White Bear Lake Area Schools
ANNUAL UPDATE

STUDENT GROWTH & PROFICIENCY

Early Childhood

Our District offers a range of early childhood education options, including family education, vibrant preschool programming and nature-based learning experiences. We partner with our early childhood special education team to provide support and services for our preschool students with exceptional needs. We are recognized as a 4-star Parent Aware preschool program, the highest rating possible in Minnesota.

Elementary

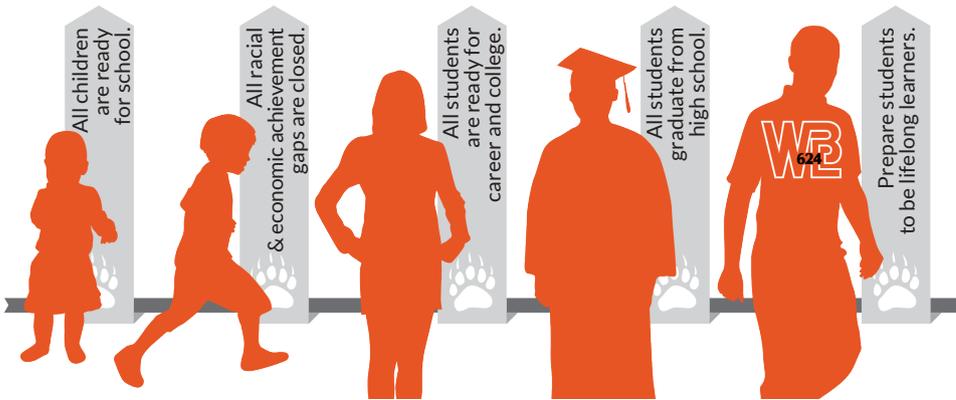

Our elementary students are assessed regularly in reading, math, and science using a variety of grade-level appropriate tools. To measure their progress against state standards, we utilize MCA tests. Students who need additional support or an added challenge receive personalized instruction.

Middle School

Middle school teachers and counselors use the MCA test, along with other data, to guide students in course selection. Instruction is personalized to meet the individual needs of each student.

High School

High school teachers assess students regularly using common assessments in each subject. Students also take nationally-normed tests like the PreACT, PSAT, and ACT at various points in their high school career. Counselors and teachers utilize this data, combined with knowledge of individual student goals and motivation, to help students select from a wide range of course offerings, including more than 250 courses and nine career pathways.

In addition to MCA data, White Bear Lake Area Schools utilizes a variety of local academic measures, including academic and social-emotional screeners, PreACT, ACT, and academic grades and credits, to assess student progress.

MINNESOTA COMPREHENSIVE ASSESSMENTS (MCA)

Student proficiency is measured by the Minnesota Comprehensive Assessment (MCA) tests, Minnesota's state requirement for testing under the Federal Every Student Succeeds Act (ESSA).

2024-25 WBLAS MCA COMPARISON TO STATE AVERAGES

	State	WBLAS	WBLAS compared to State
Reading	49.5%	52.2%	+2.7% pt
Mathematics	45.0%	48.3%	+3.3% pt
Science*	25.7%	23.4%	-2.3% pt

* The MCA Science test is a new test as of Spring 2025

EDUCATIONAL EXCELLENCE

To ensure our District remains at the forefront of education, we are focused on reimagining learning experiences to inspire student success.

- The unification of White Bear Lake Area High School and implementation of a trimester system at the high school in 2025-26 increases student opportunities and allows for more focused learning periods.
- The Elementary Spanish Dual Immersion program launched in fall 2025 creates a bilingual environment that values diversity and cultural understanding.
- Our middle school teachers collaborate to set high standards and provide rigorous instruction.

FALL TO SPRING GROWTH

Results from the Fall 2024 and Spring 2025 screening assessments show that the majority of White Bear Lake Area Schools students achieved or exceeded their anticipated academic growth goals.

HIGH EXPECTATIONS & ENRICHMENT

WBLAS is a recognized leader in developing Career Pathways aligned with workforce needs.

Our Career Pathways program helps students align their education with their career goals by offering hands-on and industry-level training directly in class, including college credit and industry certifications embedded within those classes. Opportunities for work-based learning and site visits continue to expand and get students into the world of work.

