# Common Ground

## “Common Ground”

Who are we?  
 Some of us know who we are  
 What we will do with our lives  
 What we will accomplish on this earth  
 But the truth is  
 Who you are now  
 May not be who you are in ten years  
 What you want to do with your life  
 May not be what you actually accomplish  
 Some of us don't have a plan  
 And some do  
 Although some walk paths together  
 Others go alone  
 Even though we all end up in different places  
 We all started our paths here

- Gina Salerno

This is high school. It isn't perfect. There are cliques. There are facades. There are lies. But behind all this is truth. Underneath all the falseness there are similarities. We are all as different as leaves on a tree, but we can still find some common ground.

Each year our students label each other in order to identify contrasting crowds. Unfortunately, we don't always see what makes every person unique. Diversity is a big part of North Thurston High School, and this year our theme is "Common Ground." The leaves of the silk tree are symbolic of every student.

So what exactly does common ground mean? It could mean this school, that we are all members of North Thurston, and we all share the same halls. This could be our common ground. It could also have a more universal sense. Maybe it is that we are all made so very similar when you get past the illusions we build for protection or comfort, ignore the exclusive groups we are in, or the hundreds of other things that divide us, and realize that there are a thousand things that bring people together. Maybe that's what we need to search for. Possibly, common ground has to be actively sought after and only then can we appreciate the multitude of differences that make us unique. Common ground could all be these things, and maybe it is even more.

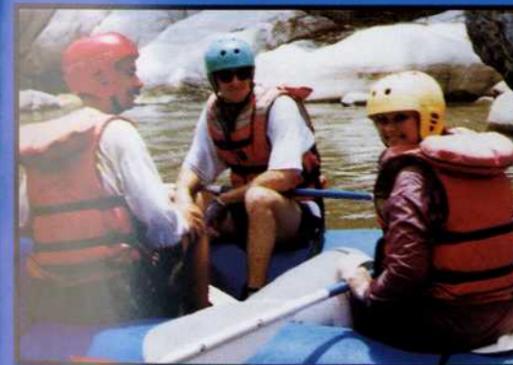

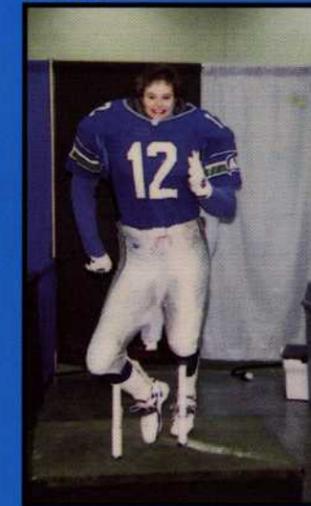

# A Fallen

As each of us go through life, we usually meet a few people who make a major impact on us, someone who we look to for support and can rely on for advice. These people can be relatives, friends, or even our own teachers. One such teacher, who has made a positive impact in many of our lives, is Dolores Carbah. For twenty-five years she was a dedicated math teacher here at North Thurston High School, who everyone loved. She enjoyed teaching every one of her students and earned their love and respect. Her

death on August 3, 2000 from Legionnaires Disease, came to most of us as a shock. The teacher who was still so young, would no longer be a part of our lives. She cared about being a part of our school in many ways, including being the Key Club Advisor, participating in the Local Youth Leadership Program, and initiating the Applied Math Program. For all her hard work, she became someone our staff and students respected. Ms. Carbah will be greatly missed, and will be forever remembered in our hearts.

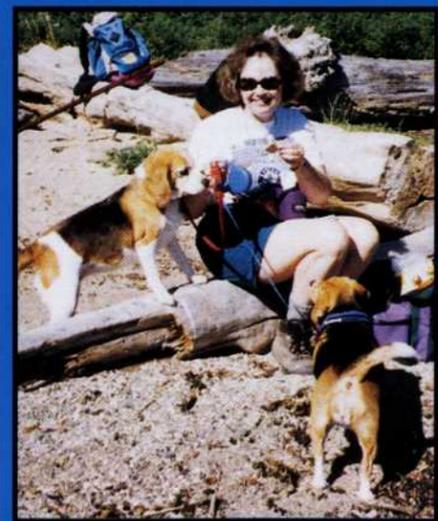

Haley Beach - "Ms. Carbah was a great teacher and truly cared about all of her students and friends at NTHS. She was an involved member of the community and helped out anyone who needed it. Those of us who were lucky enough to know her, miss her and the goodwill she showed to all people."

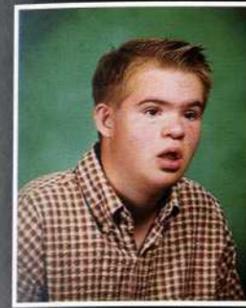

Jonathan Brodin - "Ms. Carbah was an amazing person and a very knowledgeable teacher. She had a knack for combining a fun atmosphere with a will to teach her students math. She was a role model to many people at NTHS and in the community including myself, and she will be missed dearly."

♪ "x" equals negative "b" plus or minus square root, of "b" squared minus four "a" "c" all over two "a". ♪

This song is an example of how Ms. Carbah made learning interesting and relevant for her students.

Spirit lets hear it,

and see it, and wear it!

Winner for the most spirited of the freshman class, Katie Kvaternik shows off her favorite color.

Sophomore girls, Jessie Bensley, Kristy Hewitt and Sarah Nelson, are "pretty in pink".

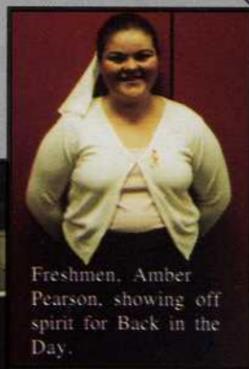

Who's that cowgirl in that cowboy hat? Why that's Michelle Lipsker.

Senior Lindsey O'Rear looks like a princess in her silver getup.

If you happen to be walking down the school halls, and you've noticed something a little different in the way everyone is dressed, what could it be? For some reason, you see 70's outfits one day and the next everyone is coming to school in their pajamas. Is it because they are all out of their minds? You would think they were, if you saw these spirit crazed students going all out for Spirit Week.

Carrot Tops look alike, Curtis Buschor, was seen in the halls of NTHS.

Just look at Tim Grubbs' huge muscles.

These Dance Team members must have been at school all night practicing their dance steps.

**Day**

**P.J. Day**

**Purple & White / Toga Day**

There must be something in the drinking water. Just look at what it did to Marty Bode's hair.

Whew! We sure are glad the firemen showed up. Are those the swim coaches? Oh no, they are the Aquatic Avengers.

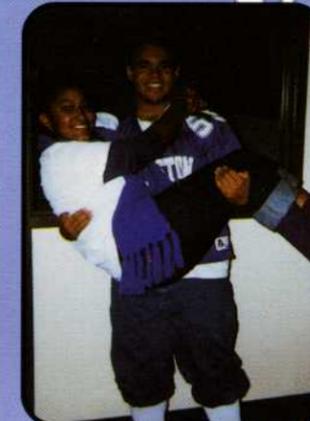

Miss America and Miss Universe pose with Leon Phelps.

Ryen Zoller shows senior pride on toga day.

Sophomore Aaron Belton prepares for the Homecoming Game by doing curls with Nacie Jones.

Ooh Ouch! Debbie Kagy shows her skills and her spirit.

## The Many Colors of

# ART

As students of North Thurston High School, we are all individual works of art. Art in itself is more than just what you draw, paint, carve, or sculpt. Art is also the numerous ways we present ourselves through outward appearances. The way we express ourselves molds how we are as a whole as well as individuals. This page is dedicated to the multi-colored tapestry of styles that make up our school.

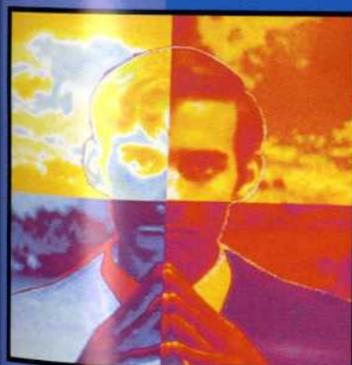

One of the greatest attributes of art is that, just like us, no two pieces of art are ever exactly the same. It is incredible how something as widely diverse as art actually brings us closer together. Whether we create it or just enjoy it, art still plays a major role in our lives.

"I enjoy art because it is so individualistic."  
- Hannah Todd

"This picture started out being a frustrating mess of colors, but in the end it somehow came together."  
- Nicole Gendjar

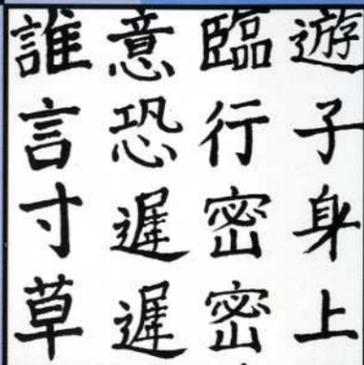

"Sean" by Emerson Murphy-Hill

"The evening sunset just grabbed my attention. I wanted so much to record its beauty."  
- Candice Gan

"A peice of art is irreplaceable as it catches the emotions and thoughts of the artist."  
- Christopher Wang

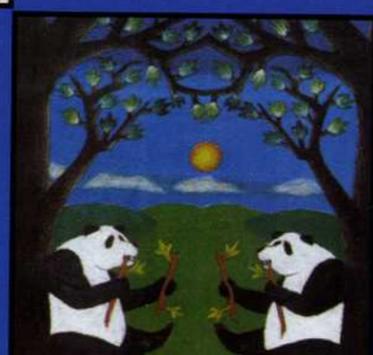

"Art is something I am good enough at to enjoy."  
- Matt Yatrofsky

"Protecting the law of the Pack" by Hannah Ko

"Art is a way to declare existence, a way to declare personal passions."  
- Sarah Lehman

We, the teens of North Thurston High School, in order to form a more perfect fashion sense, establish fashion's do's and don't's, to ensure the color matching of every outfit, provide each student with the latest trends, and to promote a more individual sense of style, do ordain and present this Revolutionary Constitution for not only the teens at NTHS but for teens everywhere.

**TEENAGE FASHION DO'S**

- \* Dress appropriately for the weather. i.e. mini-skirts and daisy dukes should not be worn between the months of October through May.  
*Washington is NOT the sunny state!!!*
- \* Look for bargains when trying new clothes; try thrift shops. Your name brand \$35 t-shirt isn't any better than your neighbor's \$0.35 t-shirt from Good Will.  
*100% cotton is 100% cotton!!!*
- \* Name brand labels should be tasteful and discrete. If the logo is bigger than your hand,  
*Don't Wear It!!*
- \* Remember, trends are whatever you want them to be.

**TEENAGE FASHION DONT'S**

- \* *DO NOT* photocopy the style of your favorite star.
- \* Don't put down people that dress differently from you. People show their creativity through what they wear.
- \* You don't need to spend \$1,000. \$100 can buy you a whole new wardrobe.
- \* Wear leather responsibly.
- \* And if you remember nothing else, remember this: **SPANDEX IS NOBODY'S FRIEND!!!**

...And there you have it.  
Fashion in its prime  
at NTHS 2000-2001.

## Autoshop, at your service!

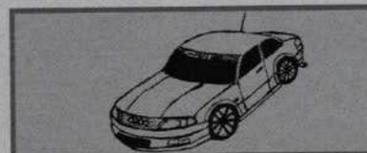

North Thurston can be proud of its awesome, award-winning Autoshop program. Mr. Stretch teaches three levels of classes: Beginning, Intermediate and Advanced Autoshop. Students in Beginning Autoshop learn basic vehicle safety, maintenance, and skills every driver should know. Students at the Intermediate level learn how the car works in greater detail and begin to apply their knowledge in a hands-on learning environment. Advanced students actually work on cars all year round. They learn more technical skills on long term projects using the latest automobile technology. In years past, the Autoshop students, as well as Vocational Industrial Club of America (VICA) members, have won many awards, cards, banner, trophies, and certificates. North Thurston's chapter of VICA has been recognized as one of the top ten in the nation for four years running. Last year the Autoshop students competed in the Ford AAA competition and won the State Championship, making their way to Nationals. So students and faculty get out there and support North Thurston Autoshop.

Look at our spirited crowd!

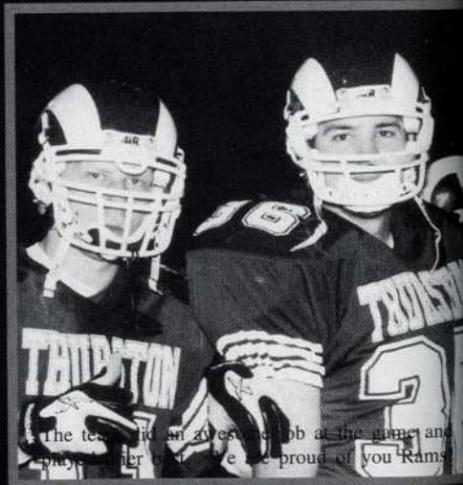

The night was an unforgettable one.

Ram fans getting pumped up before the big game.

Our victory over the Wolves gave everyone sparks of joy.

The Thurston Rams defeated the Black Hills Wolves, running an outstanding 381 yards and scoring seven touchdowns. Meanwhile, the defense held, the injury plagued Black Hills to only 134. Nate Brookreson ran 126 yards on just four carries and scored two touchdowns off the pass from quarterback, Frank Duran. Alex Pittelkau ran 116 yards and scored three touchdowns. In the last quarter, the coach changed the strategy by substituting in players of the J.V. team. The J.V. players showed great effort, by sticking to the game all the way and never pulling back. This year our football players put out their best for the Homecoming Game. 56-6, Great job, Rams!!

### Most Inspirational

"Ms. Rowell is **Most Inspirational** in getting kids into the subject rather than passing out homework."

- Tarla Walton

Who inspires you? **Ms. Rowell** sends the student body to new worlds, and has earned their respect and admiration for it. She has truly touched hearts, lives, and minds through her teaching.

### Most Challenging

"We voted Mr. Morris for **Most Challenging** because we have at least 10 pages of homework each weekend on average plus other assignments on top of that." - Elise Williams and Erin Carlson

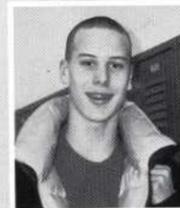

They drive you crazy, making you study harder than ever before, and at the time, you hate them for it! But, as life goes on, and students mature, they come to appreciate teachers, like **Mr. Morris**, who keep them hopping.

### One of the Kids

"I voted for Mr. Glenn Larson as **One of the Kids** because students feel as though they can talk to him about anything and he won't be rude about it." - Bridgette Valdez

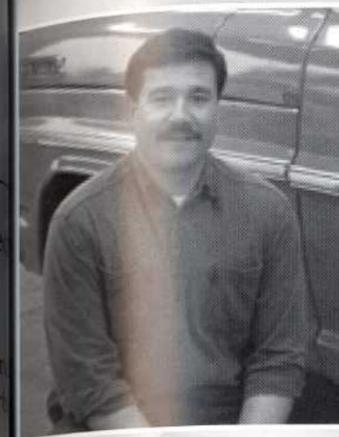

**Glenn Larson** is that kind of person. He makes you laugh, cheers you up, and his easy-going personality always keeps students happy. He makes learning Spanish "mucho" fun!

### Most Spirited

"I voted for Mr. Gentry for **Most Spirited** because he dresses up for every spirit day and his costumes are funny." - Jon Kelley

Who is that guy wearing all the purple and white? Oh! It's **Mr. Gentry**, of course! He encourages school spirit every day, not just during spirit week.

