## **250 PUBLICATIONS**

### **I. PURPOSE**

The purpose of this policy is to facilitate effective communication.

### **II. GENERAL STATEMENT OF POLICY**

It is the policy of the school district to communicate board action to the public.

The Executive Director or any other person as designated by the board shall be permitted to initiate publications whose purpose is to keep the public informed of actions taken by the Board of Education, the programs of the schools, the policies and administrative regulations which govern the operations of the school district, and other information regarding school related plans or activities which in the Executive Director's judgment requires public dissemination.
