The summary reports are meant to provide parents, educators, and communities highlights from the district, along with a high-level summary of how well a school or district is performing. We encourage you to use these reports to:

- **Learn more** about this school or district by viewing the detailed report. Use the link in the "Jump to" menu at the top right.
- **Start conversations** with school community members and ask questions. Use our guides for suggestions.
- **Engage** with your school communities to identify where schools are doing well and where they can improve.

Important note for 2019-2020: The summary reports typically include information on student growth, assessment results, and chronic absenteeism. Statewide assessment results were cancelled in spring 2020, so student growth and assessment results are not available for the 2019-2020 school year. Additionally, the requirement to report on chronic absenteeism was waived for the 2019-2020 school year so that data is not included. We encourage you to visit the detailed reports to see all the data that is available for the 2019-2020 school year and also to view the "Impact of COVID-19 on Data Availability" resource for a summary of how all data was impacted.

School Highlights Reported by the District:

- We continue to implement the Fountas & Pinnell Classroom program to enhance and improve literacy skills.
- Our Response to Intervention program involves tier 2 supplemental small group instruction and morning literacy and math academies. Tier 3 intervention services include one to one instruction.
- The Stars Program, funded by the PTO and taught by teachers, offers students the opportunity to participate in enrichment activities such as STEM class, soccer, and basketball.

How to use this report?

- 1 **Learn More** by viewing this full report and reports for other schools and districts. Use the green menu bar at the top of the page to move between different sections of the report.
- 2 **Start Conversations** with school community members and ask questions. Use our guides for suggestions.
- 3 **Engage** with your school communities to identify where schools are doing well and where they can improve.
