# Parent University: Artificial Intelligence Decoded

What parents need to know...

Join us for an exploration of how AI is shaping our students' world. We'll begin with a presentation on current trends, including students' use of AI for schoolwork and the rise of "emotive" AI companions. This session will include hands-on, age appropriate small-group activities.

You'll leave with practical resources to help your child(ren) use AI responsibly, skeptically, and effectively.

This session is only for parents and guardians of Darien Public School students.

**Thursday, 22 January 2026**  
6:30 - 7:30 PM

**Middlesex Middle School**
