Theme- Time and Change

Time: the entire period of existence of the known universe; every moment there ever has been or ever will be.

Change: to be altered, to vary, to cause to be different, (possibly as a result of time.)

The crisp white hush of freshly fallen snow, the colorful gleam of a rainbow after a summer shower;

the darkness of nightfall, the dazzle of daylight;

the cold hostile feeling given by ice, the warmth of a blossom;

the wildness of a natural waterfall, the perfection of man's concrete water fountain;

a pinecone yielding the seeds of creation, the barren arms of lifelessness;

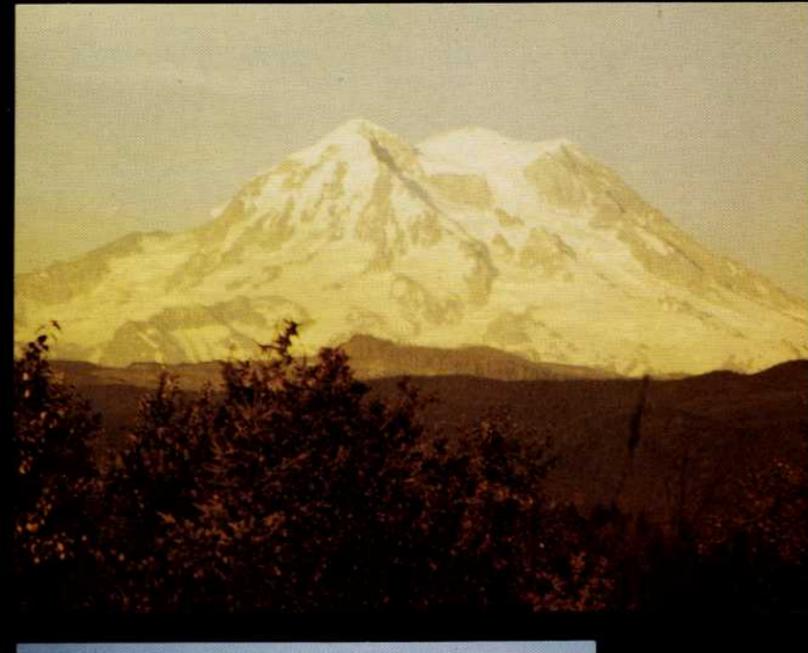

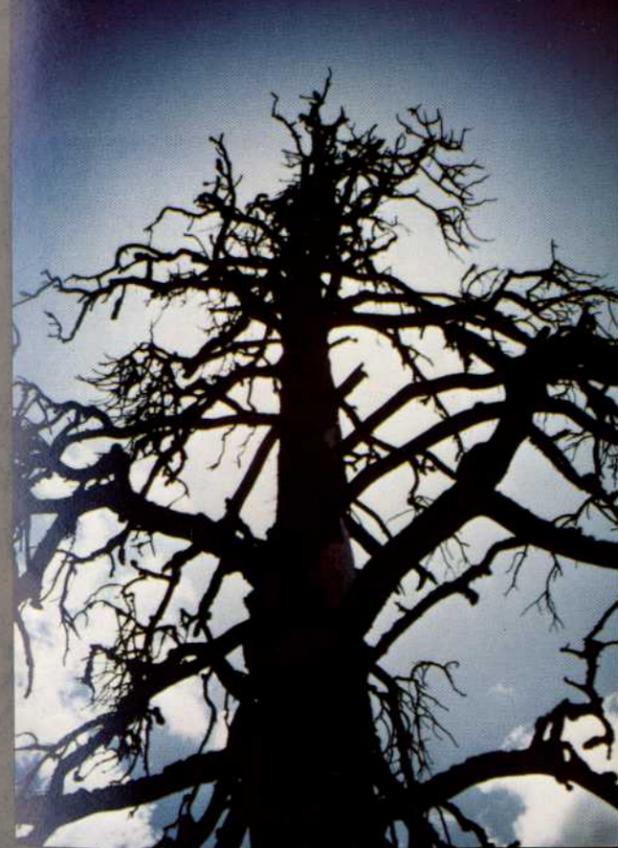

the tranquility of winter snowflakes, the vigor of a summer gust;

We chose time and change because this is what the future holds for us. Its depth can be puzzled over with the likes of the universe. "Time and Change" is encountered in unison and will be experienced through the remainder of our lives. Our challenge is to make the most of both.....

