Mission Statement:
At Hillsboro City Schools, we believe that a child's education is a responsibility shared by the school and family. Parents are essential partners in ensuring the educational success of their children. By working together as knowledgeable partners, schools and families create a supportive environment that fosters academic achievement, personal growth, and lifelong learning.

Goal:
To actively engage parents in meaningful ways that strengthen the partnership between home and school, enhancing student achievement and overall educational outcomes.

Plan Components:

1. **Communication:**
    - Provide regular updates to parents via newsletters, emails, and school websites.
    - Host parent-teacher conferences and workshops to discuss student progress and learning strategies.
2. **Parent Involvement Opportunities:**
    - Encourage participation in school committees, volunteer programs, and classroom activities.
    - Offer family engagement events that align with curriculum goals and student interests.
3. **Education and Support for Parents:**
    - Provide resources and training to help parents support learning at home.
    - Share information on state academic standards, assessments, and educational programs.
4. **Collaboration and Feedback:**
    - Seek parent input on school policies, programs, and initiatives.
    - Use surveys and meetings to assess the effectiveness of parent involvement activities.
5. **Continuous Improvement:**
    - Regularly review and revise the parent involvement plan to ensure alignment with the district's mission and student needs.
    - Monitor student achievement data to evaluate the impact of parent engagement strategies.

Conclusion:
Engaging parents as integral partners strengthens our schools' ability to educate all students effectively. Through collaboration, communication, and shared responsibility, Hillsboro City Schools will continue to foster an environment where students can thrive academically and personally.
