and take reasonable measures to mitigate the impact of such work stoppage. The District shall retain the services of an environmental consultant to perform investigation, inspection, testing, assessment, sampling and analysis of the suspect materials, conditions, waste, groundwater or substances.

(1) Found Not to be Hazardous Materials. If the environmental consultant determines that the materials, conditions, waste, contaminated groundwater or substances do not constitute hazardous materials, Contractor shall recommence the suspended work.

(2) Found to be Hazardous Materials. If the environmental consultant determines that the materials, conditions, waste, contaminated groundwater or substances constitute hazardous materials and such hazardous materials require remediation and disposal, then the District, Consultant and Contractor shall jointly establish the plan for disposition and actions to be taken with respect to the hazardous materials, subject to final written approval by the District. All such costs shall be the responsibility of the District.

F. Exacerbation of Pre-Existing Hazardous Materials.

If during construction Contractor encounters pre-existing environmental conditions that it knew or should have known involve hazardous materials (the "Point of Discovery") (which encounters may include an unavoidable release or releases of hazardous materials) then Contractor must immediately stop the affected portion of the work. If Contractor fails to immediately stop the affected portion of the work after the Point of Discovery, then Contractor is solely responsible for any resultant Exacerbation Cost. "Exacerbate," in all its forms, means the worsening effects of Contractor's failure to stop the affected portion of work after the Point of Discovery. "Exacerbation Cost" means the differential between (i) the actual increase in the cost of remediation and delays to the Project attributable to pre-existing environmental conditions involving hazardous substances, and (ii) the cost thereof or delays thereto had Contractor immediately stopped the affected portion of the work after the Point of Discovery. The standard of "should have known" applies to Contractor's supervisory personnel, whether or not on the Site. Contractor's supervisory personnel must have had the hazardous material training required by applicable OSHA and Cal OSHA rules or regulations.

SECTION 20. INDEPENDENT CONTRACTOR

A. Contractor is retained as an independent contractor and is not employed by the District. No employee or agent of Contractor shall become, or be considered to be, an employee of the District for any purpose. It is agreed that the District is interested only in the results obtained from service under this Agreement and that Contractor shall perform as an independent contractor with sole control of the manner and means of performing the services required under this Agreement. Contractor shall complete this Agreement according to its own methods of work which shall be in the exclusive charge and control of Contractor and which shall not be subject to control or supervision by the District except as to results of the work. It is expressly understood and agreed that Contractor and its employees shall in no event be entitled to any benefits to which the District employees are entitled, including, but not limited to, overtime, retirement benefits, insurance, vacation, worker's compensation benefits, sick or injury leave or other benefits.

B. Contractor shall be responsible for all salaries, payments, and benefits for all of its officers, agents, and employees in performing services pursuant to this Agreement.

SECTION 21. ACCOUNTING RECORDS

Contractor, and all Subcontractors, shall check all materials, equipment and labor entering into the work and shall keep or cause to be kept such full and detailed accounts as may be necessary for proper financial management under this Agreement, including true and complete books, records and accounts of all financial transactions in the course of their activities and operations related to the Project. These documents include sales slips, invoices, payrolls, personnel records, requests for Subcontractor payment, and other data relating to all matters covered by the Contract Documents (the "Data"). The Data shall be maintained for ten (10) years from the latest expiration of the term (as such may be extended) of any of the Contract Documents. Contractor shall use its best efforts to cause its Subcontractors to keep or cause to be kept true and complete books, records and accounts of all financial transactions in the course of its activities and operations related to the Project. Upon completion of the Project, Contractor shall provide the District with one (1) complete copy of the Data.

The District, at its own costs, shall have the right to review and audit, upon reasonable notice, the books and records of Contractor and any Subcontractors concerning any monies associated with the Project.

SECTION 22. PERSONAL LIABILITY

Neither the trustees, officers, employees, or agents of District, the District's representative, or Architect shall be personally responsible for any liability arising under the Contract Documents.

SECTION 23. AGREEMENT MODIFICATIONS

No waiver, alteration or modification of any of the provisions of this Agreement shall be binding upon either the District or Contractor unless the same shall be in writing and signed by both the District and Contractor.

SECTION 24. NOTICES

Any notices or filings required to be given or made under this Agreement shall be served, given or made in writing upon the District or Contractor, as the case may be, by personal delivery or registered mail (with a copy sent via fax or regular mail) to the respective addresses given below or at such other address as such party may provide in accordance with the provisions herein. Any change in the addresses noted herein shall not be binding upon the other party unless preceded by no less than thirty (30) days prior written notice.

If to Contractor:
Viola, Incorporated
5811 Olivas Park Drive, Suite 204
Ventura, CA 93003
Attn: Michael T. Viola, President/CEO

If to the District:
Oxnard School District
1051 South A Street
Oxnard, CA 93030
Attn: Dr. Ana DeGenna, Interim Superintendent

With A copy to:
Emilio Flores, CEO
Caldwell Flores Winters, Inc.
5163 Harbor Bay Parkway
Alameda, CA 94502

Notices under this Agreement shall be deemed to have been given, and shall be effective upon actual receipt by the other parties, or, if mailed, upon the earlier of the fifth (5th) day after mailing or actual receipt by the other party.

SECTION 25. ASSIGNMENT

Neither party to this Agreement shall assign this Agreement or sublet it as a whole without the written consent of the other, nor shall Contractor assign any monies due or to become due to it hereunder without the prior written consent of the District.

SECTION 26. PROVISIONS REQUIRED BY LAW

Each and every provision of law and clause required to be inserted in these Contract Documents shall be deemed to be inserted herein and the Contract Documents shall be read and enforced as though it were included herein, and if through mistake or otherwise any such provision is not inserted or is not inserted correctly, then upon application of either party the Contract Documents shall forthwith be physically amended to make such insertion or correction.

SECTION 27. HEADINGS

The headings in this Agreement are inserted only as a matter of convenience and reference and are not meant to define, limit or describe the scope or intent of the Contract Documents or in any way to affect the terms and provisions set forth herein.

SECTION 28. APPLICABLE LAW

This Agreement shall be governed by and construed in accordance with the laws of the State of California. The parties irrevocably agree that any action, suit or proceeding by or among the District and Contractor shall be brought in whichever of the Superior Courts of the State of California, Ventura County, or the Federal Court for the Central District of California in Los Angeles, California, has subject matter jurisdiction over the dispute and waive any objection that they may now or hereafter have regarding the choice of forum whether on personal jurisdiction, venue, forum non conveniens or on any other ground.

SECTION 29. SUCCESSION OF RIGHTS AND OBLIGATIONS

All rights and obligations under this Agreement shall inure to and be binding upon the successors and assigns of the parties hereto.

SECTION 30. NOTIFICATION OF THIRD PARTY CLAIMS

The District shall provide Contractor with timely notification of the receipt by the District of any third-party claim relating to this Agreement, and the District may charge back to Contractor the cost of any such notification.

SECTION 31. SEVERABILITY

If any one or more of the terms, covenants or conditions of this Agreement shall to any extent be declared invalid, unenforceable, void or voidable for any reason whatsoever by a court

of competent jurisdiction, the finding or order or decree of which becomes final, none of the remaining terms, provisions, covenants and conditions of the Contract Documents shall be affected thereby, and each provision of the Contract Documents shall be valid and enforceable to the fullest extent permitted by law.

SECTION 32. ENTIRE AGREEMENT

This Construction Services Agreement and the additional Contract Documents as defined in paragraph C of Section 1 herein, including the Site Lease, the Sublease, and the Specifications, drawings, and plans constitute the entire agreement between Contractor and the District. The Contract Documents shall not be amended, altered, changed, modified or terminated without the written consent of both parties hereto, except as otherwise provided in Section 10 hereof.

SECTION 33. EXECUTION IN COUNTERPARTS

This Agreement may be executed in any number of counterparts, each of which shall be an original, but all of which together shall constitute one instrument.

IN WITNESS, WHEREOF the parties hereto, intending to be legally bound thereby, have executed this Agreement effective as of the date first above written.

EXHIBIT A

Scope of Work (Plans & Specifications)

To be Designed

EXHIBIT B

Oxnard School District – Fremont Middle

School Reconstruction Project

Preconstruction Services

The District desires to retain a professional construction firm (hereafter "CONTRACTOR") to provide certain professional pre-construction services related to the Project plans and specifications for the purpose of designing the project to budget and eliminating unforeseen circumstances, errors, omissions and ambiguities in the construction documents prepared by the Architect. The fee for this set of services will be **One Hundred Sixty-Seven Thousand Nine Hundred Seventy Dollars and No Cents ($167,970.00)** to be paid monthly on a design progress basis.

The CONTRACTOR will be expected to provide the following professional pre-construction services during the design phase of the Project:

1. **Professional Construction Cost-Estimation Services**

A. During each phase of design or at the completion of each phase of design, (1) Conceptual, (2) Schematic, (3) Design Development and (4) Construction Development, CONTRACTOR shall prepare a cost estimate, in current, uninflated dollars, for the design and specifications prepared by the Architect. CONTRACTOR acknowledges that it shall prepare four (4) complete cost estimates commensurate with the level of detail of each phase of design. The cost estimate shall include all Project costs, including, all hard costs (site preparation, utility connections, off- site improvements, hazard abatement, construction costs, overhead & profit and general conditions), soft costs (survey, geo-hazard, geo-technical, environmental studies, inspection and testing) and furniture, fixture and equipment.

B. Upon final approval by the Division of the State Architect (hereinafter, "DSA"), CONTRACTOR shall adjust its estimate to incorporate any and all changes required by DSA as part of the review and approval process.

C. CONTRACTOR shall provide the cost estimates at such time as directed by the Program Manager during or at the conclusion of each phase of design, in a format approved by the District's Program Manager and consistent with Construction Specifications Institute (CSI) standards. During the schematic phase, Contractor shall estimate in the CSI UniFormat. For all other phases of design, Contractor shall utilize CSI MasterFormat.

2. Professional Constructability Review

A. Definition: Constructability Review shall mean the review of the design documents to ascertain whether the design of the Project as depicted in the Construction Documents, and the documents themselves: (i) accurately and completely reflects the District's objectives as explained to the Architect and CONTRACTOR by the District as approved by the District; and (ii) are free of errors, omissions, conflicts or other deficiencies so that the CONTRACTOR can construct the Project as therein depicted within the Project Budget and without delays, disruptions, or additional costs. The standard to be used for constructability is a contractor's standard of care in reviewing the plans and not that of an architect.

B. CONTRACTOR shall conduct one comprehensive technical review of the Plans and Specifications at 50% Construction Development phase. The purpose of this review will be to examine whether the design intent can be successfully implemented in the field within the Project budget. A report of the CONTRACTOR's findings will be distributed to the Program Manager and the Architect. CONTRACTOR will participate in any meeting(s) with the Architect to determine if the comments will be included in the final bid set of documents. CONTRACTOR will work with Architect to ensure that all front end documents conform to technical specifications and meet District standards.

C. At all times during design and DSA Review and Approval, the Architect shall remain responsible for completing, stamping, submitting and securing final DSA approval for the Project. Furthermore, the District acknowledges that CONTRACTOR is neither the Architect nor performing an architectural review of the Project. CONTRACTOR's responsibilities and duties under this subsection shall not include the architectural or structural design of the Project which is the responsibility of the Architect. Notwithstanding this qualification, CONTRACTOR shall conduct a detailed evaluation of the District's educational specifications, Project intent, Architect's Plans & Specifications, the proposed Project construction budget, schedule requirements and deliver a Constructability Review identifying any comments, recommendations or concerns that CONTRACTOR has as to the constructability of the Architect's Plans & Specifications consistent with the District's intent and budget.

D. Deliverable: The CONTRACTOR shall deliver to the District a complete technical report of the Plans and Specifications with the opinion of the CONTRACTOR as to the constructability of the Architect's Plans and Specifications. The CONTRACTOR, in the report, shall identify any issues, concerns or requests for clarification that CONTRACTOR believes are necessary to complete the design within the District's proposed and approved Project budget. The report shall be made available to the Architect, the District and its Program Manager.

3. Value Engineering Services

A. Definition: CONTRACTOR shall be required to perform Value Engineering Services to identify opportunities to reduce Project cost at the conclusion of each phase of design and during DSA review. The Value Engineering Services shall be provided in the form of a report to the Program Manager and shall identify value engineering opportunities, alternative materials and alternative methods and the associated cost savings estimated by the CONTRACTOR.

B. Deliverable: The CONTRACTOR shall maintain and distribute a running log of value engineering recommendations throughout the design process. The log shall identify and describe the recommendation, the estimated cost savings for each recommendation and a notation of whether the recommendation is accepted or rejected by the Architect and the District. Value engineering recommendations that are accepted by the District shall be incorporated into the plans and specifications at each phase of design. The log shall note when the recommendation was incorporated into the Plans and Specifications.

4. Building Information Modeling (BIM) Services

A. Definition: BIM Modeling is defined as a 3-D model-based process involving the generation and management of digital representations of physical and functional characteristics of a proposed construction project for purposes of planning, designing, constructing, operating and maintaining the proposed new facility.

B. CONTRACTOR shall participate in and/or prepare a 3-D model of the Architect's design of the Project utilizing BIM software. The 3-D model shall be rendered in a format that can be made available to the Architect, the District, and/or any agent or representative thereof. The model shall contain sufficient detail to identify any and all ambiguities and clashes in the Architect's plans and specifications and produce a model from which a contractor or sub-contractors may bid for the project in question. The BIM Model must be in a format that can be shared or networked to support the decision-making process related to the design and specifications.

C. The 3-D BIM Model shall be completed prior to the Architect's submission of the plans and specification to the Division of the State Architect. Any and all ambiguities or clashes will be resolved in a final 3-D BIM Model prior to this submittal.

D. The District shall hold title and interest in the completed 3-D BIM Model. At the request of the District, CONTRACTOR shall make the completed 3-D BIM Model files available to the District in a format acceptable to the District.

E. Deliverable: A completed 3-D BIM Model in electronic format acceptable to the District.

5. Construction Scheduling Services

A. Definition: Construction Scheduling is defined as the process of developing a detailed master baseline construction schedule for the Project that identifies all the major tasks and subtasks associated with the planning, design, construction, commissioning, close-out and final occupancy of the completed Project. The schedule shall be prepared in Primavera or comparable software and shall identify all long lead items, critical path, coordination of site activities, and any phasing of the Project. The Construction Scheduling services shall culminate in a final baseline construction schedule approved by the District to be used as a baseline schedule for the Project.

B. CONTRACTOR shall develop a detailed construction schedule utilizing the critical path method. This schedule will provide a logical means of establishing and tracking the Project and for the organization of activities into areas established by Project criteria. CONTRACTOR shall consider any potential disruptions to the learning environment and incorporate major school activities, such as site-wide or statewide testing dates, or as otherwise provided by the District, in the construction schedule.

C. In addition to the Construction Schedule, CONTRACTOR shall develop a Responsibility Matrix and Construction Site Management Plan for the Project. The Responsibility Matrix shall identify the key team members (District/Architect/IOR) and the roles and responsibilities of each entity for the Project. The Construction Site Management Plan shall consist of, but is not limited to, staging areas, deliveries of materials and supplies, site fencing and location of construction site field office. The CONTRACTOR shall work with the Architect and Program Manager to develop these two deliverables in a format and content acceptable to the District.

D. Deliverable: A completed and approved baseline construction schedule, a Responsibility Matrix and Construction Site Management Plan.

6. Cooperation and Attendance at Design Meetings

A. CONTRACTOR shall attend regular meetings during Project design with the Architect, the District's Program Manager, the District, and any other applicable consultants of the District as necessary. CONTRACTOR shall contribute to the design meetings by providing applicable comments, feedback, recommendations, information and reports required under the scope of this Contract in a timely manner. Design meetings may be held as frequently as weekly.

B. CONTRACTOR shall submit to the District's Program Manager, weekly report of its activities and progress related to deliverables identified in the scope of this Contract. The report shall be provided in a format that is acceptable to the Program Manager.

7. Schedule for Pre-Construction Services.

A. The services outlined herein shall commence on the date specified in the District's Notice to Proceed ("NTP"). The schedule of the services to be provided herein shall be consistent with the Design Schedule identified in the District's contract with the Architect for the Project. The service of this Contract shall conclude and terminate upon receipt of the stamped approval of the Project Plans and Specifications from DSA.

B. In the event that the CONTRACTOR is unable to perform the services anticipated in this Contract in the Architect's design schedule, CONTRACTOR shall notify the Program Manager and the Design Team shall work on a mutually agreeable modification to the design schedule.

C. Any extensions required for deliverables shall be subject to the reasonable approval in writing by the District.

OSD BOARD AGENDA ITEM

Name of Contributor: Kristen Pifko **Date of Meeting:** December 17, 2025

Agenda Section: Section D: Action Items

Oxnard School District 2025-2026 First Interim Financial Report (Period Ending October 31, 2025) (Pifko/Núñez)

The Oxnard School District's 2025-26 First Interim Financial Report is being presented for approval. The report reflects the District's financial position based on revenue and expenditures recorded through October 31, 2025, and is prepared in accordance with State requirements.

The District remains financially stable; however, it is experiencing deficit spending, where ongoing expenditures exceed ongoing revenue. To close the gap, the District is relying on reserves and remaining one-time funds. This same pattern is projected for the next two fiscal years as enrollment declines and one-time resources decrease.

Finding this structural deficit early gives the District time to plan ahead. Budget improvements are needed and are anticipated in this budget report. Staff will keep reviewing spending, looking for ways to be more efficient, and bringing forward recommendations that help keep the District stable in the long term. In addition, the District is in the process of forming a budget committee that will begin meeting in January of 2026. This committee will support the review of budget improvements and help guide long term financial planning.

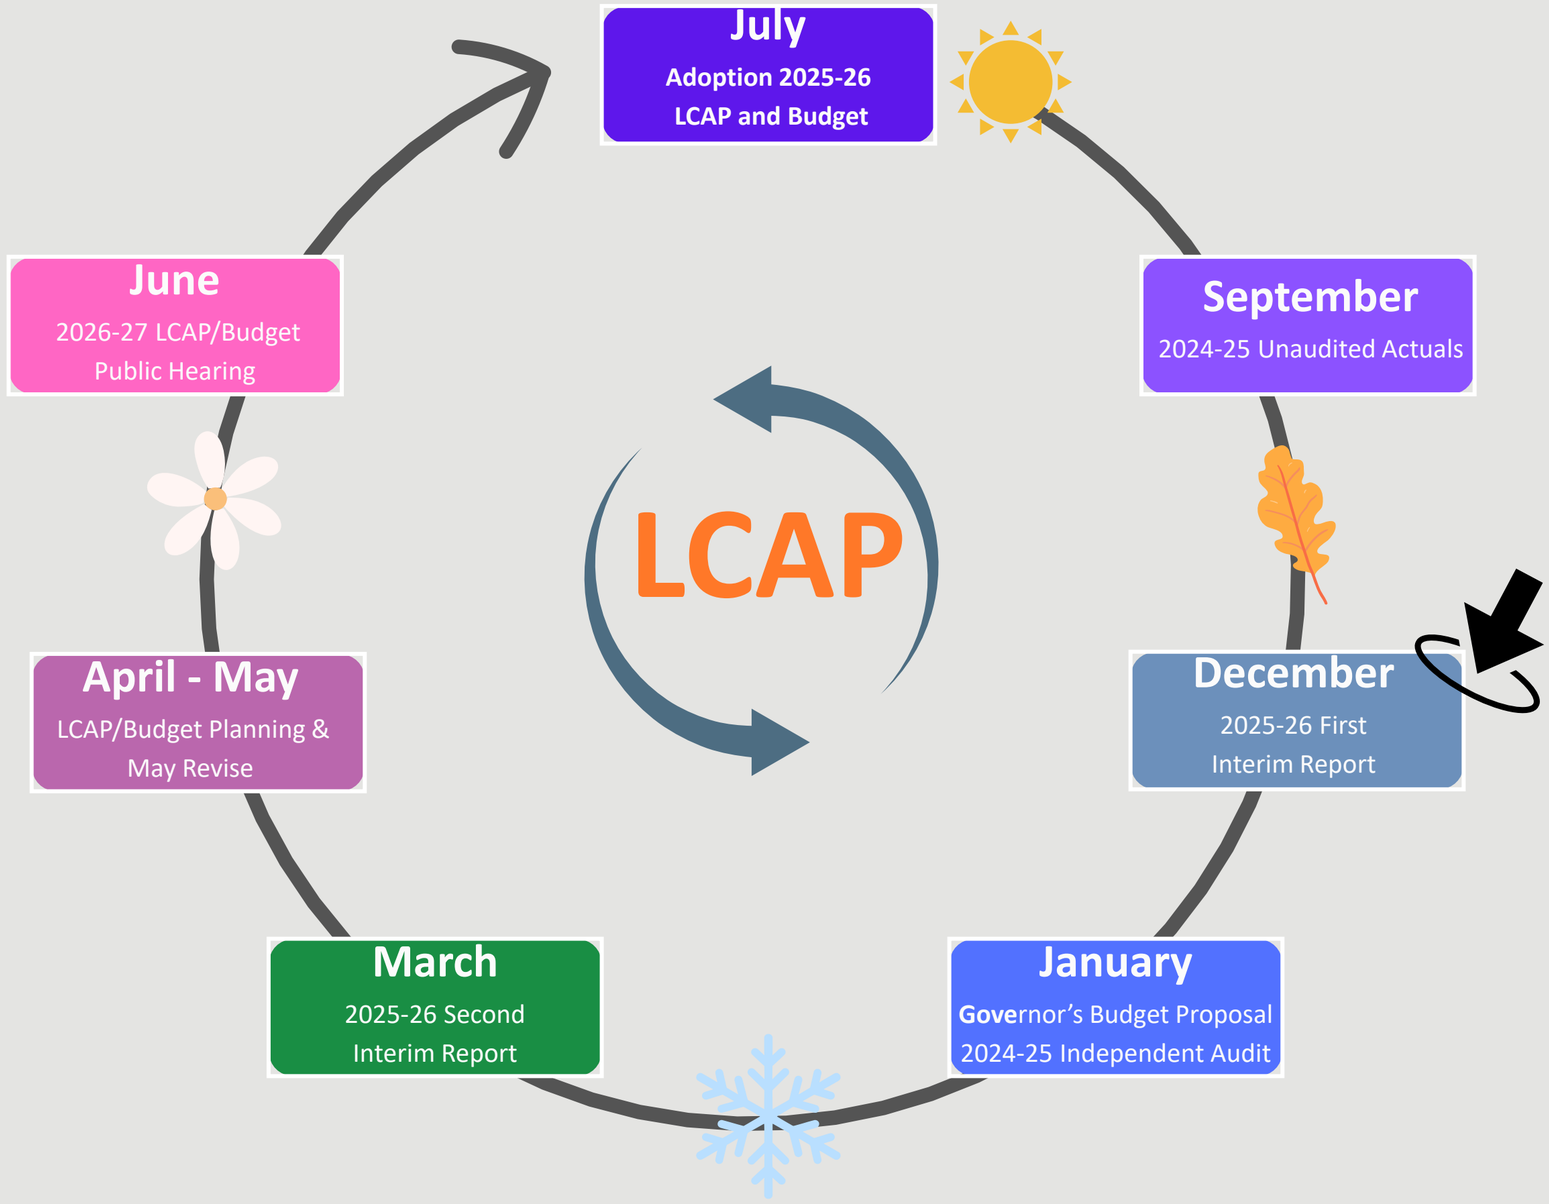
The District is projected to maintain a 10% reserve for economic uncertainties in both 2025–26 and 2026–27, which is well above the State-required minimum of 3%. In 2027–28, the reserve is projected to decrease to 7.5%, which remains above the State minimum but reflects the ongoing impact of deficit spending and declining enrollment.