### Best Car

"I voted Mr. Stretch for **Best Car** because his Chevelle is so rad, he's put a lot into it. As he tells us in class, even the bolts that you'll never see look good, just because he knows they are there. Besides, what American car beats a Chevy?" - Kelsie Pattillo

The student body has spoken! **Mr. Stretch's** sky blue '67 Chevelle is the hottest spot in the parking lot. This cool car, inspires ooh's and ahh's from all who witness it's beauty and grace

### Most Involved

"I voted Ms. Reed for **Most Involved** because she works so hard to get the school assemblies running smoothly." - Laura Reynolds

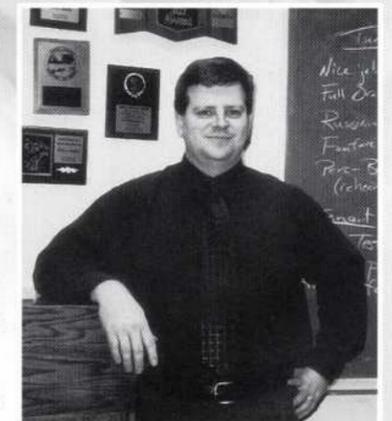

**Ms. Reed** is the force behind all that holds North Thurston together. Her efforts help ceremonies to run smoothly, and her contributions to school clubs and class officer activities leave an impression of total confidence and togetherness.

### Funniest

"We voted Mr. Myers as **Funniest** because he has a unique sense of humor and tells it like it is." - AJ Williams and Frank Duran

It's May, and students are ready for summer vacation. But what is really going on this time of year? Most of us know that ASB elections are coming up and we will elect our nine officers. The ASB representatives have many responsibilities, including Interhigh where other ASB officers from schools around the area get together and talk about how to improve our student life. Being an ASB Officer is a lot of fun but it comes with many responsibilities.

# LEADERS OF THE PACK

*What advice would you give to next year's Leadership Class?*

"You have to understand that you deal with both myself and Ms. Reed."  
Ms. Duvall

"Always make lots of posters, you can never have too many."  
Amy Hill-12

"When you arrive to class, sit down and shut up or else Ms. Duvall will start ragin'!"  
Evan Knudson-12

"Be as creative as possible."  
Lesa Morrison-12

"Be ready to get involved and have lots of school spirit!"  
Patty Thurman-12

"Don't procrastinate with your hours, always be involved."  
Marie Diaz-12

"When you are working the ASB window, bring something to do."  
Lindsey O'Rear-12

Student leaders at NTHS must be trendsetters, motivators, encouragers, inspirers, and organizers. In other words the leadership student is the big cheese on campus. The leadership class is able to promote all of these qualities throughout the rest of the student body. Leadership takes students out of their usual routines of school. In addition to their regular class loads, assignments, and deadlines, leadership students work on improving the school and becoming involved in community activities. For example, students are busy making posters to promote certain upcoming events, or planning pep assemblies. Students also help younger students read. Leadership is a very productive class that requires great dedication, commitment, and initiative.

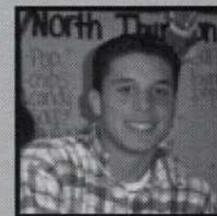

*What advice would you give to next year's Leadership Class?*

"Follow through to fulfill your commitments."  
Ms. Reed

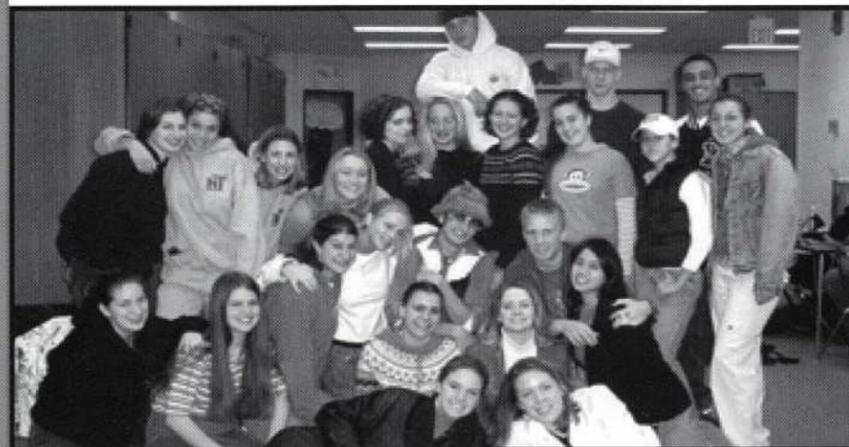

"Get involved in as much as you can without stretching yourself too thin."  
Megan Cramer-12

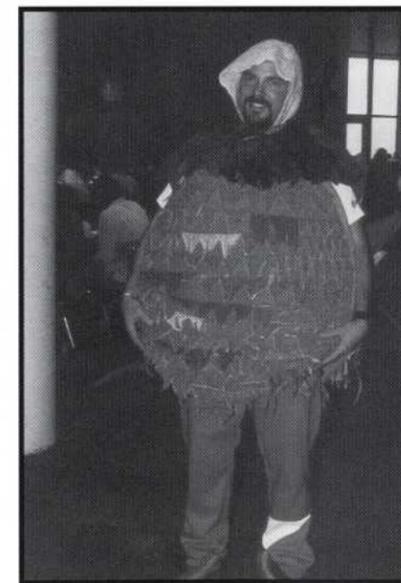

"For leadership students to be yourself, and not be anyone else."  
Ryan Zoller-12

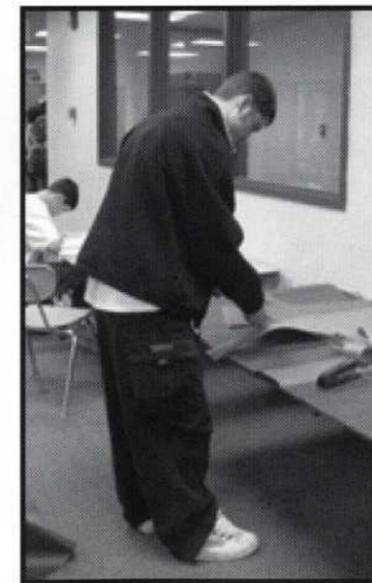

"There is always something to be done, so be involved."

# North Thurston Open

This year's boys tennis team was a strong group of talented and skilled players. They pushed to improve their abilities, as well as to support the talents of their teammates. The Rams played in a very competitive league and came out on top. Although winning was one of their goals, they didn't have any problem accomplishing their second goal which was to have a good time. The tennis team ended the year with an impressive record of 14 wins and 2 losses. Three members of the team will be heading to districts. Representing North Thurston in the Singles is John Brodin. The Doubles team consists of Aaron Bigler and Colin Montgomery. Congratulations to the team and farewell to seniors Peter Chong, David Power, and Brigg Turner.

# QUEENS

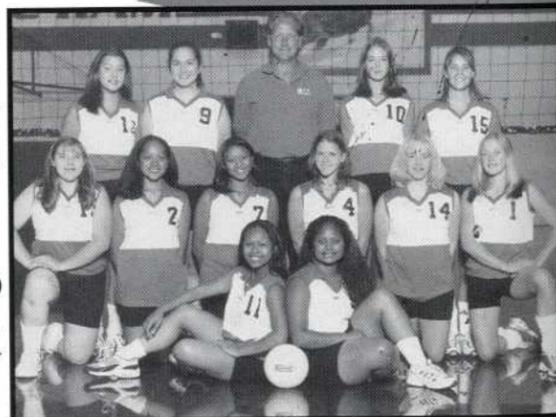

This year's volleyball teams did a great job representing North Thurston High School. They might not have won every game but they certainly turned a lot of heads by giving a good fight. Overall, the 2000 season can be considered a success. We all remember the Aberdeen match when our Varsity Ram girls took the game into overtime, finishing strong and hard. And we can't forget the Junior Varsity and C-Team girls as they gave impressive battles and kept the spirit of N.T.H.S alive. Ophelia Franklin, of the C-team distinctly recalls, "Michelle Watson pulling a 'Matrix', literally climbing the wall to save the ball from going out of bounds." Many of the new players gained much needed experience for next season's games. Though we're losing three outstanding seniors their valuable coaching skills have already been imprinted upon its impressive line up next year. Thanks for the great memories seniors and players. Good luck to next year's teams! Keep your dreams high and those volleyballs a'spiking.

# DOWN & DIRTY

NTHS Rams football had an explosive year led by coach Rocky Patchin. During the regular season the Ram's win/loss record was 9-1. The Rams placed 2nd in the Pac 9 league. For the first time since 1976 the Rams not only made it into the semi final playoff game but also played in the state championship and took 3rd place. Charles Overstreet, #72, says, "We did what most teams couldn't do,

Evan Knudson on the kick, it's good!

and it feels great to leave high school with 3rd place in state!" Another thing that was very exciting this year was that Alex Pittelkau broke Mike Seller's record for rushing. Varsity played hard this year. They not only beat their opponents, they slaughtered them. Except for a disappointing loss to Tumwater in the season opener the Rams were an

undefeated power house! The Rams held commanding leads over their opponents. This gave NT the opportunity to rest their starting line and give experience to the many other fine athletes on the team. NTHS was matched against the best AAA teams, from across the state. The Rams first experience playing on astro-turf came during the game against Kennedy. Not to be stopped, the Rams beat Ferndale in the quarter final where excited fans ran onto the field to celebrate the victory. Jesse Duval, #9, called the season "phenomenal, with good times and great memories."

You might think that the only sports high school students participate in are the ones provided by the school. If that's what you think, get ready to be proven wrong. The different activities that students partake in range from skateboarding to scaling trees. Extreme sports have a high risk of danger because of the physical demand needed to perform tricks. It takes a lot of practice and determination for anyone who wishes to be involved in alternative sports. If you think you have the stamina and patience to participate in these activities, then just do it!

# LADIES OF THE DANCE

This year, our North Thurston Dance Team achieved high honors as they earned the title "Best Dance Team" and received second place in the Dance/Drill team division at the annual Lakfair Competition. They support our school by performing at the football and basketball games. How do they do it? Their stellar performances require them to attend many practices for hours on end, and they must make each move more precise each time they practice and perform. Their hard work definitely pays off and gets better with each football and basketball performance we attend. Since these ladies have put forth the effort to perform, we should go to the games and cheer them on. Nice job ladies!!!

## WHY DID YOU DECIDE TO JOIN DANCE TEAM?

"I like to dance."

Natalie Campbell gets down to the beat.

"I like the girls. They are sisters to me. I just love them. Oh, and the dancing's fun too."

"Freshmen year I promised Tammy I'd try out with her and we both made it!"

Don't they look like they're having fun? As the girls finish their routine for the Lakfair Competition, they still continue to show their enthusiasm.

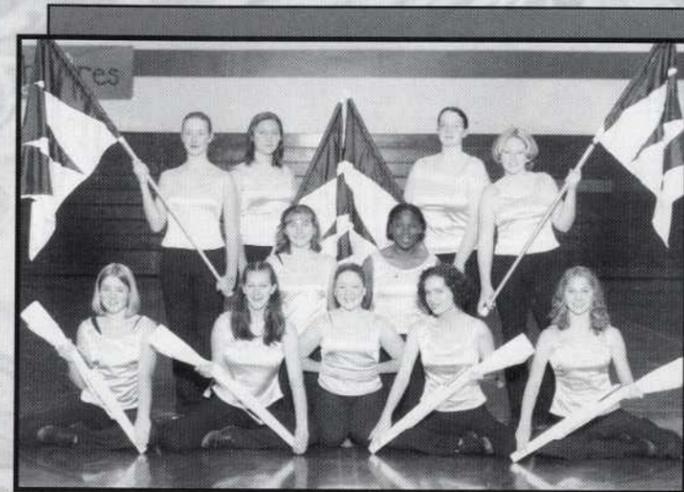

"Just being able to dance. I enjoy practice and performances that we do. Our team just has lots of fun in what we do because we all love dancing so much."

# TRUE COLORS

## GUARD

## OLOR

What is Color Guard? Most of us know these students as the "flag people." Although they do use flags as part of their performances, rifles are also now incorporated into their routines. This has added another level of difficulty to performing, as well as making it more interesting for the spectator. Their scores improved significantly this year at competition: the team scored a seventy at the Auburn competition (thirteen points higher than last year) which made those early Thursday morning, night, and weekend practices worth the effort. Since they are required to excel in school as well as attend the many practices, they definitely have a full schedule. Their instructors' goal this year, was to make this team the best it could possibly be. Because of the outcome of the season, and how many practices they were required to attend, the team would like to thank their instructors, Jake and Katie, and the many parents who have helped to make this marching season a success! Wait until 2001 - you haven't seen anything yet!

Doesn't it feel a little crowded in there? Maria Betts, Amy Olson, Amy Hill, and Nicole D'Abreau don't think so; they squeeze together for the picture. Hannah Todd, Assistant Coach Kim, and Nicky Engle think just the opposite, as they "keep their space" in the front of the bus.

"Having really nice flags this year." Hannah Todd, 11

I guess the practicing has to stop sometime, right? Belinda Winders and Debbie Kagy think so too, as they take a breather to smile for the camera.

The North Thurston auditorium, with the exception of the supervisor, Mr Bisser, is completely runned by the students. They have all learned to the vital aspects of operating a performing arts theater which includes such things as running the rigging, light effects and sound effects. The individuals that are pictured above are just some of the spectacular folks that keep the wonderful world of theater going.

Most of the students of North Thurston are employed in a variety of jobs, ranging from working the pizza route to taking care of kids. Having the responsibility of going to school and working can be very stressful to a student. They have to organize their time to fit their busy schedules, complete hours of homework, and make time for friends and family.

"I want your fear. For your fear, like a current, rushes through your body. Your fear makes your heart pound, it renders your veins rich and full. Your fear hemorrhages deliciously within you." This adaptation of *Dracula* restores the suspense and seduction of Bram Stoker's classic novel. As Count Dracula begins to exert his will upon the residents of London, they try to piece together the clues of his appearances in a valiant attempt to save themselves from a hideous fate. Rich with both humor and horror, this play paints a wickedly theatrical picture of Stoker's famous vampire.

North Thurston's production of Steven Dietz' *Dracula* as horror is an extremely dif-

ficult genre to perform. Many students made excellent debuts and will be valuable additions to the drama department. The play was overall a success.

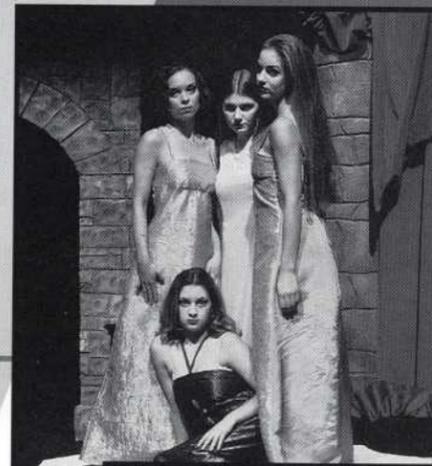

Our *Thurston* 2000 fall play, *Dracula*, gives an overview of the ability of our Rams. The performance of *Dracula* was great. Acting in front of many people is not easy, ofcourse the actors will get nervous, but they came through and performed magnificently. During the plays run, the performers stunned many audiences. The Advanced performers were impressed with the beginning actors and actresses because they were focused and put all their effort into what they are doing. The most difficult thing was memorizing their lines. However, in the end, everyone admitted that it was a lot of fun.

Orchestra is more than just a class. Playing in the orchestra is a long term commitment to beauty and excellence. But music is also a very powerful art. It is a way to paint fantastic pictures inside the listeners' mind with nothing but sound for a paintbrush. It is a lifelong skill that gives depth and meaning to the soul. Playing in the orchestra is just one of the many ways to speak the international language of music.

