How would you describe North Thurston? Our theme this year, "More Than Words Can Say," says a lot about how we feel. As a whole, we feel that to really get a good sense about our school, you have to experience it. It's MORE than our highly ranked sports teams. It's MORE than a well diverse environment. It's MORE than our strong academic nature. It's MORE than our leadership skills. It's MORE than anyone can explain. It's "More Than Words Can Say"!!!

Yearbook Dedication Recipient Mrs. Dittrich works hard everyday as the North Thurston Activities Coordinator.

More Than Her Share

This year's annual staff would like to dedicate the yearbook to Mrs. Barbara Dittrich. She is the Activities Coordinator for North Thurston High School and also teaches for the English and Social Studies Departments. Mrs. Dittrich has been teaching here at North Thurston for 26 years and has taught many of the teachers here now. Mrs. Dittrich graduated from Pacific Lutheran University with a bachelor's degree in history and a master's in social sciences. She was voted "Teacher Of The Year" in 1984.

She is married to Mr. Richard Dittrich and they have one daughter, named Jennifer, who is currently attending Washington State University.

Mrs. Dittrich was a big help to the staff throughout the summer when there was confusion about who the new annual advisor would be. She helped us through the process of organizing the pre-registration sales in August.

Thank you, Mrs. Dittrich, for all your help. In our eyes you will always be "Teacher Of The Year!"

1995 Seattle Mariners

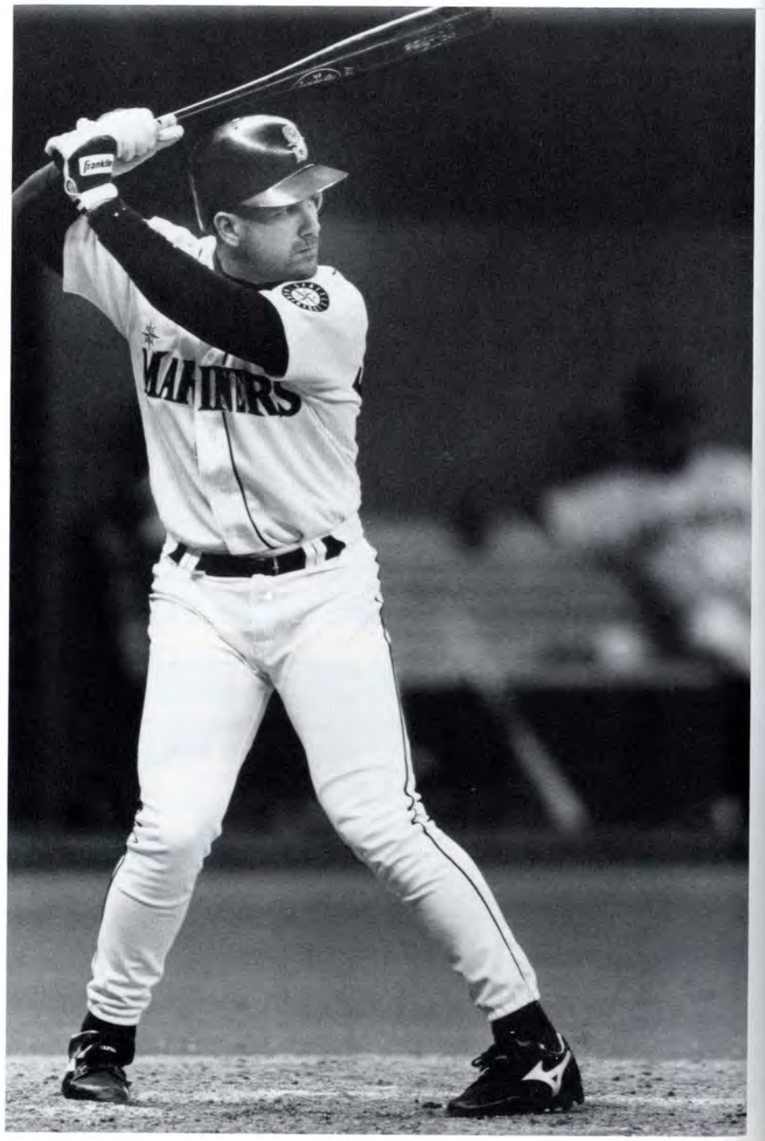

The 1995 Seattle Mariners season had many ups and downs. It was like riding a huge roller coaster. The year started off well as the Mariners led the American League West for most of the first month of the season. Then, on May 26, Seattle's season seemed to have shattered, along with Ken Griffey, Jr.'s left wrist.

