# A New Blazer Spirit...

Drew McGregor and Chris Sylvia show their **T-Line spirit** by attending a football game.

The shared smiles between Gina Franco and Kirsten Aarthum show they are **high spirited**.

Anthony DiTomassi shows his **school spirit** with his Band-Aids on Personal Injury Day.

Luis Dejesus shows his **free spirit** by making his own spirit day - Crazy Hat Day.

Matt Atchley, Mike Kellam and Megan Jones show a **community spirit** by helping out with the creation of the backdrops for the Homecoming Assembly.

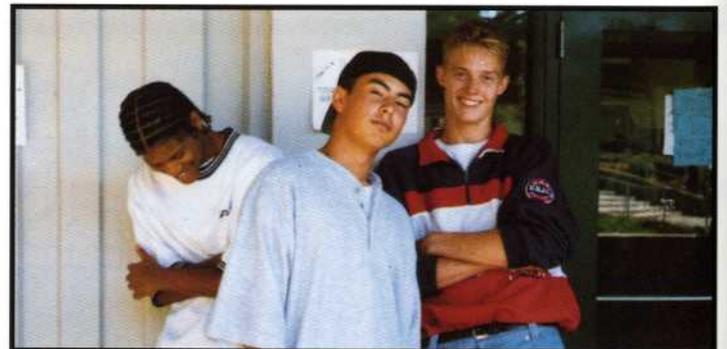

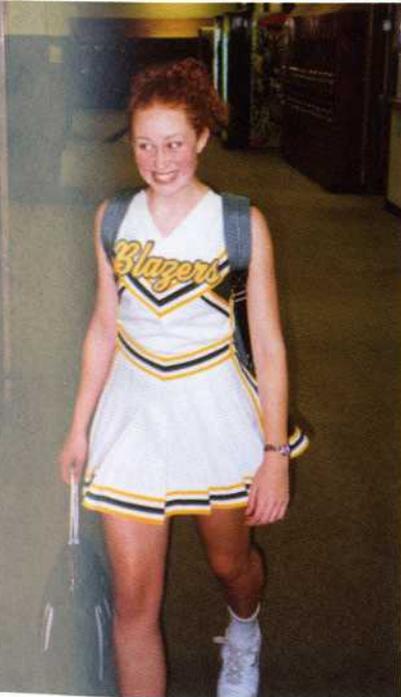

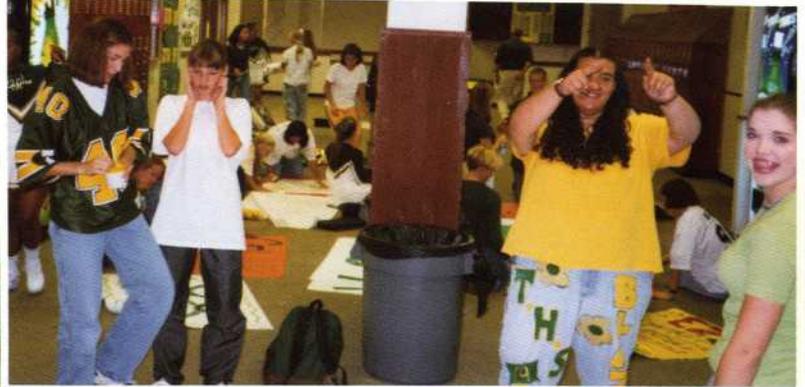

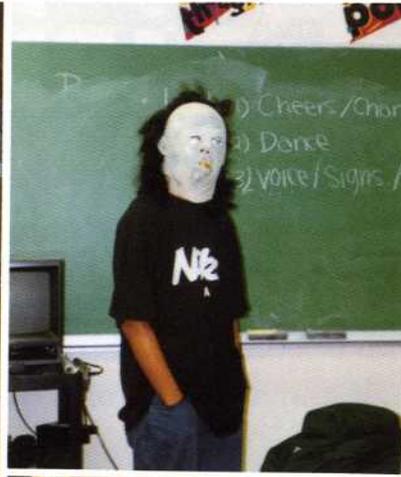

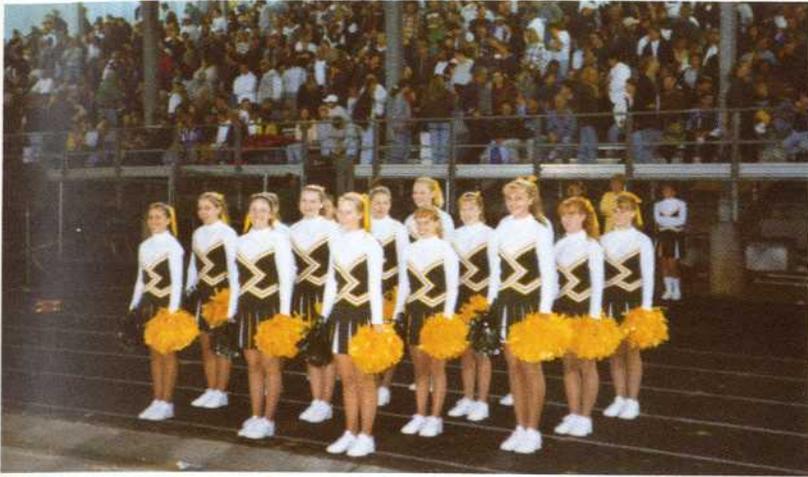

Pump It Up Blazers... Tara Carr opens her arms wide while the rest of the Timberline football fans raise the roof, waiting for the team to show up at South Sound Stadium for a game. Now that's **Blazer Spirit!**

## Blazer Attitude???

It's All A Facade... They may look mean when you first look at them but everyone is **good spirited**. Arron Morris, Nick Graham and Reid Hemphill, like many Timberline students, are always willing to laugh and have fun.

# Spirit Week

## A New Year A New Spirit

Are you guys comfortable?  
Brandon Raney, Chad McClellan, Steve Smith, Kelly Walsh, Jessica Boad, all relax in the upper commons in their pajamas on Pajama Day.

Nice Skirts Guys!  
Adam Fischer, David Burris and Tim Eikum do a stunt for the camera on Green and Gold day. These boys truly will do anything for attention.

Spirit in a spray can...  
Bruce Chojnacki spays some silver coloring in Alex Gregorio's hair before school starts on Green and Gold day.

A little bit trashy?  
Here are Candice Price, Miranda Smith, and Mel Smith showing the spirit they have by dressing up on Recycle Day.

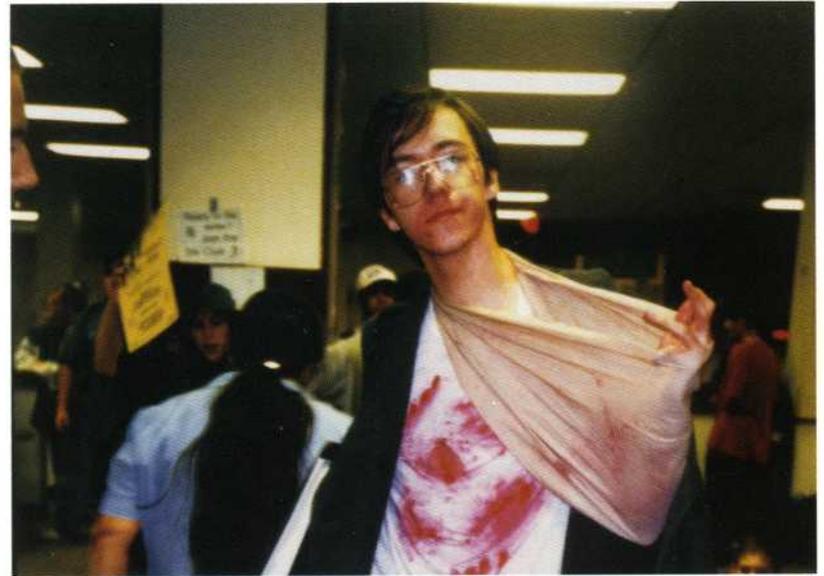

Are these seats taken?  
Drew McGregor, Rance Wilkins, Jeff Sherry, Rachel Casillas and Susan McGowan, are at the Homecoming game looking for seats at the packed Homecoming game.

What happened to you?  
Amy Robinson shows off her wounded cheek on Personal Injury Day, aka Owie Day.

Does that Hurt?  
Robert Houdyshell shows what he has done to himself for Owie Day. He has completely beaten himself up to show that he is proud to be a Blazer.

The Tinman...  
Tim Kapler shows off his foil twirling skills on Recycle Day.

## What is Spirit Week to Timberline?

It's a time to show your spirit for Timberline, and get a little crazy. A time to dress and act as goofy as you can to show everybody that you are proud to be a Blazer.

This year the Seniors came in first in the class competition. They were followed by the Juniors in second, the Sophomores in third, the faculty in fourth and the Freshmen in last place. Maybe next time class of 2001.

# Blazers testing their limits

Timberline's swim team was very enthusiastic to take great pictures for Maximum Capacity. This is a picture of 11 members of the swim team crammed into one bathroom stall. What a way to spend your time before swim practice, with a group of your teammates smashed into a small space. If that doesn't build friendships, what will?

Let's just hope that they don't plan to drive around like that. There wouldn't be much room for the driver! What a close group of friends to be smashed into such a small car together. Many people wouldn't even try.

Maximum Capacity was designed to get people to try and do new and awkward things. Who thought that a group of people could do such strange things, like cram into cars, fit into swim caps and pile into bathroom stalls? Not to mention the massive amounts of sweets one person can fit into their mouth.

Many people tried to do something special to get their picture in the yearbook. But after narrowing down the pictures, these examples best fit the topic of Maximum Capacity.

How many people can you fit onto a normal couch ??? It looks like a couch can fit 11 very close friends with no problem at all.

How is this possible??? Somehow the swim team managed to fit 2 people into a normal swim cap, with room for one more, now that's hard to do.

# Maximum Capacity

Cram all that you can

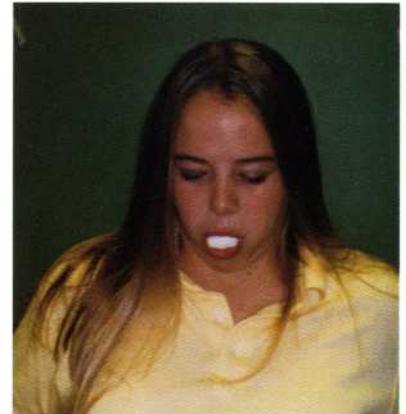

**Michael Spencer** tries desperately to break the Maximum Capacity record of 30 pieces of gum in your mouth at one time. Even with his best efforts he fails.

**Tracy Brachtenbach** also competed in the bubble gum challenge, he made a valiant effort. Yet he could only achieve 25 pieces of gum.

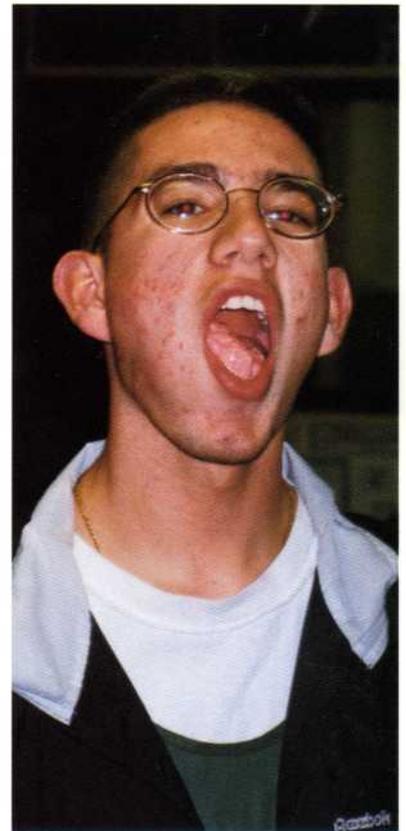

**Shaun Lewis** spent several minutes during 5th Period trying to cram as many marshmallows in his mouth as possible. He achieved 12 but it just wasn't enough.

**Julie Broman** shows her hamster like capabilities by showing 16 marshmallows into her cheeks. Now that takes true skill.

The true meaning of Maximum Capacity is shown in this picture. Somehow Jolene Stokesberry and a bunch of her lunch time friends managed to fit into her convertible Volkswagon Rabbit. No one thought it was possible to fit 28 people into such a small car but everyone participating showed that it could be done.

**Ricardo Lopez** was the winner of the bubble gum challenge. He has earned the right to chew gum with the best of them. He managed to fit a whopping 30 pieces of Double Bubble gum into his mouth. And was still able to successfully talk with all of the gum in his mouth.

### Dance Team Performs at the Homecoming Assembly

Each year the Dance Team slows down and performs a slow dance routine. This year the Dance Team worked their magic on the student body to the tune of "We Belong" by Pat Benatar. The Dance Team also performed during the half time of the Homecoming Game.

### Having Fun With Friends at the Dance

Homecoming is not always a night of teen romance. Sometimes students go in groups or double date. The main goal of the evening is to have fun. Amy Turner forgets all of the lessons she learned in charm school as she gulps down her soda.

## 1997 Homecoming Dance - "Forever"

Each year the Senior Class sponsors the Homecoming Dance the weekend following Spirit Week. This year's theme was "Forever". The theme was inspired by the band Chicago's song with the same title. Timberline's Football team won the Homecoming game against Stadium High School on Friday night. During the halftime, the 1997 Homecoming court was presented to the crowd. Queen Jaime Voss and King Mike Kapaun were coronated during this ceremony. The dance was held on Saturday evening with almost 900 students attending.