# CHOIR 2000-2001

Georgia Davis

**Girl's Chorus** helps to enhance the key skills that will lead to advanced choral groups. The girls have indicated a great aspiration to expand their musical abilities. All of their concerts thus far have been successful, and certainly, the rest will be too. Mr. Poff notes, "I think this is one of the best girls choirs we've had in years."

**Concert Chorale** lost a strong group of seniors with graduation. They welcomed the challenge and brought in new members, coming together to form a quality singing ensemble again. Two chorale members, Esther Yim and Chris Wang, went to the All State Choir, while two members, Georgia Davis and Cara Evans, went to the All Northwest Choir. Members of chorale will perform at large group and solo ensemble contests, and various other events throughout the year. They are working hard to hold the tradition of high ratings at these events.

**Jazz Choir** is a highly ranked ensemble that is very involved in the community. They perform in many places around Lacey and Olympia. They will compete at solo ensemble contest, as well as many others throughout the year. They provide wonderful entertainment for our school and community.

**Bottom Row:** Katy Fierst, Becky Elshaw, Shaylene Myer, Nicole Dolan, Jessica Pettit, Kim Carlson, Arianna McCloud, Fawn Mathers, Thanh Le, Tina Nguyen, Caitlin Montgomery, Mr. Poff, **Middle Row:** Michelle Crocker, Amber Pearson, Anna Hogsett, Krystal Culver, Amber Grimm, Shaundelle Moench, Lynzie Dugar, Larissa Rogge, Rhea Lee, Elise Williams, Helen Crider, **Top Row:** Elizabeth Blake, Monica Mackfay, Nicole Clark, Jennifer Gosk, Dani Neitzelt, Jaime Siemers, Julie Sorenson, Mallory Potts, Sarah Sanders, Shawna White, MunA Lee, Chelsea Sadler

Mr. Poff directs all three choirs and is excellent at it. He provides discipline, but makes it fun at the same time. He is a great teacher, and teaches his students many valuable lessons.

# Remember when...

We wore fanny packs. We played marbles and pogs at recess for the biggest boulders and slammers. Some of the coolest kids had slap bracelets, bubble necklaces, and 5" bangs and hypercolor shirts. At the talent show we lip synched New Kids on the Block, while the kids in the back perfected the Hammer Dance. Sleepovers were crucial in defining your social status. Between the duties and intervention specialists we grew through elementary school. From puberty talks to drug education, we learned a lot. Oh yeah, we were cool.

## Wendy,

Having you in our lives has been a great adventure. You have taught us so much, letting us see sides to ourselves we never thought existed. Thank you for the good times and being there during the difficult times. Everything we've done is because we love you and wanted you to have opportunities we didn't have. You have worked hard for everything you have. A proof of that is your grades. The years have passed so quickly! You are a daughter with determination, creativity, and responsibility. We look at you and see a matured young lady with her own simplicity and beauty, and who's on her way to independence. We admire how strong you are in new and challenging tasks that come your way. Also you never hesitated to share anything you had with others. Always keep your focus on God. Take hardships as a learning experience and face it head on because it develops character. As you stick to your goals, remember finish what you started. Remember we love you very much and will always be there for you.

With Love, Dad, Mom &  
Family

## Christina Susan Rodgers

Our little girl has grown up and become a marvelous young lady. We are so proud of you. Make a vision and dream for things bigger than life. Nothing is impossible through Jesus Christ who strengthens you, if you put your hope and faith in him. Charm is deceptive and beauty is fleeting, but a woman who fears the Lord Jesus Christ is to be praised. Keep his words and store up his commands in you.

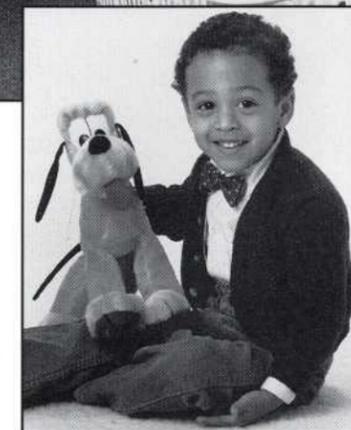

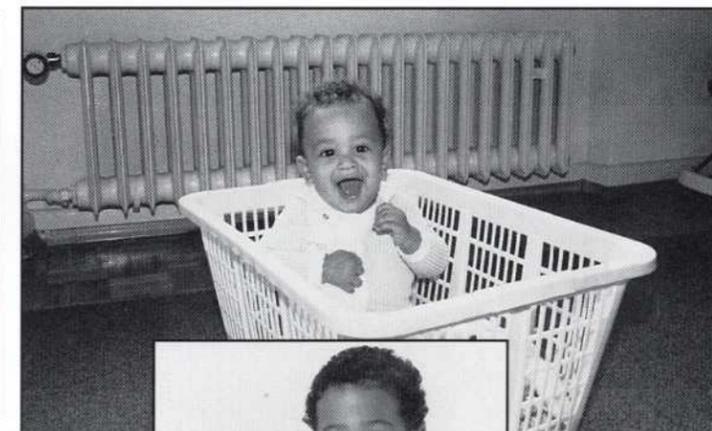

Love,  
Mom and Dad

## To My Son, I Love You

When you were born  
I held you in my arms  
And just kept smiling at you  
You always smiled back  
Your big eyes wide open  
Full of love  
You were such a  
Beautiful, good  
Sweet baby

Now

As I watch you grow up  
And become your own person  
I look at you  
Your laughter  
Your happiness  
Your simplicity  
Your handsomeness  
And I know that you will

Be able to enjoy a life  
Of sensitivity  
Goodness  
Accomplishment  
And love  
In a world that hopefully is at peace  
I want to tell you that  
I am so proud of you  
And I dearly love YOU...

Love  
Always,  
MOM

**Angela,**  
 Has it been 12 years since first grade? We have seen you grow into a mature and capable young woman. We are very proud of you.

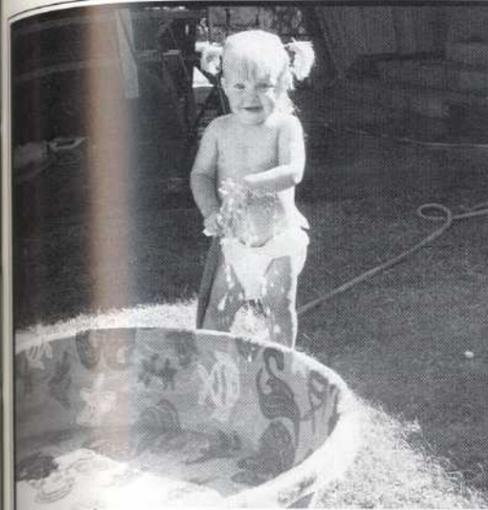

**Congratulations!**  
 Love Mom and Dad

The only thing greater than my pride in you is my belief in you.

Congratulations Kate!

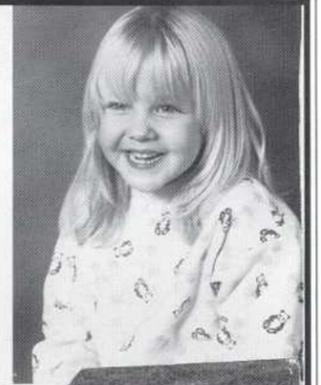

This is one of the many great accomplishments you will have in your life.

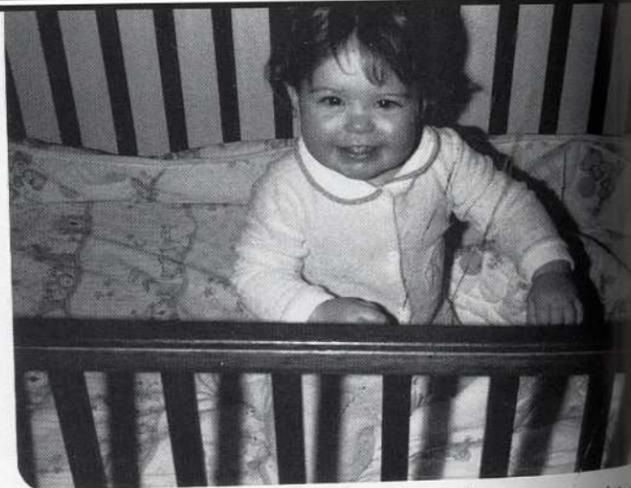

Angie,

We are proud of the many things that you have accomplished to this point in your life. Remember to stay happy and keep moving forward. It's your life to create!! Congratulations on your graduation—2001!

Love Always,  
 Dad and Mom

*Emily*

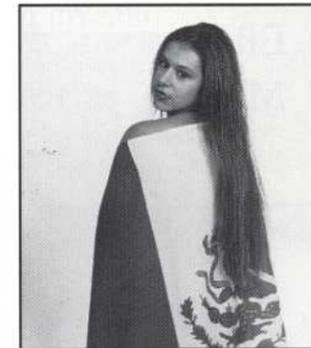

*I admire your determination and your ability to stay focused on your goals.*

*I like you for the empathy you show to those you love and the gift of creativity you share*

*I'm grateful for your sense of humor*

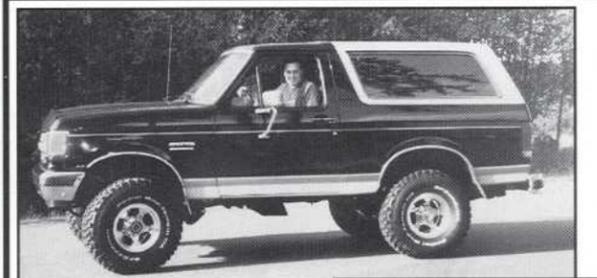

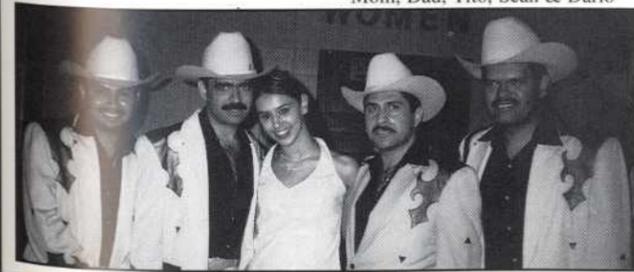

*I am now and will always be proud to be your mother. I love you!*

Congratulations Karina!

You have made us very proud of what you have accomplished. Now you will start a new beginning... just remember to follow your dreams. You can do it. Adelante mi dulce nina.

Love,  
 Mom, Dad, Tito, Sean & Dario

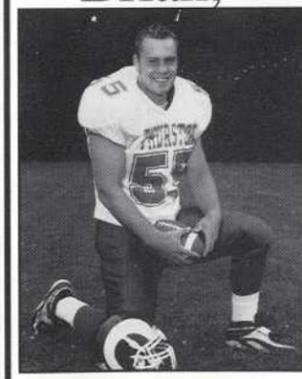

**Brian,**

We are so proud of the person you have grown up to be. You've given us so much happiness. You have a bright future and we wish you all the success you desire.

We love you,  
 Mom and Dad

Shawna -

It seems like yesterday you were a toddler and now you are graduating high school. I am really proud of you and who you have become. It is my greatest honor to be your mother and friend.

Keep that sense of wonder in your eyes. There is a world of possibilities out there. It is just up to you to keep generating them.

Love You Always, Mom

**Forever Young**

(Rod Stewart/ J. Cregan/ K. Savigar)  
 May the good Lord be with you  
 Down every road you roam  
 And may sunshine and happiness  
 Surround you when you're  
 far from home  
 And may you grow to be proud  
 Dignified and true  
 And do unto others  
 As you'd have done to you.  
 Be courageous and be brave  
 And in my heart you'll always  
 stay  
 Forever Young...  
 May good fortune be with you  
 May your guiding light be strong  
 Build a stairway to heaven  
 with a prince or a vagabond.  
 And may you never love in vain  
 and in my heart you will remain  
 Forever Young...  
 And when you finally fly away  
 I'll be hoping that I served you  
 well  
 For all the wisdom of lifetime  
 No one can ever tell.  
 But whatever road you choose  
 I'm right behind you, win or  
 lose  
 Forever young...

Nick,

My oldest son, it has been wonderful watching you grow from childhood shyness, to an adult assertiveness. You are a terrific little brother as well as an admirable big brother. Your large family loves you.

Congratulations on this momentous time in your life, you've worked hard to get here and I'm very proud of you. I respect the individual you've become and I'm honored to call you my son.

I  
 Love  
 You  
 Nicholas,

**Dear Shawn,**

You have been one of our biggest joys in life... You have made us laugh and cry all at the same time... You are a bundle of energy and full of life... We are so glad that you have learned to enjoy life to the fullest... and you have taught us to enjoy ours.

You have the strength and self-confidence to do and be anything you want in life... you have grown up to be a beautiful and loving young man...

You are truly a joy... We are so proud of you... Thank you for being our child.  
We Love you with all our hearts

All Our Love,  
Mom, Dad, and Ryan

**Nick,**

Congratulations! You did it. Your life is just beginning. Make everyday a great day and you will have no regrets. Experience what the world has to offer. Keep up your wonderful trademark positive attitude and you will do great things. You are an awesome son, big brother, grandson, and friend. We are all so proud of you and look forward to seeing your continued success. **Go Nick!!!**

With Love, your Family...

**CONGRATULATION, LYTIENG!!!**  
We are very proud of you to see the accomplishment that you have made throughout the years. You try so hard to make us happy, by doing what we pleased. You are one intelligent girl who will succeed throughout your life. Just want to let you know that we LOVE you!!

 With your endless amount of energy, we've watched you grow into becoming a really good person and friend to those around you. You've persevered through baseball by always believing in yourself when times got tough, gaining strength and confidence and a great perspective about what is really important in life. With that we say thanks for all the baseball memories you've given us together with all your fun loving friends and their parents. Now, as you venture into life's next journey, we wish you the best knowing that if you want success, you will get it no doubt. We ARE so proud of you and remember that you will forever be our true gift. WE LOVE YOU!!! Mom & Dad

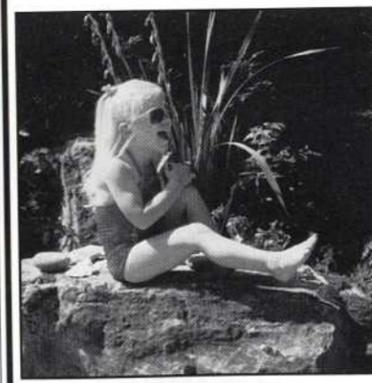

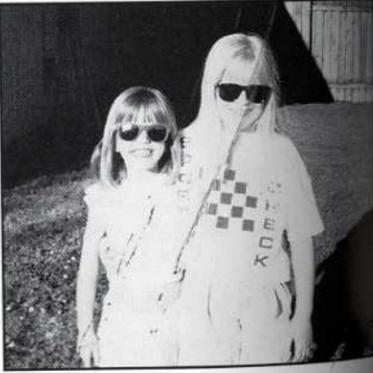

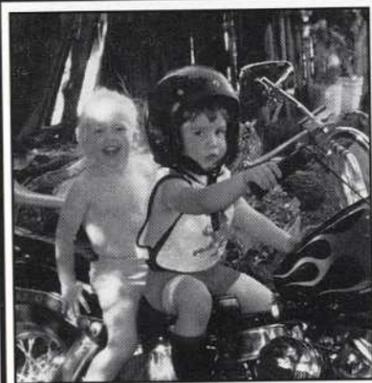

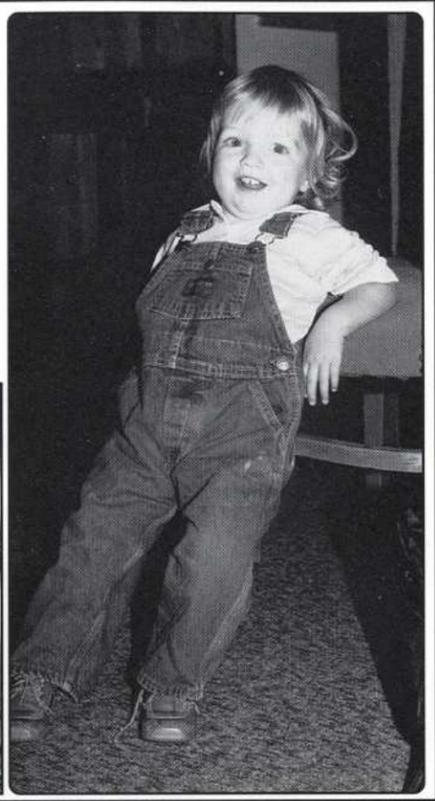

On a freezing cold January day,  
 Kara entered this world with quite a lot to say.

