

Dedicated To
The Artists

* **STUDENT ART** *
* **AT NORTH THURSTON** *

North Thurston High School would like to recognize artists of diverse talents and skills in this year's annual. We know that each student puts forth much time and effort and often goes without recognition. These individuals come from a variety of venues such as music, theatre, drawing, sculpture, auto shop, photography, and graphic arts. This year we dedicate the yearbook to all of these artists and wish to give them credit for their work, personal dedication, creativity, and their influence of beauty on the world. Artists are important because they provide us with such wonderful images. Our lives would be poor and dull without their efforts and influence on our lives. Thank you all for submitting your art to the yearbook in all of its forms. We salute you.

Ram Life

Money, we all want it, but don't all have it. For those of us who don't have the benefit of being rich we have to go out and get a job. Yeah, we all wish we could work at Microsoft making twenty dollars an hour, but that's not the reality. Usually, people end up working at fast-food places like Burger King or McDonalds, or at small independent businesses making close to minimum wage. Nobody really cares though, because money is money, and as long as you're not paying for rent and your own food, you should have enough to go out and buy some new gear, or a new system for your car. Another advantage of working is that it gives students a taste of what life will be like after high school, when they have to work for a living.

Maria Tabulina looks like an expert on shoes at her job a Foot Locker.

Eric Torstenson is tossing pizzas at Brewery City. Look at the skill.

BODY ART

You can see many different forms of art when you walk around NTHS, aside from the normal poetry, drawings, and photographs. Many students at NTHS have body art. Body art is not a new idea. Tattoos have been around for years, yet many of the piercing you see around NTHS is unique. One of the more popular piercing is the tongue. Many people also have tattoos that can never be duplicated. Body art is becoming more and more popular.

The tongue is one of the most popular piercings at NTHS.

This is a beautiful portrait of a dragon.

Roses are always nice wherever you want to put them.

How can you go wrong when you have a compass on your ankle?

You can also do your own piercings with common pins.

PERFORMING
Arts

Performing Arts at NTHS

North Thurston's excellence in performing arts was continued in the 1998-99 school year. This established excellence flourished through the hard work of musicians, directors, conductors, and theatrical performers. These individuals passionately contributed to their craft to make this past year one to remember!

North Thurston's Choirs, Bands, and Orchestras displayed their superior level of musical performance by competing in district competitions, sending eleven talented students to the renowned All-State and All-Northwest programs, and staging numerous high quality concerts. In addition the Pep Band enhanced our school spirit, The Jazz Choir serenaded us at assemblies, and the Jazz Band provided us with music before school. The North Thurston Drama Department had an equally successful year. The fall and winter productions of The Crucible and The Diary of Anne Frank were both intense dramas with dynamic actors and brilliant technical detailing. In the spring, acting, singing and instruments were fused into Cinderella, North Thurston's second musical in 25 years.

Overall, performing artists did not only continue the tradition of excellence this year, amazed us all by raising the standards even higher!

ENGLISH AS A

S E C O N D L A N G U A G E

Students hard at work in Mrs. Edwards classroom.

Cheerful Mrs. Edwards hard at work teaching English to students speaking a variety of languages including Spanish, German, French, Korean, and many others

Joy, Jinah, Seung, and Kyung enjoy each other in a classroom where most students speak English as their first language.

Students helping other students as well as teacher assistance is emphasized.

English as a second language (ESL) is just that, English is not the first language that a student knows. The E.S.L. program allows students to have special teachers that understand many languages and allows the students to be with others in English speaking classrooms, as well as classes when English isn't spoken as often. Margaret Edwards and Julia Collins facilitate the program.

Mr. and Mrs. Jepmond, Antti's first host family.

Our exchange students enrich our school and classroom, helping students learn about other nations, cultures, and languages through friendship with these outstanding young people. It all adds up to international understanding, one friendship at a time. We are proud to congratulate the host families for their participation in the exchange program, and we look forward to visits from many other exchange students in the future.

VOLLEYBALL

The North Thurston Volleyball team had a good season. The team was lead by Captain Mieka Kiekhaefer. Mieka had an excellent season leading the team to big wins over Narrows League foes. The team traveled to Wenatchee for a tournament where they took second. The girls earned a trip to league Play-offs at Bellarmine where they took fourth, then finished their season at districts. The team had a great season despite lackluster coaching.