FISCAL IMPACT:
N/A

RECOMMENDATION:
It is the recommendation of the Assistant Superintendent of Business and Fiscal Services and the Director of Fiscal Services that the Board of Trustees approve the Oxnard School District 2025-2026 First Interim Report (Period Ending October 31, 2025).

ADDITIONAL MATERIALS:

Attached: 2025-2026 First Interim Report Presentation (10 pages)
2025-2026 First Interim Financial Report (130 pages)



First Interim Budget 2025-26 Fiscal Year

Kristen Pifko, Assistant Superintendent of Business and Fiscal Services

Patty Núñez, Director of Fiscal Services

December 17, 2025

Budget Cycle:

Purpose of Interim Budget Reports:

- Required by Ed Code (Section 42130).
- Provide an expenditure plan for the governing board's consideration and approval.
- Provide certification of Financial Status to VCOE.
- Provide evidence of LCAP and Strategic alignment to Budget.

Summary of Changes- Revenues

Object	Adopted Budget	First Interim	Difference	Explanation
8010-8099 **LCFF Sources**	193,481,588	194,864,607	1,383,019	TK rate increased from **2,813** to **3,044** per ADA.
8100-8299 **Federal Revenue**	12,157,687	17,567,655	5,409,968	Recognition of prior year carryover amounts and one time EPA Clean HDV Grant of (+4,552,500)
8300-8599 **Other State Revenue**	39,227,548	47,157,475	7,929,927	Updated allocations, including SSPDDBG (+3,792,154), LCSSP (+1,947,258), Literacy Coaches and Reading Grant (+1,151,851), and Arts and Music (+345,321)
8600-8799 **Other Local Revenue**	23,502,381	23,936,779	434,398	Interagency Special Education revenue (+400,000), donations (+31,482), and outside salary reimbursements (+42,054), offset by reduced lease revenue.
			15,157,312	**Total Increase/(Decrease) in Revenue**

Summary of Changes
Expenditures

Object	Adopted Budget	First Interim	Difference	Explanation
1000-1999 Certificated Salaries	113,070,399	115,564,097	2,493,698	The increase in certificated and classified salaries, along with corresponding benefits, is due to budgeted expenditures recognizing prior year carryover amounts and projected rise in expenditures from the carryover of ELOP, Prop 28 Arts and Music funds.
2000-2999 Classified Salaries	50,807,845	51,900,751	1,092,906	
3000-3999 Employee Benefits	68,259,497	69,742,625	1,483,128	
4000-4999 Materials & Supplies	14,367,976	15,032,154	664,178	Increases in Supplies, Services & Operating Expenses, and Capital Outlay are due to the recognition of prior year's carryover amounts and projected rise in expenditures from the carryover of ELOP and the one time EPA Clean HDV Grant
5000-5999 Services & Other Operating	57,342,576	69,042,522	11,699,946

Next Steps

1. January 2026
   Governor's Proposed Budget for the 2026-27 Fiscal Year

2. March 2026
   Second Interim Financial Report

3. January – May 2026
   LCAP and Budget Development for 2026-27 Fiscal Year.
   Governor's May Revise

4. June 2026
   LCAP and Budget hearings and adoption for 2026-27 Fiscal Year

Summary:

- Projecting deficit spending on all three years.
  - Expected as district is spending down categorical balances
  - Future deficits will need to be addressed through planned expenditure reductions.

- Our budget exceeds the state-mandated 3% reserve level, with a reserve at 10% for current year and 2026-27 fiscal year and then at 7.5% in the 2027-28 fiscal year.

- Based on the revisions to the budget, the district is certifying a **Positive Certification**, which affirms the district's ability to meet its financial obligations for the current and two subsequent years.

- Staff recommends that the Board of Trustees approve the 1st Interim Report as presented.

Thank you

2025-26
First Interim
(period ending October 31, 2025)

Board Meeting of
December 17, 2025

Prepared by:
Kristen Pifko, Assistant Superintendent of
Business and Fiscal Services &
Patricia Núñez, Director of Fiscal Services

Vision:

Changing the World!
Inspired, Accomplished, Multilingual Global Citizens - In School and Beyond
In Oxnard School District, we nurture self-confident and empowered multilingual global citizens, strong in their multiple identities and potential, who achieve inspired levels of individual, community, and social accomplishment in school and beyond in their endeavors.

Mission:

IGNITE • TRANSFORM • NURTURE • EMBRACE

- IGNITE students' passions for learning and empower them to achieve brilliance.
- TRANSFORM our classroom and school expectations, relationships, and practices to more fully align with our values.
- NURTURE caring communities that develop students' full identities, linguistic/cultural/academic excellence, social-emotional health, and life potential.
- EMBRACE high-leverage services and approaches that translate our values into action.

December 17, 2025

Dear Members of the Board of Trustees,

Attached for your review and approval is the Oxnard School District 2025–26 First Interim Budget, submitted on time as required by State law.

This report updates the Adopted Budget with actual financial activity through October 31, 2025, and provides revised revenue and expenditure projections for the current year along with updated estimates for the next two years.

The First Interim incorporates updated Local Control Funding Formula information, current enrollment and attendance trends, State and federal program allocations, beginning fund balances, and adjustments across unrestricted and restricted resources. All information is presented in line with State requirements.

Enrollment continues to decline, from 13,003 students in 2024–25 to 12,487 in 2025–26, a loss of 516 students. Funded average daily attendance also declines, from 13,189.02 to 12,597.20, a loss of 591.82 ADA. These trends remain the most significant influence on long-term revenue.

State law requires the Board to certify the District's ability to meet its financial obligations for the current and two following years. The options are:

- **Positive Certification: Affirming the District ability to meet financial obligations for the current** and two subsequent years,

- **Qualified Certification:** Indicating potential challenges in meeting financial obligations for the current and two subsequent years,

- **Negative Certification:** Indicating the District's inability to meet financial obligations for the current and two subsequent years

Based on the information in this report, the District is submitting a Positive Certification for 2025–26 and the two subsequent years.

Major Changes Since Adoption

Significant changes have occurred since the Adopted Budget. These changes are summarized below and expanded in the revenue and expenditure sections that follow.

- Enrollment and average daily attendance continue to decline.
- State increased the Transitional Kindergarten add on rate.
- State program allocations increased for several programs including the Student Support and Professional Development Discretionary Block Grant (SSPDDBG) , the Learning Communities

for School Success Program (LCSSP), Literacy Coaches and Reading Grant and Arts and Music (Prop28)

- Federal revenue increased due to prior year Title program carryover and a one-time Environmental Protection Agency Clean Heavy Duty Vehicle Grant.
- Expenditures increased due to staffing adjustments, benefit rate changes, service contracts and planned capital projects.
-

CHANGES SINCE ADOPTED BUDGET

Revenues				
Object	Adopted Budget	First Interim	Difference	Explanation
8010-8099 LCFF Sources	193,481,588	194,864,607	1,383,019	Increase primarily due to updated TK add-on. TK rate increased from **2,813** to **3,044** per ADA.
8100-8299 Federal Revenue	12,157,687	17,567,655	5,409,968	Increase due to recognition of prior year carryover amounts (Title I, II, III and IV) and one time EPA Clean HDV Grant of (**+4,552,500**)
8300-8599 Other State Revenue	39,227,548	47,157,475	7,929,927	Increase due to new and updated allocations, including SSPDDBG (**+3,792,154**), LCSSP (**+1,947,258**), Literacy Coaches and Reading Grant (**+1,151,851**), and Arts and Music **(+345,321)** Offset by adjustments to Lottery and Special Education programs.
8600-8799 Other Local Revenue	23,502,381	23,936,779	434,398	Increase primarily driven by Interagency Special Education revenue **(+400,000**), donations (**+31,482)**, and outside salary reimbursements **(+42,054)**, offset by reduced lease revenue.
			15,157,312	**Total Increase/(Decrease) in Revenue**

Expenditures				
Object	Adopted Budget	First Interim	Difference	Explanation
1000-1999 Certificated Salaries	113,070,399	115,564,097	2,493,698	The increase in certificated and classified salaries, along with corresponding benefits, is due to budgeted expenditures recognizing prior year carryover amounts and projected rise in expenditures from the carryover of ELOP, Prop 28 Arts and Music.
2000-2999 Classified Salaries	50,807,845	51,900,751	1,092,906	
3000-3999 Employee Benefits	68,259,497	69,742,625	1,483,128	
4000-4999 Materials & Supplies	14,367,976	15,032,154	664,178	Increases in Supplies, Services & Operating Expenses, and Capital Outlay are due to the recognition of prior year's carryover amounts and projected rise in expenditures from the carryover of ELOP and the one time EPA Clean HDV Gran

			24,493,896	**Total Increase/(Decrease) in Expenses**

PLANNING FACTORS USED FOR FIRST INTERIM

The Ventura County Office of Education (VCOE), School Services of California (SSC), and other external agencies provide guidance on the criteria and assumptions school districts should follow when preparing their interim reports.

Planning Factors				
Factor		2025-26	2026-27	2027-28
Statutory COLA		2.30%	3.02%	3.42%
California Lottery	Unrestricted per ADA	$190	$190	$190
	Restricted per ADA	$82	$82	$82
Mandated Block Grant	Per ADA	$39.09	$40.27	$41.65
CalSTRS Employer Rate		19.10%	19.10%	19.10%
CalPERS Employer Rate		26.81%	26.90%	27.80%

Local Planning Factors

In addition to the planning factors provided VCOE and SSC guidance, the district must consider local factors that impact the budget and future projections. The following local assumptions were used to prepare Oxnard Multi-Year Projections.

Local Assumptions			
Planning Factor	2025-26	2026-27	2027-28
Estimated Enrollment	12,487	11,945	11,486
Estimated ADA (average daily attendance)	11,725.18	11,306.43	10,958.22
Estimated Funded ADA (average daily attendance)	12,597.20	12,170.14	11,747.06
Step & Column Costs	1.30%	1.30%	1.30%
Salary Negotiations (OEA)	Not yet settled	Not yet settled	Not yet settled
Salary Negotiations (CSEA)	Not yet settled	Not yet settled	Not yet settled
Salary Negotiations (OSSA)	Not yet settled	Not yet settled	Not yet settled

MULTI-YEAR FINANCIAL PROJECTIONS

The 2025-26 Multi-Year Projection (MYP) for the Second Interim Report reflects that the district will be able to maintain 10% in Reserve for Economic Uncertainties through 2026-27 and 7.5% in 2027-28

Components	**2025-26 First Interim**	**2026-27 Projections**	**2027-28 Projections**
Revenues	283,526,516	269,991,097	270,322,504
Expenditures	331,559,004	285,850,392	280,560,706
Net Increase/(Decrease) in Fund Balance	(48,032,488)	(15,859,295)	(10,238,202)
Beginning Fund Balance	114,736,423	66,703,935	50,844,640
Ending Fund Balance	66,703,935	50,844,640	40,606,438
Components of Ending Fund Balance			
Reserve for Economic Uncertainty %	**10%**	**10%**	**7.5%**
Reserve for Economic Uncertainty	33,155,900	28,585,039	21,042,053
Non-Spendable (Stores & Cash in Banks)	120,000	120,000	120,000
Assigned: Financial Stability Reserve	8,047,870	3,275,077	978,911
Legally Restricted	25,380,165	18,864,524	18,465,474
Unassigned/Unappropriated	0	0	0

The First Interim multi-year projection shows that while the District remains financially stable at this point in the year, we are already experiencing significant deficit spending in the current year. This means that ongoing expenditures exceed ongoing revenue, and the District is relying on reserves and remaining one-time funds to close the gap. This pattern continues into the next two years and will require careful and thoughtful planning.

Although these trends are concerning, they are not unexpected, and they mirror the financial situation faced by many districts across the State. Enrollment decline, rising salary and benefit costs and the expiration of one-time resources are common challenges. The current year deficit provides an important early signal and gives the District time to make responsible adjustments.

To keep the District financially healthy over the long term, we will need to bring our spending in line with the revenue we receive each year. This includes reviewing staffing, looking closely at program needs, monitoring both restricted and unrestricted resources and being disciplined in our spending. Making steady and careful adjustments now will help protect our reserves, reduce the need for larger cuts later and support strong programs for students.

Conclusion

Based on this First Interim Report, it is recommended that the Board of Trustees approve a **positive** certification, confirming that Oxnard School District will be able to meet its financial obligations for the current year and the next two years.

NOTICE OF CRITERIA AND STANDARDS REVIEW. This interim report was based upon and reviewed using the state-adopted Criteria and Standards. (Pursuant to Education Code (EC) sections 33129 and 42130)

Signed: _____ Date: _____
District Superintendent or Designee

Printed Name: _____ Title: _____

NOTICE OF INTERIM REVIEW. All action shall be taken on this report during a regular or authorized special meeting of the governing board.

To the County Superintendent of Schools:

This interim report and certification of financial condition are hereby filed by the governing board of the school district. (Pursuant to EC Section 42131)

Meeting Date: December 17, 2025 Signed: _____
President of the Governing Board

CERTIFICATION OF FINANCIAL CONDITION

X POSITIVE CERTIFICATION

As President of the Governing Board of this school district, I certify that based upon current projections this district will meet its financial obligations for the current fiscal year and subsequent two fiscal years.

_____ QUALIFIED CERTIFICATION

As President of the Governing Board of this school district, I certify that based upon current projections this district may not meet its financial obligations for the current fiscal year or two subsequent fiscal years.

_____ NEGATIVE CERTIFICATION

As President of the Governing Board of this school district, I certify that based upon current projections this district will be unable to meet its financial obligations for the remainder of the current fiscal year or for the subsequent fiscal year.

Contact person for additional information on the interim report:

Name: Patricia Núñez Telephone: 805-385-1501 x2455

Title: Director of Fiscal Services E-mail: pnunez@oxnardsdorg

Criteria and Standards Review Summary

The following summary is automatically completed based on data provided in the Criteria and Standards Review form (Form 01CSI). Criteria and standards that are "Not Met," and supplemental information and additional fiscal indicators that are "Yes," may indicate areas of potential concern, which could affect the interim report certification, and should be carefully reviewed.

CRITERIA AND STANDARDS			Met	Not Met
1	Average Daily Attendance	Projected funded ADA for any of the current or two subsequent fiscal years has not changed by more than two percent since budget adoption.	X	
2	Enrollment	Projected enrollment for any of the current or two subsequent fiscal years has not changed by more than two percent since budget adoption.		X
3	ADA to Enrollment	Projected second period (P-2) ADA to enrollment ratio for the current and two subsequent fiscal years is consistent with historical ratios.		X
4	Local Control Funding Formula (LCFF) Revenue	Projected LCFF revenue for any of the current or two subsequent fiscal years has not changed by more than two percent since budget adoption.	X	
5	Salaries and Benefits	Projected ratio of total unrestricted salaries and benefits to total unrestricted general fund expenditures has not changed by more than the standard for the current and two subsequent fiscal years.	X	
6a	Other Revenues	Projected operating revenues (federal, other state, other local) for the current and two subsequent fiscal years have not changed by more than five percent since budget adoption.		X
6b	Other Expenditures	Projected operating expenditures (books and supplies, services and other expenditures) for the current and two subsequent fiscal years have not changed by more than five percent since budget adoption.		X
7	Ongoing and Major Maintenance Account	If applicable, changes occurring since budget adoption meet the required contribution to the ongoing and major maintenance account (i.e., restricted maintenance account).	X	
8	Deficit Spending	Unrestricted deficit spending, if any, has not exceeded the standard in any of the current or two subsequent fiscal years.		X
9a	Fund Balance	Projected general fund balance will be positive at the end of the current and two subsequent fiscal years.	X	
9b	Cash Balance	Projected general fund cash balance will be positive at the end of the current fiscal year.	X	
10	Reserves	Available reserves (e.g., reserve for economic uncertainties, unassigned/unappropriated amounts) meet minimum requirements for the current and two subsequent fiscal years.	X	

SUPPLEMENTAL INFORMATION			No	Yes
S1	Contingent Liabilities	Have any known or contingent liabilities (e.g., financial or program audits, litigation, state compliance reviews) occurred since budget adoption that may impact the budget?	X	
S2	Using One-time Revenues to Fund Ongoing Expenditures	Are there ongoing general fund expenditures funded with one-time revenues that have changed since budget adoption by more than five percent?	X	
S3	Temporary Interfund Borrowings	Are there projected temporary borrowings between funds?	X	
S4	Contingent Revenues	Are any projected revenues for any of the current or two subsequent fiscal years contingent on reauthorization by the local government, special legislation, or other definitive act (e.g., parcel taxes, forest reserves)?	X	
S5	Contributions	Have contributions from unrestricted to restricted resources, or transfers to or from the general fund to cover operating deficits, changed since budget adoption by more than $20,000 and more than 5% for any of the current or two subsequent fiscal years?		X
S6	Long-term Commitments	Does the district have long-term (multiyear) commitments or debt agreements?		X
		• If yes, have annual payments for the current or two subsequent fiscal years increased over prior year's (2024-25) annual payment?		X
		• If yes, will funding sources used to pay long-term commitments decrease or expire prior to the end of the commitment period, or are they one-time sources?	X	
S7a	Postemployment Benefits Other than Pensions	Does the district provide postemployment benefits other than pensions (OPEB)?	X	
		• If yes, have there been changes since budget adoption in OPEB liabilities?	n/a	
S7b	Other Self-insurance Benefits	Does the district operate any self-insurance programs (e.g., workers' compensation)?	X	
		• If yes, have there been changes since budget adoption in self-insurance liabilities?	n/a	
S8	Status of Labor Agreements	As of first interim projections, are salary and benefit negotiations still unsettled for:		
		• Certificated? (Section S8A, Line 1b)		X
		• Classified? (Section S8B, Line 1b)		X
		• Management/supervisor/confidential? (Section S8C, Line 1b)		X
S8	Labor Agreement Budget Revisions	For negotiations settled since budget adoption, per Government Code Section 3547.5(c), are budget revisions still needed to meet the costs of the collective bargaining agreement(s) for:		
		• Certificated? (Section S8A, Line 3)	n/a	
		• Classified? (Section S8B, Line 3)	n/a	
S9	Status of Other Funds	Are any funds other than the general fund projected to have a negative fund balance at the end of the current fiscal year?	X	

ADDITIONAL FISCAL INDICATORS			No	Yes
A1	Negative Cash Flow	Do cash flow projections show that the district will end the current fiscal year with a negative cash balance in the general fund?	X	
A2	Independent Position Control	Is personnel position control independent from the payroll system?	X	
A3	Declining Enrollment	Is enrollment decreasing in both the prior and current fiscal years?		X
A4	New Charter Schools Impacting District Enrollment	Are any new charter schools operating in district boundaries that are impacting the district's enrollment, either in the prior or current fiscal year?	X	
A5	Salary Increases Exceed COLA	Has the district entered into a bargaining agreement where any of the current or subsequent fiscal years of the agreement would result in salary increases that are expected to exceed the projected state funded cost-of-living adjustment?	X	
A6	Uncapped Health Benefits	Does the district provide uncapped (100% employer paid) health benefits for current or retired employees?		X
A7	Independent Financial System	Is the district's financial system independent from the county office system?	X	
A8	Fiscal Distress Reports	Does the district have any reports that indicate fiscal distress? If yes, provide copies to the COE, pursuant to EC 42127.6(a).	X	
A9	Change of CBO or Superintendent	Have there been personnel changes in the superintendent or chief business official (CBO) positions within the last 12 months?		X

4. Total Available Reserves - by Percent (Line E3 divided by Line F3c)		10.00%		10.00%		7.50%
F. RECOMMENDED RESERVES						
1. Special Education Pass-through Exclusions						
For districts that serve as the administrative unit (AU) of a special education local plan area (SELPA):						
a. Do you choose to exclude from the reserve calculation the pass-through funds distributed to SELPA members?	YES					
b. If you are the SELPA AU and are excluding special education pass-through funds:						
1. Enter the name(s) of the SELPA(s):						
2. Special education pass-through funds (Column A: Fund 10, resources 3300-3499, 6500-6540 and 6546 objects 7211-7213 and 7221-7223; enter projections for subsequent years 1 and 2 in Columns C and E)		0.00				
2. District ADA						
Used to determine the reserve standard percentage level on line F3d (Col. A: Form AI, Estimated P-2 ADA column, Lines A4 and C4; enter projections)		11,725.18		11,306.42		10,958.21
3. Calculating the Reserves						
a. Expenditures and Other Financing Uses (Line B11)		331,559,004.00		285,850,392.27		280,560,706.42
b. Plus: Special Education Pass-through Funds (Line F1b2, if Line F1a is No)		0.00		0.00		0.00
c. Total Expenditures and Other Financing Uses (Line F3a plus line F3b)		331,559,004.00		285,850,392.27		280,560,706.42
d. Reserve Standard Percentage Level (Refer to Form 01CSI, Criterion 10 for calculation details)		3%		3%		3%
e. Reserve Standard - By Percent (Line F3c times F3d)		9,946,770.12		8,575,511.77		8,416,821.19
f. Reserve Standard - By Amount (Refer to Form 01CSI, Criterion 10 for calculation details)		0.00		0.00		0.00
g. Reserve Standard (Greater of Line F3e or F3f)		9,946,770.12		8,575,511.77		8,416,821.19
h. Available Reserves (Line E3) Meet Reserve Standard (Line F3g)		YES		YES		YES

Provide methodology and assumptions used to estimate ADA, enrollment, revenues, expenditures, reserves and fund balance, and multiyear commitments (including cost-of-living adjustments).

Deviations from the standards must be explained and may affect the interim certification.

CRITERIA AND STANDARDS

1. CRITERION: Average Daily Attendance

STANDARD: Projected funded average daily attendance (ADA) for any of the current fiscal year or two subsequent fiscal years has not changed by more than two percent since budget adoption.

District's ADA Standard Percentage Range: **-2.0% to +2.0%**

1A. Calculating the District's ADA Variances

DATA ENTRY: Budget Adoption data that exist for the current year will be extracted; otherwise, enter data into the first column for all fiscal years. First Interim Projected Year Totals data that exist for the current year will be extracted; otherwise, enter data for all fiscal years. Enter district regular ADA and charter school ADA corresponding to financial data reported in the General Fund, only, for all fiscal years.

Estimated Funded ADA

Fiscal Year	Budget Adoption Budget (Form 01CS, Item 1A)	First Interim Projected Year Totals (Form AI, Lines A4 and C4)	Percent Change	Status
Current Year (2025-26)				
District Regular	12,564.78	12,564.80		
Charter School	0.00	0.00		
Total ADA	**12,564.78**	**12,564.80**	**0.0%**	**Met**
1st Subsequent Year (2026-27)				
District Regular	12,173.33	12,137.74		
Charter School				
Total ADA	**12,173.33**	**12,137.74**	**(.3%)**	**Met**
2nd Subsequent Year (2027-28)				
District Regular	11,828.67	11,714.66		
Charter School				
Total ADA	**11,828.67**	**11,714.66**	**(1.0%)**	**Met**

1B. Comparison of District ADA to the Standard

DATA ENTRY: Enter an explanation if the standard is not met.

