January 2026

Dear Parents,

For the next few weeks, we will be in the process of working together on your child's high school enrollment.

Information regarding the Grosse Pointe North High School Program of Studies can be accessed at [North HS Program of Studies](#). GPN counselors will be presenting course information in person to students during Science classes at Parcels on Wednesday, January 7, 2026.

Please take a few minutes to review the following attached materials: an instruction sheet and a course selection sheet. We encourage you to discuss the available class options with your child and fill out the course selection form together.

The Eighth Grade teachers will make appropriate ninth grade placement recommendations for HS Math classes. These recommendations will be available to students at the end of Q2. *Students are responsible for obtaining teacher recommendation signatures on the Course Selection Form for Math classes and advanced foreign language (level 2 and above).*

Completed/signed HS Course Selection forms with all necessary signatures must be returned to SCIENCE teachers on or before **THURSDAY January 22nd**.

The evening of January 7th, 2026, Grosse Pointe North will be hosting a Freshman Information Night for parents at Grosse Pointe North @6:30pm.

If you need additional assistance with the high school registration process, please feel free to contact your student's counselor. We look forward to working with you and your student on this initial step for a successful transition to high school.

Sincerely,

Amy Macey(A-K)
