

DISTRACTION FREE EDUCATION

Glascok County Schools is committed to supporting focused learning environments and student well-being. As part of the Distraction-Free Education Policy (JCDAF), students must keep personal electronic devices turned off and stored during the school day.

Parent Communication Information

HOW CAN I REACH MY CHILD DURING THE SCHOOL DAY?

- Call the school front office - staff will ensure your message is delivered.
- In case of an urgent situation, your child may use a phone in the front office to call you.
- Personal devices are not permitted during the school day (bell to bell).

WHAT ABOUT EMERGENCIES?

- Our schools have comprehensive emergency plans and trained staff who respond quickly and calmly in crisis situations.
- If there's ever an emergency at school, you will be contacted by the school or district through official communication channels (messenger, phone, email, and/or text).

GCS strongly encourages families to update their contact information in Campus Parent. Reach out to your child's school for additional information.
