

Representatives from the Prior Lake-Savage School District (PLSAS) and the Teachers Union (PLSEA) met on the evening of December 18, 2025, to continue discussions on financial parameters, though minimal progress was achieved on key financial matters. Both sides reviewed the primary costing document to align the costing model, ensuring both parties are working from the same financial framework going forward.

Currently the District and the Union remain notably apart on their respective financial targets, and no new offers or counter-offers were presented by either side during the meeting. To continue the negotiation process, both parties have agreed to schedule their next meeting for Thursday, January 8, 2026, from 4:00 PM to 6:00 PM.
