*Dylan Frederick*

## *In Memory Of Dylan*

Dylan started his career at CTC in the Veterinary Science Program where he enjoyed working with animals, but found his true passion behind a camera. He made the switch to the Digtial Media Design program at the beginning of this school year.

Although he was a senior, he quickly bonded with his junior classmates, becoming fast friends and part of a tight-knit group of students with a passion for photography.

Dylan also enjoyed creating music and was putting finishing touches on his yet-to-be-named album. Dylan was an old soul—quiet and unassuming, but full of depth. He had a gift for delivering perfectly timed one-liners and a wicked sense of humor that could catch you off guard in the best way. He will be missed greatly.
