Dedication

This year the yearbook staff decided to dedicate the book to a teacher who has a genuine love for NTHS. Leslie Arth has taught at North Thurston for 32 years. She was the drill team instructor for three years, during which time she made 26 uniforms by hand! Mrs. Arth has also been the advisor for Honors Society, and she was the head of our English department for 16 years.

Throughout her teaching career at NTHS, Mrs. Arth has taught all four grades. She currently teaches AP English, which she has done for the past 20 years, and World Literature, which has been a class of hers since its beginning in 1989. She also used to teach everything from developmental writing to college preparation.

Mrs. Arth's most memorable moment at North Thurston was in 1983 right before spring break when we first moved into our new building. The move took over a week and last spring was this building's twenty-year anniversary. She loves it

when her students come back to visit her, and her hobbies include reading, traveling, and going on ski trips with her family, even though she doesn't ski!

Sad as it is, this is Mrs. Arth's last year with us, as she is retiring. She has given us 32 years of kindness and encouragement and has helped many students on their way to college life. She has definitely added personality to our school with her constant smile and positive view on life. The impact she's made on us as a community and as a school will last for years to come. We'll miss you, Mrs. Arth, and remember: "Life is good!"

The Young and the Talented

Stephanie Banker

Chelsea Sadler

Jessica Pearson

Mike Vella and Richie Slavin deeply concentrating on their art work.

What does Art mean to you?

To me, Art means that I can express myself and it will turn out the way I like it. I don't need to worry what other people think about it.

~Allison Mckenzie

What do you like about Art at North Thurston?

It's a lot of fun. Mrs. Vanderhoof is amazing and comes up with great projects for her students to do.

~Stephanie Banker

What is your favorite style of Art?

Calligraphy because it brings back the ancient art "Old English" which is beautiful. It's also a lot of fun, once you get into it.

~Sarah Vansot

The combined talents of Mary Parmer, Pharry Chuon, and Melissa Laws.

Amber Coleman

A collaborative effort by Sam Zyck, Erin Feero, Cameal Morton, and Tina Nguyen.

Recreated character from Final Fantasy X, by Sean Kish

"If I could be any actor I would be Stiller from American Pie because he's a really crazy guy." -Colin West

"I would want to be Lana Turner. She was the classic 30's & 40's movie star, beautiful, extremely talented and unique." -Alysea Benson

"If I could be any movie star I would be Angelina Jolie because she symbolizes the "bad girl" and doesn't care" -Lindsay Bachmeier

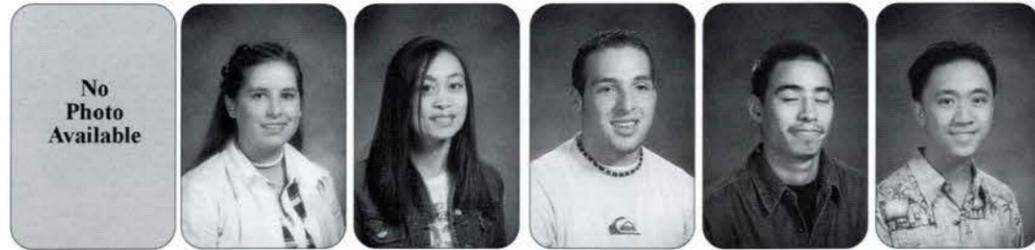

"If I could be one actor it would be Johnny Depp. Not only is every girl I've talked to attracted to him but he is also very versatile in roles that he is able to play." -A.J. Allen

If you could be any movie star who would you be and why?

Marathon Rams

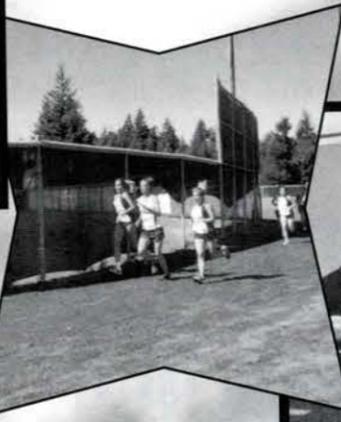

What a great season this was! For the first time in many years we fielded a full scoring girls team. While many of them were new to running, they showed great potential to be the start of something good. If they

run over the summer they have the talent to win meets next year! The boys cross country team continued to improve as a result of the freshman numbers that turned out last year. We started out the season with a goal of trying to be league champions but injuries to three of our varsity runners prevented that. However, we kept fighting and eventually beat Timberline and Black Hills at our district race. John Riak broke the 2.6 mile course record at the first home race with a time of 13:31 and qualified to race at state in Pasco, WA where he placed 23rd. Highlights of the season include dinner at Coach Perry's house, candy and music awards given by Coach Dean Janz, playing ultimate ball in the mud and the road trip to the state meet to support John. Next year we will "Be like John" and train with devotion, race fearlessly and smile no matter how much it hurts. Shut up and run.

