★ **ISIP Reading Scores** - 4th and 5th are using IXL to Benchmark students for the fall and will use their diagnostic scores to watch progress.

Noticings: There were a few students missing in my October report, this is a second running of October results in November. We only had some Kindergartners take the assessment in November.

★ ISIP Math Scores

All Grades - October 2025

No changes in Math as it wasn't tested.

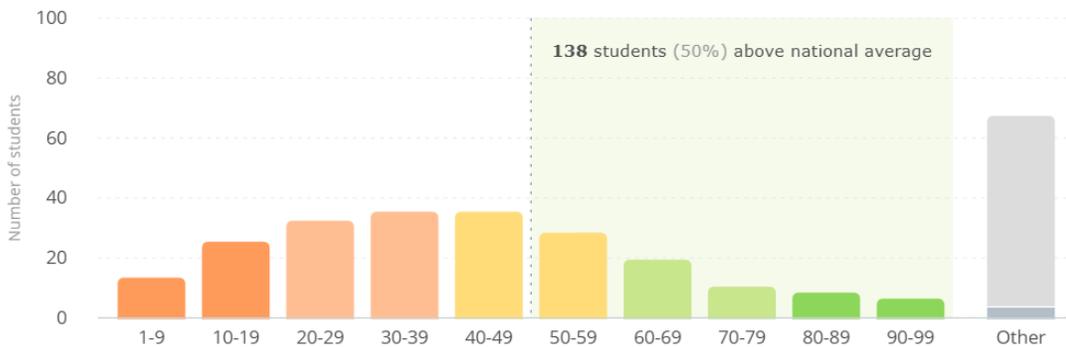

★ IXL Math (Grades 2nd-5th)

Universal Screener Fall 24 (Aug 19, 2024 - Aug 26, 2024)

