

POLICY: FY24 Program Enrollment

Approved by Governing Council on: 9.6.2023

Siembra prides itself in enrolling students year round, based on student need rather than institution preference. Siembra offers four program options to serve students: in-person project-based learning, virtual project based learning, evening project-based learning and asynchronous credit recovery. Siembra has a current enrollment cap of 450 students. Siembra has consistently experienced exponential growth beyond projections since pre-COVID.

Program Capacity. Siembra enrollment is capped with our APS authorizer at 450 students. Siembra is capping program enrollment for the 2023 - 2024 school year as follows:

- Day in-person: 310
- Virtual: 50
- Evening: 80
- Asynchronous Credit Recovery: 10

Student Start Process. New students begin Monday each week. To begin on a Monday, students must have completed registration packets with transcripts and withdraw form from their previous high school. Students will begin on Mondays (Tuesdays if there is no school Monday) with a laptop, email and schedule. Once an enrollment of 310 students in the day program, student wishing to enroll in day program can chose from one of the following:

- Enroll in evening program
- Enroll in virtual
- Enroll in asynchronous credit recovery
- Placed on waitlist for next available slot

Staff Role for Newly Starting Students. Every Friday staff will receive information on newly starting students to include:

- Success coach assignment
- Special Education Status
- ELL Status
- Program Selection
- Grade Level

***For any students withdrawing from the school at any point in the year for any reason, enrollment spots by program will not be held. Students returning following a withdrawal will be enrolled based on program availability.
