HEALTH INSURANCE DISCUSSION

Mr. Deshaies explained to the group an overview of the District's current risk pool insurance plan with SchoolCare. He shared that the School Board is interested in exploring other health insurance options in partnership with the District's three collective bargaining units. Discussion included a possible addendum to the three CBAs to allow for exploration, how the current assessment is being paid, the option of creating a healthcare savings trust fund account to prepare for future assessments, the option of self-insurance, the Town of Wolfeboro's SchoolCare relationship, how this decision will affect retired members, taxpayer impact, and the Interlocal Trust and HealthTrust risk pools.

The group agreed to create a working committee to collaboratively explore healthcare options for the District. GWEA, GWSSA, and GWAT representatives will ask their members for input and report back to the SAU with results and volunteer committee members from each group.