This year the girls swim team had a winning season for the first time in a few years. The 200 freestyle relay team consisting of Amanda Egolf, Jane Bowman, Lauren Prouty, and Brittany Herrington broke the school record. Brittany was also the only swimmer to qualify for state as a freshman. She took 5th place overall in the 500 freestyle. The Rams were lead by their captains Marie Ratcliff and Jane Bowman.

With just a little over 10 swimmers and 1 diver on the team, the North Thurston Swim Team had a successful season both team wide and individually. Members of the team qualified for state and districts, and some even broke school records. Thanks to the coach Casey Alex and to the leadership of Troy and Zach the team had a great season and a lot of fun.

BOYS BASKETBALL

This year's Boy's Basketball team had a good season. The team had a lot of talent. They were led by senior captains Mike Conners and Donny Woods. They got mental strength and stamina from veteran star Keyandre Belay. Despite a great start on the season (7-3) the Rams were shunned from the Narrows league play-offs by power house South Kitsap in the final game of the season. The Rams are looking toward the future with seven returning varsity members, along with a promising J.V. squad. This was NorthThurston's last year in the Narrows League division. With their returning talent they should fare well in the new 3-A Lacey league.

WRESTLING

The Wrestling team held it's own this year against tough odds, not the least of which was a young, relatively inexperienced team. Senior Captain Andres Gore said, "We are just as respectable as we've always been, we all work very hard and I'm proud to be a part of such a hard working team" The team lead by Kyle "The Tank" Kenney, Alex Little, and Jeff Skewis. Coach Mike Pine put together a great coaching staff and worked hard all year to help the inexperienced Rams.

SPIRIT...LET'S HEAR IT

Most people probably don't realize that being a cheerleader takes a lot of work, there's more to it than jumping around in the rain at football games and stomping their feet on the gym during basketball games. It is hard work and these ladies know what pride and dedication it takes to be out there on the floor.

Their spirit lifted us all and without them at our games and pep assemblies could never be the same. Our dance team has also helped entertain us at these events. Each year it seems their routines get more creative and exciting.

Senior Jenny, Junior Nikki, and Senior Kaitlin enjoy a quiet game at cheer camp.

Posing for a nice group picture at our disco dance this year, cheerleaders are always willing to support our school.

Cheer staff:

Jennie Foglia, Angie Fellows, Colette Wilson, Tamika Holmes, Melissa Hoepner, Katie Koval, Kaitlin Schwab, Nikki Vogliardo, Jillian Andrews, Brooke Scheuermann, Stephanie Lock, Mischelle Ashley, Rachael Birge, Jenny Sborov, Sarah Getchman, Kim Fierst, Julie Moore, Brittany Winders, Marinda Ourng, Steffany Shenkel.

Baby Spice, otherwise known as Julie, was spotted at cheer camp this year.

Dance Team Maghan Bonfield, Belinda Winders, Sara Harvard, Coach Krista Swenson, Kelsie Patillo, Summer Dobson, Andrea Boysen

Although these ladies are exhausted from a practice, they still have plenty of energy to smile!

Doug and Jared got the spirit! How do you show yours?

Disco may have travelled far from the radio stations but it lives in our hearts.

Even during long practices their energy glows. It's not just for the shows!

Students from Mrs. Nagel's "Working with Children" class were the teacher for the day at Pleasant Glade. They play games together and read out-loud to develop their skills. For two days the students swam with two different kindergarten classes to take a break from working hard to learn new skills. Danny Peters says, "'Working with Children' was a fun and great experience."

Keyandre, son, on your journey through life, will you face and overcome many challenges, obstacles, fears and goals. Always remember that, challenges are to make you wiser, obstacles are to go over, under and around; Fears are to overcome, and goals are to attain. Negative experiences can be made positive depending on your perception, behavior, and attitude. You are in control of your perception, behavior, and attitude. Not your environment, not your peers; Your decisions are yours to reap the benefits from, whether good or bad. Keep your positive thoughts, which will continue to lead you to sound judgements and success in your life and career. "Sunshine, looks like you've made it. Keep your head up and stay the course."

