Efa Huckaby, Principal

Kerena Skillman - Den 1

Keya Lipscomb, Assistant Principal – Den 2

Shelly Johnson, Assistant Principal – Den 3

Dana Johnston, Assistant Principal – Den 4

Dear Liberty Families,

Course selection for the 2026-27 school year will begin January 14th. Please review the information below:

Course Selection Resources & Materials: All course selection information will be distributed in your student's English class on January 14th. Students will get a copy of the course selection sheet and their transcripts. Students will access the online video to review the course registration instructions (which is on our webpage if you would like to view it with them).

On January 15th we will hold an elective fair! Students will have the opportunity to visit booths to get information on which electives are available. We invite you to come to our fair as well as the elective fair will be open during Open house on 1/15 from 6:00-8:00 in the large Gym.

After the fair, students will first fill out a paper copy of their course request and will ask their parent or guardian to sign off on their courses. Then students will enter their selections online in the Aeries Portal. English teachers will take students to the Library between 1/20 and 1/27 to review their selection with their counselor. Students will turn in their paper copy to their counselor or Den by 1/30/2025.

The recorded presentations as well as course offering sheets and the LHS Course Catalog will also be available on our website under Course Selection Information. Aeries is accessible through your student's Clever account.

We look forward to working with you and your student to ensure a successful 2026-27 school year!

Respectfully,

The LHS Administration