THE BIG PURPLE

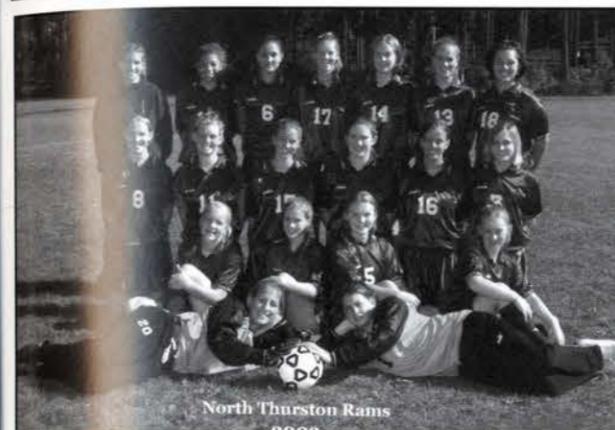

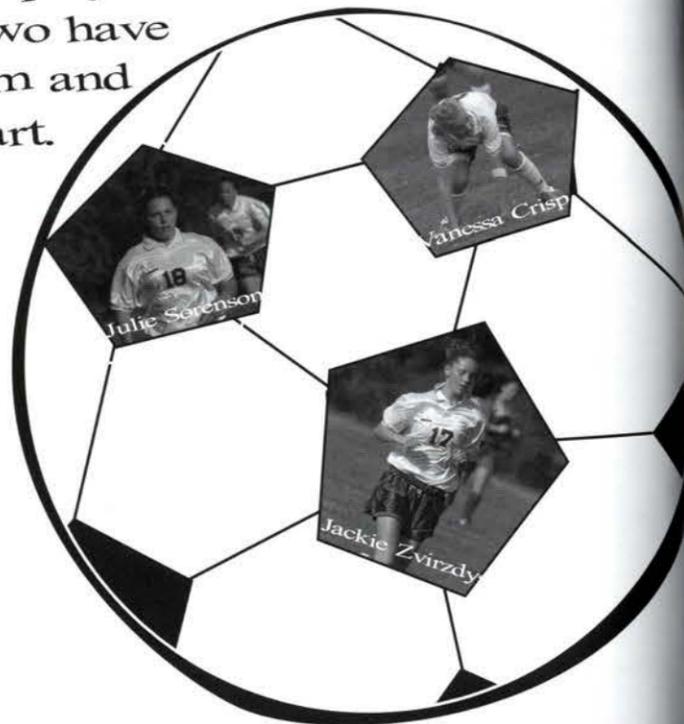

This year's girls soccer started off the season with two fresh new faces, Coach Kathleen Penner and Tamera Leiska. Kathleen played college soccer as a forward at University of Washington and Tamera Leiska played as a keeper at Washington State University. These two have given the teams great enthusiasm and motivation to play from the heart.

Lady Rams Volleyball

This year's volleyball team played a great season. We placed second overall in the Pac-9 League, winning all but 5 games out of our 13 game season. We did so well this season that we went to Districts. Even though we didn't win, we won as a team! One of the best things that happened this season was we beat Black Hills for the first time in 4 years. Great job ladies! Good luck to next year's team.

Boys Golf

The Boy's Varsity Golf team is very young, having four juniors, a sophomore and a freshman. Hopefully the golf team will have many great years, with this young bunch of golfer's. The golf team finished this year, winning more than half of their matches. Also, the golf team is sending Junior Curtis Pollard to Districts for the first time this year.

Junior Curtis Pollard takes a big swing which helped lead him to the 3A District Boy's Golf Tournament. Pollard received the district's 16th and final spot for the state tournament.

This year's cheerleaders kept our fans going, whether it was in basketball, football or wrestling. The newcomers to the squad included Jenna Norman, Desiree Pierpoint, and Jessica Hawthorne who complimented the team. It will be a sad farewell to this year's seniors and captains of the team, who led the girls through this whole season. Good luck to next year's brand new team!

Pow Wow with Brown

The Rams had an outstanding season this year. They were third in league, allowing them to go to districts. They won their first play-off game in a very impressive overtime in which the guys showcased their profound abilities, and gave it their all in the games that followed. There were several adrenalizing games that were full of suspense, a couple of which came down to the last few seconds of the game for the win or loss. All the guys, including the inspiring coaches, contributed their always improving skills to each and every game, taking them all the way.

North Thurston's ASB Officers

From left to right: Mei Truong, Jacob Libby, Tara Kessel, Renae Kyle, Melleea Devol, Erin Feero, Alysea Williams, Jackie Zvirzdys, and Khoa Hua.

This year's ASB went to leadership camp, "Noname." They were sent to camp to learn more leadership skills to bring back to the school. When they arrived at school in the fall, they were prepared to make this year a memorable one. At camp, the officers had the opportunity to come up with three goals to bring back to their school. The goals were: 1) To keep "Ram Pride School Wide" (they have incorporated the infection section and purple plague for games and assemblies) 2) School beautification and 3) Unity and recognition. The ASB officers for the year have done a great job supporting their school and getting everyone involved.

Below is our wonderful staff posing for a group picture.

Tara Kessel, Jackie Zvirzdys, and Renae Kyle are spending some bonding time.

What's the best advice for next years ASB?

"Stay organized! And don't forget to keep track of your hours!"

- Erin Feero

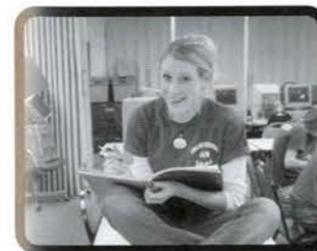

"Don't plan trips to foreign countries -aka Reutechland- when leadership camp is scheduled. Basically, go to leadership camp! (It's fun, so I've heard...sigh...)"

- Alysea Williams

"Remember: Go to bed early on Tuesday nights, no more late start!"

- Melleea Devol

"Say goodbye to your late-start Wednesdays and hello to making lots of posters."

- Mei Truong

"Be sure to manage your time well because otherwise your not going to have any."

- Renae Kyle

"When at leadership camp, be careful who you have sleeping in the bunk above you."

- Jacob Libby

ASB Ambitions

1. Ram Pride
2. School Beautification
3. Unity and Recognition

"Don't put things off until the last minute, but remember to have fun!"

- Tara Kessel

"Have fun...smile...and be a positive role model for your student body."

- Khoa Hua

"The best advice I would have to give to next year's ASB would be remember no matter what happens between any of you, you are a team."

- Jackie Zvirzdys

Yearbook Staff

This year's annual class consisted of two returning staff members, a brand new advisor, and a group of eager new minds. Through their countless efforts of meeting deadlines, taking pictures at school events, and staying after school on many occasions, we were able to create yet another outstanding book.

Tyler "Travis" Farmer, an eager new mind.

Do you prefer Pepsi or Coke?

AP English

Is Mei saying a hidden message to Dylan Montgomery? No she's saying "AP classes learned me good."

AP Government

What was that Crystal Morrow? "Take AP Classes- they make you smart."

AP Calculus

"AP classes challenge me to do my best. They push me to work past the top layer of things and think about causes, effects, and alternative answers. Plus, they look good on college applications!"
— Jenny Bergener

AP Physics

What was that Jason Kilgore? "Boy do I love Science!!"

Mrs Dittrich is the AP winner with the most AP classes...

...while Mr. Horger came in second place.

Do you ever wonder about the past? How America evolved? Or How the government was formed? Well then you should take AP Government and Politics and United States History with Mrs. Dittrich in Greece.

If your thing is science and math, then you should join Mr. Horger in AP Calculus and AP Physics with independent studies for Calculus BC.

This week is finals for first semester at the last week of January. The students are focused on passing their final exam in math.