Dedication

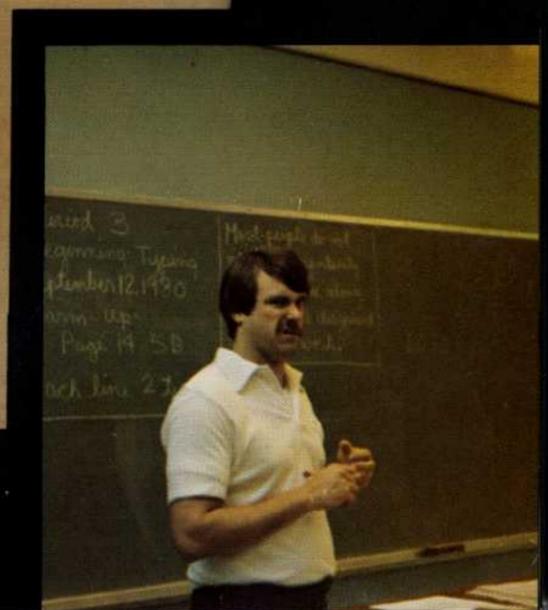

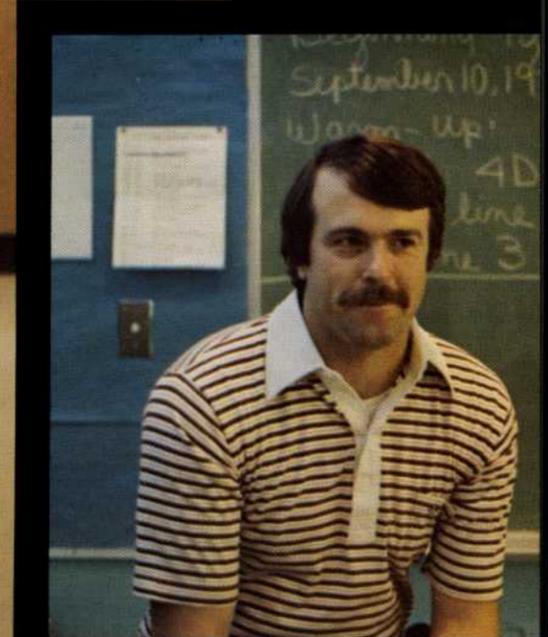

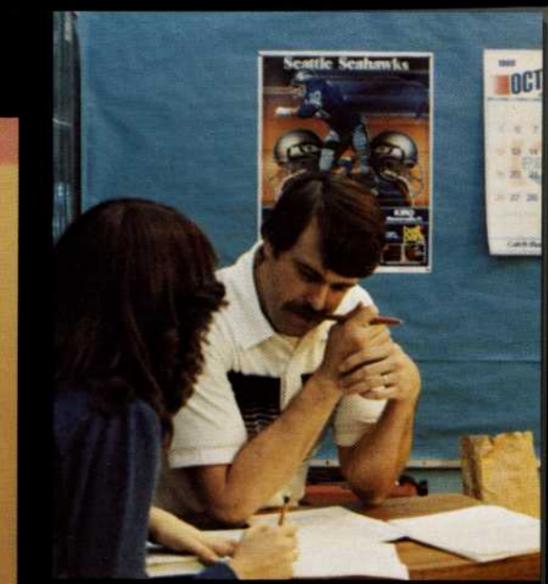

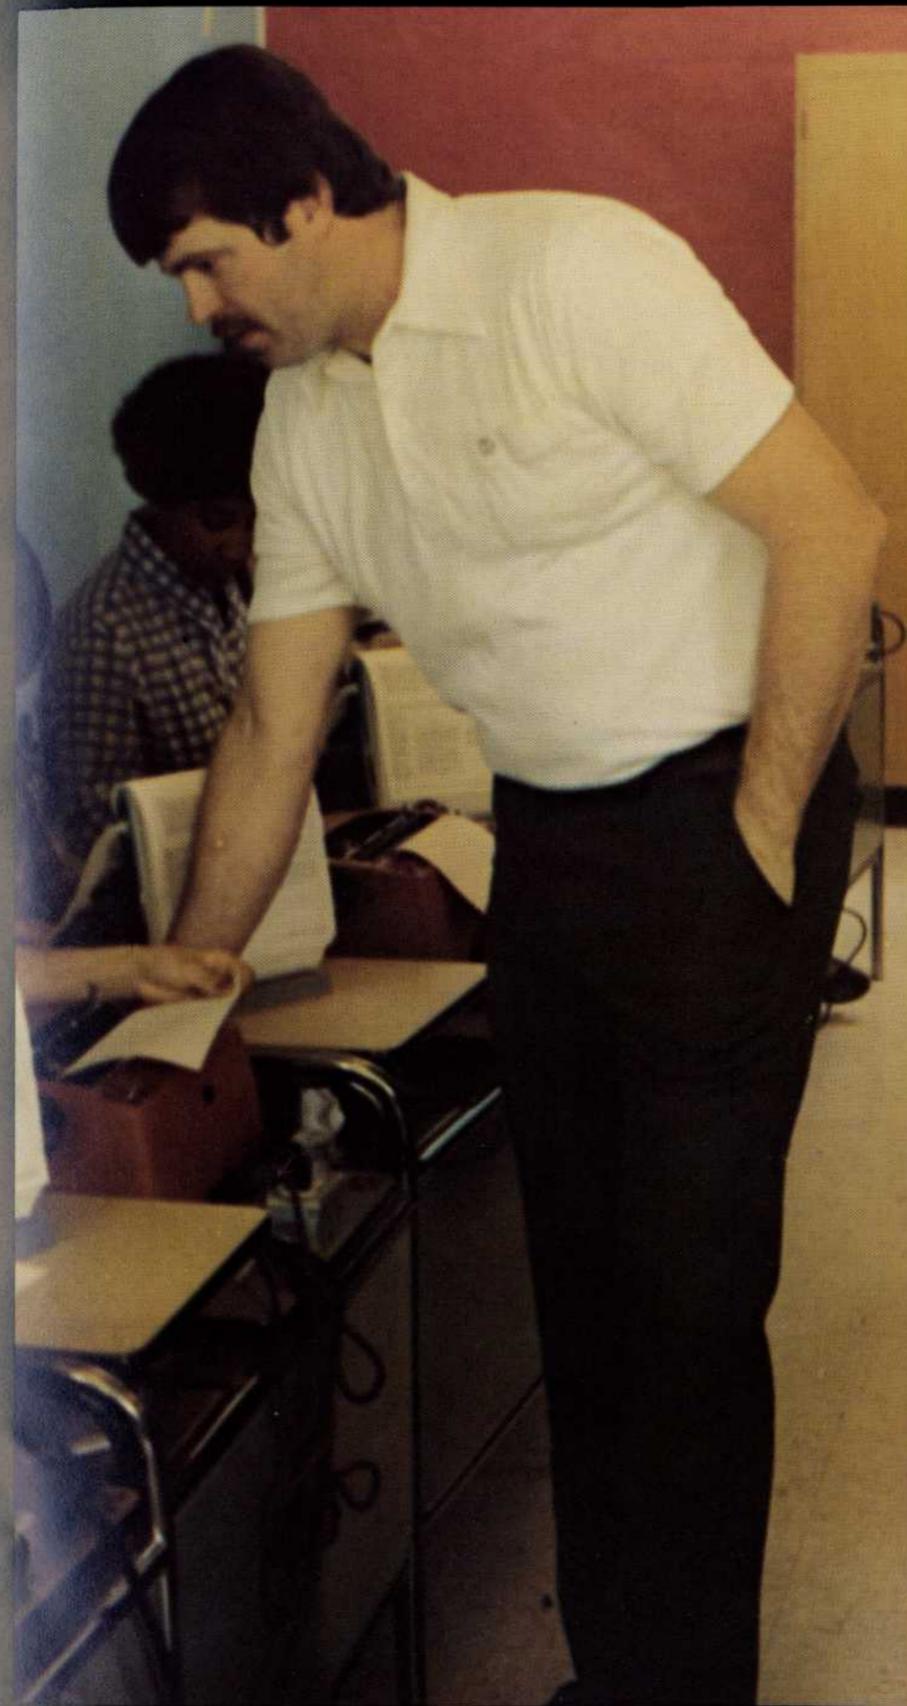

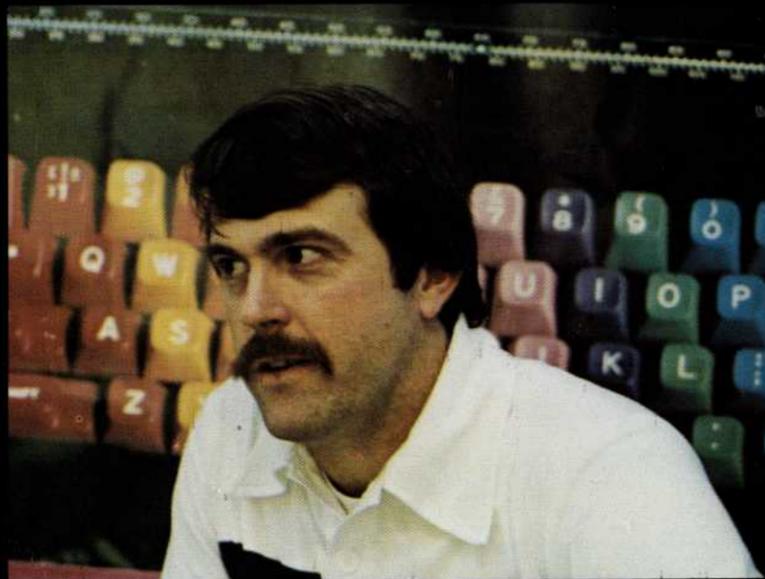

Choosing a faculty member to dedicate the 1981 Rambler to was a difficult task because of the many fine teachers North Thurston employs. Our task became easier because there is one man at North Thurston who, in the short time he has taught here, has taken a place in our hearts. His repeated service and dedication to North Thurston and its students has made him this year's number one man. Even his favorite color, purple, reflects his devotion to us.

