Dr. Jane Fernandez

Principal

Mr. Rick Crandall-Malone

Assistant Principal

Goldfarb Elementary School Families,

My name is Jane Fernandez and I am humbled, honored, and happy to serve as the principal of Daniel F. Goldfarb Elementary School. My mission to inspire FIRST and THEN empower all stakeholders to succeed through nurturing relationships, and rigorous and relevant education is clearly aligned to Goldfarb ES's vision to have all students reach their maximum potentials to become productive citizens of the diverse global society.

I am married and blessed with 3 beautiful children. I am also a parent of the Goldfarb community. My two children completed elementary school here at Goldfarb ES. I enjoy traveling, communing with nature, and reading. I earned a Bachelor of Science in Elementary Education major in Mathematics, Master of Arts in Administration and Supervision, and Doctor of Education in Educational Management. I have served the education sector for three productive and fulfilling decades as a K-7th grade teacher, learning strategist, educational consultant, assistant principal, and now a principal.

I am so excited to work with all of YOU: students, families, and staff to provide the future of our society a highly-rigorous instruction and prepare them for a successful life beyond a classroom. It takes a village to raise a child and TOGETHER, we can!

Here to serve,

Dr. Jane Fernandez

Principal