1a. STANDARD MET - Funded ADA has not changed since budget adoption by more than two percent in any of the current year or two subsequent fiscal years.

Explanation:
(required if NOT met)

2. CRITERION: Enrollment

STANDARD: Projected enrollment for any of the current fiscal year or two subsequent fiscal years has not changed by more than two percent since budget adoption

District's Enrollment Standard Percentage Range: **-2.0% to +2.0%**

2A. Calculating the District's Enrollment Variances

DATA ENTRY: Budget Adoption data that exist will be extracted; otherwise, enter data into the first column for all fiscal years. Enter data in the second column for all fiscal years. Enter district regular enrollment and charter school enrollment corresponding to financial data reported in the General Fund, only, for all fiscal years.

Fiscal Year	Enrollment Budget Adoption (Form 01CS, Item 3B)	Enrollment First Interim CALPADS/Projected	Percent Change	Status
Current Year (2025-26)				
District Regular	12,600.00	12,487.00		
Charter School				
Total Enrollment	**12,600.00**	**12,487.00**	**(.9%)**	**Met**
1st Subsequent Year (2026-27)				
District Regular	12,194.00	11,945.00		
Charter School				
Total Enrollment	**12,194.00**	**11,945.00**	**(2.0%)**	**Not Met**
2nd Subsequent Year (2027-28)				
District Regular	11,826.00	11,486.00		
Charter School				
Total Enrollment	**11,826.00**	**11,486.00**	**(2.9%)**	**Not Met**

2B. Comparison of District Enrollment to the Standard

DATA ENTRY: Enter an explanation if the standard is not met.

1a. STANDARD NOT MET - Enrollment projections have changed since budget adoption by more than two percent in any of the current year or two subsequent fiscal years. Provide reasons why the change(s) exceed the standard, a description of the methods and assumptions used in projecting enrollment, and what changes will be made to improve the accuracy of projections in this area.

Explanation:
(required if NOT met)

Enrollment declined more than expected in the current year and continues to trend downward, so we adjusted future projections to reflect a more conservative projection.

3. CRITERION: ADA to Enrollment

STANDARD: Projected second period (P-2) average daily attendance (ADA) to enrollment ratio for any of the current fiscal year or two subsequent fiscal years has not increased from the historical average ratio from the three prior fiscal years by more than one half of one percent (0.5%).

3A. Calculating the District's ADA to Enrollment Standard

DATA ENTRY: Unaudited Actuals data that exist will be extracted into the P-2 ADA column for the First Prior Year; otherwise, enter First Prior Year data. P-2 ADA for the second and third prior years are preloaded. Budget Adoption data that exist will be extracted into the Enrollment column; otherwise, enter Enrollment data for all fiscal years. Data should reflect district regular and charter school ADA/enrollment corresponding to financial data reported in the General Fund, only, for all fiscal years.

Fiscal Year	P-2 ADA Unaudited Actuals (Form A, Lines A4 and C4)	Enrollment CALPADS Actual (Form 01CS, Item 2A)	Historical Ratio of ADA to Enrollment
Third Prior Year (2022-23)			
District Regular	13,006	13,883	
Charter School			
Total ADA/Enrollment	**13,006**	**13,883**	**93.7%**
Second Prior Year (2023-24)			
District Regular	12,576	13,399	
Charter School			
Total ADA/Enrollment	**12,576**	**13,399**	**93.9%**
First Prior Year (2024-25)			
District Regular	12,112	13,003	
Charter School	0		
Total ADA/Enrollment	**12,112**	**13,003**	**93.1%**
		Historical Average Ratio:	93.6%
		District's ADA to Enrollment Standard (historical average ratio plus 0.5%):	**94.1%**

3B. Calculating the District's Projected Ratio of ADA to Enrollment

DATA ENTRY: Estimated P-2 ADA will be extracted into the first column for the Current Year; enter data in the first column for the subsequent fiscal years. Data should reflect district regular and charter school ADA/enrollment corresponding to financial data reported in the General Fund, only, for all fiscal years. All other data are extracted.

Fiscal Year	Estimated P-2 ADA (Form AI, Lines A4 and C4)	Enrollment CALPADS/Projected (Criterion 2, Item 2A)	Ratio of ADA to Enrollment	Status
Current Year (2025-26)				
District Regular	11,725	12,487		
Charter School	0			
Total ADA/Enrollment	**11,725**	**12,487**	**93.9%**	**Met**
1st Subsequent Year (2026-27)				
District Regular	11,306	11,945		
Charter School				
Total ADA/Enrollment	**11,306**	**11,945**	**94.7%**	**Not Met**
2nd Subsequent Year (2027-28)				
District Regular	10,958	11,486		
Charter School				
Total ADA/Enrollment	**10,958**	**11,486**	**95.4%**	**Not Met**

3C. Comparison of District ADA to Enrollment Ratio to the Standard

DATA ENTRY: Enter an explanation if the standard is not met.

1a. STANDARD NOT MET - Projected P-2 ADA to enrollment ratio exceeds the standard in any of the current year or two subsequent fiscal years. Provide reasons why the projected ratio exceeds the district's historical average ratio by more than 0.5%.

Explanation:
(required if NOT met)

The district expects better attendance because of new efforts to improve attendance and give students more chances to make up missed days through attendance recovery programs, and these initiatives should help bring attendance rates closer to the levels we saw before the pandemic

4. CRITERION: LCFF Revenue

STANDARD: Projected LCFF revenue for any of the current fiscal year or two subsequent fiscal years has not changed by more than two percent since budget adoption.

District's LCFF Revenue Standard Percentage Range: **-2.0% to +2.0%**

4A. Calculating the District's Projected Change in LCFF Revenue

DATA ENTRY: Budget Adoption data that exist will be extracted; otherwise, enter data into the first column. In the First Interim column, Current Year data are extracted; enter data for the two subsequent years.

Fiscal Year	LCFF Revenue (Fund 01, Objects 8011, 8012, 8020-8089) Budget Adoption (Form 01CS, Item 4B)	LCFF Revenue (Fund 01, Objects 8011, 8012, 8020-8089) First Interim Projected Year Totals	Percent Change	Status
Current Year (2025-26)	197,481,588.00	198,864,607.00	.7%	Met
1st Subsequent Year (2026-27)	197,168,288.00	197,726,148.00	.3%	Met
2nd Subsequent Year (2027-28)	198,253,919.00	197,525,059.00	(.4%)	Met

4B. Comparison of District LCFF Revenue to the Standard

DATA ENTRY: Enter an explanation if the standard is not met.

1a. STANDARD MET - LCFF revenue has not changed since budget adoption by more than two percent for the current year and two subsequent fiscal years.

Explanation:
(required if NOT met)

5. CRITERION: Salaries and Benefits

STANDARD: Projected ratio of total unrestricted salaries and benefits to total unrestricted general fund expenditures for any of the current fiscal year or two subsequent fiscal years has not changed from the historical average ratio from the three prior fiscal years by more than the greater of three percent or the district's required reserves percentage.

5A. Calculating the District's Historical Average Ratio of Unrestricted Salaries and Benefits to Total Unrestricted General Fund Expenditures

DATA ENTRY: Unaudited Actuals data that exist for the First Prior Year will be extracted; otherwise, enter data for the First Prior Year. Unaudited Actuals data for the second and third prior years are preloaded.

Fiscal Year	Unaudited Actuals - Unrestricted (Resources 0000-1999) Salaries and Benefits (Form 01, Objects 1000-3999)	Total Expenditures (Form 01, Objects 1000-7499)	Ratio of Unrestricted Salaries and Benefits to Total Unrestricted Expenditures
Third Prior Year (2022-23)	163,092,654.62	179,395,374.17	90.9%
Second Prior Year (2023-24)	163,693,704.14	192,467,682.84	85.0%
First Prior Year (2024-25)	175,884,946.04	206,398,820.52	85.2%
		Historical Average Ratio:	87.1%

	Current Year (2025-26)	1st Subsequent Year (2026-27)	2nd Subsequent Year (2027-28)
District's Reserve Standard Percentage (Criterion 10B, Line 4)	3%	3%	3%
District's Salaries and Benefits Standard (historical average ratio, plus/minus the greater of 3% or the district's reserve standard percentage):	**84.1% to 90.1%**	**84.1% to 90.1%**	**84.1% to 90.1%**

5B. Calculating the District's Projected Ratio of Unrestricted Salaries and Benefits to Total Unrestricted General Fund Expenditures

DATA ENTRY: If Form MYPI exists, Projected Year Totals data for the two subsequent years will be extracted; if not, enter Projected Year Totals data. Projected Year Totals data for Current Year are extracted.

Fiscal Year	Projected Year Totals - Unrestricted (Resources 0000-1999) Salaries and Benefits (Form 01I, Objects 1000-3999) (Form MYPI, Lines B1-B3)	Total Expenditures (Form 01I, Objects 1000-7499) (Form MYPI, Lines B1-B8, B10)	Ratio of Unrestricted Salaries and Benefits to Total Unrestricted Expenditures	Status
Current Year (2025-26)	185,855,139.00	219,878,709.00	84.5%	Met
1st Subsequent Year (2026-27)	177,143,714.18	198,169,242.16	89.4%	Met
2nd Subsequent Year (2027-28)	175,054,327.96	196,058,486.93	89.3%	Met

5C. Comparison of District Salaries and Benefits Ratio to the Standard

DATA ENTRY: Enter an explanation if the standard is not met.

1a. STANDARD MET - Ratio of total unrestricted salaries and benefits to total unrestricted expenditures has met the standard for the current year and two subsequent fiscal years.

Explanation:
(required if NOT met)

6. CRITERION: Other Revenues and Expenditures

STANDARD: Projected operating revenues (including federal, other state and other local) or expenditures (including books and supplies, and services and other operating), for any of the current fiscal year or two subsequent fiscal years, have not changed by more than five percent since budget adoption. Changes that exceed five percent in any major object category must be explained.

District's Other Revenues and Expenditures Standard Percentage Range:	**-5.0% to +5.0%**
District's Other Revenues and Expenditures Explanation Percentage Range:	**-5.0% to +5.0%**

6A. Calculating the District's Change by Major Object Category and Comparison to the Explanation Percentage Range

DATA ENTRY: Budget Adoption data that exist will be extracted; otherwise, enter data into the first column. First Interim data for the Current Year are extracted. If First Interim Form MYPI exists, data for the two subsequent years will be extracted; if not, enter data for the two subsequent years into the second column. Explanations must be entered for each category if the percent change for any year exceeds the district's explanation percentage range.

Object Range / Fiscal Year	Budget Adoption Budget (Form 01CS, Item 6B)	First Interim Projected Year Totals (Fund 01) (Form MYPI)	Percent Change	Change Is Outside Explanation Range
Federal Revenue (Fund 01, Objects 8100-8299) (Form MYPI, Line A2)				
Current Year (2025-26)	12,157,687.00	17,567,655.00	44.5%	Yes
1st Subsequent Year (2026-27)	11,450,169.00	10,566,149.38	-7.7%	Yes
2nd Subsequent Year (2027-28)	11,087,076.00	10,146,933.38	-8.5%	Yes

Explanation: (required if Yes)
At the time of budget adoption the district did not record any carry forward revenue for restricted programs such as Title funds, and First Interim now reflects those carryover amounts. In addition, in the 2025/26 fiscal year the district is recognizing $4.5M dollars in one time Federal EPA grant revenue.

Other State Revenue (Fund 01, Objects 8300-8599) (Form MYPI, Line A3)				
Current Year (2025-26)	39,227,548.00	47,157,475.00	20.2%	Yes
1st Subsequent Year (2026-27)	40,031,994.96	39,386,464.46	-1.6%	No
2nd Subsequent Year (2027-28)	41,002,155.52	40,302,622.74	-1.7%	No

Explanation: (required if Yes)
At first interim, the district is recognizing $3.8M in one time SSPDDB Grant, that is not expected in the subsequent years and was not recorded at adopted budget.

Other Local Revenue (Fund 01, Objects 8600-8799) (Form MYPI, Line A4)				
Current Year (2025-26)	23,502,381.00	23,936,779.00	1.8%	No
1st Subsequent Year (2026-27)	23,502,381.00	23,812,335.00	1.3%	No
2nd Subsequent Year (2027-28)	23,502,381.00	23,847,889.35	1.5%	No

Explanation: (required if Yes)

Books and Supplies (Fund 01, Objects 4000-4999) (Form MYPI, Line B4)				
Current Year (2025-26)	14,367,976.00	15,032,154.00	4.6%	No
1st Subsequent Year (2026-27)	9,654,397.95	11,183,388.66	15.8%	Yes
2nd Subsequent Year (2027-28)	9,628,999.25	11,052,599.57	14.8%	Yes

Explanation: (required if Yes)
The increase in the current year is directly related to higher revenues from carryover funds from the previous fiscal year. The increase insubsequent years is attributable to a rise in revenues from other local sources.

Services and Other Operating Expenditures (Fund 01, Objects 5000-5999) (Form MYPI, Line B5)				
Current Year (2025-26)	57,342,576.00	69,042,522.00	20.4%	Yes
1st Subsequent Year (2026-27)	46,201,199.50	44,727,250.78	-3.2%	No
2nd Subsequent Year (2027-28)	45,281,377.82	43,257,576.73	-4.5%	No

Explanation: (required if Yes)
The increase in expenditures at First Interim includes planned spending due to carry over funds that are expected to be used in the current fiscal year. These increase expenditures are not expected to continue in the subsequent years.

6B. Calculating the District's Change in Total Operating Revenues and Expenditures

DATA ENTRY: All data are extracted or calculated.

Object Range / Fiscal Year	Budget Adoption Budget	First Interim Projected Year Totals	Percent Change	Status
Total Federal, Other State, and Other Local Revenue (Section 6A)				
Current Year (2025-26)	74,887,616.00	88,661,909.00	18.4%	Not Met
1st Subsequent Year (2026-27)	74,984,544.96	73,764,948.84	-1.6%	Met
2nd Subsequent Year (2027-28)	75,591,612.52	74,297,445.47	-1.7%	Met
Total Books and Supplies, and Services and Other Operating Expenditures (Section 6A)				
Current Year (2025-26)	71,710,552.00	84,074,676.00	17.2%	Not Met
1st Subsequent Year (2026-27)	55,855,597.45	55,910,639.44	.1%	Met
2nd Subsequent Year (2027-28)	54,910,377.07	54,310,176.30	-1.1%	Met

6C. Comparison of District Total Operating Revenues and Expenditures to the Standard Percentage Range

DATA ENTRY: Explanations are linked from Section 6A if the status in Section 6B is Not Met; no entry is allowed below.

1a. STANDARD NOT MET - One or more projected operating revenue have changed since budget adoption by more than the standard in one or more of the current year or two subsequent fiscal years. Reasons for the projected change, descriptions of the methods and assumptions used in the projections, and what changes, if any, will be made to bring the projected operating revenues within the standard must be entered in Section 6A above and will also display in the explanation box below.

Explanation: Federal Revenue (linked from 6A if NOT met)

At the time of budget adoption the district did not record any carry forward revenue for restricted programs such as Title funds, and First Interim now reflects those carryover amounts. In addition, in the 2025/26 fiscal year the district is recognizing $4.5M dollars in one time Federal EPA grant revenue.

Explanation: Other State Revenue (linked from 6A if NOT met)

At first interim, the district is recognizing $3.8M in one time SSPDDB Grant, that is not expected in the subsequent years and was not recorded at adopted budget.

Explanation: Other Local Revenue (linked from 6A if NOT met)

1b. STANDARD NOT MET - One or more total operating expenditures have changed since budget adoption by more than the standard in one or more of the current year or two subsequent fiscal years. Reasons for the projected change, descriptions of the methods and assumptions used in the projections, and what changes, if any, will be made to bring the projected operating revenues within the standard must be entered in Section 6A above and will also display in the explanation box below.

Explanation: Books and Supplies (linked from 6A if NOT met)

The increase in the current year is directly related to higher revenues from carryover funds from the previous fiscal year. The increase insubsequent years is attributable to a rise in revenues from other local sources.

Explanation: Services and Other Exps (linked from 6A if NOT met)

The increase in expenditures at First Interim includes planned spending due to carry over funds that are expected to be used in the current fiscal year. These increase expenditures are not expected to continue in the subsequent years.

7. CRITERION: Facilities Maintenance

STANDARD: Identify changes that have occurred since budget adoption in the projected contributions for facilities maintenance funding as required pursuant to Education Code Section 17070.75, or in how the district is providing adequately to preserve the functionality of its facilities for their normal life in accordance with Education Code sections 52060(d)(1) and 17002(d)(1).

Determining the District's Compliance with the Contribution Requirement for EC Section 17070.75 - Ongoing and Major Maintenance/Restricted Maintenance Account (OMMA/RMA)

NOTE: EC Section 17070.75 requires the district to deposit into the account a minimum amount equal to or greater than three percent of the total general fund expenditures and other financing uses for that fiscal year. Statute exclude the following resource codes from the total general fund expenditures calculation: 3212, 3213, 3214, 3216, 3218, 3219, 3225, 3226, 3227, 3228, 5316, 5632, 5633, 5634, 7027, and 7690.

DATA ENTRY: Enter the Required Minimum Contribution if Budget data does not exist. Budget data that exist will be extracted; otherwise, enter budget data into lines 1, if applicable, and 2. All other data are extracted.

		Required Minimum Contribution	First Interim Contribution Projected Year Totals (Fund 01, Resource 8150, Objects 8900-8999)	Status
1.	OMMA/RMA Contribution	9,211,953.24	9,211,954.00	Met
2.	Budget Adoption Contribution (information only) (Form 01CS, Criterion 7)		9,212,000.00	

If status is not met, enter an X in the box that best describes why the minimum required contribution was not made:

	Not applicable (district does not participate in the Leroy F. Greene School Facilities Act of 1998)
	Exempt (due to district's small size [EC Section 17070.75 (b)(2)(E)])
	Other (explanation must be provided)

Explanation:
(required if NOT met and Other is marked)

8. CRITERION: Deficit Spending

STANDARD: Unrestricted deficit spending (total unrestricted expenditures and other financing uses is greater than total unrestricted revenues and other financing sources) as a percentage of total unrestricted expenditures and other financing uses, has not exceeded one-third of the district's available reserves[1] as a percentage of total expenditures and other financing uses[2] in any of the current fiscal year or two subsequent fiscal years.

[1]Available reserves are the unrestricted amounts in the Stabilization Arrangements, Reserve for Economic Uncertainties, and Unassigned/Unappropriated accounts in the General Fund and the Special Reserve Fund for Other Than Capital Outlay Projects. Available reserves will be reduced by any negative ending balances in restricted resources in the General Fund.

[2]A school district that is the Administrative Unit of a Special Education Local Plan Area (SELPA) may exclude from its expenditures the distribution of funds to its participating members.

8A. Calculating the District's Deficit Spending Standard Percentage Levels

DATA ENTRY: All data are extracted or calculated.

	Current Year (2025-26)	1st Subsequent Year (2026-27)	2nd Subsequent Year (2027-28)
District's Available Reserve Percentages (Criterion 10C, Line 9)	10.0%	10.0%	7.5%
District's Deficit Spending Standard Percentage Levels (one-third of available reserve percentage):	**3.3%**	**3.3%**	**2.5%**

8B. Calculating the District's Deficit Spending Percentages

DATA ENTRY: Current Year data are extracted. If Form MYPI exists, data for the two subsequent years will be extracted; if not, enter data for the two subsequent years into the first and second columns.

	Projected Year Totals			
Fiscal Year	Net Change in Unrestricted Fund Balance (Form 01I, Section E) (Form MYPI, Line C)	Total Unrestricted Expenditures and Other Financing Uses (Form 01I, Objects 1000-7999) (Form MYPI, Line B11)	Deficit Spending Level (If Net Change in Unrestricted Fund Balance is negative, else N/A)	Status
Current Year (2025-26)	(34,923,944.00)	219,878,709.00	15.9%	Not Met
1st Subsequent Year (2026-27)	(9,343,654.45)	198,169,242.16	4.7%	Not Met
2nd Subsequent Year (2027-28)	(9,839,151.52)	196,058,486.93	5.0%	Not Met

8C. Comparison of District Deficit Spending to the Standard

DATA ENTRY: Enter an explanation if the standard is not met.

1a. STANDARD NOT MET - Unrestricted deficit spending has exceeded the standard percentage level in any of the current year or two subsequent fiscal years. Provide reasons for the deficit spending, a description of the methods and assumptions used in balancing the unrestricted budget, and what changes will be made to ensure that the budget deficits are eliminated or are balanced within the standard.

Explanation:
(required if NOT met)

The district has maintained a healthy unrestricted ending fund balance by using the most restricted resources first. As we work to better align expenditures with revenues, we are drawing on our reserves. The district has a plan to reduce expenditures so that we can balance the budget and avoid continued deficit spending as our reserves are spent down.

9. CRITERION: Fund and Cash Balances

A. FUND BALANCE STANDARD: Projected general fund balance will be positive at the end of the current fiscal year and two subsequent fiscal years.

9A-1. Determining if the District's General Fund Ending Balance is Positive

DATA ENTRY: Current Year data are extracted. If Form MYPI exists, data for the two subsequent years will be extracted; if not, enter data for the two subsequent years.

Fiscal Year	Ending Fund Balance General Fund Projected Year Totals (Form 01I, Line F2) (Form MYPI, Line D2)	Status
Current Year (2025-26)	66,703,935.00	Met
1st Subsequent Year (2026-27)	50,844,639.57	Met
2nd Subsequent Year (2027-28)	40,606,437.62	Met

9A-2. Comparison of the District's Ending Fund Balance to the Standard

DATA ENTRY: Enter an explanation if the standard is not met.

1a. STANDARD MET - Projected general fund ending balance is positive for the current fiscal year and two subsequent fiscal years.

Explanation:
(required if NOT met)

B. CASH BALANCE STANDARD: Projected general fund cash balance will be positive at the end of the current fiscal year.

9B-1. Determining if the District's Ending Cash Balance is Positive

DATA ENTRY: If Form CASH exists, data will be extracted; if not, data must be entered below.

Fiscal Year	Ending Cash Balance General Fund (Form CASH, Line F, June Column)	Status
Current Year (2025-26)	52,336,191.03	Met

9B-2. Comparison of the District's Ending Cash Balance to the Standard

DATA ENTRY: Enter an explanation if the standard is not met.

1a. STANDARD MET - Projected general fund cash balance will be positive at the end of the current fiscal year.

Explanation:
(required if NOT met)

10. CRITERION: Reserves

STANDARD: Available reserves[1] for any of the current fiscal year or two subsequent fiscal years are not less than the following percentages or amounts[2] as applied to total expenditures and other financing uses[3]:

DATA ENTRY: Current Year data are extracted. If Form MYPI exists, 1st and 2nd Subsequent Year data will be extracted. If not, enter district regular ADA and charter school ADA corresponding to financial data reported in the General Fund, only, for the two subsequent years.