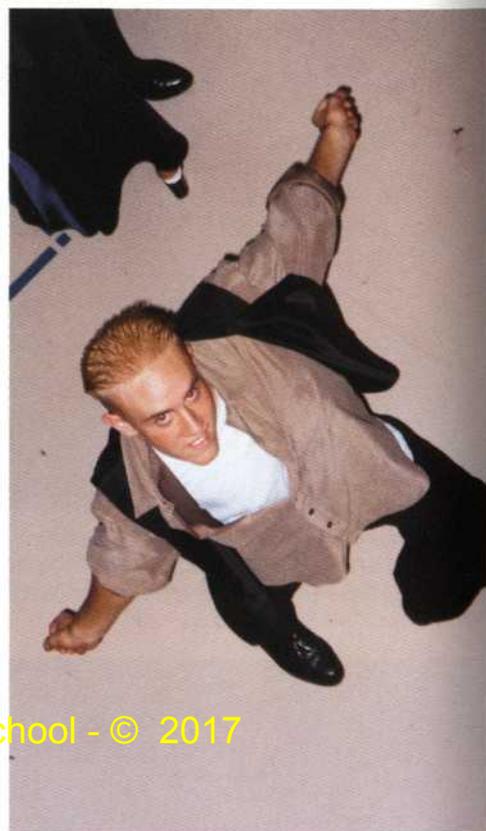

Background Artist... Sarah Yost is helping out with the background for the Homecoming Assembly. The background was a cityscape with roses and the theme "Forever".

It's an All Skate... Whether it's with a partner or a crowd, everyone takes a break for the slow song.

Shake a Leg... Justin Olsen breaks off from the crowd and works it for the camera.

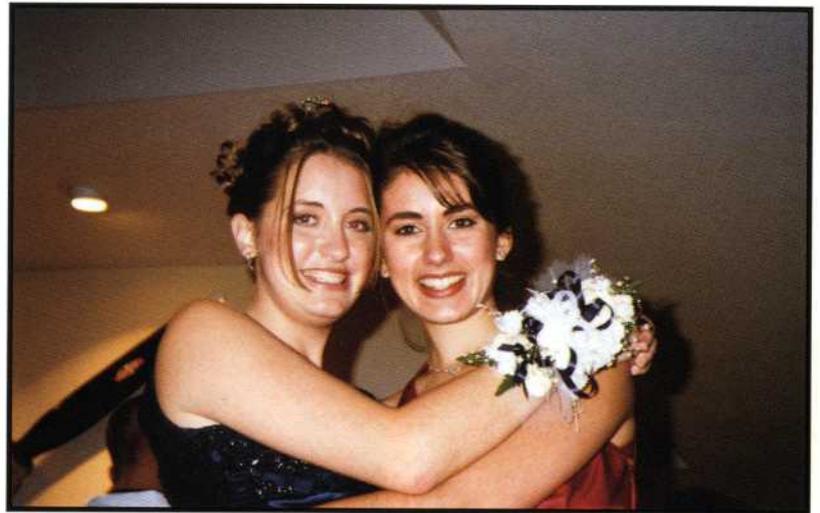

### Kiss The Pig ... It's a Tradition

Okay, maybe it's not a tradition but students sure have enjoyed watching their chosen administrator kissing the squealers for the past few years. Mr. Lehnis was the lucky one this year. Mr. Hawkins, Phil Price, Mrs. Douglas and Mr. Anderson gave a sigh of relief when their names weren't read at halftime.

### Playing Dress Up

The Homecoming Dance is a great excuse to dress up and try out all of the different tips from the fashion magazines. Timberline students looked like they had just stepped off of the set of Melrose Place. Tara Carr and Natalie Bachman look very chic at the dance.

### 1997 Homecoming Court

#### Seniors

Josh Lalley, Amy Turner, King Mike Kapaun, Queen Jaime Voss, Read Judah, Sarah Martin, Ed Lamar, Krissy Smith

#### Juniors

Tara Carr, Albert Garcia, Merissa Zyger, Matt Pacheco

#### Sophmores

Mark Turner, Jennifer Miller, Justin Robischaun, Amanda Peebles

#### Freshman

Jon Daniell, Betty Som, Marie Long, Bryan Tanaka

### Don't burn your tounge...

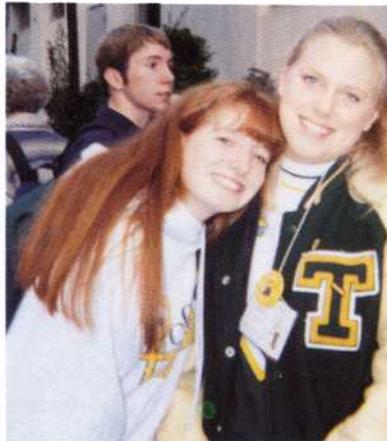

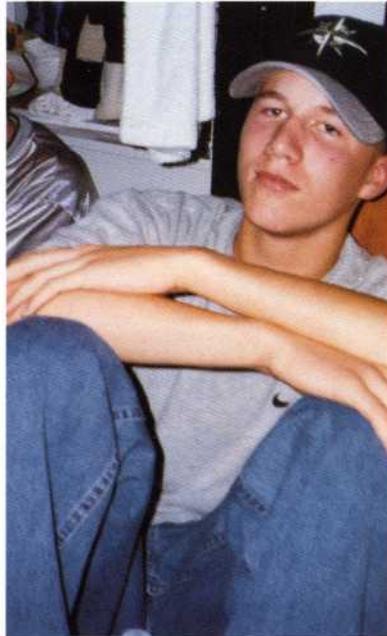

The hot place this year to have Homecoming dinner was Sakura's. A huge group of well groomed students drove up to the Tacoma restuarant for their pre-funct dinner. Sakura's, a Japanese restaurant, prepares their guests meals right into front of them. So, it's not just a meal - it's an adventure!

# Hangin' Out...

## Blazers Out and About

Unlike 90210's "Peach Pit" or *Saved by the Bell's* "The Max," Timberline students don't have a special place to gather. When the weekend arrives, most Blazers chill at a friend's house to watch movies or play pool. Once in a while you can catch us grabbing a bite to eat at Denny's, Taco Bell, or Subway. Blazers are also loyal fans of Timberline sporting events. As a matter of fact, carpooling to the game is half the fun! Going to the movies has always been a good place to hang out at with a group of friends, too. Where ever the place may be, Blazers know how to have fun.

Just chillin'... Drew McGregor kicking back at a friend's house.

Cheesy buddies... Amy Turner and Chelsea Perry cheesing for the camera while hanging out at the WASC leadership program.

Does anyone have the time?... Robin Deligeannis, Brandy Blodgett, Jessi Beard, and Kristen Raben checking out their edible watches while chilling at Jessi's house.

Touch down!... Too many Blazer fans to name cheering on the football team.

# Bluzer Jobs

## Makin' that Money, Honey!

Squeaky clean... Sarah Vagt caught cleaning windows while working at Bagel Brothers.

Would you like paper or plastic?... Jason Gilbertson bagging groceries at Safeway.

Did you want that supersized?... Marie Curtis taking a customer's order while working at McDonald's.

Break time! Break time!... Ben Summers, Hailey Jackson, Matt Larsen, Thackery Talmadge, and Doug Zeller taking a break from pizza dough and toppings.

### What do you like best about working?

"I like knowing that I don't have to depend on my dad for money when I want to go to the movies or things like that."

**Mckenna Leehan**

"I like working because I can get free food."

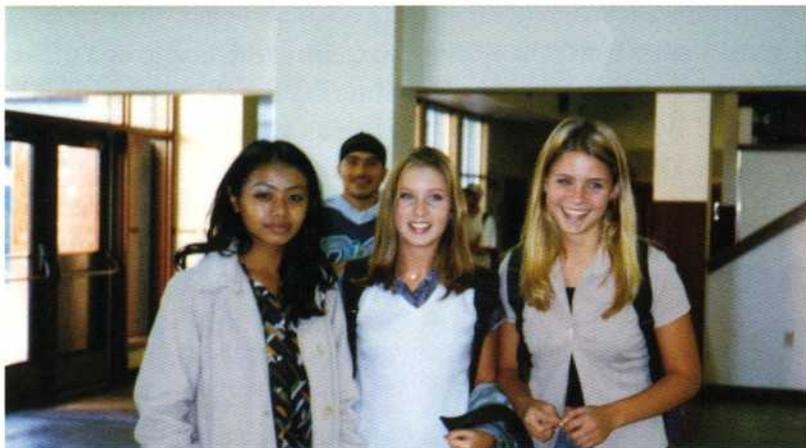

**Robert Jiminez**

Sixteen -- the magic age of entering the career world. As soon as a Timberline student gets their driver's license, their next mission is to seek a J-O-B!! For many, getting a job is just so they can have spending money for the weekend. However, some Timberline students have bigger aspirations... like saving up for a car or even moving into apartments! Whatever the reason may be, a job signifies independence and responsibility - signature traits of a Blazer.

# Blazer Fashion

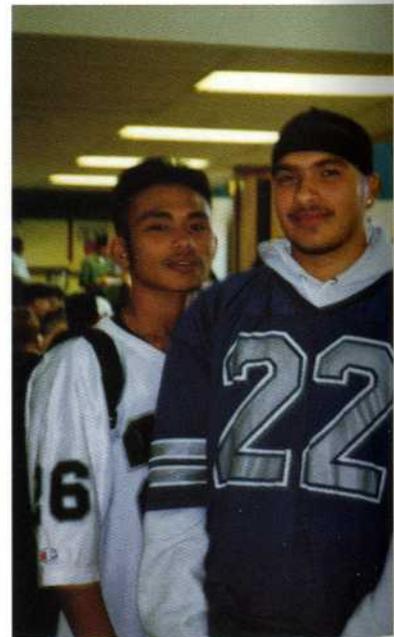

With every new year, comes new fashions. This year in the Deca Fall Fashion Show many new looks were shown - everything from bright colors and big clothes to bell bottoms and tiny shirts. We are seeing that the fashions of the 70's such as bell bottoms, clogs and platforms, returning to Timberline now in 1998. Many Blazers have their own sense of fashion. "Comfortable" seems to be the first thing that runs through the minds of Blazers when they open their closets in the morning.

Smile and Style...Freshmen Betty Som, Amy Nyland, and Carmen Vegas show off like this everyday.

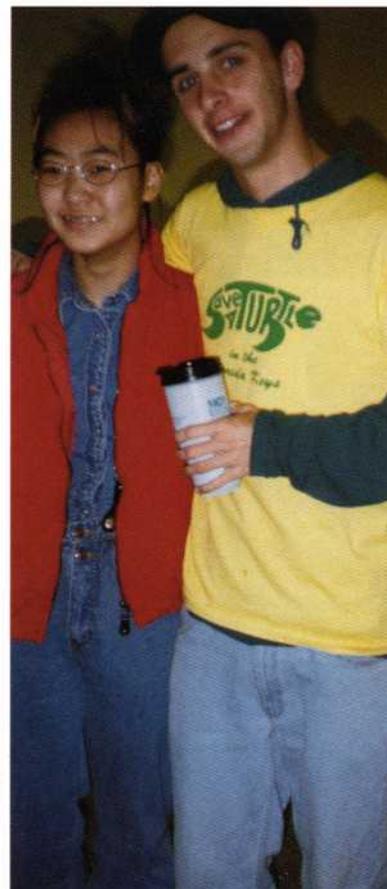

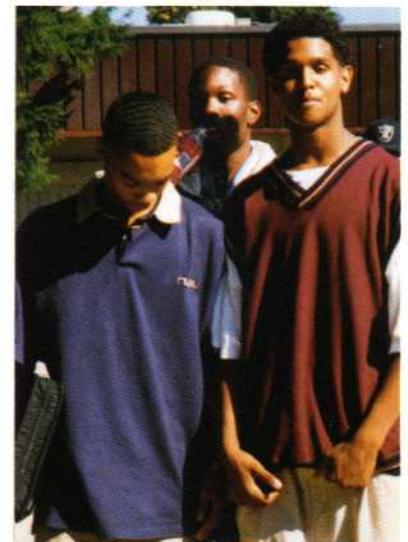

Cozy and comfortable... Sophomore Colleen Brown and Senior Sarah Pursley warm and comfortable in their sweat shirts.

What a Team... Seniors Emron Amin and Robert Jimenez representing their favorite teams.

# With every new year comes a new look, and new fashions

Dressed to Impress... Sophomores Wendell Morris, James Parker, and Xavier Florence dress to impress the ladies of T.H.S.

Blazer Buddies in Fashion... Ryan McGee, Albert Garcia, Sam Hoang, Matt Pacheco, Jason Shaw, Joe Spain and Jason Gilbertson, dress in nothing but the best.

Fellow in Yellow... David Craig shows off a popular color for the year.

Fashion Faux Pas... Seniors Erin Walker and Kelly Walsh stop to tell Mike Kapaun the do's and don'ts of fashion at Timberline.

Seniors with Snappy Fashion... Su Ji Chung and Josh Taylor show their unique fashion.