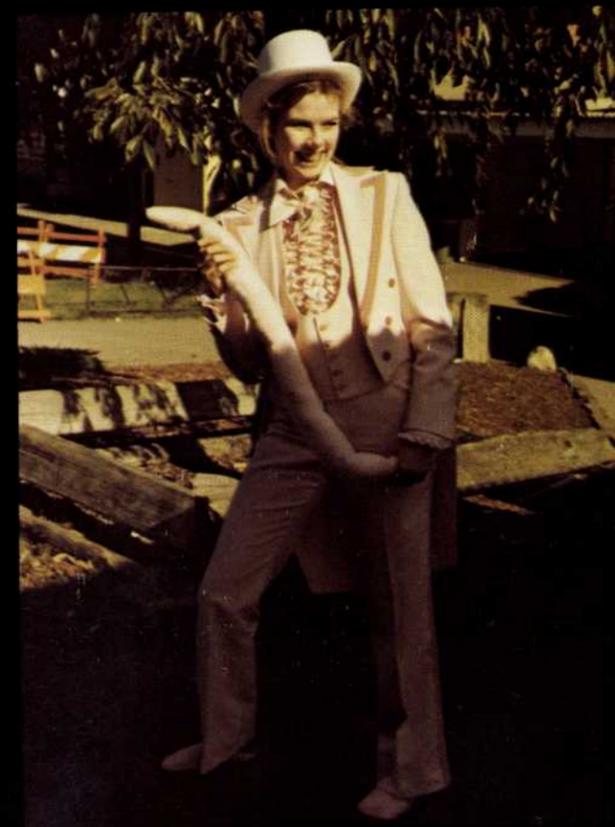

This man, as well as being an outstanding and well liked business teacher, spends his winter and spring afternoons and evenings coaching. Because of his interest in getting everyone who wants to participate involved in athletics, he started something new at North Thurston; the North Thurston Basketball Association, an intramural basketball program within North Thurston designed to get everyone involved.

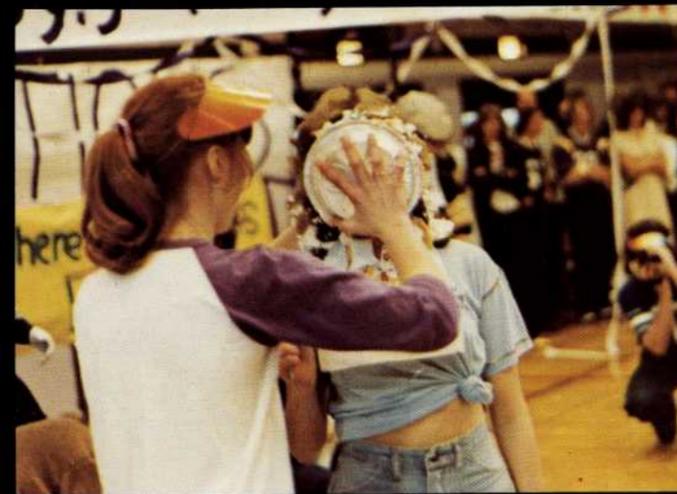

Many people still do not know who painted the walls and floor of the gym to help it look more spirited in its last years. This was done by our dedicatee on his own time during two consecutive summers.