The minute she could talk, she declared she was boss, and when she learned to walk, our family was at a loss.

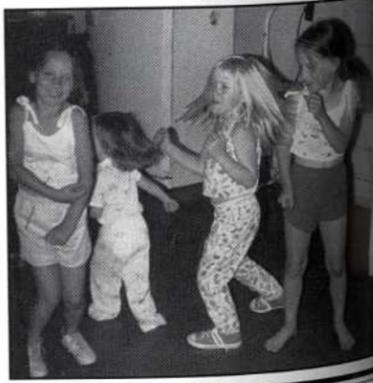

As the years went by she maintained her say, and still holds it to this very day!

We love you, Kara! May god guide you in all paths of your life!

# My Dear Jessica,

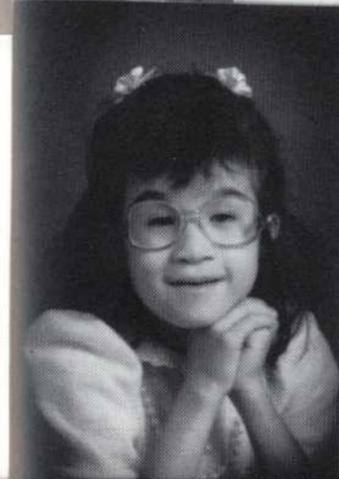

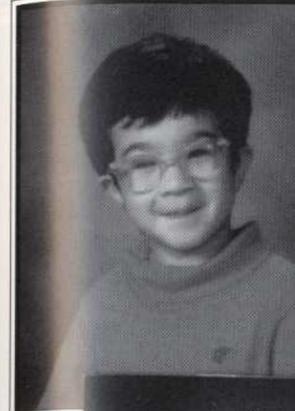

How can one find words that can even begin to express how much you mean to me? You have been a source of love, joy, and pride to me. Watching you grow from a baby into the fine young lady that you have become, has been a wonderful, and interesting, life experience! I am proud of all that you have accomplished and all of the wise choices you have made with your life. Please keep it up!

I will always be here for you. It is so rewarding to have such a loving, compassionate, and thoughtful daughter, and I thank God every-day for allowing me to share in your life. Thank you, my little angel, for choosing me to be your mother.

## To Mike,

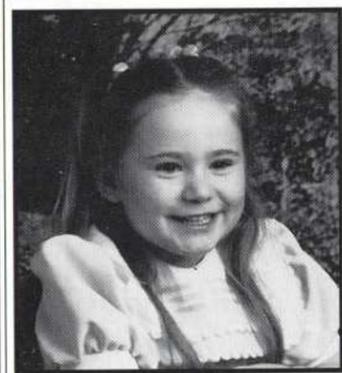

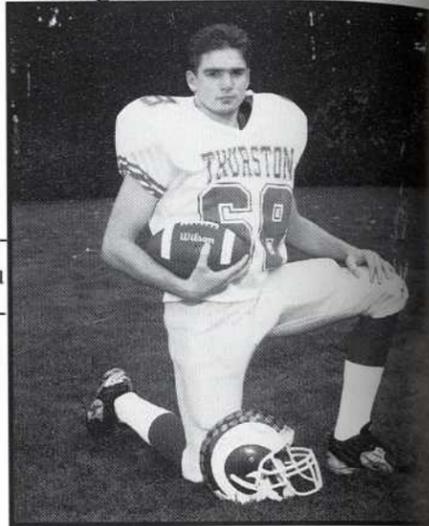

You have no idea how proud you've made your mom in the past 18 years. We've traveled ALL over the world and had to make a lot of adjustments.

Your 4 years of High School was so exciting for me to watch. You handle your's through football and going as far as the Tacoma Dome! All of you guys are #1 Winners! You should be proud!

I have the confidence that you'll go on in life, and have fun in everything that comes your way. As you make your way through the military, you'll have a family that loves you so much. We are behind you all the way!

Good Luck to you, Mike

We feel truly blessed to have a son as wonderful as you. You have brought us joy, laughter, and an enormous sense of pride throughout the years. We have enjoyed watching you grow from a special little boy into a wonderful young man. As parents, we could not ask for a better son!

You have a good heart, a strong sense of responsibility and tremendous respect for others. You are bright, caring, kind, and have always tried hard to do the right thing.

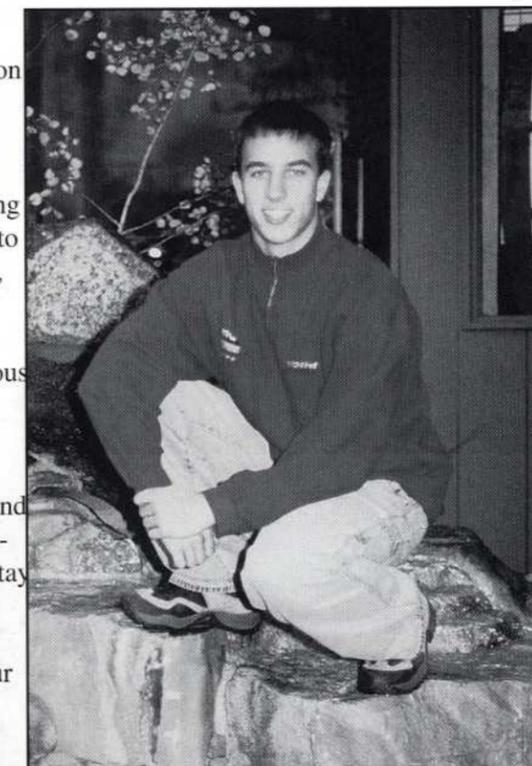

Our hope is that you will go out and find "your place" in the world, whatever it may be. Follow your heart, stay true to yourself, and build on your dreams.

We love you and will always be your greatest fans.

If you could switch places with any professional basketball player for a day, who would it be and why?

Allen Iverson-he is quick and can score a lot; two things I'm not good at.  
**Nate Brookreson-Varsity, 12**

Vince Carter-he makes millions of dollars to have fun.  
**Chris Reichert-Junior Varsity, 11**

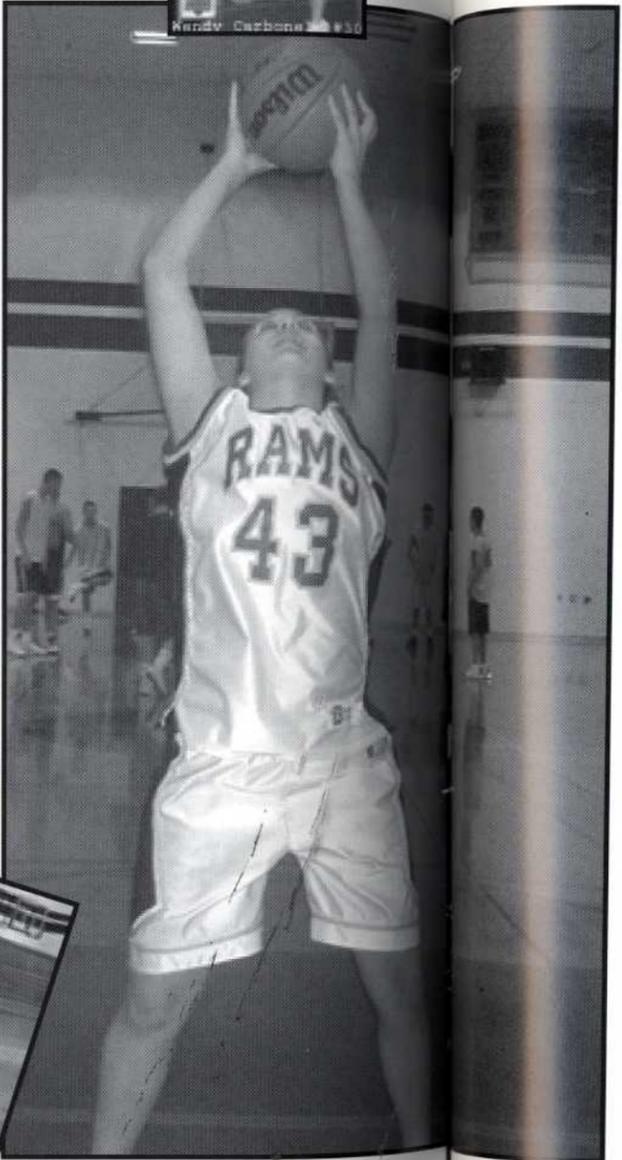

Gary Payton-he gets all the girls and he's a baller.  
**Cory Thompson-C Team, 10**

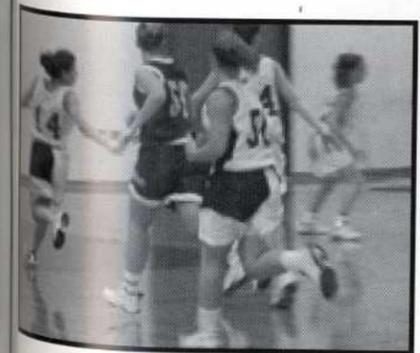

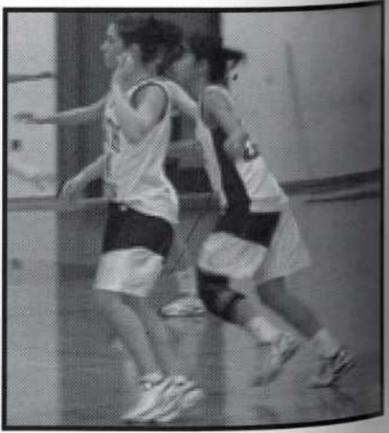

Larry Byrd-he is very successful and is a very good basketball player.  
**Joel Nelson-Freshmen, 9**

# Varsity

The Lady Rams didn't start off the season as well as they expected, but they worked hard at every game with the determination to win. The team consists of only five returning varsity players, therefore there is a lack of experience on the team. The past is the past and now our Lady Rams must move on and learn from their mistakes to ensure a better outcome.

## JUNIOR VARSITY

David Roberts is a winner!

Wrestling matches are so fun to watch. The players come in, the fans come in, then the lights go low and the spotlights are on. Booming overhead the speakers blare the names of the varsity wrestlers and one by one they run out onto the mats. Hyper as ever the cheerleaders dance and chant while two by two the wrestlers take their turn pinning each other down. If a Ram is in trouble you can count on the fans rooting him back up again. Wrestling is not easy. You can count on

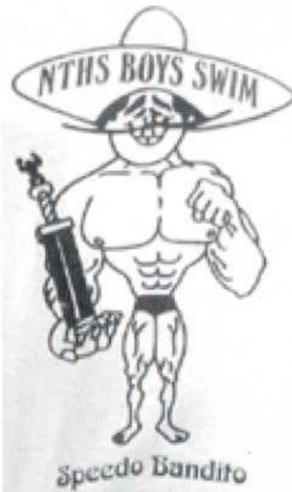

seeing lots of bloody noses and red skin by the time the match is through. Then it's time for round two and the fight is on again. Grabbing, slamming, pushing, pulling and slipping in and out of holds. A player finally pins his man and the bell is rung. The referee holds the winners arm up in high for all to see and victory is his. Go Rams!

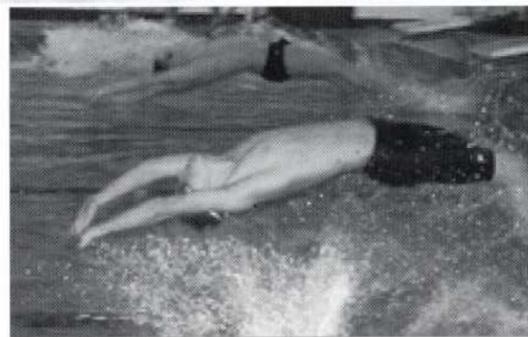

J.V. Top left: Coach Caldwell, Coach Myer, J.D. Tower, David Roberts, Bernie Harrige, David Stephens, Kate Harpel, Coach Banks. Row 2: Shawn Bohem, Michael Wallen, Anna Leonard, Nicky Engle, Shane Myer, Jason Moravec, Chris Smith. Bottom Row: Ryan Zink, Dustin Varpness, Ray Duenas.

# MAKING A BIG SPLASH!

*Aye aye ay-aye, we are the Speedo Banditos! We love breaking records, we love it, we do! We love it so much we will break one for you! Aye aye ay-aye, we are the Speedo Banditos!!!*

This year was a defining year for the boys' swim team. With a team of only 10 swimmers, only 5 of them return swimmers, a new head coach, and a new assistant coach, the boys' swimming abilities were put to the test. Rising to the occasion, the team was able to qualify all 3 relays for state. Captain Matt Oram qualified for state in the 100 breakstroke, and senior captain Cameron Barclift qualified for state in every event. There were also records broken this year. Cameron broke the 100 backstroke, 100 breaststroke, and the 200 freestyle. With all of these accomplishments, it just goes to show that **Rams can swim too!**

# Stressin' Out

## I'm so stressed out!

No doubt every teenager can say that they've suffered from stress in one way or another. -But why do we get stressed anyway? Everyday we deal with problems and challenges that cause tension in our lives. Although some people have more responsibility than others, it seems that stress has a way of grabbing a hold of almost everyone, no matter what the circumstance. School, making the grade, pressure from peers, pressure from parents, household chores, siblings, and juggling a job are just a few factors that cause the anxiety that weighs us down. However, no matter what causes the stress in our lives, how we deal with it, is the most important. Even if all we do is just get by, remember; everything we face in this life will soon pass us by. Make the most of every situation...no matter how STRESSFUL it may be.

## Stress Reliever Drink

Italian-style Milk Soda

Prep Time: About 5 minutes  
Makes: 1 serving

Place 1/2 cup ice cubes in a tall glass (at least 16oz.). Add 1/2 cup chilled chocolate or- or strawberry-flavor milk, then pour in 3/4 cup chilled orange soda. Sprinke with long, thin orange peel strands and finely chopped semisweet chocolate to taste. Stir, and sip immediately through a straw.

**How do you get your parents to extend your curfew?**

Ashley Hoyle, 10- I stretch the truth about what I'm really going to do.

Connie Jensen, 10- First, I ask for an extension, and if that doesn't work then I just beg them until they give in.

Jessica Skinner, 9- I don't listen to my parents when they tell me to come home. I come home whenever I want to.

Brian Nicoles

# Meeting Deadlines

Emily and Gina work hard long hours after school.

Annual is more than a regular class that any student would attend. The class requires dedication, time, responsibility, creativity, reliability, daily attendance, positive attitude, a strong work ethic and much much more. This year the annual staff has tremendous creativity and unity. Everyone is actively involved helping others by giving tips or ideas to make pages have more pizzazz. Each and every member has been very productive creating eye catching layouts and interesting copies to read.

The main focus for annual is to meet deadlines. This is when everyone has to work as a team and fulfill their part in order to make the deadline. Procrastination is something that can't be done, because it results in people staying late after school trying to cram everything in. When the deadline is met everyone can sigh with relief, but not for long because there's always another one on the way.