# Summertime

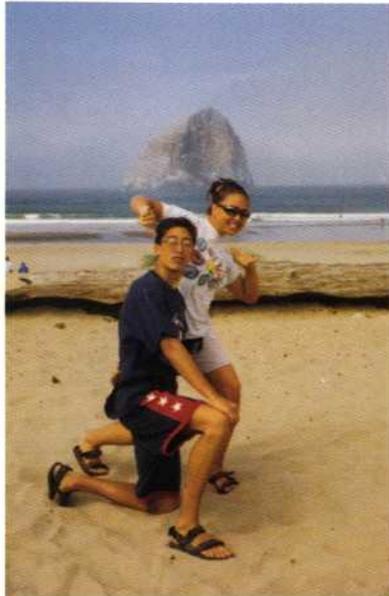

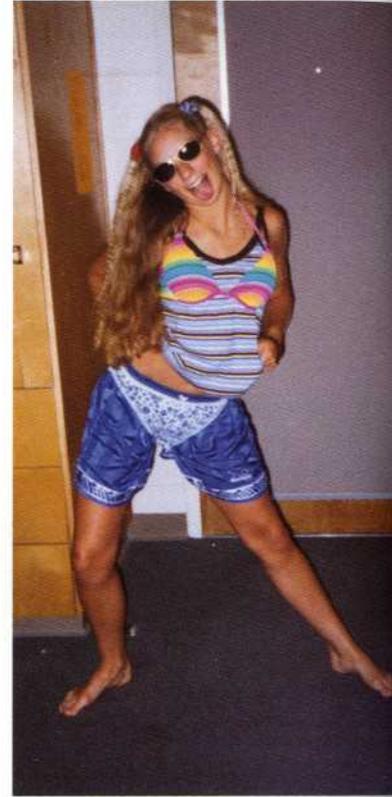

## Kick back and Unwind

With every new summer comes new adventures. From the time the bell rang at 10:20am on June 14 until 7:30am on September 4, Timberline Blazers took advantage of their summer months. From snorkeling in the South China Sea to chillin' at business week at C.W.U., everyone had a blast.

She's Lost it... Kerry Mills getting herself ready to play in a volleyball tournament in California.

Mixing Business with Pleasurable Hugs... Suzzane McGowen and Rachel Casillas having fun during business week at Central Washington University

Sights in Seattle... Abby Goody and Kelly Smith didn't go far but had fun spending the day in Seattle.

Having fun at Hay Stack... Krissy Smith and brother, Tyler, in Haystack Rock, Oregon.

Having fun Around the World... Sarah Martin and Katie Ross snorkeling in the South China Sea

I Love You Mickey... This summer Josh Lalley confessed his love for the mouse.

Sinking Fast... As the summer sails away so do Read Judah, Christine Strole, Dave Burris, as they fight the lily pads

# FRESHMEN

**When**

**Opposites**

**Attract**

**We went around and asked freshmen what they look for at first when they meet someone of the opposite sex.**

“Looks have a pretty big part in meeting a guy, but in the end, personality is the most important.”

**-Anna Lee-**

“I do look at looks first, but the looks aren’t the best things, personality plays a big role in a guy too.”

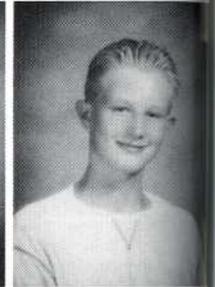

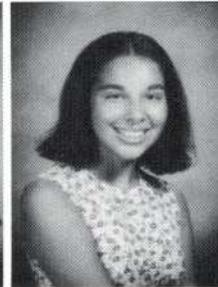

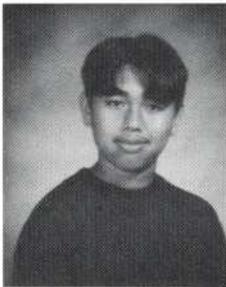

**-Marie Long-**

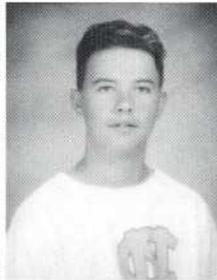

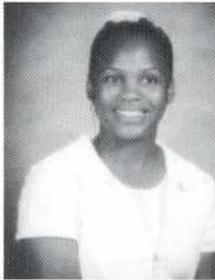

“I look for good looking guys. They got to know how to dress, have nice hair, and a bomb smile.”

# Senior Moments

# DECA

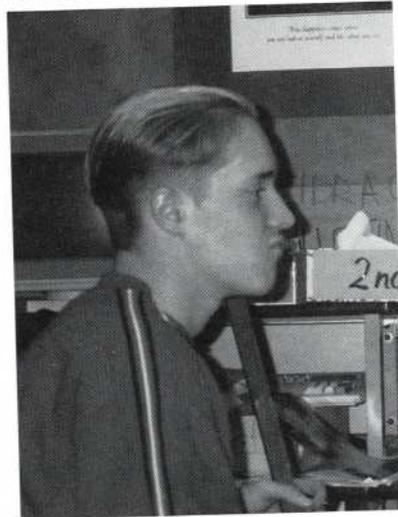

This year DECA has started out in blazing strides. They have begun a class dedicated to competition and have been doing the Woodland banking project faithfully since the first day of school. DECA is devoting its time this year to helping others. They have adopted a family, helped the kids of Woodland get started with their own bank accounts, worked at Mariner games, held a Safeway takeover, and held 2 of its own DECA fashion shows. Each year DECA goes on competitions from around the United States. Competitions are being held in San Francisco and Colorado. The Adopt a Family is ran by Jennifer Bamba. The Safeway takeover is held up by Katie VanWormer and Carla Gomes. Woodland Banking is from Josh Lalley. The Fall fashion show was run by Jaime Voss and the Spring by Marie Curtis. Good Luck to all students who are participating in competition we are rooting for you!!!

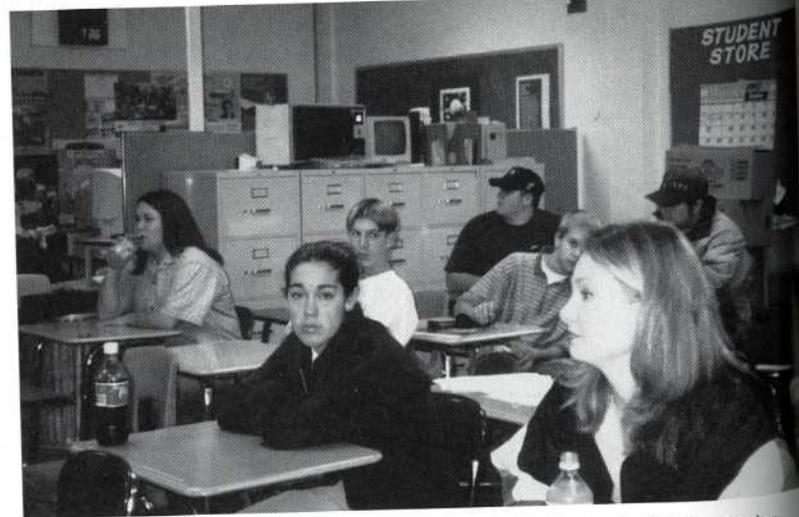

**President:** Jaime Voss **Vice President Promotion:** Kim Sevedge  
**Vice President Administration:** Kim Small **Secretary:** Diana Devine  
**Treasurer:** Frank Smith **Historian:** Kris Larson

Meetings in Mornings...Senior Aaron Morris would rather enjoy his activity period in Mrs. Barr's room instead of listening to a meeting.

Being a Leader...Senior Josh Lalley has been an active member in DECA and is very involved in the Woodland Elementary Banking project.

A Morning of Marketing...Junior Sarah Hodgkinson, Junior Jamie Griffin, Junior Dara Datson, Freshman Jesse Sladek, and Freshman Chris Rhodes try hard to stay focused in the beginning of the day.

# Marketing Madness

Steps to Success...Advisor Dorn Barr teaches DECA members how to work hard to succeed.

DECA Breakfast...Some mornings start off better than others for Junior Michelle Crawford and Junior Keira Nelson at the Wednesday morning DECA breakfasts.

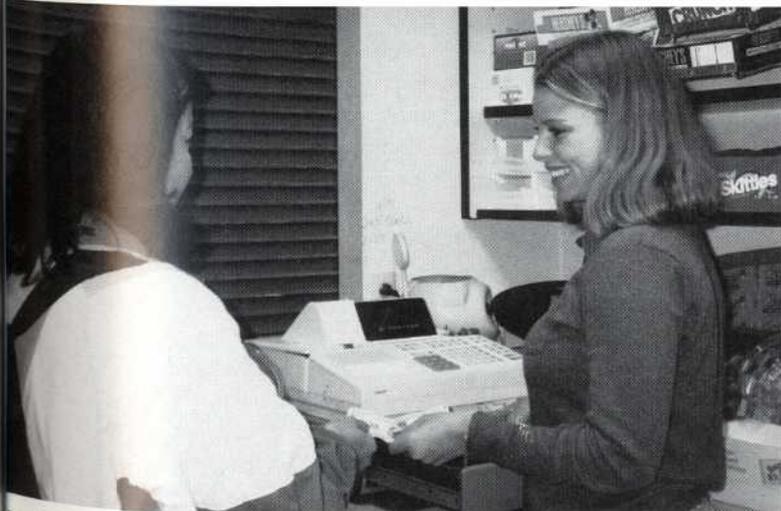

Hanging Out in Barr's Room... One of the requirements for DECA membership is that you have to hang out in one of Ms. Barr's marketing classes. Kim Sevedge has the requirement fulfilled.

We interviewed some of the members of DECA to see what they thought DECA stood for and what they thought of DECA in general. Here are some of their answers...

Junior Christina Foppiano stated that to her DECA meant Dependable Environment Class of Appreciation. Christina also said that she took DECA because its fun, easy and you get to eat donuts all the time.

Junior Elisa Summet said that she thinks DECA stands for Disney's Entertainment Class of America. Junior Destiny Monti replied that DECA is Dedication Education Calculation for America. Destiny is also very excited for the Woodland Banking project.

Junior Alissa Beers answered that DECA stood for Don't Ever Call Andrew. She also states that DECA is because there are more meetings, better competitions, and they make breakfast for us now.

Service With A Smile...Junior Destiny Monti gives her best smile as Senior Kim Small makes her daily purchase from the student store.

DECA leader of the pack... Mrs. Barr teaches DECA members the important "stuff" they must know to succeed in the business world.

Now for the truth.....So what does DECA stand for???

According to the advisor Dorn Barr, DECA has no meaning. DECA is just a leadership club for marketing students. We went on to ask Mrs. Barr some of her memorable DECA moments. Mrs. Barr says that DECA is fun because of all the trips and activities. She also said her most memorable moment was when her first student won nationals. Only 5 others have won nationals from Timberline since then.

# Writing Club

The Writing Club is a new edition to Timberlines already diverse club portfolio. It was started by a group of freshman who enjoy writing, most of whom are in honors english. The club is reaching toward two large goals this year. First to publish a magazine of writing from our student body and second to participate in dramatic readings in downtown Olympia.

I look back on yesterday  
And see all the special times  
We've had being friends,  
Are not as special as they used to  
be.  
They're no longer in bloom,  
But faded away.  
Those memories are gone,  
Somewhere no one even knows.  
Sometimes I hide the pain I feel  
inside,  
But it's still there, waiting  
For me to start again.  
Just don't know where to turn  
For I know the pain will be with  
Until the end.  
I feel inside  
May never go away,  
Life will be ever so different from  
the life  
That was so special to me, long ago  
I don't even know whether  
I'll ever be able to find a friend  
As special as you.

# The Way

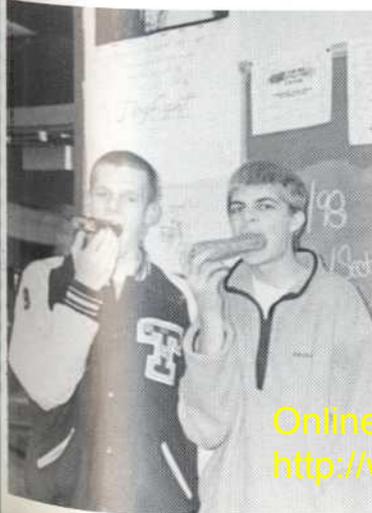

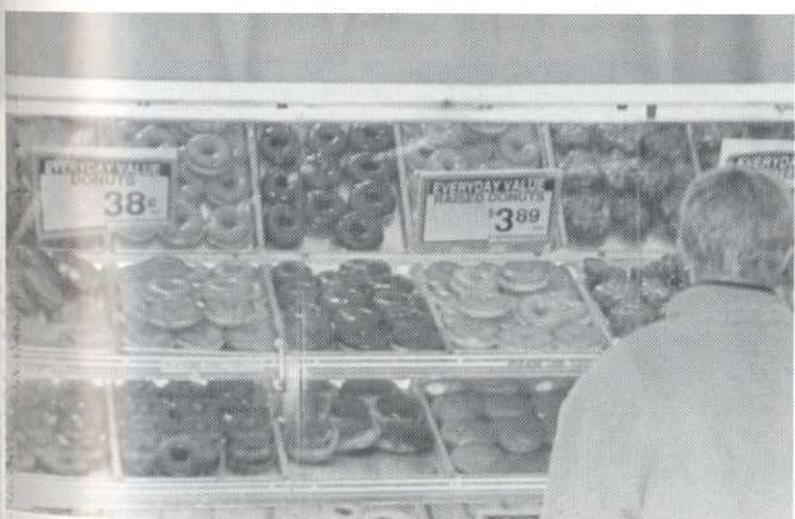

The Way club is a service club. They volunteer at various non profit organizations. Their top goal this year are to??? Show the compassion of Christ through services to our community and school?? said Vice President Kristen Montgomery. The Way club officers and advisors work with other local schools to plan city and county wide events.

