SUBJECT: Cafeteria Operations - Prices

AUX-1

06-01-20

The Board of Trustees of the Nederland School District sets the prices for breakfast and school lunches. This is usually done before the beginning of the school year. The levels of approved expenditure compared to the amount of revenue necessary to cover costs are the primary factors in determining prices. The Child Nutrition Director, using the same criteria as outlined above, sets all other food item prices. Prices are as follows:

	<u>Full Price</u>	<u>Reduced Price</u>
Student Breakfast	\$1.25	\$.30
Elementary Student Lunch	2.55	.40
Middle School Student Lunch	2.70	.40
High School Student Lunch	2.95	.40
Visitor Breakfast	\$2.75	N/A
Visitor Lunch	4.60	N/A

Adult Meal Pricing

The benefits of the National School Lunch and School Breakfast Programs are for children only. The reimbursement and commodities received are based on the number of lunches and breakfasts served to students. No reimbursement or commodities are provided for meals served to adults. Therefore, for the student program not to be financially hampered by adult participation, Nederland ISD uses the following criteria to set adult staff prices:

<u>Lunch</u>	The rate of federal reimbursement for a free student lunch, and the per meal value of USDA commodity assistance.
<u>Breakfast</u>	The rate of federal reimbursement for a free student breakfast and the reimbursement for severe need.

The charges to adult visitors are set at a higher rate.
