

Sumner Early Learning Center

School Counseling Services

Elementary School Counseling Services

In our comprehensive school counseling services, students will acquire the attitude, knowledge, and skills that contribute to academic, social/personal, and career success. School counselors work in schools to:

- Teach life skills that help children succeed in school and in their personal life.
- Help resolve problems that interfere with student learning.
- Advocate for children and families and provide referrals for long-term counseling.
- Provide privacy of information shared by parents and students in a safe and confidential environment.
- Promote career development.

Student Concerns

Please contact your school counselor with any concerns about your child, including:

- Academic performance
- Bullying
- Peer relationships
- Family changes (moving, death, divorce, separation)
- Stress
- Parenting
- Sudden changes in behavior

Mission

To promote and enhance student learning.

Philosophy

Based on our core values, we are committed to providing the best education possible for all students through collaboration, action, research-based practices, and equity for students and families.