# The Donut Club

*In search of the forbidden pastry.*

Finally! The Taste of Victory...  
Dave Burris and Tim Eikum experience the sweet taste of a successful getaway. They not only got off of campus but back on without getting caught.

**The Official Meeting Spot...**  
The undercover club meets at the bakery of a local store. Members of the club continually participate in Socratic Seminars about the best bakery in town.

**The goods are in the bag...**  
Jessamyn Veinot and Merissa Zygar have successfully completed the club's objective for another week.

**Getaway Car.**  
The driver's code name is DB. His identity must remain a secret because this club is not only underground but members must sneak off of campus under Mrs. Douglas' watchful eye.

**Hmmmmm Donuts...**  
Homer Simpson is an icon for this club. Homer would be in heaven if he saw today's selection.

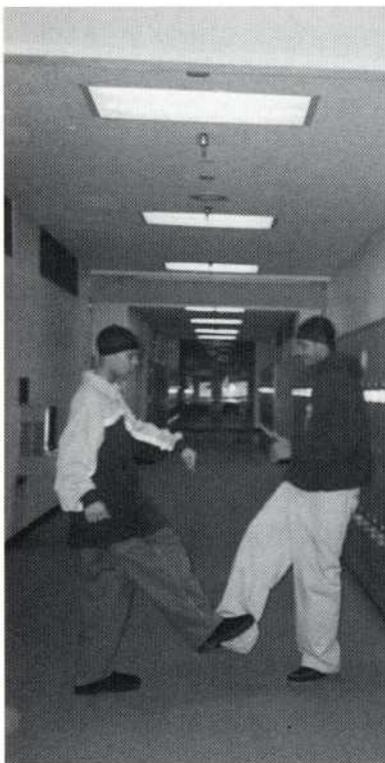

At the beginning of the year, students take time out of their lunch to choose a club that suits them. Each year there are always new clubs that haven't been experienced by the students. Have you ever wandered around the club sign-ups looking for the right one, when you realize there isn't any??? Most students have felt that way, but students Sarah Martin, Katie Ross, Tauni Green, and Jaime Voss found a solution to their activity period problems. An underground club, unknown to teachers and administrators, called The Donut Club. When Tauni Green was asked to provide some information on the club she replied, 'Everyone needs a good excuse for skipping and the Donut Club seemed the most logical.' The Donut Club has 4 known members but an estimated anonymous membership of 147. Jaime Voss said 'If it weren't for Safeway we'd have no reason to skip'. The Donut Club has set its sights on an incredible year and is always looking for new membership.

# Stepping Out

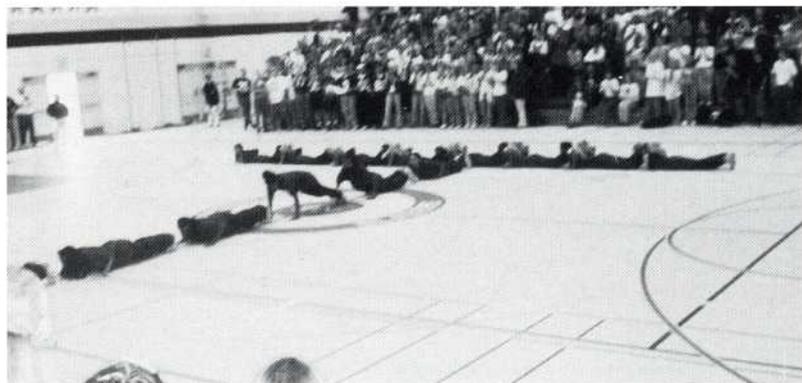

## Step team takes the school by storm

Top row: James Parker, Xavier Florence, Wendell Morris, Cory Reid 2nd row: Billy Grubbs, Cookie McQuillion, Kenyatta Wilson, Jameeka Parker, Coach: Valerie Parker Bottom row: Melissa Biggs, Keira Nelson, Chinda Long, Katrina Garibaldi, Mellissa Smith

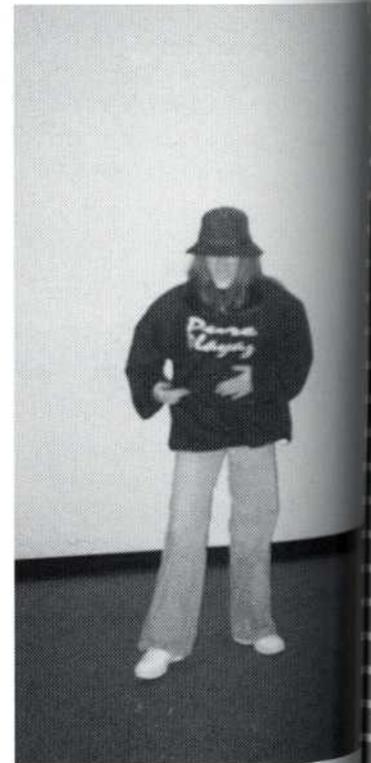

Step team burst onto the scene at this year's assemblies. With their ear-enchanting rhythmic patterns and their eye-catching choreography they added spice to their performances. Even though this was their first year as a club at Timberline their coach Valerie Parker taught them many different routines. Team work is a big factor on step team. Everyone has an equal say. For instance, the way they make up their routines is by every one contributing a step and as a group they put them together.

Kicking it... Xavier Florence and Wendell Morris show us one of their many partner tricks.

Makes me want to stomp... Step team members bust a move during their performance.  
T line... Timberline step team shows their strength while performing.

Break it down... Keira Nelson struts her stuff, showing us her new moves during step practice.

# B.A.D.D. to the Bone

## Blazers against drunk driving

Left to right: Mr. Atwell, Larry Dotey, Dan Smith, Andrew Terell, Marquee Williams, Maralyn Bailas, Lucy Gallagher, Missy Slaughter, Jessica

Over the course of this school year B.A.D.D.'s presence became very well known. With their message clear they showed a valiant effort to curb Timberline students drinking and driving. At this year's Homecoming assembly a poem written by Missy Slaughter was read to warn of the affects of drinking and driving. Also the mock crash they put together for the Maycourt assembly was a shocking message to students about drinking and driving after prom.

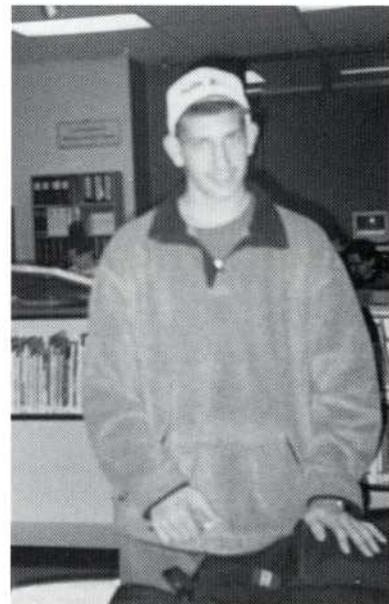

I really hope that the message gets out about the affects of drinking and driving, so people can avoid learning the hard way.

- Missy Slaughter

Whistle while you work... Taylor Kinley looks up information on drinking and driving.

Chilling out... Frank Smith shows just how B.A.D.D. he can be before their weekly meeting.

# Student Store

As in any real store operation, trust becomes the most important factor in hiring your employees. Such is the case with the student store.” Mrs. Dorn Barr, marketing teacher, is the brains behind the operation and requires her employees to be trustworthy. The requirements for student store are simple you must take Marketing for one year and develop that trust level with Mrs. Barr. What do you learn if you one of the lucky ones???? Cashiering, stocking, ordering, maintenance, banking, promotion, paperwork (and, boy is there a ton of it!), scheduling, baking and becoming one with the bakery department at Safeway. Over a year’s period of time those students who work in the store have developed a number of skills that they will take with them to their next job or promotion.

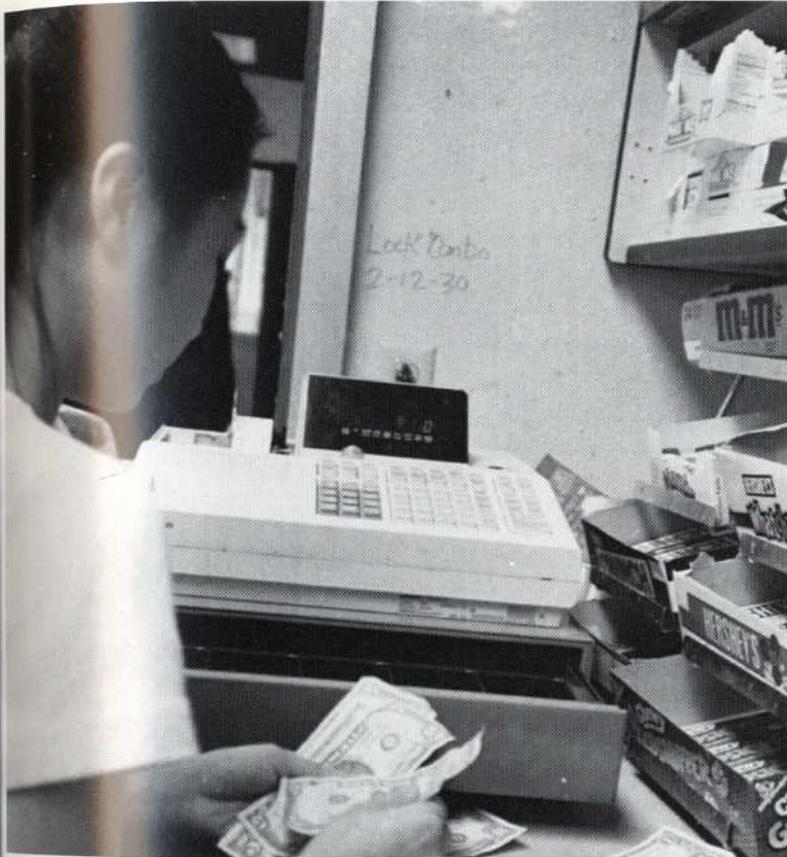

Decisions Decisions... Mack Davis waits for Jessica Levee to decide on her lunch choice. The store offers anything from soup to suckers for students to purchase during lunch.

Too much help??? The staff of the student store takes a break after the lunch crunch. There is always a rush at registration to get into the Student Store class.

Lollipop Lollipop...Bianca Moore leaves the student store with a lollipop. Candy is a large percentage of the sales at the student stores.

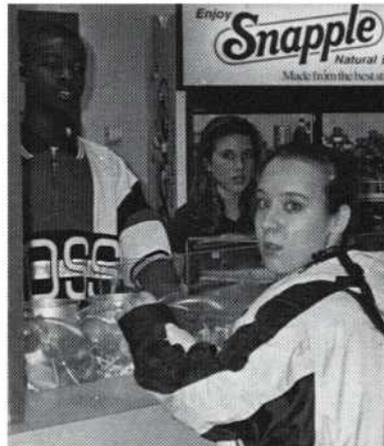

# Blazers in Business

Counting the Cash...  
Phanhmaha Xayavong counts the daily profits from the student store. Balancing the register after lunch is another responsibility of students in this class.

# F.B.L.A.

## A New Way of Life

This year F.B.L.A. went to a variety of conferences where they heard men and women talk about the career they chose. F.B.L.A. also competed in events anywhere from public speaking to written tests. When they are not getting ready for a conference they do volunteer work. At Timberline's Haunted House they set up a fish pond outside the front door. During the holiday season they wrote letters to people in the service. On February 13, 1998 they hosted a dance here at Timberline. In F.B.L.A. men and women both are learning how to be successful in a business career. If any one would like to become successful after high school F.B.L.A. is a good club to look into.

FHA helps to make sure you are strengthening them.