THE GIFT

It was a warm summer day when God placed it in her hands. She trembled with emotion as she saw how fragile it appeared. This was a very special gift that God was entrusting to her. A gift that would one day belong to the world. Until then, He instructed her, she was to be its guardian and protector. The woman said she understood and reverently took it home, determined to live up to the faith that God had placed in her.

At first she barely let it out of her sight, protecting it from anything she perceived to be harmful to its well-being; watching with fear in her heart when it was exposed to the environment outside of the sheltered cocoon she had formed around it. But the woman began to realize that she could not shelter it forever. It needed to learn to survive the harsh elements in order to grow strong. So with gentle care she gave it more space to grow enough to allow it to expand into its own unique shape but not so much for it to grow wild and untamed.

Sometimes she would lie in bed at night, feelings of inadequacy overwhelming her...

...She wondered if she was capable of handling the awesome responsibility placed on her. Then she would hear the quiet whisper of God reassuring her that He knew she was doing her best. And she would fall asleep feeling comforted.

The woman grew more at ease with her responsibility as the years passed. The gift had enriched her life in so many ways by its very presence that she could no longer remember what her life had been like before receiving it, nor imagine what life would be like without it. She had all but forgotten her agreement with God.

One day she became aware of how much the gift had changed. It no longer had a look of vulnerability about it. Now it seemed to glow with strength and steadiness, almost as if it were developing a power within. Month after month she watched as it became stronger and more powerful, and the woman remembered her promise. She knew deep within her heart that her time with the gift was nearing an end.

The inevitable day arrived when God came to take the gift and present it to the world. The woman felt a deep sadness, for she would miss its constant presence in her life...

...With heartfelt gratitude, she thanked God for allowing her the privilege of watching over the precious gift for so many years. Straightening her shoulders, she stood proud, knowing that it was, indeed, a very special gift. One that would add to the beauty and essence of the world around it. And the mother let her child go.

MEE-NA,
I AM SO PROUD OF THE WOMAN YOU HAVE BECOME.
GO OUT AND MAKE A POSITIVE DIFFERENCE IN THE WORLD!
I LOVE YOU,

MOM

There is, on the central coast of California, a tiny little heaven, where beautiful flaxen rolling hills, meet with the deep blue Pacific Ocean, and a peaceful feeling envelopes the wind blowing through the Eucalyptus trees. And when the doctor said, "You have a little girl," and I gazed down into your deep blue eyes, and waves of golden hair, I felt a peace so wonderful, it filled my heart with joy. And I named you Cambria. . . Yesterday's a memory, tomorrows a mystery, today is a gift. That's why they call it the present. Oh, what a wonderful gift you are to us!!

Your Family

Matthew Tabalno,

When you were a child, we used to sing: "You are my sunshine, my only sunshine, You make us happy when skies are gray...." You have kept us smiling for years and you are a blessing to us. We know you will do well in anything you decide to do. Keep the following in mind--

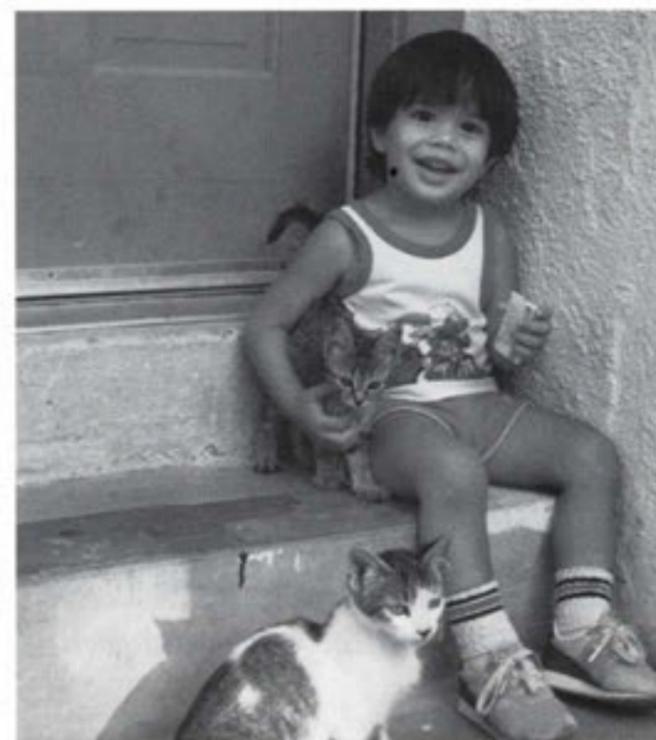

"Be grateful for each new day. A new day that you have never lived before. Twenty-four new, fresh, unexplored hours to use usefully and profitably. We can squander, neglect or use it. Life will be richer or poorer by the way we use today."