The Mousetrap

by Agatha Christie

See? Ms. Deneen *does* like her students. As you can see below, Jenny and Travis don't seem to mind her either!

As you can see above, Major Metcalf looks a bit suspicious of Christopher Wren and his untamed hair.

Molly Ralston seems to be ignorant to the crazy side of Sgt. Trotter being revealed behind her.

"Quiet off-stage!" warns Katie, the stage manager.

Shown above is the cast celebrating a successful opening night. Five bucks says they had the coolest make-up of anyone in the restaurant!

Paravicini and Trotter give each other the watchful eye during a grueling game of chess.

Who do you think the killer is?

"Molly Ralston, because she's a demented innkeeper who only opened the inn to kill people."
-Travis Tingvall

"I don't know, but I'm super excited to see the show so I can find out."
-Derek Rutter

"The dead chick."
-Dayo Anderson & Jenny Bergener

1) Some people find joy in Travis's pain as Ms. Deneen stabs him with eyeliner. Jenny Bergener is one of them. 2) Mr. and Mrs. Ralston show their love for one another. 3) Cast and crew- Top: Michael O'Brien, Derek Rutter, Jenny Bergener, Luke Sayler, Brynna Stockton, Jason Kilgore, Dayo Anderson, Travis Tingvall, Bonney Rowley. Bottom: Bradley Layaoen, Katie Fierst, Amanda Garret, Erik Nishioka.

- Joey Neunke

"It would have to be a Ferrari because it is fast and sweet lookin'."
- Jacob Zvirzdys

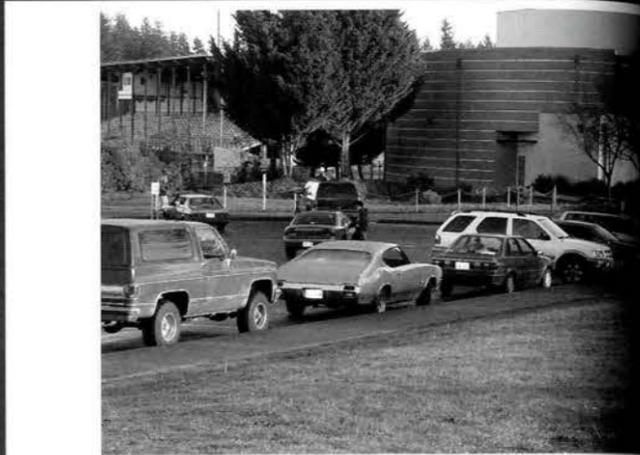

"I would get a car, the worst of them, gas, if it breaks you never get it, rather get it from 'Mo'."

Above: The parking lot during school hours is crammed full of vehicles of all sizes and shapes.

This year North Thurston and other schools have had some budget cuts. One of the budget cuts affected the parking status at our school. The prices for permits to park at our school went up. Instead of \$5.00, they increased to \$20.00. Most of the students did complain but once everyone found out that the money was spent on the students, things began to calm down. Our parking lot also has inherited some new trash cans to make our parking places cleaner than they were before.

Time went by so quickly and now you are all grown up.
You have already experienced a lot that life has to offer, from elementary school to now, but there is so much more to come.

Your big smile, sense of humor, and kind heart is what makes you the special person that you are.

We love and wish you the very best.

Love Dad, Mom, and Pam

*May your worries fall gently behind you,
Your dreams wait patiently before you,

Describing you in a few words is tough
The first word I would say is "BUFF"
Tubing, football, weight training too
And all the sporty things you do.
The 2nd word would have to be "SMART"
Not only in school, but in issues of the heart.
Which brings us to the 3rd word "TRUE"
To your friends, you family and especially to you.
The final word has got to be "WEALTH"
In love, joy, friendships and health.

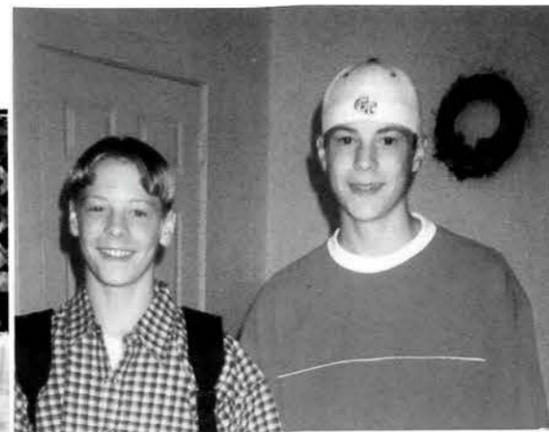

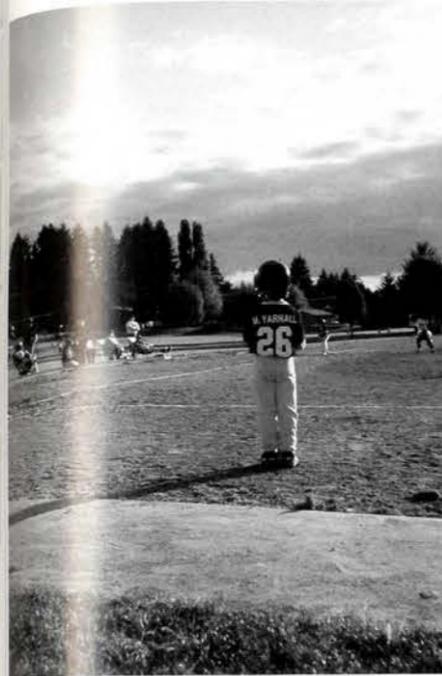

God has always shown down on you Niki.
You are so dearly loved and blessed.
Much love,
Your family

You'll always be
My little lamb.
Mom

Yeah Dog!