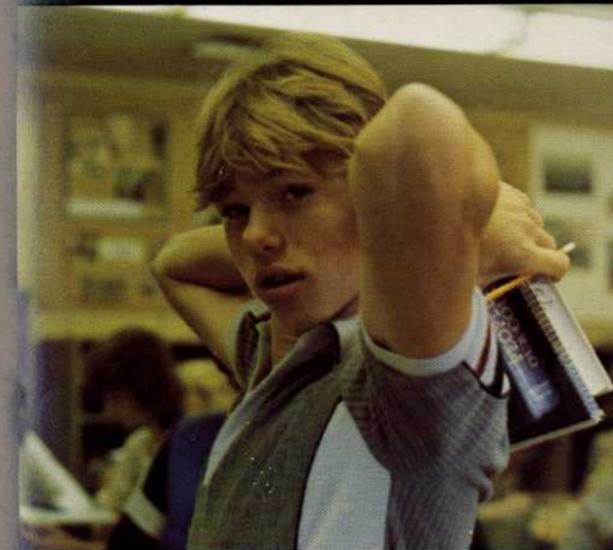

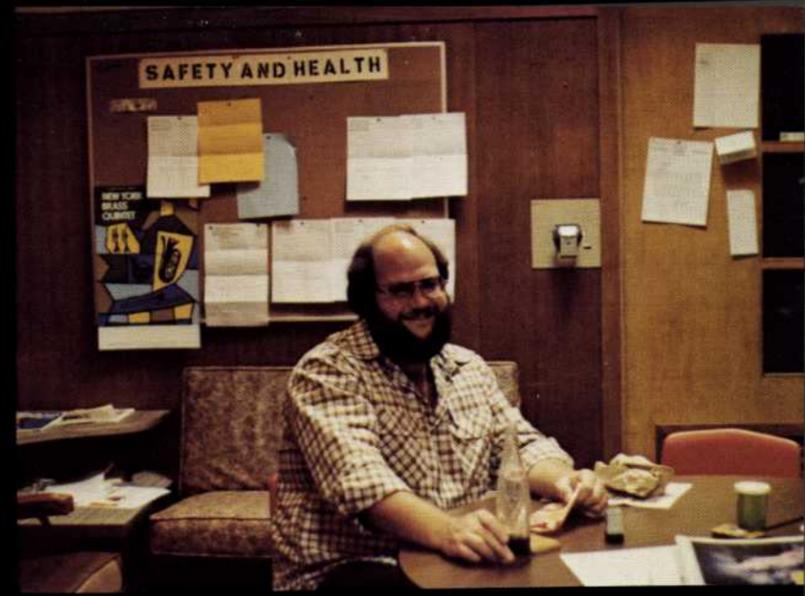

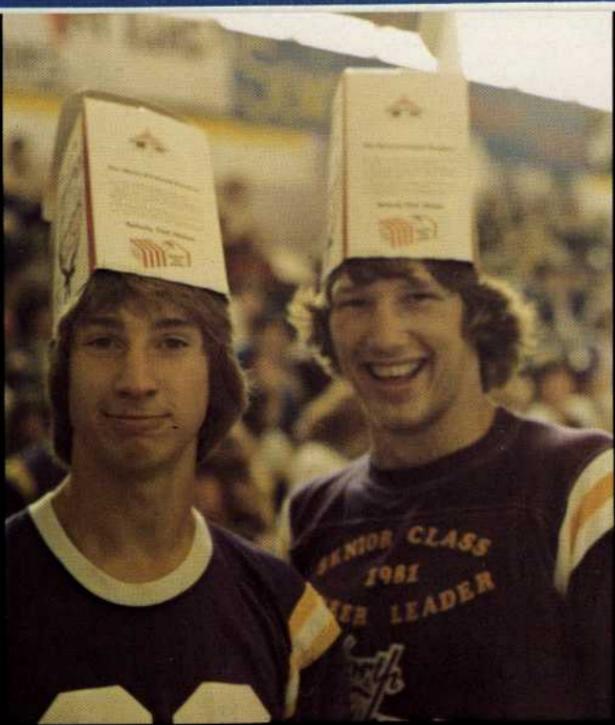

He has served North Thurston with honor and distinction. As is evident from our pictorial display of him at work, he has a fun-loving personality, yet he applies himself seriously to the education of his students.

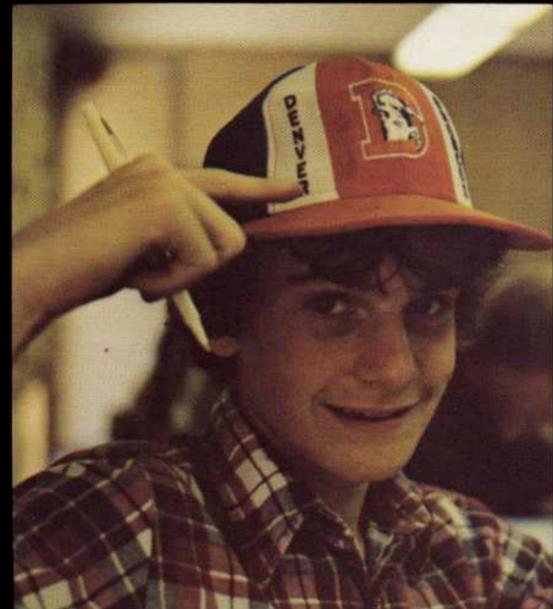

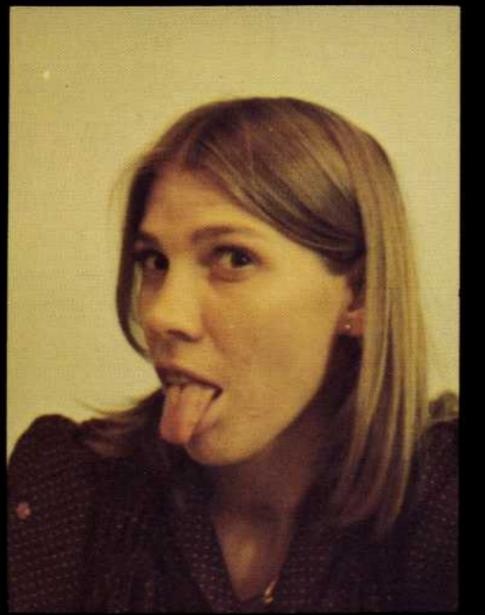

The annual staff sincerely wants to thank Wally DeBord for his exceptional service to our school and we hope to see his chipper face at North Thurston for many years to come.

