

Student Highlights

OMS Eighth Graders Community Service Project

Tonight our student highlight is on our OMS 8th graders.

Last week, these fantastic kids took to the streets of Oregon to rake leaves for our neighbors. This was a fantastic way for our kids to practice teamwork, get some exercise, and have a little fun while performing this service for our community. We are so proud of our 8th graders!

Thanks to our amazing educators for organizing this impactful community service and student experience! 🌞 🍁

District Highlights

The purpose of the Superintendent Report is to give the Board a high-level overview of the amazing things going on across the district.

Celebrating Our OSD School Psychologists

#OREGONAchieves

Last week was National School Psychology Week and we loved celebrating our fantastic OSD school psychologists.

You play an essential role in our students' academic, social, and emotional well-being. Thank you for all you do! ❤️

October Professional Development

During the October Professional Development day, our OSD student services team engaged in a special session with Kelly Petrie from Maitri Center for Mindful Living.

They learned about and experienced mindful awareness practices, tools, and activities that are adaptable for multiple grade levels. They also learned about a practical framework for structuring mindfulness lessons for students in an engaging and accessible way.

We love these impactful learning activities that can immediately be implemented in our schools and benefit our students. 🧡👏

BKE Kindergarten Drive-In Movie

Through their first Language Arts module, Brooklyn Elementary School kindergarteners discovered that imagination can make everything more fun!

With help from their families, students designed and built homemade vehicles, then proudly paraded their creations through the halls. Their final stop? A cozy “drive-in movie,” just like the ones they’ve read about from the olden days. 🚗🎬

PVE Dance Party

Prairie View Elementary students earn Pawsome tickets when they are safe, respectful and responsible. This past week, our all-school Pawsome Tickets jar was FULL! Students and staff celebrated with an EPIC all-school dance party in the hallway with music on the loudspeaker before the long weekend! Check out the photos from the fun! Way to go, Prairie View students! Keep up the great work by being respectful, responsible, and safe! 🐾

BKE Fall Garden Cleanup

Brooklyn Elementary came together to get our fall clean up of our garden done! BKE classes and volunteers worked to get the garden ready for winter. We are working on an overhaul to bring our garden back to life and this was an important step as we think ahead to planting in the spring! Mrs. Gillespie, retired BKE 2nd grade teacher (31 years!), joined us to teach the kids some important and fun information about gardening. Our kids were super excited to get their hands dirty and are even more excited for what's to come in the spring!

OMS Students Participate in Honors Band

These OMS Band students recently participated in the Sun Prairie Middle Level Honors Band. The purpose of the honor band is to provide students in the area with a collaborative opportunity and chance to perform challenging music. The ensemble is a collection of exemplary musicians in 7th and 8th grades.

This year's clinician was Cheryl Miracle from the Glendale-River Hills Public Schools. She has guest conducted many ensembles including the UW Whitewater Band Camp. She has taught private horn lessons and is currently the band coordinator for the WSMA Middle Level State Honors Band.

OHS Home Construction Project

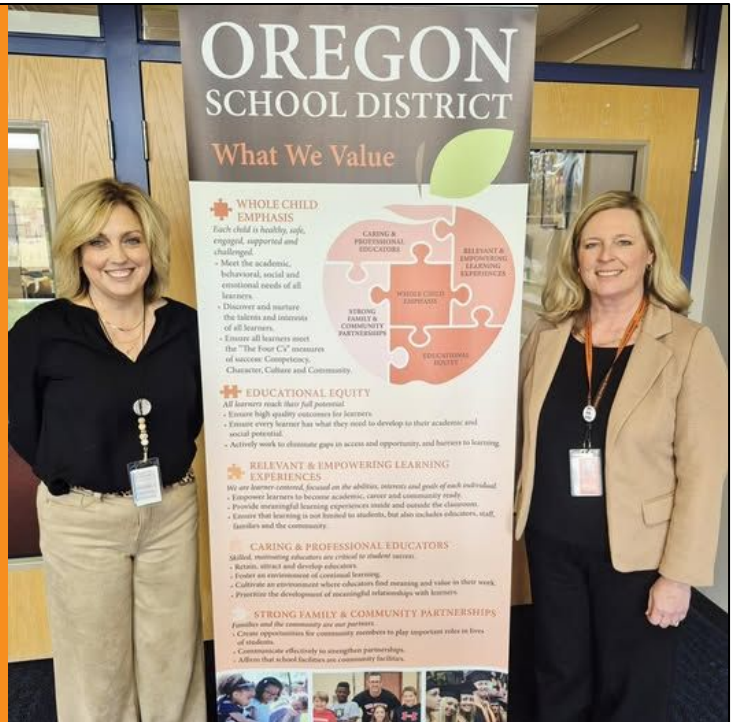

Students in Mr. Prah's Home Construction class are making fantastic progress on their project.

This hands-on opportunity allows students to gain valuable experience in a wide variety of skills, including window installation and wall construction. They also have the chance to work alongside trade professionals, such as the plumbers from Dave Jones, who were recently onsite helping to prepare the basement for pipe installation.

We love this hands-on learning opportunity and look forward to seeing the finished product!

Remember to Tune In to the OSD Podcast!

Make sure to check out our podcast: Inside the OSD! You can find all episodes at OregonSD.org/podcast, and anywhere you get your podcasts.

The most recent episode features a very important discussion about working together to feed our school community and the ways that community can help, with our Student Services Director, Dr. Shannon Anderson.

Make sure to like and subscribe to Inside the OSD wherever you get your podcasts to get the most recent episodes delivered directly to you - we have some great podcasts coming up.
