

CROCKETT ELEMENTARY
Parent/Family Engagement Policy: 2025 - 2026
Distributed October 10, 2025 and October 13, 2025

Statement of Purpose

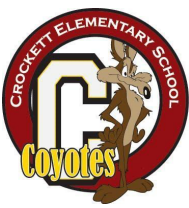

A strong partnership between the school and home is essential if a quality educational program is to be provided to all students.

Crockett Elementary School is dedicated to the philosophy that Family involvement is integral to the success of each student. For this reason, families are actively recruited as our partners for success. The Family Involvement policy is reviewed and amended during the annual Site Based Decision Making Committee (SBDM) Title I evaluation and planning meeting, which is held during the summer.

The policy will be posted online on the school's website. A paper copy is available upon request. All students will be expected to work toward mastering the objectives of the district and state curriculum. Our campus recognizes the fact that some students will need extra assistance to achieve their full potential. The extra assistance is available to all students through the Title I program and various other educational services offered through the district. Crockett Elementary School intends to include Families in all aspects of the Title I program. Students will be given every opportunity for success through the development and enhancement of the home-school partnership.

Family Involvement Developing Policy

Crockett Elementary School's Site-Based Decision Making Committee (SBDM) is composed of Family(s), business partners, community members, administrators, teachers, and other staff members. This committee will meet annually to discuss the design and implementation of the Family Involvement Policy. Crockett Elementary will recruit volunteers for the SBDMT through various avenues of publicity as vacancies occur. Committee selections will produce a diverse group of stakeholders that represent an array of student populations served by the district. Meetings will be planned at convenient times and locations for all concerned parties. If a translator is needed, the campus will arrange for one to be present.

Family Involvement Activities to Improve Student Academic Achievement and School Performance

One of the primary functions of the SBDM Committee will be to identify ways that Crockett can plan and implement effective Family Involvement programs. The campus will also promote and encourage staff development for employees on establishing effective relationships with families as a means to increase academic achievement.

During the school year, Families will also be provided with:

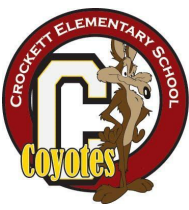

- Timely information about programs.
- Information on the level of achievement of the family's child in each of the required state academic assessments
- Frequent reports on their child's progress.
- A Home-School compact that describes families' and the schools' responsibilities.
- Family-teacher conferences after the first nine weeks, at which the Home-School Compact will be discussed.
- Opportunities to attend family information meetings, at which refreshments and materials may be provided with Title I funds.
- As necessary, timely notice if their child has been assigned or taught for four or more consecutive weeks by a teacher who is not highly qualified.

Building the Schools' and Families' Capacity for Strong Family Involvement

Crockett Elementary School will involve the SBDMT in identifying barriers to family involvement and to provide family involvement strategies. The campus will support a variety of familial involvement strategies as it strives to develop and maintain an optimum learning environment for all students. To the extent practicable, families of LEP, disabled, and migrant students will be given full opportunities to participate in family involvement activities. Information will be provided, to a reasonable extent, in a format and a language such families understand.

Annual Title I Family Meeting

Crockett Elementary School will hold an annual meeting to review Title I guidelines and services offered at the campus. Copies of the campus' current Family Involvement Policy and the Home-School Compact will be available if

requested. Family volunteers will be recruited for the campus SBDMT as vacancies occur.

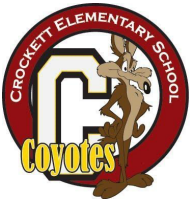

Home-School Compact: In accordance with Title I regulations, the campus will develop and annually update a home-school compact. This compact will explain how students, families, and staff will share responsibility for student performance and success, and will enable them to do so. Members of the SBDMT will be consulted in the design and implementation of the compact. All families will be given a copy of the compact detailing the responsibilities that teachers, families and students have in helping students accomplish their goals. Students and families are encouraged to sign that they are in agreement with the compact and return them to the school; however, families and/or students are not required to return the compacts to school.

Staff/Family Communication: Families will be informed of school activities through various avenues of communication throughout the school year. Newsletters, conferences, personal contacts, and written notices will be utilized to establish and maintain an open line of communication. Family Involvement strategies will be incorporated into Crockett Elementary School's curriculum and programs through the Campus Improvement Plan (CIP). Family Involvement will be a top priority and will be aligned with the entire educational program.

The SBDMT will annually review and evaluate all aspects of the Family involvement program. Family surveys including questions about the effectiveness of the program will be distributed and the results analyzed. Teacher surveys and teacher contact logs will be used to determine the number and kind of interaction between schools and Families. The SBDMT will update and/or revise the campus Family Involvement Policy and Home-School Compact based on the results of this annual review.

Involving Families in Activities of Title I Campuses

Crockett Elementary School will use Title I funds to provide school wide services to all students of Crockett Elementary School. Families will be involved in a variety of strategies as the campus strives to develop and maintain an optimum learning environment for all students. Families may

contribute through volunteer programs, as well as by creating a supportive home atmosphere. The community may participate through an array of activities that promote student success. The campus and its families will develop and maintain specific family involvement activities best suited to meet the individual needs of all stakeholders.