Percentage Level	District ADA	
5% or $88,000 (greater of)	0	to 300
4% or $88,000 (greater of)	301	to 1,000
3%	1,001	to 30,000
2%	30,001	to 250,000
1%	250,001	and over

[1] Available reserves are the unrestricted amounts in the Stabilization Arrangements, Reserve for Economic Uncertainties, and Unassigned/Unappropriated accounts in the General Fund and Special Reserve Fund for Other Than Capital Outlay Projects. Available reserves will be reduced by any negative ending balances in restricted resources in the General Fund.

[2] Dollar amounts to be adjusted annually by the prior year statutory cost-of-living adjustment, as referenced in Education Code Section 42238.02, rounded to the nearest thousand.

[3] A school district that is the Administrative Unit (AU) of a Special Education Local Plan Area (SELPA) may exclude from its expenditures the distribution of funds to its participating members.

	Current Year (2025-26)	1st Subsequent Year (2026-27)	2nd Subsequent Year (2027-28)
District Estimated P-2 ADA (Current Year, Form AI, Lines A4 and C4. Subsequent Years, Form MYPI, Line F2, if available.)	11,725	11,306	10,958
District's Reserve Standard Percentage Level:	**3%**	**3%**	**3%**

10A. Calculating the District's Special Education Pass-through Exclusions (only for districts that serve as the AU of a SELPA)

DATA ENTRY: For SELPA AUs, if Form MYPI exists, all data will be extracted including the Yes/No button selection. If not, click the appropriate Yes or No button for item 1. If Yes, enter data for item 2a. If No, enter data for the two subsequent years in item 2b; Current Year data are extracted.

For districts that serve as the AU of a SELPA (Form MYPI, Lines F1a, F1b1, and F1b2):

1. Do you choose to exclude from the reserve calculation the pass-through funds distributed to SELPA members? YES
2. If you are the SELPA AU and are excluding special education pass-through funds:
   a. Enter the name(s) of the SELPA(s):

	Current Year Projected Year Totals (2025-26)	1st Subsequent Year (2026-27)	2nd Subsequent Year (2027-28)
b. Special Education Pass-through Funds (Fund 10, resources 3300-3499, 6500-6540 and 6546, objects 7211-7213 and 7221-7223)	0.00		

10B. Calculating the District's Reserve Standard

DATA ENTRY: If Form MYPI exists, all data will be extracted or calculated. If not, enter data for line 1 for the two subsequent years; Current Year data are extracted.

	Current Year Projected Year Totals (2025-26)	1st Subsequent Year (2026-27)	2nd Subsequent Year (2027-28)
1. Expenditures and Other Financing Uses (Form 01I, objects 1000-7999) (Form MYPI, Line B11)	331,559,004.00	285,850,392.27	280,560,706.42
2. Plus: Special Education Pass-through (Criterion 10A, Line 2b, if Criterion 10A, Line 1 is No)			
3. Total Expenditures and Other Financing Uses (Line B1 plus Line B2)	331,559,004.00	285,850,392.27	280,560,706.42

4.	Reserve Standard Percentage Level	3%	3%	3%
5.	Reserve Standard - by Percent (Line B3 times Line B4)	9,946,770.12	8,575,511.77	8,416,821.19
6.	Reserve Standard - by Amount ($88,000 for districts with 0 to 1,000 ADA, else 0)	0.00	0.00	0.00
7.	**District's Reserve Standard (Greater of Line B5 or Line B6)**	**9,946,770.12**	**8,575,511.77**	**8,416,821.19**

10C. Calculating the District's Available Reserve Amount

DATA ENTRY: All data are extracted from fund data and Form MYPI. If Form MYPI does not exist, enter data for the two subsequent years.

Reserve Amounts (Unrestricted resources 0000-1999 except Line 4)		Current Year Projected Year Totals (2025-26)	1st Subsequent Year (2026-27)	2nd Subsequent Year (2027-28)
1.	General Fund - Stabilization Arrangements (Fund 01, Object 9750) (Form MYPI, Line E1a)	0.00	0.00	0.00
2.	General Fund - Reserve for Economic Uncertainties (Fund 01, Object 9789) (Form MYPI, Line E1b)	33,155,900.00	28,585,039.00	21,042,053.00
3.	General Fund - Unassigned/Unappropriated Amount (Fund 01, Object 9790) (Form MYPI, Line E1c)	0.00	0.00	0.00
4.	General Fund - Negative Ending Balances in Restricted Resources (Fund 01, Object 979Z, if negative, for each of resources 2000-9999) (Form MYPI, Line E1d)	0.00	0.00	0.00
5.	Special Reserve Fund - Stabilization Arrangements (Fund 17, Object 9750) (Form MYPI, Line E2a)	0.00	0.00	0.00
6.	Special Reserve Fund - Reserve for Economic Uncertainties (Fund 17, Object 9789) (Form MYPI, Line E2b)	0.00	0.00	0.00
7.	Special Reserve Fund - Unassigned/Unappropriated Amount (Fund 17, Object 9790) (Form MYPI, Line E2c)	0.00	0.00	0.00
8.	District's Available Reserve Amount (Lines C1 thru C7)	33,155,900.00	28,585,039.00	21,042,053.00
9.	District's Available Reserve Percentage (Information only) (Line 8 divided by Section 10B, Line 3)	10.00%	10.00%	7.50%
	District's Reserve Standard (Section 10B, Line 7):	**9,946,770.12**	**8,575,511.77**	**8,416,821.19**
	Status:	Met	Met	Met

10D. Comparison of District Reserve Amount to the Standard

DATA ENTRY: Enter an explanation if the standard is not met.

1a. STANDARD MET - Available reserves have met the standard for the current year and two subsequent fiscal years.

Explanation:
(required if NOT met)

SUPPLEMENTAL INFORMATION

DATA ENTRY: Click the appropriate Yes or No button for items S1 through S4. Enter an explanation for each Yes answer.

S1. Contingent Liabilities

1a. Does your district have any known or contingent liabilities (e.g., financial or program audits, litigation, state compliance reviews) that have occurred since budget adoption that may impact the budget? — No

1b. If Yes, identify the liabilities and how they may impact the budget:

S2. Use of One-time Revenues for Ongoing Expenditures

1a. Does your district have ongoing general fund expenditures funded with one-time revenues that have changed since budget adoption by more than five percent? — No

1b. If Yes, identify the expenditures and explain how the one-time resources will be replaced to continue funding the ongoing expenditures in the following fiscal years:

S3. Temporary Interfund Borrowings

1a. Does your district have projected temporary borrowings between funds? (Refer to Education Code Section 42603) — No

1b. If Yes, identify the interfund borrowings:

S4. Contingent Revenues

1a. Does your district have projected revenues for the current fiscal year or either of the two subsequent fiscal years contingent on reauthorization by the local government, special legislation, or other definitive act (e.g., parcel taxes, forest reserves)? — No

1b. If Yes, identify any of these revenues that are dedicated for ongoing expenses and explain how the revenues will be replaced or expenditures reduced:

S5. Contributions

Identify projected contributions from unrestricted resources in the general fund to restricted resources in the general fund for the current fiscal year and two subsequent fiscal years. Provide an explanation if contributions have changed by more than $20,000 and more than five percent since budget adoption.

Identify projected transfers to or from the general fund to cover operating deficits in either the general fund or any other fund for the current fiscal year and two subsequent fiscal years. Provide an explanation if transfers have changed by more than $20,000 and more than five percent since budget adoption.

Identify capital project cost overruns that have occurred since budget adoption that may impact the general fund budget.

District's Contributions and Transfers Standard: **-5.0% to +5.0% or -$20,000 to +$20,000**

S5A. Identification of the District's Projected Contributions, Transfers, and Capital Projects that may Impact the General Fund

DATA ENTRY: Budget Adoption data that exist will be extracted; otherwise, enter data into the first column. For Contributions, the First Interim's Current Year data will be extracted. Enter First Interim Contributions for the 1st and 2nd Subsequent Years. For Transfers In and Transfers Out, the First Interim's Current Year data will be extracted. If Form MYPI exists, the data will be extracted into the First Interim column for the 1st and 2nd Subsequent Years. If Form MYPI does not exist, enter data for 1st and 2nd Subsequent Years. Click on the appropriate button for Item 1d; all other data will be calculated.

Description / Fiscal Year	Budget Adoption (Form 01CS, Item S5A)	First Interim Projected Year Totals	Percent Change	Amount of Change	Status
1a. **Contributions, Unrestricted General Fund (Fund 01, Resources 0000-1999, Object 8980)**					
Current Year (2025-26)	(41,199,617.00)	(24,069,962.00)	-41.6%	(17,129,655.00)	Not Met
1st Subsequent Year (2026-27)	(39,980,375.00)	(21,166,581.00)	-47.1%	(18,813,794.00)	Not Met
2nd Subsequent Year (2027-28)	(39,711,339.00)	(23,640,096.00)	-40.5%	(16,071,243.00)	Not Met
1b. **Transfers In, General Fund ***					
Current Year (2025-26)	0.00	0.00	0.0%	0.00	Met
1st Subsequent Year (2026-27)	0.00	0.00	0.0%	0.00	Met
2nd Subsequent Year (2027-28)	0.00	0.00	0.0%	0.00	Met
1c. **Transfers Out, General Fund ***					
Current Year (2025-26)	0.00	0.00	0.0%	0.00	Met
1st Subsequent Year (2026-27)	0.00	0.00	0.0%	0.00	Met
2nd Subsequent Year (2027-28)	0.00	0.00	0.0%	0.00	Met

1d. **Capital Project Cost Overruns**

Have capital project cost overruns occurred since budget adoption that may impact the general fund operational budget? **No**

* Include transfers used to cover operating deficits in either the general fund or any other fund.

S5B. Status of the District's Projected Contributions, Transfers, and Capital Projects

DATA ENTRY: Enter an explanation if Not Met for items 1a-1c or if Yes for Item 1d.

1a. NOT MET - The projected contributions from the unrestricted general fund to restricted general fund programs have changed since budget adoption by more than the standard for any of the current year or subsequent two fiscal years. Identify restricted programs and contribution amount for each program and whether contributions are ongoing or one-time in nature. Explain the district's plan, with timeframes, for reducing or eliminating the contribution.

Explanation:
(required if NOT met)

The district continues to review positions currently charged to special education to determine if they can be reassigned to other areas. As these positions and their account codes are identified, they are being moved out of special education, which is lowering the required contribution to special education resources.

1b. MET - Projected transfers in have not changed since budget adoption by more than the standard for the current year and two subsequent fiscal years.

Explanation:
(required if NOT met)

1c. MET - Projected transfers out have not changed since budget adoption by more than the standard for the current year and two subsequent fiscal years.

Explanation:
(required if NOT met)

1d. NO - There have been no capital project cost overruns occurring since budget adoption that may impact the general fund operational budget.

Project Information:
(required if YES)

S6. Long-term Commitments

Identify all existing and new multiyear commitments[1] and their annual required payment for the current fiscal year and two subsequent fiscal years. Explain how any increase in annual payments will be funded. Also, explain how any decrease to funding sources used to pay long-term commitments will be replaced.

[1] Include multiyear commitments, multiyear debt agreements, and new programs or contracts that result in long-term obligations.

S6A. Identification of the District's Long-term Commitments

DATA ENTRY: If Budget Adoption data exist (Form 01CS, Item S6A), long-term commitment data will be extracted and it will only be necessary to click the appropriate button for Item 1b. Extracted data may be overwritten to update long-term commitment data in Item 2, as applicable. If no Budget Adoption data exist, click the appropriate buttons for items 1a and 1b, and enter all other data, as applicable.

1. a. Does your district have long-term (multiyear) commitments?
(If No, skip items 1b and 2 and sections S6B and S6C) — Yes

b. If Yes to Item 1a, have new long-term (multiyear) commitments been incurred since budget adoption? — No

2. If Yes to Item 1a, list (or update) all new and existing multiyear commitments and required annual debt service amounts. Do not include long-term commitments for postemployment benefits other than pensions (OPEB); OPEB is disclosed in Item S7A.

Type of Commitment	# of Years Remaining	SACS Fund and Object Codes Used For: Funding Sources (Revenues)	Debt Service (Expenditures)	Principal Balance as of July 1, 2025
Leases	19	25	581,500	7,430,000
Certificates of Participation	29	51	22,035,113.88	323,750,312
General Obligation Bonds	4	01	1,383,460	5,533,840
Supp Early Retirement Program				
State School Building Loans				
Compensated Absences				
Other Long-term Commitments (do not include OPEB):				
TOTAL:				336,714,152

Type of Commitment (continued)	Prior Year (2024-25) Annual Payment (P & I)	Current Year (2025-26) Annual Payment (P & I)	1st Subsequent Year (2026-27) Annual Payment (P & I)	2nd Subsequent Year (2027-28) Annual Payment (P & I)
Leases				
Certificates of Participation	581,500	581,500	581,500	581,500
General Obligation Bonds	20,170,267	22,035,114	22,893,780	22,021,040
Supp Early Retirement Program				
State School Building Loans				
Compensated Absences				

Other Long-term Commitments (continued):

Total Annual Payments:	20,751,767	22,616,614	23,475,280	22,602,540
Has total annual payment increased over prior year (2024-25)?		**Yes**	**Yes**	**Yes**

S6B. Comparison of the District's Annual Payments to Prior Year Annual Payment

DATA ENTRY: Enter an explanation if Yes.

1a. Yes - Annual payments for long-term commitments have increased in one or more of the current or two subsequent fiscal years. Explain how the increase in annual payments will be funded.

Explanation:
(Required if Yes to increase in total annual payments)

Increase in the GO Bond payments will be funded by Fund 51; The increase due to the Early Retirement plan is funded and budgeted in the General Fund.

S6C. Identification of Decreases to Funding Sources Used to Pay Long-term Commitments

DATA ENTRY: Click the appropriate Yes or No button in Item 1; if Yes, an explanation is required in Item 2.

1. Will funding sources used to pay long-term commitments decrease or expire prior to the end of the commitment period, or are they one-time sources?

No

2. No - Funding sources will not decrease or expire prior to the end of the commitment period, and one-time funds are not being used for long-term commitment.

Explanation:
(Required if Yes)

S7. Unfunded Liabilities

Identify any changes in estimates for unfunded liabilities since budget adoption, and indicate whether the changes are the result of a new actuarial valuation.

S7A. Identification of the District's Estimated Unfunded Liability for Postemployment Benefits Other Than Pensions (OPEB)

DATA ENTRY: Click the appropriate button(s) for items 1a-1c, as applicable. Budget Adoption data that exist (Form 01CS, Item S7A) will be extracted; otherwise, enter Budget Adoption and First Interim data in items 2-4.

1 a. Does your district provide postemployment benefits other than pensions (OPEB)? (If No, skip items 1b-4): No

b. If Yes to Item 1a, have there been changes since budget adoption in OPEB liabilities?: n/a

c. If Yes to Item 1a, have there been changes since budget adoption in OPEB contributions?: n/a

2 OPEB Liabilities

	Budget Adoption (Form 01CS, Item S7A)	First Interim
a. Total OPEB liability	88,857,574.00	86,134,251.00
b. OPEB plan(s) fiduciary net position (if applicable)	8,592,070.00	8,882,538.00
c. Total/Net OPEB liability (Line 2a minus Line 2b)	80,265,504.00	77,251,713.00
d. Is total OPEB liability based on the district's estimate or an actuarial valuation?	Actuarial	
e. If based on an actuarial valuation, indicate the measurement date of the OPEB valuation.	Jun 30, 2023	Jun 30, 2025

3 OPEB Contributions

	Budget Adoption (Form 01CS, Item S7A)	First Interim
a. OPEB actuarially determined contribution (ADC) if available, per actuarial valuation or Alternative Measurement Method		
Current Year (2025-26)		
1st Subsequent Year (2026-27)		
2nd Subsequent Year (2027-28)		
b. OPEB amount contributed (for this purpose, include premiums paid to a self-insurance fund) (Funds 01-70, objects 3701-3752)		
Current Year (2025-26)	3,558,700.00	3,443,107.00
1st Subsequent Year (2026-27)	3,558,700.00	3,443,107.00
2nd Subsequent Year (2027-28)	3,558,700.00	3,443,107.00
c. Cost of OPEB benefits (equivalent of "pay-as-you-go" amount)		
Current Year (2025-26)		
1st Subsequent Year (2026-27)		
2nd Subsequent Year (2027-28)		
d. Number of retirees receiving OPEB benefits		
Current Year (2025-26)		245
1st Subsequent Year (2026-27)		218
2nd Subsequent Year (2027-28)		218

4. Comments:

S7B. Identification of the District's Unfunded Liability for Self-insurance Programs

DATA ENTRY: Click the appropriate button(s) for items 1a-1c, as applicable. Budget Adoption data that exist (Form 01CS, Item S7B) will be extracted; otherwise, enter Budget Adoption and First Interim data in items 2-4.

1 a. Does your district operate any self-insurance programs such as workers' compensation, employee health and welfare, or property and liability? (Do not include OPEB; which is covered in Section S7A) (If No, skip items 1b-4): No

b. If Yes to item 1a, have there been changes since budget adoption in self-insurance liabilities? n/a

c. If Yes to item 1a, have there been changes since budget adoption in self-insurance contributions? n/a

2 Self-Insurance Liabilities	Budget Adoption (Form 01CS, Item S7B)	First Interim
a. Accrued liability for self-insurance programs		
b. Unfunded liability for self-insurance programs		

3 Self-Insurance Contributions	Budget Adoption (Form 01CS, Item S7B)	First Interim
a. Required contribution (funding) for self-insurance programs		
Current Year (2025-26)		
1st Subsequent Year (2026-27)		
2nd Subsequent Year (2027-28)		
b. Amount contributed (funded) for self-insurance programs		
Current Year (2025-26)		
1st Subsequent Year (2026-27)		
2nd Subsequent Year (2027-28)		

4 Comments:

S8. Status of Labor Agreements

Analyze the status of all employee labor agreements. Identify new labor agreements that have been ratified since budget adoption, as well as new commitments provided as part of previously ratified multiyear agreements; and include all contracts, including all administrator contracts (and including all compensation). For new agreements, indicate the date of the required board meeting. Compare the increase in new commitments to the projected increase in ongoing revenues, and explain how these commitments will be funded in future fiscal years.

If salary and benefit negotiations are not finalized, upon settlement with certificated or classified staff:

The school district must determine the cost of the settlement, including salaries, benefits, and any other agreements that change costs, and provide the county office of education (COE) with an analysis of the cost of the settlement and its impact on the operating budget.

The county superintendent shall review the analysis relative to the criteria and standards and may provide written comments to the president of the district governing board and superintendent.

S8A. Cost Analysis of District's Labor Agreements - Certificated (Non-management) Employees

DATA ENTRY: Click the appropriate Yes or No button for "Status of Certificated Labor Agreements as of the Previous Reporting Period." There are no extractions in this section.

Status of Certificated Labor Agreements as of the Previous Reporting Period

Were all certificated labor negotiations settled as of budget adoption? No

If Yes, complete number of FTEs, then skip to section S8B.

If No, continue with section S8A.

Certificated (Non-management) Salary and Benefit Negotiations

	Prior Year (2nd Interim) (2024-25)	Current Year (2025-26)	1st Subsequent Year (2026-27)	2nd Subsequent Year (2027-28)
Number of certificated (non-management) full-time-equivalent (FTE) positions	874.00	861.00	819.00	804.00

1a. Have any salary and benefit negotiations been settled since budget adoption? No

If Yes, and the corresponding public disclosure documents have been filed with the COE, complete questions 2 and 3.

If Yes, and the corresponding public disclosure documents have not been filed with the COE, complete questions 2-5.

If No, complete questions 6 and 7.

1b. Are any salary and benefit negotiations still unsettled? Yes

If Yes, complete questions 6 and 7.

Negotiations Settled Since Budget Adoption

2a. Per Government Code Section 3547.5(a), date of public disclosure board meeting:

2b. Per Government Code Section 3547.5(b), was the collective bargaining agreement certified by the district superintendent and chief business official?

If Yes, date of Superintendent and CBO certification:

3. Per Government Code Section 3547.5(c), was a budget revision adopted to meet the costs of the collective bargaining agreement? n/a

If Yes, date of budget revision board adoption:

4. Period covered by the agreement: Begin Date: End Date:

5. Salary settlement:

	Current Year (2025-26)	1st Subsequent Year (2026-27)	2nd Subsequent Year (2027-28)
Is the cost of salary settlement included in the interim and multiyear projections (MYPs)?			
One Year Agreement			
Total cost of salary settlement			
% change in salary schedule from prior year			
or			
Multiyear Agreement			
Total cost of salary settlement			
% change in salary schedule from prior year (may enter text, such as "Reopener")			

Identify the source of funding that will be used to support multiyear salary commitments:

Negotiations Not Settled

6.	Cost of a one percent increase in salary and statutory benefits	1,216,219

		Current Year (2025-26)	1st Subsequent Year (2026-27)	2nd Subsequent Year (2027-28)
7.	Amount included for any tentative salary schedule increases			

Certificated (Non-management) Health and Welfare (H&W) Benefits		Current Year (2025-26)	1st Subsequent Year (2026-27)	2nd Subsequent Year (2027-28)
1.	Are costs of H&W benefit changes included in the interim and MYPs?	Yes	Yes	Yes
2.	Total cost of H&W benefits	12,025,287	11,359,097	9,743,689
3.	Percent of H&W cost paid by employer			
4.	Percent projected change in H&W cost over prior year	0.0%	0.0%	0.0%

Certificated (Non-management) Prior Year Settlements Negotiated Since Budget Adoption

Are any new costs negotiated since budget adoption for prior year settlements included in the interim?	No		
If Yes, amount of new costs included in the interim and MYPs			

If Yes, explain the nature of the new costs:

	Current Year (2025-26)	1st Subsequent Year (2026-27)	2nd Subsequent Year (2027-28)
Certificated (Non-management) Step and Column Adjustments			
1. Are step & column adjustments included in the interim and MYPs?	Yes	Yes	Yes
2. Cost of step & column adjustments		1,296,491	1,283,343
3. Percent change in step & column over prior year		1.3%	1.3%

	Current Year (2025-26)	1st Subsequent Year (2026-27)	2nd Subsequent Year (2027-28)
Certificated (Non-management) Attrition (layoffs and retirements)			
1. Are savings from attrition included in the interim and MYPs?	Yes	Yes	Yes
2. Are additional H&W benefits for those laid-off or retired employees included in the interim and MYPs?	Yes	Yes	Yes

Certificated (Non-management) - Other

List other significant contract changes that have occurred since budget adoption and the cost impact of each change (i.e., class size, hours of employment, leave of absence, bonuses, etc.):

S8B. Cost Analysis of District's Labor Agreements - Classified (Non-management) Employees

DATA ENTRY: Click the appropriate Yes or No button for "Status of Classified Labor Agreements as of the Previous Reporting Period." There are no extractions in this section.

Status of Classified Labor Agreements as of the Previous Reporting Period

Were all classified labor negotiations settled as of budget adoption? No

If Yes, complete number of FTEs, then skip to section S8C.

If No, continue with section S8B.