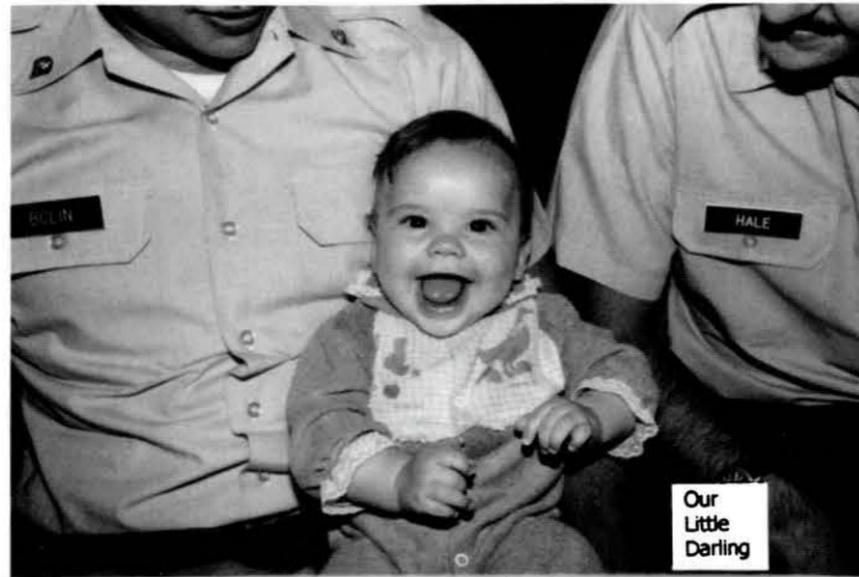

Congratulations!
Love, Mom

I'll love you forever,
I'll like you for always,
As long as I'm living
my baby you'll be.

CLASS OF 2004

Amber Peters

You were born on a sunny day, December 20, 1985.

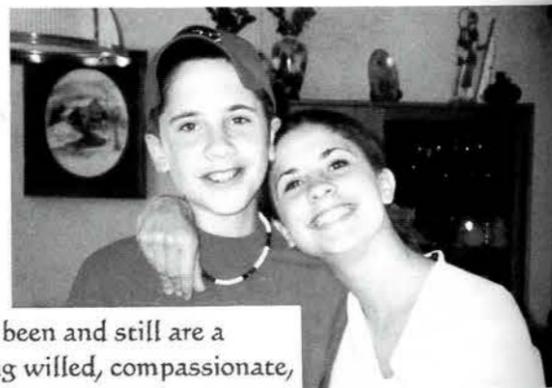

From that day forward you have always known what you wanted and most of all knew how to get it.

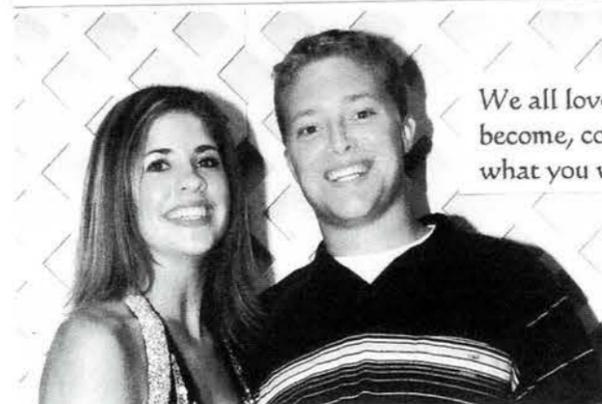

So as graduation from High School nears, you have many tough decision to make. Such as which college to attend, do I really want to be a Sea Gal, or of course you want to dance with Chris Judd and Wade Robson. The decisions you choose for future paths, it has to feel right from your heart. What ever decisions you choose we will be behind you 100%.

You have made a lot of friends throughout your schools years, and as of this day you all have remained friends. Don't ever let these friendships go, remember the saying "Always together forever friends"

You have been and still are a very strong willed, compassionate, and fun loving person.

We all love you for what you have become, continue to be strong, know what you want, and go for it.

Coble LaValla

Patrick, your family is very proud of you. As you make this transition in life, it is our role to impart sage advice:

Always keep in mind that you are not any smarter than you were in kindergarden at age five. All that is really different is that you now have a larger vocabulary and more body hair.

Maintain a positive mental attitude

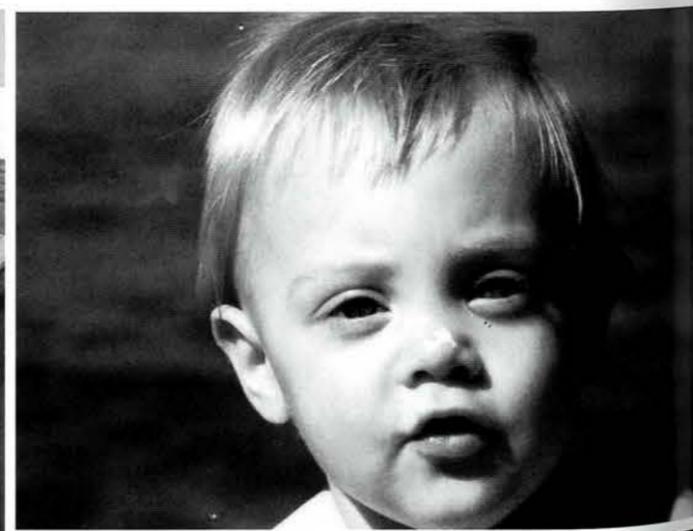

Raise pigs, not children (advice from your grandpa, which he ignored!)

In an emergency, exit quickly, leave your troubles and worries at the door step, and move to the sunny side of the street!

Use the Scout Oath and Law as your guiding principles.

Keep your nose to the wind and your feathers back; always wear wool socks.

You will do fine in life, our son, if you remember these words. We love you and wish you well. ~Mom and Dad~

Josh,
My the time has gone quickly. It seems like yesterday it was Ninja Turtles and pet hamsters. Now it's 4x4 trucks, quads and graduation. Words can't describe the joy and happiness you have brought into our lives. We are honored to be your parents and your brother. Reach for the stars, they are in your grasp! Set your goals high and you will achieve.

Your curiosity as a child gave you a great gift for learning.
 You were always a source of boundless energy.
 Your questions in life helped you take a stand for what you felt was right.
 May all of the above with your faith in God guide you in the years ahead.

Julie

It's amazing to think that you'll seem to be graduating and moving into your adult life. Looking back over your childhood, you can clearly see that God has kept a close watch over you as you were growing up. Even when life was chaotic, God always brought stable, loving people your way to help guide you through tough situations.

Often times when people face the things that you have had to endure, they give up or rebel but you have always chosen "higher ground". You are a determined, persevering, and self-motivated person who always does things to the best of your ability. That is why people speak so highly of you. You are a great example to your peers as well as adults of what it means to be successful in this life.

I am confident that in your future you will continue to choose that "higher ground". God has wonderful plans for you and will always take good care of you!

