2.0 School budget and staffing

Surplus- We lost a campus monitor to surplus who went to another school and we gained a campus monitor from another school. We also gained a custodian through surplus.

We eliminated a math teacher who left but teachers sold their preps so we could maintain the periods with the same students.

A social studies teacher was filled with a Sub on Special Assignment (fashion)

We have 3 special ed resource teachers that we pay for out of the budget. One of those positions was on hold. We did not lose that position.

We are projected by 2029 to have under 2,000 students.

The Special Session of the Legislature begins today. The film tax is on the agenda of this session that could improve our economy and potentially bring families (students) to the Las Vegas Valley.

Felissa Lindsey, (parent) indicated that we are losing students to charter schools because charter schools do not have the same guidelines regulating sport participation as public schools in the NIAA.

180 day wait does not apply to charter schools for athletics.

Charters do not verify addresses of students to ensure they are in the zone because it does not apply.

We will be discussing an academy concept for Sunrise to draw students for enrollment.