The staff has put many long hard hours during and after school to put the yearbook together for the entire student body. This wouldn't be possible without all the support and cooperation from Mrs. Winiiecki and Mr. Horn, helping us through each and every deadline. We hope the readers enjoy the yearbook as much as the staff enjoyed producing it.

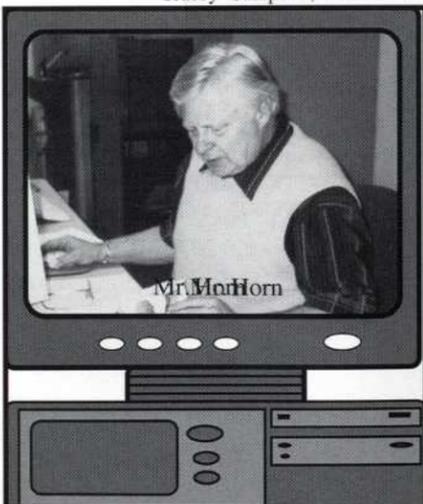

Special Thanks To:

- Ms. Reed
- Mrs. Shaw
- Mrs. Janni
- Mrs. Wylie
- Mrs. Gyls

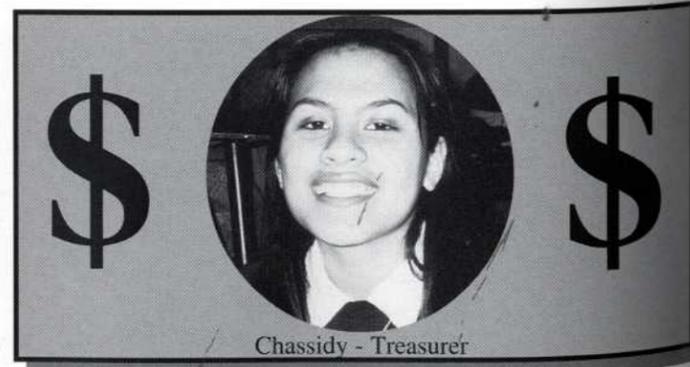

The annual staff would like to thank the people above for everything they provided throughout the year.

Mr. Horn, thank you for allowing us to constantly come in and out of your room. Without your patience, cooperation, and use of equipment, this yearbook would not be possible.

# How Do You Know

## Thinking of You

When I'm awake, ready for the day  
 When I'm in bed, dreaming away  
 I'll be thinking of you.  
 I can't get you out of mind  
 My heart is ever so restless  
 Emotions I cannot control  
 All because of you, I'm speechless.  
 Do you know what you've done to me?  
 Like no one has ever succeeded?  
 To make me feel cared for, loved by,  
 Special, emotional, a reason to org.  
 Whatever it is I do  
 No matter the time of day  
 I'll always be thinking of you.  
 -Nazirah Akmath

## True Friend

A friend like you  
 Comes along once in a life time  
 And I'll cherish the moments  
 That you are a friend of mine  
 My life has been better  
 Since the day you arrived  
 Without a friend like you  
 I never could survive  
 You're someone who will listen  
 Someone who always cares  
 And no matter what may happen  
 I know you'll be there  
 We always seem to have some fun  
 With jokes and silly pranks  
 And to a friend as great as you  
 All I can say is thanks!!!  
 -LyTieng Huot

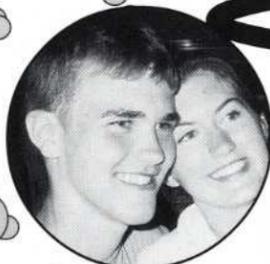

\* "Relationships take a huge amount of work. I can tell you right off that the two of you will not always get along and sometimes it's okay to be wrong. Not to scare you away from relationships because they definately are fun."  
 -Laura Fox

\* "We get along really well and we enjoy each other's company."  
 -Julie Saville

\* "We're best friends and alike in almost every way which makes life all the more interesting..."  
 -Lena Beebe

\* "I not only think of you as my soul mate and my first true love also as my best friend."  
 -Megan Hanson

\* "We have been by each other's side through everything and have deeply become a big part of each other's lives."  
 -Marinda Ourng

The Reader Meter measures the different levels in a relationship. They

# Love is Blooming?

Level 1 = "Friendship or Best Friend Love"

\* Caring for one another  
 Emphasis on Friendship  
 \* Turning point of a friendship"

Level 2 = "Dating" Is an engagement to go out, and be with another member of the opposite gender.

Spending time with that special someone. Getting to know them to the point where you'll share everything with each other.

Level 3 = "Co-Dependence" This stage describes the mutual feelings each person has for the other. They depend on each other for spiritual and physical needs.

Level 4 = "Marriage"

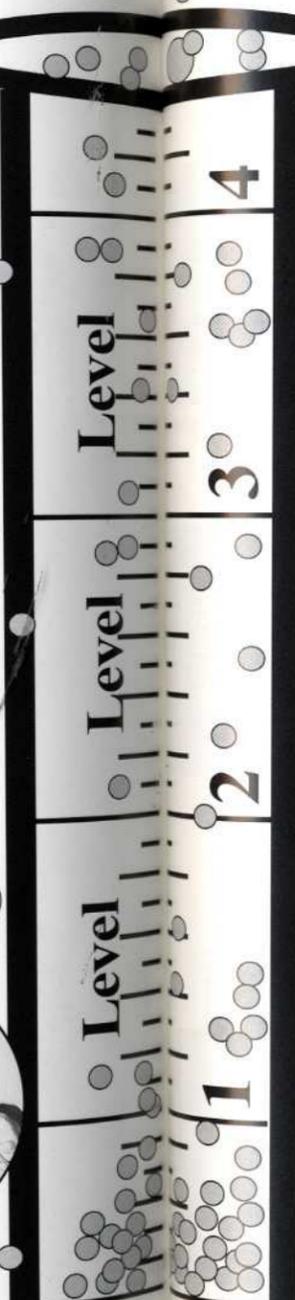

Your commitment to be faithful to that person forever, being trustful and loyal to one another. Should be a lifelong commitment between people who are willing to stick together through the good and bad times.

"How do you know love is blooming?" - questions the feelings that we as teenagers, are mostly unsure of. People say you know you're in love when you get butterflies in your stomach or when your heart beats a mile a minute. Like most people, those who fall in love embarrass themselves in front of their new found crush or act totally different from their normal behavior. Everyone reacts in their own way to the powerful emotion called love. There is no one way to describe it. Only you can decide what love is and who deserves it the most. Loving relationships begin when certain people enjoy each other's company because of common interests and are easy to talk to. Friendship is an important component to healthy relationships. It allows people to know one another before considering loving that person.

When in argument always consider compromise. People often have different perceptions of the same reality. Yet, do not put too much emphasis on pleasing your mate. Never lose your identity as a sacrifice because that may cost you your self-respect. Respecting yourself and your beloved is vital for the foundation of the relationship.

B.A.M.S. stands for Before and After school Math Support. It is designed to help students who are struggling in math and have trouble getting their assignments completed. If homework is not turned in, a call is made to parents and they are informed that their child can make up the incomplete work for partial credit either before or after school. The program is supervised by Mr. Moench, staffed by Tom Ritchie, Theresa Hoder, Sandy Budde and Wendy Hocking. The tutors are comprised of students attending North Thurston.

Mr. Moench

## Late Start

While students just enjoy sleeping in on Thursdays, there is a more important reason for Late Start. Once a week staff members meet to coordinate with other educators. They usually break-up into departments. As a department, teachers often discuss how to improve WASL scores and other aspects of the educational experience.

## French Painting

Students in Mrs. Parks' Advanced French class painted this 4x6 version of the original work by Henri Matisse: *The Purple Dress*. The painting will stand, along with those painted by local Tacoma artists, as a decorative outdoor fence that will screen the construction of the new Tacoma Arts Museum for the next two years. NTHS is the only school in Thurston County represented in the series used by the museum.

This year all teachers received computers for their classrooms. The computers are networked. Attendance is required to be done on them. Also there is an ability to send inter-school and even inter-district e-mail.

## Fire Safety Committee

The Fire safety Committee is run by Beth Warner, Brent McBride, Paul Gylys, Jilian Andrews, Patty Thurman, Erin Odom, Richard Turner, Emily Price, Laura Reynolds, and Amy Hill. The students involved have prior knowledge of fire drills and it is their job to make sure everybody exits the building in a timely manner.

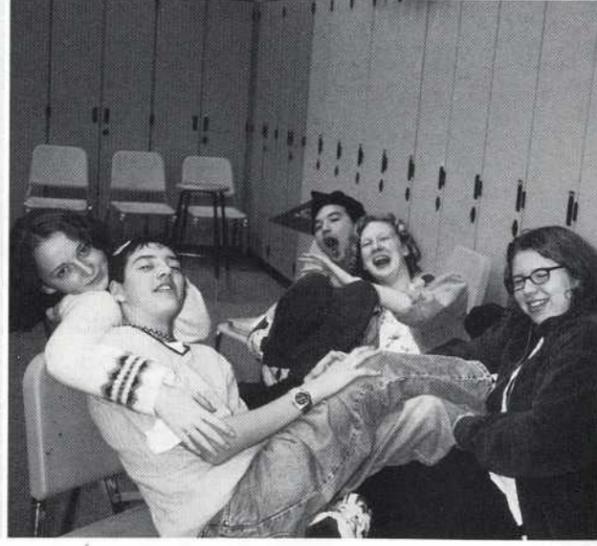

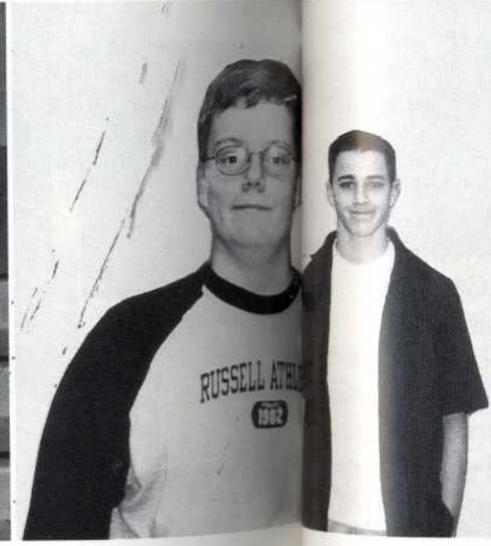

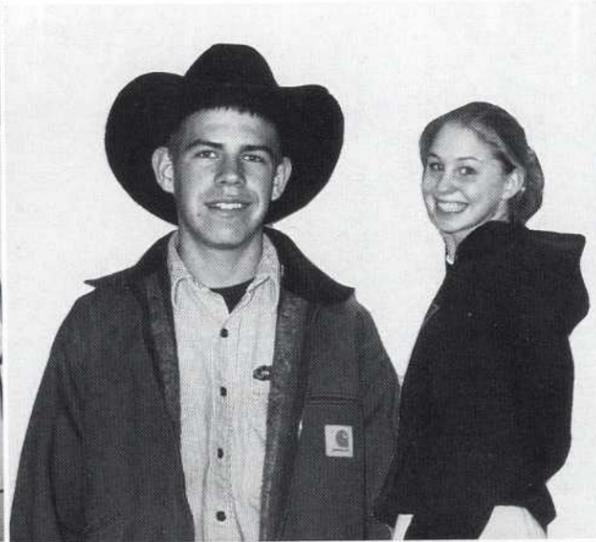

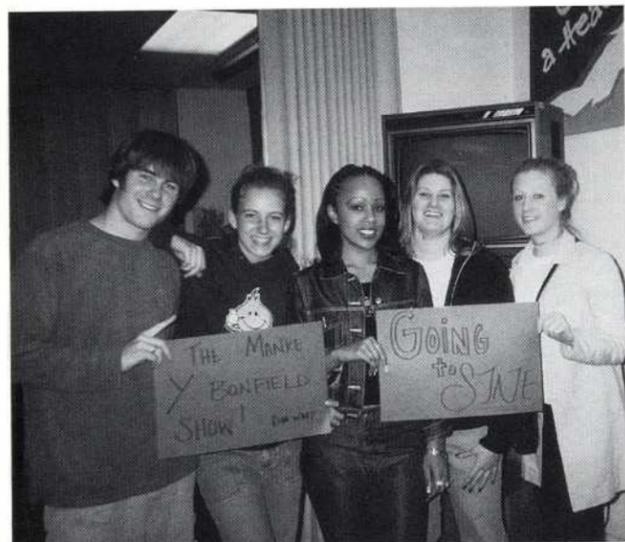

## How do you feel about the new mid-winter break?

"I like the idea of mid-winter break, because it lets you get away from the stress of school."

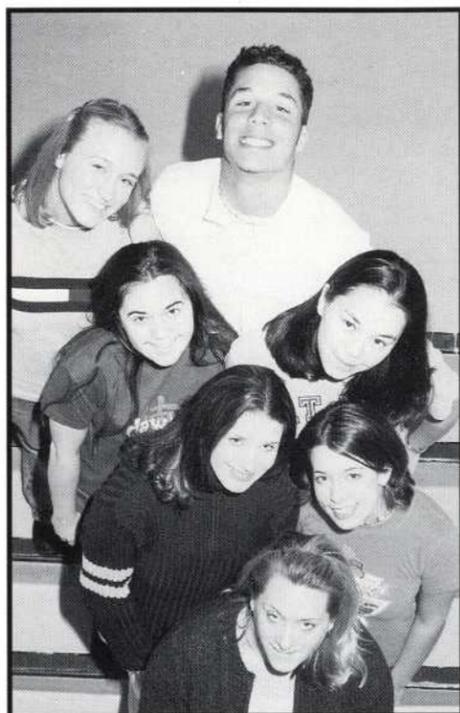

Pat Connolly

"I like the break, but I don't like having the extra week in the summer."

# Making Change

## NT Student Store

Working in the student store can be a chaotic experience. Counting change, taking down orders, and of course being nice to the customers are just a part of making the store run smoothly. In order to participate in the store one has to be in Entrepreneurship, taught by Ms. Reed, and a member of the DECA club.

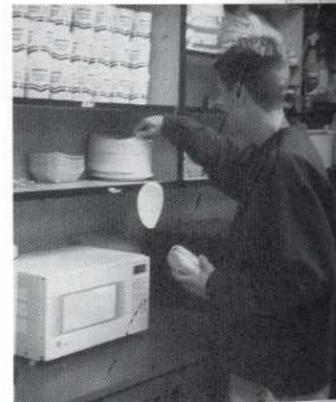

Being a part of Entrepreneurship also means helping out in the ASB office.