NINE CAREER PATHWAYS CURRENTLY OFFERED AT ISD624

Automotive	Construction & Skilled Trades	Family & Consumer Sciences (FACS)
Business	Education	Health & Wellness
Communication Technology	Engineering & Manufacturing	Information Technology

The 4-year graduation rate for the White Bear Lake Area High School Class of 2024 was 96.5%, 12.3 percentage points above the state average and 3 percentage points higher than the prior year. This was the second-highest grad rate amongst area high schools. Graduation rate calculations follow one year behind the current graduating year.

STUDENT SUPPORT SERVICES

We have high expectations for all students and offer a continuum of specialized instruction for students with unique needs. Our programs and services are individualized and comprehensive.

AVID

Our middle and high school students have the opportunity to participate in the Advancement Via Individual Determination (AVID) program, which offers rigorous instruction to prepare students for college. Lakeaires Elementary is also an AVID school and uses Writing, Inquiry, Collaboration, Organization, and Reading (WICOR) strategies to enhance student learning.

BARR

Building Assets, Reducing Risk (BARR) programming is used in six of our schools to build strong relationships and provide early intervention support.

DUAL IMMERSION

Otter Lake Elementary and Matoska International offer a district-wide Elementary Spanish Dual Immersion program option.

INTERNATIONAL BACCALAUREATE

Since 2010, Matoska International has offered an IB World School option, providing a rigorous and globally-minded education for their elementary students.

47

COLLEGE LEVEL COURSES OFFERED AT WBLAHS DURING 2024-25

23 Advanced Placement (AP) classes, 22 concurrent enrollment courses, and 2 Project Lead the Way (PLTW) courses. Students also took advantage of Post-Secondary Enrollment Options (PSEO) and Northeast Metro 916 Career and Technical Center offerings.

PLTW	46 students earned 243 credits
Concurrent	490 students earned 2945 credits
AP	537 students earned 3357 credits
PSEO	147 students earned 2310 credits

All tuition calculations except concurrent enrollment based on U of MN tuition rate of \$620.50 per credit. Concurrent enrollment based on Century College tuition rate of \$217.83. PLTW grade cutoff B-, all others C-. Students may be counted more than once if they participated in more than one program. AP credit calculations based on U of MN score acceptance.

132

ADVANCED PLACEMENT (AP) SCHOLARS

- 73 AP Scholars
- 28 AP Scholars with Honors
- 31 AP Scholars with Distinction

40% INCREASE

The 2024-25 academic year marked the highest-ever WBLAHS enrollment in AP courses with a substantial 40% increase over the past three years.

FINANCE

Financial Management

To ensure that maximum resources reach our classrooms, White Bear Lake Area Schools remains committed to fiscal responsibility.

Stewardship

The District continues to demonstrate strong stewardship, ensuring that taxpayer dollars are used effectively and efficiently to support student learning and well-being.