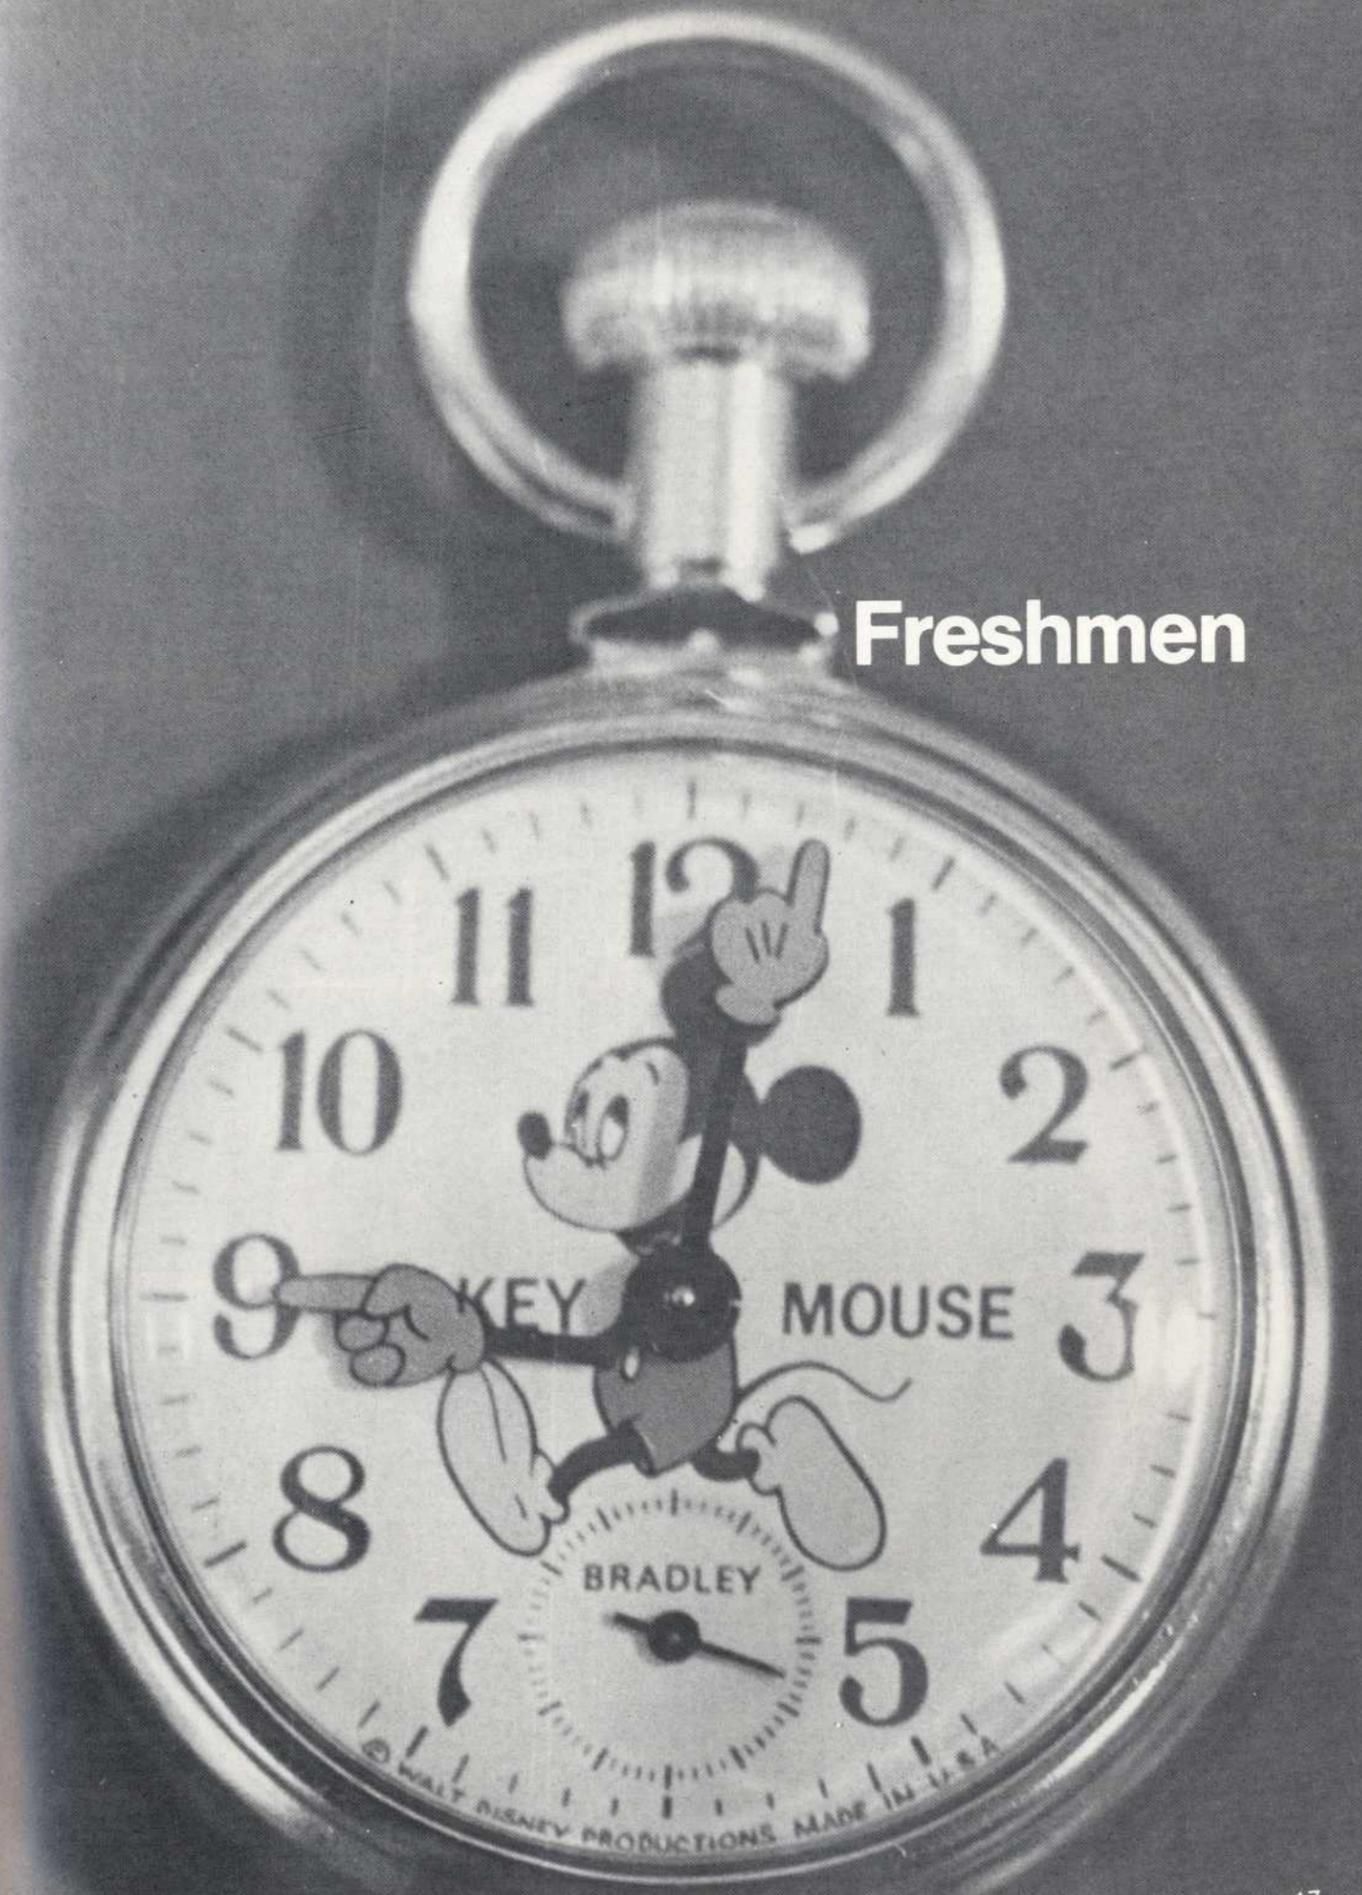

South Sound Shopping Center

Over eighty fine stores to shop in,
acres of free parking,
serving southwest Washington for over fourteen years.

Today is almost yesterday already,
 Already the sun is dimming,
 The schoolyard has been turned
 Asphalt black
 A new scholarly edifice imprisons knowledge,
 Casting its shadow over
 the ghost of the old,
 Progressively
 hiding my childhood
 memories,
 I wish I had paused
 more than once to
 take a deeper breath,
 to take out memory insurance against
 Changes.

