**Unbalanced budget; however, a Deficit Reduction Plan is not required at this time.**

A deficit reduction plan is required if the local board of education adopts (or amends) the 2025-2026 school district budget in which the "operating funds" listed above result in direct revenues (line 9, BudgetSum 2-4) being less than direct expenditures (line 19, BudgetSum 2-4) by an amount equal to or greater than one-third (1/3) of the ending fund balance (line 81, BudgetSum 2-4).

**Note:** The balance is determined using only the four funds listed above. That is, if the estimated ending fund balance is less than three times the deficit spending, the district must adopt and file with ISBE a deficit reduction plan to balance the shortfall within three years.

Per School Code (105 ILCS 5/17-1) - If the Deficit AFR Summary Information tab from the 2024-2025 Annual Financial Report (AFR) reflects a deficit as defined above, then the school district shall adopt and submit a deficit reduction plan (found here on page 23-27) to ISBE within 30 days after acceptance of the AFR.

The deficit reduction plan, if required, is developed using ISBE guidelines and format.

### Part I: Achieving Student Growth and Making Progress Toward State Education Goals

The questions below allow you to indicate the strategic priorities and strategies that will drive your efforts to achieve student growth and make progress toward state education goals. These may involve investing in any combination of an Organizational Unit's core resources: time, money, people, and programs.

*Collaboration Opportunity - Organizational Units may find that Part I is most easily and effectively completed if led by program leaders in consultation with finance leaders.*

**1) What are the Organizational Unit's strategic goals for student success for the 2025-26 school year? What measures will be used to evaluate progress? (No more than 2000 characters, including spaces. )**

Through our needs assessment process, we have determined that when ratings were given in 2022, three schools had received a commendable rating. Our student growth percentiles were above the state average in 2022 with the exception of sub groups (ELL, Special Education and African American students). We have received preliminary 2023 ACCESS and IAR scores and our results indicate that the grade levels most impacted by the pandemic and lack of in person instruction are grades 3-5. Also, our English Language Arts growth and attainment remains steady and a strength for our district. However, Mathematics is a point of emphasis as well as Reading for our ELL students.

Our strategic goals for student success remain targeting students who did not meet their individual student growth percentiles by 50% or more and also achieving 50% or more in our student growth percentiles district wide according to IAR in ELA, Math and within each subgroup.

Our continuous improvement efforts and goals will consist of supporting grades 3-8 staff in continued professional development in the area of Mathematics instruction and also to continue to provide co-teaching and SIOP professional the middle school to address the gaps among our ELL and Special Education students.

If "Other" was selected in question 2, please describe. (No more than 1000 characters, including spaces. )			

### Part II: Planned Use of Evidence-Based Funding

The questions below provide an opportunity to document the stakeholders with whom you consulted and the data you analyzed as you determined your strategic allocations of FY 2026 EBF dollars. Key statistics related to EBF distributions are provided for your reference. Form 50-36/50-39 is typically released before current-year appropriations are known. Therefore, the figures provided are for the prior fiscal year.

*Collaboration Opportunity - Organizational Units may find that questions in this section are most easily and effectively completed if led by finance leaders in consultation with program leaders.*

**Cost Factor Table**

The table below presents the regionally adjusted amount embedded in the Organizational Unit's FY 2025 Adequacy Target for each of the 34 cost factors in the Evidence-Based Funding model (Column F). Column G is required for all Organizational Units that receive at least \$5,000 in Tier Funding, while column H is optional. Organizational Units may choose to provide additional narrative context in Columns I-M to elaborate on the figures included in the table. ISBE has produced guidance for populating the cost factor table. The guidance includes a definition for each cost factor, along with suggestions for using Employee Information System position codes and common expenditure accounts to support a determination of expenditures. This guidance is available at <https://www.isbe.net/ebfspendingplan>.

**Column G:** If the Organizational Unit will receive at least \$5,000 in FY 2026 Tier Funding (as entered in Q2.1/cell G31), column G is required. Please indicate the Organizational Unit's planned expenditures in FY 2026 from Tier Funds only. Organizational Units are not expected to place a value in each cell. Rather, the table allows for the communication of priority investments with new state resources for the current fiscal year. During years in which there is no new Tier Funding, column G will not be required. During years in which Tier Funding is available, the amount of new Tier Funding entered in Q2.1/cell G31 above must equal the sum in cell G90 below. If some or all Tier Funding is invested outside of the cost factors, enter a dollar amount in cell G89 and provide additional context in the space for a narrative beginning in row 93.

**Column H:** Optionally, Organizational Units may populate column H with total planned expenditures in FY 2026 for each cost factor from all revenue sources (e.g., not just from EBF). By comparing the figures in column F to the figures entered in column H, the Organizational Unit may engage local stakeholders in productive dialogue about resource allocation decisions.

<b>Part III: Support for Special Student Groups</b>					
<p>EBF statute sets aside specific allocations to be spent for special education, English learners, and low-income students. Per statute these designated funds must be spent on programs and services benefiting these specific student groups. Funds for English learners and low-income students must be spent in addition to, and not in lieu of, funding that supports general programs of instruction for all students. Funds attributable to special education must be used for the provision of special education facilities and services as outlined in ILCS 14-1.08. Current-year EBF amounts attributable to each of the special student groups must be reported in Question 1 below (cells G100-G102). If the Organizational Unit received at least \$5,000 for any of the student groups, a response to Questions 2 through 4 below is required. For amounts less than \$5,000, a response is optional for those questions. All other EBF funds may be spent in any manner deemed appropriate by the school district.</p> <p style="text-align: center;"><i>Collaboration Opportunity - Organizational Units may find that questions in this section are most easily and effectively completed through collaboration between program leaders affiliated with each student group and finance leaders.</i></p>

Organizational Units should maintain supporting documentation (e.g., sign-in sheets, meeting agendas) to affirm the veracity of the below assurances.
