MEET YOUR PHOTOGRAPHER!

My name is Stephanie Crowell, and I'm so excited to be your photographer for the upcoming school year. I'm a second-generation photographer at Tom Marshall Photography. We are a family-owned business that has been specializing in preschool and private school photography since 1973.

I specialize in capturing candid, natural portraits that showcase your child's personality—with little disruption to their school day.

Please be sure to confirm your child's specific photo day with their teacher or the school administration.