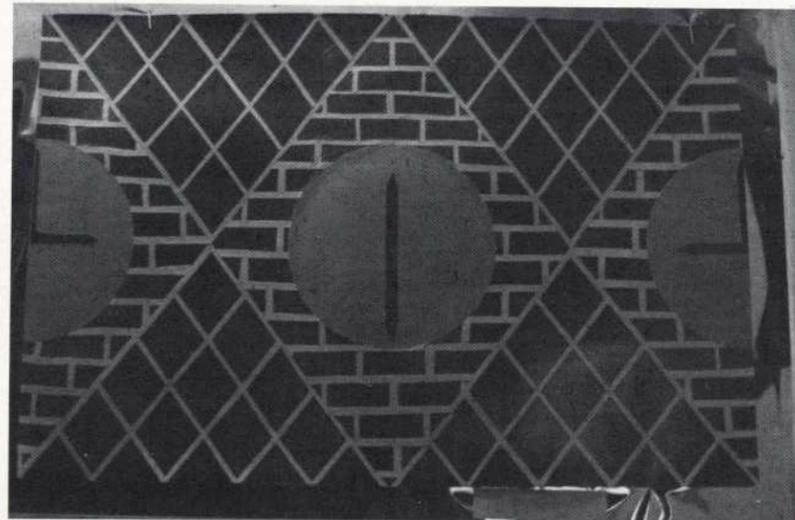

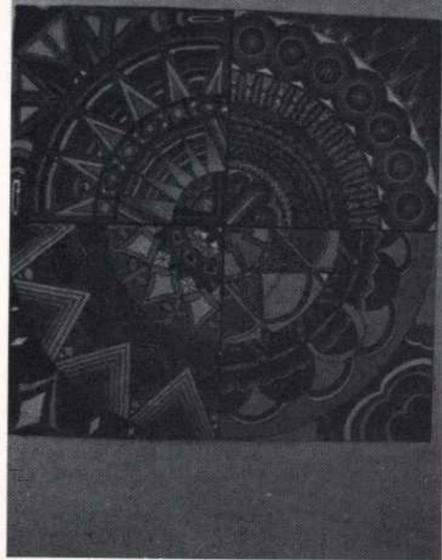

By Tom Begin

Young children define
 Art
 as a matter of mechanics,
 not skill
 These little realists want
 art to be literal, and
 like adults, they think
 Good Art
 is whatever they like.

Let's wash away the old
with a shower of sunshine
Sprinkle kisses
Splash smiles

Hold life by the fingertips,
Delicately,
Not in haste, for
Changes are great but they bring you
Closer to the end.

By Tom Begin

Time and Changes

As life goes on I believe,
Sometimes some things change,
Somewhere deep inside you.