# Dance Team

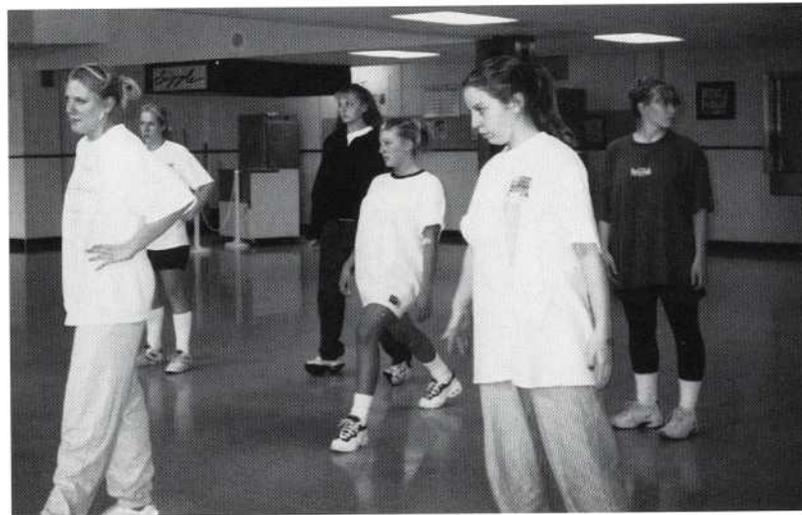

## THS Dance Team

Kristi Morefield, Katie VanWormer, Amanda Johansen, Tara Carr, Jackie Stockdale, Jenna Wagner, Chelsea Perry, Sarah Meagher, Leslie Benek, Juline Long, Tara Cohen, Kristen Rivas, Marie Curtis, Misty Bruderer, Neva Chemal, Amber Drury, and Advisor Mrs. Waterman

The Dance Team started off their year strong. They worked hard all summer long to perfect their dance routines. Their persistence payed off when they competed in October and received a rating of excellent which gave them 2nd place. The Dance Team spent their year performing at assemblies, games, competitions, a Seahawks game, the Freshman barbecue, and Capital Lakefair. The teams' advisor is Linda Waterman and the teams Captain is Senior Chelsea Perry. Dance Team definitely put forth great effort in making the year memorable for everyone.

Practice Makes Perfect... Senior Chelsea Perry, Junior Jacki Stockdale, Sophomore Jenna Wagner, Senior Leslie Benek, Junior Kristen Rivas, and Junior Tara Cohen finish their warm ups and begin to concentrate on their routine.

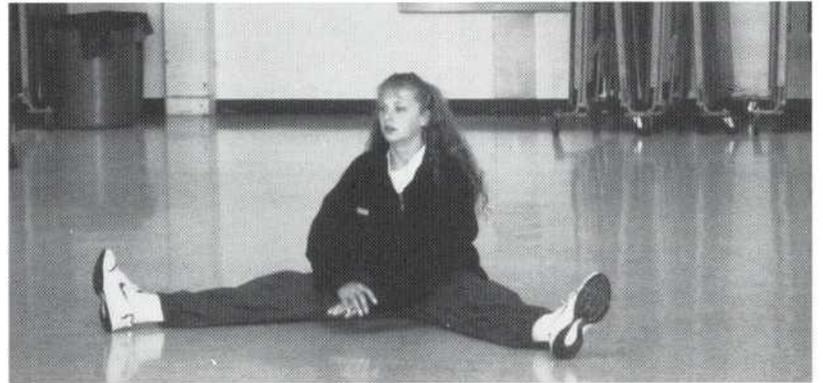

Getting the Job Done...Junior Tara Carr takes time out from practice to finish some paper work.

# Courage to Compete

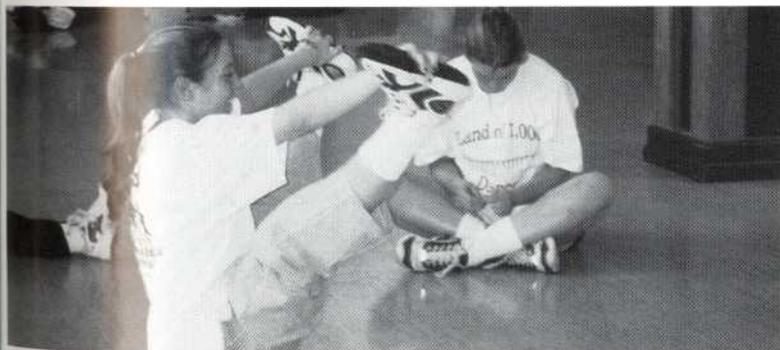

Follow the Leader...Advisor Linda Waterman shows the Dance Team a helpful stretch. Junior Kristen Rivas, Junior Neva Chemel, and Junior Sarah Meagher seem interested.

Stressed or Stretched...Sophomore Jenna Wagner relaxes before a stressful afternoon practice

All Work and No Play...Seems the other way around for Junior Kristen Rivas as her silly stunts help get her through practice.

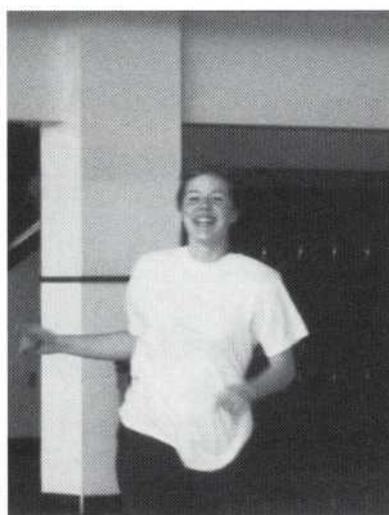

Dance team is filled with fun, hard work, and competition. Not only is there stress, but it takes many hours outside of school to practice, practice, practice. We asked the Captain Chelsea Perry and a participant Juline Long, just a few questions that people are wondering about Dance Team.

When we asked Captain Chelsea Perry what the funnest thing about being on Dance Team was, she replied with "The funnest part of Dance Team is seeing all the members excited to perform and going to professional sports events."

Then we asked what its like being Captain and when do you get stressed out?

Chelsea answered "Being Dance Team captain is always stressful but at times it is rewarding. I usually become stressed out when there is more than 1 routine to be practicing, teaching, and making up at the same time."

We went on to ask Senior Juline Long her thoughts on Dance Team. She told us that being on Dance Team is hard work and takes up a lot of precious time. Juline also told us that she usually gets stressed out when people cant dance or they talk too much when trying to learn a routine. She is especially stressed about

Flexibility first.. Senior Captain Chelsea Perry stretches out before practice

# Interact in Action:

Interact, helping others help others help themselves. With this attitude Interact has impacted the community greatly. From lunch buddies to Bread and Roses, many people have been affected by students involved with this club. Many of Interacts projects are hands on such as W.I.N. and Make A Difference Day. By planting trees and pulling weeds they helped with the upkeep of Wonderwood Park. Their advisor Mrs. Weston, hopes that many of this years projects will become annual events.

## Interact Impacts...

What was your favorite thing about Interact???

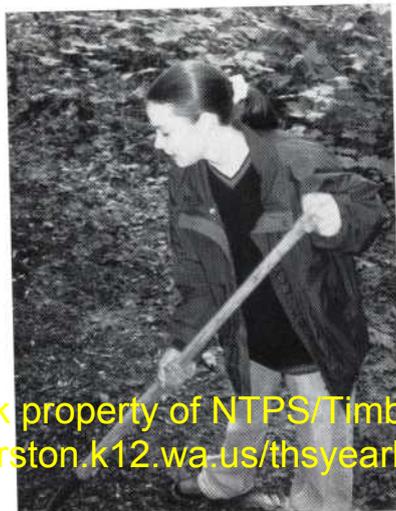

Sophomore Lindsey Boad said "My favorite part was lunch buddies because we connected with the kids".

Sophomore Jessica Beard replied "I enjoyed reaching out into the community".

Junior Adam Fisher stated "I loved playing with the kids at recess during lunch buddies".

## Helping To Take A Bite Out Of Crime

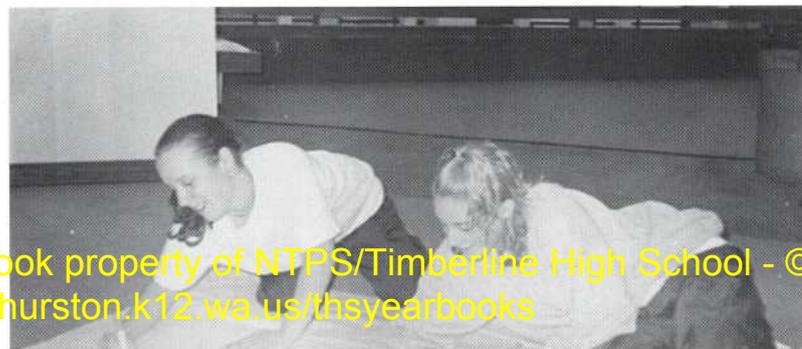

Crime Stoppers is a club of concerned students that hope to help the community by reporting crime as they see it happen. With the help from this club the cities of Lacey, and Olympia are a little safer and easier to feel safe in. The students want to help Take A Bite Out Of Crime and see this community succeed in being a little bit more crime free for years to come. # Foreign Exchange Students

This years foreign exchange students were a cut above the rest. Although they did not get to choose what school, or even state they came to they seem to enjoy Timberline. We have students from three different countries this year: Brazil, Germany, and Switzerland. They have had many interesting experiences with the difference in cultures. Some of these experiences may have been fun and some may have been embarrassing.

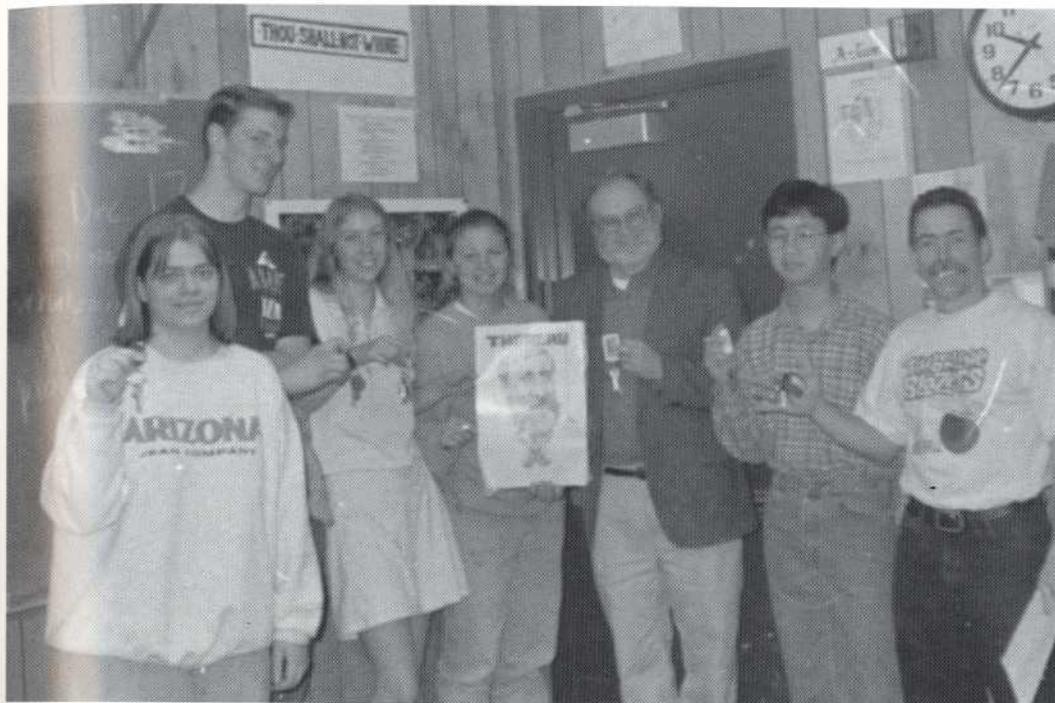

## Embarrassing Moment...

Every American teenager knows what the word "sucks" means. Just imagine if you didn't, like foreign exchange student **Lea Knobel**. When Lea overheard someone saying that Snapple sucked, she thought that was a good thing because she liked Snapple. Later, when her host brother told her that she sucked, she thanked him.

# Key Club

# Impacting the Community

Members: Holly Hoffman, Linda Mewhirter, Rebecca Baria, Sung Lee and Steven Larson  
 Advisors: Mr. Compton and Mr. Wilson

Key Club does many different activities throughout the year. With their many conferences and projects they have impacted the community greatly. Key Club is sponsored by the local Kiwanas Club. Some of the events they have sponsored this year include working during the Thanksgiving season at local food banks and homeless shelters. They also created a haunted house at this years Halloween fest.

## Kelly and Amy are Activity Animals! *How can these Blazers fit everything into their schedules?*

Senior Kelly 'QP' Walsh has been an Activities Animal since her freshman year. She currently is a member of Honor Society, Interact, Drama Club's Vice President, Leadership, and is this year's ASB Vice President. We went to Kelly to find out a little about being involved in school.

**Why she's involved in clubs?**  
 I like working with people and making a difference in the school and community.

**What is your main goal as an involved student?**

# Cultural Awareness

## "Ethnic Unity"

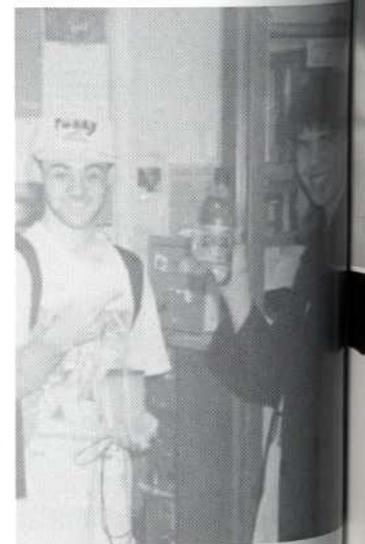

For years, Timberline has had a Cultural Awareness Club. The advisors of the club are Ms. West and Ms. Kreidler; the co-advisor is Ms. Parker. The advisors like to stress that the club is not only for the minority groups of the school but for everyone. For Thanksgiving members helped out at a turkey dinner. Also for Christmas, members volunteered at a church to help serve and cook for the homeless. Another big project of the Cultural Awareness Club is the Martin Luther King Jr. assembly. This year the club had a special guest speak to the student body. In May, they hosted their annual Cultural Fair with food from many different cultures.