Classified (Non-management) Salary and Benefit Negotiations

	Prior Year (2nd Interim) (2024-25)	Current Year (2025-26)	1st Subsequent Year (2026-27)	2nd Subsequent Year (2027-28)

1. Are costs of other benefits included in the interim and MYPs?	Yes	Yes	Yes
2. Total cost of other benefits			
3. Percent change in cost of other benefits over prior year			

S9. Status of Other Funds

Analyze the status of other funds that may have negative fund balances at the end of the current fiscal year. If any other fund has a projected negative fund balance, prepare an interim report and multiyear projection for that fund. Explain plans for how and when the negative fund balance will be addressed.

S9A. Identification of Other Funds with Negative Ending Fund Balances

DATA ENTRY: Click the appropriate button in Item 1. If Yes, enter data in Item 2 and provide the reports referenced in Item 1.

1. Are any funds other than the general fund projected to have a negative fund balance at the end of the current fiscal year? No

If Yes, prepare and submit to the reviewing agency a report of revenues, expenditures, and changes in fund balance (e.g., an interim fund report) and a multiyear projection report for each fund.

2. If Yes, identify each fund, by name and number, that is projected to have a negative ending fund balance for the current fiscal year. Provide reasons for the negative balance(s) and explain the plan for how and when the problem(s) will be corrected.

ADDITIONAL FISCAL INDICATORS

The following fiscal indicators are designed to provide additional data for reviewing agencies. A "Yes" answer to any single indicator does not necessarily suggest a cause for concern, but may alert the reviewing agency to the need for additional review. DATA ENTRY: Click the appropriate Yes or No button for items A2 through A9; Item A1 is automatically completed based on data from Criterion 9.

A1.	Do cash flow projections show that the district will end the current fiscal year with a negative cash balance in the general fund? (Data from Criterion 9B-1, Cash Balance, are used to determine Yes or No)	No
A2.	Is the system of personnel position control independent from the payroll system?	No
A3.	Is enrollment decreasing in both the prior and current fiscal years?	Yes
A4.	Are new charter schools operating in district boundaries that impact the district's enrollment, either in the prior or current fiscal year?	No
A5.	Has the district entered into a bargaining agreement where any of the current or subsequent fiscal years of the agreement would result in salary increases that are expected to exceed the projected state funded cost-of-living adjustment?	No
A6.	Does the district provide uncapped (100% employer paid) health benefits for current or retired employees?	Yes
A7.	Is the district's financial system independent of the county office system?	No
A8.	Does the district have any reports that indicate fiscal distress pursuant to Education Code Section 42127.6(a)? (If Yes, provide copies to the county office of education.)	No
A9.	Have there been personnel changes in the superintendent or chief business official positions within the last 12 months?	Yes

When providing comments for additional fiscal indicators, please include the item number applicable to each comment.

Comments:
(optional)

A3: Enrollment Trends The district expects enrollment to decline. This trend is already built into the district's Multi Year Projection. A6: Retiree Health Benefits The district provides uncapped health benefits to retirees who were hired before 2013 and who are vested. These benefits continue until the retiree reaches age 69. A9: Personnel Changes within the last 12 months Assistant Superintendent of Business Services, Kristen Pifko joined the district as the new Assistant Superintendent of Business Services on July 1, 2025

OSD BOARD AGENDA ITEM

Name of Contributor: Kristen Pifko **Date of Meeting:** December 17, 2025

Agenda Section: Section D: Action Items

Appointment of Board Member Representatives to Budget Advisory Committee (Pifko)

The Oxnard School District Budget Advisory Committee (BAC) is a Superintendent's advisory committee that provides recommendations for budget improvement to the Board of Trustees via the Superintendent during the budget development process. The Committee is co-chaired by the three (3) Assistant Superintendents and is composed of a representative from each of the following: Board of Trustees, PTA, Community-at-Large, TK-5 School Principal, TK-8 School Principal, 6-8 School Principal, OEA, OSSA, CSEA, and Classified Management. Additional resources to this Committee are the Chief Information Officer, the Director of Classified Human Resources, the Director of Facilities, the Director of Fiscal Services, and the Director of School Performance & Student Outcomes.

The Board of Trustees will annually appoint a Board representative and alternate to this Committee. The Oxnard School District Budget Advisory Committee Membership List will be provided at a future board meeting. The Administration is requesting the Board's appointments for the representative and alternate to serve during 2026.

FISCAL IMPACT:
N/A

RECOMMENDATION:
It is the recommendation of the Assistant Superintendent, Business and Fiscal Services, that the Board of Trustees appoint a Board representative and alternate to serve on the BAC during 2026.

ADDITIONAL MATERIALS:

Attached: Budget Advisory Committee Charter (1 page)

OXNARD SCHOOL DISTRICT
1051 South A Street • Oxnard, CA 93030 • (805) 385-1501 • www.oxnardsd.org

Budget Advisory Committee

Purpose:

The Budget Advisory Committee is an advisory body and does not make policy, nor does it manage or direct the School District. It provides a valuable resource to the Superintendent by enhancing communication, providing opportunities for input on the budgetary process, and obtaining support for decisions ultimately made by the Board of Trustees.

Objectives:

1. Gather and provide input from the represented groups of the School District
2. Acquaint the members with school finances, and develop a general understanding of revenue sources and expenditures.
3. Develop an understanding of the budget process
4. Formulate budget considerations for the Superintendent by January 31.
5. Each member is to communicate the above with their respective group that they represent on a regular basis.

Budget Advisory Committee Membership
Serves during 2026
(Annual appointments by Superintendent or designee)

Co-Chairpersons (3):

1. Asst. Supt., Business & Fiscal Services, Lead
2. Asst. Supt., Educational Services
3. Asst. Supt., Human Resources

Members/Representatives (one each for a total of 10) from:

4. Board of Trustees
5. PTA
6. Community-at-Large
7. TK-5 School Principal
8. TK-8 School Principal
9. 6-8 School Principal
10. OEA
11. OSSA
12. CSEA
13. Classified Management

On-Call Resources:
Chief Information Officer
Director of Classified Human Resources
Director of Facilities
Director of Fiscal Services
Director of School Performance & Student Outcomes

The chairperson(s) will call the meetings, as appropriate. Periodic updates to the Superintendent and Board of Trustees are processed through the Chairperson(s) during the Budget process.

The meetings are scheduled for 1/15/26 at 3:30 p.m., 1/21/26 at 9:00 a.m., and 2/5/26 at 3:30 p.m.

OSD BOARD AGENDA ITEM

OSD BOARD AGENDA ITEM

Name of Contributor: Kristen Pifko **Date of Meeting:** December 17, 2025

Agenda Section: Section F: Board Policies, First Reading

First Reading – Revisions to BP and AR 3515 Campus Security (Pifko)

The BP and AR 3515 Campus Security policies have been updated based on recommendations from the California School Boards Association (CSBA).

Summary of policy revisions

1. BP 3515 is being updated to align with the Department of Homeland Security's *Behavioral Threat Assessment and Management in Practice* guide.
2. AR 3515 is being updated to reflect new laws:
    - AB 2715 (2024) Allows closed sessions with law enforcement on security and cybersecurity threats.
    - AB 1858 (2024) Adds requirements for active shooter drills and safety plan procedures.
    - AB 2565 (2024) Requires interior door locks in rooms with five or more occupants during facility projects.

The updated language is in red text and underlined. The revised policies will be presented for a Second Reading and Adoption at a future Board meeting.

FISCAL IMPACT:
N/A

RECOMMENDATION:
It is the recommendation of the Assistant Superintendent of Business and Fiscal Services that the Board of Trustees receive the revisions to BP and AR 3515 Campus Security for first reading, as presented. The revised policies will be presented for a Second Reading and Adoption at a future Board meeting.

ADDITIONAL MATERIALS:

Attached: BP 3515 (5 pages)
AR 3515 (6 pages)

Policy 3515: Campus Security

Status:

Original Adopted Date: 10/19/2011 | **Last Reviewed Date:** 10/19/2011

The Governing Board ~~Board of Trustees~~ is committed to providing a school environment that promotes the safety of students, staff, ~~employees,~~ and visitors to school grounds. The Board also recognizes the importance of protecting district property, facilities, and equipment from vandalism and theft.

The Superintendent or designee shall develop campus security procedures, which may be included in ~~are consistent with the goals and objectives of~~ the district's comprehensive safety plan and/or site-level safety plans. Such procedures shall be regularly reviewed to reflect changed circumstances and to assess their effectiveness in achieving safe school objectives.

Reporting and Responding to Threats

Any certificated or classified employee, or other school official, whose duties bring the employee or other school official in contact on a regular basis with students in any of grades 6-8, who are alerted to or observe any threat or perceived threat of a homicidal act, as defined, shall immediately report the threat or perceived threat to law enforcement in accordance with Education Code 49393. (Education Code 49390, 49393)

Threat or perceived threat means any writing or action of a student that creates a reasonable suspicion that the student is preparing to commit a homicidal act related to school or a school activity. This may include possession, use, or depictions of firearms, ammunition, shootings, or targets in association with infliction of physical harm, destruction, or death in a social media post, journal, class note, or other media associated with the student. It may also include a warning by a parent, student, or other individual. (Education Code 49390)

Additionally, anyone who receives or learns of a health or safety threat related to school or a school activity shall report the threat to a school or district administrator.

The Superintendent or designee may form a team in order to identify, inquire, assess, and manage potentially threating student behavior

Surveillance Systems

~~The Board believes that reasonable use of surveillance cameras will help the district achieve its goals for campus security.~~ In consultation with the district's school site council, safety planning committee, other relevant stakeholders, and ~~relevant~~ staff, the Superintendent or designee shall identify appropriate locations for the placement of surveillance cameras. Cameras shall not be placed in areas where students, staff, or community members have a reasonable expectation of privacy. Any audio capability on the district's surveillance equipment shall be disabled so that sounds are not recorded.

Prior to the operation of the surveillance system, the Superintendent or designee shall ensure that signs are posted at conspicuous and targeted locations ~~at affected~~ around school buildings and grounds. Such ~~These~~ signs shall state that the facility uses video ~~inform students, staff, and visitors that~~ surveillance equipment for security purposes and that the equipment may or may not be ~~may occur and shall state whether the district's system is~~ actively monitored at any time. ~~by school~~

~~personnel.~~ The Superintendent or designee shall also provide prior written notice to students and parents/guardians about the district's surveillance system, including the locations where surveillance may occur and ~~explaining~~ that the recordings may be used in disciplinary proceedings~~,~~ and/or ~~that matters captured by the camera may be~~ referred to local law enforcement, as appropriate.

To the extent that any images from the district's surveillance system create a student or personnel record, the Superintendent or designee shall ensure that the images are accessed, retained, and disclosed in accordance with law, Board policy, administrative regulation, and any applicable collective bargaining agreements.

Policy Reference Disclaimer:
These references are not intended to be part of the policy itself, nor do they indicate the basis or authority for the Governing Board to enact this policy. Instead, they are provided as additional resources for those interested in the subject matter of the policy.

Regulation 3515: Campus Security **Status:**

Original Adopted Date: 10/19/2011 **| Last Reviewed Date:** 10/19/2011

The Superintendent or designee shall develop ~~ensure that the district's~~ a campus security plan for each school site which contributes to a positive school climate, fosters social and emotional learning and student well-being, and includes strategies to:

1. Secure the campus perimeter and school facilities in order to prevent criminal activity

   These strategies include a risk management analysis of each campus' security system, lighting system, and fencing. Procedures to ensure unobstructed views and eliminate blind spots caused by doorways and landscaping shall also be considered. In addition, parking lot design may be studied, including methods to discourage through traffic.

2. Secure buildings from outsiders and discourage trespassing

   These strategies may include installing locks, requiring visitor registration, staff and student identification tags, and patrolling of places used for congregating and loitering.

3. Secure the district's network infrastructure and web applications from cyberattacks

   These strategies may include performing an independent security assessment of the district's network infrastructure and selected web applications.

4.~~3~~ Discourage vandalism and graffiti

   These strategies may include plans to immediately cover graffiti and implement ~~as well as~~ campus beautification. ~~projects and shall also include students and the community in these projects.~~

5.~~4~~ Control access to keys and other school inventory

6.~~5~~ Detect and intervene with school crime

   These strategies may include ~~the~~ creating ~~creation of~~ a school watch program, increasing adult presence and supervision, establishing an anonymous crime reporting system, monitoring suspicious and/or threatening digital media content, analyzing ~~analysis of~~ school crime incidents, and collaboration with local law enforcement agencies, including providing for law enforcement presence.

7. Additionally, all staff shall be made aware of their responsibilities regarding the immediate reporting of potential homicidal acts to law enforcement, and receive training in the assessment and reporting of such threats

All staff shall receive training in building and grounds security procedures.

Locks

All state-funded new construction and modernization projects shall include locks that allow doors to classrooms and any room with an occupancy of five or more persons to be locked from the inside. Additionally, when the district undertakes an addition, alteration, reconstruction, rehabilitation, or retrofit of a school building, the district shall install interior locks on each door of any room with an occupancy of five or more persons. Such doors shall be capable of being unlocked from the outside with a key or other approved means. Student restrooms and doors that lock from the outside at all times are not required to have locks that can be locked from the inside. (Education Code 17075.50, 17583, 17586; 24 CCR 1010.2, 1010.2.8, 1010.2.8.2)

Keys

The principal or designee ~~All keys used in a school~~ shall be responsible ~~the responsibility of the principal or designee~~ for all keys used in a school. Keys shall be issued only to authorized ~~those~~ employees who regularly need a key in order to carry out job responsibilities. ~~normal activities of their position.~~

The principal or designee shall create a key control system with a record of each key assigned and room(s) or building(s) which the key opens.

Keys ~~shall be used only by authorized employees and~~ shall never be loaned to students, parents/guardians, or volunteers, nor shall t~~T~~he master key ever ~~shall not~~ be loaned.

Any ~~The~~ person issued a key shall be responsible for its safekeeping. The duplication of school keys is prohibited. If a key is lost, the person responsible shall immediately report the loss to the principal or designee and shall pay for a replacement key.

OSD BOARD AGENDA ITEM

Name of Contributor: Dr. Scott Carroll **Date of Meeting:** December 17, 2025

Agenda Section: Section F: Board Policies, First Reading

First Reading: New BP/AR 4161/4261/4361: Leaves (Carroll)

In response to recent legislative changes and updated guidance from the California School Boards Association (CSBA), staff recommends adoption of a new Board Policy and Administrative Regulation 4161/4261/4361: Leaves. This comprehensive update ensures that the District's governance framework remains current, legally compliant, and aligned with best practices.

The new policy and regulation establish clear parameters for employee leaves of absence for certificated, classified, and management staff. They consolidate various leave provisions and align District practices with updated Education Code, Labor Code, Government Code, and federal requirements.

Key Highlights of the Policy and Regulation:

- Incorporation of New Statutory Language: Recent changes in state and federal law have been integrated into the policy and regulation. For ease of review, new language is indicated in red underline.
- Comprehensive Leave Provisions: The policy covers a full range of paid and unpaid leaves, including personal illness or injury, family care, military service, personal necessity, maternity and parental leave, bereavement, sabbatical, and compulsory leave; ensuring equitable and consistent application for all employee groups.
- Alignment with Multiple Employee Classifications: The policy applies to certificated (4161), classified (4261), and administrative/supervisory (4361) personnel, providing clear and consistent guidance across all employee groups.
- Regulatory Clarification: The accompanying administrative regulation details procedures such as failure to return to service after leave for certificated employees and the use of leaves by classified employees, ensuring due process and operational clarity.
- The policies and regulations will be presented for a second reading and adoption at a future board meeting.

FISCAL IMPACT:
N/A

RECOMMENDATION:

It is the recommendation of the Assistant Superintendent, Human Resources, that the Board of Trustees receive the new Board Policy and Regulation, BP/AR 4161/4261/4361: Leaves, for First Reading, as presented.

ADDITIONAL MATERIALS:

Attached: OSD AR 4161_ 4261_4361_Leaves (4 pages)
OSD BP 4161_ 4261_4361_Leaves (5 pages)

Regulation 4161/4261/4361: Leaves

Status: NEW

Original Adopted Date: January 2026 | Last Revised Date: January 2026 | Last Reviewed Date: January 2026

Failure to Return to Service After Leave

The district may terminate the employment of a certificated employee who was on leave of absence for 20 or more consecutive working days after April 30 of the previous school year if all of the following circumstances exist: (Education Code 44842)

1. The employee fails to report for duty, without good cause, at the beginning of the school year after having notified the Governing Board of the intention to remain in service with the district in accordance with Education Code 44842
2. The district had specifically notified the employee, at least five days in advance, of the time and place at which the employee was to report to work
3. The employee continues to be absent from work for 20 consecutive working days, beginning from the date the employee was to report to work.
4. The employee did not request or was not granted a leave of absence authorized by the Board

Use of Leaves by Classified Employees

A classified employee may interrupt or terminate vacation leave in order to begin another type of paid leave without a return to active service, as long as the employee provides adequate notice and relevant supporting information regarding the basis for such interruption or termination. (Education Code 45200)

Policy 4161/4261/4361: Leaves

Status: NEW

Original Adopted Date: 01/2026 | Last Revised Date: 01/2026 | Last Reviewed Date: 01/2026

The Governing Board shall provide for paid and unpaid leaves of absence for employees in accordance with law, Board policy, administrative regulation, collective bargaining agreements, and merit system rules, as applicable.

Employees have the right to take leaves as authorized by law and/or collective bargaining agreements, including, but not limited to:

1. Personal illness or injury
2. Industrial accident or illness
3. Family care and medical leave
4. Military service
5. Personal necessity and personal emergencies
6. Disability leave for certificated employees in accordance with Education Code 44986
7. Vacations for classified staff and certificated management staff, as applicable
8. Sabbaticals for purposes of study or training related to the employee's job duties
9. Attendance at work-related meetings and staff development opportunities
10. Compulsory leave
11. Maternity, parental leave, and reproductive loss leave for both certificated and classified staff, as applicable under state law
12. Bereavement

Long-Term Leaves

With Board approval, an employee may receive a leave of absence, without pay and without accruing seniority or service credit, for a period of up to one school year. Applications for long-term leave shall be made in writing and shall state the purpose for which leave is requested. All long-term leave agreements shall be in writing and shall state the terms and conditions of the leave, including the conditions governing the employee's return.

At the end of a long-term leave, the employee shall be reinstated to a similar position as that employee held at the time leave was granted, unless otherwise agreed upon.

The Board shall consider any written request by an employee to return to work prior to the expiration date of the leave.

Administrative and Supervisory Personnel

Certificated administrative and supervisory employees who are not subject to the district's bargaining agreement for certificated employees shall generally be entitled to those leave provisions provided in the bargaining agreement for other certificated employees unless otherwise specified in individual contract, memorandums of understanding, Board policy, administrative regulation, or law.

Classified administrative and supervisory employees who are not subject to the district's bargaining agreement for classified employees shall generally be entitled to those leave provisions provided in the bargaining agreement for other classified employees unless otherwise specified in individual contract, memoranda of understanding, Board policy, administrative regulation, or law.

OSD BOARD AGENDA ITEM

Name of Contributor: Dr. Scott Carroll **Date of Meeting:** December 17, 2025

Agenda Section: Section F: Board Policies, First Reading

First Reading: Revisions to AR 4161.1/4361.1 and AR 4261.1: Personal Illness/Injury Leave (Carroll)

In response to recent legislative changes and guidance from the California School Boards Association (CSBA), staff recommends review of regulations, AR 4161.1/4361.1 and AR 4261.1: Personal Illness/Injury Leave.

Key highlights of the update include:

- Incorporation of New Statutory Language: Recent changes in state law have been integrated and are clearly indicated in red underline for ease of review.
- Removal of Outdated Provisions: Superseded or obsolete language has been removed, with all deletions shown in red strikethrough formatting.
- The regulations will be presented for a second reading and adoption at a future board meeting.

FISCAL IMPACT:
N/A

RECOMMENDATION:
It is the recommendation of the Assistant Superintendent, Human Resources, that the Board of Trustees review regulations, AR 4161.1/4361.1 and AR 4261.1: Personal Illness/Injury Leave for first reading, as presented.

Regulation 4161.1/4361.1: Personal Illness/Injury Leave

Status: ADOPTED

Original Adopted Date: 08/24/2016 **| Last Revised Date: January 2026 | Last Reviewed Date: January 2026**

The following administrative regulation applies to certificated employees, including certificated management. For classified employees, including classified management, see Administrative Regulation 4261.1 - Personal Illness/Injury Leave.

Certificated employees employed five school days ~~a~~per week are entitled to 10 ~~days'~~days leave of absence with full pay for personal illness or injury (sick leave~~),~~) per school year of service. Employees who work less than five school days per week (part-time employees) shall be granted sick leave in proportion to the time they work. However, any part-time ~~employee~~employees who ~~is~~are entitled to less than three days of paid sick leave per year due to the amount of time worked shall be granted sick leave pursuant to Labor Code 246, if ~~he/she is~~they are eligible. (Education Code 44978; Labor Code 245-249)

Use of Sick Leave

A certificated employee may use sick leave for absences as authorized by law and/or collective bargaining agreement, including, but not limited to:

~~**Use of Sick Leave**~~

~~Certificated employees may use sick leave for absences due to:~~

1. Accident or illness, whether or not the absence arises out of ~~or~~and in the course of employment; quarantine which results from contact in the course of employment with other persons having a contagious disease ~~during the employee's performance of his/her duties~~; or temporary inability to perform assigned duties because of illness, accident, or quarantine (Education Code 44964)

2. Pregnancy, miscarriage, childbirth, and related recovery, as well as reproductive loss (Education Code 44965, 44978~~)~~; Government Code 12945.6)

3. Personal necessity (Education Code 44981)

4. Medical and dental appointments, in increments of not less than one hour

5. Industrial accidents or illnesses when leave granted specifically for that purpose has been exhausted (Education Code 44984)

~~1. In any calendar year, an employee may use the amount of sick leave he/she would accrue during six months at his/her current rate of entitlement for the following: (Labor Code 233, 246.5)~~

6. Need of the employee to bond with a child within one year of the child's birth, adoption, or foster care placement (parental leave) (Education Code 44977.5; Government Code 12945.2; 29 USC 2612; 29 CFR 825.112)

~~6.~~7. Need of the employee or ~~his/her~~employee's family member, including a designated person, as defined in Labor Code 245.5, for the diagnosis, care, or treatment of an existing health condition or for preventive care (Government Code 12945.2; Labor Code 233, 246.5)

~~7.~~8. Need of the employee to seek or obtain any relief or medical attention specified in Labor Code 230(c) and~~/or~~ 230.1(a) for the health, safety, or welfare of the employee~~,~~ or ~~his/her~~the employee's child, when the employee has been a victim of domestic violence, sexual assault, or stalking (Labor Code 233, 246.5)

9. Bereavement leave, as specified in Administrative Regulation 4161.2/4261.2/4361.2 - Personal Leaves (Education Code 44985; Government Code 12945.7)

For the purposes specified in Items #7-8, an employee may use, in any calendar year, the amount of sick leave that would be accrued during six months at the employee's then current rate of entitlement. (Labor Code 233)

An employee may take sick leave at any time during the school year, even if credit for sick leave has not yet been accrued. (Education Code 44978)

~~An employee shall reimburse the district for any unearned sick leave used as of the date of his/her termination.~~

Unused days of sick leave shall be accumulated from year to year without limitation. (Education Code 44978)

An employee shall reimburse the district for any unearned sick leave used as of the date of termination, in accordance with Education Code 44042.5.