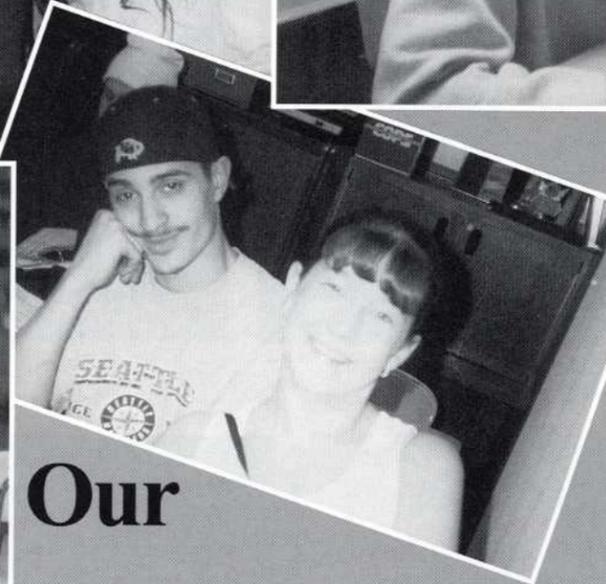

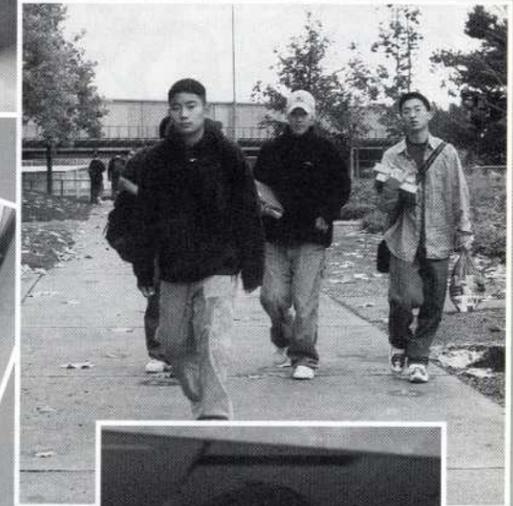

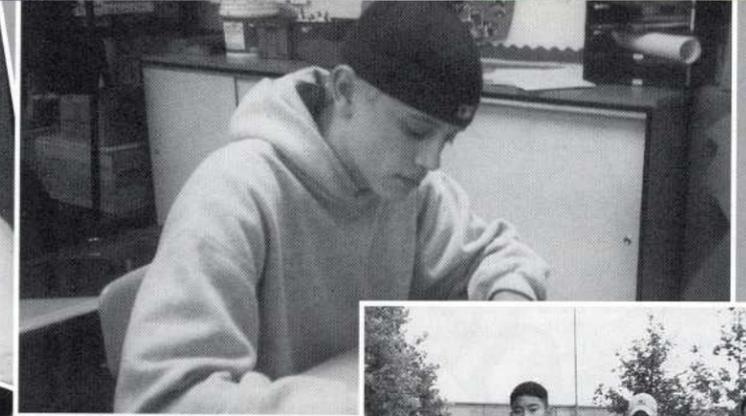

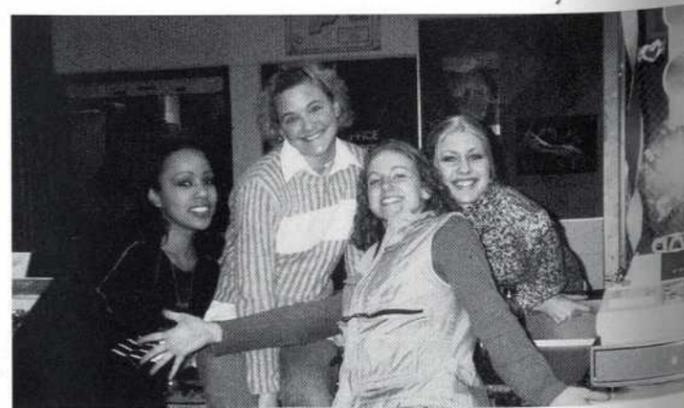

Above: What?! They raised the price of candy to \$0.60!?!

Left: Another long line, another busy day.

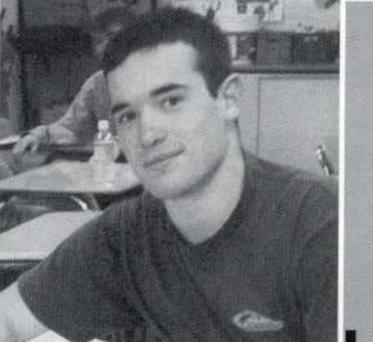

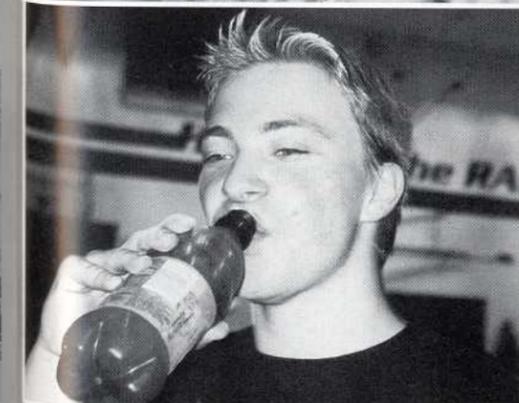

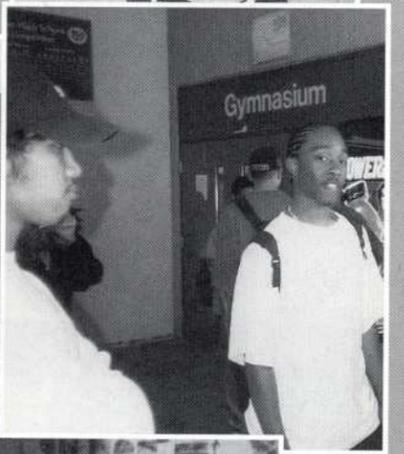

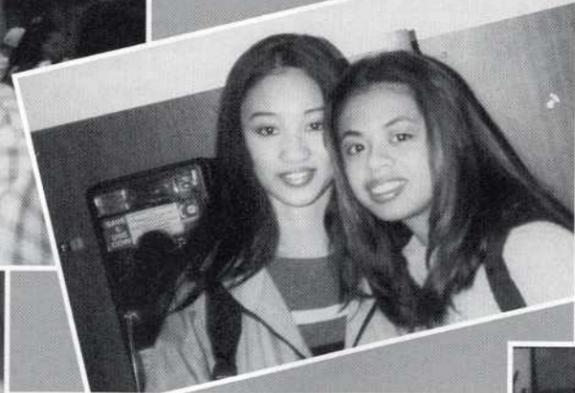

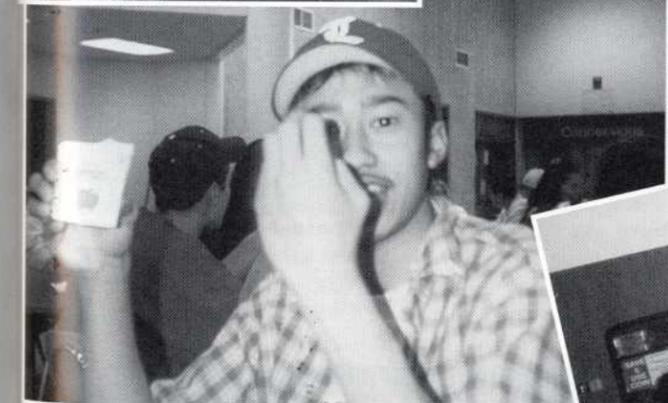

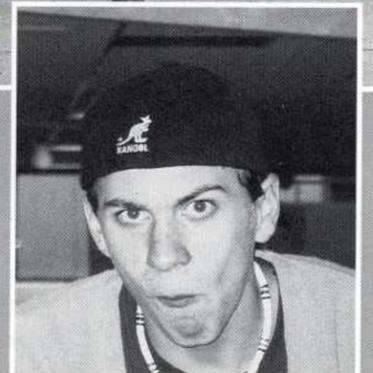

Right: Mike working in the backend cooking up some goodies.

The Student Store is now open!!

## Our Diverse Branches

Taking a break from a hectic day.

The seaweed is always greener  
In somebody else's lake  
You dream about going up there  
But that is a big mistake  
Just look at the world around you  
Right here on the ocean floor  
Such wonderful things are there  
What more is your dream for?

We what the land folks loves to cook  
Under the sea we off the hook  
We got no troubles  
Life is the bull's eye  
Under the sea  
Under the sea  
Since life is sweet here  
We got the beat here

Begin the beguine  
It's music to me  
What do they got? A lot of sand  
We got a hot crustacean band  
Each little clan here  
Know how to jam here  
Under the sea  
Each little sliver here  
Cuttin' a rug here

# Under the Sea Sadies '01

Under the sea  
Under the sea  
Dancing it's better  
Down where it's wetter  
Take it from me  
Up on the shore they work all day  
Out in the sun they slave away  
While we devotin'  
Full time to floatin'  
Under the sea

Naturally  
Even the sturgeon an' the ray  
They get the urge n' start to play  
We got the spirit  
The newt play the flute  
The carp play the harp  
The plaice play the bass  
And they soundin' sharp  
The bass play the brass  
The chub play the tub  
The fluke is the duke of the sea  
The hake is the duke of the sea  
The ling on the strings  
The trout rockin' out  
The blackfish she sings  
The smelt and the sprat  
They know where it's at  
The haddock where it's at  
The fish blo

Under the sea  
Each little snail here  
No how to wail here  
That's why it's hotter  
Under the water  
Ya we in luck here  
Down in the muck here  
Under the sea

The theme of this year's Sadies Dance was "Under the Sea." The North Thurston foreign language clubs continue to top themselves year after year, with their great ideas and creative twists to the decorations and themes. The night surpassed all the others. Thanks to the hard work of Kelsie Pattillo, Krista Strohm, Stephanie Zorn, Lynell Skewis and many others who dedicated many long hours to make this year's Sadies a great success.

Look at Darby Moeller, Angie Fellows, Megan Cramér and Ann Marie Power! Are these girls ready to go to work or a school dance?

## The Top 3 Twins

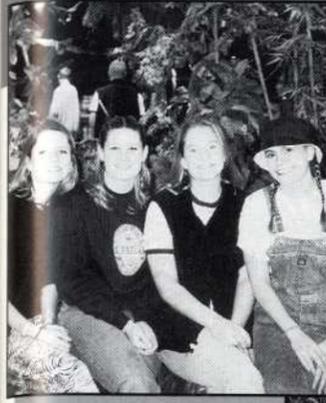

Elaina Iwai and her Boyfriend Brandon, wearing Quiksilver.

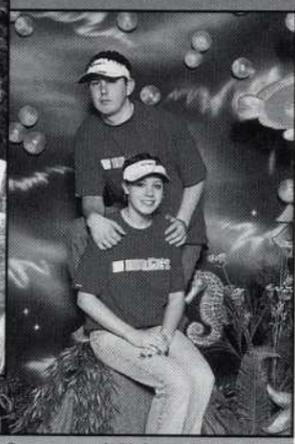

Debbie Kagy and Elliot Marsh, wearing American Eagle.

Jeff Wade and Sarah Nelson, wearing World Industry.

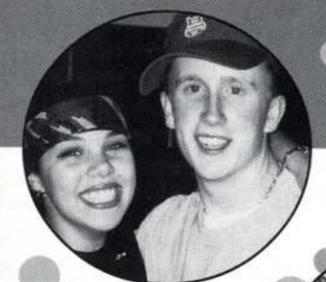

Meri Kirkwood, Deanna Green, Kelsey Giffin and Katy Hursey take a moment to pose for a picture before the dance at Rain Forest Cafe.

Pat Stewart and Xela Roberts, matching in Hurley.

Looks like Amy Olson is losing the balloons for the dance.

Junior, Stephannie Paulette, and her friend seem to be enjoying the dance.

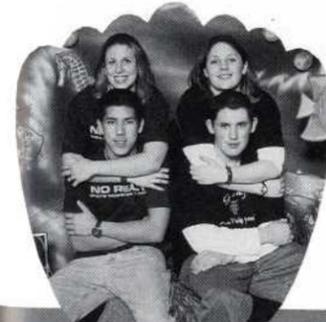

Krista Strohm poses for a quick picture while setting up for the dance.

Jordan Wilson and Megan Hanson show their alliance to the North Carolina Tar Heels.

Hard at work, Kelsie Pattillo helps decorate for the dance.

Aren't they cute? Patty Thurman, Christina VanCamp and their dates posing for sadies pictures.

**Naziroh Ahmath-** I will Sarah Vansot my wardrobe, Shadiyah Isa my "scrubbiness", Rofyah Lan my loving friendship, and to my bro Karim, the patience needed to deal with school and our parents. To all the other Cham peeps, may you excel in school and accomplish your dreams.

**Jamie Aldridge & Jessica Pierpoint-** We will Shaela Ward some glitter and a spoon for French dip day, and Brian Burmester the ability to tell the difference between a Spanish enchilada and a regular enchilada.

**Jillian Andrews-** I will my brother Galen my brain, cus-cus my heart, Michelle a big basket of fruit that will forever supply her with fruit power. Finally to the mascot that follows in my footsteps, I will you my craziness and my energy.

**Michelle Ashley-** I will all the underclassmen the best throughout the rest of their years at Thurston, and the ability to not let all the insignificant drama bother them. It's really not that important!

**Lacy Avrill-** I will Leila everlasting friendship! I love you girl! To Charles, all my hugs and kisses, Matt some more thermies, and Jason some new racing skills!

**Brandon Bailey-** I will my younger brothers my strength and determination it takes to make it through 4 years of high school with pride and self satisfaction, and my track (lanes 4 & 5 are the best). Remember, that record is not untouchable, so reach for it.

**Cameron Barclift-** I will my mad skills in the pool to Matt, Nathan, David, and Alex, to anyone who doesn't like my truck a swift kick in the butt, and to the girl of my dreams my purple leopard print speedo.

**Kyle Barkus-** I will Jessica, Shaela, Steven & Brian my Mario Kart playing skills, Eddie Smith the ability to use MPH instead of KPH when at the wheel, and to Dinah Stephens my bling-blingin' skills.

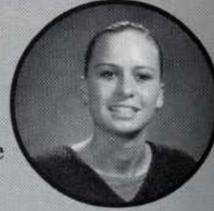

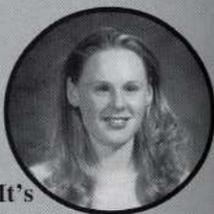

**Kyle Barkus & Brian Petersen-** We will Steven Donovan the power to break loose when belted down.

**Lena Beebe-** I will Dion Jardine an episode of "Dawson's Creek" at its finest, and to Dinah Stephens 5 gallons of toilet water for each time she flushes!!

**Marty Bracey-** I will those of my friends that are walking with me (Laura Fox, James Brooks, Joe Burr & all the others) that your dreams and hopes come true. For those that may have to come back, (you know who you are) get through it and join us next year. For the whole class of 2001, it was fun while it lasted. For Mark & Chriss, lead the way for '02.

**Joe Burr-** I will Brent McBride my flute from "Willy Wonka and the Chocolate Factory" that's used to call umpa loompas.

**Wendy Carbonel-** I will Heather Gronewald my reverse lay-up, Kim Anderson my ASL skills, and future yearbook staff my creativity.

# Senior Wills

**Peter Chong-** I will Chassidy Naputi my hand in marriage.

**Lee Cohen-** I will Richard Herrera my "game" on and off the field, and Becky Madigan my tight ride cuz she'll probably never have one.

**Lacey Collins-** I will Darby Moeller my glasses.

**Megan Cramer-** I will Bryce Warning the ability to dance while driving, Ashley Walker my 3-point shooting skills, Patrice Pierre my basketball sense, and to all the future Lady Rams, the determination to achieve success.

**Darren Couillard-** Erin, Thank you for being there for me, I am eternally grateful to you. Tara- Thank you for being my best friend, you are the best.

**Elisa DelGiudice-** I will the student body the ability to not feed off drama that won't matter 4 years from now; you're wasting your time & energy.

**Brad Devol-** I will the underclassmen some strong will power and a good time in high school because it goes away quick and Emily Iverson the games on my calculator. I also will my little sister our computer.

**Jackie Diercks-** I will to Annie Ly the ability to do anything that she wants. I love you! To Jon Brodin & Chau Bui I will massive amounts of tennis aggressiveness, and lastly, to Andy Lingly I will someone whose hair he can play with.

# Culture Clash!

Being a foreign exchange student is an adventure that not many people have the chance to experience. These lucky teens live with a new family, in a new county, speaking a new language for an entire year! They will all return home as mature young adults, with friends and memories that will last for a lifetime.

Karla Vladovic is from Trogir, Croatia. Her favorite American things include Taco Bell, Chevy cars, Microsoft, malls, and fitness. Karla has been collecting napkins as momentos, so feel free to contribute!