You are a blessing not only to me, but to all who know and love you.

We have always wanted an opportunity to put in print how much we love you. We looked forward to letting every one know what has, until now, only been in our hearts. Now is the time, and it's hard to find the words that describe how very precious you are to us. What to write when "we love you and are so very proud of you" doesn't begin to express how we truly feel.

To us you really are "practically perfect in every way". We love you sweetie.

We wait eagerly with delight for a glimpse of his morning parades
And for breakfast eat every bite of his fluffy scrambled eggs.
Yet, his culinary expertise doesn't end there.
He's the king of quesadillas and his cherry cheesecake could easily
Win a blue ribbon at the fair.
We watch in amazement at how well he rides his 250F bike.
And even laugh out loud with his goofy side-kick named Mike.
He's the best little brother there is around.
Thank goodness when he once was lost at an amusement park
He soon was found.
He's does well with just about everything he tries.
And who can resist those beautiful baby blue eyes!
If you haven't figured this out by now, we're talking about BIG Al
Your family loves you LOTS 'cuz you're such a great PAL!

RULES FOR BEING HUMAN

You will receive a body.
You may like it or hate it, but it's yours to keep for the entire period.

You are enrolled in a full-time, informal school called life.
Each day in this school you will have the opportunity to learn lessons.
You may like the lessons, or you may think they are irrelevant or stupid.
(None are irrelevant or stupid.)

There are no mistakes, only lessons.
Growth is a process of trial, error and experimentation.
The "failed" experiments are as much a part of the process as the experiments that ultimately "work".

Lessons are repeated until they are learned.
A lesson will be presented to you in various forms until you have learned it.
When you have learned it, you can go on to the next lesson.

Learning lessons does not end.
There is no part of life that doesn't contain its lessons.
If you're alive, there are still lessons to be learned.

"There" is no better than "here."
When your "there" has become "here," you will simply obtain another "there" that will again look better than "here."

Other people are merely mirrors of you.
You cannot love or hate something about another person unless it reflects to you something you love or hate about yourself.