At the beginning of each school year, employees shall be notified of the amount of sick leave they have accumulated.

The district shall not require new employees to waive leave accumulated in a previous district. (Education Code 44979, 44980)

The Superintendent or designee shall notify any certificated employee who leaves the district after at least one school year of employment that if the employee accepts a certificated position in another district, county office of education, or community college district within one year, ~~he/she may request that the district transfer his/her accumulated sick leave to the new employer. (Education Code 44979, 44980)~~

~~**Notification of Absence**~~

~~An employee shall notify the district of his/her~~the employee may request that the district transfer any accumulated sick leave to the new employer. (Education Code 44979, 44980)

Additional Leave for Disabled Military Veterans

In addition to any other entitlement for sick leave with pay, a certificated employee who is a former active duty member of the U.S. Armed Forces or a former or current member of the California National Guard or a federal reserve component shall be entitled to sick leave with pay of up to 10 days for the purpose of undergoing medical treatment, including mental health treatment, for a military service-connected disability rated at 30 percent or more by the U.S. Department of Veterans Affairs. An eligible employee who works less than five days per week shall be entitled to such leave in proportion to the time worked. (Education Code 44978.2)

The amount of leave shall be credited to the employee either on the date the employee receives confirmation of the submission of the disability application to the U.S. Department of Veterans Affairs or on the first day the employee begins or returns to employment after active duty, whichever is later. When the employee receives the disability rating decision, the employee shall report that information to the Superintendent or designee. If the disability rating decision makes the employee eligible for the leave, the time used before the decision shall be counted toward the 10-day maximum leave. If the disability rating decision makes the employee ineligible for the leave, the district may change the sick leave time used before the disability rating decision to an alternative leave balance. (Education Code 44978.2)

The Superintendent or designee may require verification, in accordance with the section "Verification Requirements" below, that the employee used the leave to obtain treatment of a military service-connected disability.

Leave for military-service connected disability shall be available for 12 months following the first date that the leave was credited. Leave not used during the 12-month period shall not be carried over and shall be forfeited. (Education Code 44978.2)

Notification of Absence

An employee shall notify the Superintendent or designee of the need to be absent as soon as such need is known, so that substitute services may be secured. This notification shall include an estimate of the expected duration of absence. If the absence becomes longer than estimated, the employee shall so notify the district. If the duration of absence becomes shorter than estimated, the employee shall notify the district not later than three o'clock in the afternoon of the day preceding the day on which ~~he/she~~the employee intends to return to work. If the employee fails to notify the district and the failure results in a substitute being secured, the cost of the substitute shall be deducted from the employee's pay.

Continued Absence After Available Sick Leave Is Exhausted/Differential Pay

During each school year, when a certificated employee has exhausted all available sick leave, including all accumulated sick leave, and, due to illness or ~~injury~~accident, continues to be absent ~~from his/her duties~~ for an additional period of up to five school months, the ~~employee~~district shall ~~receive his/her~~deduct from the employee's regular salary ~~minus~~for that period the actual cost of a substitute to fill the position. If the district has made every reasonable effort to secure the services of a substitute and has been unable to do so, the amount that would have been paid to a substitute shall be deducted from the employee's salary. (Education Code 44977)

An employee shall not be provided more than one five-month period per illness or ~~injury~~accident. However, if the school year ends before the five-month period is exhausted, the employee may take the balance of the five-month period in a subsequent school year. (Education Code 44977)

~~In addition, during each school year, any~~

Absence Beyond Five-Month Period/Reemployment List

If a certificated employee is not medically able to ~~resume his/her duties~~return to work after the five-month period provided pursuant to Education Code 44977, the employee shall be placed either in another position or on a reemployment list. Placement on the reemployment list shall be for 24 months for probationary employees or 39 months for permanent employees and shall begin at the expiration of the five-month period. If during this time the employee becomes medically able, ~~he/she shall be returned to employment in a position for which he/she is credentialed and qualified. (Education Code 44978.1)~~

~~**Verification Requirements**~~

the employee shall be returned to employment in a position for which the employee is credentialed and qualified. (Education Code 44978.1)

Parental Leave

During each school year, a certificated employee may use all available sick leave, including accumulated sick leave, for the purpose of parental leave for a period of up to 12 work weeks. The 12-week period shall be reduced by any period of sick leave, including accumulated sick leave, taken during a period of such parental leave. (Education Code 44977.5)

Eligibility for such leave shall not require 1,250 hours of service with the district during the previous 12 months. (Education Code 44977.5)

An employee who has exhausted all available sick leave, including accumulated sick leave, and continues to be absent on account of parental leave shall receive differential pay of at least 50 percent of the employee's regular salary for the remainder of the 12 work weeks. (Education Code 44977.5)

Parental leave taken pursuant to Education Code 44977.5 shall run concurrently with the parental leave taken pursuant to Government Code 12945.2 or 12945.6, and the aggregate amount of parental leave shall not exceed 12 work weeks in a 12-month period. (Education Code 44977.5; Government Code 12945.2, 12945.6)

Verification Requirements

After any absence due to illness or injury, the employee shall verify the absence by submitting a completed and signed district absence form to ~~his/her~~the employee's immediate supervisor.

The Superintendent or designee may require verification whenever an employee's absence record shows chronic absenteeism or a pattern of absences immediately before or after weekends and/or holidays or whenever available evidence clearly indicates that an absence is not related to illness or injury.

In addition, the Superintendent or designee may require an employee to visit a physician selected by the district, at district expense, in order to receive a report on the ~~medical condition of the employee. The report shall include a statement as to the~~ employee's need for further leave of

absence and a prognosis as to when the employee will be able to return to work. If the report concludes that the employee's condition does not warrant continued absence, the Superintendent or designee may, after giving notice to the employee, deny further leave.

Any district request for additional verification by an employee's physician or a district-selected physician shall be in writing and shall specify that the report to be submitted to the district should not contain the employee's genetic information. Any genetic information received by the district on behalf of an employee shall be treated as a confidential medical record, maintained in a file separate from the employee's personnel file, and ~~shall~~ not be disclosed except in accordance with 29 CFR 1635.9.

Before returning to work, an employee who has been absent for surgery, hospitalization, or extended medical treatment may be asked to submit a letter from ~~his/her~~a physician stating that ~~he/she~~the employee is able to return to duty and stipulating any necessary restrictions or limitations.

Healthy Workplaces, Healthy Families Act Requirements

No employee shall be denied the right to use accrued sick days, and the district shall not in any manner discriminate or retaliate against an employee for using or attempting to use sick leave, filing a complaint with the Labor Commissioner, or alleging district violation of Labor Code 245-249.

To ensure the district's compliance with Labor Code 245-249, the Superintendent or designee shall:

1. At a conspicuous location in each workplace, display a poster on paid sick leave that includes the following information:

    a. That an employee is entitled to accrue, request, and use paid sick days

    b. The ~~amount~~number of sick days provided by Labor Code 245-249

    c. The terms of use of paid sick days

    d. That discrimination or retaliation against an employee for requesting and/or using sick leave is prohibited by law and that an employee has the right to file a complaint with the Labor Commissioner if the district discriminates or retaliates against ~~him/her~~ the employee

2. Provide at least ~~24~~40 hours or ~~three~~five days of paid sick leave to each eligible employee to use per year and allow eligible employees to use accrued sick leave upon reasonable request

3. Provide eligible employees written notice, on their pay stub or other document issued with their pay check, of the amount of paid sick leave they have available

4. Keep a record documenting the hours worked and paid sick days accrued and used by each eligible employee for three years

Regulation 4261.1: Personal Illness/Injury Leave

Status: ADOPTED

Original Adopted Date: 03/01/2017 | **Last Revised Date:** 06/01/2024 | **Last Reviewed Date:** 06/01/2024

The following administrative regulation applies to classified employees, including classified management. For certificated employees, including certificated management, see Administrative Regulation 4161.1/4361.1 - Personal Illness/Injury Leave.

Classified employees employed five days a week are entitled to 12 days leave of absence with full pay ~~per fiscal year~~ for personal illness or injury (sick leave~~).~~) per fiscal year. Employees who work less than a full fiscal year or fewer than five days a week (part-time employees) shall be granted sick leave in proportion to the time they work. However, ~~any~~ part-time ~~employee whose work hours~~employees who are ~~so few as to entitle him/her~~entitled to less than 24 hours of paid sick leave per fiscal year due to the amount of time worked shall be granted sick leave pursuant to Labor Code 246, if ~~he/she is~~they are eligible. (Education Code 45191; Labor Code 245-249)

Use of Sick Leave

A classified employee may use sick leave for absences ~~due to~~ as authorized by law and/or collective bargaining agreement, including, but not limited to:

1. Accident or illness, whether or not the absence arises out of or in the course of employment, or by quarantine which results from contact in the course of employment with other persons having a contagious disease ~~during the employee's performance of his/her duties~~ (Education Code 45199)

2. Pregnancy, miscarriage, childbirth, and related recovery, as well as reproductive loss (Education Code 45193~~);~~ Government Code 12945.6)

3. Personal necessity ~~as specified in~~ (Education Code 45207)

4. Medical ~~or~~and dental appointments, in increments of not less than one hour

5. Industrial accident or illness when leave granted specifically for that purpose has been exhausted (Education Code 45192)

~~1. Illness of the employee's child, parent, spouse, domestic partner, or domestic partner's child for up to the amount of leave that would be accrued during six months for personal illness or injury (Labor Code 233)~~

6. Need of an employee to bond with a child within one year of the child's birth, adoption, or foster care placement (parental leave) (Education Code 45196.1; Government Code

12945.2; 29 USC 2612; 29 CFR 825.112)

6.7. Need of the employee or his/her the employee's family member, including a designated person, as defined in Labor Code 245.5, for the diagnosis, care, or treatment of an existing health condition or for preventive care ((Government Code 12945.2; Labor Code 233, 246.5)

7.8. Need of the employee to seek or obtain or seek any relief or medical attention specified in Labor Code 230(c) and 230.1(a) for the health, safety, or welfare of the employee, or his/herthe employee's child, when the employee has been a victim of domestic violence, sexual assault, or stalking (Labor Code 233, 246.5)

9. Bereavement leave, as specified in Administrative Regulation 4161.2/4261.2/4361.2 - Personal Leaves (Education Code 45194; Government Code 12945.7)

For the purposes specified in Items #7-8, an employee may use, in any calendar year, the amount of sick leave that would be accrued during six months at the employee's then current rate of entitlement. (Labor Code 233)

An employee may take leave for personal illness or injury at any time during the year, even if credit for such leave has not yet been accrued. However, a new full-time classified employee shall not be entitled to more than six days of sick leave, or the proportionate amount to which the employee may be entitled, until he/shethe first day of the month after the employee has completed six months of active service with the district. (Education Code 45191)

Unused days of sick leave shall be accumulated from year to year without limitation. (Education Code 45191)

An employee shall reimburse the district for any unearned sick leave used as of the date of his/her termination., in accordance with Education Code 44042.5.

At the beginning of each school year, employees shall be notified of the amount of sick leave they have accumulated.

The district shall not require newly employed classified employees to waive leave accumulated in a previous district. However, if the employee's previous employment was terminated for cause, the transfer of the accumulated leave shall be made only if approved by the Governing Board of Trustees. . (Education Code 45202)

The Superintendent or designee shall notify any classified employee whose employment with the district is terminated after at least one calendar year for reasons other than for cause that, if he/shethe employee accepts employment in another district, county office of education, or community college district within one year of the termination of employment, he/she shall be entitled to request that the district transfer his/her accumulated sick leave to his/her new employer. (Education Code 45202)

Notification of Absence

An employee shall notify the Superintendent or the designated manager or supervisor of his/herthe employee may request that the district transfer any accumulated sick leave to the new employer. (Education Code 45202)

Additional Leave for Disabled Military Veterans

In addition to any other entitlement for sick leave with pay, a classified employee who is a former active duty member of the U.S. Armed Forces or a former or current member of the California National Guard or a federal reserve component shall be entitled to sick leave with pay of up to 12 days for the purpose of undergoing medical treatment, including mental health treatment, for a military service-connected disability rated at 30 percent or higher by the U.S. Department of Veterans Affairs. An eligible employee who works less than five days per week shall be entitled to such leave in proportion to the time worked. (Education Code 45191.5)

The amount of leave shall be credited to the employee either on the date the employee receives confirmation of the submission of the disability application to the U.S. Department of Veterans Affairs or on the first day the employee begins or returns to employment after active duty, whichever is later. When the employee receives the disability rating decision, the employee shall report that information to the Superintendent or designee. If the disability rating decision makes the employee eligible for the leave, the time used before the decision shall be counted toward the 12-day maximum leave. If the disability rating decision makes the employee ineligible for the leave, the district may change the sick leave time used before the disability rating decision to an alternative leave balance. (Education Code 45191.5)

The Superintendent or designee may require verification, in accordance with the section "Verification Requirements" below, that the employee used the leave to obtain treatment of a military service-connected disability.

Leave for military-service connected disability shall be available for 12 months following the first date that the leave was credited. Leave not used during the 12-month period shall not be carried over and shall be forfeited. (Education Code 45191.5)

Notification of Absence

An employee shall notify the Superintendent or the designated manager or supervisor of the need to be absent as soon as such need is known so that the services of a substitute may be secured as necessary. This notification shall include an estimate of the expected duration of absence. If the absence becomes longer than estimated, the employee shall so notify the district. If the duration of absence becomes shorter than estimated, the employee shall notify the district not later than three o'clock in the afternoon of the day ~~proceeding~~preceding the day on which ~~he/she~~the employee intends to return to work. If the employee fails to notify the district and the failure results in a substitute being secured, the cost of the substitute shall be deducted from the employee's pay.

Continued Absence After Available Sick Leave Is Exhausted/Differential Pay

Each year, each regular classified employee shall be credited with no fewer than 100 working days of paid leave for personal illness or injury, including current year and accumulated days of leave. When the current year and accumulated days at full pay are exhausted, the remainder of the 100 days shall be compensated at 50 percent of the employee's regular salary. Any of the 100 days of leave not used during the year in which they are credited shall be forfeited and shall not accumulate from year to year. This paid leave shall be exclusive of any other paid leave, holidays, vacation, or compensatory time to which the employee may be entitled. (Education Code 45196)

Parental Leave

During each school year, a classified employee may use all available sick leave, including accumulated sick leave, for the purpose of parental leave for a period of up to 12 work weeks. The 12-week period shall be reduced by any period of sick leave, including accumulated sick leave, taken during a period of such parental leave. (Education Code 45196.1)

Eligibility for such leave shall not require 1,250 hours of service with the district during the previous 12 months. (Education Code 45196.1)

An employee who has exhausted all available sick leave, including accumulated sick leave, and continues to be absent on account of parental leave shall receive differential pay of at least 50 percent of the employee's regular salary for the remainder of the 12 work weeks. (Education Code 45196.1)

Parental leave taken pursuant to Education Code 45196.1 shall run concurrently with the parental leave taken pursuant to Government Code 12945.2 or 12945.6, and the aggregate amount of parental leave shall not exceed 12 work weeks in a 12-month period. (Education Code 45196.1; Government Code 12945.2, 12945.6)

Extension of Leave

A permanent employee who is absent because of a personal illness or injury and who has exhausted all available sick leave, vacation, compensatory overtime, and any other paid leave shall be so notified, in writing, and offered an opportunity to request additional leave. The Board may grant the employee additional leave, paid or unpaid, for a period not to exceed six months and may renew this leave for two additional six-month periods or for lesser periods. The total additional leave granted shall not exceed 18 months. (Education Code 45195)

If the employee is still unable to ~~resume his/her duties~~return to work after all available paid and unpaid leaves have been exhausted, the employee shall be placed on a reemployment list for a period of 39 months. If during this time the employee becomes medically able ~~to resume,~~ the ~~duties of his/her position, he/she~~employee shall be offered reemployment in the first vacancy in the classification of ~~his/her~~the employee's previous assignment. During the 39 months, the employee's reemployment shall take preference over all other applicants except those laid off for lack of work or lack of funds, in which case the employee shall be ranked according to ~~his/her~~ seniority. (Education Code 45195)

Verification Requirements

After any absence due to illness or injury, the employee shall submit a completed and signed district absence form to ~~his/her~~ the employee's immediate supervisor.

The Superintendent or designee may~~, at any time,~~ require ~~additional written~~ verification ~~by the employee's physician or medical practitioner. Such verification shall be required~~ whenever an employee's absence record shows chronic absenteeism or a pattern of absences immediately before or after weekends and/or holidays or whenever available evidence clearly indicates that an absence is not related to illness or injury.

In addition, the Superintendent or designee may require an employee to visit a physician selected by the district, at district expense, in order to receive a report on the medical condition of the employee. The report shall include a statement as to the employee's need for additional leave of absence and a prognosis as to when the employee will be able to return to work. If the report concludes that the employee's condition does not warrant continued absence, the Superintendent or designee may, after giving notice to the employee, deny the request for additional leave.

Any district request for additional verification by an employee's physician or a district-selected physician shall be in writing and shall specify that the report to be submitted to the district should not contain the employee's genetic information. Any genetic information received by the district on behalf of an employee shall be treated as a confidential medical record, maintained in a file separate

from the employee's personnel file, and shall not be disclosed except in accordance with 29 CFR 1635.9.

Before returning to work, an employee who has been absent for surgery, hospitalization, or extended medical treatment may be asked to submit a letter from ~~his/her~~a physician stating that ~~he/she~~the employee is able to return to work and stipulating any ~~recommended~~necessary restrictions or limitations.

Short-Term and Substitute Employees

Except for a retired annuitant who is not reinstated to the retirement system, ~~any~~ short-term or substitute ~~employee~~employees who ~~works~~work for 30 or more days within a year of ~~his/her~~their employment shall be entitled to one hour of paid sick leave for every 30 hours worked. Accrued paid sick days shall carry over to the following year of employment, up to a maximum of ~~48 hours. (Labor Code 246)~~80 hours or ten days. However, the district may limit an employee's use of accrued paid sick days to 40 hours or five days in each year of employment. (Labor Code 246)

~~Any~~ Short-term or substitute employees may begin to use accrued paid sick days on the 90th day of ~~his/her~~ their employment, after which they may use the sick days as they are accrued. (Labor Code 246)

A short-term or substitute employee may use accrued sick leave for absences due to: (Labor Code 246.5)

1. ~~His/her~~The employee's own need or the need of a family member, as defined in Labor Code 245.5, for the diagnosis, care, or treatment of an existing health condition or for preventive care

2. Need of the employee to obtain or seek any relief or medical attention specified in Labor Code 230(c) and 230.1(a) for the health, safety, or welfare of the employee, or ~~his/her~~the employee's child, when the employee has been a victim of domestic violence, sexual assault, or stalking

Healthy Workplaces, Healthy Families Act Requirements

No employee, including a short-term or substitute employee, shall be denied the right to use accrued sick days and the district shall not in any manner discriminate or retaliate against an employee for using or attempting to use sick leave, filing a complaint with the Labor Commissioner, or alleging district violation of Labor Code 245-249.

To ensure the district's compliance with Labor Code 245-249, the Superintendent or designee shall:

1. At a conspicuous location in each workplace, display a poster on paid sick leave that includes the following information:

    a. That an employee is entitled to accrue, request, and use paid sick days

    b. The ~~amount~~number of sick days provided by Labor Code 245-249

c. The terms of use of paid sick days

d. That discrimination or retaliation against an employee for requesting and/or using sick leave is prohibited by law and that an employee has the right to file a complaint with the Labor Commissioner if the district discriminates or retaliates against ~~him/her~~ the employee

2. Provide at least ~~24~~40 hours or ~~three~~five days of paid sick leave to each eligible employee to use per year and allow eligible employees to use accrued sick leave upon reasonable request

3. Provide eligible employees written notice, on their pay stub or other document issued with their pay check, of the amount of paid sick leave they have available

4. Keep a record documenting the hours worked and paid sick days accrued and used by each eligible employee for three years

OSD BOARD AGENDA ITEM

Name of Contributor: Dr. Scott Carroll **Date of Meeting:** December 17, 2025

Agenda Section: Section F: Board Policies, First Reading

First Reading: Revisions to AR 4161.2/4261.2/4361.2: Personal Leaves (Carroll)

In response to recent legislative changes and guidance from the California School Boards Association (CSBA), staff recommends adoption of regulations, AR 4161.2/4261.2/4361.2: Personal Leaves.

Key highlights of the update include:

- Incorporation of New Statutory Language: Recent changes in state law have been integrated and are clearly indicated in red underline for ease of review.
- Removal of Outdated Provisions: Superseded or obsolete language has been removed, with all deletions shown in red strikethrough formatting.
- The regulations will be presented for a second reading and adoption at a future board meeting.

FISCAL IMPACT:
N/A

RECOMMENDATION:
It is the recommendation of the Assistant Superintendent, Human Resources, that the Board of Trustees receive the revisions to regulations AR 4161.2/4261.2/4361.2: Personal Leaves for first reading, as presented.

ADDITIONAL MATERIALS:

Attached: REVISED Regulation 4161.2_4262.2_4362.2 Personal Leaves (11 pages)

Regulation 4161.2/4261.2/4361.2: Personal Leaves

Status: ADOPTED

Original Adopted Date: 11/01/2012 **| Last Revised Date: January 2026 | Last Reviewed Date: January 2026**

Personal leaves granted to district employees shall be used as permitted in law, this administrative regulation, other Governing Board-approved policy or district regulation, or applicable collective bargaining agreement~~.~~ , or as otherwise required by law.

For the purpose of any personal leave offered pursuant to state law, a registered domestic partner shall have the same rights, protections, and benefits as a spouse and any protections provided to a spouse's child shall also apply to a child of a registered domestic partner. (Family Code 297.5)

Whenever possible, employees shall request personal leaves in advance and prepare suitable instructions, including lesson plans as applicable, for a substitute employee.

Bereavement

Employees are entitled to a leave of up to ~~three days, or~~ five days ~~if out-of-state travel is required,~~ upon the death of any member of the employee's immediate family~~. No deduction shall be made from the employee's salary, nor shall such leave be deducted from any other leave to which the employee is entitled. (~~, as defined in Education Code 44985~~, and 45194~~)~~

~~Members of the immediate~~.

"Immediate family ~~include: (Education Code 44985, 45194)~~

1. ~~The mother, father, grandmother, grandfather~~" means a parent, parent-in-law, grandparent, or grandchild of the employee or of the ~~employee's~~ spouse
2. ~~The employee's~~ of the employee, and the spouse, ~~son, son-in-law, daughter, daughter~~domestic partner, child, child-in-law, ~~brother~~sibling, or sibling-in-law of the employee, or ~~sister~~

~~Any~~any relative living in the ~~employee's~~ immediate household of the employee. (Education Code 44985, 45194; Government Code 12945.7)

No deduction shall be made from the employee's salary for any authorized paid bereavement leave as specified in the collective bargaining agreement or as otherwise established by this policy, nor shall such leave be deducted from any other leave to which the employee is entitled unless requested by the employee. (Education Code 44985, 45194; Government Code 12945.7)

At the employee's request, bereavement leave may be extended under personal necessity leave provisions as provided in the section "Personal Necessity" below. ~~(Education Code 44981, 45207)~~

~~**Personal Necessity**~~

~~Employees may use a maximum of seven days of their~~ (Education Code 44981, 45207)

Reproductive Loss

Upon request by any employee who has experienced a reproductive loss event, defined as the day or, for a multiple-day event, the final day of a failed adoption, failed surrogacy, miscarriage, stillbirth, or an unsuccessful assisted reproduction, the district shall grant the employee up to five days of reproductive loss leave, to be taken consecutively or non-consecutively. The employee shall take the leave within three months following the event. If the employee is on another type of leave at the time of the reproductive loss event, or chooses to take another type of leave immediately following a reproductive loss event, then the reproductive loss leave shall be completed within three months of the end date of the other leave. (Government Code 12945.6)

Reproductive loss leave will be unpaid unless the employee chooses to use vacation, personal leave, accrued and available sick leave, or compensatory time off that is otherwise available to the employee. (Government Code 12945.6)

Any request or inquiry or information provided by an employee related to reproductive loss leave and/or a reproductive loss shall remain confidential, except to internal personnel or counsel as necessary or as required by law.