Niklas Lindblom is from Uppsala, Sweden. His goal for this year is to "have as much fun as possible!!!" He likes Papa Murphy's Pizza and America will always be his home away from home.

Micheal Wallen is from Taby, Sweden, just north of Stockholm. Some of his favorite things in America are Taco Bells, rugby, wakeboarding, and pretty much all American sports and people in general. Back home in northern Europe, Mike spends his spare time sailing, snowboarding, wakeboarding, and designing web sights.

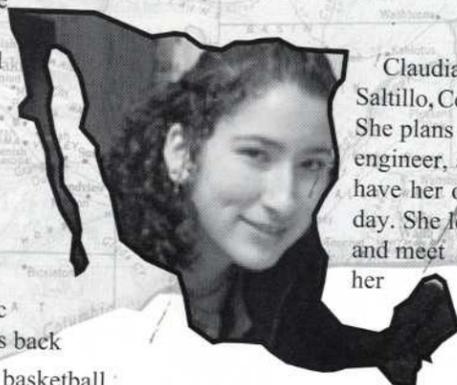

Ewelina Perz, from Hannover, Germany, wants to meet as many people as possible, and hopes to come back to America one day. She enjoys shopping in the "big malls," loves ice cream, and her lifelong dream is to be in "an American food fight".

Vesna Ginoska, from Prilep, Macedonia, loves to travel, and plans to go to a professional acting university. Her favorite foods are: cinnamon rolls, Taco Bell, any kind of junk food, and she especially likes her host father's "soup a la julian." Vesna has big plans for her acting and dancing career, and "can't live without Starbuck's coffee."

Arich Trettel is from Preetz, Germany, near Hamburg. He loves tacos and other fast foods. He is very athletic and his favorite activities back home include soccer and basketball.

Claudia Rocha is from Saltillo, Coahuila, Mexico. She plans to be a computer engineer, and hopes to have her own business one day. She loves to travel and meet new people, and her favorite American food is the 'french fry.'

## CLASS OF 2001

### Move on

To move on and live,  
close your eyes and give  
up on all that you can  
not have or be, I ran  
away from my life and love  
chose not to rise above  
my sadness and tears  
I let in my fears.  
When you've had enough,  
you'll find that you're tough,  
but the road back to yourself  
is long and hard, so don't shelf  
all that you are inside  
accept yourself and abide  
by the rules and goals you have set  
cause you know, you're all that you get

Maura  
Stockton

### AGAIN THE SUN WILL RISE

The rising of the sun and the morning mist dew,  
set in me a feeling of a melancholy longing.  
Strolling along the grainy sand,  
in which I sink my toes,  
my gaze is captivated,  
driven to an image before me. Painted  
with subtle rays of light awakening the sky;  
the dew; a reminder of yet another night past.

Memories drift through me,  
emotions flood my soul.  
A longing for the past encumbers my heart.

A chilling morning breeze brushes past,  
drawing back my senses to life ahead.  
The future must be embraced with  
strength and force.  
For one day, there will  
be a new night,  
another dew,  
and again,  
the rising of the sun.

Candice Gan

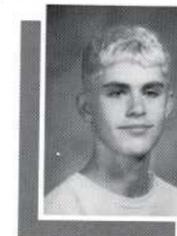

### THE ELDERS (THOSE WHO DON'T)

The elders think I don't  
care, think I want too  
little. Assumptions made  
about me are all too often  
made quickly, and in the  
same way, wrong. When  
they make up their mind  
about who I am, to them,  
that's who I stay.

"He is a slacker", they say  
in tones of pity and  
disgust, not exploring the  
world in which I live in  
each and everyday. Curio-  
sity, loneliness, and  
regret of not being able to  
please.

Someday I will sit in that  
tiny cubical the elders call  
normality. But for now, I  
will stay an "irresponsible  
kid" for as long as I can,  
and keep standing in my  
world of neverending  
possibilities.

Jacob Price

### SO LITTLE

If my life were a book  
How would I name it?  
How can you give a title  
To something that means  
so much  
And so little?

Gina Salerno

Potty training to training wheels  
Preschool to Elementary School  
Oh how fast are the years,  
Now it's Junior High to High School.

It used to be parents behind the wheel  
But now it became permit to driver's license  
Now the teenager is behind the steering wheel  
With not much experience.

It seemed as though it would take an eternity  
To get to the last 4 years  
After you hit puberty  
With all your friends and peers.

We love to have fun  
And go to dances, proms  
But we have to be home before dawn  
Even though we think we're bomb.

Sometimes we dread school work  
But we want a passing grade  
So we do the homework  
While the house sounds like a parade

Take these last 4 years that we have left  
Cause it's just the beginning  
Of a new journey ahead

This is a precious moment  
So take it one second at a time  
Because money can't buy it  
And it only comes once in a lifetime

It's a one time teenage life, not a toy  
There will be alot of beautiful memories  
That will bring us tears of joy

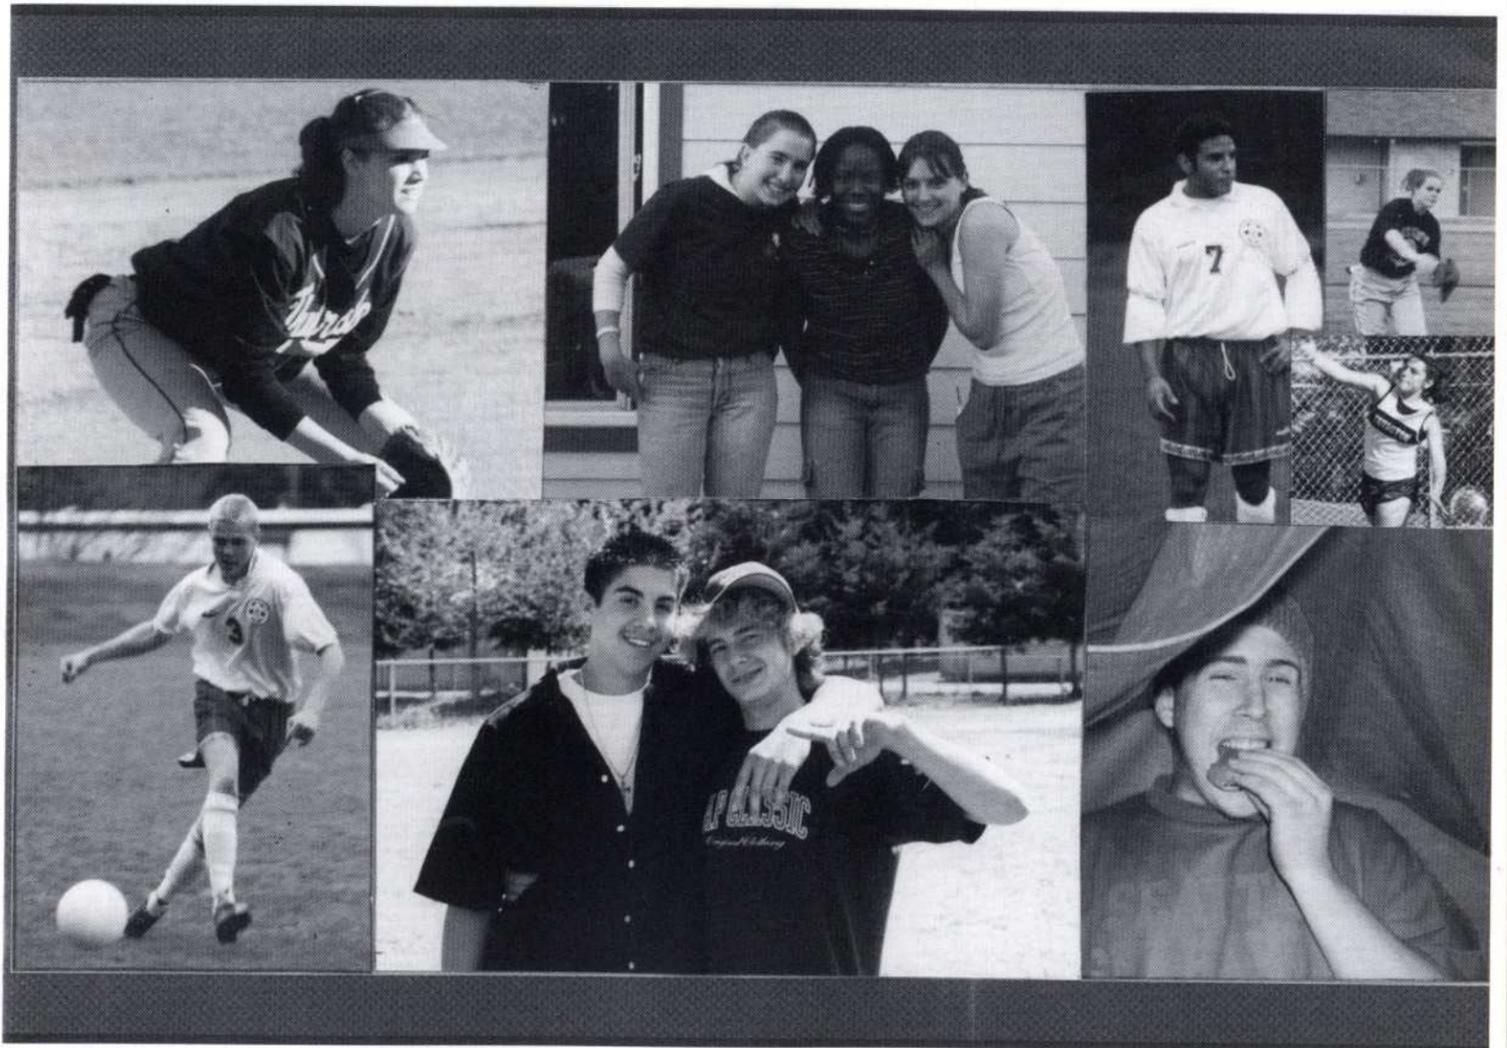

So always remember seniors  
The good and bad times  
But especially the times we had fun  
Cause we're the class of 2001

## Lady Ram's Fastpitch

The Lady Rams fastpitch team started off with a bang, winning the first two games. They continued to stand their ground throughout the season. Even though they didn't make it to state, they still had an awesome year. With seniors Katy Hursey, Kelsey Giffin, Heidi Hendershot, Meri Kirkwood, Pamela Meek, and Shay Sullivan, the team had quite a bit of experience. Returning under classmen Stephanie Lemon, Jennifer Deyette, Heather Gronewald, and Carly Wimer contributed their unique and dynamic skills. The J.V. team started out as a big team, but this didn't effect the girls' time on the field. Jessica George and Alyssa Williams were soon promoted to varsity. Their remaining games were a struggle; but they managed to endure. As the season ended there were a lot of injuries, which prompted the school to adopt and use helmets with face protectors. Here is a little advice from departing varsity players Kelsey Giffin and Heidi Hendershot, "Play hard and play like there is no tommorow."

**North Thurston's boys' soccer teams are phenomenal! C team and J.V. both held undefeated titles. The Varsity Rams had a little trouble in the beginning of the season, losing twice, to Shelton and Timberline. But afterwards, they began a winning streak including the conquest of undefeated Shelton 3-0 and then crushing Timberline with vengeance. This comeback can be attributed to the boys really pulling together as a team; their awesome talent didn't hurt either. C team was lead by Coach Ramsey, J.V. by Coach "C", while Varsity was lead by Coach Steve Dubosz and captains Evan Knudson and Robert Gaudins. One great addition to the Varsity team was German foreign exchange student Arick Trettel, who had numerous goals throughout the season and was a really positive member of the team. Outstanding plays have been made by both of the captains, Lee Cohen, Kellen Manke, Alberto Flores, Issiah Herrera, Josh Comstock, Ben Barrett, Abdullah Ly, and Patrick Lavalla. Thanks to the fans for their continuous support of the teams this season!**

Especially all of the soccer moms.

To: Tim Grubbs, Don't keep your face like that too long or it'll get stuck that way!

To: Ben Barrett, Don't you know that you're not supposed to clap for the other team?

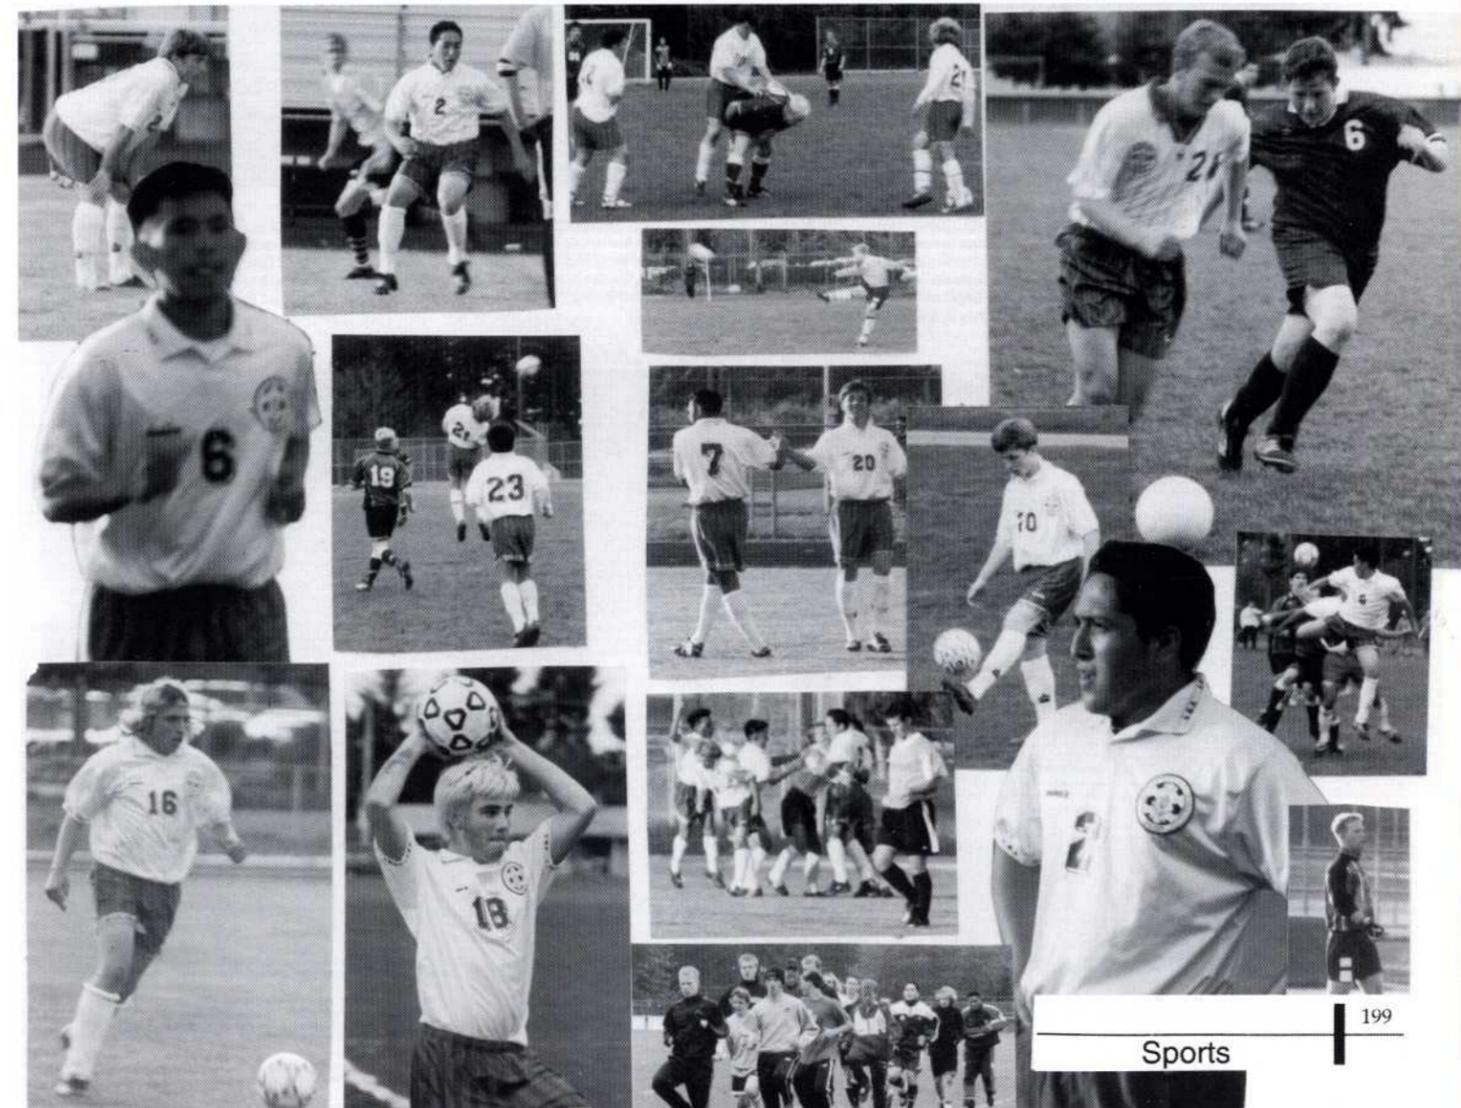

To: Josh Eagen, Jumping for joy is okay, but that's a little extreme.