"Finish every day and be done with it. You have done what you could; some blunders and absurdities crept in; forget them as soon as you can. Tomorrow is a new day. You shall begin it well and serenely and with too high a spirit to be encumbered with your old nonsense."

LIFE ON THE EDGE OF TIME

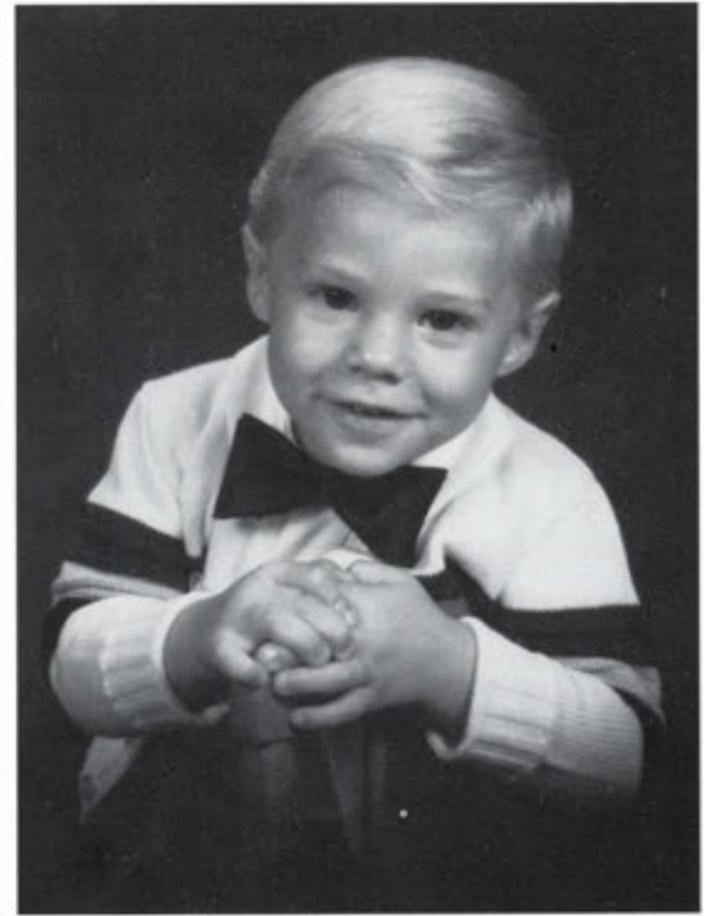

CELEBRATING A WONDERFUL SON

We, the parents of Bryce DeMoss, want to take this opportunity to express our love for and pleasure at being a part of Bryce's unique life and growth as he developed his own ideas and personality. It has not always been easy but it has always been exciting and challenging. The end result is a young man with great integrity, a compassionate heart, a good sense of humor, and an unquenchable desire to learn and experience all that life has to offer. When he began to read at age four, we knew he'd become someone special. He had questions about everything and the answers had to be straight, concise, and complete or they were not acceptable to him. Growing up around our friends in various engineering fields (space technology, aerodynamics, hydroponics, etc) only heightened his desire to know more, and more. And he learned well; never ever forgetting even the smallest detail! Being home schooled he was able to learn and progress well beyond his years. He is a case study in computers and their use. He is fearless in his approach to them and their usefulness under his control. He has a real hunger to learn more about the things that catch his eye and it is awesome watching him pursue that knowledge.

We want you to know how much we love him and appreciate him and recognize the potential in him. We want you to know this and hope that you recognize some of these qualities in him, too. We are very pleased to wish him well in whatever endeavor he decides to pursue as a life goal or profession. We have learned the value and power of prayer and faith on his behalf before the Lord Jesus Christ. We salute you and bless you, our son: Mr. James Bryson DeMoss.