As the star centerfielder crashed into the right-centerfield fence, while making a spectacular catch, his hand went between the padding and hit the cement wall which broke his wrist in two places. Griffey later had surgery on his wrist to repair it.

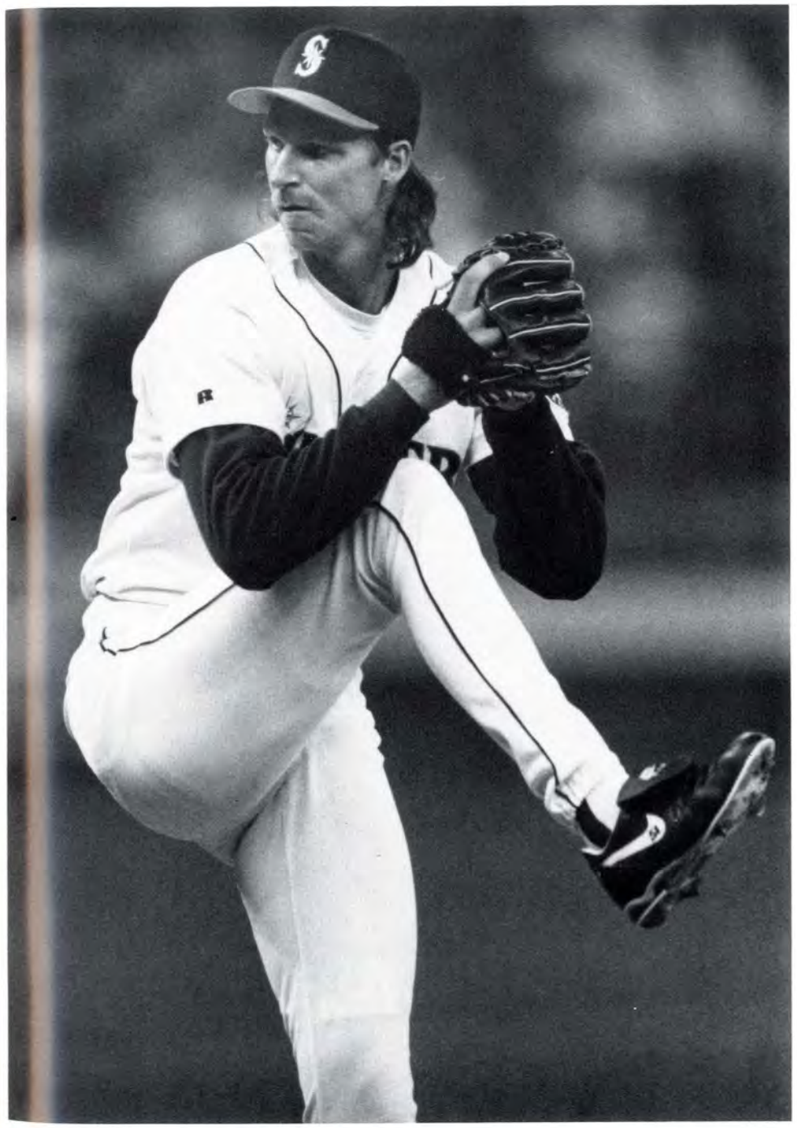

Many people thought that that was the end for the Mariners, that is, except the Mariners themselves. With Junior gone, everyone took it upon themselves to pick up the slack.

Ken Griffey, Jr. missed a total of 73 games. The Mariners did a decent job without him, going 36-37.

By the all-star break, the Mariners hopes of finally winning their division seemed to be out the window. They trailed the division-leading California Angels by 13 games. The year that started with so much hope and promise had been reduced to hoping for a wild card birth in the playoffs.

Right: A.L. Batting Champion Edgar Martinez.

A large group of players, especially Jay Buhner, took offense to people counting the Mariners out of their division. The Mariners decided to do something about it.

In September they got hot and won 20 of 29 games to catch the Angels. Seattle came from behind to win 43 games.

Seattle forced a one game playoff against California in the Kingdome for the division championship. Seattle won 9-1 to give them their first ever A.L. West Championship.

