

Educational Professional of the Year 2025-2026

Morgan Moore, Speech Correction/Language Specialist

Kingsway Regional School District is proud to recognize **Morgan Moore**, an exceptional Speech-

Language Pathologist and member of the Child Study Team, as the **2025–2026 Educational Support Professional of the Year**. Since joining Kingsway in **2013**, Morgan has been a trusted and impactful presence, consistently going above and beyond for students, families, and colleagues.

A graduate of **Rowan University** with a **Bachelor of Science in Management**, Morgan also holds a **Master of Science in Speech-Language Pathology** from **LaSalle University**. Over the past **12 years**, all at Kingsway, she has demonstrated professionalism, expertise, and compassion. While her work focuses on speech and language development, her impact extends far beyond these areas, supporting students' social, emotional, and academic growth.

Morgan is known for her solution-focused mindset and commitment to ensuring every student has a voice. She has developed significant expertise in assistive technology, using these tools to help students communicate meaningfully and confidently. Her work with STEP students is particularly impactful, as she programs AAC devices, models communication throughout the day, and advocates across settings, turning frustration into breakthrough moments for students.

Beyond her direct work with students, Morgan is a valued collaborator and resource for teachers, families, and administrators. She offers practical strategies, works seamlessly with outside service providers, and steps in whenever needed, including assuming case management responsibilities to ensure continuity of services. She is especially respected for her reliability and attention to detail in a field with strict timelines.

Equally important is the welcoming environment Morgan creates. Her space is joyful, inclusive, and safe, and students eagerly seek her out. She is also a visible presence beyond the classroom, volunteering at events such as Night to Shine and supporting students at school activities. Reflecting on this recognition, Morgan shared, **“Every student deserves to feel heard, valued, and capable. Helping them find their voice, in whatever form that takes, is the most rewarding part of what I do.”**

Morgan will be formally recognized at the January 22, 2026, Board of Education Meeting and this spring at the Annual County Teacher of the Year Luncheon. Kingsway is fortunate to have such a dedicated professional on its team. **Congratulations, Morgan Moore, on this well-deserved recognition as the 2025–2026 Educational Support Professional of the Year.** Your impact on students and the school community is lasting and meaningful.
