TOP TEN MOST POPULAR

The most popular column in the paper proven by the poll taken by the RAMPAGE was "Top Ten". 98 per cent of the students who read this column sometimes or often read it. The Wit Parade and Senior Sketch's percentages were almost as high. This proves that the feature section is the most often read.

Interest in editorials proved quite high with 33 per cent reading them all the time and 35 per cent some of the time. The pictures are looked at by 55 per cent of the students and 67 per cent read the straight news articles. Only twenty -

NIGHT OF JANUARY 16th

"The Night of January 16," a suspense packed mystery, was presented on October 18 and 19. The scene was laid in a courtroom. The audience from which the jury was selected played a large part in this play. The duty of the jury was to determine whether Karen Andre was guilty or not guilty of the murder of Bjorn Faulkner.

There was a series of witnesses who answered questions for District Attorney Flint and for Defense Attorney Stevens.

After the defense had proceeded for a while there was a surprise witness and the whole outlook changed.

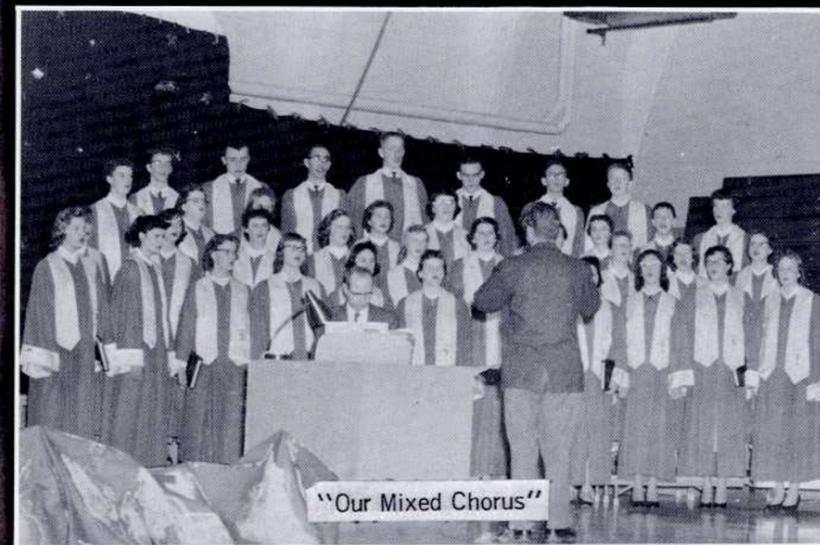

There were two endings to the play depending on the verdict rendered by the jury. After the verdict had been given Judge Heath sentenced the jury for rendering a verdict which he considered wrong. The sentence was that they could not serve on a jury for five years.