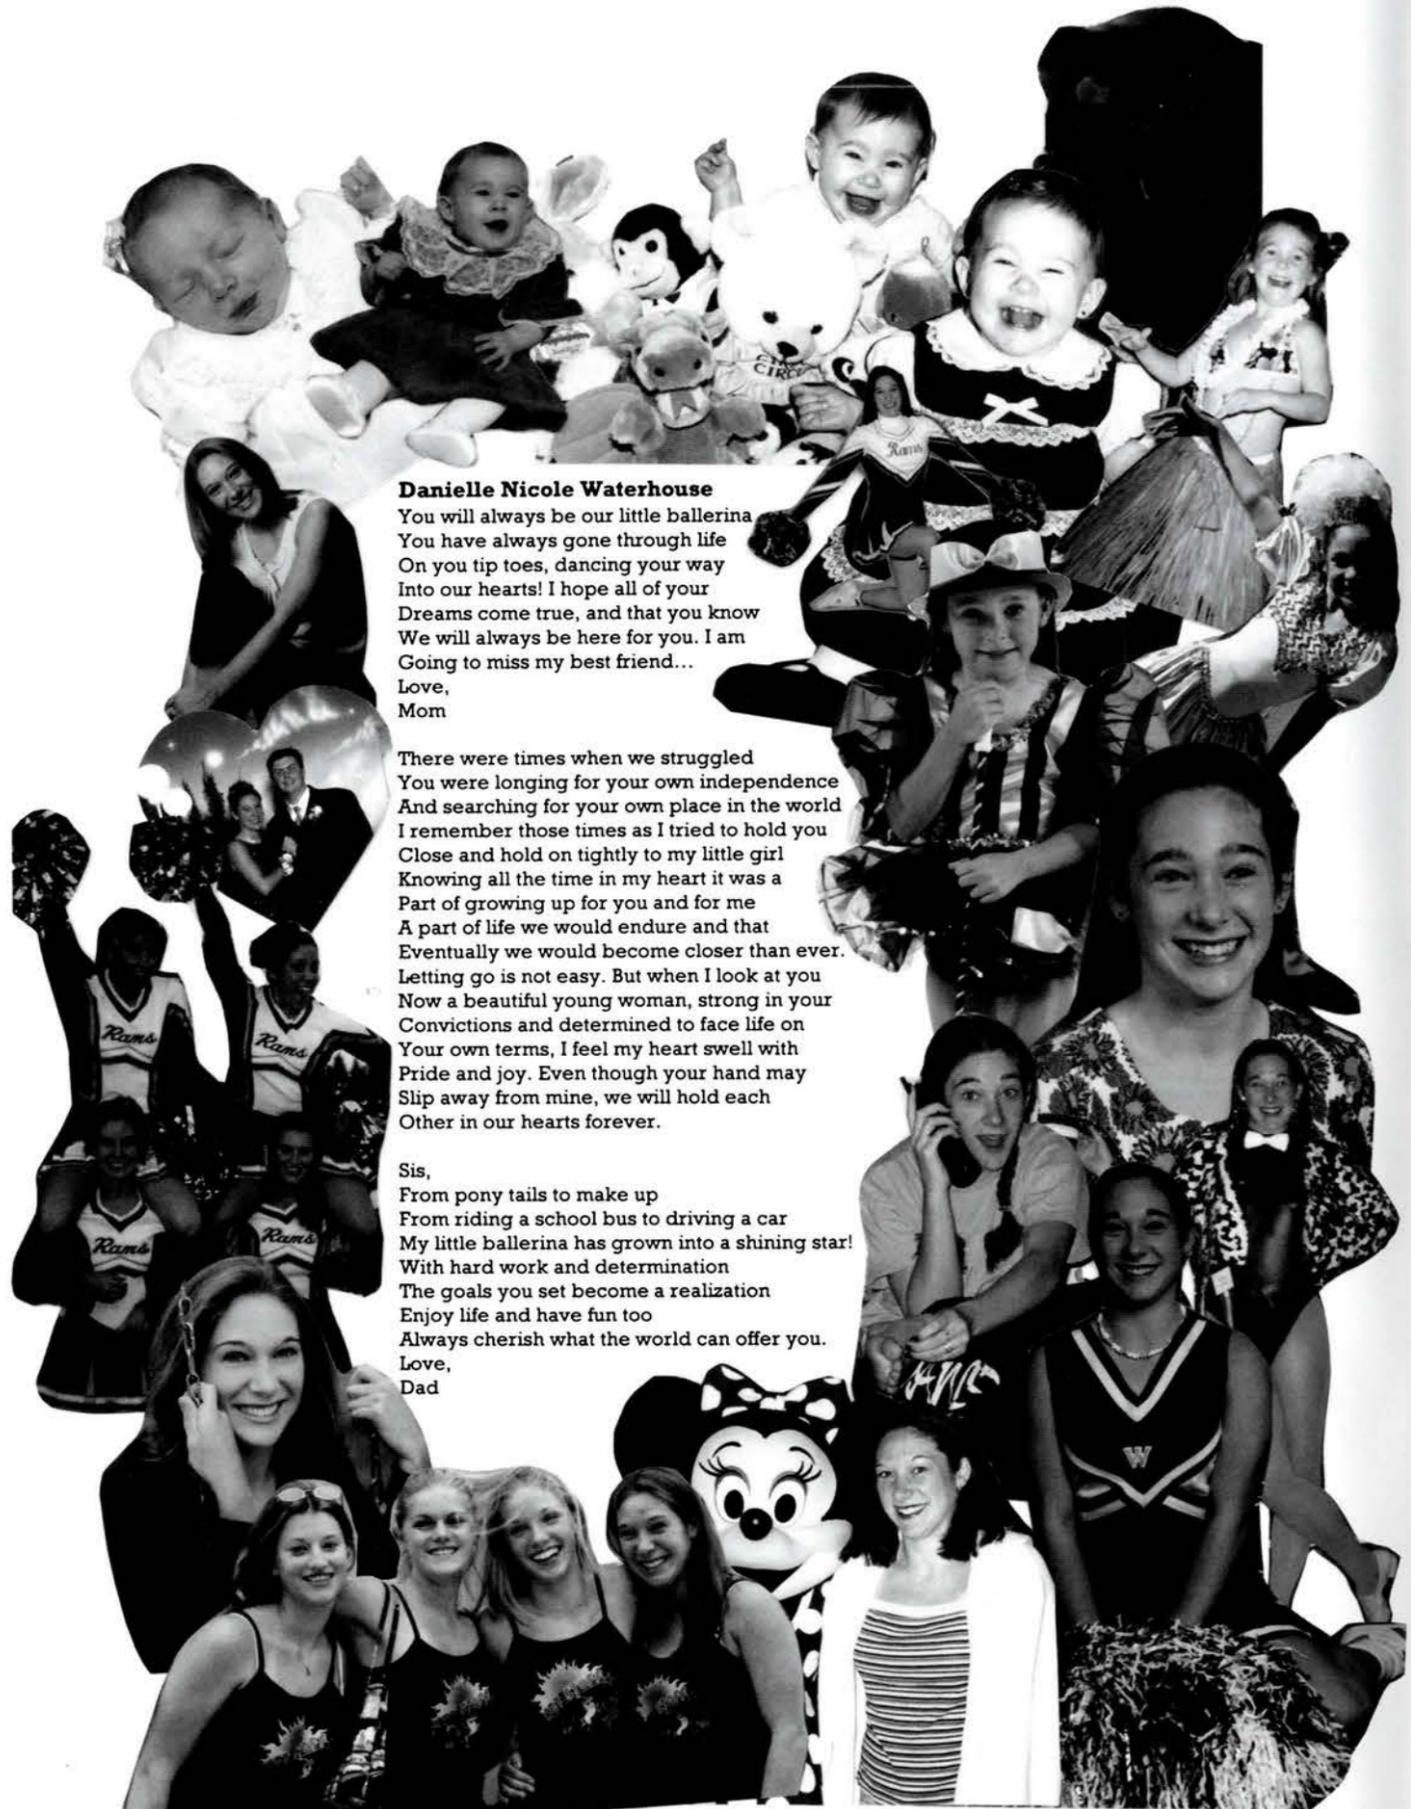

What you make of your life is up to you.
You have all the tools and resources you need.
What you do with them is up to you.
The choice is yours.

You will always be our little ballerina
You have always gone through life
On you tip toes, dancing your way
Into our hearts! I hope all of your
Dreams come true, and that you know
We will always be here for you. I am
Going to miss my best friend...

Love,
Mom

There were times when we struggled
You were longing for your own independence
And searching for your own place in the world
I remember those times as I tried to hold you
Close and hold on tightly to my little girl
Knowing all the time in my heart it was a
Part of growing up for you and for me
A part of life we would endure and that
Eventually we would become closer than ever.
Letting go is not easy. But when I look at you
Now a beautiful young woman, strong in your
Convictions and determined to face life on
Your own terms, I feel my heart swell with
Pride and joy. Even though your hand may
Slip away from mine, we will hold each
Other in our hearts forever.

Sis,
From pony tails to make up
From riding a school bus to driving a car
My little ballerina has grown into a shining star!
With hard work and determination
The goals you set become a realization
Enjoy life and have fun too
Always cherish what the world can offer you.
Love,
Dad

Chelsea,
Time has gone by so quickly
and our beautiful baby girl is
all grown up. From your very
first breath you have brought
us so much joy and happiness
and we are so proud of the
beautiful young woman you've
become. Continue to bright and
much happiness and success
awaits you.
You will always be our shin-
ing star!
We love you Chels!

Where have the years gone?
It seems like only yesterday you
were running around the back
yard playing with your imaginary
friends, "Pirate Lady" and "Pirate
Dog". I never would have guessed
then that you would turn out to be
one of my best friends and biggest
inspirations. I am so proud of you. As
you continue on to a new chapter in
your life, I hope you hold on tight to
your confidence, persistence, imagi-
nation and crazy sense of humor!
Always walk with your head held
high, Chelsea- you're truly beauti-
ful.

To my beautiful, compassionate daughter:
You turned out so beautiful. You turned out
so kind. May you always find wonder and
joy in what you do, with your spirit stay-
ing strong and gentle too. May you always
dream big and reach far, wishing on your
own bright star. Listening to the song of
life and take a stance, taking life by the
hand and dance. Embracing what life
brings your way, enjoying each and every
day. I'm so thankful for all that you do.
I've been blessed by the presence of you.