Personal Necessity

Employees may use a maximum of seven days of accrued personal illness/injury leave (sick leave) during each school year for reasons of personal necessity. (Education Code 44981, 45207)

Acceptable reasons for the use of personal necessity leave include:

1. Death of a member of the employee's immediate family when the number of days of absence exceeds the limits set by bereavement leave provisions (Education Code 44981, 45207; Government Code 12945.7)

2. An accident involving the employee or ~~his/her~~ the employee's property, or the person or property of a member of the employee's immediate family (Education Code 44981, 45207)

3. Illness, preventive care, or other need of a member of the employee's family, as defined in Labor Code 245.5 (Education Code 44981; Government Code 12945.2; Labor Code 246.5)

4. A classified employee's appearance in any court or before any administrative tribunal as a litigant, party, or witness under subpoena or other order (Education Code 45207)

5. Fire, flood, or other immediate danger to the home of the employee

6. Personal business of a serious nature which the employee cannot disregard

Leave for personal necessity may be allowed for other reasons at the discretion of the Superintendent or designee. However, personal necessity leave shall not be granted for purposes of personal convenience, for the extension of a holiday or vacation, or for matters which can be taken care of outside of working hours. The Superintendent or designee shall have final discretion as to whether ~~or not~~ a request reflects personal necessity.

Advance permission shall not be required of an employee in any case involving the death of a

member of the employee's immediate family, an accident involving the employee's person or property or the person or property of a member of ~~his/her~~the employee's immediate family, or the illness, preventive care, or other need of a member of the employee's family. (Education Code 44981, 45207)

For any leave that is planned, or ~~where~~for which the need ~~for leave~~ is foreseeable, an employee shall notify the Superintendent or designee in advance. In all other circumstances, the employee shall notify the Superintendent or designee of the need for the leave as soon as practicable.

After any absence due to personal necessity, the employee shall verify the absence by submitting a completed and signed district absence form to ~~his/her~~the employee's immediate supervisor.

Leave to Perform Legal Duties

An employee may take time off work in order to: (Labor Code 230)

~~**Legal Duties**~~

1. Serve on an inquest jury or trial jury
2. Comply with a subpoena or other court order to appear as a witness

Notices, summons, and subpoenas for court appearances shall be submitted to the district office when requesting leave.

A classified employee called for jury duty shall be granted leave with pay up to the amount of the difference between ~~his/her~~the employee's regular earnings and any amount received for jury fees. (Education Code 44037)

A certificated employee who is called for jury duty also shall be granted leave with pay up to the difference between ~~his/her~~the employee's regular earnings and any jury fees ~~he/she~~ received.

~~An~~ (Education Code 44036)

A certificated employee shall be granted leave with pay to appear in court as a witness other than as a litigant or to respond to an official order from another governmental jurisdiction for reasons not brought about through the connivance or misconduct of the employee. Such an employee shall receive the difference between ~~his/her~~the employee's regular earnings and any witness fees ~~he/she~~ received. (Education Code 44036)

Leaves for Crime Victims for Judicial Proceedings

An employee ~~may be absent from work in order to attend judicial proceedings related to a crime when he/she~~who is a victim~~,~~ of a crime or an immediate family member, registered domestic partner, or child of a registered domestic partner of ~~a~~such victim~~, of~~ may be absent from work in order to attend related judicial proceedings, if the crime is any of the following ~~crimes:~~ (Labor Code 230.2)

1. A violent felony as defined in Penal Code 667.5(c)

2. A serious felony as defined in Penal Code 1192.7(c)

3. A felony provision of law proscribing theft or embezzlement

For these purposes, the employee may use vacation, personal leave, personal illness/injury leave, unpaid leave, or compensatory time off that is otherwise available to the employee. (Labor Code 230.2)

Prior to taking time off, an employee shall give ~~his/her supervisor~~the Superintendent or designee a copy of the notice of each scheduled proceeding that is provided by the responsible agency, unless advance notice is not feasible. When advance notice is not feasible or an unscheduled absence occurs, the employee shall, within a reasonable time after the absence, provide documentation evidencing the judicial proceeding from the court or government agency setting the hearing, the district attorney or prosecuting attorney's office, or the victim/witness office that is advocating on behalf of the victim. (Labor Code 230.2)

The district shall keep confidential any records pertaining to the employee's absence from work by reason of this leave. (Labor Code 230.2)

Leaves for Victims of ~~Domestic Violence, Sexual Assault and Stalking~~

Crime or Abuse

An employee who is a victim of domestic violence, sexual assault, ~~or~~ stalking, or a crime that caused physical injury or mental injury with a threat of physical injury or an employee whose immediate family member, as defined ~~by law~~, is deceased as the direct result of a crime may use vacation, sick leave, personal leave, or compensatory time off that is otherwise available to ~~him/her under~~ the ~~terms of his/her employment~~employee to attend to the following activities: (Labor Code 230, 230.1, 246.5)

1. Obtain or attempt to obtain any relief, including, but not limited to, a temporary restraining order, restraining order, or other injunctive relief to help ensure the health, safety, or welfare of the employee or ~~his/her~~the employee's child

2. Seek medical attention for injuries caused by ~~domestic violence, sexual assault,~~crime or ~~stalking~~abuse

3. Obtain services from a domestic violence shelter, program, ~~or~~ rape crisis center, or victim services organization or agency as a result of ~~domestic violence, sexual assault, or stalking~~the crime or abuse

4. Obtain psychological counseling or mental health services related to an experience of ~~domestic violence, sexual assault, or stalking~~crime or abuse

5. Participate in safety planning and take other actions to increase safety from future ~~domestic violence, sexual assault, or stalking~~crime or abuse, including temporary or permanent relocation

Prior to taking time off, an employee shall give reasonable notice to ~~his/her supervisor~~the Superintendent or designee, unless advance notice is not feasible. When an unscheduled absence

occurs, the employee shall provide, within a reasonable period of time, certification of the absence in the form of any of the following: (Labor Code 230, 230.1)

1. A police report indicating that the employee was a victim ~~of domestic violence, sexual assault, or stalking~~

2. A court order protecting or separating the employee from the perpetrator of ~~an act of domestic violence, sexual assault, or stalking~~the crime or abuse, or other evidence from the court or prosecuting attorney that the employee has appeared in court

3. Documentation from a domestic violence or sexual assault counselor as defined in Evidence Code 1037.1 or 1035.2, licensed medical professional or health care provider, victim advocate, or counselor that the employee was undergoing treatment or receiving services for physical or mental injuries or abuse resulting in victimization from ~~an act of domestic violence, sexual assault, or stalking~~the crime or abuse

4. Any other form of documentation that reasonably verifies that the crime or abuse occurred, including, but not limited to, a written statement signed by the employee or by an individual acting on the employee's behalf certifying that the absence is for a purpose authorized under Labor Code 230 or 230.1

The district shall maintain the confidentiality of such an employee to the extent authorized by law. (Labor Code 230, 230.1)

The Superintendent or designee shall inform employees of the rights provided employees pursuant to Labor Code 230 and 230.1 using a form developed by the Labor Commissioner or a substantially similar form developed by the district. Such information shall be provided to new employees upon hire and to other employees upon request. (Labor Code 230.1)

Personal Leave for Child-Related Activities

Any employee who is a parent/guardian of one or more children of an age to attend any of grades K-12 or a program offered by a licensed child care provider may use up to 40 hours of personal leave, vacation, or compensatory time off each school year in order to: (Labor Code 230.8)

1. Find, enroll, or reenroll ~~his/her~~a child in a school or with a licensed child care provider or to participate in activities of the school or child care provider, provided the employee gives reasonable advance notice of the absence. Time off for this purpose shall not exceed eight hours in any calendar month.

2. Address a school or child care emergency, provided the employee gives notice. An emergency exists when the child cannot remain in school or with a child care provider due to one of the following circumstances:

    a. A request by the school or child care provider that the child be picked up

    b. An attendance policy, excluding planned holidays, that prohibits the child from attending or requires that the child be picked up from the school or child care provider

    c. Behavioral or discipline problems

d. Closure or unexpected unavailability of the school or child care provider, excluding planned holidays

e. A natural disaster, including, but not limited to, fire, earthquake, or flood

For purposes of this leave, parent/guardian includes a parent, guardian, stepparent, foster parent, grandparent, or person who stands in loco parentis to a child. (Labor Code 230.8)

In lieu of using vacation, personal leave, or compensatory time off, eligible employees may take unpaid leave for this purpose.

If two or more ~~parent/guardian~~parents/guardians of a child are employed at the same work site, this leave shall be allowed for the parent/guardian who first gives notice to the district. Simultaneous absence by another parent/guardian of the child may be granted by the Superintendent or designee. (Labor Code 230.8)

Upon request by the Superintendent or designee, the employee shall provide documentation from the school or licensed child care provider that ~~he/she~~the employee engaged in permitted child-related activities on a specific date and at a particular time. (Labor Code 230.8)

Service on Education Boards and Committees

Upon request, a certificated employee shall be granted up to 20 school days of paid leave per school year for service performed within the state on any education board, commission, committee, or group authorized by Education Code 44987.3 provided that all of the following conditions are met: (Education Code 44987.3)

1. The service is performed within the state~~.~~
2. The board, commission, organization, or group informs the district in writing of the service~~.~~
3. The board, commission, organization, or group agrees, prior to the service, to reimburse the district, upon the district's written request, for compensation paid to the employee's substitute and for actual related administrative costs~~.~~

Employee Organization Activities

Upon request, any certificated or classified employee shall be granted a leave of absence without loss of compensation, to serve as an elected officer of a district employee organization or any statewide or national employee organization with which the employee organization is affiliated. Such leave shall be in addition to any other leave to which the employee may be entitled by other laws or a memorandum of understanding or collective bargaining agreement. (Education Code 44987, 45210)

The leave shall include, but is not limited to, absence for purposes of attending periodic, stated, special, or regular meetings of the body of the organization~~.~~ on which the employee serves as an officer. (Education Code 44987, 45210)

Upon request of an employee organization in the district or its state or national affiliate, a reasonable number of unelected classified employees shall be granted a leave of absence without loss of compensation for the purpose of attending important organizational activities authorized by the employee organization. The employee organization shall provide reasonable notification to the Superintendent or designee when requesting a leave of absence for employees for this purpose. (Education Code 45210)

When leave is granted for any of the above purposes, the employee organization shall reimburse the district within 10 days after receiving the district's certification of payment of compensation to the employee. (Education Code 44987, 45210)

Religious Leave

The Superintendent or designee may grant an employee up to three days of leave per year for religious purposes, provided that the leave is requested in advance and that it does not cause additional district expenditures, the neglect of assigned duties, or any other unreasonable hardship on the district.

The Superintendent or designee shall deduct the cost of hiring a substitute, when required, from the wages of the employee who takes religious leave.

No employee shall be discriminated against for using this leave or any additional days of unpaid leave granted for religious observances at the discretion of the Superintendent or designee.

Spouse on Leave from Military Deployment

An employee who works an average of 20 hours or more per week and whose spouse is a member of the United States Armed Forces, National Guard, or reserves may take up to 10 days of unpaid leave during a period that ~~his/her~~the employee's spouse is on leave from deployment during a military conflict, as defined in Military and Veterans Code 395.10. (Military and Veterans Code 395.10)

Within two business days of receiving official notice that ~~his/her~~the employee's spouse will be on leave from deployment, the employee shall provide the Superintendent or designee with notice of ~~his/her~~the intention to take the leave. The employee shall submit written documentation certifying that ~~his/her~~the employee's spouse will be on leave from deployment during the time that the leave is requested. (Military and Veterans Code 395.10)

Leave for Emergency Duty

An employee may take time off to perform emergency duty as a volunteer firefighter, a reserve peace officer, or emergency rescue personnel. (Labor Code 230.3)

Any employee who performs duty as a volunteer firefighter, reserve peace officer, or emergency rescue personnel shall be permitted to take temporary leaves of absence, not to exceed an aggregate total of 14 days per calendar year, for the purpose of engaging in fire, law enforcement, or emergency rescue training. (Labor Code 230.4)

Civil Air Patrol Leave

An employee may take up to 10 days of unpaid leave per calendar year, beyond any leave otherwise available to ~~him/her~~the employee, to respond to an emergency operational mission of the California Civil Air Patrol, provided that the employee has been employed by the district for at least a 90-day period immediately preceding the leave. Such leaves shall not exceed three days for a single mission, unless an extension is granted by the governmental entity authorizing the mission and is approved by the Superintendent or designee. (Labor Code 1501, 1503)

The employee shall give the district as much advance notice as possible of the intended dates of the leave. The Superintendent or designee may require certification from the proper Civil Air Patrol authority to verify the eligibility of the employee for the leave and may deny the leave if the employee fails to provide the required certification. (Labor Code 1503)

OSD BOARD AGENDA ITEM

Name of Contributor: Dr. Scott Carroll **Date of Meeting:** December 17, 2025

Agenda Section: Section F: Board Policies, Second Reading

Second Reading and Adoption – New BP/AR 4118: Dismissal/Suspension/Disciplinary Action and Revisions to BP/AR 4218: Dismissal/Suspension/Disciplinary Action (Carroll)

In response to recent legislative changes and updated guidance from the California School Boards Association (CSBA), the District has undertaken a comprehensive revision of the relevant policy and regulation. This update ensures that our governance framework remains current, legally compliant, and aligned with best practices.

As part of this process, Board Policy and Administrative Regulation 4218: Dismissal/Suspension/Disciplinary Action, which pertains to classified employees, have been revised to reflect updated legal requirements and remove outdated provisions.

In addition, Board Policy and Administrative Regulation 4118: Dismissal/Suspension/Disciplinary Action, which pertain to certificated employees, have been added to further support and clarify the District's disciplinary procedures and expectations.

Key Highlights of the Update:

- Incorporation of New Statutory Language: Recent changes in state law have been integrated into the policies and regulations. For ease of review, new language is indicated in red underline.
- Removal of Outdated Provisions: Superseded or obsolete language has been removed, with all deletions shown in red strikethrough formatting.
- Expansion of Policy Framework: The addition of BP/AR 4118 establishes clear procedures for certificated employees, complementing the revised BP/AR 4218 for classified employees.

FISCAL IMPACT:
N/A

RECOMMENDATION:
It is the recommendation of the Assistant Superintendent, Human Resources, that the Board of Trustees approve and adopt the attached policies and regulations, as presented.

ADDITIONAL MATERIALS:

Policy 4118: Dismissal/Suspension/Disciplinary Action

Status: NEW

Original Adopted Date: 12/17/2025 | Last Revised Date: 12/17/2025 | Last Reviewed Date: 12/17/2025

The Governing Board expects all employees to perform their jobs satisfactorily, exhibit professional and appropriate conduct, and serve as positive role models both at school and in the community. A certificated employee may be disciplined for conduct or performance in accordance with law, the applicable collective bargaining agreement, Board policy, or administrative regulation.

Disciplinary action shall be based on the particular facts and circumstances involved and the severity of the conduct or performance.

The Superintendent or designee shall ensure that disciplinary actions are appropriately documented and taken in a consistent, nondiscriminatory manner. In addition, an employee shall not be suspended, disciplined, reassigned, transferred, dismissed, or otherwise retaliated against solely for engaging in protected activities, or for acting to protect a student engaged in exercising any free speech or press right authorized by, or for refusing to infringe upon a student's conduct protected pursuant to, Education Code 48907 or 48950.

Disciplinary actions may include, but are not limited to, verbal and written warnings, suspension or leave without pay, or dismissal.

Suspension/Dismissal Procedures

The Superintendent shall notify the Board whenever there is cause to suspend or dismiss an employee pursuant to Education Code 44932 or 44933.

When the Board finds that there is cause to suspend or dismiss an employee pursuant to Education Code 44932 or 44933, it may formulate a written statement of charges specifying instances of behavior and the acts or omissions constituting the charge, the statutes and rules that the employee is alleged to have violated when applicable, and the facts relevant to each charge. The Board shall also review any duly signed and verified written statement of charges filed by any other person. (Education Code 44934, 44934.1)

Based on the written statement of charges, the Board may, upon majority vote, give notice to the employee of the Board's intention to suspend or dismiss the employee at the expiration of 30 days from the date the notice is served. (Education Code 44934, 44934.1)

Prior to serving a suspension or dismissal notice that includes a charge of unsatisfactory performance, the district shall give the employee written notice of the unsatisfactory performance that specifies the nature of the unsatisfactory performance with such specific instances of behavior and with such particularity as to furnish the employee an opportunity to correct the faults and overcome the grounds for any unsatisfactory performance charges and, if applicable, that includes the evaluation made pursuant to Education Code 44660-44665. The written notice of the unsatisfactory performance shall be provided at least 90 days prior to the filing of the suspension or dismissal notice or prior to the last one-fourth of the school days in the year. (Education Code 44938)

Prior to serving a suspension or dismissal notice that includes a charge of unprofessional conduct, the district shall give the employee written notice that describes the nature of the unprofessional conduct with such specific instances of behavior and with such particularity as to furnish the employee an opportunity to correct the faults and overcome the grounds for any unprofessional conduct charges and, if applicable, that includes the evaluation made pursuant to Education Code 44660-44665. The written notice of the unprofessional conduct shall be provided at least 45 days prior to the filing of the suspension or dismissal notice. (Education Code 44938)

Except for notices that only include charges of unsatisfactory performance, the written suspension or dismissal notice may be served at any time of year. Such notice shall be served upon the employee personally if given outside of the instructional year or, if given during the instructional year, may be served personally or by registered mail to the employee's last known address. Notices with a charge of unsatisfactory performance shall be given only during the instructional year of the school site where the employee is physically employed and may be served personally or by registered mail to the employee's last known address. (Education Code 44936)

If an employee has been served notice and demands a hearing pursuant to Government Code 11505 and 11506, the Board shall either rescind its action or schedule a hearing on the matter. (Education Code 44941, 44941.1, 44943, 44944)

Pending suspension or dismissal proceedings for an employee who is charged with egregious misconduct, immoral conduct, conviction of a felony or of any crime involving moral turpitude, incompetency due to mental disability, or willful refusal to perform regular assignments without reasonable cause as prescribed by district rules and regulations, the Board may, if it deems it necessary, immediately suspend the employee from assigned duties. If the employee files a motion with the Office of Administrative Hearings for immediate reversal of the suspension based on a cause other than egregious misconduct, the Board may file a written response before or at the time of the hearing. (Education Code 44939, 44939.1)

When a suspension or dismissal hearing is to be conducted by a Commission on Professional Competence, the Board shall, no later than 45 days before the date set for the hearing, select one person with a currently valid credential to serve on the Commission. The appointee shall not be an employee of the district and shall have at least three years' experience within the past 10 years at the same grade span or assignment as the employee, as defined in Education Code 44944. (Education Code 44944)

Compulsory Leave of Absence

Upon being informed that a certificated employee has been charged with a mandatory leave of absence offense, the Superintendent or designee shall immediately place the employee on a compulsory leave of absence. (Education Code 44940, 44940.5)

Regulation 4118: Dismissal/Suspension/Disciplinary Action

Status: NEW

Original Adopted Date: 12/17/2025 | Last Revised Date: 12/17/2025| Last Reviewed Date: 12/17/2025

Causes for Suspension or Dismissal

A certificated employee with permanent status may be suspended without pay or dismissed only for one or more of the following causes: (Education Code 44932)

1. Immoral conduct including, but not limited to, egregious misconduct that is the basis for a sex offense or controlled substance offense described in Education Code 44010 or 44011 or child abuse and neglect as described in Penal Code 11165.2-11165.6
2. Unprofessional conduct
3. Commission, aiding, or advocating the commission of acts of criminal syndicalism
4. Dishonesty
5. Unsatisfactory performance
6. Evident unfitness for service
7. Physical or mental condition unfitting the employee to instruct or associate with children
8. Persistent violation of or refusal to obey the school laws or reasonable regulations of the state or district
9. Conviction of a felony or of any crime involving moral turpitude
10. Violation of Education Code 51530 or Government Code 1028 prohibiting the advocacy or teaching of communism
11. Alcoholism or other drug abuse that makes the employee unfit to instruct or associate with children

An employee may be suspended or dismissed on grounds of unprofessional conduct consisting of acts or omissions not listed above if the charge specifies instances of behavior deemed to constitute unprofessional conduct. (Education Code 44933)

Suspension/Dismissal of Permanent Employees

When a permanent certificated employee is charged with one or more of the offenses specified in the section "Causes for Suspension or Dismissal" above, the following procedures shall apply:

1. The person preparing a written statement of charges that there is cause to suspend or dismiss an employee shall submit the signed statement to the Governing Board, or a written statement of charges shall be formulated by the Board that cause to suspend or dismiss the permanent employee exists. (Education Code 44934, 44934.1)

2. The employee, upon receiving notice of the Board's intent to suspend or dismiss, may request a hearing on the matter. The hearing shall be conducted by the Commission on Professional Competence, except that any case involving only egregious misconduct shall be heard instead by an administrative law judge and, in any other case, the hearing may be conducted by an administrative law judge when both the district and the employee so stipulate. (Education Code 44943, 44944, 44944.05, 44944.1, 44944.3)

3. Except when the employee is charged solely with egregious misconduct, the district may amend the charges less than 90 days before the hearing only upon showing of good cause and upon approval of the administrative law judge. (Education Code 44934)

4. The employee shall be suspended or dismissed when the Commission on Professional Competence or administrative law judge has issued its decision upholding suspension or dismissal or, if the employee did not request a hearing, at the expiration of 30 days after service of the notice of intent to suspend or dismiss. (Education Code 44941, 44943, 44944)

The Superintendent or designee shall notify the Commission on Teacher Credentialing when the employment status of a certificated employee has been changed as a result of alleged misconduct or while an allegation of misconduct is pending. (Education Code 44030.5, 44242.5, 44940; 5 CCR 80303)

Suspension/Dismissal of Probationary Employees

The district may choose not to rehire probationary employees for the following school year without giving a statement of reasons if proper notice is provided by March 15 of the employee's second, complete, consecutive year of employment. (Education Code 44929.21, 44929.23)

During the school year, a probationary employee who is in the first or second year of service may be dismissed only for one or more of the causes listed in Items #1-11 in the section "Causes for Suspension or Dismissal" above or for unsatisfactory performance determined pursuant to Education Code 44660-44665. (Education Code 44948.2, 44948.3)

Whenever a first- or second-year probationary employee is so charged, the following procedures shall apply for dismissing the employee during the school year: (Education Code 44948.3)

1. The Superintendent or designee shall give 30 days' prior written notice of dismissal, not later than March 15 in the case of second-year probationary employees. The notice shall include a statement of the reasons for the dismissal, notice of the opportunity to appeal, and, if the cause is unsatisfactory performance, a copy of the evaluation conducted pursuant to Education Code 44664.

