

Officially FARECheck Certified

Food allergies affect 1 in 13 children in the U.S.

We recognize the critical importance of taking a careful approach to support students and families who manage food allergy issues every day.

The AAPS team of foodservice associates recently completed FARECheck, a comprehensive food allergen training program certified by the Food Allergy Research and Education organization, the world's largest nonprofit dedicated to food allergy awareness, education, research and advocacy.

Chartwells K12 is the first in the child nutrition industry to have its allergen management training courses certified by FARE.

Free Fuel For School

As we enter the new year, we want to remind everyone that all AAPS students are invited to grab a complete breakfast or lunch, even if they bring their breakfast or lunch to school!

Mike DeVries

We want to hear from our AAPS Students!

Our dietician, Nika, is looking to get feedback on the daily lunch and breakfast menus from students.

This code can be scanned for access to a form designed to involve students in the menu-making process!

For any questions regarding student feedback or our menu, be sure to contact Nika, at olszewskiv@aaps.k12.mi.us

What's Next?

We have a lot of fun stuff planned for our AAPS students for the rest of the school year!

Farmer's Markets

We will be bringing our Farmer's Market to a few more schools!

Breakfast Week

We will be celebrating National Breakfast Week March 2nd throughout the district!

Fun Days

We will be celebrating Dr. Suess's birthday and St. Patrick's Day

Promo Days

We will be having one last Chili Days, Warm Bellies event this month!
Next up: Bloom into Breakfast

Student Choice

We love hearing from our students and we will be asking for their opinions a lot this year!

Mood Boost

We are excited to have a another mood boosting food event at Bach.
Coming soon!