Our love and prayers for now and forever,

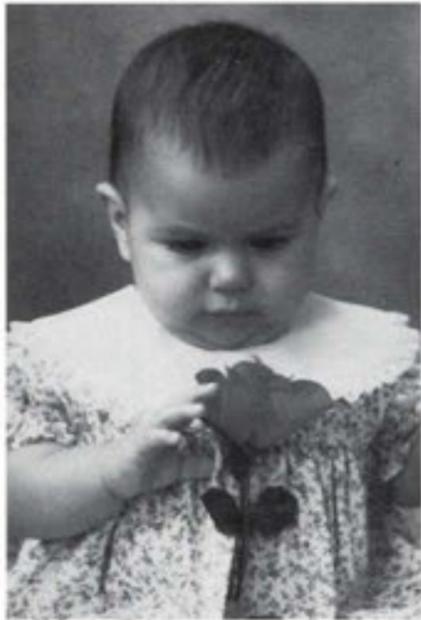

Dad and Mom

Mark,

JENNIE FOGLIA

The flood of emotion that I am feeling almost overcomes me as I attempt the impossible task of telling you how much you mean to me.

Jennie, you embrace everything you do with a passion and vigor that makes you exciting to be around. You possess a wonderful blend of maturity, strength of character, energy, honesty, and enthusiasm. Yet, you never fail to let your kind gentle spirit shine through.

I have been blessed with the joy of watching you grow from a precocious young girl into a lovely young woman. You are just as beautiful on the inside as you are on the outside. I know God has great plans for you.

(JENNIE, I LOVE YOU.....ABOUT THIS MUCH!)

Hey Bubser!

It has sure been fun watching you grow and change in this first 18 years! You'll light up your corner of the world the way you've lighted up our lives. And wherever your corner of the world turns out to be next year, you can count on us to be in the stands cheering for you! Pretty cool to have a son who we not only love and are proud of, but who we really like to have around!

Lots of Love,
Mom and Dad

Congratulations Angela!

It's always meant so much to have a wonderful daughter like you. A daughter to love, enjoy, respect, and feel so proud of too. That's why these special wishes for the things you've been dreaming of are filled with joy, with warmth, and pride, but most of all with love.

Love,
Mom and Dad

Kalun,
Congratulations!
Today is your day.
You're off to Great Places!
You're off and away!
You have brains in your head,
you have feet in your shoes
You can steer yourself and
the direction you choose.
You're on your own. And you
know what you know.
And YOU are the one who'll decide
where to go.
You'll get mixed up, of course,
as you already know.
You'll get mixed up with many strange
birds as you go. So be sure when you
step. Step with care and great tact and
remember that life's a
Great Balancing Act.
Just never forget to be dexterous and
deft.
And never mix up your right foot with
your left.
And will you succeed?
Yes! you will, indeed!
(98 and 3/4 percent guaranteed.)
We love you,
Mom, Dad, and Brian

Rick,

Here we are already. The big moment has finally come! We can't turn back the clock, so we look to the future. Your future! Make it the best ... full of wonderful places, people and adventures. Remember who you are and how proud of you we are. Keep your sense of direction and purpose. Remember all the fun times we've had as a family. You made it special with your great sense of humor! You've always stood head and shoulders above the rest ... So now Rick, It's your turn to go out into the big world and make it your own. We know you'll find success in all that you do.

Love,
Dad, Mom, and Leslie

Kimberly,

It doesn't seem that long ago, that you were just a scared, but also excited, pigtailed, little girl, anxiously awaiting to start your first day of school. Now, in what seems like just a blink of an eye, you are a senior, getting ready to graduate, and probably still scared, but excited as you near the end of your last days school.

Words can't express the love and pride we've had in you as we watched you grow from that pigtailed, little girl, into a beautiful, young woman. You have an inner beauty Kim, that very few others have. Never lose it, as it will always be one of your greatest assets in your life. Thank you for being such a wonderful daughter.

We are very proud of you and love you very much!
Mom and Dad

Ryan,

When you were a baby, we knew you were special and we set goals for you! Now you have grown into a very special person, with your own values and you set your own goals, which are achievable. We are so very proud of you. We want you to know we support you in everything you do. You are a leader to be respected. We applaud your accomplishments.