The Mariners moved on to beat the Yankees in an amazing 5 game series in which Seattle trailed 2-0.

Seattle then played the Cleveland Indians for the A.L. Championship. The M's won the first game, but ended up falling to the Tribe, 4 games to 2.

The season is now over, but not forgotten. This was definitely a magic carpet ride. Thanks Mariners!!!

Peter,
For all the things you do,
and all the sports you like,
working on cars and motorcycles,
and your beloved dirt bikes.
I treasure these past 18 years
and I love who you've become.
You have been a joy to raise
and are a very special son.
I love you, Mom

Robyn,
The passing years cannot erase
our memories of your little face...
We see you still, just as you were before - - -
With "ay-yi-byes" and "ducky bea",
Stones in a pond, and "Bobby bites snaky" ...
And we were sure we couldn't love you more.

But then we saw you later on...
As childhood days were almost gone.
And you began to test your wings...
A child at Namakan, then off on Europe flings,
Working and cheering, driving and dating...
And we were sure we couldn't love you more.

Yet, all too soon your childhood's past...
You're graduating now... you've grown up fast
And we see a woman in our child's place...
And so we hold close each memory
And believe in the woman you've come to be...
With love and memories that time cannot erase.

Love always, Mom and Dad

Dear Angela,

Todd DeCoy

Todd passed away in late 1995 after many years of struggling with the disease known as muscular dystrophy. Most people knew him as "the boy with the boombox on his wheel chair," while others knew him because of his sense of humor. Most people however, simply saw him as a very strong willed person who refused to let his disability get the best of him. In 1994 he received a hero award for his outstanding bravery and achievements.

Todd was first put into a wheel chair when he was only ten years old, and over time his muscular disease took effect over most of his body. That did not stop him from excelling in many things, such as working on the computer constantly. Todd took classes at the New Market Vocational Skills Center when he was away from N. Thurston. He took classes in computer graphics art and drafting. He always wanted to be like everyone else. Todd enjoyed music, movies, drawing, trucks, adventure, and most of all, life.

TARDINESS, EXCUSES & AWARDS

Everyone at North Thurson has experienced tardiness, even the teachers. When people are tardy they tend to use the same excuse over and over again. Some examples are: "My bag was stolen," "I couldn't open my locker, because it was jammed," and "I was talking to another teacher in the hall and I didn't get a pass." Those excuses are all common and over used. So, you guys need to become more creative and think of better and more original excuses.

When your teacher is late for class they will probably say, "I was talking to another teacher, sorry" or "Teachers can't just leave their class in the middle of the period to use the restroom, so I went during the break and the line was too long."

Whatever the excuse, everyone is tardy at least once a week, if not a day. And there will always be outrageous excuses for their tardiness.

We asked the following teachers, "What excuses do you usually get from your tardy students?" And here were their responses:

Mrs. Farren: "My bag was stolen" and "I had to stop a fight".

Ms. Reed: "I don't except excuses, so if your tardy your tardy".

Mr. Cole: "Buses were running late", "I slept in","Latte' line was long".

Mr. Karanson: "I couldn't find a clock to see what time it was".

Mrs. Smith: "The drive-thru line was backed up".

Mrs. Moench: "I had to wait in line for the bathroom".

We talked to the following students to find out," What made them tardy for their classes". Here are their responses:

David Jorgenson: "My girlfriend, Dawn and the hallways are too crowded".

Aaron Wasser: "Every sixth of the month I am late for my classes, because it is my time of the month".

Tom Saller: "I make fun of the freshman and lose track of the time, also because I buy pop and there is always a line".

Adam Behrends: "Kevin Maples and I can never focus on the clock because our eyes are always too glazed".

Tammy Jaegar: "My boyfriend and I can't keep our hands off of each other; so we are both late to our classes".

The following student have been nominated by one of their six teachers for the 1st annual TARDY AWARD.

NTHS 1995-1996

Parent/Teacher Conference

In November of 1995, North Thurston tried a new method of parent/teacher conferences. The teachers and staff here at NTHS each had a table in the gym where parents and guardians could meet their child's teacher for all six periods in one day, in one room. Many thought it was a great success while some thought it wasn't. Those thought it was great because they could meet with more teachers in one day. While those who didn't said it was too hard to get a spot with another teacher within a ten minute waiting period. But for the most part it was a good idea and we are considering them for an annual event.