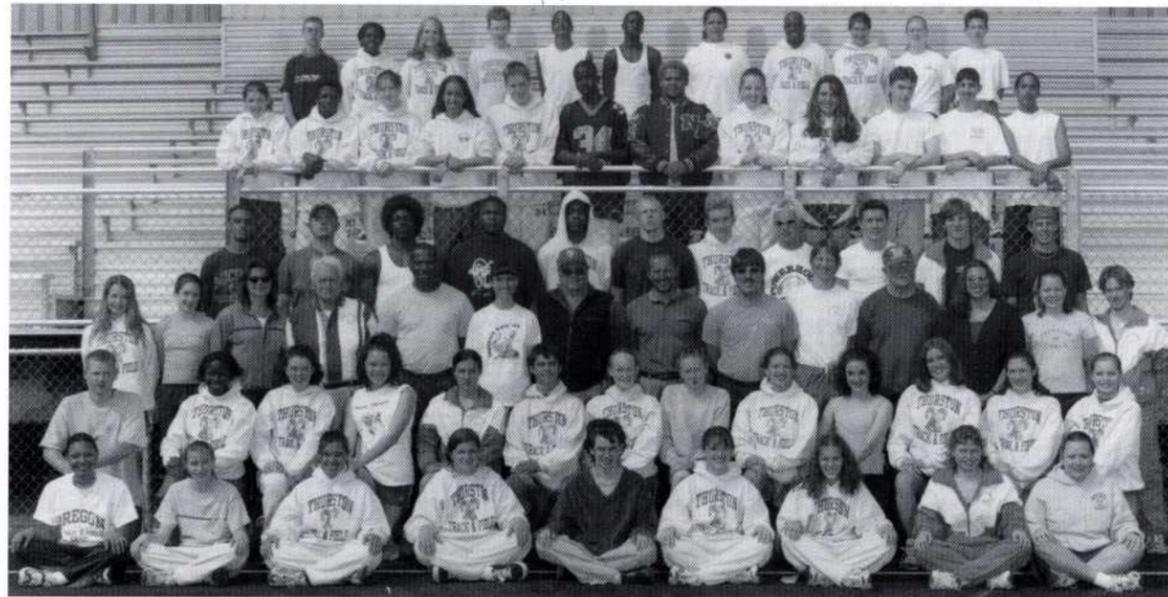

To: Robert Gaudins, You shouldn't look so disappointed, you guys won that game anyway!

To: Bill Deringer, Pay more attention to the ball and not the girl on the side lines!

Track is one of the more demanding sports here at NTHS. In track, the athlete must be strong, agile, and fast. But unlike many other sports, the athlete is often alone when facing an opponent. This year we had a dedicated track team with many new members. We hope they will lead us to victory, now and in the future.

The boy's golf team put all their effort into every game they played throughout the season. They even had the chance to win the league championship. Overall, the team had an exceptional season. "We had a really fun year. We look forward to having a great team next fall with one of our best players, Jeff Olsen," said Eddie Smith.

*Oklahoma*, set around the turn of the century is a story about the namesake territory, prior to statehood. Musicals are tricky, especially at high schools due to many first time performers, large casts and the collaboration of both musical and acting directors. North Thurston's production ran relatively smoothly, maintaining a general harmony. The play centers on the romance of Laurey and Curly and how they overcome their reluctance to admit the feelings they have. Add a jealous suitor of Laurey's, many subplots, as well as song and dance and you have an exuberant romp set to music everyone can enjoy.

# Lakefair 2001

This year's Lakefair competition was especially fierce. Jillian Andrews, Jackie Diercks, Meri Kirkwood, and Patty Thurman were all considered excellent candidates and representatives for North Thurston. All four candidates were beyond qualified for the position, making a decision hard for the judges, but Jackie Diercks won the title.

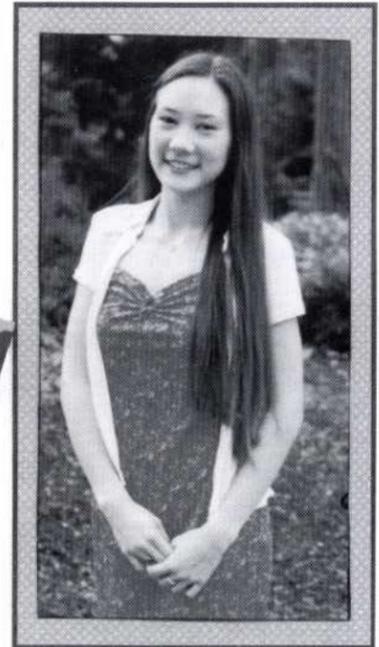

In order to win the crown for Lakefair Queen, she will compete with 10 other girls, who will be judged on speeches and interviews. If she wins, she'll be the first queen from North Thurston in 23 years. No matter the outcome, Jackie will go on to participate in 25 parades and give about 13 speeches for local community service clubs.

The theme for Lakefair is "Bayou Blues" and the celebration will be from July 18-22. Be sure to stop by and show your support. Good Luck Jackie!

-Libby Widhalm, 11

All the students pose for a picture during the tea ceremony class.

Here some of the North Thurston band students learn to make sushi.

This year over spring break, sixty students from the NTHS band went to Yashiro, Japan where they played in a concert with band students from Yashiro Senior High School. Each student was required to pay about \$1350, which they raised through two years of fundraising; along with some help from parents. Band members have prepared all year, attending monthly meetings on Japanese customs, passports, and fundraising. After North Thurston students met the Yashiro students, there were clear differences between the two cultures and their school systems. The highlight of the trip was the big concert. According to Ms. Citreim, "One of the best parts of the trip was taking a class about making sushi and the tea ceremony." Going to Japan was a great experience for the students and was well worth the time and effort.

We wanted to recognize all the hard work that students put into projects in various classes. Art classes aren't the only place where projects happen, academic classes produce projects that reflect creativity and knowledge as well. Our goal for these pages is to complement those who have put an immense amount of effort into their work and show off their outstanding achievement.

# WE QUESTION YOU ANSWER

A HIGHLY SCIENTIFIC SURVEY

Thanks to all those who filled out the survey. Because of your cooperation we were able to gather all the unique answers to compile these need to know percentages.

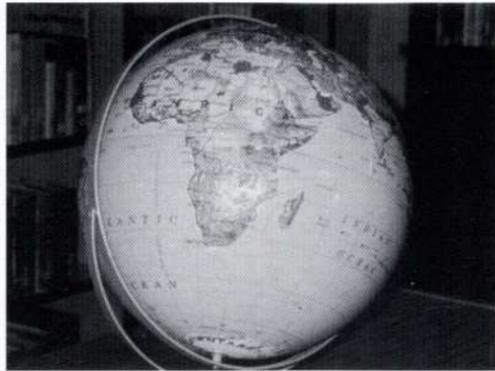

**P.D.A.-What did you say?**  
 First off, for those of you who don't know, it stands for Public Display of Affection. It consists of any bodily contact between a couple. For many of us it bothers us to the point where we feel like spewing. Others, think it's cute. But the majority of you at think there should be limits to what couples can do. **87%**

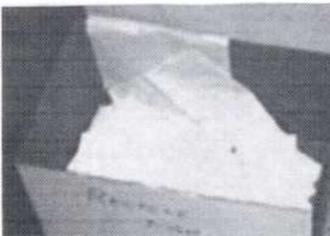

**20%** of you watch at least 3-5 hours of television in a week.

**Starting the Day the Right Way**  
 I can't stress the value of breakfast enough. It's the most important meal of the day. It improves school attendance and possibly performance. Most of you eat something in the morning but only sometimes. Here are some quick treats: a piece of fruit, hard-boiled egg, bowl of cereal, and a slice or two of whole grain toast.

**Bored??**  
 What do you do after school? Maybe go to work, participate in sports or activities, or maybe just take 20 minutes of your time to find the remote to turn on that colored box called the television set. To recover from boredom, watching the tube is the next best thing.

**Did you read the Question?**  
**Q: Have you ever been to a different country?**  
**A: Germany, Denmark, Southern Texas (trust me)**  
**A: Canada, Florida, Oregon (We asked for country)**  
**Good Answer!!!**  
**Q: How do you feel about P.D.A.?**  
**A: Envious.**  
**A: I hate it unless it's me.**

# SENIORS NOW

Most Changed

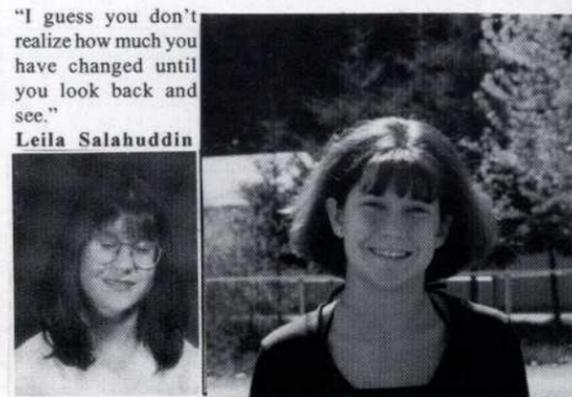

"My senior year probably changed me the most. Now I am more open minded and independent."  
Maura Stockton

As freshmen go through their high school year, they expect themselves and others to change. When you look around your senior year you notice that you don't recognize some of the people that you knew as a freshman.

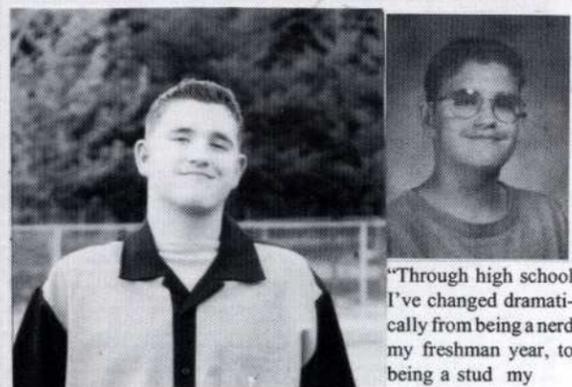

"Ya'll know me, still the same ol' Lee."

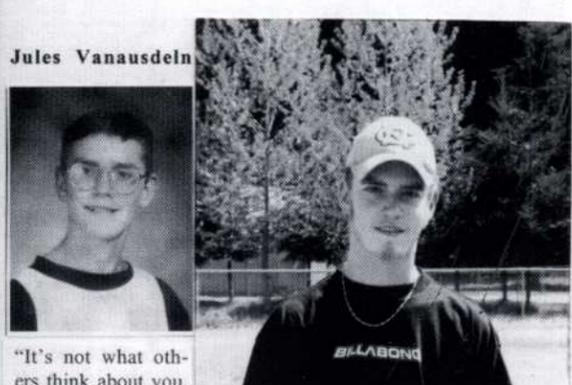

Lee Cohen

"I guess you don't realize how much you have changed until you look back and see."  
Leila Salahuddin

Jeun-Luc Bryant

Jules Vanausdela

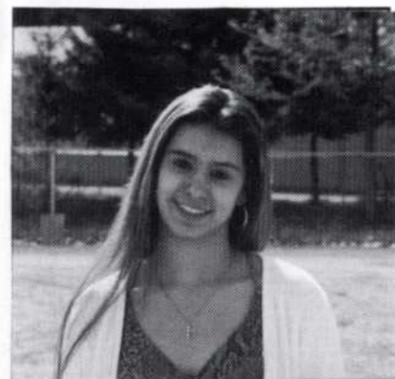

"It's not what others think about you, it's what you think about yourself."

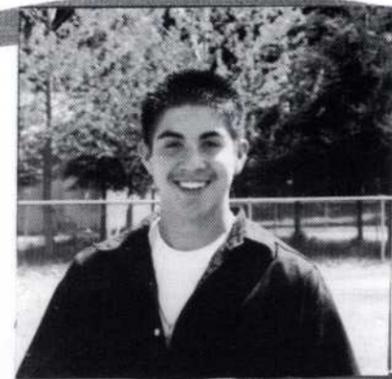

"My high school years have changed me a lot. I came to realize that I have changed for the better."

# AND THEN

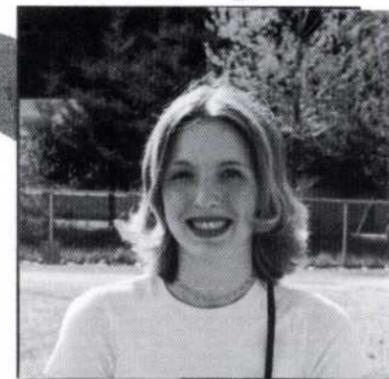

Least Changed

"I like who I am, and I don't think I need to change for anyone or any reason."  
Karina Smith

"I thought once that I matured throughout my high school years but people that know me see that I have not matured much."  
Adam Miranda

"Kara Morgan is the least changed person I know because she is still the biggest sweetheart and the same helpful person she has been since the days at Southbay!"  
Laura Libby

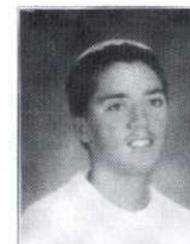

Most of us change throughout our high school years, but some of us seem to just stay the same. You could pick them out of a crowd and recognize them even after four years.

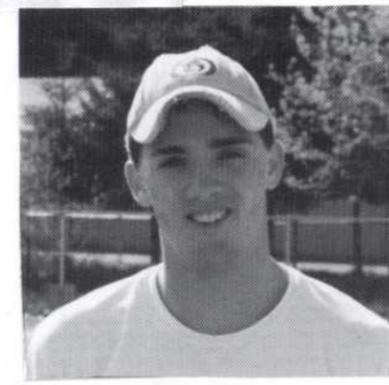

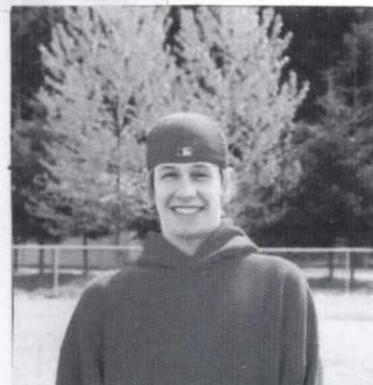

"I still sport the Dickies."  
Ian Clark

"I swear her name has been Grace for the last four years!"