Thank you so much for being a part of my
life.
Love you, Mom

Hey Guys- I can't believe we are seniors and we're going to college soon! We have had so much fun being seniors together and I feel very fortunate to have been able to spend my high school life with you wonderful friends! We have had "good times" like going to the games, eating junk food, partying, and just hanging out. **Chardonnay**- What can I say? You've been a great person to talk to whenever I was feeling down. I know we have had our differences, but you're like my sister. **Janelle**- I am so glad we became friends, I just wish it would have happened sooner! You are awesome and I love you. **Stephanie**- Where would I be without you and all your advice about everything! I can talk to you about anything! Well I know we are all planning our future's and we're going to go off to college, but I hope we will forever keep the memories of all the times we spent together. I will never forget you amazing girls and the great friendship you've given me. Good luck in life, you can do anything! I luv you lot! xoxoElise

Hey Girls,
Can you believe that this is the end? Now we're going our separate ways to get to the next step of our lives. And as we're getting there, we can think back to "the good ol' days" of high school even though we think it is heck. **Janelle**, you have the best personality. You're always happy and smiling and I just can't help but be happy and smiling also. **Chardonnay**, you're always on top of things and I love talking to you and hearing what you have to say about life. **Elise**, you're so cute! I love dressing you up like Barbie and talking to you about all this school drama. All of us together make up such a diverse and unique group. Having you girls as my friends has made this year much more fun and interesting. We have a lot of memories together and I hope we continue making memories in the future. I know you will all succeed in whatever you decide to do with your life. Don't listen to anyone else, but yourself. I'm going to miss you so much. And if you ever need anything, you know I'm always here. I love you girls so much! Never change and I mean it! Austa Pasta, Stephanie

To My Amigas~
I want to first say, I am glad that we were all able to become close friends in such a short time. **Elise**- I have known you since freshman year and I am happy to say that we have made it through high school together! We always find "good times" and explore things for ourselves. You have always been there for me and that means a lot to me! Oh yeah...blah blah blah. I'm telling a story lol! **Janelle**- I'm so happy that we became friends within the last year. You are a true friend who is very honest! You are so positive and I enjoy all of our deep convos we have! lol! **Stephanie**- You are the most hilarious person, and out of all of us, you stay away from the drama! You always have good advice, and you are important to the group! Although we are going our separate ways, I will never forget you guys and we will definitely stay in touch! Thanks for making senior year the best! abcd...I'm out!!! Luv Always, Chardonnay

Piece of pool Hey gals, I just want to wish you the best of luck in the future whatever it may be. We had the best times at my (& sister's) house, our ARGUE game and you know. Epecially RSVP aka Reserve and Tangled aka tangel. Fun times. **Chardonnay**- my college buddy! Always telling me to write those essays. And I can't forget about the inbetween conversation about the O.C. and your "rap" abc songs **Geez Elise**- watch that "bee-hind" cuz you never know where it can get you in trouble no matter how innocent you seem. By the way, creme donuts are better then glazed. Hel Hel You can borrow my books anytime! **Steph**- thanks for my 1st "you know" and the many books that I will need in the future! Oh ya... I can't forget about the tips and advice you give me about...Thanks you guys for expressing your true self to me. Remember to get your DVD from me! Love always, Shlekebob

Ryan Skeen

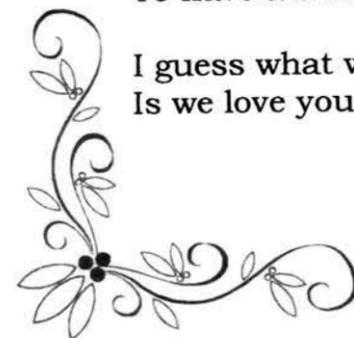

Let me tell you about Ryan Skeen
She's much more than a NTHS freshmen homecoming queen
She's wonderful and brave with a heart of gold
And I think the whole world should be told

From a beautiful baby with a perfect bald head
To a toddler who wouldn't sleep in her own bed
The only girl in a house full of boys
She didn't mind wrestling and playing with Godzilla toys

Oh La La! Tres Chic... if you know what I mean
She's someone with whom you'd want to be seen
She's done so much to make us proud
The kind of person who stands out in a crowd

As time has passed so incredibly fast
I look back at the years and remember the past
And think how wonderful my life has been
To have a daughter, a partner, a friend

I guess what we're really trying to say
Is we love you Ryan more and more each day!

Ryan,

It seems like yesterday that you were just a little boy. But look at you now! You have grown from a special little boy into a wonderful young man.

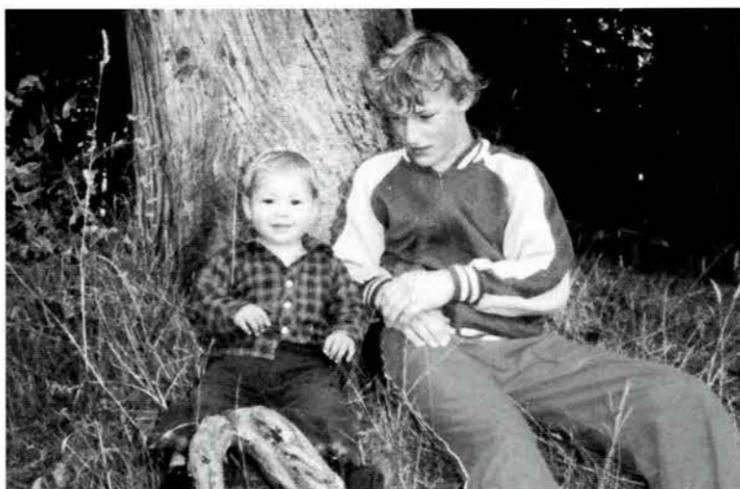

What a joy it has been watching you grow into a young man reaching for your dreams and accomplishing your goals. I am looking forward to seeing what is ahead for you and what career you are going to be approaching.

I am so proud of you and your accomplishments. Graduating is such a big stepping stone and I am glad that God is allowing us to share this special time with you. You have worked so hard to get to this point in your life.

And I am looking forward to many more awesome accomplishments. I can't wait to see what road you decide to travel down next.

Congratulations Class of 2004. We are all proud of you,

We all love you and are so proud of you...
Mom, Dad, Matthew, Austin, Rick and Josiah

Jesse,

As the youngest in the family, you have survived second hand toys, hand me downs and always graciously gave up the big room when grandparents came for a visit or when sisters returned from college.