COLLEGES

HARDEST THING ABOUT CHOOSING COLLEGES

UCLA

Stanford

University of Washington

Western Washington University

Centralia Community College

Evergreen State College

WASHINGTON STATE UNIVERSITY

St. Martin's

Notre Dame

South Puget Sound Community College

Central Washington University

Many seniors start to stress out with the all famous questions: "What college are you going to? Where is it located? How much does it cost?" Some might tell you Washington State University, University of Washington, Western Washington Universtiy, or Central Washington University. Or if you are one of the lucky people, you leave Washington and go to UCLA, Stanford, or Norte Dame.

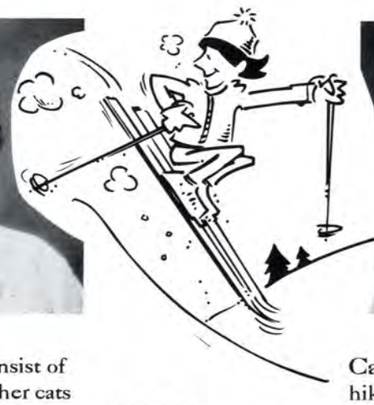

Kristy O'Brien- "The price, the colleges have different requirements, and the location."
Dana Lemke- "Trying to sound good, giving good impressions."
Alex Kinney- "Mostly the paperwork, taking the time to fill out the papers."
Kelli Reed- "Deciding which one to go to, everybody wants me." (HAHA!)
Scott Russell- "Nothing-what's so hard about filling out an application and sending it out."

MORE THAN ABC 123

Most NTHS students probably do not think of their teachers as having very active lives outside of school. In fact, many students may not think they have lives at all. It may be hard to believe, but they are actually very athletic, intelligent, and outgoing. The annual staff received a list of hobbies from some of the teachers. There were comments on how they feel about grading on a curve and students who "run at the mouth."

Ellen Cholski's hobbies consist of reading mysteries, enjoying her cats and chickens, doing needlework, watching wildlife in her yard, and pulling weeds.

Carolyn Friedli's hobbies consist of hiking, climbing, skiing, kayaking, biking, boating, and traveling.

Delores **Moench's** hobbies are reading, working with ceramics, being with her three kids (so she doesn't have much spare time), teaching confirmation at her church, participating in her church choir, and leading a Camp Fire group for girls ages 9-11.

"I believe in goal-setting; I do not grade on a curve.

I'm not sure there is a 'best way' to deal with students who 'run at the mouth.' One technique is to have the class as whole totally ignore the student. Another is to sent him/her out of the so the craved for attention is withheld. There is ALWAYS hope."

Brian Stretch's hobbies are spending time with his wife and two daughters, restoring his '66 SS396 Chevelle, working with vintage and performance cars, and restoring vintage motorcycles - a 1951 Harley Davidson and a 1967 BSA Shooting Star.

"My class is task oriented, but if grading on a curve will help the majority of my students, I will do it.

The best way to handle a student who 'runs at the mouth' is to separate the attitude from the student. Treat the student with respect and stay in control."

RAMPAGE

The 1995-96 Rampage staff worked very hard this year. Each person had a certain story to work on for each paper that was put out. Every reporter was allowed to have a say in what articles he or she wrote.

Being on the Rampage is more than just writing articles for a school paper. A lot more goes into the paper than people think. For papers to be produced, they have to have money. In order to get money, each student has to sell advertisements to local businesses that will appear in the paper.

Another factor that goes into producing the Rampage is the layout of the paper. Everyone has a page that they are responsible for laying out. The layout takes place on the school computers.

The staff had a great year, meeting their deadlines and producing a quality paper for the school to be proud of.

BROADCASTING

Above: The 1995-96 Broadcasting Club with their adviser Ms. Lambert.

Broadcasting Club has grown quite a bit since last year. They work hard to produce North Thurston's own television program. The members of Broadcasting Club do all their own taping, editing, and performing. The programs are then televised on the local cable access channel. This is a highly dedicated group committed to making their television show a success. Their next goal is to start a radio program. What a talented and ambitious group!