Math | Grades K - 5

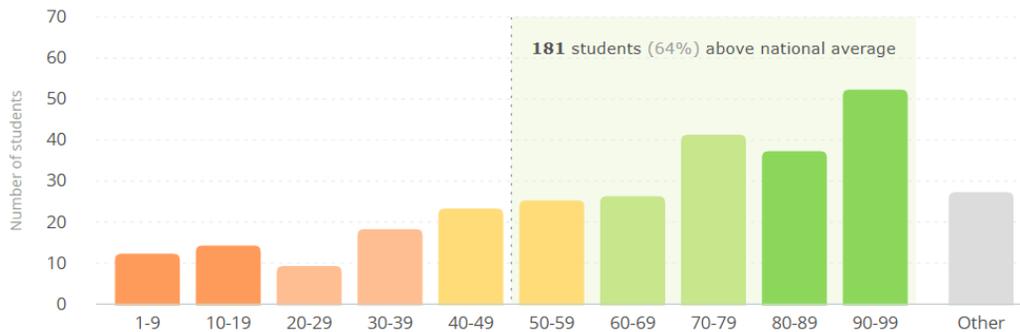

Levels National norms

Percentile ranks

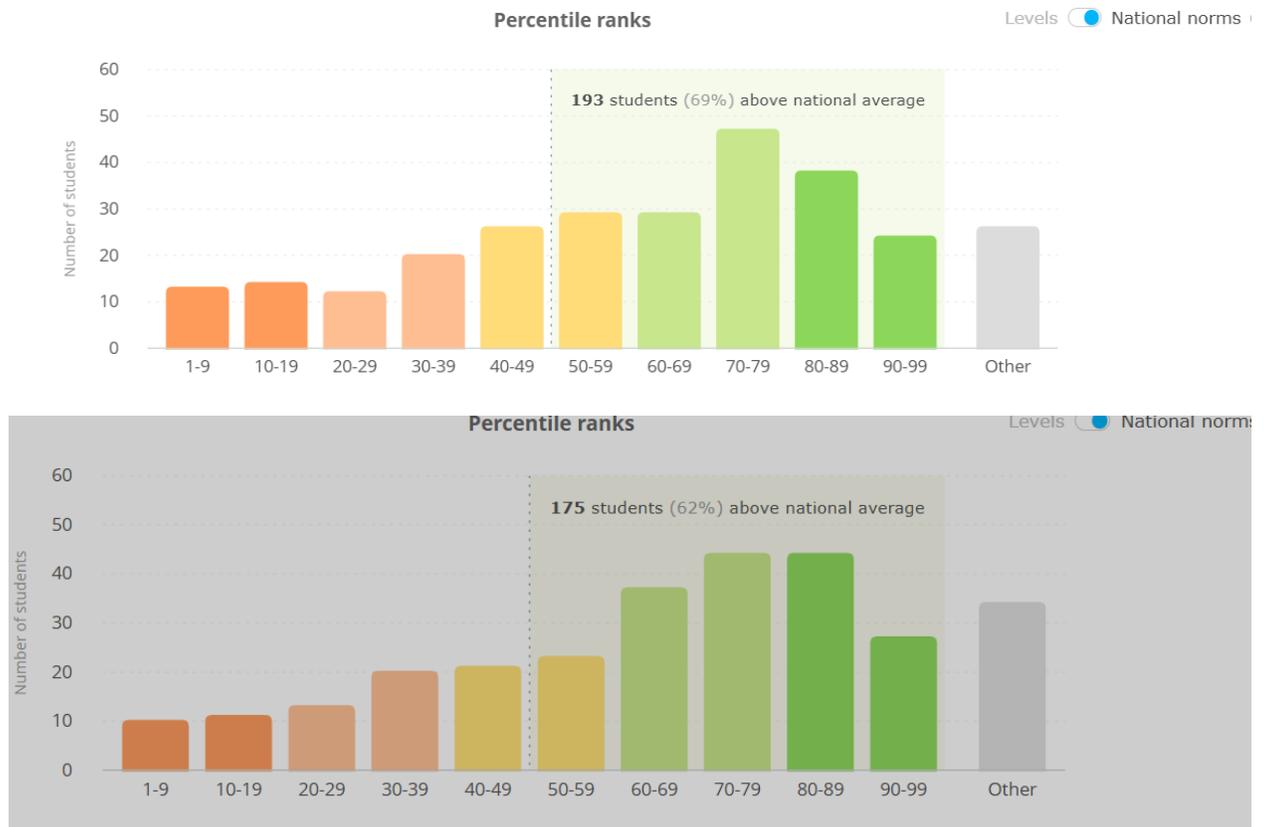

Percentile ranks

Levels National norms

Noticings: This 2nd test was the Flex Diagnostic Results and has 43 more students take the test after the October report and we gained about 14% of students above the national average in 2nd -5th grade.

★ IXL Reading (2nd - 5th)

Noticings: This is our Flex diagnostic screener for reading and it shows that 62% of our students are above the average. I am confused by the results from the month before because it is showing about 18 less students above the national average and I didn't think we tested a second time. I will try to figure this out for the next report.

★ Behavioral/PBIS Updates -

We are still working on how to bring Classroom 180 material back into play for the spring semester, as we only gave an overview of Trauma informed teaching. We are working with [PBISapps.org](https://pbisapps.org) and Katie Conley from BSU to bring a tracking system of behavior called SWIS.

★ Staff Highlight Certified/Classified

Lindsey Adams, James Skendrovich and Aimee Thompsen are the staff that I want to highlight this month. Lindsey is running the NASA program again with Jason Driever along with grade level teachers and a couple of paras to help provide STEM extension activities for the students. We recently had a school wide project where students made a balloon powered vehicle to see how far they could go. Aimee Thompsen for helping provide a Friday activity that had students from NASA and Student Council (run by James Skendrovich) to the Watershed in Boise this past Friday. I appreciate all the work that goes into adding activities for our

students. Aimee has been very instrumental in the support of our students with Huskie explorers and the GCEA Cheer basket organization.

★ Events Past/Upcoming

Staff decorated their doors for the holidays and here are the winners.