## The fuel That Makes Timberline Run

Have you ever wondered who puts all of the assemblies together? Who makes and hangs up all of the signs that inform you of what's going on at Timberline? Who organizes the dances, Toys for Tots, penny wars, the canned food drive, and the reader board??? Leadership class does all of this and much more. Mr. Geiger and the 36 students in the leadership class worked hard everyday to organize everything from The Kiss A Pig contest to Spirit Week. You would be surprised to hear about all of the things the leadership class is responsible for. They are the fuel that makes Timberline run.

In Alphabetical Order: Kirsten Aarthun, Alice Avery, Natalie Backman, Jessica Boad, Kimberly Bridson, Jocelyn Campbell, Rachel Casillas, Paula Danh, Stephany Daniell, Sara Fowler, Katrina Garibaldi, Megan Jones, Micheal Kapaun, Chinda Long, Chad McClellan, Suzanne McGowan, Kerry Mills, Duana Naipo, Noah Naipo, Jessica Pagnotta, Chelsea Perry, Phil Price, Ufiufi Sakaria, Jennifer Shaw, Kimberly Small, Michelle Soares, Tiffany Swanson, Raegan Truax, Amy Turner, Jennifer Turner, Sarah Vagt, Jeff Vaughn, Erin Walker, Kelly Walsh, Lindsey Willis, Kenyatta Wilson, and Mr. Geiger.

### LEADERSHIP CAMP

Alice Avery, Chelsea Perry, Sarah Vagt, Lindsey Willis, Amy Turner, Mike Kapaun, and Phil Price attended leadership camp during the summer of '97. Leadership camp was held at Cispus Learning Center in Randle, Washington in July. For five days, the seven of them attended classes and learned skills that would make their senior year the best year ever.

## With Blazing Strides We Gain Our Pride

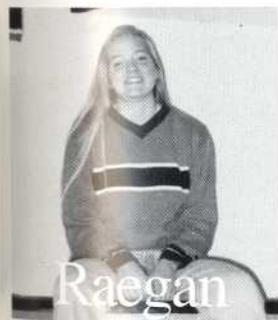

We heard their voices on the announcements. We saw their faces at the assemblies. They were this year's vibrant ASB Officers making this year the best Timberline has ever seen. We were fortunate to have Phil Price, Erin Walker, and Raegan Truax back again this year. We also gained two great, new leaders; Chad McClellan, and Kelly Walsh.

## The Sound of Timberline

Practice makes perfect... Violinist Shelly Stevens practices with a smile during Gold Orchestra classtime.

All Alone... Celloist Peter Kang is the only member of Green Orchestra brave enough to play the cello.

All smiles... Jane Huh and Joann Hurlburt have a good time even while practicing their violins.

Off to a great start... At the beginning of the year, both orchestras performed in the gym for parents and staff at Open House.

Always willing to help... Mr. Courter advises Candace Campbell on a difficult violin piece.

In the spirit of great musicians, our Green and Gold Orchestras are compelled with determination and talent to always perform to the best of their abilities. With their huge collection of talents, both the Green and the Gold Orchestras represent Timberline proudly each year at the Central Washington Orchestra Festival in March and also at the SWMEA Festival in February at River Ridge. If you attended a Green and Gold Orchestra performance this year, you experienced the talent and determination of our Blazer musicians who spend hours practicing each piece for their events.

# Choir

## The Voice of Timberline

This year's choir classes worked very hard to raise money to purchase new concert risers. Although with this material goal guiding their efforts, their spirits seem to rejoice every time they heard their collective voices rise in sweet harmony. The choir teacher, Ms. Ellifritz, made singing a joy for her students. Here's a few thoughts from her students:

"The opportunity to lead the choir as the president, and to watch Miss Ellefritz turn a little talent into something magnificent, has made me seriously consider becoming a choir teacher myself."- **Kristen Montgomery**

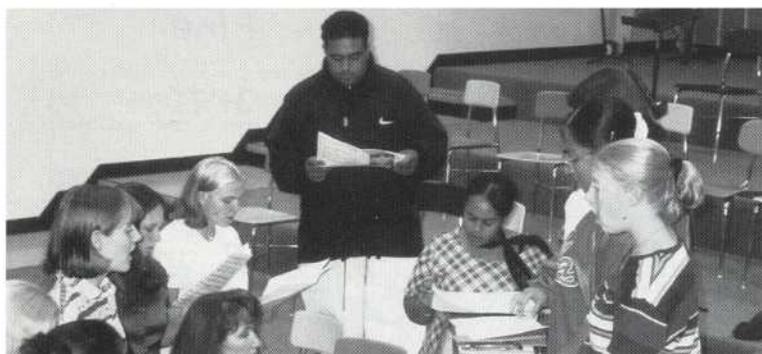

"If it weren't for Ms. Ellefritz, I would still be afraid of making mistakes."- **Aimee Sills**

"Choir is special, it means something for everyone to dedicate themselves to and it's fun!"- **Jenny Isan**

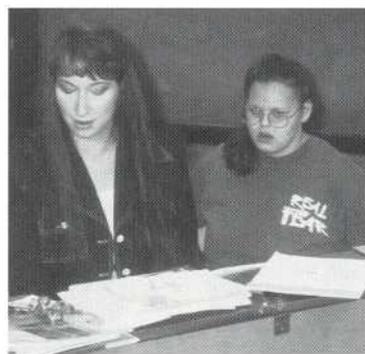

"Choir is like a vacation get away from academic pressures."-**Julia Haslam**

"It's all a fun time; a time to relax and do what you like to do, sing!"- **Amanda Harris**

"I love singing, it gives me a way to express my feelings, thoughts, and experience through music."- **Liz Cheney**

All together now... Concert chorale practiced around Ms. Ellifritz's piano often. Creating a personal respect for each member.

One to one... Ms. Ellifritz is well liked by all her students. Probably because she focuses on their personal growth with one to one sessions. Here Ms. Ellifritz works with concert chorale member Laura Elliott.

Harmonizing... The concert chorale sopranos are full of talent. Here Heather Mould, Anjuli Burton, Elizabeth Cheney, and Angela Lougheed unify their voices.

Avon ladies WATCH OUT... The Alto's in concert choir sold over five hundred dollars worth of holiday goodies as part of their year long fundraising efforts for new risers.

## Band Notes...

The Timberline High School Band went to Canada this year for competition. This was the second time they went within the past four years. They played many difficult arrangements of music. They left in April and stayed a couple of nights in a hotel. It was a rewarding experience for all of the students who went on the trip. Other Blazer Band performances included the 1997 Homecoming Half Time Show, the Christmas Concert, and the Spring Concert.

Through hard work and high stress levels, the Blazer staff was determined every month to produce a worthwhile and interesting publication for the students of Timberline. With a staff of twelve, The Blazer continued to carry on the long tradition of a school newspaper.

“I think The Blazer is important because it keeps the students informed of important events and accomplishments,” commented senior, Leslie Benek. “The Blazer is the ambassador of good and bad news alike, and still perceivers ahead. And yet, there aren’t very many gratifying qualities to the paper,” said sophomore, Matt LePalm.

The first issue of The Blazer graced the campus of Timberline as the Timberlog in 1970. This staff plans to continue the tradition, with Blazing Strides.

A Mysterious Club Where You Learn AND Have Fun

Academic Decathlon: A mysterious club that no one really knows the truth about, but everyone is intimidated by. What kind of insane people would study when they don't have to? Oddly enough, learning is fun to us, but not because we study. We work with Mr. Kistler and other team members after school to prepare for regional and state competitions. These competitions are made up of different subject areas such as music, art, poetry, math, etc. We have fun and goof off while we learn. What a great combination! Of course, we do have to put up with Mr. Kistler's jokes. Everything has it's downside.

# CO-OP WORK

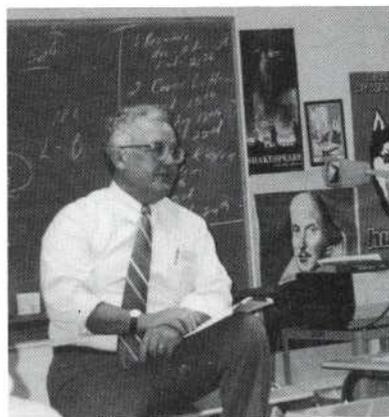

You Better Work!

Co-op work gives students the opportunity to go out into the work force during school hours to teach them how the real world works. It teaches them the responsibility of working, and help them during the transition from high school to the REAL WORLD. During class time they do weekly reports, learn how to do resumes, and learn from the people who have actually had the experience of working out in society. Some of the benefits that co-op offers are half days at school, and having more responsibilities put on their shoulders. It also gives them the opportunity to earn extra credits during one semester, and it also shows them how the work force operates.

What a day...  
David Cochran, senior, finds time to stand around and relax during the exhausting school day.

The Blazer Broadcasting System is a video production class. It teaches you how to produce stories and make them into movies. There are many steps to get through this process. First students start out with written plans. Then they are shown how the camera, lights and equipment work.

The B. B. S students go around the school to gather shots for their production. Once the scenes are gathered, they get graded on them daily. B. B. S is an independent class. Students come up with their own ideas, get their own footage, and do their own editing, but are constantly being coached. Unlike other classes who get their finals at the end of the semester, they get quarter projects. The projects are usually documentaries. Once their projects are graded, they can submit them to Mr. Hoonan and can be put on TV. You can watch their work weekly on Channel 3, check your local directory for times.

The return of Ms. Amburgy (T.H.S drama teacher for the past 12 years) from Europe, and an exceptional drama club, they had good things to look forward to. With a fabulous line up of shows, the 97-98 season opened with the extremely challenging British farce, "Noises Off" featured a cast of nine talented actors, a crew of 25 hard-working students, and was directed by Junior, Ian Eisendrath. The season continued with the premier of "A Winter Carol," a brand new production. Under the direction of Ms. Amburgy, this was a smash hit! The drama department finished it's year with it's production of "The Who's Tommy!" This rock-opera featured high school students from every high school in Thurston County. Overall, the drama club has been very active and successful this year.

Chris Alsup turning on the heat to beat out a North Thurston defender.

After last years record of 5-4 the Blazers took the field this year with a game plan to utilize their pass and catch combination of Steve MacCormic and Shawn Graham. Coach Darren McKay refers to it as "Fast break football."

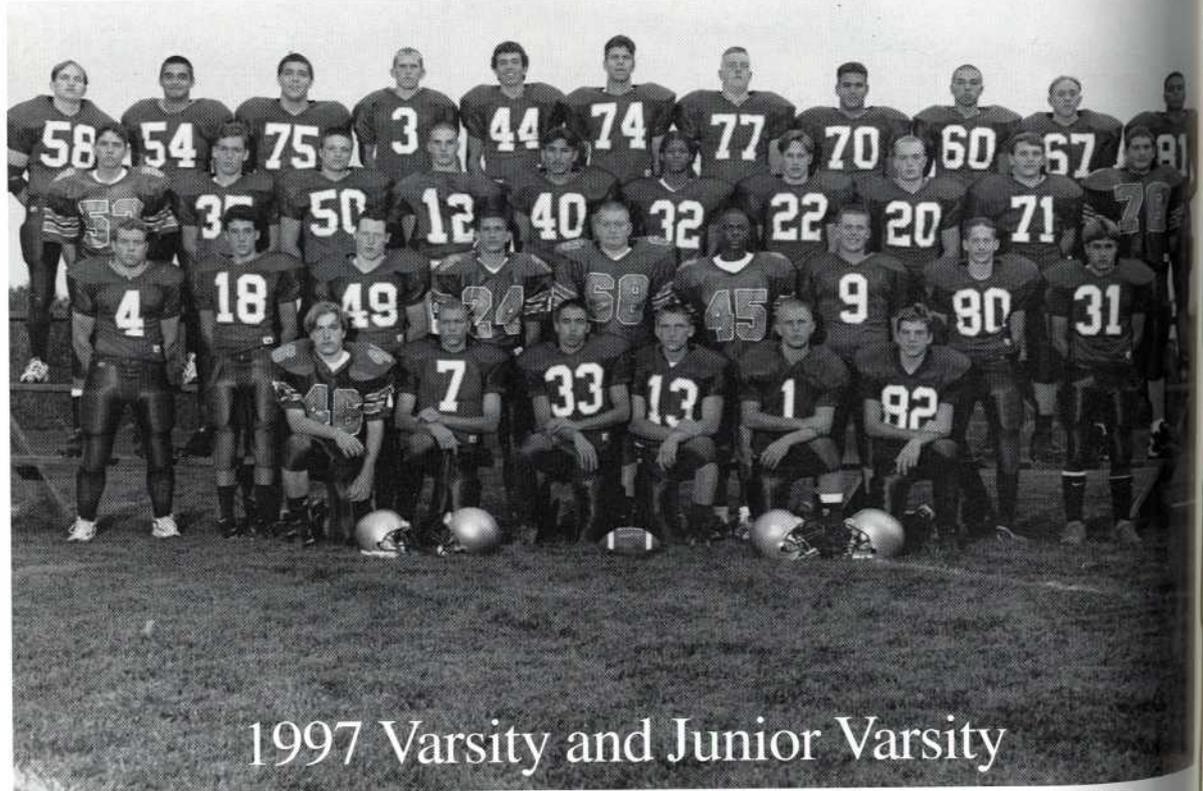

With a positive outlook, installed by McKay, the Blazers hoped to reach the playoffs. With an opening day win against Shelton the Blazers looked as if they were on their way.