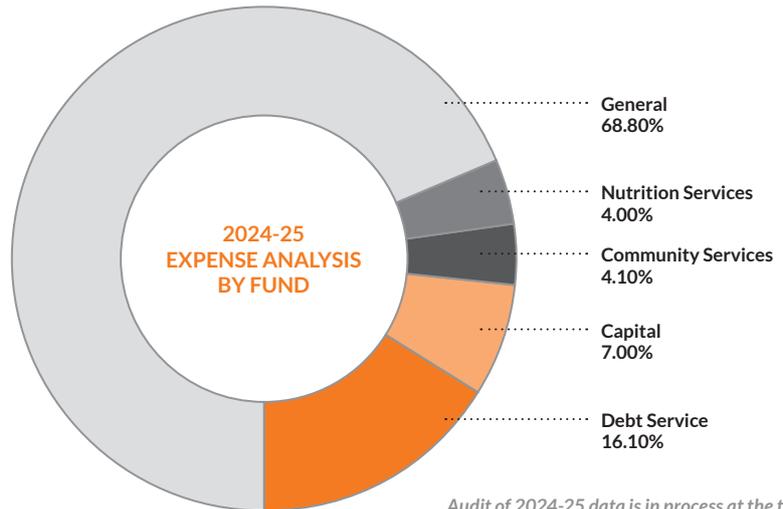

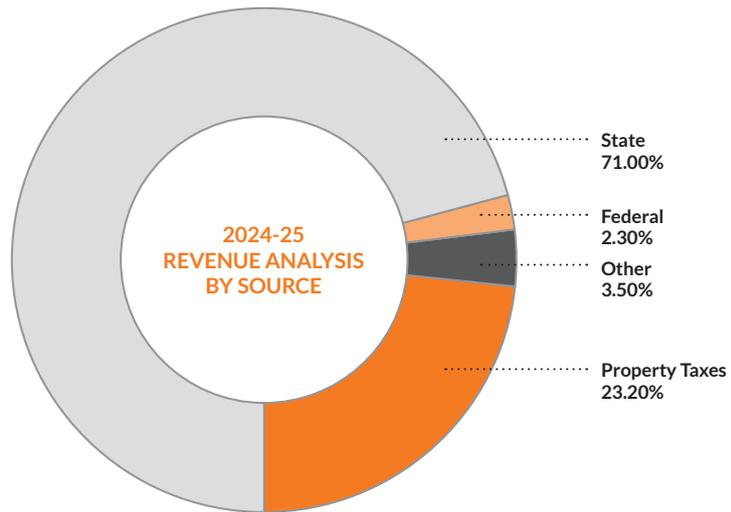

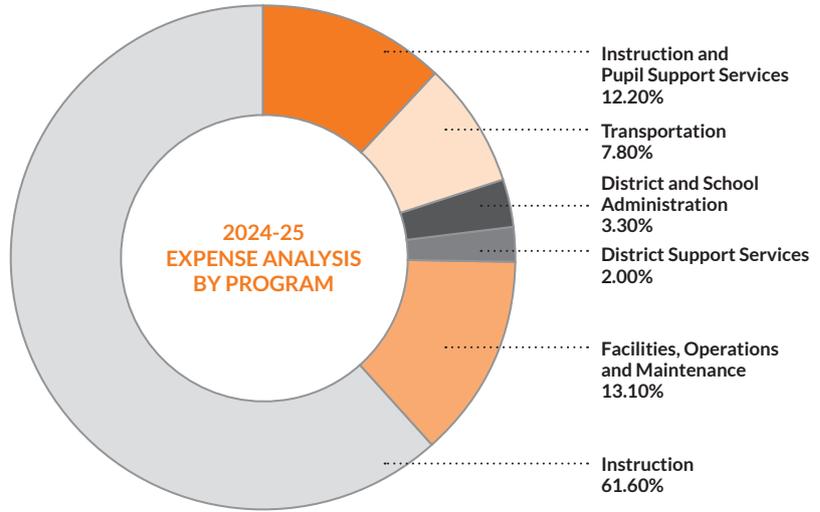

Financial Excellence

This year marks a quarter-century of recognition that the District has received for excellence in financial reporting from the Association of School Business Officials and Government Finance Officers Association.

These prestigious awards are the highest honor a governmental agency can receive in the area of accounting and financial reporting, representing a significant accomplishment for the District's Finance Department and staff.

Partnerships

The District has innovative partnerships with Bear Care, Lakeshore Players, Tamarack Nature Center, White Bear Center for the Arts and many others.

Audit of 2024-25 data is in process at the time of printing.

SUPERINTENDENT'S MESSAGE

Celebrating Student Success and Community Connections

As students have settled into their school-year routines, we're finding many reasons to celebrate success and connection across White Bear Lake Area Schools.

At recent School Board meetings, we've had the honor of recognizing outstanding student achievements at the state and national levels for success in athletics and activities. Academic accolades have also been highlighted, with more than 130 current students and members of the Class of 2025 being celebrated for their accomplishments in the Advanced Placement (AP) program.

Two students also reached the prestigious semi-finalist level in the ongoing National Merit Scholarship process, and one of our current students earned a perfect 36 on the ACT - an achievement reached by just 0.22% of test takers nationwide.

Hundreds of students are also gaining valuable hands-on experience through our Career Pathways programs. Last year, students in our automotive program completed 455 Ford ACE High School Automotive Program courses, and 36 students earned certification through AllData Automotive Intelligence. Another 36 students achieved ServSafe certification in the Food Service industry, more than 100 earned First Aid/CPR credentials and 41 students became Certified Nursing Assistants (CNA). These meaningful experiences provide students with practical skills, industry-recognized credentials, and confidence as they prepare for future careers.

Student success is matched by district excellence. For the 25th consecutive year, White Bear Lake Area Schools have earned top honors for financial reporting. The district also received national recognition for communications excellence, with six projects earning Awards of Excellence - the highest honor presented by the National School Public Relations Association (NSPRA) - in the 2025 Publications and Digital Media Excellence Awards. Honored projects include the 2024 Annual Update, 2024-25 Calendar, Fall 2024 Bear's Bulletin and the Community e-Newsletter. The "Building Our Future - Impact on Teaching and Learning" video and "The Week in 62.4 Seconds" video series were also recognized.