DEBATE

MORE THAN JUST TALK

Debate is a class in which people discuss today's current issues, from political and social to moral issues. All of the students in debate work and try hard to persuade others to agree with their point of view. Most people believe that debate means just a free-for-all fighting match, but, in actuality, it is very structured and not nearly as easy as people think.

Each year there is a topic given to all the high schools and colleges throughout the country to debate. This year the national topic of debate was "should U.S. relations with China change?"

A misconception of debate members is that they are just a bunch of serious intellectuals, which is a not completely true. The members this year are fun and energetic people who have great thoughts and ideas, which is all you need to be successful.

ORCHESTRA

Both the symphony and string orchestras had an outstanding year. They played well at contests giving exceptional performances. They also had the privilege of playing in the new auditorium. With the shell in place the sound is much better. Both orchestras traveled to Ellensburg to play at the Festival this year and gave extraordinary performances. Good luck in the future to those who leave, and good luck to those who still have a couple of years to go.

All of the choirs are outstanding this year. The Concert Chorale has given many exquisite concerts and have shown how much heart they put into their music. The Jazz and Girls' Choirs have also done extremely well. They show how much soul, spirit, and love North Thurston has. The color and magnificence of every performance is a true honor to experience. They capture and stun the audience every time. The devoted time and practice shows in every performance. We are very proud of all their hard work and the leadership Mr. Poff has displayed.

BAND

The band has accomplished several goals this year. With their new band director, Mr. Kays, they have been doing a great job, from the high-spirited marching band season to an equally successful parade season in the spring. A highlight for the band this year was a three day trip to Canada for a band festival. The band has enjoyed performing everywhere they go and they are looking forward to next year.

DECA

MORE TO MARKET

Right: DECA members strut their stuff on the catwalk during both lunches for Homecoming.

DECA is a marketing club that participates in many activities. The members take on a great deal of responsibilities such as running the student store and helping in the operation of running One 4 All in the South Sound Mall. DECA, also puts on fashion shows during lunches. All these responsibilities do not prohibit them from having fun. They have many "fun" activities like pizza parties, ice-skating trips, and a gift exchange at Christmas.

Interact is a very large and helpful group. They help out all over the community with many different activities. They are a part of Make A Difference Day, which is where several students get together to help clean up the schools. Another one of their activities include the Yelm Highway Project. This project was designed to help make Yelm Highway look better by trimming trees. These are just some of the things this NTHS club does to improve our community and school. We appreciate all of their activities and hard work.

The drama club has done an excellent job this year putting on great performances for the school. The four plays they did this year, *The Miracle Worker*, *Much Ado About Nothing*, *The Secret Garden*, and *Pinnochio* were all very successful. In the new auditorium the drama club members were able to perform in a very professional setting. The club was the first to put their talent to use in the auditorium. They were full of energy and flamboyance and had a lot of fun. Knowing they were the first was very exciting and they will cherish the memories they have made. Seniors will miss it, and the lower classmen will take what they know and put it to use for an even better year next year. Good Luck to you next year and great job for this year guys!

VOLLEYBALL BUMP, SET, SPIKE

The Ram Volleyball teams all had great seasons. The Varsity team was led by Senior Captains Misty Hollingshead and Jennifer Jewett, who took them to their goal of going to the State Tournament in Spokane. The JV team worked through many conflicts to obtain a sense of team spirit and win many of their matches. The C team struggled to get enough players to complete the team but managed to have fun and learn in the process.

The boys tennis team had their share of victories as well as their share of losses this season, but they are simply warming up for an even better season next year when they take all of the other schools by storm! Good job guys.

The North Thurston High School Basketball program had a wonderful season. The Varsity team was very successful, yet fell just short of post-season play. They were led by Captains Meghan Weston and Crystal Curtis. They were not just the leaders, but friends to all their teammates on all the teams.

The JV and C-Team had a good year filled with learning and fun. With just enough people to fill the teams, each player spent a lot of time on the court and received quite a bit of attention during practices where they worked hard to improve their skills. Overall, they all enjoyed the sport and are looking forward to future years of playing.

This year the North Thurston Men's Varsity Soccer Team went undefeated with a record of 15 wins and no losses and a league record of 13 wins and no losses. They won their division and were named undisputed Narrows League Champions. Having 8 starting seniors bringing in a wealth of experience to the soccer field helped the Rams dominate their opponents. The domination of the Rams was all made possible due to a strong combination of offense and defense that will lead the Rams to the AAA Soccer State Tournament.