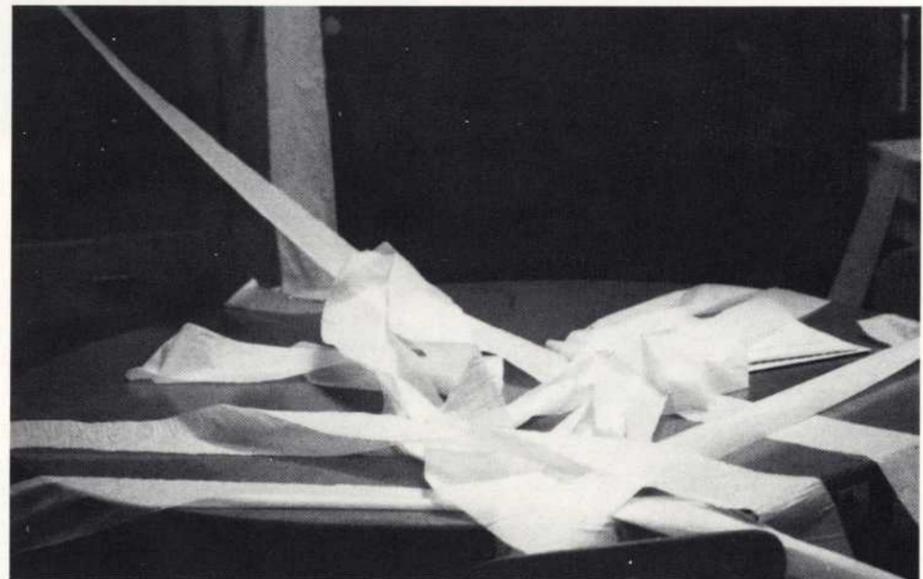

And a strange new world
out there,
With the feelings that I have,
Changing my life.
And changing you.

And I'll continue searching 'til
I find the answers to the questions
That keep going through my mind.