Our success as a district is built through collaboration and care - qualities that make White Bear such a special place to learn and grow. A recent example of this spirit was on display at one of our middle schools, where a sixth grader who was born without a right hand wanted to learn the violin. Her school nurse and orchestra teacher began researching adaptive solutions and discovered specifications for a 3D-printed bow holder. They teamed up with a science teacher who is a hobbyist 3D printer and a tech education colleague who specializes in CAD design. After several prototypes and adjustments, the team successfully created two customized devices, allowing the student to play the violin. This story exemplifies the creativity, compassion, and teamwork that define our district.

Community members also play a vital role in supporting and enriching our schools. Programs such as the high school's "Test Drive... Next Stop Reality" event - an engaging program that helps juniors navigate real-world budgeting and decision-making through interactive stations focused on housing, transportation, childcare, insurance, and more - are only made possible by the 200 volunteers who stepped up and gave of their time to help make it happen.

And finally, as the temperatures drop, we invite our community to stay active and connected by walking the indoor WBLAHS Field House track. Open Monday through Thursday from 6-9 p.m., the track offers a warm, safe, and free space to enjoy some exercise while sharing in the pride of this wonderful community facility.

Dr. Wayne Kazmierczak, Superintendent

Building Our Future

The Building Our Future bond referendum projects are nearing completion, marking an exciting new chapter for the White Bear Lake Area Schools community. During the summer of 2025, our middle schools were busy construction zones. At Mariner Middle School, major HVAC upgrades were completed while Central Middle School updates included the expanded cafeteria, new Learning Commons and refreshed areas of the former District Center, now returned to vibrant middle school use.

The final project, the transformation of the former Sunrise Park Middle School building into a multi-use facility housing the Early Childhood Center, Transition Education Center, Senior Program, and District Service Center, is progressing steadily. The Senior Program and district offices are already in place, with the Early Childhood Center and Transition Education Center scheduled to move in during the summer of 2026.

At the same time, the completion of White Bear Lake Area High School shines as a proud symbol of the community's investment in education. The redesigned academic spaces feature studio-style classrooms that provide flexibility for teachers

to adapt lessons designed for collaboration, project-based learning, and individual exploration. These inspiring environments foster creativity and help prepare students for success in college, career, and life.

The school's fine arts facilities are equally impressive, with new band, orchestra, and choir rooms supporting growing music programs. The Performing Arts Center, seating 845 guests, provides a professional-quality venue for concerts, theater productions, and community gatherings, allowing students' talents to shine.

Enhanced athletic and competition spaces, both indoor and outdoor, offer modern, welcoming environments that promote fitness, teamwork, and community pride. From updated gymnasiums and fitness areas to expanded outdoor fields and courts, these facilities serve students and provide exceptional spaces for the community to enjoy.

Together, these spaces showcase how the Building Our Future referendum has transformed not only our flagship high school but also the learning and gathering environments across the communities we serve, a lasting reflection of our community's pride, vision and commitment to our youth.

Projects made possible by the community's support of the 2019 Building Our Future bond referendum:

Completed

- Area Learning Center Phase 1
- Lincoln, Matoska, Vadnais Heights and Willow Lane Elementaries Updates
- Transportation Facility
- WBLAHS - South Campus Phase 1 Gym Addition
- Birch Lake, Lakeaires, and Otter Lake Elementaries Updates
- North Star Elementary
- WBLAHS - South Campus Phase 2 Addition
- Area Learning Center Phase 2
- Oneka Elementary Updates
- Mariner Middle School
- Central Middle School Phase 1 Updates
- White Bear Lake Area High School
- District Service Center and School Board at Sunrise Park
- Mariner Middle School HVAC Improvements
- Central Middle School Phase 2 Updates
- Senior Center at Sunrise Park

Ready for Fall 2026

- Early Childhood Center and Transition Education Center (TEC) at Sunrise Park

WHY BE A BEAR?

- **Student-centered instruction.**
We believe all students grow and learn in different ways and at different rates – that all can achieve.
- **Expanded academic opportunities.**
Our students explore their interests, excel and design their futures.
- **Empowered, supported learning.**
Students are agents and owners of their learning in an environment that is safe, supportive and challenging – with high expectations for student success.
- **Inspiring, nurturing educators.**
Our educators facilitate learning and challenge students – fostering curiosity and confidence.
- **Transformative learning.**
Our flexible learning spaces and learning studios ignite opportunities for communication, collaboration, creativity and critical thinking.

*Design Your Future.
Create Your Success.*
