## Cleveland Hill Senior Finds Her Future in Dental Lab Technology Program

Cleveland Hill High School senior Hada Asbtani is shining in the Dental Laboratory Technology program at the Harkness Career and Technical Education Center, where her attention to detail and passion for the dental field have set her apart.

Instructor Julie Jurgens says Hada is an outstanding student who consistently demonstrates commitment and professionalism.

"Hada is a pleasure to have in class," Jurgens said. "She has excellent attendance, completes all work on time, and strives for perfection with all lab projects. Hada has said she plans on attending college and continuing her education in the dental field."

Hada enrolled in the program with a clear career interest and says the experience has strengthened her goals.

"This program has provided me an advantage by giving me the ability to do hands-on things and see if I really want to pursue and further my education in the dental field," she said.

With practical skills, focused training, and a strong work ethic, Hada is preparing for a bright future in dentistry. After graduation, she plans to attend college to become a dental hygienist, continuing her path toward a rewarding career in patient care.