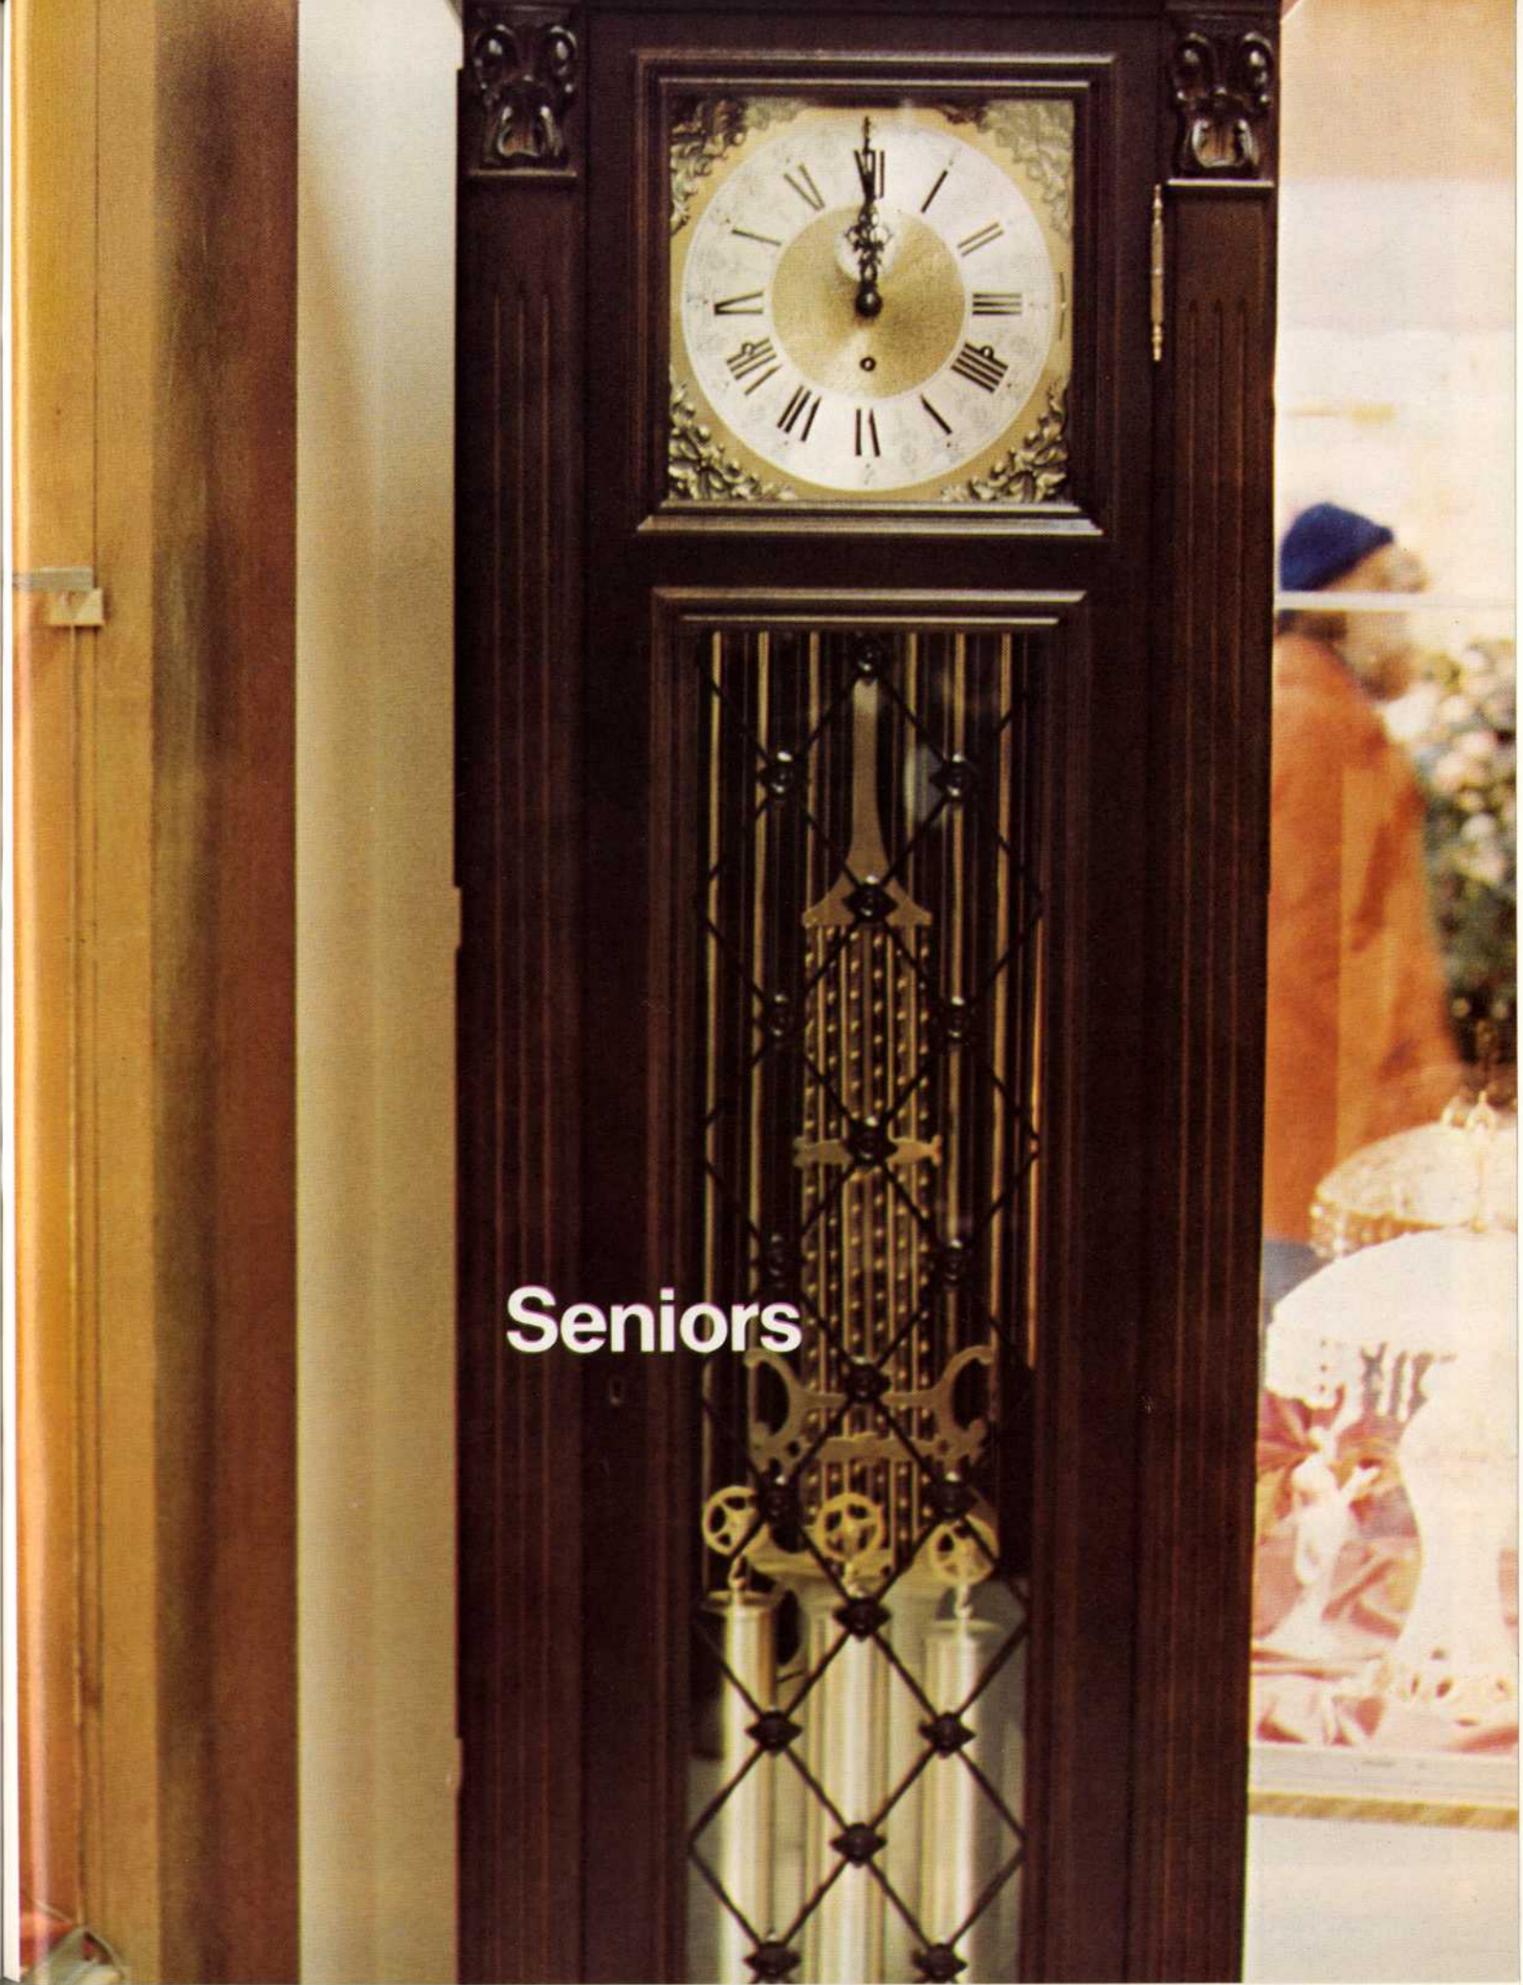

And day by day as our friendships
drift apart,
And we are forced to make it
on our own, without help along the
way,
Sometimes we'll wonder,
if we can really make it after all.

The memories are still there,
It's just that we're out of sight
Hoping somewhere, sometime,
we will meet again.
