Monday, January 5th

End of Semester - Jan 15th

Last day for Seniors - June 4th

Graduation - June 6th

Last day of school - June 9th

Welcome back and Happy New Year!

As we roll into the second half of the school year, the countdown is officially on... *especially for our seniors*. While the rest of us are still mentally recovering from winter break alarms, the Class of 2026 is staring graduation right in the face.

Seniors officially graduate on June 6th, and when you do the math (yes, we did the math so you don't have to), there are 81 school days left until graduation.

That's 81 days of last bells, last assignments, last assemblies, and a whole lot of "*this is the last time I'll ever have to do this*" moments. Pretty soon, backpacks will be retired, caps will be tossed, and seniors will be walking across the stage wondering how four years went by so fast.

To the seniors: enjoy it, soak it in, and try not to wish the days away too fast (even though we know you're counting).

And to everyone else don't blink. You'll be there before you know it.

Here's to a great New Year, a strong finish to the school year, and a huge congratulations to the graduating seniors!