Besides their air attacks the Blazers also established a hard hitting defense led by captains Chris Alsup, Dusty Kinley, Shawn Graham, Chad McClellan and Justin Heryford. It was a year of exciting football that many fans came to see weekly.

Scoring with ease...

The Blazers didn't only score from the air, they also had Dusty Kinley to score the rushing touchdowns. Here he's shown celebrating a touchdown with a teammate.

From take downs to pins  
wrestlers have it rougher  
than one would think.  
They endure hours of  
intense weight training  
every day in order to  
keep competitive at  
matches. Wrestlers have  
to stay within a certain  
weight class, sometimes  
having to go without  
food for 2 days. During  
their matches they are  
twisted, turned, pulled  
and pushed to their limits  
just to earn a few points  
for the team. And after  
everything is over they  
have to do it all over  
again in a few days.

OK well maybe they weren't swimming for the very first time but you get the point. These girls were out there every day practicing as hard as they could. When it came down to the meet they gave it all they had, and some times more. # Student for a Day

Timberline High School's First Parent-Student Exchange Day

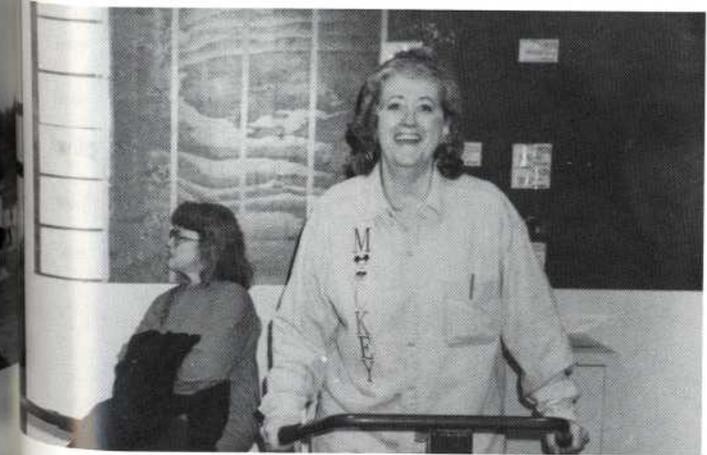

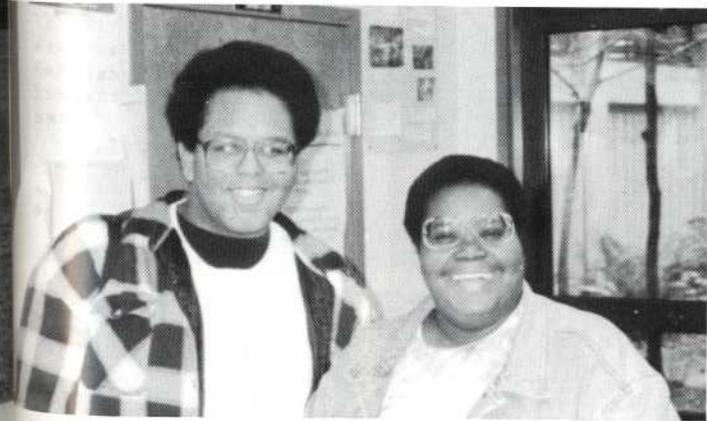

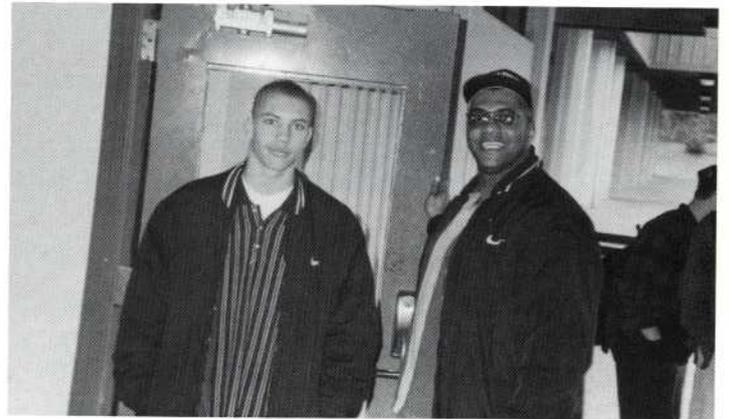

Many parents attending the Parent Student Exchange Day, on March 10th, found themselves back in a stressful high school environment. For an entire day parents found themselves having to rush from class to class, carrying a book bag that could weigh in excess of 20 pounds, turning in homework and getting new work each day. This event was a good experience for all of the parents attending, they got a look at what their children experience 180 days a year.

**ART** n. [*<L ars*] **1** human creativity **2** skill **3** any specific skill or it's application **4** any craft or its principles **5** creative work or its principles **6** any branch of creative work, as paintings, drawings, or sculptures.

As the definition says, it takes human creativity, and skill to produce a work of art, and as we all know Timberline has plenty of that going around. We looked throughout the whole school, and this is what we got. It is said that beauty is in the eyes of the beholder, well we'll let you decide.

## A look at the past.

1997-1998 has been very eventful. Everyone has their own opinion of what they will remember from the year. We've lost, we've gained, we've learned and we've loved.

Reflection is necessary - What haven't we done this year? Did you fulfill your resolutions?

Another school year has passed and in two months it will be time to start a new school year. All over again.

### What we paid to see...

Sarah Martin was a Blazer who didn't see the point of THS's favorite movie "Titanic". "Why pay money to watch a sinking ship?" Leo D. is pretty grateful that she is a minority among female teens.

### What we listened to...

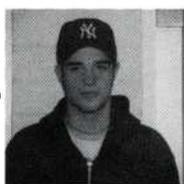

We asked random students their favorite song for 1998. As we expected KC and Jojo's "All My Life" and Marcy's Playground's "Sex and Candy" were among the top answers. The big miscellaneous percentage shows that Blazers have many different tastes and can't be pigeon holed into one type of music.

- Semi Charmed Life- 11%

### What we watched...

If you were ever in Miss Smith's class on Wednesday morning you would have heard recaps of THS's fav show "Buffy the Vampire Slayer" and her fourth period featured re-enactments of "Jerry Springer". Blazers' other top viewing choice. THS loves TV.

## What we talked about...

From the many political controversies surrounding President Clinton to the tension between the UN and Iraq, politics have provided food for thought and fuel for heated debates among THS students and faculty. This year was also marked with tragedy. The world lost two cherished role models with

the deaths of Mother Theresa and Princess Diana. El Nino brought natural disaster to a new level, threatening to wipe Califor-

# Timberline Drama

## Behind the Scenes Heroes

What is the Timberline Drama Club? It's the club that produces the plays put on by the Timberline Theatre Company. It's the club that makes the show go on. The 30 students that make up the club are the ones responsible for the set construction, lighting, ticket sales, and all of the other tasks that make the shows possible. They're the heroes behind the scenes.

Drama Club Officers:  
 President: Nick Oldright  
 Vice President: Kelly Walsh  
 Secretary: Lucia Ahrens  
 Treasurer: Ian Eisendrath  
 Public Relations: Phil Price

Megan Skanse, a 17 year old junior, was the stage manager for three of this year's plays - "Noises Off", "A Winter Carol", and "Tommy". She also stage managed for capital Playhouses' production of "Man of LaMancha".

Ian Eisendrath, a 17 year old junior, was the director for the fall production of "Noises Off". He also directed "Godspell" and musically directed "The Christmas Show".  
 Barry O'Neil, a 17 year old junior, starred in this year's productions of "Noises Off", "A Winter Carol" & "Man of La Mancha".

# In Memory of Earnest Smith

## 1981-1998

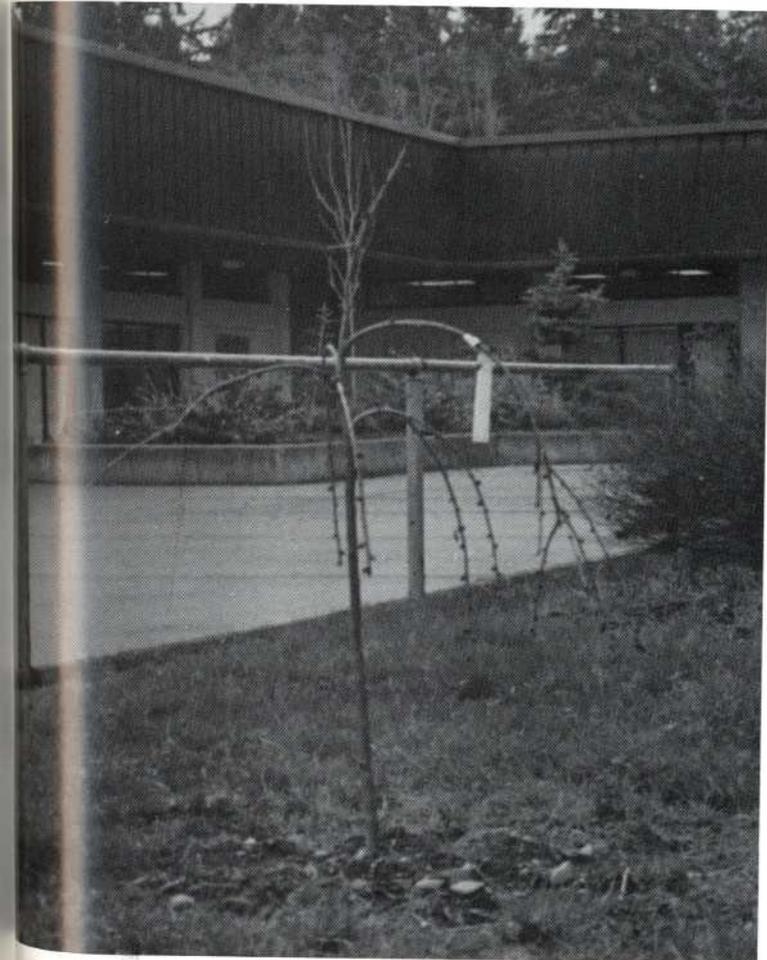

*"Some people come into our lives and quickly go. Some stay for awhile and leave footprints on our hearts. And we are never, ever the same."*

*Source Unknown*

### A Poem for the Smiths:

A tree falls, and no one hears  
as this tragic loss finds our ears  
We send our grievances, our sorrows too.  
And we all hope that peace is with you.  
We can't imagine how hard this is,  
all we know is how much he's missed.  
We can't describe how much he meant  
but from our heart this poem is sent.  
To feel his pain, it can't be done  
for we did not lose our beloved son.  
his heart was strong, but death called  
he'll be remembered as a warrior falled.  
For a memorial, we'll plant a tree  
and in his honor it will be  
his absence makes us all realize  
how precious are our lives.  
Look to tomorrow and the future too,  
but remember the past, through and through  
for it was good and it was great  
but within it's grasp it held a terrible fate,  
And a student named Earnest,  
who'll be remembered everyday.

