**BOARD OF EDUCATION**
**WEB-MEDIA-DIRECTORY INFORMATION RELEASE AUTHORIZATION**

The Ewing Public Schools District is committed to celebrating our students' successes and accomplishments, highlighting the education process and providing information by filming and/or photographing students in only the most positive view.

This includes articles and pictures of students appearing in print (e.g., newspapers, newsletters and yearbooks, etc.) and on district school websites. As you are aware, there are potential dangers associated with the posting of personally identifiable information on a website since global access to the Internet does not allow us to control who may access such information. These dangers have always existed; however, the District does want to celebrate our students' accomplishments.

The Family Educational Rights and Privacy Act (FERPA), a Federal law\*, requires that The Ewing Public Schools District, with certain exceptions, obtain written consent of the parent/guardian prior to the disclosure of personally identifiable information from your child's education records. Pursuant to law, we will not release any personally identifiable information without prior written consent from parents/guardians.

Personally identifiable information includes student names, photos or images. *Please note the District does not publish photos with residential addresses, e-mail addresses, phone numbers or the locations and times of class trips on the school or district websites.* Directory information, information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent/guardian's prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks or media publications. In addition, two federal laws\* require local educational agencies (LEAs) receiving assistance under the *Elementary and Secondary Education Act of 1965* (ESEA) to provide military recruiters, upon request, with three directory information categories (names, addresses and telephone listings) unless parents have advised the LEA that they do not want their student's information disclosed without prior written consent.

The Ewing Public Schools District has designated directory information includes, but may not be limited to, the following:

- |                              |                               |  |

***The Right to Opt Out/Change Your Mind***

The District may disclose appropriately designated 'directory information' without written consent, unless you have advised to the contrary in accordance with District procedures. Once you have given signed permission for the above options, you may change your mind. As the parent or guardian wishing to change this agreement, you may do so at any time by providing written request to Safety Town Program Directors Trevor Hahn and/or Heather Devine.
