 **0.0%**
English Learners

The summary reports are meant to provide parents, educators, and communities highlights from the district, along with a high-level summary of how well a school or district is performing. We encourage you to use these reports to:

- **Learn more** about this school or district by viewing the detailed report. Use the link in the “Jump to” menu at the top right.
- **Start conversations** with school community members and ask questions. Use our guides for suggestions.
- **Engage** with your school communities to identify where schools are doing well and where they can improve.

Important note for 2019-2020: The summary reports typically include information on student growth, assessment results, and chronic absenteeism. Statewide assessment results were cancelled in spring 2020, so student growth and assessment results are not available for the 2019-2020 school year. Additionally, the requirement to report on chronic absenteeism was waived for the 2019-2020 school year so that data is not included. We encourage you to visit the detailed reports to see all the data that is available for the 2019-2020 school year and also to view the “Impact of COVID-19 on Data Availability” resource for a summary of how all data was impacted.

School Highlights Reported by the District:

- The Project Before Preschool Program at Selover consisted of 4 classrooms with a total of 60 students. Teachers partner with families by listening to families' goals and concerns for their children.
- Tools of the Mind curriculum helps to ensure that every child becomes a successful learner, developing the underlying cognitive, social and emotional skills needed to reach his or her potential.
- Due to the PEA funds, the preschool program at Selover joined forces with the other 30 Integrated preschool classes district wide beginning for the 2020 – 2021 school year.

How to use this report?

- 1 **Learn More** by viewing this full report and reports for other schools and districts. Use the green menu bar at the top of the page to move between different sections of the report.
- 2 **Start Conversations** with school community members and ask questions. Use our guides for suggestions.
- 3 **Engage** with your school communities to identify where schools are doing well and where they can improve.