# Blazer Spirit Comes Alive

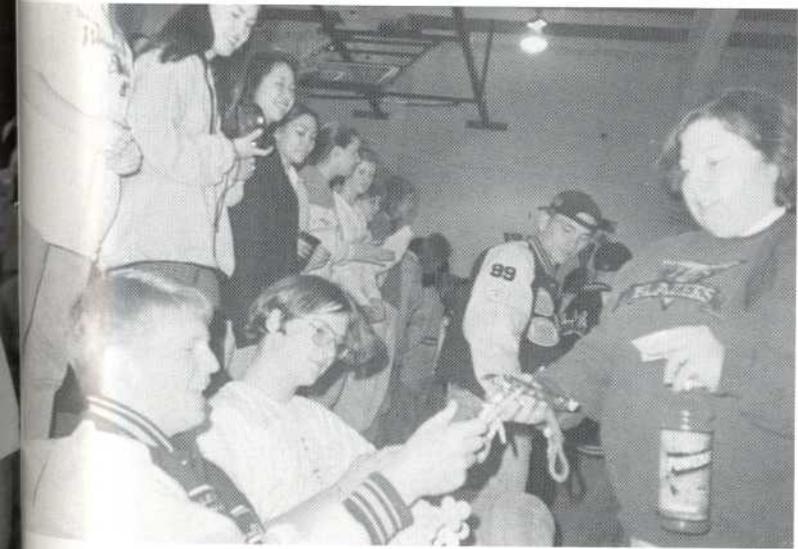

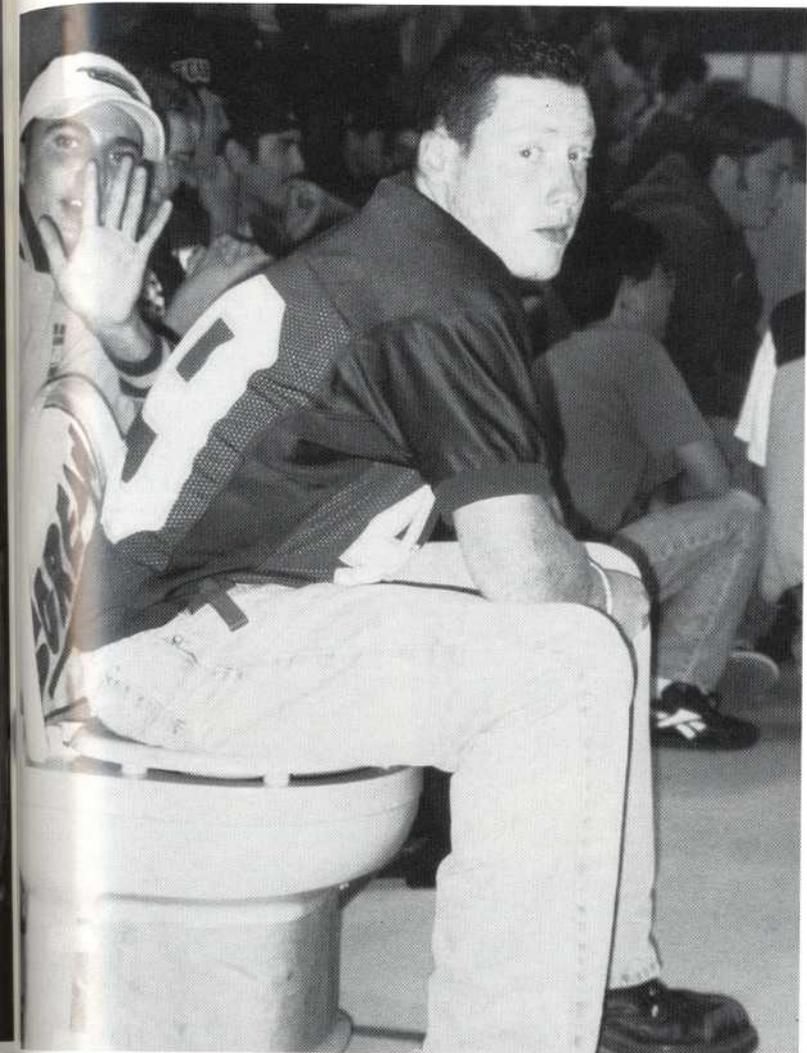

Aren't bananas supposed to be a good source of potassium??? Destiny Monti participates in class competition during an assembly and it looks like Juniors are going to win.

Go Blazers!!! Obviously stoked about sitting on the senior side, Sarah Vagt cheers during the fight song.

We love you, Blazer Man... Chinda Long and Paula Dahn look like they have the hots for the Blazer Man portrayed by Dara Dotson.

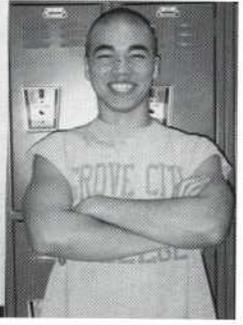

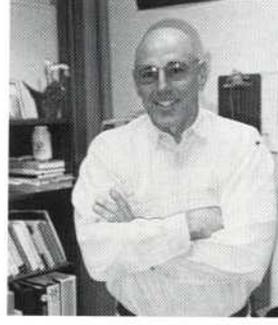

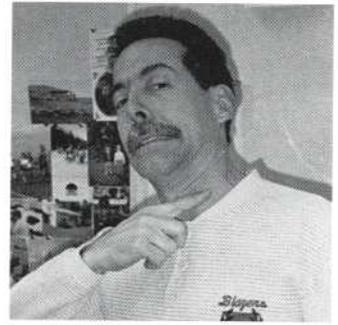

...st seat in the house... Kyle Bracken cops a squat on the Spirit Bowl.  
 Why thank you Mrs. Barr, but it was an honor just being nominated... Mrs. Barr  
 presents awards to Jim Wright and Lon Perplies for having the most spirit. Not  
 only do they get goodies, they also get a comfortable view of the assembly on the  
 Spirit Couch.

# Switched at Birth?

Here at Timberline, we have some students and staff that could easily pass as famous persons. Below are some examples:

Colleen Brown or Kennedy from Mtv? Was that Mr. Wilson in "Happy Gilmore" as the evil caretaker?

Mr. Clean! Mr. Clean! Tony Hanson and Mr. Grosso show off their sparkling smiles and heads.

Daaaauuuuuuuggggghhh!!! Dave Burris, decked out in an oldschool volleyball shirt, face paint, and crown, leads the Juniors to the Assembly

Despite the fact that our assemblies look like chaos, they are actually scheduled to the minute. Approximately one week before the event Leadership class collaborates to decide what should go on during the assembly. They also choose the fools, I mean participants for the class competitions. When the big day arrives, Blazers show their spirit with face paint and old school sports uniforms.

One of the highlights this year was shaving off Mr. Kister's hair. He made a bet with his 6th period A.P. Biology class, proposing that if they raised \$100 in a week for Adopt-A-Family, then off with his hair. A.P. Biology was successful and Amanda Howell played barber while Julie Litten, Su Ji Chung, Shannon Stone and Thor Perplies looked on.

# Smells like School Spirit

## Going to the Games.

This year Timberline teams have been jazzing it up on the courts and fields and filling the seats while they do it. Making Friday nights a little more exciting than usual. But of course, with the teams and

the players come the fans. Basketball, or football it doesn't matter the fan will be wild at both. So lets just see how much school spirit Timberline fans have.

## Supporting your local team

Blazers wait intently for Timberline to score.

## Filling in the Seats

People are just starting to come in to the stadium to fill up the seat for the nights game.

## Go Blazers

The Timberline cheerleaders perform a cheer for the crowd.

## Waiting Patiently...

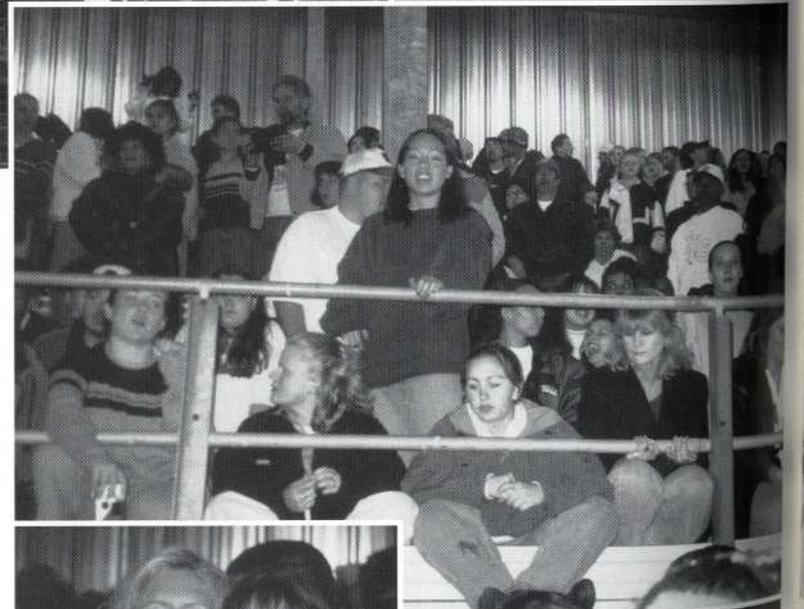

Fans get a better seat to see who was crowned Homecoming King and Queen

## Pulling things together

Celinda Ramsey, and Courtney Sullivan pull together at a tough moment for T-Line.

## Watch Out

Ms. Krielder watching over the crowd to make sure no one gets into trouble.

# Day in the Life of T.H.S.

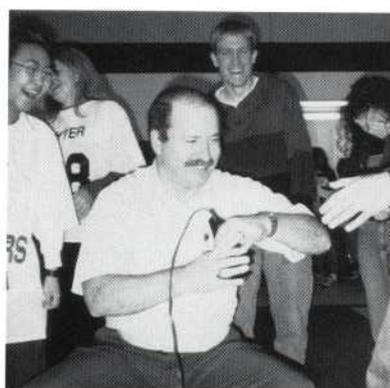

All in a days work!

Medieval gathering... Phil Price, Jessica Boad, Mia Holman, Chelsea Perry, Amy Turner, and Kim Small participate in a Western Civ. banquet.

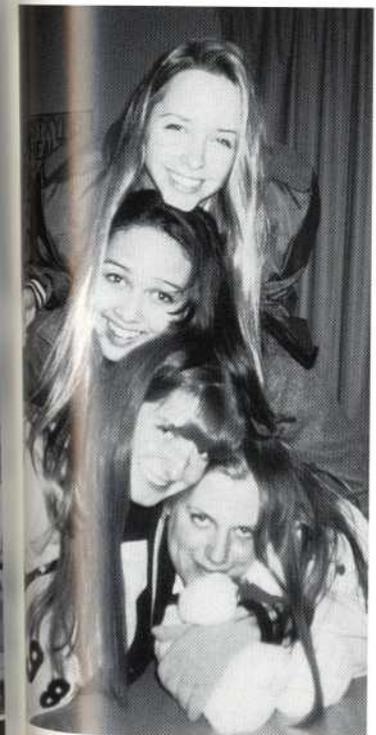

Senioritis!!!!...Sarah Vagt displays how she feels about college-prep writing.

Off with his head....Mr. Kistler shaves his hair off his head in a deal to benefit the canned food drive.

School's out!!!!...Rebekah Warbrough and Ali Tabor display their crazy glasses from Red Robin.

of many shades....Lindsey Willis, Avery, Amy Turner, and Chelsea show off their style.

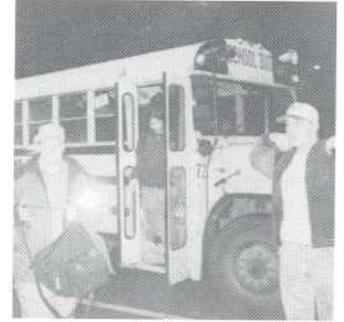

Yes Timberline, the school year of '97 and '98 is over. No more test cramming, lab goggles, or pencils breaking. Summer is here!!!

During the year we spent about 64,800 minutes in class. How did we make it through? Some would say we made it through with 19,260 lollipops, especially the caramel-apple ones (student store).

Timberline is a good place to be. Good for academics, lollipops, and life.

## Good Morning!!

## Congratulations...

Another year is over and for many of you this will be your second year with me and the burden of the yearbook. You have helped create a place which balances fun and hard work. You are all going to be missed.

Your humor was very much appreciated. I gave you very high standards to meet and you exceeded my every wish. Whatever life sends your way I hope that you each remember what you accomplished together.

Thank You...Michelle Smith

Mia:

Thoughts of you,  
bring pleasant memories  
of you as a little girl  
and feelings of pride in the  
woman you've become.  
And then, when you are ready  
for life on your own,  
It's telling yourself to let  
go now, you are all grown.  
Having a daughter means so many things,  
and it's one of the greatest joys  
life ever brings.  
What a wonderful daughter you are...  
How much you have always meant,  
How much you always will.

With love, Mom and Dad

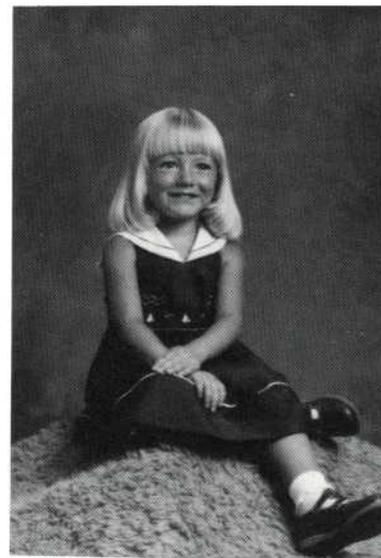

To Kimberly. Our first born.  
One of our best and most cherished accomplishments.  
You shine through your strength, courage, humor, and  
beauty. Time to start a new chapter. May all your  
dreams come true. Spread your wings and soar.

We Love You,  
Mom, Daddy and Steph

Marissa,

I can't believe this day is actually here! You have brought such joy to our lives and we are so proud of the woman you've become.

Reach for your dreams and know that you can do anything!

"For nothing is impossible with God." Luke 1:37

We Love you,  
 Mom & Briana

- The Annual class would like to thank the following people for their support and help through this year of chaos mixed with spurts of productivity:

- Kathy Taylor (Allow three days for large orders.)
- Dave Lehnis (Moral support for our advisor, the occasional sugar donations and the doughnuts after we every deadline.)
- Steve Ripley (Next year we'll be better neighbors, promise!)
- Shirley Pratt (Thanks for the emergency supplies.)
- Pat Gieger (Thanks for supplying kids and photo opts.)
- Leadership (Thanks for your help with yearbook ordering day.)
- Club Advisors (We will give you notice next year when we need your groups.)
- John Birbeck (Thanks for approving the short term deficit in our account.)

# Final Thoughts from the Staff...

Seniors: Another year has come and gone, and now it is time to move on.

Juniors: One more year to come, so don't get stuck in the glum.

Sophomores: Moving up in the world, you get to see the fronts instead of the behinds.

Freshmen: There is no hope for you, you still have three more years left at THS.

## Sports 98'

What a year...

We cleared all our hurdles, we made all our goals, we avoided all the take downs, we got out of the worst, we dove in head first, we took it into overtime and won. We'll miss you queen ( Sarah Martin)

It took a lot of coal to get the Student Life train rolling, but once it did not even John Henry could stop us. "We don't need tracks to run our train!" It was great working with the Student Life crew. We all learned a lot from eachother!! What's up my brother, IT'S A SHE-THANG!! It's all about student life.