We believe in you now and we will believe in your future! We love you for who you are! As you go into this world, pass your positive influence around to others, make a difference,
LIVE YOUR DREAM!

Love, Mom and Dad

"Onward and upward, John!"

Much love and laughter,
Mom, Dad, and Tony

“Some people say it is just a game
But is it
is it only a game...
When you would give up anything
just to play
When a simple hit can make your day
or a tiny error can break your heart
When all that is on your mind is the
next play
When it is one of the most important
things in your life
When playing means more to you than
pulled muscles or broken bones
When a simple game can control
all of your emotions
When you give each second everything
you have
When your team is your family
When you just can't stop playing
Maybe to some of us it is only a game
But to me it must be more
Maybe a feeling or a desire
But definitely a way of life.”

THURSTON BASEBALL

1 9 9 9

OUR VARSITY BASEBALL TEAM HAS HAD A TERRIFIC SEASON THIS 1999 SCHOOL YEAR! THEIR LONG PRACTICES AND THEIR HARDWORK HAVE DEFINITELY PAID OFF! CONSIDERING THE POOR WEATHER WE'VE HAD THIS SPRING, THEIR SUCCESS HAS BEEN WELL DESERVED, LOSING ONLY TO PRAIRIE, SOUTH KITSAP, AND DEVASTATINGLY - RIVER RIDGE.

ASSISTANT COACH DEAN, ADMITS THAT COACHING THIS YEAR HAS BEEN FUN BECAUSE OF THE MANY, "DEDICATED PLAYERS WHO CARE ABOUT THE GAME AND REPRESENT THEMSELVES WELL." THE CONSISTENCY OF TALENT AMONG THE TEAM HAS EARNED THEM THE GREAT SUCCESS THEY'VE ACCIEVED AND WITH MOST OF THE TEAM BEING SENIORS, A WHOLE NEW TEAM OF BRIGHT AND SHINING FACES WILL RETURN NEXT YEAR WITH LOTS OF PROMISE FOR, IF NOT JUST AS GOOD, A BETTER SEASON. KEEP IT UP RAMS!

1999 NORTH THURSTON TRACK AND FIELD

Going Deeper Longer Harder

1999 NORTH THURSTON HIGH SCHOOL TRACK AND FIELD

The North Thurston track team had a very successful year. The team has great hopes for the post season and are hoping to have many athletes traveling to state. The team captains this year are: Leslie Erickson and Lauren Prouty for the girls and Mike Morrison and Jon Mentzer for the boys. Leslie Erickson and Michael Morrison finished up the season ranked high in state and in the nation. The girls head to state with high hopes in Leslie Erickson in the javelin, discus, shot put. Tarell Morrison was strong in the 100 and 300 hurdles. The boys hope's lie on Mike Morrison in the 110 and 300 hurdles. Sean Longueria in the javelin, and Ryan Giffin in the shot put. The track team would like to thank first year coach Brent Warner for his tireless efforts in keeping our team together.

This year's play Cinderella was a big hit. Over a thousand people came to see this production directed by Katherine Deneen, the guiding force for the NTHS Drama Department.

Darren Johnson, NTHS band director, directed the pit crew comprised of both band and orchestra members. These individuals are to be applauded for their volunteer efforts in supporting this musical production.

Without the added help of Randy Poff, NTHS choir director, and the talented singers, Rogers and Hammersteins *Cinderella* would have not been such a big hit. The dedication of the students and staff make productions like *Cinderella*, an event to remember.

Knowledge Bowl

The Knowledge Bowl team, at North Thurston, is ranked as one of the highest teams in the local area, and the students should be recognized for their special talents. Knowledge Bowl is much like playing a game of Jeopardy.

In February, the NTHS Knowledge Bowl team ranked third in the regional competition, where they competed against students from Yelm all the way to Aberdeen. This led us to the state meet, held in Leavenworth, where team members John Huetter, Laura Bartholomew, Robert Pyon, Emmalee Deming, and captain James Pate placed very high!

NTHS is proud of their academic teams as well as their athletic teams, and coaches like Marianne Larson who support the students in this competition!