This year North Thurston's Wrestling Team went through quite a few changes. With a new coach and a small team they were a force to be reckoned with. Every member gave one hundred and ten percent this season with no "quitters." The coach this year was Craig Wilson. This was his first year as a varsity coach, and only his second year on the coaching staff. With the assistance of Tim Horn, a seasoned wrestler himself, they took a, more or less, unexperienced team and gave them some of the experience that they really needed. They took three wrestlers into regionals and one into state. Scott Russell, the teams lone state competitor finished respectably in seventh place. Coach Wilson will be back next year and he hopes to continue to build the program that he started this year.

The Ram Fish were led for their third year by Coach Eric Strom. With many returning swimmers, such as Eric Bowman, Owen Lingley, AdamBrown and Mike Thorniley, the Rams went on to have an improved winning season from last year. Many swimmers went on to place highly in the district meet. Divers Chris Knudson and Zack Lingley went on to do well in the district meet as well. Way to go Ram Fish!

This year the boys baseball teams have been outstanding. The Varsity did extremely well and the JV and freshmen played hard and played long. There were a few cancellations this season, but we are positive all teams would have played in sun, rain, or hail!!! They were hard working and motivated teams with a positive outlook on each other's playing. We planned on having them win every game. We knew they could do it. We had some great pitchers and catchers and all around strong teams. The outcome would be great whether they lost or won, because no matter what, they are our baseball teams and we love them. So GO THURSTON RAM BASEBALL PLAYERS!!!

May Dance '96

The start of this year's May Dance festivities began with an assembly that provided us with an overview of this school year's spring events. The events ranged from our spring sports to the outstanding play *Much Ado About Nothing.*

The assembly also introduced the May Dance theme to the school of *"Dream into the Night."* Announcement of the May Court was done in a Cinderella-esque fashion. Sharon Flaherty played the princess who went in search of of the May Court names. Once the court names were found, the names were delivered to Ms. Dittrich and Mr. Brennan to announce.

The dance was held in the school's gym and decorated in beautiful pastel colors. The gym was transformed into a land from a fairytale complete with a castle, flowing clouds, funny little mushrooms and a silvery landscape.

Early in the morning on May 7, 1996, North Thurston had the opportunity to participate in Olympic history. The morning started out cloudy with rain, but the clouds soon parted which allowed the sun to appear.

As our band played, students and staff enthusiatically cheered and paid tribute to the 1996 Oympic torch runners. The torch passed through Olympia on its way to the 1996 Summer Olympics in Atlanta, Georgia.

Many felt a strong wave of emotion as the torch passed by. The torch seemed to symbolize more than just sports and the Olympics, it also symbolized hope and unity.

Dear Students, Staff, Faculty and All Others Reading This Yearbook,

On behalf of the staff of the North Thurston High School Yearbook, we would like to thank you for all your support over the past school year. We had quite a bit of slow start at the beginning, but we managed to pull through in the end. The editors would like to give much thanks to Mr. Horn for all his help and experience, Ms. Rowell, who, as a first year annual advisor, put with everybody's complaints and even acted as the "Bad Guy" at times so that the editors didn't have to take the heat, and Mrs. Dittrich, who helped us tremendously during the summer, organizing fall sales because an advisor hadn't been hired.

Our staff was extremely unexperienced this year with only 2 returning staffers, who transferred at the semester. Everybody attended the Fall Fling Yearbook training and became aware of how much goes into making a yearbook. But believe us when we say that we found out the hard way, spending countless nights and weekends in the Graphics Room printing photos, typing articles, correcting pages, eating pizza and getting on each others' nerves. Needless to say, it was a valuable learning experience and we will all walk out of this year with a sense of accomplishment.

The annual editors gather together for a quick photo. Aren't we cute??!!!

We'd also like to thank all the students who bought this yearbook and attended Tolo, the dance we sponsored, and the businesses who placed ads within the book. Without them, the making of this book would not be possible.

Lastly, we'd like to congratulate the Class of 1996. We've finally made it. Good luck to all of you in the future.

Sincerely,

The '95-'96 editors- Reyna Mena, Jennifer Wilson, and Joseph Sueno.