We have delighted in your skills, been amazed at your abilities and marveled at your accomplishments.

As you continue to grow, discovering new and exciting adventures on your way to becoming your own unique person. Remember, you have been and will always be a great source of pleasure and pride, and hold a very special place in our hearts.

We love you always,
Mom and Dad

Jessica,

As we have watched you grow over the years, we are reminded everyday of how important you are to all of us. You have truly blossomed into a beautiful young woman with a heart of gold, willing to offer a helping hand or a kind word whenever one is needed. You are someone who enjoys a good laugh and a tender hug, someone who has a vision for tomorrow, and a concern for today. Jessica, you bring beautiful music into our lives through your talents. We feel truly blessed to have you as our friend, aunt and sister. You have touched our lives in so many ways, and we love you dearly.

All our love,
Jean, Arthur, Krystal, and Makayla

Hey Munchkin,

Timberline Rivalry

Timberline is one of NT's biggest rivalries. Pictured above is Andy Wethee and Timberline's Mekonmen Anebo who are going to compete in the 100 meter dash.

The 2004 Track season was incredibly successful. Many individuals surpassed their personal records and improved their times. The Track team ended the year extremely strong and many of our athletes ended up going to Districts for their performances. To the right: Senior John Riak is one of the top runners on the Track Team.

Coach Kandi is all smiles about her standout team.

The Girls Tennis team this year looked at the season as a great learning process, especially for all the new freshman prospects. The returning players helped teach skills for a promising team next year. The Varsity team had some tough losses, and some fantastic wins. With a majority of the team graduating this team, the JV team quickly stepped up their game to guarantee a great Varsity team next year! Way to go ladies!

"7th Inning Stretch"

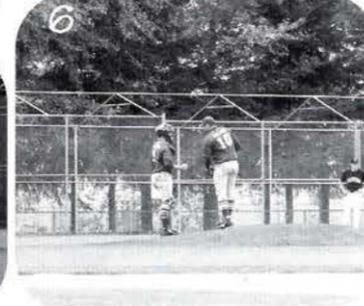

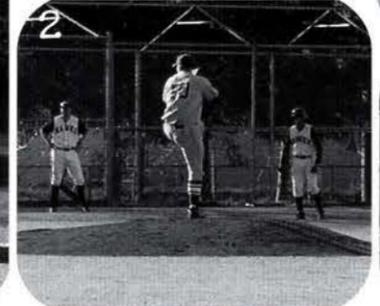

This year's baseball team began the season with promise. With a lot of the V team graduating this year, we have great prospects from the JV and freshmen teams. They won 7 in a row and showed great pride and love for the game. The Rams advanced into the playoffs, beating Centralia in the league playoff game, 10-4, but lost a tough district game to Washougal. The Rams finished the season with an overall record of 13 wins and 9 losses. Great Job Ramel And congratulations to the senior players for the great years as NT Ram Baseball players! Good luck in the future! We'll look for you in the big leagues!

Aaron Patterson, a key player, is defending for the Rams.

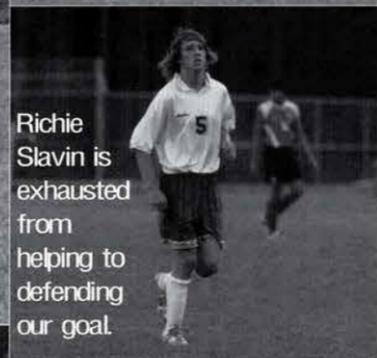

At T-line Abe "tore up" the keeper with shot after shot on goal.

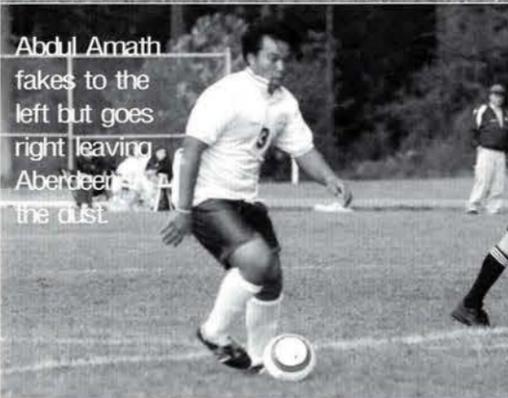

Timberline had a victory at our home field until we decided to pay them a visit. April 24th 2004 North Thurston Rams were determined to show who was going to set the tone of play and have the victory. Matt Herrer who dribbled through Timberlines entire team shoots the ball into the upper left corner of the net and leads the Rams in a 4-0

Tackle after tackle and whistle after whistle, Pat LaValla sticks with it.

Richie Slavin is exhausted from helping to defending our goal.

Abdul Amath fakes to the left but goes right leaving Aberdeen in the dust.

Watch out heres Alfred who gives a nice pass off to the outside midfielder.

David Mauerman just couldn't seem to stay up through out the game.

This years boys soccer team has accomplished much. They never let down even if they were ahead. The Rams showed their opponents who was going to set the tone of play and who was going to take home the victory.

A Midsummer Night's Dream

*For aught that I could ever read,
 Could ever hear by tale or history,
 The course of true love never did run smooth.*

In the end of the play, everyone marries their rightful lover. Below are Hippolyta, Theseus, Hermia, and Lysander.

To the right Helena begs for the affection of Demetrius, but he is too immersed in his love for Hermia.

Rawr! What a mean lion! Travis Tingvall seems to be shaking the audience in the mechanicals' performance of *Pyramus and Thisbe*, and Beth Wollstein moves them deeply with her rendition of the moon.

Oberon (Ty Kolb) and Titania (Dayo Anderson) engage in an argument of power and accusations.

It's time to move on

Another year of fun, drama, learning and maturing has passed by. Memories, whether positive or negative, are ones that everyone will remember here at North Thurston. Varying experiences shaped many here for the future, which is clear and bright. We had a very successful year in our sports programs, test scores, and the drama and music departments. Every year we part with our seniors, and the graduating class of 2004 will take a piece of our hearts with them. We will miss you guys so much and remember all the advice and great memories that you have given to us. Good luck with everything. It is also time to say good bye to all those influential teachers, that will be leaving North Thurston. Thank you for your commitment!

Parting is such sweet sorrow!

GREAT JOB EVERY ONE!!!!
