This year's annual is dedicated to you, the students of North Thurston High School. It is filled with the memories and happy times you will never forget, of the triumphs you so diligently strived for and so richly deserved. Yet, do not be satisfied with just these. Step out from your pictures and seek new happinesses and new goals, for they are yours waiting for youth to uncover them.

Your future is a silhouette which depends upon you as to how well it will be filled. The basis for completing it is your high school education.

## To the Class of '59

Yours is the distinction of having been the first class to spend a full four years at North Thurston. We hope they have been enjoyable and satisfying and that they will prove to have been profitably spent in the years to come.

Classroom instruction for the moment has ended, but your education has not. Please remember that education is an on-going process and will always require time and work and striving. It ends only when you yourself cease to grow as an individual. Basically, being educated means being a better citizen. It requires in each of us the traits of being honest, curious, eager, and serious.

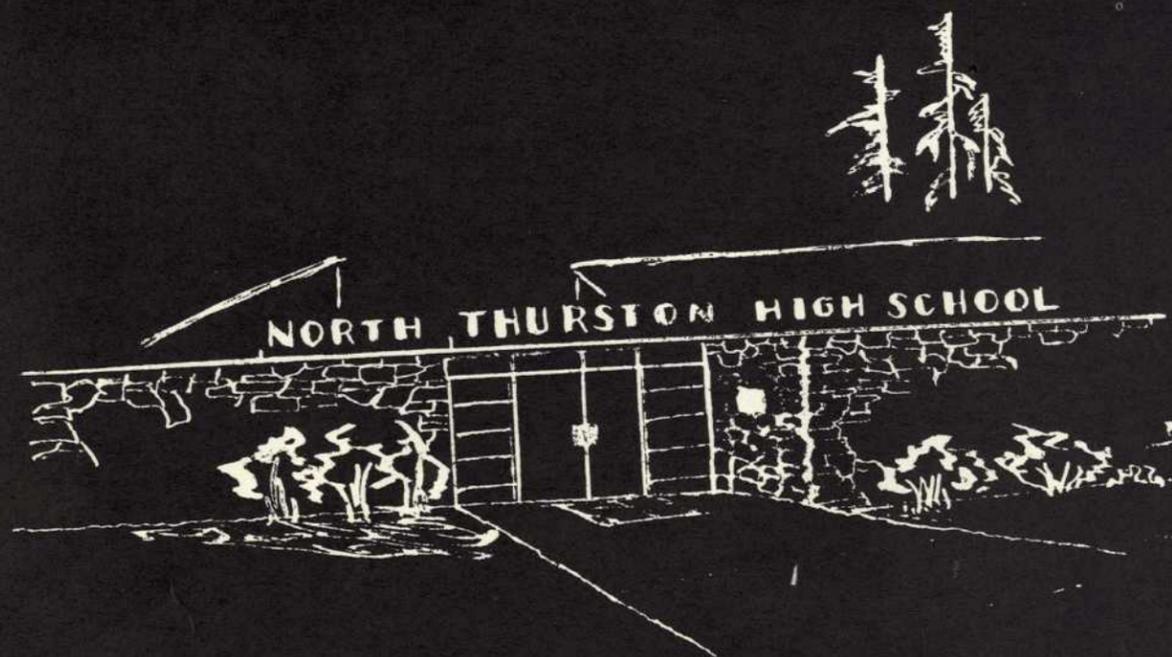

With our final Congratulations goes the sincere wish that North Thurston has helped establish these traits with you in a manner that will make your life full and enjoyable to the extent that each of you will help to make this a better world in which to live.

Sincerely,

*Frank A. Bower*

# The Freedom Pledge

I am an American ~ a Free American!  
 Free to speak without fear,  
 Free to worship God in my own way,  
 Free to stand for what I think right,  
 Free to oppose what I think is wrong,  
 Free to choose those who govern my country  
 This heritage of freedom I pledge to uphold  
 For myself and all mankind.

Terrific team spirit and unity, plus a desire to excel were the keynotes of our successful 1958 Ram football team. The boys definitely played to their utmost potential in every game and certainly gave every opponent a fine game.

We will lose many fine players through graduation, and they will certainly be missed next fall.

I would like to extend special praise to the student body, for their fine spirit and sportsmanship, throughout the season.