2. Upon receipt of the notice of dismissal, the employee may be dismissed if no request for a hearing is submitted to the Board within 15 days.

3. If a hearing is requested, the district may arrange for the appointment of an administrative law judge to conduct the hearing and to recommend a decision to the Board.

A probationary employee may be suspended without pay for a specified period of time as an alternative to dismissal. (Education Code 44948.3)

Compulsory Leave of Absence

Upon being informed that a certificated employee has been charged with a "mandatory leave of absence offense," the Superintendent or designee shall immediately place the employee on a leave of absence. A mandatory leave of absence offense includes: (Education Code 44830.1, 44940)

1. Any sex offense as defined in Education Code 44010
2. Violation or attempted violation of Penal Code 187, prohibiting murder or attempted murder
3. Any offense involving the unlawful sale, use, or exchange to minors of controlled substances as listed in Health and Safety Code 11054, 11055, and 11056

The Superintendent or designee may place on an immediate compulsory leave of absence a certificated employee who is charged with an "optional leave of absence offense," defined as a controlled substance offense specified in Education Code 44011 and Health and Safety Code 11357-11361, 11363, 11364, and 11370.1, except as it relates to marijuana, mescaline, peyote, or tetrahydrocannabinol. (Education Code 44940)

If an employee is charged with an offense that falls into both the mandatory and optional leave of absence definitions, the offense shall be treated as a mandatory leave of absence offense. (Education Code 44940)

An employee's compulsory leave for a mandatory or optional leave of absence offense may extend for not more than 10 days after the entry of judgment in the criminal proceedings. However, the compulsory leave may be extended if the Board gives notice, within 10 days after the entry of judgment in the proceedings, that the employee will be dismissed within 30 days from the date of service of the notice unless a hearing is demanded. (Education Code 44940, 44940.5)

During the period of compulsory leave, the employee shall be compensated in accordance with Education Code 44940.5.

Upon receipt of telephone or electronic notification from the Department of Justice that a current temporary, substitute, or probationary employee serving before March 15 of the second probationary year has been convicted of a violent or serious felony, the Superintendent or designee shall immediately place the employee on leave without pay. Upon receipt of electronic notification of the conviction from the Department of Justice, such employee shall be automatically terminated and without regard to any other termination procedure. (Education Code 44830.1)

Policy 4218: Dismissal/Suspension/Disciplinary Action

Status: ADOPTED

Original Adopted Date: 07/01/2019 **| Last Revised Date: 12/17/2025 | Last Reviewed Date: 12/17/2025**

The Governing Board expects all employees to perform their jobs satisfactorily ~~and,~~ to exhibit professional and appropriate conduct, and serve as positive role models both at school and in the community. A classified employee may be disciplined for unprofessional conduct or unsatisfactory performance in accordance with law or any applicable collective bargaining agreement, Board policy, or administrative regulation.

Disciplinary actions shall be based on the particular facts and circumstances involved and the severity of the employee's conduct or performance. ~~An employee's private exercise of personal beliefs and activities, including religious, political, cultural, social, or other beliefs or activities, or lack thereof, shall not be grounds for disciplinary action against the employee, provided that the beliefs or activities do not involve coercion of students or any other violation of law, Board policy, or administrative regulation.~~

The Superintendent or designee shall ensure that disciplinary actions are taken in a consistent, nondiscriminatory manner. In addition, an employee shall not be suspended, disciplined, reassigned, transferred, dismissed, or otherwise retaliated against solely for engaging in protected activities, or for acting to protect a student engaged in exercising any free speech or press right authorized by, or for refusing to infringe upon a student's conduct protected pursuant to, Education Code 48907 or 48950.

Disciplinary actions may include, but are not limited to, verbal and written warnings, involuntary reassignment, demotion, suspension or leave without pay, reduction of ~~pay step in class, compulsory leave, and~~wages, or dismissal.

~~The Superintendent or designee shall ensure that disciplinary actions are taken in a consistent, nondiscriminatory manner and are appropriately documented.~~

A probationary classified employee may be dismissed without cause ~~at any time prior to the expiration of~~anytime before the probationary period~~.~~ expires.

Permanent classified employees shall be subject to disciplinary action only for cause as specified in the accompanying administrative regulation. (Education Code 45113)

Procedures for Serious Disciplinary Proceedings

The Superintendent or designee shall develop disciplinary procedures for use when dismissal, suspension, demotion, involuntary reassignment, or other serious disciplinary action is contemplated against an employee. The procedures for such discipline shall include an opportunity for an employee for whom any such disciplinary action is recommended to meet with, or respond in writing to, a designated district official ("Skelly officer") who will determine whether the recommended discipline should proceed further or be modified or withdrawn.

After meeting with the employee or considering the employee's written response, if the Skelly officer determines that the recommended discipline should proceed, the Superintendent or designee shall send the employee a notice of the recommended disciplinary action, a statement of charges, and the results of the Skelly review process. The notice shall include a statement advising the employee of the right to request a Board hearing on the matter. (Education Code 45113, 45116)

If the employee fails to request a hearing within the time specified in the notice, the employee is deemed to have waived the right to do so, and the Board may order the recommended disciplinary action into effect immediately.

If a timely request is submitted, a hearing shall be conducted by the Board~~.~~ or by a third-party hearing officer, in accordance with law. (Education Code 45113, 45312)

A classified employee who timely requests a hearing may only be suspended, demoted, or dismissed pending the outcome of the hearing in accordance with Education Code 45113~~,~~ and as specified in the accompanying administrative regulation.

The hearing shall be held at the earliest convenient date, taking into consideration the established schedule of the Board and the availability of legal counsel and witnesses. The employee shall be notified of the time and place of the hearing.

The hearing shall be held in closed session~~,~~ unless the employee requests that the matter be heard in an open session meeting. (Government Code 54957)

The employee shall be entitled to appear personally, produce evidence, and be represented by legal counsel.

The Board may use the services of its legal counsel in ruling upon procedural questions, objections to evidence, and issues of law. The Board may review and consider the records of any prior personnel action proceedings against the employee in which ~~a~~ disciplinary action was ultimately sustained, and any records contained in the employee's personnel files and introduced into evidence at the hearing. The Board shall not be bound by rules of evidence used in California courts. Informality in any such hearing shall not invalidate any order or decision made by the Board.

At any time before a matter is submitted to the Board for decision, the Superintendent or designee may, with the consent of the Board, serve on the employee and file with the Board an amended or supplemental recommendation of disciplinary action. If the amended or supplemental recommendation includes new causes or allegations, the employee shall be afforded a reasonable

opportunity to prepare a defense. Any new causes or allegations shall be deemed controverted and any objections to the amended or supplemental causes or allegations may be made orally at the hearing and shall be noted on the record.

Following the hearing or, if the employee has not requested a hearing, after reviewing the Superintendent or designee's recommendation for disciplinary action, the Board shall affirm, modify, or reject the recommended disciplinary action. The decision of the Board shall be in writing and shall contain findings of fact and the disciplinary action approved, if any. The decision of the Board shall be final.

Within 10 working days of the Board's final decision, a copy of the decision shall be delivered to the employee and/or designated representative personally or by registered mail.

Except for an allegation of egregious misconduct in which a minor is involved, the Board may delegate the authority to determine whether sufficient cause exists for disciplinary action to an impartial third-party hearing officer. When a matter is heard by a third-party hearing officer, the Board shall review the determination and adopt or reject the recommended decision. (Education Code 45113)

When any matter involves an allegation of egregious misconduct as defined in Education Code 44932 and involves a witness who is a minor, the matter shall be referred to an administrative law judge to determine whether sufficient cause exists for disciplinary action against the employee. In such cases, the ruling of the administrative law judge shall be binding on the district and the employee. ~~(Education Code 45113~~ (Education Code 45113)

Compulsory Leave of Absence

Upon being informed that a classified employee has been charged with a mandatory leave of absence offense, the Superintendent or designee shall immediately place the employee on a compulsory leave of absence. (Education Code 44940, 44940.5, 45304)

Regulation 4218: Dismissal/Suspension/Disciplinary Action

Status: ADOPTED

Original Adopted Date: 06/01/1994 **| Last Revised Date: 12/17/2025 | Last Reviewed Date: 12/17/2025**

Causes for Disciplinary Action

A permanent classified employee may be subject to suspension, demotion, involuntary reassignment, or dismissal for one or more of the following causes:

1. Immoral conduct, including, but not limited to, egregious misconduct that is the basis for a sex offense as defined in Education Code 44010, a controlled substance offense as defined in Education Code 44011, or child abuse and neglect as described in Penal Code 11165.2-11165.6
2. Conduct that constitutes a violent or serious felony as defined in Penal Code 667.5(c) or 1192.7(c)
3. Unlawful discrimination, including harassment, against any student or other employee
4. Violation of or refusal to obey state or federal law or regulation, Board policy, or district or school procedure
5. Falsification of any information supplied to the district, including, but not limited to, information supplied on application forms, employment records, or any other school district records
6. Unsatisfactory performance
7. Unprofessional conduct
8. Dishonesty
9. Neglect of duty or absence without leave
10. Insubordination
11. Use of alcohol or a controlled substance while on duty or in such close time proximity thereto as to affect the employee's performance
12. Destruction or misuse of district property
13. Failure to fulfill any ongoing condition of employment including, but not limited to, maintenance of any license, certificate, or other similar requirement specified in the employee's class specification or otherwise necessary for the employee to perform the duties of the position

14. A physical or mental condition which precludes the employee from the proper performance of duties and responsibilities as determined by competent medical authority, except as otherwise provided by a contract or by law

15. Retaliation against any person who, in good faith, reports, discloses, divulges, or otherwise brings to the attention of any appropriate authority any information relative to an actual or suspected violation of state or federal law occurring on or directly related to the job

16. Violation of Education Code 45303 or Government Code 1028 prohibiting the advocacy or teaching of communism

17. Any other misconduct which is of such nature that it causes discredit or injury to the district or the employee's position

No disciplinary action shall be taken for any cause ~~which~~that arose before the employee became permanent, nor for any cause ~~which~~that arose more than two years before the date of the filing of the notice of cause unless this cause was concealed or not disclosed by the employee when it could be reasonably assumed that the employee would have disclosed the facts to the district. (Education Code 45113)

Initiation and Notification of Charges

The Superintendent or designee shall provide notice to the employee of a recommendation for discipline, which includes the charges and materials upon which the recommendation is based. The notification shall identify an impartial district official ("Skelly officer") with whom the employee may meet at a specified time and place or to whom the employee may provide a written response to the recommendation of discipline. After meeting with the employee or considering any response from the employee, the Skelly officer shall recommend to the Superintendent or designee whether to proceed with the recommendation for discipline.

The Superintendent or designee shall file any final recommendation for ~~a~~ disciplinary action in writing with the Governing Board. A copy of the recommendation shall be served upon the employee either personally or by registered or certified mail, return receipt requested, at the employee's last known address.

The notice shall, in ordinary and concise language, inform the employee of the specific charge(s) or cause(s) for the disciplinary action, the specific acts and omissions upon which the action is based, and, if applicable, the district rule or regulation that the employee has allegedly violated. In addition, the notice shall include the employee's right to a hearing on those charges, the time within which the hearing may be requested, which shall be not less than five days after service of the notice to the employee, and a card or paper which the employee may sign and file to deny the charges and request a hearing. (Education Code 45113, 45116)

Request for Board Hearing

Within the time specified in the notice of the recommendation of disciplinary action, the employee may request a hearing on the charges by signing and filing the card or paper included with the

notice. (Education Code 45113)

Any other written document signed and appropriately filed within the specified time limit by the employee shall constitute ~~a~~ sufficient notice of the request for a hearing. The request shall be delivered to the office of the Superintendent or designee during normal work hours of that office. If mailed to the office of the Superintendent or designee, it must be received or postmarked no later than the time limit specified by the district. In cases where an order of suspension without pay has been issued in conjunction with a recommendation of dismissal, any request for a hearing on the dismissal shall also constitute a request to hear the suspension order, and the necessity of the suspension order shall be an issue in the hearing.

Employment Status Pending a Disciplinary Hearing

A classified employee against whom a recommendation for disciplinary action has been issued may remain on active duty or may be placed on paid leave pending a hearing on the charges. The employee shall not be suspended without pay, suspended or demoted with a reduction in pay, or dismissed pending the outcome of a timely requested hearing, except as specified below. (Education Code 45113)

However, the disciplinary action may be imposed prior to the decision if the Board, or an impartial third-party hearing officer provided pursuant to a collective bargaining agreement, finds by a preponderance of the evidence that at the time discipline was imposed, the employee (1) engaged in criminal misconduct, (2) engaged in misconduct that presents a risk of harm to students, staff, or property, or (3) committed habitual violations of the district's policies or regulations. Such finding(s) must be made at the conclusion of the Skelly review process. (Education Code 45113)

In such cases where the disciplinary action is imposed prior to the decision, the employee shall be given written notice of the disciplinary action and the findings made at the conclusion of the Skelly review process. Such written notice shall be served upon the employee personally.

In addition, the district may cease paying the employee if a decision has not been rendered by an impartial third-party hearing officer, pursuant to a collective bargaining agreement, or the Board within 30 days of the date the hearing was requested. (Education Code 45113)

Compulsory Leave of Absence

Upon being informed ~~by law enforcement~~ that a classified employee has been charged with a "mandatory leave of absence offense," the Superintendent or designee shall immediately place the employee on a leave of absence. A mandatory leave of absence offense includes: (Education Code 44940, 45304)

1. Any sex offense as defined in Education Code 44010
2. Violation or attempted violation of Penal Code 187, prohibiting murder or attempted murder
3. Any offense involving the unlawful sale, use, or exchange to minors of controlled substances as listed in Health and Safety Code 11054, 11055, and 11056

The Superintendent or designee may place on an immediate compulsory leave of absence a classified employee who is charged with an "optional leave of absence offense," defined as a controlled substance offense specified in Education Code 44011 and Health and Safety Code 11357-11361, 11363, 11364, and 11370.1 except as it relates to marijuana, mescaline, peyote, or ~~tetrahydrocannabinols.~~tetrahydrocannabinol. (Education Code 44940, 44940.5, 45304)

An employee's compulsory leave for a mandatory or optional leave of absence offense may extend for not more than 10 days after the entry of judgment in the criminal proceedings. However, the compulsory leave may be extended if the Board gives notice, within 10 days after the entry of judgment in the proceedings, that the employee will be dismissed within 30 days from the date of service of the notice unless the employee demands a hearing on the dismissal. (Education Code 44940, 44940.5)

OSD BOARD AGENDA ITEM

Name of Contributor: Dr. Scott Carroll **Date of Meeting:** December 17, 2025

Agenda Section: Section F: Board Policies, Second Reading

Second Reading and Adoption: New BP 4119.24/4219.24/4319.24: Maintaining Appropriate Adult–Student Interactions (Carroll)

In response to recent legislative changes and updated guidance from the California School Boards Association (CSBA), staff recommends adoption of a new Board Policy, BP 4119.24/4219.24/4319.24– Maintaining Appropriate Adult–Student Interactions. Establishing this policy strengthens the District's governance framework by clearly defining professional boundaries, communication expectations, and reporting obligations to safeguard student well-being and support a professional educational environment.

Key highlights of the policy include:

- Incorporation of New Statutory Language: Recent changes in state law have been integrated and are clearly indicated in red underline for ease of review.

FISCAL IMPACT:
N/A

RECOMMENDATION:
It is the recommendation of the Assistant Superintendent, Human Resources that the Board of Trustees approve and adopt the new Board Policy BP 4119.24/4219.24/4319.24 – Maintaining Appropriate Adult–Student Interactions, as presented.

ADDITIONAL MATERIALS:

Attached: BP 4119.24_4219.24_4319.24_ Maintaining Appropriate Adult-Student Interactions (2 pages)

Policy 4119.24/4219.24/4319.24: Maintaining Appropriate Adult-Student Interactions

Status: NEW

Original Adopted Date: 12/17/2025 | **Last Reviewed Date: 12/17/2025**

The Governing Board desires to provide a positive school environment that protects the safety and well-being of district students. The Board expects all adults with whom students may interact at school or in school-related activities, including employees, independent contractors, and volunteers, to maintain the highest professional and ethical standards in their interactions with students both within and outside the educational setting. Such adults shall not engage in unlawful or inappropriate interactions with students and shall avoid boundary-blurring behaviors that undermine trust in the adult-student relationship and lead to the appearance of impropriety.

Employees are prohibited from entering into or attempting to form a romantic or sexual relationship with any student or engaging in sexual harassment of a student, including sexual advances, flirtations, requests for sexual favors, inappropriate comments about a student's body or appearance, or other verbal, visual, or physical conduct of a sexual nature.

Adults shall not intrude on a student's physical or emotional boundaries unless necessary in an emergency or to serve a legitimate purpose related to instruction, counseling, student health, or student or staff safety.

Any employee who observes or has knowledge of another employee's violation of this policy shall report the information to the Superintendent or designee or appropriate agency for investigation pursuant to the applicable complaint procedures. Other adults with knowledge of any violation of this policy are encouraged to report the violation to the Superintendent or designee. The Superintendent or designee shall protect anyone who reports a violation from retaliation. Immediate intervention shall be implemented when necessary to protect student safety or the integrity of the investigation.

Employees who engage in any conduct in violation of this policy, including retaliation against a person who reports the violation or participates in the complaint process, shall be subject to discipline, up to and including dismissal. Any other adult who violates this policy may be barred from school grounds and activities in accordance with law. The Superintendent or designee may also notify law enforcement as appropriate.

The district's employee code of conduct addressing interactions with students shall be provided to parents/guardians at the beginning of each school year and shall be posted on school and/or district web sites. (Education Code 44050) **Inappropriate Conduct**

Employees shall remain vigilant of their position of authority and not abuse it when relating with students. Examples of employee conduct that can undermine professional adult-student interactions or create the appearance of impropriety include, but are not limited to:

1. Initiating inappropriate physical contact
2. Being alone with a student outside of the view of others
3. Visiting a student's home or inviting a student to visit the employee's home without parent/guardian consent
4. Maintaining personal contact with a student that has no legitimate educational purpose, by phone, letter, electronic communications, or other means, without including the student's parent/guardian or the principal

When communicating electronically with students, employees shall use district equipment or technological resources when available. Employees shall not communicate with students through any medium that is designed to eliminate records of the communications. The Superintendent or designee may monitor employee usage of district technology at any time without advance notice or consent.

5. Creating or participating in social networking sites for communication with students, other than those created by the district, without the prior written approval of the principal or designee

6. Inviting or accepting requests from students, or former students who are minors, to connect on personal social networking sites (e.g., "friending" or "following" on social media), unless the site is dedicated to school business

7. Singling out a particular student for personal attention and friendship, including giving gifts and/or nicknames to individual students

8. Addressing a student in an overly familiar manner, such as by using a term of endearment

9. Socializing or spending time with students outside of school-sponsored events, except as participants in community activities

10. Sending or accompanying students on personal errands unrelated to any legitimate educational purpose

11. Transporting a student in a personal vehicle without prior authorization

12. Encouraging students to confide their personal or family problems and/or relationships

13. Disclosing personal, family, or other private matters to students or sharing personal secrets with students

OSD BOARD AGENDA ITEM

Name of Contributor: Dr. Scott Carroll **Date of Meeting:** December 17, 2025

Agenda Section: Section F: Board Policies, Second Reading

Second Reading and Adoption: New BP 4218.1: Dismissal/Suspension/Disciplinary Action (Merit System) (Carroll)

In response to recent legislative changes and guidance from the California School Boards Association (CSBA), staff recommends adoption of a new Board Policy, BP 4218.1: Dismissal/Suspension/Disciplinary Action (Merit System). The proposed policy establishes clear procedures for the suspension, demotion, or dismissal of classified employees in alignment with Education Code requirements and Personnel Commission rules, ensuring that disciplinary actions are fair, consistent, and legally compliant.

Key highlights of the policy include:

- Incorporation of New Statutory Language: Recent changes in state law have been integrated and are clearly indicated in red underline for ease of review.

FISCAL IMPACT:
N/A

RECOMMENDATION:
It is the recommendation of the Assistant Superintendent, Human Resources that the Board of Trustees approve and adopt the new Board Policy BP 4218.1: Dismissal/Suspension/Disciplinary Action (Merit System), as presented.

ADDITIONAL MATERIALS:

Attached: Policy 4218.1_ Dismissal_Suspension_Disciplinary Action (Merit System) (5 pages)

Policy 4218.1: Dismissal/Suspension/Disciplinary Action (Merit System)

Status: NEW

Original Adopted Date: 12/17/2025 | Last Revised Date: 12/17/2025 | Last Reviewed Date: 12/17/2025

The Governing Board expects all employees to perform their jobs satisfactorily and exhibit professional and appropriate conduct, and serve as positive role models both at school and in the community. A classified employee may be disciplined for unprofessional conduct or unsatisfactory performance in accordance with law, any applicable collective bargaining agreement, and the rules of the personnel commission.

Disciplinary actions shall be based on the particular facts and circumstances involved and the severity of the employee's conduct or performance.

The Superintendent or designee shall ensure that disciplinary actions are taken in a consistent nondiscriminatory manner. In addition, an employee shall not be suspended, disciplined, reassigned, transferred, dismissed, or otherwise retaliated against solely for engaging in protected activities, or for acting to protect a student engaged in exercising any free speech or press right authorized by, or for refusing to infringe upon a student's conduct protected pursuant to, Education Code 48907 or 48950.

Disciplinary actions may include, but are not limited to, verbal and written warnings, involuntary reassignment, demotion, suspension or leave without pay, reduction of wages, or dismissal.

A probationary classified employee may be dismissed without cause at any time prior to the expiration of the probationary period.

A permanent classified employee shall be subject to suspension, demotion, or dismissal only for one or more of the causes designated by rule of the personnel commission. (Education Code 45302, 45304)

When such serious disciplinary action is being contemplated against an employee, the district shall adhere to disciplinary procedures developed by the personnel commission. Due process shall be afforded to the employee, including proper notice, an opportunity for the employee to meet with a designated district official ("Skelly officer") or to respond in writing to the charges, and an opportunity to appeal the district's decision with the personnel commission in accordance with Education Code 45305-45307. If the matter is addressed in a hearing before the personnel commission, the decision of the personnel commission shall be final.

However, if the matter involves an allegation of egregious misconduct as defined in Education Code 44932 and involves a witness who is a minor, the matter shall be referred to an administrative law judge to determine whether sufficient cause exists for disciplinary action against the employee. The ruling of the administrative law judge shall be binding on the district and the employee. (Education Code 45312)

If the district places an employee on a compulsory leave of absence or suspension during the period the employee is charged with a criminal offense, is under a criminal investigation, or is waiting due to administrative delay for necessary job-related administrative determinations, and the proceedings are resolved in favor of the employee, the district shall pay to the employee the employee's full compensation for the period of the involuntary leave of absence upon the employee's return to service in the school district. (Education Code 45190)
