INDEPENDENT ACCOUNTANT’S REPORT ON APPLYING AGREED-UPON PROCEDURES

To the Board of Directors of Collegiate Academies, the Louisiana Department of Education, and the Louisiana Legislative Auditor:

We have performed the procedures enumerated below on the performance and statistical data accompanying the annual financial statements of Collegiate Academies (a nonprofit organization) (the School) for the fiscal year ended June 30, 2025; and to determine whether the specified schedules are free of obvious error and omissions, in compliance with Louisiana Revised Statute 24:514 I. The School’s management is responsible for the performance and statistical data.

The School has agreed to and acknowledged that the procedures performed are appropriate to meet the intended purpose of the engagement, which is to perform specified procedures on the performance and statistical data accompanying the annual financial statements. Additionally, the Louisiana Department of Education and the Louisiana Legislative Auditor have agreed to and acknowledged that the procedures performed are appropriate for their purposes. This report may not be suitable for any other purpose. The procedures performed may not address all the items of interest to a user of this report and may not meet the needs of all users of this report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purposes.

Our procedures and results are as follows:

General Fund Instructional and Support Expenditures and Certain Local Revenue Sources (Schedule 1)

1. We will select a sample of 25 transactions, review supporting documentation, and observe that the sampled expenditures/revenues are classified correctly and are reported in the proper amounts among the following amounts reported on the schedule:
 - Total General Fund Instructional Expenditures,
 - Total General Fund Equipment Expenditures,
 - Total Local Taxation Revenue,
 - Total Local Earnings on Investment in Real Property,
 - Total State Revenue in Lieu of Taxes,
 - Nonpublic Textbook Revenue, and
 - Nonpublic Transportation Revenue

Results: No exceptions were found as a result of applying the above procedures.

Class Size Characteristics (Schedule 2)

2. We will obtain a list of classes by school, school type, and class size as reported on the schedule. We will then trace a sample of 10 classes to the October 1st roll books for those classes and observe that the class was properly classified on the schedule.

Results: No exceptions were found as a result of applying the above procedures.

Education Levels/Experience of Public School Staff (No Schedule)

3. We will obtain October 1st PEP data submitted to the Department of Education (or equivalent listing prepared by management), including full-time teachers, principals, and assistant principals by classification, as well as their level of education and experience, and obtain management's representation that the data/listing is complete. We will then select a sample of 25 individuals, trace to each individual's personnel file, and observe that each individual's education level and experience was properly classified on the PEP data or equivalent listing prepared by management.

Results: Exceptions noted – two (2) out of twenty-five (25) selected individuals' education levels were incorrectly reported to the Louisiana Department of Education.

Public School Staff Data: Average Salaries (No Schedule)

4. We will obtain June 30th PEP data submitted to the Department of Education (or equivalent listing provided by management) of all classroom teachers, including base salary, extra compensation, and ROTC or rehired retiree status, as well as full-time equivalents, and obtain management's representation that the data/listing is complete. We will then select a sample of 25 individuals, trace to each individual's personnel file, and observe that each individual's salary, extra compensation, and full-time equivalents were properly included on the PEP data (or equivalent listing prepared by management).

Results: No exceptions were found as a result of applying the above procedures.

We were engaged by the School to perform this agreed-upon procedures engagement and conducted our engagement in accordance with attestation standards established by the American Institute of Certified Public Accountants and the standards applicable to attestation engagements contained in *Government Auditing Standards*, issued by the United States Comptroller General. We were not engaged to and did not conduct an examination or review engagement, the objective of which would be the expression of an opinion or conclusion, respectively, on the performance and statistical data. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

We are required to be independent of the School and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our agreed-upon procedures engagement.

This report is intended solely to describe the scope of testing performed on the performance and statistical data accompanying the annual financial statements of Collegiate Academies, as required by Louisiana Revised Statute 24:514 I, and the result of that testing, and not to provide an opinion on control or compliance. Accordingly, this report is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the Louisiana Legislative Auditor as a public document.

RE: Management's Response to
Board of Elementary and Secondary Education Agreed-Upon Procedures
Collegiate Academies

Dear Sirs:

Collegiate Academies will review policies and procedures in regard to the comments for each schedule of performance and statistical data and make appropriate changes that will improve reporting on each schedule of performance and statistical data that are cost effective and within our budget constraints.

Sincerely,

Justin Pickel