# SENIOR CLASS ADVISOR

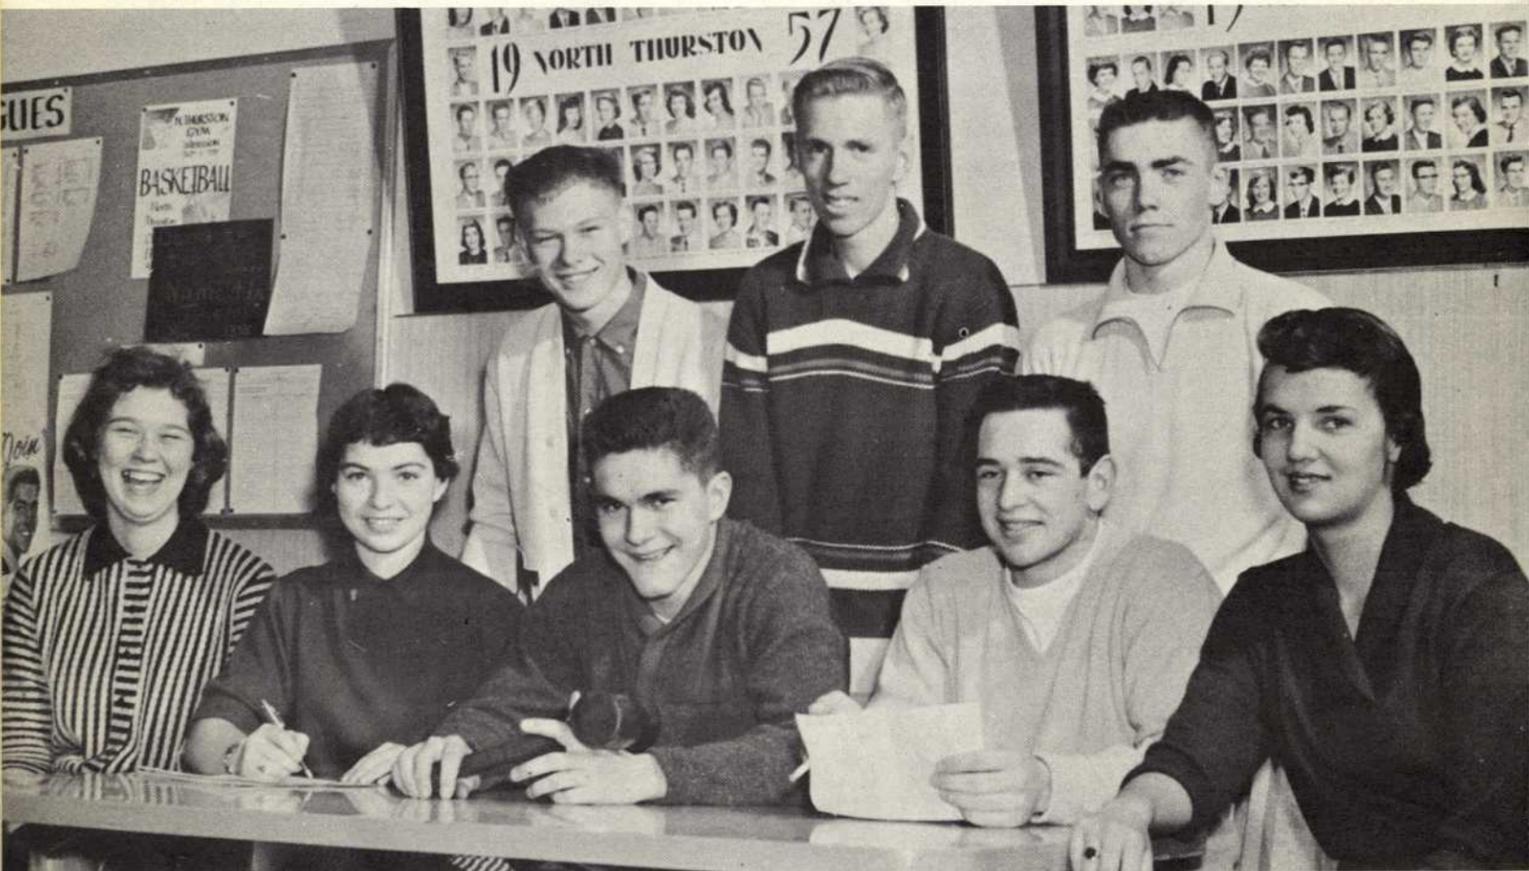

The objective of the public schools today is to train young men and women to be leaders in home, church, state, and world. This has been true here at North Thurston where our young men's and women's thoughts, beliefs and values, have been molded into their personalities giving them the background they will need to succeed in life.

In the three years that I have worked with this class, I have seen them develop in many different areas. It has been a wonderful experience filled with many rewards and very few dissapointments.

These graduating seniors, too soon to leave us, are the real actors of this year's drama. They must keep the show moving ever forward, never letting it slow down, and making sure the performance is never mediocre, but always of the finest quality.

# To the Graduate

La Verne P. Larson

This treasured goal you have attained,  
A shining door swung wide,  
Through which you pass, your head held high,  
With so much joy and pride.  
The wisdom gained those busy years  
In search of knowledge true,  
Is well worth while as you will find  
All your lifetime through.  
You're wished a world of happiness,  
Success along life's way,  
You are tomorrow's golden hope  
On Graduation Day.
